

Merry Christmas from Toreador Staff

Raiders Turn Back Fast LSU Five ★ ★ ★ ★ ★ ★ ★ ★ ★ Tech Hosts Tigers Today

Arrington Sparks 73-60 Win

by RON CALHOUN

Tech's comeback Raiders warmed up the coliseum last night with their last half markmanship to rout the LSU Tigers 73-60 and to set up the TV game today against Missouri.

GENE ARRINGTON lead the Raiders scoring with 17 points, Gerald Myers dumped in 12 and Charlie Lynch had 10 to round out three Techsians in the double figure scoring column.

Leading only one point at the half by a 36-35 score, the Raiders pulled ahead by making every shot count a far cry from their last two games in the mid-west. Against Iowa and Nebraska the Raiders average fell, but back on the home court the shots would stay and the last half the Raiders couldn't miss.

AT THE START of the game it took the Raiders three and a half minutes to find a score and at that time they were behind 0-6. Hill dumped in the two pointer to start the shaky first half.

The Tigers increased their lead to 10-4 at 15:06 when Wayne Monson made his jump shot, but Arrington came back and scored on the same shot to put Tech within shouting distance.

ARRINGTON and Charlie Lynch closed the gap with two free throws but it was Monson again on a set shot to put the Tigers ahead 15-11.

H. F. 'Pop' Godeke Dies Friday Morning

H. F. "Pop" Godeke, for 22 years Tech's mechanical engineering department head and professor emeritus, died Friday morning at West Texas Hospital.

He suffered a heart attack after a minor operation the day before.

KNOWN affectionately as "Pop" by hundreds of engineering students, he taught here from 1930 to 1957. He helped organize and sponsored Tau Beta Pi, engineer-

ing scholastic honorary, and was vice chairman of Tech's athletic council for 19 years. He was former state president of the American Society for the Education of Engineers, and belonged to Sigma Xi, graduate research honorary.

"He was one of the men who helped get Tech underway," commented Prof. Jack Powers, current department head. Under his guidance and direction, the engineering department was developed."

IN AN interview when he re-

tired, he had laughed that when he came to Tech, "There was nothing but a bald prairie with no grass, but with lots of grass burrs." He started out with seven seniors and an infant engineering department. When he retired, the department had about 500 ME majors.

Godeke was born about 77 years ago in Illinois. He earned a B. S. degree in mechanical engineering at the University of Illinois in 1905. In 1916 and 1918 he received a M.S. degree and a master of engineering degree from that same school. He taught at the University of Illinois, and for 12 years was chief engineer for a Fisk Rubber Co. plant. He then came to Tech as an instructor.

He is survived by Mrs. Godeke and their two sons, Henry, of Muscatine, Iowa, and Richard, of Corpus Christi. Both are Tech graduates.

Annual Pigeon Shoot Scheduled on Monday

Don't be a "stool," pigeon, or you'll get your cotton-picking head blown off.

YOU'D BETTER vamoose off the Tech campus before Monday, 'cause the fireworks are going to be exploding all over the place as

the Army and Air Force ROTC Units embark on their annual pigeon shoot.

The campus will be blocked off from traffic by the Security Force during the shoot which will be conducted from 8:30 to 10 a.m.

THE SHOOT is limited to Army and Air Force ROTC cadets and college faculty members. Approximately 55 people are expected to participate in the shoot, Capt. Arnold L. Grove, air science instructor who is faculty sponsor of the shoot, said.

The pigeon shoot was first held in 1955 when pigeons were so numerous that they created a nuisance. It has been an annual affair on the Tech campus since then.

More Missing!

La Ventana Associate Editor Carolyn Mimms still has some missing persons. If the names below even closely approximate yours, please contact the L-V office in the Journalism Bldg. immediately. Printer's deadline for class sections is noon today.

Names of the missing and classifications given on the back of the pictures are Nella Jo Canleo, sophomore; Dave Hague, senior; Alton Duane Hill, freshman; T o m m y Hufferman, senior; Patsy Jones, freshman; and Edward L. Nash, senior.

BAGGED ONE! — Bill Dildake, Air Force Wing Commander, and James Barnett, 2nd Army Battle Group Commander, watch as George Meloi practices "drawing a bead" in preparation for the annual pigeon shoot. Barnett is co-ordinator in the shoot which starts Monday at 8:30 a.m.

Game Is Televised On NBC

Texas Tech's fighting Raiders take on the Missouri Tigers in today's nationally televised Game Of The Week at 2 p.m. in the Lubbock Coliseum.

