

Salerno Smashed By Allied Raids To Soften Italy

ALLIED HEADQUARTERS IN NORTH AFRICA, Aug. 23 (AP)—The mighty Allied aerial juggernaut rolled over Salerno, another important point in the Italian mainland system, virtually smashing the city in day and night raids and leaving marshall yards a sea of flame, headquarters announced today.

Salerno is on the coast south of Naples, around which Allied heavy and medium bombers left a trail of ruin in railway centers in raids Friday and Saturday.

The Germans, determined to defend the key points of their lifeline, threw in about 100 fighters to battle the Marauders and their escort.

Although today's Allied headquarters communique said 28 of the enemy fighters were shot down at Salerno, later reports placed the number at 33. Altogether 34 enemy planes were shot down yesterday for a total of five Allied aircraft lost.

In the heavy air fighting of the past four days 114 enemy planes have been downed, it was stated here. The Marauder squadrons in their Sunday raid destroyed 31 fighters, topping the 22 shot down by these bombers in the Naples area on Saturday.

While the northwest African forces were slashing at Salerno, British Liberators and Halifaxes from the Middle East bombed Italian rail switching yards Saturday at Crotona, a port on the arch of the Italian boot.

Seven Allied aircraft were reported missing from the Saturday night and Sunday raids, two of them from the Middle East force.

The Italian communique, broadcast from Rome and recorded by the Associated Press, said that great damage was caused in Salerno.

Rome asserted 13 Allied planes were shot down at Salerno by German fighters and five more at Crotona, near Cape Colonna, and at the port of Prevesa.

Salerno is one of the railroad gateways to the toe and instep of the Italian boot.

An electric rail line passes through the port. Cutting this line would force axis army commanders to route troops and supplies far inland, more than doubling the distance required to establish and feed the axis army in south Italy.

The Marauder bombers caught a long string of freight cars in an auxiliary railway yards at Salerno, blasted many to kindling wood, threw others off the sidings, and set fire to others. Industrial buildings and towering mounds of coal also were reported hit.

Big fleets of Flying Fortresses, Liberators and Marauder bombers returned Saturday to important communication centers near the west coast Italian port and concentrated their explosives on some of the targets first given a thorough going over on Friday.

Allied communique said the attacks were carried out successfully despite increasing enemy fighter opposition. At least 65 German fighters were knocked out of the skies during the two days — 51 Saturday and 14 the day before. The Allies lost eight planes Saturday and 10 Friday.

The weekend raids, combined with the virtual knockout blow given the rail network around foggia earlier in the week, were aimed at blocking enemy transportation to and from southern Italy.

About 70 Liberators from the Middle East also swept the Mediterranean Saturday and dropped their explosives on the air depot and rail yards at Cancello northeast of Naples and the airfield at Pomigliano D'Arco.

By night British Wellingtons blasted targets in Battipaglia on the coast south of Naples.

Jap Burma Bases Hit By Bombers

NEW DELHI, Aug. 23 (AP)—United States B-25 Mitchell medium bombers smashed more than 115 freight cars—a record number—in raids on railroad yards at Sagaina, Mandalay and Ywataung yesterday, while heavy bombers hit Japanese installations at Monywa, a Tenth air force communique said today.

Damage also was reported after forays in the Melktila area, along the Chindwin river north of Aloon, at Pakokku and against the Pegoda Point landing grounds south of Rangoon.

The communique said P-40 fighters destroyed a concentration of 23 Japanese rafts north of Malingkan. They also shot up enemy ration dumps and troop quarters at Tiangzup and Naopzup while B-24 Liberators bombed enemy barracks at the north end of Ramree Island.

All aircraft and crews returned safely.

Germans Evacuate Kharkov

Allied Troops Within Sight Of Salamaua

Though Near, Fall Of Base Not Due To Be Without Battle

ALLIED HEADQUARTERS IN THE SOUTHWEST PACIFIC, Aug. 23 (AP)—Allied ground troops pressing in on enemy holdings in northeastern New Guinea stood today on a ridge overlooking the Salamaua airfield, and the fall of that important objective seemed almost within sight.

Capture of the airfield probably will not come without a bitter and perhaps costly battle. In the six months since it has been apparent that Allied strategy demands its possession, the Japanese have had time to fortify it with the same thorough system of defenses that made the American advance on Munda airfield in the Solomon Islands a bloody, yard-by-yard business.

But with Americans and Australians in possession of the ridge dominating the Salamaua airfield, only the forest-covered downward slopes and the tidewater of the Francisco river still stand as barriers to the Allied front advance.

The ridge, stretching seaward perhaps two miles south of the airfield, was occupied yesterday morning, today's Allied communique announced. Immediately the heavy fire of artillery was turned on Japanese positions at the field and at Salamaua proper, a mile or so farther northeast.

Under the pressure of these blows, said headquarters reports, the Japanese withdrew deeper within their last circle of defenses, continuing the general retreat begun two days before. Allied troops moved up all along the semi-circular front to invest the enemy's evacuated positions.

Thus Salamaua tottered, while on the Solomon prop of the Southwest Pacific offensive, American forces cleaned out an element of enemy resistance on Baanga lalet, setting field guns with which the Japanese had been harassing Munda airfield on New Georgia Island to the east across Wana Wana lagoon.

DeGaulle And Giraud Conferring On Plans

ALGIERS, Aug. 23 (AP)—Gen. Charles De Gaulle congratulated Gen. Henri Giraud today on the condition of the re-organized French army and declared, "the enemy will soon see what the troops are worth."

In a letter, the president of the French Committee of National Liberation told the commander-in-chief "the large units which have been inspected by me constitute a powerful force, the organization of which does you and the army chiefs the greatest honor."

"The enemy will soon see what the troops are worth, thanks to the spirit of the men and officers as well as their instruction and excellent material, placed at their disposal by our American allies."

TO REAPPOINT MEMBERS AUSTIN, Aug. 23 (AP)—Governor Coke R. Stevenson said today he planned to reappoint for six-year terms on the state game, fish and oyster commission members Murrel Buckner of Dallas and Dee Davenport of Mission, whose terms expire this week.

Litvinoff Recall Not Linked With Meetings

By JOHN M. HIGHTOWER QUEBEC, Aug. 23 (AP)—Nearly as it could be accomplished without a forthright official statement, the recall of Maxim Litvinoff as Soviet ambassador to Washington was divorced today from proceedings of the British-American war conference here.

Moscow's purpose in making known at this time that Litvinoff would not return to the United States remained obscure in the absence of any explanation from the Russian capital, but the understanding of American officials regarding the incident was made clear by an authority closely associated with the Quebec conference.

His statement was that the replacement of Litvinoff by Andrei A. Gromyko, embassy councillor and charge d'affaires in Washington, was not connected in any way with the conference. The fact that Litvinoff would not go back to Washington had been known to officials in the American capital for weeks, it was brought out, but the matter was

Normandie Rises—The U.S.S. Lafayette, former French luxury liner Normandie, reached this angle—27.5 degrees—during salvage operations Aug. 20 at her Hudson River, New York, slip.

Heavy Blows At Japs Indicated

By DOUGLAS B. CORNELL QUEBEC, Aug. 23 (AP)—The arrival of Secretary of the Navy Knox and an announcement that Sir William Glasgow, Australian high commissioner in Canada, would follow indicated today that the Quebec war conference was aiming hefty new blows at Japan.

There was good reason to believe that the Allied high command might have decided to mass sufficient bomber strength in the eastern bulge of China to play havoc with the enemy lifelines in the China sea and blast the Japanese mainland itself.

Curtin's Party Wins Victory

MELBOURNE, Aug. 23 (AP)—Prime Minister John Curtin's government will face the seventeenth Australian parliament to be convened in late September with a working majority of about 30 votes in the house of representatives as the result of elections held Saturday which recorded an unprecedented landslide in favor of his labor party.

Although the final count of votes cast may not be known for several days, official figures available late today indicated that labor will win from 48 to 51 seats in the lower house. The combined parties will have been 21 and 24 seats.

The tide which swept labor back into power in the house of representatives with an overwhelming majority also was reflected in a substantial increase in votes cast for labor candidates for the senate, but final results of the contests for the upper house will not be known for several days.

Texans Back From Shuttle Bombing

A U. S. BOMBER BASE IN ENGLAND, Aug. 23 (AP)—Two Texans were among the first contingent of warriors from the first German shuttle bombing raid on Germany Aug. 17 to return from North African bases.

Lt. Norris G. Norman of Meadow, Tex., was the bombardier aboard the Flying Fortress, "Pharos II," which was hit by 30 20-millimeter shells during the raid. One of her gunners was killed, another injured, one engine was knocked out and her bomb sites were ruined before she reached the target.

