TOMMIE BELL
★ ★ ★

Bell Named NIRA Vice President

Tommie Bell, senior agricultural student from Valentine, has been elected vice president of the National Inter-Collegiate Rodeo association.

He was chosen at an association convention held Monday and Tuesday in Denver.

Bell was accompanied on the trip by A. J. Bishop, senior aggie from Winters, and B. F. Yeates, junior agricultural student from Glenn.

Bell is president of Texas Tech Rodeo association, and he served as chairman of the NIRA flag committee at the convention.

The association rezone its member colleges over the nation into four regions. Collegiate teams in a region participate in rodeos against only other teams in the same zone. The top teams of each region later meet in competition. Tech was restricted into the central region.

Sixth Men's Dorm Will Be Drane Hall; Reservations Open

Reservations for men students who wish to live in Drane hall next semester are being taken now, James G. Allen, dean of men, announces.

Drane hall, formerly occupied by women students and married couples, will become the sixth dormitory for men beginning next semester.

"Inadequate occupancy of Drane hall has caused us to convert the dormitory for use by men students," Dean Allen stated Thursday.

"It is the hope of college officials that men students find it necessary to live off campus because of health conditions, Dean Allen stressed. As soon as capacities in the six men's dorms have been reached, registration cards will be stamped "approved" for all students, he said.

Housing Approval Needed
During pre-registration housing approval will be given immediately to students who, for the spring semester, will be living in the dorms, at their homes in Lubbock, married students, working students whose employers have furnished a written statement of hours which conflict with meal periods in dorms, and students who on the basis of doctor's statements find it necessary to live off campus because of health conditions, Dean Allen stressed.

As soon as capacities in the six men's dorms have been reached, registration cards will be stamped "approved" for all students, he said.

Advantages Given
In stressing advantages of living in dormitories, Dean Allen pointed out that the supervised program is of benefit to students since it brings guidance and counseling from trained personnel who are completely informed on the college program.

A planned social program and a plan for constructive results through a well-directed plan of democratic living are also provided in dormitories," the dean stated.

Junell Resigns As President's Aid; Will Take Radio Job

Frank Junell, assistant to the president, has resigned from the college staff to purchase an interest in, and assume an executive position with the Caprock Broadcasting company, operators of Station KCBD here. Dr. D. M. Wiggins, Tech president, announced Wednesday.

The resignation will become effective later this month. Junell indicated that he will remain in his present capacity until a successor is chosen. This selection will probably be made at a called board meeting Jan. 28 in San Angelo.

Came Here In 1948

Junell will direct national, regional and local sales in his new position. His offices will be in KCBD studios.

Joining the Tech staff in September of 1948, Junell has served as assistant to the president since that time. He was formerly connected with Roderick Broadcasting corporation of El Paso and was director of stations for the Southwest network.

Entered Radio At El Paso

"I never have enjoyed working with a group of people so much as those at Tech. The student body here has been a pleasure to know," Junell states.

Junell, a graduate of Hardin Simmons and the University of Missouri, was on the staff of Texas College of Mines, now Texas Western, before entering the radio field in El Paso.

Directors Chosen For One-Act Plays

Casting has been completed for three one-act plays to be directed by members of the advanced direction class. The plays will be presented at 8 p.m. Feb. 9 in the speech building auditorium. Miss Cecilia Thompson, instructor in speech, announces.

Bob Carnahan will direct "The Poor." Cast members are: Barbara Barber, Helena; Rex Zachary, Shirmom; Jacob Sitters, Luka. Director of "Helena's Husband" will be Billie Hutchins. Members of the cast are: Pat Edwards, Helena; Betty Fornby, Tsumu; Phil Nickell, Menelaus; Gerald Wayne Tippit, Analytikos.

REQUISITION BOOKS AVAILABLE

Veteran students who are attending school on the G. I. Bill of Rights may pick up requisition books for the spring semester anytime after Monday, H. A. Anderson, veterans coordinator, said Friday.

G.I.s are requested to come by his office in Ad-110 to fill out the necessary forms.

Spartans' Aerial Attack Drops Raiders In Raisin Bowl, 20-13

Ex Is Selected Stock Show Judge

Homer Brumley, 1935 animal husbandry graduate and now in the livestock and packing business, has been selected as one of the judges for the Second Annual Little International Livestock show to be held Wednesday evening in the livestock pavilion.

Brumley was a member of the 1934 Tech livestock judging team which won the International Livestock show, held annually in Chicago. The 1934 team presented the bronze bull award in recognition for its top ranking.

Tech's Little International Livestock show, sponsored by Block and Bridle club, will include approximately 60 entries. Senior animal husbandry students will show the animals.

Superintendents selected for the show are Doyle Lane, general superintendent; Buddy Winters, beef cattle superintendent; William Krueger, dairy cattle superintendent; W. G. Rogers, horse superintendent; J. H. Heath, sheep superintendent; and Bobby Fee, swine superintendent.

Awards will be presented by the local chapter of Block and Bridle. John Baumgardner, assistant professor of animal husbandry and sponsor of the Tech Block and Bridle club, stated that the public is invited and will be admitted to the show without charge.

