

Mother Singers Featured At PTA Meet

Central Ward Has Program At The School Wednesday

Two songs given by the Mother Singers were a feature of the program given at the Central Ward school when the Parent-Teacher association met Wednesday.

"Songs My Mother Used To Sing" and "Come Where My Love Lies Dreaming" were the songs sung by the group under direction of Mrs. O. C. Schurman. Mrs. G. H. Wood played the accompaniment.

Mrs. O. L. Nabors gave the devotional and Mrs. Ann Gibson Houser read the article "Preparation to Learn Important" from the Parent-Teacher magazine.

About The Ballet—World's Fair Glamor Girl A Dancer

Whenever the tail starts to wag the dog, something is bound to happen. Zoe Del Lantis, a member of the San Francisco Opera Ballet, who did yeoman service last year in publicizing the fair at San Francisco as the Pirate Girl, learned this axiom to her great sorrow. Through stories in various national publications, the public is generally

ZOE DEL LANTIS

familiar with the fact that Zoe Del attracted so much personal publicity, the fair moguls discontinued her services as the fair symbol.

But once more Miss Lantis has come into her own. In addition to her arduous duties as a member of the San Francisco Opera Ballet, she is again at the head of the fair setup and will continue there during the summer and fall. Now she is the official greeter, again the symbol that represents Treasure Island. No important visitor or distinguished personage arrives at the fair without Zoe's official chaperonage.

The daily rehearsals of the San Francisco Opera Ballet are of tremendous importance to Zoe Del, just as they are to every artist of the company, for William Christensen, the artistic director, is an unsparing taskmaster. He accepts no excuse for absence from rehearsal. The skies may fall, yet rehearsal must go on. It is not an unusual sight to see a taxi or official car parked before the Ballet studios, waiting to whisk the attractive miss to an official reception. Governors, many of them; mayors, more of them, and any number of other important people have made their tour of the San Francisco fair under Miss Lantis' wing, then been presented at official dinners by this same charming hostess.

When the San Francisco Opera Ballet comes to the municipal auditorium next Thursday night local audiences will have an opportunity to judge for themselves the charm and loveliness of Miss Lantis, who, during the height of the early fair publicity was called the country's most photographed miss.

Class To Sponsor Review Here On January 25th

Mrs. Dale Morrison of McMurry college in Abilene will be here January 25 to review "The Nazarene," by Sholem Aesh, under auspices of the First Methodist Philathea class at the Settles hotel.

Mrs. Morrison, who is the daughter of Dr. O. E. Goddard, reconverted one of the great Methodist preachers, spoke here last July at the Methodist church.

She has traveled abroad extensively and is connected with the extension department of McMurry where she has been for the past six or seven years.

Mrs. Morrison is the mother of two daughters, one of whom is in high school and the other in McMurry. The book, "The Nazarene," which concerns the time of the life of Christ, is one of the more widely discussed new books.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). GET FASTEETH at any drug store. (adv.)

AAA Meeting Set Jan. 23

One of three AAA range meetings scheduled for mid and far West Texas will be held in Big Spring on Jan. 23, E. N. Holmgren, state AAA administrator, announced Thursday.

County committee, adjustment assistants, county range inspectors and county agents in the area have been authorized to attend the session.

Similar meetings will be held at Fort Stockton (district six south) and at Brownwood (district seven). Big Spring is in district six north.

The session is due to be kindred to one held here last February 18 when 47 representatives came from 11 surrounding counties to hear explanations of the range program.

F. V. Swain, field representative for the northern half of the district, will assist in the meeting here.

WEATHER HALTS BOMBER'S FLIGHT

ALBUQUERQUE, N. J., Jan. 18 (AP)—A transcontinental speed hop by a four-motored "flying fortress" was nipped here at 8:15 a. m. (CST) today when the army bomber was forced down because of bad weather eastward. The plane was bound from San Diego, Calif., to Dayton, Ohio.

The pilot, Major Stanley M. Upstead, and Capt. Leonard F. Harmon took off from San Diego at 2:06 a. m. (CST), hoping to make the trip in eight hours by flying at high altitude. Albuquerque airport officials said it appeared the plane would be held up all day.

Feeder Cattle Put On Auction Block At Denver Show

DENVER, Jan. 18 (AP)—The annual auction of feeder cattle held the interest of stockmen at the National Western Stock Show and Rodeo today.

Judging of all but a few classes of the record stock entries has been finished. The get-of-sire class of Herefords was judged before last night's rodeo audience, the Wyoming Hereford Ranch of Cheyenne winning first. The Silver Creek Ranch, Fort Worth, Texas, won third.

For the first time in the 1940 show, a cowboy last night bulldogged a steer in less than 10 seconds. Shory Ricker of Ranger, Tex., downed his critter in 8.5 seconds.

Dafe Adams, Odell, Tex., won the bareback bronc ride.

Awards in the breeding cattle exhibits included:

Herefords—W. J. Largent, Merket, Tex., first for heifers calved between Jan. 1, 1938, and April 30, 1938, and the Silver Creek Farms, first for heifers calved between May 1, 1938, and Aug. 1, 1938.

