

Committee Announces Who's Who Nominees

Exchanges Boosted

24 Students Chosen Tops On Campus

1.0 Rule Discussed

Student eligibility for school-sponsored trips came under fire Friday afternoon in an hourlong meeting between a Student Council committee and Dean of Student Life James G. Allen.

THE COMMITTEE, headed by Ken Talkington, pointed out that increased student participation in campus organizations was being hindered by the school rule on eligibility.

The rule states that a student must have a 1.0 grade average overall at the time of the trip to be eligible for the trip.

DEAN ALLEN highlighted the background for the 1.0 rule for school trips. He agreed after hearing the arguments of the committee that a recommendation should be sent to the Council of Deans asking for a hearing and possible change of the rule.

MARIA VILLANUEVA, VISITING STUDENT, RECEIVES TECH DIPLOMA ... looking on are Mexico's ambassador to U. S., Antonio Carrillo-Flores and Alfred Strehli

Mexican Official Speaks

Mexico's ambassador to the U.S., Antonio Carrillo-Flores, expressed the need for more student exchanges between Mexico and the U.S. Friday night in his address in Lubbock Municipal Auditorium.

"THERE ARE many good things which students from Mexico may learn in the U.S.," Carrillo-Flores said, "And there are also many things that young people from the U.S. might learn in Mexico."

"Our relations with the U.S. are now probably at the highest point in all history," he said.

"THE EXCHANGE visits of our presidents are expressions of how our people want to know each other."

Carrillo-Flores drew applause from the crowd when he commented, "I don't think that Mexico has better friends in the U.S. than the people of Texas."

"LUBBOCK IS a city of hope, it has a spirit of optimism," he said, as he commented on the expansion and growth of Lubbock.

"I think it would be profitable if both Mexico and the U.S. could have a second language," he explained, "A better understanding of both countries' problems would come about if all Americans could have a second language, Spanish, and Mexicans could have a second language, English."

CARRILLO-FLORES attended the graduation ceremonies Friday afternoon of 12 visiting college students from Mexico. The students, English majors in their native country, have been guests at Tech since Nov. 30.

The ambassador's trip was sponsored by the Cosmopolitan Club and the World Traveler's Committee in cooperation with the Good Neighbor Commission and the Lubbock Chamber of Commerce.

Twenty-four Texas Tech students have been nominated for the 1960 edition of Who's Who in American Universities and Colleges, Dean of Student Life James G. Allen announced Friday.

Nominees are:

LINDA BUNGER—2.32, senior, Business Administration, secretary of Student Association, 1959-60; Student Council, 1958-60; vice president, Delta Delta Delta, 1958-60; president 1958-59; Phi Gamma Nu, 1958-60; Mortar Board, 1959-60; Junior Council; Sigma Iota Epsilon, 1958-60; Phi Kappa Phi, 1958-60; All-College Recognition Service, 1957, 1959; Who's Who among Students in American Universities and Colleges, 1958-59; Tech Salutes, 1958-59.

LARRY CAMPBELL—1.95, Junior, Arts and Sciences, President, Interfraternity Council, 1959; president, Pi Kappa Alpha, 1959; Student Council representative, 1959-60; vice president, Saddle Tramps, 1959; Dormitory Supervisory staff, 1958, 1959-60.

NANCY CARLOCK—1.88, senior, Business Administration, President, Pi Beta Phi, 1959-60; president, Presbyterian College Class, 1959-60; public relations director, Tech Union, 1958-59; Junior Council program chairman; French Club, 1956, 1958; Phi Gamma Nu, 1959-60.

CHARLES CORB—1.88, senior, Agriculture, Agricultural representative to Student Council, 1959-60; vice president, Block and Bridge, 1959-60; secretary, 1958-59; Aggie Club treasurer, 1958; Junior and Senior Dairy Cattle Judging Team, 1958; Junior and Senior Livestock Judging team, 1959-60; J. S. Birwell Scholarship; Aggie of the Month, April, 1957; Rotoe Association, Alpha Zeta.

WILLIAM DEAN—1.85, senior, Business Administration, President, Phi Delta Theta, 1959; vice president, 1958; secretary, 1958; president, Interfraternity Council, 1959-60; Student Council, 1958-60; Delta Sigma Pi, 1958-60; Junior vice president, 1959-60; Toreador sports editor, 1959-59; Freshman Press Club, 1957; Freshman president, 1956-57; varsity baseball letter, 1958; Who's Who among Students in American Universities and Colleges, 1958-59; Tech Salutes, 1958-59; All College Recognition, 1957, 1959.

