Forms Ready Monday

A and H forms for spring registration will be available in the first floor foyer of East Engineering Bldg. and the west foyer of the Administration Bldg. beginning Monday afternoon.

After filling out the forms, students must have their housing approved by the Dean of Men or Dean of Women before a student is

eligible to receive his packet. "If, for some reason, a student's housing is not approved, he or she should hold onto the form until the problem is straightened out," said Don L. Renner, assistant registrar.

"If the housing form is approved, then the student should leave the filled-out A and H material in the dean's office," he said.

Distribution of packets be-

gins Jan. 18. Dorm students will pick up their packets from their dorm councilor and town students can get theirs in the west foyer of the Administration Bldg.

Spring registration will begin Thursday morning, Jan. 25, and will end Saturday noon. In accordance with the rank-order system of registering, students will register at approximately the same hour as for the fall semester.

Girls-Come Pick Up Your Clothes!

Articles left in the Aggie Engineering Auditorium at the Miss Mademoiselle preliminaries may be picked up in Journalism 101.

They include seven scarves, two pairs of gloves, a pair of socks, a pair of black suede loafers and a pair of black flats.

Coed Trip Delayed

The ski trip for La Ventana Beauty Pageant winners, originally scheduled for this week, has been postponed until next semester, Dr. David Bowers, journalism instructor, announced.

Teens to Entertain Texas Tech Skiers

With two and a half days of full skiing and three nights of parties at the Hotel Restaurant St. Bernard at Taos to look forward to, Tech skiers will leave Sunday, Jan. 24, at 7 a.m. from the front of the Tech Union.

Entertainment will be provided by the Four Teens, popular Lubbock entertainers, who will accompany the skiers to Taos.

STUDENTS MAKING the trip to Taos on the bus must have a one point grade average for the preceding semester and must also have proof of an insurance policy

to cover him for the duration of the trip. Such a policy may be procured in Lubbock for approximately \$1.75.

I.D. cards must be stamped for eligibility by respective academic deans.

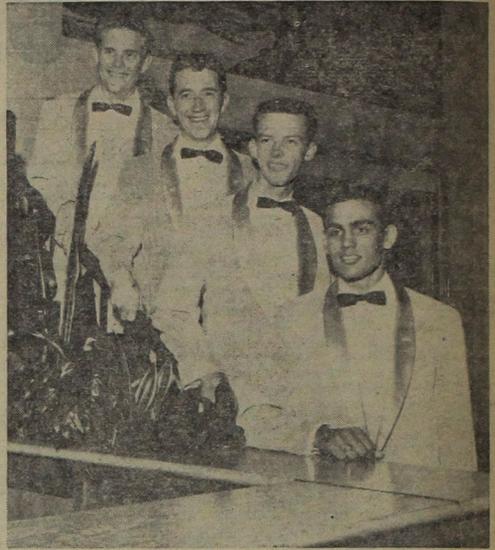

Expenses for the trip cost \$48 and are to be paid in one sum to the club. The club will in turn distribute the money to the proper parties which are: membership (card and patch), \$2; transportation \$12; dining and lodging, \$21; ski equipment rental, \$5; lift tickets, \$6; and lesson (required), \$2.

Students should bring about five to ten dollars to cover his personal entertainment and Sunday's breakfast.

SKIERS WILL return Wednesday night, Jan. 27.

A total of 47 tickets were sold out of the 119 available places by noon yesterday. Sales will continue at the Tech Union through Friday from 9 a.m. to 3 p.m.

As preparation for the trip, there will be pre-ski school sessions on Jan. 11 and 14 at the Women's Gym at 7 p.m.

FOUR TEENS WILL ENTERTAIN SKIERS

... on the annual Tech Ski trip between semesters.

Need A Band For Your Spring Dance?

LUCKY STRIKE presents

Dear Dr. Frood:

BAFFLING BLOT FAILS TO FAZE FROOD!