Add Color To Vegetables To Brighten Old Relia

By MRS. ALEXANDER GEORGE, AP Feature Service Writer

Is there pickering in your family over the same old vegetables served in the same old way? Then it's time to ring some changes. Brighten up the old reliables with a dash of sauce, savory topper or a novel flavor blend. Add color con-

TANGERINE SWEET POTATOES (Serves Four)
4 boiled sweet potatoes
1-4 cup butter
1-4 cup granulated sugar
1-4 cup water
Tangerine sections
Cut cooked sweet potatoes into halves, lengthwise. Arrange in shallow baking dish so that there will be only one layer. Heat butter, sugar and water to form a thin syrup. Pour syrup over potatoes. Bake uncovered in a moderate oven (375 degrees F.) until syrup has been absorbed by potatoes. (About 20 minutes.) Taste potatoes with syrup a few times during baking. Just before serving, place tangerine sections (unpeeled but free of membrane) generously over top of potatoes. Sugar lightly and place under broiler for few moments until tangerines are heated through.

Sweet potatoes look gay and gain a richer flavor when fixed this way—with tangerines.

trasts, and garnish touches. Cut the vegetables into different shapes and vary some by fashioning them into round, ring or loaf moulds. Put in fruits and fruit juices for subtle seasonings.

Here is a CARROT RING—new and vitamin filled. The ring can be used as a meat substitute

for luncheon, supper or dinner. Cook carrots in boiling salted water until tender, then press through a coarse sieve. Take 3 cupsful (about 3 cups of cubed uncooked will make this much) and add 2 tablespoons melted

butter, 1-4 teaspoon each of chopped parsley, onion and paprika, 2 tablespoons flour and 1-2 cup soft bread crumbs. Mix in 1-2 teaspoon of salt, 2 eggs, beaten, and 2-3 cup hot milk. Four the mixture into a well buttered ring mould. Bake 30 minutes in a pan of hot water in a moderate oven. Unmould carefully, fill and surround with creamed mushrooms, buttered green beans,

cheese sauce or buttered peas. Serve carrots and turnips together. Cut the carrots into small slices and the turnips into thin strips. Cook separately in boiling, salted water; drain well and put together with a sauce—cheese, savory or regular vegetable sauce. Chilled raw carrots in strips, find an important place on salad plates. Surround with piquant cabbage salad with cooked green beans in it.

Carrot balls go fancy when mixed in with creamed potatoes, hard-cooked eggs or celery. Cook the carrots and then cut out balls with a French vegetable cutter. Use up the leftover carrots in soups and souffles.

A mixture of grated cheese and chopped parsley dresses up the tops of plain, seasoned green beans, turnips, cabbage, onions or cauliflower. Slip under the broiler for second to brown. Grated hard-cooked egg yolks and chopped pimientos or green peppers added "rear up the tops

of scalloped mixtures. Add topping during the last 10 minutes of baking.

Corn is a good mixer. It ties up flavorfully with cooked eggplant cubes, celery, tomatoes or okra. Serve it well seasoned in creamed or scalloped forms.

For a new meat or fowl garnish there are parsnip cakes. Cook and mash parsnips, season well with salt, pepper, celery salt and butter. Shape into 1-2 inch cakes, roll in flour or cereal flakes and brown well. Or put cooked parsnip cubes into vegetable batter. Fry as usual and serve hot with celery sauce, meat gravy or creamed chicken or fish. (That's an idea for leftovers.)

Spinach is open to several serving suggestions. From cooked spinach into a buttered ring, bake 10 minutes, unmould, fill and with hot buttered beets, seasoned with a little chopped sweet pickle relish. Or sprinkle the top of the hot, seasoned spinach with chopped salted peanuts and cheese. Surround with baked apricots, generously spread with orange and lemon juices, roll in flour or cereal flakes and brown well. And a mound of spinach, covered with creamed mushrooms and with a spiced pea garnish offers a worthy change.

For a pungent sauce made to serve over green beans, cabbage, kale or onions, put a little nutmeg into a very creamy white or tomato sauce.

FATHER'S JEALOUSY GIVEN AS MOTIVE IN BABY'S DEATH

LANSDALE, Pa., Jan. 18 (AP)—Police Chief Samuel Wofford said today that Benjamin McCabe's jealousy over his wife's devotion to their infant son apparently was responsible for the slaying of the child on New Year's Day.

McCabe, lodged in jail after pleading guilty to a murder charge, retained the composure he displayed as he told police he smothered the 51-day-old boy. "I was jealous of my wife and the affection she showed the baby," he was quoted.

The baldish young WPA worker told guards at the Norristown county prison he was "glad that's off my mind."

His pretty, brunette wife, Mildred is 19.

present were Mrs. George O'Brien, Mrs. Elmo Knightstep, Mrs. Jack Dearing, Mrs. F. D. Rogers, Mrs. Rebecca Jones, Mrs. Garnett Patton, Mrs. Bob Lloyd and Mrs. Horace Dearing.

