

# O'Daniel Requests Mann To Draft Valid Anti-Strike Bill

## Senator Acts To Cut Delay In Measure

AUSTIN, March 22 (AP)—Disclosing that Governor W. Lee O'Daniel had requested him to prepare a valid bill curtailing strikes and lockouts, Attorney General Gerald C. Mann said today that he would undertake the task but it would require "three weeks to a month at a minimum."

John Lee Smith of Throckmorton, senate sponsor of Governor O'Daniel's emergency anti-strike bill, which yesterday was ruled unconstitutional by Mann, meanwhile completed a proposed substitute which he said he would offer Tuesday at a hearing before the senate state affairs committee.

"If we should wait three or four weeks to get a bill out of committee," Senator Smith asserted, "we wouldn't be able to pass it because it would get caught in the calendar jam which always develops toward the end of a legislative session."

The West Texas senator voiced the opinion that the new measure was valid. He said he had no intention of referring it to the attorney general's department. Such a procedure, he explained, would necessitate delay.

Senator Smith's proposed substitute, like the original bill, would prohibit strikes or lockouts in defense industries without 90 days' advance notice. He asserted, however, that it defined national defense industries, strikes and lockouts and otherwise met the objections raised by Mann to the original measure's indefiniteness.

## France Will Get Shipment Of Flour

WASHINGTON, March 22 (AP)—The United States announced today it would send \$1,000,000 worth of flour to the short-rationed people of unoccupied France, as a gift, and informed quarters said the shipment would be a trial by the British of the practicability of relaxing their blockade.

This was taken to mean that if no benefit accrues to Germany from the shipments, the British might permit additional food to go to the territory governed by Vichy.

## Woman Prefers Clean Water To Kill Fire

IRON RIVER, Mich., March 22 (AP)—Even under the stress of fire, Mrs. George Constantine's habit of neatness asserted itself today.

Sparks from the kitchen of her restaurant, Mrs. Constantine seized a bucket but discovered it contained scrub water. Carefully she dumped it, filled the pail with clean water and threw it on the blaze.

Firemen completed the extinguishing job.

## Here And There

No one works harder at a livestock show than Ben Baskin, Dawson county agent. When the judge begins to cast a discerning eye over the animal, Ben goes through all the gyrations of an anxious football coach. We suggested he be called the Pete Cawthon of the show rings, but Ben stormed us out of it. "I can at least get into the conference," he raved with a vigor mighty good for a man who has a son who is following in his footsteps as a junior at Texas A. & M.

Cleve Blissard is an unhappy soul. His car was innocently parked near the Broadway camp, minding its own business Friday night when a truck piloted by a youngster ripped into it, smashing a door. To date the offenders have not been caught.

Dr. Frederick Koberg, home for a brief stay from his interne duties at the general hospital at Shreveport, La., says that the Cajun legends aren't all legends. Youths drafted from that area are being taught English so they can understand commands, he says. Recently, trappers returned from the Cajun country and held their Christmas, Santa Claus condescending to come out of retirement for the occasion.

Buster Herndon, Lemasa, is an amateur photographer who surmounts obstacles. Friday when rain kept the Dawson County Junior Livestock show indoors, Buster was caught without a flashlight attachment for his camera. But he did have a photoflood which he brought down so he could pose the grand champion for a shot.

## Four Destroyers Collide In Maneuver

WASHINGTON, March 22 (AP)—The navy disclosed tonight that four large destroyers of the fleet battle force collided and were damaged slightly in technical exercises at night off Pearl Harbor, Honolulu, last night.

There was no loss of life and no serious injuries to personnel, a navy spokesman said.

## Public Records

### Building Permit

J. B. Sloan to build a residence at 206 Austin street, cost \$1,200.

### Beer Application

Hearing set for March 25 on application of Cecil Tompkins to sell beer and wine at 805 E. 3rd.

### In the County Court

State versus Joe Myrick and R. L. Myrick, carrying concealed weapons.

### In the 70th District Court

Gregorio Mae Coy versus L. D. Coy, Jr., suit for divorce.

Joe Riley versus W. M. Riley, suit for divorce.

Helen Mitchell versus G. V. Mitchell, suit for divorce.

