

# Grade School Shuffle Is Planned To Equalize Load

School board members wrestled long and hard Tuesday evening on the elementary school housing problem. In the end they came up with some answers, admittedly inconvenient, which members and administrators hoped would solve the situation.

These involved a four or five-way split of Washington Place territory to whittle various grade sections to numbers that can be accommodated at that plant. It also involved seeking to move some pupils from two grades at Airport school to Park Hill, and a few out of North Ward to Central Ward. In addition, efforts may be exerted in certain places to transfer out enough from overcrowded classes to bring them within the tolerance allowed by regulations of the Texas Education Agency.

# B. T. Birkhead, County Pioneer, Dies Tuesday

Bland Thomas Birkhead, who spent 63 of his 93 years as a resident of Coahoma, died here Tuesday.

Mr. Birkhead passed away at 8:05 p. m. at 907 Runnels. He had suffered a stroke nine months ago and never recovered. Recently he was brought here for hospitalization.

# Session Of Supreme Court Will Be Opened October 5

By PAUL M. YOST  
WASHINGTON (AP)—President Eisenhower has only a little over three weeks to name a successor to the late Chief Justice Vinson if he wishes the appointee to be on the job at the time the Supreme Court opens its new term.

top grades would mean sending children by one school to get to another; that of fixing Birdwell Lane as the dividing line would result in sending too many children in some grades to College Heights and thus create a problem there.

# First Graders On Half Day Sessions

Half day sessions will be universally employed in the Big Spring school system for first graders this month in an effort to adjust the youngsters to school and help parents and teachers to discuss the children and their problems.

# THE WEATHER

BIG SPRING AND VICINITY: Generally fair this afternoon, tonight and Thursday. Very little change in temperature.

Hornsby Testifies At Inquest

Cincinnati Red Legs Manager Rogers Hornsby (right) gestures with his hands as he testifies at a Chicago, Ill., coroner's inquest into the death of Mrs. Bernadette Ann Harris, 55, who plunged to her death from her third floor apartment of a north side hotel. Addressing Coroner Walter McCarron (left), Hornsby described the woman as a personal friend and personal secretary and he said he believed she "took her own life." (AP Wirephoto).

## Hornsby Named Beneficiary In Woman's Will

CHICAGO (U)—A will naming Rogers Hornsby as sole beneficiary of the estate of Mrs. Bernadette Ann Harris, his personal secretary and friend who committed suicide, was found in a safe deposit box yesterday in a North Side bank.

A representative of the Illinois attorney general's office also found \$25,000 in currency in the box. Police investigators earlier had discovered a bank book showing Mrs. Harris had deposited nearly \$29,000 in a Loop bank in less than two years.

Mrs. Harris, 55-year-old divorcee, plunged to her death from her third floor apartment Monday. A coroner's jury decided she committed suicide "while temporarily insane due to despondency."

Hornsby, manager of the Cincinnati Redlegs, testified at the inquest that she had been depressed and nervous and believed she was losing her sight, voice and hearing.

"I think she took her own life," the 57-year-old baseball manager told the jury. "She feared she would be put in an institution. I told her that as far as I was concerned that would never happen."

Members of the Democratic State executive committee meeting in Fort Worth on this day in 1948 had to deal with some explosive matters before they got around to the routine of setting up their state convention.

## Loyalty Pledge Likely To Be Lively Topic At Demo Meet

CHICAGO (U)—The Democratic party's so-called "loyalty" pledge appears a likely lively topic of debate at next week's meeting of national party leaders.

Southern opposition to the "loyalty" oath was underlined yesterday when Gov. Hugh White of Mississippi said he would ask the party's Executive Committee to hear his argument for scuttling it.

Some other Southern party leaders were expected to join White in denouncing the "loyalty" oath which Northerners sought to apply at last year's national convention.

The party leaders will be in Chicago for meetings Monday and Tuesday. The discussion on the "loyalty" pledge is expected to feature a public session Tuesday afternoon.

Mayor Joseph Clark of Philadelphia is to preside at the session, called a "Forum on State, County and City Political Organizations."

White said in Jackson, Miss., last night that unofficially he had heard from Chicago that the "loyalty" oath issue might be sidestepped in the interest of party harmony with congressional elections only a year away.

The Mississippi governor said his views on the "loyalty" pledge actually would promote harmony. His argument is that Southern Democrats will not be willing to give wholehearted support to the party until the "loyalty" pledge is removed from convention rules.

## Little Change In County Funds

Expenditures from county coffers amounted to \$277,968.77 during August, most going on the new courthouse, report of Auditor Lee Porter shows.

Spent from the courthouse and jail fund was \$203,508.25. Road and bridge fund gave up \$33,003.04. Road and bridge receipts amounted to \$28,042.34, leaving a balance of \$108,441.90 in that drawer. Balance in the courthouse fund is \$234,935.61.

Other disbursements, and balances, by funds were: jury, \$142.37, \$7,384.57; general, \$4,283.92, \$43,189.89; officers salary, \$9,324.92, \$25,547.97; permanent improvement, \$663.44, \$9,377.63; road and bridge (special fund), \$239.86, no balance; road bond, no expenditures, \$1,537.38; library, \$496.93, \$5,940.65; law library, \$10, \$523.75; lateral road, \$25,884.41, no balance; and sinking fund, no disbursements and \$43,828.39 balance.

Total of receipts was \$338,208.35. Aug. 1 balance was \$419,567.24 and Aug. 31 balance was \$479,806.82.

## Oldham Speaks To Rotary Club

George Oldham, Citizens Traffic Commission secretary, was speaker at the Rotary Club luncheon Tuesday. He explained objectives of the CTC which include reduction of traffic accidents through education, enforcement and engineering in the traffic field.

Enforcement is up to local peace officers, said Oldham, but he stressed that educational and engineering work of the agency can

## Prize Winner Goes Back To Old Post

CHICAGO (U)—Herbert J. Idle, who won a \$307,500 prize contest a month ago, returned to his \$429 city job yesterday after a vacation.

"I'm going to work like I always have," Idle told his superiors in the City Water Department, where he is a junior engineer. Idle, 55, and a city employe for 32 years, says he wants to work two or three years and then retire and devote his time to writing religious music.

Income taxes may cut his net winnings in the puzzle contest to about \$70,000.

Quality and Economy...

of benefit to the enforcement officers. Education includes programs such as the Motor Manners Month recently sponsored by the organization; Safety Men, who call attention of drivers to their traffic infractions; and a school safety program which is to be sponsored. Engineering Committee of the CTC is to "look for trouble" and offer recommendations for corrections before potential hazards cause accidents, said the executive secretary.

Oldham was introduced by Truman Jones who, in calling attention to need for traffic safety programs, pointed out that 1,640,000 persons have died in traffic accidents since the automobile appear-

ed on the "American Road." Guests at the luncheon were Hays Bacus, Big Spring; Jim Allison, Luther Kirk and Floyd Bales, Midland; and Gene Harper, Snyder.

## Carpenters Union Is Back In AFL Today

By NORMAN WALKER

WASHINGTON (U)—AFL President George Meany emerged today at the end of a feud with the rebelling Carpenters Union more strongly entrenched than ever as the big labor federation's top man.

The \$22,000-member carpenters group, one of the AFL's founded organizations, returned to the AFL fold yesterday as suddenly as it quit 27 days earlier, on Aug. 12.

The cause of the trouble was reported to have been a showdown between 58-year-old Meany and 73-year-old William (Big Bill) Hutcherson, the AFL's first vice president and one of the federation's patriarchs.

"Big Bill," also president emeritus of the Carpenters Union, had long been accustomed to having his advice listened to with great respect in AFL councils, particularly during the many years the late William Green was AFL president.

Green died last fall and Meany, then AFL secretary-treasurer, was named to the top job. The aging Hutcherson remained as first vice president.

Hutcherson had reportedly got his way frequently with Green and the AFL Executive Council by threatening to pull the carpenters out of the federation. Meany evidently was determined not to budge the

first time "Big Bill" tried it on him.

The showdown came at the AFL council's Chicago meeting last month. Meany had negotiated an agreement with the CIO to stop "raiding" or attempting to persuade already organized members to switch unions.

Hutcherson protested against signing such an agreement with the CIO when, he said, the AFL had never done anything about setting up machinery to compel settlement of scraps between rival AFL unions.

It was for this stated reason that Maurice Hutcherson, son of "Big Bill" and now president of the Carpenters Union, then quit the AFL.

Meany said at the time he doubted that was the real reason for the carpenters' withdrawal. Meany then ordered all AFL state and local groups to kick out representatives of the Carpenters Union.

It was only a few days later that the Hutchersons began overtures for peace meetings, with the result that things were quickly patched up.

The peace agreement announced yesterday said it was agreed that the AFL should have adopted some policy definitely designed to prevent raids "within the AFL."

Meany is due to cancel his orders barring carpenters' representatives from local AFL groups. And officials indicated one of the Hutchersons will probably be elected to an AFL vice presidency and council membership again. The elder Hutcherson automatically vacated his post when the carpenters pulled out.

## Ike Pledges Free Trade Full Support

WASHINGTON (U)—President Eisenhower today pledged full support for international efforts aimed at "the quickening of trade," the development of resources and the stabilization of world currencies.

In a message of welcome to the governors of the 55-nation World Bank and International Monetary Fund, the President acclaimed the agencies as "outstanding examples of cooperative endeavor and achievement."

The bank and the fund opened their eighth annual meeting here today.

The White House greeting was sent for reading to the assembled finance ministers and ambassadors by Secretary of the Treasury Humphrey, U. S. governor for both the bank and fund.

Eisenhower called the lending agencies "institutions through which the member countries worked together to help achieve a better life for their peoples." He congratulated them on their progress and declared:

"The United States fully supports the great objectives of these two institutions: the establishment and maintenance of sound money, the quickening of trade, and the development of natural resources."

## Yugoslavia Studies New Peace Overture

BELGRADE, Yugoslavia (U)—Yugoslavia studied a new peace overture today from the Soviet bloc with which she broke in 1948. Bulgaria asked permission to send an ambassador to Belgrade for the first time since 1950.

Russia in June offered to exchange ambassadors again with Yugoslavia, quickly followed by Hungary. President Tito agreed to both requests.

## Former U.S. Solon Dies From Tumor

DES MOINES, Iowa (U)—George Allison Wilson, 69, whose long political career included two terms as Iowa governor and one as U. S. senator, died last night.

Cause of death was listed as a malignant tumor of the throat, a recurrence of an old tumor for which Wilson had undergone operations in 1944, while a member of the Senate. His health had been precarious since the 1944 operations.

While in the Senate, Wilson was a Republican member of the Agriculture, Armed Services and Small Business committees. He was defeated in his bid for re-election in 1948 by Sen. Gillette (D-Iowa).

## Gray Sworn In

DALLAS (U)—George Gray, chief of criminal investigations of Dallas postal inspectors, was sworn into a new job Tuesday as inspector in charge of the Texas-Louisiana division. He succeeds W. M. McMillan, who remains as an inspector.

## THE GRUB LINE

With Franklin Reynolds

### WHITEFACES' BIGGEST YEAR

Count the calves in this corral and then multiply that number by 7,588 and you should turn up with a total of something like 560,794 which is the number of purebred Hereford calves that was registered by the American Hereford Association last year. This is the largest number of purebred registrations ever recorded in one year in the history of the breed.

This means that the Association received about 2,228 applications for registration every working day. If the calves recorded during the fiscal year ending Aug. 31, were loaded in groups of 40 into 36-foot cattle cars, they would fill 14,000 cars which would make up 311 trains of 45 cars each and it would take 95 miles of track to accommodate these trains. If the calves were then unloaded and placed in a straight line, head to tail, the line would be more than 320 miles long, equivalent to the distance between St. Louis and Kansas City. That's a lot of calves, but it ain't a lot of bull.

The State Department of Oklahoma has officially approved the project of farmers buying coon bounds.

### State Acts To Save Life Of Father So It Can Try Him

PHOENIX, Ariz. (AP)—The State of Arizona acted today to save Herman Nagle's life so he can stand trial for the slaying of his 28-year-old invalid daughter.

Nagle, 34, a retired Brooklyn, N.Y., policeman, was shackled to a bed at Memorial Hospital, where doctors said his condition was "grave."

He was charged with the first-degree murder of his daughter, Betty Virginia, in their home Saturday.

Although the hospital refused to discuss his illness, Nagle said he learned he has cancer. He said he carried out a pact he made with his daughter to kill her if his own death seemed certain to come soon.

The daughter had suffered all her life from cerebral palsy.

### Telegraph Company Inadvertently Put In A New Service

NEW YORK (AP)—Three bandits held up a fur company yesterday, leisurely spent an hour selecting \$70,000 in choice furs and, after they fled, arranged to have a Western Union messenger free their victims.

The well-dressed trio sauntered into the Philip Buchberg Fur Corp., tied up three employees, picked the furs and fled with their loot plus \$950 cash taken from the employees.

Just as the employees managed to untie themselves, a Western Union messenger appeared to "pick up a message." Police said the robbers put in the call, apparently to make sure their victims would not be tied up too long.

### Appeasement Is Held Road To Surrender

TAIPEH, Formosa (AP)—U. S. Senate Majority Leader William F. Knowland, in a speech highly critical of India, said today "appeasement is not the road to peace, but to surrender."

The California Republican noted that India favored United Nations trusteeship for Formosa and South Korea as a solution of Asian problems.

He said India would command more respect in the free world if she backed "deliverance" of the peoples of Red China and North Korea and free elections in those nations.

### He Used His Money To Keep Him Warm

PLYMOUTH, England (AP)—They used to kid old Alec Wembury about wearing his ragged winter overcoat right through the summer months. He would always reply:

"You can't trust the British weather."

Wembury, a 61-year-old junk dealer, dropped dead Monday while waiting for a bus. In the lining of his battered overcoat police found 3,600 pounds (\$10,080) in cash.

keep the invaders frightened away."

Stanton, all Martin County, and especially County Agricultural Agent Ray Hastings are mighty proud, and justly so, of an honor and distinction that has come to that community.

Martin County is one of 18 counties in that Agricultural Extension Service District, administered by District Agent Joe Glover at Fort Stockton. From that district an outstanding 4-H Club boy and an outstanding 4-H Club girl have been named among 44 FFA, 4-H Club and FHA members from all over the state to receive awards during the Texas State Fair in October.

It so happens that the boy with the best record and the girl with the best record were both found to be from Martin County and not only this but both are juniors in the Stanton High School.

