## 168 Tech Women Receive Honors For Activities

### Eight Are Called For Fourth Time; Shook Presents Torch

One hundred and sixty-eight women students were honored yesterday afternoon at the ninth annual Women's Recognition Service for the outstanding work they have done this year. Included in this number are nine women whose activities were recognized in absentia.

Dean Mary W. Doak and Margaret W. Weeks read the recognition roll for the service. Marie Shook, retiring president of the Association of Women Students, presented the roll of honor, which was signed by each girl, to President Clifford B. Jones. The scroll will later be placed in the lounge of Doak hall. The torch of leadership was presented to Jane Hill, president-elect of AWS, by Miss Shook. This is a traditional feature of recognition ceremony.

## Represents Tech

Winifred Piner, Tech coed, has been chosen to represent Lubbock in the annual meeting of the West Texas Chamber of Commerce to be held in Big Spring.

## War Department Inspects ROTC Unit Friday

### Col. E. A. Keyes To Be Honored At Luncheon By Officers' Club

Tech's ROTC unit of the engineering division will undergo annual War Department inspection Friday. Col. E. A. Keyes, cavalry, with civilian components officers of the Eighth Corp area, headquarters at Fort Sam Houston, will conduct inspection.

At 11:10 o'clock a. m. the unit will participate in a review for the inspecting officers. The review will be followed immediately by an inspection of the unit under arms.

## Accounting Club Holds Banquet

### Attorney Dupree Talks On Professional Ethics

Climaxing a year's activities, Tech Accounting society held a banquet at Mexican Inn Monday night with President Asher J. Thompson acting as toastmaster.

Attorney George W. Dupree of the Crenshaw, Dupree and Milan law firm spoke on the ethics and importance of public accounting as a profession.

## What Now, Little Man?

He seems puzzled, a little chagrined, and maybe not too happy over the news that he is to be released from his present fetters about May 24. At any rate the "fish" on that date will see for the first time the awesome Finals juggernaut that has so often strewn many victims in its wake.

## Students Journey To Old Mexico To View Aztec Ruins

Pyramids rivaling those of Egypt, America's Venice, a hidden convent, an ideal city set aside as a national monument—these are some of the sights that trippers in the Tech group touring Mexico will see this summer.

Two nights and one day will be spent in Monterrey on the way down. Dr. W. C. Holden, director of the tour, said. Besides seeing many historical and picturesque sites in Mexico City, the party will make several one-day visits to nearby places.

## Art Lending Post Has Big Success

The Art Lending library started last fall by the applied arts department has been a marked success, Miss Martye Polindexter, head of the department, said.

Of the 15 pictures available for rental, 12 are rented now by students. Fifty cents a semester is charged for use of a picture. At the end of the semester or semesters, the student may apply any rental fee paid to the cost of the picture if he desires to purchase it.

## Schmidt Explains Photo-Electricity

Approximately twenty-five members of Sigma Xi heard Dr. C. C. Schmidt discuss commercial and scientific uses of photo-electric cells Monday night in the home of Dr. and Mrs. R. S. Underwood.

Since the cell acts almost instantaneously, it can be used to operate a number of devices such as burglar alarms, self-opening doors and advertising signs. Used to classify many artificial products, it can grade piston pins to one-thousandth of an inch. Color sorting done by it is more correct than done by eyes, he said.

## Quarterly Club Hears Mrs. Allen

Mrs. James G. Allen delivered the principal address and was elected president recently at the last meeting of the year of the Quarterly club, an organization of Tech women faculty members.

She succeeds Miss Jonnie McCrery as head of the group.

## Radio Program Dedicated To Summer Band

Third program in a series of broadcasts concerning activities at Tech will be given over KFYO Saturday night at 7:15 o'clock. The program will be dedicated to the summer band school and will be directed by Prof. D. O. Wiley.

Tech band will play three numbers which will be followed by Professor Wiley speaking on plans for the band's activities for the summer.

## Churches Seen

A city with a church for every day in the year—Chihuahua—its growth scene that will be visited. All of the churches in the city which is smaller than Plainview can be seen from the top of an ancient pyramid on which one of the churches is built.