Dean Is Attending Meeting In Boston

Mrs. Margaret Walker, dean of women, is in Boston, Mass., attending a meeting of the Professional Pan-Hellenic group, which is the governing body for all women's professional organizations.

Three organizations on this campus are affiliated with the group. They are: Phi Upsilon Omicron, honorary home economics society; Theta Sigma Phi, honorary journalism fraternity; and Phi Gamma Nu, honorary business administration society.

Mrs. Walker is attending as national president of Mu Phi Epsilon, national honorary music society. She plans to study the organizations of this Pan-Hellenic group with the related groups on this campus in mind.

Stuver's Touchdown Run Is Highlight Of Texas Tech's Fifth Post-Season Loss

By KEITH ANDERSON
Toreador Sports Editor

In what was anything but fine California weather, the Red Raiders kept intact Tech's record of never having won a post-season football game, by bowing before the strong passing attack of the San Jose Spartans, 20-13, in the Raisin bowl in Fresno, Calif.

With the pea-soup fog getting thicker by the minute, Tech started strong, and for the first quarter threatened to make a run-away of the game. San Jose was able to stave off repeatedly dangerous threats by the Techsans, and near the end of the first half make one lightning-like aerial to knot the score at half-time.

It was a serious letdown in the third quarter that cost the visiting

Alumni Magazine Is Due Next Month

The first issue of The Texas Techsian, alumni magazine which replaces the Ex-Student News, will be sent to 8,000 Tech ex-students in February. Suspension of the monthly newspaper was announced Friday by D. M. McElroy, executive secretary of Ex-Students association.

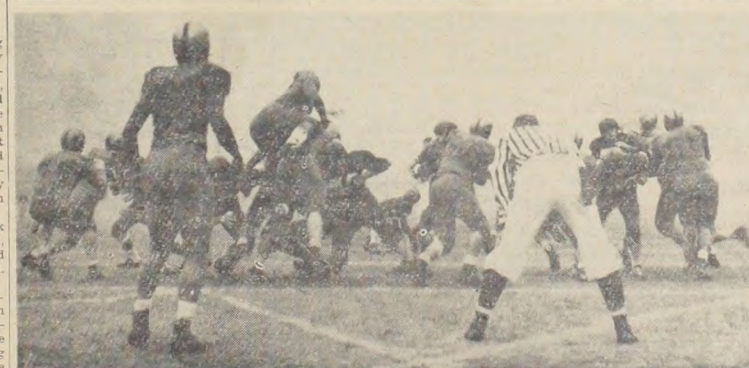

In the first publication, featured articles will concern Tech's \$4,000,000 expansion plan and "Why Texas Tech Isn't In the Southwest Conference," written by Gene Gregston, assistant sports editor of the Fort Worth Star Telegram. The first copy will be sent without charge; subscription for the eight copies a year will be \$3. No advertising will be contained in this first publication.

Editor of the magazine will be named later this month; Bob Rutland, assistant director of public information, has been named managing editor. Journalism classes in feature writing and photography will contribute to the news section, McElroy stated.

Rogers Statue Will Be Unveiled Soon

The equestrian statue of Will Rogers will be unveiled in a ceremony within the next few weeks, Frank Junell, assistant to the president, announced Thursday.

The statue was presented to Tech by Amon G. Carter, owner and publisher of the Fort Worth Star Telegram. He presented a similar statue to the city of Fort Worth. The gift was made two years ago, but the statue was erected shortly before Christmas.

RAIDER LINE HOLDS—The Texas Tech forward wall digs in and stops San Jose's Spartans long enough to allow Tim Hatch to add one point to the score with a point after touchdown kick during the Raisin bowl football game in Fresno, Calif., Dec. 31. The Spartans went on to hand Tech its fifth post-season defeat in as many starts by a 20-13 score. (Photo by Ken Anderson.)

Raiders the ball game. Taking the kickoff to get the second half underway, it appeared as if the last half was going to be a repetition of the first, as the Texans quickly drove down into the Californians' territory. The complexion of the contest changed rapidly as a gold-shirted Spartan rose up in the right flat to snag an Ernest Hawkins heave, and race to Tech's 11-yard line. On the first play, San Jose punched across for the score, and, after the try for extra point had failed, led 13-7.

Taking advantage of Tech's temporary letdown, the Golden Spartans ran the score up to 20-7 as they threw aerials all over the place. Tech was not yet through however, as halfback Ike Stuver, on fourth down deep in his own territory and needing 5 yards for a first, eluded to run with the ball, and dashed 76 yards for Tech's second and last score of the ball game. In fact, it ended the scoring for both teams. Tim Hatch's conversion attempt was wide by a fraction of an inch and the final score read 20-13, San Jose.

Gettys Recovers Fumble
Neither team, willing to call it quits, battled to the final gun. Both had opportunities to score, but

Installation Of New Lights May Lessen Traffic Snarls

The installation of several of the new type traffic lights around the campus has brought emphasis to a problem which all Lubbock drivers, students or others, must face if this city is ever to have anything like a solution to its traffic problem.