(see below)

Dear Dr. Frood: Every night for the past two weeks I've dreamt that I am being pursued by a beautiful girl in a Bikini who wants one of my Luckies. Just as she catches me, I wake up. How can I prevent this?
Puzzled

Dear Puzzled: Go to bed a few minutes earlier.

Dear Dr. Frood: I am the ugliest guy on campus. My face looks like 90 miles of bad road. When I go to a party someone always steals my date. I worry about this. Can you help me?
Loveless

Dear Loveless: Take heart. Any girl who would go out with you isn't worth worrying about.

Dear Dr. Frood: I think this ink blot looks just like rabbit ears. My friends say I'm nuts. What think?
Bugs

Dear Bugs: It's your friends who are nuts. Those are clearly rabbit ears. And the long shape extending down is the rabbit's trunk.

© A. T. Co.

Dear Dr. Frood: I have invited three girls to the dance this Saturday. How do I get out of this mess?
Upha Creek

Dear Mr. Creek: Tell two of them to dance with each other until you cut in.

Dear Dr. Frood: I have been dating one girl but I am so good-looking and so popular that I have decided to spread myself around a little more. What should I do about this girl?
Dashing

Dear Dashing: Tell her the good news.

Dear Dr. Frood: My roommate always wears my clothes. What should I do?
Put Upon

Dear Put Upon: Cover yourself and stay indoors.

Dr. Frood, Ph.T.T.

Dear Dr. Frood: My mother and my brother don't like my boy friend, but my father and my sister do. His father and two brothers don't like me, but his mother and his other brother do. What should I do?
Miss Muddle

Dear Miss Muddle: Tell your father to talk to your mother and tell your sister to talk to your brother. Then tell your boy friend's mother to talk to his father, and tell his brother to talk to his brothers. If that doesn't work, then talk to your mother and brother yourself. Maybe they know something you don't know.

COLLEGE STUDENTS SMOKE MORE LUCKIES THAN ANY OTHER REGULAR!

When it comes to choosing their regular smoke, college students head right for fine tobacco. Result: Lucky Strike tops every other regular sold. Lucky's taste beats all the rest because L.S./M.F.T.—Lucky Strike means fine tobacco.

TOBACCO AND TASTE TOO FINE TO FILTER!

Product of The American Tobacco Company—"Tobacco is our middle name"

MEMOS.

SIGMA TAU DELTA

Jack Sheridan, Avalanche-Journal theater critic, will speak on "The Sound of Music" at a Sigma Tau Delta, honorary English fraternity, luncheon Friday in Room A of Tech Union.

All contributions for the "Harbinger" must be turned in to Sigma Tau Delta members or the English office before the Feb. 1 deadline. Awards are to be awarded for the best short stories, essays and poems entered.

DOUBLE T ASSN.

All members of the Double T Assn. should contact Kenneth Lee in West Hall to make arrangements for their La Ventana pictures.

ALPHA PHI OMEGA

Toreador distribution boxes to be installed in campus buildings will be built by members of Alpha Phi Omega service fraternity at 7 p.m. today in Home Ec. 275.

GAY McWILLIAMS MAKES FINISHING TOUCHES . . .

. . . on a gown designed for her sister's senior prom.

Sister Makes Prom Formal

Gay McWilliams, a junior clothing and textiles major from Dallas, has designed a dress for her sister to wear to the Senior Prom in May.

Miss McWilliams made the dress

by measurements sent by her sister. When she went home Thanksgiving, she fitted the dress to her sister, and it is now completed.

Rebel Dance Slated Friday

Sigma Chi's annual "Rebel Roundup" dance is set for 8-11:30 p.m. Friday in the Palm Room, featuring 1960 South American rebels.

The "South American Blast" is a costume dance and is open to all Tech students.

Sigma Chi, campus social fraternity, sponsors a Rebel Dance annually, featuring the year's revolting countries. They had the "Cuban Revolutionary Victory Dance" last year, complete with fatigue-clad Fidel Castro.

Bailey Ireland's band will play for the dance.