Another fortress was piloted on the raid by Maj. Gale Clevon of Midland, who went on to North Africa despite having 20 to 30 20-millimeter shells in his ship. A ferry plane returned him to Britain.

Ginnings Are Up

WASHINGTON, Aug. 23 (AP)—The census bureau reported today that cotton of this year's growth ginned to Aug. 16 totaled 345,949 running bales, counting round as half bales and excluding linters, compared with 233,335 bales a year ago, and 74,079 two years ago.

RAF Returns To Crushing Raid On Nazi Cities

Chemical Works At Leverkusen Target In Newest Attack

LONDON, Aug. 23 (AP)—British bombers returned to their crushing attacks on Germany last night after an interval of two nights and the air ministry announced that the chemical works at Leverkusen, six miles north of Cologne, were the special target.

The German radio said that Dueseldorf in the Rhineland also was attacked and that 11 British fighters and a "number" of bombers were shot down in "random" attacks on other objectives in the western reich. The air ministry described these as intruder attacks over railway targets and airfields.

The air ministry said five bombers were lost in the night's activities. Heavy clouds made it difficult to see results, the communique said.

Leverkusen was bombed twice in 1940, but has not been a specific target since. Hardly had the night raiders returned than light bombers and fighters sped out by daylight today to resume the assaults.

The night attack ended a lull that had lasted since Thursday night when Mosquitoes struck at Berlin.

Enemy raiders scattered bombs in East Anglia and also rumbled over southeast England last night. At least two were shot down. An alarm sounded in London soon after midnight, but no incidents were reported.

Late yesterday Marauder medium bombers of the U. S. Eighth air force attacked an enemy airfield at Beaumont Le Roger in occupied France. Escorting Spitfires and the bombers knocked down nine enemy fighters. One bomber and eight Allied fighters were listed as missing.

During Sunday British intruders attacked enemy shipping, airfields, transport and communications. The possibility that some new targets, deeper in Europe, might have been placed on the bomb list was seen in the fact that the BBC warned Slovak workers to get out of factories working for the nazis or risk being bombed.

Mines Restored To Some Owners

WASHINGTON, Aug. 23 (AP)—Certain coal mines having contracts with John L. Lewis' United Mine Workers were restored to private ownership by Interior Secretary Ickes today despite Lewis' statement in June that his men would work until October 31 only if the government kept control of the property.

Ickes, as coal administrator announced termination of government possession and control of the mines of 53 companies, and a spokesman said "some" of them were operated under contracts with the UMW. He asked about Lewis' threat, he said "we'll just have to see what happens."

Lewis, in ending the third general strike by the UMW in June, said that his miners were to work until October 31 only if the government retained control of the mines throughout the period.

The mines were returned in accordance with the Smith-Connelly anti-strike act requirement that property seized by the government be returned within 60 days after restoration of "productive efficiency."

Man Murdered In Church

SAN FRANCISCO, Aug. 23 (AP)—The roar of a pistol shot punctuated the close of Father Lolis' sermon of the mass yesterday at the Greek Orthodox Church of the Annunciation.

The startled priest looked toward a painting of the Madonna at the back of the church in time to see a soldier slump to the floor. A man with a gun jumped across the soldier's body, ran down the stairs and out of sight. Some of the men in the congregation carried the mortally wounded man from the church. Father Lolis stepped aside as assistant priests ended the service with an unhurried ritual. The choir sang a closing hymn.

Nazis Appear In General Retreat

By WILLIAM SMITH WHITE LONDON, Aug. 23 (AP)—Premier Marshal Stalin announced the capture of Kharkov today and the Germans appeared to be in general retreat across south Russia. A Stalin order of the day to field commanders, told of the seizure of the city by storm.

LONDON, Aug. 23 (AP)—The Germans admitted today the loss of Kharkov, their greatest position in all the south of Russia in what appeared to be a general retreat.

The fall of the city was presented by DNB, German news agency, as an evacuation in which Russian pressure had no part. In a broadcast announcing withdrawal from the base, DNB said Kharkov was no longer a "valuable center of traffic and supply" and declared all important installations there had been destroyed by the nazis before they pulled out.

Kharkov, the great industrial center in the Ukraine, was last recaptured by the Russians in February and lost by them again in March and has changed hands four times in less than two years.

It represented the major nazi position east of the Dnieper river and has been for the base of a salient from which the Germans could thrust out to menace the Russians anywhere from Moscow to the Caucasus.

Russian broadcasts and reports from the Germans themselves indicated violent fighting west of the city now rising toward perhaps some fateful conclusions. The nazis were at pains to insist that the withdrawal was orderly.

The Russians have declared that German commanders were so hardpressed that they were throwing new formations into the battleline at the moment of their arrival and without rest.

Kharkov was added to the lengthening list of Russian triumphs—the list including Orel and Belgorod—won not by costly frontal assault but by the same slashing flank attacks which relieved Stalingrad, two Russian armies enveloped Kharkov from north and south.

The German announcement that Kharkov was again in Russian hands was broadcast in the overseas service report but not to nazis at home. They were told that "there is nothing new."

The German announcement of the evacuation was not immediately confirmed by the Russians. The Soviet communique today announced that Russian troops had shoved the nazis back 3-12 miles and captured 30 villages north of Kharkov. The advance apparently brought the Red army to within seven miles of the city in this sector.

The war bulletin said the Red army also had pushed forward at Spas Demensk and Bryansk in the north as well as in the Donets Basin, killing 9,500 nazis, smashing 187 tanks and destroying 53 planes in aerial combat or by anti-aircraft fire.

In the Bryansk sector, the bulletin said, the Red army captured one village, while a German counter attack was smashed and 1,500 nazis troops were left dead on the field.

Another Island Seized At Kiska

WASHINGTON, Aug. 23 (AP)—Spreading out from recaptured Kiska, Canadian and American troops have seized the little island of Segula and are consolidating positions on Kiska and in the adjacent Aleutian area.

Segula, 20 miles east of Kiska, could have been used by the Japanese as an outpost for their main base, but the only information available, the navy said today, was that the landing had been made "with no Japanese being found."

A communique telling of the landings also reported that three Japanese midget submarines, which the enemy apparently had attempted to destroy with bombs before fleeing from Kiska, had been found on the marine railway at the submarine base there.

Segula is approximately five miles square. WASHINGTON, Aug. 23 (AP)—A Rome dispatch broadcast by the Berlin radio said a violent storm had swept the Italian capital today, causing some houses to collapse in raging flood waters. The broadcast was recorded by the Associated Press.

Yanks Repulsed In Landing, Say Japs

NEW YORK, Aug. 23 (AP)—The Tokyo radio told the Japanese people today that direct wireless communications between the Japanese capital and Vatican City would be opened Aug. 25 as a result of negotiations instituted by the Japanese "in view of the changes in the European situation."

The broadcast, recorded by the United States foreign broadcast intelligence service, did not explain what was meant by the "changes," but they have included the Italian declaration of Rome as an open city, which would bar its use as a military communications center.

Carriers Move Up

LONDON, Aug. 23 (AP)—The Vichy radio, broadcasting a dispatch from Algiers, Spain, said today that five aircraft carriers entered Gibraltar late yesterday and that four of them headed into the Mediterranean during the night. The broadcast was recorded by the Associated Press.

Kiska Boss—Unopposed occupation of Kiska Island was carried out by Canadian and American troops under direct command of Vice Admiral Thomas C. Kinkaid (above), commander of the North Pacific Fleet.

Single Ring Ceremony Read For Leta Miller And Kenneth Cowley

Wedding Service Is Read By The Rev. Simms

Miss Leta Miller, daughter of Mrs. Inez Miller, and Kenneth Cowley, son of Mr. and Mrs. S. Cowley of Forsan, were married Saturday evening in the T. W. Hammond home by the Rev. P. Marion Simms, Jr.

The single ring ceremony was read at 9:30 o'clock before an improvised altar flanked by floor baskets of salmon pink and white gladioli. Bouquets of cut flowers were placed at vantage points about the room.

The bride was attired in a two piece white suit and her accessories were light blue. Her flowers were red roses and white gardenias arranged in a shoulder corsage. The traditional something old was a wedding band which belonged to her grandmother, Mrs. Adolph Miller. Miss Juanita Miller, the bride's sister, was her only attendant, and was dressed in a brown and white suit with brown accessories. Her

Ruth Class To Work At Red Cross Room

The Ruth Class of the First Baptist church will work at the Red Cross surgical dressing room Wednesday from 9 to 12 a. m. All members are urged to attend.

hat and shoulder corsage were of tiger lilies. The bridegroom was attended by Robert Cowley. Mrs. Cowley was graduated from the Big Spring high school in 1941 and was a member of the school pep squad and Home Economic club. The bridegroom was graduated from the Forsan high school in 1941, and is now employed by the Forsan Oil company.