TESTIMONY HEARD ON TRADE TREATIES

WASHINGTON, Jan. 18 (AP)—Henry F. Grady, assistant secretary of state, testified today the administration's trade agreement policy was designed to correct the "flaws and weaknesses in the prosperity of the late 20's."

Asked by Representative Gearhart (R-Calif.) of the house ways and means committee whether the idea of reciprocal trade was not to "get back to prosperity," Grady replied:

"If we had had a more general understanding and cooperation from industry we could have gone further, but I think we have gone pretty far."

Gearhart asserted England's prosperity had increased over 1929 while the United States "stands at the bottom of the list after five years of trade agreements program."

Mrs. A. Z. Pittman Is Honored by Class With A Shower Wednesday

Mrs. A. Z. Pittman was honored with a pink and white shower by the East 6th St. Bethany class when it met Wednesday at the church for a monthly luncheon.

Mrs. Heinie Dillon of Lamesa was present as a guest. Names were drawn for gifts to be exchanged at the next meeting and others

FLASHING SIGNALS WOULD REVEAL THE MOTORIST'S PLANS

DETROIT, Jan. 18 (AP)—A vision of future motor vehicles "winking and blinking" the intentions of their operators was presented to the Society of Automotive Engineers convention here today by Harry C. Doane, of General Motors Corporation, who said there was a distinct need for a front view, flashing type of automobile direction signal.

"Since the pedestrian must be kept in mind as well as the motorist," Doane said, "signals are necessary at both front and rear of the vehicle; they must be located so that front signals for left

and right turns are plainly visible, not only to an approaching motorist but also to a pedestrian standing at an intersection.

Front and rear signals, he added, must have sufficient brilliance to be visible for 100 feet in bright sunlight.

"The necessity for front signals that must be plainly visible when headlights are on," he said, "stresses the need for a flashing type of signal."

AN ANALYSIS OF THE WAR DEVELOPMENTS

By DEWITT MACKENZIE

British Premier Chamberlain's emotional jettisoning of War Minister Hore-Belisha, and the ensuing public clamor of protest, inevitably have revived speculation as to the probable length of life of the septuagenarian's chieftainship.

There are plenty of political sharpshooters, especially among the younger generation, who long have been gunning for the aging but agile Mr. Chamberlain, and his present venture into no-man's land has given them fresh opportunity.

However, this isn't the first time, and it probably won't be the last, that the pugnacious statesman has paraded in the open with a saunter which has disconcerted his enemies.

It was worth a laugh, the way the premier told the house of commons in effect on Tuesday that it was none of that august body's business how he dealt with Mr. Hore-Belisha. (Pronounced Belshe-sha) or any other member of the cabinet. Chamberlain made the mother of parliaments like it, too. If that blunt viewpoint irks Mr.

Chamberlain's political opposition, still he is quite within his rights under British parliamentary procedure. The prime minister is the big boss of the cabinet.

It isn't often that the house goes out of its way to challenge a premier in the matter of a cabinet change. But the government isn't likely to go under now because of Hore-Belisha's resignation.

However, the incident is such as would worry a prime minister less self-possessed and aggressive than Mr. Chamberlain.

As things stand, it isn't probable that he will be challenged seriously before Britain encounters some war crisis. It is not the habit of the opposition in the British parliament to make difficulties for the government in war time.

Still, it is quite possible that a real emergency would produce a demand for new leadership.

Should this happen there would be at least one strong prospect for the premiership. He is the famous Winston Churchill who recently was brought into the cabinet as "first lord of the admiralty. Churchill is one of England's great men.

Another possibility, surprising as it may seem, is Hore-Belisha. Mystery still surrounds his losing of his war portfolio, but the fact remains that he is one of the outstanding figures of the day. While he may not be beloved in all quarters, still the general public likes him for the grand work he has done in modernizing and democratizing the British army.

It is my personal view that Chamberlain wouldn't surrender his position without a vigorous fight, health permitting.

I believe he will want to see the country through the war before retiring to the Bonnie River Dee for the fly fishing which he loves so much. He may have his way, too, for he is a forceful man.

John B. Stribling & Son Hereford Herd To Be Dispersed At Auction

Advancing, Hereford bull for a half interest in which Drs. W. J. and J. L. Jinkins, Galveston, Texas, paid the breeder and owner, John B. Stribling of Rotan, Texas, \$7,500. Five sons and seven daughters sell in the Stribling dispersion sale on February 5.

ROTAN, Jan. 18—One of the greatest surprises in Hereford history was given cattlemen this week when John B. Stribling & Son, nationally known Hereford breeders of Rotan, announced that their entire herd of Anxiety 4th Herefords are to be dispersed at auction on February 5. The animals are those heretofore retained in the herd and never before offered for sale. The offering consists of 20 cows, 12 heifers, 14 heifer calves, 3 herd bulls and 8 bull calves.

The Stribling annual sales have been high marks of the Hereford industry. To breeders, the dispersion of this small but select herd of Anxiety 4th Herefords will rival in importance the sale of the parent herd of Guggell & Simpson at Independence, Mo., in June, 1916, the record being that the Stribling herd has, during the past few years, become known as one of the most important fountain heads of Anxiety 4th Herefords.

