

LAST MINUTE rehearsal proceeds with the cast of this year's Varsity Show entitled "Something for Nothing."

The show, which has its opening night tomorrow, is directed by Johnny Gilbert who also wrote the songs and

script. The play gives its first performance at 8 p.m. in the Lubbock Municipal Auditorium. (Staff Photo)

# Tech Students Elect Trio

## Pfluger, Heffington Win Top Positions

by JAMES HAMM

The end of election day found Bill Pfluger and Dub Heffington in the winner's circle as president and vice president, respectively of next year's Student Council.

In other executive officer races, Bob Dyer was elected business manager, while Mary Ann Lindley and Linda Bunger face each other in a runoff Friday.

Spring elections wind up next week, as Student Council representatives and cheerleaders candidates vie in an election April 7. Runoffs for representative and cheerleader positions will be April 9.

IN THE STUDENT body president race, Pfluger garnered 1422 votes, compared to 825 for his opponent, Bill Dean. Heffington received 1361 votes in the two-man vice president race, while Claude Rogers gathered 864.

Miss Bunger received the most votes in the secretary race—895. Miss Lindley had 706 votes, and Johnanna Zournas received 646 votes. Bob Dyer collected more votes than any other executive office candidate in the business manager race—1780. Ed Langston got 437 votes for the same position.

PFLUGER BUILT his winning platform around extending thanksgiving and easter holidays, better communications throughout the campus, student election improvements and a union sub-station for engineering students and new dorms residents.

Heffington pointed out that his experience with the Spring Festival, both this year and last year, qualified him for the position of vice president, since the main job of the vice president is chairman of the Spring Festival Committee.

BOB DYER based his platform on better allocation of student

funds and more information to students concerning Student Council functions.

MISS BUNGER feels that the Student Council filing system can be improved, as can communication of Student Council action to students through a special TOREADOR section. Miss Lindley advocates better placement of ballot boxes in elections and better student-Student Council communications through a Council column in the TOREADOR.

## Contractors Raise Roof

Raising of the concrete roof and floor slabs of the new classroom building just north of the journalism Bldg. will begin this morning at 10, instead of yesterday, as was previously announced.

THE 380 TON east roof section is scheduled to be raised first. Then the three floors will be raised into place.

The \$1,000,000 building has been divided into three sections, east and west, which are approximately the same size, and the center section, which is about one third the size of the end sections. It will have five floors.

Lifting of the roof and the 425 ton floor sections is done by the Lift Slab Corporation using a patented process by which jacks are installed on the columns with two giant bolts attached to the jacks on each side of the column. Lifting speed is regulated by a master control operated by on man with connections to each jack.

STEEL COLLARS are welded onto the column to hold the slab after the slab is raised into place while the jack holds it. According to Charles Harper of Butler-Kimmel Architects, this precaution eliminates any possibility of the slab falling. The roof raising will take some eight hours. Completion of the lifting process will take approximately 30 days.

THE TEXAS TECHNOLOGICAL COLLEGE

Vol. 34 Lubbock, Texas, Thursday, April 2, 1959 No. 69

## Varsity Show Set For Weekend Run

College life, complete with its moralistic and protective board members, its specimen of noble manhood — the football hero, and its coeds with MRS degree plans, will be revealed tomorrow.

"SOMETHING FOR Nothing," the 1959 Varsity Show, opens tomorrow night at 8 in the Municipal Auditorium. The play will run through Saturday with performances at 2:15 and 8 p.m.

The story takes place at Kingston College, a typical eastern school.

Each of the characters has a personal problem which is finally solved for the better by a campus visitor. He gives them all "Something for Nothing."

SCRIPT AND MUSIC for the production were written by Technician John Gilbert, Amarillo senior.

Assisting him with the orchestration of the musical score are George Mellott, Tech graduate; Paul Ellsworth, Tech orchestra director; and Gary Garner, band director at Monterey High School.

Comedy leads are portrayed by Marilyn Campbell as the eager Hazel Ledbetter, who is working toward her MRS degree, and Bobby Boyd as Charlie Skinner, the reluctant subject of Hazel's plan.

