## HOME TOWN TALK

By Beddy

The way of the transgressor is hard.

This may and may not be a sermon. But the horrible death early today of Joyce Sheppard—put to death by the state of Texas for killing a West Texas peace officer—brings home to us the importance to every person of our schools, homes and churches.

A few years ago we had a long talk with Joyce Sheppard. Until then he was known only by alias. Bill Smith's second wife was ignorant of his real name until the interview was published. Our recollection of Joyce is that he was a rather small man with small, brownish-gray eyes; weak eyes, a rather weak face.

When this morning we learned that two weeks before he was killed by the state for killing another man he had gouged those eyes out with a nail we could not help recalling that on the night we talked with him—although he had not been convicted—there was a haunted, hunted, fearful gleam from those small, weak eyes.

Often we have thought of him. We have wondered whether he really had grown insane in the legal sense, whether he would grasp the chair.

Under the law he was given ample opportunity to prove his insanity. He failed to do so. He died. An eye for an eye and a tooth for a tooth.

In connection with this horrible thing we recall a much more pleasant experience of just a few evenings ago. We went out to Elbow for the program celebrating the opening of the new, modern brick school building the people of that district have provided for the 167 school boys and girls residing therein.

That was a momentous occasion. No blaring bands, or high-powered ceremonies. Outside a few score persons living in Howard county, Texas, U. S. A., the event was unknown.

Just in that small gathering we could see something of vital importance to the entire nation. We could

## Scout School Opened Here

### Second Leadership Series Gets Under Way With 35 Present

The second annual Scout leader's training school was started in the basement of the Methodist church Thursday night with 35 present. Dr. W. B. Hardy, scoutmaster, called the troop to order and A. C. Williamson, area scout executive acted as senior patrol leader and started patrol organization. The four patrols found various corners and rooms, chose their means and calls, studied signaling and returned to the auditorium in the time of "Hound Dog Barking," "Raven Cawing," "Jackass Braying" and "Coyote Yelling."

When Scoutmaster Hardy got them brown-up scouts quiet there were exhibitions of the Morse code, semaphore and Indian sign language methods of signaling. Games followed; those of the running and perhaps blistering nature were played. The patrols had such a good time that they were all disqualified and no winners could be announced although Assistant Patrol Leader Frank Boyle did win the first and second in one contest. The scoutmaster did not want to stop playing, but finally slowed down for breath and the scribe found the following roster:

Mr. R. C. Hankins, editor of the Reporter-Telegram of Midland, was an interested visitor. Scoutmaster, Dr. W. B. Hardy, Senior Patrol Leader, A. C. Williamson, with the patrol organization as follows: Jackass Patrol: Monroe Johnson, leader with scouts Bill Stevens, Glen Gullkey, Bill Turpin, I. K. Knaus and Coulter Richardson. Hound Dog Patrol: George Henry, leader, with scouts Ralph Houston, Dick Reed, Frank Eiler, J. A. Coffee, J. H. Garcia and L. J. Smith. Raven Patrol: Dr. C. W. Deats, leader, with scouts John Wootto, Jim Miller, J. H. Smith, and Frank Boyle. Coyote Patrol: Charles Queanu, leader, with scouts Charles Gardner, Bob Bassett, Raymond McDaniel, J. R. Phillips and P. C. Stusser.

### FUNERAL HELD FOR R. A. SHORT T. & P. FIREMAN

CISCO, Tex., Oct. 17.—Funeral services for R. A. Short, 30, Texas and Pacific fireman killed in a wreck near Dallas last Sunday, were held from the First Baptist church here yesterday afternoon at two o'clock. The Rev. Dick O'Brien, close friend of the families of both Mr. Short and his wife, conducted the services, assisted by the Rev. E. S. James, pastor of the local church. The Masonic lodge concluded the services at the church and conducted rites at the grave in Oakwood cemetery.

Many from Big Spring, the home of Mr. and Mrs. Short, were among the large concourse which were present for the rites. The floral offering was large.

### Lions District Governor Here

Sam Braswell, editor of the Clarion News, district governor of Lions International, held a conference here Friday noon with officers and directors of the Big Spring club.

### American Ship Ordered To Brazil

RIO DE JANEIRO, Oct. 17.—(AP)—Gold to the amount of \$15,000,000 has been shipped to the United States by the Bank of Brazil in the last 24 hours with the equivalent of another \$750,000 going to England.

### Scout School Opened Here

The American cruiser Pensacola was ordered to Brazilian waters today as a precautionary measure for the removal of any Americans who might desire to leave.

### Inspection Of Gas Connections Is Urged

Fire Chief Harry Lees today issued a warning to Big Spring residents to check closely all gas connections.

## Man Giving Name Of Former Howard County Sheriff Held At Hobbs On Robbery Charge

Frank House, said-by Hobbs, N. M. officers to be the former Howard County sheriff by that name, and S. Layne, said to be a former deputy sheriff of this county, were bound over to the district court in the sum of \$1,000 Friday by Judge George P. Harris of Hobbs. They are charged with robbing a group of negroes at Hobbs, it is alleged. The negroes claimed the two men, posing as federal officers, raided a dice game, taking \$14 in stakes.

## Talbot Wears All Made-in-Texas Clothes

In accordance with Bill Talbot's program, "Texas Products for Texas" and "Keeping Texas Money in Texas," the above picture shows him with a complete outfit of Texas-made garments utilizing Texas cotton. The hat was made by the Florence Hat Company of Dallas, Texas; the suit, shirt, necktie, socks and undergarments were made by the Pool Manufacturing Company of Sherman, Texas. The suit retails for approximately \$15.00 and at the present price of 10c per pound for cotton, there is about 15c worth of cotton in this suit. Had the suit been purchased, as is done by a lot of unthinking people, from mail-order houses, the 15c would have been the net profit to Texas and the \$14.85 would have been contributed to the prosperity of the North and East.

## Water And Sewer System Improvements Scheduled For Completion In 60 Days

Improvements in the Big Spring sewer and water systems are expected to be completed within the next 60 days, according to J. B. Wootto, city engineer.

## Crude Prices Cut In Seven Texas Counties

Humble Claims Oil Being Sold Below Its Posted Price

HOUSTON, Oct. 17.—(AP)—Reduced price offerings for crude oil in several north Texas counties were in effect today, as announced yesterday by the Humble Oil and Refining company. The Texas company and the Prairie Oil and Gas company met the reduction.

## Winter's First Assault Sends Mercury To 46

### Cold Weather Reported From Panhandle; No Frost Here

Big Spring had a minimum temperature of 46 Thursday night as a cold wave sent the mercury on a downward trip.

No frost was reported in any section of the county, according to Fred Keating, United States Government Farm manager.

The season's norther, reached here Thursday afternoon, sending temperature down steadily.

DALLAS, Oct. 17.—(AP)—Miami Roberts county, in the Texas Panhandle, reported freezing temperatures for a period during the 24 hours ending at 8 a. m. today, according to the United States weather bureau here, to be the first point to register a minimum of 32 degrees this season.

Muleshoe and Plainview reported 34 degrees each and Amarillo and Clarendon 35 each.

The forecast was "colder to night," with likelihood of frost in exposed places on the grounds.

The temperature dropped 20 degrees at Corsicans, to a minimum of 55. Abilene reported 44 without a trace of frost. The mercury went down to 47 at Dallas, 66 San Antonio, 60 Austin and 76 Brownsville.

KANSAS CITY, Oct. 17.—(AP)—Winter's first threat which blanketed the Cascades and Rockies deep with snow today had chilled the Great Plains, the Mississippi valley and was sending a brisk norther across the Texas prairies.

Damage to late crops, danger to stock and even loss of human life was reported from various sections which felt the storm. A searching party yesterday discovered the body of Benedict Unhoefter, 42, Great Falls, Mont., who had perished in a snowstorm.

Billards swept along the Judith Valley of Montana early today where a minimum temperature of 7 above zero was reported. Temperatures continued to fall in other parts of the state as the snowstorm of yesterday abated.