Following successful sales in 1935 and 1936, Stribling attracted national attention in Hereford circles by the purchase of half the herd of Mousel Bros., well known breeders of Cambridge, Neb. Retaining a few of his selection, Stribling sold the remainder of these animals at auction on May 11-12, 1937. The top bull brought \$6,000, the top female \$3,000, and the 155 head sold for a total of \$110,145, a general average of \$695, the highest price that had been paid since the post-war boom of 20 years before. Following a series of lean years, the prices paid at this sale brought the Hereford world to a realization that the livestock industry was entering a new and more profitable era.

In his March, 1938 sale, Stribling set a new high for that season when he sold 57 Herefords for an average of \$540. Coming shortly after the business recession of the preceding fall and winter, this sale again stimulated the interest of Hereford breeders everywhere.

Later in 1938, Stribling again started the Hereford world by announcing the sale of a half interest in his young herd sire, Advancing, a bull of his own breeding, to Drs. W. J. and J. L. Jinkins, Galveston, for \$7,500. This was more than had been paid for the full ownership of any Hereford in the past 20 years. The valuation of \$15,000 remains a record. The joint ownership prevents the selling of Advancing in the Stribling dispersion sale, otherwise a new record price might be established. Stribling announces that the full ownership of this nationally known sire is a matter that must be worked out privately with his co-owners, Drs. Jinkins.

Possibly the greatest feature of the Stribling dispersion will be the sale of five sons and seven daughters of Advancing. In four previous sales, 10 sons and daughters of this bull, all selling at young ages, have averaged \$340 each.

Among the progressive Hereford breeders in the Big Spring area who have made purchases in Stribling record breaking sales are: J. B. Caultie, Big Spring; Rexie Caultie, Big Spring; W. W. Lay, Conhams; Hardy Morgan, Lamesa; Ted Morgan, Lamesa, and E. R. Tinsley, Lamesa.

All-Southwestern Roundup To Be New Stock Show Feature

FORT WORTH, Jan. 17—The All-Southwestern Roundup, where home town talent passes in review and visitors meet their former fellow townsmen, will be a new feature at the Southwestern Exposition and Fat Stock show, March 8-17 in Fort Worth.

Invitations to participate in the events have been mailed by John B. Davis, secretary-manager of the show, to 50 presidents of chambers of commerce and other civic organizations. Also a general invitation is extended to any community, town, county or civic group to take part.

The plan is to open the amusement building on the stock show grounds to the general and visiting public each morning of the 10-day exposition. Visiting delegations will bring their home town talent for 30-minute programs, which may include band concerts, quartets, tap dancers, square dancers or other talent the towns may elect to offer.

The all-Southwestern Roundup will be in progress from 9 a. m. to 1 p. m. each day. Music will be available for dancing.

John M. Hendrix, director of special events, who will be in charge of the feature, urged that entries be filed with him without delay because a maximum of 20 programs of 30 minutes each can be accommodated during the 10-day period.

"Aside from providing a meeting place for visitors," Hendrix said, "the new feature will be an opportunity for home towns to boost their own communities and forthcoming events. Also it will be a means of developing young talent in the realm of entertainment."

Ohio Strategy Indicates New Deal Plans To Keep Control Of Party

WASHINGTON, Jan. 18 (AP)—New deal political strategists indicated today that the decision of Ohio organization democrats to put a Roosevelt delegation in the field nominally pledged to Senator Victor Donahay dovetailed with plans aimed at giving the chief executive the power to name the party's 1940 nominee if he decided not to seek a third term.

Although some political analysts have expressed doubt the president could control the next convention, especially if he took himself out of the running in advance, third term advocates said Ohio's 52 delegate votes might form an important link in a chain of delegations lined up at least for a "Roosevelt man."

The new dealers, it was said, would seek other "favorite son" and uninitiated delegations favorable to the president or any candidate having his blessing. This strategy would be followed, it was explained, to avoid putting Mr. Roosevelt's name in presidential preference primaries where consent of the candidate was required as in Ohio.

Some third term boosters placed the president's potential convention strength at more than 250 already, with 551 needed for a majority, but placed a big "if" around the claim. They qualified the figure because it was based on public statements of pro-Roosevelt state leaders who may or may not be in control of their respective delegations to the convention.

To Ohio's 52, these third term advocates added Pennsylvania's 73, to be selected April 23; New Jersey's 52, May 21; Florida's 14, May 7; Illinois' 58, April 9 and 25; Missouri's 30, date not set, and New Mexico's 6, date not yet fixed.

JOKE PROVES FATAL
PHILADELPHIA, Jan. 18 (AP)—The little joke that Arthur Richter played on his wife for years took a tragic twist last night.

He would shut off the light when Martha Richter, 68, went to the bathroom, and turned it on after she protested.

Last night he flicked off the light but heard no protest. He hurried downstairs to find his wife dead on a coal pile. Detectives said she apparently received a shock from an extension line into which she had screwed a bulb and it affected her heart.