The boy is Bobby Carlile, son of Mr. and Mrs. Lewis Carlile of the Lenora Community and the girl is LaRue Angel, daughter of Mr. and Mrs. Jess Angel of the Courtney Community.

Miss Angel is in her sixth year of 4-H Club work and has specialized in clothing, home improvement and food.

Bobby Carlile is in his seventh year of 4-H and is one of the star players on the Stanton football team.

A Howard County girl, Miss Doris Hahn of Forsan, is also one of the chosen 44. She won the award for her activities in the Future Homemakers of America. Another West Texas winner, who stands among the 44, is Monte Griffin, a member of the Lamesa Chapter of the Future Farmers of America.

Thirteen Dawson County 4-H Club boys will receive awards at the first annual 4-H Club Achievement Night to be held sometime in November.

Selected as the outstanding 4-H Club members in the county they will receive medals. The selection

of the boys to get these awards has been made by a committee composed of Arlan Youngblood, Dr. C. B. Bucy, Charles Lusk and Jack Burkhalter.

The boys are: James Hunt of Union; Mike Schmidt of Lamesa; Calvin Low of Munger; Charles Zeek of McCarty; Bill McCulloch of Union; Benson McCulloch of Union; Stanley Cox of Lamesa; Roy Hatch of McCarty; Zane Carroll of Lamesa; Dan Harp of Welch; Joe Harp of Welch; Jerry Datson of Ackerly; Donnel Echols of Patricia, and Jack Goodloe of Lamesa.

James Hunt and Charles Zeek will each receive two awards, and a 4-H alumni award will go to Herbert Green, who used to be a 4-H boy and who is now a club adult leader. He farms near Lamesa and is secretary of the Dawson County Farm Bureau.

### Funeral For Hero Of Bataan

The body of Gen. Jonathan M. Wainwright, the hero of Bataan and Corregidor, is placed on a caisson at Memorial Gate of Arlington National Cemetery in Washington for the funeral procession to his grave beside his father high on the hill near Myer chapel. Memorial Bridge and the Lincoln Memorial are in the background. (AP Wirephoto).

## City Plans Suit To Determine Correct Location Of Street

The city and property owners are moving toward a showdown on the location of West 17th Street between Lancaster and Bell. The city commission Tuesday ordered Attorney Walton Morrison to file suit against John Tucker for removal of a house and closing of a well in what the city claims as true right-of-way for the street. Commissioners took the action after City Manager H. W. Whitney read a letter from O. D. McCaulley, trust officer for the Dora Roberts interests, asking that the city either move the street off Mrs. Roberts' property or purchase the two lots which it now crosses. The city commissioners said they aren't interested in purchasing any land. They also said they couldn't pay for paving adjacent to other property owned by Mrs. Roberts in exchange for land.

City officials several months ago had approached McCaulley with proposition that the Roberts Estate donate to the city the vacant block between Bell and Lancaster, just south of 17th, for park purposes. McCaulley pointed out there are three other vacant blocks owned by Mrs. Roberts in the extreme south part of the city. He suggested that an arrangement might be worked out whereby the property would be given to the city in exchange for paving in other areas. It was the latter suggestion that commissioners rejected last night, along with the proposal that they buy right-of-way for West 17th Street.

The city and Tucker for several years have disputed location of the north right-of-way line of 17th between Bell and Lancaster. Recently, a survey by Ralph Baker showed that a rent house owned by Tucker, as well as a windmill is encroaching on the street, officials said. Paving of West 17th is projected in the current paving program; however, right-of-way will have to be pinned down before paving can be constructed.

The city attorney and Manager Whitney were advised to inform McCaulley that the commission has been attempting for several months to work out correct location of the street and that traffic will be channeled off Mrs. Roberts' property as quickly as is feasible. City Engineer Cliff Bellamy and the city manager also were instructed to pursue talks with T&I Railway officials regarding plans for paving East First Street. A railway spur which runs down the street complicates grade and proposed drainage facilities and city officials hope to work out a solution suitable to both city and railway company.

The city manager reported that approximately a third (28) of the necessary deeds have been signed, or are being signed, for right-of-way along Fourth Street. He was advised to continue efforts, in cooperation with the Chamber of Commerce, to get the additional right-of-way deeds signed in preparation for widening, paving and making Fourth a branch of Highway 80 through the city.

Mayor G. W. Dabney was authorized to sign a disclaimer on a railway spur leading to Webb Air Force Base across private property. The disclaimer was requested by U. S. Attorney in Fort Worth who reported that arrangements are being made with property owner C. W. Creighton for perpetual easement.

Permission was granted Faye's Flowers to install a temporary building inside the fire limits, providing the building will be moved as city request. Commissioners again agreed to waive reversion rights to five acres of Big Spring State Park land for benefit of the Texas National Guard. An attorney for the State Army Board asked the waiver, with the provision that construction of a National Guard armory be started within three years or reversion rights would be returned to the city.

The city passed resolution offering a similar waiver about two years ago, but no action ever was taken by the armory board. Recently, however, new requests were filed with the board for construction of a Big Spring armory, apparently precipitating the new waiver appeal.

Chief Heustis said the \$30 will be turned over to the coroner's office for disposition.

### Churchills To Visit Queen Elizabeth II

LONDON (AP)—Prime Minister Churchill and his wife will visit Queen Elizabeth II at Balmoral Castle in Scotland next week. The Conservative chieftain, who presided over a cabinet meeting yesterday, is gradually resuming more of his governmental responsibilities after a rest advised by his physicians.

Churchill customarily visits Scotland at least once while the royal family is on its summer holiday there. This noon Churchill, beaming with delight, had lunch at Chequer, country home of Britain's prime ministers, with squadron leader Neville Duke, the test pilot who established a new air speed record of 727.6 miles an hour in a Hawker Hunter jet fighter Monday.

### More Men Commit Suicide But More Women Are Trying

ROME (AP)—A world congress on figures was told today that more women try to commit suicide than men—but the men do a better job of trying. At least, that's the situation in Rome. After a 10-year study of self-destructors and would-be's in the Eternal City, Prof. Alessandro Leher of Rome University reported to the 28th annual meeting of the International Institute of Statistics: Of every 100,000 of each sex, an average of 10.77 men and 6.78 women kill themselves annually. But of every 100,000—again of each sex—an average 50.6 females and 35.59 males try.

# College Editors Plan Travel Inside Russia

NEW YORK (AP)—Four college newspaper editors are reported making plans to accept Soviet promises of visas for travel in Russia.

Zander Hollander of Brooklyn, feature editor of the University of Michigan Daily, said last night he and the three others are making arrangements for the trip.

He said the others are Natalie Becker of Brooklyn, editor of the Vassar College (Poughkeepsie, N.Y.) Miscellany Arts; Daniel Berger, editor of the Oberlin (Ohio) College Review; and Mark Edmond, editor of the University of Colorado Daily.

Two other students, also promised visas by the Soviet Embassy in Washington, have not indicated their intentions. The two are Arthur Brown of Mishawaka, Ind., editor of the University of Chicago Maroon, and Kenneth F. Rystrom of Mayard, Neb., editor of the daily paper at the University of Nebraska.

The editorial board of the Queens College Crown, a student weekly at the New York municipal college, initiated the idea of the trip. The plan came after a recent tour

of Russia by a group of American editors and publishers.

Ninety college and university newspapers were polled, and 16 agreed to participate. But only the seven student editors applied for the visas.

Their application was filed in July, and the Soviet Embassy reply came Aug. 31. It assured that the visas will be issued immediately upon presentation of passports.

**Midget Actress Dies In Picture Capital**

HOLLYWOOD (AP)—Funeral services were scheduled today for Mrs. Nona Cooper, 77, known for more than half a century as Lady Dolly, the midget actress.

The widow of film cowboy Tex Cooper, she stood only 3 feet 7 inches tall. She died Saturday.

Mrs. Cooper was a school teacher in her younger years. Later she worked in the movies for many years and was a stand-in for child actresses.

## Men In Service

Cpl. Hoke E. Crumpler, son of Mr. and Mrs. O. A. Crumpler, Star Route No. 2, Lamesa, has been assigned to the 438th Army band at Camp Stoneman, Calif. He is a clarinetist, and he entered service in April 1951, being stationed previously at Schofield Barracks, Hawaii with the 264th Army band. Graduating from Lamesa High School in 1950, he was a salesman for J. C. Penney Co. before entering service. The Stoneman band is present at the docks in nearby San Francisco whenever a shipload of troops leaves for or arrives from the Far East.

## High Birth Rate

BAYTOWN (AP)—Baytown isn't having to import residents to keep its population growing. The city's birth rate this year has averaged 43.9 births per 1,000 population, nearly double the national average of 24 per 1,000.

## Corks Pop; Hall Smells Like Wine—It's Serious Though

By WAYNE HARBERT  
SACRAMENTO, Calif. (AP)—There were hundreds of bottles, and the corks were coming out well.

The hall smelled like a wine cellar.

Indeed, a lady in a multicolored skirt and plain white blouse was saying:

"I can feel it in my legs. I'll be like Bambi on the ice."

But it was a very serious party . . . the California State Fair wine tasting.

There were wines with fancy names like Cabernet Sauvignon, Folle Blanche and Pinot Chardonnay. And there was just plain loganberry wine. Of course there were the champagnes—brut ("brutal," said a gal sampler), demi sec and sweet. Each cork exploded beautifully.

"I just love green grapes, said a gentleman. And he smacked his lips.

"You'll see what wine makes you do," called a lady. "The tongues unloosen themselves."

At noon the wine men handed Gov. Earl Warren a crown of artificial grapes and asked him to put it on the head of Diane Bagshaw

of San Rafael and pronounce her vintage queen.

The governor did, but he had quite a time getting it on.

"I'm about as handy as a cub bear," he laughed, "when it comes to crowning queens."

But it was all right for the governor to fumble. He arrived just in time for the crowning without time for any more tasting than a little toast with the queue.

**Woman Dies; Tub Of Money Not Found**

PHOENIX (AP)—Mrs. Victoria Rickey died tonight without the chance to look again for "the wash-tub of money" she said is buried under her home.

The 64-year-old Phoenix woman died of burns she received when fire destroyed her house Aug. 22.

She was hospitalized twice by the fire, the second time after she escaped from Maricopa County Hospital to return to the ruins of the house. Police found her digging in the rubble, "looking for the cash and jewelry."

After returning her to the hospital, police found \$10,000 worth of jewelry and \$500 cash. But they couldn't find the wash-tub.

## Youth Flees From 'Escape-Proof' Jail

DENVER (AP)—New bars were welded yesterday into the visitor's window of Denver's "escape-proof" city jail, following the jail's first escape since it was built 13 years ago.

Clay M. Robinson, 18, of Denver, who had been arrested on a vagrancy count Monday was still at large.

He had smashed through a plate glass and wire window and then fast-talked his way down the elevator and out of the building.

Police termed it not a real break but only a "mixup."

**L.A. Postmaster To Face DWI Charge**

LOS ANGELES (AP)—Postmaster Michael D. Fanning will have a jury trial Oct. 15 on a charge of driving while intoxicated.

He pleaded innocent yesterday on arraignment in Municipal Court. The Los Angeles postmaster was arrested Aug. 24. Officers said he was driving in an erratic manner and did not pass a sobriety test. Postmaster General Summerfield suspended him from his duties the following day.

Fanning denied he was drunk.

## 'Is They Is Or Is They Ain't' Cobras In Missouri City?

SPRINGFIELD, Mo. (AP)—King cobras usually are found in India, but people have reported seeing them around here lately and they're getting worried.

They've even stocked up on cobra serum, flown here from Florida.

The latest of a series of six snakes was found last night by 10-year-old Vicki Solomon. She and her dad said they thought it was a cobra. But a pet shop owner, who took the snake away, said he thought it was a 'common bull snake.'

A snake found Aug. 22 started the entire commotion. A high school science teacher identified it as a king cobra. Finders of the other snakes also said they believed they were cobras.

# Laughlin Hearing Is To Resume This Afternoon; Brother Heard

By MAC ROY RASOR  
AUSTIN (AP)—A hearing of ouster complaints against Dist. Judge Woodrow Laughlin of Alice was in morning recess today midway in its fourth week.  
Dist. Judge D. B. Wood of Georgetown, the Supreme Court's master in chancery who is conducting the hearing, said his own court required his attention. The hearing was to resume at 1:30 p.m.

The hearing's testimony so far has filled about 2,400 pages. Jim Wells County Commr. W.M. Laughlin, brother of the judge, was on the stand when the hearing recessed yesterday.

He testified he had been "thoroughly investigated" by a Jim Wells County grand jury before Judge Laughlin discharged it Jan. 1.

Complaints against the judge include one that the discharge was motivated partly to protect the commissioner from indictment. Commr. Laughlin detailed the circumstances of a five-year contract he made in 1948 before taking office for the sale of caliche from his property for building county roads.

He said he is now buying the county's caliche from David Gonzales in Duval County at 8 cents a cubic yard after complaints halted use of his own caliche at 5 cents a yard.

He is paying back to the county in monthly installments, he said, the money the county paid him as rental on road equipment.

He said he was also called on by the grand jury to explain checks issued to county workers and endorsed by him as the last

endorser. He testified he accounted for every one of them as repayment of loans to help the workers meet hospital and other expenses. "They aren't paid very much and they can't make it from one pay check to another," he said.

M. J. Raymond of Laredo, political leader of Webb County's Independent Club, also testified for the defense. He charged that Judge Laughlin was being made "the goat" for

Duval County boss George Parr who backed the judge in last year's elections.

"I think the main fight is against George Parr, and I think you'll agree with me," he told the prosecution counsel, Sen. William Shireman of Corpus Christi.

Raymond, for 12 years Webb County judge, said Judge Laughlin had never consulted with him on indictments returned against Laughlin in the judge's sale of

## World's Money Problems Are Due For Consideration

NEW YORK (AP)—The world's money troubles are up for an airing today in Washington. Uncle Sam has used up billions since the war trying to shoulder them. Other countries think he still isn't doing enough.

Fifty-five nations who belong to the World Bank and to the International Monetary Fund are discussing the world's financial pains.

Other nations want the United States to lower its tariffs further so they can get more dollars in trade here.

Some would like to see this country put up several billion dollars for a fund they could use to stabilize their own currencies with the goal of making them convertible again.

Currency convertibility gets a lot of lip praise because it would open world trade, increase American markets. It seems about as far off as ever.