A heavy snowstorm swept the Wenatchee valley in Washington snowed by residents to be the earliest snowfall since 1918. Low clouds over the Cascades threatened a renewal of the storm there.

Snow was reported, too, throughout the Rocky Mountain region, the Dakotas and Minnesota.

Rapidly falling temperatures in Iowa, Nebraska and Missouri brought threats of early frost. Freezing temperature struck West, on Kansas late yesterday.

In Oklahoma the temperature had tumbled from 78 degrees at 8 (CONTINUED ON PAGE 10)

## ASSOCIATION OF CATTLEMEN IN FIGHT FOR ROAD

DALLAS, Texas, Oct. 17.—(AP)—Intervention of the Texas and Southwestern Cattle Raisers' Association in behalf of the Texas and Pacific Railroad's application to build a new line from Big Spring to Vega and branch from there to Lubbock and Amarillo, was authorized yesterday by the association's executive committee at a meeting here.

The committee passed a resolution thanking railroads for reduced freight rates in 17 counties and requesting that they be continued until March 31, 1931.

E. B. Spiller, secretary and general manager, and Tad Moore, assistant secretary, reported that 3,368 cattlemen rendering 1,370,846 head of cattle were affiliated with the association.

## Collings Again Heads Group 37 Of Lions Clubs

Group 37, Lions clubs of the Texas district, held its quarterly session in Lamesa Thursday evening in conjunction with a Ladies' night banquet of the Lamesa club.

Cecil Collings, past president of the Big Spring club, presided as group chairman and in the annual election of group officer was re-elected.

The next quarterly meeting will be in Midland early in January.

## Candidate For Governor Talks Here Tonight

Declared to be a new kind of candidate with a new type of message, Col. W. B. (Bill) Talbot, Republican candidate for governor, will speak this evening at 7:30 o'clock in the county courthouse.

Mr. Talbot is stressing in his campaign a program designed to stimulate development of industries in Texas to consume Texas surplus products.

"Government in business? No! But the government ought to help look after business," he declared here Friday morning. "Do you know there is no complete list of the products manufactured in Texas? Why should the government not obtain those facts and others that would help bring new industries here to care for surplus products farmers are raising for nothing?"

To get Texas people to patronize their home merchants, to stimulate patronage of Texas industries by Texas merchants and to develop industries to consume Texas products are his announced aims.

Mr. Talbot wears numerous articles of clothing manufactured in Texas. He is wearing the first pair of dress shoes manufactured in the state, he declares, adding that Texas is the largest producer of hides.

## Legion Election To Be Held Wednesday

Election of officers and payment of dues will be attended to Wednesday evening at 7:30 o'clock when the local post, American Legion, convenes in the Crawford dining room. Post Commander C. W. Deats urges every member to be present.

## Plot Believed Outgrowth Of Recent Strike

### Garment Manufacturers Worst Hurt; Million Damage Done

LOS ANGELES, Oct. 17.—(AP)—District attorneys detectives, after investigating the explosion which injured more than forty persons in the Garment Capital building today, said they believed the Fifth and sixth floors had been "loaded" with a heavier than air gas in a planned explosion.

Blaney Matthews, chief investigator, Deputy District Attorney Hugh McIsaac, and two fire officials joined in expressing belief the explosion resulted from a well laid and ingenious plot.

They said they had positive evidence a heavier than air gas had been transported to the sixth floor, directly above the Beverly Hills Frocks, Incorporated, shop, where workers went on a strike a month ago.

Matthews declared the alleged plotters apparently had been familiar with the routine method in which a burglar alarm switch was thrown daily by an arriving garment manufacturer.

LOS ANGELES, Oct. 17.—(AP)—Between forty and fifty persons were injured, but only one reported critically in an explosion which wrecked the Garment Capital building about 7:30 a. m. today. With the resultant fire under control an hour and a half later, no bodies had been found in or about the shattered steel and concrete eleven story structure.

Early estimates of the loss were set by fire officials at \$1,000,000 to the wrecked building while three other nearby manufacturing structures suffered heavy losses. Windows were shattered for four blocks around.

Police and fire officials began an immediate investigation into alleged indications the explosion might have been the result of labor troubles.

By 7 o'clock forty persons had (CONTINUED ON PAGE 10)

## Synod Closes Session Here

### Fort Worth Church To Entertain Next Meeting

Selection of the First Presbyterian church, Fort Worth, to be the host congregation for the 1931 session and an inspirational sermon by Dr. William M. Anderson of Dallas marked the concluding sessions of the 75th meeting of the Synod of Texas, Presbyterian church, U. S., here Thursday.

The Synod unanimously adopted resolutions thanking the citizenship, the three service clubs which tendered delegates a barbecue and other groups which cooperated in the entertainment of the meeting. The host congregation, the First Presbyterian, its pastor, Rev. R. L. Owen and officials, were especially thanked not only for splendid handling of the Synod meetings but for its own unusual development and growth, evidenced by its church building finished last spring. Many visitors commented upon the splendid church structure, which is marked by the passerby as one of the finest pieces of Gothic architecture in the southwest.

No unusual reports came before the Synod in its three-day session. The special commission empowered two years ago to work out a consolidation of three schools of the synod—Texas Presbyterian college, Midford; Daniel Baker college, Brownwood, and Austin college, Sherman, reported only the facts previously announced in the press. These were that Texas Presbyterian had been merged to Sherman and consolidated with Adkins and that Daniel Baker would continue at Brownwood under independent guidance.

## Joyce Sheppard Attempts To Absolve Conatser Before Being Executed For Murder

AUSTIN, Oct. 17.—(AP)—The last attempt of Joyce Sheppard, confessed murderer who died early today in the electric chair to save his companion in the crime from paying a penalty of life in prison probably will be unavailing.

## The Weather

FORECAST: West Texas: Partly cloudy, probably light rains in the Rio Grande Valley tonight and Saturday; colder tonight in south portion. Heavy frost in north portion clear.

### Three Kinsmen Of W. J. Bryan Before Voters

By MARGUERITE YOUNG  
WASHINGTON, Oct. 17 (AP)—The perennial candidacy which William Jennings Bryan made a tradition of American politics, is thrice recalled in the gathering of hosts for the November jousts.

A daughter, a brother and a nephew of the great orator—before the voters in three widely separated states.

Ruth Bryan Owen, who as a child sat on her father's knee in congress, is making an "annual report" on her second year's work as a member of the house from the fourth district of Florida. Though she is without opposition, she has spent weeks traversing the territory in a car equipped as a rolling office.

Charles W. Bryan, long associate editor of his brother's publication, the Commoner, is running for the governorship of their home state—Nebraska.

Silas Bryan, son of Charles and cousin of Ruth, is hopefully campaigning for congress in the Minneapolis district once represented by Walter Newton, one of President Hoover's secretaries. This young Bryan, who went to a Minnesota air service training unit during the war and settled in that state after marrying a native, is making his first bid for public office.

How much of a family affair the Bryans are making of the pre-election campaign is not evident in the capital. Mrs. Owen has carried her inheritance of the family tradition proudly, but she has made no apologies for defections from the father's political principles—when, for instance, she voted for higher tariff schedules. Her friends here declare that her driving, speaking, conferring tour of her 500-mile-long strip of Florida coast has been a "triumphal march."

Democratic headquarters here report optimistically on the candidacy of Young Silas, Republican representative W. I. Nolan is strong, and there is Ferdinand Johnson, Farmer-Labor candidate. But the district Democrats insist, is to be classed as "doubtful." Republican leaders are equally confident of Nolan's success.

Young Bryan, still in his early thirties, has long been an aviation enthusiast, has practiced law, and is making his issues on the Republican administration's record.