P. O. APPLICATIONS
WASHINGTON, Jan. 18 (AP)—The civil service commission announced today it would receive applications up to the close of business February 6 for postmastership at Waco, Texas.

Names of the applicants will be made public by the commission probably on February 8.

Texas Above Average On PWA Funds

WASHINGTON, Jan. 18 (AP)—Introduction in the house of the independent offices appropriations bill disclosed these facts and figures pertaining to Texas:

The allotment per capital of Public Works Administration funds in the state was \$19.21, as compared with the national average of \$16.96.

Total costs of all non federal PWA projects in Texas as of October, 1939, was \$149,229,086. Completed and uncompleted federal projects under PWA, the National Industrial Recovery Administration and Public Works Administration act 1938, as of Sept. 30, 1939, totaled \$63,203,763 on 839 projects.

United States Housing Authority (slum clearance projects)—Texas

Loans executed or approved, \$33,097,000; remarketing outstanding, \$2,170,000. In addition, these unfilled requests for earmarkings on file: Alice, \$400,000; Big Spring, \$50,000; Brownsville, \$500,000; Corpus Christi, \$1,000,000 Dallas, \$3,000,000; El Paso, \$1,500,000; Fort Worth, \$2,000,000; Harlingen, \$300,000; Houston \$9,998,000; Laredo, \$5,000,000; San Antonio, \$10,000,000.

Loans disbursed in state by Disaster Loan Corporation in calendar year 1939 up to Nov. 30—\$2,250.

Refiners Hit By Low Prices

TULSA, Okla., Jan. 18 (AP)—Low gasoline prices are being felt keenly by small Mid-Continent refiners who lack equipment to produce high octane motor fuels.

Reports of some shutdowns of small plants have been heard, and some observers declared others may suspend operations until gasoline prices move upward.

However, the same observers said high octane and aviation gasolines were showing good movement in a specialized market, along with lube oils and bright stocks.

Tank car prices of house brand gasoline and natural gasoline have weakened further in the face of large stocks. Lower natural gasoline prices have resulted in increased buying, operators said, with a result that inventories are being lowered.

A hoped for movement of motor fuel from Gulf coast ports failed to materialize and congestion of stocks there contributed to the market weakness in the Mid-Continent area.

A \$2,500,000 refinery expansion was announced by Mid-Continent Petroleum Corp., at its West Tulsa refinery. The new equipment can produce high octane gasoline, up to 90 and 100, and is expected to be in operation June 1.

Field work, slowed by the year-

end and cold weather, is beginning to shake off the doldrums. The Insley Dome field in Mississippi now has a dozen producers. About a hundred wells are looking for the Devonian lime production in the Salem field of Illinois.

The Texas railroad commission indicated it may adopt, Feb. 1, a general regulation limiting oil drilling to one well to 20 acres. The current general rule is one well to 2 1/2 acres. The purpose is to reduce drilling.

Agencies Warned To Live Within Appropriations

WASHINGTON, Jan. 18 (AP)—The budget director, Harold D. Smith, warned all federal agencies today to go into training for next year's program of reduced expenditures by living within their appropriations the current year.

He promised to be "plenty tough" on any requests for deficiency appropriations and said that, as far as practicable, he would hold up such requests for extra funds until they could be considered in relation to the general budgetary situation.

Last session, there were three omnibus deficiency appropriation acts and several individual ones. Not counting relief, which had not received a full year's appropriation, these acts added \$378,697,945 onto annual allotments already made by congress.

"I can't see," the budget director said, "why agencies should have deficiencies unless they run into emergencies or congress gives them

additional duties."

He hinted that the past practice of permitting deficiency appropriations might have led some bureaus to overspend deliberately because they thought they could get more money.

W. LEE HAS A POLL TAX—WHAT WILL HE DO WITH THE THING?

FORT WORTH, Jan. 18 (AP)—Gov. W. Lee O'Daniel had a poll tax today but whether he would use it to vote for his re-election was another question.

Elected in 1938, O'Daniel did not possess a poll tax when he swept into office in a 13-man race. But he came here yesterday on a business trip and took time out to buy the certificate which permits him to vote this year.

To all questions concerning his political plans, however, the governor was silent.

Judges Named For San Angelo Rodeo

SAN ANGELO, Jan. 18 — Pete Kerscher, Blackfoot, Idaho, and Leo Murray, Fort Worth, have been

selected as judges for the rodeo events of the ninth annual San Angelo Fat Stock Show and Rodeo, March 1-4, Culberson Deal, manager, has announced. Officials of the Cowboys' Turtle association and the Rodeo Association of America have given approval to selections made by the management, Deal said.

Kerscher was one of the judges in San Angelo last year and was also in charge of the downtown office of the rodeo. He will again be manager of the office in charge of registration of the performers and drawings for the various of the seven events on this year's rodeo program.

Assisting Kerscher will be Mrs. John Jordan, wife of the announcer for this year's programs. Mrs. Jordan was here last year and worked with the rodeo officials in keeping records of the many performers.

