Number 22

Raiders Receive Raisin Bowl Bid

HE'S LONG GONE—Raider halfback Herman Bailey, 12, is shown above as he crosses mid-field on his way to a Tech touchdown during Saturday's game with Hardin-Simmons. The speedy back took a Cowboy kickoff on his own six yard line and promptly returned it for six points. Leading interference for Bailey is Ernest Hawkins, 17. Tech won the game 23-13 and its third Border conference title in a row. The Raiders also won a chance to represent Texas in the Raisin Bowl at Fresno, Calif. in a post season game. (Photo by C. E. Wendt.)

School Asks Hike In Financial Guarantee After Players Vote For California Game

Tech has received and is considering a bid to play San Jose State in the Raisin bowl at Fresno, Calif. on Dec. 31, officials of the college, announced Monday.

Dr. J. William Davis, chairman of the athletic council, said yesterday that players had met quickly Monday and had voted to accept the bid. Negotiations are being

made with the Raisin bowl officials and if a suitable arrangement can be made, the Raiders will meet the Spartans in a post-season tilt.

Announcement was made Tuesday afternoon as The Toreador went to press that the athletic committee had voted to accept the Raisin Bowl bid and the Raiders would play the post season game.

It was the second bowl bid to be extended the Raiders this year. The first, which players voted down immediately following the Hardin-Simmons football game Saturday, was to be the host team in the Sun bowl. That invitation is automatically given to Border conference champions.

Following the player vote Monday, a meeting of the athletic council was held in Doctor Davis's office and it was decided to delay a final decision until word could be received from the Raisin bowl committee as to whether or not it is willing to meet the figure asked by the Raiders.

The initial financial offer to Tech was \$14,000, but it was decided to ask the California bowl officials to raise their guarantee to \$17,500 before any final acceptance. Al Radka, chairman of the Raisin bowl, has promised to wire or phone a confirmation or refusal of the final decision as soon as it is made. At Toreador press time Tuesday, no word had been received.

Attending the meeting in Doctor Davis's office Monday were Head Coach Dell Morgan, Frank Junell, assistant to the president; George Langford, member of the athletic advisory committee; Marshall Gettys, Raider tackle and spokesman for the football team; and Clark Schooley, sports publicity director.

If an agreement satisfactory to both teams is reached, the Raiders would be required to report for practice around the middle of December. They would leave for Fresno Dec. 27. The game will be played the afternoon of Dec. 31.

Following the football game, the team would go to Hollywood where a tour through the Universal-International motion picture studios has been arranged for them. On Monday, Jan. 2, both teams will be guests of the Raisin bowl committee at the Rose bowl football game between Ohio State and California. The Spartans, who are coached by Bill Hubbard, have a record this year of eight wins and four defeats. They have lost to Stanford, Santa Clara, University of San Francisco and the College of the Pacific.

Tech took its third Border conference in a row Saturday by beating Hardin-Simmons 23-13. The Raiders closed out the 1949 season with seven victories and four losses, the defeats coming at the hands of University of Texas, Texas A&M, Baylor and Rice.

In 24 years of football, Red Raider teams have played in four bowl contests, but have yet to win a post-season game. In 1939 the Raiders, then under Coach Pete Cawthon, met the Gales from St. Mary's in the Cotton bowl at Dallas and lost 20-13.

The other three Tech bowl games have been in the Sun bowl at El Paso.

In 1937 the Raiders met the University of West Virginia in the Sun Bowl and dropped a close 7-6 ball game. The other bowl appearances for the men in red were against Miami of Ohio in 1947, a game which they lost 13-12, and the final bowl game was against Tulsa's Golden Hurricane in 1941. The score on that game was 6-0.

Last year in the Raisin Bowl San Jose State beat Utah State 20-0 before 13,000 fans. San Jose State teachers is located at San Jose, Calif.

Placing Of Sound System In Tower Nears Completion

Installation of a line connecting the west tower of the Administration building to the Student Council office in Ad-323 will be completed sometime this week, Ray Brigham, business manager of the council, announced Monday.

This line will operate a turntable in the council office which will be used by Kappa Kappa Psi, honorary band fraternity, to broadcast Christmas carols preceding the holidays.

Tentative plans also provide that the sound system will be used to make announcements of campus-wide interest at such time as is deemed necessary, Brigham said. Such improvements might pertain to pep rallies, campus elections and class meetings, he said.

Brigham stated that plans to synchronize the chimes in the Ad building tower with the IBM clock system were found to be impractical due to the great expense involved. He said that a uniform lighting system for the towers is being investigated.

Plans are being made for decorating the campus with a Christmas theme, it was announced at council meeting Monday night. Campus organizations under the sponsorship of the Student Council and the Tech Chamber of Commerce will work with Elio J. Urbanovsky, professor and landscape architect, Brigham said.

Olin E. McClendon, agricultural student who will graduate this semester, is to be employed by Floyd West and Company as a general agent for farm insurance in the West Texas area.

Albanese Featured By Artists Course Program Tuesday

Licia Albanese, soprano, will be presented by the Tech Artists' course at 8 p.m. Tuesday in the Senior High school auditorium.

Mme. Albanese made her American debut in 1940 in the role of Madame Butterfly with the Metropolitan Opera company. Since that time, she has met with the wholehearted approval of critics and the public alike, and is on an extended tour of the United States.

She has the distinction of being one of the few women ever to sing at the Vatican city for the Pope, and is the first woman to broadcast over the Vatican radio. Students having even-numbered receipts will be admitted to the concert.

Copyrighting Of Traditional "Double T" Is Studied By Seven-Man Committee

A seven-man committee studying the advisability of copyrighting Tech's traditional "Double T" met Monday afternoon with Frank Junell, assistant to the president and co-chairman of the group.

Curtis Sterling, president of the Student Council, is the other head for the project. The committee has secured legal advisement to investigate whether the college could have the emblem copyrighting.

The first meeting of the group was held two weeks ago to discuss a controversy which rose over the use of the emblem on senior class rings. Some students protested that the Double T should not be

worn by anyone except Tech athletes who have been awarded the insignia.