A local issue that William Jennings Bryan espoused is reported the chief cry of his brother Charles. This is the issue of the state's bank-guaranty law, sponsored by the Commoner more than 15 years ago, and recently ordered submitted to a referendum by a vote of the state legislature. The candidate is telling Nebraskans that when he was governor, from '22 to '25, this law was effective,

### Reichstag Given Fascist Position

BERLIN, Oct. 17 (AP)—Abrogation of the treaty of Versailles, and if necessary to Germany's salvation, war, were proclaimed by Gregor Strasser, Fascist party spokesman, before the Reichstag today to be keynotes of German Fascist policy. Herr Strasser's declarations were made after his fellow partisans had howled down other speakers who were forced to bellow their arguments for and against the government's program of economic reform, which, expounded yesterday by Chancellor Bruening, was up today for debate.

At one point in the proceedings, Socialists, sitting on the left of the

### Man Held On Suspicion In Kidnap Case

KANSAS CITY, Oct. 17. (AP)—Police today were attempting to connect Raymond Rizzo, 21, New York City, with the kidnaping of Mrs. Alma Wilson McKinley, heiress, abducted from her Greenfield, Mo., home and later released.

The prisoner, arrested here late last night, was said by police to answer in detail the description of the kidnaping who forced the 24-year-old expectant mother to drive him away in her car, but released her after they had spent the night lost in the woods.

Fingerprints on a toothbrush in a suitcase cast aside by the kidnaping were looked upon by police as a positive means of establishing whether Rizzo was the kidnaping.

Scars on his hands and face corresponded to those mentioned by Mrs. McKinley in describing the man.

Rizzo denied connection with the crime, said he had "been floating around" and had just arrived in Kansas City from Holington, Kas. He was arrested because of suspicious conduct, officers said.

Mrs. McKinley, daughter of an oil millionaire, was taken from her home while she and her mother were alone at night. Her mother was bound and gagged.

### Richland

RICHLAND, Texas, Oct. 1.—This section is rejoicing over recent rains which, although too late to benefit cotton, will be of aid to fall gardens and pasture.

Richland school opened Monday with Miss Hamilton as principal and Miss Lola Lawley assistant. Although it was raining the community was well represented at the opening exercises.

The house had been renovated and an extension built in front which will enable pupils to have two cloak rooms, one for boys and one for girls. This extension also improves the appearance of the building and will add much to the comfort of pupils, for which the teachers thank the school board.

We were sorry that the weather prevented Miss Cantrell, the county superintendent, from attending.

Mr. Puckett was elected president of the Parent-Teacher association, Mr. Loyd vice-president and Mr. Brown secretary-treasurer.

Miss Lola Lawley was made president of the Literary Society. Committees and dates will be announced later.

Mr. Loyd of the school board made an interesting talk in behalf of the board and the community.

Mr. and Mrs. R. P. Hargrove of Chalk Field visited Mr. and Mrs. N. H. Montgomery Sunday.

Mr. and Mrs. Belew of Center Point spent Sunday with relatives in this community.

seems entirely logical that Midland will secure an air mail stop.

Inauguration of air mail service over this route not only missed Midland but also removed the passenger plane service. This removal, however, may be the big thing which will influence the powers that be to make Midland a regular mail stop.

Midland was turning in more passenger revenue than any stop on the line between El Paso and Fort Worth. A monthly fare of \$3,000 is not to be overlooked, and the business like executives of the mail line will doubtless see the value of positioning the post office department for a mail stop at Midland in the very near future.

**THE TUBERCULOSIS GERM**

In 1882 the scientific and lay world was startled by announcement of the discovery of the germ of tuberculosis.

High was the hope that with this knowledge, mankind at last would be able to stem the ravages of this leading cause of disease and death.

A period of feverish scientific activity followed this discovery. First it was confirmed by scores of other scientists, who, following the technique of Robert Koch, its discoverer, were able to demonstrate the little rod-shaped minute living thing named the tubercle bacillus as the causative agent of tuberculosis.

Then came another announcement from Koch's laboratory. He claimed to have discovered a cure for tuberculosis. This alleged cure was tuberculin, a product of the tubercle bacillus.

Keen disappointment, however, followed in the wake of this announcement, for Koch was shown by subsequent experience to have been wrong.

Tuberculin saved in few and isolated instances of non-lung tuberculosis, was a weak, if not ineffectual, remedy, and in no sense a cure.

Through Koch's discovery, we identified the cause of tuberculosis and were able to study the nature of the bacillus.

We have not been able to accomplish as much as it was at first hoped. But the public today probably is better informed about tuberculosis than about any other comparable disease.

It is common knowledge that tuberculosis is caused by a germ, that the germ is transmitted from the sick to the well, that without the germ there can be no tuberculosis, and (and this is important!) that active tuberculosis does not necessarily follow the invasion of the human body by the tubercle bacillus.

**More For Your Money**

AL WILSON finally got to the Pacific coast in his antediluvian pusher-type airplane, after a lapse of 22 days from his take-off in Chicago. He made 35 stops of which 33 were for refueling, purposes and one was a forced landing in the wilds near El Paso—the only untoward incident of his voyage.

It is a far cry from the 1910 model plane flown by Al Wilson to the 1930 model which carried Frank Hawks across the continent in a little more than 12 hours. Few of the modern aviators would care to risk their necks in a plane such as Wilson used.

This progress in mechanical development is not confined to airplanes, by any means. The 1930 automobile is as far ahead of the 1910 car as Hawk's ship is ahead of Wilson's old Curtiss. The 1930 motorist is angered if he has so much as a flat tire in a trip of two or three hundred miles. In 1910 he considered himself lucky if he traveled 10 continuous miles without trouble of one sort or another. If it wasn't a run-in with the driver of a scary team or a bog-down in a mudhole, it was a flat tire or a balky carburetor. The 1910 motorist had to be a diplomat and a first-class mechanic. The 1930 driver doesn't lift the hood of his car once in six months.

We get more for less money today than 20 years ago, but we appreciate it little. Whether we're buying cookstoves, automobiles, airplanes, double-row cultivators, radio sets, we are practically certain to get our money's worth. The day of the gyp manufacturer has gone. He can't stand the pace of modern competition and modern buyer-shopper's astuteness.

**The Air Mail Comes Over**

Midland Reports Telegram  
TODAY marks the beginning of a new era for West Texas. The air mail is coming through for its first trip culminating in the dreams of several months.

**HOLLYWOOD**—The real value of the new wide film to the screen is demonstrated for the first time in "The Big Trail," the talkies' first epic of the pioneers.

Here, with tremendous backgrounds of deserts, forests, snow-capped mountains and desolate plains, the camera's enlarged scope affords truly panoramic vision, presenting in scenes after scenes, as the covered wagons forge painfully along, views of beauty and grandeur, emphasizing the epic nature of the production.

The plot of the film, centering upon the romance of a youthful girl (John Wayne) and a southern girl (Marguerite Churchill), is almost entirely overshadowed by the greater romance of hardy pioneers, in their clumsy wagons, defying dangers of unknown country, hostile Indians, desert thirst, rain and snow storms, and every conceivable hardship, all of which are depicted vividly.

**JUST A BOY**

Still Wayne, as a result of his performance, so utterly natural it is already being acclaimed as stellar material, even though a few months ago he was a studio prop man and extra, shortly out of college.

Other highlights of the cast include Ed Brendel as a Swedish pioneer, Tully Marshall as the guide, eccentric old friend and Tyrone Power as the buckest kind of roaring villain.

The premiere attracted, among other celebrities, that roster of premiere-soldiers, Will Rogers. For the first time in his career he spoke on such an occasion, and the boulevard is still repeating, with chuckle, some of the remarks he made.

But what made them roar was: "Now I'm confessing that I had dinner with Mayor Rolph tonight. I'm admitting that, but I want to say right now that I'm not responsible for anything he goes and does after dinner."

Will, it will be recalled, recently dined on location with a movie party, one member of which proceeded afterward to strut-page herself against the humorist to be pursued by newspapermen for his story of what happened.

**Just Threw Away Enough Money To Pay For A Home**

"I SUFFERED 15 YEARS BUT ORGATONE HAS RELIEVED ME OF ALL MY TROUBLES," SAYS PLAINVIEW MAN.