Murray is a former rodeo performer and is well known by members of the C. T. A.

Test Yet To Come

So the grip of the Long machine on Louisiana politics isn't definitely broken yet. Tuesday's vote cannot be taken as conclusive, since figures indicate a runoff vote—Louisiana has a double primary system like that of Texas.

It is by no means certain that Louisiana will discard Long and his forces. If he does eventually win, it will be due in part at least to the influence which memory of the dead senator wields in Louisiana affairs.

Northerner May Succeed Doughton

WASHINGTON, Jan. 18 (AP)—Representative Doughton of North Carolina steps out, as he says he intends to do next year, the last of the three top house committee chairmanships will go to a northerner, giving a new edge to an old argument.

When the democrats took over the house in 1930, southerners held the ranking position on every house committee except seven. These seven were secondary. Three southerners were at the top of the rules and ways and means committees lists, two at the top of appropriations.

In spite of efforts to re-shuffle committee assignments when the democrats took over, southerners held 23 committee chairmanships and John Nance Garner, a southerner, was speaker. The late Henry T. Rainey of Illinois, although the sixth man in seniority on the ways and means committee, got the democratic leadership post. Nineteen chairmanships went to

northerners in the shuffle. But the big three, rules, appropriations and ways and means, stayed in southern hands.

Length of service rather than the brilliance of any individual member determines his rise to a committee chairmanship.

In the ten years the democrats have held the house, the clamor of northern democrats for a stronger hand in its management has often been heard. The sharpest contest it has produced was the race of Rayburn of Texas and O'Connor of New York, former chairman of the rules committee, for the leadership in the last congress. In the decade, however, first O'Connor and then Sabath of Illinois have taken over the rules committee, Taylor of Colorado has captured appropriations, and with the retirement of Doughton, Cullen of New York would get ways and means.

In Bankhead of Alabama and Rayburn of Texas, however, the south hold the speakership and the leadership, the two top spots in the house.

Newsprint Rolls From Lufkin Mill

LUFKIN, Jan. 18 (AP)—Only minor adjustments were needed today to launch a new Texas industry—the Southland Paper Mills, Inc., at nearby Herty.

The first southern pine newsprint in world history rolled from the \$6,000,000 plant in East Texas yesterday to the accompaniment of cheers from the workers, executives and their wives. Officials said adjustments would be completed in time for commercial scale production by February 1.

Ground was broken for the huge plant a year and four days ago. It was completed Jan. 1 and the past two weeks have been devoted to tuning the machinery, chief of which is a 260-foot machine from which the finished product rolls.

Test runs had been made prior to yesterday but these were confined to the harking drum, conveyor, grinders and other equipment.

Yesterday's experiment production climaxed years of effort on the part of southern publishers and industrialists to inaugurate this new industry for the south. Experts declared the paper as fine as any newsprint produced on the American continent.

Capacity of the plant will be approximately 50,000 tons per year. Southern papers have contracted for the entire output for the next five years. Officials predicted the capacity would be increased by enlargement of plant and machinery.

Eric find to say in all this time! She bent her head, striving to disentangle words from the angry rumble of Bob's voice. She would know how to deal with Bob's anger. But there was only the low, rapid murmur which meant that Eric was still talking. She shivered a little in the warm summer evening.

Suddenly there was a new sound: the front screen closing quietly, almost silently. Eric gazed at last, thank heaven! But how strange that Bob hadn't called her in before he left! There was—there was something ominous about the way she had been ignored from first to last in this visit of Eric's!

tries should not be limited to the Aland islands (fortification) question, but should also embrace military cooperation.

Sandler's retirement from the Swedish cabinet December 18 was reported partly due to differences over his stand that the then unfortified Alands should be fortified. Finland is reported to have fortified them to help keep open communications with Sweden during the Finnish-Soviet Russian conflict.

"The islands guard the entrance to the Gulf of Bothnia. When asked why, while I was in office, I did not propose a northern military alliance," declared Sandler, "my answer is that conditions had not ripened."

In reply, Premier Per Albin Hansson said, "The idea of northern collaboration is by no means shipwrecked."

Another Turkish Area Rocked By Major Quake

ANKARA, Jan. 18 (AP)—Turkey's second major earthquake in three weeks was reported today to have killed 50 persons and injured 150 in the Nigde district, some 200 miles southeast of here.

This district, which escaped the disastrous earthquake of December 28 which killed at least 30,000 persons in northeastern Anatolia, suffered a series of heavy shocks last night accompanied by terrifying underground rumbles.

New quakes were felt in the devastated region of the December shocks—about 200 miles northeast of the new quake area—but no casualties were reported from there.

ABE MAYES MAY BE A CANDIDATE FOR GOVERNORSHIP

DALLAS, Jan. 12 (AP)—Rep. Abe Mayes of Atlanta, a leader in the fight against SJR 12 in the last session, said today that he may be a candidate for governor next summer on the old age pension issue.

