

Freshmen Encounter Busy First Week

TOREADOR

THE TEXAS TECHNOLOGICAL COLLEGE

Vol. 13

Lubbock, Texas, Thursday, September 19, 1957

No. 1

INSPECTING FACILITIES in Tech's new women's dorm, open to residents for the first time this fall, are two of the Tech coeds who are among the initial occupants. At right is Sandra Shields, junior from Waco, as she discusses the merits of the dorm with her roommate, Nancy Morrow, Littlefield senior. One of the features of the new dorm is its elevator, although it is not designed to deprive its occupants of their daily exercise. The elevator was designed as an aid in transporting luggage, and proved its worth as the girls moved in this week. Other conveniences include beds that fold into couches and sliding closet doors.

Elevators Prove Useful to Girls in New Dormitory

By MARY ALICE ATCHISON
Toreador Copy Editor

A self-service elevator in the new women's dorm actually proved to be "worth its salt" Tuesday when students began moving in. A sad note, though, is that the elevator will be used only for freight and not for transportation.

Until the dining room and kitchen are finished, the girls are eating in Horn, Knapp, Drane and Doak Halls.

Another new feature of the dorm will be an informal lounge where the girls may wear bermuda shorts or pedal pushers. There will also be a formal lounge. A project for the new residents will be to buy a TV set. Also each floor has an ironing room with some storage space included.

The dorm, which is costing an estimated \$1,895,000, is an L-shaped structure in modified Spanish Renaissance architecture. Accommodating approximately 375 women and the house mother, Miss Alice May, the rooms boast of built-in furniture, added storage space, double duty beds and sliding doors.

There are two built-in chest-of-drawers and a special-design bed. The bed is a couch by day by pushing it ten inches under a permanent bolster which is attached to the wall. The bolster also can be used as a shelf. Over each bed there is a recessed picture mold and three storage drawers are built-in under the beds.

Two closets with sliding doors grace each room. The sliding doors save space, since they do not open out in to the room. Over the closets and entrance door are three storage spaces with sliding doors.

Each student has a separate built-in study desk with built-in bookcases. A double-arm study lamp and cork tackboard are built above each desk. Every room has two windows and all the furniture is white oak wood. A lavatory is built-in each room to the left of the door and the floors are of asphalt tile. Each lavatory is painted a pastel color to harmonize with the color scheme of the room.

BEN McCARTY
Toreador News Editor

"Busy all the time" has been the experience of the entering freshmen at Tech this fall.

Moving in began Sunday with roommates meeting roommates in long awaited acquaintances, boys turning out in mass to the girls dorms to greet the cute newcomers and to help with the suitcases and ended with farewells to the parents.

The first event of the freshman program was a mass meeting, at 8 a.m. on the Administration Building Green where they received instructions for activities in the remaining part of the orientation program.

After a 45 minute meeting on the Green, the freshmen received the first barrage of a battery of entrance tests. Testing Monday ended at 5 p.m.

Between 4 and 5 p.m. tryouts were held for places in the orchestra, choir, band, chorus and Madrigal Singers.

The Freshman Reception was at 7:30 p.m. in the Union Building. Pres. and Mrs. E. N. Jones and other Tech leaders met with the freshmen.

Highlights of the pre-registration program Tuesday included a student traffic meeting on the Administration Building Green and a freshman convocation on Tech student services in the Lubbock Municipal Auditorium.

A "Meet Texas Tech Personalities" program was held in the Auditorium at 7:30 p.m. Academic advisement was conducted throughout the day and continued Wednesday.

Regular fall semester registration began at 1 p.m. Wednesday and will continue each day until 3 p.m. Saturday.

Three special events were held for the Freshmen Wednesday. The Big and Little Sister party, sponsored by the Association of Women Students, was at 7:30 p.m., and at the same time the freshmen boys had a stag party on the Green, sponsored by the Student Council.

These two parties were followed by a freshman mixer at 9 p.m. in the Union Building.

Thursday night has been designated by Tech and religious leaders as the time for Church parties and receptions welcoming new and returning students.

Regular classes will begin Monday.

Enrollment High Predicted For Second Straight Year

For the second consecutive year Tech will have a record enrollment.

Registrar Warren Clement says enrollment will probably reach 8,500 — 300 short of the long-range prediction of 8,800, but 445 more than last fall's enrollment of 8,055.

Tech became the second largest state-supported college last fall.

Entering freshman will total 3,000, which is a four per cent increase over last year.

Trailing the large freshmen class will be the sophomores, 1,944; juniors, 1,665; seniors, 1,615, and graduates, 355.

Engineering will have the largest increase of any school, according to Clement.

Arts and Sciences and Business Administration will increase slightly, with Home Economics and Agriculture remaining the same.