The committee is investigating the copyrighting of only the familiar red letters like those of the Double T neon sign in the parking area between the Library and Chemistry buildings. Variations of this arrangement, such as one in which the second T appears to one side, would not be affected by the copyright, Junell states.

If the emblem were to be copyrighting, a committee would probably be set up to decide who could use the letters and for what purpose, Sterling says. The administration would probably appoint such a group, he added.

Members of the Double T association, each of whom has lettered in some college sport, controlled the use of the emblem at one time, Junell explains. During the war, control was gradually released. The letters can be used by almost anyone who wants to do so, as the matter now stands, Junell states. The committee will meet again when it has more information.

Other committee members are: D. M. McElroy, executive secretary for the Ex-students' association; Doug McSwane, president of Double T association; Marshall Gettys, vice president of the Student Council and member of the Double T association; G. B. Morris, Double T sponsor; and Lewis Jones, assistant to the dean of men.

Students Are Directors Of Sock And Buskin Play

Doris Cook and Helen Brown were directors of a play presented last night at a meeting of Sock and Buskin, dramatic organization, Jeanne Beatty, secretary, said. Nancy Davis, Clodette Baker, and Miss Battey were members of the cast.

This was the first of a series of plays to be presented by Sock and Buskin members during the year. Each senior member of the club is required to direct a play. The performances are for members only, Miss Battey said.

Club Scarlet Will Be Held Saturday To Pick Tech's Most Handsome Man

Club Scarlet, sponsored annually for six years by Theta Sigma Phi, women's honorary journalism society, will be held from 8:30 to 11:30 p.m. Saturday in the Green room of the Recreation hall, Jane Skinner, president, has announced.

An annual feature of the mock night club is the selection of Tech's most handsome man, whose picture appears in La Ventana. The selection will be made by applause for contestants representing men's social and departmental clubs. Letters have been sent to the following organizations inviting them to enter a candidate in the contest: Social Wranglers, Silver Key, College Club, Los Camaradas, Centaur, Kemas, Aggie club, Engineering society, Double T association and Saddle Tramps.

Prizes will be awarded the winner. Last year O. B. Freeman, representing the Aggie club, won the title. Bill Parsley, acting as master of

ceremonies, will introduce the floor show, which will be presented partially by pledges of Las Vivarachas, Sans Souci, Las Chaparrillas, Ko Shari, and DFD social clubs.

In preceding years facilities have been such that there has been no room for dancing," Miss Skinner said. "However, this year space will be provided not only for the floor show, but for dancing as well. Music will be furnished by a juke box. Pledges of Theta Sigma Phi will act as waitresses and cigarette girls."

Admission is \$2 per couple and \$1.50 stag. Tickets may be purchased from members and pledges of Theta Sigma Phi, Miss Skinner, Mac Strong, Bobby Stone, Jeanne Dudley, Gienna Winston, Daina McElroy, Paula Fix, Sue Holmes, Betty Wright, Billye Hopping, Charlotte Blackburn, Margaret Daniel, Gilda Miller, or from Mrs. James G. Allen, sponsor, and Miss Margene Fry, alumni advisor.

Campus Organizations Offer Opportunities For Freshmen

Many of the students of the freshman class have already, during their short stay at Tech, become members of the various clubs and organizations on the campus. To these students, we offer a commendation and best wishes for success in these endeavors. A large majority of the freshman class, however, has abstained from joining any group or activity. There are perhaps many of this latter group who will present a galaxy of reasons and excuses why they have not offered to participate in the campus activities of their school. Whatever the reasons may be, we cannot force ourselves to accept them. College life is a period of training before assuming the duties of a community citizen. Every man wants to feel he is an integral part of his community life. Why then shouldn't every freshman wish to become a part of his campus life?

In just a few brief years, most of the freshmen will be preparing to graduate. They will be filling out the same forms, attending the same interviews, and preparing to take the same step out into the world that the present-day seniors are taking. When they prepare their job qualification records, how many will want a big blank spot in that space reserved for college activities? Although a senior might say he made his straight A average by studying continuously and never devoting time or effort to campus activities, he will have something else to say when he finds himself left out of those lucrative and ideal jobs. In the final reckoning, those company officials will be much more interested in honors won and positions held than they will in that 3-point average. Industry realizes that the book-worm will not make an ideal executive or engineer. Every effort should be made by every freshman to join one or more of the many campus organizations. There is an activity open for every student, regardless of his likes and dislikes. . . .

For those freshmen interested in advertising and business work, the business staffs of the newspaper and yearbook in time offer many opportunities, both for earnings and experience. There's room too for the artists and photographers, as every publication needs both cartoons and pictures as well.

The field is by no means limited to publications work. Those students gifted with musical and vocal talent may join the band or glee club. The debating society is eager to receive new members, and the drama organization offers dramatic possibilities. For the sports minded, there is always an open place on the varsity squads for qualified men, and if students are not of varsity caliber, there's a chance for everyone through the intramural program. Still another topnotch activity is Alpha Phi Omega, the campus service fraternity. . . .

These are but a few of the many opportunities available to students who just enter school. They pave the way for a distinguished list of achievements by diligent students who do not mind burning a little midnight oil for their schools as well as for themselves. Don't be left behind, you freshmen. Join at least one of the many activities available and become a part of YOUR campus life.

Many Awards, Scholarships Open To Students At Tech

Mid-semester is a cruel time to mention grade points, especially when Techsians have not fully recuperated from mid-semester reports. But this is the period in which every student promises himself with utmost faith: "I'm going to really rise and shine this next half." Before that determination wears thin, why not consider making grades so high as to get one of the scholarships or awards offered at Tech?

Freshmen have at least four scholarships and three awards open exclusively to them. A Robert B. Price Dairy Production scholarship of \$100 is awarded annually to the freshman student majoring in animal husbandry or dairy manufactures who completes a minimum of 18 semester hours in the fall semester with the highest scholastic average. A C. N. Hilton scholarship of \$100 is available to a business administration major with high scholastic average and other stipulations. The 1948-49 Lubbock Panhellenic Society scholarship, given to a home economics major with the highest grades in all work during freshman year was recently awarded Elizabeth Schevajska. The 1949-50 award is open, however. Several scholarships are available to freshmen textile engineers.

