Recognition Tops Parents' Day Schedule

ROTC To Parade; Receive Awards

As a part of annual Parents Day activities tomorrow, Tech's ROTC will have a review parade and the outstanding junior and senior cadet will receive awards, stated Lt. Col. L. C. Adams.

The corps will occupy the southwest part of the circle during the dedication ceremonies. After completion of the dedication, the cadets will form in front of the Engineering building for the presentation of awards.

Names of the senior, who will be presented with a sabre from the South Plains chapter of the Reserve Officers association, and the junior, who will receive an engraved identification bracelet, will not be revealed until the presentation, Adams said.

The corps will then pass in review for Gen. A. D. Bruce, deputy commander of the Fourth Army, Fort Sam Houston. The line of march will be from the starting position in front of the Engineering building around the boulevard and back to the ROTC building.

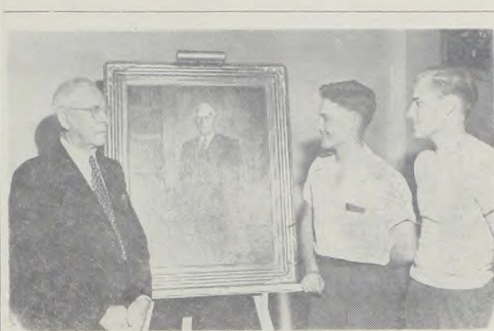

Visitors and students may watch the whole ceremony from the sidewalk east of the boulevard going from the circle to the gym.

Parents Day Opens With Registration At Recreation Hall

Parents' who will be on the campus to participate in Sunday's service are to begin registration in the Rec hall between 12 p. m. and 2 p. m., Katherine Nelson, chairman of the Parent's day committee announced. Parents are to register according to the divisions in which their children are enrolled, the chairman further stated. Elected members of the student body and class officers will present tables for each division. Parents will fill out registration cards and will receive tags. Mothers of students will be presented with flowers.

Academic deans and department heads will have assigned places in the hall and in the receiving line will be Mrs. W. M. Whyburn, Dean and Mrs. James Allen, Mr. and Mrs. George B. Langford, Mr. and Mrs. Clifford B. Jones, and Assistant Dean of Men, Lewis N. Jones and Assistant Dean of Women Mrs. Eleanor Chitwood.

The committee from the Student Council in charge of Parents' day activities is made up of Katherine Nelson, Home Ec Department; Floyd Wright, Arts and Science department; Dub Boswell, Commercial division, Bill Reid, agricultural division and Tom Hassell of the Engineering division.

DEAN EMERITUS OF AGRICULTURE Arthur H. Leidigh stands by his portrait, painted by Mrs. Loretto Edwards of Amarillo, as students Earl Sears and Bonnie Allen look on. Additional story on page 4. (Photo by Jane Watson.)

Memorial Circle Dedication Planned By TWVA Sunday

Memorial Circle will be dedicated tomorrow at 2 p. m. by the Tech War Veterans association at which time a permanent monument will be placed in the Circle according to Gene Nowlin, commander. Major General Andrew D. Bruce, deputy commander of the Fourth Army, Fort Sam Houston, will give a short dedicatory speech on "National Security."

The monument, 36 inches high and made from polished red granite stone, is topped by a sun dial. The inscription upon it will read: "Dedicated 1948 by Tech War Veterans association to all whose service has brought honor to college and country."

Floyd Read, TWVA executive committee member, will act as master of ceremonies, and Roy Grimes, chaplain, will bring the invocation. Introduction of the speaker will be made by T. C. Root, administrative assistant to Tech's president. Nowlin will make the dedication, and Dr. William M. Whyburn, college president, the response to the dedication.

Tech's all-male chorus and concert band will also be on the program. The ceremony will be filmed for use in the all-college movie, according to W. O. (Dub) Boswell, movie committee chairman.

Schedule Given For Parents' Day

A large part of the roads leading to the circle will be roped off at 1:00 p. m., and full cooperation is asked of all visitors in obeying traffic signs and paying attention to the roped off areas. At approximately 1:00 p. m. the north and south ends of the boulevard immediately in front of the Textile building and facing the circle will be closed to traffic. Police will direct this traffic around to parking areas behind the engineering building and east of the journalism building. The boulevards on the north side of the circle, both east and west of the administration buildings will be roped off at one o'clock, necessitating traffic coming toward the circle from Nineteenth street to park behind the Ad building. This barricade will be removed at 1:45 and the north boulevard, east of the circle, will be blocked off. Police will direct traffic to parking areas near the boys' dorms, as well as to other parking areas on the campus.

Noted Lecturer Here Next Week

Dr. R. A. Millikan, chairman of the executive council of California Institute of Technology and one of the first eminent scientists to advance the theory that no connection exist between religion and science, will be presented in a series of lectures on the campus Sunday through Wednesday, according to Dr. C. C. Schmidt, professor and head of the physics department.

