

'Tech Salutes' Announced

Vol. 34 Lubbock, Texas, Tuesday, April 28, 1959 No. 80

WISH IT WERE MINE— seems to be the thought of aggies Roy J. Milhoan, left, and John Slihtler, as they look at the saddle which will be the prize for the champion all-around cowboy in the NIRA Rodeo.

Committee Names Leading Students

The 1959 LA VENTANA will salute 36 outstanding Tech students this year.

Students were nominated for Tech Salutes by campus organizations and final appointments were made by an anonymous committee of students and faculty on the basis of character, leadership and contributions to Texas Tech during 1958-59.

They are: **Donnell Echols** — Student Assn. president, Mr. Texas Tech.

David Steinman — Student Assn. vice president, Texas Intercollegiate Student Assn. parliamentarian, Spring Festival chairman, Who's Who.

Dan Howard — Student Assn. business manager, Student Religious Council president, Phi Delta Theta, Who's Who.

Gail Petersen — Student Assn. secretary, Delta Delta Delta vice president, junior favorite, Who's Who.

Joe Ben Hudgens — Tech Supreme Court chief justice, Who's Who, Phi Kappa Phi vice president, Phi Alpha Theta president.

PEGGY MILLER — Mortar Board president, Homecoming Queen, senior class vice president, Who's Who, Woman of the Year.

Jess McIlvain — Alpha Phi Omega president.

Johnny Gilbert — author and director of Varsity Show, Tech choir president, Who's Who, Phi Kappa Phi.

Claude Rogers — Varsity Show producer, Student Council, Who's Who, Student Union Program Council, Phi Kappa Psi.

BOB BYRD — Student Council, Who's Who, Saddle Tramps, Phi Kappa Phi.

Bob Dyer — Saddle Tramps president, Engineering Show director, Sigma Alpha Epsilon president, Who's Who, Phi Kappa Phi.

SHARLA PEPPER — head girl cheerleader, Miss Texas Tech.

Jim Bell — Circle K president, Circle K state governor, Spring Festival bicycle race chairman.

JIM THOMPSON — Tech Union president, Union Board, Who's Who, Phi Kappa Psi, BSO retreat chairman.

Don Ledwig — TOREADOR advertising manager, Student Council, Lt. governor of Texas-Oklahoma district of Circle K, community ambassador to Finland.

GERALD MYERS — Double T Assn. president, Supreme Court justice, varsity basketball, Phi Delta Theta.

Barbara McDougal — AWS president, Mortar Board, Pi Beta Phi treasurer.

BILL DEAN — Student Council, Phi Delta Theta, TOREADOR sports editor, Who's Who.

Dub Hefington — junior class president, Saddle Tramps, Kappa Sigma pledge trainer.

LINDA BUNGER — Student Council, Delta Sigma Pi vice president, Who's Who, Phi Gamma Delta, Gamma Delta.

Stan Powers — Student Council, Pi Kappa Alpha.

36 TECHSANS, Page 6 . . .

Car Wreck Kills Two

TWO TECH students, Jan Keith Eubank and Jack Donald Rutledge, died when the 1956 Ford Thunderbird in which they were riding overturned on a farm road curve east of Lubbock Sunday night.

FUNERAL SERVICES for Eubank are under the direction of Rix Funeral Home and will be held at 2 p.m. Tuesday at St. Paul's Episcopal Church.

Services for Rutledge are under direction of Sanders Funeral Home and are scheduled for 4 p.m. Tuesday at the First Methodist Church.

INTERMENT for both youths will be at Resthaven Memorial Park.

Rutledge was a Tom E. Lubbock High School graduate a junior industrial management major, and a Delta Tau Delta pledge.

Eubank was a senior chemistry major, a member of Delta Tau Delta and Alpha Phi Omega, and an ROTC officer.

THE CAR WAS reportedly going at a high rate of speed when it left the road on the curve and entered a field, turning end-over-end. The engine was torn from the car and the youths were thrown out.

The accident occurred at approximately 6:30 p.m. Sunday.

Both students lived with their parents here in Lubbock. Eubank, 21, was the son of Mr. and Mrs. J. E. Eubank of 4218-37th St.

Rutledge, 23, was the son of Mr. and Mrs. Jack Rutledge of 4201-40th St.

RUTLEDGE WAS a former Westerner football player at Tom S. Lubbock High School. He attended the University of Denver one year and was a Navy veteran.

Eubank was born in Houston and lived formerly in Lawton, Okla., where he graduated from high school.

HOLBROOK HITS BROADWAY

Tech Taps Talented

The hands of time turned back in Municipal Coliseum last March 9 when a young man named Hal Holbrook strode onto the stage and when he walked off, Texas Tech had scored another smashing success in bringing top talent to Lubbock.

HOLBROOK RECENTLY made his debut on a New York stage and was a brilliant success.

This show, "Mark Twain Tonight," has been only one of the top entertainment programs which Tech has brought to Lubbock.

Other star-studded shows included the Kingston Trio, Four Freshmen, Stan Kenton, Lil' Abner, The Diary of Anne Frank, the Canadian Ballet Troupe and many others.

AND AS AL Jolson would have said, "you ain't seen nothing yet. Tech will produce more top programs as time rolls on.

The fabulous re-creator of Mark Twain was given top billing in April 20 issue of Time Magazine in the theater section.

HOLBROOK, in his "Mark

Twain Tonight" program, strides lazily but firmly onto a stage which is set with a faded flicker flashback movie setting with a high, old-fashioned lectern, a desk with a toppy mound of books, a cut-glass pitcher of water and a McKinley-era chair.

His movements and speech are as precise as the most intricate instruments of an atom bomb and the results of his show are almost as astounding.

HOLBROOK PERFORMS with such delicacy that one may leave the show thinking that he has seen Mark Twain himself.