Chief attraction in Puebla is a hidden convent which existed for years without its next door neighbors ever being aware of it. Recently discovered, the place is now open for inspection. It is quite large and has a myriad of unusual relics.

## Make Your Dates From: The College CALENDAR

- TODAY  
Social clubs, 7  
Double T, 7:30, La Fonda  
Farmer County club, 7:30, 207  
Castro County association, 7:30, 320  
Philosophical society, 7:30, 2627  
23rd  
Las Vivi picnic, 5, Mackenzie  
State park

- THURSDAY  
Student council dinner, 7, Hotel  
Lubbock  
Freshman Honor society, 5, Doak  
hall  
Alpha Chi, 5, 220  
Torch and Castle, 7:30, Military  
bdg.  
Cotton Carnival, Palace theater  
WAA banquet, 7:30, Hotel Lub-  
bock
- FRIDAY  
DFD spring dance, 9 to 12, Hotel  
Lubbock  
Kappa Kappa Psi dance, 9 to  
12, Hilton hotel

## Wrong Test Results As Stude And Prof Miss The Turn

He may know a putter from a masher but he didn't know a money and banking quiz, a branch of economics, from a finance quiz—at least not immediately.

He's a champion golfer, but when Professor T. C. Root absent-mindedly got some sets of quiz questions mixed up, he just took the wrong test without noticing the difference.

## Oil Man Shows

A sound motion picture on the construction of a rotary rock bit will be shown by Chester Naramore, secretary of the petroleum division of AIME, in the engineering auditorium Thursday night at 7:30. Naramore is from New York City.

## Geologists Get Jobs With Humble Geophysicists

Joe Leonard and Jack Myers, two geologists, received word from the Humble Oil and Refining company Monday that their applications for positions had been accepted.

Beginning work at their earliest convenience, they will be stationed in the geophysics department doing sub-structure work.

## Science Club Has Buffet Supper

Annual dinner meeting of the Science club will be in the form of a buffet supper tonight at 7:15 p. m. in Doak hall, Edna Buster, secretary of the organization, reported.

Officers for next year will be elected at this last meeting of the year. Prof. C. V. Bullen, president of the club this year, will address the group on "The Better Light—Better Sight Movement."

## Ancient Costumes Put In Museum

An exhibit of ancient costumes made by home economics students was placed in West Texas museum recently.

Representing the Greek Doric Chiton, a Cretan dancing girl's costume and a dress worn by an Egyptian girl of noble birth, the models were made by Virginia M. Hall, Vera Beth McClellan and Hazel Ann Wilson.

## Lamb Visits Campus

Arch Lamb, 1939 June graduate, visited on the campus recently. He attended a dairy products conference in Plainview. He returned to Fort Worth Wednesday night.

## Prof. M. E. Heard To Be Guest Of Honor At Feast

Prof. M. E. Heard, who has resigned as head of the textile department, will be honored with a farewell dinner Saturday night at 7:15 o'clock in Knapp hall.

Heard has been on the Tech faculty for the past twelve years, the last five of which he spent as head of the textile department. He has resigned to become director and head of the Philadelphia Textile school in Philadelphia, Pa.

## Prof. F. A. Kleinschmidt To Attend Convention

Prof. F. A. Kleinschmidt and W. L. Bradshaw will attend the national convention of American Institute of Architecture in Louisville, Ky., May 20-25.

Kleinschmidt, who is vice president of the North Texas chapter of the institute will go as a delegate of that section. Colleges and universities from all over the nation will be represented at the convention, Kleinschmidt said.

## Pre-Meds Hold Last AED Meet

Tech's would-be doctors attended the last meeting of Alpha Epsilon Delta for this year in the home of Dr. M. F. Landwer last week.

Two members of this pre-medical fraternity, L. M. Flannery and George Bain, will graduate in June and have applied for admittance to Texas university medical school in Galveston. Evelyn members will remain in the club.

## Alumni Banquet Will Be June 1

Annual banquet of Tech Alumni association will be held June 1 in Doak hall with John W. Carpenter, president of the Texas Power and Light company, as main speaker.

