

Tech Seeks Win Over OU

by CHARLES RICHARDS
Toreador Sports Editor

The Texas Tech Red Raiders will be seeking their third consecutive victory and the fourth in five games for the season when they take on the University of Oklahoma Sooners in a basketball game in Municipal Coliseum at 8 p.m. today.

The Tech freshman team, the Picadors, will meet the KCLV Rangers of Clovis at 6 p.m. in a preliminary game.

The game will be the second of a home stand opened with an easy 87-77 victory by the Red Raiders over the Loyola of the South Wolfpack Saturday. Oklahoma played Saturday also, but wasn't as successful, bowing to Brigham Young University, 81-74, at Norman, Okla.

The BYU loss dropped the Sooner record for the year to 1-4. In previous games Oklahoma defeated Southern California, 66-56, in the initial game and then lost to Southern Methodist, 52-61, Illinois, 60-72, and St. John's, 49-68.

Leading scorers for the Sooners this year are Warren Fouts, senior from Garber, Okla., and Stan Morrison, junior from Plainview. Both have identical 14.4 scoring averages and both paced Oklahoma against Brigham Young. Morrison had 27 and Fouts 22.

Texas Tech has won only one of its five games with the Sooners. Most recent contest between the two was in 1960 in Norman when Oklahoma won decisively, 75-56. The only Tech win came in 1958 with a 73-64 score.

Texas Tech, a team that has had four top scorers in its first four games, has an attack spearheaded by a 6-10 giant, Harold Hudgens. Hudgens played less than a half against Loyola but still finished as second high man for the night with 23 points, hitting 11 of 14 field goals.

Diminutive Del Ray Mounts, who along with Hudgens was a unanimous all-Southwest Conference pick last year as a junior, singled the nets for 27 points against Loyola to take scoring honors.

Mac Percival, another senior and last season's champion rebounder in the SWC, leads the league again this year. He has taken down 45 rebounds, two more than Hudgens, in Tech's four games for an average of 11.1 per game. He won it last year with a 10.5 mean.

Percival took scoring honors himself in one game, against Memphis State, and oddly enough, that's the only game he hasn't topped the team in rebounds. Hudgens took 19 off the boards in that game to win the honor. Hudgens was high scorer with 31 in the season opener against Colorado, and junior Bobby Gindorf scored 21 against Vanderbilt.

Senior Roger Hennig and sophomore Sid Wall are two others that have been seeing considerable action for Texas Tech and will be relied upon further against the Sooners. Also ready if needed will be juniors Milton Mickey and Gilbert Varnell and sophomores Mike Gooden, Mike Farley and Royal Furgeson.

Starters for Oklahoma will be Fouts, 6-7, 210 lbs., and Harvey Chaffin, 6-7, 215 lbs., at forwards; Morrison, 6-7, 219 lbs., at center; and Eddie Evans, 5-9, 165 lbs., and Farrell Johnson, 6-3, 185 lbs., at guards.

Fouts is the only senior of the tall, hefty group. Chaffin, Morrison and Evans are all juniors, and Johnson is a sophomore. In addition to the 14.4 scoring averages of Fouts and Morrison, Chaffin has scored 6 points a contest, Evans has averaged 8 points and Johnson has hit at a 3-point mean.

For Tech, the 220 lb. Hudgens has scored 86 points in four games for a 21.5 average, tops in the Southwest Conference; Mounts, 5-10, 155 lbs., has scored 66 for a 16.5 mean; Percival, 6-3, 205 lbs., has made 50 points for a 9.3 mean; and Hennig, 6-4, 160 lbs., has scored 28 points to average 7.0 per game. The sixth man, Wall, 6-3, 180, has scored 18 in four games for a 4.5 average.

Following the game with the Sooners, Coach Gibson's Red Raiders will wait until Dec. 28-29 before seeing further action. At that time, Tech and Texas University will be co-hosts in the Holiday Double-headers, alternately meeting William & Mary and Mississippi University.

Aggie Council Names Brown November 'Aggie Of Month'

Reeves Brown, senior animal husbandry major from Mathis, has been chosen Aggie of the Month for November by the Aggie Council.