THE RAIDERS, who started the season fast with victories over West Texas, Oklahoma and Eastern New Mexico, had their bright star dimmed by two successive defeats at the hands of Big Ten dark horse Iowa and mediocre Nebraska of the Big Eight.

The Tigers do not have an impressive record to present the nations TV-basketball fans, winning three and losing the same amount, but the tall men from Missouri have beaten the highly regarded Southwest Conference brothers of the Techsians. Only Thursday night the Tigers whipped the Rice Owls by a 68-62 margin. Earlier in the season they thrashed Arkansas, last year's conference champs, 74-71.

THE MISSOURIANS have lost to Purdue, Vanderbilt and Indiana. Besides Rice and Arkansas, they have beaten Wisconsin.

Some of the Missouri players to watch make the shots this afternoon will be Cliff Talley, No. 10, 6'6" — 200 lb. letterman who averaged 10 points per game last year and was top scorer among the Tiger returnees at Center.

GLENN FORRISTALL, No. 45, 6', 180 lb. senior letterman, is one Page 3, MISSOURI . . .

Christmas Holidays Give Everyone Needed Pause

With the conclusion of Tech-Missouri basketball game this afternoon, campus life will come to a standstill with student activities being transferred to various hometowns throughout Texas and the nation.

ACTUALLY, the pace of student activities has slowed down considerably during the past week as most students prepared for quizzes before departure. Also, term papers have been taking up a good portion of student "pleasure" hours.

Despite the above handicaps, there have been a few outside activities leak into the "getting-ready-to-go-home-for-Christmas" period.

CIRCLE K International has been conducting a "Toys for Tots" drive and numerous other Tech groups have had special projects

underway to help assure a Merry Christmas for needy children.

Dormitories had scheduled parties, and they were decorated with holiday themes.

IN PREPARATION for the Tech-Missouri tilt, students have been sporting special tags urging fellow students to "Stay all Day" so that Tech's student body will make a good showing at the nationally televised game.

A temporary relief to most students will be the official dismissing of classes at 12 noon Saturday. Classes will begin once again on January 5.

DURING THE holiday period, the following Tech units will remain open on a partial staff basis Monday, Dec. 22; Friday, Jan. 2; and Saturday, Jan. 3: the Library, and offices of the President, Vice President and Comptroller, Stu- Page 2, Holidays . . .

★ Campus ★

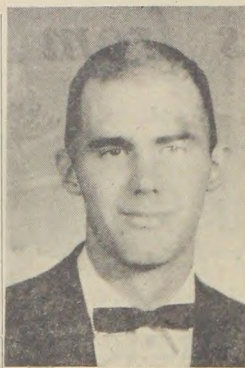

Two Tech Frosh Get Scholarships

For the next four years, two Tech freshmen engineering majors will each receive \$500 in the form of Lawrence D. Bell Memorial scholarships.

MORRIS GRESHAM, chemical engineering major, and Ronald Collins Hyatt, electrical engineering major, are recipients of the awards.

The Bell Helicopter Corporation of Fort Worth, through the Bell Foundation, established the two annual scholarships. They are available to freshmen engineering students who have outstanding high school records.

EACH GRANT is renewed yearly if the student's record justifies it. Need, scholarship, achievement and character are the basis for awarding the scholarships.

BILL DEAN

Dean Elected Prexy

Bill Dean, junior from Lubbock, is the new president-elect of Phi Delta Theta at Tech.

DEAN SUCCEEDS Ray Gressett senior from Artesia, N.M., who served this fall in that capacity.

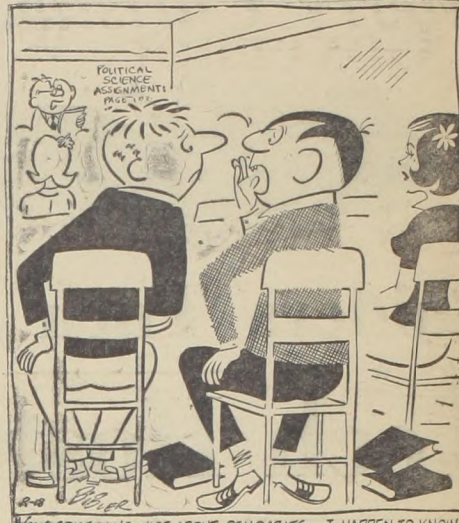

Other officers elected Wednesday night include Dewey Bryant,

junior from Lubbock, vice president; Butch Lawrence, senior from Lubbock, secretary; Sandy Lynch, senior from Amarillo, warden; Mike Lundy, sophomore from Lubbock, chaplain; and Jimmy Patterson, junior from Fort Worth, alumni secretary.

