### Local Beauty Operators Organize Unit Of State Beauticians Association

Twenty-three of Big Spring's more than 40 beauticians met Tuesday evening at the Settles hotel for organizing a unit of the Texas Association of Accredited Beauty Culturists.

Mrs. Patsie G. Mellen spoke to the group on the advantages which may be derived from organization of hairdressers and beauticians. She reminded the women that the day is coming when begging for appointments will end, and then they will have to go out to solicit business. At that time there will be emphasis on quality, courtesy and salesmanship.

"The beautician is the custodian of the lady's beauty, just as the doctor is custodian of his patient's health," Mrs. Mellen emphasized, and added that it is the beautician's responsibility to act as a member of a profession.

The membership of the local unit now stands at 13, and eight of the members joined the organization Tuesday. The new members included Inez George, Lillie Pachall, Melva Ray Chapman, Marcelle Hale, Adele Carter, Imogene Woods, and Ruth Dyer. Five former members of the state organization, included Lois Eason, Ina McGowan, Opal Chapman, Alma McLaurin and Dora Jones.

Those joining the organization voted to have regular meetings each second and fourth Tuesday evening. A committee was selected for nominating the officers for the unit. It includes Alma McLaurin, Ida Ship, and Lois Eason. Two local shops, the Settles and Youth, belong to the state wide organization 100 per cent.

When the organization is complete the members will meet at the semi-monthly sessions for discussions and programs relating to the beautician's work. Election of officers will be held on April 9.

Two Big Spring men have received honorable discharges from the army, at the Separation Center at Fort Bliss. They are Pvt. R. J. Self and Cpl. Eustace W. Grandstaff.

### Troy Gifford, Jr. Celebrates Fourth Birthday At Social

Troy Amos Gifford Jr. had his fourth birthday party Tuesday afternoon in the home of his parents.

The table was laid with a white satin damask cloth centered with an arrangement of flowering peach and forsythia in a crystal bowl set on a reflector. Pink tapers were placed in crystal holders, flanking the center arrangement.

Place cards and favors were imitation rubber trucks filled with assorted candies. Arrangements of spring flowers were placed about the entertainment rooms.

The decorated birthday cake was served with ice cream.

Moving pictures were taken of the children as they played on outdoor toys.

The guest list included Vincent L. Friedenwald Jr., Moselle Groebel, Ted O. Groebel Jr., Robert Strippling, Janet Hogan, Peggy Hogan, Priscilla Pond, Lynda Woodall, George White, Jr., Lou Ann White, Sharon Snodgrass, Sally Cooper, Jane Cowper, Gordon Bristol, Nan Baker Wilbanks, Gary McDaniel, Jerilyn McPherson and George Albert McGann Jr.

Mothers calling were Mrs. V. E. Friedenwald, Mrs. Ronald McDaniel, Mrs. Cecil Snodgrass, Mrs. H. E. McPherson, Mrs. Ted Groebel, Mrs. Robert Strippling, Mrs. Joe Pond, Mrs. Jean Wilbanks, Mrs. J. M. Woodall, Mrs. R. B. G. Cowper.

### Mrs. J. C. Hollis Honored With Social

Mrs. J. C. Hollis, the former Mary Powledge, was honored at a party and shower at the Wesley Methodist church Tuesday evening by the Mary and Martha class.

The rooms were decorated with arrangements of spring flowers, and the table was laid with a white linen cloth and centered with an arrangement of white and orchid flowers, flanked with powder blue candles placed in twin candelabra. Games were entertainment.

Guests present were Mrs. H. A. Gafford, Mrs. C. R. Donaldson, Mrs. Roy Tidwell, Mrs. Cecil Milam, Mrs. Cecil Nabors, Bobbie Bogard, Eva Goodson, Mrs. H. C. Penikett, Mrs. N. L. Childress, Mrs. W. D. Lovelace, Mrs. Ed McGee, Mrs. J. M. Saunders, Mrs. Douglas Boyd, Mrs. C. L. Gooch, Mrs. Ike Low, Mrs. Cora Shelton, Mrs. Dalton White, Mrs. Joe Hamby, Mrs. Elvis McCrary, Mrs. Tommy Lovelace, Mrs. J. C. Hollis, Mrs. H. D. Drake, Mrs. W. L. Porterfield.

### Sew, Chatter Club Honors Member

Mrs. Garner McAdams was complimented by the Sew and Chatter club on her birthday Wednesday afternoon with a party in the home of Mrs. R. F. Blumh, with Mrs. Ches Anderson as hostess.

The table was laid with a white linen cloth and centered with the decorated birthday cake. Bowls of lilacs and violets were used in decorations. Mrs. McAdams was presented with gifts and the cake was served with a sandwich plate.

Guests for the party were Mrs. Lizzie Campbell and Mrs. Janie McDaniel. Members present were Mrs. Lewis Murdock, Mrs. C. M. Weaver, Mrs. R. L. Pritchett, Mrs. G. L. James, Mrs. H. V. Crocker, Mrs. M. S. Beale, Mrs. R. F. Blumh, Mrs. W. M. Gage, Mrs. Herbert Johnson, Mrs. McAdams and Mrs. Anderson.

Mrs. Blumh will be next hostess.

### Social Calendar

**THURSDAY**  
MERRY WIVES bridge club will meet with Mrs. Clyde Thomas at 8 p. m.

**FRIDAY**  
DORCAS CLASS of the First Baptist church will have covered dish luncheon at 1 p. m. at the church.

### Bronchial Coughs Get Blessed Relief

A Real Expectorant That Loosens-Up Thick, Choking Phlegm Makes Breathing Easier

Spend 45c today at any drug store for a bottle of Buckley's CANADIOL Mixture. Tonight at bedtime take a teaspoonful, let it lie on your tongue a moment then swallow slowly. Its instant powerful effective action spread through throat, head and bronchial tubes. Acts fast to ease coughing spasms and loosen sticky phlegm which seems to clog the tubes and makes breathing difficult—helps many get a better night's rest. Take good advice—try Buckley's tonight—relief guaranteed or money back. 45c-85c—all druggists. Elliott's Crawford Pharmacy; Collins Bros. Drug Co.; Cunningham & Phillips; Settles Drug Company; Walker Drug Store. (adv.)

I Will Be There March 29 at 7:30 P. M.

### Mrs. J. E. Brigham, Council Head, Is District Officer

Mrs. J. E. Brigham, president of the local P-TA council, was named vice-president of the district Parent Teacher association when officers were selected at the final session of the district conference held in San Angelo Tuesday and Wednesday.

In addition Mrs. Brigham was chosen as district president's aide. Other Big Spring women were named to head or be members of various committees, but final approval had not been made by the end of the closing session, and names were not announced.

The theme of the 1946 spring meeting was "The Family Builds the Future" and special guests included Mrs. D. W. Jordan of Brady, Mrs. James Leonard of Fort Worth, and Frank Monroe of Midland, state recreation chairman.

Education and parent education as well as education for youths was emphasized. Mrs. E. H. Becker, of Houston, state president, was honored guest of the conference, and spoke at each session. The theme of her discussion was "No child is safer than the most underprivileged child he comes in contact with at home, school, church or community."

An invitation for the 1947 conference to be held in Del Rio was accepted by the assemblage.

### Five Hundred Young People Expected At Sweetwater District Rally Friday

More than 500 young people from the Sweetwater district of Methodist churches will hear Hoover Rupert, director of the Youth department of the general board of education, Nashville, Tenn., speak at the First Methodist church of Big Spring Friday, beginning at 7:30 p. m.

The youth leader assumed his position in January, 1945. He is the son of missionaries to India, and he was educated at Baker university and the Boston university school of theology. He was serving as a minister in the Kansas conference when he took the work with the general board.

A writer of poetry, Rupert is the author of "Prayer Poems on the Prayer Perfect." He also has been a contributor to the Upper Room, Testament of Faith and an "Anthology of American Religious Poetry."

The rally, one of seven being held in the Northwest Texas conference, will include all youth from 12 through 23 years of age, all pastors, adult workers with youth in local churches, and all parents interested in the progress of youth work.

### Child Study Club Meets Wednesday

Members of the Child Study club met Wednesday afternoon in the home of Mrs. Jack Smith, with Mrs. C. O. Nalley as co-hostess.

Mrs. Iva Huneycutt discussed "Laughing with Our Children," and Mrs. G. R. French spoke to the women on "Why Won't They Be Neat?"

Mrs. Escol Compton presided at the business session.

The entertaining rooms were decorated with spring flowers, and a refreshment plate was served.

Present for the meeting were Mrs. Zollie Boykin, Mrs. John Coffey, Mrs. Compton, Mrs. John Dibrell, Mrs. L. B. Edwards, Mrs. G. R. French, Mrs. Iva Huneycutt, Mrs. C. O. Nalley, Mrs. H. W. Smith, Mrs. Joe Pickle, Mrs. Charles Watson, Mrs. W. E. Wright, Mrs. Cecil McDonald and the hostesses.