He was nominated for the honor by the Block and Bridle Club. Brown, who will graduate next month, was chairman of this year's Pig Roast and has served in several other capacities during his four years at Tech.

George O. Elle, assistant dean of Agriculture, said the Aggie of the Month at Tech is selected on the basis of personality, scholarship and interest in Tech.

Brown is the second aggie to receive the Aggie of the Month honor this year. The only other student named Aggie of the Month was Larry Caskey.

'Neutral' India Invades Goa

BOMBAY, India (AP) — Indian blitz troops backed by tanks, warships and bombers pushed Monday night for a quick conquest of Portugal's Indian territories.

An Indian Defense Ministry spokesman claimed that more than a third of Goa, the biggest of the three west coast enclaves, had been taken and invading forces were within 10 miles of the capital, Nova Goa.

At Belgaum, on the Goa front south of here, a high Indian source declared earlier the main resistance was shattered, with full victory expected before dawn today.

Capture of Damao and Diu, territories north of Bombay totalling 53 square miles, was claimed at Baroda by the government of adjacent Gujarat State.

At military headquarters in New Delhi, however, it was announced only that Indian vanguards had surrounded Damao's principal town and had entered Diu.

Inside Goa, Portuguese Gov. Gen. Vasalo E. Silva declared in an address from the balcony of his office at Nova Goa: "We will resist to the end."

LONDON (AP) — Britain sided Monday with its ancient ally Portugal, against Commonwealth partner India in the Goa conflict. The Communists applauded and Western powers deplored the Indian attack.

Such neutrals as Indonesia and the United Arab Republic came to the defense of Prime Minister Nehru, a fellow neutral. But the Western press called the Indian military action violation of the principles so often preached by Nehru.

Britain threw its weight behind a Portuguese appeal to the United Nations.

The French Foreign Ministry expressed "as-

tonishment and regret" and the conservative Paris newspaper *Aurore* commented:

"Mr. Nehru has thrown down his mask, violating the charter of the United Nations. The illustrious pandit is not afraid of splashing his white tunic with blood."

WASHINGTON (AP) — The United States told India Monday it deeply regretted the use of force against Portuguese colonies in India.

Secretary of State Dean Rusk voiced this country's view at a meeting with the Indian ambassador, B. K. Nehru.

Lincoln White, State Department press officer, said the envoy left with Rusk an informal note setting forth India's version of the attack on Portuguese Goa, Diu and Damao.

"The secretary expressed the U.S. view that the United States deeply regrets the use of force in this situation," White told newsmen.

The meeting between Rusk and Ambassador Nehru came in advance of an urgent session of the U.N. Security Council in New York.

Officials Set Date For Dorm Ceremony

Ground-breaking ceremonies for Texas Tech's new women's dormitory will be conducted at 2 p.m. Wednesday. The dorm will be located in the area west of Boston and North of 19th St.

James Allen, dean of student life, will be master of ceremonies. Tech, student and city officials along with members of the Women's Residence Council, will be on hand for the ceremony.

Door Decorations Transform Dorm Halls Into Fantasyland

by Sandra Jordan
Toreador Staff Writer
The halls of Tech's dorms have been transformed from dreary rows of monotonous wooden doors into Christmas fantasylands.

While walking down a typical hall, one may find yuletide greetings from all around the world in many languages. There may be humorous doors, but many religious doors are also found. Some may be simple Christmas cards, while others look quite professional. But all are attempts by Tech students to say "Merry Christmas."

Many of the dorms have sponsored door-decorating contests with awards going to the best wing and the best individual doors. Visitors were given the opportunity to view these brightly decked halls as many of the dorms had open house Sunday.

In Horn Hall first prize for the best wing decoration went to third southeast with their "Winter Wonderland." In individual prizes there was a tie for first

place between rooms 121 and 323.

Theme for room 121, which was decorated by Rosa Clark and Marcia Meyers, was "Christmas in Storyland," and the featured story was "Amal and the Night Visitors." Against a blue background were the silver silhouettes of the three wise men and Amal, giving his crutch to take to the new born Babe.