Forum annually awards a medal to the girl making the highest grade in her freshman year. The Gargoyle Club Prize is given to the freshman student doing the best work either in architecture or commercial art. Block and Bridle also gives an award to the winner of the freshman livestock judging contest.

Sophomores are eligible for certain scholarships and awards also. A \$200 Elsie M. Adams Memorial scholarship in textile engineering is "to be awarded for 1949-50 to the sophomore student in textile engineering with the highest standing in the entire work of the freshman year." A \$100 C. N. Hilton scholarship is also available to sophomore business administration majors. A sophomore boy "who shows the greatest promise as a future chemist" is eligible for the Mary Overton Craig prize in chemistry.

Juniors have the greatest number of scholarships available to them with majors in journalism, business administration, secretarial administration, animal husbandry or dairy manufactures and agronomy eligible. Block and Bridle gives two awards to juniors.

Seniors are presented an opportunity for the most lucrative scholarships. A Borden Company Foundation scholarship is awarded annually to a senior agriculture major. A similar Borden scholarship is awarded a senior home economics major, which Elizabeth Craig received recently for the year 1948-49. The Block and Bridle scholarship and a Robert B. Price Production scholarship are available to animal husbandry majors and a C. N. Hilton scholarship to business administration majors. Awards are open to various senior aggies and a textile engineer.

Look in the catalog for other scholarships and awards not mentioned and ask the dean of your division about new ones.

Besides getting rid of that "D minus" inferiority complex and raising yourself in the eyes of profs and parents (with those future high grades) consider a scholarship—for a bonus . . . D.A.

Delbert Lewis has been appointed public relations manager for the Tech Management association to replace Hiram Jordan. At the last meeting the club discussed getting watch fobs with its emblem on them.

Dr. Mina Lamb, associate professor of foods and nutrition, and Miss Faye Hattox, instructor in foods and nutrition, have returned from the Luncheon Managers and Supervisors section of the Texas State Teachers association in Fort Worth.

Smithy's Forge

By JAMES F. SMITH

Belated congratulations to: The Red Raiders, for taking their third Border conference title in a row and for playing what we consider their best game of the season Saturday. . . . The Ex-Students' association, for its partial planning of the college's silver anniversary celebration next year, and for its proposed monthly magazine. . . . The persons responsible for bringing the Boston Grand Opera company to Lubbock Dec. 7-8. "La Traviata" will be offered Dec. 7, and "Carmen" is to be presented the following night. . . .

Modern football, with its unlimited substitutions rule, may not be so tough after all. . . . Recollecting the 1880 style of the game, an 81-year-old gentleman named Sam Pooley had some enlightening observations. This is what he said, as reported by The Scarlet and Black of Grinnell College and the Associated Collegiate press:

"It was a rough game. Back then we didn't have the downs system. We carried the ball to a touchdown or the other team took it away from us. A simple little tackle didn't put the runner down. You'd had to pin him to the ground to keep him from crawling across the goal line."

"We didn't play quarters, just two 30-minute halves. We furnished our own uniforms: jersey pants, short jackets and Congress shoes. No reserve teams sat on the bench; only a few extras were on hand in case someone was thrown too hard. There were no substitutions except for injuries. Of course, we sometimes found it convenient to have a man injured."

"Touchdowns counted four points, the conversion two in 1889. And to get the extra points you had to kick from where the runner went over. I don't think football was quite as rough when we played it; we tackled hard, piled up, developed cauliflower ears from playing without helmets, but we didn't have as many injuries. Even teachers played; Iowa had an instructor named Sampson on their team."

"I can't see any real difference between football in 1889 and now. Different techniques, yes, but the main thing is still to get that ball across the goal."

Aubrey L. Emerson, industrial engineering graduate of 1949, is employed in Forrest City, Ark. by Ebasco Service, Inc. Emerson is helping to construct a new electric generating plant.

New Type Pop Corn Is Possible Crop For Farmers In South Plains Area

There's an outside chance that South Plains farmers may be able to cash in on the current pop corn "boom" which has theatre goers plunking down dimes whenever they enter a movie.

The landfall to West Texas farmers may come through the development and use of "pop sorghum"—it's just like pop corn, but is smaller, more tender and has no husk. In other words, all the joy of popcorn eating—without the husks between the teeth—is in store for kernel-munchers.

The plant industry department reports that the pop sorghum has been developed by the Texas Agriculture Experiment station and might catch on with the public. Observers say the texture of pop sorghum is better than that of pop corn. Furthermore, it has a good "expansion coefficient." Simply told, it expands the kernel about as well as pop corn.

South Plains farmers could grow the cross-bred sorghum without using irrigated lands. Pop corn is ordinarily grown in areas with consistent rainfall or irrigation facilities. Some farmers in West Texas are planning to grow small amounts of pop corn for local consumption because of the "boom".

100 Blue Spruce Trees Are Planted On Tech Campus

William M. Gosdin, superintendent of campus maintenance, said Monday that 100 Colorado blue spruce trees have been planted on the campus and that the maintenance and landscape department is planting 60 additional trees.

Gosdin and his assistants brought the 160 trees from Cuba and New Mexico. The young trees must be protected from the sun and wind because their short roots are not able to gather sufficient moisture until they establish some growth.

These trees will develop in 15 or 20 years but will continue to mature for several hundred years.

This project is another part of the permanent planning of the landscape of Tech's campus, Gosdin explained. Walnut, honey locust, sycamore, and poplar trees are to be planted soon to develop further the beauty of the campus, he said.

Rifle Team Match Slated With NMMI

Tech rifle team will compete with teams from the University of Arkansas and New Mexico Military institute this week, Sgt. Woodrow W. Brooks, officer-in-charge of the team, said.

Ten team members will fire in the Tech rifle range and the five highest scores will be compared with those of the other schools.

The team recently won a match over Oregon State university by a score of 1,896 to 1,863. The five highest scores were fired by Ted Thornhill, J. L. Hansen, J. J. Hansen, Charlie Gilmer and Thomas Hunter.