ROBERT DYER—2.49, senior, Engineering, Student Association business manager, 1959-60; Student Council representative, 1957, 1958; president, Sigma Alpha Epsilon, 1959; vice president, 1958; treasurer, 1956; president, Saddle Tramps, 1958; vice president, 1958; director, Engineering Show, 1958-59; asst. director, 1957-58; secretary, Interfraternity Council, 1959; Dormitory Supervisory staff, 1958-59; president, Tech 84 Club, 1957-58; Who's Who Among Students in American Universities and Colleges, 1958-59; Distinguished Military Student, 1959; Tau Beta Pi, 1957-59; Phi Eta Sigma; Tech Salutes, 1958-59.

MARLYN GARDNER—2.10, Junior, Arts and Sciences, Co-editor, La Ventana, 1959-60; vice president, Panhellenic, 1959-60; reporter, A. W. S., 1959-60; chairman, A. W. S. Judiciary Council, 1959-60; Junior Panhellenic adviser; Junior Council projects chairman, 1958; secretary, Drane Hall, 1958-59; Tech Union Program Council, 1958-59; All-College Recognition Service, 1959; Panhellenic representative, Pi Beta Phi, 1959-60; efficiency chairman.

JOHN GILBERT—2.62, senior, Arts and Sciences, Author, composer, drama and music director, Varsity Show, 1959, drama and music director, 1957, 1958; president, Phi Mu Alpha Sinfonia, 1959; arranger and director of Impressions (male quartet), 1957-60; 1st and 2nd prize state music composition contest, 1959; coordinator of Interfraternity Sing, 1959; Who's Who among Students in American Universities and Colleges, 1958-59; Tech Salutes, 1958-59; All College Recognition Service, 1956, 1959; outstanding student in Arts and Sciences, 1959; Tim Magness Award; Tech Union Award, 1959; Phi Kappa Phi, 1958; Phi Eta Sigma, 1956.

Kerbel Leaves Tech

by RALPH W. CARPENTER
Toreador Sports Editor

Joe Kerbel, assistant football coach at Texas Tech for the past two seasons, has been named the new head coach at West Texas State College in Canyon.

The announcement was made Friday during a San Antonio meeting of the West Texas board of regents. Due to state policy Kerbel drew only a one year contract, however, he has been assured of a three year assignment at the Canyon school.

Kerbel joined the coaching staff at Tech last year. He formerly was head coach at Amarillo High School.

"I will report to West Texas as soon as all arrangements are made," Kerbel said Friday. Commenting on leaving Tech, Kerbel said:

"It is always difficult to leave fine friends and fine gentlemen like Coach DeWitt Weaver and his staff. It is equally hard to leave a great school like Texas Tech. I have profited greatly by my two seasons at Tech and only a fine head coaching opportunity which West Texas offers could make me leave.

"I will certainly miss the athletes too. I have never been associated with a group of athletes who showed more heart and fight than the Red Raiders. I will miss every one of them and also I will miss the Tech freshmen. I have known many of this fine group of gentlemen since their grade school days. I am confident that they will do an outstanding job in the future for Tech," he continued.

While at Tech, Kerbel was responsible for the recruiting of many of the outstanding footballers in the Raider fold. Tech Head Coach DeWitt Weaver expressed regret at losing Kerbel:

"We are sorry to lose Kerbel because he has done an outstanding job for Texas Tech. We wish him the best of everything at West Texas State. The people there are fortunate to secure a coach of Kerbel's caliber. I believe he is the best man

Star Show Set

Theories that the Star of Bethlehem was a comet, nova—a star cluster—or possibly a group of planets will be the subject of the Theatre of Stars program at 4 p.m. Sunday at the West Texas Museum Planetarium.

The drama of the skies at the first Christmas will be recreated, using the Spitz planetarium projector, special attachments and music.

Tech Directors Convene Today

Texas Tech's board of directors convenes at 9:30 a.m. today in the Office of the President for a regularly-scheduled business session.

Expected to be on the agenda is the presentation of bids to the board for approval for the new women's gymnasium.

Bids were opened Thursday for the structure, to be built southeast of the Music Bldg. Low bidder was W. B. Abbott and Co. of Lubbock.

AT BSO WORKSHOP

Problems Up Today

Members of the Board of Student Organizations will hear Texas Tech administrators speak on college problems at 1 p.m. today at the annual BSO Workshop in the Tech Union Workshop.