His makeup is even as precise as his speech and movements. Holbrook dons a white suit, displays a white wig to watch the white suit and he even attaches the well-known tobacco-stained mustache.

AFTER THE MAKEUP is applied, the personality seems to seep inside and Mark Twain lives again. Then the voice, cracked but not ruined, speaks, and the evening begins a drenching flood of comic sparks.

With the coming of the voice also comes the blasting of mankind in Twain's own vivacious and individual way. Holbrook draws Twain's satiric rapier and thrust is with more deadly accuracy than the deadliest of Cyrano de Bergerac's thrusts. The prick of Twain's wordy rapier was trusted toward the do-gooders, religious humbugs and all the assorted voodoo peddlers of his day and time.

Holbrook, who has played TV Actor Grayling Dennis on The Brighter Day for the past six years, wielded his cigar like a wand over two hours of delightfully recaptured Americana in the Coliseum and no doubt other great performers will follow in his footsteps to afford Tech and Lubbock with top entertainment in the future.

Defendants Freed In 'Liquor Trial'

by PRESTON MAYNARD

"Your honor, we find the defendants not guilty; however, there is some evidence they may have helped instigate the panty raids."

WITH THIS "verdict" read by Jim Freeman, foreman of the jury, the Pre-Law Club's mock trial drew to a close Friday night.

Gayland Pool and Joe Ben Hudgens were "arrested" for "bootlegging" Monday, April 20, and stood "trial" with Bob Arthur, president of the Pre-Law Club, serving as judge.

THE "TRIAL" saw several witnesses invoking the Fifth Amendment, notably David Pool, who was "arrested" for attempting to "purchase" certain "alcoholic beverages."

In response to a question as to whether he was in the habit of buying "liquor" on the campus, Pool stated, "I refuse to answer this question on the grounds it might incriminate me."

Hudgens, the defense called to the witness stand Mrs. Darlene Freeman, secretary in the Tech government office, who testified she overheard Miss Ruth Cowart, government instructor, say in reference to Hudgens, "He thinks he's lost his car keys; Stokes shouldn't have kept them so long."

WITH THIS "evidence" the defense attempted to prove that John Stokes, county attorney, had "framed" the defendants.

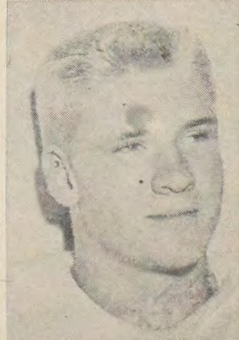

The prosecution led by John Stokes and Gerry Sherrill, based its case on the testimony of Tech Security Patrol officers Foy Addison and Tom Atchison.

PROSECUTING attorney Gerry Sherrill ended his case with the point that as Lubbock was a dry county the need for conviction was evident.

Defense attorney Holt Irby finished the defense by reference to the "good Christian background" of the defendants and the point that there was no exchange of money, therefore no actual sale.

JAN EUBANK

JACK RUTLEDGE

Maynard Is Top Staffer

Preston Maynard and Ellen Venable, sophomore journalism majors from Lubbock, were cited as outstanding staff members of the Toreador and La Ventana respectively at the publications award banquet Saturday night.

Phil Orman, assistant director of publications and master of ceremonies at the banquet, made the announcement.

EDITORS OF THE Toreador and LaVentana awarded pen sets were Ben McCarty, James Hamm, Carolyn Mimms, Jerry Martin, and Billy Ellis. Phil Orman, assistant director of publications, was also awarded a pen set and it was announced that he will serve as director of student publications next year.

Bill Whitted, journalism instructor, was given a suitcase in preparation for his trip to Northwestern University in Chicago where he will do graduate work.

CERTIFICATES OF recognition were given for voluntary staff work on LaVentana and outstanding newspaper staff work on the Toreador.

This was the first such banquet to be held and it is hoped that it will become an annual affair.

Open House Draws Assorted Visitors

This year's Home Economics Open House drew 2,071 students and home economists from large cities and colleges throughout the country.

Students from the universities of Texas, Tennessee and Oklahoma State attended the open house. Visitors from Chicago, Houston, Dallas, Fort Worth and San Antonio were registered.

BASIN STREET PERFORMERS— Cell Block 7, nationally known musician-comedians will be on the bandstand Friday night when Sigma Alpha Epsilon presents its annual Basin Street Dance at the National Guard Armory at 8 p.m. (Staff Photo)

Speech Honors Banquet Features Awards, Skits

The honors banquet sponsored by speech department will be Sunday at 7 p.m. in the Tech Union ballroom lounge.

Awards will be given for outstanding achievement in the theater, radio, forensics, speech therapy, and general speech.

SENIORS THAT are to be recognized as honored guests are: Pat Young, Marilyn Adrian, Christine (Polly) Roberson, Sonja Westfield, Elizabeth Hoyer, Gayla Caythlen Huff, Sally Miller Cartmel, Carol Lynn Blumentritt and Bill Womack.

Skits by the various speech organizations will provide a program. Sock and Buskin, Alpha Psi Omega, Forensic Union, Delta Sigma Rho, KTTG, and the speech department staff are the organizations which will contribute to the entertainment following the banquet.

ENGINEERS SET MEETING

Tech Engineering Society will have their last meeting of the year Monday at 7 p.m. in the Rec Hall.

Highlights of the meeting will be the election of new officers, presentation of the Engineer Show Awards, and presentation of scholarships for the following year.

Aggies Plan April Bar-B-Q

The Aggie Club will sponsor their annual spring barbeque tonight at 6:30 in the Faculty Club Lounge.

DR. ROBERT H. BLACK, Dean of Agriculture at New Mexico A-&M, will be guest speaker for the affair.

Tickets may be purchased for \$1.25 per person.

if you can't tread this, your specs are in J101

A pair of brown plastic-framed men's glasses was found Monday afternoon in the Journalism building. They are in a case from Luck Optical, Fort Worth.

The owner may claim these glasses in J 101.