OUTGOING OFFICERS include Gressett, Dean, vice president; Bryant, secretary; Jerrell Snodgrass, senior from Lubbock, warden; Don McMurry, junior from Washington, D.C., chaplain; and Martin Benson, junior from Lubbock, alumni secretary.

COMMERCIAL PILOT flying to Houston. Leaving at noon Dec 24th. Need two passengers. Bill Steely, PO3-4943.

Eta Kappa Nu Initiates Eighteen EE Students

Eighteen Tech electrical engineers have been initiated into Eta Kappa Nu Association, an electrical engineering honor society.

TO BE eligible for initiation into EKN, a student must be either in the upper fourth of his junior class or upper third of his senior class in electrical engineering and possess a 2 point over-all grade average.

Initiates of the honor society are Lewis Crowder, Rollie Taylor, Udo Strassilla, Vernon Dudley, Coleman Rester, Don Thomas, Ronald R. Hayworth, Jerry Rogers.

RUSSELL LONG, Bill Boverie, Leonard Short, Capt. Donald A. Riess, Roger Anderson, Dale Lawson, Robert E. Woolley, Ray Reynolds, and Gaylon Whitman.

About Holiday Traffic

Governor Warns

From the Governor's office comes the grim warning that the Christmas holiday season makes for hazardous travelling on the heavily traveled Texas highways. A report of the Capitol reveals that 103 of the 218 traffic deaths in December, 1957, were recorded during the 11-day Christmas-New Year's holiday season.

ATTENTION was brought to other traffic safety records for 1957 concerning young Texans of college age. Of the 2,539 persons killed in traffic last year, 564, or 23 per cent, were between the ages of 15 and 24.

"Our college students are doing a great deal of travelling to and from their homes during the holidays," the Governor said, "so they are exposed to this danger as much or more than other travelers."

CONTINUING, the Governor related, "Since Christmas and New Year's are very special holidays, I address this very special appeal to every college student to obey the traffic laws and to use your influence on your friends and family for safer driving. Neither Texas nor your family can afford to lose you, so don't let a collision spoil your holiday."

Varsity Show

Rogers To Produce; Gilbert To Direct

Claude Rogers was named producer and Johnny Gilbert director of the 1959 Spring Varsity Show during the Thursday night Varsity Show Advisory Board Committee meeting. They will serve with Dr. Gene Hemmle, faculty sponsor.

GILBERT, a senior music major from Amarillo also directed the '57 and '58 Varsity Shows. Rogers, senior electrical engineering major from Mineola, was stage manager last year.

The Advisory Board also set a Jan. 7 deadline for the student-written scripts for the Varsity Show to be turned in to the program council office in the Tech Union.

THE POSITIONS of business, stage, house and lighting managers, choreographer, publicity director and set designer are open.

The Advisory Board is comprised of Nelson Longley, Union director; Linda Bunger, student council representative; Mack Robertson, Union Program Council member; Jim Thompson, president of the Tech Union Program Council and chairman of the Varsity Show Advisory Board.

Workshop Presents 'The Great Divorce'

"The Great Divorce," a religious play, will be the feature of the Interdenominational Church Workshop Jan. 9 and 10.

THE WORKSHOP is sponsored by the Disciples' Christian Fellowship, Wesley Foundation, Presbyterian Student Fellowship and Canterbury Club.

Any one interested in religious drama is invited to attend the play which will be presented at 8 p.m. Jan. 9, in St. John's Methodist Church at College and 15th.

WESLEY Foundation, 2420 15th will be the scene of the workshop on Jan. 10, 9-12 a.m. It will be held under the leadership of the Bishop's Company's cast.

The play was written by C. S.

Lewis, and takes the audience on a bus excursion to the borders of Heaven. Here it is discovered that inevitably there can be no marriage between Heaven and Hell, only "The great divorce."

THE BISHOP'S Company, in the last six years has toured over 3,000,000 miles, played in 42 states and Canada. The company has performed in the Second Assembly of the World Council of Churches and at several colleges and universities through the country.

Turncoat Comes Home, But Lauds Communism

HONG KONG (AP) — A ring-leader of the 21 American turncoats in the Korean War came back from Communist China Friday and said he left because life there was too tough for him.

But Richard G. Gordon, 31, of East Providence, R.I., was full of praise for the Communist way of life and said he was sure communism would eventually triumph in the United States.