Election of officers from a nomination list will be made at that time. In connection with the balloting district and county committeemen are now being selected by mail in the 31 senatorial districts and the counties of Texas in which alumni groups are organized.

## 8th Cotton Carnival Is Set For Thursday

Tech's Eighth Annual Cotton Carnival will be held tomorrow night at the Palace theater. Ceremonies, including the coronation of the king and queen and the presentation of the duchesses and their escorts, will begin at 8:45 o'clock.

The queen was determined by student votes yesterday. Candidates in the running were Mary Paxton, Sweetwater; Billie Bess Shive, Big Spring; Marguerite Brannen, Littlefield; Marilyn Fry, Floydada; and Janie Slay, Albany.

## Winners In Crops Judging Told

Winners in the intra-school crops judging contests held Friday were awarded and new members initiated at a meeting of Plant Industry club Monday night.

High ranking participants in the freshman-sophomore contests were Delbert Devin, first; Edwin Dawson, second, and Robert Hargrove, third. Junior-senior winners were Allen King, first; Milton Pierce, second, and Robert Lee Smith, third.

## Exams Scheduled For May 24-30

Examinations will begin Friday, May 24, and continue through May 30, according to the schedule released by Dean Gordon last week.

Time for examinations for classes with laboratories will be based on the lecture hours and not on the laboratory hours. In case of conflict the laboratory hours may be used with the approval of the dean of the division, provided the course is wholly laboratory.

## Students Journey To Old Mexico To View Aztec Ruins

Pyramids rivaling those of Egypt, America's Venice, a hidden convent, an ideal city set aside as a national monument—these are some of the sights that trippers in the Tech group touring Mexico will see this summer.

Two nights and one day will be spent in Monterrey on the way down. Dr. W. C. Holden, director of the tour, said. Besides seeing many historical and picturesque sites in Mexico City, the party will make several one-day visits to nearby places.

## Art Lending Post Has Big Success

The Art Lending library started last fall by the applied arts department has been a marked success, Miss Martye Polindexter, head of the department, said.

Of the 15 pictures available for rental, 12 are rented now by students. Fifty cents a semester is charged for use of a picture. At the end of the semester or semesters, the student may apply any rental fee paid to the cost of the picture if he desires to purchase it.

## Summer Reports For Recreation Are Confirmed

Summer recreation reports made by Dean James G. Allen was confirmed by the summer school committee for numbers appearing on "artists night" which will be held every Thursday night. Dean Allen is in charge of summer recreation.

## Prof. M. E. Heard To Be Guest Of Honor At Feast

Prof. M. E. Heard, who has resigned as head of the textile department, will be honored with a farewell dinner Saturday night at 7:15 o'clock in Knapp hall.

## Alumni Banquet Will Be June 1

Annual banquet of Tech Alumni association will be held June 1 in Doak hall with John W. Carpenter, president of the Texas Power and Light company, as main speaker.

## 8th Cotton Carnival Is Set For Thursday

Tech's Eighth Annual Cotton Carnival will be held tomorrow night at the Palace theater. Ceremonies, including the coronation of the king and queen and the presentation of the duchesses and their escorts, will begin at 8:45 o'clock.

## Winners In Crops Judging Told

Winners in the intra-school crops judging contests held Friday were awarded and new members initiated at a meeting of Plant Industry club Monday night.

Pyramids rivaling those of Egypt, America's Venice, a hidden convent, an ideal city set aside as a national monument—these are some of the sights that trippers in the Tech group touring Mexico will see this summer.

## Art Lending Post Has Big Success

The Art Lending library started last fall by the applied arts department has been a marked success, Miss Martye Polindexter, head of the department, said.

## Summer Reports For Recreation Are Confirmed

Summer recreation reports made by Dean James G. Allen was confirmed by the summer school committee for numbers appearing on "artists night" which will be held every Thursday night.

# Los Cams Battle Scotts Today As Tourney Nears Close

## Cams Eliminate College Club In 12-5 Tilt

Los Camaradas battles the Scotts today at 3:30 for championship of the upper bracket and right to meet consolation winner of Tech's intramural baseball tournament for the title.