Language Students Get Honors Today

Tech foreign language department's annual award banquet, at which awards will be given to outstanding students in each language, will be held at 6 tonight in Tech Union ballroom.

DR. G. E. GIESECKE, Tech academic vice president, will be guest speaker. "The International Exchange of Persons" is his topic. Foreign language clubs will present a program of entertainment following the address.

Tense moments will come before the naming of the outstanding students of each language. Languages with students receiving awards are Spanish, French, German and Latin.

FREE FILM AT KOENS

One roll of film given FREE with every roll developed and printed—Save 50 to 90¢ per roll.

KOEN STUDIOS

Decker Attends C E Meeting

Charles G. Decker, civil engineering professor, will attend the regional conference faculty advisors to American Society of Civil Engineers student chapters in Corpus Christi April 30.

PRIMARY objective of the conference is to maintain contact between national and student chapters of ASCE.

Decker, Tech ASCE sponsor, will remain in Corpus Christi for the Spring ASCE meet May 1-2. This meet will include student paper contest in which Joe Teller, Tech ASCE secretary, will compete with representatives from six other Texas schools.

120 Techsans Make Scholastic Society

Three faculty members, ten graduates and 107 juniors and seniors were recently initiated into Phi Kappa Phi, National honorary scholastic society.

Membership in Phi Kappa Phi is limited to ten per cent of the graduating class with up to two per cent being juniors. Scholarship is not the only factor in membership selection, as character of candidates is also examined.

DEAN OF ENGINEERING,

Union Schedules Meets Today

"Stars In My Crown," featuring Joel McCrea, Ellen Drew and Dean Stockwell, will be the featured movie in the Tech Union Sunday and Monday.

THE FREE MOVIE begins at 2:30 Sunday, and will show twice on Tuesday, at 4 and 7 p.m.

Tuesday Night's Dance Committee is sponsoring its weekly Tuesday night dance tonight in the old Rec Hall from 7 to 8:30. KSEL's disc jockey will be the record spinner and Hemphill-Wells' 'Misty' will also be on hand.

Free record albums and gift certificates will be given as door prizes.

NASM Examines Music Department

Two men will be on campus May 11 and 12 to check Tech music department for a national music organization.

PROF. E. J. SCHULTZ, head of the Oklahoma University—music education department, and Dean Albert Lukken, dean emeritus of Tulsa University music department, are representatives of the National Association of Schools of Music which is the accrediting organization for the Southern Association of Colleges and Universities.

Tech music department was awarded an associate membership in NASM in 1957.

KAM MEETS TODAY AT 5 p.m.

Anyone interested in joining Kappa Alpha Mu, professional photojournalism fraternity, should meet in the reading room of the Journalism Bldg., today at 5 p.m.

Individual effort with a reward to come next day, next decade, or in a lifetime, are what keep things going at lively pace.

John R. Bradford, in his speech, "Parking on Someone Else's Nickel," described the five essentials of leadership as "knowledge, imagination, sound thinking, initiative and hard work . . . and not a one of them available for free. There's you can't park on someone else's nickel."

THE INVOCATION was given by Dr. David M. Vigness, professor of history. Out-going president, Dr. Arthur W. Young welcomed those attending, and music was provided by The Impressions. Dr. Joe Dennis, head of the chemistry department and newly-elected secretary of Phi Kappa Phi, introduced the speaker.

President-elect is J. Wayland Bennett, professor of agriculture economics. Linda Lu Hagler, School of Home Economics, succeeds Joe Ben Hudgens as vice president by rights of fier 28, the highest grade point average among juniors.

RICHARD DURAN, associate professor of architecture, is the treasurer and Vera P. Young, math instructor, is journal correspondent.

Faculty members initiated into the society were Dean Bradford, Dr. Russell W. Strandtmann, professor of biology, and Dr. David M. Vigness.

Tech Librarian Elected Prexy

R. C. Janeway, Tech librarian, was elected president of the Texas Library Association at its convention in Houston, April 16-18.

He was chosen vice president and president-elect at last year's convention. Over 800 Texas librarians attended the convention.

Inspection Set For AFROTC

The Army ROTC Federal Inspection will be next Thursday.

The inspector will be Col. Raymond W. Darrah, ROTC Division Chief of the Reserve section of the Fourth U. S. Army, Fort Sam Houston, Texas.

ROTC cadets will be inspected on the drill field and in class. They will be inspected for alertness, knowledge, discipline, initiative, neatness, leadership and proficiency.

Block and Bridle Club Sponsors Livestock Judging Contests Here

Block and Bridle Club will sponsor their annual freshman and sophomore livestock judging contests here Saturday afternoon.

The 33rd annual freshman contest and the 11th annual sophomore contest will each include classes in beef cattle, dairy cattle, hogs, sheep and quarter horses.

ELIGIBILITY rules for freshmen allow entry by any student who has completed or is presently enrolled in animal husbandry 131 but has not enrolled for 231

and who is less than a junior in scholastic standing. First, second and third place medals will be awarded in the freshman division.

Sophomore eligibility rules admit students who have completed or are enrolled in animal husbandry 231 but not enrolled in 321 or 313, and who are less than juniors in scholastic standing.

Sophomore winners will be awarded medals for first, second and third places. High individual for the contest will be given a subscription to the livestock publication of his choice, and the high individuals in each division will receive subscriptions to their choice of journals in the type of livestock in which they won.

Techsan Wins Annual Award

Ruth Ann Strain, junior food and nutrition major from Lancaster, has been awarded the \$250 scholarship given annually by the Texas Dietetic Assn. She is the first Tech student to win the award.

To be eligible for the scholarship home economics students must have a 2.00 grade average and have completed 90 semester hours as a food and nutrition major.

Miss Strain currently holds an A.W.S. scholarship and will complete her degree work in nutrition and home economics education in June of 1960.