What free convertibility means

is: If you have British pounds and want to change them into U. S. dollars, or if you have German marks and want to change them into Argentine pesos, you can do so without any fuss and without asking any government's permission. A long time ago you could.

For years now only a very few of the world's currencies could be converted freely. Our government will let anyone change dollars into pounds, but won't let Americans change dollars into gold.

The reason England, for example, won't permit full and free convertibility of currencies is that her pound isn't very stable. The reserves of dollars and gold behind it isn't big enough yet to risk letting anyone get dollars for pounds whenever he wants them.

So some are suggesting that the United States should back heavily a stabilization fund. Suggestions range from four to 35 billion dollars.

The idea is that with this to fall back on, England could risk freeing her pound.

### CARD OF THANKS

Words cannot express the feeling of thanks we have in our hearts for our many friends, neighbors and lodge members who prayed for us, sent food, flowers and messages of sympathy during the sickness and loss of our loved one. The presence of friends made our sorrow easier to bear. May God bless each one of you for your kindness.

Mr. and Mrs. M. R. Brown and Family,  
Miss Hortense Laird,  
Mrs. E. G. Youman and Family,  
Mr. J. D. Brown and Family,  
Mr. and Mrs. Howard Brown.

### CARD OF THANKS

We wish to express our sincere appreciation for the floral offerings, expressions of sympathy and food given by our friends in our time of sorrow in the death of our darling mother. May God bless each of you. Nick West and Family,  
Leonard West and Family,  
Mrs. Robb Mabry and Family.

## Gov. Shivers Says Democratic Party Softening Attitude

AUSTIN (AP)—Signs that the national Democratic party is softening its attitude toward rebellious Southerners were reported yesterday by Gov. Shivers.

He was one of the Southern rebels who repudiated Adlai Stevenson and supported Dwight Eisenhower for President.

Shivers said he thought the loyalty pledge might be dropped by the party, and that any such move would help relieve the tension between Northern and Southern Democrats.

He said national Democratic Chairman Stephen Mitchell had once wanted to read the rebellious Southerners out of the party, but that he had seen signs lately that this attitude was being modified. Shivers said he considered Wright Morrow of Houston still the national committeeman.

The national committee and the Texas state committee are in disagreement on Morrow. When he decided to back Eisenhower, he resigned.

The state committee rejected his resignation, but the national committee accepted it. The matter may come up this week when the state committee meets at Mineral Wells.

The plane will land at Travis Air Force Base, Calif. Texans aboard were Pfc. Reuben Kimbell, Baytown, and Sgt. Manuel Aldeis, El Paso.

## 35 Ex-POWs Flying Home From Far East

TOKYO (AP)—Thirty-five former prisoners of the Communists, 34 of them Americans, left for the United States tonight, the Army said.

The plane will land at Travis Air Force Base, Calif. Texans aboard were Pfc. Reuben Kimbell, Baytown, and Sgt. Manuel Aldeis, El Paso.

White-tailed deer imported by New Zealand from America have so increased that they are now regarded as a pest.

Has your engine lost its new car pep? Re-power with . . .

**The Greatest Gasoline Development in 31 Years**

*TCP\* a Shell discovered additive now blended into Shell Premium Gasoline, actually re-powers your engine by stopping short-circuiting of spark plugs and controlling pre-ignition. Gives up to 15% more power . . . increases spark plug life up to 150% . . . gives extra mileage, too*

The reason the majority of engines lose their new car power—often within three or four thousand miles—is now known.

Today's driving—often at low speeds in traffic and around town—increases the amount of engine deposits on spark plugs and in combustion chambers. These engine deposits do two kinds of harm. First, they short-circuit spark plugs—causing misfiring. Second, because they get red hot in the combustion chambers, they often cause the fuel-air mixture to ignite prematurely—this is called pre-ignition. The combined effect of short-circuited spark plugs plus pre-ignition is lost power and wasted gasoline. This loss of power is especially noticeable when accelerating, hill climbing, or cruising on the open highway.

But now there's a way to get rid of this power and fuel waste—quickly!

It's TCP additive, discovered by Shell Research. Now blended into Shell Premium Gasoline, it actually

stops the short-circuiting effects of the deposits on the spark plugs. And, because it also keeps engine deposits in the combustion chamber from getting too hot—"fireproofs" them—TCP additive stops the pre-ignition caused by engine deposits.

And, the result for the average motorist is a net gain of up to 15% more power, up to 150% longer spark plug life as well as increased gasoline mileage!

Not since the introduction of tetraethyl lead in 1922 has there been such an important development in gasoline.

### All engines are helped!

Because these engine deposits accumulate in all engines—both old and new—you need Shell Premium Gasoline with TCP additive to keep your engine delivering the full power built into it by the manufacturer. Even if your car has gone 30,000 miles or more, your engine can get back much

of its original power if you use Shell Premium with TCP additive.

Shell Premium with TCP quick to act So rapidly does Shell Premium increase your power you'll feel your engine's had a tune-up before you've finished the second tankful. Of course, these engine deposits are constantly accumulating, and continued use of Shell Premium with TCP additive is essential to retain its benefits.

### Available only at your Shell Dealer's

TCP is Shell's trademark for the remarkable additive now available in Shell Premium Gasoline. Originally developed by Shell Research for aviation fuels, until now it has been largely restricted to military aircraft.

Now at all Shell Dealer Stations.

He broke all world's air speed records for a 61-mile closed course. He was flying a F-86-D Sabre jet. (AP Wirephoto).

# Three Counties Share In New Completions; Two Get Locations

Completions in Howard, Mitchell and Glasscock Counties, and new locations in Dawson and Howard were reported today.

Completed as a northeast edge to the North Luther (Canyon Reef) area was Pan American Production Company No. 1 G. B. Pollack for 368.4 barrels of oil in 12 hours.

Flow was through a 16-64ths choke, casing pressure sealed and tubing pressure was 1,130. It had been acidized with 500 gallons and there was no water. Gas-oil ratio was 1,190-1, gravity 47.3, top of pay at 8,182 feet and total depth 8,186. Five and a half-inch casing was set to top of pay.

Location is 600 feet from the north and east lines of the northwest quarter of Section 44-32-3n, T&P.

The Hanley Company No. 3-AA TKL in the Spraberry Trend of Glasscock County, flowed for 124.43 barrels of oil and about 2 per cent water on 24-hour potential. Flow was through 20-64ths choke, tubing pressure 250 to 200. Gas-oil ratio was 1,390-1, gravity 37.5, top of pay at 8,915, from elevation of 2,700, total depth was 7,852, and oil string was set at 7,837 feet. Perforations were from 7,773-83, from 7,072-82, and from 6,925-45. Formation was acidized with 5,000 barrels.

Location is 660 from the east and 1,980 feet from the north lines of lease in Section 19, Block 36, T&P Survey.

A North Jameson Strawn Sand completion in Mitchell County is the Sun Oil Company No. 6-A B. Anderson, 660 from the north and west lines of 230-1-A, H&T.C. Flowing 24 hours, the well made 40.08 barrels of oil, no water. Tubing pressure was 100, gas-oil ratio 1,890-1, gravity 42.5, top of pay 5,955, elevation 2,099 feet, and total depth 6,050 feet. Flow was through 11-64ths choke and oil string was

set to 6,050. Perforations were from 5955-64, 5980-85, and 5989-97.

Also completed in Howard County, in the Howard-Glasscock Field, was the Duncan Drilling Company No. 3 W. B. Currie. The well pumped 24 hours making 52.58 barrels of oil, gravity 31, gas-oil ratio nil. Pay was acidized with 4,000 gallons below 2,383 feet, the top of pay. Total depth is 2,550 feet with oil string set to the bottom. Elevation is 2,761 feet at location 330 feet from the south and 2,025.6 from the east lines of lease in 12-33-2s, T&P Survey.

The Cedar Lake Southeast S a n d r e s l o c a t i o n i n D a w s o n C o u n t y i s H e r r e l l a n d W i l l i a m s o n N o. 2 Fowler, 330 from the south and west lines of the northwest quarter of Section 111-M, EL&R.R. Survey. The 80-acre lease is 16 miles northwest of Lamesa. Venture will be drilled with rotary to 5,100 feet, starting at once.

Duncan Drilling Company staked its No. 1 Dora Roberts 360 feet from the west and 330 from the south lines of Section 128-28, W&N.W. Survey, on 40 acres 12 miles south of Big Spring. It will be drilled combination to 1,500 feet, also starting immediately.

# Youths Form Auto Club To Boost Safety

The elimination of a lot of "main dragging", as well as promotion of traffic safety in general, is object of an Automobile Club formed by a group of Big Spring boys last night.

The group, about 25 strong, hopes to encourage sane driving throughout the city and especially on the part of its members, said Delbert Burchett, a charter member. Members will abide by rules of the National Hot Rod Association and are in process of formulating some rules of their own.

One regulation already approved states that any member fined in city court for a traffic infraction must pay to the club an amount equal to the fine. Forfeiture of membership is the alternative.

Idea for the club came from Buddy Marshall, Gordon Myrick, Delbert Burchett, Calvin Jones and Billy Cook. Meeting with the quietest, and all designated as charter members last night, were Charles Verrege, Paul Holden Jr., Ronnie McCuistan, Ralph Winterrowd, Charles Reinhardt, Harry Hepper, Tommy Allison, Bobby Howell, Jimmy Gill, Larry Osburn, Monroe Casey, Don Stahl, Forrest Nies, Jack Pittman, Mrs. Buddy Marshall, Mrs. Delbert Burchett, Jerry Musgrove, LaDel Johnson, and Police Patrolman and Mrs. Albert Brown.

All members of the police department will be made honorary members, said Burchett. The group will meet again next Tuesday to elect officers and complete organization.

# HOSPITAL NOTES

**BIG SPRING HOSPITAL**  
Admissions—B. L. Roff, Baird; Claude Goley, Kermit; Mrs. Jackie Smith, Lamesa; Jesse Lee Wilkerson, 1307 W. 2nd; Travis Anderson, 606 Caylor Drive; Mrs. Callie Warren, 409 W. 8th; Mrs. Lyndora Sandertin, 1015 Johnson; Mrs. Helen Cole, City; Cleveland Brockman, Monahans.

Dismissals — Mrs. Pearl Ashley, 203 Lockhart; Mary Ann Nugent, City; Lorenza Sebellas, Gail Rd.; Mrs. Ora Huit, City; Mrs. Lillie Heize, 303 11th Place; Don Hoover, 1407 Wood; Mrs. Bonnie Appleton, 1406 Stadium.

**John Lawrence Is Honored At Dinner**

The Rev. and Mrs. Bill Boyd gave a dinner Monday evening in honor of John Lawrence.

John, ex-president of the Young People's Fellowship of Saint Mary's Episcopal Church, leaves for the Episcopal college, the University of the South at Sewanee, Tenn. on Sept. 15.

Those attending were John Lawrence, Libby Jones, Brick Johnson, Perry Moran, Glenn Rogers, Ginger Hatch, Nancy Pittman, Angela Faunt, Rita Gale, Joe Dawes, Jean Peters, Virginia Johnson, Lee Denton, Martha Ann Johnson, Sally Cowper, Richard Hughes, John William and Harold Boyd, Mr. and Mrs. John Whiting and the Rev. and Mrs. Bill Boyd.

**Subpoenas Go Out For Jury Witnesses**

HOUSTON (AP)—Subpoenas go out this week for grand jury witnesses in the investigation of the Port Houston public grain elevator operations. The investigation centers around reports that American wheat was blended with low-grade, and duty-free Canadian wheat at the port. Earlier investigations led to the firing, April 21, of William Fellrath, manager, and two other employees of the grain elevator.

**Benson Due In Texas**

MCALLEN (AP)—The office of secretary of Agriculture Benson yesterday informed the McAllen Chamber of Commerce the secretary would attend the Oct. 19 Falcon Dam dedication ceremonies with President Eisenhower.

# Junior Rodeo Opening Is Set For Thursday

A piece of the "old west" was on the move today and pointed toward Big Spring and the eighth annual 4-H Club Junior Rodeo which opens a three-day stand Thursday evening.

Astride their favorite mounts, eight young men were accompanying a covered wagon on its trek from Stanton to Big Spring.

Once at the rodeo grounds, they will camp for the duration and take part in the Thursday afternoon parade and all three performances.

One of the rodeo is fresh off the Figure 2 Ranch, included in the group are Butch Foreman, Bobby Owen Kelly, Gerald Smith, Vernon Cox, Norman Cox, B. R. Wilson, Tommy Wilson and Butch Bowden.

The Stanton Sheriff's posse, with Sheriff Dan Saunders riding with it, will be here for the parade at 4:30 p.m. Thursday and for the opening night.

The parade route was announced by Dr. T. J. Williamson, chairman of this part of the activity.

From the assembly point at Second and Goliad, the parade will go to E. 3rd on Goliad, then west on Third to Runnels; thence north to Second; thence west to Main; thence north to First; thence west to Scurry; thence south to Second; thence east to Main; thence south to Fourth; thence west to Scurry; thence north to Third; thence west to Bell, and disassemble.

Police will clear the parade route and Sheriff Jess Slaughter will lead. The Webb Air Force color guard and band will follow with floats, riders, the Coahoma High School and the Big Spring High School bands participating.

**\$75 Fine Assessed On Affray Count**

With the admonition that "we're going to break it up some way or the other," Corporation Court Judge Mack Rodgers levied fines of \$75 each on two Negroes, a man and a woman, charged with fighting near a North Side night spot last night.

The woman went to jail and police took the man to a hospital to have a chest wound dressed before returning him to a cell.

The woman had stabbed him with a dime store paring knife carried in her purse.

# Special Session Of Congress Ruled Out

By WILLIAM F. ARBOGAST

WASHINGTON (AP)—House Speaker Joseph W. Martin Jr. (R-Mass.) today ruled out the possibility of a special session of Congress later this year but conceded "there will be plenty of work next year."

Visiting the Capitol for a few days, he told newsmen he was certain there would be no extra session this year.

He said earlier talk of a special session hinged on the belief the administration might regard it as necessary for Congress to boost the national debt limit, which it refused to do just before adjourning last month. Since then, however, administration fiscal experts have indicated that the present statutory debt limit of 275 billion dollars won't be reached this year.

Martin said that during the month he has been away from Washington he found the people generally are not discontent with the Republican administration's policies and program.

"The people are waiting and are willing to give President Eisenhower a chance to make good," he said. "They believe he has made a good start and will build up from the good foundation that has been laid. I find very little discontent."