### Deeds

E. F. Springman to Cecil Westerman, lots 3 and 4, block 23, original; \$4,000.

Preaching at 11 a. m. by the Rev. Charlie Sikes, Howard Payne student.  
Main Street Church of God  
Corner 10th and Main  
Robert E. Bowden, Minister.  
Sunday school at 9:45. Morning worship at 11 o'clock, sermon by the pastor. Subject, "Go Quickly." Young People's service at 6:45, and the evening sermon at 7:30, subject, "Things That Make a Good

**Recreational News**  
Due to weather conditions the city-wide doll show to have been held at East Side playground Saturday was postponed until Wednesday at 5 p. m. Another special activity, a city-wide pet and hobby show will be conducted on the northeast side of the municipal auditorium at 10 a. m. Saturday. The general public is invited to participate. Prizes from city merchants will be donated winners in the following events: Pets—prettiest, ugliest, largest, smallest, queerest and best trained pet; in the hobby show, prettiest, ugliest, oldest, largest collection, and the rarest.

Twelve girls and one boy entered a total of 71 dolls in the individual playground doll show at ABC park Friday. Mary Lou Redwine's Shirley Temple won first prize for the prettiest, Lona Sybyl McGary second, and Martha Sue Dorton third; Mary Lou Redwine won first for the oddest, Jackie Teague second, Bernadine Smith, third; Betty Jo Barnes won first for the smallest, Mary Lou Redwine second, and Della Jane Kirkland, third. Louie Patton won first for most modern, Alice Mae Dorton second, and Nelda Muriel Smith third; Della Jane Kirkland won first for the largest, Ola Fay McGary second, and Nelda Muriel Smith third; Louie Patton won first prize for the largest collection, Dorothy Bell Briscoe second, Della Jane Kirkland, third.

The winners and most of the other entries will be exhibited in the city-wide doll show to be held at East Side playground Wednesday.

New croquet sets, softball equipment and other types of playground apparatus have been placed on East Side and Birdwell park playgrounds. Weather conditions the past week have made it necessary to close the two playgrounds. The leaders will be back on duty when the weather permits.

Piano classes have been dismissed until further arrangements for a music room have been completed at ABC park. Guitar, mandolin, violin and banjo classes will be continued on Mondays and Fridays at ABC park.

The ABC park playground has had an interested group of musicians the past week to take part in instrumental music. The use of a bass violin by Ike Myers has been quite an attraction for the playground group.

### Last Touches Made On Plans For Airport

Final touches were being put on the city's airport plans Saturday night as engineers began blueprinting plans and typing specifications.

It was estimated that transmission might be made early in the week to the district WPA office at San Angelo with speedy action indicated. City officials may follow the plans and application through the state office at San Antonio in order to expedite the matter.

Meanwhile, the city attorney, Thomas J. Coffey, drew up certificates of title for airport lands required by CAA. Condemnation proceedings were to be lodged on a quarter acre tract and on 240 acres of royalty, clearing up this phase of the program.

### Government Doubles Gasoline Purchases

WASHINGTON, March 22 (AP)—The treasury estimated today that the government would buy about 300,000,000 gallons of gasoline during the next fiscal year, approximately double this year's purchases.

Jimmie Jefferies will be master of ceremonies for the annual show of the American Legion, "Texas Stars on Parade", being presented at the Municipal auditorium 8:15 p. m., Monday, March 31. Jefferies, above, is a radio favorite in Texas, but is at his best when appearing in person. Texas Stars on Parade is the annual talent show presented by the American Legion, using talent from colleges of the state in 14 acts of novelty numbers.

### Stars To Shine At Texas Relays

AUSTIN, March 22 (AP)—Earle Meadows, world's indoor pole vault record-holder and 1936 Olympic champion, will be a special performer at the 14th Texas relays April 5. Director Clyde Littlefield announced today.

### Here 'n There

Tom Cook, Firestone manager, is in the flower seed business, ready to make complimentary distribution of packages of the Isabelle Firestone marigold, a hybrid blossom of French and African marigolds. The flower was developed by David Burpee, noted plant genius, and named in honor of the late Mrs. Harvey Firestone. The seeds are being made available to flower lovers over the nation by Burpee and the Firestone company.

### The Week

Continued From Page 1

vent damage. Instead of flooding streets, much water was held back and discharged slowly over a period of several hours.

A freezer locker plant for Big Spring is still a possibility this season. Marvin Sewell is working on the idea and has things in pretty good shape.

Relatives who have men quartered in Camp Bowie may have the opportunity of seeing just how soldiers are quartered. The guest house, available to visiting relatives, has the same type of cots, mattresses, blankets, etc.

A group of Big Spring residents driving south of Lamesa Saturday afternoon spotted a snake, funnel-shaped cloud formation many miles to the west. Jimmy Greens of the chamber of commerce promptly identified it as a tornado.