Parents' day and Recognition day programs will feature the first talk at 3:30 p. m. Sunday. Dr. Millikan will discuss "The Release and Utilization of Atomic Energy" at 5 p. m. Tuesday, in the Aggie Memorial auditorium, before faculty and students. Other lectures will be at 3:30 p. m. Sunday in the gym; at 7:30 p. m. Monday at the Rec hall; at 5 p. m. (special lecture to Physics and Science clubs) at 5 p. m. Tuesday in Aggie auditorium; 7:30 p. m. Tuesday at Rec hall and 7:30 Wednesday at Rec hall. Subjects of these lectures will be of general interest to faculty, students and the public, President Whyburn announced.

Techsans Appear In Theatre Play

Lubbock Group Theater will present "The Man Who Came to Dinner," by Kaufman and Hart in the high school auditorium at 8 p. m. Monday. This group was recently organized by Mrs. Charles Cobb of the English department and is sponsored by the Optimist club of Lubbock.

Members of the organization have been associated with various Little Theater groups throughout the Southwest.

Student tickets will be 50 cents; general admission, \$1.20 and reserved seats, \$1.80.

Tech Annual Play Day Began This Morning

Several hundred girls are taking part in the eighteenth annual Tech Play day today in the gym. The yearly day of fun which is open to all women students on the campus, is sponsored by the women's physical education department. Women's Recreational association and Major and Minor clubs.

- Registration and team organization will begin activities at 8 a. m. Competition in tennis, table tennis, volleyball, badminton, softball, washers, darts, horseshoes, jacks, baseball throw and relays will continue until 3:30 p. m. when awards will be presented to winners at a general assembly.
- Each girl who enters the day's events will be placed on one of four color teams - Blue, White, Red or Black. The participants must enter two team sports and two dual or two individual sports. Winners will be determined on the basis of points earned. Five points if they win, three points if they lose. Teams winning first, second, third and fourth will be recognized.
- Highlighting Play day events will be a luncheon at noon in the gym. It will be followed by a short program before sports are resumed at 1:30.
- General managers of Play day are Mrs. J. G. Langford, dean of women; Miss Mary Francis Hill and Miss Mary Peacock, instructors in physical education for women; Miss Sue Rainey, assistant professor of physical education for women; Betty Jay and Lois Bassemier.

Cotton Carnival Tickets Are On Sale On Campus

Tickets for the Cotton carnival, which will be presented on May 13, are now on sale in the Textile building. Tickets will go on sale downtown at Wyle's Drug next week. Reserved seat tickets are \$1.20 and general admission tickets are \$1.75.

"Cotton Queen" will be chosen by a general campus election from a group of eight girls selected by judges at the carnival style show, according to B. J. Mallard, committee chairman. The elected queen will be crowned at the Carnival.

Outstanding Students To Be Honored In Recognition Service

Tech will honor 190 outstanding students at 3:30 p. m. Sunday in the gymnasium in its second annual combined Recognition service and Parents' day. Those qualifying for formal acknowledgement are students in the upper three percent of each division, provided no student in that rank has under 2.25 average.

Campus organizations where two-thirds of the membership average is 2.0 will also be recognized. They are Alpha Chi, Forum, Freshman Honor society, Tau Beta Phi, Phi Eta Sigma, Phi Upsilon Omicron and Sigma Tau Delta.

Individuals to be recognized are: Seniors Bonnie L. Allen, John Ash, Dana Jo Bennett, William A. Blackwell, Stephen A. Brooks, Margaret Ann Bruce, Betty Cope-

Bronze Building Markers Are Gift Of 1948 Senior Class To College

Building markers as the gift from the class of 1948 were approved by the senior class at a meeting Wednesday, according to Bedford Raley, chairman of the gift committee. The committee, composed of Raley, Sharon Rambo, Leete Jackson, Avis Fuchs, and George Wall, has chosen bronze plaques eighteen inches by six and one-half inches, mounted on a two-inch iron pipe permanently embedded in concrete to be placed about four feet from the street for easy reading. The pipes will be coated to maintain a silver finish and absolutely will not rust nor tarnish, according to Raley.

New Council Officers To Take Oaths Of Office

Newly elected Student council officers and members will take oaths of office at the Student council banquet, 7 p. m., Monday in the Hilton hotel. The speaker for the occasion will be Dr. J. W. Davis, head of the department.

Bandits Grab \$300 In Cafeteria Raid; State-Wide Search On For Hoodlum

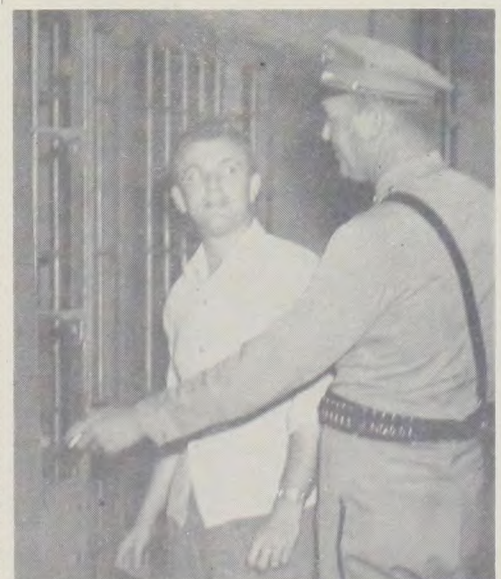

George Wilson, sophomore arts and sciences student, will have a charge of armed robbery of the college cafeteria over his head when he faces the court in the Pre-Law club mock trial at 7:30 p. m. Monday in C-101.