### West Ward P-TA To Have Carnival

West Ward Parent Teacher association will sponsor a carnival Friday evening at 7 p. m. at the school.

The affair will feature a cakewalk, candy and pie sales, bingo and other games. Each room will provide entertainment for the carnival. The proceeds from the carnival will be placed in the P-TA treasury to be used in establishing a school lunchroom at West Ward school.

### Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugist and ask for four ounces of liquid Barentrate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloot disappears—how much better you feel. More alive, youthful appearing and active.

### High Heel Slipper Club Initiates Plans For Book Review

The High Heel Slipper club meeting Tuesday evening in the home of Delores Hull, initiated plans for a book review to be held later in the spring.

A bicycle ride will be held Sunday afternoon, and members will attend the First Baptist church for the morning services in a body.

The club's new sponsor, Lorena Brooks, was present, and members attending were Tommie Kinman, Ellen McLaughlin, Nancy Hooper, Mary Summers, Delores Hull, Jean Murphy, Evelyn Green, Evelyn Arnold, Millie Balch, D. J. Morehead, Fat Cochran, Mary Robbins, Dorothy Pursler, Joyce Worrell, Muriel Floyd and Ann Blankenship.

### Spring Flowers Used In Room Decoration For Sewing Club

Bowls of irises and lilacs were decorations for the entertaining rooms Wednesday afternoon when Mrs. Tipp Anderson was hostess to the Stitch-A-Bit club.

Sewing was entertainment, and books for spring reading were discussed. A refreshment plate was served.

Attending were Mrs. Clyde McMahon, Mrs. John Knox, Mrs. G. G. Morehead, Mrs. Ross Boykin, Mrs. Herk Ages and the hostess.

### Airliners' Wives Organize Bridge Club Wednesday

Wives of local airlines employes have organized a bridge club which will meet every other Wednesday afternoon, it was decided at the initial meeting of the club yesterday.

Mrs. K. E. Ambrose Jr. was hostess, and Mrs. Glenn Horton will entertain at the next meeting.

Mrs. Horton made high score and Mrs. T. E. McElligott made low score.

Present were Mrs. T. R. Willis, Mrs. Horton, Mrs. Bob Hall, Mrs. E. C. Boge, Mrs. Marshall Poth, Mrs. Ross Conner, Mrs. McElligott and the hostess.

## OLD COUNTY CATTLE BRAND BOOKS NOT TO BE SENT TO TU ARCHIVES

A request made by H. Bailey Carroll, director of the Texas State Historical Association that cattle brand record books of Texas counties in the process of being voided be forwarded to the University of Texas Archives will probably be ignored by Howard county, according to county clerk Lee Porter, custodian of the volumes.

"The books will be retained in our files for future consultation until such time as the county commissioners' court decides what to do with them," Porter said. "They are not obsolete. Local ranchers still come in to seek out informa-

tion on the brands used in other years."

A law that took effect Oct. 1, 1943, made it necessary for all stockmen to re-register all brands still in use. Since that time, a total of 347 different brands have been put on file in the county clerk's office here.

Porter's brand record books date back to 1882, at which time the county was first incorporated. Such famous old brands as E. T. Busby's "Circle T," J. W. Hughes' "Called Club," Andrew Merrick's "Dollar Sign," and M. P. Johnson's "Heart Seven" marks are conspicuous in the old and faded volumes.

One of the first brands to go on record was the "Seven-M" mark registered August 28, 1882 by J. J. Meek, a pioneer rancher in this section.

The records show that, in other years, the cattlemen branded their stock on the animal's hip, making huge marks that could be spotted from a distance. They did it without thought of salvaging valuable beef that was in danger of being fouled by the branding metal.

Now, with the emphasis on making maximum use of the animal's body, the brand is small and inconspicuous, does no harm to the beef.

## Scheduled Railroad Strike Now Cancelled

HOUSTON, March 28 (AP)—Leaders of railroad brotherhoods announced last night that with the settlement of all issues there would be no strike on Southern Pacific Lines in Texas and Louisiana.

William E. B. Chase, deputy president of the Brotherhood of Railroad Trainmen, and George W. Laighlin, senior assistant grand chief of the Brotherhood of Locomotive Engineers, issued the joint statement.

The announcement followed meetings of railroad brotherhood and the Southern Railroad officials with a federal mediation board appointed by President Truman to hear the disputes after the brotherhoods had issued a strike call March 2.

## Four Oil Refineries For Sale Or Lease

DALLAS, March 28 (AP)—Four Texas oil refineries built at a cost of \$48,500,000 to produce 100 octane aviation gasoline are being offered for sale or lease by the War Assets Administration.

The refineries are: Southport Petroleum company of Delaware, on Texas state highway 416, near Texas City; Republic Oil Refining company, on Texas state highway 145, near Texas City; Eastern States Petroleum company of Texas, Manchester district, Houston, and Crown Central Petroleum corporation, Pasadena.

## Traffic Deaths In Big Increase

CHICAGO, March 28 (AP)—The nation's traffic deaths in February totaled 2,450, a 45 per cent increase over the same month a year ago and only 7 per cent below traffic's deadliest February in 1941, the National Safety Council said today.

The council said that on the basis of last month's record, it stood pat on its prediction of a near-record toll of 38,000 traffic deaths in 1946—"unless the drivers and pedestrians decide to do something about it." Traffic fatalities in the first two months of 1946 were 5,450, compared to 3,700 for the corresponding period in 1945.

Mileage figures for last month were not available, but the council said latest information indicates that January mileage on rural highways increased sharply, even exceeding the pre-war year of 1941 by 7 per cent. The nation's total mileage went up about 30 per cent in January over a year ago.

"This indicates," the council said, "that the nation—tires or no tires, cars or no cars—is going on a travel binge and paying for it in human life."

## Citrus Crops Sold

WESLACO, March 28 (AP)—Figures compiled by the US Market News Service show that 80 per cent of the season's grapefruit crop and 85 per cent of the orange crop have been sold to fresh fruit buyers or channeled to canning plants.

William E. B. Chase, deputy president of the Brotherhood of Railroad Trainmen, and George W. Laighlin, senior assistant grand chief of the Brotherhood of Locomotive Engineers, issued the joint statement.

The announcement followed meetings of railroad brotherhood and the Southern Railroad officials with a federal mediation board appointed by President Truman to hear the disputes after the brotherhoods had issued a strike call March 2.

## Here 'n—There

That teeming multitude of apartment hunters who have known little but failure in their quest for living space should take inspiration from Wayne Spears, one of Big Spring's newer citizens.

Wayne started on a house-to-house canvass of the town in search of rooms, rented an apartment for himself and the missus after interview with the first party he approached.

Ray Pitts, property clerk in the Big Spring city department, has returned from Dallas, where he visited his parents over the weekend.

A new and fine pictorial likeness of Mayor R. L. (Bob) Cook has been added to the picture gallery of Big Spring's mayors which lines the walls of the city commission room. Cook will be retiring after the April 6 city election, since he is not a candidate. The mayor didn't seem to mind that his picture is the 13th in the array.

A resolution thanking Boy Scouts for their interest and efforts in operating the city on March 22 was adopted unanimously by the city commission at its meeting Tuesday evening. The board also took similar action in expressing appreciation to the chamber of commerce for its work in taking surveys on veterans housing and on the parking meters.

**CIGARETTES INCREASED**  
TOKO, March 28 (AP)—The Japanese cigarette ration of three a day will be increased to five Monday.

## OPA Sues Singer Sewing Machine

KANSAS CITY, March 28 (AP)—The Office of Price Administration filed suit in federal court today asking damages of \$1,125,000 from the Singer Sewing Machine company for alleged violations of maximum price regulations.

The complaint, filed by Dick Bennett, OPA district enforcement attorney, charged the company had violated price ceiling regulations and had forced purchasers of sewing machines to buy other commodities, contrary to restrictions against tie-in sales. The petition said violations complained of had occurred throughout the United States.

Specifically, the complaint charged the company sold used sewing machines at new machine ceiling prices.

The OPA said a survey of regional outlets showed actual overcharges of \$375,000 in sale of used sewing machines between July 1, 1945, and Feb. 25, 1946.

## Mrs. Allen Chosen Presbytery Leader

SAN ANTONIO, March 28 (AP)—Mrs. D. H. Allen of Edna, Tex., is the new president of the woman's auxiliary of the Presbytery of Western Texas.

District chairmen named during the group's 44th annual meeting here included Mrs. E. H. Andrews of Corpus Christi and Mrs. Grady Hollingsworth of Victoria.