THE CAST ALSO includes Dick Scates as Joe Cooper — "Mr. College Jo" in person, Glen Burns as David Currie — the angry young man who defies tradition, and Mary Jane Campbell as Susan Rodgers — the campus's answer to Talulah Bankhead.

Music for the 20-plus show numbers is provided by the Tech Orchestra under Gilbert's direction.

## Veterans Eligible For PE Credits

Veterans who plan to receive physical education credit for their military service and who have not made application should bring a copy of their service record to the Registrar's Office for evaluation.

"EFFECTIVE SEPT. 1, all veterans planning to receive physical education credit for military service will have to apply during the first semester," said Dr. Floyd Boze, dean of admissions.

CHOREOGRAPHY for the original production was done by Joyce Tallman, Fort Worth sophomore, with Kay Adkins, El Paso senior, as her associate.

Some of the dances are: "Lines, Lines, Lines," which takes place during registration; "I'm Taking It Easy," done in the girl's shower and "Tomorrow Will Be An Extra Special Day," which takes place in the girls' dorm.

The show is directed by John Gilbert, and Claude Rogers is producer.

TICKETS ARE \$1. They are now being sold by fraternity and sorority members. They may also be purchased at the door.

Bill Pfluger

## Tech Dorm Burglarized During Easter Holidays

Thefts from the Administration Building and Gordon Hall amounting to over \$100 took place over the Easter holidays.

A NEW \$70 fiber glass vaulting pole was stolen from in front of the purchasing office Wednesday March 25, between 8 and 10 a.m. according to track coach, Don Sparks.

Two boys were seen leaving the Ad Bldg. with a long box. Later the wrapper from the vaulting pole box was found outside the building.

JAMES LEONARD, Tech's varsity pole vaulter, was anxiously awaiting arrival of the new and better pole. At Big Spring Saturday, he cleared 13 ft. 3 in. Sparks said Leonard's chances for vaulting near 14 ft. would have been better with the new pole.

The pole was too long to go inside the purchasing office and was left in the hall. The security patrol is working on the case but has not announced any progress.

ANY STUDENT knowing the whereabouts of the pole should notify either the security officers or the athletic office. Coach Sparks said the pole may be left in the vaulting pit or outside the Athletic Office if the parties who took it wish to return it.

A number of items were reported stolen from Gordon Hall. Students returning from the short holiday reported thefts including record albums, a Schick electric razor and a sweater.

AMONG THE victims were Harold A. Moore and Larry J. Justice with a loss of six L.P.'s valued at \$25.00.

CAMPUS POLICE are working in cooperation with city police to apprehend the person or persons responsible, says William Hassler, assistant dean of men.

Thefts were not reported by any other dorms.

## Tickets Sell For All Shows Only

Blanket tickets for the Spring Festival are now being sold by the Saddletramps and student council members. Individual tickets for each event will not be sold now or at the festival, according to Dave Steinman, student council vice president.

Tickets are \$1.75 for dorm students and \$2.75 for off-campus students.

Dub Heffington

# ★ Campus ★

THESE TECHSANS don't appear worried about the serious problems set before them in the "Toyletdoor." In fact they seem to enjoy being fooled by the April 1 edition of the Toreador. Publication of the "Toyletdoor" is a fund raising project of Sigma Delta Chi, men's journalism fraternity.

## Spool Weaving Stumps Coed As Art Project

Do you know how to spool weave? This question is asked by Sarah Pinson to everyone she meets.

SARAH HAS been assigned this as a project in her art education course for elementary education majors, but she can't find anybody or anything to help her.

Spool weaving is one of the many projects such as making posters, paintings and metal work that students do throughout the year.

THE NEXT project in line for the students is making puppets for a puppet show to put on for the benefit of some Lubbock elementary school children.

This art education course teaches the students to show children how to use their imagination in creating things with their hands. The student is also shown how to use tools and discarded materials to create usable things.

## Toreador Staff Applications Due

Applications for positions on the Toreador for next year must be made by Monday at 5 p.m. to either Tom Schmidt, editor, or Journalism Bldg., Rm. 101.

Positions open include managing editor, news editor, campus editor, sports editor and three copy editors.

Appointments will be announced Thursday or Saturday of next week.

