Grade Crash Kills Two, Hurts Seven

Streamline Train Hits Loaded Truck In Dallas Outskirts
DALLAS, Nov. 20 (AP)—Two persons were killed and seven injured, four seriously, in the collision of a streamlined passenger train and a truck heavily laden with steel at a grade crossing on the outskirts of Dallas today.

Bender Rites Still Pending

Funeral for Leo Bender, whose death occurred Wednesday in the T&P hospital in Marshall is still pending waiting arrival of a son from Fort Jackson, South Carolina, who is on maneuvers with the U. S. Army.

School Trustees Get New Duties

Dr. M. H. Bennett and Ira L. Thurman were authorized to sign checks for all transactions at a Friday morning meeting of the Big Spring school board.

More Firms Join 100 Percent List

Ten more institutions were added to the list of those contributing 100 per cent to the Red Cross, Roy Reeder, roll call chairman, announced Thursday.

Three Men Shot In Strike Disorders Hopes For Settlement Of Coal Dispute Vanishing Lewis Spurns FDR's Peace Plans

WASHINGTON, Nov. 20 (AP)—Three men were shot and wounded today in Fayette county, hotbed of the captive coal mine strike in Pennsylvania, as hopes for settlement of the walkout without government action reached the vanishing point.

Sen. Connally Pledges Work To End Strike

Assurance of continued efforts toward stopping strikes in national defense production plants has come from Senator Tom Connally in a telegram to Big Spring business men. This was in reply to a message sent him earlier in the week by the chamber of commerce public relations committee—headed by E. Reagan—which commended his action and pledged him backing in his program.

Heavy Yule Traffic Toll Is Predicted

AUSTIN, Nov. 20 (AP)—Since highway violence in Texas has reached a new high during the past year, State Police Director Homer Garrison today predicted grave dangers would not get much rest this Christmas.

Japanese Envoys Confer With Hull

WASHINGTON, Nov. 20 (AP)—Japanese envoys, supplied with new instructions from Tokyo moved to Big Spring in 1928 from Sweetwater. He was born February 3, 1899 in Carbon, Texas, and was 42 years old.

Trapped Train Pulled From Tunnel

A 56-car freight train which had stalled in a 7000-foot tunnel near Van Nuys, Cal., was pulled into the open by a switch engine, and in the still-smoldering locomotive, pictured emerging from the tunnel, were found the bodies of the engineer and fireman, who died of suffocation. Three other persons died, while five escaped.

employees. In Pennsylvania it was conceded a complete close-down of all mines was likely by the week-end. One miner was shot in the shoulder and taken to a Brownsville, Pa., hospital and two others were hit in the face and leg as pickets and non-striking miners clashed near the Edenborn mine of the H. C. Frick company in Fayette county.

NAZIS PRESS NEW DRIVE ON RED CAPITAL

LONDON, Nov. 20 (AP)—German soldiers pressing a new offensive against Moscow are smashing at three key points in the Russian capital's defense chain and are seeking to score a triumph at Rostov, Don river port and gate to the Caucasus, it was reported today.

Return Quail Leg Bands, Tucker Asks

AUSTIN, Nov. 20 (AP)—Quail hunters, preparing for the season opening Dec. 1 and continuing through Jan. 16, were asked today by Will J. Tucker, state game commission secretary, to return leg bands found on birds to the commission.

EX-LEGISLATOR DIES

WHARTON, Nov. 20 (AP)—W. J. Galbreath, 63, former Texas legislator and a resident of Wharton for 20 years, died last night after a short illness.

December Oil Allowable At Higher Level

AUSTIN, Nov. 20 (AP)—The Texas railroad commission today issued an oil proration order for December, providing for allowable production of 1,553,192 barrels on Dec. 1.

Weather Forecast

WEST TEXAS: Colder tonight and Friday, except partly cloudy in the Pecos valley and eastward in the Del Rio-Eagle Pass area.

Fire Destroys Drilling Rig

Ignition of gas issuing with air and water from the Midcontinent No. 1 Denman, exploratory test between the East Howard and Snyder pools, early today caused the loss of a Jumbo spudder for the Duncan Drilling Co.

# Elliots Open New Scurry Street Drug Store Friday

Elliott's Scurry street drug store will be formally opened Friday, marking that firm's first venture into the community drug store field.

However, it will be the fifth Elliott store to open in Big Spring, and will be the third to be operating at this time.

Mr. and Mrs. J. D. Elliott, who a few weeks ago bought the Scurry street establishment from Charles Frost, have completely remodeled and restocked the store and plan to carry on a neighborhood trade similar to that operated by Frost.

"There will be plenty of parking space, snappy curb service, and everything that is necessary for a first class community drug store," said Elliott on the eve of the store's opening.

On opening day free drinks will go to the ladies, free cigars to the men and ice cream to the children between the hours of 8 and 5 p. m.

New built-in fixtures have been installed throughout the Scurry street store, which is located at 1208 Scurry. Fluorescent lights are to be used and new fountain equipment has been installed.

In amount of floor space and extent of stock, the Scurry street store will be the largest in the Elliott group, but all stores

J. D. ELLIOTT

MRS. J. D. ELLIOTT

carry a complete line of merchandise, with rapid replacements in the small stores possible from a stock room in the Crawford basement.

J. D. Elliott, owner of the new business, entered the drug trade here for himself in February, 1934, taking over operation of the Ritz drug store. In December of his initial year of operation, Elliott acquired the Lyric drug store. By July of 1937 he had expanded to take over the Crawford hotel drug. In March, 1939 he opened the Second street drug. Later, however, the Second street and Lyric units were sold, leaving Elliott with the Ritz and Crawford stores only.

A prescription department is included at the Crawford hotel drug, but prescriptions will be accepted at any of the stores and forwarded to the pharmacy for quick service.

At least during the first several weeks of its operation, Elliott will spend most of his time at the Scurry street store. W. E. Kirk, who comes here from Dallas, will assist him in management of this branch; J. T. Hill, of Tahoka, will be soda fountain manager; Mickey Butts, a local youth, will work at the fountain; and during the opening period Mrs. R. F. McCarty will assist in the store.

Dick Hill is manager of the Crawford unit, with J. W. Gordon serving as pharmacist and assisting Hill in management. Scotty Wolf at the fountain, and F. C. McCus rounds out the staff. At the Ritz drug Mrs. J. D. Elliott is in charge with J. D. Elliott's brother, J. E. (Ace) Elliott, assisting.

In the United States more persons die at age 71 than at any other age, except in the first year of life.

The ELLIOTT Scurry St. Drug Is Another Taylor Electric Company Job

Best Wishes To Mr. and Mrs. J. D. Elliott TAYLOR ELECTRIC 110 E. 2nd

## Stabilization Of Runway Starts

Stabilization of base on the 6,200-foot northwest-southeast runway, longest of four landing surfaces on the Big Spring municipal airport, is now underway.

Sufficient sand supply is being hauled in to permit steady mixture with asphalt emulsion and soil on the ground to give the long runway its semi-rigid base. It is to be the only landing strip on the field to be thus treated.

Materials, spread in windrows along the area, are scooped up into revolving drums of a moving mixer and discharged as emulsified base at the other end. Big water trucks connect and run along side.

Other work at the port consists principally of excavation on the 5,400-foot northwest-southeast runway, making the third to be touched in the \$470,000 city-WFA-CAA project.

## Three Enlist In Air Corps Here

Three youths have been enlisted in the air corps and stationed at Jefferson Barracks, Mo., according to Sgt. Troy Gibson, army recruiting officer.

They are Chester A. Anderson, Jr., son of Mr. and Mrs. C. A. Anderson of Big Spring; John K. Bolin, son of O. Bolin, route No. 2, Colorado City; and Leroy Farmer, son of Mr. and Mrs. Lee Farmer, Lamesa.

## WRECK VICTIMS IMPROVE

Conditions of the victims of the accident which occurred near Stanton Sunday are reported improved with the exception of F. M. Meyers of Fort Neches, whose condition remains critical.

Samuel Hopkins Adams, the author, has a hobby of collecting old glassware.

First Sale—Ticket sales for the Big Spring high school band's benefit play are going briskly, after the start as shown in this photo, when Mayor Grover C. Dunham purchased \$5 worth of duets. The sales girls are Winnie Ruth Rogers, left, and Mary Jane McClendon. The play, a comedy titled "Wild Ginges," will be staged at the municipal auditorium on December 2, with proceeds going to finance a band trip to San Antonio. Band members and pepsters are contesting in advance sales. (Kelsey Photo).

## CAA Official To Make Survey Here

George Rand of Fort Worth, chief of communications in the civil aeronautics administration, is scheduled to make an activity analysis of the local communications station near the first of December. I. T. Hesley, chief of the Big Spring unit, has announced. Rand will determine the volume

of traffic with the view of expanding the operating staff. The prospective increase in operators is due to come under the plan of general expansion throughout the communications service. The CAA proposes to increase working staffs over the nation shortly after the first of the year.

The American mink is equally at home on land or under water.

## American Airlines Staffmen Transferred

Charles Kaub and Homer Hill, local staffmen of American Airlines, are scheduled for transfer during December. Kaub will likely be assigned to Roanoke, Virginia, and Hill is due to go to Little Rock, Arkansas.

Vernon Heard has already been moved to American's Louisville, Kentucky, terminal.

## Youth Enlists For Navy Service Here

Richard Vincent Craft, formerly of Wickett, and son of M. L. Craft of Eastland, is enroute to the naval training station at San Diego, Calif.

He was enlisted through the U.S. Navy recruiting office here and was shipped from Dallas.

Big Propeller Hogs' Head SEATTLE, Wash. — A 21-ton marine propeller proved a "road hog" when the time came to transport it over the highway to Tacoma, 30 miles away. The propeller, 18 feet in diameter, took up nearly all of the two highway lanes on its side of the road, and required a special permit from the state highway department.

Flax is an expanding crop in California. Census bureau reported 7 acres and 17 bushels grown in 1930, while the 1940 crop was 1,481,077 bushels raised on 79,794 acres.

## Here's An All-American Menu For Thanksgiving Day Dinner Thursday

WORLD TRAVELER: The much-traveled turkey is a native American, Dr. Carl Wissler, curator of anthropology, explains to a young visitor to the American Museum of Natural History.

By RAY FRACOCK AF Feature Service Writer If Christopher Columbus had set before Ferdinand and Isabella a Thanksgiving dinner such as we can prepare from native American foods, his glory in his day would have been much greater.

The best of foods in 1492 left much to be desired. Fruits and vegetables were limited, potatoes were unknown, meat had to be heavily spiced to preserve it and make it palatable. It is easy to forget that Columbus merely was looking for a quicker and cheaper route to the spices of Asia. He was the Douglas Corrigan of the 15th century.