It's no secret that this city is notorious for bad drivers. Visitors have had their fenders bent and even worse accidents with an alarming regularity. When a city policeman recently told a down town business men's club that Lubbock drivers were the worst he had ever seen, he wasn't fooling.

And it all goes back to driving fundamentals. Or at least a large part of it does. When we learned to drive, such basic principles as the proper signal for a turn and others were supposed to have been memorized.

But the memorizing of the rules did not end our responsibility as drivers. We should make use of what we learned. Knowing the right way to drive certainly will never do us any good if we don't use what we know.

After putting our driving knowledge into practice our next duty is to try and cooperate with the city on any new device which it may install in order to ease the tangled highway problem. It's going to take a little while for us to get used to the new regulations but if we remember they were put there to aid rather than hinder the city will be on the way toward solution of the traffic problem.

Successful Run Is Predicted For Annual Varsity Show

Only one of the five scripts which were turned in to the Varsity show committee recently can be used for the production but actually each and every person who had anything to do with a script is a winner.

What we mean is this. They have each proved to themselves that they could do the job. Second, they have helped, in their own way, to keep interest running at a high pitch in one of Tech's "traditions" and last, each of them has shown a keen sense of responsibility and ambition which should take them a long way in their chosen careers.

Now that the committee has been handed the raw material with which it can work and it has selected a general director things will really begin to hum. The introduction of the new rule which states anyone connected with the show must have a 1.00 grade point average is another indication that this year's show should be a good one.

We are in favor of the 1.00 rule simply because while it may close the show to some talent it indicates a definite scholastic trend here at Tech. And after all it's going to be the reputation of this school which will aid us in getting a job when we get our degrees and not how many varsity shows we participated in while we were here.

So to everyone who has anything to do with this year's show we would like to say, "Best of luck." We know this year's Varsity show is going to be a huge success.

THINKING ALLOWED

By Jerry Hall

Well greetings, fellow slaves. Hope each and every one of you had a pleasant holiday season. Sune was hard to start back at the old grind Tuesday, wasn't it. It won't be too long however until the end of the semester is at hand, and we can change the routine just a little (we hope.) Our holiday was nice. The old bearded gent deposited a Cotton Bowl ticket in our stocking so since Fresno was beyond reach we decided to journey down to Big D and take in the fracas.

Hope you will permit a relapse and let this writer discuss the game. After all writing sports on this sheet is the way we broke in to this so called racket. Anyway one thing which we noted with pleasure before the Cotton Bowl game was the speculation by many leading sports scribes that Monday's game would go a long way toward deciding who was best—Walker or Justice. Of course Doak and Charlie were not pitted against each other for the game so the only thing which could be done was to get a comparative estimate of the showing each player made against the Owls from Rice.

Before the game we, like most Texans, favored the Dallas demon, but hardly anyone who came away from the bowl Monday will not admit that the Tar Heels ace was a "pretty darn good football player." Choo Choo seemly ran out of steam against the Southwest champs but just the same he played a whale of a ball game. There are those who said that Doak was a defensive star as well as a stellar ball carrier, and that Justice didn't play any on defense. That's as it may be, but so the story goes, back when Choo Choo was just a freshman Coach Snavley had him playing on defense against the mighty Charlie Trippi during one game with Georgia. Trippi came charging through the line and Justice hit him. As a result the North Carolina coach nearly fainted when he saw his running ace taking such a jar, so he left him out when the Tar Heels weren't on the offensive from then on.

There's no doubt about it: Justice is an All-American in every right. He can run, pass and punt. His failure to live up to pre-game expectations Monday was not due

so much to his bad leg but rather to very poor line play on the part of the North Carolina team. There was also superb defensive work on the part of Gerald Weatherly, Joe Watson and Froggy Williams of Rice which slowed Choo Choo down to almost a crawl. In spite of all the good qualities which we have mentioned above we are going to stick with Doak Walker. It seems to us that the Donker is the better of the two because of several things. Of course like we say prejudice has a bit to do with it. We have only seen Doak play once. That was against the Raiders in the 1947 grid campaign and he didn't play much of the time that day.

While Justice is a good passer it seems Walker is just a little better. Doak hits his mark more consistently than Justice. The Tar Heel excels in the punting department. He did not shine in this field Monday however. His timing was off, according to pre-game dope, due to his injured leg, but statistics show Choo Choo, the nation's leading punter last year, has the edge here. In the kick from placement department Walker is head and shoulders above Justice. And in the running game we are forced to go along with Walker because he can follow his blockers so well. Yes, we like Doak, but it's pretty close.

Incidentally Rice looked magnificent. Most observers agreed North Carolina was beaten far worse than the score indicated. The precision football which Coach Jess Neeley's Owls played was a tribute indeed to the Southwest and it's brand of football. The way Carolina looked Monday there are at least three other teams in the Southwest, Baylor, SMU and Texas, which could have played them a good game during the past season.

Eberhard Heimer, mechanical and industrial engineering graduate of 1949, is a designer for Continental Can company in Chicago.