Miss Strain is currently house director of Casa Linda and is responsible for supervising the duties and activities of 18 women in house operation. She is also a student assistant in food and nutrition lab.

Hemmle Selected Guest Conductor

Dr. Gene Hemmle, head of Tech music department, has been selected as one of the guest conductors at the summer music camp at the University of Oklahoma June 1-6.

Dr. Hemmle, who is widely known for his work as a guest conductor and judge all over the nation, received his B.A. degree from SMU and his master's and doctor of education from Columbia. He was formerly a member of the Robert Shaw Chorale and has sung under Toscanini, Bernstein and Stravinsky.

The summer music camp is an annual event for senior and junior high school musicians on the O.U. campus.

Most of us insist on the best, and then complain about the price.

All of us learn valuable lessons as we go through life, but the trouble is that too often we learn them too late.

ADVENTURES IN SOCIAL SCIENCE: NO. 3

Today, ranging again into the fascinating world of social science, let us take up the subject of anthropology—the study of man and his origins.

The origin of man was indeed a puzzle until the Frenchman, Jean-Louis Sigafos, discovered the skull and shinbone of Pithecanthropus Erectus in Java in 1891. What Sigafos was doing in Java is, incidentally, quite an odd little story. Sigafos was a Parisian born and bred. By day one could always find him at a sidewalk cafe, sipping barley water and ogling the girls; each night he went to a fashionable casino where he gambled heavily at roulette and go-fish; in between times he worked on his stamp collection, which was one of the largest in Paris.

She was beautiful—but only by local standards

Well sir, one summer Sigafos lost his entire fortune gambling at the casino. He was seriously contemplating suicide when, quite unexpectedly, a letter arrived from one Lotus Petal McGinnis, a Javanese girl and an avid stamp collector, with whom Sigafos had been corresponding from time to time through the international stamp collectors journal. Until now the nature of their correspondence, though friendly, had been strictly philatelic, but in this new letter Lotus Petal declared that although she had never laid eyes on Sigafos, she loved him and wanted to marry him. She said she was eighteen years old, beautiful and docile, and her father, the richest man in the tribe, had agreed to give half his fortune to the husband of her choice. Sigafos, penniless and desperate, immediately booked passage for Java.

The first sight of his prospective bride failed to delight Sigafos. She was, as she said, beautiful—but only by local standards. Sigafos had serious doubts that her pointed scarlet teeth and the chicken bones hanging from her ears would be considered chic along the Champs Elysées.

But sobering as was the sight of Lotus Petal, Sigafos had an even greater disappointment coming when he met her father. The old gentleman was, as Lotus Petal claimed, the richest man in the tribe, but, unfortunately, the medium of exchange in his tribe was prune pits.

Sigafos took one look at the mound of prune pits which was his dowry, gnashed his teeth, and stomped off into the jungle, swearing vilely and kicking at whatever lay in his path. Stomping thus, swearing thus, kicking thus, Sigafos kicked over a heap of old bones which—what do you know!—turned out to be Pithecanthropus Erectus!

But I digress. From the brutish Pithecanthropus, man evolved slowly upward in intellect. By the Middle Paleolithic period man had invented the leash, which was a remarkable technical achievement, but frankly not particularly useful until the Mesolithic period when man invented the dog.

In the Neolithic period came the most important discovery in the history of man—the discovery of agriculture. Why is this so important? Because, good friends, without agriculture there would be no tobacco, and without tobacco there would be no Marlboro, and without Marlboro you would be without the finest filter cigarette that money can buy, and I would be without a job.

That's why, . . .

Without tobacco you would also be without Marlboro's sister cigarette, Philip Morris, a non-filter smoke that can't be beat. Philip Morris or Marlboro—pick your pleasure.

texas tech needs a dead 'dead week'

'LITTLE MAN ON CAMPUS' — Bibler

just some gab
tech's ugly
duckling
j.s.g.

(With apologies to Hans Christian Anderson)

Once upon a time, there lived a mother duck and all her building brood in a pleasant Western land which suited them. There was MAMA MINNIE, of course, plus SAUCY STAUD, SALAMANDER SCY, LITTLE LIBBY, JOLLY JOURNEY, DULCIE DEL SIGNO (of classical nature), ANCIENT AGGIE, CAUSTIC KEM, DANNY DORMER, the twins—EES AND WES—and lots of little ones, not new, but EXemplary. And oh yes . . . there was SPEECHLESS SAM—the Ugly Duckling.

For the most part, they were very happy. MAMA MINNIE administered to their every need with loving care—feeding them, and when they were hurt, repairing them. Well, she did all these things for all her brood—save SAM (she all but ignored him, only giving him what she had to, and then that not often.) He was sore neglected.

OF COURSE, with such fine care and attention being administered, the lucky ducklings grew prodigiously. They fattened—some adding tons at a time, it seemed. Their wings, at first spindly and weak, soon enlarged and grew strong. Every so often, though, one of the poorer of the brood would age and die, but MAMA always seemed to find replacements for them as they were lost by age or overwork. (Sad SPEECHLESS SAM sometimes felt that he would end this way, but unrelaxed.)

Needless to say, SAM never changed!!! Day after day, he stayed encased within his own boundary with never an audible whimper, his voice restricted and his eye not yet uncovered. When MAMA MINNIE would fix up all the others, restored their wings, caring for them so attentively—SAM sat sad, simply sighing! (Now, I am certain that every so often SAM'S soft, Swedish sounds were heard by MAMA, but only rarely were they acknowledged.)

AS EACH YEAR passed, SAM—so sorrowful—seemed sadder. His feathers darkened, grew not, but rather cracked and looked quite vile when passers-by bypassed him, staring. Inside, SAM had no proofing from the noise his brothers and sisters made, and he could too well hear them bragging about their new wings, new gait, new structures. When a new relative by MAMA was nearby planned or begun, he could not but hear their beginning racket; so did such sounds seep savagely sore—seive-like—through him.