And while Columbus never knew of the vast variety of new and healthful American foods that were to revolutionize the world's dinner table, the subject has been an absorbing study to Dr. Clark Wissler, curator of anthropology and dean of the scientific staff of the American Museum of Natural History in New York.

You could, if you were looking for a theme for your Thanksgiving dinner this year, follow Dr. Wissler's "All-American" menu—one as good today as it was 400 years ago when it first would have been possible.

For appetizers, there could be pineapple or tomato juice. For soups, bean or corn. You could make your salad of Jerusalem artichokes, diced pineapple, or avocado. For a fish course, codfish. For the piece de resistance—turkey, with a dressing made tasty by roasted chestnuts and wild rice. Add tomatoes in any form, succotash, white potatoes, cornbread with maple syrup, pumpkin pie and hot chocolate, and what more would you want?

Dr. Wissler even throws in some frills—popcorn balls, credited in origin to the American Indians; peanuts, guava jelly, tobacco. Yes, and if you want to stretch it a point, native American bicarbonate of soda!

The turkey, says Dr. Wissler, originated in Mexico, was taken by Conquistadores to Spain, found its way to England, and from England was brought back to America by the Pilgrims. The white potato originated in Peru and had a similar odyssey. There is some debate over origin of the sweet potato. Dr. Wissler asserts, but the "All-American" menu might include oysters, which were known in the new world as well as the old. You would have to omit coffee from the dinner, for Dr. Wissler

credits origin to Arabia. And cranberries, without which no Thanksgiving dinner is complete, early were known around the Arctic Circle.

Much of Dr. Wissler's knowledge of food lore comes from the American Indians, with whom he has lived for prolonged periods during the past 40 years. About them he has written many books.

## W. A. Graham Studies For Navy Career

W. A. GRAHAM

Two years ago W. A. (Dob) Graham was doing a fine bit of quarterbacking on the Plainview football team. Today he is playing a little football on the side for Uncle Sam while studying to equip himself for a career in the U.S. navy.

Dob is the son of Mr. and Mrs. C. W. Graham, 109 N. Nolan street, and is a pleb at the U.S. naval academy at Annapolis, Md. and is quarterback on the promising pleb grid team. Thus far, the first year men have won the bulk of their games.

After graduation from Plainview high school, Dob spent a year at Schriner Institute at Kerrville before getting his appointment to Annapolis. Since he left for the naval school, his parents moved to Big Spring.

Learnings to the navy sort of run in the family, for another son, Robert, is now in his third year of service as a seaman first class on the U.S.S. Arctic, one of the

navy's largest supply ships. Monday he disembarked for his eight trip to Hawaii.

The oldest son of Mr. and Mrs. Graham is Hubert, and he is now in San Diego, Calif. with an Air craft company.

Rep. Adolph Sabath of Illinois, was once a sawmill helper in Bonham.

# Oil Play Causes Plains Landowners To Keep Property Off The Market

By Associated Press  
Dealers report land trading at low ebb in the South Plains and Panhandle, in contrast to the situation in many other sections of Texas.

In the Lubbock territory prices are up as much as \$15 an acre above a year ago, but the gradual development of oil drilling has caused large blocks to be taken off the market.

Values are little changed around Amarillo where excessive rains during the summer curtailed drastically what promised earlier to be a bumper wheat crop. Plenty of land is for sale in that area.

The Texas Land and Mortgage Company, Ltd., with more than 150 farms in Northwest Texas, is not offering any land in the vicinity of oil tests, says Manager Ben Brewer.

He estimates farm land in Lubbock county, if selling at all, is from \$5 to \$15 an acre more than a year ago. Prices of \$40 to \$90 an acre, with higher prices closer to Lubbock, are asked.

During the last decade raw land has sold in the South Plains from \$10 to \$25 an acre, depending on location near a town or railroad, while cultivated tracts have sold on long-time credits from \$20 to \$35 an acre.

Manager R. T. Redger of the Yellowhouse Land company, with holdings in Lamb and Hockley counties, says his firm has withdrawn its acreage from the market

where there is a chance of its being leased for oil. Most of this withdrawal has been in Hockley county where a new development program is under way north of the Santa Fe railroad.

Redger said farms were being quoted, and a few sold, at from \$2.50 to \$3 an acre above a year ago. The firm's land has brought from \$40 an acre down, depending upon the improvements.

The Elwood Farms, owners of the Spade and other properties, are holding because of a wildcat oil test.

R. L. Brown of Muleshoe says prices in Bailey county range from \$25 to \$50 an acre depending upon the improvements.

## Slaying Probe Continues In Houston Case

HOUSTON, Nov. 20 (AP) — The slaying of J. C. Franklin, 57-year-old Houston attorney and investment broker, is far from solution, police said today, even though his blonde secretary, Miss Helen O'Keefe, 30, has been charged with the crime.

Blue-eyed, slender Miss O'Keefe, who was Franklin's secretary and treasurer of his investment firm, was questioned more than 24 hours before the murder charge was filed.

One of two men arrested in connection with the case was released and officers said the other would be freed later, but Miss O'Keefe remained in jail. No bond was set, and Justice of the Peace Ben Moorhead said the case would go directly to the grand jury.

The woman, the Houston Post said, made a written statement in which she denied that she killed Franklin and denied that she had him killed, but Police Chief Ray Ashworth refused to let reporters see the document and declined to discuss it in detail.

"There is still lots of work to be done on this case," commented A. C. Martindale, investigator for the district attorney's office.

Franklin's charred body was found in his automobile on the banks of the San Jacinto river eight days ago. The car had been burned.

on improvements. He notes a 50 per cent increase in demand.

"The tendency of our ranchers is to hold them intact and not to cut them up," Brown said, adding "every man who owns land here now is thinking of oil and higher prices."

Most farms being sold are to land owners who are adding a 40 or 50 or a quarter section to their holdings.

Also off the market are lands held by the heirs of the late Col. C. G. Slaughter, who once controlled a million acres. This year four heirs sold \$7,500 acres in Cochran to the federal government at reported prices of \$35 to \$40 an acre for a development project.

Other farms not offering their lands are the Hestall Farms of Amherst and the Double-U company of Post.

Around Hereford land in the irrigated belt is selling as low as \$25 an acre. Some of it yearly is producing up to \$100 an acre worth of crops, but the price has been held down because of irrigation and production costs.

The Farm Security administration has about ceased buying Panhandle land, according to authorities.

A slight increase in values is noted, particularly for land bid in for delinquent taxes. Two dozen tracts in the Oklahoma panhandle sold at 25 per cent above the prices of a year ago. City dwellers made most of the purchases.

Many Panhandle business men have bought land on an operating rather than a strictly investment basis. The AAA payments about cover the cost of producing a crop such as wheat. The owner can make a small down payment on the land. If the wheat makes a crop he profits; if it fails he has his AAA payments and crop insurance.

Many leading business men in Amarillo own farms, most of them operated as purebred Hereford ranches. These owners, say real estate men, bought more with the idea of making money from a hobby than with the thought that if all else is gone they can move to the farm. Some are losing money.

The KIT syndicate still has for sale at what it terms conservative prices about 30,000 acres, including some choice places, from the three million acres it has had on the market for 30 years. It reports sales slow.

Even Eat Onions Now That Hoyt's Aids My Stomach

"I Tried Almost Every Medicine Without Relief," Says Texas Lady; "Then Hoyt's Compound Banished My Stomach Misery."

"Thanks to Hoyt's Compound, I no longer have aches and pains, headaches or kidney misery," declares Mrs. J. W. Hubbs, 1821 Third Street, Wichita Falls, Texas.

"For 26 years I had acid indigestion, torpid liver, kidney and bowel distress, gas, belching and bloating. It felt like a solid lump formed in my stomach. I had muscular aches and pains, and had to arise often each night.

"I tried Hoyt's Compound, and now I am able to eat any kind of food, even onions, without indigestion, gas and bloating. What a relief it is. My liver is functioning properly, and I don't have to get up at night. I hope others, too, will get this relief!

Hoyt's Compound is recommended and sold by the Collins Bros. Drug Store and by all leading druggists everywhere.—adv.

**Charges War Expenditures Are Excessive**  
WASHINGTON, Nov. 20. (AP)—Senator Adams (D-Colo.) asserted today that congress was being asked to appropriate for war supplies "far in excess of the needs for American defense."  
He also declared to reporters that the military production program was being conducted with "incalculable waste."  
Adams' assertion was prompted by President Roosevelt's request, now under consideration by a house committee, for \$7,082,419,000 additional defense funds, of which \$6,687,000,000 would go to the army.  
Piling this in top of approximately \$58,000,000,000 already appropriated or authorized by congress for defense, Adams said, made it apparent that no amount of economy in non-defense expenditures could relieve the financial strain materially.  
Adams argued that this country already has a "colossal" military establishment which should be large enough to protect its interests. There was no danger, he contended, of attack from without, so the question resolved itself into how much money should be made available by congress for the production of export items.  
The Colorado senator is chairman of a senate appropriations subcommittee which will consider the \$7,082,419,000 measure if it is approved by the house.

**Former Enlisted Men May Enroll In National Guard**  
Former enlisted men of the army, who have had 11 months continuous service and who are within the selective service registration age brackets, are eligible for enlistment in the national guard or in the enlisted reserve corps, Gen. J. Watt Page, state selective service, said today in instructing local boards to so advise such men when they are registered.  
All enlisted men who were in the registration age brackets on Oct. 16, 1940, or July 1, 1941, and who are not already registered under the selective training and service act, must register when discharged from the military establishment, according to Gen. Page. He emphasized that those eligible for induction under the act and who do not enlist in the national guard or the enlisted reserve corps will be inducted.

Cupid Laughs as Corporal CAMP BRIDLEY—Cupid has been giving Corp. Fred McAnally, Tulsa, Okla., the double-cross. During the Louisiana war-games he learned two "back home" girl friends had married in his absence. Returning from maneuvers he started for home, planning on a short visit on the way at Lawton, where another girl friend lived. He found her sitting in a parked car with another boy.

## Payment Made For Property Expropriated

WASHINGTON, Nov. 20 (AP)—The United States and Mexico have worked out a good neighbor program for the amicable solution of big, long-standing problems which affected harmonious relations between the two countries in the past.

Both Secretary of State Hull and Francisco Castillo Najera, the Mexican ambassador, hailed the accomplishment as an advance of great importance in the field of hemisphere solidarity and collaboration.