## Russian Account

MOSCOW, March 28 (AP)—The Russian press printed today a Tass news agency dispatch from New York saying the Iranian case had been placed before the UNO security council over the objection of Soviet Ambassador Andrei Gromyko because of the insistence by US Secretary of State James Byrnes, supported by Sir Alexander Cadogan, British delegate. This report also was carried by the Soviet radio and home service.

## SCHOOL TO REOPEN

MANILA, March 28 (AP)—Directors of the American school today announced plans to reopen classes in September. The families of scores of businessmen have returned from the United States and Europe.

## A Vital Message To Men Who Feel Old

Why not regain the vim and vitality you once enjoyed?

If life apparently has lost its zest, you again may be able to enjoy life as you did in your youth. If added years have slowed down your vim, vitality and youthful pleasures, here is a simple method that may change your whole outlook on life. Just ask your druggist for CASELLA stimulating tablets. Take as directed on label. Don't feel old and worn out at 40, 60 or more. Take these tablets regularly until you feel that you have regained the pleasure of living you once enjoyed. Why be discouraged? Why not try CASELLA tablets and regain the verve and zest of a much younger man? There is nothing harmful in these tablets. They contain Celery seed, Thiamin Chloride, Passion Flower, Iron. Ask your doctor or druggist about this formula.

## Tractor Speed Record Phones To US

LAMESA, March 23 (AP)—Eugene Brown drove a tractor from a point near Mineral Wells to Lamesa, 260 miles, in 14 hours. He drove the tractor for Charles Long of Mineral Wells, who had bought a farm north of here.

Beavers, the only ones within 800 miles, have built a dam on Big Mineral Bay, Lake Texhoma.

TOKYO, March 28 (AP)—Applications for emergency telephone calls to the United States are so numerous that a priority system has been set up to handle them. The American-controlled exchange, which operates 13 hours daily, has applied for 24-hour service and a second radiotelephone circuit.

From where I sit... by Joe Marsh

## Ben Ryder and the Wanderlust

During the war, Ben Ryder talked about the trips he'd take when gasoline rationing was ended. Used to pore over roadmaps—checking mileages and charting routes.

Now Ben's taking quite a lot of ribbing. Soon as rationing was lifted, he decided he liked staying home, putting in the garden, playing chess, sharing a pleasant glass of beer with friends.

"Shucks," admits Ben sheepishly, "as soon as you can go, then it's just as good as having gone!"

You might as well stay home... enjoy your friends and family.

From where I sit, that's a pretty common trait in human nature.

Take that glass of beer, for instance. During Prohibition, Ben was nursing an insatiable thirst. But come repeal, Ben suddenly finds he's happy with a friendly, moderate glass of beer—and nothing more. Yep—just tell folks the sky's the limit, and they'll settle for a piece of friendly earth.

Joe Marsh

## MONTGOMERY WARD

# Taking Important Step

To our way of thinking, the city commission has taken an important step in letting a contract for work looking toward the zoning of the city.

Commissioners accepted a bid for engineering work necessary for making proper plans and adopting the proper ordinances. Of course, it is too early to ascertain what scope zoning may cover, but it is not too early to fathom the need for it. We are of the opinion that this matter is at least a decade overdue in Big Spring.

Many things can be accomplished by it, yet it might be well to remind ourselves not to expect miracles out of such a piece of local legislation. Many things which have grown up topsy-turvy may not now be easily corrected on the grounds that ex post facto laws are without foundation. Hence, the chief value of a zoning ordinance is pitched toward the future.

In this light, zoning simply recognizes the principle of orderly planning with more than an ordinary amount of vision.

It seems that this step comes at an oppor-

tune time. To all intents we are on the threshold of another wave of intense development. To make this conform to a definite pattern is wise.

### Establish Our Case

The city has taken action toward prosecuting applications for bombardier school properties. It is to be hoped that this property, so sorely needed for meeting housing and other needs, may be obtained. Otherwise, we might, as a community, be faced with the spectacle of seeing at least a sizeable part of it dismantled and sent to other areas where the need probably is no greater than it is here.

Needless to say, such a turn of events would be a blow. This would not be so if it were merely a matter of pride or of selfish interests. However, our position is that we have a justifiable case.

Having it, we believe that action to present it with vigor is timely. Everything possible should be done to establish that case.

## Today And Tomorrow --

# Negotiation With Russia

By WALTER LIPPMANN

It will be most unwise for us to raise the Iranian question in the Security Council before our new ambassador to Russia, General Bedell Smith, has had time to reach Moscow, and enter into a full discussion on this and related matters with Stalin.

Perhaps it is impossible to have such a discussion. We should make every effort to find out. The astounding fact is that with the peace of the world hanging in the balance we now have no one in Moscow, and have not had any one during this whole most critical period, who can even see Stalin, much less talk with him. The Russians have no one in Washington to whom we can talk with any hope of an important exchange of views.

Surely it would be better to re-

establish direct diplomatic contact with Moscow before we have a showdown by public debate. A showdown may be necessary and it may be inevitable. But the right time to have a showdown is after diplomatic negotiation has been attempted and has failed, not before it has even been tried.

If we are to have a showdown, which may mean an irreparable break among the great powers and the destruction of UNO, let us have it after our new ambassador reports that he is unable to negotiate seriously with Stalin, and that the differences between us are vital and irreconcilable. To announce that we are going to have a showdown while our ambassador is still grounded in Washington is still grounded in the conduct of foreign affairs. It is reckless.

The Alsop brothers reported on Friday that among "American policy makers" it "is assumed" that a "radical change in Russian policy can only be accomplished by the most violent kind of crisis which will convince the Russian leaders that the rest of the world means business." I do not believe that it is the assumption of the President and the Secretary of State that they must now precipitate "the most violent kind of crisis."

For no sane man makes it his policy to precipitate the most violent kind of crisis. This view is, however, held by some of their advisers, and it may account for the fact that the State Department has failed to keep in diplomatic contact with Moscow during the past three months. If so, the tech-

nical advisers have a heavy personal responsibility for letting Mr. Harriman come home before General Smith was ready to replace him.

This procedure can be justified only if we have written off as hopeless a negotiated settlement with the Soviet Union. There are many who think that a negotiated settlement is impossible, that the Soviet Union does not and will not keep its promises, that negotiation can result only in appeasement. Yet if this is to be our final judgment, our people are entitled to feel that it rests not on deductions from assumptions but upon an exhaustive effort to negotiate directly and persistently with the rulers in the Kremlin.

The worse one's estimate of the Russian intentions, the greater the reason for not dealing with them verbally, rhetorically, dramatically and grandiloquently.

If there is an iron curtain between the western countries and Russia, the only possible way to penetrate it is by ceasing to orate at long range and to close in for direct talk at close range.

Of course, it is difficult to negotiate with the Russians, and conceivably it may be impossible. But when we had to negotiate the loan agreement with the British, we shut off the oratory and negotiated in private for several months. Why? Because an agreement would have been impossible if the debates had been conducted in a public. Yet there it was only a question of dollars. Here the question is the life and death of multitudes of men, and we are trying to deal with this question without taking the most elementary precautions which are necessary if any agreement is ever to be reached. (Copyright, 1946, New York Tribune, Inc.)

## Life's Darkest Moment

Washington—

# More Power Planned For Farmers

By JACK STINNETT

WASHINGTON—On May 20 the Rural Electrification Administration will celebrate its tenth birthday.

It actually was established in 1935 by executive order, but that was with only \$15,000 preliminary study funds. It wasn't until May 21, 1936, that it was activated by congressional action.

Five years of its life have been war years, when priorities on materials and manpower brought the fruits of its labors virtually to a standstill. (Contribution of REA-financed systems to the war effort was considerable.)

Ten years ago, less than 11 percent of all farms in the country were electrified. Today, mostly through self-liquidating REA loans, nearly 45 percent of the country's farms are electrified (in spite of the wartime slowdown).

To date, Congress has appropriated \$725,000,000 for REA loans and another \$300,000,000 in carrying up for the balance of this fiscal year. In ten years, if the present goal is reached, virtually the whole rural United States will be electrified. The cost will have been something like \$1,825,000,000—but not cost to the taxpayers.

In the ten years of its life to date delinquencies on repayments of the loans have been well under one percent. As for its effect on farming, Sen. Robert M. LaFollette Jr., said recently: "I venture the assertion that electricity will ultimately revolutionize agriculture more than all farm inventions of the last century combined."

Experts at the Department of Agriculture (in which REA is located) say there are 50 separate uses of electricity in the home and more than 300 on the farm itself.

As Sen. LaFollette and a dozen others have pointed out, each new extension of rural electrification opens up vast new markets for electrical appliances.

