TEXAS TECHNOLOGICAL COLLEGE, LUBBOCK, TEXAS, FRIDAY, OCT. 19, 1945

NUMBER 6

Campus Will Welcome Parents Tomorrow

Tech Students Cast Ballots Wednesday

Class Favorites Are Chosen For La Ventana Pic

Cleavinger, Edler, Bomar, Reesor Are Elected On Ballot

From the list of 27 nominations for class favorites Techsians elected the four who will have a full page in La Ventana by a preferential secret ballot Wednesday.

Out of seven nominees: Mary Frances Barnard, Dolores Bizzell, Norma Cleavinger, Gwen Edwards, Audrey Melton, Selma Pendleton, Mary Jean Webb, the seniors elected Norma Cleavinger their favorite. Norma is a Home Economics major from Hart, and is a member of Las Vivarachas.

The junior class favorite chosen from the following: Dorothy Clift, June Cox, Verda Beth Edler, Charlene Fisher, Jeanne Stovall, Jamie Trainer, was Verda Beth Edler. Verda Beth is a Commerce major from Lubbock, and is a member of Sans Souci.

From the sophomore nominees: Betty Bomar, Dorothy Brown, Bobby Childers, Rosemary Jones, Peggy Williams; Betty Bomar was elected favorite. Betty, who is in the division of Arts and Science is from Lubbock, and a member of Las Chaparrillas.

The freshman candidates were: Betty Belew, Joyce Dungan, Beverly Ann Giles, Hollis Holt, Jane Lawson, Joanne Nelson, Marjorie Read, Joy Reesor, Mary June Stucker. Joy Reesor was elected freshman favorite. Joy is a Home Economics major from Dallas, is an Independent.

This is the first time in La Ventana history that there have been class favorites. These girls will be honored with a full page in the annual; however those elected will not be eligible for the Miss Texas Tech contest or for La Ventana beauty.

Ex-WAC Finds Army Life Exciting Attending Tech

Pauline Leman, who had to sit on large pillows to make herself large enough to drive an army truck, found 26 months of excitement and a husband during her service career.

The former WAC drove details of soldiers and lumber in army trucks and the camp's general in the staff cars.

The corporal technician became interested in the women's army, when the first plans were being made, while she was still in high school. The WAC was started in June, 1942 and Pauline enlisted in January 1943 and was transferred when the WAAC was changed to the WAC.

Mrs. Leman received her basic training at Ft. Des Moines and her specialist training at Ft. Riley, where she served for 22 months.

Pauline remembers well her orders to rush meal tickets to a group of jeep drivers; the staff car driver made the trip from Ft. Riley to Beatrice, Kansas, a distance of 110 miles, in an hour and 15 minutes on a dirt road. Just as the T5 drove into the town she had a flat; even with this narrow escape Pauline did not dent a fender during her army career.

Mrs. Leman plans to receive her degree from the University of Illinois, she is majoring in vocational home economics and plans to teach in Illinois, where she and her husband will make their home.

Pauline can change a tire or overhaul a truck; the sight of an army truck makes her homestead to be T5 Pauline Leman.

ESMWT Program Has Final Check

Records on Engineering, Science and Management War Training program carried on at Texas Tech from 1940 until June, 1945, underwent a final check Monday by Edward T. Donovan of the U. S. Department of Education.

He commended Tech's division of engineering for having turned out 1,835 skilled workers under the program and reported the records were in "excellent condition."

Peak year of the program was 1942-43 when 74 sections of engineering training courses were offered. During the five years the program was active, 2,748 persons were enrolled for 145 sections of engineering courses in 11 Texas cities—Abilene, Amarillo, Breckenridge, Big Spring, Brownwood, Ft. Worth, Lubbock, Midland, Mineral Wells, Pampa and San Angelo.

Fall Directories Are Now On Sale

Student directories went on sale Wednesday in the office of Registrar W. P. Clement and in the college book store. They have been in the registrar's office and issued for the fall term of this year.

Containing the name, home address, Lubbock address, telephone number, and classification of each person, the directory includes students, faculty, and college employees.

Twenty-five cents is the price of the book.

Two Graduates To Represent Tech In Inaugurations

Two Tech graduates have been appointed to represent the college at inaugural exercises to be held soon when new presidents will be inaugurated at two colleges. Dr. Wm. M. Whyburn made the appointments after receiving the invitations and being unable to attend.

Dr. George W. Drake, '30 chemistry, will be Tech's representative when E. O. Oberholzer is installed as president of the University of Houston. Exercises will be held on the campus Thursday and Friday.

Dr. Drake is a professor of chemistry at the university. At inaugural exercises to be held at Lafayette college, Eastern, Penn., Oct. 26 when Ralph Cooper Hutchinson will be installed as president, Dr. W. T. White, '32 Tech electrical engineering graduate of New York will represent Tech.

Dr. Whyburn was also requested but unable to attend the 100th anniversary observance of the founding of the U. S. Naval Academy, Annapolis, Md., which held exercises Oct. 10. His invitation was received from Lt. Com. Carroll Parker Brady, USNR, a former Tech mathematics instructor and a former graduate student of Dr. Whyburn's at the University of California.

A Tech pennant was mailed to the Naval academy to be hung along side other college and university flags to lend the hall in which ceremonies were held a festive academic atmosphere. College pennants were arranged in order of primacy in founding.

Whyburn Resumes Duties After Week in Washington

Dr. Wm. M. Whyburn resumed his duties at the college Tuesday after a week in Washington where he and other Texas college officials conferred with the Veterans administration concerning the amount the government will pay toward cost of education for veterans in Texas state colleges.

College officials hold out the hope that the figure will be their requested \$100 per semester but the decision will not be forthcoming for several days, Dr. Whyburn said.

The difficulty has arisen in the interpretation by the administration of the Texas out-of-state tuition fee and the legislation passed after World War I that veterans be allowed to attend school tuition free.

Cost to a resident of Texas to attend college is \$25 per semester, but Texas has a reciprocal arrangement with other states to assess an out-of-state student in an amount equal to that which a Texas would pay in the other state concerned.

The Texas group held out for the position that the actual cost of instructing a student was approximately \$100. If the veterans administration agrees to this, the money would be paid to state institutions, regardless of whether the student was a resident of Texas.

Metal Irrigation Tube Inspected

L. H. Morris, representative from a California irrigation tube manufacturer, visited the Tech farm this week to check on the performance of the tubes installed on the farm this summer.

This new type metal irrigation siphon tube being used on the Tech farm is the only one in operation in Texas. It permits accurate regulation of the flow of water in an irrigation ditch by siphoning the water over the ditch bank. Formerly a hole had to be dug in the ditch bank to regulate the flow and in this area where the soil is sandy, the hole washed excessively and became too large. The new device saves both time and labor.