Behind the stellar pitching of Gibson, Los Cams advanced into a playoff post with the highly touted Scotts by virtue of a 12-5 victory over College Club.

**Scotts Stop Jaywalkers**

Meanwhile, the Scotts were following Hurler Paul Reynolds and the home-run hitting of Slinkman, Hendricks, Geary and Woods to a smashing 18-7 victory over the Jaywalkers. Outstanding for the losers was Bill Jagers and First-Baseman McClelland, both of whom slammed out circuit clouts against the victorious Scotts.

In the third second round game, College Club felled Scotts, 16-3, with Woodrow Ramsey turning in a creditable job at the mound. But, along came Los Cams with their battery of big guns and kicked the College Club clan into the consolation bracket.

The Jaywalkers were scheduled to play College Club at 2 p.m. yesterday, and Kemas was slated to vie with Scotts at 5 p.m. in consolation games. Thursday the winners will tangle for right to play loser of the Scotts-Los Cams tilt. Winner of the consolation tilt on tap for tomorrow will tangle with winner of the Scotts-Los Cam game for the title.

### Season Summary

A season summary of the games is:

In the first round, Kappa Kappa Psi were dropped 20-3 by the Scotts. Jagers hurled a 21-5 victory over Pitcher Jim Brigham's Wrangler's and Socii, with Easterwood on the mound and Guffington behind the bat, turned back Kemas, 15-5. White chunked for the Kemas nine and George worked the plate.

The Silver Keys got off to a disastrous start at the hands of College Club, dropping a narrow 23-19 decision, despite the competent battery work of Whiteley and Hieronymus. Los Cams definitely established themselves as a threat with a 21-3 lacing of the Centaurs. Bill Rives' outfit never had a chance against the big Los Cam willows.

### Wranglers Clout KKP

Back in the consolation flight, the Wranglers eliminated Kappa Kappa Psi from the tournament with a 14-11 trouncing and Kemas kicked the Keys, 12-2. The defeat also dropped Whiteley's outfit from further competition. Centaurs forfeited to Socii, who drifted through to the semi-finals on the bye.

Jagers' Jaywalkers then took command of the consolation situation with a 17-0 shellacking of Brigham's Wranglers to drop them from the circuit.

Today's game between Los Cams and the Scotts for championship of the winner's division, is slated for Fox Recreation Park at 3:30 p.m. There will be no admission charge, according to Doc Spears, director of the intramurals program at Tech.

## Early Documents Given College

Over one hundred items of Texana have been presented to Tech by Dr. W. E. Howard of Dallas, collector of early Texas documents. Presentation of the gift was made to President Clifford B. Jones last week.

Photographs of early Texans, letters, books, pamphlets and other official documents are included in the gift. A copy of the Galveston Tri-Weekly News dated April 13, 1864, published in Houston with W. Richardson as editor, is in the collection. Other documents of interest are one signed by King Charles IV of Spain, a specimen of currency issued when Texas was a republic bearing Sam Houston's signature—a map of the city of Rusk in 1848, a letter written by Big Foot Wallace in 1892 and a number of bills and transfers signed by Sam Houston.

Of special interest is a collection of unpublished letters written by D. Augustin Fischer in 1829. Fischer, a Texas Jesuit priest of German descent, once went to the Valley as a special envoy for Emperor Maximilian of Mexico.

## Block And Bridle To Stage Rodeo

A rodeo will be staged next year by the Block and Bridle club, Tom Murray, president-elect announced.

The rodeo will take the place of the La Renda show which the club has sponsored in the past. A tentative date has been set for October 19, the Saturday following Parents' Day.

Elbert Overton has charge of general plans for the rodeo. Plans for an all-college Western day are being made and further announcements will be made concerning it. A blanket challenge has been issued by Murray to any club or individual to compete with the Block and Bridle club members in the rodeo contests.

## This Is The Story Of A Man's Fists And A Woman's Faith, And How They Tricked The Tin-Horned Sports Of Texas

### His Fists And ...

BABE RITCHIE

By BILL WOOD

"HE'S through," said the tin gods of ring raidism six months ago. "Cart him off to a glue-factory or an Old Folks' Home. He's fought his last fight, if he's smart."