Highlights of the day will include a discussion by Dean of Student Life James G. Allen, who will discuss reasons for the proposed name change of Tech. Dean Allen will also consider action necessary to accomplish the change.

The lack of participation

in student government and what can be done to remedy this problem will be the topic of Asst. Dean of Men R. J. Hilliard.

M. L. Pennington, vice president and comptroller, will speak on campus development with emphasis on such projects as the new library and museum. Acting President R. C. Goodwin will discuss rising academic standards and how they effect students.

Following each speech there will be a question-and-answer period.

Purpose of the Workshop is to inform campus leaders on problems facing the administration and students and to indicate what steps are being taken to remedy them, said John Stokes, Workshop Committee chairman.

Organizations should turn in names of their representatives to Dean Allen's office before noon today, Stokes added.

"Representatives should be prepared to ask any questions concerning problems they would like discussed," he said.

wherever you go ...

YOU LOOK BETTER IN AN ARROW SHIRT

For holiday festivities—or anytime you want to look your best—treat yourself to a lion's share of flattery—the kind you'll find in an Arrow. In 100% cotton oxford that stays neat, Arrows are a pleasure to wear ... And, a most acceptable gift for the man who prizes fine tailoring. In favorite collar styles. \$5.00.

ARROW

Each Saturday see the NCAA football "Game of the Week"—NBC TV—sponsored by ARROW.

Renk Dairy Farm, Sun Prairie, Wisconsin

Greener pastures

for America's second largest telephone system

Nowhere in the United States is the economic "grass" greener than in the great agricultural areas of our nation. New farm equipment has increased productivity. New home conveniences have brought a higher standard of living, and demands grow for an even better way of life.

Part of this better living has been the demand for more and better Communications.

It follows that as these rural areas expand and prosper, so does General Telephone. For these are the areas we serve.

In Wisconsin, for instance, dairy farms are producing more milk of better quality from fewer cows. Wisconsin country homes are bright and up to date. Their standard of living is equal to or better than that of their city brothers.

In this one state, Gen Tel plans to spend more than \$30 million in the next few years improving and increasing telephone services and facilities.

This is a typical example of how we strive not only to meet today's communications needs—but to answer tomorrow's.

GENERAL TELEPHONE & ELECTRONICS

The Midnight Miss

We (meaning campus female population) may not all meet the qualifications for a special beauty contest judged by Mr. Mayhew, but word is that dates are still apropos for the weekend.

AND IN THE ABSENCE of potential Rock Hudsons or Tab Hunters on the campus, the "not beautiful but good looking girls at Tech" will be reduced to going out with the uncultured, ill-mannered, levi-ed sect commonly known as Tech men.

As for the love-starved Tech males, described in Thursday's Spastic, who are the object of haggard and bleary-eyed date breakers, they might find their opportunity one of these days—when they learn that girls sitting in the aisles and lining auditorium walls at a convocation might prefer one of the many hundred seats occupied by said "appreciative" Tech males.

AND, AS A MATTER OF FACT,

(again referring to Mayhew's column), we would much prefer the guillotine to seeing a gang of Tech men parading out on the stage in a bathing suit.

Now don't get me wrong, we're not mad at Tech boys. We enjoy comparing nasal twangs.

SOCIAL events for the rest of the weekend. Two presentations are scheduled tonight, Sigma Kappa from 7:30-11:30 in the Union Ballroom and Zeta Tau Alpha from 8-12 at the Caprock Hotel.

Sigma Chi's and Kappa Sigs have Christmas dances on the agenda. The Sigma Chi dance will be a lodge dance after the game and Kappa Sigma will have its dance in the Palm Room from 8:30-11:30.

PI KAPPA ALPHA's Dream Girl banquet and dance will be from 6:30-12:30 tonight at the Hillcrest Country Club.

After game parties include a SAE lodge reception and an Alpha Phi slumber party. AIEE will have a Christmas party from 8-12 tonight in the Faculty Club.

Sunday, the Thetas and Phi Psi's will have a beatnik mixer at 7:30 in the Phi Psi lodge.

Theta Sigs to Find Best-Dressed Coed

Who are the 10 best-dressed coeds in the U.S.?

Theta Sigma Phi, thinks one of them might be a Techsan.

The women's journalism fraternity will sponsor a campus-wide contest in February to find the

best dressed coed at Tech. She will then be entered in Glamour magazine's nationwide 10 Best Dressed College Women Contest this spring.

ONE ENTRY from each women's organization on campus will be accepted after Christmas. A \$1 fee will be charged for each entry.