Officials Inspect Surplus Stock For Texas Tech

Four Tech officials inspected government records on property declared surplus by the armed forces. The check was made in Dallas, Denison and Sherman during the week-end.

"We met with reasonable success," O. V. Adams, dean of the division of engineering said. He was accompanied by C. V. Bullen, head of electrical engineering department; J. C. Hardgrave, associate professor of mechanical engineering; and S. T. Cummings, Tech purchasing agent.

Dr. C. C. Schmidt, professor and head of physics department, accompanied by Bullen and Hardgrave, left Sunday for Austin to inspect other surplus property.

L. E. Parsons, head of textile engineering department, and C. G. Rook, research assistant, left last night for Dallas where they will also inspect and select surplus property.

Under a special legislation, some property declared surplus by the armed forces is being contributed to colleges and universities, upon payment of packing and shipping costs.

6,000 Pounds Of Scrap Paper Is Collected Here

Over 6,000 pounds of scrap paper has been collected on the campus from five buildings, according to J. H. Kee, night janitor of the library. J. H. Grimley, superintendent of buildings was in charge.

In response to the paper pick-up drive which had been announced for Wednesday in Lubbock papers, the Tech janitor personnel got busy with the aid of departments and dug up old discarded catalogues, books, bulletins, and yes, even test papers of pop quizzes given back in the hey-day when Betty co-ed wore short skirts and straight bodied hair.

Four army trucks were required to haul away this collection.

Activity Ticket Gets A Toreador

All students who bought activity tickets are eligible to receive issues of the Toreador. Copies will be placed in the following designated places on Friday morning of each week. Names of students who are qualified to receive a Toreador are listed in the respective office.

Students belonging to the division of agriculture will call at the office of Dean W. L. Stangel and Miss Ruth Craig will issue the copies. Engineering students may get their copies from Miss Dorothy Rylander in the engineering library. Miss Vivian Johnson will issue Toreadors to home economics students; and arts and science and commerce students may obtain copies in the east lobby of the Administration building.

NEW SECRETARY

Mrs. Mary Ann Beavers is the new secretary to Miss Margaret Weeks, dean of the division of Home Economics. Mrs. Beavers took the place of Mrs. Louise Gunter Sharpe.

High School Home Economics Teachers Meet Here Oct. 20

District Conference of High School Home Economics Teachers, with representatives from Lubbock and 14 surrounding counties, will meet next Saturday, October 20 in annex G of the Home Economics building from 9 until 3 o'clock. Approximately 50 teachers from the West Texas counties are expected to attend this conference which will be under the supervision of Esther Sorenson, district home economics education supervisor.

Registration for the district conference on Tech campus will begin at 8:30 a. m. in the hall of the Home Economics building. Following registration a general session will be held. Dr. William M. Whyburn, president of the college and Miss Margaret W. Weeks, Dean of the division of home economics, will extend greetings to the assembly. Mrs. Emma Hastings, home economics teacher in Lubbock High school, will represent the local public schools in welcoming the visiting teachers to the conference.

Tech Thanksgiving Is Set For 29th

Tech will observe Nov. 29, fifth or last Thursday of the month, as Thanksgiving. Dr. Wm. M. Whyburn, president, announced "This is in keeping with an agreement reached last spring between the governor's office and Texas college representatives."

The holidays will extend through Dec. 2, as scheduled in the college catalog.

Many inquiries have reached the president's office since official announcement from Washington revealed that all but two states, Tennessee and Arkansas, will celebrate Thanksgiving day Nov. 22, fourth Thursday.

"However, this does not alter our scheduled observance," Dr. Whyburn said.

L. E. Parsons Returns From Massachusetts

L. E. Parsons, head of the textile department, returned Saturday, Oct. 13, from Stockbridge, Mass., after attending a meeting of the National Council of Textile School Deans.

Some of the subjects discussed at the meeting were the use of visual education devices in textile work and a method of training textile school teachers. Officials of the American Viscose Corp., of Marcus Hook, Pa., presented plans and proposals for an intensive short training course in textile engineering.

Parsons was the first visitor at the textile mill at Carpio Mills, Thompsonville, Conn., since the plants were released from war contracts. The mills were formerly engaged in weaving duck and other heavy fabrics for government use, and did some research work on the atomic bomb and radar equipment.

The textile department head also visited officials of the Chicopee Mfg. Co., at Chicopee Falls, Mass., and discussed plans for the cotton research project of the company on Tech campus.

Prof. Chappelle Speaks At Dinner For Secretaries

Prof. Ray Leon Chappelle, head of agricultural education, spoke to members of the National Secretaries' association at a dinner meeting in the Chimeayo room of the Hilton hotel Tuesday night. His talk concerned, "Are You An Active Member?"

Committees were announced by the president, Ruth Craig. They are: social—Helen Davis, chairman, Dorothy Rylander, Ann Kelley and Lillian Chapman; employment—Minnie Laura Jackson, chairman, Flo Swenson, Beulah Baker and Anna Mae Webb; membership—Katherine Durham, chairman, Louise Chance, Wynona Pluckett and Nora Lee Pierce; publicity—Faye Norris, chairman, Gertrude Conner, Maurine Wilford and Maxine McMillin.

Twenty-one members attended. The association will have a formal dinner at the Social center Nov. 21.

Claude L. Hooker Receives Medal

Capt. Claude L. Hooker, '40 commerce of Albany, received congratulations recently from Brig. Gen. Charles B. Spruit, theater deputy chief surgeon, after being awarded the Bronze Star Medal during decoration ceremonies held at the chief surgeon's office, Versailles, France.

Hooker is chief of the depot distribution section Stock Control Branch, Supply division of the office of the Chief Surgeon.

His wife and son reside at San Antonio, where he had been stationed before going overseas the first part of last year.

Others participating in the program will be high school home economics teachers and superintendents.

Alma Outlaw, high school senior from Post and formerly vice president of the area 2 Future Homemakers of Texas, will bring to the group a report of the executive council meeting of Future Homemakers of America at Camp Arrowhead.

Following the discussions Miss Sorenson will summarize the conference and will be available for individual conferences from 3:15 until 5 p. m.

Tech home economics faculty and seniors majoring in home economics have been invited to attend the meeting. This is one of a series of small district conferences being held over the state of Texas. A similar conference was held at Trookmorton October 13 under the direction of Miss Sorenson.

Luncheon has been arranged for the visitors at the college Social Center at 12 o'clock.

50 Girls, 40 Boys Nominated For Texas Tech Title

Primary Election Will Be Held Oct. 24 To Select Top Three

Fifty girls and 40 boys were nominated for Miss and Mr. Texas Tech Wednesday by secret ballot. Next Wednesday, October 24 there will be a primary election to narrow down this list. From this election will be taken the three top boys and three top girls to compete in the run-off election Wednesday October 31.