Room 323 was decorated by Valdene Gardner and Dorothy Hickman and consisted of an original arrangement of dried corn leaves and corn husks on a gold background.

Doak Hall offered three prizes this year. Winners for the most beautiful door were Joy Davidson and Evelyn Mayfield. It consisted of a paper sculpture of the Madonna and Child done in white against a royal blue background. The door cost no money and was worked on by both roommates in their spare time.

The best decorated wing was second east with its "Christmas Around the World" which featured

the Christmas customs of various countries. Dixie Funnell and Alta Rattan were the winners for the most creative door with their "Merry Texas Christmas, You All" which featured a cowboy with an oil well.

In Gaston Hall winners for the best decorated door were William Morris and Jerald Terrell. Their door was decorated with a wreath with lights on a white background with Christmas cards surrounding it.

Mike Brown and Richard Morrow were winners in Wells Hall. Their door, fixed to represent a colonial house with lanterns and greenery, required nearly 20 hours' work by the boys. But their hard work won for them the \$10 first prize.

In Weeks Hall the best decorated room won a prize and this prize was copied by Norma Battles and Judy Barnett. Their room was decorated with a Santa with reindeer on the walls and a white tree. Door prizes went to Joann Hall and Donna St. Clair for their humorous "Happy Yule, You All."

In West Hall first northwest won first place with its "Santa Land" which featured the North Pole and Santa's workshop. Second place was won by third northwest and its "O Holy Night."

Drane's Hall's first place winner had a religious theme; the winning wing was third north. The theme for the decorations was "Enter into the True Meaning of Christmas." Choir girls lined the halls on each door with carols between them.

At the end of the hall was a Madonna and Child on a stained-glass window with a candle and Bible open to the Christmas story. Third south with its "Drane Train" and first north with its "Christmas Welcome" and contemporary Santas tied for second place.

Although many of the boys' dorms didn't sponsor actual contests, many of the doors were decorated.

Here's Wishing You a . . .

We extend a sincere hope that all your Christmas be merry and bright, and that the NEW YEAR will bring bountiful blessings upon you and yours.

Tech Union Shows Russian Ballet Film

The Cannes Film Festival prize-winning film, "The Ballet of Romeo and Juliet," will appear in the Union Ballroom at 4 and 7 p.m. Jan. 4.

Galina Ulanova, called "the world's greatest ballerina" by Life magazine will star in her most famous role, that of Juliet. Miss Ulanova, Prima Ballerina Assoluta of Moscow's Bolshoi Theater, has been acclaimed by audiences, critics and dancers throughout the world for her performance in the movie.

"It is the exquisite soaring lyricism of Ulanova which dominates the ballet. In her dancing she expresses the highest of emotions, of wonder, of despair and of ecstasy. And with almost incredible lightness," said a critic with the News Chronicle of London.

The Russian-made film is based on the musical score of Sergei Prokofiev and the immortal theme of William Shakespeare's love story.

Prokofiev conceived "Romeo and Juliet" as a large choreographic drama, with all the psychological complexities of the heroes, clear-cut musical character portraits and realistic depiction of scenes.

"Prokofiev's fondness for contrasts, which had all but disappeared in most of his latter compositions, was revived here with new force: the merry pranks of Mercutio, the fun and laughter of Juliet, on the one hand, and the mortal combats between the hostile camps, the grief and despair of the doomed lovers, on the other," said Israel Nestyev, Prokofiev's biographer.

Phi Psi's Pick 'Phi Psi Girl'

Miss Johnnie Jo Day, sophomore from Lubbock, was named "Phi Psi Girl" at the Phi Kappa Psi fall formal Friday night.

She was presented with a bouquet of red roses by Frank Bray, past president of the fraternity. Runners-up for the honor were Linda Edie, freshman from Harlingen; Pat Hosking, freshman from Dallas; and Mary Alice Hill, sophomore from Fort Worth. These girls were presented with six red roses.

Officers for 1961-62 were elected at a meeting Dec. 11. They are Chuck McHargue, president; David Knox, vice president; Joe Stout, secretary; Kerry Arnold, pledge trainer; and George French, treasurer.