Yes, those boys with the gold watch chains and the big black cigars had seen the kid battered into insensibility by an old war-horse. So, they puffed out their thick lips and turned down their pudgy thumbs.

But, when they mentally relegated Big Babe Ritchie to the fighters' scrap heap along with Kingfish Levinsky and Primo Carnera, they forgot something. They forgot that a fellow with a fighting heart and a faithful wife didn't go down under fire like the baleful, blubbering Levinsky. Not a guy like Ritchie.

So after he was pumelled to a pulp by Maxie Baer here last September, and after a Yankee unknown, whose name I have forgotten, kayoed him in Dallas, the back-slappers and the tin-horn sports didn't recognize Ritchie around Lubbock any more.

Oh, sure, he had a few friends left... a few who remembered his football days with the Lubbock high school Westerners. There was his "owner," a prominent Lubbock physician, his in-laws, two or three others and his wife—Mary Frances Ritchie, a junior arts and sciences student in Tech.

She stayed with Babe through the dark days that followed his knockout at the hands of Maxie Baer, when others were

### ... Her Faith

MARY F. RITCHIE

staring at the big fellow on the streets and itching to feel his puffy, blue eyes. She stayed with him after his kayo in Dallas.

AND then Babe went to the border. Tony Herrera, the quiet little ex-pro, told him to forget what he knew about boxing and start all over again. Long months they worked in El Paso gymnasiums, and except for a draw-match in Carlsbad with Babe Hunt, Ritchie just trained.

Tony taught him to do something with his left hand besides hold a fork. He taught him to jab faster and to hook with amazing power from those massive, muscled shoulders.

Those months in El Paso were long and hard. Folks out here seldom thought of Ritchie. Newspapers remembered him only as a filing name in their morgues. Then, not long ago, someone came up with the news that Babe Ritchie was going to fight J. D. Turner for heavyweight professional championship of Texas.

The tin-horn sports laughed. "How does he do it?" they asked. "Who keeps putting that guy on boxing cards?"

"He'll win," said Mary Frances Ritchie. "My Babe's got it in him to be a champion. He wasn't ready for Max Baer last fall."

SHE drove out to El Paso last Friday. She sat in a ringside

seat under the glare of the big lamp. She saw her husband, a new, streamlined killer, stalk Turner for eight rounds with deadly left hooks and right crosses, then salt him away on ice in the ninth with a technical knockout.

"Oh-ho," said the newspapers and the tin-horn sports. "What goes on here? Is our Babe Ritchie REALLY champion of Texas? Hurray for Babe. Viva Ritchie. Babe will be champion of the world some day. We must bet on Babe next time."

And so Mary Frances and Babe

smiled, thanked all their many friends and well-wishers and told them how nice it was they believed in them. And then they left the buzzing crowds and when they were alone with two or three others, they all smiled again. A great game, this ring racket.

## All-Star Team Defeats WAA

### Social Club Standouts Take 14-9 Victory

A self-selected social club softball team today reigns unchallenged queens of Texas Tech diamonds, victors over WAA by a decisive 14-9 performance.

Chosen from the five teams which comprised the recently-concluded league, the All-Stars wasted but a half-inning before going to work. WAA opened the game with a pair of runs by Nunnally and McCarley, for a 2-0 lead, with the latter slugging out a long hit over right field for a home run.

Stars Score 7

Helen Rosenquest struck out the next batter and the All-Stars went to work. Jane Brownfield walked, Jean Clapp singled to center, Rosenquest wiped the sacks with a double and Wandine Halamick walked. Brown walked to load the bases and Gambelin doubled. Vestal singled and scored on a wild pitch that counted for seven runs in the first for the All Stars.

WAA was held to a single tally in the second frame, which saw Rosenquest whiffing three batters with her speed ball. Clapp came back to slam out a three-bagger for the Stars and Rosenquest singled to score Clapp, then drifted home on an infield out.