HE CHARGED the "imperialist" United States with using germ warfare in Korea, just as he did five years ago before disappearing behind the Bamboo Curtain from the prisoner-exchange point

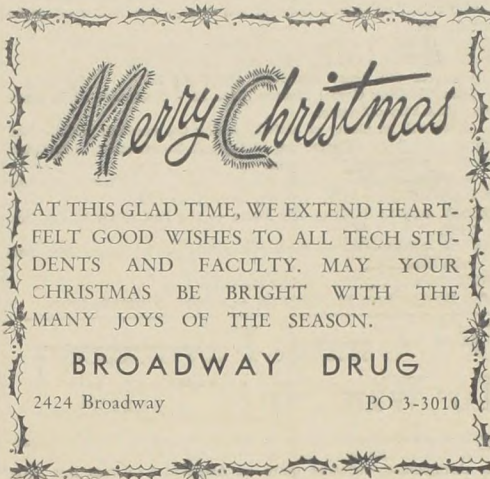

in Korea. At that time he acted as spokesman for the other turncoats.

"I firmly believe there is more democracy in Communist China than in the United States," Corden told newsmen.

"I'VE GOT NOTHING to be ashamed of, I learned a lot."

He said he left because of homesickness and because he was forced to give up his studies. He said he never became a Communist party member.

CORDEN EXPLAINED he was forced to give up his studies in ancient Chinese literature and lend a hand in the Communists' new drive to industrialize.

AT THIS GLAD TIME, WE EXTEND HEART-FELT GOOD WISHES TO ALL TECH STUDENTS AND FACULTY. MAY YOUR CHRISTMAS BE BRIGHT WITH THE MANY JOYS OF THE SEASON.

Ike's Voice Broadcast From Rocket

WASHINGTON (AP)—The voice of President Eisenhower broadcast from America's four-ton satellite in space Friday in the classic Christmas message "Peace on earth and good will toward men."

As the 85-foot Atlas rocket whirled in orbit past Cape Canaveral, Fla., its unique communications system flashed the recorded words:

"This is the President of the United States speaking.

"Through the marvels of scientific advance, my voice is coming to you from a satellite traveling in outer space.

"My message is a simple one. Through this unique means I convey to you and to all mankind America's wish for peace on earth and good will toward men everywhere."

THE PRESIDENT recorded the message Tuesday, about 48 hours before the mightiest man-made object now in space roared from its Cape Canaveral launching pad at 6:02 p.m. EST Thursday.

The spectacular firing proclaimed to the world that America has taken a tremendous stride in the race with Russia for space supremacy.

IT PULLED U.S. military-scientific prestige to a new peak above the depths of 14 months ago when Russia's Sputnik I flashed aloft.

Eisenhower's message did two things. It emphasized, as he and the Pentagon did in announcing the launching Thursday night, the peaceful aspects of space exploration.

... Missouri

of the team's better play-makers at the guard position. Alfred Abrem, the first Negro to win an athletic scholarship at Missouri, wears the number 50 and is 6'5", 202 pounds and will probably start at forward.

Coach Polk Robison will probably go with his starting five of Leon Hill, Gene Arrington, Gerald Myers, Charlie Lynch and Pat Noakes.

HILL LEADS the Tech scoring so far this season with a 14 point average. Myers and Lynch are close behind with an 11-point average.

Outlook

By BILL DEAN

Vacation time again!

It seems like yesterday that Tech was opening in Dallas against A&M and school was just beginning. And here we are — the football season is over and basketball is just getting up a full head of steam.

The sports scene has been crowded with excitement in 1958.

The big names were Kentucky in basketball, the Yankees in baseball, Morrow, Sims, and many others in track, LSU, the Colts and the Giants or Browns in football.

There were others, too numerous to mention here. And as always in this sports-mad world of ours — there will be plenty more in the future.

The nominations are pouring in for winner of this and hero of the year, etc. so I think I'll add a few of my own. Athlete of the Year: Jimmy Brown of the Cleveland Browns, Team of the Year: the New York Yankees.

Best Clutch Performance of the Year (individual) Roy Campanella, who raised up from a hospital bed to say, "I've got a lot to be thankful for."

Best Clutch Performance of the Year (team): der Yanks.

Biggest Surprise of the Year: the Pittsburgh Pirates.

Upset of the Year: Texas 15, Oklahoma 14.

Most Thrilling Game: Kansas State 83 - Cincinnati 80 in overtime NCAA Play-off game.

There will be plenty of activity during the vacation period what with the Southwest Conference Basketball Tournament in Houston Dec. 26-29 and the big bowl games.

Speaking of the bowl games here is positively my last predictions for the year. Goodbye 71 percent, let's go bowling.

COTTON BOWL: TCU vs. Air Force — the best game of the day. TCU.

ORANGE BOWL: OU vs. Syracuse — this one is much closer than most think. OU.

SUGAR BOWL: LSU vs. Clemson-TILT! LSU.