Not long ago, SAM saw that DANNY DORMER was given a host of new plymates pleasant—though many now sit dormant; unsatiated, half-full! And LITTLE LIBBY, just last week or so, was told she'd be getting a larger lap wherein to lay her all-knowing eggs. (Catastrophe! LIB'S new lap rolls lasciviously near SAM—to shadow Sorrowful; sadden, smart and shame!) Old SAUCY STAUD is due a change, although only MINNIE and Heaven know the when; and near just old JOURNEY—jabbing—MAMA'S mounding CLASSY CAD, made modern with easy eyes East-fixed, yet closely clad, unclimbed.

SO SITS SAM, sorrowful, sad—and with weak voice travails;—Each time he tries to speak a speech, 'nother his cause impales.

The other story about a duck, happy-ended Happy Hans;

But this I'll have to leave distended

In hopes MAMA ministers (poor SAM some plans!

instructors' names should be printed

WITH A&H FORMS for the summer session being distributed, the fact that a segment of the student body will be registering soon is pointed up.

Students taking summer courses will be scanning class schedules, and again wondering what faculty members they will work under in the courses they will be taking.

The reason that they will be pondering this question is because the name of the instructor of a course is not printed beside the name of the course on the class schedule.

Despite the fact that a hardship is placed on the student by not knowing what faculty member he draws in a course, it is felt that the omission of the names of class instructors is beneficial in that every class section will have students in it.

The reasoning behind this attitude is that if students know what faculty members are teaching what sections, some sections will be shunned by the students.

To discourage a student from changing a section after he finds out who is teaching that section, a fee is charged for the change.

This doesn't discourage many students from making changes. If a student finds that he has a teacher who has a reputation for being "rough," or being a poor teacher, chances are that student would rather pay the fee than to take the course under this particular faculty member.

To cut down on class changes successfully, students must know which instructors are teaching each of the sections, because then they will avoid the reason for changing—a "bad" instructor.

Also, faculty members would be "graded," the weak ones—and strong ones—pointed out by the selection of classes by the students. The weak ones could then be done away with, and the Tech faculty would be stronger.

Printing the names of instructors beside the sections on class schedules would certainly prove helpful to the student body and Tech as a whole. This problem should be taken care of as soon as possible.

ONE THING THAT TECH definitely needs is a "dead" week that is actually dead preceding the period of final examinations.

During this week, students could prepare for their final exams, which have been getting progressively harder over the past few years.

To assure Tech students of a week devoted solely to study for the final exams, two things must be done; cut out extra-curricular student activities and regular classwork during this period, devoting the time to review for finals.

Cutting out extra-curricular activities during the week that is known as "dead" week has been far more successful than cutting out regular classroom work.

While the social life of Tech students slows to a crawl, instructors catch up with required course material, assigning papers to be written and giving last-minute hour exams.

Reasons given for doing this are perhaps legitimate under the present system, but the problems pointed up by them aren't unsurmountable.

Some point out that there are faculty members who would obstinately insist on covering regular material, saying that they can't possibly cover required matter without using that final week known as "dead" week.

Therefore, it is argued, students would spend their time preparing for classes taught by persons using the week to catch up on required material, and the students wouldn't receive any help from the review.

This situation could be remedied by designing courses in such a manner that required material could be covered without using dead week.

After the courses have been designed to utilize dead week solely for review, faculty members should be sure they don't fall behind, and thus be forced to use dead week for regular classwork.

Also, faculty members point out that there are some students who wouldn't use a review period even if one was offered.

What these faculty members don't consider is that there are students—possibly comprising a majority of the student body—who would use dead week for review. And these students are the ones who will be punished by not having a review period—not the students who wouldn't use a review period.

The lazier students are punished by low grades on the finals, as is befitting. There is no reason why a student who wants a review period and who will use a review period should be punished by low finals grades, just because there are a few students who would abuse the privilege of being able to review.

A dead week would certainly be helpful to the Tech student body, because of the difficulty of passing Tech finals without adequate review. It is our sincere hope that a true dead week will be instituted at Tech in the near future.

The TOREADOR, official student newspaper of Texas Technological College, Lubbock, Texas, is regularly published each Tuesday, Thursday and Saturday morning during the two long terms, excepting holidays, by students of the College as an expression of student news and opinion only.

The TOREADOR is financed by a student matriculation fee, advertising and subscriptions. Letters to the editor represent the views of their writers and not necessarily those of the TOREADOR. Letters must be signed, but may be published without signatures in justifiable instances. The views of the TOREADOR are in no way to be construed as necessarily those of the administration.

Entered as second class matter at the Post Office in Lubbock, Texas, under the act of March 3, 1947.

COLLEGE PUZZLE CONTEST

FOR STUDENTS AND FACULTY MEMBERS

2 GRAND PRIZES

Rambler "American"
Big-car roominess...
small-car economy...
tops in performance!

WIN A RAMBLER STATION WAGON!

LIGHT UP AND LIVE IT UP! 3 great cigarettes offer you 627 chances to win! So pick your pack—save the six wrappers—and get going! It's crossword puzzle fun and real smoking pleasure all the way!

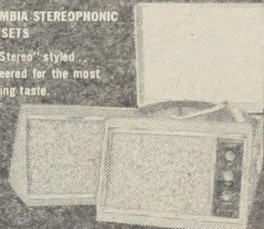

ENTER OFTEN—HAVE FUN—AND WIN! But think carefully! This puzzle is not as easy as it looks. At first the DOWN and ACROSS clues may appear simple. There may appear to be more than one "right" answer. For example, the clue might read: "Many a coed will be given her best date's P--N." Either "I" (PIN) or "E" (PEN) would seem to fit. But only one answer is apt and logical as decided by the judging staff, and therefore correct. Read the rules carefully. ENTER AS OFTEN AS YOU WISH. Good luck!