"One bottle of Orgatone has increased my strength and put me on my feet again in as good condition as when I was years younger," says R. L. Gunn, of 2515 West Twenty-second street, Plainview, Texas.

"Before I took Orgatone," he continued, "my health simply was going to pieces. I was almost a nervous wreck and was right on the verge of a physical breakdown. My appetite was so poor I could hardly eat anything and my food would sour after eating and my stomach would burn like fire. I had intense pains in the pit of my stomach and the gas that formed after eating kept me in misery most of the time. I fell off in weight and got so weak and run down I didn't feel like doing my work. I was badly constipated and was so nervous it was almost impossible for me to sleep some nights at all. I had a bad case of kidney trouble and needed something to build me up. I was just going down hill every day. I took so much medicine my house looked like a young drug store, but I kept on getting worse. I guess I have spent enough money to pay for a home but nothing would do me any good."

"I had a friend who recommended Orgatone to me, and decided to try it. It certainly made me feel like a new man. I can eat anything I want now, and my food agrees with me. Orgatone has broken up my constipation and my nervousness is gone and I sleep like a log every night. My kidneys are back to normal now, and, in fact, all my troubles are gone. Orgatone has done me more good than anything else I have ever taken, and I am glad to give this statement and to recommend it to my friends."

Genuine Orgatone may be bought in Big Spring at Collins Bros. Drug Store—adv.

**Iowa Becomes Funeral Pyre For Lone Prisoner**

LAMOTTE, Ia., Oct. 17. (AP)—The town hall of this village was the funeral pyre of Alfred Tenslow, 32, of Decorah, who was locked up on a disorderly conduct charge.

Last night fire razed the building, an adjoining barn and several sheds. Intense smoke withered the efforts of impromptu fire brigades to open the door of the room containing Tenslow. His body was later found in the ruins.

No evidence in the debris was found to substantiate a suspicion that Tenslow had started the fire.

A double-barreled cannon, invented as a Confederate weapon in the Civil War, is a relic at Athens, Ga. It was a failure in battle.

Soup Recipes Are Next On List Of Herald Prize Offerings

\$2 And \$1 Offered For Best Suggestions Submitted For This Queen of Winter Dishes

Mrs. Jimmie Mason and Mrs. Lewis McKee Are Winners of Last Week's Contest For Interesting Hallow'en Recipes

With winter in the air as it was this morning and the furnace roaring merrily (and, believe it or not, a diminutive stove glowing at the office!) it is time to think of good, filling winter foods.

To start through a winter menu the prizes this week will be offered for soup. Two dollars will be given for the first prize and one dollar for the second.

These week's winners are Mrs. Jimmie Mason and Mrs. Lewis McKee. We are hereby going to give a Hallow'en party and use the recipes that they offer. Mrs. McKee's suggestions with which she enlightened her recipes were most interesting.

Here are some picked at random from Mrs. Mason's list.

Hobgoblin Doughnuts These are made by cutting doughnuts without the center holes, pinching up the noses, cutting wee slashes for eyes, into which is pressed whole allspice, slashing mouths, and embedding specks of pimiento for tongues before frying.

Jack O'Lantern Sandwiches

Jack o'lantern sandwiches are made with buttered white bread, 1 cupful chopped cooked chicken, 1 tablespoonful chopped celery, 1-2 tablespoonful chopped gherkins, 1 glass cranberry jelly, 2 tablespoonfuls orange juice. The jelly is whipped with a silver fork, the celery, gherkins, chicken and orange juice added, mixed and spread on slices of buttered bread cut into pumpkin shapes.

Excellent Suggestions

Refreshments: Candies, apples, nuts, cookies provide easy eats, as does punch. If willing to organize your committee for really unique eats, the following will make a bit with guests and provide lots of fun. These may be cooked on stove by "cooks" or over bonfire if crowd is not too large. Or may be previously cooked and sold for raising funds.

Twists: Each person takes handful of flour, pinch of baking powder, salt, shortening size of large walnut and puts in brown paper bag; moistens this dry mixture with just enough water to make stiff dough; this dough is then twisted around a stick and then browned over coals; of another stick broil weiner, then eat with twist; or bacon may be substituted; bake potatoes, brown marshmallows, bake apples with core removed and stuffed with nuts, raisins and marshmallows. Buns opened, filled with cheese, put on stick and browned, make good eats.

Hallow'en Goulash: 1 lb. Hamburger steak; 1 onion; 1 can tomato soup; salt and pepper; and butter; fry onion brown, add steak, cook, then pur in soup, let simmer until thick, spread on bread. Sells fine.

Witches' Stumpgullion: For six persons. Recipe accordingly. Four slices bacon; 1 onion; 1 can tomatoes; 1-4 pound cheese; 1-2 pound ground beef; fry bacon and onion together; add tomatoes; then meat and cook until meat is done then add cheese. Serve on bread or in buns or on crackers.

Witches' Cafeteria lunch: Sharp-edged good size stick. Cut 1-4 pound of steak into cubes; cut chunks of

COFFEE stains can usually be removed from white materials

Coffee stains can usually be removed from white materials by pouring boiling water on the stain from a kettle held some distance above the fabric. With other materials, rub the stain gently with greenish tins in warm water and press on wrong side.

White fresh fruits and berries are abundant there is no difficulty in deciding how to garnish the breakfast cereal. To prevent the problem from becoming acute when winter comes, it is wise to put up now those sparkling jellies which are every bit as delicious with the cereal as fresh fruit, and which will persuade many a child to eat with relish his bowl of porridge which he is otherwise likely to finish only under protest.

MRS. J. L. RUSH ENTERTAINS WITH 12 TABLE BRIDGE LUNCHEON AT SETTLES

Romantic Tale Of Whirlwind Courtship Told

Sultan of Jahone Marries Auburn Haired Scottish Beauty

LONDON, Oct. 17. (AP)—A whirlwind courtship of almost fairy tale romance reached a climax at noon today in the marriage at the registry office of the powerful Sultan of Jahone, reputedly one of the richest rulers of the east, and Mrs. Helen Wilson, an auburn-haired Scottish beauty.

Mrs. Wilson, daughter of a business man, thus becomes queen of one of the world's greatest rulers, with power, palaces and untold wealth at her disposal.

Mrs. Wilson and the sultan first met several years ago in Jahone, where she went as the bride of young Mr. William Wilson. The Wilson's domestic affairs did not prosper. Their marriage was dissolved and she returned to England.

The sultan, who had admired her from a distance for many years is reported to have determined suddenly to woo her. He dashed forth with to England, arrived the other day and popped the question. He was accepted and asked for a quick wedding.

The sultan, 57 years old, is athletic and a great sportsman and big game hunter, having shot hundreds of tigers. It is said he always follows the dangerous procedure of hunting afoot. His western bride is 40.

Thus far Mrs. Hatzip has had no accidents. Her most serious mishap was a forced landing because of a leaking gasoline line, and even then the only casualty was a punctured tire.

Refreshment Surprises

By JOSEPHINE B. GIBSON

The informal party is, perhaps, the most delightful of all; but its chief charm, from the standpoint of food, lies in those dainty dishes with which every hostess likes to surprise her guests.

If one entertains frequently, it often seems difficult to have something entirely new and different. However, just a little extra care in planning will make all your "party dishes" remembered—and this without any need for an elaborate menu. In fact, a creamed meat on toast garnished with olives and pickles, or a distinctive salad accompanied by novel sandwiches, is all that any hostess need plan for an informal affair.

Below you will find suggested simple party menus that are particularly attractive. And I am sure they will help you to plan many others that are similarly unpretentious.