Independents Capture Women's 'Mural Title

The Independents won the women's basketball intramurals by defeating Horn Hall 47-32.

Third place went to Knapp Hall.

NITA BOARDMAN, Horn, was high scorer in a losing effort with 17 points. She dumped in nine of 12 free throw attempts.

High point girl for the winners was Myriene Nichols with 15 points.

Members of the Independents are Miss Nichols, Sue Williams, Sharon Holt, Rachel Moore, Sher-

rill Borden, Sandra Austin and Barbara Boucher.

HORN HALL players were Miss Boardman, De Ann Perky, Mary Dominguez, Jane Keener, Ginger Simmons, Carolina Rejino, Carol McRae, Patsy Bettes and Jean Curtis.

Pledges Presented

Phi Mu pledges will be presented at 7 p.m. Friday in the Union Ballroom. A dance will follow at 8 p.m.

"The girl most likely..."

The LITTON Study-Work Advanced Degree Program for Engineers, Scientists, Mathematicians

The Litton Study-Work Program towards an advanced degree assists the student who might not otherwise be able to finance graduate education. While gaining experience in our research and development laboratories you are normally able to earn your master's degree in four semesters. You may qualify if you are a candidate for a BS degree in electronics-oriented engineering, science or mathematics. For full information see your college placement office or write to Mr. Joseph Cryden, Director of Advanced Scientific Education **LITTON INDUSTRIES** Electronic Equipments Division, Woodland Hills, Los Angeles, California.

The Spastic

by
Arthur
Mayhew

Never in 22 years did we ever think we'd look forward to the day when we'd return to the city of Lubbock, but we were really anxious to get back to the Mecca of the South Plains following Christmas vacation.

After all, when you've lived in Lubbock, could a person ever be satisfied with anyplace else? (Don't answer that).

It was so wonderful to get back to Lubbock where the thoughtful theatre people keep all that loose change out of our pockets by charging ninety cents for movies that most other towns charge seventy-five cents for at the maximum.

And, speaking of movies, it was worth our tuition at Tech to see the looks on the faces of collegians from The University, SMU and TCU when we told them that a "hot" time in Lubbock on a Saturday night consisted of taking in a movie and a quick coke afterwards. Then, we told the unbelievers, that if a Tech student was really daring, he and his date would traverse out to Mackenzie Park and watch the prairie dogs. Or do they watch you? Anyway, that really threw them!

Of course, the instructors are so considerate of their students here. They took care of all that extra time we had at home by assigning term papers, book reports and hour quizzes, all due the first day we got back. We had planned to spend our time sleeping, eating and listening to Shelly Berman but scholastic interests beckoned.

Also, we found that we had way too much freedom at home. It was a relief to get back to Tech where we are told to do everything and watched like we are active members of a Communist youth movement.

As members of that select off-campus group, we were glad to get back to our apartment where we could resume our balanced diet of bologna sandwiches, pizza and an occasional grape cake smuggled gladly out of a girls' dorm.

(We can see the picture now: Dean Jones scouring through the multiplicity of papers at his office to see if we have the proper permit to live off-campus).

And, Lubbock does have one definite distinction: considerate bootleggers. It is much easier — and cheaper — to have it delivered to your door than to make a pilgrimage to Nazareth.

Nazareth, for the unknowing, is the nearest wet community to Lubbock and is located in Castro County, some 75 miles northwest of Lubbock.

But, in a serious vein for once, we did want to return to Lubbock, but for reasons only we and NLC know.

LITTLE MAN ON CAMPUS

"SORRY ABOUT YESTERDAY, MISS LATOUR — IT'S JUST THAT WE VERY SELDOM HAVE A GIRL ENROLLED IN AN ENGINEERING CLASS."

TOREADOR

Serving Texas Tech Since 1925

A THOUGHT FOR TODAY—The skin of the man of letters is peculiarly sensitive to the bite of the critical mosquito; and he lives in a climate in which such mosquitoes swarm. He is seldom stabbed to the heart—he is often killed by pinpricks.