Mayes, who supported Gov. W. Lee O'Daniel during his election campaign, but who broke with him when O'Daniel backed the senate measure, said he would support some candidate opposing the governor, if he does not make the race himself.

He will announce his decision as to his own candidacy about the middle of February, he said.

PLUNGES TO DEATH FROM HOTEL ROOM

AUSTIN, Jan. 18 (AP)—Mrs. Virgie Morris, 62, of Austin plunged to her death from a 12th-story bedroom window of the Driskill hotel here today.

Justice of the Peace Sam Rogers rendered a verdict of "suicide apparently caused by ill health."

Mrs. Morris, mother of Juanita Morris, owner of a local dress shop, resided at the hotel.

Her maid, Arvilla Lee, a negro, informed a newspaper reporter she had struggled with her employer in an attempt to keep her from hurling herself over the window ledge.

"I can't stand it any longer," she said quoted Mrs. Morris as saying.

PROSECUTOR NAMED

AUSTIN, Jan. 18 (AP)—Milton Tatum of Dalhart was appointed today by Governor W. Lee O'Daniel to be district attorney of the 60th judicial district.

SWELLING BEANS CAUSE LOSS OF DANISH SHIP

SAN FRANCISCO, Jan. 18 (AP)—A cargo of soy beans and not a mine which badly damaged it was the reason the 11,000 ton Danish liner Canada sank off the coast of England.

Captain Carl Knudsen, who was in command of the Canada which it struck a mine near Hull, England last November, revealed today that chances of taking the Canada into port for repairs were good until 5,000 tons of soy beans were swelled three times their size by sea water.

Even the steel sides of the vessel couldn't stop the swelling. The plates burst and the Canada sank in shallow water where later it was cut in two when another ship rammed it.

Captain Knudsen came to San Francisco in command of the liner Amerika. Many of his crew from the Canada were with him.

Hospital Notes

Big Spring Hospital Mrs. Lee O. Rogers, 1106 Sycamore street, underwent minor surgery at the hospital Thursday morning.

G. W. Graham of Coahoma, who has been in the hospital for medical treatment, has been dismissed.

Mr. and Mrs. P. A. Barrington, residing at a trailer camp on West Third street, were treated for painful burns about the face and neck Thursday morning at the hospital.

They were burned by steam from a pressure cooker which blew off while cooking food. They were dismissed Thursday afternoon.

BODY IS FOUND

GALVESTON, Jan. 18 (AP)—The body of Miss Ethel Clifford, 36, a school teacher, was found on the beach today. She had been missing since Sunday night. An inquest temporarily was withheld.

Miss Clifford was a cousin to Sue B. Mann, Alpine, district deputy state superintendent for this area, and a sister of Nasa Clifford, who taught at Knott school one year. Miss Mann was here last Saturday when she was advised that Miss Clifford's coat, with a note attached, had been found on a Galveston pier.

Weather

(Continued from Page 1)

Light snow covered the ground there.

Amarillo's forecast said temperatures overnight in the Panhandle probably would range between two and 10 degrees below zero.

Electric reported its worst blizzard of the winter, with snow and sleet driving before the high wind in 10-above weather. Paris braced against a stiff wind and 20-degree temperature, while snow started falling at Oincy.

Although no snow was predicted for the Panhandle generally tonight, livestock warnings were issued.

The wind, blowing as hard as 40 miles an hour in some sections, put a keen edge on the cold. Sweetwater said its 12 degrees was the lowest since Jan. 8, 1937, and the wind was blowing strongly.

Other reports: Midland 14 and snowing; Wichita Falls 12; Denton, Fort Worth, Brownwood 16; San Angelo, Dallas, Sherman and Galveston 15; Corsicana 19; Lubbock 9 and snowing lightly; Austin 24; Longview 21 and falling, accompanied by light rain; Brownsville 60; Corpus Christi 53; Del Rio 40; El Paso 27, Galveston 51, Houston 20.

Fort Worth's 16 was the coldest in four years. The wind there was blowing 40 miles an hour.

The shippers' forecast called for a severe freeze northward from Dallas tonight with temperatures around 10 and colder.

COLD ELSEWHERE

By The Associated Press Intensely cold weather gripped the United States Thursday from the northern Rocky Mountains to the frozen cornfields of Indiana. It was 29 degrees below zero last night in most of Wisconsin

and Minnesota, the Dakotas, and Iowa and Montana. Lemmon, S. D., reported a temperature of 30 below.

The severest cold wave of the season descended upon New England, driving temperatures down to 21 degrees below zero at ground level stations in the northern districts.

Forecasts generally promised no relief until the weekend. The cold-kill cold that extended across 25th Dakota was the worst in four years. In some counties schools were closed.

A snowstorm which had raged over Wyoming since yesterday was abating in temperatures which reached -32 at Cody. In northwestern Oklahoma it was snowing hard, with drifts blocking some highways.

An official minus 14 gave Chicago its coldest day since February, 1938.

Seek Cause Of Fire Fatal To Four

HOUSTON, Jan. 18 (AP)—Investigators poked about the ruins of the Salvation army social service center today, seeking the cause of the blaze in which four men died yesterday.