The Pastors association would like to enlist the support of service clubs in insuring success of the noonday pre-Easter services for the week of April 7. Biggest help in this direction, it has been pointed out, would be to suspend or change club meeting hours to permit active participation of the men in the services, to be held at the Ritz theatre.

Don Teel, manager of the Odessa airport up to recently, left Big Spring Saturday afternoon via American Airlines enroute to Montreal, Canada. Teel is slated to be connected with the Canadian government in some phase of flying.

A body of high ranking army officers passed over Big Spring Saturday in a chartered American Airlines craft while on a tour of inspection of army posts. The army men spent Friday night in Fort Sill, Okla., and spent Saturday night in Tucson. The tour is to be brought to a close on April 1.

### Revival Leaders

Revival leaders for the First Baptist church in a two week evangelistic campaign being launched today are the Rev. John Kee, Odessa, left, and Irby Cox, Vernon, song leader.

### ACKERLY METHODISTS TO HAVE NEW DEBT-FREE CHURCH HOUSE

ACKERLY, March 22—Ackerly Methodists will have a new debt-free church building soon.

Contract will be awarded March 31 on construction of the new rock-veneer building, which will cost \$4,000 plus use of lumber salvaged from the old building.

The old structure already has been demolished. Pending completion of his new building, the Methodists are meeting in the school auditorium.

According to the Rev. Howard Hollowell, the new church will include, in addition to its main auditorium, eight Sunday school rooms and a recreation room.

The church already has collected \$4,000 to completely finance the project.

### Ribbons Go To Livestock Winners

Livestock entries winning the first ten places at the fourth annual district club boys show Tuesday and Wednesday will be awarded ribbons according to position won.

Colors of ribbons designating awards are blue, first; red, second; white, third; pink, fourth; yellow, fifth; dark green, sixth; light green, seventh; tan, eighth; brown, ninth; grey, tenth.

Champion animal of the show will be given a royal purple award while the reserve champion will receive one of lavender.

### Oil Men Name Skelly Official New Chairman

AMARILLO, March 22 (AP)—George Berlin, an official of the Skelly Oil company at Pampa, was elected chairman of the mid-continent district of the American Petroleum Institute today at the closing session of the spring meeting.

Vice chairmen elected were L. R. Pickrell of T. C. Johnson, Inc., Wichita, Kas., for Kansas; Herbert Goodpaeter of the Keryn Oil company, Oklahoma City, for Oklahoma; and R. C. Kay, independent, of Amarillo, for the Panhandle of Texas.

H. W. Leil of the Stanfield Oil and Gas company of Tulsa, Okla., was elected secretary-treasurer, and Henry E. Miller, of the Lario Oil and Gas company of Wichita, Kas., was elected chairman of the advisory committee.

Official selection for the site of the next meeting will not be made until the new officers and advisory committee meet, but under the rotating plan Tulsa is due to be selected.

### Fred Wolcott Keeps Indoor Track Record

CHICAGO, March 22 (AP)—Fred Wolcott, blond speedster from Rice Institute, maintained his brilliant indoor record tonight by tying the accepted national indoor 40-yard high hurdle mark of 8.1 seconds in the fifth annual Chicago relays.

## 1941 GAS REFRIGERATOR

New beauty. More conveniences. Greater adaptability.

### Remember, too: only Servel Electrolux stays silent . . . Lasts Longer

"IT'S THE BEST-LOOKING YET!" women say when they see the new Servel Electrolux for '41. And when they look inside, they're thrilled with its wealth of new work-saving and time-saving features.

For the 1941 Gas Refrigerator has everything . . . including the only freezing system that hasn't a single moving part. A tiny gas flame does the work—circulates the refrigerant without noise and without wear. That's why Servel stays silent and lasts longer . . . continues so run for a few cents a day.

NEW 1941 SERVEL ELECTROLUX . . . freezes with NO MOVING PARTS

Stays silent . . . lasts longer

**SERVEL ELECTROLUX GAS REFRIGERATOR**

SERVEL FOR '41 HAS EVERYTHING . . .

All those big features that count most are yours in the new 1941 Gas Refrigerator. Here are but two of them. Left—Deer-action Fresheners for keeping vegetables and fruit moist and garden-fresh. Right—Dry or Moist Meat Storage simply by adjusting the cover.