Another Coming

A Great Semester Closes

It looks as though it's about time for final examinations again and all the pains and heartbreaks that go with them. Dead week begins Saturday officially, but, more really, Monday.

Following exams, many new students will converge at Texas Tech to begin their experiences with higher education. Other students will—it happens every year—take premature departures to heaven knows where.

Looking back over this semester, though, we can see much progress that has been made.

A beautiful new classrooms building probably will be ready for use next semester—and only one semester late. We still feel it was built in a bit conspicuously, but sometimes wonder if the campus wouldn't look better if all the buildings were of that style architecture. Anyway, it looks as if this ol' campus is going to be experiencing a somewhat modernized style from now on.

A spring vacation will relieve students from the long, hot drudgery of monotonous classes. The Student Council has hit a new high this year—at least since we took our first trip across the Tech circle. The Council is responsible for the vacation, although a cooperative administration made the final decision.

Intramurals are due an uplift this spring due to the one dollar intramural fee added last fall. It will climax in late April or early May and will be a spectacle unequaled at Tech to date. More about that later.

Construction on a gigantic new library seems to be set for the near future. Two million dollars is a lot of dough—it should be quite a project.

And then we could spend hours on the new stadium, which will be completed early next fall. In fact, so much is happening over there, it's hard to tell just what is going on. Several problems seem to be evident—stadium seat options, etc. But the major one may be how to fill it after it's completed.

This semester has been a good one. We don't remember when so much has happened in so little time—and with so much more yet to come.

But don't sell next semester short. A lot of decisions were made previously; but come next spring, so will the results.

TOM SCHMIDT
Editor

In Letters

Toreador Gets Horn Tooted

Dear Editor:

Please accept my congratulations for the excellent job you and your staff are doing with The Toreador. Frankly, I've done little more than glance at the paper during the last four years. There was nothing to attract my interest.

Recently, your editorials, the Iconoclast, and other features, e.g., "Red Tape Protested," show the first real spark of healthy enthusiasm I've seen on the campus.

In my estimation a healthy student body is one that can deal with controversy and work over issues in a constructive fashion. A student newspaper can serve as a sounding board for both sides of issues, and help to maintain a spirited yet mature approach to issues affecting its readers.

Keep up the good work.

Robert P. Anderson
Associate Professor
Department of Psychology

★ ★ ★

Dear Editor:

I believe that the name Texas Teched Uni-

versity should be adopted, not only to preserve the Double T but also to signify that everyone who comes here is "tetched."

John G. Guntharp

★ ★ ★

Dear Editor:

I'd like to compliment you on your willingness to probe for the facts before you prepare your editorials. Their usual fairness in evaluation of campus problems is refreshing and notable.

Numerous inquiries about the occurrences of last spring on our campus come to me from representatives of industry and public school administrators here in the Southwest. Many of these people were gravely concerned over the stories which others of our students show willingness to accept responsibility in knowing about these reactions of people from over a widespread area.

I look forward to seeing The Toreador and your editorials.

Snow Stops Practice

Netters Need Sun

Waiting for the snow to clear up and the sun to start shining is Coach George Philbrick and his Tech tennis team.

Coach Philbrick reports that his netters have been working out on pretty days since last November.

THE TECH NETTERS, who won fourth in the Southwest Conference last year, will open their conference season this year against Baylor on April 2.

The Raiders have early season practice games scheduled with the Amarillo Tennis Club in February.

Returning from last year's team will be two seniors and one junior. Bob Macy and Johnny Kniffem are senior two-year letterman and

Dennis Scales is a junior one-year letterman.

COMING UP FROM last year's freshman team to lend the varsity a hand this year will be Winston Wolff, Daryl Allison, and Derald Brennam.

Coach Philbrick said arrangements are being made to get non-conference matches with Trinity University, Hardin-Simmons University, ACC, New Mexico University, and East Texas State. No definite dates have been set for the non-conference schedule.