Also elected were Alan Cooper, historian; Paul Duggan, sergeant-at-arms; and Pat Oden, messenger.

Sigma Nu Names Princess At Party

Nancy Therrell, junior, Houston, was named as the White Rose Princess for December at the annual Sigma Nu Christmas party.

Miss Therrell was presented the traditional bouquet of 11 red roses and one white rose. She is one of the nine princesses that the fraternity will elect before the end of this school year.

A White Rose Queen will be selected from the princesses at the White Rose Formal in March or April.

Fraternity Gives Initiation Banquet

Delta Sigma Pi hosted approximately 50 people at an initiation banquet Saturday in the Caprock Hotel. The banquet, an event given each semester, honored the fraternity's 12 new members.

Milton Matthews, who was named Best Pledge, was awarded a paddle by Allen Malone, Best Pledge of last semester. The pledge class presented a sheep skin to Ken Reoha, who was selected as Best Member by the class.

Reed Quilliam, member of the Texas House of Representatives, was guest speaker at the banquet. He spoke to the group on "Tyranny of Words," pointing out the danger of confusing ideas with words.

New members of Delta Sigma Pi are Larry Akin, Ken Beets, Don Bucklew, Clinton Carlisle, Charles Giddens, Dusty Ham, Ray Lubke, Milton Matthews, Kent Riggs, Hayden Routh, Warren Thetford and Ross Woodson.

Exam Schedule

Christmas vacation begins at 10 p.m. Thursday Dec. 21 and classes will again convene 8 a.m. Wednesday Jan. 3. Dead week is scheduled for Jan. 7 through Jan. 13, when finals for the semester begin.

The following is the schedule for the semester exams: Saturday, January 13

8:00-10:30 8 MWF
 11:00- 1:30 1 MWF and all classes meeting Saturday only.
 2:00- 4:30 All sections of English 131. Room numbers will be announced in respective classes.

Monday, January 15

8:00-10:30 11 TTS
 11:00- 1:30 3 MWF
 2:00- 4:30 All sections of Math 130, 133, 231. Room numbers will be announced in respective classes.

Tuesday, January 16

8:00-10:30 All sections of Government 233 and 234. Room numbers will be announced in respective classes.
 11:00- 1:30 1-2:30 TT
 2:00- 4:30 9 MWF

Wednesday, January 17

8:00-10:30 All sections of Chemistry 141. Room numbers will be announced in respective classes.
 11:00- 1:30 2 MWF
 2:00- 4:30 10 TTS

Thursday, January 18

8:00-10:30 9 TTS
 11:00- 1:30 2:30-4 TT
 2:00-4:30 All sections of Biology 141 & 142. Rooms will be announced in respective classes.

All sections of Physics 235. Rooms will be announced in respective classes.
 All sections of Accounting 244 & 245. Rooms will be announced in respective classes.

Friday, January 19

8:00-10:30 8 TTS
 11:00- 1:30 4-5:30 TT and all sections of Military Science Classes.
 2:00- 4:30 10 MWF

Saturday, January 20

8:00-10:30 All sections of Sociology 230. Rooms will be announced in respective classes.
 11:00- 1:30 11 MWF
 2:00- 4:30 4 MWF

Examination time for classes meeting for more than one hour (as 1-2:30) will be determined by using the first hour of the class period to find the corresponding examination period for that class meeting.

Requested changes in the schedule for individual students will be considered by the Dean of the School in which the student is registered.

EXAMINATION SCHEDULE FOR EVENING PROGRAM COURSES

Monday, January 15

6:30-9:00 p.m. Classes meeting 6:30-8:00 p.m., MW, and Monday only.

Tuesday, January 16

6:30-9:00 p.m. Classes meeting 6:30-8:00 p.m., TT, and Tuesday only.

Wednesday, January 17

6:30-9:00 p.m. Classes meeting 8:00-9:30 p.m. MW and Wednesday only.

Serving Texas Tech Since 1925

THOUGHT FOR TODAY — *As long as I count the votes what are you going to do about it? Say.* —W.M.T.

For Athletic Recruiting

Needed---10,000 Salesmen

Texas Tech needs 10,000 salesmen over the Christmas holidays.