Christmas Season Sees Engagements Of Tech Students

By SUE HOLMES
Toreador Staff Writer

Many new members were initiated into the Third-Finger-Left-Hand club during the Christmas season by virtue of the fact that a multitude of Tech co-eds received engagement rings.

Frances Perkins received a diamond solitaire from Eryan Lovelace, University of Chicago student, who was a government instructor at Tech last year. Frances, government major, will be graduated in May and is planning a June wedding.

Mildred Cate, sophomore journalism major from Paducah, received a ring from Tommie Daniel, another journalism student.

No definite plans for a wedding have been made by Frances McGee and Lawrence Olson, who became engaged Christmas. Frances is a sophomore from Wernon and her fiancée is a sophomore from Weatherford.

Gene McMaster, freshman from Abernathy, gave Martha Wilson, sophomore from Claude, an engagement ring during the holidays.

Pat Sprague, junior sociology major from Fort Worth, is engaged to Jack Shannon, also of Fort Worth. Her fiancée is associated with Shannon Funeral home there.

June wedding plans are being made by Billy Hopping, senior journalism major from Littlefield, and Bob Watson, Tech graduate from Plainview. Billy received her ring for Christmas.

Adding to the sparkle among co-eds jewelry are two Silver Key pins which Loy Anderson and Joan Bollinger are wearing. Loy is pinned to Louise Wester and Joan to Larry Sharpe.

Dr. B. M. Patten To Give Lecture On Heart Friday

Dr. Bradley M. Patten, professor of anatomy in the University of Michigan School of Medicine, Ann Arbor, Mich., will present results of his investigations on the heart as a Sigma Xi national lecturer at Tech on January 13. The lecture is sponsored by Sigma Xi, an honorary science society.

Dr. Patten graduated from Dartmouth College in 1911, summa cum laude, and with the award of the Chamberlin Fellowship. He received his M.A. in 1912 from Harvard and his Ph.D. degree in 1914.

His book on the "Early Embryology of the Chick," which was planned and written while he was still in his twenties, was followed by "The Embryology of the Pig" in 1927, which established his reputation as a teacher of embryology.

The Chicago Century of Progress Exhibition has incorporated one section of his micromoving picture records of the heart action of living embryos into its scientific displays.

Currently Dr. Patten is preparing the sections on the development of the heart and the normal structure of the adult heart for a forthcoming reference book on the pathology of the heart.

The lecture is sponsored by the society of Sigma Xi, scientific research society of America. The society encourages original research on the part of its members.

Interviews For Business Grads Slated By Investment Company

Edward C. Shaw, Vice President of Southwestern Investment company, will be at Tech Tuesday for interviews with January graduates majoring in accounting, management, and marketing.

Students wishing to be interviewed may schedule appointments at the placement office.

The Home Economics club will hold its regular meeting at 7:30 p. m. Tuesday in Annex G. The subject of the meeting will be "You and Campus Standards." It will be presented by various members of the club.

HALF-TIME ACTION—Shown above is a portion of the half-time activity in which several of California's best high school bands took part during the Raisin bowl tilt at Fresno, Calif., Dec. 31. The bands formed a huge band wagon on the field and "rolled along" during the ceremony. (Photo by Ken Anderson).

Rogan Is Attending Ohio Conference

Rev. W. F. Rogan, director of Westminster fellowship, is in Cincinnati, Ohio, to attend a conference of Presbyterian leaders in college and university fields.

The conference will start today and last through Monday. Eighty leaders from over the nation were selected to meet in order to discuss the cause of higher education work of the Presbyterian church.

Reverend Rogan is one of the three representatives selected from Texas. The other two are Dr. Fred Brooks, chairman of Westminster foundation in Texas and Rev. Jack Lewis, director of student work at Texas University.

Theta Sigma Phi Pledges Initiated At Ceremony

Six pledges of Theta Sigma Phi, national honorary professional women's journalism fraternity, were initiated as members yesterday afternoon in the home of Mrs. James G. Allen, club sponsor. Those initiated were: Margaret Daniel, Paula Fix, Sue Holmes, Billye Hopping, Guida Miller, and Betty Wright.

Jane Skinner, president, presided during the ceremony. Following was a discussion of the purposes of the national organization, of Matrix magazine, and the history of Alpha Upsilon, the local chapter. Refreshments were served following the program.

TEXAS TECH COLLEGE **BOOKSTORE** ON THE CAMPUS

DUCK'S ON THE LOOSE!—Fullback J. W. (Duck) Thompson is shown above as he skirts the Raider left end to turn in a neat gain against San Jose. (Photo by Ken Anderson.)

Raisin Bowl--

Continued from Page 1
 sacked the necessary punch.
 San Jose opened the ball game by taking the opening kickoff and driving to Tech's 39-yard line before Marshall Gettys' tackle, recovered a fumble. Tech immediately got the fireworks rolling by rolling to one first down, then Cal Stevenson hit Dick Jackson on the famed double-reverse pass play down to San Jose 11-yard line. Jackson fumbled the ball into the end zone where a Golden Spartan scooped it up and drove upfield to the ten.
 The Spartans were held for downs and punted out of bounds on its own 34-yard line. In 10 plays, the Raiders had opened the scoring. With Bud Conley, Hatch, and Stevenson alternating, they moved the ball to the 1-yard line, where Hatch smashed across for the counter. He also booted the extra point, and Morgan's charges led 7-0.