President Of Life Insurance Firm Speaks Before Business Class

S. H. Hay, president of the Great National Life Insurance company, spoke Monday to Prof. George Durre's business class on the relationship of the student to business.

Hay, who founded the company of which he is the president, headed a group of executives of the company who toured the South Plains area to inspect investments made here by the company.

MEN'S BADMINTON TOURNAMENT SCHEDULED

A badminton doubles tournament open to all male Tech students will be held in the gymnasium, George Philbrick, assistant head of the physical education department, said yesterday.

Anyone interested in participating in the tournament should register in the men's PE office at the gym by noon Friday.

The date for beginning the badminton play has not been decided, Philbrick stated.

WEST HALL TO HAVE DANCE

A dance will be held from 8:30-11:30 p.m. Friday in West Hall's lounge, stated Selby Clark, dormitory supervisor.

Music will be furnished by West hall's own public address system, and refreshments will also be served, Clark stated.

RAIDER GAINER—Fullback Earl Jackson, 25, picks up a first down on the Tech 20 yard line during the Hardin-Simmons game Saturday. He is being chased by G. Offield, 29, W. Musgrove, 60, and Bob McChesney, 88. Pat Bailey, 1, Hardin-Simmons fullback made the tackle. Raiders in the picture are Ernest Hawkins, 17 (on the ground) and Bill Stallings, 67. (Photo by C. E. Wendt.)

Tech Wins Conference Title By Defeating H-SU, 23-13

The Red Raiders rolled to their third consecutive Border Conference title on Saturday afternoon by defeating a pass-crazy Hardin-Simmons university eleven by a 23-13 score.

The Techs lost no time in getting the scoring underway and led by a 6-0 score with just 18 seconds of the first period gone. Halfback Tim Hatch received the kickoff on his goal line and ran it out to the ten yard line where he was piled up by an inspired Cowboy eleven. On the first play from scrimmage, Hawkins, quarterback, handed off to Hatch who gave the ball to Halfback Cal Steveson on a double reverse. Steveson faded almost to the end zone and threw a long pass downfield to End Dick Jackson who gathered the pigskin in and outdistanced a surprised Hardin-Simmons secondary to cross the goal line untouched. Hatch's attempt from placement was wide and the Raiders led 6-0.

The Morganmen scored again late in the first period after Price recovered a Cowboy fumble on the Cowboy 27 yard line. Conley, fullback, picked up two yards around his own right end, then picked up seven off left tackle before Hawkins again called for the double reverse pass and again Steveson passed to Jackson for 18 yards and a second touchdown. Hatch kicked the extra point from placement.

The Cowboys roared back after Tech's second touchdown and drove to the Raider one yard line before being driven back by a hard charging forward wall. After Steveson kicked out to the 32 yard line, the Cowboys again drove deep into Raider territory before being halted on the 3 yard line. Again the Raiders kicked out of danger, but the Cowboys moved down field

and this time were not to be denied and scored from the 5 yard line when Quarterback Ford passed to Fullback Bailey for the touchdown. Halfback Williams kick was good and the Raiders led by a 13-7 score.

Bailey took the following kick-off and started upfield from his 5 yard line. Bailey cut to his left as he reached the 25 yard line and raced down the sideline behind Ernest Hawkins final block for 95 yards and a touchdown without having a hand laid on him. Hatch again converted from placement and the Raiders led 20-7 at half-time.

The Hardin-Simmons gridmen returning for the second half took the kickoff to the 29 yard line and drove for three first downs on passes by Ford before being forced to kick from the midfield stripe.

The rest of the third period was offensive as both teams drove up and down the field but neither could muster a scoring drive. The Raiders ended their scoring late in the fourth period when Hatch kicked a field goal from the 23 yard line to put the Techsans ahead by a 23-7 score.

The Cowboys never quit trying and with two minutes left in the contest Ford passed to Goode, halfback, for a touchdown. The attempted conversion was wide and the Cowboys trailed by 13-23.

An attempted side kick by Hardin-Simmons failed and the Raiders kept the ball in their possession until the final gun.

The Red Raiders were led in their powerful running game by Bud Conley and Tim Hatch both of whom broke away several times for lengthy gains. Outstanding linemen for the Raiders were Tackle Marshall Gettys and End Cava-

Intramural Basketball Leagues Show Increase Due To New Team Entries

Intramural basketball leagues have increased from last year's three to five for the 1949 season due to the organization of what may be an unprecedented number of teams, George Philbrick, assistant head of the physical education department, said today.

The first intramural hardwood encounter has been set tentatively for Monday, Dec. 19. The schedule was drawn by Philbrick and the captains of participating teams at a meeting in the gym before the Thanksgiving holidays.

Leagues and their respective teams in the intramural are:

Inter-Club council: Kemas, Silver Key, Centaurs, College Club, Los Camaradas, Socii and Wranglers;

Dorm league I: Athletic dorm Squirrel Shooters, Doak hall Devils, Dorm III Cuspidors, Drane hall, Sneed hall Ball Hawks and Sneed

hall Postlokes;

Dorm league II: Dorm IV Revels, Sneed hall Hot Rods, Third floor West, West hall Eagles, Dorm IV Filthy Five and Doak Hornets;

Independent league I: Jolly Jiggaboos, G. D. I's, Alley Cats, Dusters, Wesley Wildcats, Anonymous Quintuplets, Cavaliers and Quinesence quintet;

Independent league II: Newman club, AIME, ASCE, Dairy club, Cross-Lee, Tech Rodeo association, Ball Hawks and Fire Balls.

Football is still a part of the intramural spotlight despite the imminence of the hoop season. The MCCC league members will resume fighting tooth and claw Sunday, after postponing hostilities for Thanksgiving holidays.

The respite has settled the gridiron dust enough so that a clear picture of the standings can be given. They are:

es.

Outstanding members of a scrappy Hardin-Simmons eleven were End Bob McChesney and Ford, both all-Conference selections last year. Milton "Hook" Davis, flashy Cowboy back, saw limited due to injuries. He looked well in his brief appearances.