Fresh Peach Mousse, Chocolate Ice Box Cookies, Iced Tea or Coffee

Frozen Chocolate Plum Pudding, Individual Angel Food Cakes, Coffee

Chicken Shortcake, Hot Biscuits, Preserved Sweet Gherkins, Crisp Potato Chips, Mints, Coffee

Mixed Fresh Fruit Salad, Sandwiches or Crisp Cookies, Salted Nuts, Coffee

Chocolate Ice Box Cookies: Melt 1-2 cup shortening and add 1-2 cup sugar. Add 1 egg, and 2 squares chocolate melted over hot water. Then add 2-3 cups flour, 2 tablespoons baking powder, and 1-2 teaspoon salt, sifted together. Gradually add 3 tablespoons milk to make a very firm dough, and work in 1 cup rice flakes. Place in a bread pan, cover with waxed paper and set in a refrigerator over night. Since thin and bake in a moderate hot oven—400 degrees F.—for eight minutes. This recipe makes about 50 cookies two inches square.

Frozen Chocolate Plum Pudding: Scaled 3-4 cup milk in a double boiler, and add 1-3 cup sugar mixed with 2 tablespoons flour. Cook until thickened, stirring constantly. Add 2 beaten egg yolks and cook for several minutes, then add 1 square bitter chocolate, melted over hot water. When cool, add 2 stiffly beaten egg whites, chill, and fold in 1-2 pint whipped cream. Last, fold in 1 cup pure mince meat, 1-4 cup chopped English walnut meats and 1 teaspoon vanilla. Place in trays of refrigerator to freeze, stirring occasionally, or freeze in a regular freezer.

Chicken Shortcake: Sift together 2 cups flour, 4 teaspoons baking powder and 1-2 teaspoon salt. Add 4 tablespoons shortening, using 2 tablespoons butter and two of lard. Blend the fat with the flour mixture, add milk to form a firm

dough, and mix very lightly. The amount of milk will be from 2-3 to 3-4 cup. Toss the dough on a lightly floured board and pat 1-2 inch thick. Shape with a cutter and bake in a hot oven for 12 minutes. Split with a fork, butter while hot and place hot creamed chicken or other creamed meat between the halves and on top of the biscuits. Garnish with stuffed Spanish olives and preserved sweet gherkins.

To prepare the creamed chicken—Melt 4 tablespoons butter in saucepan and blend with 4 tablespoons flour. Add 2 cups rich milk and the mashed yolks of 2, hard-boiled eggs. Cook until thick and season with salt, pepper, paprika and a few drops of Worcestershire sauce. Add about 2 cups cold cooked chicken, cut in strips, chicken and ham mixed, or veal, and 1-4 cup stuffed Spanish olives, sliced, saving the remainder of the olives for garnishing.

Salted Nuts: Four boiling salt water over shelled almonds or filberts, and allow to stand for about a minute in the water. Then place them between towels and rub, when the skins will come off easily. Cook the nuts in a skillet with several tablespoons of pure olive oil, having the oil hot when the nuts are added. Cook until the nuts are brown, drain on heavy paper, and sprinkle lightly with salt.

# STEERS LEAVE FOR LOBO BATTLE

## Southwestern Loop Elevens Will Clash Battered Bovines Relying Solely On Defensive Tactics

The poor showing made here not so many days ago by the Breckenridge Buckles has been explained by Wesley D. Hodges, who didn't see the affair but had his horse on hand. Hodges says the Buckles were loafing, grabbed a touchdown in the first couple of minutes, just for target practice, and then sat back and let the boys hammer away. That when Flowers upset their appetizer by waiting along to a touchdown through the entire green aggregation, they got mad and rang up another tally just for spite. That is indeed a logical explanation, or as logical as could be expected from that source. The thing is it isn't a fruitful one, even though it does happen to be logical. As a matter of fact, the Buckles weren't loafing. They weren't work much harder the rest of the season than they did way out here in West Texas on that October day. The Steers were just in a prancing mood and pranced. It is hoped generally they will do a bit of the same tonight as they do when the shades of night are banished by the high-powered light globes.

Of course the Longhorns are all crippled up and are not in condition to engage with the cream of the district's milk. However, Bill Flowers might get in the game if the rally is low enough to authorize his appearance. He might be allowed in just when it will hurt the Steers most. If not, as will be saved to send against San Angelo. Here is good news for the Steers anyway. Three or four of the Steers may not be eligible to be in the conflict on account of grades, or on account of no grades. That should bolster the drooping spirits of the Comanche club considerably, because it gives the Steers a chance to cut the tally down quite a bit. They are in no mood to play football anyway, with Ranger having topped them after they had been told they were the best in the west—on paper. Then too the dissection against Bill Bissett is rising again. It takes just one game for the Bobcats to drop to start the chronic grippers of the Steers, after Bissett. Sometimes we believe if all the coach grippers in District Two were lined up in single file they would still be gripping.

In Miners' Wells last season they went after Holley. It became so distasteful he slipped the boys his resignation just before the Mountaineers went into the battle. And they, probably feeling a bit bad about things in general, stepped out and won the game.

If you're looking for a prediction on the outcome of today's contest, tonight, it appears from here to be a close one. The Steers have decided in which quarter they will win their touchdowns.

The Angelo scribbles has threatened us again, and we've forwarded same to our body guard. He immediately stripped and went in to training. We hope it will not be necessary to take him along to capture from the all-time stake and gobble from him when he wags his football as to snap up six points wagers on the Ranger-Angelo contest. If we didn't know 'em so well we would be almost certain to believe the things he writes. Almost, but not quite.

Several hundred fans are expected to go to Cisco for the nocturnal engagement this eve. That's what gamblers told us. We trust it reeks of variety.

The Texas Aggies are scheduled to go dust biting Saturday at the hands of the Christians of T.C.U. It is interesting, perhaps, to know that the Frogs haven't turned the trick too many times during the past 30 years. Back in 1897 the Frogs galloped over the Aggies 30 to 7. They repeated the feat in 1900, winning 19 to 3. In 1925 they scored out a 3 to 6 affair, won in 1928 6 to 0, and again in 1929, 13 to 7. They are due, however, to add another to the list this weekend. Texas University is hoped to lose to the Sooners of Oklahoma University. The Texas, however, sometimes rise up from the depths and smash the invading rivals one where it hurts most. Lead by Buster Mills—the greatest quarterback ever to tread the soil with the Ranger Building—the Sooners are rated well above the Longhorns. Blew is expected to take Arkansas with another Ranger product scheduled to get into the fray. Lee "Bad" Hammett, the slender sensation of the City of Flowing Gold, has them all talking around the campus of the Houston school. The best bet of the week-end is the Southern Methodist University-Baylor affair. The Mustangs are predicted to win, but the Bruins can't see it that way in the least. The tally should be somewhere in the vicinity of 14 to 7, or thereabouts.

Anyone interested in the outcome of the Cisco-Big Spring battle may obtain quarterly tallies by turning the crank of the telephone and tuning in. Call 728 or 729, or both, and the scores will be given. The music starts at 8 o'clock. The first report will arrive shortly before 9 p.m. The last should come in by sunrise, at the latest.

The Steers will sit in on the Bulldog-Mustang bill at Sweetwater Saturday afternoon. Ranger is run-

### Longhorns To Encounter Sooners

### Ponies Meet Bears, Frogs Invade Kyle Field

By GAYLE TALBOT, JR., Associated Press Sports Writer DALLAS, Oct. 17 (AP)—Officially, the Southwest Conference grid campaign opened last week, when the Texas Christian University Horned Frogs belted the Arkansas Razorbacks, 40 to 0, in the first titular conflict. Actually, the grid derby will get under way tomorrow, with six conference schools locked in championship struggles and the seventh meeting a powerful inter-sectional rival.

The Christians' lopsided victory over the Ozarkians served no real purpose, except to prove that the defending champions are about as potent as football teams come this day and age and to definitely eliminate Arkansas from the list of contenders. But it is different this week. Every one of the four main toils scheduled in Texas will have a bearing on the championship.

Southern Methodist, co-favored with Texas Christian for the 1930 title, meets a powerful adversary in Baylor University's Golden Bears. Although the Mustangs, by virtue of their great passing attack and Baylor's weakness against the aerial game, have been established favorites, predictions are, it will be one of the most bitterly fought engagements of the year.