Martin emphasized he does not believe Congress will renew next year the excess profits tax extended this year until next Jan. 1. And he said he is sure the presently scheduled 10 per cent cut in income taxes will become effective Jan. 1 without any attempt being made to halt it.

"Those taxes are going off for sure," he said.

On the subject of what new revenue might be needed to replace tax drops due next year, Martin would not comment. Congressional committees are studying the general tax picture now, he said, and will have recommendations later.

Taxes are likely to be among "the tough problems Congress must face next year," he said.

Other matters Congress will have to deal with in the election year include, he said, reciprocal trade agreements, extension of social security coverage, farm price supports and possibly revision of the Taft-Hartley labor relations law.

# Second Street Plats Studied

Preliminary plats showing two possible routes for extension of Second Street east of the city limits were shown county commissioners this morning.

Louis Jean Thompson gave the court the preliminary report on surveys made of the area from the city limits eastward to a north extension of Birdwell Lane.

Property owners in the area had petitioned both county and city commissioners to open the street, and Thompson and City Engineer Cliff Belamy have since started surveys to locate necessary right-of-way.

The city committed itself to open the street inside the municipal limits provided property owners will dedicate right-of-way. County officers this morning discussed taking a similar position, but put off formal action until Monday.

Commissioner Earl Hall, in whose precinct the proposed street would be located, was not present today and other commissioners said they think he should participate in any decision regarding the problem.

No action was taken on the preliminary survey report today, either.

# Rites Pending For Mrs. Carver

Mrs. Cynthia Lois Carver, 36, died at her home at 2006 Eleventh Place at 6 p. m. Tuesday after a long illness.

Arrangements were pending Wednesday and the remains were at Nalley Chapel.

Surviving are a son, Jimmy, and daughter, June; a sister, Mrs. Era Springer, Weatherford; a brother, James H. Parson, Russell, Fla.

When the funeral is held, the Rev. Cecil Rhodes, pastor of the West Side Baptist Church, will officiate.

# Allan Shivers Uncertain About Special Session

By DAVE CHEAVENS

AUSTIN (AP)—Gov. Shivers says he doesn't know yet whether he will call a special session of the Legislature to work on drought aid and teachers pay problems.

He said yesterday he hoped he would know within a week or 10 days. Several things were delaying his decision, among them:

1. Outstanding reports from various parts of the state, especially West Texas, on how recent rains have eased the drought.
2. Negotiations with representatives of the Texas State Teachers Assn. on a compromise pay increase plan.

The governor said he would submit teachers pay as a subject for a special session, if there is one, only if an agreement can be worked out in advance with the teachers. A 30-day session is too short to try to iron out a controversy, he said.

Recent rains apparently dimmed prospects of a special session. Shivers seemed cooler toward the plan than he was two weeks ago.

He said he had talked to about 20 or 25 per cent of the membership of the Legislature, found 90 per cent unenthusiastic about a special session. They all said they would be willing to cooperate if there is a problem important enough to require a special session, the governor added.

# Small Groups Of Braceros Due

The Braceros are coming, it was announced this morning by A. J. Pirkle, service officer for the Howard County Farm Bureau.

Pirkle says the Bureau expects to send a truck to Eagle Pass in 10 or 12 days to pick up a load which will be limited to about 75 workers.

He said that a meeting of the Bureau's board of directors Tuesday night it was decided to bring in a limited number of the Mexican Nationals. The Bureau has already received requests for about 60 of these, he said, but the services of as many more as may be needed can be gotten.

Pirkle said any farmer wishing to contract for Bracero labor should come to the Bureau's office at 117 1/2 Runnels and make arrangements just as soon as possible, especially if he wants this help brought in on the first load. It requires about 10 days, he said, for recruiting these workers at Eagle Pass.

**Theft Suspect Is Questioned Here**

Sheriff's officers today were questioning a man they arrested Tuesday evening in possession of a stolen automobile.

Car had been reported stolen in Andrews, deputies said. The man was arrested east of Big Spring. Officers said he had given three bogus checks, totalling about \$50, here Tuesday.

# First Jail Term Is Assessed Under New DWI Statute

First three-day jail term for driving while intoxicated has been imposed in Howard County Court under new state statute which makes jail term mandatory on conviction of DWI.

D. O. Randolph, who earlier had pleaded not guilty to driving while intoxicated charges, changed his plea Tuesday and was given three days in jail and fined \$100.

Judge R. H. Weaver previously had probated jail terms in DWI cases he has heard since the law became effective Aug. 26.

Another driving while intoxicated charge was filed Tuesday by County Attorney Hartman Hooper. Charged with the offense was James Byron Nixon. He has been released on bond.

# Traffic Violators Are Assessed Fines

A defendant in the Corporation Court was fined a total of \$35 this morning on charge of dangerous driving and driving on the wrong side of the street.

A resident of the 1000 block on West 6th St., filed the charges and police said the man's operation of the car had been dangerous to some children who were playing near the scene.

Another motorist was fined a total of \$48 on a combination of charges that included not having an operator's license, speeding and operating an automobile without brakes.

Defective rear lights brought a \$10 fine in another case. Two cases of having a defective muffler and making a prohibited left turn brought \$3 fines and failure to observe a stop sign \$5.

# COURT

(Continued From Page One)

Judge in point of service and he then is referred to as the presiding justice. Black acted in this capacity for a time after the death of Chief Justice Harlan Fiske Stone, Vinson's predecessor.

One factor which Eisenhower could take into consideration if he wishes to defer the appointment is that no major case has been put on the tentative schedule for argument during October.

The new chief justice could take his seat as late as December and be in time to take part in the major case coming up in the new term. It involves constitutionality of racial segregation in the public schools. Arguments won't be heard at least until December.

Speculation over Eisenhower's choice—and it was only speculation—centered on the name of Earl Warren, California's Republican governor. For some months, Warren has been reported headed for a Supreme Court seat when the Eisenhower administration had the duty of filling its first vacancy. Warren's term as governor, however, runs through next year; he would have to resign to accept an appointment to the high bench now.

Other Republicans whose names figured in court speculation were Gov. Thomas E. Dewey of New York, Chief Justice Arthur V. Vandenberg of the New Jersey Supreme Court and Judge John J. Parker of Charlotte, N.C., presiding judge of the 4th U.S. Circuit Court.

Sen. Anderson (D-NM) mentioned as a likely possibility Judge Orin Leon Phillips of the 10th U.S. Circuit Court.

Vinson's former colleagues on the court will act as honorary pallbearers at his funeral tomorrow at Washington (Episcopal) Cathedral. Bishop Angus Dun will officiate.

While no definite travel plans were announced, there was no doubt that Eisenhower would come to Washington from his Denver vacation headquarters for the funeral. Former President Truman, who named Vinson chief justice in 1946, also planned to attend.

Further services will be held in Vinson's birthplace, Louisa, Ky., Friday afternoon. The late chief justice will be buried in Pinehill Cemetery in Louisa.

# Merchants Slate Credit Discussion Tomorrow Night

A full presentation of credit problems is on tap for Thursday evening at a meeting sponsored by the Retail Merchants Association. The session will be in the Settles Hotel ballroom, beginning at 8 p.m.

All business and professional people and others interested in credit are urged to attend.

The session will include the showing of a special film, "Credit—Man's Confidence in Man," prepared by Dun & Bradstreet.

Following this there will be a panel discussion on local items of credit problems and procedures. Representatives of many of the major business institutions of the city will serve on the panel, and pertinent questions will be encouraged. There also will be present representatives from Webb Air Force Base.

Discussion will be given over to the organization of a local credit grantors club.

# Law Library Due To Get More Funds

The Howard County Law Library is due to receive more funds in the future.

The Commissioners Court Tuesday liked library fee in all civil cases from \$1 to \$5. The higher fee was made effective immediately.

The charge, authorized by the state Legislature, is incorporated in fee for filing civil cases in county and district court.

**Dr. Hunt To Speak**

The West Ward P-TA will meet Thursday at 3 p.m. at the school to hear Dr. W. A. Hunt, Howard County Junior College president, speak.

# MARKETS

**WALL STREET**  
NEW YORK (AP)—The stock market opened steady today and moderately active.

Higher stocks included American Can, Bethlehem Steel, IT&T, New York Central, American Cyanamid and U. S. Steel. Lower were Westinghouse, Radio and Anacosta.

**LIVESTOCK**

## A Bible Thought For Today —

Saul had a strong body and a weak mind. The people wanted a commanding military figure to rule them and protect them. We should select leaders of character, not a man on horseback. "Thou shalt be a captain over Israel." — II Samuel 5:2.

## Exemption Of West Texas From 5-Year Average Is A Necessity

The West Texas Chamber of Commerce has asked Production and Marketing administrators to consider West Texas cotton and wheat acreage in 1952 and 1953 as acreage lost due to abnormal weather conditions.

This is not only significant for the region; it is virtually necessary unless the area is to be dealt a severe blow simply because it has had to endure the worst drought in memory. To suffer acreage reduction because of this would be tantamount to catching a kick in the teeth while already down.

In submitting its request, the WTCC asked that the PMA give special consideration to land planted to cotton but which had inadequate moisture to produce a stand; land normally planted to cotton but left fallow due to lack of planting season; cotton land left fallow until later when it was wise to plant it to cover crops for protection.

If land included in these categories were included in computations for cotton acreage, then the imposition of a five-year average basis would be more equitable. If

administrators insist on the five-year basis across the board, then we are about to see cotton farming emasculated in this area. For instance, the farmer who has 100 acres to cotton and has managed to have it right along will have a five-year base of 100 acres. For example, say that he will be permitted 70 per cent of his base acreage, that would be 70 acres. The same farmer in a drought area with two complete failures would turn up with a base acreage of 95, which, if cut to 70 per cent, would mean that he could only plant 67.5 acres.

Thus, the producer who has experienced normal conditions will receive two-thirds more acreage than one who has suffered adversity. As a matter of simple equity this is unthinkable; as a matter of putting weight around a man who already faces an uphill fight to come back, it simply must not be permitted.

And while we're getting this adjustment made—if we can—we might plant the seed for some permanent consideration of the unusual hazards of cotton farming peculiar to this area.

## Justice Vinson Was Statesman Cast In Peculiar, Strong Mould

Death of Fred M. Vinson, chief justice of the United States Supreme Court, removes not only a faithful public servant from the ranks but also further thins the ranks of a peculiar breed of "backwoods" statesmen.

Justice Vinson was cast much in the same mould as many who have come out of the timbered, rugged, and hot-blooded sections of Tennessee and Kentucky. What particular quality there was that helped to produce some stalwart public officials is difficult to define. Perhaps it was the straight-forwardness of the people; per-

haps it was the necessity of standing firm and resolute on one's principles even in the face of physical violence; perhaps it was the talent one must possess or develop for quick, clear thinking in furnace of fiery public debate.

At any rate, Justice Vinson was one of the capable men who moved in conviction rather than retreat in fear. Like most men who give their lives in public service, he developed his critics and political enemies. But none ever questioned his loyalty or devotion to his country, nor his integrity. Naturally, the loss of a man of this calibre is a keen one.

## These Days — George Sokolsky

### Man Can Learn Plenty From Nature's Uncertain Behavior

This was to have been the year of a prize garden for me. Up here in the Berkshires almost anything is supposed to bloom and fructify, if only one plans correctly, tests the soil for the PH factor, weeds the garden once or twice, puts in good seed.

So, we did all that, particularly the planning at which we are past masters. But in the early spring, there was a deluge of rains and many of the seeds rotted. We replanted carefully, hoping that there would hereafter be light rains, the drizzly kind that plants prefer. We could not make a contract on it, but the fact is that this summer we never got that kind of rain, not once.

Early in the summer, we had a light frost, the teasing kind that does slight damage but enough to make it necessary to scurry around to dealers to buy plants for replacements.

Then up came the peas and the broccoli and all the other things to eat and flowers to look at, and every morning I would walk all over the place, praising the Lord and my own skill as a gardener. However, one morning the tops of the peas and the young broccoli were chewed off, apparently by rabbits or maybe woodchucks, of both of which I have plentiful congregations. Then another morning, I noted that the deer had helped themselves to the succulent tops of the beets. That annoyed me no end because that is the part of the beet that I like best. The green tops, boiled down with vinegar and fresh ground pepper.

Well, we had a wonderful garden just the same, everything coming up in the right time and the right place until the drought happened. It is now 44 days since we have had rain. I never planned it that way. For a few days, we did a good deal of watering, but then the springs began to go down so we left the vegetables and flowers to the hot sun and hoped for the best. The best did not happen. The garden wilted. Some of it died. Who dares do a diagnosis?

That I fear is the fate of all planners. The old farmers tell me that the best way

to remain an optimist is to put the seed in the ground and hope, because nature is a dirty player and there is no telling what it might do. One summer we had a frost every month except in August. Perhaps that is why the farmers up here prefer to work in the woods.

Now, all things in life teach a lesson, if only one can learn. And the lesson of this summer proves that man proposes and God disposes. That is why there are dust bowls in spite of all the wisdom of the great planners. Where there should be meadow-land, man insists upon growing wheat and he eventually gets a dust bowl because he has interfered with the balance of nature.

It is like sprinkling everything with D. D. T. which kills bugs but also bees and without bees we can be reduced to a North Chinese diet, eating such a grain as millet which is unfit to eat. Perhaps the scientists are smart when they make atom bombs and hydrogen bombs, but who knows yet what these enormous puffs are doing to the balance of nature? Maybe that is why some have too much rain and others too little this year, or maybe some (and) will one day melt the ice at the North Pole and we shall be flooded as Noah's generation was. It is easier for the human mind to plan than it is for that same mind to carry the plan to a damageless fruition.

Charles A. Lindbergh, who has done considerable work in science, once wrote about this tellingly. He said: "Each development of science demands more science to maintain it, more to improve it, more to keep in advance of its use by our potential enemies. Scientific man is driven faster and faster by his system until he has no time left, no thought left, no appreciation left for man himself. He is dependent for his security on the increasing complication of a mechanistic organization which is already too complicated for him to control."

And to that I can say amen as I gaze upon my waterless cucumbers.

## Uncle Ray's Corner

### Stone Age People Did Cook

The stone-pointed spear marked a big advance in the story of weapons. It helped men to become masters of wild beasts which were too strong and fierce to handle with clubs.

There were, however, various game animals which could escape from spears. Deer were among such animals. With their keen hearing and smell, deer were able to take warning quickly and bound away from a hunter. Unless they happened to be fortunate, Stone Age hunters failed to strike down animals of this kind with their spears.