The program, represented by a series of agreements signed late yesterday, provides for the following:

Settlement of the protracted controversy over Mexico's expropriation of American oil holdings there:

A \$40,000,000 payment by Mexico as full settlement of general and agrarian claims by American citizens;

Negotiation of a reciprocal trade pact;

American financial assistance in stabilizing the Mexican peso;

An agreement for purchase by the United States of newly mined Mexican silver; and

A \$80,000,000 loan by the United States to assist in the financing of Mexico's highway construction program.

Settling the oil expropriation dispute promised to be the most difficult task posed by the program. Ever since the oil properties were taken over by the Mexican government in March, 1938, there have been negotiations between the Mexican government and the oil companies to arrive at a mutually satisfactory price for the holdings.

State department officials disclosed yesterday that the oil companies did not agree to the settlement provisions set forth in yesterday's six-point program. They added, however, that the companies had been kept fully informed during the period of its preparation.

The oil settlement arrangements provide that each government appoint an expert to fix the valuation of the seized properties and determine the just compensation to be paid the Mexican owners (by Mexico) for their properties and rights and interests.

Savings credited to the flood warning service of the Weather Bureau averages 15 million dollars annually, the department of commerce says.

## MODEST MAIDENS

"Please just be patient, folks."

## Miami May Lose Out As Nation's Divorce Capital

MIAMI, Fla., Nov. 20 (AP)—Miami may lose its title as the nation's divorce capital. The lucrative business which has turned out divorcees at the rate of more than 4,000 a year in Miami alone suddenly has hit the skids. The cause of the slump is an investigation started by circuit judges, who discovered that some attorneys were adopting illegal short cuts to speed up the already speedy process of Florida's divorce law. The court ordered a detailed study of 1,000 divorce cases filed in nine months by 15 lawyers specializing in this type of business. They reported in some cases "assembly line" methods were being used to get divorcees for husbands and wives who were not even residents of Florida. Quickly, the court ordered disbarment proceedings against four attorneys, directed a fifth to quit practicing for five years, and sent

a man and a woman to jail for short terms for contempt of court. To this drastic action, the divorce business reacted without delay. It dropped from an average of 14 cases filed each day to only seven cases a day in the first half of November. Florida's pre-eminence as a quick divorce headquarters resulted from a 1935 law permitting such cases to be started by litigants who had resided in the state for only 90 days. From 1,497 cases in 1935, the business grew until last year 4,408 were filed in Miami courts. More than 4,100 had been started in the first 10 months of 1941. For several years, Miami's record outstripped that of the one-time divorce capital of Reno, Nevada, which recently could boast little more than half the volume handled in the courts here.

**Hair 50 Inches Long**  
EVERETT, Mass.—"Long hair is coming back," says Mrs. Alice Cate, and to emphasize her point she can show her blonde tresses which are 50 inches long. She says she occasionally trims her hair to keep it healthy but never has had a hair cut.

## New Commissioner Named In Mitchell

COLORADO CITY, Nov. 20 (AP)—Appointment of Jim Boyd of Hyman as commissioner of Precinct 3, Mitchell county, was announced this week by Judge W. W. Porter. Boyd, a former commissioner of the precinct, will fill out the unexpired term of J. H. McCullough, who resigned last week shortly before being indicted by the Mitchell county grand jury on charges of forgery.

## Smokestack Causes Tieup In Downtown Traffic

MOBILE, Ala.—A ship's smokestack, of all things, caused a half-hour traffic tieup on one of Mobile's busiest streets the other day. The stack, being moved by truck from Birmingham to Pascagoula, Miss., for installation on a ship being built there, caught against some telephone wires and snapped the pole, which fell and crushed an automobile. No one was injured, but traffic was disrupted until repairs were made.

Approximately 190,000 new workers have been added to foundry and machine shop employment since June, the department of commerce reports.

## Modern Miners Gleam Their Wealth From Old Junk Piles

LOS ANGELES.—The gold-seeking 49'ers might have snorted in contempt at California's newest "gold rush," but an enterprising business man is now panning as much gold as many a pioneer in a claim he staked out in an old Los Angeles junk yard.

For a couple of years Arthur W. Hudson, owner of a sand-blasting concern, stared out his office windows at an abandoned dump yard across the street. At first the ugly sight only disgusted him, but along came the national defense program and Hudson had an idea.

Several people had, at various times, attempted to recover valuable metals from the old dump... but they'd given up because the job was too big and too difficult.

**Scientific Reclaiming**  
Hudson decided to go about it scientifically. He had the ground sampled and assayed by experts and finally obtained a lease on the property, which was the official Los Angeles dump from 1910 to 1930. Then he set about devising a machine to "mine" the dump by the placer method.

Hudson's "Flacer Miner for Junk Yards" is a contraption that would delight any amateur inventor. It is made up of automobile transmissions, automobile wheels, flipping belts, magnets, settling basins, pigs and any number of other complicated features which Hudson will

gladly explain, but only a few people are able to understand. A dragline hauls the junk to a main conveyor, which takes it through water and over magnetized wheels which pick up all steel, tin-plated iron and ferrous alloys. Other conveyors and agitators carry the remaining material past sharp-eyed workers, who pick out all other metals and valuable objects. The worthless residue is carried on conveyors to disposal piles.

**Gold and Precious Stones**  
More than 100 tons a day go through the mill and Hudson says he intends to double the capacity of his "miner" in the near future. The majority of the metals recovered by Hudson's workmen and machines are iron, copper, tin, aluminum, bronze, lead, zinc and tin, but every so often gold coins, jewelry and gems are picked up. Diamonds, sterling silver objects, rings and watches have been recovered by the mining machine.

Much of the jewelry and old coins have been melted, battered and corroded through years of being buried in the dump. But recently, Hudson reports, a fragile porcelain dish made in England during the early 18th century came through the "miner" without a scratch or crack on it.

Hudson says he has found many objects around which a novel could be written. For instance, the half-dollar which was battered by a bullet. It may have saved its owner's life... before it dropped off his watch chain and found its way to the dump yard. Hudson sells the precious metals to gold buyers, the old coins go to a Federal Reserve Bank and the strategic metals are sent to refineries. Many truckloads of valuable metals go out of Hudson's junkyard each day and the "miner" has started as a hobby has become as profitable as his business.

There are about 30,000 miles of navigation rivers in the United States, the department of commerce says.

**IDEA**—Tony F. Roselle, 16, invented this pedestrian clock tested at Atlanta. Dial is green (on left) and red. Arrow moves from 9 to 27 while green is on, then drops to zero. These pedestrians know what time they have, to cross the street.

## Flashes Of Life--

By The Associated Press  
**TOURIST**  
BEDFORD, Ind. — An automobile thief operating on the pony-express principle is playing a game with Hoosier police.

Police Chief Malcom Rainbolt of Bedford reported the man: Borrowed a car from a Seymour agency to demonstrate to his wife, drove it to Bedford and abandoned it.

Borrowed a car from a Bedford agency to demonstrate to his wife, drove it to Warsaw, cashed some bad checks and vanished. Officers are wondering where he'll borrow a car next.

**EASILY SCARED**  
TOCSON, Ind. — Cracksmen who tried to rob the safe of the Tocson Grain and Lumber company now know better than to try to pull a job in a town with a name like this.

Company Manager Garth Woodward, seeing the lights of their automobile, turned on his porch light and, leaving the safe unopened, they fled with only 43 in pennies from vending machines.

**CHANGE TIRES HERE**  
SALT LAKE CITY — The car bumped over a west side railroad crossing. Two tires went "whew!" and collapsed.

Came another motorist and another "whew!" and another and another and — well it happened eight times before police arrived to clear up the traffic.

A railroad spike jutting into the tire rut from a cross tie was blamed.

**NICE KITTY**  
GLENDALE, Calif. — Butch may be clumsy but he at least corrects his mistakes.

The black Persian cat at the Bert Umstead house upset an ash tray after the family had retired. Cigaret ash set fire to the living room rug.

Butch tore into the bedroom and bounced in the middle of his master who awoke and extinguished the blaze.

Chiang Kai-shek, the Chinese generalissimo, once was a broker in Shanghai.

Did you ever **coddle an apple** the KARO way?

It's the simplest sort of dessert to make — but so colorful, so flavorful! Come — make a hit with your family tonight! Serve apples "coddled" to melting tenderness, and flavored to the Queen's taste with Karo Syrup and spices! Here's the recipe:

**KARO CODDLED APPLES**  
3 medium sized apples  
1 whole clove  
1 piece stick cinnamon  
1/2 cup water  
1/2 cup Karo (red label)

Wash and core apples. Do not peel. Place in a saucepan; add spices, water and Karo. Cover, and cook very slowly about 1 hour or until tender. Makes 8 servings.

Remember—Karo Syrup adds food value as well as delicious flavor to meals.

**A First Line FOOD FOR DEFENSE Against Fatigue**

**Don't Forget MAXWELL HOUSE PUTS MONEY IN YOUR POCKET**

... WHEN YOU GET THE 2-LB. TIN

To save money and save shopping trips—ask for the thrifty 2-lb. tin of Maxwell House. And remember, today that famous blue Maxwell House tin gives you more flavor for your money because...

- There's more flavor in the Maxwell House blend—it's far richer in highland-grown, extra-flavor coffees.
- All the flavor is brought out by the special "Radiant Roast" process.
- No flavor can escape—it's sealed, roaster-fresh, in the famous super-vacuum tin.
- No wetting—Maxwell House is already precolony ground for every method—Drip, Regular, Glass-Maker.

# Thoughts Of Thanksgiving Bring Visions Of The Perfect Turkey

By MARIE GIFFORD

All thoughts turn to Thanksgiving and the perfection of the turkey that highlights the dinner table. To be able to turn out a perfectly browned, juicy, tender turkey, filled with savory stuffing, is a feat that requires both skill and artistry.

Here are our suggestions for turkey success:

1. Select your turkey carefully for its plump breast, pliable breastbone and smooth clear skin. Buying by brand is your best assurance of quality.
2. Wash and dry the bird inside and out and rub inside of body cavity with 1 tablespoon of salt. Do not salt outside.
3. Make this savory giblet dressing:
  - 1-4 cup vegetable
  - 1-2 cup butter
  - 3-4 cup stock from giblets
  - 1-2 cups celery, cubed
  - Giblets
  - 3 quarts of toasted bread crumbs (about 1-2 inch in size)
  - 1-2 tablespoons salt
  - 1 teaspoon poultry seasoning
  - 1 onion
 Cook giblets until tender in water to cover. Save stock and chop giblets. Add celery and onion to melted vegetable and butter and cook until onion is clear. Add to bread crumbs. Add the seasoning and giblets and stock and mix. Dressing should be only slightly moist.
4. TO STUFF: Fill neck cavity first, skewer neck skin to back of bird. Then fill body cavity. Sew shut and tie feet to tail piece.
5. Rub bird all over with melted

vegetable. Add no salt. Salt makes the skin blister and break.