Registration started at 1 p.m. yesterday and will continue through 3 p.m. Saturday. Classes will begin 8 a.m. Monday.

Late registration is scheduled for Wednesday. All Fees must be paid by that time. There will be no registration between Wednesday and Friday.

Registration for evening and Saturday-only classes will be from 5-7 p.m. Monday through Thurs-

day. Classes will begin at the first class meeting after registering.

All IBM cards must be stamped paid before students can be enrolled in a class.

A \$3 fee will be charged for all class changes after a schedule has been approved.

Housing will be adequate this year, Clement says. The new women's dorm will be opened this year, with two new men's dorms scheduled to open next year.

Freshman Council Positions Open

Petitions for Freshman Council became available yesterday in the Student Council office.

Any freshman registered for at least 12 semester hours and with a one point over all average can take out a petition. The petitions must be back into the Student Council office Tuesday signed by 75 members of the freshman class.

Representatives will be elected from each dorm and eight representatives will be elected from off campus in the election Sept. 27. Later nine members from all of the freshman class will be elected. That election will be Oct. 9.

Rules for the campaign proceeding for the election Tuesday are that each candidate is allowed no more than ten posters, no larger than 10 by 30 inches, and no banners. All posters must be taken down 24 hours after the election.

TV Debut by Choir Highlights Year

A schedule by the Red Raider Choir on the Ed Sullivan Show will highlight the music department's activities for this year.

Ed Sullivan will contribute \$1,000 to help meet expenses, says Gene Hemmle, head of the music department and choir director. A date has not been set for the appearance.

Following the appearance on the Ed Sullivan Show, the choir will serve in the capacity of official choir at the Lion's International Convention in Chicago next summer.

Another activity of the music department is the forming of a Men's Glee Club, with Gene Kinney as director. They meet Mondays, Wednesdays and Fridays at 5 p.m.

Another music department organization, Opera Theatre, will present several opera scenes throughout the year. The group meets on Tuesdays and Thursdays 3-5 p.m. Charles Lawrie is director.

Tech Band has a spring tour and two out-of-town trips planned for this year. D. O. Wiley directs the band.

A Christmas concert is planned by Tech Symphony Orchestra, directed by Keith McCarty, and

Tech Civic Chorus, directed by Gene Kinney.

The Madrigal Singers will sing for the Lubbock Women's Club, and will make trips to Amarillo and Abilene. They will be featured on Twilight Music Hour, sponsored by the museum.

Students desiring to try out for any of the music department's organizations should contact Gene Hemmle at the music building.

Tech Recommended For TV Station

Millard F. French, Communications Commission Examiner, has recommended in Washington that Tech be given authorization to operate an educational television station over channel five.

KDUB-TV and KCBD-TV have pledged financial assistance to help provide the area with educational television service.

Tech first became interested in educational television in 1953 when W. D. Rogers Jr., president and general manager of Texas Telecasting, Inc., operators of

KDUB-TV, and Joe H. Bryant, president of Bryant Radio and Television Co., operators of KCBD-TV, were appointed as advisors to the Tech radio and television effort.

The FCC first granted KFYO the permit to telecast over channel five, but the station returned it to the FCC a year later.

Tech applied for the channel in 1955, with Odessa filing a competing application in 1956, but withdrawing in March of this year.

U. S. Exams Revised

The U. S. Civil Service Commission has revised and reissued the announcement of the currently open examination for engineers, thus incorporating examinations for various specialized branches of

engineering which were formerly publicized under separate announcements.

To qualify for these positions, applicants must show appropriate education or experience in engineering. Applications will be accepted from students.

Saturday Deadline Set

Feature article writing, offered for the first time, will highlight 58 courses in 18 fields of study in evening and Saturday-only classes.

Registration will be held 5-7 p.m. Monday through Thursday through Thursday, and 8 a.m.-12 noon on Saturday. Enrollment will begin Ad. 219.

Wallace E. Garets, journalism department head, said he hopes the course in feature article writing will be the first of many night journalism courses.

Courses will be offered in accounting, applied arts, business law, insurance law, oil and gas law, management, secretarial administration, education, English, journalism, math, speech and psychology.

Pep Rally Set Friday

Speakers, a skit and yells will highlight the pep rally tomorrow night at 7 which kicks off Tech's football season and precedes Tech's opener with West Texas State Saturday night.

The rally, sponsored by the Student Council, will feature Dr. J. William Davis, head of the government department, as speaker. The Panhellenic Council will present a short skit and comments will be made by Raider co-captains Charlie Moore and Pat Hartsfield.

Introduction of football players will feature the rally and the Red Raider band will play fight songs.