Meeting their third conference champion on successive Saturdays, the Texas Aggies generally are favored to catch their third straight beating at the hands of Texas Christian. Two weeks ago the Aggies lost to Nebraska, champion of the Big Six; last week they were wrecked by Tulane, kingpin of the Southern Conference. They only hope tomorrow apparently lies in the fact they are playing at their home field at Gillette Stadium, where they are notoriously stubborn.

The day's third conference clash will find the rejuvenated Rice Owls jousting the Arkansas Razorbacks at Fayetteville, striving to win their first conference victory in more than two years. Having won their first four bouts, including a 21 to 0 decision over the University of Arizona last week, the Owls are favored to turn the trick and take their place alongside the conference leaders.

University of Texas, the only contender not scheduled to jump into the championship melee this week, nevertheless has an important tussle on its hands against the University of Oklahoma Sooners at Dallas. Added interest has attached to their meeting since the Sooners' surprise triumph over the bulky Nebraska Cornhuskers last week. By scoring three touchdowns over and through the big Husker line, the Oklahoma eleven served adequate warning on the Longhorns.

On form to date, the Sooners rate as favorites. The Longhorns, however, have a habit of looking indifferently in their preliminary tilts and then exploding all over the premises when they meet the Oklahoma rivals of 25 years standing.

JUSTO SUAREZ MEETS KAPLAN

NEW YORK, Oct. 17 (AP)—Justo Suarez, rugged fighting man from the Argentine, meets the fifth major opponent of his American invasion in Madison Square Garden tonight—Louis (Kid) Kaplan of Meriden, Conn., former world's featherweight champion.

Suarez, bidding for the lightweight title now held by young Al Singer, already has beaten such formidable rivals as Joe Glick, Herman Perlick, Bruce Flowers and Ray Miller. He rates a 2 to 1 favorite over Kaplan although the Connecticut scrapper is a deadly puncher.

FABENS' Plan for permanent water supply will be voted upon tonight.

Some of these days Tricky Ward is going to break lose from the Ranger post and get a head coach appointment. Ward is one of the best coaches in the state—another one of those quiet, non-talkative fellows that stays out of the limelight and keeps hammering. He is assistant coach at Ranger and has been for a couple of years. He is a T.C.U. product, playing with Blair Cherry incidentally, Ward and Cherry, together with Chester "Boch" Fowler, Dell Morgan, of Texas Tech, used to play on the same high school team.

It is rumored that San Angelo has no hopes of winning the battle with the Steers Oct. 21. What they need is another publicity campaign to bolster their spirits.

### FAMOUS GRID STARS APPEAR IN RITZ PLAY

One of the dramatic features of a great football game that the rabid throngs in the stadium never see or hear is revealed in "Maybe It's Love," the Warner Bros. and Vitaphone picture of college life in which Joan Bennett, Joe E. Brown, James Hall, Laura Lee and others appear at the Ritz theater Saturday night at 11:30 o'clock.

Tense Moments

At the end of the first half, when the pigskin warriors trot off the gridiron to their dressing quarters, white goes on behind those closed doors? What does the fighting coach say? How do the players feel?

This vivid moment never witnessed by the howling fans provides one of the dramatic scenes of "Maybe It's Love."

Howard Jones, famous coach of the University of Southern California national championship eleven, enacts the role of the coach of the "all-American" football team in the picture. His authentic characterization is based upon his years of coaching experience and what actually happens between halves of a "Big Game" is photographed and recorded with infinite accuracy.

Famous Names

Lending further authenticity to the picture, the football team is composed of the greatest gridiron stars in the entire country selected from the "all-American" choices of the past year. They are W. K. Schooner, Arkansas end; Elmer H. Sleight, Purdue tackle; George Gibson, Minnesota guard; Tim Moynihan, Notre "Dams center; Ray Montgomery, Pittsburgh guard; Otto Pommererung, Michigan tackle; Kenneth Haycraft, Minnesota end; Howard Harpelt, Carnegie Tech quarterback; Paul Scull, Pennsylvania halfback; Russell Saunders, Southern California fullback; and Bill Banker, Tulane halfback.

William Wellman directed "Maybe It's Love," Joseph Jackson did the screen play and dialogue from Mark Canfield's original. The tuneful theme song, titled after the name of the picture and other melodies in the piece were written by Sidney Mitchell, Archie Gottleier and George Meyer.

### SHADOW OF HELEN HICKS FALLS ACROSS GLENNA COLLETT'S PATH

By PAUL ZIMMERMAN, Associated Press Sports Writer LOS ANGELES, Oct. 17 (AP)—The shadow of a 19-year-old girl, whose string of sub-par rounds has been the spice of the 1930 women's national golf championship, fell across the path of Queen Glenna Collett today in her quest for a fifth crown in nine years.

Pride of Long Island, Miss Helen Hicks, sturdy game was put to an acid test yesterday but she turned back Mrs. Leona Pressler, the Pacific coast's last contender, 2 and 1 in the quarter final.

It was a duel that probably will be remembered as one of the great ones in the 24 years of the tournament's history.

Miss Hicks was hard put by Mrs. Pressler, a former Western champion and runner-up to Miss Collett last year. At the turn they were squared, with the Inwood, N. Y., girl one under par and Mrs. Pressler posting a perfect 36, including an eagle.

The hard driving Long Island girl had a possible 18 for the trouble-making par 81 Los Angeles country club north course.

This was scipied, however, by her New York City neighbor, Miss Collett, who was forced into a potential 77 before she could turn back Miss Peggy Watkins of Buffalo, 3 and 2. After hovering about perfect figures for three days, the defending champion had four birdies on her home round of eight holes. Miss Watkins had traded during the out nine, and collected a half dozen birdies in her unsuccessful fight to upset the favorite.

In the other semi-final bracket Mrs. O. S. Hall, Kansas City, who test her steady determined game on Miss Virginia Van Wie of Chicago, Seldom of Pottsville, Mrs. Hill, a semi-finalist last year and a medalist of the current tourney, posted a 38, one under par, on her out nine, and defeated Miss Maureen Orcutt, Haworth, N. J., 3 and 2 yesterday.

### Two Held In Shooting Over Poker Argument

QUINTON, Okla., Oct. 17 (AP)—Neil Morland, alleged slayer of Bill Johnston, 33, of Amarillo, Texas, was in jail here today while officers were investigating the shooting said to have resulted from an argument over a poker game. No charges had been filed against Morland, identified by two witnesses as the slayer.

### YANKEE COACH NEW YORK, Oct. 17 (AP)—Arthur Fletcher, former manager of the Philadelphia Nationals, again will act as a coach for the New York Yankees next season. Joe McCarthy, newly appointed Yankee manager, announced Fletcher had accepted terms for the 1931 season. Fletcher has been a Yankee coach since the 1927 season.

### LEWIS STONE WARDEN OF PEN IN RITZ FILM

His service as an army major was Lewis Stone one of his most important roles of the year. Because of his military training he was cast for the warden in "The Big House" Metro-Goldwyn-Mayer's grim drama of prison riots, which will open Friday at the Ritz theater. George Hill directed the play. Chester Morris, Wallace Deery, Robert Montgomery, Leila Hyams, De Witt Jennings, George Marion, J. C. Nugent, Claire MacDowell, Rayco Ates and Eddie Foy in the cast. A prison riot in which a thousand men appeal and are quelled by army tanks is one of the spectacles of the new play.

### ST. EDWARDS-PIRATES MEET

AUSTIN, Oct. 17 (AP)—Both teams hampered by injuries, St. Edwards university of Austin and the Southwestern University Pirates will do battle tonight in their annual tilt under the lights at Georgetown. The Saints will start the game minus the services of co-captain Blackwell in the line while the Pirates will take the field without two regular ends and a halfback and probably without the guiding hand of Vance Seaman, acting captain and quarterback, who is threatened with an attack of influenza.