# A REPORT to America

The Ford Motor Company's business has always been to serve the needs of the American people. In providing them with low-cost transportation for the past 38 years, we have developed one of the country's largest and most useful industrial units. During a national emergency, we feel that these facilities should be devoted without reserve to our country's needs. Toward that end we started rolling months ago, with these results:

- 1 A \$21,000,000 Ford airplane engine factory, started only 6 months ago, is nearly completed. Production will start with an initial order for 4,236 eighteen cylinder, air-cooled, double-row, radial engines.
- 2 We are building a new \$800,000 Ford magnesium alloy foundry, one of the few in the country. It is already producing lightweight airplane engine castings.
- 3 Army reconnaissance cars—military vehicles of an entirely new type—are rolling off special Ford assembly lines at the rate of more than 600 a month. We have produced Army staff cars and bomber service trucks.
- 4 The government has given the "go-ahead" and work is now under way for the fast construction of an \$11,000,000 Ford plant to produce bomber airframe assemblies by mass production methods.

5 Several months ago work was started, on our own initiative, on an entirely new 1500 horsepower airplane engine especially designed for mass production. This engine is now in the test stage and plans are being developed for producing it in large quantities when and if needed.

6 A Ford aircraft apprentice school has been established, to train 2000 students at a time.

That is a report of progress to date. The experience and facilities of this company can be used to do much of the job which America now needs to get done in a hurry. Our way of working, which avoids all possible red tape, enables us to get results and get them fast. This benefits users of our products and workers who produce them.

We are ready to make anything we know how to make, to make it to the limit of our capacity if need be, to make it as fast as we can go, and to start the next job whenever our country asks us to. And to this end, we know we have the full confidence and loyal support of the workmen throughout our plants.

# Club Boys Show Livestock Here Tuesday And Wednesday

## Animals Due To Be Of A Higher Type

Auction Sale Will Be Climaxing Event On Wednesday

Altered and probably some smaller, the fourth annual district club boy livestock show will be staged here Tuesday and Wednesday with what promises to be a uniformly higher quality in animals. This year's show, attracting more than four score calves, lambs and pigs, differs from others in that only drylot baby heaves will be exhibited in the calf division. This naturally has reduced the number entries. Setting of the show dates at a later time this season has resulted in a higher degree of finish for the drylot calves, hence the general calf quality, and that of other animals as well, has increased. Exhibiting in the show will be 641 boys club and Future Farmers of America from Howard, Martin, Glasscock, Sterling, Fisher and possibly from Taylor counties. Besides sharing in cash awards amounting to \$160, exhibitors of top calves will have an opportunity to sell their calves in one of the most favorable markets in years. By that time business men, individuals and organizations have underwritten a sale to insure a 12 cent minimum for the best calves and to scout for top lambs. The show will get underway

Tuesday morning and animals will be displayed all that day and until noon Wednesday when the winning animals will be offered for sale at the Big Spring Livestock Auction Co. barns east of the city.

The show is to be in the county warehouse in the northwestern edge of the city where racks and stalls have been fixed for the occasion. If weather is fair, R. M. Millhollen, San Angelo, judge of the show, likely will place the animals in an outdoor arena.

Sponsor of the event this year is the newly formed Howard County Fair association, a non-capital and non-profit local institution set up for handling affairs of this type.

Officials urged the general public to inspect the animals during Tuesday and to noon Wednesday. The warehouse will be kept open until late Tuesday for convenience of those who wish to view the handiwork of the club boys.

### Malone and Hogan Clinic-Hospital

Nick Renner, Lamesa, underwent eye surgery Friday.

Stella Flynn was dismissed from the hospital Saturday.

Mrs. M. L. Ekas, Kermit, who had major surgery the first of the week, continues to improve.

She Yarns To Dance at 100

TROY, N. Y.—Mrs. Johanna Jorgensen of nearby Lansingburg was sorry for just one thing when she celebrated her 100th birthday. She wished she dared to dance at the party. Nevertheless she baked her weekly batch of bread and various Danish cookies.

Prize Baby Bees will be shown by Howard county 4-H club boys in the fourth annual district livestock show here Tuesday and Wednesday. There will be a special county judging preceding the district show and ribbons will be given as awards for this division. In the upper pictures, Douthitt Clay Buchanan and Jack Buchanan line up their four calves, which show promise of plenty of good round steak, while Delbert Simpson, right, shows his two fine calves. Below, left Jerold Walker displays the animals with which he hopes to get into the prize circle; center, W. L. Wilson, Jr. has a pair of calves, one of which he believes to be the best he has yet fed; and right, Norwin Smith, Jr. comes up with two solid contenders. (Kelsey Photos).