## Students Discuss Colonization Of New Frat

Men students interested in the colonization of another national Greek Letter social fraternity should meet in Room 260 of the Administration Building at 5 p.m. tomorrow.

"Any male student having the qualifications for membership set up by Men's Interfraternity Council may attend," announced Dean of Student Life James G. Allen.

## Dorms to Nominate Duchess

A "Duchess of the Dorm" will be chosen for each men's dormitory to represent the dorm April 10 at the Tug-O-War contest as a part of Spring Festival.

Each wing will sponsor a candidate, and voting will be by a penny a vote. The candidate of the wing which raises the most money will be declared winner. A time will be set to introduce these girls to the dormitory residents before the final voting.

The winner for each men's dormitory will represent the dorm at the Tug-O-War contest between all the dorms. Fifteen dorm residents will compromise a team.

The dormitory winning this contest will be given a plaque representing the first annual Tug-O-War contest in the Spring Festival, and the "Duchess" representing this dormitory will be declared "Sweetheart of all Men's Dorms." She will present the trophies to the winners of the Bicycle Race on Saturday.

There will be a meeting of all dormitory officers Friday at 12:30 in the workroom of the Tech Union.

## Sigma Kappa Picks, Honors Mr. Pledge

"Mr. Pledge" will be announced at an open dance in his honor tomorrow night at eight in the Caprock Hotel ballroom.

## WAF Officer Speaks Here

Opportunities for direct commission in the Air Force will be explained to interested Texas Tech women by Lt. Therese M. Slone, WAF selection officer for five southwestern states, tomorrow in Room A of the Ad Building basement between 10 a.m. and 4 p.m.

EXECUTIVE-TYPE women with a bachelor's degree from an accredited college or university can qualify for a direct commission in the WAF. Applicants should be single and between the ages of 21 and 33. Women graduating this semester are eligible.

Lt. Slone's experiences on an overseas tour in Germany will be included in her discussions. WAF officers are assigned to duty stations overseas in England, France, Germany, Hawaii, Okinawa, Japan and Puerto Rico.

Two contestants submitted by each social fraternity attended an informal reception in the Sigma Kappa lodge Wednesday, and later the chapter voted to select the winner.

MR. PLEDGE will receive a traveling trophy and a personal gift as he is presented at the dance.

Decorations will be miniature pledge pins of all ten fraternities.

ONLY ONCE THIS spring has ever, has Thornton managed to win the first place. The National Collegiate champion, Don Stewart Southern Methodist, beat Thornton three straight before the foot 2 Red Raider captured ABC Relays championship week with a jump of 6-8 3/4. Last year he reached 6-4 1/2.

Thornton earlier this season jumped 1938 place and performance in parentheses) 6-4 1/2 second at the Border Olympiad (third, 6-3 1/8), 6-6 3/8 for second.

# Thornton Leads Raider Crew Into Texas Relays

Defending high jump champion W. L. (Dub) Thornton leads an 18-man Texas Tech track and field delegation into the Texas Relays at Austin Friday and Saturday.

**COACH DON SPARKS** plans to enter 10 varsity performers and eight freshmen.

Thornton, a junior from Aspermont, has never duplicated his winning 6-8 3/4 leap of last year, although in every meet this season he has bettered his marks in the same meets last year.

**ONLY ONCE THIS** spring, however, has Thornton managed to win first place. The National Collegiate champion, Don Stewart of Southern Methodist, beat Thornton three straight before the 6 foot 2 Red Raider captured the ABC Relays championship last week with a jump of 6-6 3/4. Stewart reached 6-4 1/4.

Thornton earlier this season had jumped (1958 place and performance in parentheses) 6-4 1/2 for second at the Border Olympics (third, 6-3 1/8), 6-6 5/8 for second

at the Southwestern Recreation Meet (third, 6-6), and 6-4 1/4 for second at the San Angelo Invitational. He tied for second at Big Spring last year with a 6-6 1/8 leap.

**STEWART ALSO** is a former Texas Relays high jump winner, having soared 6-8 3/8 to win as a sophomore two years ago.

Thornton's other first place of 1958 came toward the end of the season with a 6-7 jump in an Abilene triangular.