There is no pay involved but the personal satisfaction gained will be rewarding. The product offered is a time proven item—TEXAS TECH.

Leads have been furnished throughout the year by high school football teams. The competition will be tough. Every other school in the Southwest Conference will have their "salesmen" out in force. We have one big advantage—our product is better.

Who are the prospective customers? Outstanding high school athletes, of course.

The time to start selling is just as soon as you get home for the holidays. If you know a friend—or have a friend who has a friend—who is an outstanding athlete, contact him and explain the advantages of attending Texas Tech.

We can help Coach J T King and his staff build Tech into one of the football powers of the SWC. Your help is both needed and appreciated by Tech athletic officials.

The boy you help sign may be a future star at Texas Tech. We all want our school to have a representative team throughout the years in the SWC. This is a good way to help accomplish that goal.

Techsians, have a happy holiday and remember — BE A SALESMAN FOR TEXAS TECH!

RALPH W. CARPENTER

News, Views

Smith Answers Criticism

Let me offer my humble interpretation on the action of the Council at their last meeting — since it has, apparently, caused an amount of concern in the editorial staff of the newspaper.

On this particular question, the recommendation presented to the Council called for the inclusion of the matter on a campus-wide ballot along with the name-change subject. The usual cross-section of student opinion was presented in the discussion that followed — those who said nothing, those who had definite opinions on the subject, and those who questioned the practicality of the program for one reason or another. I do not believe that there was a Council member at the meeting that did not know how he felt on this controversy; however, it was decided to refer the question to a committee, similar, in composition, to the one that I had suggested using as a follow-up step after a campus ballot (so the whole thing is probably my fault) for these reasons:

1. It was felt unwise to submit a question to the student body, without having several choices, instead of just a "Yes or No" answer.
2. In offering the students several prerogatives to "change to," the Council felt that the ballot would be more balanced and more easily understood — since there will be choices given on the name-change issue, which will appear on the same ballot.
3. Even though the Council members might have had definite opinions on the question, it was realized that they were certainly unqualified in the art of rewriting or revamping musical passages — on this consideration, it was decided, and I think wisely so, to solicit the aid of qualified personnel.

In reviewing the editorial submitted by Mr. Carpenter, I find several passages such as "If a position is worth running for — it's worth a little work." Most of the article is composed of such statements, which no one in his right mind will argue against. However, the remaining sections of the article contain, what I would refer to, as purely personal opinion, drawn at this time from only one of the many meetings this year of the Council. In the suggestions as to how the Council members should conduct themselves in their meetings, the performance of their duties, in

making their decisions, and in forming their own beliefs—all of Mr. Carpenter's points can be debated pro and con for the duration of his college career without sufficient weight on either side to result in finality of judgement.

On the particular question of a "YES or NO" stand on the point, legislative bodies of the Council's nature will always be criticized for one reason — as Mr. Carpenter did on the "INDECISION" formula; BUT they will conversely be criticized for RAILROADING an issue and not giving their constituents a voice in the matter if they decide to first make their decisions, and then ask a majority of the people what they think. How can the poor Council win?

In being a bit more personal, I am dissatisfied with the manner in which the Council members themselves, along with others who disagreed with Mr. Carpenter's editorial, chose to shrug the criticism off. I have heard, "the only reason he wrote it was because we didn't agree with him and push the change," also, "why should we pay any attention to him anyway — he (Carpenter) is the only one promoting the project."

On the first statement — I don't think that the editorial would have ever appeared if the Council had said "NO" to the proposal. The editorial was not inspired because we did not back the change, but because of our procedure in investigating the program (which is a technical point that, as I have stated, I can and will argue against indefinitely). The second statement, to my knowledge, is totally false. I have heard dissatisfaction voiced on this point ever since I have attended Tech — along with a great deal of comment this summer from alumnae directly connected with the college.

Most of the Council members have answered the charge with a direct "we are certainly not indecisive, just because we referred one topic, out of four that came up in the meeting, to a committee for further study." This point is only one in a myriad that have been considered and decided upon by the Council this year. I will go so far as to say that, in due time, this point will be decided upon when the Council deems appropriate — even though it may not fit everyone's schedule.