Stars Held To One Score

WAA scored twice more in the third, while the Stars added four. Trailing 13-4 at the first of the fourth, WAA added three more scores off four sound hits and held the Stars to a lone tally as Halamick belted a single to short and scored on Charlesworth's out at first.

In the fifth and final inning, WAA's second baseman, McCarley, fled out to Right Fielder Allen. Cox singled to left field, stole second, and Hill's high fly was sacked by Halamick. With two away and McCarley on third by a wild pitch, Hill took the WAA timber. She let a wild pitch pass and Cox slid in with the fifth score, then Rosenquest calmly slipped three sharp strikes over the platter to retire the side.

## 300 Museum Association Members Sought In Drive

A drive is being made this month to secure 300 members for the West Texas museum association for next year. Approximately one-half of this number have been pledged.

Membership fees are \$1 to students and \$2.50 to faculty and Lubbock residents per year. Life memberships are \$100 each. Eight life members are Clifford B. Jones, Dr. C. J. Wagner, W. G. McMillan, Sam C. Arnett, George P. Kuykendall, J. A. Hodges and Mrs. Roscoe Wilson of Lubbock, and Clarence Scarbauer of Midland.

**FLIES WORLD'S FASTEST PLANE!**

TEST PILOT HOMER BERRY LIKES ALL THE SPEED HE CAN GET IN A PLANE, BUT HE LIKES HIS SMOKING S-L-O-W! SLOWER-BURNING CAMELS ARE HIS CIGARETTE

"FASTEST PLANE off the production line today!" That's how Homer Berry describes the amazing new Bell Airacobra. This veteran test pilot started flying in 1913... started smoking Camels the same year. "No other cigarette ever gave me anything like the pleasure of a Camel," he says. "They burn slower, smoke milder and cooler. In 26 years, that slower burning has given me a lot of extra smoking." Try Camels. Enjoy Camel's slower-burning costlier tobaccos. Penny for penny your best cigarette buy!

TEST PILOT HOMER BERRY SAYS:

"No fast burning for me in my cigarette. I've smoked Camels ever since there have been any Camels. They burn slower and give me more pleasure per puff and more puffs per pack. 'I'd walk a mile for a slow-burning Camel!'"

Slower-burning Camels give you—

MORE PLEASURE PER PUFF ... MORE PUFFS PER PACK!

EXTRA MILDNESS EXTRA COOLNESS EXTRA FLAVOR

In recent laboratory tests, CAMELS burned 25% slower than the average of the 15 other of the largest-selling brands tested—slower than any of them. That means, on the average, a smoking plus equal to 5 EXTRA SMOKES PER PACK!

# DFD Patronesses To Give Spring Dance

## Ned Bradley Will Play For Semi-Formal Event Friday

### Recognition

(Continued from page 1)

line Tucker, Agatha Turner, Betty J. Watson, Ingeborg Webster, Josephine Welmaker, Nell Marie Wiley, Ina Frances Wilson and Ruth Wiman.

Junior girls recognized were: Lorna Bennett, Betsy Dan Bihl, Ouida Breneman, Joanne Cox, Ruth Craig, Mary Eleanor Diggs, Mary Grace Ellison, Genevieve Ferguson, Frances Joyce Finch, Dorothy Margaret Forbis, Virginia Glenn, Mary Lou Gordon, Jane Hill, Lottie Marie Holland, Christine Hopkins, Paula Howard, Daphne Hutchings, Doris Charlotte Kolb, Jeanne McDonald, Lois Montgomery, Lucille Neely, Mrs. Lottie Reed, Carolyn Seale, Virginia Smallwood, Lillian Smith, Doris La Rue Stapleton, Mary Etta Vernon, Ruth Wade, Maxine Wheatley, Mrs. Era Miller Willis and Sarah Worsham.

Sophomores were: Darlene Abel, Geraldine Ball, Mary Catherine Booth, Helen Ruth Brown, Janice Bue, Mary Helen Carroll, June Crosby, Mildred Hawkins, Virginia Ann Hilliard, Billie Joe Knutson, Elizabeth Earle Luce, Miriam Frances Peckham, Susan Perry, Ruth Elizabeth Roberts, Sissy Jeanetta Roberts, Clara Spencer, Mary Margaret Tunnell, Jean Jane Whaley and Mattie White.