Arson Investigator Clell Thorpe said it was his unofficial opinion that old newspapers, magazines and tags stored in the rear of the first floor of the two-story structure were ignited in some way—"how we don't know."

Maj. Albert Baldwin, regional supervisor of the organization's social service institutions, arrived by plane from Atlanta, Ga., to aid in arranging for a substitute structure.

The 16 survivors of the fire will be sheltered at the Salvation Army's men's lodge until another building is located.

Courts

them rules and regulations—imposed by executive agencies.

"Enactment of the bill would have the effect of protecting the citizen against the tyrannical use of authority by executive agencies."

Senator Minton (D-Ind.), who led the demand for reconsideration of the bill last year, declared that, if enacted, it would be "the answer to a defense lawyer's prayer."

"It would be obstruction compounded," he continued. "All the rule-making of boards and commissions would be transferred to the courts. This not only would tie the hands of the boards and commissions but would swamp the courts."

The bill would permit federal courts to review the facts developed by federal agencies in promulgating regulations, as well as the rulings themselves.

The controversy over the Logan bill shared attention with continued discussion of a proposed additional loan to Finland.

MEETING POSTPONED

Raymond Lee Johns, manager of the Lamesa chamber of commerce turned back from here today when cold weather disrupted plans for the Chamber of Commerce Managers Association of West Texas at McCamey, J. H. Greene, Big Spring manager, and scheduled to appear on the program, did not go.

Bill Collins, Midland, said he had contacted McCamey officials and it appeared that the meeting would be postponed.

3 Pct. Tax Discount Brought In More Than Half Of West Texas Collections During October

By ALEX LOUIS
Herald Austin Bureau
AUSTIN, Jan. 18—A three per cent discount allowed for early payment of taxes brought in more than one half of the annual taxes levied against West Texas property in October, first month of the current fiscal year, according to a compilation made by State Comptroller George H. Sheppard.

Among the counties which did not offer the discount, Borden showed the best record in October collections, taking in 56.20 per cent of the total assessments.

Shipbuilding Gathers Speed

LONDON, Jan. 18 (AP)—Revival of shipbuilding in yards growing rusty with years of idleness today topped long-range plans being shaped by Great Britain to multiply her war power by spring.

Other measures reliably reported to be claiming attention of the war cabinet include higher barriers against imports of non-essentials and rationing of supplies other than foods already on a quota basis.

Meanwhile Raoul Dautry, French minister of armaments, and Leslie Burgin, British minister of supply, after conferring here reached agreement on details of pooling British-French manufacturing resources.

THREAT OF REVOLT HEARD IN MEXICO

MEXICO CITY, Jan. 18 (AP)—Influential members of the permanent commission of congress today warned the Mexican people that General Juan Andreu Almazan intended to "take up arms should he lose the election" next July.

Five Vessels Lost At Sea

OSLO, Jan. 18 (AP)—Two Norwegian steamers were reported today to have been torpedoed and sunk in European waters within the past 24 hours.

Fourteen of the crew of one vessel were missing, while all aboard the second were rescued.

Owners of the 1,590-ton Norwegian steamer Fagerhelm reported she had been torpedoed in the Bay of Biscay on a voyage from Africa to England.

A group of survivors from a torpedoed Norwegian vessel, presumably the Fagerhelm, reached Vigo, Spain, last night. Five persons were injured, including the captain who had two legs broken.

Reports were received that another Norwegian ship, the 1,140-ton Enid, had been torpedoed and sunk off the Shetland Islands. All her crew were reported saved.

LONDON, Jan. 18 (AP)—The crew of the 5,404-ton British vessel Cairross, landed at a southwest port today, reported that their ship sank within an hour after striking a mine last night off the English west coast.

STOCKHOLM, Jan. 18 (AP)—The 2,342-ton German steamer August Thyssen sank this morning off the Aland Islands at the mouth of the Gulf of Bothnia, after striking a mine believed to be Swedish.

The crew took to the boats which, at midday, were drifting southward, surrounded by masses of broken ice. A Swedish warship was trying to reach the survivors.

LONDON, Jan. 18 (AP)—Reuters, British news agency, reported today that the 803-ton Danish steamer Olga was wrecked on the rocks of southern Norway near the Torungen lighthouse. The crew of 18 reached Arendal four hours after the ship went aground.

QUADS GET NAMES, A GUARDIAN AND LEGAL COUNSEL

NAUVOO, Ala., Jan. 18 (AP)—Alabama's four-day old quadruplets all had names today, in addition to two guardians, an advisory committee and legal counsel.

The three girls were named Faith, Hope and Charity after the birth of the four infants Sunday to Mrs. Clyde Short, wife of a tenant farmer and part-time coal miner.

Yesterday their brother was named Franklin after a maternal uncle. Dr. H. J. Sankey, country physician who delivered the babies by the light of an oil lamp, said he and their father had been named joint legal guardians.

Mayor F. L. Dodd headed an advisory committee, named with the approval of Short after gifts and proposals began to pour in from all parts of the country.