RULES—PLEASE READ CAREFULLY

- The College Puzzle Contest is open to college students and college faculty members except employees and their immediate families of Liggett & Myers and its advertising agencies.
- Fill in all missing letters . . . print clearly. Use of obsolete, archaic, variant or foreign words prohibited. After you have completed the puzzle, send it along with six empty package wrappers of the same brand from L&M, Chesterfield or Oasis cigarettes (or one reasonable hand-drawn facsimile of a complete package wrapper of any one of the three brands) to: Liggett & Myers, P. O. Box 271, New York 46, N. Y. Enter as often as you wish, but be sure to enclose six package wrappers (or a facsimile) with each entry. Illegible entries will not be considered.
- Entries must be postmarked by midnight, Friday, May 29, 1959 and received by midnight, Friday, June 5, 1959.
- Entries will be judged by the Bruce-Richards Corporation, an independent judging organization, on the basis of logic and aptness of thought of solutions. In the event of ties, contestants will be required to complete in 25 words or less the following statement: "My favorite cigarette is (Chesterfield) (L&M) or (Oasis) because . . .". Entries will be judged on originality, aptness of thought and interest by the Bruce-Richards Corporation. Duplicate prizes will be awarded in event of final ties. Illegible entries will not be considered. By entering all entrants agree that the decision of the judges shall be final and binding.
- Solutions must be the original work of the contestants submitting them. All entries become the property of Liggett & Myers and none will be returned.
- Winners will be notified by mail as soon as possible after completion of the contest.
- This contest is subject to all Federal, State and local laws and regulations.

Job Interviews Scheduled For Juniors

Attention, juniors who expect to be graduated in 1960; Chances for employment will be here on April 30 and May 1, interview dates set by the Merit System Council for the Texas State Department of Health, Austin, and the Southwestern Bell Telephone Company, Dallas.

THE MERIT System Council, invites majors in business administration, sociology, psychology, history and government to be interviewed for these positions: junior sanitarian, senior statistician, statistician, statistical assistant, and other positions in hospital services,

local health services, public health education and crippled children's service.

The Council would also like to interview majors in animal husbandry, chemistry and biology for positions as laboratory assistants, biochemists, food and drug inspectors, and junior sanitarians. Majors in accounting are needed as accountants for the department and majors in civil engineering are need for the water pollution control, and the sanitary engineering division.

PERSONS WHO are interested are invited to make an appoint-

ment regardless of status with reference to military service. Appointments should be made at the placement office at once, Ad. Bldg. 150.

Chances for summer employment are offered by the Southwestern Bell Telephone Company for juniors who will complete degree requirements in 1960. Men majoring in electrical, mechanical or industrial engineering who are interested are asked to schedule appointments at once at the placement office.

LOCATION OF jobs with this company would be in Texas—possibly Fort Worth, Dallas, Lubbock or other major cities in the state. In those cases where it can be arranged employment assignment will be in the home town.

Men employed with the telephone company should be in the

upper half of the class and have some interest in permanent employment with the Bell System. Salaries begin at \$85 per week.

There are more openings for graduates in electrical engineering than in any other two major fields.

JAMES HAMM — TOREADOR editor, Sigma Delta Chi vice president, LA VENTANA student life editor.

Janet Vines — Mortar Board, Student Council, Gamma Phi Beta president, Phi Upsilon Omicron, Who's Who.

LARRY MERRIMAN — Stu-

dent Council, Phi Gamma Delta president, Who's Who, Phi Kappa Phi.

Carolyn Mimms — LA VENTANA editor, Theta Sigma Phi vice president.

LIBBY BALZER — Mortar Board, Student Council, Kappa Alpha vice president, Phi Upsilon Omicron, AWS vice president, WIDC president.

Donna Pearson — Angel Flight drill leader, Kappa Alpha Theta.

JEAN ELLIOT — Phi Upsilon Omicron, Kappa Alpha Theta president.

Jean Brown — AWS vice president, Zeta Tau Alpha president.

JOHN SCHLITTLER — Rodeo Assn. president, Block and Bridle, Aggie Club.

CREDIT UNION MEETS TODAY

Plans for the organizational meeting now set for 4 to 6 p.m. on Tuesday, April 28, in the Women's Gymnasium (old gym), rather than in the Rec Hall as originally scheduled.

President E. N. Jones has announced a class holiday from 4 to 5 p.m. so all Tech employees may attend.

Tech Girls Receive Dietetic Internships

Three food and nutrition students have received dietetic internships from the American Dietetic Assn. to work in hospitals in Colorado, New York and California.

Joyce Robertson, Lubbock, will intern at the Colorado State Hospital in Pueblo. Amese Thomas, Abernathy, will go to a Veterans Administration hospital in the Bronx, and Jill Dodge, Pasadena, will intern at the University of California Hospital in San Francisco.

IN ORDER TO APPLY, the student must meet certain academic requirements. "They are lenient now to give students the opportunity to major in that phase of nutrition which suits them best to employment," Dr. Mina Lam, head of the food and nutrition dept. said.

After completing dietetic internships, graduates are offered positions with a salary range from \$400 to \$600. During their year training, interns receive supervisory experience in food purchasing, equipment maintenance, menu planning, room service and special foods.

TWO TYPES OF internships are hospital, which teaches the student nutritional needs under abnormal health conditions, and administrative, which trains the student to be head of a dormitory or hotel, with emphasis on serving food to healthy people.

Rodeo Queen Contest Starts

Six Texas Tech coeds began campaigning yesterday morning for Tech Rodeo Queen after being selected by the Tech Rodeo Association.

FROM THESE finalists, the Rodeo Queen, who will rule during Tech's NIRA rodeo May 4-9, will be selected on a campus wide penny-a-vote basis. Voting began yesterday and will cease at 9 p.m. Saturday at the Coronation Stomp in the Rec Hall. Individual voting boxes accompanied by photos of the finalists are placed in the Tech Union lobby.