The girl who is elected Miss Texas Tech will not be eligible for La Ventana beauty. Both Miss Texas Tech and Mr. Texas Tech will have a full page in the annual, La Ventana.

The following girls were nominated for Miss Texas Tech: Jean Algin, Marilyn Anderson, Ruth Anthony, Joe Ann Bailey, Mary Frances Barnard, Lucy Bear, Mary Novella Beaver, Neoma Beaver, Betta Belew, Dorothy Brown, Dolores Bizzell, Charlene Bucky, Bobby Childers, Wynelle Cotton, La Neale Doshier, Gwen Edwards, Charlene Fisher, Alice Garner, Bea Green, Nelva Joyce Halbert, Doris Hammerschmidt, Maxine Harp, Fae Beth Hill, Anne Hurt, Gloria Holmstrom, Mary Evelyn Hincchey, Hollis Holt, Ann Housewright, Louise Ince, Mary May Johnson, Frances King, Bobbie Jean Knowles, Jane Lawson, Juanita Lindley, Mabeth Mabry, Audrey Melton, Helen Rippey, Ruth Ralls, Selma Pendleton, Yvonne Scott, Betty Slagle, Fatsy Smith, Camille Stevens, Norma Lee Thornton, Jeanne Stovall, Jamie Trainer, Emma Jean Walker, Billy Grace Webb, Odessa Weems, Johanna Williams, Peggy Williams.

The men who were nominated for Mr. Texas Tech were: Charles Arnold, John Williams, Louise Charles Belew, Dub Blankenship, Ed Boaz, Culpepper Brown, Troy Caldwell, Robert Cole, Athel Craver, Burton Crossen, Troy Davidson, Tom Douglas, Billy Flake, Rev. Bill Fleming, James Gimmel, Doc Hanley, Gene Hardey, Norman Hoback, Jimmy Hughes, Jim Humphries, Jiggs Jackson, Carl Jensen, Billy Kelley, Elvies Lee, Buddy Malouf, Tully Mitchell, Howard Moore, Robert Pardue, Maxey Pinson, Oliver Ramsey, Randy Rutledge, Dean Saunders, Johnny Summers, Arthur Slieman, Walter Schlinkman, Ivan Tucker, Jim Wanner, Buddy Ward, Barton Williamson, Jimmy Williams.

Harold Donovan, Thought Dead, Attending Tech

Harold E. Donovan, once thought dead, is now alive and attending Texas Tech.

Donovan served overseas in Africa, Italy, and Germany in the 36th Division of the Infantry. While in Italy he was wounded and put in a hospital.

"The beds were in the form of bunks, one on top of the other," Donovan said. There was an Englishman in the top bunk just over him. The man was very badly wounded and died the same day that Donovan was sent to another hospital in Germany. Word was sent home to Donovan's parents that he was dead.

A memorial service was held in the Dumas Methodist church for him soon after the report of his death was received. Two weeks later he sent a cablegram informing his parents that he was in Germany.

Donovan was liberated on April 19, 1945, and after being overseas for over two years he came back to the states May 2, 1945. The thing he wanted most when he got back was "butterscotch pudding."

He was in the service five years. At first he was in the National Guard unit and was probably secured. He is attending college for the first time. Liking the Engineering division at Tech was one reason Donovan chose to start his college career here. He also said that he wanted to attend Tech, because it was close to his home town, Dumas.

Informal Reception To Begin Activities

Awards, Raider-Baylor Game To Highlight Celebration

A RECEPTION in the lounge of Women's Dormitory No. 2 will be the initial event of the traditional Parents' Day celebration to be held on the campus Saturday Oct. 20. The reception will be held from 3:30 to 5:30 in the afternoon and students are asked to accompany their parents to this affair. Faculty members are invited to attend the reception.

Raiders To Set New High Record For Attendance

The Texas Tech Red Raiders seem destined to set a new high record for attendance of games this year, with 58,000 persons witnessing their first four encounters and sell-outs in prospect for remaining home games.

Only two Southwest conference teams have played to more spectators.

About 9,000 persons witnessed the opening game here, Sept. 22, with Southwestern university and 10,000 or more saw last Saturday's contest in Tech Stadium with Tulsa. Hundreds failed to get through the gates Saturday when standing room also was filled.

The largest crowd ever to pack into Alamo Stadium at San Antonio—23,681 paid admissions—was on hand for the Sept. 29 Tech clash with the Texas Aggies and the following Saturday 16,000 saw the Texas Longhorns meet the Red Raiders in Austin.

Two of the five reserved sections in Tech Stadium are sold out for the Baylor game Saturday and the Homecoming contest with TCU here Nov. 10. Athletic Director Morley Jennings expects a sellout for both engagements and a near sellout for the West Texas State game here Oct. 27.

Tech Band Will March For Game

Approximately 96 members of the Tech band have been rehearsing this week in preparation for their half-time performance tomorrow night at the Tech-Baylor football game.

First formation will be B U, made while the band plays "That Good Old Baylor Line," Baylor fight song. The second formation, to be made in honor of parents, will be Mom and Pop. The band will face the west stands and play "Let Me Call You Sweetheart," and then turn to the east stand, form the Double T, and play the "Matador Song."

Band members will remain in the double T formation while the student council makes awards to parents having the largest number of children enrolled in Tech; those who have had the largest number of children enrolled in Tech in previous years, and to those having traveled the greatest distance for Parents' Day.

Sugar Beets Are Observed On Farm

H. M. Baines of Amarillo, Agricultural Agent for the Santa Fe railroad visited on the Tech farm this week to observe the condition of sugar beets. He stated that two mechanical beet harvesters have arrived in the Plainview area.

The Tech farm hopes to secure one of these harvesters for demonstration in the future. The harvester tops the beets, digs and plows them.

Kuykendall Speaks To Business Class

George Kuykendall, president of Kuykendall Chevrolet, spoke to business 131 students last Thursday afternoon, October 18.

Mr. Kuykendall spoke to the group of 162 Freshmen on the "Automotive Industry and Future of America Business." He also pointed out ways in which young people may be prepared for business in that field.

High School Letters . . .

Prevalent on the campus are many freshmen wearing high school jackets with letters like "R," "M," or "S" shining off them. An old Tech tradition that is observed here as well as all other colleges is that school letters won during high school days are not to be worn at college.

It is natural that when students first go away to college they want to cling to the past and its memories. In order to do this they like to wear their high school letters.

College is a new life, a more mature life. There are honors to be achieved here as there were in high school. Only these honors will be harder to win and therefore mean much more.

It is the purpose of college to start every student off on an equal footing. If a person had never played basketball or football in high school it is presumed that he will have an equal chance with the college freshman with letters in all the sports.