The cafeteria was robbed of approximately \$300 at 10 a. m. yesterday when two armed bandits entered the southwest door and took the money from Ray Simmons, manager.

The robbery, which took less than a minute was "pulled off" while one bandit held a pistol on Simmons and forced him to hand over the bag of money that he had prepared to take to the bank, while the other bandit guarded the door with a sawed-off shotgun. They escaped through the door by which they entered and made a get-away in a white, 1942 Chevrolet coupe.

found in the back seat of the getaway car yesterday afternoon before Wilson's apprehension. The public trial Monday night will be tried before the Honorable Joe B. Gibson with Max Osborn as defense attorney and Bill Stevens as prosecuting attorney.

Approximately 35 students entered the try-outs for narrator of the movie, Thompson said. Selection was made by the movie scenario committee by judging each student's voice over a tape recording. Contestants were given numbers as identification during the recordings.

GEORGE WILSON—shortly after his arrest for robbing the college cafeteria.

Movie Committee Narrators Chosen; Collection Of Data To Begin Soon

Narrators for the all-college movie have been chosen and newly appointed script writers will begin collecting data Monday, according to W. O. (Dub) Boswell, movie committee chairman.

Chosen as narrators were: Bob Brandon, sophomore from Lamars; Clint Formby, senior from McAloon; Betty Dennison, junior from Lubbock; and Mrs. Annie Adams of Big Springs. All of the students are in the arts and sciences division. Final selection of the boy and girl who will go to Chicago next fall and of the alternates, will not be announced until completion of the script, according to Jack Thompson, vice-chairman of the committee.

Only a few academic shots remain to be filmed on the campus, according to Boswell. Remainder of the filming will be of such outside activities as sporting events, commencement and campus scenes.

Mary King Named Best Journalist

Announcement of a feature story contest and presentation of an award to Mary King as the year's outstanding senior journalism woman highlighted Theta Sigma Phi's annual Matrix Table banquet last night. The organization is a women's professional and honorary journalism fraternity.

All freshmen and sophomore women majoring in journalism are eligible to enter the feature contest sponsored by Theta Sig and must submit their stories by May 15 to Mrs. James G. Allen or Mrs. Tom Allen in the Press building. The features must be from 350-500 words in length, according to Jayne Thompson, chairman of the contest committee. An award will be presented to the author of the winning story by the journalism fraternity following May 15.

Mary King, who was elected outstanding senior journalism major, was chosen on the basis of her cooperation and work in the department and on the campus, said President Aline Whitby, who presented the award. Miss King is a member of the Photographic Society of America, Forum, board of directors of Tech Chamber of Commerce, Press club, and Book Reviewers. She is president of Kappa Alpha Mu ('46, '47, and '48), secretary of Theta Sigma Phi ('48), Women's Inter-Club council president, Death Council board member of the 1947 Varsity show, member of Women's Student Governing association ('46, '47), Toreador staff ('46, '47), photography editor of The Toreador ('48).

Amendment Case Decision Deferred

Decision has been deferred in the case against Secretary of State Paul Brown concerning the College Building Program amendment which was presented in the 126th district court in Austin Friday.

Clarence Whiteside, Lubbock businessman and one of the group who advanced the suit, said Wednesday that, "Whichever way the decision goes, it will be appealed to the Civil Court of Appeals. We hope to have a decision before long, since funds for Tech must be raised. If nothing more happens, we have clarified methods of holding amendment elections."

Sock And Buskin To Present Play

"The Finger of God," a one-act play by Percival Wilde, will be presented at a meeting of Sock and Buskin, dramatics club, at 7 p. m. Tuesday in the speech auditorium, according to Bill Kathryn Lancaster, president.

Directing the play is Dell McComb. The cast consists of Emilene Raptine, David Blackbird, and Robert Bujac. A business meeting will follow and plans for a spring picnic will be discussed.

At the last meeting, "All My Life," a one-act play, was directed by Pat Smoot. Members taking part were Jacquelyn Reynolds, Betty Dennison, Alice Joy Barron, and Jeanetta Lewis.

Senior Engineers To Speak At Meet

Seniors Edwin Locke, mechanical engineer from Sayer, Oklahoma, Tom Hassell, mechanical engineer from Lubbock, Harold Spuhler, electrical engineer from Lubbock and Louis Stevens, electrical engineer from Post are attending the meeting of Texas Academy of Sciences, which is being held at the Abilene Christian college today.

Locke will present a talk "Effect of Water Injection." "What You Will Be Burning" is the subject of Hassell's speech. From the electrical engineering department Spuhler will speak on "Theory and Operation of Radio Compass" while Stevens' subject is "Cathode Follower Applications."

Mary King Named Best Journalist

Oleta Stewart, Anita Oliver, and Argero Booth Collins gave reports at the banquet on the Theta Sigma Phi state convention in Dallas which was held last weekend. Special guests were Jane Watson, photography instructor; Mrs. James G. Allen, faculty sponsor; Mrs. Tom Allen, alumnae adviser; and Mrs. John Miller, retiring alumnae adviser.