The finalists are Linda Osborne, Phoenix, Ariz.; Genevieve Poage, Rankin; Barbara Quintanilla, Dallas; Almeida Ratliff, Lubbock; Leta Merle Roberts, Littlefield; Sue Dale Simmonds, Ingram.

GROUP SETS '59 CALENDAR

Scheduling Committee of the Board of Student Organizations meets today at noon in the Anniversary Room of the Tech Union. All interested persons may sign up at the Union newsstand before 10 a.m. this morning.

This meeting is expected to be the final one this year for the committee, with the calendar for next year being set.

Musical Opens Monday Night

"Red Stockings," a comedy, will open Monday at 8:15 p.m. in Lubbock Municipal Auditorium for two night stand as a presentation of the Junior League of Lubbock.

TICKETS ARE on sale at Hemphill Wells today and are priced at \$3 and \$4 for reserve seats. General admission tickets are \$1.

Including everything from dancing to a number by an all-male chorus, the production is under the direction of Mr. Howard Miller, a professional New York producer.

THE STORY concerns three highly respected matrons who are mistaken for burlesque artists when they arrive in New York for a convention.

Hit tunes such as "I Enjoy being a Girl" and much dancing will highlight the colorful musical.

BSO OPENING ANNOUNCED

Applications forms for BSO secretary may be obtained in Dean James G. Allen's office this week. The forms should be filled out and turned in to Dean Allen's office by May 2.

Interviews will be held May 4. The secretary of BSO is responsible for setting up the office staff, sorting mail and mimeographing minutes.

Texas Tech College BOOKSTORE ON THE CAMPUS

Red

College Station — Texas Tech's first game in a two-day series Monday when the Raiders won 11-0. The Raiders committed errors in losing and got scores of 13 hits and committed errors.

Blanton Powell was the pitcher for the Raiders. He pitched two and two-thirds innings and was relieved by Dutch Schaefer and one out. The game before being replaced by Charles Flanagan. Flanagan pitched the rest of the game and gave up one hit and no runs.

Thorn

Tech's W. L. (Dub) Thorn set a new meet record in the high jump in the 50th Annual Relays Saturday night of 6 feet, 9 inches. The record had been established by Pete Watkins of Texas Tech 16 years ago.

THORNTON missed his try at 6-2, but made it.

Red Raiders Lose To Aggies, 11-4

College Station — Texas Tech lost its first game in a two game roadtrip Monday when Texas A&M walloped the Raiders, 11-4.

THE RAIDERS committed five errors in losing and got seven hits. Texas A&M scored its 11 runs off 13 hits and committed only two errors.

Houston Powell was the losing pitcher for the Raiders. Powell pitched two and two-thirds innings and was relieved by Butch Adams who lasted one and one-third innings before being replaced by Flanagan. Flanagan pitched the rest of the game and only gave up one hit and no runs. **JACKIE MILLER** got credit for

two runs batted in with one hit in four times at bat. Ken Warren and George Gibson accounted for the other two runs for the Raiders. Bruce Boyd led the hitting for the Raiders with two hits for four times at bat.

Texas A&M was the first Southwest Conference team the Raiders have met this year. The Raiders are scheduled to go against a tough Rice team in Houston today.

BILL CURRY will probably be the starting pitcher when the Raiders move against Rice today. Rice was the victor over TCU Saturday, 2-1.

Score by innings:
Texas Tech 010 020 010-4 7 5
Texas A&M 034 310 00x-11 13 2

Tech Net Team Beat Odessa JC Today By Texas

Texas Tech's tennis team fell to fifth place in the Southwest Conference Saturday, falling to The University of Texas 6-0 in Austin.

THE LOSS made Tech's conference record 18-12. Texas now has a 12-6 mark.

In singles competition, Richard Keeton of UT handed Bob Macy his first conference loss 6-2, 6-3; Neil Drury (UT) dumped Phil Meisinger, 10-8, 6-2; Bill Hinkle (UT) defeated Johnny Kniffen, 6-1, 6-3; and Warren Zimmerman (UT) dropped Danny Scales, 6-3, 6-2.

In the doubles Keeton and Drury turned back Macy and Scales, 6-2, 6-4 and Hinkle and Zimmerman defeated Meisinger and Kniffen, 6-1, 6-2.

THE NEXT match for the Raiders is Friday against Trinity here. They entertain Rice here Saturday.

Picadors Will Host Odessa JC Today

Texas Tech's freshmen, hoping to close out another successful season, entertain Odessa Junior College here today at 3 p.m. in the finale for Coach Earl Parker's nine.

Parker has guided the Picadors to a 7-1 record up to date. The only loss came at the hands of Odessa, 12-6, at Odessa.

LAST WEEK Tech stopped OJC, 15-6, in Odessa. Tech's wins have come from South Plains Junior College (3), Amarillo Junior College (2) and Odessa (2).

Parker will probably start Del Rey Mounds (3-0) in today's game. He was the winner in the 15-6

stomp last week. Mounds also came up with a top-notch shut-out job against Amarillo two weeks ago.

The rest of the line-up should include Lawrence Savage, 2b; Bob Fouts, ss; Mike McElrath, 3b; Nick Moore, cf; Eddie Pierce, lf; Bill Boyd, 1b; Gary Samford, c; Dean Horton, rf and Mounds.

McELRATH is the leading Picador hitter with a whopping 630 batting average. Fouts is .450 and Moore is .425.

Standing by in case Mounds needs help will be Roger McEvans (2-1). Parker may also call on reserves Ken Wofford, ss; Loren Langston, lf; or Sam Gipson, c.