Most entering freshmen have removed these letters from their jackets and sweaters. They have entered college with the idea that all that will be counted will be what they do here. High school letters were won in the past. Let them stay in the past.

Parents' Day . . .

The Annual Parent's Day is scheduled tomorrow. Beginning Nov. 6, 1936, this annual event has rapidly become one of the most important Tech traditions. Parents who have sons or daughters enrolled are given invitations from the President's office to come and see just what goes on at an institution of higher advancement.

This is an occasion looked forward to by many Techsians these past eight years. It is time when father, mother, uncle or aunt rub elbows with others having sons, daughters or relatives at Tech. It is a time also when good will is made.

This year students may introduce their parents or guardians their instructors, something which has not been practiced previously.

We hope this year will bring greater numbers of visiting parents than last year since our enrollment has been increased. And we hope too that every student having a parent or relative see them on the campus that he does his best to show them a good time. We know such occasions as these can but leave the most beautiful memories.

Students, show your parents everything around the campus and the buildings. Do not forget the work of George Long, the superintendent of the grounds, and his beautification of the campus, letting them know that the work still is continuing. And do not overlook introducing every instructor of your division, including the heads of the various departments. Show your parents Tech and take them around to the buildings not only in your divisions but to the others as well.

Remember it is a time of good will, friends, this Parent's Day. It is a time, say 30 years from now that you with your children may be returning to your old familiar stamping grounds, and they, in return, will be showing you—Greater Tech.

So, remember students, tomorrow is your PARENT'S DAY at Tech.—J. H.

Good Taste . . .

Dress it up! That is a slogan which might easily be adopted by Techsians in general rather than just being used by the Tech band in speaking of straightening up its marching lines.

Certain types of clothing have become traditional on the campus such as blue jeans and bright plaid shirts. And Tech students both boys and girls, cherish a fancy pair of cowboy boots and a westerner jacket above everything else in their wardrobes. That tradition in dress is definitely individualistic. It is a western theme that fits splendidly in this section of the country. That is, it may be regarded as good taste for classrooms and picnics but when it is donned seven days a week the effect becomes monotonous to say the least.

It is not a matter of limited wardrobes but simply that preference is given to sloppiness. That sloppiness which is so definitely adolescent and much more appropriate to the famed high school bobby-soxers than to college students. In general, less frequent donning of jeans and bright shirts by both sexes would greatly improve the general appearance of Techsians on the campus and in town. Civilization has not yet by law or practice totally eliminated Sunday from the calendar but so often it is just one more lazy day to college students. The dormitory girls who do not wish to get up early for breakfast and then dash to avenue at a later hour to eat usually are carelessly groomed. Boys dating for a Sunday show or for dinner often are garbed in an open throat shirt a sport coat and slacks. Such habits show no personal pride. Tech is a large and growing school and a lot is said for or against a school by the good taste its students display in their dress. More people will be visiting on the campus because of the war's end and conferences of various natures will be resumed. Also as it has already been seen, specials will go from Tech carrying students to various college sponsored functions on other campuses. Let's not make a shoddy appearance!—J. W.

Democratic Education . . .

The trend toward democratic administration of education will be illustrated at the Pittsburgh (Kansas) Teachers College this fall. About 50 students will be appointed to various faculty committees in a reorganization of committees. Dr. Paul Murphy, dean of administration, said. The students will be chosen by and from members of the student council to sit on committees with faculty members.

A new president of the student council was elected immediately upon the opening of the fall term in September. Students were especially important on committees on activities, entertainment, radio, publications, fraternities and sororities, etc., but they were represented on almost all committees, Dean Murphy said.

Builders of America

Tom C. Clark
DALLAS AND WASHINGTON

On Sept. 23, 1899, DALLAS, OF PIONEER LAWYER FAMILY WHOSE FIRST MEMBER OF THE AMERICAN BAR IN 1827, BOY SCOUTS EMERGENCY, EARNED FIRST MONEY ON NEWSPAPER ROUTE; LED CLASSES BRYAN HIGH, NOW OREGON AND GRADUATED HONORS; SERVED WORLD WAR I; SECRETARY OF STATE; HONORARY BAR JUNE 1922; MARRIED MARY JUNE RANNEY 1924, TWO CHILDREN; PRIVATE PRACTICE WITH SISTER AND BROTHER TO 1927; CIVIL DISTRICT ATTORNEY, DALLAS COUNTY, 1927-32...

On Feb. 1937, CLARK JOINED THE WAR RISK INSURANCE BUREAU, HANDLING CASES HANGING FIRE THREE WORLD WARS, SUCCESSIVELY HE CAME UP THROUGH THE RANKS IN THE JUSTICE DEPARTMENT, MAKING GOOD IN EVERY POSITION ALL THE WAY TO THE TOP AS CHIEF OF WAR PENSION UNIT, HE REPRESENTED RECOVERED MORE THAN \$100,000,000 FOR THE GOVERNMENT AND BROUGHT ABOUT THE INDICTMENT OF 1,000 PERSONS, CUMULATIVE SALARY RECORD IN JUSTICE DEPT. IN WHICH HE NEVER GOT CASE...

Clark was nominated in 1943 by President Roosevelt as assistant attorney general to head the criminal division and later became head of the criminal division among the most important cases were those of two Nazi spies who landed from a submarine on the Atlantic coast last fall both were convicted.

PRESIDENT HARRY S. TRUMAN NAMED TOM C. CLARK, UNITED STATES ATTORNEY GENERAL, TAKING THE OATH OF OFFICE JUNE 30, 1945, AFTER THE SENATE HAS CONFIRMED THE APPOINTMENT—IS THE FOURTH TEXAN IN THE STATE'S HISTORY TO BECOME A CABINET MEMBER—A DISTINCTION THAT FITS THIS SCHOLARLY, CAPABLE, LEADY IN AIM AND AMBITION WHO HAS EVER MAINTAINED THE STATUS OF AN INDIVIDUAL CITIZEN—A GREAT AMERICAN WHO WILL EVER BE OF THE COMMON PEOPLE—AND FOR THE COMMON PEOPLE, AND WHO ENJOYS THE FULL CONFIDENCE OF LIBERALS AND CONSERVATIVES ALIKE. ONE OF MR. CLARK'S FIRST STATEMENTS AFTER HE WAS NAMED TO THE CABINET INCLUDED THESE WORDS: "THE DOORS OF THE ATTORNEY GENERAL'S DEPARTMENT SHALL ALWAYS BE OPEN TO THE SMALL, THE UNDERPRIVILEGED, THE ENTPREPRISE, AND THIS MEANS AN END TO SELVISH PROTECTION OF THE ENTPREPRISE, AN END TO DOMINATION AND EXPERTIMENTATION OF THE SMALL TO PROTECT THE ADVANTAGES OF THE LARGE, AN END TO THE 'RACKETEERING' OF THE LARGE TO STIFLE BRAIN AND INCENTIVE, AN END TO INTERNATIONAL CONTEL CONSPIRACY."