REA has estimated that the planned expansion for the next three years will create a market for 1,000,000 radios, 1,000,000 electric irons, 700,000 washing machines, a half million refrigera-

tors, 700,000 washing machines, a half million refrigerators, a quarter million vacuum cleaners, 400,000 toasters, 200,000 hot plates and 100,000 coffee makers.

Ten years ago, it was Sen. George Norris, the late great Nebraska liberal, who led the fight to put REA on its feet. The fight isn't over, but there definitely is a majority of helping hands in Congress now to carry on the Norris heritage.

Broadway—

# PLAYWRIGHT FINDS CASH RIGHT

By JACK O'BRIAN

NEW YORK — Back when a riotous farce called "Room Service" was bought for the daffy use of the Marx Brothers at the then unheard-of price of \$255,000, Broadway took the news with an excited cynicism, envied the authors, John Murray and Allen Boretz, but agreed all around that it never could happen again.

Then came along a series of even more fabulous movie purchases of Broadway hits, each time bringing with it more of the same derisive cynicism: it just couldn't keep happening. "The Voice of the Turtle" was bought for a down-payment-plus-percentage which made it a half-million dollar proposition for the producer, author and angels. Again, Broadway said, the millennium had been reached.

Then came "Life With Father." It had been kept off the Hollywood auction block until Authors Lindsay and Crouse and Producer Oscar Serlin were good and ready. And when they were ready the price was good: A percentage arrangement on top of various down payments which will turn it into a \$1,000,000 sale. That is not plastic.

So—are Lindsay and Crouse sitting on their cash laurels? Hardly. "Life With Father" is trotting along neatly at the Bijou theatre. Their latest literary angle, "State of the Union," is bounding along prettily at the Hudson, with a counterpoint on the road, as has also "Life With Father."

And, someone may ask, what happens with "State of the Union" in Hollywood. Could anything top the film deal of "Life With Father?" The answer comes loudly, sol-

## Washington Merry-Go-Round—

# President May Defer Farm Labor

By DREW PEARSON

WASHINGTON.—Story behind the recent White House visit of GOP Representative William Lemke of North Dakota is that President Truman may liberalize the drafting of farmers in order to aid the bumper harvest so vitally needed this year.

The North Dakota congressman told Truman that many farms in the Northwest are critically short-handed due to the drafting of only sons when they reach the age of 18.

Lemke also pointed out that large numbers of older sons who have served in the armed forces are not returning to the farm. They are taking janitor jobs in the cities instead. In some cases, the younger brothers are being inducted, though sorely needed on the farm.

"Draft boards in my state are taking all unmarried men when they reach draft age, regardless of their essentiality," said Lemke.

"I am aware of the problem," Truman assured him. "The same thing is happening in my own state of Missouri. Some of the draft boards are too stringent in the case of farm workers."

"I don't think anyone should be deferred at the expense of men now in the Army who are entitled to get out," continued Lemke. However, I believe the Army could find between 200,000 and 300,000 non-essential men who are able to serve but who have been deferred because of some physical defect."

Truman said he was inclined to agree and that he planned to go over the whole draft situation soon after with Chief of Staff General Eisenhower and Selective Service chief General Hershey. Special emphasis will be given to essential farm workers, he said, adding that the Army chiefs would be

asked to work out a solution with local draft boards.

### Atom Test

The scientists had their own reason for postponing the atomic bomb test, and this was the one which finally controlled—namely, the impossibility of measuring the underwater atomic explosion until a machine is perfected.

At the last cabinet meeting, however, President Truman brought up an additional reason—the fact that he couldn't spare the Democratic senators and congressmen who wanted to witness the test in Mid-Pacific.

This, however, was no problem for Postmaster General Bob Hannegan.

"If you'll let me pick them," he said, "I might be an excellent thing to hold the test at this time."

### Veterans Go Bare-back

If you are puzzled as to why returned veterans can't buy suits, the confidential government figures will give you the answer.

Briefly, it boils down to the fact that more woollens and worsteds are being woven than almost ever before—but they are all going to the ladies. Women's clothing brings higher prices, so the poor veteran is being left out in the cold.

If you don't believe it, look at the figures. During the last quarter of 1945, the production of woollens and worsteds shot up 13 per cent over the previous quarter, and 31 per cent over the 1939 average. In other words, we were making more woollens at the end of 1945 than before the war started.

However, here is the pay-off. During the same closing months of 1945, 20,000,000 additional yards of woollens and worsteds went into women's clothing. The amount used for men's clothing did not increase at all.

This 20,000,000 additional yards of woollens was enough to make nearly 6,000,000 men's suits in three months. However, the men didn't get 'em; the women did.

Here is the reason. During the war, woollen looms were required to make fabrics for uniforms. This was required by the government. But as looms were released from war production, they shifted to light woollen fabrics suitable for

women's clothing, where there is a higher profit.

Cardinal Von Galen of Germany, the second of the newly appointed Cardinals to die, had planned to visit the United States this year. . . . When Herbert Hoover was food administrator after the last war, he worked closely with Cardinal Achille Ratti, then Papi Nuncio to Poland, later Pope Pius XI. That was one reason why Hoover conferred with the present Pope on food relief. . . . David Buhinsky, head of the International Ladies Garment Workers, says he isn't putting up any money to take the United Auto Workers away from the CIO. The money he contributed—\$75,000—was for the relief of General Motors strikers' families while he, he felt, helped carry the ball to win wage increases for all labor. . . . Incidentally, music czar Petrillo also contributed \$8,000 to General Motors strikers' families, while one of the best money raisers for them was John L. Lewis' enemy John Marchand, head of the Progressive Miners union. Lewis himself didn't contribute a red cent, though several senators and even some employers did. . . . The return of Maxim Litvinoff to top Soviet councils may be one reason for a more cooperative policy in Moscow. Litvinoff, ex-ambassador to Washington, has an English wife, was a real believer in international cooperation. For the past two years, however, he got slapped around by Soviet intrigues.

Merry-Go-Round  
British Foreign Minister Ernest Bevin attacked Australian Laborites in a secret meeting the other day when the Aussies claimed a strong Japan would be a threat to Australian security. Said Bevin, "Russia is the real menace" . . . David K. Niles, an old Roosevelt brain-truster, has been urged by Truman to remain on at the White House indefinitely. He will probably do so. . . . Tireless New York Publisher Generoso Pope is letting no moss grow under his efforts to aid hungry Italy. . . . Pope has bought 2,800,000 pounds of flour, 10,000 pounds of dried peas and 7,000,000 penicillin tablets to help the disease-ridden people of his native Italy. (Copyright, 1946, by the Bell Syndicate, Inc.)

Boyle's Notebook—

EDITOR'S NOTE: Boyle's column today is in the form of a letter to his wife, Frances, in the United States.)

By HAL BOYLE  
ATHENS, March 27. (AP)—Dear Frances: Greece has about the same population as New York City and everybody seems to be running for political office.

Next Sunday is national election day and everybody is steamed up over issues and nobody can concentrate on his work. The Greeks have a low boiling point politically and every sidewalk cafe is overflowing with Mark Hannas.

There are no "post no signs" here. Every public and private business building is plastered with portraits of candidates, their records and promises, and political slogans.

You would like the pastry shops there. There are more confectionery stores than saloons back home, all full of rich sugary concoctions stuffed with yellow goo and sprinkled with chopped almonds and walnuts. The restaurants are just like Greek restaurants in America. But they didn't have "stromberry" pie.

Steamships operating out of Houston carry cargo to 30 countries.

# ALL GREEKS RUNNING FOR OFFICE

They probably had it tougher than any people in occupied Europe but they don't sit around and complain about the past now. They are very friendly to Americans and many speak English well. They are tough and sturdy and more patriotic than Texans.

They are still mad at the Bulgarians for jumping on them when Germany had them down and many paraders were yelling "On to Sofia." These Greeks are proud of the way they batter the Italians around and a lot of old soldiers would like to do the same thing to the Bulgarians.

Clothing and food prices are high and you need an adding machine for every transaction because one American dollar equals 5,000 Greek Drachmas. I haven't seen anything like it since China.

My hotel is on the main business street and each morning from my window I can see the white columns of the Parthenon on the Acropolis. It is much more damaged than I had thought from seeing schoolbook pictures.

Athens is quite modern. Its central section shows no signs of damage from the German occupation but in some residential areas apartment buildings still bear bullet and shell marks. Housing is short here, too, and rents fabulous.

I like the Greeks very much.

## Large Show Expected

MERCEDES, March 28. (AP)—At least 400 entries are expected in the livestock show here April 4 to 6. Manager Carl Claisg said in forecasting the largest show the Rio Grande Valley has ever staged.