Voice Of The Circle

Dedication of Memorial circle under direction of TWVA Sunday will be another step in the campus beautification program which has been going on for the past few years.

Not too many years ago the circle was haphazardly grass-covered with numerous cow trails. Then a progressive graduating class voted to replace these foot paths with symmetrical cement walks. Later another senior class chose to donate as gift to the college the lights which surround the circle. Grass has been planted and trees and shrubs have been placed in and around the circle.

If progress continues thus, the circle promises to be outstandingly beautiful in years to come. Maybe some day our whole campus will be covered by trees, grass and shrubs if this program continues. Perhaps occupants of each building will cooperate to take care of the landscaping and beautification there, as the agricultural division, the journalism department and some of the other departments have done and are doing this year.

Anyway, beautification of the circle and the interest shown in it over a period of years may set a new precedent for progress on other parts of the campus.—H. B.

Fewer But Better

Last year 300 outstanding students were recognized at annual formal recognition services. In this Sunday's service, although Tech's enrollment has increased, only 190 students are to be recognized. This decrease in honor students might make us feel as though our college is losing all her mental giants.

There is a logical explanation for all this however. Last year's honor students were chosen only because their name had appeared on the honor roll. This year, requirements have become much stiffer. A few of them are: 1) Students were chosen upon the basis of grades and percentile standings during the past two semesters (except freshmen, who were chosen on fall semester grades). 2) Those to be honored were in the upper 3 per cent of their class provided that none had F or Inc. They are to have a grade point average of 2.25 and could never have been on disciplinary probation. 3) Those chosen must have carried a minimum of 12 hours each semester.

In the next few years requirements may be placed ever higher and may be based on four years work. This system will encourage us all to do better work throughout our years in college.—H. B.

BY Oleta Stewart

The Circle has been intending to call attention to the fact that as an added feature, Girls' Dorm III is now complete with doorknobs on the outside doors.

WHY NOT?

Students aren't always the only ones who deserve to be recognized for their good work, because there are some members of Tech's administration who should have their share of laud. In the humble opinion of the Circle the college Recognition day should include a tribute to a member of this institution's faculty who is an ideal instructor.

However, since this is not the practice, the Vicious Circle would like to announce a recognition contest of its own. Members of the student body the faculty are invited to submit written nominations for an instructor, assistant professor, associate professor, professor, head of a department or member of the administration who meets the following requirements in full or in part:

1. Respects the student viewpoint.
2. Is interested in and well informed on his subject.
3. Is modern in his teaching methods.
4. Gives fair but comprehensive exams.
5. Can hold class interest by careful planning of the hour.
6. Gives a fair amount of homework.

The person receiving the most votes will be presented with a plaque bearing the following inscription:

The Students' Choice For 1947-48 Awarded By

The Vicious Circle For teaching excellence and for all-round cooperation.

The plaque will be a contribution of the Circle in the interest of making Tech a better and more up-to-date educational center, and the writer of the Vicious Circle will make any decisions necessary with the advice of other members of The Toreador staff.

FOR THE RECORDS

"Dear Miss Stewart: In reply to David G. West's letter (published in last Saturday's Toreador concerning the removal of a certain candidate's campaign signs), I should like to state that he was correct in assuming that the opposing candidate was unaware of the situation. Furthermore, I am sure that no person in any way connected with her campaign was guilty of the misdemeanor West named.

It is evident that he either failed to notice or failed to mention the fact that most of the independent candidate's posters were also defaced or destroyed by some unknown enthusiasts. We want

Four Techsans Compete In Show

Annual Kappa Alpha Mu, national honorary photography fraternity, print show will be judged at the University of Missouri during Journalism Week, May 1-5. Four Tech students are entering prints which were displayed in the Recreation hall in March. Mary King is entering one news shot; Joe France is entering one industry print, two sport shots and two pictorial-feature shots; C. E. Wendt is entering two sport shots, two pictorial-feature shots and one industry shot; one pictorial-feature print will be entered by Bernard Bevis.

John R. Whiting, editor of Science Illustrated; Stanley R. Kalish, picture editor of the Milwaukee Journal; and Frank Fenner, Jr., managing editor of Popular Photography, will compose the jury of selection.

Top award is a trip to New York with traveling expenses paid, seven weeks working as a staff photographer for Science Illustrated at a salary of \$50 a week and promise of a job for the photographer upon graduation, if mutually satisfactory. This award will be given to the photographer whose print is judged the best of the show.

General beginning of Journalism Week will open Sunday with a reception. A business meeting of all attending KAM chapters will be held Sunday afternoon. Tech students attending the convention have been asked to participate in the program for the Blue Jean party, Monday night, as Tech is expected to have one of the largest delegations. Tuesday will begin the judging of the picture contest, and a banquet will be held that night. Principal speech for the banquet will be made by some leading person in the photographic field.

According to Miss Jane Watson, photography instructor, the new national officers for KAM will be announced and introduced Tuesday night. Mary King, senior Journalism major from Graham, will be either president or vice president since only two students were nominated. The student receiving the second highest number of votes will be vice president. Following contest awards, students will return to Tech.