Letters To The Editor

Lubbock, Texas, October 8, 1945. Editor, The Toreador, Texas Technological College.

Dear Editor: An editorial in last week's edition of "The Toreador" voices the plaint that "Not all Lubbock organizations and institutions . . . have forgotten the college. But a few have."

And it is strongly suggested that Radio Station KFYO is the main offender, if offense it is. Two offenses are cited. One is that the station has ceased to use the station break announcement, "KFYO, Lubbock, Hub of the Plains and Home of Texas Tech." The other is that KFYO did not broadcast the Texas Tech-Texas A. & M. football game.

Listeners are the stock in trade of a radio station. Informed through listener surveys and listener complaints that they found the long station breaks tiresome, the station management dropped the "Hub of the Plains, Home of Texas Tech," phrase several years ago. The reason seemed valid then, still does.

About that football broadcast—it is not quite so simple as it sounds in the Toreador editorial. The Humble Oil Company owns exclusive rights to the broadcast of all games of Southwest Conference football teams, even Tech's home games against schools of that organization. That company has absolute ownership and control of the broadcast rights, and there is nothing any station can do about it if Humble does not see fit to include that station in the network for any particular game. Humble has no distribution in Lubbock, therefore did not use KFYO. However, Humble is going to use KFYO for the Baylor and T.C.U. games, both home games which the editor of the Toreador will probably see anyway.

Forget Texas Tech? No, KFYO has not forgotten Texas Tech and will not. When that

fine school resumes full peacetime activity with sufficient faculty and staff, the station hopes to have programs by all departments of the college, not only the speech department as in pre-war days. As a matter of fact, time is available now for any worthy program that any department of the college might desire.

No, KFYO is not going to forget Texas Tech. And we hope Texas Tech is not going to forget KFYO. Yours very truly, DeWitt Landis, Plains Radio Broadcasting Company, Radio Station KFYO.

EDITOR'S NOTE—Thanks, Mr. Landis, for your very kind letter. Also for your cooperation in trying to get our away-from-home games broadcast. We accept your explanation on the station-break, however we still are worried about another thing—those three games we play that are not connected with the Southwest conference and will be played away from home. We are sure that you will do everything in your power to see that your station broadcasts these games. We are also glad to hear that KFYO has not forgotten us.—Ed.

By COUNT MEOUT

The Count overheard one of Tech's professors make the remark that he didn't know there were so many favorites and beauties on the campus. Have you boys noticed that there are actually 195 beauties this year?

MARJORIE CROSBY seems to enjoy going to the library nearly every afternoon, and we don't mean to study. Wonder who it is she finds so interesting there?

MAX HOBBS is always telling FAE BETH HILL that he is going overseas when he returns to his base after a furlough. How many times have you kissed the boy good-bye, FANNY?

JEAN KNIGHT and BUDDY RAMBO are picking up where they left off when he went overseas. They were Brownfield high school sweethearts.

Nomination for the wittiest girl of the week, PATSY MILLER who plays everyone with her sayings. Her observations on campus life are worth listening to.

ELIZABETH McCLARRY has been going around in a stew after receiving a certain letter. Maybe

we will have more news from Lib later. FRAN MIDDLETON says she knows T. M. COX too well. But she does think he has a nice room mate who happens to be JAY KERR. What has NEIL WALKER got that makes MARY ELLEN MIDDKIFF go into such raptures over? JEAN MARTIN thinks he has beautiful eyes, so maybe that is JANICE COLLINS is a very popular girl, especially with the Socis. The spectacular thing about the pep rally last week was the absence of Freshmen. Since the Saddle Tramps have been given the power to keep the spirit from lagging, it seems that nobody knows what is expected of them. How about it, Saddle Tramps?

It was nice to see ROBERT COLE with BEA GREEN again the other night, just like old times. Could it be lieutenants who are keeping OUIDA RISINGER from her duties? Of course not. She is very interested in meeting ARTHUR SHAHAN again—are you interested Art?

DORIS HAMMERSCHMIDT seems still to be a little (?) excited over the call she had last week—L.T. BOB MEANS from her home town, who is now stationed at Clovis, N. M. More visits and more plans for the future are predicted.

The Lieutenant from Tulsa, must have been quite impressed with MARGARET ANN HUFFAKER at the dance last Friday night, as she was seen at the game with him the following night.

The CENTAUR party appeared to be a howling success and perhaps you heard those howls given by BREW SMITH, HARDY SCOTT was having his share of fun, too, with SISSY HARRIS, that freshman from West, Texas.

Raiders Set For Bruin Game Tomorrow

Men-In-Red Will Play Baylor Seventh Time

Close Game Predicted For Third Conference Clash

BAYLOR University's Golden Bears will, for the seventh time in the history of the school, come in contact with the Raiders at Tech Stadium this Saturday night at eight thirty.

Up to this date the Bears have beaten the Raiders three of the six games thus played. These games were in 1929, 34 to 0, 1931, 32 to 0, 1942, 14 to 7. The Raiders took the honors in 1932 to a tune of 14 to 2, 1933, 14 to 0, and 1934, 14 to 7. Therefore this game will prove who will take the lead for the next year or how long it may be.

The Bruins last year on the football field was in 1942. This absence of the team in the field was due to the war.

After losing to the Tulsa Eleven last week the Raiders are expected to come back with force against the Bruins to up-set them by a small margin. Although the Raiders have lost three of their four games their spirits are high and they feel sure that they will pass under the cross-bar more than once this Saturday night.

To head the Raider Eleven this week will be the ever present Walter Schlinkman who plowed under lots of yards against all past opponents. Floyd (Red) Lawhorn who showed up as well as any grid star in the past history of Tech football. Jack (Spider) Dillon who stopped the Tulsa Eleven more than once when they were in shadow of pay dirt. These along with that all star blocking back Arthur Shahan, battling Otis Turner, Frank Ottmers, Bennie Tidwell, Mac Weaver, and the little but powerful Cecil Norris.

Under the tutelage of Coach Frank Kimbrough, sometimes called the "Genial Dutchman," the Bruins will be in top condition for the tussel with the Raiders. The Bruins seem to have a habit of doing their best when in a tight spot, but this isn't hard for the Bruins because of their powerful line which has stopped many a threat on the one and two-yard lines. Their backfield also of top merit because of their speed, range, and driving power which will be one of the Raiders biggest problems in stopping.

The Bruins will also be very active in the air, and they have a man who is well qualified for the position of slinging the pie-skin. He is Bobby Griffin and is also a star kicker and ball toter.