The deciding tilt in the Border Conference was a rough and tumble affair from start to finish and both teams received numerous penalties besides having players ejected from the game because of personal fouls and unsportsmanlike conduct.

Team	Won	Lost	Tied
Los Cams	3	0	0
Silver Key	3	0	1
Wranglers	2	1	1
Kemas	2	1	1
Centaurs	1	3	0
Socii	0	3	0
College Club	0	3	0

Gene Thomas has replaced Van Welch as chairman of West hall social committee, stated Selby Clark, social director.

Buffs Trounce Red Raiders In Cager Exhibition 67-45

Texas Tech's basketball team, needing experience and polish, absorbed a 67-45 lacing by the West Texas State Buffaloes Monday night in an exhibition game that brought to a close the Clarence Fox coaching school which has been in progress at Chapman field-house the past week end.

The Buffs, showing considerable polish for so early in the season, took over the lead after the first five minutes of play and were never headed.

The inexperienced Raiders, playing four sophomores the greater part of the second half, were ragged in their passing and floor play in general. They failed to follow their shots for rebounds that might have made a difference in the final outcome. Also the Techsams were not hitting their shots. They made only 27 per cent of their total shots while the Buffs racked up 42 per cent of their total attempts.

Jiggs Jackson took scoring honors for the night with a total of 14 points with 6 field goals and a couple of free tosses. The Buffs' Charles Barnard and Hubers Kitchens came in for a close second and third with 13 and 11 points respectively.

The Raiders jumped to an early lead but after five minutes the Buffs forged into the lead 7-6 and pulled away steadily to hold a 28-17 lead at half-time. The Raiders bounced back in the second half to slice the Buffs' leading margin to 10 points which was the closest they ever got to turning the herd.

Jackson, Jack Alderson, Gene Gibson and Charley Pinnell showed up with consistency for the Raiders. Alderson's ball handling looked especially promising while Gibson's services at the center post were badly missed after he left the game early in the second half by the foul route.

Box Score:

Texas Tech	FG	FT	PF	TP
Pinnell	2	0	4	4

Sports Chatter

by KEITH ANDERSON

Congratulations are in order to the Texas Tech Red Raiders, the coaches and to everyone connected with the Border conference champions. Too many people take it as a matter of course that we win the Border conference crown. It might be true that we are too strong for the other members of the conference, but since no stronger loop sees fit to admit us, we believe that it is still an honor to win our own conference. It may also be true that the opposition isn't the strongest in the nation, but some of the member schools manage to sport pretty good country football teams. For instance Texas Western, a team that we beat fairly easily, tied West Virginia. New Mexico took Colorado U. and the Lobos are just about low man on the totem pole. Hardin Simmons in all justice, should have beaten Loyola, a team that lost a close contest to bowl bound Santa Clara.

Whether Coach Morgan knows it or not, Saturday's game did much to erase some of the criticism of his tactics. It has long been said that Tech was too conservative, and did not use any wide open plays. The first play of the game knocked all that criticism into a cocked hat. In fact it was the type of play that most people believed the Cowboys to be capable of executing. In all fairness to the players too, we must admit that it reflected more upon Morgan's ability as a coach, than it did their ability as players. Without the ease with which it was executed, it would not have been worth two cents, but being the type of play it was, at the stage of the game it was, almost any team could have made it click. Herman Bailey also came into his share of the glory. True, he got the blocking when he needed it, but we doubt if anyone except Bailey could have gone all the way. Not only is Bailey fast, but he showed a nice change of field without breaking stride.

At this stage of the year, everyone is looking back to what has happened, and is sticking out his neck as to who will make the all-conference teams. Since we need to fill up space, we will also have a try at picking the all-Border conference team. We will pick two teams. The one that we believe should be selected, and the one that we believe will be selected. Here is our selection. Bob McChesney and Vin Cisterna at Ends, McChesney, a Hardin-Simmons' product, and Cisterna, playing at Flagstaff are far and away the leading offensive wingmen of the conference. At tackle, the nod goes to Marshall Gettys of Texas Tech and Bruce Womack of West Texas State. Gettys had one of the best seasons if not the best of his career. At guards we would pick Dan Pursel and Ernest Kelley of Texas Western. At center we would place Bobby Williams. Our backfield would be made up of John Ford of HSU at Quarterback, Wilton Davis of HSU and Pug Gabriel of Texas Western at the halves, with Bud Conley at full. Of course if we were picking a defensive and offensive unit our selection would be something like this. John Andrews would be in the place of Marshall Gettys, and Ernest Hawkins would get a place in the secondary. Now we will make a stab at naming the official selection.

Vin Cisterna and Bob McChesney, ends.
Marshall Gettys and Joe Kelley, Arizona, tackles.
Dan Pursel and Ernest Kelley, guards.
Dick Rivenburg, Arizona center.
Cecil Coleman, Tempe quarterback.
Pug Gabriel, Wilton Davis, and Willford White, Tempe rounding out the backfield.

Dr. L. E. Young, national president of American Institute of Mining and Metallurgical Engineers, will speak to the student branch of AIME in January.

Forum will be held at 7:15 p.m. tonight at the Methodist student center, announced Rev. Cecil Matthews, youth director.

Julian F. Smith, '49 civil engineering graduate, is now employed by the state highway department in Elgin, Texas.

Lawrence L. Jester, '49 civil engineering grad, is now working for the Texas Highway department in Marshall.

PROVE TO YOURSELF

NO CIGARETTE HANGOVER

when you smoke PHILIP MORRIS!

HERE'S ALL YOU DO!

In just a few seconds you can prove PHILIP MORRIS IS DEFINITELY LESS IRRITATING than the brand you're now smoking!

1... light up a PHILIP MORRIS

THEN, just take a puff—DON'T INHALE—and s-l-o-w-l-y let the smoke come through your nose. Easy, isn't it? And NOW...

2... light up your present brand

Do exactly the same thing—DON'T INHALE. Notice that bite, that sting? Quite a difference from PHILIP MORRIS!

NOW YOU KNOW WHY YOU SHOULD BE SMOKING PHILIP MORRIS!