COACH PHILBRICK said that he expects Rice to be the team to beat for the SWC championship. The Owls, who have won the championship the last two years and were second three years ago, are even stronger this year.

The Tech tennis coach listed

Texas and SMU as darkhorses for the championship. Tech, Texas A&M, and TCU, according to Philbrick, will vie for fourth place.

TENNIS SCHEDULES

- April 9—Baylor at Waco.
- April 9—TCU at Lubbock.
- April 11—SMU at Lubbock.
- April 19—Rice at Houston.
- April 20—A&M at College Station.
- April 30—Texas U. at Lubbock.

'Mural Cagers Meet Monday

An organizational meeting to set up the schedule for play in intramural basketball has been called for next Monday by intramural director Edsel Buchanan.

Independent League No. 2 and the Dormitory "B" Team League will start play Feb. 1 and managers of each team in these leagues should attend the schedule planning.

Time for the meeting is 5 p.m. in room 207 of the men's gym.

Arrington Sinks 21 Against Rice Five

by CHARLES RICHARDS
Toreador Staff Writer

Tech took a step in the right direction Tuesday night in its 71-64 victory over Rice, and leading all scorers was a versatile Raider athlete, Gene Arrington.

The 6'4" senior lived up to all pre-season speculation in the win, hitting 21 points on long jump shots, driving layups, and follow-up tip-ins. He also showed his presence on the backboards, using his 190 lb. frame to haul in rebound after rebound.

The popular "No. 34" is not a new sight to Lubbock fans. He has been a valuable asset to Tech teams ever since he was recruited after a successful high school career.

Arrington played his high school ball at Amarillo Palo Duro under Tech-ex Tom Gilley. He led the Dons to the 4-A state championship in 1956.

Included in his remarkable list of achievements are all-state, all-district, and all-tournament in the state meet. He was the only Texas cager chosen to play in the high

school all-American game his senior year.

Arrington had scholarship offers from every Southwest Conference school, Kansas University, Air Force Academy, West Texas State, Texas Western, Eastern New Mexico, and other colleges.

Gene enrolled at Tech because "I was more impressed with the coaching staff at Texas Tech than

Her Uniform—

*The Exclusive Executive Model ...
Tailored To Fit The Finest*

One look at her and you know she's an officer in the United States Army. Her uniform gives it away—and she doesn't mind a bit! Because it's her passport to prestige... the distinctive sign of a young executive in the Women's Army Corps. Wherever she goes—and it might be anywhere from Heidelberg to Honolulu!—she knows that uniform will bring respect and recognition.

She doesn't have time to get smug about it, though—her uniform demands as much from her as she does from it! She's got to keep on her toes. She's got to show initiative and intelligence, foresight and flexibility—qualities worthy of a college graduate. Qualities worthy of an executive in a world-wide organization.

Interested in wearing the Army uniform? We'll be glad to tell you more if you mail us the coupon below... (It's your preliminary "passport to prestige!")

SPECIAL... SUMMER PROGRAM FOR JUNIORS. Want a special preview of Army life? Why not see it for yourself this summer! If you qualify for this limited program, you'll receive 4 weeks of orientation training this summer—without any commitment. The program is to help you decide—with confidence—if you want to apply for an Army officer's commission after you graduate. If you're interested, today is the day to mail the coupon. There's no obligation.

Vern's Views

by J. Vernon Stewart

With 1960 off to a good start, Tech sports fans would do well to keep looking ahead and hoping. Forget the past.

★★★
This will be the last Thursday paper this semester. By the time this column appears again, Tech's spring sports program will be cranking up for another campaign.

Last season the spring athletics furnished some bright spots. Most notable, of course, was the golf championship the Raiders won.

The track team took fourth place in the SWC meet at Austin. Coach Don Sparks should have more manpower with several promising sophomores up from last year's freshman squad that took second place at Austin last year.

None of the tracksters was lost through graduation. The Raider tennis team also placed fourth in the conference last season and will have about the same crew back this year.