Before the Old Stone Age came to an end, the bow and arrow was invented. A pointed arrow may be described as a little spear. When his bow was strung with a strip of rawhide, the hunter could send his arrow hundreds of feet. This helped him to bring home more food for those who lived in his cave.

It seems reasonable to suppose that slings were employed during the Stone Age. These weapons could be made from

wood, rawhide cords and pieces of animal skin. Such material would waste away in time, and we could hardly expect to find the remains in caves.

We know that slings were popular weapons after people started to write down the records of their lives. The ancient Egyptians and Jews were among those who used them. Not only does the Bible tell of David slaying Goliath with a sling; it also speaks of 700 left-handed Benjaminites who were skillful with this weapon.

Thanks to their clubs, spears and arrows—and perhaps also to slings—Stone Age hunters managed to succeed in their struggle for life. We know that they cooked their meat because hundreds of fire-beds have been found in their caves, along with the bones of wild animals.

Chemists are able to prove that the bones were heated long ago, and some of them show the marks of human teeth. The larger bones were broken open probably with stone hammers and the object is believed to have been to obtain marrow.

Tomorrow: Leaving the Caves.

## The World Today — James Marlow

### Stassen Attaches A Quiet Footnote To One Of History's Big Experiments

WASHINGTON (AP)—Harold E. Stassen, director of foreign aid, at a news conference attached a quiet footnote to one of the tremendous experiments in history.

The conference was held in a businesslike room in the old State Department Building, plenty of fluorescent lighting and chairs ranged around a long, well-shined mahogany table.

At one end of the room a painted map of the world covered the wall from floor to ceiling. Huge economic charts of the nations of the world covered both sides.

These charts, in frames and on rollers, had been pushed back out of sight behind long curtains. One of Stassen's public relations men said the charts were "classified" and therefore the newsmen could not see them.

Stassen himself later displayed one of the big charts to prove, he said, that Western Europe was doing extremely well, economically. Stassen had called the conference yesterday not to talk about Europe but to discuss his reorganization of the Foreign Operations Administration (FOA).

He had begun his career in the Eisenhower administration as director of the old Mutual Security Agency, which handled foreign aid. For the sake of economy and to dovetail some of this country's foreign aid programs, President Eisenhower had asked Congress to let him change MSA to FOA and to bring two other agencies under its tent.

These were the Point Four program—giving foreign countries technical assistance, such as in health and farming—and an agency which provided Point Four guidance to South American countries.

Congress let Eisenhower go ahead. Stassen became head of FOA. In a move to economize he gave 350 employees dismissal notices last week. Many of them didn't take it well and said they had been "Stassenated." In the lobby they set up a coffin for

empty filing cabinet), dropped into it their "RIF"—reduction in force—policies, and draped it with white gauze and carbon paper to look like black crows.

This was Stassen's first news conference since that demonstration. He had said publicly he regretted the firings but had no other course because Congress ordered that reductions be made.

His public relations man handed out a chart on a sheet of paper 12 by 18 inches—a tidy grouping of lines and boxes—which showed the new chain of command in FOA.

Each box contained the title of a top FOA official, or the next to top, and the job he had to do. Lines connected the boxes until all the lines led to Stassen and the President.

The news conference was a little anticlimactic since it had been learned days ago what the major changes in FOA would be effective Oct. 1.

It was hardly more than a routine news conference until, near the end, Stassen was asked if he thought this country would have to continue giving economic aid to Western Europe after next July 1, the beginning of a new fiscal year. Stassen said he thought very

little, if any, because Western Europe has been making such good progress. He said production is 4 per cent higher than any time in Western Europe's history.

In that air-conditioned room, where the exchange between Stassen and the newsmen had been on an easy and casual plane, this statement about Western Europe sounded like the fine print at the end of an historic page.

The newsmen departed, without hurrying. But six years ago when Secretary of State George C. Marshall had suggested his plan of economic aid for Europe there was a shock of excitement here and in Europe.

Marshall suggested the help to get Europe up off its back, economically, and stop the rush of communism. He and in the European capitals men began to work strenuously on what Western Europe needed and this country could afford.

No one knew, there could only be hope, whether the Marshall Plan would work. If it didn't, if Europe went to pieces, communism had clear sailing. After six years, Stassen was able to say this country's aid for Europe had worked very well, indeed.

## Notebook — Hal Boyle

### Gen. Dean Taught Two Things To United States

NEW YORK (AP)—You don't have to meet a man in this world to learn something from him.

I never met Maj. Gen. William Dean. I got to Korea late in July, 1950. A few days after he was reported missing in combat I would like to have seen him in action.

He is free again now, after nearly three years in enemy prison camps. Although I never met him personally, he has enriched my life by teaching me two things: 1. Don't talk faith short. 2. A man's example lives beyond his presence.

When I first reached Korea, Dean's 24th Division was still reeling from a series of confused but magnificent delaying stands to hold up an overwhelming North Korean army that had it known how to use its power, would have had the entire peninsula in three short weeks.

A still-dazed American officer told me:

"We thought all we had to do was to stand on a hill and show the U. S. uniform, and all those little brown goods would run back north where they came from."

The 24th Division had suffered terrible losses. Each day it suffered more. It is less a criticism of the men than it is of America to say the division was unready for combat.

The men weren't in proper shape. They were short of the right weapons. And so it was that Dean, a first class fighting man, had to go up and show no division commander should be required to do.

He had to go up and show the boys how. He was the 24th Division. He was the spearhead of an ill-prepared America, in the flesh. He had to do what they teach a commander at West Point he shouldn't have to do. He had to go to the bare front, forget his two stars, and lead like a second lieutenant. So did his colonels, includ-

ing rugged Dick Stephens, now a major general himself.

Dean was captured, after trying to get a wounded man back. He knew that theoretically a man of his rank shouldn't be where he was, but he was fighting a fact, not a taught war. Without the spot leadership that such commanders as he and Stephens gave, the retreat would have become a rout.

It was amazing how the example of Dean's personal courage carried on with his men. They found it hard to let him down, knowing what he had done. They didn't let him down.

In the annals of our soldiery Dean will be remembered as the general who, when it had to be done, went up gun in hand and showed the boys how. No other officer in our time has done more to popularize the stars of rank.

## New Plan Being Made For Mixed Feed Distribution

A new plan for furnishing mixed feed through the dealers under the drought emergency program is being developed, Gabe Hammack, Howard County PMA office manager, says he has been advised by the state PMA headquarters.

Hammack says, however, that he has not been told any of the details of the proposed plan but that he has been advised that the County Drought Committee is not to issue any certificates for this mixed feed until complete instructions are received from the State Drought Committee at College Station.

"At this time we don't have any information on how the program will work," Hammack said. "We can only tell stock owners and feed dealers who ask us about it that we will not be able to give them any information until our instructions are received."

## Around The Rim — The Herald Staff

### Ladies Are Better Than Average Drivers, Underwriter Finds Out

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald—Editor's Note.

Women are better than average drivers, so says a survey based on claim payments by an underwriter with considerable experience in insuring private passenger cars.

Moreover, there is frequently a difference in the degree of safety with which an individual may handle company or job equipment and his own car. He's more apt to be reckless with the latter.

This survey, made by State Farm, placed housewives 28th in a list of 64 categories of drivers. I hasten to say, lest there be comment from the fablet section, that editors, reporters and photographers ranked 26th.

Best drivers, as a class, showed to be operators and managers of wholesale establishments. Next were county agents and home demonstration agents. Retired people ranked third. Another group, without anything to do—the unemployed—ranked 63rd. That might be the difference between a mind at rest and one full of worry.

Best ranking of major occupations were farmers, who were in fourth place, just ahead of farm managers and supervisors. Interestingly, others connected in one capacity or another with agriculture ranked far down the line. Veterinarians were 22nd, unclassified agricultural workers 23rd, and farm laborers 35th.

Teachers, probably setting a good example, were in 7th place. Finance company proprietors and managers, conscious of paying claims, were in 8th place. En-

gineers were next and those in the professions followed to make the top 10.

You might expect some occupations to rank down the line. For instance, law enforcement officers, accustomed to necessity for some risky driving on duty, took it easy in their own cars and rated no lower than 14th. Similarly, funeral directors and undertakers, who had to hurry to haul victims into hospitals now and then, were careful as a class—being 18th. Doctors, who do the patching up, weren't so careful. They were 20th on the list.

For all the jokes, truck drivers rate as a pretty careful group on the job. In their own car, maybe unconsciously thinking they still possessed the security of their big rig, they limped in 43rd on the list. Rural mail carriers, for all their labors on supposedly quiet country lanes, were no better than 47th. Lawyers seemingly let their easy resort to legal action substitute for safety. At any rate, they were 50th.

Preachers and church workers were 55th, only two positions better than amusement and recreation workers, three better than entertainers and four better than liquor and beer distributors and salesmen. Right down at the bottom, in descending order were traveling salesmen, students, unemployed and enlisted military personnel. Might have known the poor EM would be on the ragged end of the deal.

—JOE PICKLE

## Matter Of Fact — Stewart Alsop

### Public Is Due To Hear Facts About Our National Situation

After interminable wavering, the Eisenhower administration has at last decided to tell the country some of the truth about the national situation. The decision was taken before the Kremlin tested its first hydrogen bomb, but this event has further strengthened the hands of the advocates of "Operation Candor," as the project is called in the Administration's inner circle.

The President will do the talking. The time, the place and the medium are now under discussion. The method most favored at the moment is an informal television talk, or perhaps a combination of a television talk with a full dress radio speech.

Such is the final upshot of a debate that has been going on inside the American government since the final period of the Truman administration. Certain officials of the old psychological strategy board were the first to insist that it was dangerous to keep the country in ignorance of the threat to national survival implicit in the steadily growing Soviet air-atomic capabilities. They were also the first to argue that a frank White House briefing was the only way to get the truth across to the country.

Hence the problem was on the National Security Council table, so to speak, when President Eisenhower took office. Active discussion of "Operation Candor" began as early as mid-winter. In the spring, at least one major meeting of the National Security Council was devoted to the subject; and Drs. J. Robert Oppenheimer and Vannevar Bush were invited on this occasion to make the case for being candid.

None the less, the wavering continued into mid-summer. And even now, there are certain leading members of the Administration who hope that the Security Council decision—for such it is—may yet be reversed.

The argument most often used by the opponents of frankness is the highly specious one, "that the country knows everything but the real military secrets already." It is true, of course, that the real national situation is well understood by a small number of persons who have struggled to find it out. It is also true that some of these persons have done their best to make the hard facts more widely understood.

But this is not only specious; it is also irrelevant. The country as a whole does not yet understand the national situation, because the country's leaders have thus far persisted in concealing or misrepresenting the hard facts known to the experts. In difficult and unpleasant technical matters, the country does not listen to every chance voice. The country's leaders must inform the country, and no one else can do so.

The proof of this has just been given, in dramatic form, by the inquiring Dr. Galbraith. The experts know very well that the

Soviet Union already possesses the atomic bomb for a crippling attack on this country. They know also that the Soviet long range air army is entirely capable of delivering the bombs. They know further that unless drastic measures are taken to improve our air defenses, the Kremlin will be able to make a totally devastating air-atomic attack on the United States within 18 to 24 months.

But the country at large plainly does not know about all this. In fact when Dr. Galbraith's pollsters asked their victims whether they thought their cities could be destroyed by Soviet atomic bombs, less than a third thought there was much risk. In short three-quarters of the people of the United States are living in a dream of false security.

Those who have wished this dangerous dream to be prolonged fall into three categories. There are the neurotic advocates of "maximum security," common in the Pentagon and now gaining ground at the Atomic Energy Commission, there are the State Department officials—George F. Kennan used to be one of them—who fear that the American people will demand all kinds of dangerous and impulsive remedies if they are told the plain truth. Finally, there are the high Administration officials who think high taxes are more dangerous than atomic bombs.

This last group is of particular importance. They think that if the truth is told, a strong demand will immediately be felt for heavier defense outlays on air defense and for other purposes. In this they are undoubtedly correct.

Maybe the promised Presidential candor will not be so very candid after all. But if he is fully candid, it can be taken as certain that the current approach to defense problems will no longer be tolerated. And it is hard to believe that the decision to be candid does not imply a further decision to make a different approach to defense.

## Gabby Cabby Gets Delayed Pay Check

MEMPHIS, Tenn. (AP)—This is the tale of a gabby cabbie—an ex-hakery employee who fell into some unexpected dough. Taxi driver E. T. (Gabby) Gabbert picked up a fare who asked to be driven to a Memphis bakery. En route, Gabbert confided he was once employed by the same bakery—for six hours.

"I was just a kid then, and I'll declare that was the hottest place in the world. After six hours of work, I decided I sure didn't like it. As soon as the foreman wasn't looking, I went to the washroom and sneaked out a window. And I never did go back, not even to see about a paycheck."

A few days later, Gabbert received a \$50 check from the bakery. It was in payment for his six hours' work, plus interest that had accumulated since his brief employment 20 years ago. Gabbert's passenger had been D. W. Elliott of Chicago, executive vice president of the American Bakeries Co., which now owns the local bakery.

# Jackie Jennings To Make Home In Lubbock

Mr. and Mrs. Jackie Jennings, who were married Saturday, will make their home in Lubbock, where he will be a senior at Texas Tech.

The couple was married in the parlor of the First Baptist Church. The bride is the former Bobbie Adams, daughter of Mr. and Mrs. G. S. Brown of Andrews and the bridegroom is the son of Mr. and Mrs. J. H. Jennings of Big Spring.

Dr. P. D. O'Brien, pastor of the First Baptist Church, read the double ring ceremony at 2 p.m.

They are Mrs. Charles Tibbels, parliamentarian; Mrs. Thomas C. Watkins, historian; Mrs. James C. Jones, federation counselor; Mrs. Bill Lansing, critic, and Mrs. Hill.

dress of aqua nylon styled with a mandarin collar, big puffed sleeves and a wide belt at the waistline of the gathered skirt. Her accessories were pink.

A reception was held in the home of the bridegroom's parents at 1811 Main. The bride's table was laid with a white lace cloth and centered with an arrangement of gladioli. Mary McIntyre served.

Out-of-town guests included Gene Brown of Andrews, brother of the bride, and Mrs. A. E. Jennings and Mrs. Ernest Bumpurs and Carl, all of Wichita Falls.

Both the bride and groom are graduates of Big Spring High School and attended Howard County Junior College.

The bride wore a street length

Simple And Smart!