Raiders Intercept Pass
 San Jose took the kickoff and moved down to the Tech 33-yard line from which point Guard Dan Fursel intercepted a pass, and appeared on his way when his feet deserted him on the 40. Tech had enough steam to carry down to the 25-yard line in San Jose's end of the field, before running out of gas.
 After an exchange of punts, the host eleven got it's initial tally of the contest. Four plays carried the Californians to Tech's 31-yard line from which point Quarterback Gene Menges hit End Billy Wilson on the goal line for the score. The conversion attempt was good, and the score at halftime stood 7-7.

San Jose Scores
 Tech received to open the second half of play. Left Halfback Herman Bailey returned the kickoff to his own 30. A series of ground plays moved the ball downfield to San Jose's 47-yard line at which point a Spartan intercepted on his 44 and returned to Tech's 11. Fullback Jack Donaldson smashed through center for the TD, and the score stood at 13-7 San Jose.

The next time San Jose got its hands on the ball, it scored. The conversion was successful, and the score mounted to 20-7.

Tech received, could get no-

Aggie Election Is Set For Tuesday

Aggie club will meet at 7:30 Tuesday night in Aggie auditorium in order to select officers for the spring semester.

Howard Mathews, Swift company agricultural research division representative, will speak and show a moving picture. Two nominating committees for the club have been selected. Members of the first committee are Bill Davis, chairman, Edwin Sargent and Bill Kueger. Charles Butler, chairman, Cecil Mardis and S. E. Stanfield are members of the second committee.

Any member of the club desiring to make nominations from the floor must have a clearance sheet from Dean Stangel's office, room 201 of the agricultural building. The requirements for a nominee are: one-point grade average, member of Aggie club the previous semester and have the approval of the dean.

Doctor Hemmle Will Speak Before AAUW Wednesday

"Children Need Music" will be the topic for Dr. Gene Hemmle, head professor of music, when he speaks before the child development group IV of the American Association of University Women at 3:30 p.m. Wednesday in the Lubbock Country club.

Special emphasis will be placed on values that will come to young people through the study of music, Doctor Hemmle said.

where, and was forced to punt. An exchange of punts followed, and San Jose put on a sustained drive which carried to the Raiders' 16 yard line before Marshall Gettys came up with his second recovery of the afternoon. Then, after being stopped in the line, Stuver unreeled his stunning run.

Both teams played fine ball, but inability to stop a good passing attack again led to Tech's downfall. Tech's ground game was the much more potent of the two. Several costly errors hurt, as did several bad breaks. In naming outstanding players, one would just about have to say the whole team.

Tech-NMU Quints To Battle Tonight

Tech's basketball team ends its first swing of the season into Border conference competition by taking on the New Mexico Lobos tonight in Albuquerque.

The game climaxes the road trip which took the Raiders to the home courts of Texas Western and New Mexico A&M. The Lobos, who took fourth place in the Sun Bowl tourney behind three other Border conference teams, are slated to give the Raiders a rough time.

Tuesday will find Tech's team on its home court with the Buffaloes from West Texas State as the opponent. Gus Miller's cagers defeated New Mexico in the consolation finals of the Sun Bowl tourney to take third place in the holiday classic.

The Buffs hold an early season exhibition game victory over the Raiders but the charges of Coach Polk Robison have improved rapidly since the season began.

J. K. Wright, industrial engineering graduate of 1942, is employed by the J. C. Penney company as a field engineer, specializing in air conditioning of Penney plants. He is located in Kansas City, Mo.

Mr. and Mrs. Selby Clark are the parents of a boy, named Frederick, born Dec. 25 in the West Texas hospital. He weighed 7 pounds, 6 ounces. Clark is the social director of West hall.

Play Resumes In Intramural Hardwood League; Cross Lee Takes Rodeo Ass'n.

Intramural basketballers shook the holiday haze from their respective heads, and went back to work on the hardwoods in earnest Wednesday in the gymnasium.

Cross Lee defeated Tech Rodeo Association 40-30 in an independent league 2 encounter.

Bob Smith starred offensively for the victors with 11 points while Alvin Sheppard and Jim Holleman were dunking 8 and 9, respectively.

Bill Eddins netted 9 points for the losing Rodeo quint. Shelby Cole and Cecil Hale officiated.

Two teams, Cavaliers and Dusters, saw action in the independent league 1 on the fourth.

The Cavaliers disregarded past performances and shellacked the Dusters, last year's independent court champions, 41-34.

Herbert Cadenhead dunked 13 points for the winning five, but was crowded for team honors by Jimmy Willis, who had 12.

Horace Baines and Cecil Gooch with eleven markers each were the high point specialists for the Dusters.