Fighting for the Raiders to stop this war of passes will be Gene Hardey who can dish them out as well as stop them. Hardey will receive ample help in the stopping by Shahan, Dillon, Norris, and Schlinkman who can hold more than their own when the ball starts floating.

For Coach Kimbrough's fighting Bruins it will prove to be a tough game to go home with.

For the Bruins starting lineup it will be Joe Joiner, 165 at left end. Joiner is the boy who grabbed Joslin's pass against T.C.U. and ran almost the whole length of the field for Baylor's only score of the game which ended in a score of 7 to 6 in favor of T.C.U. At left tackle will be Clarence McGaw, 185 pounds. Mckie Atlas in the left guard slot and is supposed to be plenty tough on the opposing wall. Center will be 240-pounder Richard (Bull) Johnson who always plays with accurate shooting of the ball. Frank Devereaux, 176, right guard. James (Pop) Parker, 230, at right tackle. J. W. Arbuckle, 180, will be at end or right wing position.

Quarterbacking the Bruins will be Jack Price, 190, of Penn State and North Carolina fame. At left half will be Sammy Pierce, 205, right half Billy Kimbrough, 180, who is the most vicious tackler on the team and has been proven so by putting more than one man out of the games against the Bruins. At fullback will be Bobby (Red) Griffin. The Bruins have more than hopes pinned on this boy.

On the other hand the Raider lineup may be in for a radical change and cannot be given at this date.

There would be a whole lot more divorces if husbands had a trade-in value like today's cars.

Baylor's Hopes

SAMMY PIERCE Fullback

BULL JOHNSON Center

JACK PRICE Back

From The Bench

By SPLINTER PANTS PINSON

Tulsa's Hurricanes, who didn't stir up much wind during the first half, had to come back and blow and go to spare pin the Raiders 18-7. Tech's Men-in-Red looked impressive throughout the entire game with Floyd Lawhorn playing the best defensive game of his career. As usual, Walter Schlinkman was Tech's leading ground gainer. Sammy Pierce and Company move into Lubbock Saturday to match brawn and brain with the Raiders. Pierce is the Southwest Conference's leading ground gainer, rolling up 368 yards in 39 tries, and brother, that is something. The 215 pound Vernon Express packs power to spare pin the ability to spin and shake off tacklers like rain off a duck's back. Baylor does not rely upon ground attack alone, just ask Arkansas. Jack Price is the chief of Baylor's passers, being second best in passes completed by Southwest Conference players. That good ole Baylor line is up to par. Bull Johnson, 250 pound center, backs up the line in a very rugged manner. Johnson is also good on pass defense, as he intercepted two Arkansas passes last week. The Red Raiders have a rough game ahead of them. It will take some mighty fine football playing to stop those up-and-coming Baylor Bears.

Getting 8 out of 10 games correct last week, John DeLee and this week again put our heads together and make the following predictions:

Navy over Georgia Tech by two touchdowns. Iowa can name the score against Indiana. Minnesota over Northwestern by one touchdown. Notre Dame over Pittsburgh by many touchdowns. Ohio State over Purdue by one touchdown. LSU will take Georgia by two touchdowns. Tulane will lose to Auburn by one touchdown. We predict an upset, Arkansas over Texas U. by one point.

Baylor over Texas Tech by two touchdowns. SMU over Rice by one touchdown. TCU over Texas A&M by 1 point. This one can go either way, but we don't like the Aggies. Iowa State over Nebraska by one touchdown, both are sorry teams. Oklahoma A & M will slaughter Utah. Oklahoma U. over Kansas by one touchdown, out-heren Cal. can name the score against the College of the Pacific. UCLA over Saint Mary's Pre-Flight by one touchdown. Alabama over Tennessee by two T.D.'s. Tulsa will murder Nevada.

A dollar may not go very far, but usually it travels far enough to that it never finds its way back. Considering the fact that so many inexperienced people marry, its no wonder there are so many divorces.

Raiders In Need Of New Uniforms

After last Saturday's game on the muddy field it is general opinion that Texas Tech's Raiders are in need of better uniforms. Many contrasted quality of suits worn by Tech with those of Tulsa, stating emphatically the Raiders should be better outfitted.

"If anyone knows where we can get better uniforms, I wish we would let us know at once and we'll get them," Coach Dell Morgan commented.

Morley Jennings, athletic director pointed out that nearly all the Raider equipment was lost in the fire which destroyed dressing rooms and part of the west grandstand. Efforts to replace the equipment have failed, he said. "We've been to every sporting goods manufacturer in the country to get top uniforms and other equipment, but what we want is not available," Jennings declared. "We have to take what we can get."

A few of the red jerseys now in use were in the gymnasium at the time of the fire. These old ones have been supplemented by replacements of the best quality available, but under that generally used in peacetime, it was said. "White jerseys recently purchased are not on a par with Tech aims."

It took four long distance telephone calls and a lot of pleading to get sufficient jerseys of any quality to outfit the team prior to the opening Southwestern game. Morgan added.

"The Raiders are anxious to buy the best uniforms any team ever had," he asserted. "Does anyone know where to get them?"

Opponents Praise Tech Candidate For All-American

Opponents of the Texas Tech Red Raiders have added praise of Walter Schlinkman's kicking to praise of his running in discussing this All-America candidate of the Southwest.

It's not Schlinkman's distance in punting which has caught their eye particularly, but his ability to put the ball where receivers aren't and his accuracy in booting out of bounds in far corners.

Schlinkman kicked 29 times for 892 yards, an average of 33, in the first four games of the season, and only 14 of them were returned. The average return is 13 yards. Six times the ball has gone out of bounds inside the 10-yard stripe. Three times it has rolled dead inside the five. Sixteen of the boots

have been quick-kicks.

The chunky 190-pound Schlinkman has scored half of Tech's 14 points in three defeats and one victory and has averaged 7.5 yards in his 52 rushing efforts. He piled up 395 of Tech's 624 yards from scrimmage, despite admitted efforts of opposing Southwestern Texas A. & M., Texas University and Tulsa to halt him. He's come from every game with black-and-blue spots all over him from heavy tackling and pile-ups of opponents. He's intercepted two passes and returned four punts 19 yards.

So impressive has been Schlinkman's performance with the weak Texas Tech team that Coach Henry Frrika of Tulsa told Tech officials last weekend: "I'll trade my whole backfield for Schlinkman — and that's ten men for one."

Lewis E. Willeford, who attended Tech last semester, is now with the Long Theaters in Victoria, Texas. Before leaving Lubbock, Willeford was connected with the Lindsey Theater.

Wranglers To Hold Informal Dance

A replica of the Liberty bell, pictures of American heroes, red, white and blue streamers, and the flags of all the Allied nations will be the decorations for the Wrangler dance tonight in the Hilton hotel ballroom. Bailey Ireland's orchestra will play from 9 until 12.