Three fashion authorities and two Theta Sigma Phi members will judge the contest. The winner will be selected on poise, good grooming, posture and the management of a clothes budget.

JUDGES will consider a good figure, posture, well-groomed hair, imagination in managing a clothes budget, good grooming, appropriate campus look, clear understanding of her fashion type, individuality, use of color and accessories, workable wardrobe plan, a neat way with makeup and appropriate look for off-campus occasions.

The winning 10, who will be chosen from colleges and universities throughout the United States and Canada, will be featured in an all-college issue of Glamour in August.

This is the fourth year Glamour has sponsored the 10 Best Dressed College Women Contest.

Pool Tops Tech Talent

Steve Pool, Texas Tech freshman, won the Tech Talent Show at the Union Thursday night by pantomiming two records: "Fifteen Cents" and "How Could You Believe Me When I Said I Loved You When You Know I've Been a Liar All My Life?"

Pool will be Tech's representative at the Region Nine Talent Show at Texas A&M in March.

Second place went to the Flying Matadors, a trampoline team composed of Jerry Bicknell, Gene Calvert and Jack Tillinghast.

The Svans captured third place by singing "Oleanna," "New York Girls" and "The Sheik of Double T." Members of this singing group are Mike Armstrong, Bob Fielding, David Pool and Sid Simmons.

Approximately 250 people watched the 13 acts of the Talent Show, according to Mrs. Jane Patterson, program director of the Tech Union.

Raiders to Meet Hawkeyes Tonight

by JOHN PETTY

Toreador Sports Writer

Tech's sophomore-studded Red Raiders—losers in three of their first four cage contests this season—will try to get back into the winner's circle tonight when they play the University of Iowa five in Municipal Coliseum at 8 p.m.

THE RAIDERS hardwood fortunes haven't fared too well thus far this year. After taking the season's opener from New Mexico

University, 84-62, Tech lost three games in succession to teams in the Big Eight Conference. Colorado University won 79-66; Kansas University came out on top 85-71, and Oklahoma University beat Tech 56-43.

Iowa has rolled up an impressive list of victories this season and remains undefeated after having beaten such teams as the defending NCAA college division champions, Evansville (Ill.) 86-84 and North Dakota University 79-43.

The Hawkeyes also defeated the pride of the Southwest Conference, Southern Methodist, by 31 points—89-58.

COACH POLK Robison said Friday it is doubtful that forward Gene Arrington will start tonight. The 6-4 senior is out with a sprained ankle and will probably see limited action.

Expected starters are Del Ray Mounts, Roger Hennig, Mac Percival, James Wiley, and Carlyle Smith.

TECH'S LEADING scorer this year is forward Gene Arrington who has tipped in an average of 14 points per game. Following the big

senior in scoring is guard Del Ray Mounts with 13.25 points per game.

Mounts has proved to be one of the brighter prospects among Coach Polk Robison's crew of sophomores. In the last two games—with Kansas and Oklahoma—he led the Raiders in scoring with 14 points each game.

IOWA LOST only two men from the squad that beat Tech last year in Iowa City, Iowa, 75-73. Leading the Hawkeyes again this year will be 6-8 forward Nolden Gentry who scored 20 points against the Raiders last year while bringing down 17 rebounds.

Topped by 6-9 center Dennis Runge, the Iowa team boasts seven players that stand 6-5 or taller. The Raiders average a fraction over 6-2.

THE RAIDERS will close out their non-conference play Dec. 22 with a home game against Georgia Tech. One more out of town game before conference play begins will see Tech play Louisiana State in Baton Rouge on Dec. 18.

The freshman Picadors will play Midwestern University's freshmen in a 6 p.m. contest tonight before the varsity tilt. The Picadors have won one and lost one over the season.

Dee Weaver Regrets Loss of Assistant

(Continued from Page 1)
they could have found for the job."

"We face a terrific challenge," Kerbel said when asked about his new job, "the head coaching job at West Texas is both a challenge and a great opportunity. We are embarking on the most ambitious schedule in West Texas State history. However, I feel that you can profit by playing good teams and in the long run your athletes will progress more rapidly against stiff competition."

Kerbel said he plans to install an offense at West Texas similar to the Split T and pro-attack used by the Red Raiders this year.

What does Kerbel see in the future for Texas Tech?

"Tech has a great future and is bound to be one of the outstanding teams in the Southwest Conference, or any conference for that matter. This position of prominence, which I am sure it will attain sometime in the near future, cannot be accomplished overnight. It will take time, but I know Coach Weaver and his staff will be able to develop the necessary depth and football ability to compete on an equal basis in the SWC," Kerbel remarked.