### TEXANS TIRED OF WAITING BUILT THEIR OWN NEW CARS

By JACK RUTLEDGE  
Associated Press Staff

Tired of waiting for those new cars? Well, build your own. These Texans did:

In Wichita Falls Emory Kent, a mechanic, constructed a snappy little model of discarded steel bed frames, a motor, transmission assembly, wheels originally made for use on wheelbarrows, heavy-gauge sheet metal and other odds and ends.

It is five horsepower, goes 50 miles an hour, makes 55 miles to the gallon of gas, weighs 500 pounds, is 88 inches long from bumper to bumper and 51 inches wide, and cost him \$300, not counting the odd hours he put in over a six-month period.

The Kent car was built in his own back yard without benefit of blueprints in 240 man-hours, or 30 eight-hour days, spread over the six months.

It has three speeds forward, but

no reverse. Parking is easy, he says.

It has all conveniences, even a cigaret lighter on the dashboard. The engine was used originally for stationary pump work. The transmission is from a motorcycle. It has eight-inch Firestone tires.

He has given it to his daughter Helen, 14, who is too young for a driver's license. So he has put 1,000 miles on it himself.

His main difficulty is getting people to believe he made it. He says.

Eddie Stone, 14, and Guyan Saunders, 16, of Amarillo, built their own car, too.

They made it from a 20-year-old transmission, an old motor, a few pieces of lumber, some scrap tin and a lot of ingenuity. They burn only high octane gasoline.

Young Guyon said he has built about five cars, but the present is tops. It is built from parts of his previous cars, plus other odd parts.

It has a 52-inch wheelbase,

PARIS, March 28 (AP) — Diplomatic circles said today that France hopes to air her views on Spain at a foreign ministers meeting here next month preceding the May peace conference with a view to persuading the Allies to apply limited sanctions to the Franco government.

In a new note delivered to the American and British governments yesterday, France abandoned her original intention of raising the Spanish question before the current UNO Security Council session in New York, but insisted that she wanted to see the Allies cut Spain off from such commodities as oil and to withdraw all diplomatic representatives from Madrid.

### Leftists Gain Slight Edge In Rome Voting

ROME, March 27 (AP) — Returns from more than a third of the 1,469 communes which elected councilmen Sunday disclosed today that leftists had won 3,928 seats against 3,801 for rightists. The leftists carried 251 communes, the rightists 218, and independents and minor parties 44.

The rightist Christian Democrats, however, continued to display the greatest strength as a single party, capturing 3,006 seats and majorities in 170 communes. Their main strength was in rural districts, while the Communists and Socialists piled up their majorities in cities of the industrial north.

Combine Vegetables Of Different Colors, Flavors For Interesting Lenten Meals

By CHARLOTTE ADAMS  
Associated Press Food Editor

If you don't eat meat in Lent, you needn't have fish at every meal. Vegetable dinners are very good—remember? And there are plenty of vegetables available at this season of the year—fresh canned or quick-frozen to give you variety in your planning.

Just a lot of vegetables, boiled, seasoned and served doesn't offer much excitement, even if you've been good about color combinations and not overcooking. Almost any vegetable dinner you offer will be more interesting if it's based largely upon a sauce.

For instance, try this unusual suggestion of sweet potatoes with a sauce served in green pepper cups and decorated with bright parsley sprigs.

**Sweet Potato Croquettes**  
2 cups cooked, mashed sweet potatoes  
1-4 cup butter or vitaminized margarine  
1-2 teaspoon salt  
1-4 teaspoon nutmeg  
1-4 teaspoon cinnamon  
1 egg  
3 green peppers, halved  
1-1/4 cups white sauce  
Parsley

Mix potatoes, 1-3 cup bread-crumbs, butter or margarine, seasonings and egg. Shape into croquettes. Cover with dry bread crumbs. Bake in hot oven (400 degrees) 30 minutes.

Parboil green peppers. Cut them in half and remove seeds and membrane. Fill halves with sauce made thus:

2 tablespoons butter or vitaminized margarine  
3 tablespoons flour  
3-4 teaspoon salt  
Dash of pepper  
1-2 cups milk

Melt butter or margarine. Remove from stove and blend in flour smoothly. Add milk and cook until thickened, stirring constantly. Season. Fill pepper halves and garnish with parsley. Serve on hot platter with sweet potato croquettes.

**Sox Win Slugfest**

EL CENTRO, Calif., March 28 (AP)—Despite home runs by Ralph Kiner, Elbie Fletcher and Rip Sewell, the Pittsburgh Pirates bowed, 11-9, to the Chicago White Sox yesterday.

The Nation Today—  
Government Experiences Difficulty Finding Grain For Other Nations

By OVID A. MARTIN  
(Substituting for James Marlow)

WASHINGTON, March 28 (AP)—Government efforts to obtain enough wheat to meet export promises to hungry areas abroad continue to encounter difficulties.

It appears now that for the second consecutive month this year, export shipments in March will fall below the monthly goal of 1,000,000 tons.

Some food officials and farm leaders believe that additional measures will be necessary if goals for April, May and June are to be reached.

Several weeks ago, a shortage of freight cars was said by Secretary of Agriculture Clinton P. Anderson to be holding up movement of wheat from midwestern producing areas to seaports. Anderson said then that country elevators were full and could not accept additional grain from farmers.

Since then, the government took steps to make more cars available. As a result many country elevators which a few weeks ago were bulging are now empty. Grain is not moving to these elevators from farms in any appreciable quantity.

Food officials believe many farmers are holding their wheat for several reasons, including:

1. Hope for better prices.
2. Because they are too busy with farming to haul wheat to market.
3. They want to wait until they can determine how this year's wheat crops turn out.

The hope for better prices is, in the opinion of food officials, the biggest factor.

Food officials say the best thing that could happen, from the standpoint of the foreign relief program, would be early congressional action on price control. Farmers then would know what kind of prices they could count upon. Then they would be more willing to sell their grain now than to hold it.

Yet, there are only two ways of obtaining grain. One is by offering a price which the grower considers satisfactory. The other is by confiscation. There is no thought being given to the latter method.

Easter Seals Mailed From Dallas Sunday

Easter seals were to have been mailed out from Dallas Sunday and should be received soon, Mrs. James T. Brooks, secretary of the Easter Seal Drive for the American Legion Auxiliary, said today.

A dollar's worth, or one hundred seals, is in each envelope. Contributions should be mailed to Mrs. Brooks, 606 Johnson street.

Proceeds derived from the sale of the seals will go into a crippled children's fund, 60 per cent of which remains in the area, the other 40 per cent going to the state.

Last year the fund aided several children, providing a wheel chair for a Latin-American youngster, rental of a chair for another child, and glasses for several children, Mrs. Brooks said.

Ellis County, in a war on crows, planted more than 200 pounds of explosives in trees.

# Reds Begin Evacuation, But US Not Convinced

TEHRAN, March 28 (AP)—Prince Mozaffar Firouz, political under-secretary of state and director of propaganda, said today that the Russian evacuation of Karvin, 80 miles northwest of Tehran, "has begun and should be completed within three or four days."

United States and British diplomatic officials said, however, that despite Russian troop movements northward they were not yet sure that the Red army intended to withdraw completely from the semi-autonomous Iranian province of Azerbaijan.

Frourz denied that any "secret agreement" existed between Iran and the Soviet Union concerning the Russian evacuation.

The evacuation began, he said, with the withdrawal of Soviet forces from Meshed, Shahrud and

Semnan, east and northeast of Tehran, on March 2.

An Iranian general staff officer said there had been no reports, either official or unofficial, that any Russian troops actually had crossed the Iranian frontier into the Soviet Union.

Some observers here foresaw the possibility that the Russian columns, now streaming northward might withdraw only as far as Iranian Azerbaijan, which borders on the USSR. These sources said the Russians might support this action by maintaining that the province is no longer a part of Iran.

Azerbaijan was the scene of a rebellion against the Iranian government last November. Iranian troops sent to quell disorders there at that time were turned back by Russian occupation troops.

# Army Day Plans Made For City

Preliminary plans were mapped Wednesday for observance of Army Day in Big Spring on April 6.

The date is set aside on the calendar for national recognition of the regular army. The American Legion and VFW posts of Big Spring will assist the Army recruiting staff in making detailed arrangements.

Several store windows in the business section will be decorated with war souvenirs and Army posters prepared especially for the occasion. Flags will be displayed in the business section and all individuals are asked to put out flags at their homes.

In order that all may be notified in advance, announcements will be made in the various service clubs next week, and ministers of the city are being asked to recognize the day in their regular announcements Sunday.

Any veteran who has trophies or souvenirs is asked to permit the army to use them during the day for window decorations. They will be received through Wednesday, April 3, at the Army recruiting office in the post office building basement.

Attending the meeting today were Lt. G. M. Kesselring, commanding officer of the local Army recruiting office, T. A. Thielen, commander of the American Legion post, Buck Hall, commander of the local VFW and J. H. Greene, chamber of commerce manager.