Partial schedules for all intramural basketball leagues excepting the MCCC are as follows:

- Dorm League I
- January 9—Sneed hall Ball Hawks vs Drane hall at 7 p.m.
- January 11—Sneed hall Hawks vs Doan hall Red Devils at 8:15 p.m., Drane hall vs cupidors at 9 p.m.
- January 18—Athletic dorm vs Ball Hawks at 8:15 p.m.
- Dorm League II
- January 6—Doak hall Hornets vs

Dorm III west 7 p.m. Dorm IV Filthy Five vs West hall Eagles at 8 p.m. Dorm IV Rebels vs Filthy Five at 8:55 p.m.

January 12—West hall Eagles vs Dorm III West at 8:55 p.m.

January 16—Dorm IV Revels vs Hornets at 7 p.m. Filthy Five vs Hot Rods at 8 p.m.

January 17—West hall Eagles vs Doak hall Green Hornets at 5 p.m.

Independent League I

Sports Chatter

by KEITH ANDERSON

Christmas, New Year's and the Raisin bowl game have come and gone, and here we are on the last lap of the journey. For us it really is the last lap, because we depart from this institution come Jan. 28.

In a way, we hate to leave because we have enjoyed the carefree existence we have led here at Tech. It means the severing of relations with a great portion of the friends we have made. Still, we long to be cut on our own for a change, and see just what this world has to offer.

One of the most pleasant things we got to do while completing our term here at Tech was visiting California for the Raisin bowl tussle. It was our first visit to the Sunshine state. We say sunshine purely as a figure of speech, because while we were in the service, Uncle Sam saw fit to send us the other way.

Of the whole trip, however, we believed we enjoyed Fresno the best. Not that there wasn't more to do and see in Los Angeles, but there was no comparison of the hospitality of the people. We hope we won't seem like a traitor if we say that southerners should take a lesson from the Fresnojans when it comes to hospitality.

From the minute we arrived until we left, we were treated royally, and that goes for the football team and all Techsians who made the trip. Nothing was too large or small for them to do for our enjoyment and comfort.

To give a picture of Fresno is a little hard for us to do. During most of our stay, it was enveloped in fog, but we are sure that it must be a beautiful place in fair weather. Fresno is a city of something over 100,000. It is situated in the agriculture center of California—the San Joaquin valley. All the entertainment that California has to offer lies within an easy day's drive. San Francisco is only 140

miles away. All the winter sports are to be had at Yosemite, only ninety miles away. The coast is only across the mountains, and Las Vegas is not far.

While we are on this Chamber of Commerce description, we might as well add that Fresno takes a back seat to no one when it comes to beautiful women. We spent a few days in L. A. and Hollywood on our trip, and we can honestly say that the best looking women we saw were in Fresno. They were students at Fresno State college.

Something about the game. We got beat, but believe us, we were not disgraced in doing so. San Jose has a passing attack that would make Hardin-Simmons look like a high school effort. And even at that we think we should have won. Did you ever see one of those days in which everything seems to go against you? Well, for the Red Raiders that was it. They played good ball and don't need any alibis. The statistics prove how close the game was, and just how big a role San Jose's passing played.

No doubt the outstanding play of the game was Ike Stuver's 76-yard run on fourth down. We found out, however, that the fans were not the only ones surprised. In addition to the San Jose players, Raiders were also surprised, and that goes for all the coaches. Some of the boys told us that only Stuver knew what he was going to do. We doubt if Ike had any such thing in mind until it happened. It was a beautiful piece of work, and Stuver is to be complimented.

The double-reverse Steveson-to-Jackson pass play worked again, but this time the boys had some hard luck. In the first place San Jose was not caught completely asleep as HSU was, and Cal's pass had to be right on the money. Jackson took it in his stride, but was overhauled from behind, and in the scramble lost possession of the ball.

On this particular play came some of the weirdest officiating that we have ever seen. On the fumble, the ball rolled into the end

Gibson Is Named As Top Performer In Sports Magazine

Eugene Gibson, Tech's lanky basketball center, has been selected by a current magazine, Basketball, 1950, as an All-Southwest competitor. Gibson was named, along with nine others, as one of the top performers on the hardwoods in the Southwest.

Gibson, a senior with three years of varsity ball under his belt, is an important cog in Coach Polk Robinson's basketball machine. He is 6 feet 5 inches tall and handles his 185-pound frame exceptionally well.

Others named on the all-Southwest roster including three other players from Border conference schools, are Tom Hamilton, Texas; Leon Blevins, Arizona; Jack Brown, SMU; Wade Oliver, Arizona State of Tempe; Jim Cathcart and Bob Ambler, Arkansas; Don Heathington, Baylor; Hubert Kitchens, West Texas State; and Harrold Salmon, SMU.

Lens And Shutter To Hold Informal Dinner Tuesday

Lens and Shutter club will entertain its members and guests with an informal dinner at 7 p.m. Tuesday at the Tower Cafe, announced Fred Gibson, president.

The officers for the coming semester will be introduced and two new sponsors installed, said Gibson.

zone, and was picked up by a San Jose lad, who carried out to the eleven-yard line. The officials ruled the ball in possession of San Jose on the eleven allowing the runback of the fumble to stand. As far as we know, the rule is that the defensive team is not allowed to pick up a grounded fumble and advance it. Through it was in our favor, the Raiders protested the decision, but were told that the officials made the decision, and they were going to stick by it regardless.