Activities At The USO

MONDAY
9:30 a. m.—Gym class.
8:30-10:30 — Open house for townspeople.
9:15 p. m.—Concert presented by Miss De Alva McAllister in USO Garden.
Let's Sing—Miss Helen Duley in charge.
TUESDAY
Free alterations.
8:30 p. m.—Competition Night.
WEDNESDAY
9:30 a. m.—Gym class.
6:15 p. m.—Hospital visiting hour at the post with Mrs. F. V. Kimsey in charge.
8:30 p. m.—Watermelon feast in the USO garden.
THURSDAY
2:30 p. m.—Service Men's Wives Club meeting.
8:30 p. m.—Dance to nickelodeon with Thursday GSO girls as hostesses.
FRIDAY
9:30 a. m.—Gym class.
8 p. m.—Ballroom class.
9 p. m.—Square dance class.
SATURDAY
5-8 p. m.—Canteen open. Cookies and iced tea.
8 p. m.—Recording hour.
8:45—Games and dancing with GSO girls as hostesses.

Members of the Girls Service Organization are urged to visit the soldier center on Friday evening to serve as dancing partners for the ballroom class.

VISITS AND VISITORS

Mrs. Ross Clarke has returned from a trip to Houston, Temple and Waco. A billion and a half glass jars containing commercial food products will be suitable for re-use in home canning this year.

Public Is Invited To Concert

The public is invited to attend a voice concert which will be presented by Miss De Alva McAllister this evening at the Big Spring USO club at 9:15 o'clock. Outstanding in the music department at Hardin-Simmons University, Abilene, Miss McAllister presented a joint concert with the Hardin-Simmons orchestra on April 18th, and was also president of the Beta Mu Kappa, music fraternity. She was graduated from the college last spring and is a former student of Lindenwood College, St. Charles, Mo. She studied with Solon Alberti, teacher and conductor of New York City. Selections included on this evening's program will include "Ava Maria" by Mascagni, taken from Cavalleria Rusticana "Gavotte" from Mignon by Thomas; "Taran-tella," by Rossini; "One Alone," from the "Desert Song," by Romberg; "Ah, Sweet Mystery of Life," by Victor Herbert, and "The Gypsy" by Solon Alberti. She will be accompanied by Miss Helen Duley at the piano, and the concert will be held in the USO garden.

LARGE NUMBER VISITS USO OVER WEEK-END

Approximately 420 service men and WACS from the Big Spring Bombardier School visited the USO center Sunday when the women of the Lutheran church served as volunteer hostesses during hospitality hour. Refreshments were served and hostesses included Mrs. Gus Oppegarn, Mrs. Fred Lowke, Mrs. Alma Rueckart, Mrs. W. F. Pachal, Mrs. W. C. Heckler, Laleda Heckler, Mrs. B. A. Weinkauff and Mrs. Al Hume. Deak hostesses included Mrs. J. A. Myers, Mrs. Marie Walker and Mrs. R. B. Dunivan. Mrs. Mary Locke was in charge of craft class.

DAUGHTER BORN
Mr. and Mrs. Herman Robbins are the parents of a daughter born Friday, August 20, at the Cowper Clinic. The infant weighed seven pounds, 15 ounces at birth and has been named Janet Ruth. In Britain's "austerity" food program a recipe is offered for making "Mock Canned Grapefruit" out of squash.

WAC Diary: 1 Pity For The Poor Civilians

By CORP. TRUDY WHITMAN AP Features
When you're sworn in, they give you a pin—a large, yellow disc which bears the impressive legend WAC ENROLLEE. The minute you pin it on, you discover that something has happened to you. Your chest seems a couple of inches higher, your shoulders are pinned back straighter and suddenly you realize that your entire posture has improved. Your chin is up. You are a member of the Women's Army Corps.

You walk down the street, thinking that everyone must be looking at you with curiosity and admiration. If they cheered, it would not have seemed too much. You had placed your badge as conspicuously as possible; it was the only evidence you had of the two terrific ordeals you'd successfully survived—the Mental Alertness, or it-shouldn't-happen-to-a-quit kid test, and the physical which doesn't overlook a thing, but literally.
As I walked along, I better understood how my husband had felt when he enlisted last year. I was proud of him then, but now, sharing his experience, I was prouder. And I wished I'd understood more last year so that I'd

Lack Of Confidence By Producers May Cut Meat Supplies

CHICAGO, Aug. 23 (AP)—Unless the confidence of livestock producers in the future is restored the nation will face a serious shortage of beef this coming winter and spring, the livestock and meat council predicts.
"Of major importance," the council said, yesterday, "is the threat to the supply of beef which will be needed urgently—perhaps even desperately—by American fighting forces this winter and spring."
The council urged that the government immediately put into more complete operation the principles of the meat management plan recommended by the livestock and meat industry. Its

JAS. T. BROOKS Attorney
Office In Courthouse

What happens when you join the WAVES or the SPARS?

1. First, go or write to the nearest Navy Recruiting Station or Office of Naval Officer Procurement for application blanks. Give the information required, and return papers to office of origin.
2. If your application papers are satisfactory, you'll receive free transportation to the nearest Office of Naval Officer Procurement. There you'll be interviewed and arrange to take the aptitude test.
3. Then comes a physical check-up by Navy doctors. Requirements are thorough but not too difficult. Any young women in sound health should be able to pass the examination with flying colors.
4. It's a thrilling moment when you raise your right hand and are "sworn in." From then on, you're in the service of Uncle Sam, ready to do a man-size job for your country!
5. Off for training school! The Navy takes care of all expenses. Meals in the dining car. A pullman berth for overnight travel. And you'll find comfortable quarters ready for you when you arrive.
6. Yes, it's really you! You'll feel proud—and rightly so—when you first see yourself in trim Navy blues. Complete outfit—\$200 worth of clothing—is furnished you free as an enlisted woman.
7. Training schools are located at some of the country's finest colleges. Typing, radio operation, communications, mechanics are only some of the skills you may acquire.
8. At training school you'll follow an interesting schedule. Athletics, games, recreation with friendly companions are yours to enjoy in addition to the valuable training under expert Navy teachers.
9. And now—a full-fledged member of the service—you go on active duty at one of the big Naval bases. You'll be in the thick of all that's exciting and important in America at war.
10. Yes, your salute will be recognized by an Admiral. And you deserve recognition! For yours is a big job—a service to your country you will be proud of the rest of your life.

Always Ready, Gin Gets First Bales

In accordance with the record it usually maintains, the Farmers Gin Company ginned the first bale of cotton in Howard county last Monday, two days behind the 1942 initial bale.

Charlie Creighton gathered the first bale from his farm west of town; the first bale in the 1942 season was gathered by W. S. Satterwhite, manager of the local gin company.

Even though it's doubtful that as much cotton will be ginned this year, Satterwhite states that the gin saws have been sharpened, and that the machinery is in tip top condition, ready to handle cotton 24 hours of the day during ginning season.

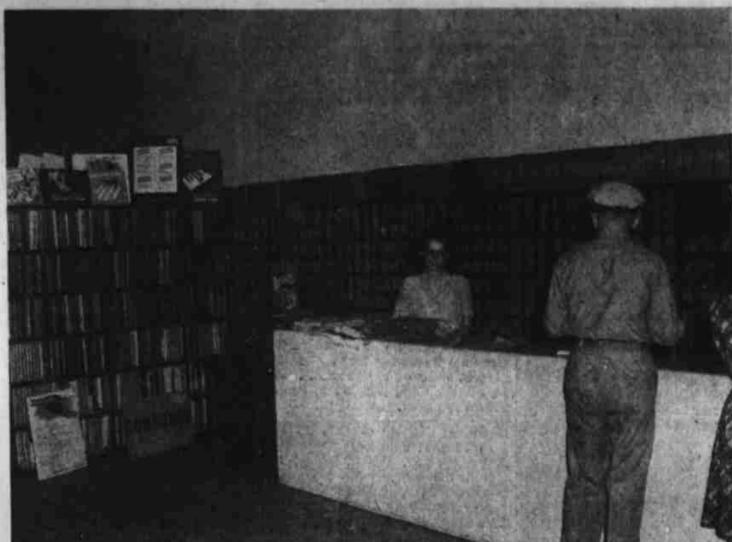

In the ginning business since 1928, Satterwhite has served as manager of the local gin for the past 12 years.