Introduction of new yells and chants will be handled by cheerleaders Susie Miller, Bill Beas, Stan Powers and Shari Pepper and Dick Sewell head boy and girl cheerleaders.

La Ventana Issues Call For Staffers

La Ventana Editor Pat Cullum stressed the need for experienced departmental editors and staff members, experienced or not, who

are interested in layout, copy writing and copy fitting in a staff meeting Tuesday.

"Our aim for 1958 is a friendly yearbook, not so large and stuffy that it looks like a Sears and Roebuck catalogue," Miss Cullum said.

The book is well ahead of schedule. Campus scenes and building pictures were shot last summer while foliage was green and by using a red filter the dramatic cloud and sky contrast in the background was brought out.

Art editor Howard Humphrey met with the editor during the summer and he has completed much of his art work. Humphrey is a senior advertising major from Lubbock.

Other staff members at the meeting were Nancy Nelson of Fort Worth, associate editor; Martha Watson of Lamesa, assistant editor; and Marilou Douthitt of Avoca, business manager.

Appointed division editors were MaLinda Howell of Fort Worth, Barbara Bryant of Fort Worth and Marsha Leheav of Arlington. Sale of the La Ventana will continue throughout registration. Club and organizational presidents will be contacted shortly concerning a subscription contest.

La Ventana's bought during registration will count in the contest, which will offer free space to the winning organization.

Koen Studios will again shoot class pictures. Koen's has two locations to speed up the process in an attempt to complete class pictures earlier than in previous years. Announcements of when individual class pictures are to be made will appear in the Toreador in the near future.

Doctor Develops Successful Vaccine

By THE ASSOCIATED PRESS

BALTIMORE, Sept. 18 — The first successful vaccine against a major common cold virus was reported tonight. The Baltimore Sun said the vaccine was developed by Dr. Winston H. Price, Johns Hopkins University scientist.

In a copyright story in tomorrow's paper, Sun science writer Weldon Wallace reported the vaccine prevented colds caused by the JH virus in 80 per cent of 400 persons inoculated in a series of controlled tests.

The JH virus, isolated by Dr. Price in previous studies, caused 30 per cent of the common colds which came to his attention in investigations made over a two-year period.

The vaccine was made from the killed JH virus and produced no symptoms, discomfort or side effects whatsoever in persons who received it in Dr. Price's test, the paper said.

Although an unknown number of viruses are responsible for colds and Dr. Price's vaccine can't be expected to work against all of them, the Sun called it "the first breakthrough in finding a preventive for this ailment, one of mankind's most vexing complaints."

Red Raider Band Set For Opener

Texas Tech's Red Raider Band began its 1957-58 season Monday and will make its first public appearance Saturday.

The band will play in the stands when the Raiders open their football season against West Texas State at 8 p.m. in Jones Stadium. First half-time show will be Sept. 28, during the Tech-Texas A&M game.

"Forty freshmen have tried out so far," stated Professor Wiley, "but we expect more later." The band met for rehearsals on Monday and Tuesday with the uniforms being issued to members on Monday.

Raider musicians will play for all of Tech's home games and probably make two trips this fall, although the out-of-town schedule has not been decided upon yet.

Security-Traffic Department Issues Parking Regulations

Campus traffic and parking regulations have been issued by the Security-Traffic Department located in the Aggie Pavilion.

Non-freshmen students living in West, Sneed, Bledsoe and Gordon dormitories will be able to park only in the large L-shaped area

extending west of Gordon and West dormitories and north of Gordon and Bledsoe dormitories.

Non-freshmen students living in Knapp, Horn, Drane, and Doak dormitories have been given parking permission directly in front of Knapp, east of Drane and Horn, directly in front of the Infirmary, or south of Doak.

Freshmen students may park in the area east of Jones Stadium between the hours of 7 a.m. to 3:15 p.m. Off-campus students, other than freshmen, may park in areas they choose, provided that such parking does not violate any campus parking regulations.

Every student, faculty member, staff member and employee of Tech operating a motor vehicle on campus are required to register his vehicle with the college before he may park on the campus. Two students are not permitted to register the same vehicle.

Students, staff members or employees of the college violating any rule or regulation concerning parking on the campus will be subject to having his vehicle towed away and impounded. A clearance from the Security-Traffic Office must be obtained before the vehicle can be returned to the operator.

Any ticket received by a student on the campus, becomes part of the student's permanent parking record. Students may have their parking privilege revoked upon receiving three tickets.

Asian Flu Vaccine Falls Behind Goal

Production of Asian flu vaccine has fallen behind the initial goal but the Public Health Service said today it still estimated 85 million doses will be produced by Dec. 31.

The service had a goal of eight million doses by mid-September but so far only 5,430,442 doses have been released.