By events, Texas Tech's varsity will also include:

**440 RELAY**— Roger Crawford of Waco, Dick Murphy of Odessa, James Pettit of Comanche, and Tommy Davis of Granbury.

**HIGH HURDLES**— Murphy and Pettit.

**BROAD JUMP**— James Morris of Brownfield and Pettit.

**MILE RELAY** — Crawford, Charles Draper of Amarillo, Pettit, and Davis (alternates Pete Dyson of Fort Stockton)

**400 METER HURDLES**— Murphy.

Texas Tech freshmen will enter: **440 RELAY**— Bob Swafford of Abilene, Iran King of Abilene, Jim Williams of Lubbock, Mike Stell of Fort Worth.

**100**— Stell, King. **MILE RELAY**— Stell, Williams, King, Swafford.

**SPRINT MEDLEY**— Swafford, King, Stell, and Ken WeWaver of Idalou.

**SHOT PUT**— Pat Holmes of Del Rio.

## AGAINST MIDWESTERN

# Diamond Nine Looks For First Season Win

Texas Tech's diamond nine, still smarting after dropping a twin bill to the tough Colorado Buffaloes, will try to break into the win column Friday and Saturday when they journey to Wichita Falls to battle Midwestern.

**"THIS WILL BE** our first game with Midwestern. I expect them to field a tough team," reported baseball coach Beattie Feathers Wednesday.

The Raiders dropped their opening games to the tune of 4-0 and 9-1. The Midwestern tilts will be the Raider's first action since the Easter holiday break.

**FEATHERS REPORTED** that Bill Curry and Zan Miles probably get the starting nod this weekend. "Our pitching hasn't come

along as fast as I expected, but with a little good weather it will improve," Feathers remarked.

The coach reported that the team has had only two workouts since the Colorado games. "Easter holidays put us behind in our hitting, fielding and pitching departments," said Feathers.

**"THE JACKIE MILLER** can hit the ball in the games as well as he does in practice, we will find a slot for him," Feathers said. At present the Raider coach is trying to come up with a workable combination that will give the club better hitting power and still provide a good defense.

Tech's freshmen nine beat South Plains Junior College 21-6 Tuesday. They will play SPJC another game Thursday in Levelland.

# Kansas, Colorado On Roundball Slate

Kansas and Colorado basketball teams will be played for the first time by Texas Tech this December, according to Coach Polk Robison.

**TEXAS TECH** meets both on the road, Colorado Dec. 5 and Kansas Dec. 7. Return games are slated for Lubbock the following season. A third Big Eight team, Oklahoma, will be played in the Coliseum here Dec. 9.

A Big Ten team, Iowa, will be played for the first time in Lubbock, Dec. 12, after an initial

meeting last December in Iowa City. Other non-Southwest Conference foes on the 1959-60 schedule include a pair of Southeastern Conference teams, Louisiana State there Dec. 19 and Georgia Tech Dec. 22, and a Skyline team, University of New Mexico, here Dec. 1.

## Entries Now Open

Edsel Buchanan, director of intramural athletics at Tech announced Wednesday that entries are now open for fencing, golf, track, and bowling. Students who are interested in participating in these sports may sign up for their choice in men's gym room 205 this week.

**THE INTRAMURAL** basketball season closed before the Easter Holidays with the Fijis winning the title. Spring intramural sports will soon be underway all over the campus.

**FOOTBALL PLAYER OR ACTOR?**— E. J. Holub, Texas Tech's big center, proves he can act as well as play the pigskin game. He appears to be enjoying himself with Janis Jones perched on his knee. Holub is a member of the Varsity Show, which will be unrehearsed Friday & Saturday. The show, "Something for Nothing," is expected to leave Tech students laughing.

## Tech Shows Styles For Dallas Meeting

An all-cotton style show featuring clothes made and modeled by Tech home economic students, takes place Monday.

**THE SHOW** is called "Cotton Round the Clock" and is scheduled to take place in Dallas under the auspices of the Cotton Ginners' Association convention. The show will begin at 2 p.m.

The show was presented last January to a crowd of 6,000 in the Lubbock Municipal Auditorium. Fabric was donated by the National Cotton Council and garments were constructed according to advanced designs by Vogue Pattern Company.