SOCIETY

Kemas Social Club To Have Annual Fall Formal Dance Friday At Lubbock Hotel

Kemas, men's social club, will hold its annual fall formal dance from 8:30 to 11:30 Friday at the Lubbock hotel.

Members and dates to attend are Bill Agnew, Jane Adams; Sam Bates, Lois Cone; Ronald Bennett, Pat Montgomery; Bill Bolch, Thelma Cantrell; James Bradley, Jackie Williams; Sam Clonts; Erin Nevitt; Joe Fleming, Mary Etta Norman; Bonner Geddie, Frances Carpenter; Howard Hayes, Gayle Walters; Bob Hicks, Cille Moore; Bob Hogan, Jeannine Ballew; Lester Landrum, Lucille Seybold;

George LaRoe, Betty Martin; David Leaverton, Jerry Peasants; Bob Lile, Wanda Ramsey; Vic Lolas, De Rose Wittenburg; Charles Lucas, Bobbie Sherd; Jimmy Lynch, Jean Greer; Billy Bob McMullan, Jo Alyce Goss; Cobb Miller, Juanelle Taylor; Jack Mills, Phyllis Leach; Pete Pierce, Mary Beth Logan; Floyd Rector, Margy Bullen;

Ronald Rushing, Mary Alice Mitchell; Bob Schmidt, Juanita Davis; Clyde Schradner, Loriet Plummer; John Shin, Phyllis Herrington; Bill Ware, Jonnie Sue Bruson; Mr. and Mrs. Roy James; Mr. and Mrs. Howard Schmidt.

Pledges and dates are Melvin Burton, Violet Land; Larry Bedford, La Verne Estes; George Belfchaff, Pat Page; Dick Campbell, Marilyn Hill; Ben Carter, Joan Bethel; Maurice Cox, Barbara Walker; Morgan Eoff, Rheta Mc Masters; Harold Everett, Elizabeth McCane;

Calvin Fletcher, Patsy Exum; Bill Gray, Betty Hudson; DeWitt Harvey, Joan Bolinger; Stanley Hazlewood, Virginia Jones; Bob Jenkins, Patti Jo Musson; Bob

4 Techsians Attend Teachers Meeting

Four student representatives of Future Teachers' association of Tech attended the Texas State Teachers association meeting in Fort Worth last weekend.

Those attending were: Joy Williams, state-wide secretary of FTA; Bill Trenfield, Tech FTA president; Bob Burks, vice president; and Deane Richardson, vice president. They were accompanied by Dr. Lewis E. Cooper, associate professor of education and psychology.

Candidates for state offices were nominated at the meeting. Bob Manis was nominated for state-wide vice president, and Doctor Cooper is a state-wide sponsor nominee. Election of officers will be held in March at the annual state FTA convention.

Annual meeting of Texas Association State council was held in conjunction with the State Teachers' meeting. Plans were made for the annual convention to be held in Denton in March.

Arts Workshop Christmas Cards On Sale Friday

Applied Arts Workshop will begin a sale of block-printed greeting cards Friday. Original designs for the cards were made by La Rue Gilkeyson, John Dean, Sally Radebaugh, and Shirley Waterstreet.

Two of the designs will be printed on charcoal papers so that the card and envelope are one folder. Three of the designs are to be printed on stationery with separate envelopes.

These greeting cards may be purchased from workshop members or Mrs. Ethel Bellier, sponsor of the workshop.

Members of the club and other interested persons are asked to come to X25-D at 7:15 tomorrow to help fold and tint the greeting cards in preparation for the sale Friday.

Manis, Marjorie Snider; Phil Overton, Ella Williams; Walter Recter, Arbie Freeman; Monte Roy, Jo Bullock; Carl Smith, Maxine Cody; Danny Smith, Maxine Boyd.

Also attending will be Harold Barber, Gene Thomas, Paul Ward, Tommy Hewlett, John Jackson, Jimmy Leath, Hooper Sanders, Billy Roy Cooper, Bruce Hinsey and Thurman Reynolds.

Sponsors for the dance are to be Messrs. and Mmes. H. A. Anderson and Archie Leonard.

First Sweetheart Dance To Be Given By Los Camaradas

Los Camaradas, men's social club, will hold its first annual fall sweetheart dinner dance from 7:30 to 12 p.m. Saturday in the Lubbock hotel, Hiram Jordan, president, has announced. Decorations will feature the sweetheart theme and club colors.

J. B. Lowrey and Capt. H. M. Baumgardner, club sponsor, will be seated at the head table with Jordan. Also attending will be several out-of-town ex-Los Camaradas members and their wives, Jordan said.

Dr. O. W. English Is Speaker For Tech Management Meeting

Dr. O. W. English, Lubbock surgeon, spoke to the Tech Management association at the regular meeting Monday evening in Ad-220.

Doctor English discussed "The Heart in Business." Following the speech, the club considered plans for a banquet in January.

Stanford, Street Appointed Dorm Athletic Directors

Sonny Stanford and Ben Street have been appointed athletic directors of West hall, stated Selby Clark, dormitory supervisor.

West hall has three teams, the Eagles, the Squirrel Shooters, and a third which has not been named, said Street, who is intramural chairman. Uniforms are maroon and white, he said. The Eagles team is composed of residents living on first and second wings east, he stated. The Squirrel Shooters team is students' living on third, and the team unnamed lives on first and second west, he said.

Buffet Luncheon Honors H-SU Exes

Hardin-Simmons university faculty and ex-students were honored with a buffet luncheon given in the home of Pres. D. M. Wiggins preceding the football game Saturday. Hosts were President and Mrs. Wiggins, Mr. and Mrs. Yancey Price and Mr. and Mrs. R. B. Ervin.

A miniature cowboy of copper surrounded by purple and yellow ribbon was the table centerpiece. Approximately 60 guests attended. Faculty members were Pres. and Mrs. R. N. Richardson; Vice pres. and Mrs. W. T. Walton; and Mr. and Mrs. Jack Sandefer, jr. He is the son of the former president of Hardin-Simmons.