Some Raider unit should be able to come up with a conference championship this spring. The netmen are probably the best bet.

★★★
There has been much discussion among conference officials and coaches about the pre-season basketball tournament. Many of them want it discontinued.

The officials can probably give many good reasons why the tournament should not be continued. It's hard on the coaches and players.

The coaches have to give away some of their "tricks" before the season gets underway if they are to make a good showing at the meet. The players have to miss part of the Christmas vacation.

But from the fan standpoint, the tournament is a must. It gives some indication of what to expect in the regular race. The meet gives the fan who only keeps up with his team an idea of how his team will fare.

There are numerous sound reasons for letting the tournament die but to us fans, it's a very important part of Southwest Conference basketball.

★★★
Wayne James, executive secretary of the Ex-Students Assn., nabbed sports editor Ralph Carpenter at the Rice game Tuesday night.

James thought Ralph didn't know about Bill Holmes, sports publicity director at Tech, being named president of the Texas Sports Writers Assn., since the announcement did not appear in Tuesday's Toreador.

Carpenter assured the genial James that he did know about it and had congratulated Holmes in a paragraph of his column he had written for Tuesday. It seems part of the column had to be cut to make way for an ad.

So from the Toreador sports staff a hearty congratulations to Bill Holmes, and thanks to an alert Wayne James.

NCAA Advocates TV Pacts Be Two Years

NE WYORK (AP) — The Football Television Committee of the National Collegiate Athletic Assn., in a bid to strengthen the NCAA's position in the TV market, Wednesday recommended a two-year contract be signed with the television network for 1960-61.

Previously, all contracts between the NCAA and the networks have been on a one-year basis with bidding by the networks annually. Last year the National Broadcasting Co. paid \$2,200,000 for the rights with the participating schools in each nationally televised game dividing \$209,000.

Bowlers, Fencers Vie In Intramural Meets

Intramural activities will get back into full swing again this weekend when the league bowling champions bowl for the All-College Championship and the All-College Fencing Tournament begins.

Dormitory champion Bledsoe Hall and the independent championship team will bowl at 6 p.m. Friday. Pi Kappa Alpha, fraternity champion, will not bowl until Saturday at 1 p.m.

Nineteen bowlers will also bowl for the All-College Singles Championship Saturday.

Edsel Buchanan, Director of

Intramurals for men, said both singles bowling and the fencing tournament will start at 1 p.m.

All students are eligible to enter the fencing tournament, which will be held in the Men's Gym.

Following this weekend's events, intramurals on the Tech campus will come to a standstill until after finals.

All-Stars Set For Lane Test

OMAHA (AP) — Don Carter of St. Louis and Donna Zimmerman of Akron, Ohio, looked like the favorites Wednesday as a field of 336 of America's best men and women bowlers got set for the annual All-Star Bowling Tournament.

Warm-up rounds were held Wednesday afternoon on the slick new alleys especially built for the occasion in Omaha's City Auditorium.

SWC Opens Cage Play

The Southwest Conference basketball chase got off to a fast start Tuesday night with only one genuine surprise in four contests.

Texas upset Southern Methodist 58-56 on a last second field goal by Jay Arnette.

Elsewhere the final scores were about what predictors expected.

TECH ANR RICE, who are selected to battle for the league cellar, tangled, with the Raiders winning 71-64.

Unbeaten A&M took a 68-51 win from Baylor to extend the Aggie victory streak to nine.

The Aggies had three players in double figures. Don Stanley scored 18, Carroll Broussard 15, and David Pierce had 10.

Arkansas, another crew expected to be in the final scramble, had an easy time in taking a 74-60 win over Texas Christian. The Razorbacks' Clyde Rhoden had 23 points to lead scorers.

Texas Tech College Bookstore

Weather Blamed For Back Injury

Icy sidewalks and streets caused several Tech students to slip and slide Tuesday and Wednesday, and melting snow promises more ice and accidents today.