A spokesman said production generally "is coming about as expected and there is no reason to

change' the estimate of 85 million doses. This figure was announced last month by Surgeon General Leroy E. Burney.

School-age children were hit by the new outbreaks and a number of schools were closed. States reporting significant outbreaks in some communities included New York, Texas, Mississippi, Florida, Missouri, Pennsylvania, West Virginia and Oklahoma.

Formal Rush Week Provides Whirlwind Of Entertainment, Parties for Rushees

What a hectic week, no dates or even phone calls but just girls and sorority parties and more sorority parties. That is rush week. For the girls which went through formal rush it was an eventful and RUSH week. It all began the Saturday they moved onto the campus. Their first official meeting was convocation Saturday

night at which time the rushees were explained the rules of rush. Afterwards a movie was shown. Sunday and Monday were devoted to open house days to acquaint the girls with the buildings on the campus. Five buildings were visited each day.

For your Fall Dance Call

The
SAM BAKER ORCHESTRA

PO 3-6487

Throughout the week the rushees were divided alphabetically into ten groups. Each group had its own schedule of events.

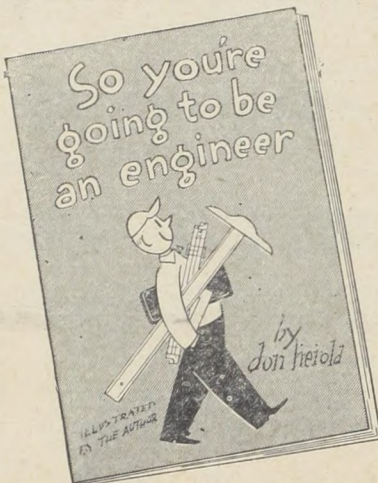

Rushees really began their purpose for being here Tuesday, when the period one parties started. Early Tuesday morning the girls picked up their party invitations. Each girl had to accept eight invitations or if she received less she had to accept all of them. Period one parties continued through Wednesday.

Following the party Friday night the rushees signed their preferential cards. Saturday afternoon the girls were issued their bids.

Saturday night the new pledges of the sororities had dinner at different sorority alumni's homes. After returning from dinner the girls sat in front of Horn Hall and sang their sorority songs as rush week came to a close.

SOUVENIRS FROM RUSH are Ginger Meyers and Linda Oglesby's topic of conversation as they show each other the flowers and cake favors they received at formal rush parties. Rushees received other such favors as potted plants and gold oriental fans.

Come in today and **IT'S FREE!** get your copy ...

Texas Tech has long been noted for the quality and quantity of engineers it annually produces. Today a degree in Engineering from Texas Tech College is virtually a pass-port to a good beginning position with an up and coming firm. From there on — of course — it is up to the individual to produce. During the 1956-57 long session 2642 of the total enrollment of 8000 students in Texas Tech were majoring in some phase of engineering.

In the present highly mechanized, automated, atomically energized and nuclear fissioned age in which we find ourselves living, **ENGINEERS** are of **PRIME IMPORTANCE**. For students entering the study of engineering, it is also of **PRIME IMPORTANCE** that they equip themselves with the very best **TOOLS OF THE TRADE**. Something 'just as good and a lot cheaper' often times will not suffice.

Your friendly college bookstore has made a sincere effort to provide you with the very best **TOOLS** available, at a price you can well afford.

We would be the first to admit that you can go elsewhere and **BUY IT CHEAPER**. But we would be the last to admit you can find better quality and service elsewhere. Someone has said you get out of life what you put into it and we say you get what you pay for in **ENGINEERING SUPPLIES**.

Shop where you will — Compare values and prices to your hearts content — in the final Analysis you will find the best values and service at your college bookstore.

KAPPA ALPHA TIETA—Janice Aik-man, Fort Worth; Cynthia Carroll, Galves-ton; Jeannie Davidson, Dallas; Elsa Dockray, Lubbock; Ann Purman, Hous-ton; Nancy Hector, Coleman; Jessi Huan Plainview; Carolyn Jenkins, Dallas; Helen Locke, Miami; Michelle Loughry, Fort Worth; Carol McWilliams, Lubbock; Gay Roogin, Abernathy; Nan Scott, Waco; Ann Seecman, Amarillo; Judith Short, Gooch-zales; Marie Spary, Midland; Sarah Lee Story, Catulla; Jo Ann Sweet, Dallas; Susan Velman, Fort Worth; Susie Weizer, Wichita Falls; Barbara Wood, Houston; Linda Zimmerman, Plainview.