—CARLYLE SMITH

Judges Name Venhaus Showmanship 'Champ'

Leonard Venhaus, sophomore from Happy, reigned as grand champion of the 13th annual Little International Showmanship contest sponsored by the Tech Block and Bridle Club Saturday.

A first place in swine and a second place in beef cattle was enough to give Venhaus the top number of points over some 40 other contestants.

Ray Deane Kirksey, senior from Odessa, was crowned Miss Milk Maid with 5.8 lbs. milked. She was sponsored by the Women's Service Organization. Second place went to Nathalee Britton, sophomore from Capitan, N.M. Her sponsor was the Rodeo Assn. Betsy Anderson was third, sponsored by Chi Omega. She is a sophomore from Houston.

John Paul Jones took honors in the sheep division with Cliff Ethredge running second. Fred Webb was third.

Dairy cattle prize was taken by Johnny Hoodenpyle. David Winters was second and Dor Megahan was third in that division.

Donnie McCool edged out grand champ Leonard Venhaus in the beef cattle division to take first place. Jim Jenkins ran third in the nine man event.

In the aged mares division of

the quarter horse competition, Robert Claer took first place honors with Clyde Fort and Tommy Houston ranking second and third respectively. The yearling colts winner were all Tech coeds. Sally Berghane won first place. Jerry Pence was second and Sherry Bingham third in the contest.

The swine competition was won by showmanship champion, Venhaus, second was Jimmy Hudson and third was Cliff Ethredge.

Out of 75 hams cured by the Block and Bridle Club, the champion was bought by the Lewter Grain Co. of Lubbock. The hams were sold at auction after the livestock competition. All of the hams were sold, with the 16 lb. champion bringing the top price, \$100.

The other 74 hams brought a record average of \$19.99 each.

The harnessing contest champions for the second straight year are animal husbandry professors Stanley Anderson and Kirk B. Turner.

The annual event was held in the Tech Livestock Pavilion.

Athletes Perform For Jam Session

Five Tech basketball stars will shift roles at 10 a.m. today as they perform in the "Toys for Tots" jam session sponsored by the Double "T" Assn.

The jam session, in the Tech Union, will feature various types of musical talent, including the combo of athletes.

A collection will be taken up at the jam session in order to buy toys for children. Gerald Hodges, president of the association, urges all people who attend the game tonight to bring a toy if they cannot attend the jam session this morning.

Tech Receives Study Grants

The Tech department of English is the recipient of two national defense fellowships for graduate study.

Fellowships, which have been awarded to the English department for three previous years, make it possible for a graduate student to work toward a doctorate degree. They are based on the need of the student and his undergraduate average. The minimum average for an undergraduate is a 1.5, but under the fellowship, the student must maintain a 2.5.

To be eligible, a student must be a United States citizen. He must also hold a B.A. degree with a major in English, superior scholarship and a sincere desire to enter college teaching.

Applicants should see or write to Dr. Truman W. Camp, head of the English department, for applications or further information.

Union Stages Holiday Dance

Bells and a tumbleweed snowman will decorate the Tech Union Ballroom Wednesday night for the annual Christmas Dance.

The dance will begin at 7 p.m. Bob LaMont will furnish music. LaMont, who lives in Lubbock, previously performed with Xavier Cugat.

Hot spiced cider and decorated Christmas cookies will be served at the dance sponsored by the Tech Union.

Don Allen and the Sunset Ramblers will play for a Western Dance sponsored also by the Tech Union Jan. 5.

The dance will be in the Rec Hall according to James Perry, publicity chairman of the Western Dance Committee.

Delta Zeta Serves Christmas Party

Children undergoing therapy at the Tech speech clinic will have a Christmas party Thursday afternoon after their lesson. Punch and cookies will be served by the alumnae of Delta Zeta sorority.

Career Cues:

"Whatever your major, make sure to include a course in 'people!'"