6. Roast breast down for first 2 hours in a low oven (325 degrees F). Then turn breast up and finish roasting—brushing the breast with more melted vegetable. You'll be amazed at the even golden brown color, the unbroken skin, the succulent juiciness of the breast meat when you roast your turkey this way.

7. When ready to serve, garnish with baked tomatoes filled with whole kernel corn and plenty of crisp green parsley.

**Fortnight, say "GOOD NIGHT" TO COLD**

Slip away from aches, muscles, stuffy sinuses, into sleep. Rub throat, chest, with Penetro. Follow the directions on the package. Feel double help work almost instantly—inside and outside. 25c. Double supply of Penetro, 50c.

## Big Spring Hospital Notes

Mr. and Mrs. A. L. Harrison, 1905 Scurry, are the parents of an 8-day-old, 14 ounce son born Thursday.

Alton Wilhite, Monahans, had medical treatment Wednesday.

Winslet Nance is in a satisfactory condition following appendectomy Wednesday.

Claude Horns, Jr., of Odessa, returned home Wednesday after receiving medical treatment.

Garry Grant, son of Mr. and Mrs. Haskell Grant, returned home Thursday after minor surgery.

Argentine Beer Boosted

BUENOS AIRES — Empty beer bottles will be granted free entry into Argentina under a ruling by the minister of finance. The minister announced that he could find "no inconveniences" in the removal of import duties, since the result is likely to increase consumption of Argentine beer.

Gas Mask Upsets Romance

CAMP WOLTERS—The hair of Pvt. Claude Rayburn is red. So is his face. Rayburn sent his girl in Kentucky a photograph of himself wearing a gas mask. "She replied: 'You certainly have changed and are so much better looking than when you left for the army.'"

## This Is Open Season For Pies And That Includes Old Favorites

THEY'RE THE BERRIES: Or cranberries, in this instance, for Thanksgiving pies and sauce that make second helpings automatic.

By MRS. ALEXANDER GEORGE AP Feature Service Writer

It's open season for pies. With Thanksgiving and frosty days at hand pie advances into the front ranks of desserts.

Juicy and spicy apple pie, with cheese-flavored crust, vies with gay, red cranberries, their juices bubbling through rich, brown pastry. Golden pumpkin competes with its stalwart rival, fruit-filled mince pie, for holiday greetings.

And those delectable chocolate concoctions are good foils for lemon and orange pies with creamy, tart fillings and toasted meringue tops.

Here are some seasonable holiday pie recipes.

**CRANBERRY TARTS SAVOY** are sophisticated individual pies. Bake rich pastry in shallow tart or muffin pans. Mix 2 cups of cranberry sauce with 1-2 cup broken nuts, 1-2 teaspoon salt and 1-4 teaspoon cinnamon. Half fill 8 tarts. Whip 1- cup white cream cheese until fluffy, fold in 1 cup whipped cream, 2-3 cup diced marshmallows, 1 teaspoon grated orange rind, 4 tablespoons confectioner's sugar. Chill and top the cranberry sauce.

A Brazil nut crust gives **FRUIT SURPRISE PIE** top ranking. Sprinkle 1-3 cups shelled Brazil nuts in shallow pan, heat in moderate oven until skins burst. Rub off skins, crush nuts with rolling pin. Mix in 1-4 cup sugar and 1-4 teaspoon each of salt and cinnamon and pat as a crust into shallow, buttered pan.

For the filling soak a tablespoon gelatin 5 minutes in 1-4 cup cold red cherry juice. Mix 1-2 cups cherries with 1-2 cup sugar, 1-4 teaspoon cinnamon, 1-2 cup orange juice, 1-8 teaspoon salt and a tablespoon lemon juice. Heat in double boiler. Stir in gelatin until dissolved. Chill until slightly thick, fold in 1 cup whipped cream mixed with 2 tablespoons sugar. Pour into crust, chill until firm.

**DEEP DISH PINEAPPLE PIE:** Mix 2 cups crushed pineapple, 1-2 cup sugar, 2 tablespoons flour, 2 tablespoons lemon juice, 1-4 teaspoon each salt and grated lemon rind, 1-3 cup pineapple juice and 3 tablespoons butter. Pour into buttered baking dish. Cover with rich pastry, slitting top for steam escape. Bake 30 minutes in moderate oven.

**CHOCOLATE PIE** with a nutty

## Texas Labor Forms Union Independent Of AFL, CIO

By Associated Press

An independent labor union movement, which its leaders describe as a "counter-offensive against national union invasion," is afoot on the Texas Gulf coast, where scores of national defense and other industries are located.

The movement is propelled under the banner of Federated Independent Texas Unions, recently chartered as a non-profit organization.

Roy D. Parker, Dallas machinist and acting president, said the goal of the FITU was the affiliation of 200,000 Texas workmen in the next year.

"We believe that Texas labor wants better union services, free from excessive charges, free from corrupt labor practices and independent of outside domination, influence and control," Parker said.

The newly-formed organization already has "25 or 30" locals in various cities, including Corsicana, Fort Worth, and Waco, L. D. Singleton, Houston member of the board of directors said.

The FITU currently is concentrating its activities in the coastal area, instituting affiliation conferences with numerous independent unions.

Pamphlets are being circulated

side control and free from interference in determining the local private affairs x x x."

The state organization will give help when requested on problems of organization, contract negotiations, strike benefits, legal counsel, etc., Singleton said.

On the question of defense strikes, Singleton cited the board of directors' "Executive Order No. 7," which said:

"Strikes on defense projects and in defense plants shall be considered as jeopardizing to the public welfare and therefore shall be definitely opposed, except in cases wherein there is an absolute existence of flagrant injustice to the majority of the employees involved."

# America Warns Vichy Against Increased Collaboration With Nazis

## US Frowns On Demotion Of Weygand

WASHINGTON, Nov. 20 (AP)—The United States put Vichy on notice today that this government was compelled to make a complete restudy of relations with France, because of the renewed signs that the French regime was moving toward closer collaboration with Germany.

The notice carried a frank warning, informed sources said, which intimated that severance of diplomatic relations was a possibility. Undersecretary of State Sumner Welles stated the case to Gaston Henry-Hays, the French ambassador, during a conference yesterday.

The United States attitude was made clear to the French just at the moment when a British imperial army was losing a major offensive against the axis in Italian Libya, next door to France's North African colonies. German possession of those colonies—particularly Tunisia—would improve the strategic position of the axis forces in Libya, by furnishing a shorter, more easily protected supply line than the present badly-harried sea routes to Europe.

American officials made no secret of their apprehension that Vichy's reported ousting of General Maxime Weygand, France's proconsul for North Africa, might prove an ominous development in the increasing naval pressure to convert Vichy into an active partner of the reich.

As the supreme authority in Morocco, Algeria and Tunisia, Weygand has steadfastly opposed any collaboration with the nazis which went beyond the terms of the armistice and pledged that he

would not permit the Germans to take over North Africa.

Under an arrangement with General Weygand the United States reestablished trade with the African colonies, shipping foodstuffs and articles required for civilian life in return for raw materials for national defense production here.

Two of the vessels which have been making regular voyages sailed a week ago, but officials said they would be the last until the French situation has been clarified.

The underlying reasons for Weygand's reported removal, it was said in informed quarters, were unquestionably his active opposition to pro-Nazi elements in the Vichy government, his refusal to permit the North African colonies to become a spring board for naval military moves in the Mediterranean, and his cooperative attitude toward the United States.

The United States, it was stated, would withhold decisive action concerning the renewed signs of closer Franco-German collaboration—pending a complete report, expected today, from Admiral William D. Leahy, the American ambassador.

Leahy conferred at length with Marshal Petain, the chief of the French state, late yesterday, and is expected to provide official information which may throw light on the Vichy government's position.

## Kiwanis Club Told of Taxes

The Kiwanis club produced its own luncheon speaker today as Marie Stewart explained the workings of new income tax regulations—as of now. "It is possible that some taxable angles have been overlooked, but they'll probably be covered before filing time," Stewart consoled his listeners.

A committee for nomination of 1942 officers was named by President Shirley Robbins as follows: W. B. Hardy, Lee Rogers, Jimmie Little, George White, Harvey Clay and Tom Coffey. Their nominations will be announced at next week's meeting, which has been moved up to Wednesday on account of the Thanksgiving holiday on Thursday.

The president called for a new listing of membership classifications and announced a drive to get underway immediately after Thanksgiving.

The proportion of foreign-born persons is reducing rapidly, explains the census, because immigration has been greatly restricted since 1914 and higher death rates prevail among the foreign-born because of their increasing average age.

REDUCING THE OVERHEAD.—To further defense efforts in Sydney, New South Wales, Debra Hannon, 11, sold her long auburn hair. It measured 2 feet, 7 1/2 inches before the cutting.

## Strikes

Continued From Page 1

President Roosevelt's new proposals, even if he should be so minded.

President Roosevelt, one official stated, seems to be building up a record patiently in the public's eye, so that when a showdown comes—whether it be using troops to offer protection to any miners desiring to work, or legislation restricting defense strikes—he can point to that record and say that he has exhausted all reasonable methods.

Mr. Roosevelt was said to be under terrific pressure from his advisors to act soon, but no step was considered likely until after the CIO policy meeting Saturday.

Army and navy officials, reliable sources reported, were in favor of using troops immediately, but caution is being urged by some who believe that employment of the army would only serve to unify the miners.

President Roosevelt called another White House conference for tomorrow on the threatened strikes of 200,000 railroad men, members of five operating brotherhoods. They have announced they plan to walk out December 7 to enforce their demand for a 30 percent wage increase. The president's fact-finding board has recommended a 7-13 percent pay rise, which the union men rejected. The lowest paid operating personnel now receives \$5.08 a day.

About 900,000 other railroad employees, members of 14 non-operating unions, have threatened to strike but have set no date. They seek increases of 30 to 34 cents an hour over their current pay range of 35 to 85 cents an hour. The president's board recommended an increase of 9 cents an hour.

## Livestock

FORT WORTH, Nov. 20 (AP) (USDA)—Cattle, 1,600; calves, 1,000; market generally steady in all classes cattle and calves; low grade offerings predominating; common and medium slaughter steers and yearlings 8.50-9.25, good grade lots 9.75-10.75; choice scarce; beef cows 5.75-7.25; odd head to 7.75; canners and cutters mostly 2.35-3.50; bulls 7.50 down; bulk killing calves 6.75-8.75; culls down to 5.50; good stocker steer calves 9.50-10.75; choice kind scarce.