Bond And Orr Are Married In Christmas Ceremony

Marty Lou Bond of Amarillo and Donald Orr of Uvalde were married Dec. 22 in the First Baptist church in Amarillo. Rev. N. E. Moon, of Crowell, cousin of the bridegroom, read the double ring ceremony.

Jeanne Dudley, Tech student from Silverton, was maid of honor. Serving as best man was Douglas McSwane, Tech football player from San Angelo.

Mrs. Orr is a graduate of Texas Tech. Orr is also a Tech graduate and was a member of the Red Raider squad. He is now assistant

History Offices Moved; Dean's Offices Get Shift

Several offices have been moved during the holidays. The office of the dean of women is now located in Ad-318. Prof. C. D. Eaves and Prof. O. A. Kinchen who formerly occupied Ad-318 now have offices located in the Museum.

The history offices are to remain permanently in the Museum. The dean of women's new office is temporary and will be located in one of the new wings of the Administration building in September.

coach at Uvalde. The couple will live in Uvalde after a wedding trip to Dallas.

Annual Mardi Gras Dance Is Held Friday Night in Hilton Hotel By Las Vivarachas

Las Vivarachas, women's social club, held its annual Mardi Gras ball last night in the Hilton hotel. Ted Crager's orchestra provided music for dancing.

Two large gold theatrical masks were used for illumination and streamers and confetti completed the mardis gras theme. Couples attending were in carnival costume and participated in a "grand march" preceding intermission.

Guests Named

Members, pledges, and dates who attended were Jane Adams, Bill Cannon; Nancy Arnold, Gene Geery; Clodette Baker, Alan Hamm; Bernice Benton, Vernon Benton; Jo Bullock, Herbert Puryear; Joan Chapman, Bob Statton; Nancy Conder, Joe Overton; Betty Jo Corcorran, Don Reeves, Jennie Corcorran, H. A. Tuck; Betts Dalton, George LaRoe; Peggy Davenport, Lloyd Simmons; Pat Edwards, Bill Behrends; Betty Formby, Bill Stucker; Beth Gregory, Lynn Cowan; Wynoma Hamilton, Wayland Bennett; Jonisue Hudson, Marvyn Cearley; Billie Hutchings, Dick Firtle; Mary Janet Johnson, Rufus Schofield; Pat McCaskill, Sammy Self;

Special Guests Attend

Jackie Mueller, Richard Hill; Wanda Mills, Andy Behrends; Pat Noland, E. J. Hill; Margaret Nelson, Bob Turner; Helen Ohlenbusch, D. C. Stubblefield; Ruby Fotts, Sam Johnson; Joan Pickle, Richard Deats; Charlotte Pow-

ell; Jerry Powell; Betty Roach, Bill Roach; Jane Royston, Thad Brown; Marcia Rogers, Bill Newhill; Carol Sherrod, Nolan Swain; Shirley Schmidt, Tony Riddlesperger; Peety Stephens, Pat Leary; DeAacon Ward, Gene McElroy.

Special guests were Mr. and Mrs. Richard Richards and Mr. and Mrs. John L. Upshaw. Sponsors of Las Vivarachas are Martha Graves and Mrs. Jean Jenkins.

Miller Is Elected Los Cams Prexy

Bill Miller, senior business administration major of Sudan, was elected president of Los Camaradas, men's social club, at a regular business meeting of the club Wednesday night. He will replace Hiram Jordan, business administration senior of Lubbock.

Other new officers are Joe Overton, engineering senior from Albany, vice president; Bob Turner, senior arts and sciences student from Levelland, secretary; Walter Phillips, business administration senior of Big Spring, treasurer; Bill Howard, business administration junior from Lamesa, sergeant-at-arms; James Bowen, business administration senior of Muleshoe, corresponding secretary; Delbert Lewis, business administration senior from Dumas, reporter. Neal Montgomery, senior engi-

near major from Littlefield, was elected best member of the club for the semester. The best pledge selected was Hector Mendoza, senior electrical engineering major from San Antonio.

Ostrander And Cavin Announce Marriage; Live In Drane Hall

Helen Ostrander, freshman home economics major from Amarillo and James Douglas Cavin, freshman aggie major also of Amarillo, have announced their recent marriage.

The couple is living in Drane hall.

New Finance Club To Be Organized

All students majoring in finance are urged to attend a meeting to be held at 7:30 p.m. Monday in Ad-220, Keith Schier, finance major, has announced. The purpose of the meeting is to form a new finance organization.

Tentative objectives for the organization are to boost the department of finance, to bring about a closer association between students of finance through business and social meetings, and to plan for the future of the finance majors. Permanent objectives will be discussed during the meeting Monday night.

Wesley Players' annual initiation banquet will be held Jan. 13 at the Chicken Village, announced Delane Adams, publicity chairman.

Tickets are \$1.50 per person and may be purchased at the Methodist Student center by Jan 10. Everyone is invited, said Miss Adams.