KAPPA KAPPA GAMMA—Cheryl Al-len, Garland; Lynn Benton, Lubbock; Judy Chase, Houston; Sue Clark, Snyder; Lin-da Dennis, Lubbock; Rozalie Fondren, Phillips; Barbara Hall, Houston; Nancy Hart, Lubbock; Melinda Hubanda, Abilene; Judy Jo Jones, Dallas; Karen Kull-ler, Waco; Marsha McNeil, Hobbs, N.M.; Annabella Masters, Lubbock; Joan Mum-ford, Dallas; Mary Lynn Paveto, Lub-bock; Carolann, Canadian; Mary Ragland, Fort Worth; Nancy Reams, San Antonio; Linda Roberts, Denton; Judy Shieder, Dallas; Carol Simpson, Sandra Stewart, Lubbock; Kay Tankersley, Sweetwater; Cynthia Watson, Dallas; Nan Williams, Sweetwater; Janice Wolfenden, Fort Worth.

PI BETA PHI—Elicie Blair, Abilene; Donna Sue Crispier, Lubbock; Judy Chase, Lubbock; Jo Anne Grover, Sulphur Springs; Carol Curry, Fort Worth; Jo Ann Dobbis, San Antonio; Suzanne Du-vall, Dallas; Sharon English, Lubbock; Rolfe Fort, El Paso; Marilyn Gardner, Dallas; Judy Harlow, Lubbock; Patricia Jacke, Eden; Kay Karr, Corpus Christi; Kay Keltner, Crane; Ann Kerr, Lubbock; Anne McElhenny, Dallas; Lol Martin, Abilene; Margaret Moore, Seguin; Karen O'Brien, Woodville; Alice Ann Peters, San Antonio; Jan Frazier, Eden; Kathryn Nel-quin, Brady; Rosamond Rawlings, Amari-lio; Carla Jo Rice, Fort Worth; Sue Underwood, Lubbock; Kay White, Cary; Denton; Celeste Ulrich, Bellaire; Barbara Springer, Fort Worth; Shirley Stephens, Yutz, Dallas.

SIGMA KAPPA—Jane Adamson, Lub-bock; Pamela Afee, La Marque; Carolyn Ames, Fort Worth; Cynthia Barber, Hous-ton; Martha Gene Crow, Lubbock; Kay Davenport, Dallas; Jeanette Dewis, Hous-ton; Martha Edwards, Galveston; Polly Green, Abilene; Carol Jeanne Hauks, Lin-da Hegwer, Bellaire; Yvonne Heintzelner, Childress; Ann Hillyer, Houston; Patricia Huse, Lubbock; Betty Gayle Kent, El Paso; Brenda Kay Keeton, Fort Worth; Kay Kessinger, Brownfield; Mary Ann Klattenhoff, Station; Geraldine Lakey, Lub-bock; Lois Ann McKinnon, Green Louise Hidoie, Houston; Sandra Lee Mauck, Fort Worth; Nancy Jo Rochelle, Lubbock; Nancy Sue Sanders, San Martin; Nancy Jane Sinclair, Greenville; Joyce Taliman, Diane Wilcox, Fort Worth; Carol Williams, Sheila Wimberly, Lubbock.

ZETA TAU ALPHA—Patricia Blake, Houston; Daphana Campbell, Tyler; Sus-an Dickey, El Paso; Barbara Dunnon, Hereford; Susan Dixon, Dallas; Eleanor Edmond, Houston; Co Ann Eldridge-Grady, Mary Helen Fair, Beeville; Bar-bara Gray, Bowie; Sue Harris, Tulsa; Pat-sy Junder, El Paso; Carolyn Keyton, Lubbock; Faith Longmoo, Rosebud; Lin-da Low, Mariette Mollieote, Dallas; Janie Norris, Odessa; Pat Olen, Abilene; Ruau Owens, Odessa; Camille Parsh, Lub-bock; Gay Powers, Tyler; Barbara Quain-tilla, Beverly Quintavalle, Dallas; Sarah Frances Smith, Brownwood; Win-fred Ann Staples, Houston; Judy Taylor, San Angelo; Mary Wallace, Dallas.

Greeks Begin Rush

Open rush for the fall semester will begin for the social sororities Tuesday, Oct. 1, and social fraternities Oct. 11 according to the Dean of Women's and the Dean of Men's offices.

For sororities, coeds interested in open rush must have a 1.0 over all average for the preceding long term in which she was enrolled. The Dean of Women's office will accept requests to participate in

open rush beginning Oct. 1. Rushing will be in the form of members of the sorority. Bidding will begin Oct. 15, and continue until rush closes Oct. 27. The sorority will orally ask the girl to pledge.

Those sororities eligible to participate will be those which have not filled their quotas and have not arrived at the chapter limita-tion established by Panhellenic.

Violations Charged By Tech Faculty

By C. J. WREN
Toreador Editor

The Texas Tech faculty at a meeting Tuesday afternoon by resolution charged the Tech Board of Directors of violating accreditation standards on faculty tenure and academic freedom in dismissing three professors and then refusing to reconsider or give reasons for the dismissals.