Freshman girls honored were: Mary Clare Barnett, Jimmie Amelia Boone, Mattie Lou Bryant, Marianna Coffey, Marian Coffman, Ruth Joan Connelly, Mary Katherine Daniel, Ermadell Floyd, Wilma Ruth Forbis, Frances Garry, Willouise Humphries, Kara Hunsicker, Hallie Olene Hunter, Clarice Violet Kubala, Miriam Louise Meading, Ann Moore, Clara Annie Mueller, Martha Frank Plants, Georgia Lee Powers, Lorene Sander, Mary Roman Sparks, Joyce Jeanette Squires, Vera Thorman, Doris Nell Tippit and Georgia Sue Wharton.

New members of Forum for 1940-41 are: Nettie Belle Eaiton, Geraldine Conner, Alma Rhba Eades, Mary Galtier, Onita Belle Hufstedler, Helen Lytle, Emily Ann Mack, Marian Lee Mason, Ernestine Story, Nina Rose Webb and Hazel Ann Wilson.

Girls recognized in absentia were Marian Betchtel, Dorothy McCune Clower, Mrs. Robert Goodwin, Edna Pearl Johnston, Marcia Wheeler Lockwood, Billie Jo Onstead, Mary Margaret Stewart, Alice Lynn Street and Mrs. Minnie Will Williams.

Flower pages were Gloria Hammonds, Bernadine Hilbers, Lanelle Hurlbut and Gertrude Waller.

**SHEEP TO BE SHEARED**  
Sheep-shearing of college flocks will begin today, announced R. C. Womery. The college has recently purchased a new positive-drive electric shearing machine, a one man unit. Thirty-five goats and 143 sheep compose the flock. The sheep herders, Claude Hoffman, is a junior agricultural student from Paint Rock.

# Student Council To Close Year At Dinner-Dance

Student council will entertain with a dinner-dance at 6:30 o'clock Thursday night in Hotel Lubbock. President Lee Byrd will act as master of ceremonies and the new officers will be installed. Music will be furnished by a nickelodeon.

New officers to be installed are James Snyder, president; Roy Wilkes, vice-president; John Williams, business manager; Emily Ann Mack, secretary; and Paul Redding, representative to the athletic council.

Members and their dates to attend are:

Lee Byrd	Eron Gafford
Haynes Baumgardner	Lula Scott
Fred Day	Pauline Rutledge
H. L. Gunter	Mary Neile Gulleage
Jerry Kane Jr.	Wanda June Williams
Dessie Katherine Lewis	George Wilson
John O. Miller	Janice Thompson
Jack Myers	Jean Draper
Bob Pendleton	Maurine Raina
Johnny Phillips	Ruth Loftin
Paul Redding	Billie Jo Dodson
Marie Shook	Bill Parks
James Snyder	Marguerite Brannen
Dexy Sudduth	Winnie Jo Hooser
Roy Wilkes	Doris Lee Gore
Mary Burke Yeager	Clark Kimmel
Cy Clayton	Milton Joyce
Peggy Lownday	Harold Thompson

Other council members to attend are Mary Eleanor Diggs, Afton Willingham, John Amos Wright, Don Shepherd, and Hubert Mosley.

Special guests will be President and Mrs. Clifford B. Jones, Mr. and Mrs. W. P. Clement, Opal McMahon, Charles Cobb, Sandy Sanderson, Lois Nance, George Musick, A. J. Kemp, Frank Splitler, Edward Kidd, Emily Ann Mack and John Williams.

Mayford, Lalla D'Spain, Opal McMahon, Mrs. Eleanor Chitwood	Wilbur Stewart

# Graduate Gets Engineering Job In Katchikan, Alaska

James H. Roberts, Lubbock, Tech graduate left Tuesday for Kitchikan, Alaska, where he will be employed as a civil engineer with the Civil Aeronautics Authority.

Roberts will assist in building an airport on an island off the bearing sea coast of Alaska. He is an expert amateur photographer.