Members and dates include Mr. and Mrs. W. O. Rucker; Mr. and Mrs. Hugh Rowland; Ivan Tucker, Melba Lewis; Bill Nugent, Nelda Butler; Johnny Farrel, Earline Whitaker; Bill Roe, Mary Ellen Duffy; Wyn Baker, Joanne Stovall; Bill Murfee, Marion Benson; Mr. and Mrs. Earl Christy; John O'Neil, Peggy Lewis; Carl Jensen, Dorothy Brown; Norman Hoback, Bette Slagel; James Leggett, Barbara Livingston; Clay Woods, Louise Ince.

Other members to attend are: Horace Underwood, Eugene Ellis, Tully Mitchell, Troy Caldwell, Troy Byers and J. Lee Davis.

Sidney B. North Will Be Guest Of Alpha Phi's

Sidney B. North, national secretary of Alpha Phi Omega will be a guest on the campus next Tuesday when he visits the Beta Sigma chapter. Coming to Lubbock from the national headquarters in Kansas City, North is the second national officer to visit the campus in the past several years, the first having been Roe Bartel, national president, in 1940. The Alpha Phi Omega is a Boy's service fraternity.

On his visit here, North will confer with every member of the organization and will advise the new officers.

Following a conference with the pledges at five o'clock Tuesday afternoon, a banquet will be given in their honor, at which North is to speak. Pledge initiation will also take place Tuesday evening.

Newly elected officers, with whom North will confer are: Bob Click, president; Jim Humphreys, first vice president; Gene Hardey, second vice president; Harold Tunnell, secretary; Jim Wanner, treasurer; Maxey Pinson, reporter-historian; and Raphael Lopez-Cepera, sergeant-at-arms.

Cabaret Party Is Held By Women's Recreation Ass'n

The W.R.A. Cabaret party was held October 4 in the Gym. Freshmen and transfers were welcomed to Texas Tech campus. Play day pictures were shown giving the girls a preview to the recreation offered to Tech students during the Summer and Fall semester.

The program consisted of comic imitations by Janis Trainer and Patricia Lively; Mrs. Robert Newell, former pianist for the P.E. department entertained with her own arrangement of Maria Lena in waltz time, tango, fox trot and boogie woogie. The rest of the evening was spent in dancing. Refreshments were served to 500 freshmen and transfers.

Science Club To Follow Old Plan

Officers of the Science Club met and voted to follow the plan used in preceding years as having four meetings during the year.

The Science Club officers for the year are Prof. O. A. St. Clair, president; Miss Vivian Johnson, vice president; Cecil Ayers, secretary, and Earl Camp, treasurer.

Programs for the year will include a lecture by Dr. C. C. Schmidt about the Atomic bomb at the meeting on Oct. 24. In December the program will be a symposium on research. Textile Research will be the topic of the March 6 meeting. The last will be on May 1.

The ruby, emerald diamond and sapphire are the world's most precious stones.

Pfeiffenberger Doing Research On Machine

George W. Pfeiffenberger, who is doing research work for the Chicago Manufacturing corp., in the spinning laboratory in the Textile building has been working on a new type of cotton testing machine developed in the laboratory which may prove invaluable to the cotton manufacturing industry.

The new machine, which will test cotton for fineness in 20 minutes whereas the process at one time required four hours, is inexpensive and can be operated by inexperienced hands.

Pfeiffenberger said the government had become interested in the machine for its own laboratories. He proposes to call the process the Texas Tech cotton testing method.

He pointed out that his company selected Tech for research out of 15 colleges investigated because of the excellent equipment available and the cooperation of college officials.

"Farmers of this section have been 'extensioned' to death by the government and state about growing longer staple cotton," the cotton expert said. He is of the opinion that there is little use in the farmer growing longer staple as long as cotton is not marketed on the basis of spinning quality.

Former Techsans Visit On Campus

Mr. and Mrs. J. C. Armstrong, former students of Tech, visited on the campus this week. Mr. Armstrong, of Lubbock, has just received his discharge from the navy after serving as a lieutenant in Australia, New Guinea and Pearl Harbor. Mrs. Armstrong, the former Thelma Paine of Levelland, has been working in Washington, D. C. as secretary to Representative Mahon. Mr. and Mrs. Armstrong of Texas next semester. J. C. graduated from Tech in 1941 and plans to do work in accounting. Thelma plans to finish her major in government.

College Club Fraternity Active After Two Years

The College Club fraternity has now become active after a period of two years inactivity. President of the club is Charles Shure. Other active members are Bob Bannan, Wiley Brassell, Burton Crossen, Tom Douglas, Oliver Ramsey, and John White.

The College Club opens the formal dance season on Nov. 16 with their Eighteenth Annual Inaugural Dance.

Gargoyle To Hold Hayride In McKenzie Park Tonight

Approximately 60 members and dates of Gargoyle Society will be present on the club hayride tonight. The ride will start from the college and go to picnic grounds at McKenzie Park where there will be a steak fry.

This number attending includes the 44 new members initiated last Friday night with a series of performances in a horror chamber.

Fine Arts Group Will Meet Monday Night

The Fine Arts group of American Association of University Women will meet at 7:30 Monday night, Oct. 22, at the home of Mrs. Gordon Douglass, chairman, 2303 27th street. Miss Claudia Neely will speak to the group on crafts. All women interested in the Fine Arts work are invited to become members of this group.

Book Reviewers To Meet First Time Of Year

The Book Reviewers club will meet next Thursday, October 25, in room 102 of the Home Economics building. At this meeting Mrs. W. B. Gates will review "Cocks and Bulls in Caracua" by Olga Brillno.

The sponsor for the club this year will again be Mrs. Mary W. Doak. The new membership has been compiled, and all members are urged to attend.

Pre-Law Initiates 24 New Members Monday Evening

Twenty-four new members were initiated at the Pre-Law-IRC meeting Monday evening. Individual candle-light cross-examining by active members was given each new member. Darrell Carpenter, chief justice for the club presided over the initiation; and president, Troy Davidson, was in charge during the business meeting, following the service.

Each new member took the secret oath of the club before being cross-examined, then each one was voted upon by the members. Final pledge duties included the wearing of the black-and-white striped prisoner suits for a whole day, including time spent in classes.

The list of neophytes consists of Anne Witcher, Virginia Alexander, Dorothy Hendrick, Polly Gossett, Jo Ann Forbes, Jean Kenzie, Jane Gordon, Mary Mae Johnson, June Leftwich, Sammie Anthony, Nelva Joyce Halbert, Betty McDonald, Bonita Payne.