Along with its record for the first bale of cotton, the gin holds another record in the operation of the delinting plant for the third successive season. The output was such that it constituted a singular contribution toward getting cotton crops of the area up to a good stand.

Ginning machinery, powered by a 150 hp. full Diesel unit, is in good condition. A drying unit which works wonders with damp and green cotton. Last year, most of those who had occasion to put their cotton through this unit found that it paid frequently by improving the lint a full grade. It also put the seed cotton in condition for ginning so that returns and staple were not reduced or damaged.

Experienced crews are on hand at the gin to quickly and efficiently handle the needs of the farmers of Howard county.

Order Plumbing Repairs Before Emergency Occurs

Based on years of experience, Runyan Plumbing Company appraised the advice of City Manager B. J. McDaniel last week as extremely sound when he urged residents to check all plumbing fixtures for leaks.

The city manager was making the suggestion primarily from the point of conserving water and thus helping to avert a critical situation in the water supply. He also mentioned the savings which might accrue to consumers by plugging all leaks.

No one knows better than the plumber what waste can accrue from faulty plumbing. At 40 pounds pressure, a pinpoint leak of 1-32 inch in diameter can waste 170 gallons in 24 hours. A 1-16 inch leak will waste 970 gallons in the same period and an opening 1-8 inch in diameter will let 3,600 gallons get by in 24 hours. The smallest such leak will add \$25.50 to the annual water bill; the largest leaks, as much in a year as half the average daily consumption of the city's residents and would cost more than \$328.

Dripping faucets and broken lines are not the only source of loss. Automatic valves and stops, such as are used in water closets, sometimes need replacing or repairing. If one hangs, it can run up a tremendous water bill which does nobody any good.

Too, Runyan Plumbing Company suggests that now — during the hottest season of the year, is an excellent time to start thinking about those water cut-offs at your home—instead of next winter when broken pipes are flooding the place, damaging property and wasting water. Cut-offs are individual responsibility since they involve private property. Conserving its equipment and tires, the city cannot afford to make emergency cut-off calls as in the past.

The time to provide this facility is now while materials are available. Although plumbers are busy people, they can attend to these cases without a great deal of delay —and if there is a delay it won't matter. It will be a different story with the house full of water and a blue norther in full swing this winter.

Seek Helicopter Permit

Cold Wave Is Easy Way For Permanent

Those days of getting a permanent wave and sitting for hours while the machine bakes your curls are as outmoded now as suspicion of the horseless carriage. Machineless waves like the Cold Wave permanent have taken the old type permanent's place.

The Settles Beauty shop in the Settles Hotel, operated by Mrs. Ina McGowan, owner and manager, specializes in the Cold Wave permanent, one of the first shops in town to have such equipment.

With the new type wave, the customer can have her hair rolled and set, go home and eat lunch or go shopping if she pleases, and when she returns in about 30 minutes she has a wave that looks like natural curly hair.

The new machineless wave is easy to give and easy to get and the results are more than satisfactory.

About this time of year, Mrs. McGowan points out, hair is dried and bleached from summer's heat and sun, and with fall around the corner, she urges her customers to begin getting their hair re-conditioned.

The shop gives three different scalp treatments that recondition dry hair and restore the natural beauty of lovely hair.

The Settles Beauty shop, always one of the first places to keep abreast with the times, is also planning a new beauty treatment—a pedicure booth. Toeless shoes and lack of stockings have made women conscious of their feet and legs for the first time and the shop plans to add its booth as just another service to keep its customers beautiful.

Major League Teams Clout 23 Homers In Sunday Games

Mighty Yanks Twice Beaten By Tigers

By TED MEIER
Associated Press Sports Writer

Sunday was home run day in the major leagues. A total of 23 roundtrippers, including two with the bases loaded, were clouted into the bleachers to boost the home run production for the year to 678-940 in the American and 398 in the National league.

Twelve of the 23 circuit blows were made in the American loop and six of the 12 were hammered at Detroit where baseball's largest crowd of the year—58,404, including 43,828 paid—chortled in glee as the Tigers walloped the first place New York Yankees twice, 12 to 6 and 8 to 3.

The Yanks committed the hard to believe total of 10 errors in the two games, seven in the opener. But these misplays had nothing to do with the final outcome since the Tigers backed up effective pitching by Dizzy Trout and Tommy Bridges with a 27-hit attack that included six doubles and four homers.

A grand slam homer by Catcher Walker Cooper sparked the St. Louis Cardinals to a double win over the Boston Braves, 6 to 1 and 8 to 1.

Vince DiMaggio of Pittsburgh, also socked a grand slam homer at Brooklyn, but it availed nothing since the Dodgers took both ends of a twin bill from the Pirates, 6 to 1 and 8 to 6.

Tony Cuccinello socked a ninth inning homer that sent the Philadelphia Athletics down to their 17th straight defeat, only three short of the American league record. The four-bass poke gave the Chicago White Sox a 3 to 2 victory in the afterpiece of a twin bill after Edgar Smith won the opener, 5 to 2.

Cincinnati tightened its hold on second place in the National league by beating the Phillies twice, 4 to 3 and 2 to 6.

With their manager, Mel Ott, home in bed from an attack of the flu, the New York Giants took it on the chin twice from the Chicago Cubs, 6 to 2 and 4 to 3.

Cleveland beat the Boston Red Sox twice, 6 to 0 and 7 to 6 in 13 innings. Jack Salveson twirled a masterful two-hit shutout in the opener. Oris Hockett won the second game by singling with the bases full in the 13th.

The St. Louis Browns won their sixth in a row by beating Washington, 8 to 5, in the first game of a doubleheader. The Senators ended the streak by winning the nightcap, 4 to 2, in 10 innings.

The Big Spring Daily Herald

JOE, AN EX-BOXER, BECOMES IDOL OF ANOTHER MAN'S DOG

By DALE FRANCIS
Special Services BSAFBS

Those who saw it say the Major cried.

I wouldn't know about that. I never heard of a dog crying before but those who saw it happen said he cried. They placed him in a crate and he stood there looking at Joe as if to say, "I know you'll not let them take me away, Joe. I know you're my friend." Then Joe went over to the crate and he hammered the last nail and Major just stood there looking at him. Then Joe turned away and started walking off and those who were there swear that a tear came in Major's eye and as Joe walked off in the distance Major barked, something between a little moan and a howl. Someone said it sounded like a sob.

Now as I said, I wouldn't know about that. I never heard of a dog crying before but if it could be true I would believe that it might come when Joe and the Major were separated.

It's a long story and maybe it would be a good idea to tell from the beginning. The Major came to this field last fall. George Kolb was his master and the proud Great Dane became the field mascot almost from the moment his paws touched Big Spring ground. There's something majestic about Great Danes anyhow but Major was different than most Great Danes, sort of like a human being, one fellow said.

Well, that was Major, but to understand the story you have to understand Joe too. Joe DeOrio is his name. He's a corporal from Chicago. He's a tough little guy, hard as nails and not an ounce of sentiment about him. He used to be a boxer in civilian life and everything he does, even his talking, is done in those quick little movements that are characteristic of a man who makes his living in the ring.

The first time I remember Joe and Major together was last winter. Maybe Joe's forgotten about it now. The Major was in the barracks. He'd been in most of the day because it was muddy outside and no one wanted to let him out because they knew he'd come back tracking mud over the floor. You wouldn't think Joe would notice a thing like a dog not getting a chance for fresh air. He doesn't say much and you sometimes get the idea that he's too tough to care much about anything. But that day he put a leash on Major and took him out for a walk. Major was happy and when they came back in the barracks Joe looked sort of tough about it and said, "A dog has to have air," even though no one had said anything about him walking Major at all.

Joe and Major were friends after that. It was sort of a decided friendship for George Kolb was still the Major's master. The Major stayed with George a lot of the time but you could tell he liked Joe.

It was this spring that George was sent off to school. He couldn't take the Major along so he left

him with Tom Costello. Well, you can leave a dog with whomever you want but he'll stay with the one he likes best. There wasn't any doubt about whose dog Major was. He was Joe's dog.

It's hard to say how it was between Major and Joe without seeming like you're making up something just to make a better story. They never were apart. Wherever you saw Joe there was Major, trailing behind if Joe was walking or just lying on the ground looking up at him if Joe had stopped. There's no sentiment about Joe though. I guess sometimes he petted Major but not while the guys were around. Joe is a man's man and maybe it would look as if he were soft if he went around petting a dog. So Joe walked around, hardly ever looking at Major and Major trailed along beside adoring every step the corporal took.