## Mitchell County Stock Show To Open On Monday Morning

COLORADO CITY, March 22—The curtain will be rung up Monday on the 1941 edition of the Mitchell County Fat Stock show, presenting the cream of 4-H and FFA fed livestock of the county in exhibits sponsored by the Colorado City chamber of commerce. The show will be held at the livestock pavilion on the Colorado City Frontier Roundup grounds. Judging the animals will begin at 9 o'clock Tuesday morning. J. M. Bird, soil conservationist from Stamford, will be judge. An auction sale will follow the judging. Classes for FFA and 4-H club calves and barrows are provided in the show, as well as a special breeders' class. Ribbons will be given in the breeders class, while \$124 in cash prizes will be distributed in the FFA and 4-H club classes. Colorado City FFA boys will show under the supervision of F. G. Shillingburg, Westbrook, FFA boys under that of C. V. Cox, and Lorraine boys under that of Ed F. Brown. County Agent Joe C. Williams will supervise the showing of 4-H club animals. Dr. J. D. Williams is chairman of the stock show committee of the chamber of commerce, other members being Lay Powell, W. H. Rogers, Frank Kelley, I. Tucker, R. E. Gracey, E. A. Warner, Dell Barber, Jack Smith, and the four FFA and 4-H sponsors.

### Cowper Clinic And Hospital Notes

Mr. and Mrs. Junior Hubbard are the parents of a son, born Friday evening. Mother and son are reported doing well.

Mrs. J. S. Nabors was discharged Saturday after undergoing medical treatment.

A daughter was born to Mr. and Mrs. A. H. Tate at the hospital Thursday night.

"Taking the right of way" caused more injuries than any other factor involved in American traffic accidents in 1940. Approximately 235,700 persons were hurt in accidents listed under that cause.

## Sheepmen Prepare For Busy Season As Lambing Starts

FORSAN, March 22 (Sp) — Sheepmen in this area are preparing for their busiest season of the year in about a week. Lambing is due to start around April 1 and continue at peak until around April 5. This means extra employes and long hours in the saddle, for if ewes are not watched closely the rancher stands a chance at a loss. With ewes selling for a crisp \$10 bill these days, sheepmen feel they can ill afford to lose many this season. It's a hard job, too, for when sheep lie down with their backs lower than the rest of their bodies, they cannot get up and are especially helpless in the spring when heavy with lamb. With money at stake, riders must make sure their eyes are sharp.

Hardy Morgan, Lamesa, is the largest operator in this section, usually lambing about 7,000 on his Howard county place southwest of Big Spring. He has 14 sections and leases more from Mrs. Dora Roberts. Walter Gressett runs around 3,000 ewes, most of which graze on the oilfield pastures. Bill Cushing also has 3,000 ewes this year. Others who go in for sheep are Edd Douthitt with 2,000 ewes, Homer McKinley with 2,000, Mrs. Mary Chalk with 1,500, C. L. West with 1,500, and Mark Nasworthy with 1,100. Nasworthy also has 1,000 goats.

Thus, with range prospects good and little less than 20,000 lambs and kids in the offing, ranchers are sporting smiles these days. But they will have their worries before it's all over.

Baby's Doctor Gets Nickels BERWICK, Pa.—Seven hundred nickels were given to Dr. Paul M. Sutowicz of Berwick by Mr. and Mrs. Reuben Reader of Fraedland following the birth of a daughter. The parents had saved the nickels from change during the past year.

## Warehouse In Readiness For Stock Show

For the first time in the history of the four-year-old Big Spring district livestock show for club boys, there has been no worry attached to location of the show place this year. The show barn will be the county's \$6,000 warehouse building in the northwestern edge of town. After the first two shows hubbed housing difficulties, the county came to the rescue last year when there seemed no hope of finding a good show place. Erection of a warehouse building solved the problem but necessitated a show at a later date than first anticipated. This year there were no worries about completion of the show place in time for the exhibition. Washracks and electric power for clippers, water, etc. are all ready for the boys when they start bringing in their calves Monday afternoon. The building, which houses county equipment and which this year will not be given entirely over to the show, is a galvanized iron tunnel 80 feet wide and 200 feet long. It has a radial depth of 25 feet, making it an ideal place for a livestock show. In addition, the five-acre tract on which it is located is enclosed by cyclone fencing, making it possible to have judging outside without interference from traffic.