W. Emlen Roosevelt, President National State Bank, Elizabeth, N.J.

"If my college adviser had prophesied that studying psychology would some day help promote my career in banking, I'd have scoffed. Yet that is exactly what has happened. And when I think about it now the reason seems obvious. The facts and figures of banking, or of any other field, are mechanical devices. They take on real meaning

only when related to people.

"Good psychology is also the basis of all teamwork. And, since most of today's business and scientific problems are too complicated for 'one man' solutions, teamwork is essential. If you want to be a valuable team player, and a likely candidate for captain, be the person who understands people. Learn what it takes for people to work together in harmony. Learn how to win trust and confidence. Learn basic human psychology.

"Bear this in mind, too. World tension, community tension, business tension, even family tension are the facts of everyday life. The more you know of human behavior, the better prepared you will be to deal with these problems.

"So, if you have the chance, take a course devoted to 'people.' Your class adviser can probably help you fit a psychology elective into your schedule. I don't think you'll regret it... I know I didn't."

W. Emlen Roosevelt first became a bank president while still in his early thirties. Today he heads still another bank and is a leader in New Jersey financial circles. Em's been a CAMEL fan ever since his undergraduate days at Princeton.

In AP Cage Poll

Ohio State Is Choice

by JOHN CHANDLER
Associated Press Sports Writer

Ohio State, heavy choice in the Associated Press pre-season college basketball poll to capture the national championship, made a runaway of the first weekly poll by eight district boards.

The Buckeyes, undefeated last year but upset by the Cincinnati Bearcats in the NCAA tournament finals at Kansas City, received 39 of the 40 first place votes in the nationwide AP poll tallied Monday.

Cincinnati, also undefeated to date this season and matching Ohio State's early 5-0 record, amassed a heavy second place vote and ranked second with 301 points. With one first place vote going to Cincinnati, Ohio State was rated second in one ballot. The Bearcats

had been ranked second in the pre-season poll.

Balloting was on the basis of 10 points for a first place vote, nine for second and so on, for games through last Saturday. Ohio State thumped Chicago Loyola 92-72 Saturday while Cincinnati ran up its 27th consecutive victory by clobbering Marshall 77-49.

Providence, winner of the National Invitation Tournament over St. Louis last March, was ranked No. 3 after being placed in the fifth spot in the pre-season poll. Kansas State, at 5-0 along with the other top three teams, is No. 4, a jump from eighth place in the pre-season calculations.

Three teams ranked in the top 10 in the early considerations fell by the wayside in the first weekly poll—Wake Forest No. 3, Duke

No. 7 and St. John's of New York No. 9. West Virginia, Duquesne and St. Bonaventure joined the select top company, along with Arizona State which tied Seattle for tenth rating. All of the newcomers were unbeaten through last Saturday night's games.

Duquesne bounced Duke from the unbeaten list in the Steel Bowl Tournament, Kansas State handed St. John's its first loss, while Maryland handed Wake Forest its third defeat of the season.

Three teams in the top 10 were tournament winners, Duquesne accounting for the Steel Bowl, St. Bonaventure the Bluegrass Festival and Seattle the City of Roses championship. Arizona State made its record 5-0 and edged into the select group by downing New Mexico, 82-59.

SOONER STALWARTS — Warren Fouts, left, and Eddie Evans are two members of the Oklahoma Sooners that will contest Texas Tech's Red Raiders in Municipal Coliseum tonight. An excellent dribbler and ball

handler, the 5-9 Evans is the playmaker of the squad. Fouts, 6-7, is top scorer for Oklahoma with a 14.4 average.

Tech Swim Schedule Will Start Wednesday

Texas Tech launches its 1961-62 swimming schedule with the Southwest Conference Relays at College Station Wednesday.

Coach Jim McNally's Red Raiders are defending champions in the diving relay. Eugene Holt of Lubbock has graduated, and sophomore Kenneth Blair of Lubbock is joining the returning Glaze Sacra of Roswell, N.M., and Richard Vawter of Dallas Sunset.

By events the other entrants include:

160-yd. free style relay—Brett Bayne of Denison, Bill Spahn of Austin, Minn., Jim Climer of Dallas Sunset and Glenn Shoup of

Penwell.