But Joe isn't all tough, like so one is all tough or all any way. One day he didn't know I was around and I saw him alone, talking to Major, smiling at him, maybe it will sound like I'm just making it up, I'll swear the Major was smiling back.

Well, this week a letter came. It was from George. He wanted Major shipped to him. The pedigree papers said that the Major belonged to George. Maybe he was Joe's dog really but you can't argue with the papers. The bill of sale is what counts. So they got an old crate and Joe talked to Major and the Major stepped in, trusting Joe because he knew that he could. He trusted him right up to the moment that last nail was hammered in and if you know how it was between Joe and the Major then maybe you can believe that he understood even then. It was then the ones who saw it said a tear came in the Major's eye and he sobbed.

As I said in the beginning—I don't know whether dogs cry or not. But those who saw it said the Major cried and though they

SPORTS ROUNDUP

By SID FEDER
(Pinch-hitter for Hugh Fullerton)

NEW YORK, Aug. 23 (AP)—A lot of the smarter hossamen are saying it's about time Shut Out was retired. . . . The '42 Derby winner ran the worst race of his career Saturday when he staggered home last in the Saratoga Handicap. . . . Tam Mauriello can have \$10,000 to fight Lloyd Marshall in Cleveland—but he's turned it down. . . . The Journal-American's war bond baseball game at the Polo Grounds Thursday looks like the biggest show of the year. . . . It'll be good for \$800,000,000 in bonds before it's over.

Headline: Yanks commit 10 errors losing twin bill.
A Yankee fan, dismal, looked up from his beer.
Moaned he, "My Bombers now play strictly by ear."
"It's lucky for them, making that many singers."
"That butter is rationed—and not hot fingers."

Khaki-And-Blue Stuff
The biggest man on the Sampson (N.Y.) naval grid squad is Frank Hrabatin, a little six-foot-five 225-pounder, from Loyola of Los Angeles and the Philadelphia Pro Eagles. . . . Word from the battlefront reports Lt. Wait Zittel, Cornell's 1940 track captain, is with the Marines "somewhere in the South Pacific" . . . Harry Danning, the Giants catcher, tried his hand at a bit of pitching for the Long Beach (Calif.) air ferry command this season—and wasn't bad. . . . Capt. Nate Eubank, Georgia's all-Southern guard back in the '30s, will coach the Lubbock (Texas) Air Field Winged Commandos this fall. . . . Tom Brown, ex-grid and basketball captain at William and Mary, is a cadet at the Bainbridge (Ga.) army air field.

Travel Note
Harry Markson, Mike Jacobs' tub-thumper, bumped into Long Sing Que, the old Chinese fighter, at Stillman's gym the other day.

"What," he asked, "are you doing here, Sing Que? Are you planning a comeback?"
"Comeback? What for?—I never went no place."

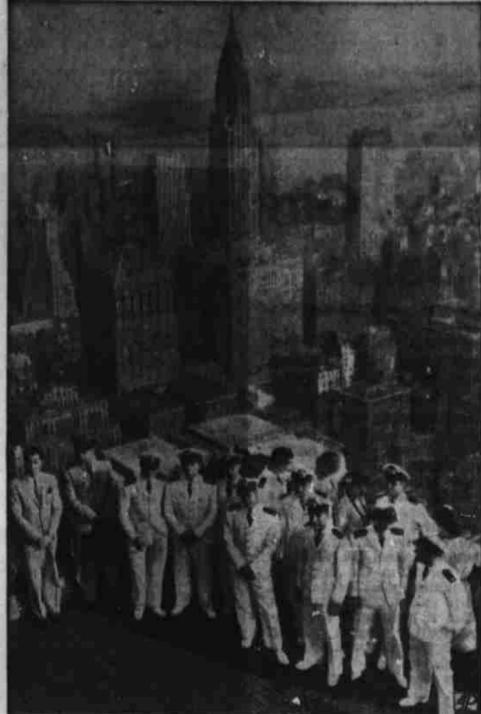

Notes To You
The Polo Ground baseball writers, photographers and telegraphers chipped in for a war bond for Dick Bartell yesterday when he played his 2,000th game. . . . Willie Crump, the Blue Grass veteran, will train Don Ameche's racing stable.

Brownsville Woman Loses At Tennis

PHILADELPHIA, Aug. 23 (AP)—Ruby Matejka of Brownsville, Tex., was defeated by Peggy Welsh of Rollins college and Lima, Pa., 6-3 6-2, as the quarter-finals were reached yesterday in the middle states women's lawn tennis tournament at the Philadelphia Cricket club.

couldn't be sure they said it was funny how Joe acted, a tough guy hard as nails. They said that when the tear came in Major's eye Joe looked just for a second and then he rubbed his hand against his eye and he started to say something and couldn't and then he walked away.

They say the Major cried; and knowing how it was between Joe and the Major, if dogs do cry then I'll lay my bottom dollar the Major did.

FLIERS SEE MANHATTAN — Argentine aviators stand atop the RCA building in Rockefeller Center from which they scanned Manhattan. Tallest skyscraper in the background is the Chrysler building. They also circled the island in a boat.

Boston at Cleveland (2).

American Association
No games scheduled.

Zivic Says He Will Flatten Montgomery In Bout Tonight

PHILADELPHIA, Aug. 23 (AP)—Fritzie Zivic found an increasing number of fight followers who agreed with him today that he'll flatten Bob Montgomery in 10 rounds or less at Shibe park, Connie Mack's rest home for aged ball players, tonight.

The odds, once 4-1 in favor of the New York and Pennsylvania lightweight champion, slipped to 9-5 and, with Zivic's cohorts wending their way through the Alleghenies from Pittsburgh, were likely to drop farther by ring time.

The fight will be broadcast GMSB 9 p. m. CWT.

Resort Coming Back
ATLANTIC CITY, N. J.—This resort city has sprung into life again. Unlike last summer, no dark patches of oil are drifting in to the sandy beaches as mute evidence of tanker sinkings offshore, and many large hotels have been returned by the Army to private owners.

A total of 12,545,610 patients were admitted to American hospitals, sanitariums and related institutions during 1942.

Former Baseball Star, Cops Top Golf Title

CHICAGO, Aug. 23 (AP)—Sam Byrd now is a two-letter man in major sports—baseball and golf.

The 35-year-old Philadelphia, who got the golf "bug" in 1936 when he won the annual baseball tournament in Florida, walked off with the top links' crown of 1943 yesterday—the Chicago Victory national championship.

It was the first major title won by the ex-outfielder for the New York Yankees and Cincinnati Reds and established him as one of the top golfers in the country. It took Byrd seven years to really convince himself that he had the talent required to keep pace with the game's top tournament followers. His fellow pros began recognizing his ability last year when he won the Greensboro, N. C., open and finished fourth in the Augusta Masters.

Byrd, displaying remarkable accuracy on the bottle-neck fairways and using his putter patiently, whipped up a 72-hole total of 277, seven strokes under par for the tree-studded Beverly course. Craig Wood, the "duration" U. S. open champion, finished second with 282, while two army men, Staff Sergeant Jim Turnesa of Staten Island, N. Y., and Pvt. Clark Harbert of Camp Grant, Ill., placed at 283.

Byron Nelson wound up with 284 by taking a pair of 72's in yesterday's double round, but played some of the most inconsistent golf of his career. On the first 18-holes he carded seven birdies, five on the initial nine, but promptly nullified this fine effort with a double bogey 6 on one hole and a three-over-par 8 on another.

After posting a morning round of 72, one over par, Byrd was only two strokes in front of Wood, who came in with a 70. But on the initial afternoon nine, Byrd fashioned a 34, while Wood took a 37, and finished with a 36 for 70. Wood faded to 73.

All-Stars Are Too Confident

EVANSTON, Ill., Aug. 23 (AP)—The all star gridgers are much too optimistic about their clash with the Washington Redskins Wednesday night to suit Harry Stuhldreher.

So the Wisconsin football coach, head of the staff directing the collegians this year, called his athletes together yesterday. It was to have been their off day—the first after 15 days of double drills—but Stuhldreher wanted to speak his mind and he did, concluding with:

"So there has been entirely too much optimistic conversation. You fellows are thinking of the score of a victory you have not earned."

He pointed out that Washington, which takes credit for being the first National football league team to concentrate on star line-men instead of backs in the annual draft of graduating collegians, would have a line outweighing any combination of the all stars could put on the field. Then he added:

"And you now know that Sammy Baugh has miraculously recovered from a sprained back."