## Stock Show Season Closes

The stock show season is in its final phases for this section. Recently ended are shows at Fort Worth, San Angelo, Amarillo and Sweetwater, and now the Big Spring district club boy show is coming up Tuesday. Mitchell county's show is on the same day. The curtain is due to come down with Odessa's Sandhills show which starts Thursday and continues to Sunday. Several of the animals to be exhibited in the Big Spring show will be taken to Odessa, according to vocational agriculture instructors and county agents from other counties who are exhibiting stock here. In addition, there will be classes for adult exhibitors at Odessa as well as breeding stock divisions.

### Livestock Show Time Again

Big Spring Livestock Auction company take this opportunity to give full credit to the untiring efforts of leaders and members of these two boys organizations for their part in the development of a minor event into one of the outstanding stock exhibits in this section of West Texas.

### Big Spring Livestock Auction Co.

A. L. Cooper, Mgr.

Calves And Sheep of high quality will be exhibited by Howard county boys in the livestock show slated to begin here Tuesday at the county warehouse. Above, left, James and W. D. Coates show the four calves they have fed out for the show while Hulon McKinney, right, pins his hopes on this fat wool lamb. Against a feed background, Michael Brown shows the product of his feeding, lower left, while Jimmie Stallings, center, has a calf with good head and shoulders, and Milton Kincaid, right, looks over his pen of five sheep, out of which he hopes will come a winner. (Kelsey Photos).

## Committees Divide Stock Show Work

Committees have been designated to handle specific phases of the fourth annual district club boys' show.

Placed in a supervisory capacity over all units of the show are Bill Satterwhite and Fred Keating. Operations have been divided into about eight sub-committees.

Assigned to look after sale of stock exhibited by the 4-H and FFA kids are M. M. Edwards, A. L. Cooper, George White and Marshall Allen.

Arrangements for wash racks, hitching posts, judging rings and other incidental items needed for showing the animals are to be conducted by a group consisting of John Davis, W. J. Wilson, Satterwhite and E. J. McDaniel.

R. V. Middleton and Allen are to allocate space for each entry in the show while Lawrence Robbins has been designated as the one supervising the club boys' placements and to provide placards for each county's entries.

O. P. Griffin, Howard county agent, and L. H. Thomas have been named on the committee that is to handle arrangements for a sheep pen.

White and Thomas have been assigned the job of making provisions for concessions on the show grounds. Repps Guitlar has been named to take care of livestock weighing duties at the exhibition station. Clerks of the show are to be White and Allen.

## Over 100 Animals In Show

Total number of animals entered in the fourth annual district club boys agricultural and livestock show, held under the auspices of the Big Spring Chamber of Commerce over Tuesday and Wednesday, includes 68 calves, 35 lambs, two sows and litters and two barrows.

Designated according to counties the list is as follows:

Howard County  
Cochroma (FFA)—calves: Rube Baker (2), Eddie Mann, Charles Brown, Carl Walker, E. F. McGettes (2), D. H. Buchanan (2).

Big Spring (4-H)—calves: Carroll Coates (2), W. L. Wilson, Jr. (2), Henry Moates, Billy Ray Hambrick, J. D. Hyden, W. M. Hyden (2), Jack Buchanan (2), D. Clay Buchanan (2), Perry Alex Walker, Burrell Hull, Jimmy Stallings, G. B. Smith (2), Herschell Matther, Norris Smith, Jr. (2), W. D. Coates (2), James E. Coates (2), J. W. Clanton, Delbert Simpson (2), Willis Winters, Jr. (4) and Jerrald Walker. Lambs—Wendell Lawrence (2), Frank Thieme (3), Hulon McKinney. Sow and litter—Johnnie Ray Broughton and Horal Bailey.

Knott (FFA)—calves: Edwin Grauke, Auldon Clanton, Clifton Clanton, Norman Newton, and C. E. Hyden, Jr. (4). Fat barrows—Earl Bryant and J. B. Motley.

Glenn County  
4-H—calves: Leroy Baker (2), L. A. Baker (2), Marshall Yates (2) and Tom Estes. Lamb: Jack Erwin (2).

Jones and Taylor Counties  
Calves—Wayne Ashburn (Jones) and Clarence Harrell.

## Use Of Aluminum Under Restriction

WASHINGTON, March 22 (AP)—In a move to conserve the supply of aluminum for defense needs, the government issued an order today virtually controlling future manufacture and sale of the product.