**TRANSPORTATION** for models and garments to Dallas will be

sponsored by the local cotton industry. The girls and their dresses will be moved in chartered buses.

Models are: Barbara Kullenberg, Kerrville; Paula Wilkerson, Lubbock freshman; Sara Ince, Houston freshman; Karen Wood, Lubbock sophomore; Karen O'Brien, Woodville sophomore; Judy Kelly, Pasadena junior; Kathy White, Lubbock junior; Martha Wynes, El Paso junior; Jean Gilliland, Dallas junior; Mrs. E. N. Jones and Mrs. Russell Bean, Lubbock; Beverly Martin, daughter of Mr. and Mrs. R. E. Martin, Tech faculty.

**SPONSORING** the group are Dr. Willa Vaughn Tinsley, dean of home economics, and Dr. Gene Sheldon, head of clothing and textile department.

## Math Teacher Attends Meet

Dr. Emmett A. Hazlewood, mathematics department head, is attending the 37th annual meeting of the National Council of Teachers of Mathematics in Dallas today through Saturday.

**HOST** organizations for the convention are the Greater Dallas Council of Teachers of Mathematics and the Dallas Independent School District. Their purpose is the improvement of math teaching in all academic levels.

Among the speakers for college sections are Harold P. Fawcett, president of the National Council of Teachers of Math, Ohio State University; J. Houston Banks, George Peabody College for Teachers; W. T. Guy Jr., University of Texas; Lawrence A. Ringenberg, Eastern Illinois University; and Julian D. Mancill, University of Alabama.

**"THE GROWTH** of Mathematical Ideas" is the subject for several panel discussions. Other such discussions will be held on curriculum trends in college preparation and "An Experiment Concerning Field Service in Math and Science."

## Selective Service Tests Planned For April 30

Selective Service college qualification tests will be given to college men April 30. Deadline for application is April 9.

**COLLEGE MEN** who wish to apply for the test may get application cards from local draft board No. 88, 1616 19th.

The test is a three-hour written examination. Any man registered with the Selective Service may apply to take it, if he is a full-time college student and has not taken it before.

**THE TEST**, offered one day only, will be the last one for the 1958-59 school year. Scores made on the test will be one of the guides used by the local board in

its deferment of students. Local boards have exclusive right to defer from service anyone taking the test.

## Faculty Members Tour Dallas Transistor Plant

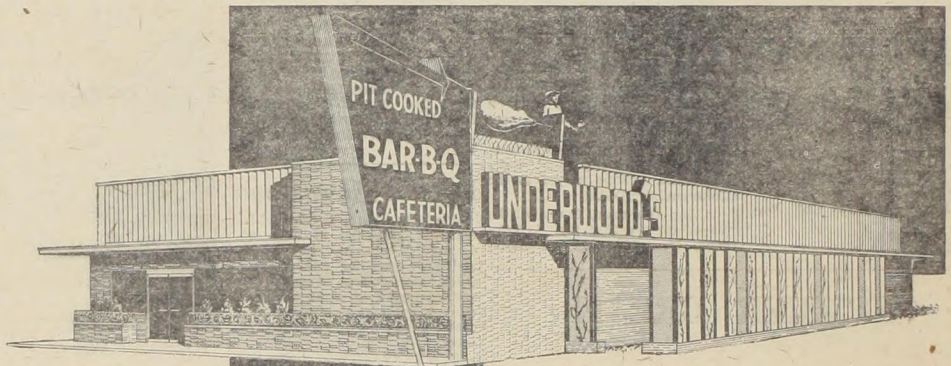

Four Tech faculty members are guests of Texas Instruments, Inc., of Dallas, where they will tour plants and observe the manufacturing and development of transistor science of today and tomorrow.

Prof. C. V. Bullen, electrical engineering department head, Dr. H. C. Thomas, physics department head, Dr. R. A. Dudek, industrial engineering department head and Paul G. Griffith, electrical engineering department, are the Tech representatives at the tour which includes members of various area schools.

A buffet dinner at the Melrose Hotel began the activities yesterday at 8:00 p.m. Travel and lodging expenses are provided by Texas Instruments, Inc.