Frankie Sinkwich Due To Get Release From U.S. Marines

AUGUSTA, Ga., Aug. 23 (AP)—The Augusta Herald said today that Frankie Sinkwich, Georgia's all-America football player, is being discharged from the U. S. Marine Corps at Parris Island this week because of physical disability.

Ken Keuper, a team mate, previously had been discharged because he was suffering from a "football knee" the paper said.

Sinkwich star of Georgia's 1941 Orange Bowl team and the 1942 Rose Bowl team, won the Heisman trophy last autumn as the nation's outstanding football player. He joined the marine reserves in 1942, and was called to active service in June, after graduation from Georgia.

New WLB Section Planned

DETROIT, Aug. 21 (AP)—The War Labor Board plans to set up an "automotive section" to sit permanently in Detroit and handle labor disputes and voluntary wage adjustments on a national basis, board representatives here announced today.

Throughout the last war, only 241 tanks were used by American troops in combat areas, and those were made chiefly in England and France.

NOTHING'S "TOO HARD TO GET" WITH DAILY HERALD WANT-ADS!

Finding things hard to get? Having trouble locating a lawn mower, a vacuum cleaner, an electric motor, a washer or what-not? Then read the want-ads in the Daily Herald every day!

You'll be surprised what rare finds you can pick up through a Daily Herald want-ad. Anything from a 16-tube radio down to an egg beater—the kind of things that are mighty hard to get in the stores these days—and in practically every case you'll find them in good-as-new condition.

Daily Herald want-ads are a great help to folks who find themselves up against the "shortage" problem. Let them help you. Make it a point to read the Daily Herald want-ads every day.

Longhorns Begin Gridiron Practice—When the defending Southwest conference football champions, the University of Texas Longhorns, opened workouts Aug. 20, 148 candidates reported, many of them Navy men available through the college training program, but the re were more than 50 with an military connection. Here some of the candidates listen to instruction from Coach D. X. Bible. Left to right: John Cryer, Austin; Franklin Crow, Taff; Coach Bible; George Marino, Laredo; Wayne Dyer, Austin; and Don Caldwell, Meza.

Another victory abroad ?

TIGHTEN YOUR BELT !

Fighting facts from the U. S. War Food Administration about the food situation; how you can help assure that your family will be well-fed.

"Tighten my belt? We've just won a victory!" Sure. But here's the story.

When our armies win a victory, they set free great numbers of people who've been starving under Axis domination. These people must be fed, so they may become active Allies added to our armies. Otherwise, they are apt to think—"What difference does it make, the Axis or the United Nations, when we go hungry just the same?"

You may not have realized that . . . But you should know ALL the facts about the food situation; how it affects you and yours and all of us. And what you personally can do to help food fight in this war and keep your family well-fed.

It won't just "happen" that there will be enough food. America has got to work at it. Food is fighting today for freedom on many fronts. Here at home, too. If you enlist in this fight, you'll help speed the day of Victory.

We know you will do anything you can to help—if you just have the facts.

IT'S A FACT

No one can forecast the changes of war. Invasion. Victories. Defeats. All can change the food picture overnight. The number of fighting men abroad, the number of food ships sunk, the number of liberated peoples freed from the Axis yoke can drastically affect the demands on American food.

Consequently, there will never come a time when the food program will be all set to run without change for the duration. There will be many changes in wartime. Americans will be called on to adjust their food habits to these changes.

IT'S A FACT

Food production by our farmers has been increased manifold, until it is now at the high-

est peak in our history. But it cannot keep pace with the ever growing food needs of the armed forces, Lend-Lease, etc. Nor with the increased buying power of millions of people who can now buy increased quantities of the right foods.

IT'S A FACT

The civilian population here at home gets by far the greatest amount of available food, despite baseless rumors to the contrary. Three-fourths of our production for the next 12 months! Our armed forces will require less than one-sixth of the total; Lend-Lease, one-tenth; U. S. Territories and Central and South American neighbors, scarcely two one-hundredths!

IT'S A FACT

Large quantities of food must be kept in reserve for the armed forces. It is essential that a nine-month supply be maintained for overseas forces; a ninety-day supply for men quartered here. Vast as they are, the Army and Navy have quickly learned how to cut waste, so often encountered in any large scale feeding operation, through better meal planning and more flexible mess arrangements.

IT'S A FACT

During the coming year the needs of our armed forces will increase. They'll cut deeper into the total supply of fresh and canned meats, commercially canned fruits, vegetables, fruit juices, butter, other fats and oils and canned milk. This will affect civilian supplies. But these foods are vital to our men, supplying the energy, vitamin and mineral values needed for that "fighting edge". And such foods must go first to the armed forces, because they are the kind of foods that can be shipped and stored. But we civilians can get along with equally good food, perfectly suitable to maintain strength and energy, but not adapted to shipping.

IT'S A FACT

You will be well-fed for the duration and during the rehabilitation period to come, despite the growing demands on all sides for a food supply which cannot grow in proportion to the demand. Well-fed enough, that is, for health and strength. But ONLY if you take a hand yourself to help assure an adequate civilian food supply.

HERE'S HOW!

- 1. PRODUCE FOOD.** Our farmers are already being asked to produce more than ever before. Every city family is also called on to produce if able. Bring your Victory Garden to full harvest—keep it up, tend it, pick your crop. Help out on a farm or in a food processing plant if possible.
- 2. CONSERVE FOOD.** Can and preserve as much fresh and perishable food as possible. Cut waste—use every crumb, every drop. Stretch the available food supply, too, by eating the right foods—the most nutritious foods. Be willing to substitute plentiful for scarce foods—even though this means changing the eating habits of years.
- 3. SHARE FOOD.** Knowing all the facts set forth here, put the war's food demands first. Share the food supply willingly with your armed forces, your Allies, your neighbors.
- 4. PLAY SQUARE WITH FOOD.** Respect it for what it is—a vital war material. Pledge yourself to accept no rationed foods without giving up ration stamps—and to pay no more than top legal prices. That way you kill "Black Markets"—you play square with your country.

Editorial - - Good Or Bad, Rationing Works If People Will It

In recent months U.S. citizens have been hearing criticism upon governmental—and bureau heads or failure on the domestic front. No doubt a goodly portion of this was deserved, for none can deny that there has been considerable bungling at the top and a great deal of "directive" ruling without the proper degree of common sense. So we believe no appreciable harm and perhaps some good has come from the wave of popular abuse.

Hollywood Sights And Sounds—

Kaleidoscope Furnishes Idea For Lavish Finale

By ROBBIN COONS HOLLYWOOD—The finale to the musical "The Gang's All Here" should knock your eye out, and we might as well tell the story of how it came to be, \$250,000 worth.

We also saw the set, which didn't make much sense but did make "good Berkeley." Out on a smooth black floor reposed a giant hand, lace-gloved and dainty. Behind it, on a white curving ramp, stood the chorines, each holding aloft a hoop.

Washington Daybook—

GOP Future May 'Inge On Early Parley

By JACK STINNETT WASHINGTON—It could well be that the future of the Republican party, so far as 1944 is concerned, will be determined at Mackinac Island in the first week in September.

The Mackinac Island delegates already are roaring mad. President Roosevelt stole their thunder in his recent fireside chat when he laid down a blueprint for demobilization benefits to men in the armed services.

MURDER IN TIN

By CARL A. PETERSON

Chapter 31 Johnson and Mirtillo left the room. A short time later five men re-entered; Johnson, Mirtillo, Loomis, Hernandez and Leo, the man who had driven me out to Chevalle's. They had Lila with them. She was still dressed as she had been at the Club Opalo.

Big Town Medley-- Comedian Jack Marshall Was Once A Coal Miner

By JACK GAVER NEW YORK—From mining to miming in one big gyration tells the story of Jack Marshall, who is one of those elastic-faced gents unaffected by government regulations on rubber.

He achieved some measure of regular meals by hooking up with Benny Meroff's big-time band, with which he played for seven years. He began to amuse himself while inactive on the bandstand by seeing how many queer shapes he could work his face into and soon became the comedian of the organization.

The Timid Soul

Marshall will imitate anyone from Queen Victoria to Churchill all for the price of one admission. But he doesn't depend solely on the mimicking of real people. He creates his own characters, among them being an amably larcenous mugg called Butchy McGurk, a creation which has been largely responsible for his grabbing off the juicy role in "Hotel Splendid."