Arts Department Solves Gift Riddle

If a Mother's day, graduation or wedding present is worrying your list and your pocketbook, the applied arts department think that they may be able to eliminate this problem. Paper mats from the Art Workshop with original screen printed designs are selling for 5 cents each and selection may be made from X 26.

These mats are made from textured and construction paper, and are available in a variety of colors. Arrangements may also be made to buy them from Mrs. Ethel Bettler, X-25C, Rita Wilkinson, Dorm No. 2; Quepha Rawls, X-25B; Miss Elizabeth Hawley and Cydelle Cummings, X-25B or X-26.

Tech's democratic and constitutional principles upheld as much as anyone does, and would like to suggest that something be done to further good sportsmanship in future elections. A Student."

CAN WE HELP IT if the engraver got this picture printed backward? No matter what your eyes tell you, Barbara McGee is

rounding third base and heading for home while coach Margie Williams is rooting her home for another Las Chap score. Ko

Stereotyping Room Planned For Press

Tech Board of Directors authorized construction of an addition on the west side of the Press building at its meeting in Fort Worth Saturday.

The addition will be of identical construction as the Press building and will be 12 by 28 feet. It will open directly into the main entrance of the Press building and from the loading platform into the Tech Press. That section will

house the stereotyping department, containing casting box, saw, router and melting crucibles.

The Board of Directors approved an expenditure of \$6,000, according to Cecil Horne, head of the Journalism department. "Purpose of the addition is to provide extra space needed in the Tech Press expansion program," Horne said. The separate room will eliminate gases and smoke from the main press room. Construction will probably start soon.

Graduate Assistant Post Awarded To Bob Strain

Bob Strain, retail marketing major from Lubbock, has been awarded a graduate assistant teaching position in Louisiana State university beginning this fall, according to information received from the office of the dean of Business Administration. Strain is scheduled to teach six hours and to enroll for nine hours work towards his masters degree.

Girls Football Tilt Scheduled At Intramural Track Meet

Deadline Is Today For Cinder Teams

Approximately 20 teams are expected to enter the first annual intramural track meet from 2-5 p. m. Saturday May 1, according to Jerry Stoltz, associate editor of The Toreador. Seven of the teams possibly will come from the social clubs, six from the three men's dorms, and at least six independent teams are expected to enter.

The meet will be conducted along the same lines as the regular inter-college meets. The same rules will be enforced on each event.

Some Events Omitted
"We don't want any one to get hurt, so we will have to do away with the javelin, pole vault, discus, mile and two-mile runs," George Philbrick, director of intramural sports, said.

"The majority of the boys will not be in shape for the long, grueling runs, and I'm afraid that if these events were included in the meet, they might over-tax themselves," Philbrick continued.

Entries Due Today
The team managers of all independent, social club and dorm teams are to have submitted their intentions of entering a team in the meet by 6:00 p. m. today. A list of the participants for each team will be submitted by May 10, according to Stoltz.

If too many track stars are entered in a single event, preliminaries will be held earlier, Philbrick said. Suggestions have been made and arrangements are forming for the meet to do away with the "sack-race", three legged, piggy-back, and all similar races that were suggested earlier and to include such events as:

1. 100-yard dash.
2. 220-yard dash.
3. 120-yard high hurdles.
4. 200-yard low hurdles.
5. 440-yard dash.
6. 440-yard relay.
7. 880-yard run.
8. Mile relay.
9. High jump.
10. Broad jump.
11. Shot put.

Clepper, Versatile Trackman, Paces Teammates In Points Won

By T. I. BROWN
Toreador Sports Writer
Tech's high point man during the 1947 track season and the present leading point-getter for the thinny clads is Edward Clepper, the Mobeetic minute-man.

Ed attended public school in Mobeetic, Texas; and entered Briscoe High school as a freshman. He came out for the Briscoe track team and found himself being trained as a distance man, running the mile his first year. During his sophomore and junior years in high school, Ed began high jumping and vaulting as well as running the low and high hurdles. It was in these events that he placed in the district meet his junior year.

As a senior, Clepper won the regional meet in the high jump after taking four places in the district meet, including first in the high jump and pole vault and spots in both the low and high hurdles. Ed's best high school jumping effort was 5 feet, 10 inches.

Entered NTSTC
After completing his high school studies, he entered North Texas State Teachers college where he lettered on the track team. He was fourth high point man in the Lone Star conference that year.

The 22-year-old hurdler entered the army after the end of the school semester and spent three years with various commands. He was overseas for six months in Europe, spending some time with an anti-aircraft group.

After discharge from the service, Clepper enrolled in Tech in the summer of 1946. He was one of the thinny clad mainstays last season when he amassed a total of 88 points to lead the entire team.

Placed In Every Meet
This season he has placed in every meet that the team has entered. At the Fort Worth exposition, Ed tied for second in the high jump; the Texas Relays in Austin saw him tie for fourth in the high jump with a leap of 6 feet 4 inches, his best to date.