Robert McCullen, John Kelly Lee, Bill Braley, Bob Cooper, James Bowman, Edward J. Roberts, W. Cook, John Culver, Bill Klattenhoff, Frank Ford and Joe Ericson.

Davidson Is Elected Commander Of New Tech Organization

Tech War Veterans association met Tuesday night for its second meeting of the year. Approximately 100 veterans were present for the election officers and sponsors.

Troy Davidson, junior commerce major from Lubbock was elected Commander. Jim Humphreys, junior aggie from Kansas City, Mo., was elected vice-commander. Donald Shultz, Lubbock freshman engineering major was named secretary. Finance officer for the next semester will be Bob Bannan, junior engineer from Abilene. George Howton, freshman engineer from Palatka, Fla., was elected chaplain. Robert Pardue, freshman arts and sciences student from Lubbock was elected sergeant-at-arms. Wayne Kitley, senior arts and sciences student from Sudan was elected in the summer term for one year as Special Service officer.

Faculty sponsors for the association will be: arts and sciences division, Dr. Doyle D. Jackson, professor of education and psychology and Raymond Sidwell, associate professor of geology. Commerce sponsor elected was T. C. Root, professor and acting head of the accounting department. Two engineering sponsors, J. H. Murchough, professor and head of the department of civil engineering and Charles V. Bullen, professor and head of the electrical engineering department were elected. K. M. Renner, professor and head of the dairy manufacturing department was elected aggie sponsor.

Tentative plans were made at the meeting for a play to be given by the veterans and also for a dance in the near future.

35 Men Are Out For Basketball This Season

Thirty-five men are coming out for basketball this year including six feet, eight and one-half inch Tilly Sneed. Sneed played basketball in high school year before last and last year he worked in a defense plant near Amarillo. He was rejected by the army because of his height and he is a freshman in Tech this year. Sneed is only 19 and there may be a possibility that he can still grow a little. His home is Petersburg.

Jay Kerr, two year letterman is in charge of the basketball team this year. The boys work out three nights a week, Monday, Tuesday and Thursday. The game schedule for the year is not yet complete but it is expected to be released in the next few weeks.

Lt. Leatherman Killed In Action

1st Lt. David Leatherman, 20, son of Mr. and Mrs. L. L. Leatherman of Plainview and former Techsian, was killed in a plane crash in Japan Sept. 22.

Lt. Leatherman was pilot on a C-46 troop carrier and had served overseas over ten months. He was a student at Tech the Fall of 1942 and was enrolled in the Engineering division. Leatherman, who was in the Air Corps Reserve, withdrew from Tech in the spring of 1943 and received his basic training at Sheppard Field. He received his commission in the spring of 1944 and was stationed at Bergstrom Field immediately prior to going overseas.

Book Reviewers To Meet First Time Of Year

The Book Reviewers club will meet next Thursday, October 25, in room 102 of the Home Economics building. At this meeting Mrs. W. B. Gates will review "Cocks and Bulls in Caracua" by Olga Brillno.

The sponsor for the club this year will again be Mrs. Mary W. Doak. The new membership has been compiled, and all members are urged to attend.

Tech War Vets Hold Second Meet Of Year

Tech War Veterans association met Tuesday night for its second meeting of the year. Approximately 100 veterans were present for the election officers and sponsors.

Troy Davidson, junior commerce major from Lubbock was elected Commander. Jim Humphreys, junior aggie from Kansas City, Mo., was elected vice-commander. Donald Shultz, Lubbock freshman engineering major was named secretary. Finance officer for the next semester will be Bob Bannan, junior engineer from Abilene. George Howton, freshman engineer from Palatka, Fla., was elected chaplain. Robert Pardue, freshman arts and sciences student from Lubbock was elected sergeant-at-arms. Wayne Kitley, senior arts and sciences student from Sudan was elected in the summer term for one year as Special Service officer.

Faculty sponsors for the association will be: arts and sciences division, Dr. Doyle D. Jackson, professor of education and psychology and Raymond Sidwell, associate professor of geology. Commerce sponsor elected was T. C. Root, professor and acting head of the accounting department. Two engineering sponsors, J. H. Murchough, professor and head of the department of civil engineering and Charles V. Bullen, professor and head of the electrical engineering department were elected. K. M. Renner, professor and head of the dairy manufacturing department was elected aggie sponsor.

Tentative plans were made at the meeting for a play to be given by the veterans and also for a dance in the near future.

Elects Officers Sociology Club

Sociology club met Tuesday and elected officers for the coming year. They are: Maxine Deardorff, president; Bonita Sanderson, vice-president; Nelda Butler, secretary; Eugenia Hopper, treasurer; and Patty Hall, reporter.

The organization meets on the first and third Tuesdays of each month in room 214 of the Administration building at five o'clock in the afternoon.

Home Economics Club To Meet Tuesday Evening

Home Economics club will meet Tuesday at 7:30 p.m. in annex G of the Home Economics building. The program will consist of the initiation of new members.

A reporter will be nominated for the purpose of taking the facts of all the club news for issuance to The Toreador.

Copies of the Southwestern Philosophical Conference News Letter, Oct. 1945, number, were mailed to 800 persons this week by Dr. Archie J. Bahr, treasurer of the conference and editor of the news letter.

Southwestern Philosophical News Letter Is Mailed

Copies of the Southwestern Philosophical Conference News Letter, Oct. 1945, number, were mailed to 800 persons this week by Dr. Archie J. Bahr, treasurer of the conference and editor of the news letter.

Four Sets Of Twins Live In Craddock Hall

There is only one set of identical twins of the four sets of twins that are in Craddock hall this semester. They are Gloria and Barbara Ramsey, sophomore secretarial studies majors from Ralls.

The others are Mary and Martha Lewis, home economics majors from Dumas; Merlene and Earlene Stewart from Big Spring; and Betty and Jane Parsons from Texarkana. Betty is a foreign language major and Jane is a pre-med major. They are all freshmen.

Conference Talks Will Be Read

Six Texas Tech speech and government majors will read the speeches delivered at the final meeting of the San Francisco conference to a group of rural federated club members at New Deal next Saturday afternoon, October 20.

Louise Ince will be chairman of the group and Mrs. Jane McDonald is director. The students who will read the speeches are Robert Martin, Bob Deavenport, Floyd Sadler, Robert Cole, Troy Davidson and Eddie Aryan.

Home Economics Club To Meet Tuesday Evening

Home Economics club will meet Tuesday at 7:30 p.m. in annex G of the Home Economics building. The program will consist of the initiation of new members.

A reporter will be nominated for the purpose of taking the facts of all the club news for issuance to The Toreador.

Copies of the Southwestern Philosophical Conference News Letter, Oct. 1945, number, were mailed to 800 persons this week by Dr. Archie J. Bahr, treasurer of the conference and editor of the news letter.