Imagine a wardrobe like this included in one pattern: Jumper, styled the princess way with smart stitching trim; also to be worn as a sunback dress. The blouse doubles as a jacket and has sleeve choice—and a wonderful convertible collar to be worn for many different looks!

No. 2951 is cut in sizes 12, 14, 16, 18, 20, 22, 24, 26, 28, 30. Size 16: Jumper, 3 1/2 yds. 54-in. Blouse with short sleeves takes only 1 1/2 yds. 35-in.

Send 30 cents for PATTERN with Name, Address, Style Number and Size. Address: PATTERN BUREAU, Big Spring Herald, Box 42, Old Chelsea Station, New York 11, N. Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5 cents per pattern.

Just off the press! The 1953-1954 FALL-WINTER FASHION BOOK, beautifully illustrated in color and presenting over one-hundred fall fashions at their smartest! Easy-to-make practical pattern designs for every age and type of figure. Order your copy now—the price is only 25 cents.

# WSCS Meets For Study Of Churches In Other Countries

COAHOMA (Sp) — Mrs. Elsie Conger was in charge of the program on "Churches in Other Countries" when the WSCS met at the church Monday afternoon. Mrs. Melvin Tindal and Mrs. Pete Thomas each had a part on the program, and Susie Brown gave the Scripture on Luke 4. More members are urged to attend these meetings.

Visitors over the weekend holidays in the home of Mr. and Mrs. L. F. Mays included his brother, Andy Mays; his nephews, Gayland Mays, and Mr. and Mrs. Andrew Mays and daughter, all of Fort Worth.

A family reunion was held in the home of the Rev. and Mrs. Mark Reeves over the holidays. Guests were, her mother, Mrs. Perry Wagon; Mr. and Mrs. Phil Hunt of Temple, Mr. and Mrs. Harway Wagon and family, and Mrs. Lulu Waddell of Hobbs, N. M. and Mr. and Mrs. Perry Wagon and daughter of Pecos.

Mr. and Mrs. Romy Mays and children Romylee and Jimmy spent the weekend in Graham visiting Mr. and Mrs. Tom Kinder.

Mrs. T. H. McCann met her niece and husband, Mr. and Mrs. C. D. Ansley of Dallas in Andrews, and they all visited together in the home of Mrs. McCann's sister, Mrs. Dick Madison.

Mr. and Mrs. K. G. Birkhead

spent the weekend holiday in Roswell, N. M., visiting their son and daughter-in-law, Mr. and Mrs. Gray Birkhead.

Mr. and Mrs. S. R. Hagler have received word that they are now great grandparents. Their grand daughter, Mrs. Paul Archambault of Ohio sent them word of the new grandbaby named Sharon Awan, born Sept. 3. Mrs. Archambault is the former Swan Hagler, daughter of Mr. and Mrs. W. T. Hagler of Midland.

Mr. and Mrs. John Holland of Farwell visited this week in the home of her father, John C. Adams, several days.

J. D. Miller, accompanied by his parents, Mr. and Mrs. W. A. Miller of Big Spring, spent the weekend in San Angelo in the home of Mr. and Mrs. J. E. Miller and family.

Mrs. A. D. Shive and Mrs. J. D. Miller visited Saturday in Odessa with Mr. and Mrs. Truett DeVaney.

Mrs. Fred Adams is attending a gift show in Dallas this week and is buying for her gift shop.

Mr. and Mrs. Dewey Bushon and son, Sammy, of Childress spent the Labor Day holiday here with Mr. and Mrs. J. S. Cochran and Phil.

Ira McQuerry is confined to the hospital this week.

Mr. and Mrs. F. M. Holley and Mr. and Mrs. E. W. Brown attended a family reunion held on the Llano River last week.

# Brother, Sister Together First Time In 34 Years

A gap of 34 years was closed here during the weekend when Mr. and Mrs. Pete Lawson arrived to visit with her brother, S. P. Petty Sr., and other relatives.

It was the first time Mrs. Lawson had seen her brother in those 34 years.

Sunday an informal and almost impromptu family reunion developed. A dinner was given in honor of the guests and of a grandson, Donald Lester. After a dinner attended by relatives, several more members of the family called to pay their respects. In all there were 41.

A planned family reunion is scheduled soon at the Sweetwater Park in Sweetwater by the Pettys.

Among the out-of-towners visiting Sunday were Mr. and Mrs. Al Wade and son, Jerry, of Fort Worth and Mr. and Mrs. Bennett Petty of Dallas.

Tuesday Mr. and Mrs. Lawson were guests of Mr. and Mrs. Noel Lester at the Lester home in Vealmoor. This was the first time the Lawsons had visited there, and it also was the first time they had seen a flowing oil well. Mr. and

Mrs. Lester and Buster saw to it that their guests got to witness a well flowing.

Mr. and Mrs. Homer Petty spent Labor Day at the home of Mr. and Mrs. Noel Lester in Vealmoor.

Mr. and Mrs. G. F. Williams of Ranger arrived Monday to visit their daughter, Mrs. Gene Crittenden and family in Vealmoor.

Mr. and Mrs. Clyde Winans of St. Lawrence, Texas were visitors in the home of his parents, Mr. and Mrs. Lou Winans, Vealmoor, Monday.

# Lawsons Are Visitors In Petty Home

Mr. and Mrs. W. L. Lawson of Oakland, Calif., are guests in the home of Mrs. Lawson's brother, S. D. Petty Sr., and her nieces, Opal Petty and Mrs. Bertie Lee Turk.

The Petty home was the scene of a reunion of the Lawson's relatives, some of whom had not met since 1914.

Attending were Mr. and Mrs. Allen Wade and Jerry of Fort Worth; Mr. and Mrs. Bennett Petty of Dallas; Mr. and Mrs. B. J. Petty and Marie, Mr. and Mrs. B. F. Petty, Mr. and Mrs. J. R. Petty and James, Mr. and Mrs. Herschell Petty, Mr. and Mrs. S. P. Petty Jr., Mr. and Mrs. Noel Lester and Don, Mr. and Mrs. Homer Petty, Mr. and Mrs. Floyd Stephens and Kay, A. Petty, N. C. Petty, W. L. Petty, Mrs. J. T. Ervin, Mrs. Faye Johnson, Mrs. Jim Cauble, and Nancy Clark, all of Big Spring.

The Lawsons plan to spend two months in Texas and will visit relatives and friends at Sweetwater, May, Dublin and Dallas after leaving Big Spring.

# Plans Developed At P-TA Unit Meeting

Plans were to be developed for a get acquainted tea for the East Ward Parent-Teachers Association at a meeting of the executive committee Wednesday afternoon. Other matters concerning the year's work were to be discussed.

Mrs. A. C. Klovin, president, will be in charge of the Thursday program which will be followed by the tea. Mrs. R. M. Stroup, hospitality chairman will be in charge of the tea.

# Beta Omicron Has Election

Mrs. Sue Broughton was elected council representative at a meeting of the Beta Omicron chapter, Beta Sigma Phi, Tuesday night in the home of Mrs. Lasselie Thomas, 805 Rosemont.

Mrs. Mary Alice Merrick was elected social chairman. Nominees to be submitted to the international headquarters for Valentine Girl are Mrs. Broughton, Mrs. Betty Ratliff, and Mrs. Joyce Alexander.

Plans were made for a progressive dinner to be Sept. 17. Hostesses will be Mrs. Annabelle Cooke, Mrs. Ratliff and Mrs. Katherine Thomas. The West Texas Area meeting Oct. 31 in Midland was announced.

Mrs. Ruth Eppner of Laredo was a guest. Fourteen attended.

# Dr. And Mrs. Deats Honor Sons At A Family Gathering

Dr. and Mrs. C. W. Deats entertained a family gathering at their home at 400 Virginia on Monday evening honoring their sons and daughter-in-law who are leaving for studies at SMU.

Honorees were Richard Deats and Mr. and Mrs. Wesley Deats and their son, John Wesley. Both the men will begin studies for the ministry, and Mrs. Deats will complete work toward her BA degree.

Guests were served chicken barbecue with all the other good things that went with it.

Attending were Mr. and Mrs. Paul A. Rix and daughters, Carol and Connie, of Odessa; Mr. and Mrs. H. B. Pickle of Lubbock; Mr. and Mrs. Alfred Moody; Mrs. Elizabeth Vessel and son, Charles, Fred Stitzel, Mr. and Mrs. Joe Pickle and sons, Tommy, Gary and David; Mr. and Mrs. Eleanor Matheny.

# THIS IS GOOD EATING

## CHEESE AND PICKLE SANDWICHES

Ingredients: 1/2 pound cheddar cheese, 4 to 6 medium-size sweet pickles, 1/4 cup canned drained pimientos, 2 tablespoons sweet pickle liquid, mayonnaise, 12 to 16 slices buttered bread.

Method: Put cheese, pickles and pimientos through food grinder. If you do not have a food grinder, grate cheese and chop pickles and pimientos. Mix ground mixture with pickle liquid and enough mayonnaise to moisten. Spread on 6 or 8 slices buttered bread and top with remaining bread. Cut in triangular halves to serve. Goes well with these other foods to complete the meal.

Vegetable Soup  
Cheese and Pickle Sandwiches  
Fresh Pear  
Beverage

# Science Of Removing Spots Speeds Washday

Every housewife would find wash-day easier if she boned up on the science of spot and stain removal. Chlorine bleach is most commonly used for spot removal, and is effective for some 25 kinds of stain. It may be used safely on cottons, linens and white nylons, but should not be used on silk, wool, rayon or mixtures of any of these fibers.

A new chlorine bleach in dry form is now on the market, intended for family laundry as well as bathroom and kitchen cleaning. It is used in sinks and tubs, diluted in water for use on fabrics. The recommended solution for most purposes is 1/2 cup of the dry bleach to one quart of hot water. The stain should be soaked in the solution for five minutes, then rinsed. Stubborn stains may take a second treatment.

Among stains which respond to the chlorine bleach are: Alcoholic drinks, coffee and tea, fruit stains, ink, dye, mildew, perspiration, mustard, grass, starch and many other common stains.

Carbon tetrachloride, which may be bought at any drug store, will remove the following stains; egg, boot, argyl, lipstick, grease and tar and chewing gum. Any stain with a greasy base should be treated with either carbon tetrachloride, napha or similar cleaning fluid.

Mercurchrome stains may be removed by soaking in alcohol, then in vinegar solution, again in alcohol.

To remove nail polish stains, use polish remover for best results.

Fresh paint may be removed by soaking in turpentine or paint remover, then laundering. Old paint stains may be softened by rubbing vaseline or lard into the fabric before applying paint remover.

Rust stains should be sponged with oxalic acid or lemon juice, then laundered.

Iodine stains may be removed by sponging with diluted ammonia.

# Faculty, Officers Are Introduced

Officers and faculty members were introduced at a meeting of the Junior High School P-TA Tuesday in the school gymnasium.

Officers are Mrs. Clyde Thomas, president; Mrs. Leon Kinney, vice president; Mrs. George Thomas, secretary; Mrs. George Peacock, treasurer.

G. T. Johnson, principal, introduced the members of the faculty. The group accepted the proposed budget and program for the coming year.

Refreshments were served. Mrs. Earl Hollis was hospitality chairman. About 35 attended.

# Council To Meet

The T&P Safety Council will meet Thursday at 2:30 p.m. at the Settles Hotel. George Oldham will speak.

# P-TA Sets Meeting

The South Ward P-TA will open the year with a meeting Thursday at 3:30 p.m. at the school. Mrs. Burt Sammons, president, extends a special invitation to all mothers to attend the meeting.

# Rebekahs Initiate Mrs. Norma Shaw

Mrs. Norma Shaw was initiated in a candlelight ceremony as a member of the Big Spring Rebekah Lodge 284 Tuesday night in the IOOF Hall.

Mrs. Lucille Petty presided. Mrs. Barbara Ervin was elected to the advisory board of the Cayloma Star Theta Rho Girls Club. Thirty-six sick visits were reported for the past week.

It was decided to continue the silver coffees as a means of raising lodge funds. A coffee is planned for Thursday at 9 a. m. at the IOOF Hall. All members are urged to attend.

Refreshments were served by Mrs. Beulah Morrison and Mrs. Julia Hewitt. Thirty-five attended.

# Mission Study Led By Mrs. Grantham

Mrs. J. T. Grantham gave the study from the WMU Manual at a meeting of the Hillcrest Baptist WMU Tuesday at the church for the monthly mission study.

Mrs. S. D. Vinson led the devotion. Mrs. D. W. Overman presided and offered the opening prayer. Mrs. Grantham gave the benediction. The group discussed the state-wide Week of Prayer which will begin Monday.

Chrysanthemums

By CAROL CURTIS

Deep orange-brown flowers with green leaves and stems are in the new, permanent transfer process which requires no embroidery. Handsome shower gift linens can be enhanced by hot-iron transferring the chrysanthemum right on to Menus, towels, cotton or linen frocks, aprons, sportswear, curtains, runners, pillows.

Send 25 cents for Multi-Color CHRYSANTHEMUM Transfer (Pattern No. 403) 8 motifs of 3 1/2 inches, 8 of 1 inch each, transfer and laundering instructions. YOUR NAME, ADDRESS, PATTERN NUMBER to CAROL CURTIS

# Officers Announced For Spoudazio Fora

Appointive officers for the Spoudazio Fora were announced by Mrs. Glen Brown, president, Tuesday night at a meeting in the home of Mrs. J. M. Hill, 1808 Donley.

They are Mrs. Charles Tibbels, parliamentarian; Mrs. Thomas C. Watkins, historian; Mrs. James C. Jones, federation counselor; Mrs. Bill Lansing, critic, and Mrs. Hill.

The group was organized in May 1947, under the direction of the late Mrs. L. E. Eddy, who was the sponsor, Mrs. Clark said. Mrs. Bob Eubank and Mrs. Cecil Collins assisted Mrs. Eddy. Dr. P. D. O'Brien suggested the name, which means "study club" in Greek. Mrs. Gay Marrs was the first president.

At the meeting it was decided to contribute to three state federation funds: the Latin-American Scholarship Fund, Penny Art and Musical Penny Fund and the Headquarters Upkeep Fund. The meeting followed a covered dish supper.

Mrs. Allen Huddleston gave the treasurer's report. Mrs. Bob Bright, a former member who has been reinstated into membership, was welcomed. Guests were Mrs. James L. Johnson, Mrs. Walter Slate, Mrs. Joe Williamson and Mrs. A. L. Luques of Wichita Falls.