Hogs 1.10; around 5-15 lower than Wednesday's average; top 10.50; good and choice 10-20 lb. weights 10.50-60; over half of supply mixed grades selling from 10.35 down; packing sows and pigs steady; packing sows 9.25-75; stocker pigs 6.00 down.

Sheep 5.00; odd head of medium to good fat lambs 8.00-10.00 or steady; medium grade ewes 4.00; most of receipts common to medium stockers unsold.

## President Observes Thanksgiving Today

WASHINGTON, Nov. 20 (AP)—President Roosevelt joined citizens of two-thirds of the states today in observing the third and last "early Thanksgiving," but international and domestic complications kept him and most of his cabinet at their desks part of the day.

Sixteen states were foregoing their holiday turkey until the regular time a week from today. The entire country will revert to the last Thursday in the month after this year, the president having decided the wider spread between Thanksgiving and Christmas meant little or no increase in business for retail merchants who had proposed the experiment.

An annual production of nearly 200 million needles is necessary to keep American knitting machines in operation, the census bureau states. This includes more than 114 million needles of the spring-beard type and 72 million of the latch type.

## Hoover Asks Halt In War Propaganda

CHICAGO, Ill., Nov. 20 (AP)—Former President Hoover urged calling a halt to what he calls an attempt to condition American minds artificially for war.

In an address made before the Union League club and broadcast over the Columbia system last night, the former chief executive asserted propaganda agencies already were voicing "preliminary demands" for the sending of American land forces into the European maelstrom.

He said the "preliminary demand" for overseas forces "is likely to be for an expeditionary force to Persia or Egypt." He added: "Already the propaganda agencies are hurrying it out. Already press dispatches from abroad indicate it. Already officials are making the same sort of statements that antecede our going into naval action."

He contended such action would not only be a "tuttle waste of American life," but would also endanger freedom in the United States itself.

## Here 'n There

V. L. Herring, brought bleeding and beaten to the police station Wednesday night by a soldier, reported he had been attacked by a large, red-faced man and robbed of \$42 in cash. He was found by the soldier under the east viaduct.

Don Conley, personnel director for the Cabot Co., in this region, stopped here briefly Wednesday evening. He flew here in the company plane.

Earl L. McAlphine, ward of Mr. and Mrs. E. F. Proyer of Big Spring, has been promoted from a private in the orderly room to rank of corporal. He is assigned to the 86th air base squadron at Goodfellow Field, San Angelo.

Wichita Falls officers are holding for Big Spring officers a man wanted in five cases of cold checking here, Deputy Constable L. A. Coffey said Thursday.

## None Hurt As Fast Freight Derails

BRONCHO, N. M., Nov. 20 (AP)—A fast eastbound Santa Fe green fruit express carrying a mixed load was derailed a short distance east of here at 4:15 a. m. today and 30 cars left the rails or overturned. There was no immediate explanation of the accident.

Division Superintendent Dan Drakey informed General Manager George Minchin in Amarillo that none of the train's crew, believed to be five, was injured.

## Moore School To Take Part In Parade

First response to invitations to schools to enter groups in the Storybook Parade, which will mark the formal opening of the Christmas shopping season here Dec. 5, came Friday from Moore.

Teachers in that school advised the chamber of commerce that their students would participate.

Others were expected to follow with entries soon, and Big Spring schools are being counted upon to take part.

In the past, school groups have been increasingly clever in the presentation of story book characters, developing a regular cavalcade of fictional costuming.

Another holiday stunt had moved into the doldrums Friday. The number of firms agreeing to participate in the Turkey Day event next Tuesday still stood around 50.

Firms cooperating in the community affair will lose live turkeys to the public at 3:45 p. m. (simultaneously on signal of the fire siren), and the best man or woman gets the bird—literally.

STATE DEFICIT DOWN AUSTIN, Nov. 20 (AP)—State Treasurer Jesse James today reported a decrease of approximately \$1,000,000 in the state's general revenue fund deficit the past 15 days to a total of \$30,074,425.

## General Weygand Loses Position

VICHY, Unoccupied France, Nov. 20 (AP)—The retirement of General Maxime Weygand as delegate-general and commander in chief of North Africa was announced by the Petain government tonight.

The post of delegate-general was abolished. A permanent secretariat general will replace it.

General Alfons Juba, released from a German prison camp, was named commander in chief of the

untested French North African forces, and General Barrau was made commander of French West Africa, where strategic Dakar is situated.

## ... could be!

Few people can evaluate gold ore merely by glancing at it. Yes, and few people can pre-determine the taste quality of a beer merely by looking at the bottle.

While gold ore must be taken to an assaying office for evaluation, the excellence of a brew and its pleasing taste to your particular palate can only be determined by yourself.

Today, by asking for and sampling a bottle of Grand Prize Beer, you'll initiate your taste to a great experience. You will be delighted by the deep mellowness, the easy-going smoothness that distinguishes Grand Prize as a grand-tastin' beer. And no wonder. Grand Prize is brewed in Texas by Texans world-renowned for their skill in producing beer at its best. Make your next bottle Grand Prize—a truly great brand!

# HOLLYWOOD TODAY

## FLASH PREVIEW OF "Playmates"

Highlights from RKO's hilarious musical comedy, with Kay Kyser, John Barrymore and a top supporting cast.

His press agent, Patsy Kelly, arranges for John Barrymore to appear in a Shakespearean festival with Kay Kyser, but girl-friend Lupe Velez objects.

Finally enlisted as a fellow conspirator, Lupe goes to work to persuade Kay.

When Kay consents, the Great Profile tries to teach him to act.

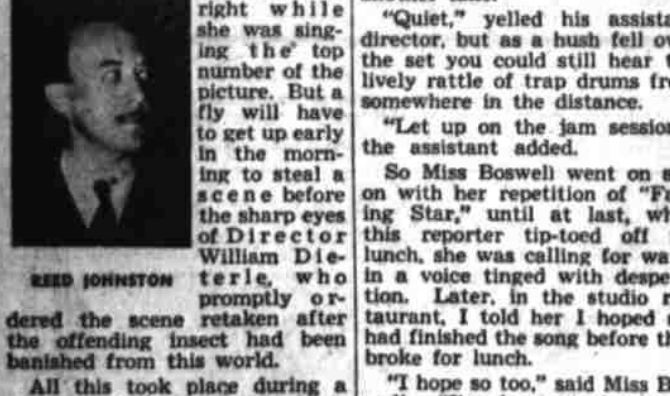

But John falls for Ginny Simms, and Lupe threatens to blow up the whole scheme.

And with Ginny and Kay looking on, John himself is finally obliged to withdraw from the festival.

## ON THE SETS With REED JOHNSTON

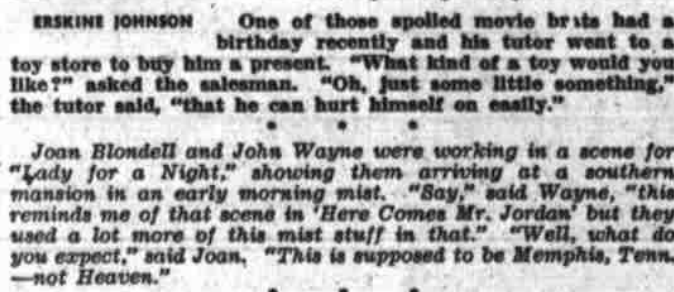

It can be said here and now that there will be no flies on Connie Boswell in the new RKO musical called "Falling Star"...

sortment of assistants and stage workers. But out of this original confusion of milling people a certain order had been established when Mr. Dietzler gave the order for another take.

## ERSKINE JOHNSON'S HOLLYWOOD

GOOFYVILLE GOSSIP: They call her Hollywood's No. 1 glamour discovery of the year but a more appropriate title for Veronica Lake is Hollywood's No. 1 knockabout girl.

SHORT TAKES: Cesar Romero is still helping Ann Sothern forget Roger Pryor. They were at the Cafe Gala... Hollywood economy: A Canadian north woods hunting lodge set for Warners' "Captains of the Clouds" is now doubling as a southern roadhouse for Bette Davis' picture, "In This Our Life"...

At the Pirates' Den the other night Rudy Vallee was approached by a mild mannered elderly man who asked the crooner, apologetically, if he would dance with his daughter.

A former TC-Fox secretary wrote a letter the other day to Col. Jason Joy, a studio executive, enclosing a check to the studio for \$15.

Bing Crosby's description of his agent brother: "Everett has more pleats in his pants than any other man in America."

TALK OF THE SOUND STAGES: Bill Hart seeing himself on the screen for the first time in 16 years in "One Foot in Heaven"...

## KEN MORGAN'S HOLLYWOOD KEYHOLE

One of the strange phenomena of show-business is evident in the constant letters and exhibitor requests for the return of Robert Donat to the American screen.

Dance Maestro Arthur Murray has a good idea. In partnership with Groucho Marx, Murray plans to open a theatre in New York which will run only musical pictures featuring dancing.

Terry Hunt—Hollywood's famed physical conditioner of the stars—is taking bows in a new field. His newly published book, "Design for Glamour," is selling at a rate that will establish him as a successful author.

THE GOOD HUMOR MAN: Manhattan gossipers are barking up the wrong oak—the eastern publicized new romance of Desi Arnaz is Cleo Manning, but she is the sister of Mrs. Arnaz, who is better known as Lucille Ball...

Barbara Stanwyck dons an alluring costume for her role of night-club entertainer in Samuel Goldwyn's "Ball of Fire."

## ATTENTION MOVIE FANS

This week we are offering to Fan Club members ONLY a free autographed photograph of Buck Jones, now co-starring with Tim McCoy in Monogram's "Rough Riders" series.

## JOE FISHER'S Reviews of Previews

RKO-Radio and Monogram pictures dominated the preview field this past week, with RKO's "FOUR JACKS AND A JILL" in the top spot.

Ray Bolger, Anne Shirley and Desi Arnaz in "Four Jacks and a Jill."

Have, personable sister of well-known Gypsy Rose Lee, and a supporting cast which includes Desi Arnaz, Jack Durant, Eddie Foy, Jr., Fritz Feld and Henry Daniell in the upper brackets.

The film is crammed with tunes that are catching, dancing that is both lively and extremely well done, a multitude of laughs and just enough romance to keep the pot boiling.

Ray Bolger, considered by many the best male dancer in the country today, outdoes himself, while Anne Shirley competently portrays the girl around whom the whole plot revolves.