"However, I am confident that with the continued support of the student body and other friends of Texas Tech, the Red Raiders will field the kind of team that will make anyone proud," he added.

West Texas State will play Tech in the first game of the season for both elevens next year. The game will be in Lubbock in the Raiders' new stadium.

Will Kerbel have mixed emotions when his team invades Raiderland next fall?

"I hope we can play Tech a good game. I can assure you that we will be doing everything possible to play an outstanding game," Kerbel answered.

Kerbel coached high school football at Bartlesville and Cleveland, Oklahoma, before becoming coach at Breckenridge, Texas, High School. He coached the Buckies to two state 3-A championships in 1952 and 1954 . . . went to Amarillo High in 1955, compiling 5-5 record that year, 9-2 in 1956, and 11-1 in 1957. He has a high school coaching mark of 75-15-2.

Tankers Perform At Tech Monday

Tech's all-college intramural swimming competition is set for Monday at 7:00 p.m. at Men's Gym pool.

Ten teams including Dorm 6, defending champion, are entered. The only returning individual champion is Bill Holmes who won the 25 yard back stroke and the 50 yard crawl stroke.

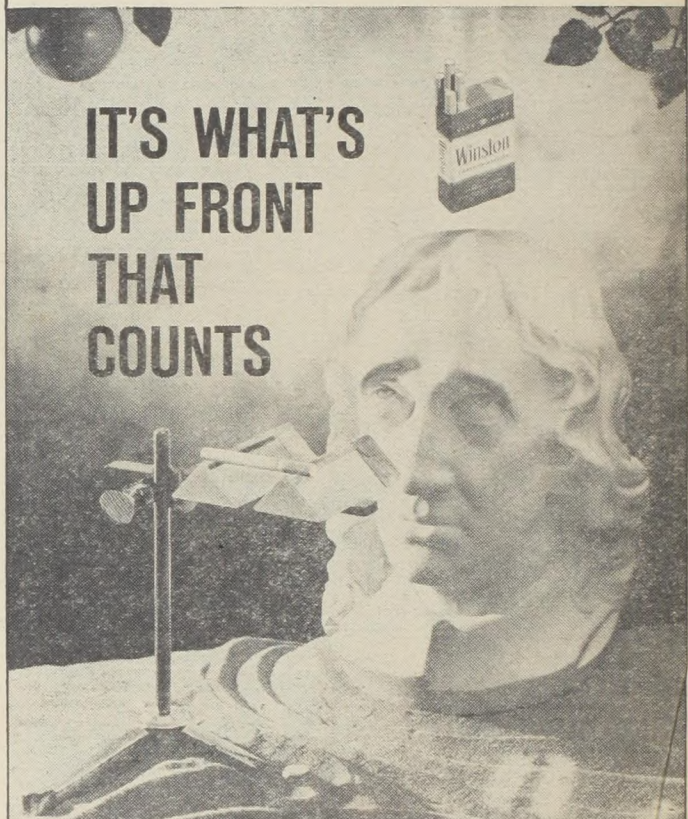

The Dolphin swimming fraternity will officiate the event.

Texas Tech Divers Battle Frosh Today

Tech's diving team will square off in a diving meet today at 1:15 p.m. at the pool in the new men's gym.

The freshman team will do a series of dives from the low board while the varsity will perform off the high board. Officials will judge the efforts of both teams, and scores will be kept.

Sir Isaac Newton is struck by another great idea!

As sure as little apples, Newton knew that what goes up must come down.

But when it comes down to a really pleasurable filter cigarette, it's what goes up—in front of the filter, that is—that makes the difference!

And there's where Winston had an inspired idea—Filter-Blend! Winston specially selects choice, mild tobaccos, then spe-

cially processes them for filter smoking. The result: Filter-Blend up front of a modern filter. That's what makes Winston a complete filter cigarette.

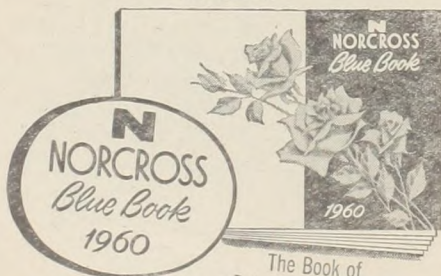

Filter-Blend also makes Winston America's best-selling, best-tasting filter cigarette. Take it from Sir Isaac:

"You don't have to be hit on the head to know that

Winston tastes good like a cigarette should!"