Miss Esther Sorenson To Speak To Members Of Sociology Club

Miss Esther Sorenson, district supervisor of home economics education, will speak to the Sociology club at 5 p.m. Monday in Ad-214, Barbara Scott, has announced.

Miss Sorenson, who traveled through Europe last summer, will discuss sociological conditions in that continent. Every member is urged to attend, Miss Scott said.

DEADLINES ANNOUNCED

Deadline for filling out senior achievement cards for La Ventana has been set as Dec. 17 by Editor Roy Grimes. Grimes said Monday that all seniors should make an effort to fill out the cards as soon as possible. They may be obtained in the registrar's office.

Speech Professor Lindell Returns From TCU Meeting

Miss Helen Lindell, assistant professor of speech, returned Sunday from the Texas Speech association convention held Friday on the TCU campus in Fort Worth.

Miss Lindell served on a panel which discussed "The Training Program Looks at Special Education." Representatives of different state schools discussed the problems concerned with training persons to help with speech correction.

Miss Lindell is one of the directors of speech correction clinic at Tech.

Circle Chatter

Tickets will be on sale this week for the annual Club Scarlet, week night club sponsored by Theta Sigma Phi, which is to be held from 8:30 to 11:30 p.m. Saturday in the Green room. These tickets are \$2 a couple and \$1.50 stag. They may be purchased from any Theta Sig member or pledge or Mrs. James G. Allen, sponsor.

Clint Fornby, ex-Techsan, was back for the Tech-Hardin Simmons game Saturday. Clint is working in Snyder and was with Margaret Clark at the game.

Betty Lou Willis, DFD from Amarillo, has announced her engagement to Leo Southern, Tech student also of Amarillo. The wedding has been set for Dec. 28 in Amarillo.

George Schultz and Max Sturdivant, better known to his Tech friends as "Polar Bear", were here for the football game Saturday. Both are ex-Tech students from Abilene and were members of Wrangler fraternity.

Mr. and Mrs. Edd C. Mc Leroy, former Tech students, were here over the weekend and attended the football game. Mc Leroy is assistant county agent in Floydada.

Other ex-Techsians seen at the Hardin Simmons game Saturday were Don Cade, former Centaur member who was graduated last spring; George Wilmoth and Charles Hudson, '47 graduate who is ranching in Clayton, N. M.

Bob Williams, Tech 1949 graduate was here this weekend. Williams is working on the San Angelo Standard-Times. He was a member of College Club and editor of 1949 La Ventana.

Also seen at the football game Saturday was Bob Watson, 1949 journalism graduate, who is teaching school in Plainview. Bob is pinned to Billy Hopping, senior journalism major.

Rickey Archer, Tech graduate in journalism, is working on the advertising staff of the Rails Banner. She was on the Toreador staff

while in college, was business manager of the Toreador last summer and has been working on the Tullia Herald this fall.

T. C. Root, jr. ex-Techsan and former member of Wrangler fraternity, is employed with the Texas Power and Light company in Dallas.

Several Wranglers and exes had a reunion in Dallas over the Thanksgiving holidays. Approximately 15 active members attended the party from Tech.

Printed Person For Seniors In T

Arrangements have been made through the placement of the preparation of printed sheets for seniors. Y. Jenkins, executive secretary of Placement service, said. These sheets are to be placed in the seniors' files concerning the social record, personal data, etc.

Many employers are anxious to see sheets and regard a convenient source of information, Mrs. Jenkins said. Purchase of the sheets is optional. However, she said, the sheets will be of value in seeking employment.

She listed the following uses of the leaflets: 1. The presentation of data in a manner; 2. They may be used in personal interviews held on campus; 3. They are useful for positions away from campus; 4. Printed sheets referred to by the placement office in the department; 5. The leaflet should always be accompanied by a letter if application is made, Mrs. Jenkins said.

Arrangement for copies of these sheets await the orders from at least 200. Orders must be placed by Mrs. Jenkins said.

January graduates who have their sheets before the placement office immediately.

Printed Personnel Sheets Are Available For Seniors In The Placement Service

Arrangements have been made through the placement office for the preparation of printed personnel sheets for seniors, Mrs. Joan Jenkins, executive secretary of the Placement Service, said yesterday. These sheets are to include details concerning the student's college record, personal data and pictures.

Many employers are accustomed to such sheets and regard them as a convenient source of information, Mrs. Jenkins said.

Purchase of the sheets is optional, she said. However, she added, the sheets will be of considerable value in seeking employment.

She listed the following advantages of the leaflets: 1. They enable presentation of data in an orderly manner; 2. They may be used in personal interviews held on the campus; 3. They are useful in applying for positions away from the campus; 4. Printed sheets can be referred to by the placement office or the heads of departments.

The leaflet should always be accompanied by a letter if a written application is made, Mrs. Jenkins said.

Arrangement for completing these sheets await the receipt of orders from at least 200 students. Orders must be placed by Dec. 10, Mrs. Jenkins said.

January graduates who wish to have their sheets before the Christmas holidays should check with the placement office immediately, she said.

Randy Hambright, son of Mr. and Mrs. Dee Hambright of Midland, was recently judged the most beautiful baby of the one-to-seven month age group in a baby show in Midland. Mrs. Hambright is the former Helen Shelton, who attended Tech and was a member of Ko Shari.

Ex-Student Group Makes Plans For Silver Anniversary

Plans for Tech's silver anniversary celebration in 1950 were tentatively formulated at a meeting of the executive board of the Ex-students' association Saturday morning in the Hilton hotel, D. M. McElroy, association secretary, said yesterday.

As a part of the celebration, special efforts will be made to recognize the first senior class, McElroy said.

The board went on record as endorsing the Double-T association's plan for a 25 year review book of athletics at Tech.

The meeting was mainly a discussion of the Ex-Students' association's financial situation, McElroy said.

Ed McCullough, president, appointed a financial committee to work with McElroy. Appointed to the committee were: Hurley Carpenter, chairman, Jimmy White-side, John Wilson, Olaf Lodal, and Windy Nicklaus.

Board members are, McCullough; George Langford, representative to the athletic council; Forrest Weimhold, director; Lodal, director; Hart Shoemaker, vice president; Nicklaus, second vice president; O. R. "Chick" McEly, director; Carpenter, immediate past president; and McElroy.