If you enjoy a good musical, first-rate dancing and comedy, galore, by all means see "FOUR JACKS AND A JILL."

Monogram Pictures' "DOUBLE TROUBLE" brings back to the screen old-timer Harry Langdon and, teamed with Charles Rogers, the two succeed in proving that there is plenty of room in the picture business for good slapstick comedy that allows an audience to relax and enjoy an hour of healthy laughter.

THUMBNAIL PREVIEWS: "A DATE WITH THE FALCON" is the second of the "Falcon" series which RKO has used to replace George Sanders' spot in the "Saint" series.

## Meet the Stars With VIC BOESEN

The average actor usually lets enough of his own character show through each performance so that by the time he has appeared in half a dozen roles you can tell pretty well what to expect when you meet him.

However, in the case of Harold Huber this theory goes by the boards. Coming to dine with Huber one night last week, this chronicler had expected to sit with a Roaring Twenties, Chicago type gentleman of practically any nationality but American.

Huber might well be going on about such things, for he is one of the most erudite men in Hollywood. He holds three degrees from New York and Columbia Universities and speaks half a dozen languages.

These belated whimsies after long and costly preparation in another line have had their impractical aspects in some few instances on record, but Huber got what he wanted as quickly and easily as a man might shift from the left to the right fork of a road at the last moment.

Beginning with a bit rehearsal in "Farewell to Arms," gotten by simply announcing to Producer Al Woods that he was available, Huber moved into the comedy lead two days later.

During his nine years here, he has made an even 100 pictures, his last role being with Brian Donlevy in "Helioplane Harry."

People write to ask him if he is Greek, Italian, Arab, or Mongol. He is neither; he is a New Yorker by birth and a New Englander in mold.

Record Review By WAX MAN Columbia has just released a much-needed album of records. The music of Vincent Youmans, who has given to the stage and screen many of our greatest song hits, has been played and sung by millions.

The young lady with the tennis racket is Jean Rogers, MCM starlet soon to appear in "Miss Achilles' Heel."

## Fashion Scene By MARGARET MCKAY

Do we dress to please the men or ourselves? I won't attempt to answer that always debatable question, but it wouldn't do us any harm to know just what men like, or don't like, about our clothes.

Melvyn Douglas says he likes to see "sleek and sophisticated black" on women. Well-cut, simple black dresses that show a woman off like a cameo.

Buddy Rogers, meanwhile, is just the opposite. "I like to see a girl go all-out feminine. Unlike men, she can use color and I think we need color around us—especially these days."

Rudy Vallee, of course, is noted for his interest in what his girls wear. It's told about that he requests his dates to wear satin and no perfume.

John Howard, who had no less than three leading ladies in "Three Girls About Town," his latest Columbia picture, had plenty of opportunity to observe various fashions on the set and came to the decision that he liked softly-draped dresses and turbans with silk jersey as the favored material.

BEST DRESSED GIRL OF THE WEEK: Michele Morgan, new RKO star, at Ciro's in a dinner gown of creamy beige sheer wool designed by Damon Gifford.

## Record Review By WAX MAN

Jan Savitt's Victor recording of Debussy's "Afternoon of a Faun" is distinguished by its impressionistic arrangement. With the over-romantic selections of the classical world played by dance bands causing much controversial comment among music lovers, it is a pleasure to hear one of the most beautiful played by a band with no heavy swing or heated solos marring the charm of the original melody.

WACBAX: All the major recording companies have entered a bid for the privilege of waxing the music of Vincent Youmans. Victor is negotiating with announcer Jimmy Wallington to record an album of highlights of American history.

# Brisk Weather Portends Snappy Tilt As Herd And Ponies Tee-Off

## Sun Shines Brightly In Frogland

FORT WORTH, Nov. 20 (AP)—The sun shines again in Frogland. Texas Christian appears on its way back up the glory gridiron trail in the southwest.

It's the story of a bunch of boys who failed to be impressed by the greatness of their opponents.

"We have no more chance against Texas than Pitt against Fordham," is the way one Horned Frog put it the night before T. C. U. played Texas.

Well, you know what happened to Fordham—and to Texas.

Now Texas Christian, which battled futilely for a place among football's mighty for two seasons, is knocking at the door to South-west conference honors.

If the Frogs beat Rice and Southern Methodist and Texas rises up to halt Texas A. and M., T. C. U. can use for the championship—something that looked a long way off a month ago.

But even without the Texas upset of A. and M., the Frogs would finish in second place and that's something after two mighty lean seasons that followed an undefeated, untied campaign that made T. C. U. No. 1 in the nation.

Now you even hear the Frogs mentioned in bowl talk.

### Ten-Point Buck Bagg'd By Stephens

Albert McKinney and Bert Stephens returned Wednesday from deer and turkey country with spoils of the chase. Four wild turkeys were bagged and Stephens got a ten-point buck.

## O'Brien's Pass Record Threatened By Wash. Of St. Louis Ace

SEATTLE, Nov. 20 (AP)—Washington University of St. Louis may not be going anywhere in the Missouri Valley conference football race, but its versatile halfback, Wilson 'Bud' Schwenk, certainly is.

So far he's the "passingest" grizzer in the nation, and if he completes just three more passes in his next two games he'll surpass Davey O'Brien's 1938 record of 93 completions, the American football statistical bureau reported.

Schwenk has completed 91 out of 178 attempts for 1,174 yards. He's had 13 passes intercepted. His completion percentage is .511, which is itself better than his team's won and lost percentage. The Bears have won three and lost four.

Schwenk's phenomenal passing also kept him in first place in total offense—gains rushing and passing—a spot he first acquired last week. In 264 plays he's accumulated 1,572 yards in his seven games.

Georgia's broken-jaw boy, Frankie Sinkwich, retained his lead as the nation's outstanding rusher, compiling 883 yards in 168 plays.

Bill Dudley of Virginia, who led the nation most of the season, is second in both total offense and rushing offense. He's rushed the ball 753 yards and has accounted for 1,492 yards from both rushes and passes for the Cavaliers.

Henry Stanton of Arizona is aiming at the bureau's modern five year pass-receiving mark hung up by Jim Benton of Arkansas in 1937 when he caught 47 passes for 754 yards. Stanton has caught 40 for 689 yards. Also threatening as a receiver is Red Lindow, Schwenk's Washington university teammate, who's caught 29 for 473 yards.

Reflecting Schwenk's passing accuracy, three Washington university backs are listed among the nation's top 20 pass receivers. Besides Lindow, with 29 caught, there's Po-falt, who caught 21 for 302 yards

to rank sixth, and Turley, who's snagged 18 for 251 yards, to rank 14th.

The Figures: (x—denotes one game played, unreported.)

Total Offense—(Gains rushing and passing): Schwenk, Washington (St. Louis), 1,572 yards; Dudley, Virginia, 1,492; Sinkwich, Georgia, 1,377; (x) Elmer Madarik, Detroit, 1,260; John Podesta, St. Mary's (California), 1,105; Deraese Moser, Texas A. & M., 1,105; Owen Price, Texas Mines, 1,074; (x) Paul Goren-snell, Columbia, 928; Booby Payne, Clemson, 917; Dick Weber, St. Louis, 914.

Rushing Offense—Sinkwich, Georgia, 883 yards; Dudley, Virginia, 793; Johnny Griggs, Holy Cross, 709; Bob Steuber, Missouri, 697; Marlin Harder, Wisconsin, 679.

Forward Passing Offense—(Ranked on completions) Schwenk, Washington (Missouri) 91 completed of 178 for 1,174 yards; Price, Texas Mines, 78 of 157 for 776; Podesta, St. Mary's (Calif.) 59 of 121 for 978; (x) Governall, Columbia, 58 of 145 for 639; Angelo Bertal-lini, Notre Dame, 57 of 108 for 581.

Pass Receiving—Stanton, Arizona, 40 caught for 689 yards; Lindow, Washington (St. Louis), 29 for 473; (x) McDonald, Tulane, 29 for 398; Harry Krouse, Penn State, 23 for 409; Marshall Spivey, Texas A. & M., 21 for 304; Fofalt, Washington (Missouri) 21 for 302; (x) Howard Keating, Detroit, 21 for 243; Mill Cealin, Baylor, 21 for 129; Bill Henderson, Texas A. & M., for 198.

## Busses Arrive From S'water's High School

Although skies were overcast, brisk weather portended likely football conditions as Big Spring is busy engaging Sweetwater's Mustangs, who have held a head-lead for district 3-AA gridiron leadership with the Odessa Branches.

Squaring off at 3 p. m., the two clubs are in well-backed by supporters from both towns. No special trains ran from Sweetwater but busses were bringing students from the Mustangs' home precinct.

Some Sweetwater fans appeared on the local scene about noon today but majority were arriving shortly before game time. Some business houses in Big Spring were closing shop for duration of the game. Although Sweetwater establishments were remaining open, those fans who so desired were given time off to attend the tilt in Big Spring.

Big Spring and Sweetwater are about even-stephan in regard to poundage of starting backfields. Both pull between 152 and 158 pounds. In the forward wall, Sweetwater holds a distinct weight advantage, scaling 173 pounds to Big Spring's 169.

The Herd has been going through taping off process with no additional plays being added to the maneuvers. Wednesday, the Steers went through a short drill, then finished the session early in order for some of the boys to attend the C. W. Cunningham funeral rites.

Sweetwater has spent the time since the Odessa-delivered defeat working out a pass-run combination. Heretofore, the Mustangs have concentrated on the ground attack, going to the air only at those times when they had nothing to lose and very little to gain. Marion Flanagan and Emmett Young had been assigned to carry the brunt of the running maneuvers.

The Ponies had suffered no serious casualties in the clash with Odessa and went through the week in a like manner, coming to Big Spring at full strength.

Big Spring was shy Wofford Hardy on the line and Horace Bostick was nursing a foot ailment, although he took the starting quarterback berth.

## Church of God Members To Burn Mortgage Papers

Members of the Main Street Church of God will celebrate the clearing of the parsonage property with a mortgage burning ceremony the afternoon of Nov. 30, the Rev. R. E. Bowden, pastor, has announced.

At the same time, the church will be starting its revival campaign, and will entertain the district young people's rally, making it a banner day for the church.

J. Fred Whitaker is to take cognizance, on behalf of the congregation, of the third anniversary of the Rev. Bowden's pastorate and Mrs. Whitaker is to sing the feature sermon at the mortgage burning will be by the Rev. E. F. Brown, Odessa.

Delegates are expected here from Sweetwater, Ballinger, Ira, Odessa and San Angelo for the young people's rally which follows immediately the mortgage clearance ritual.