The quadraangular meet here against ACC, Hardin-Simmons, and McMurry college, found Clepper taking first place in the high jump and high hurdles with second in the broad jump and low hurdles.

The El Paso invitational meet brought Ed his best performance to date. He took first place in the high and low hurdles and the high jump; second in the broad jump, and fourth in the javelin. His point total for this meet was 19.

In the triangular meet here between Tech, New Mexico, and West Texas, Ed and hardy inter-topper took four firsts. These were

STAFF SLANTS

By JAN BLACKWELL
Toreador Sports Editor

A glance at times and records hung up by other Border conference tracksters this season is almost enough to make anyone doubt the possibility of Tech winning the Border title this year. For instance, Arizona State of Tempe traveled to Mexico City on April 17 for a meet with the University of Mexico All Stars. Tempe downed the Mexicans 88-43 with Tempe men turning in the following marks: Bill Miller established a new national Mexican record by tossing the javelin 198.28 feet (which looks like a sure five points for the Sun Devils in May). Jack Campbell ran the 100 meter dash in 10.6 seconds (which is only one-tenth of a second over the national Mexican mark). Joe Batiste, the great colored hurdler, piled up one-sided victories in both the low and high hurdles (Batiste will be Ed Clepper's most dangerous foe in the Border meet). All in all the Sun Devils boast the best well balanced team in the conference.

Arizona university is strong again this year, but the Wildcats are not as strong as Tempe, yet they will furnish plenty of competition. Arizona's Robison bettered the Border conference high jump mark by a quarter of an inch when he soared over the crossbar at 6 feet, 5 1/2 inches in a recent meet with New Mexico university. Bell of Arizona has been clearing 12 feet in the pole vault and several other conference athletes have been surpassing the best any Techman has been able to do in this event. Arizona's winning time against New Mexico in the mile relay was 3:31.4 which is considerably slower than Tech's best time this season. The Wildcats and Raiders are the only teams ever to win the Border conference mile relay and from all indications one of the two will cop this event this year.

This picture is not altogether dark for Tech as most of those

King, Slagel Head Feminine Squads

By AUBREY SHOUSE
Toreador Sports Writer

A feminine football game, one of the oddities of sports, will climax the first annual intramural track meet in the Tech stadium from 2-5 p. m. Saturday, May 15, according to Jerry Stoltz, associate editor of The Toreador, which is sponsoring the event.

Girls for the two competing teams will come from Women's Dorm III with the co-eds on the two east wings playing the girls' on the two west wings. Those female gridiron prospects who live in Craddock hall and those who live in Lubbock will be able to pick the team on which they desire to play.

Dean Langford Gives Approval
Mrs. Johnnie Langford, dean of women at Tech, gave the department's approval early in April. Plans have been advancing rapidly since then for the coming encounter.

The girls will play under the official touch football rules approved by the National Recreation association. Roughness will be limited a great extent.

"The two coed teams have been 'working out' since Monday afternoon, getting their teams lined up and sharpening up on plays which the various members of the Red Raider football squad have contributed.

Raider Trackmen Work Fervently For Border Meet

Texas Tech's track, tennis and golf teams have spent the week in fervent preparation for the annual Border conference track and field meet Friday and Saturday in Tempe, Ariz. The teams plan to leave by bus at 12:30 Wednesday afternoon and spend the night in Las Cruces, New Mexico, and continue to Tempe Thursday.

The thinny clads will be depending chiefly on the sprint events and hurdles to gather points in the meet since they are rather weak in the weights. The shortage of weight men will put the Raiders at a considerable disadvantage, but even so, they will certainly give a good account of themselves.

Coach Maxey McKnight will take Charley Reynolds for sprints and the mile relay; Seth Murphey, sprints and weights; Jim Mullins, sprints; Costin Burkin, 440-yard dash and mile relay; Joe Wilson, 440 and mile relay; Ernest Hawkins, 440 or 880 and mile relay; Ed Clepper, high and low hurdles, broad jump and high jump; Charles Pinnell, high and low hurdles, pole vault and high jump.

Ed Wilson, high jump; James Cruser, distance races; Edgar Hawkins, distance races; and either Harold Barber or Henry Briscoe for the 880-yard run.

The tennis squad will be led by Jake Broyles and Glenn Ivy in the numbers one and two positions, while the third and fourth spots will be taken from Carl Schmidt, Joe Wheatley, Eddie Scudday, David Hester and Cecil Roberts.

Broyles was runner-up in the Border conference meet last season and he and Ivy were runners-up in the doubles division. The Techsians will be sporting a strong team, and are highly favored to win the tourney.

Tech's golfers are: E. H. McKinney, who has shot three 70's in competition this year; Jerry Stoltz, who is rapidly improving and shot a 68 against TCU; Ted Forsythe and E. C. Feagan.

season. Frosh contenders are showing much eagerness in spring training as they are preparing for the fullest Freshmen season in recent years.

Impressive Freshmen Report
Headlining freshmen in spring workout are Jerrel Price, Brown field, all-state guard for two years and Rex Penson, Falfurrias, all-valley guard for three years. The only Frosh ex-serviceman listed is Norman Daulton from Abilene at a tackle position. In this slot also is Jackie Cockburn from Sherman.