## Airport Enlarged

SAN ANTONIO, March 28 (AP)—Enlargement of the municipal airport ramps here at a cost of \$14,000 to permit the inauguration of four-engine plane service in April has been completed, William Steinhart, airport director, announced.

## RUN ON SODAS ALL FOR 'JERKER'

HOLLYWOOD, March 27 (AP)—Warm weather wowed entirely responsible for that run on a soda fountain near Hollywood high school.

The fact that film actor Dana Andrews, natty in spotless white soda dispensers' jacket and cap, was behind the counter had something to do with the rush, chiefly by bobby soxers.

The story goes that Andrews is soon to play the role of a soft drink clerk (sometimes known as soda jerk) in a forthcoming film. So, to pick up the tricks of the business, he attended a school conducted by a drug store chain.

Graduating with honors, he demonstrated his proficiency at a drug store that just happened to be near Hollywood high school. And the kids just happened to find out about it. The studio press department thinks there must have been a leak somewhere.

## Indicted For Murder

SAN ANTONIO, March 28 (AP)—A district grand jury has indicted Jim Dempsey, 45, on a charge of murder in the death of his wife, Mrs. Annie Mae Arnold, 39, on March 8. Mrs. Arnold was found dead of a pistol wound in their rented room here.

## Boy Who Shot Father Released To Mother

HOUSTON, March 28 (AP)—John James Ainsworth, 15, who told police he shot his father to death because the latter was mistreating his mother, was released late yesterday to his mother and a family friend, D. E. Henry.

Chief Probation Officer W. E. Robertson said no charges would be brought against the Burbank junior high school student.

Previously Justice of the Peace W. C. Ragan had returned a verdict of justifiable homicide.

Ernest M. Ainsworth, the youth's father, was killed by one shot from a .45 pistol in a bedroom of the family home Tuesday night.

## Rainey Speaks

WACO, March 28 (AP)—Dr. Homer P. Rainey, former president of the University of Texas, called for the adoption of new political and education concepts and said he was staying in Texas "to see if I can render my part in securing these concepts." He spoke before the Lions club.

Call JACK at 100 for PRINTING (Adv.)

## Typographical Error Bars Amendment Vote In November

AUSTIN, March 28 (AP)—A typographical error bars an election on a proposed constitutional amendment designed to enable Texas veterans of World War II to acquire land at low rates.

Rep. W. R. Cousins, Jr., of Beaumont, author of a resolution which, passed by the 49th legislature, calls for the election, pointed out the error yesterday and asked for action of the Supreme Court to correct it.

The resolution sets the election date as "the first Thursday in November, 1946." Cousins declares that it was the legislative intent to specify "the first Tuesday in November, 1946," date of the general election for which an appropriation has been made.

Unless some action is taken, Cousins says, the proposed amendment cannot be submitted to the voters, since there is no provision for an election on the first Thursday in November, 1946.

## Bridge Club To Meet In The White House

INDEPENDENCE, Mo., March 28 (AP)—The Independence bridge club may meet soon in the White House.

Mrs. Bess Truman dropped in at the club meeting this week to invite the ten members to her Washington home for a visit. The First Lady has been a member of the club for 20 years.

"We're all planning to accept the invitation," said Mrs. J. C. Noel. "We are certainly thrilled." She added the visit may be the second week in April.

## Record Turnout To Attend Annual Cap Rock Meet

STANTON, March 28 — A record turnout of 1,000 to 1,200 persons is expected here Saturday for the seventh annual meeting of members of the Cap Rock Electric Cooperative. The session, called for purpose of receiving annual reports and electing officers, will be held at 2 p. m. in the high school gymnasium, said O. B. Bryan, superintendent. Nine members of the board will be elected at the session, all present members having been renominated. Other nominations may be made from the floor. A feature of the affair will be a display of most of the electrical appliances which are or will be available. Two Big Spring houses are exhibiting wares. Some \$500 worth of appliances will be given away, including an initial choice between an electric refrigerator, range, home freezer, water heater, ironer and dryer, kitchen cabinet, etc. Many smaller appliances will be made as gifts. Principal address will be by George Haggard, Austin, editor of the Texas Power Reserve Electric Cooperative. Cap Rock today serves 1,225 members on 583 miles, a big gain over the 325 on 172 miles at the outset seven years ago. One of two 100-mile projects of extensions has been completed and a second, embracing 50 miles west of Moore and south of Knott, has been started. Officers and directors are Glenn Cantrell, Big Spring, president; Jim McCreless, Stanton, vice president; Arab Phillips, Big Spring, secretary-treasurer; Edgar Phillips, Mrs. Lee Castle, W. L. Clements, D. W. McDonald, L. B. McClain, and C. L. Gray, directors.

## Farm And Ranch News

By WACIL McNAIR

According to reports from the district soil conservation office increased acreage of sudan is indicated in Howard county this year. Most farmers in this area are showing a definite preference for the sweet variety, which is a cross between common sudan and a grain sorghum. The basis for this is that the animals grazed on it seem to find it more palatable. However, an increase in acreage of either variety is welcomed wholeheartedly by the conservation service.

Concerned primarily with protecting the soil of both crop and rangeland, a definite relationship exists between sudan and other grass crops and the conservation work. Adequate growth of vegetation eliminates the necessity for man made conservation practices in many cases, and sudan acreage for grazing purposes is an approved method of providing and replenishing such growth. A field of sudan can be used for grazing cattle during the months of summer and early fall, relieving native range grasses and giving them a chance to establish growth for better winter grazing. And judging from recent observations, which have been well publicized about the country, the common range grasses are currently in greater need of a rest than ever before. These recent reports indicate that the grasses of a quality suitable for grazing are reaching such a depleted state that undesirable varieties are gaining headway to such an extent that they may keep the "good" grasses in subordination. Or in some cases it may even pave the way for erosion. Overstocking during recent years has brought about much of the depletion, but it is believed that the situation can be eased to a great extent by giving the regular range land temporary relief from the burden during a portion of each year. Farmers and stockmen are being urged at the same time, however, not to take any chances on losing large quantities of valuable chemicals from their soil while raising sudan. This can be avoided by turning under a substantial part of the acreage while it is still green. Therefore, the approved practice calls for planting slightly more sudan than is actually needed for grazing purposes each year in order that part of it may be returned to the soil without curtailing the number of stock to be supported. Another factor that may figure prominently in the increased acreage here this year is the protein content of sudan, a particularly desirable component in the face of a serious commercial shortage. Conservation officials say, however, that many are missing the mark on their grazing practices regarding utilization of the sudan protein. Cattle should be turned in on the field before the grass passes the "boot" stage. As it grows older and nears maturity the protein content gradually diminishes until it is practically nil after the seed growth gets underway.

### MRS. BARNES DIES

FORT WORTH, March 28 (AP)—Mrs. William W. Barnes, 82, wife of the professor of church history at Southwestern Baptist Theological Seminary, died at her home here yesterday. Funeral services will be held Saturday. Call JACK at 100 for PRINTING (Adv)

### Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 million of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent urinate passages with smarting and burning with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep. When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 million of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

### Surplus Workers Continue Increase

Surplus workers in the Big Spring area continued to increase in number during the past week, with the total today standing at 726 as compared to 672 a week ago. During the week 85 were referred to jobs by the US Employment Service, and 76 were hired. Current job openings decreased from 63 to 52. A total of 378 workers and employers contacted the office during the week. Principal labor demands in the area are as follows: one body repairman, one blacksmith, draftsman, bookkeeper (male), one general office clerk (male), one clay pipe layer, 14 laborers, two stenographers, four waitresses, two chambermaids, four laundry workers, one janitor, seven maids and one practical nurse. Also listed is an out of town opening for one general office clerk.

# Muny Softball Card Calls For Play Six Days Weekly

## LOOKING 'EM OVER

Oklahoma A&M, a school that specializes in more sports on a big-time basis than any other institution in America—and that includes Notre Dame—is pulling out of the Missouri Valley conference and will either play independently or join the Big Six, according to reports from that section.

The Aggies have more or less ignored the MVC for the past several years but officials there didn't decide to take action on the matter until recently.

It has only been the last two or three years that Stillwater football teams have come to the fore, though Jim Lookabaugh's gridgers enjoyed moderate success season in and season out.

In other sports, the Aggies have long been hob-nobbing with the cream of the crop, however. Under Ed Gallagher, A&M wrestling teams won national collegiate championships with astonishing ease until the old master died. Since then, the Sooner grapplers have managed to hold their own. Aggie basketball teams have been going out and feasting upon the land for countless campaigns, and they seem to improve with the years.

In addition, the Stillwater institution usually comes up with track and field specialists who can hold their own in national-wide competition. Witness the recent successes of Forest Efav and Ralph Tate.