# GRAD COMES BACK

Bruce Moore, mechanical engineering graduate of 1932, visited Tech campus Monday. He is employed of Eureka Program Clock company, Tyler, as assistant manager. The plant is owned by Moore's father.

# Now That They're Graduating

Here's assistance in the difficult though exciting task which awaits you . . . that of selecting gifts for the graduate. You will find their favorite gifts here . . . gifts that graduates themselves would select.

<b>Cameras-Kodaks</b> Increasing interest in candid photography makes this suggestion timely . . . # The Tech Summer Session

## IS AN INTEGRAL AND VITAL PART OF THE COLLEGE YEAR

### The Summer Session Aims To Serve The Following Groups:

1. Regular students who wish to reduce the customary four years of college work to three.
2. Regular students who, because of necessary delays or because of failures, find their courses to be irregular and need to do summer work for this reason.
3. Teachers who desire the refreshing contact with instructors or who wish to complete requirements for certificates or degrees.

### PROGRAM OF WORK

#### AGRICULTURE

Instruction is available in each of the Departments in the Division of Agriculture.

An intensive three weeks' course in Soil Conservation for full credit is available again during the first three weeks of the first term. As an aid to teachers in service five courses are offered in the Agricultural Departments during the last three weeks of the first term. These courses are suitable for advanced credit and three may be taken at the same time for the three weeks' period.

#### ARTS AND SCIENCES

Departments offering courses are: Biology, Chemistry, Economics and Business Administration, Education and Psychology, English, Foreign Languages, Geology, Government, History and Anthropology, Journalism, Mathematics, Music, Band, Philosophy and Sociology, Physical Education, Physics, Speech, Bible.

Specialized courses are offered in Guidance, Visual Education, Radio Education, Physical Education, and Public School Music.

#### ENGINEERING

All courses required in the uniform freshman year, all courses required in the freshman year in Commercial Art, and most of the courses required in the freshman year in Architecture will be available. Those interested in advanced courses will find certain of these available, but our course offerings should be especially helpful to freshmen and underclassmen.

#### HOME ECONOMICS

Special attention will be given to courses for workers in all fields of home economics. Important courses offered in alternate summers for graduate credit: Home Management, Advanced Food Preparation and Serving, Advanced Garment Fitting, Crafts Courses, Two Courses in Consumer Buying, and short courses in Hand Weaving and Food Preservation.

### THE SUMMER SESSION

#### HAS HAD A STEADY GROWTH IN NUMBERS AND IN SCOPE OF WORK

#### Record of Enrolment

1925-26	336
1926-27	677
1927-28	965
1928-29	1298
1929-30	1316
1930-31	1556
1931-32	1606
1932-33	1288
1933-34	1970
1934-35	1956
1935-36	1678
1936-37	1695
1937-38	1839
1938-39	1932

### RECREATION

Recreation activities this summer will follow somewhat the program begun last year. Provision has been made on the campus for an outdoor meeting place on the "Green" immediately south of the Administration Building. A varied program of educational and entertaining features will be presented at least four evenings each week. Admission to these recreational programs will be limited to holders of recreation tickets. Included in the program for the summer will be music, including band concerts; popular and educational lectures, both from the College staff and outside talent; and at least one dramatic production of popular interest. Films, both silent and talking, will be shown at regular intervals, carrying educational and recreational features, along with news reels and shorts of various types.

It is planned that holders of recreation tickets will have subscription to the Summer session paper, special rates at golf courses, local theaters, and the city swimming pool. A College dance program is proposed once each week, in addition to the other entertainment features to be held on the campus.

Season tickets are sold to non-student members of the student's family at the same rate as to students.

Members of the student body may secure admission to single numbers of the recreation program at special rates, but season ticket rates will be such that one normally will not wish to do this except under special conditions.

### GRADUATE

During the summer term graduate work may be pursued in all those departments which regularly offer graduate work. In addition, special work in Physical Education and in Band which may fulfill minor requirements for the Master's degree is offered during the summer.

## First Term: June 6 to July 15; Second Term: July 16 to August 23