# P-TA Plans Safety Zones

Safety zones for the North Ward School were planned at the P-TA meeting Tuesday.

Mrs. Virgil Long opened the meeting with the P-TA prayer and led the group in singing "What a Friend We Have in Jesus." M. R. Turner, principal, introduced the teachers, and Mrs. Jack Irons, president, introduced the officers and committee chairmen.

Mrs. Jesse Hernandez was a guest representing the Latin-American parents of the school. The group discussed the school queen contest. Plans were made for room mothers to serve lunch one day a week at the school to raise money.

A P-TA banner will be awarded each month to the room having the largest number of parents present at the meeting and will be awarded permanently at the end of the year to the room having the banner the longest.

The fourth graders won the banner for this month. Refreshments were served. About 35 members attended.

# Sixth Graders To Give P-TA Program

The sixth grade class at College Heights School will present the program at the P-TA meeting Thursday at 3:30 p.m. Lulu Belle Daniel is the class teacher.

Teachers, P-TA officers and committee chairmen will be introduced. A social hour will follow the meeting. An executive meeting of officers and chairmen will be held at 2:45 p.m.

Big 'Un And Mite

The biggest player in the Big Spring High School football camp, All-District Tackle Jimmy Ellison, looks down upon Ronnie Wooten, a Steer back, who weighs only 140 pounds. Ellison is out of action temporarily due to an ankle injury.

## LOOKING 'EM OVER

With Tommy Hart

The Williamson System predicts that Breckenridge will reign as District 1-AAA football champion this season and ranks Big Spring no better than eighth in the state.

Ahead of the Steers, the pollster placed Palestine, Breckenridge, Texarkana, Edison of San Antonio, Temple, Cleburne and Edinburg, in that order.

Behind the locals, Williamson rates Port Neches, Gainesville, Marshall, Denison, Kilgore, Grand Prairie, Brazosport, McCallum of Austin, Lufkin, Harlandale, Lamesa and Corsicans in the top 20, in that order.

Williamson selects Odessa as the best in 1-AAAA and there may have pulled a rock. Lubbock is being picked by many observers to win the state championship again.

The grid analyst sees Bowie of El Paso, Paschal of Fort Worth, Sunset of Dallas, Waco, Jefferson of San Antonio, Lamar of Houston and Fort Arthur as the champion in the other AAAA districts.

Williamson has Waco rated at the very top among AAAA powers but Odessa, says he, ranks a close second. He can't see Lubbock as any stronger than the fifth best in the state. Ahead of the Westerners, he places Port Arthur and Jefferson of San Antonio.

In the "dark horse" category in 1-AAAA, Williamson places Pampa and Amarillo. He reasons Pampa is the tenth strongest team in its class, Amarillo the 15th best and Abilene just back of the Sandies.

HCJC should come up with a better-than-average golf team next spring.

Luke Thompson and Marvin Wise both plan to enroll at the local school. Thompson had designs on going to North Texas but has changed his mind.

Thompson was a finalist in the Big Spring Invitational Tournament and Wise lost to Thompson in third round play.

This immediate area will be well represented in Saturday night's football game between Sul Ross and McMurry at Midland.

Big Spring will have a lad on each of the competing squads. Gary Hoover of Coshoma is with McMurry.

Lamesa will have five boys in the game. They are Jimmy Robinson, Carl Todd, Donny Koonce, Leland Bartlett and Glynn Crecelius.

When the Union High School was closed recently, it worked to the advantage of Lamesa High School's football team, by the way.

Kay Dunbar, a standout on the Union team, has reported for drills at Lamesa and may win a starting halfback spot.

The Lamesa High School football team is on the main-line again, and not about to concede the District 1-AAA title fight to any one.

The Tornados moved over to Odessa for a scrimmage last week-end and more than held their own against the Bronchos.

Lamesa will be a solid favorite to slap down the Midland Bulldogs in its first game.

## Bobby Hayworth No. Three Quarterback For McMurry

ABILENE (Sp) — McMurry's Wells of Glen Rose, a 205-pound, power-plus freshman.

Biggest question mark in the McMurry lineup is at the quarterback position. Both of the Indians' quarterbacks of last year were lost to the military service. To fill their vacated shoes, Coach Moore is counting on a pair of junior college transfers—Jo Fox, Fort Worth; and Lonnie Crosby, Cisco. Bobby Hayworth, freshman from Big Spring, is a promising number-three quarterback.

Fox will likely get the starting call Saturday night against the Lobos. He's a transfer from Tarleton, where he lettered at quarterback two years and was one of the best punters and passers in the junior college conference.

Crosby, who also lettered two years in junior college ball, has just returned from military service. He played service ball at Camp Pendleton with the leathernecks.

Just about every back on the Redskin roster is a two-way player, with experience on both offense and defense. Moore, who has never coached anything but one-planet teams in his seven years and three conference championships at McMurry, stated Tuesday that he believes 100 per cent in the one-planet system.

The Indians, who use the wing T formation with variations, have four fast fullbacks to choose from—Bill Atkins, transfer, Dallas; Don Cantwell, letterman, Bowie; Don Smith, transfer, Waxahatchie; and Kirby Lackey, transfer, Morton.

At wingback, the starting nod will be a toss-up between Bill Anderson, letterman, Gatesville; Otis Ratliff, letterman, Plainview; and Bob Corley, transfer, Dallas.

Starting fullback will probably be Elroy Payne, hard-running sophomore letterman from Ballinger. The most pleasant surprise in the Indian camp has been the finding of adequate reserve strength at fullback in a couple of newcomers—Kenneth Scott of Anson, a sophomore transfer; and James

## Series Gate May Increase Up To \$100,000 A Game

The New York Yankees and Brooklyn Dodgers, already close to clinching their respective league championships, may be excited if they suddenly get eager to finish the job in a hurry.

They certainly won't be toying around now that it appears they may play before a 2½ million dollar gate and the largest players' pool in World Series history.

This became a strong possibility yesterday when Baseball Commissioner Ford Frick and other executives decided to kick up the prices of World Series tickets enough to increase the average gate from \$50,000 to \$100,000 a game.

Box seats are up from \$8 to \$10. Reserve seats are up from \$6 to \$7. And bleachers are up from \$1 to \$2, a 100 per cent rise. It'll still cost the same for standing room—\$4.

The men who run baseball made some other important decisions which fell into the routine category. The 1953 Series will open Wednesday, Sept. 30, in the park of the American League champion. Starting time is 12:05 p.m., EST, except Sunday in Brooklyn when the time will be 1:05 p.m.

The Yankees, with a nine-game lead over Cleveland and a magic number of 10, open their final home stand against the Western clubs tonight with the tough Chicago White Sox as hosts.

The Dodgers, with a 12½-game advantage over Milwaukee and a magic number of 4, swing West for a nine-game trip which begins with a night engagement at Cincinnati.

Any combination of 10 Yankee victories and Cleveland defeats can clinch a fifth American League pennant for easy Casey Stengel.

The mighty Dodgers need just four triumphs or a combination of Milwaukee setbacks to end whatever suspense remains in the National League.

The Braves appear in no mood to make it easy for Brooklyn mathematicians. In the only game played in the majors last night, a playoff on July 31 the game, they edged out the Philadelphia Phillies 3-2 with some weird ninth-inning shenanigans.

With the score tied 2-2, Bill Bruton, Milwaukee leadoff man, struck out. But, when catcher Stan Lopata missed one of Johnny Lindell's knuckleballs on the third strike Bruton scooped for first. When Lopata failed to retrieve the ball, Bill took off for second.

Johnny Logan sacrificed him to third and then Bruton scampered home, beating the throw, when Andy Pafo bounced to the infield, winner: Lindell, making his first start for the Phils after moving over from Pittsburgh, was the loser.

Thus Milwaukee prolonged the National League clinching to perhaps early next week but didn't keep the Dodgers—and the Yankees too, for that matter—from dreaming about all the gravy they should lap up in the World Series.

The record World Series gate was set by the Yankees and Dodgers in 1947 when \$99,763 fans turned out and there was a seven-game gross of \$2,021,348.92, including \$240,000 in radio and television moneys.

The largest players' pool, limited to receipts of the first four games, was \$569,362.27, collected by the Yankees and Giants in 1951.

Both of these all-time high figures stand a good chance of being bettered under the stepped-up admission prices, the first ticket hike in years. Yankee Stadium has a seating capacity of 67,000, Brooklyn's Ebbets Field 2,111.

The stadium, for instance, has some 18,000 box seats and 35,000 reserved seats. Under the new prices, a game at the stadium conceivably might draw 100,000 more than in recent years.

After opening Sept. 30, the World Series games will be played right on through without a day's interruption—that is, unless Milwaukee sneaks through. And the Yankees and Dodgers have been given permission to go ahead and print Series pasteborders. The baseball brass figures they're taking little chance of wasting precious paper.

### Playoffs In Texas League To Begin

The playoffs in Texas League will begin Sunday night when the Dallas team will play the first round of the playoffs against the Oklahoma City team.

The playoffs will be held at the Oklahoma City stadium. The Dallas team is the favorite to win the playoffs.

The playoffs will be held at the Oklahoma City stadium. The Dallas team is the favorite to win the playoffs.

### Giles Will Study Durocher Brawl

CINCINNATI (AP)—President Warren Giles of the National League has changed his mind and now plans to investigate last Sunday's fight between Carl Furillo of the Brooklyn Dodgers and Leo Durocher, manager of the New York Giants.

Giles, who first dismissed the brawl as a "typical ballplayers' tussle," told a reporter he learned Furillo was quoted as saying, "I'll get him (Durocher) on the field, on the street, anywhere."

Neither Furillo nor Durocher landed a blow, but somebody stepped on Furillo's wrist during the melee and put him out of action until the World Series.

### Opinions Vary On '53 Game

COLLEGE STATION (AP)—Coach Ray George sized up his Texas A&M football prospects after a week of drills by saying the boys are coming along fine.

"It's still a little early," said George, "but I'll say this: The boys are working hard and are responding well to the one-planet."

George will step up the scrimmages. Toward the end of the first week of drills, defensive scrimmages were held against Kentucky plays and most of the 1952 offensive specialists were taking well to the defense.

The Aggies open against Kentucky Sept. 19 at Lexington.

Except for center, all starting positions are filled. At least they would be starters if the Aggies had a game tomorrow.

They are: ends, Eric Miller of Bartlett and Bennie Sinclair of Mineola; tackles, Durwood Scott of Munday and Lawrence Winkler of Temple; guards, Sid Theriot of Abilene; backs, Don Ellis of DeQuincy, La., Don Haetik of Rio Hondo, Connie Magouirk of New London and Joe Boring of Dallas.

Until Wofford is able to take the heavy contact work, Fred Brou-

### Native Dancer Is Due A Workout

NEW YORK (AP)—Native Dancer, frisky as a hep cat, was sent out for another gallop around Belmont Park's huge 1½-mile main track today and trainer Bill Winfrey expects to turn the big grey champion loose in a speed workout in a day or so.

Since the Dancer bruised a foot recently, the Alfred Vanderbilt stable has almost had to issue daily bulletins on the colt's condition. Telephones ring at all hours in the Vanderbilt barn office and at Winfrey's apartment. Photographers swarm around the 3-year-old king.

"He's 100 per cent now," said Winfrey after the colt galloped around the track yesterday for the first time since his arrival from Saratoga Springs, N. Y., a week ago.

Winfrey is pointing the Dancer for the greatest test of his brilliant career, the meeting with Tom Fool and perhaps other older horses in the \$50,000 Sycamore Mile at Belmont Sept. 25.

It was somewhat of a shock when the Dancer developed soreness in his left forefoot after winning the American Derby at Chicago Aug. 22 for his 18th victory in 18 races.

"But, you learn to take the bitter with the sweet in this business," said Winfrey, confident that the Dancer was on solid underpinning again.

### Committee Named To Study League

GREENVILLE (AP)—A committee has been appointed to talk to people in Northeast Texas interested in organizing a Class C baseball league.

Representatives of Paris, Sherman, Henderson, Kilgore and Greenville set up plans last night for a league. There would be a 15-player squad limit in such a league.

Howard Green, president of the Big State League, is committee chairman.

BOB FERNANDEZ

## Bob Fernandez Named To Team

Bobby Fernandez, former Big Spring outfielder, was named to the 1953 WC-NM League All-Star team recently. Fernandez performed for Lubbock this year.

Fernandez, who was with Big Spring in 1948, has been sold to Denver of the Western League and will report to them in 1954. He is a native of Havana.

## Babe To Take Rest At Tampa Course

TAMPA, Fla. (AP)—Babe Zaharias, who tires easily since her cancer operation last spring, is at her Tampa golf course for a brief rest before resuming competition.

After a few days, she said, she will play in the Texas Open and some exhibition matches in Texas. One will be at Corpus Christi for the Crippled Childrens Hospital fund.

Babe said she also will visit her doctor in Beaumont for a checkup.

## Coach George Is Pleased With Progress Of Team

COLLEGE STATION (AP)—Coach Ray George sized up his Texas A&M football prospects after a week of drills by saying the boys are coming along fine.

"It's still a little early," said George, "but I'll say this: The boys are working hard and are responding well to the one-planet."

## Squad Of 13 Out At Gail

GAIL — A squad of 13 boys, ten of whom were members of the team last year, are working out for football at Gail High School.

Paul Mosley has assumed coaching duties here and is being assisted by Eddie James.

Mosley attended Cisco Junior College and McMurry. He graduated from McMurry in 1950, after which he assumed the duties of assistant coach at Cisco J.C. He served three seasons there.

James graduated from Sul Ross College last May.

Lights have been installed at the Gail field and grass has been planted. Seats are to be added for the spectators at a later date.

Those working out, listed with their weights, include:

Marvin Franklin, 127; Jerry Smith, 154; Jim Cary, 197; Shorty Farmer, 167; Borden Rieder, 152; Larry Smith, 131; Donald Reddell, 156; Richard Zedlitz, 157; Lonnie Doyle, 191; Mike Smith, 114; E. L. Franklin, 159; Glen Kingston, 120; and Alvin Bradshaw, 122.

All but Marvin Franklin, Cary and Bradshaw were members of the squad in 1952.

Marvin Franklin, Jerry Smith and Cary are seniors. Juniors on the club are Farmer, Rieder, Larry Smith and Reddell. Zedlitz, Doyle, Mike Smith, E. L. Franklin and Kingston are sophomores. Bradshaw is a freshman.