A lion's share of the credit for the upward trend in Aggie athletic prestige must go to Hank Iba, who serves in the capacity of A&M athletic director as well as basketball coach. There are few more sagacious operators than Iba.

The Dallas baseball Rebels have optioned four rookies to the Lubbock team of the WT-NM league. They are two pitchers, Ed Headrick and Don Sinclair; Howard Vaughn, catcher; and Frank Alexander, infielder.

Skinner Hack Miller opens spring drills in Lubbocktown this week. So do Bob Seeds at Amarillo and George Sturdivant at Lamesa.

All teams of the circuit will be playing exhibition games by the middle of next week.

Jackets for members of the Veterans of Foreign Wars basketball team, which closed its season by upsetting the powerful Midland AAF club, were passed out a couple of days ago. Recipients of the togery are Johnny Miller, Frank Barton, John Walker, Bennett Reeves, Pepper Martin, Tommy Elliott, Billy Womack, T. Thippen and Manager L. Hall.

The Jim Castiglia who was a factor in Greensboro Ord-Hawks' successful campaigning in the National semi-pro baseball tournament in Wichita, Kas., last year, should be familiar to local fans.

He caught for a local professional team here around the turn of the decade.

One of Castiglia's team-mates at Greensboro last year was Grady Hatton, the Cincinnati Reds' prize rookie.

**Futile Hitting**

MIAMI BEACH, Fla., March 28 (AP)—The Philadelphia Phillies hope they have better luck with home runs when the regular season starts. The Phillies hammered out three homers yesterday but dropped a 4-3 game to the Boston Braves.

**Leads With Ace**

SARASOTA, Fla., March 28 (AP)—After taking three drubbings from the New York Yankees, Manager Joe Cronin will start Tex Hughson, his ace moundsman, when the Boston Red Sox clash with the Yanks at St. Petersburg today.

**MacPhail Sees Press**

ST. PETERSBURG, Fla., March 28 (AP)—Larry MacPhail, president of the New York Yankees, has called a press conference for today. He plans to return to New York on Friday.

**Browns Break Camp**

ANAHEIM, Calif., March 28 (AP)—With their California exhibition schedule completed, the St. Louis Browns were to break camp today and start their long trek home along with the Chicago Cubs. The Browns' first stop will be Phoenix, Ariz., where games are scheduled for Friday, Saturday and Sunday.

**Reds Win Again, 4-3**

LAKELAND, Fla., March 28 (AP)—The world champion Detroit Tigers, victims of a 4-3 beating by Cincinnati yesterday, face the Reds again this afternoon in the two teams' final meeting in Florida this spring.

**Passeau On Rubber**

HOLLYWOOD, Calif., March 28 (AP)—Claude Passeau, who tossed a one hit victory over the Detroit Tigers in the 1945 world series, is slated to pitch for the Chicago Cubs today when they meet the St. Louis Browns at Phoenix, Ariz., in the first game of a three game series.

**West Texas Bowling Center**  
314 Kunnels

**Admits Atrocity**

YOKOHAMA, March 28 (AP)—Ryunosuke Kimura, one of five defendants jointly accused of slaying Pvt. Everett L. Tyler, Glen Easton, W. Va., to death, admitted at his trial today that he had struck Tyler on the head with a brick.

## National Circuit To Be Composed Of Eight Clubs

A schedule drawn up Wednesday evening for first half play in the American and National softball leagues calls for six days of activity weekly through June 18.

Doubleheaders have been booked five nights a week, Monday through Friday, and on Sunday afternoon. All games will be played either at the Muny park diamond or on the proposed field at Forsan.

The National league is made up of eight teams, including Wilkenson Garage and Barrow Furniture company, clubs which sought admittance to the softball association after the first formal meeting of managers last week.

The additions will be thrown into competition with the Cosden Oilers of Big Spring, the Cosden Oilers of Forsan, Lou's Store, Big Spring Hardware, Manhattan Club and YFV.

Big Spring Motor replaces Phillips Tire company in the six club American league. Other members are Coahoma, ABClub, Coca-Cola, Lions and Dyke Tolbert's team.

Cosden's Oilers and Lou's Store open play in the National league while Coahoma opposes ABC in the American league debut on April 15.

## Outdated Casaba Rule Is Changed

NEW YORK, March 28 (AP)—The basketball rule prohibiting re-entry of any player in the last four minutes of a game—a coach's headache during its one season in the book—went out the window today and a more liberalized version was ready to take its place.

The modification of the four-minute rule was one of four minor changes made in the case sport's legislation by the national basketball committee of the United States and Canada which closed its annual two-day rules-making session here yesterday.

Under the new rules, one re-entry per player will be allowed during the last four minutes of a game and the clock will be stopped automatically throughout that period whenever the ball is dead.

The committee also decided to:

1. Make the use of transparent backboards optional.
2. Make it mandatory to call a "jump ball" six feet in from the boundary whenever the ball goes out after having been touched by two opposing players simultaneously, or if their vision was blocked and they don't know who touched it last.
3. Amend the running rule so that a player who comes to a legal stop with feet parallel can use either foot as his pivot foot.

**Suspect Picked Up On Extortion Charge**

LOS ANGELES, March 27 (AP)—A slender, bespectacled photographer was booked today on suspicion of extortion, after he was apprehended—Sheriff's Captain Gordon Bowers reported—picking up a package which the father of 6-year-old Rachelle Gluskoter, missing since Feb. 15, had tossed from his car.

Bowers said Abe Gluskoter, restaurant operator, received a note three days ago, demanding \$15,000 in small bills. Instructions detailed that it be thrown into a vacant lot. Officers staked out the scene.

Bowers added, and apprehended William E. Bailey, 32, when he left his home across the street, went to the lot and stooped over the package.

Bowers reported that Bailey, under questioning, denied any connection with the girl's disappearance. She vanished after entering a car driven by a black-haired man.

**Swim Meet Set**

GALVESTON, March 28 (AP)—An open five-mile distance swim meet with \$1,000 in prizes to winners will be a special attraction of Galveston Splash Day, May 12. Sam Maceo, chairman of events of the Greater Galveston Beach Association, announced.

Maceo said the event will be open to swimmers from all parts of the country and that first prize will be \$500. Entry blanks may be obtained by writing A. C. Decker, Jr., sports editor of the Galveston Daily News.

**Japs To Organize Democratic Front**

TOKYO, March 28 (AP)—An attempt to launch the long-projected people's democratic front will be made at an organizational meeting Wednesday, the Japanese press said today.

Representatives of 700 liberal and leftist organizations have been invited. The tentative program calls for "reformation of capitalism" through planned economy, agrarian reform and guarantee of the rights of labor.

**Admits Atrocity**

YOKOHAMA, March 28 (AP)—Ryunosuke Kimura, one of five defendants jointly accused of slaying Pvt. Everett L. Tyler, Glen Easton, W. Va., to death, admitted at his trial today that he had struck Tyler on the head with a brick.

## Sooner Aggies Earned Rating As Top Quint

NEW YORK, March 28 (AP)—The Oklahoma Aggies topped all college basketball teams in the United States during the 1946 season, an Associated Press tabulation showed today.

Based on a won-lost percentage, the compilation shows that big seven-foot Bob Kurland and his Cowboy teammates who beat North Carolina for the NCAA title Tuesday night, took the No. 1 spot with 339 on 31 victories against two defeats.

Kentucky's Wildcats, winner of the national invitation tournament at Madison Square Garden, finished in a tie with Yale for second place at .933. The Wildcats won 28 and lost two while the Eli finished their season in mid-February with 14 victories and one defeat.

The Aggies' two defeats came at the hands of DePaul and Bowling Green. Kentucky lost to Temple and Notre Dame. Yale's one setback was administered by Harvard.

Ranked fourth at .905 with a 19-2 mark in Kansas, twice defeated by the Aggies. West Virginia and Rhode Island State, both of

## Local Brigades Score Two Wins

Playing a strange court in Sterling City Wednesday afternoon didn't faze Anna Smith girls' volleyball team representing the Eighth grade of the Big Spring schools.

The A and B contingents were both impressive in rolling up one-sided triumphs, the A's finishing out in front, 42-28, after the reserves had won, 71-6.

Younger proved the most effective spiker for the Big Spring representatives in the B tilt while Montanex and Gifford were standouts in the main event.

**Barrow Beaten**

Cosden's Oilers walloped Barrow Furniture company 10-4, in a practice softball game played on the Muny park diamond Wednesday evening.

whom pushed Kentucky to the utmost in the invitation tourney, rank fifth and sixth, respectively, at .889 and .875.

Harvard at .870; New York university and Slippery Rock (Pa.) Teachers, each at .864; the University of Indiana and Louisiana State tied at .857; North Carolina at .853; Syracuse at .852 and Lafayette at .850 round out the teams with a percentage of .850 or better.