Earlier in the day at the morning worship, the Rev. G. W. Pendleton, Enid, Okla., will start the winter revival campaign for the church.

### Thief's Carelessness Pays For Stolen Melons

MERCER, Pa.—The thief who stole the entire watermelon crop of Henry G. Wallace inadvertently paid a fair market price.

After nursing his experimental crop of melons all summer Wallace was disappointed when only three matured. Then when he went to pick a ripe one all three were gone.

However, down among the vines Wallace found three \$1 bills, apparently where the melon thief had dropped them.

# Yearlings Go After Undefeated Season In Final Tilt Here

Big Spring's Yearlings write fins in Steer Stadium Friday to a season that has been victors in six engagements. Lamesa, Colorado City, Sweetwater and San Angelo have felt the might of the Yearling machine. Lamesa and Colorado City will see what it can do tomorrow.

The game is scheduled to get underway at 5:30 o'clock. Once more, Big Spring holds a decided advantage over the San Angelo Crimson Tide. But, the juniors from the Conche bottoms are primed to make up in a small way for the defeat administered to San Angelo's Bobcats by Big Spring's Steers Armistice Day.

In the first meeting between the Yearlings and the Crimson Tide, the latter marked up the first score against Big Spring. The Jets got off to a slow start but turned on the heat in the last half to wind up the game by plastering San Angelo, 25 to 7.

Passes and unexpected long runs accounted for the Big Spring-

# Skimpy Grid Menu Set Turkey Day

NEW YORK, Nov. 20 (AP)—Football and turkey are the chief attractions today in the states which observe this as Thanksgiving Day. but if the turkeys are as scarce as the football game, somebody is likely to go hungry.

Back when everybody celebrated Thanksgiving on the same date, the Turkey Day gridiron game was filled with choice morsels. But now that we have two Thanksgiving days, many football teams avoid Thursday games.

A large portion of today's activity is confined to the southern sector, where the annual clash between Virginia and North Carolina heads the list.

It will be the rubber game of a series that started in 1932. Each team has won 31 games. In addition, it will be the last collegiate appearance for Bill Dudley, Virginia's backfield ace who has scored 112 points this year.

In New York, the only grid battle available to holiday crowds brings together a Georgetown team that whipped Maryland and North Carolina State, and a Manhattan eleven that held Holy Cross to a 13-13 tie.

Brown and Rutgers wind up their season in their traditional Thanksgiving Day clash at Providence, R. I.

A traditional scrap in the south pits Virginia Military against Virginia Tech at Lynchburg.

Southern conference teams collide on four fronts. Davidson meets the Citadel at Charlotte, Washington & Lee ties into Maryland at Baltimore, William & Mary is at Richmond and George Washington faces Wake Forest at Washington.

## Coach Faurot's Faith In 'T' Has Missouri As Rose Bowl Possibility

COLUMBIA, Mo., Nov. 20 (AP)—Sixteen years ago a wiry lad with shoulders as broad as the horizon put his Missouri University diploma in a suitcase bulging with letter sweaters and set out for a coaching job.

His ambition was to prove that the T formation was the most powerful offense in football.

Coach Don Faurot went to Kirksville, Mo., Teachers College, which had been shoved over more gridirons than a line marking machine. His T startled the conference for nine years, winning seven championships and 26 straight victories.

He then shot into the head football job at Missouri in 1925.

He used his version of the T some last year in an offense built around pitching Paul Christman, but saved the full bloom for this season.

It's called the tossing T with short laterals or shovel passes tossed to the ball carriers. Only basic running plays and six passing plays are sprung out of it. And the play which has worked most effectively is nothing more than a simple off tackle plunge, inside or out, depending upon the defense.

Sophomore Maurice Red Wade, one of Missouri's TNT triplets scored twice by slanting through the Cardinals' St. Mustal will be the find of the 1942 big league season. Wade's 28-0 leading Oklahoma. Missouri's T has split opponents' outdressing fights down there (and the hockey players haven't begun fighting yet.)

Today's guest star—Flem Hall, Fort Worth Star-Telegram: "It took the Christians to master the Bible plan."

Pup she's right—At a Wisconsin field trial a setter pup named Tipshoals Nina wasn't performing very well for her handler, Carl Bechtold, who coaches at a Milwaukee high school....Finally she heard Mrs. Bechtold's voice in the gallery and ran to her. The upset was that Mrs. B. had to take over the handling job and the pup won.... Seems Nina knew who's boss in the family.

Postman's paragraph—We've heard of football games being postponed because of rain, snow, fog, light failure and various other reasons, but Lowell Redelings of the Hollywood (Calif.) Citizen-News comes up with a new one....Seems a game out his way was postponed because of an earthquake....Wonder if it wasn't caused by some of those "earth-shaking" tackle publicity guys who are always telling about.... Frederick Hutsmith of station KFDN, Casper, Wyo., says the KFDN football forecast board has an 80 per cent average in calling the 50 big games each week and challenges any similar group to "brag" in picking contestants.

Capt. Bill Baumer of the West Point public relations staff is busy on his third book between teaching and publicity chores. It deals with West Point's place in American life today.

Odds—and some ends—The National Hockey league is talking about establishing a hockey hall of fame....With a \$30 top, the Louis-Buddy Bear fight Jan. 9 should beat the Garden gate record of \$201,300 set by Jim Maloney and Jack Delaney in 1927....Ray Nolechak, Milwaukee's trotting horse driver who was hurt in a spill in Westbury, N. Y., last spring, underwent his third operation recently....George Hales says the Bears won't accept ticket reservations for the pro playoffs until after Nov. 30....Folks who have seen Red Rolfe at Dartmouth football game say he still has that tired look he wore during the world series....The leading schoolboy scorer of New York City is Howie Extract of Lincoln High—and Howie extracts himself from the clutches of tacklers!

## Lookin' 'em Over

Deward Marcum, currently coaching at Roscoe, gives up his Roscoe berth this weekend and takes up basketball coaching and physical education instructing at Big Spring Monday.

Marcum, a stellar Hardin-Simmons athlete, was originally signed up for a place at Big Spring but a readjustment resulted in his going to Roscoe at the beginning of the year.

He had been lined up to fill John Daniel's duties for Big Spring but the temporary nature of the job caused him to accept the Roscoe assignment instead.

After Daniel was given the discharge from active army service he decided to go into construction work instead of returning to the teaching and coaching profession. Marcum has been signed to take the job permanently.

He will handle all boys' physical education classes in addition to being head coach.

J. O. Vineyard is pulling for a real winter spell, come Saturday. Vineyard and a friend from Stephenville are going into the wilds of Mason county on a deer hunting foray.

Andy Andrews, who did the umpiring honors in West Texas-New Mexico baseball league last summer is getting "on in the groove" at Henderson this fall. Andrews is Henderson football coach and his lad went through district 13-AA competition until they met Naecogoches yesterday, losing the ball game and the loop title, 19-0.

## Former Cage Star Blossoms As Phillips Oilers' Coach

NEW YORK, Nov. 20 (AP)—Chuck Hyatt was a whirlwind on the basketball floor, but he is a regular tornado on the bench.

One of the brightest stars the game ever produced, Hyatt now coaches the crack Phillips Oilers of Bartlesville, Okla., who are out to recapture the National A. A. U. title they lost last spring to the 20th Century Fox quintet of Hollywood.

The former University of Pittsburgh ace and many-time A. A. U. all-tournament star admits that he plays the game twice as hard from the bench as he ever did on the court.

"It's really rough," Hyatt said today after directing his team to a victory last night in the season's first court show at Madison Square Garden. "Playing the game from the bench is a man's job."

The Oilers defeated the Ohrbach A. A. U. New York, 28 to 25, last night, while 20th Century Fox knocked off the Roanoke, Va. Legionaires, 35 to 28, in a double header which inaugurated basketball's golden jubilee year.

And Hyatt won't have long to wait to see how his team stacks up against the champion Hollywood club, for the two quintets collide here Monday night in the final game of the two-round jubilee tournament. Last night's losers met for third place.

To say that Hyatt now plays the game from the bench is a masterpiece of understatement. He used the bench from end to end, then spends half his time pac-

Editorial —

There's Really Something To Shop Early This Year

Soon appeals to shop early for Christmas will be voiced in a daily crescendo. It will not be anything new, but this year the appeals should warrant more serious consideration and merit more action than ever before.

upward jog; buy now because of the inadequacy of supply. Unfortunately, all of these selfish angles will be true this year. The price and supply problem has been present since earlier in the year, and with business booming generally this autumn, it has been felt on every hand.

because it is more convenient. In recent weeks most Big Spring people have adopted the policy of doing their weekend shopping on Friday, solely because it was more convenient. The same can be applied with results to Christmas shopping.

THE PHONE BOOTH MURDER

by Phoebe Atwood Taylor

Chapter Eight BRIEF RETREAT He expected that Jennie would register an immediate protest against a retreat, but Jennie waited until they were on the top step to behind them by Mrs. Doane before she let out a loud snarl of indignation.

go back and wait for him. When he comes, tell him what's happened. If they say at the barracks that he's on his way you try an' call him when he goes past. By rights, he ought to go past here.

one walk through that room?" "I still know I did!" "Don't try to tell Hanson about it," Asay said. "There's no use confusin' him at the start. Oh—before you go. You better call Sam at the garage home an' have him drive my roadster over. He can hang around till Hanson's come, an' then drive you back in the truck, or he can drive you back in the roadster. Figure it out between you, but get my car here."

"Later what?" Jennie asked after Asay had returned the claims to the truck and got in himself. "Asay, what happened to that body? That woman's body was in that phone booth when you an' I come, an' it was there when I closed that door!"

"I'm goin' to park right here," Asay said, "an' I only hope Syl's lights last. They're the feeblest lights I ever seen on a four-wheeled vehicle. The point about all this body-movin', Jennie, is that people didn't have much time."

"I forgot all about him! An' the poor man ain't had a speck of supper! Oh, my goodness! I guess Sam had better drive me right home in your roadster—but, Asay, you'll phone me when you find out what becomes of that poor woman's body?"

How To Torture Your Wife

"No, she just said she didn't want to be late, an' it was very important that she was on time, an' if only she could manage to get across that intersection, she knew she could get there on time. 'Course, I thought she meant that once she was across, she could rip an' tear along to Provincetown, but I guess what she really meant was that once she got past the soldiers with the lanterns, she hoped she could cut across that Army string at the next turn. Asay, I think it's awful strange. Jennie's plaintive reactions, he thought as he walked rapidly along, were certainly justified. He felt thwarted himself.