Players trying for the end position for the Frosh are: Hugh Jackson, Phillips; Arbie Menzenmeyer, Granger; and Dick Pirtle, Lubbock. Freshmen backfield men in gridiron training now are Dick Jackson, Phillips, fullback, and Roy Jackson, Sherman, quarterback. Other backfield positions list teammates from Roscoe, Harold Duval and Harold Hoymes.

"Choc" Hutcheson Receives Assistant Instructorship

C. R. "Choc" Hutcheson, senior journalism major from Lubbock, has been informed by Kenneth E. Olson, dean of the Medill School of Journalism, that his application

for entry in the school has been accepted. Hutcheson will enter the Journalism school of Northwestern university in September. He will do work on his master's degree and will be an assistant instructor in beginning reporting labs.

JUST PRACTICING for the feminine football game May 15 are the girls pictured in the photo by Carol Sherrod. Left to right, Margie Williams, Alice Walther, Jane Skinner, Jan Riley, Barbara McGee, Mary, Betty Bratton and Elizabeth Yeary.

Dean Of Agriculture To Be Honored Sunday

Members of the Aggie club will honor A. H. Leidigh, dean emeritus of the agriculture division, at an open house from 1:30 until 3:30, Sunday in the Aggie Memorial auditorium, L. M. Hargrave, club sponsor, announced.

Approximately 1,000 invitations have been sent to faculty members, graduate students and friends of the dean to attend and view the portrait of Leidigh which will be on display.

Dean Leidigh's portrait was formally presented to the college and accepted by President W. M. Whyburn last Tuesday. It will be permanently placed in the Memorial auditorium.

Members of the portrait committee who will be in the receiving line are: George Wilson, chairman; Ruth Craig, secretary; Bonnie Allen, president of the Plant Industry club; Earl Sears, past president of Aggie club; Charles Hudson, past treasurer; W. L. Stangel, dean of agriculture; Cecil Ayers, assistant professor of plant industry; Jack R. Creed, agricultural manager of KFYO; and Jason O. Gordon, Lubbock business man and former county agent.

Mesdames J. M. Lewis, R. E. Karper, George Wilson and J. O. Gordon will preside at the refreshment table. Aggie club members will handle registration of guests, and members of Plant Industry club are in charge of decorations.

PI Club To Hold Banquet Tuesday

The Plant Industry club will hold its annual banquet at 8 p.m. Tuesday in Phil's Grill, stated B. L. Allen, president of the club.

Approximately 100 students and faculty members are expected to attend, said Allen.

COLLEGE CALENDAR

- Saturday, May 1**
 Kemas spring festival dance, Lubbock hotel, 9-12 p.m.
 AIEE picnic, Mackenzie park, 5-9 p.m.
 Play day.
 WICC playoff.
 Block and Bridle steak fry, Mackenzie park, 6-10 p.m.
 Water Safety school, cafeteria, 3 p.m.
- Sunday, May 2**
 Parents' day. All-college recognition day.
- Monday, May 3**
 Newman club, Parish hall, 7:30 p.m.
 Baptist Student Union council, 2401 Thirteenth, 8 p.m.
 ASME, E-158, 7:30 p.m.
 Tau Beta Sigma, band hall, 7:30 p.m.
 Soc. of Petr. Engr. and Geol., C-205, 7:30 p.m.
 Student council banquet, Hilton hotel, 7 p.m.
 Block and Bridle initiation and election of officers, Judging arena, Ag-224, 7:30 p.m.
 Dairy club, Ag-212, 7:30 p.m.
 Double T, College Inn, 7:30 p.m.
 AWS, Ad-220, 5 p.m.
 Pre-law club, Ad-302, 7:30 p.m.
 Industrial Engr. soc., E-253, 7:15 p.m.
 Plant Industry, Ad-301, 7:30 p.m.
 Gargoyte society, E-208, 5 p.m.
- Tuesday, May 4**
 Phi U picnic, Mackenzie park, 6 p.m.
 Kappa Kappa Psi, X-7, 8 p.m.
 WICC, Ad-206a, 5 p.m.
 Press club, J-206, 5 p.m.
 AA workshop, X-25a, 7 p.m.
 Physics club, C-216, 5 p.m.

 Male glee club, band hall, 7 p.m.
- Friday, May 7**
 Las Vivarachas sport dance, Lubbock hotel, 9-12 p.m.
 Tau Beta Sigma dance.
 Alpha Phi Omega anniversary banquet, Hilton hotel, 7 p.m.
 Fun night, Rec. hall, 8-10 p.m.
 Dairy club banquet.
 WRA volleyball, gym, 5-6 p.m.
 WRA basketball, gym, 4-5 p.m.

Sunrise Services Held By Forum

Forum held its annual sunrise initiation service Thursday morning in Aggie grove. Following initiation and breakfast, officers for the coming year were elected.

New officers are president, Anita Oliver; first vice president, Doris Smalley; second vice president, Camille Stevens; secretary-treasurer, Mary Welch; reporter, Mary Louise Clayton; historian, Lois Cone; AWS representative, Barbara Fowler. Other new members include Jayne Thompson, Sue Lynn Guthrie, Mary Jane Hinchey, and Martha Lewis. The eleven girls were selected on a basis of leadership, scholarship, and service.