## Rice Hoopsters In Spring Drills

HOUSTON, March 28 (AP)—Rice is expecting quite a basketball team next season with tree-top boys in the majority.

Coach Joe Davis has started spring training with five fellows, measuring 6 feet 4 or more.

Tallest men in the Rice corral are Bill Tom, regular center last season, and Johnny Clarke. Both are 6 feet 7. Also showing up well in practice are Hiram Walker, Bobbitt. Coach Davis also expects Bill Cummins, 1943 regular; Jug Thomas, all-Southwest conference man in 1944, and Dick Wehr and Murray Mendenhall, all-conference players of 1945, to return.

**Gregg Effective**

DAYTONA BEACH, Fla., March 28 (AP)—Hal Gregg, Brooklyn pitching ace, had twirled 11 consecutive shutout innings before the Yanks scored a run off him in the third inning yesterday.

## Longhorns Entered In San Angelo Track And Field Show This Week

Herschel Stockton's Big Spring high track and field squad moves on San Angelo Saturday to compete in an invitational meet along with a dozen other crack prep lineups from throughout West Texas.

The Longhorns will not be able to field a complete team as originally planned by Stockton due to a variety of ailments that has descended upon some of the boys.

However, Donald Webb, miler, and Gerald Harris, weight man and sprinter—the Bovines' two most likely point gatherers—will make the expedition.

The meet will serve as a final warmup for the area meet, which will be staged in Midland April 6. Big Spring will send a contingent to compete in that show along with Odessa and Midland.

Odessa, incidentally, is holding an invitational meet of its own this weekend. The third annual Sand Hills track and field tournament there is expected to attract 16 teams.

**Golf Meet Dates Set**

SAN ANTONIO, March 28 (AP)—The annual San Antonio invitation golf tournament, carrying \$2,500 in war bonds and added merchandise as prizes, will be held at Brackenridge Park course June 2-8. Qualifying rounds are scheduled June 2, 3 and 4 with match play beginning June 5.

**Carnett To Report**

CLEARWATER, Fla., March 28 (AP)—Ed Carnett, who was released from the navy yesterday, will report immediately to the Cleveland Indians' training camp. Carnett is a pitcher-outfielder-infielder who was acquired from the Chicago White Sox in a swap for fly chaser Oris Hockett, Dec. 12, 1944.

**White In Sick Bay**

ST. PETERSBURG, Fla., March 28 (AP)—Two more victims of a flood of ailments which have plagued the St. Louis Cardinals this spring, catcher Ken O'Dea and pitcher Ernie White, were en route to St. Louis today. O'Dea will be examined for back and leg trouble and White will have his teeth treated.

**Culberson Blames Navy, OPA, Others For Fuel Shortage**

AUSTIN, March 28 (P)—Railroad Commission Chairman Olin Culberson today flung full responsibility for the navy's asserted fuel oil shortage at the navy, the OPA and the producers of residual fuel oils.

In a telegram to the other two members of the commission, Ernest Thompson and Beauford Jester, meeting in Midland today to study gas flaring in West Texas fields, Culberson said the present situation could have been corrected had any of the three activities interested themselves immediately following V-J day.

Before even considering a change in the commission's present oil order which controls Texas crude production, Culberson said he would "insist upon a full hearing after notice to all other interested parties."

The commission chairman said he considered it "ill grace for the navy, the PAW or the OPA to come crying to the railroad commission in an attempt to lay at the commission's door any responsibility whatever for the present situation which has been brought about solely because of economics and differences between departments of Washington."

**First Y 'Gym Night' To Begin At 7:30**

First of the series of "Y gym night" affairs will be held at the high school gymnasium starting at 7:30 p. m. today.

Arah Phillips will be in charge of the program of fun, games, exercises, etc., for young men and women, couples from 19 to 30 years of age ("or as long as you feel about 30").

Plans call for a continuation of the program each Thursday evening with the purpose of making a recreation program, including mild physical exercise, available to as many people as wish it.

**BIG SPRING MOTOR CO.**

319 Main Phone 636

**Here 'n There**

A distinguished visitor to Big Spring recently was Mrs. Eleanor Roosevelt, who returned a few weeks ago from the UNO conference in London, England.

The wife of the former president paused at the local air terminal en route to Los Angeles where she was to fulfill a speaking engagement.

Employees of the American Airlines depot here were all set to service the plane of Col. Pappy Royington, the famed Marine pilot who was flying west, a couple of days ago.

Pappy flew in for a good look at the town, indicated he had enough petrol in his tanks to get to El Paso and was on his way.

The Big Spring cemetery department is placing fertilizer on special care plots, after completing a general clean-up program. They report that several graves not listed for special care are in need of work also. Most of them belong to out of town residents, however.

Lieut. Jack McDaniel has written his parents, Mr. and Mrs. B. J. McDaniel, that he expects to be home with his discharge by April 15. He is with the 1158th engineer combat group, and recently transferred from Fort Riley, Kas., to Fort Jackson, S. C.

**H. B. Linam Service Conducted Today**

COLORADO CITY, March 28.—Funeral for Harrison Berry Linam, 82, a farmer in the Loraine area for the past 28 years, was held at 2 p. m. today. Services were conducted by Rev. J. W. Price, Loraine Methodist pastor, at Kiker chapel and burial will be in Loraine cemetery.

Born in Nashville, Tenn., August 22, 1863, Mr. Linam died in a Colorado City hospital at 2 a. m. Wednesday. Four children survive. They are Mrs. D. O. Joyce and Orville Linam of Loraine; Clyde Linam of Colorado City; and Mrs. Lewis Andrews of Tucumcari, N. M. A sister, Mrs. Ida Vance of Greenwood, Ark., eight grandchildren, and two great grandchildren also survive.

**Weather Forecast**

**New Bus Terminal To Have Open House**

Open house at the new bus terminal and restaurant will be observed from 7 p. m. to 9 p. m. today. Clarence Fox, manager, has announced.

The public is invited to inspect the new properties, installed at a cost of approximately \$45,000, during the hours.

More than a score of officials representing Southwestern Greyhound, Texas-New Mexico-Oklahoma and the Kerrville Bus lines will be honored at a stag open house affair at the country club at 9 p. m.

**Area Physicians Will Meet Tonight**

Approximately 30 physicians from Howard, Martin, Midland, Ector, Andrews and Glasscock counties will be at the regular monthly meeting of the medical society tonight at 8 p. m. in the Settles hotel.

Members of the Six-County Auxiliary will hold a meeting simultaneously.

**4-H Boys Livestock Experience Related At Kiwanis Lunch**

Record of Howard county 4-H club boys in livestock feeding during the past year was reviewed by Durward Lewter, county agent, at the Kiwanis club Thursday.

The 55 steers and lambs sold locally brought \$22,000, those sold at other shows \$11,200. In addition, prizes of 93 steers, 61 lambs and 35 hogs totaled \$1,505, said Lewter.

While he said improvement was the goal, Lewter ventured the record for the year would be difficult to equal or best.

Operations were for the most part profitable. Even the milked classes came through with a nice margin of profit despite a 24.5 cent per pound cost in gain. Success, however, is determined in lessons on feeding, in character building, teaching of honesty, fair appraisal and good sportsmanship, the agent said.

Lewter acknowledged that the practical application of club feeding is in the dry lot classes, but he thought there should be milked classes, too, for the reason they show the ultimate in finishing and offer an opportunity to show to best advantage the high quality breeding calves of Howard county have.

Fully 90 per cent of the boys making shows other than the Howard county event (which Lewter lauded), had never had major livestock show experience, the agent declared.

Achievements were made because of the cooperation of breeders, businessmen, boys, their parents and the schools, according to Lewter. Highlight of the season was the winning of the grand champion carload lot at the Southwestern Fat Stock Exposition at Ft. Worth, he thought. Horace Reagan was in charge of the program.

**Opening, Closing Hours To Change**

Several local stores have announced new opening and closing hours to become effective April 1.

The move was taken with the idea of shortening hours with "the intention of giving better service" because of shorter working hours.

Among those who have announced the new hours (open at 9:30 a. m., close 5:30 p. m., except 7 p. m. Saturday) are: United, Inc., J. C. Penney Co., Kid Shop, Lorraine Shop, Mode O'Day, Montgomery Ward & Co., Swartz's, Hemphill-Wells Co., G. F. Wacker Stores, Franklin Stores Corp., J. & K. Shoe Store, Margo's, Army Store, Fisherman's, Salls Ann Shop.

**RESCUED ON LAKE** SHERMAN, March 28. (P)—Marooned overnight in Lake Texoma, J. J. Goodman of Dallas and Hugh Hetherington and The Rev. Ed Barcus, Methodist minister, both failed.