ROSE BOWL: Iowa vs. California — another mismatch. Iowa.

Old Guard Favorites To Win State Titles

by THE ASSOCIATED PRESS

Three teams that have been to the championship window quite often and another that's making its first bid—Wichita Falls, Breckenridge, Stamford and White Deer—are expected to wind up the Texas schoolboy football campaign with titles Saturday.

IF THEY do the South will be shut out for the second time in the eight years that there have been four classes fighting for the title.

The showdown games:

Class AAAA—Wichita Falls vs. Pasadena at Austin, 2 p.m.

Class AAA—Breckenridge vs. Kingsville at Breckenridge, 2 p.m.

Class AA—Stamford vs. Angleton at Waco, 2 p.m.

Class A—White Deer vs. Elgin at Sweetwater, 7:30 p.m.

WICHITA FALLS, seeking its fourth state championship in history, is an overwhelming choice to take out a Pasadena team that has been playing on borrowed time. It's the first trip to the finals for the boys from the South who never had been expected to make it.

Breckenridge, the only team to beat Wichita Falls, is an easy favorite over Kingsville, an outfit that never got past the bi-district round before. There's a lot of spirit and gritty determination in the home of Brahmas, but it'll take that and plenty of good football to beat Breckenridge in its own balliwick. Breckenridge also is a 3-time state champion of Class AAA and back in 1929 it tied for the title in the only division that played to a state championship.

STAMFORD won two Class AA titles in a row—in 1955 and 1956—and is back with a team that looks fully as strong as those. But

SPORT CENTER

1612-13th PO 5-6645

Complete Athletic and Sports Equipment

Stamford faces the only undefeated, untied team left in the State—an Angleton crew that met little resistance in the dash to the finals scoring 504 points in 13 games.

White Deer and Elgin both are freshmen in the finals. Elgin got there the hard way, with two defeats on its record and some tough tests along the route. White Deer had trouble only once — when it was played to a 6-6 tie by Stinnett in the second game of the season. Even last week when White Deer beat Mason only 12-8 it was clearly superior.

40 yard medley — 1. Texas (Lucas, Word, Heller, Duwe), 2. A&M 3. SMU 4. Tech Time — 4:06.0.

Raiders Sharp Shooting Defeats LSU Tigers

(Continued From Page One)

A combination of Monson and Carey Guglielmo added four more points to the lead and it took three straight field goals by Lynch to catch the Bengals at 21-20. The score rocked back and forth from at this point with Tech staying in the lead by shots from Leon Hill, Myers and Pat Noakes.

WITH 1:58 to go in the first half, LSU caught the Raiders pulled back into the lead, 35-31. Chuck Key made a long set shot and then Wade (tear 'em up) Wolf and Pat Noakes combined free throws and tips to give the Raiders a 36-35 half time lead.

A free throw by LSU's Dick

Davies put the Tigers back on even terms to start the second half but the breath of air was short lived.

TECH THEN took the advantage of gaining their "confidence" and rocked up a lead for keeps. Myers, Hill and Arrington began hitting on every kind of shot and with 11:58 left in the game they had a lead of 53-40.

AT THIS POINT, the reserves began filtering into the game. Led by the sharpshooting of Chuck Key, Don Apple and Sid Seligman, they went on to choke the tigers out with the final score 73-60.

LSU scorers were Joe Combs with 15 points, Jim Crisco with 14 and Lynn Moon with eight.

Lon Morris Nips Pics

The Picadors lost their first game of the season to the Lon Morris Jr. College, 61-58, last night.

DURING THE FIRST half, the Picadors couldn't find the range and the half ended with the Lon Morris ahead by a score of 36-26.

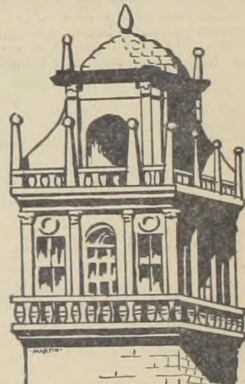

Play in the second half was sparked by Del Ray Mounts and Mac Percival for the Picadors. Percival was the leading Picador rebounder of the ball game taking a large percentage from the backboards.

Donnie Lasiter and Kent McCaughey were the standouts for Lon Morris, both making 16 points. Percival was the high point man for the Picadors with 16 points. He was aided by Bill Spitzer with 11 and Vance Moxom with 10.

TECH WENT ahead late in the game, 58-54, and then tried an unsuccessful stall. The Lon Morris team got back in the running through charity shots and a stolen ball. Lon Morris then stalled out the remaining two minutes of the same enTLrrechw