Katherine Nelson, retiring president, presented the annual Forum award to Jean McNeill, freshman girl with the highest grade point average. Miss McNeill won the award with an average of 2.94.

Special guests were Mrs. John Langford, dean of women, and Miss Sue Rainey, sponsor of the organization.

Miss Nelson announced the last meeting of the year to be held at 5 p.m. Thursday in Ad-210. Retiring members are Avis Fuchs, Gladys Dawson, Jackie Lewis, Mary King, Betty Copeland, Barbara Conkling, Pauline Lokey, Nell Laroe, Betty Hanks, Betty Devin, Pat Lively, Barbara Ramsey, Gloria Ramsey, and Lois Jean Weekes.

Vets Must Report Training Changes

All veterans in training under Part VIII who intend interrupting their training at the end of this semester and do not wish to receive the 15-day leave, must report to the veteran's coordinator's office to fill out form 908 not later than May 6, H. A. Anderson, coordinator of veterans' affairs announced Thursday.

Leave is automatically granted to all Part VIII veterans who do not report to the coordinator's office and indicate otherwise, Anderson said.

Part VII students who expect to interrupt their training at the end of this semester must see the Veteran's administration training officer in the guidance center not later than May 15, said Anderson.

Kemas Hold Dance Honoring Pledges

Honoring its spring pledges, Kemas fraternity will entertain with its annual Spring Festival dance from 9 to 12 p.m. today at Hotel Lubbock.

Decorations will center around the spring atmosphere and music will be furnished by the Varstonsians.

Special guests will be the club sponsors, T. C. Root and H. A. Anderson, and their wives.

Staff Slants--

(Continued from Page 3)
 events in which Tempe and Arizona tracksters are strong are in the field and these two teams will be swapping points, with weaker squads like Mines, New Mexico, West Texas and H-SU taking valuable points from the Arizona schools. However, Tech will be facing strong track squads from both Tempe and Arizona and all three teams are apt to be cutting each other's throats in all events. One thing is certain and that is that at least three dashmen are out to dethrone King Charley Reynolds in the 100 and 220-yard dashes. If Charley can win these events this year he will lack only one year of holding the Border conference 100-yard dash championship for four years which is an honor indeed. From here it looks like the greatest conference meet since the inaugural of the annual classic and many of the ancient records will fall by the wayside if conditions are favorable.

THIS REALLY IS the architect's conception of the West Texas museum building. A Fort Worth newspaper sent The Toreador the wrong cut the first of

this week, and innocents that we are, the cut was accepted as the real McCoy. The picture which was run Wednesday has been identified by various per-

sons as a hot-house, an indoor swimming pool and the junior high school at Odessa. That doesn't matter. THIS is the building, planned by architect O.

R. Walker, which will be erected at the northeast corner of the circle.

Free "Fags" Caused Campus Upsets: Cigarette Sales Declined Last Week

By GEORGE ANN RANDOLPH, Toreador Staff Writer

Thanks to the R. J. Reynolds Tobacco company the Rec hall was discovered by approximately 4,000 students Tuesday and Wednesday, announced Francis Bearden, Rec hall director. "I didn't know there was a place this nice on the campus", "It's rumored they did this out of G.I. buildings", "Look at that nice collection of periodicals" and many similar exclamatory remarks were overheard when old students found new territory as they searched for Camels in plastic cases.

For two days the Rec hall had more people in it than it had had in its seven months existence. Until that time from 175 to 200 had been the largest crowd, but at times Tuesday and Wednesday it is estimated that there were between 400 and 500 students in line for cigarettes, playing games, reading, or just loafing (perhaps the "loafers" were the regular Rec hall crowd looking on in amazement and wonder that their fellow Techsians found the hall). However the Rec hall was not the only recognized hideout for students which was affected by free cigarettes.

The cafeteria bulged with people from the time it opened until it closed—but sales on one of their commodities dropped, you guessed it, cigarette sales fell at least 90 per cent, said Mrs. Ray Simmons, co-manager.

College avenue haunts reported drops in cigarette sales ranging from 25 per cent to 50 per cent or more—with the exception of the Rendezvous which reported no noticeable change and the Eat 'N Run whose cigarette machine had not been checked. College Avenue drug and Tech cashiers reported approximately 50 per cent drop in cigarette sales, especially Camels and Lucky Strikes, and a slight drop in the number of students drinking coffee and cokes. Mark Halsey No. 11 reported an approximate 25 per cent drop in Camels and Lucky Strike sales and a general lag in student business.

Whyburn, Family Will Be Honored At Farewell Dinner

A farewell dinner party honoring Pres. and Mrs. W. M. Whyburn will be the spring function of the Tech Faculty club, announced Asst. Prof. Robert L. Mason, president. The party will be held at 7:30 p. m., May 13 at the Lubbock hotel.

Committees have been appointed and are at work on various arrangements for the party. A large per cent of the faculty with their wives or husbands and a few special guests are expected to attend this final function of the Tech Faculty club for this school year.