E. R. Stettinius, Jr., priorities director of the office of production management, announced a system of preference ratings for all classes of users. The ruling also specifies the order in which all aluminum purchases shall be filled.

The action was described officially as a "new step in the control of the metal in the interest of national defense." Defense industries were given top ratings under a preference formula worked out for consumers.

## 4-H Boy From Union Shows The Winner

By JOE PICKLE Staff Correspondent

LAMESA, March 22.—Caulton Adcock, 4-H club boy from the Union community, today pocketed around \$125 from the sale of his drylot calf, "Rastus," grand champion of the second annual Dawson County Junior Livestock show concluded here Friday.

18 cents. Calves fed by H. G. Burkett, Jr., and Weldon Tennyson drew 18 1-2 cents. Top for the champion barrow fed by C. L. Mahaney was 15 cents paid by Lee Billingsley. Heaviest buyer for the show was Dan Davis for Piggy-Wiggly.

Entered in the show, staged in the seed barn just northwest of the business district, were 59 calves, lambs, and barrows. Spangenberg and Union FFA boys and Dawson 4-H club boys under County Agent Ben J. Baskin showed.

By classes, winners in order, were: Drylot heavyweight—William Rinevall, Weldon Tennyson, E. V. Dunn, Jr., Edward Grissom, Gene McLendon, Elzie Burleson, Jr., Tommy Allen, Douglas Brown, and D. L. Adcock, Jr.

Drylot lightweight—Daulton Adcock, Doyle Whitmire, Kenneth Santa, Doyle Whitmire, Finis Meeks, E. V. Dunn, Jr., Othar R. Herring, Douglas Brown, Junior Motley and Ewell Scott.

Milked light—C. L. Mahaney. Fat lambs—Tommy Allen (first three places), Earl Beard, Tommy Allen, Earl Beard, James Frustin.

Homer Ethridge, Mac Burdette, Eldon Sanders.

Light barrow—C. L. Mahaney (first three places), Elvin Bearden, C. H. Mahaney, James Frustin, Pete Strickland, Jr. (two places) and Eugene Sealey (two places).

Heavy barrow—James Frustin, Clarence Lobstein (two places) and Ewell Scott.

Best two steers fed by one boy—Doyle Whitmire, E. V. Dunn, Jr., Douglas Brown, William Rinevall, and Edward Grissom.

Best three lambs one boy—Tommy Allen and Homer Ethridge. The show was sponsored by the Lamesa chamber of commerce and attendance was large enough to crowd the spacious barn despite rain falling all Friday noon during progress of judging.

Police Make Over Blackout BOSTON—A police squad, confronted by a locked door in raiding a suspected poker game, caused a mad-as-order "blackout" by short-circuiting an electric light fuse. When two occupants ran out to fix the "blown" fuse, the police entered and arrested five men on gaming charges.

## A Salute To 4-H CLUB and F. F. A. BOYS

Big Spring, Texas

## WE'RE PROUD OF YOU, BOYS

The State National bank is proud, indeed, of the dramatic success of the 4-H Club and F.F.A. Livestock Shows held here each year . . . we are proud to know that these boys — our livestock leaders of tomorrow — are eager to grasp every opportunity to better an industry that has been the backbone of West Texas since the days of the Longhorn steer.

Like most everything else, this Big Spring affair had a small beginning . . . but now, in its fourth year, the show is developing sturdy legs of its own to stand on . . . and, although already widely known throughout Howard and adjoining counties, bids fair to become a major event in West Texas—second to none in the state!

Yours is a great work, young men, and is the direct result of closest cooperation on the part of all concerned. We're for you first, last and always—100 percent.

## State National Bank

Time Tried — Panic Tested

# Only Eight Days Remain For Automobile License Buying

## Tax Office Reports Few Tags Bought

Busiest place in town for the next eight business days will be the office of Tax Collector John F. Wolcott.

With motorists procrastinating as usual, Wolcott and his staff faced the realistic prospect of having to average more than 400 motor vehicle registrations daily from now through April 1. This means rush business, for a comparatively busy stretch last week netted only 786 registrations of all kinds on 1941 licenses.

Based on last year's records, approximately 3,400 more passenger, commercial and farm truck vehicles must be licensed by April 1. The total of all types to date is 1,612.

Wolcott appealed for drivers to register their cars and trucks as soon as possible to avoid an impossible last-minute rush. State Highway Patrolman Hardy Matthews suggested that drivers check to see if they have drivers licenses before applying for car tags. The collector urged those registering cars to bring their 1940 papers.