Washington Daybook—

Army Buys Million Bucks Worth Of Human Blood

WASHINGTON — Capital talk: Of all the odd purchases of the United States Army, the one that stirs the imagination most is that made recently for a million dollars worth of human blood. Five contracts were let to chemical laboratories, totaling \$1,026,350 for the purchase of gallons of human plasma. The blood bank is being set up against that time, if ever, when it might be needed for blood transfusions. This doesn't necessarily mean a fighting war reserve of human blood. With 1,500,000 men in the army now, the amount of blood needed for accidents resulting from training activities of a mechanized army and for "normal" illnesses is tremendous.

was getting in too many republicans; the republicans that the president was giving too many jobs to party men in the business field. The president got a ruling from Attorney General Biddle that it was his prerogative to delegate this appointive power and immediately the president washed his hands of the whole business. Hereafter, the dollar-a-year boys will be named by the national defense division heads—Donald Nelson, William Knudsen, Sidney Hillman and Leon Henderson.

British Change Army Command

LONDON, Nov. 20 (AP)—A shake up of Britain's army command in which General Sir Alan "Wizard" Brooke, 58, was named chief of the imperial general staff and younger general officers were given key posts has been announced by the war office. The youngest man involved is Major General A. E. Nye, at 45 one of the youngest generals Britain has known, who will become vice chief of the imperial general staff.

Man About Manhattan—

Gypsy Rose Lee May Set A Style

By GEORGE TUCKER NEW YORK — Nobody asked me, but I still like college football better than pro... Bill Stern is my sports announcer... Nobody in pugilism gives me the kick Dempsey did... There's not a funnier comedian than Danny Kaye... Hardest hand leader in New York to interview is Benjamin Goodman... I dunno why, but every time I hear Helen Hayes' voice my heart skips a beat... I'm the guy who never called for Lana Turner... But I'd stand in the rain to hear Blue Barron play "Sometimes I'm Happy."

Hollywood Sights and Sounds—

These Movie Kids Are Smart

HOLLYWOOD—Sometimes these movie kids are frightening. If you side up to Roddy McDowall, 12, and ask him what his hobbies are, he'll answer, "reading." Tom Swift? The Rover Boys? The Boy Scouts in Darkest Africa, perhaps? Or the comics? "Oh no, sir. I read Shakespeare. Sometimes I look at the comics, but only the ones containing information."

We staggered over to Conrad Blynon, 10. Conrad is an aviation fan and he's full of new turbo-superchargers and other things. After that Freddie Walburn, 12, is a positive relief. Freddie is interested in ranching. Ah, a cowboy? "Well, not exactly, sir. I hope to buy a herd of purebred Herefords. Of course, you can't let them run loose on the range and..." This is too much. Enough to drive you straight to a cup of coffee, double-strength. Whatever has happened to "Alice in Wonderland?"

It's quite a trick, but Bergen and McCarthy are likewise in their natural habitat—the broadcasting center. For plot purposes Edgar and Charlie descend on Westvil Vista and mix in the local real estate scramble. Lucille Ball's the girl. Quick-raise-department: Jean Phillips, a face in a montage sequence of "Kiss the Boys Good-bye," is now leading lady in "Dr. Broadway."

Texas Farm Work Shows Progress

AUSTIN, Nov. 20 (AP)—Farm work progressed rapidly in Texas last week, the U. S. agricultural department reported today. With fair weather, farmers continued harvesting remaining crops, and soil conditions were almost ideal for 1942 preparations. Farm labor was a less serious problem as a whole. Most sections had ample cotton pickers, but a shortage of harvest hands was reported in the northwestern grain sorghum fields and in South Texas truck crop sections.

**Wasps Win Odd Battle With Electric Shears**  
FORT WORTH—Wasps, like everything else in Texas, are big. Ask James Aldridge, who can show a deep incision as proof to him. It happened the night Aldridge was cutting the hedge with a pair of electric shears. He cut into a wasp nest and when the stingers started swarming out of the bushes, Aldridge attempted to beat them off with the clipping tool.

Well, the wasps never touched him, but he dropped the buzzing shears, which nipped his leg.

**Western Livestock Tough**  
DURANGO, Cal.—Perhaps the automobile is here to stay, but western horses and cattle are just tough enough to think otherwise. Over a period of two days there were three automobile - livestock collisions near here. Damage to the cars was estimated at \$1,000. The horse and two cows involved walked away from the accident.

In 1940 the population of Florida was 1,897,414.

### Veteran Rail Engineer Of Rio Grande Retires

DENVER — Arthur Ridgway, railroad engineer, has retired after half a century of continuous service with the Rio Grande railroad.

He has led survey parties into nearly every gulch and mountain pass used by the Rio Grande to solve the difficult problems attendant to laying rails through the Rockies.

Ridgway's plans for the Rio Grande's mountain routes made that road the proving ground for railroad scientific research.

**Herring's Scales Processed**  
EASTPORT, Me.—The once worthless scales of herring, a small silver fish caught off the coast, now have become a valued by-product of the fishing industry. Manufacturers in two plants here make an essence from the scales which is used to give iridescence to artificial pearls.

Colorado City Employees Shifted

COLORADO CITY, Nov. 20 (Sp) Jim White, driver of the Colorado City fire truck for the past 14 years, was put in charge of the north city water works this week and moved to the house at the water works on Wednesday.

White succeeds Harry Lovins, who resigned. Resignation of Lovins was accepted at a special meeting of the city council Monday night, and White's appointment was made at the same time. Bill Hammans, recently of the night police force, is to be fire truck driver in White's place. He and Mrs. Hammans moved to their quarters at the city hall this week.

Forsan Folk Set Turkey Dinners According to School Holidays

FORSAN, Nov. 20 (Sp) — The question of which Thanksgiving to observe is being determined by Forsan residents largely on the basis of holidays granted by the schools their children are attending.

Supt. P. D. Lewis has dismissed classes for this week's Thanksgiving, affecting almost every family in the area, but many colleges are differing in their dates.

From NTSC, Dan Yarbro, a coach, and his brother, Robert, a student, were to be home today for Thanksgiving. Their aunt, Mrs. C. L. Yarbro and daughter, Dot, of Fort Worth was also due here today, as was Wesley Yarbro of Crane.

Curtis Grant will be home with his parents, Mr. and Mrs. A. L. Grant and the J. D. Dempsey's will have their son, Charles, home.

John Tarleton dismisses for the 27th holiday and Floyd Griffith will join his parents, Mr. and Mrs. J. W. Griffith of the Amerasia lease.

Adelaide Hargroves arrives next week to be with her parents, Mr. and Mrs. R. F. Hargroves of Otis-chalk.

Mrs. John Lane went to Abilene Wednesday to be accompanied home by the Lane's daughter, Joy, an ACC sophomore.

Others to arrive within the next two weeks are: Neal Manning, son of Mr. and Mrs. Ernest Clifton.

John B. Barber, son of Mr. and Mrs. L. B. Barber.

Eloise Kent, daughter of Mr. and Mrs. G. C. Kent.

Wayne Monrosy, son of Mr. and Mrs. G. L. Monrosy.

Edna Earl Bradham, daughter of Mr. and Mrs. O. L. Bradham.

Gladys Cardwell, daughter of Mr. and Mrs. J. H. Cardwell.

Edna Earl Anderson, daughter of Mr. and Mrs. Anderson.

James Gardner, son of Mr. and Mrs. J. E. Gardner.

Kenneth Butler, son of Mr. and Mrs. O. L. Butler.

Early Thanksgiving Messes Things Up In New England

SALISBURY, Conn., Nov. 20 (Sp) An old New England Thanksgiving Day poem starts like this: "Over the river and through the woods, To grandfather's house we go; The horse knows the way "To carry the sleigh "Through the white and drifting snow."

Autopsy Made Of Possible Murder Victim

MONTERREY, Mexico, Nov. 20 (Sp)—District Attorney Juan Jose Vallejo today received a final autopsy report that wealthy Mrs. Arthur Torrance—in whose death her self-identified New York author and explorer husband is held as suspect—died from shock caused by a fractured skull.

Drs. Raymond Garza and Ramon Sepulveda finished their report late last night and Vallejo immediately signed an order turning the body over to Richard Loveland, Los Angeles attorney who initiated the inquiry into the death of his mother, the former Mrs. Ada Loveland of Kalamazoo, Mich.

Prosecutors contended Torrance beat her to death with a vacuum bottle for financial gain. Torrance denied this and has theorized she died as the result of a blow suffered when their car swerved from the highway to avoid striking an animal.

Loveland planned to send the body of his mother back to Kalamazoo but has not yet made definite arrangements.

Story Continued From Page 13

That the woman could have been shot in the phone booth of the Inn's living room without someone having discovered her or having heard the shot also seemed incredible at first. But that situation was clearing up. Mrs. Doane had been out on the road somewhere, waiting to get gasoline for her car. The Doane girl had been outside somewhere, trying to fix up the Delco system. Neither of them had mentioned or summoned any other servants or staff, so it seemed reasonable to assume that none were around. Probably, so early in the season, the Inn wasn't overburdened with guests and the staff was correspondingly small.

So, the woman from the four corners had come into the empty, candle-lit living room, gone to the phone booth, and been shot. Asay dismissed Jennie's vision of her walking across the living room, and attacked the problem of who could have moved that body in so short a time.

He shook his head and mentally checked off the clam-tripper. The heavy bald man who was trying to snare his chicken thief was too far away.

That left the Doanes, mother and daughter, and Mrs. Hingham, whom Asay at once eliminated. Asay considered the Doanes. The girls he decided, was out. To Be Continued

White Swans at \$45 TAYLOR, Tex. — Texas poultrymen have overlooked something—i.e., white swans. The surprising profit in the swan industry was revealed by a deal between City Manager H. G. Richards of Taylor and Orange, Tex., business men.

Taylor was the beneficiary, receiving \$140, or \$45 a bird.

Food Stamp Sales Total Millions

Orange and blue food order stamp sales in the 201 food stamp areas in the 13 southern states amounted to \$6,118,623.50 during October, L. J. Cappieman, regional director, Surplus Marketing administration, Dallas, said today.

The food stamp program, community school lunch program, and direct distribution of commodities to needy Americans are part of the Surplus Marketing administration's program to help provide American farmers markets for their products. At the same time these programs are building America's health defenses by providing health-building foods to needy American families and millions of undernourished school children.

Some condiments of foreign origin will be scarce and more costly this Thanksgiving, according to the department of commerce.

By Far The Largest Selling Cough Medicine

Buckley's CANADIOL Mixture now on sale and made here in America acts like a flash on coughs due to colds or Bronchial irritations. Buckley's is by far the largest selling cough medicine in all wintry Canada.