Wesley Student association will have a supper and council meeting at 5:45 p.m. tomorrow at the Methodist student center, announced Rev. Cecil Matthews, youth director. Ira Joe Hart, president, will be in charge of the meeting.

Art Institute Shows Officers Elected For Campusaires

Art Institute members will have an opportunity to see a part of Mr. and Mrs. Allan Walter's European collection of modern and old master paintings, original etchings and lithographs at 7:30 p.m. tonight in the Engineering auditorium.

All of these works, including a Renoir landscape, are for sale. Among the works on exhibit are 18 original Kollwitz etchings. Kathe Kollwitz is said to have been one of the greatest women artists, and her etchings are very rare.

Each of these pieces was produced by artists of the 19th and early 20th centuries.

Students are invited to attend the exhibit.

Joyce Carthel was elected president of the Campusaires, newly organized select singing ensemble for women, at a recent meeting. Other officers elected were Pat Noland, vice president; Lamoyane

Harrell, librarian; Juanita Kreig, secretary; Jean Ann Gillum, reporter; and Margaret Wilson, accompanist.

The Campusaires, under the direction of Gene Hermie, professor and head of the music department, will be presented on a program to be held Dec. 19 in the Senior High school auditorium.

Cottonseed Hulls Feeding Research Starts On Steers

Tech has purchased 60 grade yearling Herefords to be used in a research experiment to determine the cattle-fattening qualities of cottonseed hulls.

The steers are now in six feeding lots and, with the exception of one lot, will be fed a uniform ration of milo chops, cottonseed meal and alfalfa hay. The only variation in the rations will be in the kind and amount of roughage fed to the yearlings.

Different roughages to be used in the lots are sorghum silage, cottonseed hulls, sorghum silage (75 per cent) and cottonseed hulls (25 per cent); cottonseed hulls (75 per cent) and sorghum silage (25 per cent); sorghum silage (50 per cent) and hulls (50 per cent). Cottonseed meal, hulls, and alfalfa hay will be fed the cattle the first 56 days. After this time milo chops will be used.

The experiment is being conducted by Jess Robinson, graduate student from Wellington, who was recently awarded the Texas Cottonseed Crushers' Association Graduate fellowship. W. L. Stangel, dean of agriculture, is supervisor of the project.

Texas Tech Livestock Judging Team Places Ninth In Chicago Contest

Tech's livestock judging team placed ninth in the International Livestock Judging contest in Chicago Saturday.

The team was 125 points behind Purdue, which placed first with 4,481 points.

Individual students placed high in three events. James Heath, senior from Tokio, took high point awards in sheep judging, and Bob Fee, Colorado City, took honors in hog judging.

Tech was fourth in each of those events and was ninth in judging of cattle.

A first place was won by Charles Hutchins, senior from Westbrook, who gained top honors in the threshed and other grain sorghums class of the hay and grain show. The crop judging team was second in that division.

William Rodgers, Buddy Winter, W. J. Krueger and Doyle Lane were other members of Tech's team. Stanley Anderson, instructor in animal husbandry, was coach.

Other schools competing in the Chicago contest were Nebraska, Oklahoma A&M, Kansas State, Cornell, Ohio State, Iowa State and Michigan State.

A. L. Thomas, graduate of chemical engineering, is now employed by the Continental Oil company in Baytown.

Inspecting Officers Examine ROTC

Tech army ROTC unit was informally inspected Monday and Tuesday by a group of inspecting officers from Austin, Capt. R. J. Yantis, army officer in the unit said.

The officers inspected junior and senior classes Monday morning, freshman classes Monday and Tuesday afternoons, and sophomore classes Tuesday morning. They also inspected government supplies between the class inspections.

Purpose of the inspection was to acquaint the commanding officials with the deficiencies of the unit so that they could be corrected, according to a press release from Austin.

PARTY SCHEDULED

Young Men's Brotherhood will give a Mexican party at 7:30 p.m. Friday at the Baptist student center, announced Ardell Hallock, youth secretary. Tickets, at 50 cents may be purchased before tomorrow night.

John Tom Baker, was recently elected secretary of West hall.

Tech Broadcasting Club To Have Meeting Today

Tech Broadcasting club will have a business meeting at 5 p.m. today in Ad-320, Margaret Clark, vice president, said.

The club meets every first and third Wednesday and anyone interested in radio is asked to attend the meetings, Miss Clark said.

MOVIE TO BE SHOWN

"The Razor's Edge," a movie starring Tyrone Power and Gene Tierney, will be shown at 8 p.m. Friday in the aggie auditorium, James G. Allen, chairman of the Rec hall committee, said.

The movie is free to all students who present their activity tickets at the door.

Miss Thompson Addresses Oklahoma College Classes

Miss Cecilia Thompson, instructor in speech, spoke to theatre classes at Oklahoma College for Women in Chickasha Monday, Miss Annah Joe Pendleton, head of the speech department, said.

Miss Thompson, who was visiting in Chickasha during the Thanksgiving holidays, formerly taught speech in the women's college there.

Allen Cockrell and Joseph Misa, civil engineering graduates of 1948, are now employed by the Texas Highway department in LaGrange.

Technical Papers Judging Scheduled

Runoff competition for the American Institute of Mining and Metallurgical Engineer's technical papers will be held at 7 p.m. tomorrow night in the engineering auditorium.

Winner of the runoff will be Tech's representative to the all Texas section meeting of AIME to be held at Texas A&M Dec. 7 to 8. This will be the first year that Tech has sent a representative to the meeting. Texas university and Texas A&M will be the only other schools represented.

Judges for the runoff will be W. L. Ducker, professor and head of the petroleum engineering department and E. B. Armstrong of the Honolulu Oil company.

GRADE REPORTS DELAYED

Mid-semester grade reports have been delayed until Saturday, W. P. Clement, registrar, has announced.

Difficulties in the IBM processing have caused the unexpected delays, Clement said. Students may call for copies of the reports at the registrar's office beginning Saturday, he added.