### Negro Held Following Death of Ring Opponent

MISSOULA, Mont., Oct. 17 (AP)—Eddie Foy, Chicago negro, was held by police today pending investigation of the death during a boxing bout last night of his opponent, Nick J. Pozoga, 19, Deer Lodge middleweight.

Physicians and figemen worked in vain over the boy's body after he collapsed at the end of seven rounds of fierce milling. Pozoga stepped away from an unusually frenzied assault and toppled over dead.

VAN HORN—Installation of sewer system discussed.

### Mail Trains Crash; Three Of Crew Die

CLEVELAND, Oct. 17 (AP)—Two mail trains of the Big Four railroad smashed head-on within the city early today, killing three of their crews, and injuring four others.

Through some misapprehension, a west bound train, departing for St. Louis was on the same track as another train coming into the station from the divisional yards at Elnadale. They collided rounding a curve near the Fulton road bridge.

Engineer Henry Sprague of the eastbound train and fireman Charles Graff, 65, and conductor Jerry Dickson, 50, of the west bound train were killed. Engineer Frank McCarthy of the west bound train and fireman Clarence Sheffield, 35, of the east bound train were seriously scalded. Thomas Henahan, 59, fireman on the east-bound train and William F. Deo, flagman on the west bound train, suffered minor injuries. All were from Cleveland.

Officials of the road declined to comment on the accident and witnesses were unable to explain how it happened. Each locomotive was pulling two mail coaches.

Physicians and figemen worked in vain over the boy's body after he collapsed at the end of seven rounds of fierce milling. Pozoga stepped away from an unusually frenzied assault and toppled over dead.

VAN HORN—Installation of sewer system discussed.

### ST. EDWARDS-PIRATES MEET

AUSTIN, Oct. 17 (AP)—Both teams hampered by injuries, St. Edwards university of Austin and the Southwestern University Pirates will do battle tonight in their annual tilt under the lights at Georgetown. The Saints will start the game minus the services of co-captain Blackwell in the line while the Pirates will take the field without two regular ends and a halfback and probably without the guiding hand of Vance Seaman, acting captain and quarterback, who is threatened with an attack of influenza.

### JACK SHARKEY FIGHTS FOR 'NOTHING'

CHICAGO, Oct. 17 (AP)—No, hum... All Jack Sharkey, Boston heavyweight demands to box the veteran, battle-scarred Jack Heenan, is \$60,000, guaranteed, with a privilege of 40 per cent of the receipts.

For boxing Otto von Furst or George Godfrey, all Sharkey wants is a guarantee of \$100,000, no less.

Sidney Stros, president of the Chicago stadium, learned all about Sharkey's wishes in an attempt to match him for an engagement October 24.

Negotiations were immediately dropped. Stros is thinking about sending the Boston ex-gob a survey of unemployment conditions, showing that a lot of first class customers are out of work—and broke.

As for Sharkey, Stros yawned: "Ho, hum."

### MAY BOUGHT BY WRIGLEY

CHICAGO, Oct. 17 (AP)—William Wrigley's magnetic checkbook has drawn another veteran pitcher, Jake May, into the Cub fold, the third since the Rogers Hornsby system of reconstruction was instituted.

May, a left hander with nearly a dozen seasons of National League service, yesterday was purchased from the Cincinnati Reds in a cash deal. Last week Lester Sweetland, another southpaw, was purchased from the Phillies, and a day later Bob Smith, a Boston right hander, became a member of the Cubs in a cash and trade deal.

### LAST NIGHT'S FIGHTS

By The Associated Press NEW YORK—Kid Chocolate, Cuba, knocked out Benny Nabors, New York, (1). Black Bill, Cuba, outpointed Freddy Lafanio, New York, (10). Pablo Blanco, Cuba, stopped Bobby Hermany, New York, (3). MINNEAPOLIS—Tommy Loughran, Philadelphia, outpointed Dick Daniels, Minneapolis, (10).

WALNUT SPRINGS—Work of grading and graveling streets within city limits leading to Morgan road, progressing.

### WATSON GIVEN 10 YEAR TERM

CHICAGO, Oct. 17 (AP)—The layman finally caught up with Harry Lee Watson, "gentleman bandit" whose success as a bank robber has worried operatives of banking associations in this and other states for some time.

Watson, who confessed to 15 different bank robberies and was suspected of many more, was sentenced in federal court yesterday to serve ten years in the government penitentiary at Leavenworth, Kans. The sentence was passed after he had admitted taking government funds from a postoffice operated in conjunction with a bank he robbed at Troy Grove, Ill., last July 9.

He was called a "gentleman bandit" because he was always polite and studiously avoided the use of profanity during his operations, which bank officials said extended from Illinois and Indiana into Kansas, Missouri and Oklahoma.

Watson was captured by postal authorities early last August at a farm in the Ozark Mountains, which he was reported to have purchased with the idea of settling down to enjoy a quiet domestic life with his wife, a circus performer.

Twice during his career he escaped from the Texas penitentiary, where he was sentenced for life. On his second break for liberty he wounded two guards with firearms that had been smuggled in to him. Still in his thirties, Watson, bank operatives said, had been engaged in crime since 1923.

GRAHAM—Ladies Shop formal opened.

### National Banks At Coleman Are Merged

COLEMAN, Oct. 17 (AP)—The First National and State National banks of Santa Anna were merged yesterday. Burgess Weaver, president of the First National bank, will continue as head of the new institution which will be known as the First National bank.

NAME BAUCAM—CORNICANA, Texas, Oct. 17 (AP)—The Rev. O. M. Baucam of Lubbock was elected moderator of the Texas Synod, Cumberland Presbyterian church, at the opening session last night, succeeding the Rev. G. L. Waddle of Midlothian. The Synod will continue through Sunday. The Synodical woman's missionary society is meeting in connection with the Synod.

### REVISED FIGURES

WASHINGTON, Oct. 17 (AP)—The census bureau today gave out the revised population figures from the city of Houston, Texas, to be 292,349 for 1920 as compared with 258,156 in 1920.

# EVERYDAY QUESTIONS

Answered By  
Dr. S. Parkes Cadman

Questions from readers are answered by the Rev. Dr. S. Parkes Cadman, Radio Minister of the Federal Council of Churches of Christ in America. Dr. Cadman seeks to answer inquiries that appear to be representative of the trends of thought in the many letters which he receives.

If a foreign army should land on our shores and endeavor to invade this country what would you as a clergyman do?

Resist to the limit. It is our absolute duty to maintain the integrity of the home, the community, and the nation. Human life ceases to be the main consideration when their safety and purposes are wantonly assailed.

Yet any foreign force which secured a foothold in the United States could not permanently maintain itself because the country is too vast and the American people too resourceful. When the Duke of Wellington was asked for his opinion as to the possibility of landing hostile troops in Britain, he admitted that a foreign army might be able to invade his country, but added: "How the devil would they get out again?" This remark expresses the gist of a factor often overlooked.

Napoleon the Great, who invaded Russia in 1812, was only too glad to escape with a ragged remnant of his devastating losses, hardships and forced marches of the Great Retreat from Moscow. The Corsican got into, but barely escaped destruction while getting out of that city. Let us hope our country will never experience a similar onslaught. If it should, as we have sound reasons for believing the aggressors would, it is certain that they had undertaken more than they could accomplish.

Brooklyn, N. Y., December 25, 1918. The actual birthday of Christ and does modern Biblical scholarship confirm it as such?

If you consult the fourteenth edition of the Encyclopaedia Britannica you will find that Christmas was not included in the festivals of the early Church. Hence there was no general consensus of opinion as to when it should be celebrated. The dates of January 6, March 25 and December 25 were named as occasions for the Christmas celebration.

According to the statement of Theophilus of Antioch, the Gauls kept Christmas on December 25. But Clement of Alexandria mentions several dates, and he evidently preferred November 17. I. E. C. as the actual day of our Lord's birth. December 25 was a great occasion in the cult of Mithraism, one of the most formidable rivals of Christianity in the third and fourth centuries. That date was based on making the birthday of the unconquered sun. It would seem that the fourth century Christians took it over from Mithraism as the day of the birth of a God's Son of Righteousness.