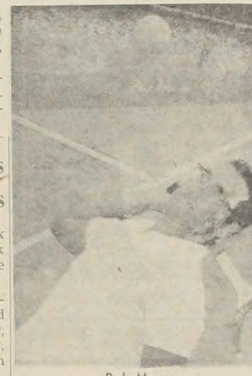

Ken Warren

Williams Drills As Shoulder Responds

BOSTON (AP) — Boston Red Sox slugger Ted Williams Monday took his first batting practice since spring training.

WILLIAMS, who has been undergoing treatment for a pinched nerve in his neck and shoulder, took a brief drill at Fenway Park, the first since he was injured in Scottsdale, Ariz.

The Red Sox are now on an extended road trip, and there is no indication when Williams may rejoin the team.

Bob Macy

Relays Set Saturday

This weekend Texas Tech will play host to at least four colleges and a number of high schools when the Red Raider Relays get underway Saturday.

WEST TEXAS State, McMurry, Hardin-Simmons and Texas Tech will be competing against each other in the college division.

High schools that have qualified for the state meet are also expected and will comprise a large field.

Thornton Tops 6-9

Tech's W. L. (Dub) Thornton set a new meet record for the high jump in the 50th annual Drake Relays Saturday with a leap of 6 feet, 9 inches.

The record had been established by Pete Watkins of Texas A&M (6-8) 16 years ago.

THORNTON missed his first try at 6-2, but made it the second try.

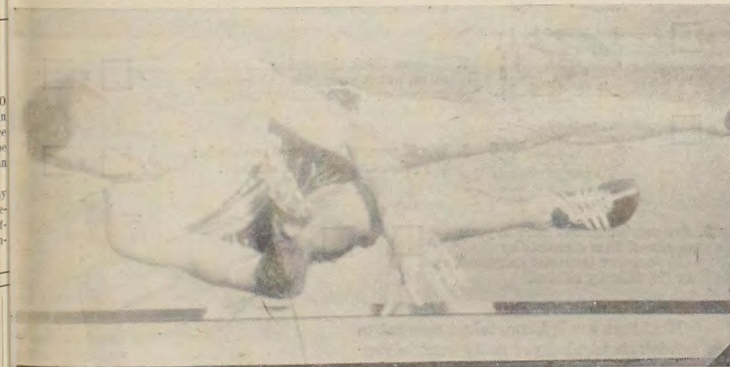

and time and duplicated this at 6-4. He cleared on his first try at 6-6, although hitting the bar.

He also cleared at 6-8 and was the only man left in the field at that point when second place finisher Ernie Haisley of Illinois, the Big 10 high jump champ, failed to go over 6-6.

THE BAR WAS then moved to 6-9 and Thornton cleared it again. He failed to go over 6-10 on a narrow miss. His injured leg gave him a good deal of trouble and had to be worked on after he finished.

This was Thornton's third successive relay win this year. He has won four of the last five, losing at the Texas Relays.

Tech Golfers Win S W C

Texas Tech's first Southwest Conference Championship was won yesterday as the Red Raider golfers became the first athletic team to achieve this goal.

Tech golfers blasted Baylor 4½-1½ to clench the title under the handicap of blowing dust. The Raiders were even up at the midway point but pulled away to win the title from TCU's Horned Frogs.

JOHN PAUL CAIN cinched the title with a three-foot putt on the eighteenth hole. Cain sank the putt; had he missed, TCU would have had a chance to tie the Raiders for the title.

John Farquhar beat Don Pergemore, 4-3. Farquhar had a 73 and Pergemore had a 77 for the course. Cain defeated Don Harmon, 2-up. Cain posted a 75 while Harmon came in with a 76. Johnny Arreaga downed Don Kaplan, 2-1. Arreaga had a 74 and Kaplan had a 79. Chris Blocker beat Jerry Coats 5-4. Blocker posted a 76 and Coats a 79.

Going into the contest, Tech was only two points ahead of the TCU team. This means that the Tech squad clinched the title by ½ a point. Had the Raiders posted a 4-2 win the Frogs would have had

the chance to tie them, with a 6-0 win at Austin against Texas.

EACH OF THE players was jubilant after the contest. It was one thing to win the conference, but it was also an honor to be the first in what is hoped to be a long line of victories over the SWC members.

The Raiders will now try for wins at the Southwest Conference Spring Meet scheduled May 7 at College Station.

LAST SATURDAY the Raiders dubbed the Texas Longhorns 6-0 to make the conference victory possible.

Do You Think for Yourself? (TAKE THIS FAST QUIZ AND FIND OUT!*)

- Which would you consider more essential to a happy marriage: (A) the mates' similarity in ages and backgrounds, or (B) their intelligence and adaptability? A B
- Which of these two famous men would you most prefer to be like: (A) King Midas, or (B) Ludwig van Beethoven? A B
- If neither party's candidate in an election was satisfactory to you, would you (A) not vote, or (B) vote for the "lesser of two evils"? A B
- If your performance in a group effort was being unjustly criticized, would you (A) settle the score directly with your critic, or (B) ignore it and let the group decide its merits? A B
- Do you believe that the meeting with your future mate is primarily a matter of (A) geography, or (B) fate? A B
- If you were to come unexpectedly into a sizable sum of money, would you (A) bank or invest it and spend only the income, or (B) take a year off to travel around the world? A B
- Do you think the saying "It never rains, but it pours" is (A) generally untrue, or (B) invariably true? A B
- Would you rather invest money in: (A) great art, or (B) diamonds? A B
- Are you influenced more in your choice of filter cigarette by (A) your own taste and judgment, or (B) friendly advice? A B

Next time you light up, take a moment to think about what you really want in your filter cigarette. Most men and women who think for themselves choose VICEROY... for the very sound reason that it's the one cigarette with a thinking man's filter and a smoking man's taste.

**If you checked (B) on three out of the first four questions, and (A) on four out of the last five, you really think for yourself!*

Familiar pack or crush-proof box.

The Man Who Thinks for Himself Knows — ONLY VICEROY HAS A THINKING MAN'S FILTER... A SMOKING MAN'S TASTE!