The resolution stated the faculty regards with "grave concern" the dismissals. It said such procedures as the closed executive session and the refusal to reconsider the action or to give reasons "jeopardize the status of every active

and competent member of the faculty."

In the resolution also was an endorsement of the standards and principles of the Southern Association of Colleges and Secondary Schools, and "since we believe those standards pertaining to faculty tenure and academic freedom have been violated, we also believe . . . the investigation, to be full and complete, necessarily must take into account the views of the faculty" of Tech.

"Therefore, let it be resolved that the representative of the Southern Association be informed that the faculty of Texas Techno-

Convocation Features Speeches

Talks on various services offered students by Tech highlighted the Freshman Convocation in the Lubbock Memorial Auditorium Tuesday morning.

Dean of Women Florence Phillips gave the opening speech, and discussed the many student organizations one may be active in.

logical College desires that he consult with the faculty advisory committee and the local officers of the Texas Association of College Teachers in the course of his investigation," the resolution continued.

According to a statement from Pres. Jones Tuesday night, the Southern Association representative will probably hold conferences with Tech faculty representatives.

In a second resolution adopted

she urged strong participation by the Freshmen in the student government.

The health program at Tech was reviewed for the "green-topped fish" by Dean of Men Lewis N. Jones. He explained how the Infirmary is operated and pointed out what a person should do

at the meeting the faculty stated it "approves the creation of a committee on tenure and policy."

The resolution further stated it desires that the committee follow the standards and principles of the Southern Association.

In other business the faculty approved the election of three new members to the faculty advisory committee.

Positions vacant are these left by Patricia Fain, assistant professor of Chemistry, Dr. Bryon Abernethy, Government professor and Dr. John Dowling, head of Foreign Languages department who is on leave.

Ballots for the nominations have gone out and will be tallied tomorrow. Dr. Sterling Fuller, FAC chairman stated last night. Voting will be next week.

ARMSTRONG CANCELS TOUR

GRAND FORKS, N. D., Sept. 18 (AP)—Trumpet player Louis Satchmo Armstrong said last night he has given up plans for a government-sponsored trip to Russia because "the way they are treating my people in the South, the government can go to hell."

Here for a concert, Armstrong said President Eisenhower had "no guts" and described Arkansas Gov. Orval Faubus as an "uneducated plow boy."

Armstrong today reaffirmed the statements he made to a Grand Forks Herald reporter. Shown a copy of the story that had been written on the basis of his remarks, Armstrong said "That's just fine. Don't take nothing out of that story. That's just what I said and still say."

He wrote the word "solid" at the bottom of the account and affixed his signature.

DR. ROBERT L. ROUSE delivers to the faculty meeting Tuesday a resolution expressing the faculty's charges that the Board of Directors violated the standards and principles of the Southern Associa-

tion. The resolution requested the representative from the Southern Association consult with the faculty in his investigation.

in case of an emergency. Jones also told how the Testing and Counseling Center can be of service to the students, especially those who haven't decided upon a major.

Mrs. Jean Jenkins, head of the Placement Service, told the group how her office helps to find part time jobs for students who need the money to get through school. In such cases she advised that the working student take a minimum number of hours to keep grades up.

Mrs. Jenkins related how the Placement Service helps students after graduation by arranging campus interviews and handling calls by employers for prospective employees.

James Whitehead, assistant dean of student life, discussed the student loan program at Tech, explaining how a student could borrow amounts from \$5 to \$700.

Dr. W. M. Pearce, head of the history department, talked to the freshmen boys about the ROTC program offered at Tech, their military obligation and how they can discharge a portion of it while in college — and the benefits ROTC has for one after graduation.

Dean of Student Life James G. Allen, who was the master of ceremonies for the convocation, urged the Freshmen to uphold the friendly heritage that Tech has held for so long.

La Ventanas For 1958 Now On Sale

The 1958 La Ventana is now on sale. Orders can be placed with the fee fixer during registration or at the Publications Business Office, room 101 in the Journalism Building. Price of the '58 yearbook will be \$7 which includes cost of individual class pictures.

Lubbock Churches Plan Church Night

Open houses and parties are scheduled for nine church groups tonight on All-Church Night to introduce student religious activities to new students.

Four Baptist churches have planned get-acquainted parties at 8 p.m. at the following places: First Baptist, 2201 Broadway, "Gay 90's Party," Calvary Baptist, 1921 18th, "Cotton Pickin' Party," College Avenue Baptist, 2422 10th, "College Avenue Carnival," Trinity Baptist, 34 & Boston, "Trinity Carnival."