160-yd. fly-breast—Joe Cochran of Odessa, Bob Smith of Houston Jesse Jones, Clark Edgecomb of Houston Bellaire, Charles Bleil of Houston Bellaire.

160-yd. back—Karl Keith of Fort Worth Paschal, Bleil, Joe Gearheart of Fort Worth Poly, Climer.

160-yd. medley—Keith, Bleil, Gearheart, Climer.

Distance—Jack Shipley of Lubbock, Shoup, Spahn, Smith.

400-yd. free—Shoup, Climer, Cliff Shive of Fort Worth Paschal, Spahn.

400-yd. fly-breast—Shipley, Cochran, Glenn Anderson of Odessa, Bleil.

400-yd. back—George Steele of Houston Lamar, Bayne, Smith, Keith.

400-yd. medley—Steele, Cochran, Shipley, Spahn.

Texas Tech's first dual meet of the season will be with University of New Mexico here Jan. 20. The freshmen will have a postal meet with University of Minnesota Jan. 6.

Sports Shorts

Texas Tech's halftime box for the Loyola game looked as if the scores had his columns mixed up. The Red Raiders were shooting with 70 percent accuracy from the floor, but were hitting only 33 percent of their free throws . . . For the game the Raiders wound up with 53 per cent in field goal shooting, 56 per cent on free throws.

Coach Gene Gibson's starting five averaged 60 percent for the night from the floor. Texas Tech's All-America candidate, 6-10 Harold Hudgens, missed only two of 11 field goal tries the first half and sank the follow shot on those. He scored 23 points although sitting out nearly half the game.

Largest Lubbock crowd ever to witness a basketball game in December—some 8,500—turned out for the game. The previous high was 8,000 for Kansas last year and Colorado this season.

★ ★

University of Mississippi is looming as a team to watch out for in the Holiday Doubleheaders here Dec. 28 and 29. The Rebels' first loss was a three-pointer, 59-56, to University of Arkansas in Little Rock last week. Rounding out the foursome will be William & Mary, University of Texas and Texas Tech.

★ ★

Wonder how many conferences looked last year to a 6-3 player as their leading rebounder? Texas Tech's Mac Percival, the Vernon "shorty" who paced the Southwest Conference last year, is once more averaging 10.5 rebounds a game, the figure that won him the "conference games only" rebounding crown last season.

★ ★

Texas Tech's swimming team appears to be the school's best so far. Jim McNally's varsity tankmen include five Houston area graduates—Bellaire's Charles Bleil, Dick Haase and Clark Edgecomb plus George Steele of Lamar and Bob Smith of Jesse Jones.

THE BELL TELEPHONE COMPANIES SALUTE: STEVE BANKS

Because of Steve Banks, who just two years ago was an undergraduate engineering student, the Bell Telephone System is closer to wiping out the noise (or "static") that sometimes interferes with telephone conversations.

On one of his first assignments, Steve examined the noise levels that had "leaked" into telephone circuits in

Colorado. His findings shed new light on the source of noise, and on the important methods of measuring it.

Steve Banks of Mountain States Telephone & Telegraph Company, and the other young engineers like him in Bell Telephone Companies throughout the country, help make your communications service the finest in the world.

Distribution Of Forms Continues

Admission and Housing forms are now available in the foyer of the Ad Bldg. Students now enrolled should fill out the forms as soon as possible in order to speed the spring semester registration process.

"Only those students enrolled for the fall semester should fill out the forms," said Don Renner, assistant registrar. "New and former students have to make formal application in the registrar's office."

Upon completion of the forms, they should be taken to the Dean of Men or Women for housing approval. Housing approval is a prerequisite for registration.

Dean of Men Lew Jones said that all students are expected to live on campus unless "married, living at home or with relatives, working to the extent that the student would miss six or more meals per week in the dormitory, or for various medical reasons."

Jones urges each student to fill out his A&H forms before the registration period to insure systematic registration and decrease long waiting lines.

The printed tabloid listing courses and sections will be available during the first part of January to enable students to tentatively plan their schedules before registration.

"Registration times for students will be approximately the same for the spring semester as it was for the fall," Renner added.