A sermon preached at Antioch on December 20, 286 A. D. declares that the feast of December 25 was set apart for our Lord's birth from Thrase to Cadiz. Certainly that date originated in the Western Church and spread eastward with rapidity.

We should always remember that it is the event we celebrate and not the date.

What is being done to salvage from the floating population in the Bowery of New York and similar streets of other cities those men who are capable of better life or who are homeless wanderers only because of unfortunate circumstances? There must be thousands of such men in the larger cities. Has any scientific effort been made to save them from the scrap heap? The various Missions, Homes and Refuges, Y. M. C. A. and Y. W. C. A. establishments and similar institutions render great service in this needed enterprise. The Bowery, for example, for example, gives temporary relief and food to many unfortunate men. Works of mercy and help are the Salvation Army's daily task in which it has made a splendid record. Numerous Churches and philanthropic agencies co-operate in all our cities.

But I fear that scientific efforts to arrest vagrancy and prevent the human wastage it means are still to seek. Nevertheless, the persistence of this problem has concentrated attention upon it in this country, also in certain nations of continental Europe, and in Great Britain. Societies for improving the condition of the poor should also be mentioned in this connection. Henry Ward Beecher once said that very often the great work lies not in helping a down and outer, but in helping him. By this he meant that individualistic charity is no cure for the evil under discussion. On the contrary, it may feed the social disease it is intended to remedy.

Money, patience and time are requisite for a thorough canvass of the whole question of unemployment and its collateral effects in poverty and mendacity. Many strong and thoughtful citizens are at last convinced that needless poverty is a reproach to our entire economic system. But the personal equation has to be considered in finding work for the unemployed. Not a few others are work shy and those who cannot get a job are more or less in danger of developing that detrimental tendency.

see boys and girls being taught more efficiently to be better citizens. We could see the paths of those boys and girls being cleared of obstacles that certainly must have confronted Joyce Sheppard somewhere back in his boyhood or youth—he was only in his twenties when he was put to death.

Sentiment has no place in the enforcement of criminal statutes. When a man breaks the law he ought to be punished. But whenever we see a man who has killed or robbed or ravaged we cannot but wonder how he was born, how he was reared. We wonder whether his mother knew where he was day and night when he was but a child. We wonder whether he was taught the fundamentals of truth and honesty. We wonder whether he sat before conscientious teachers in public school through his childhood and his teens and whether he was taught as he should have been.

It has always seemed to us that putting men in prison is like trying to dam a mighty river at its mouth when a tiny embankment at the source might prevent the costly flood.

Schools such as that at Elbow are much better for keeping men out of the penitentiary than all the laws on the statute books.

Two world war veterans who need the money have hit upon a plan they believe will be beneficial to the community, to individual residents, to the American Legion post here and to themselves. They will paint house numbers in standard size figures on the curbing in front of residents at a nominal charge. A goodly portion of the proceeds will go to the American Legion.

blinded himself two weeks ago was told the governor late last night, a few minutes before the execution, he said. Adding that it would not have influenced him had he known it, sooner.

The governor took the position that Sheppard had had every recourse of the law.

No investigation will be made as a result of Sheppard's blinding himself, the governor said.

"Nails must be used," he said. The prison officials can't pull out every nail in the prison.

Sheppard gazed out both eyes with a sharpened nail which had worked loose in his cell, newspapermen learned last night when allowed to interview the condemned man.

Monty Jackson, negro, saved from accompanying Sheppard by a reprieve late yesterday afternoon, probably will be given a commutation of sentence.

The pardon and parole board has

recommended a commutation, the governor said, and while he had not yet examined the record in detail, he said he believed he would commute the negro.

Hyman Schulman, 48, garment manufacturer, was the most seriously hurt of those rescued at that hour. The blinding had been fairly well searched. He suffered second- and third-degree burns of the head, face, hands and legs.

A strike of the International Garment Workers' Union has been in process for seven weeks and police have been watching the Garment Capital building for two weeks. Captain William J. Hynes of the police "Red" squad disclosed following the explosion.

"The blast occurred in the rooms of the Beverly Hills Frocks, Incorporated, on the fifth floor, where police said there had been labor trouble consequent to a strike a month ago.

They expressed the belief it had been caused by an accumulation of gas, but were investigating the manner in which it was exploded. They gave considerable credence to reports the gas had been ignited when a Mexican youth, employed in the shop, lit a cigarette.

a. m. yesterday to 44 at midnight with the drop continuing. A cold northerly wind was sweeping across Texas chilling the state which enjoyed temperatures well over 80 yesterday.

ABILENE, Oct. 17 (AP)—A minimum temperature of 44 degrees recorded here early this morning failed to bring frost. It was said by W. H. Green, government meteorologist. Even a light frost would have damaged late cotton and feed crops which been "putting on" following recent rains, he said.

TULSA, Okla., Oct. 17 (AP)—A bright sun brought rising temperatures in northeastern Oklahoma today, repulsing winter's first sortie. In Tulsa the mercury started a gradual climb after reaching 36 degrees, a low mark for the season, at 7 a. m. The first frost arrived during the night.

OKLAHOMA CITY, Oct. 17 (AP)—Stoves and furnaces were fired up throughout Oklahoma today as the remnants of a Rocky mountain blizzard sent the temperature down to the lowest mark since March 30. The minimum here was 37 degrees above zero at 4 o'clock this morning.

J. P. Slaughter, U. S. meteorologist, said a trace of frost was recorded in valleys in the northern part of the state. Generally fair and continued cold weather, with an accompanying light frost, was predicted for tonight and tomorrow morning.

## MARKETS

BOSTON WOOL  
BOSTON, Oct. 17 (AP)—Small quantities of both fleece and territory 56's and 48, 50's wool are being moved at slightly lower levels in prices than recently prevailed. Ohio and similar strictly combed 60's quality bring 29 3/8c in the grease, or 53 1/2c scoured basis and the 48, 50's wool, out of similar basis values in the range of 50 1/2c. Strictly combed 56's bring 50 1/2c scoured basis, and 48, 50's sell at 55 to 57c scoured basis.

WOOL BULLETIN  
BOSTON, Oct. 17 (AP)—The commercial bulletin will say tomorrow: "The domestic wool market has been very slow and, in spots, soft. The national wool marketing corporation has reaffirmed its policy of stabilization of wool prices so far as possible. For the moment it is a buyers' market, despite more or less resistance from dealers.

Merinos in the foreign markets are steady. Cross-bred, however, are weak. Advance offerings from Montevideo of the new clip wool are being made at prices very close to importing parity.

The manufacturing position, especially with reference to worsted, is disappointing. Woolsens are in slightly better position.

Mohair is dull for the most part, with prices largely nominal and unchanged.

**Sterling City Post Office In Family 25 Years**

STERLING CITY, Oct. 17.—Sterling county was organized in 1890. The first post master was G. D. Hines, the second W. F. Kellis and third Homer Schofield. Hallie Knight here was appointed, in January, 1902. Mr. Knight died in 1912 and his wife was appointed and served from 1912 to 1917. W. F. Nelson was appointed and served 3 years. Hallie Knight, a son was appointed and has been postmaster since that time.

It was a fourth class postoffice until 1910 when it became third class but only stayed third class one year and then dropped back to fourth class, on account of drought and adverse farming conditions. The conditions were such that it remained fourth class four years and was returned to third class.

The first place to house this little office when Hallie Knight became post master was a room 14 feet square. The rent was \$3 per month. Since 1902 it has been in seven different locations and has grown from the most primitive fixtures to a modern office with the latest combination boxes housed in a modern stone building owned by Foster and Davis.

In its early years one person could do all the work and then have time for other things. Mr. Knight was a clerk either in a dry goods or grocery store. Now two people are employed constantly and during the holidays extra help is needed.

Since 1920 the receipts have increased each year and during the last 15 years the receipts have doubled.