The Christian Student Center, 2318 13th, plans a party centered around "Life in 2050 A.D." at 7:30 p.m.

St. John's Methodist Church, 1501 College, will be meeting place for a "Lil Abner and Daisy Mae" party at 7:30 p.m.

The Presbyterian University Center, 2414 13th, has scheduled an informal mixer, shadowgraph presentation of the student program and displays of various activities that the Center sponsors. First Cumberland Presbyterian Church, 910 Ave. O, will have "A Hilarity Jubilee" at 8 p.m.

Church of Christ Bible Chair, 1315 College, plans a "Get-Acquainted Party" for 8 p.m.

Raiders Prepare for Rugged Buffs.

Texas Tech began tapering off in preparation for their opener against West Texas State with a drill under the lights last night.

Coach DeWitt Weaver expressed pleasure with the practice sessions this week. "We haven't had too much rough stuff, just some work on polishing up our attack," he opined. "We have been real pleased with the work of Charlie Moore, Raider captain, and Jim Henderson in the line."

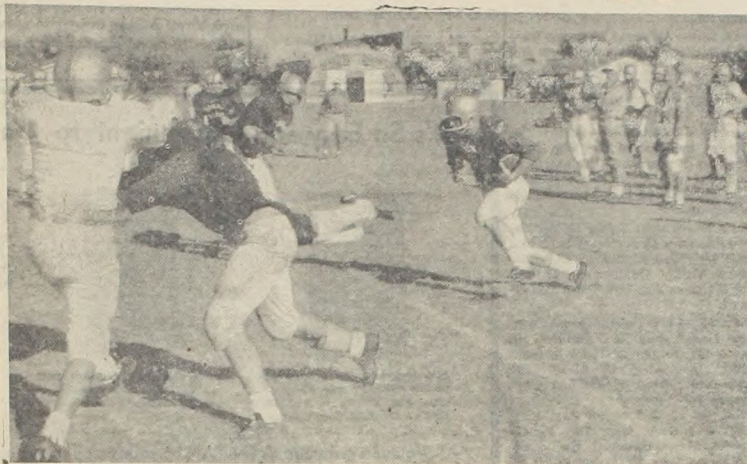

Weaver doesn't expect any change in the proposed starting line-up before Saturday night. That line-up includes Gerald Seeman and Pat Hartfield at ends, Henderson and Billy Woodin at tackles, Moore and Ed Strickland at guards, Jack Henry at center, Floyd Dellinger at quarterback, Milton Vaughn at left half, Jimmy Knox at right half and Charles Dixon at full.

Definitely out for the Buffalo encounter with a broken hand is quarterback John Riddle. He will probably miss the first two or three games.

Ronnie Rice, a freshman quarterback last season is back at quarter behind Dellinger, Jerry Bell and Ken Talkington to give more depth to that position.

Dellinger returned only Wednesday after the death of his mother Sunday.

Winston Boeker, right tackle, may not be able to play until mid-season due to an eye infection that began during the summer. He

FLOYD COLE takes a pitch-out and prepares to move down field as the Raiders polished their offensive attack in a Wednesday afternoon practice. Shown watching in the background is Head Coach DeWitt Weaver and Coach "Junior" Arterburn. The Raiders open their 1957 season here Saturday night against the West Texas State Buffaloes.

Photo by Rollie McNut

is undergoing treatment on the eye now.

Also evident on the practice field Wednesday were the new freshmen football hopefuls. The Picadors have worked on conditioning the first two days.

West Texas State will bring a team to Jones Stadium Saturday loaded with returning lettermen who carried the Buffaloes to eight victories against two defeats and a berth in the Tangerine Bowl in 1956.

One of those eight wins was a 34-14 thrashing of the Red Raiders and Coach Frank Kimbrough's charges will be back for more of the same this time.

West Texas will have 21 lettermen returning, including five starters. Back will be last year's top ground-gainers and scorers Charlie Sanders and Ron Mills.

Fullback Sanders of Gruver, who scored three touchdowns against Tech, was All-Border Conference in '56, leading the Border loop in scoring with 72 points.

Halfback Mills, remembered by Tech fans for his 67-yard touchdown dash last year, was named the most valuable player in the West Texas 20-13 conquest of Mississippi Southern in the Tangerine Bowl.

Center Jerry Epps of Amarillo, tackle James Kauffman of Leveland and end Ken Ballard of Stinnett are the other returning starters.

Epps is being boomed for All-Conference honors this fall. He is moving from guard to center this year to replace the loss of Doug Higgins, second-team All-Conference.

Kauffman, the captain of the Buffs, will be a starter for the third straight year. Although quiet off the field he is always a rugged performer in action.

Ballard was last year's top pass receiver with eight passes for 125 yards and one TD. This is his second season as a starter.