## Dusters To Meet Sun Oil Team

The Webb Air Base softball team goes to Silver this evening for an exhibition against a team sponsored by the Sun Oil Company there.

The Dusters recently beat Midland twice, by identical scores of 7-6.

## CARLSBAD SEWS UP LOOP TITLE

Carlsbad put a story-book ending on its first year in organized baseball, belting out Artesia, 12-6, Tuesday night and clinching the Longhorn League pennant.

The Potashers finished 1½ games ahead of San Angelo. The Colts lost to Roswell, for the third straight time, 9-4.

Pat McLaughlin, voted the league's "manager of the year," won his first pennant by guiding Carlsbad to four consecutive season-end victories while San Angelo foundered in the last week of clutch play.

A crowd of 2,800 saw the Potashers battle past the hard-hitting Drillers, breaking through a 3-3 tie in the fifth inning, then loping off to the win.

The Potashers were outlit, 10-8, but 12 walks made all the difference. Audie Malone came in in relief in the second inning and pitched to the win. He walked only two and was tagged for six hits. His biggest trouble was the Drillers home-run slugger.

Joe Bauman and Paul Hallen each slammed two. Bauman hit his 51st and 52nd to break his own league record of 50. The four homers accounted for five Artesia runs.

Carlsbad will open its playoff stand with Artesia Thursday night in Artesia. The runner-up San Angelo club and third-place Midland open the other half of the playoffs in San Angelo Wednesday night.

San Angelo combed Juan del Toro, Woe Ortiz and Manuel Torres for 12 hits but fell before the Rockets for the third time in a row. It was also the Colts' fourth consecutive defeat.

The Rockets, scoring in six of the nine innings, had 10 hits off two San Angelo hurlers, Gil Guerra, the starter, lost the game while Torres, hurling 5 1-3 innings and allowing only one run, was the victor.

Midland's Wes Casanova put the last-place Oilers down on five hits and drove in three of his club's nine runs.

## Don't Believe Everything You Hear In Fight Camp

By RALPH BERNSTEIN

PHILADELPHIA (AP)—The most interesting thing about boxing is what you hear in the dressing room after a fight. Take the Harold Johnson-Ezzard Charles battle at Connie Mack Stadium last night, which the 2-to-1 underdog, Johnson, won in slashing, bruising style.

Pre-fight talk by both boxers, their managers, the promoter and anybody else who could get in a public quote, was that this was the win-or-lose fight for Charles; it was the chance of a lifetime for 25-year-old Johnson.

The winner was going to get the next crack at the heavyweight title. Why, Johnson would get a light heavyweight title fight with champion Archie Moore even if he lost but made a good showing.

Then came the dawn, or rather the end of the fight. Reporters crowded into the sweaty dressing rooms, fought their way through numberless well-wishers and confronted the managers. Charles, his co-managers, Tom Tannas and Jake Mintz all thought Charles won. Retired? Man, you're a crazy mixed-up kid, they implied.

"Why, we have a contract for a return bout within 60 days and we name the site," they shouted almost in unison. You see, the fight has more secrets than the State Department.

Perplexed and still unbelieving, you hustled down the corridor to Johnson's quarters. He and his manager, Tommy Loughran, were talking about fighting Rocky Marciano for the heavyweight title, or maybe Moore for the light heavyweight crown.

They were making millions—in the dressing room, anyway.

Then an innocent reporter popped a question. "Do you have a return bout contract with Charles?"

Silence, then thought, then sudden realization, then speech.

"Yes, we do. I guess we'll have to fight him in 60 days. Probably in Milwaukee, Pittsburgh or Cincinnati."

The result is this: Charles will once again fight for survival. Johnson will once more get the chance of a lifetime.

Getting back to the fight, it was a dandy. The two Negro fighters fought a spirited, bruising battle. Charles was the aggressor, but he was outboxed by a confident, hungry fighter who provided \$465 fans—they paid \$37,800—with as pretty an evening of counterpunching as this reporter has seen in years.

The decision was split, with Judge Lou Tress scoring it 7-3 for Johnson, Judge Joe Capriato 5-4-1 for Charles and Referee Buck McTiernan 6-3-1 for Johnson. The AP had it 5-3-2 for Johnson.

Charles weighed 185½ and Johnson 177.

## Yearling Contest Is Called Off

The Big Spring-Sweetwater Junior High School football game, which was to have been played here at 8 o'clock Thursday night, has been cancelled.

Big Spring uses a combination of eighth and ninth graders while Sweetwater is going with ninth graders exclusively. It has been revealed.

The local team has been under a handicap, too, in that it has not had any regular coaches assigned to it. The school is still trying to hire two mentors.

## STANDINGS

Team	W	L	T	Pct.	Behind

## Searchers Find 2 Missing Women

CENTER SANDWICH, N. H. (U) — Searchers found today two young women missing since early yesterday on Sandwich Mountain.

The girls, daughters of two college professors, are Ednah Geer, 23, of Pittsburgh, and Eilyn Jones, 20, of Princeton, N. J.

The searching party reported the women appeared to have come through the night on the mountain unharmed, although they were only light clothing which was little protection against temperatures which fell to the 30s during the night.

The girls left here yesterday to climb the thickly wooded slopes of the 4,000-foot mountain.

## Passport Is Lost

BERKELEY, Calif. (U) — Mrs. Mildred Dean's departure for Tokyo to join her liberated husband, Maj. Gen. William Dean, may be delayed a day or two because of a lost 1947 passport. State Department officials said today they would expedite a renewal of the passport.

# Republicans See Little Good In Criticism From Democrats

By JACK BELL

WASHINGTON (U)—Republicans snapped back today at Democratic criticisms of foreign policy and at former President Truman's advice to his party members to quit supporting Eisenhower administration programs.

Sen. Dirksen (R-Ill.) said Truman's Labor Day assertion in Detroit that the time has come when the Democrats should "really go after that outfit down there in Washington and get 'em" represented an "entirely political" reaction.

"It is a patent indication that the ex-President from Missouri is far more interested in his party's success in November 1954 than he is in the welfare of the country," Dirksen declared. "It is in sharp contrast to the public service being rendered by another ex-President, Herbert Hoover."

In a separate interview, Sen. McCarthy (R-Wis.) struck back at a statement by former Gov. Adlai E. Stevenson of Illinois that "book burning, McCarthyism and insurrection upon conformity in thought" are damaging American prestige abroad.

Stevenson still dislikes anyone who exposes the Communist infiltration in the old Acheson-Truman regime," McCarthy asserted. "He is still defending the purchase by the old Acheson-Truman regime."

man crowd of Communist books to educate people abroad.

"His statements 'conclusively prove the wisdom of the American people when they rejected his bid for the presidency last fall,'" McCarthy said.

Stevenson, the 1952 Democratic presidential nominee, said in an interview with Newsweek magazine that the United States needs "a clearer and more consistent policy" in foreign affairs.

"Our allies are bewildered when we warn them of the Communist menace one day and slash our defense budget the next, and when it appears that our 'trade, not aid' policy will deny them both trade and aid," he said.

Stevenson also complained that Democratic participation in foreign policy affairs had been "utterly obliterated" by the Republicans.

Chairman Wiley (R-Wis.) of the Senate Foreign Relations Committee said Stevenson's criticisms of present foreign policies "sounds like politics to me."

"The governor's remarks don't add any strength to our bipartisan foreign policy," Wiley observed. "I don't believe we intend to desert those policies."

"We can disagree at home but when we leave the shore all Americans unite in what is defined as American foreign policy."

Stevenson said he thinks international actions of the Eisenhower administration may be a "likely target" for attack by the Democrats in next year's congressional campaign. He said he hopes such attacks are constructive and not limited to charges of "bungling, which was a favorite expression of the Republicans a year ago."

Truman may have jumped the gun on Democratic congressional leaders in urging party members to go after the Eisenhower administration. In this year's session, Democrats generally claimed they furnished the votes to put over many Eisenhower proposals on which the Republicans were split.

Rep. Rayburn (D-Tex.) and Sen. Lyndon B. Johnson (D-Tex.), House and Senate minority leaders, have given no clear signs yet that they are ready to abandon their policy of going along with the new administration on many issues, especially in foreign affairs.

Some of their Democratic colleagues may be getting restive under this soft-pedaling program, and Truman's prodding could have an effect on changing it.

## Miss America Judging Is Set

ATLANTIC CITY, N. J. (U) — Fifty-two beautiful girls take to the stage tonight and begin competing in earnest for the "Miss America of 1954" crown and the \$50,000 in awards that goes with it.

Ten judges will watch the girls go through their paces on the first of three nights of competition for beauty and talent on the huge Convention Hall stage.

One third of the contestants will appear in evening gowns, another third in bathing suits, and the rest will do their little specialties of singing, dancing or acting.

It will be the same tomorrow night and Friday night, until all the girls have had a chance to appear in all three contests. The finals will be held Saturday night.

A colorful parade on the boardwalk yesterday served to introduce the Miss America hopefuls to thousands of spectators. Each of the girls appeared on a float in alphabetical order according to states.

Heading the parade of contestants was Miss Alabama, Virginia McDavid, a lovely brunette from Birmingham. At the tail end was Miss Wyoming, Elaine Lois Holkenbrink, who furnished a smiling finish to the procession of beauty.

Last year's Miss America, Neva Jane Langley of Mason, Ga., rode on a red and white thronelike float. Ahead of her, in a convertible, was singer Eddie Fisher, the grand marshal.

Following the parade, the girls dined at their beachfront hotels, and then went through another pageant rehearsal. The final rehearsal is this morning.

For the benefit of newsreel, television and press photographers the girls posed in swim suits early yesterday.

## Red Suggestions For Indochinese Peace Are Ignored

PARIS (U)—Recent Chinese Communist suggestions that the French negotiate with the Red-led Viet-minh rebels in an attempt to end the eight-year-old war in Indochina brought no response today in the French capital.

The Communist Chinese radio at Kunming, in the southwestern province of Yunnan, declared yesterday: "There is only one way for the French to save this defeat and that is to use a peace agreement to settle this international quarrel."

Last Wednesday, the Peiping radio said that only through negotiation could "France get out of its mess" in Indochina.

Although there was no comment from French officials, French-supported Premier Nguyen Van Tam of Viet Nam, one of the three Indochinese states, indicated here yesterday he would want firm assurance before negotiating that any peace would be "sure and real."

## FBI Investigating Detective's Charge

DALLAS (U) — The FBI has started by request investigating a suspended city detective's complaint that his civil rights were violated during an inquiry into alleged police thefts.

Detective J. W. Fuller, accused Dallas Police Chief Carl Hanson of violating his civil rights by holding him incommunicado in a hotel room June 21-22.

Hanson suspended Fuller after accusing him of taking merchandise while investigating burglaries. A civil service trial board denied Fuller's plea for reinstatement. The grand jury declined to indict Fuller.

## Sunny Weather Still Continuing In State

By The Associated Press

Sunny weather continued over Texas Wednesday.

The Weather Bureau reported virtually cloudless skies and no rain. Morning temperatures ranged from 51 at Marfa and Lubbock to 74 at Galveston. Afternoon readings were expected again to climb to the 80s and 90s. Tuesday highs ranged from 82 at Marfa to 98 at Wichita Falls.

The weatherman forecast more fair, mild weather Thursday.

## Youngsters Steal

PHILADELPHIA (U) — Welfare Secretary Jobby told the National Urban League last night that 53 per cent of the nation's auto thefts this year will be committed by youngsters under 18.

## 'Fight For Christ'

VATICAN CITY (U)—Pope Pius XII urged Catholic youth throughout the world today to fight for Christ and the church in a "world that is so inhuman because it is so anti-Christian."

## Greeks Plan Relief

ATHENS (U) — Greece's government proposed an emergency finance program today to raise an estimated six million dollars annually for reconstruction on the three Ionian islands devastated by earthquakes last month.

## Ministers Confer

CAIRO (U)—Foreign ministers of Pakistan and Egypt conferred today on topics for the U. N. Assembly meeting in New York Tuesday.

## Finds Mink Gone

HOLLYWOOD (U) — Actress Patricia Medina returned home from five days in a hospital yesterday to discover that a \$2,000 mink coat and a \$2,000 mink stole had been taken from her house, she told sheriff's deputies.

## Permian Building Sidewalks Poured

Permian Building at Second and Scurry is taking on the almost-ready-for-business look this week as sidewalk is poured and all but the final touches have been given the exterior.

Workmen are making headway on the inside, too. Ceramic tile work has been completed, and acoustical tile now is on hand for installation in corridors and suites, Henry Wyninger, construction superintendent, reported.

Painting has been completed on second, third and fourth floors. Plasterers have moved to the fifth and layout work in preparation for plaster has started on the sixth floor.

## Whole Country Has Pleasant Weather

CHICAGO (U)—Another pleasant September day was the outlook for nearly the entire country today, similar to yesterday's fair weather.

Only a few areas had cloudy skies and light rain early today. Showers hit sections of the upper Mississippi Valley, Montana and in the Central Plains. Skies were generally clear in all other areas.

The coolest weather was in the Northeast and southward into the central Appalachians. Hot weather continued in the Southwest desert region with a high of 112 at Thermal, Calif., yesterday.

Harvest Tone Prints in green, black, coffee, grey, red, brown, black, gold. 1.49 yard.

## 30,000 Children To Get Polio Shots In Minnesota

ST. CLOUD, Minn. (U) — Thirty thousand children start lining up today for antipolio shots and lollipops.

The shots of scarce gamma globulin are expected to reverse the upward trend of polio cases in Minnesota's Stearns and Benton counties, which meet here.

The lollipops will be recompense for needle pricks to be administered by more than 50 doctors and scores of nurses who have volunteered for the nation's 15th mass inoculation project.

Health authorities are aiming at inoculation of all boys and girls 3 months through 14 years of age in the two counties and the part of Sherburne County within St. Cloud.

The National Foundation for Infantile Paralysis provided 231,000 cubic centimeters of gamma globulin for the area on appeal of local health authorities last Friday. The globulin was flown to Minnesota from the East last weekend and will be injected at 11 clinics within the next six days.

State Health Department records show that Stearns County, with a population of 70,687 in the last census, has had 110 polio cases this year, and Benton, with a population of 15,911, 18 cases. One death has occurred.

On a percentage basis, the area has been the hardest hit in Minnesota this year.

Through yesterday, there were 1,254 cases and 50 deaths reported in the state compared with 1,370 cases and 70 deaths in 1952. Case totals for the past three weeks respectively, have been 184, 179 and 181.