One girl was taken to Methodist Hospital for x-rays after she slipped and fell while crossing the street from the Ad. Bldg. to the Chemistry Bldg. She is Floydada Garner, a freshman student from Wichita Falls. She lives in Knapp.

She suffered a sprained back, and was not hospitalized, and is convalescing in the dormitory.

Colored Lighting Gives Campus a Brighter Look

by BOB TAYLOR
Toreador Staff Writer

Tech students returned from the Christmas holidays to find their usually dreary winter campus transformed into a wonderland of light and color.

Over 5,000 red, yellow, and white lights outlining the Administration, Chemistry, and Science Bldgs. and the Library made the campus holiday attraction.

THE DECORATIONS — including materials and labor for the installation — were provided by Harold Hinn, a member of Tech's Board of Directors and Building Committee.

Hinn, president of Harvest Queen Mills in Plainview, got his idea from a shopping center in Kansas City. Every year the center, four blocks square, is outlined with lights. Hinn thought this would look good at Tech, so he did something about it.

STARTING on Dec. 16, from four to six laborers climbed, arranged, and fastened lights until the 20th to complete the Science-Library triumvirate, according to Nolan E. Barrick, supervising architect for Tech and head of the department of architecture and allied arts.

"These three buildings looked so pretty that Hinn decided to do the Administration Bldg. too," Barrick said. This undertaking took two more days, the Tuesday and Wednesday just before Christmas.

The 5000 lights were placed 18 in. apart on 15,000 ft. of double-strand wire.

"This exhausted the supply of lights and sockets in Lubbock and Dallas," Barrick said.

THE LIGHTS were attached to the buildings with steel studs shot into the mortar. The studs will remain after the lights are taken down so that the lights may be put up more easily next year. Hinn hopes to make the lighting an annual tradition at Tech.

ROTC CHAMPIONS—Accuracy is partly dependent upon a weapon being properly cared for. Cleaning rifles (L to R), are Charles Alford, Irby Range, Peter Hikkok, Tommy Starnes and James McCluer. Looking on are Gerald Kirby, Harry Marsh, Leon Ward and M-Sgt. Michael W. Modis. Paul Kotter and Gordon Brown are not shown.

CAPTURE TEAM TROPHY

ROTC Riflers Win

Texas Tech's Army ROTC rifle team won the Western Conference Championship of the Fourth U. S. Army Intercollegiate Competition.

The Military Science Department received notice of the team's victory during the holidays.

The ten-man team fired an aggregate score of 3,745 points to win the shoulder to shoulder tournament at Ft. Bliss, New Mexico State University, Texas Western College and West Texas State were defeated in the tournament.

TECH'S TEAM score represented the third high score of 32 colleges and universities in the Fourth U.S. Army area.

Tech's "ten" are eligible to compete for the Fourth U.S. Army Grand Championship to be fired at Ft. Hood February 20-21.

TEAM MEMBERS are Tommy Starnes, Brownfield; James McCluer, Dallas; Irby Range, Texico; Charles Alford, Ft. Worth; Gerald Kirby, San Antonio; Leon Ward, Lubbock; Gordon Brown, Mathis; Harry Marsh, El Paso; Paul Kotter, Ft. Worth; and Peter Hikkok, Ft. Worth.

Tommy Starnes is the team captain and Master Sergeant Michael W. Modis is the coach. The sponsor is Captain Richard E. Cuzovaz.

THE TEAM TROPHY and the individual trophies are being forwarded by Fourth Army to C. James B. Carvey, professor of military science and tactics, for presentation.

The comparative scores of other championship matches fired throughout Texas, Louisiana, California, Arkansas and New Mexico show that the Tech rifle team is one of three favorites to win the Grand Championship at Ft. Hood.

Every member of the team is scheduled to return next year to Texas Tech for the 1960-61 competition.

Staff Positions Open for "Picnic"

Production staff positions for the speech department's spring production, "Picnic," are still vacant.