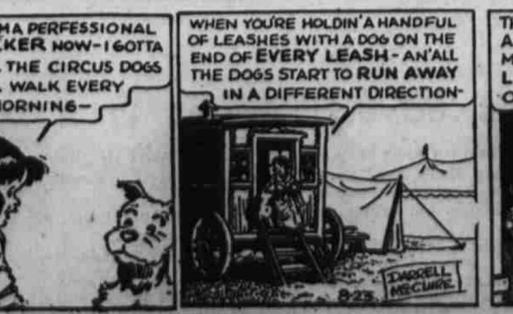

Crossword Puzzle

A crossword puzzle grid with clues for across and down words. Clues include 'Eddie tuber', 'Withdraw', 'Cameo notice', 'Cameo', 'The holy', 'Second amulet', 'Rings slowly', 'Division', 'Shout for a man's name', 'He fond of', 'Height-of-hand', 'Sleep', 'Feminine name', 'Brownie', 'Makes amends for', 'American', 'Indian', 'Greek letter', 'Holds a session', 'For example', 'Abbrev.', 'SPAN SID BIFF', 'DOLE ONA ERIE', 'AMOR FOR QUAY', 'REPEAT DAUNTS', 'US TONE', 'COBS MEN ACER', 'OLE CUR ATONE', 'LISSOTRICHIOUS', 'OVENS ARE ERI', 'RETE MIE SEEN', 'ERIN AT', 'BLAZON SPATHE', 'RANI DOT BOAR', 'AVON ERA LIPS', 'GANG RAY ELSE', 'Solution Of Saturday's Puzzle', 'DOWN', '1. Beverage', '2. Dwelling place', '3. Poor student's slottions', '4. Inconstant', '5. States', '6. Golf mound', '7. Poor student's slottions', '8. Slowly; mutalou', '9. Signs a hotel guest book', '10. Fish sauce', '11. Large wagon', '12. Trailing with iodine', '13. Waste allow-variant', '14. Mohammedan noble', '15. Mined oath', '16. Printing plates', '17. S-shaped molding', '18. Marine sub', '19. Non-partisan observers here see a great deal of significance in the resolution introduced in the senate just before recess by no less than Senators Arthur H. Vandenberg (Michigan) and W. H. White, Jr. (Maine). It contained only a few more than 75 words, but incorporated the ideas of Senator Vandenberg, who was identified with the pre-Pearl Harbor "nationalists," and Senator White, who has been one of the stronger G.O.P. "internationalists" in the upper chamber.

Danish Sabotage Said Continuing

STOCKHOLM, Aug. 23 (AP)—The newspaper Svenska Dagbladet said today two factories had been blown up in Denmark over the weekend despite a joint appeal from King Christian X and the government for a cessation of attacks on German war activities.

The newspaper said an aluminum factory at Frederiksberg had been wrecked and a Copenhagen camouflaging factory blasted. A German patrol boat was reported split by an explosion at Knittelebreen near Copenhagen.

Sabotage also continued against railways transporting troops and supplies to Danish ports for movement to Norway, the Stockholm Tidningen reported.

Despite a new quailing decree making death the penalty for sabotage in Norway, freight cars containing food were wrecked at Bergen, the Tidningen said.

A report from Norway said many persons bombed out of their homes in Germany were being moved to Norway, where the Nazis were taking over hotels and resort centers.

VERNON BANKER DIES

VERNON, Aug. 23 (AP)—Funeral services will be held here today for M. D. Wolverton, 62, president of the Waggoner National Bank at Chillicothe. He died here yesterday after a long illness.

War Work To Require One Third Of Women, Says WMC Official

CHICAGO, Aug. 23 (AP)—The war will require, by the end of the year, employment of approximately "one-third of all American women over 14," Margaret Agnighy, chairman of the women's advisory committee of the war manpower commission, says.

She told the National Association of Women Lawyers yesterday that "it is important to keep in mind that at present there are no reserves of unemployed persons in most of the needed semi-skilled, skilled and professional classifications."

ing for his government when he let himself be brought up by the Gestapo. He had faithfully executed all Gestapo orders as he collected information about the common enemy.

As for the tin locations, there weren't three maps in Sam Taggard's room at the Hotel Famoso. Taggard had coded his location using as a key the Rivera panel that the Famoso management had hung up in all its rooms. He had written down the location of a half dozen sheets. She showed me a copy and I read:

'Construction de 1857 Leyes de Reforma is in white. White is the color of the musket fire in the foreground. The fat monk in brown, brown, below the group of five statesmen, below the group of three statesmen, looks east. Indians carry big loads to the east. On the hand of one figure is the slogan, "Viva la libertad!" Below this figure there is a monk in brown. Four Indian women and two children march west!

The use of compass directions, the repetitions of colors like white and brown, the repetitions of numbers, all fitted together, the decoding experts had found out. In addition, Taggard had also removed the Rivera from its frame and written supplementary directions on its reverse side in lemon juice. Before he had died, he had told his daughter of what he had done.

"Tin," I said. "Estano! Tin in any language." I reached for her and kissed her trembling lips until I felt delirious.

THE END

Doctors Warn Against False Pity For Men

WASHINGTON, Aug. 23 (AP)—The folks back home were cautioned by army doctors today against displaying too much pity or "false cheeriness" in welcoming back wounded war veterans, especially if they have been disfigured or seriously disabled.

Maj. Gen. Norman T. Kirk, surgeon general of the army said that "much of the finest surgery and expert rehabilitation work can be done or will remain incomplete if the public at large fails to behave with restraint, intelligence and consideration."

Asserting that already some patients are unwilling to return home because they dread the "well-meant but emotionally trying welcome they know they would receive," the surgeon general made these suggestions through the Office of War Information:

Treat the maimed man as the normal person he always has been and continues to be. Do not let horror or sorrow appear on your face or in your voice or manner. Also, excessive praise of a disabled man is not helpful.

Don't ask questions or give advice. Do not mention his disfigurement unless he does.

Be casual and realistic, not over-cheery.

Don't wait on the injured man too much.

Comedian

several days. It's his first Broadway break.

A lot of show business hangers-on around town, the fellows who are always looking for an angle, are heartbroken at the more or less public righting of the Normandie. They dream of what a gold mine it would be if they could corner the sight-seeing rights and charge a buck a head.

A few years ago Johnny Gart, Columbia Broadcasting maestro, had a band in a hotel here. Auditioning girl singers, he took a fancy to the work of one canary, but the management wanted no part of her. Finally it was decided he could use her, if he paid her salary out of his own pocket. He did and she went on from there—bands, radio, Hollywood. So now Gart and his trio are going to be in her next film at Warner Brothers because Dinah Shore remembers.

Big Spring Team Wins At Roswell

ROSSELL, N. M., Aug. 23 (Sp)—The Big Spring, Bombardier School won a close, hard-fought ball game from the Roswell Stratifiers in 10 innings here today by a score of 11-9.

A wild pitch by the RAAF's Zennie Britt and an error by Catcher Slats Wine, his battery mate, allowed the visiting Bombardiers from Texas their winning margin. In the slugfest which saw both teams mass a total of 27 hits. The same two teams tangle this afternoon in a return engagement.

struction already heaped on ports and industrial cities of Germany:

1. President Roosevelt has proclaimed publicly the determination of the Allies to send up aerial armadas from China to scourge the Japanese.
2. China is known to have asked that the bomber force now operating in her eastern zone be increased perhaps 10 times for exactly that purpose.
3. A resurvey of air transport facilities operating out of India is said to have shown that it would be possible to supply and service three to four times the number of bombers presently in eastern China. Moreover, the end of the Sicilian campaign, may release additional transport planes for the India-China ferry route.

Five Army Fliers Killed In Crash

LAKE CHARLES, La., Aug. 23.—Five men were killed in the crash of a Barksdale field plane two miles southeast of the Lake Charles army air field Saturday night, the army public relations officer announced here today.

The plane caught fire just after the takeoff and all aboard were killed in the accident. The names of the victims were expected to be announced at Shreveport.

New WMC Rules Topic For Talk By Paul M'Nutt

All employees and employers are urged to listen to a radio program to be given Wednesday at 9:35 p. m. over the Blue network, NBS Radio Forum, when Paul V. McNutt, chairman of the War Manpower Commission will make a talk.

McNutt is to discuss the new regulations and policies of the commission including the changing of jobs from non-essential to essential positions.

O. R. Rodden, local USES supervisor, said Monday that the employment office is being swamped with men who are following the plea of the government to leave unessential jobs for those directly contributing to winning of the war.

He also said that women are coming into the office in greater numbers now seeking office employment. The USES receives every day a list of needed workers both locally and out-of-town for office personnel and skilled workers.

According to Rodden, with the number of jobs available, no man or woman should be without gainful employment who wishes a job.