In addition, an All-Border Conference starter on the 1953 Buff eleven, Bob Wheelchel, is returning from military service to bolster an attack that averaged 30 points per game in '56.

Kimbrough, launching his eleventh season at West Texas, does have a few problems. One is replacing quarterback Bubba Hillman, a starter for four seasons. In last week's 20-7 win over McMurry the Buffs used junior Jack York at the quarterback spot the majority of the game. However, Mac Kehoe, a promising candidate up from the freshman team, and senior Lindly Davis are expected to give York a battle for the job.

Another problem is replacing several key linemen. Lost from last year's team are guard Joe Brooks and tackle Phil Wright, All-Border performers, and the above mentioned center Higgins.

Right now the line shapes up with Ballard and Tommy Coffey at ends; Harold Lamb and Kauffman at tackles; Clarence Whittenberg, Leon Manley or Jackie Whittat guards and Epps at center.

Coffey, a junior, has been an extra-point and kickoff specialist and is getting the call at left end this year. In the McMurry game he made several fine catches for good gains.

Whittenberg, a senior, has been moved over to guard from center, where he has played the past three seasons, and is expected to have his best year.

Manley and White are sophomores moving up from last year's freshman team where they showed considerable promise.

Lamb, another senior, is the associate captain. He is strongest on defense.

With these boys, most of whom have seen previous action, filling in the gaps the problems are getting smaller.

The Buffs' 1-2 Punch

1957 SCHEDULE

Sept. 14	-McMurry	8 p.m.
21	-Texas Tech	8 p.m.
28	-Texas Western	8 p.m.

	* Border Conf. Game	
	& Home Game	

The two big guns in West Texas State's powerful ground attack last year will be back in action this fall. Ron Mills (top), White Deer halfback, was the team's top rusher with 569 yards and was named "most valuable" player in the Tangerine Bowl Jan. 1. Charlie Sanders, Gruver fullback, made All-Border Conference after leading the league in scoring with 72 points. Together, they gained 1095 net yards and scored 120 points.

Outlook

BILL DEAN

Toreador Sports Editor

The year 1957 will not be heavy on for DeWitt Weaver's Texas Tech Red Raiders. Included on this year's schedule, the toughest one ever embarked upon by a Raider eleven, are the top three teams in the Southwest Conference, the highest ranked teams in the Border Conference, another favorite in the Missouri Valley loop and toughies from the Big Eight and Southeastern. See for yourself.

Sept. 21 — West Texas State: Here the Raiders face a team with 21 returning lettermen who sparked the Buffs to an 8-2 season, including a 20-13 win in the Tangerine Bowl over Mississippi Southern and a 34-14 romp over the Red Raiders. West Texas is favored.

Sept. 28 — Texas A&M: The bare mention of the Aggies strikes fear in the hearts of many. Paul Bryant's team, 9-0-1 in '56, is ranked No. 2 in the nation and is favored by most for the SWC crown and the Cotton Bowl berth — at least the Sugar Bowl.

Oct. 5 — LSU: The Bengal Tigers are rebuilding in the Southwestern Conference. They will be exciting to watch with breakaway ball-carriers and a reputation of being real tough early. LSU is a slight favorite.

Oct. 12 — Texas Western: The Miners posted a 9-1 record last year and have 16 lettermen (7 starters) returning. They are ranked second only to Arizona State in the Border. The game is considered a toss-up.

Oct. 19 — Baylor: The Bears are big bad and hungry. They have

23 lettermen back from a team that was 8-2 and the Sugar Bowl champ. They are ranked No. 7 in the nation. Baylor is a heavy favorite.

Oct. 26 — Arizona: Here we have 15 lettermen (6 starters) back and a new coach, Ed Doherty. The Wildcats don't figure to be great but they can be tough. TECH is favored (slightly).

Nov. 2 — Oklahoma State: The newest member of the Big Eight has 28 lettermen (9 starters) back and will be hard to handle. The game is in Oklahoma and is a toss-up.

Nov. 9 — Tulsa: Bobby Dobbs has 17 lettermen (9 starters) back and will be rated highly in the Missouri Valley Conference. It will be Homecoming but Tulsa is favored.

Nov. 16 — Hardin-Simmons: Sammy Baugh has 22 lettermen (8 starters) returning from a team that slammed Tech 41-14 (the most unkind cut of all) last year. Again the Raiders are underdogs.

Nov. 23 — Arkansas: And if it wasn't enough that the Razorbacks are considered the dark-horse of the SWC race with 19 lettermen (5 starters) around, we play them in Little Rock where the Hogs lose about once every twenty years. Arkansas is favored.

So there you are. Nervous? Nope. Not yet anyway.