## Texas Crude Production Up

AUSTIN, March 22 (AP) — The average daily oil production allowable in Texas has increased to 1,370,527, the state railroad commission reported today.

Commission engineers calculated the state's actual production still was 17,879 barrels daily below the United States bureau of mines recommendation of 1,327,500.

The average daily allowable was 4,247 higher than on last Saturday. The number of producing oil wells in Texas has jumped 121 to 95,900.

## Boys At NYA Center Learn To Work With Hands

Out in the abandoned CCC camp two miles south of Big Spring 50 youths are learning to use their hands.

There the Big Spring resident center of National Youth Administration is training underprivileged boys from the San Angelo NYA district to handle tools and machinery, to create well finished products of woodwork.

In time it is hoped that each boy will know enough about lumber and tools to earn himself a living as a skilled craftsman in one of woodworking's many branches.

The NYA resident center is sort of a boarding school for young men. The curriculum is rather limited, but the practical side of the problem of making a living in

future years is watched pretty closely.

The physical plant isn't up to the standards of Eton, and the students did not come from the best part of town, but the whole crowd at the resident center are pitching in to make the most out of a bunch of odds and ends.

Foundation for the center was the group of old CCC buildings. Useless, rotting in the rain and leaking big gusts of West Texas wind, the buildings were useful to no one. The NYA boys patched the mup, covered them with cheap builders' paper to keep out the weather. They're still not pretty, but the boys keep them clean and improvements are being added.

Uncle Sam spent pretty heavily on machinery for the woodworking

shop. Saws, lathes, drills and other tools are brand new and of the best quality.

Periods of recreation are allowed, with outdoor sports predominating, but work is the main order of the day. Aside from work in the shops, the boys must be neat housekeepers. Each day 10 of the group go to the municipal airport to work on the new administration building underway there.

Biggest project facing the youths now is that of doing all millwork (door and window frames, window sashes, doors, etc.) for the airport building, and building all furniture for the structure. This work is being done as a part of NYA's agreement with the city of Big Spring which is sponsoring the center.

In addition, the center will do

woodwork for any tax-supported institution—city, county, state, school, etc.—that wishes to supply the materials.

Boys at the center are technically paid \$30 per month. Actually, they receive only \$12, the remaining \$18 going back to the center to pay their room and board. They enroll at the center for a period to range from three to 18 months, depending upon conditions at their homes, their opportunities to get private employment, and progress made in the course of study.

### STRIKE ENDS

EDGEWATER, N. J., March 22 (AP) — CIO employees of the huge Aluminum Company of America plant here voted tonight to end a ten-day strike that has tied up aluminum vital to the eastern aircraft industry.

Typical Scenes at the Big Spring NYA resident center are these snapped recently. At top left Valton Land of Stanton and Thomas Barrett of Sweetwater are busy at machines in the woodworking shop. Top left is a view of Joe B. Harrison, resident supervisor (seated), conferring with Hugh Carrington, assistant supervisor concerning the day's work. Family style, the boys sit eight to a table at mealtime, take generous helpings from big bowls and platters of plain but wholesome food until they're satisfied. The lower right picture is last in the group, but the boys do bed-making first thing in the morning. Making their bunks neatly as mother does are Clyde George of San Angelo, top, and Melvin Fleming of Sweetwater. (Photos by P. J. P.)

# AIR'S FREE

so why not use it?

GETTING right down to it, one reason why you get as much as 10% to 15% more miles per gallon from a 1941 FIREBALL Buick with Compound Carburetion is that this engine is supplied with more air.

For it is a mixture of gasoline and air that gives you power.

A single carburetor, no matter how many jets it has, can handle only so much air.

But two carburetors that function as needed, as is the case in Compound Carburetion, can meet any fuel-supply need from low-speed to heavy-power use — and always provide a well-balanced mixture.

They can double the air supply as well as the gasoline feed — and that's something you can't do in any single-carburetor car.

So Compound Carburetion gets as much as 800 miles for the gas-cost of 700 in earlier Buicks of the same size.

It also provides a walloping big bank of reserve power, which means an up-and-at-'em lift and surge that's nothing short of thrilling to experience.

And you can have Compound Carburetion, you know, on any 1941 Buick — it's only a few dollars extra on the swell big SPECIAL pictured here, and standard equipment on all other models.

**915** for the Business Coupe

**"Best Buick Yet"** delivered at Flint, Mich. White sidewall tires, state tax, optional equipment and accessories — extra. Prices subject to change without notice.