Mrs. McGee Dies Of Heart Attack

Mrs. Ermon McGee, 51 years old, succumbed suddenly Monday morning at 5:15 o'clock in her home on the west highway as the result of a heart involvement.

The body of Mrs. McGee is to be shipped to McMinnville, Tenn., Tuesday morning where John High Funeral home will be in charge of the services.

The Rev. E. L. Smothers, Baptist preacher, is to have charge of the rites and burial will be in the Shell-Ford cemetery sometime Friday.

Mrs. McGee, who was the wife of Thomas C. McGee, had resided here for the past two and a half months.

She is survived by her husband, sons, Clarence Allen McGee of Big Spring and Howard McGee stationed with the army in New Orleans, La., and a daughter, Mrs. Louise Nelson. Several brothers and sisters and other relatives also survive.

Eberley funeral home will have charge of sending the body to Nashville, Tenn., where it will then be taken overland to McMinnville.

Bombardier School Data Is Clarified For Two Offices

Duties of the executive officer were not made entirely clear in copy for the bombardier school anniversary edition of The Herald Sunday.

While this office carries with it the supervision of all administrative units on the field, it does not stop with that. In reality the executive officer is the second in command on the field, for when the commanding officer is not available, he assumes direction of the post.

Also, in the article on the physical training department, Lieut. James W. Tolbert, carried as director, is now on temporary duty elsewhere. In his place is Second Lieut. Clarence H. Lawmon, Indianapolis, Ind., and a graduate of Butler University where he was captain of the football and baseball teams and also played basketball. He earned his commission on Jan. 20, 1943 and was at Perlin Field and Randolph Field before drawing the Big Spring assignment.

Wall Street

NEW YORK, Aug. 23. (AP)—Stocks again sold off today on the largest market turnover in about three weeks.

The list dipped at the start and dealings picked up briskly for a while. Losses ran to around 2 points for industrial leaders. Timid buying support then arrived but volume dwindled appreciably on the attempted comeback. Near-closing prices were moderately above the lows in most cases. Transfers were around 700,000 shares.

Conspicuous on the retreat were U. S. Steel, Bethlehem, General Motors, Chrysler, Santa Fe, Du Pont, Allied Chemical, American Telephone, Johns-Manville, U. S. Gypsum and Philip Morris.

Bonds emulated stocks in most particulars.

Backward in the curb were American Cyanamid "B," Electric Bond & Share, Cities Service, Phoenix Securities and N. J. Zinc.

Teacher Exams

Examinations for second class teacher's certificates will be held at the county superintendent's office on September 3 and 4, Walker Bailey announced Monday, but pointed out that those desiring to take the tests must let him know by Wednesday of this week in order for him to secure the examination blanks. The certificates awarded to those successfully passing the examinations allow for teaching only in unaccredited schools.

Receiving Bids

County commissioners were in session Monday to take bids on gasoline for the county and to discuss the renovation of the building to house the new county library. The special library committee was to meet with the commissioners at 2:30 o'clock Monday afternoon.

Tax Return Aid Is Announced

Explanation of how estimate income and estimated tax may be computed for the Sept. 15 returns will be made at an opening meeting at the Settles hotel at 8 p. m. Wednesday.

Jack Adkins, with the distributive education division of the state board of education, told chamber of commerce directors Monday that after the returns are given on making the returns, questions will be answered so long as those attending raise them. Any person interested is invited to attend the parley.

Directors also heard plans for the clean up campaign outlined and were urged by J. H. Greene to lend their support to the program. Greene said it would be well to stress the need of some adult being at each home from 6 p. m. to 8 p. m. Thursday to accept delivery of free packets of rodent poison. Killing of rodents is considered important since some medecias have expressed the belief these animals may be carriers of poliomylitis, or infantile paralysis.

Looking toward the US highway 87 organization parley in Denver on Sept. 13, directors authorized J. H. Greene and Joe Pickle to represent the board.

In an impromptu talk, Mayor G. C. Dunham, lauded the chamber for its lead in the clean-up drive and then turned to the water situation said that while cooperation of all was necessary, "I believe we will carry through the year." Meanwhile, he said, the city is exercising every effort to uncover additional supplies.

Big Spring Compress company to West Texas Compress and Warehouse company, \$65,000, part of section 26 in block 33, tap 1-N, T&P Ry. Co. survey in Howard county.

AAA Budget To Be Planned Saturday

A. H. Jeffries, district 6-N field officer and M. C. Puckett, state committeeman for district 6 will meet here Saturday with the AAA administration officer, M. Weaver, to discuss budget planning for 1943-44.

The AAA office's budget, which was sharply cut by legislators during the past term, has necessitated a cut in all employees at the local office by one clerk and the administration officer. Further retrenching is probably to be done, due to the lack of funds.

Here 'n There

Two local men's faces were exceedingly red Saturday morning when they were called in to justice court to pay fines for disturbing the peace in the Mexican section of town Friday night. Instead of the usual "John Doe" however, it was the "Smiths" and the "Jacksons" that took the rap on the justice court docket.

Word has been received here that James H. Lemons, son of Mr. and Mrs. John H. Lemons is now stationed at the naval training school for electricians at Iowa State College, Ames, Ia., where he is receiving instruction in the operation and maintenance of electric tools and motors.

Pvt. Cecil G. Deming, son of Mr. and Mrs. Jim Page of Big Spring, is now stationed at the local field, and has been assigned to the 365th base headquarters and air base squadron, where he will work in the plumbing maintenance department.

Livestock

FORT WORTH, Aug. 23 (AP)—Cattle 6,500; calves 2,900; steers, yearlings and calves about steady but cow market not established at 10:30 o'clock. Approximately 35 per cent of the big run of cattle was made up of cows and early bids on these were reduced 25c or more; common to medium steers and yearlings downward to 8.00. Beef cows mostly 8.00-10.00; fat calves 8.50-12.75; stocker steer calves mostly 13.00 down with heifers at 12.50 down; stocker cows 10.00 down.

Hogs 1.100; steady; good and choice 190-300 butchers 14.15-25; good and choice 165-185 lb. averages 13.40-14.10; packing sows 12.75-13.25; stocker pigs 12.50 down.

Sheep 10,000; slaughter ewes strong to 25 higher; other classes steady; medium and good spring lambs 11.50-13.00; a few aged wethers 6.50 down; no good yearlings offered; cull to good ewes 5.25-6.50 spring feeder lambs 8.00-10.00.

DOWNTOWN STROLLER

Mr. and Mrs. ALTON UNDERWOOD are moving to Ballinger to make their home and their friends are going all out to give them farewell parties. Mrs. W. D. BERRY, Mr. and Mrs. GEORGE TILLINGHAST, and members of the Friendship class all had entertainments for them during the week.

Another resident leaving town is Mrs. GENE WILSON, who is moving to Temple and a lawn party was given her by Mrs. J. T. ALLEN and Mrs. F. M. PURSER the other evening.

The cowgirl dance, held at the bombardier school Saturday evening, was a success all around. The girls reported they had a big time while the soldiers enjoyed the western atmosphere provided with roping contests, and decorations.

Met WAC Lieut. MARY FRANCES GOLDMAN the other evening and heard about the ceremonies held last Thursday when the WAAC recruits became members of the WAC. Lieut. GOLDMAN, who is a recruiting officer too, by the way, is certainly a good advertisement for the women's army.

A concert worth hearing will be the recital to be given tonight at the USO center by DE ALVA McALISTER, who has just recently graduated from Hardin-Simmons where she studied voice. The public is invited to attend and the affair will be given in the USO garden.

"Early Bird" Turkeys On Way To Men At Front

ALMA, Mich., Aug. 23. (AP)—An early bird in this year's Thanksgiving turkey—the one for the soldiers' menu overseas.

Packed and frozen, a carload of turkeys was on its way today from this agricultural center to take care of hungry fighting men on the November feast day.

The turkeys, fat and fancy after special care, were among the first to meet the government's order for the fowl. Turkeys are going to be off the public market, by the way, until the armed forces get supplied. That's another government order.

In the carload were 1,800 turkeys which Tom Sicles, poultry plant manager here, said his company found "real pleasure" in handling.

"We know," Sicles said, "that they are going to make American men on far-away fronts plenty happy Thanksgiving time."

Turkey production has followed the theme of the war plans turning out the armament—more and better, faster and faster.

"We now can produce prime quality turkeys much earlier in the season than before," he said. "This process is paying dividends now when we must ship the birds such great distances to the soldiers."

Ontario was the largest producer of butter in Canada last year, with 80,970,000 pounds.