January Grads May Get Degrees In February, Says Doctor Jones

By PAULA FIX
Toreador Staff Writer

January graduates who can show justification may receive degrees at the end of this semester instead of waiting for the regular May commencement, announces Dr. E. N. Jones, Tech vice president. Although there will be no commencement program until after the spring semester, there will be an informal, but official, conferring of degrees in February or the close of this semester in special cases, Dr. Jones points out. This arrangement has been approved by the president and the Board of Directors so that students who plan to teach or assume other positions that require degrees may have them.

Teaching Grads To See Dr. Jones
The State Department of Education requires that persons entering other positions which require degree "in hand." Graduating seniors who plan to teach or assume other positions which require degrees are to see Dr. Jones to make a formal application.

Applicants who are approved will receive a letter from the president conferring the degree. A diploma will be sent as soon as possible after the end of the semester, Dr. Jones says. Approved applicants should give the registrar an address to which a diploma can be sent, states Dr. Jones. Those who receive degrees now will not be eligible to participate in the regular May commencement.

Deans To Decide
The Board has stipulated that only those students who really need the degree conferred will be recognized. The need and justification are to be determined by the dean of the student's division. A letter from the registrar or president of a college is sufficient for most employment purposes, Dr. Jones states.

Margene Fry, editor of the Ex-Student News since September 1948, resigned Wednesday to accept a position teaching journalism at Whittarral, D. M. McElroy, executive secretary of the Ex-Student Association, said yesterday. Miss Fry graduated from Tech in 1948.

Noted Museum Man Arrives On Campus

Dr. Robert T. Hatt, director of the Cranbrook Institute of Science in Bloomfield Hills near Detroit, Mich., will arrive on the campus today to serve, for one week, as a consultant to the museum staff, in arranging the overall plan of exhibits, said Dr. W. C. Holden, museum director.

Doctor Hatt has visited more than 100 museums in the United States, Canada, Mexico, England, France, Holland, Belgium, and Germany. In addition to being director of the Cranbrook Institute he is assistant curator of mammals at the American Museum of Natural History. He is also on the council of American Association of Museums, and president of the Midwest Museums conference.

During his stay he will give a lecture, with color film, of explorations in Yucatan and Quintana Roo.

Betty Willis, Leo Southern Wed In Holiday Ceremony

In a double-ring ceremony performed Dec. 28 in the West Amarillo Christian church, Betty Lucille Willis became the bride of James Leo Southern. Both are Tech students from Amarillo.

Joan Chapman, Midland, and Phyllis Herrington, Amarillo, presided at the serving table during the reception which followed the wedding in the church parlor.

Mrs. Southern, arts and sciences senior, is a member of DFD social club. The bridegroom, a member of Socii social club, is a senior electrical engineering major. The couple is at home at 3205 Thirty-fifth.

The Arnold Society for air cadets will meet at 7:30 p.m. Monday in X9-B.

"I'm sorry Mr. Philbrik, but Johnny has opened up a new world for me!"

You, too, can open up a new world of smoking pleasure by lighting up a PHILIP MORRIS — the one cigarette proved definitely less irritating, definitely milder, than any other leading brand.

That's why there's NO CIGARETTE HANGOVER — when you smoke PHILIP MORRIS!

CALL FOR PHILIP MORRIS

PROVE TO YOURSELF

NO CIGARETTE HANGOVER

when you smoke PHILIP MORRIS!

In just a few seconds you can prove PHILIP MORRIS IS DEFINITELY LESS IRRITATING than the brand you're now smoking!

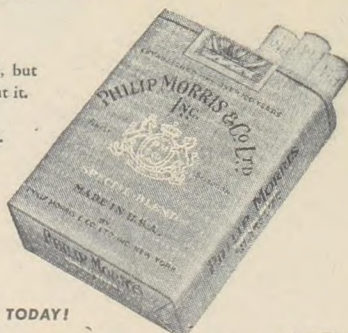

1...light up a PHILIP MORRIS THEN, just take a puff — DON'T INHALE — and s-l-o-w-l-y let the smoke come through your nose. Easy, isn't it? And NOW...

2...light up your present brand. Do exactly the same thing — DON'T INHALE. Notice that bite, that sting? Quite a difference from PHILIP MORRIS!

NOW YOU KNOW WHY YOU SHOULD BE SMOKING PHILIP MORRIS!

Everybody talks about PLEASURE, but only ONE cigarette has really done something about it. That cigarette is PHILIP MORRIS!

Remember: less irritation means more pleasure. And PHILIP MORRIS is the ONE cigarette proved definitely less irritating, definitely milder, than any other leading brand. NO OTHER CIGARETTE CAN MAKE THAT STATEMENT.

YOU'LL BE GLAD TOMORROW — YOU SMOKED PHILIP MORRIS TODAY!

CALL FOR PHILIP MORRIS

Dr. Geo. Heather To Assume Duties

Dr. George Gail Heather will assume duties as the new dean of business administration Jan. 15, announces Frank Junell, assistant to the president.

Dr. Heather will confer with Haskall Taylor, acting dean and professor of accounting and finance until the beginning of next semester. The new dean comes to Tech from Florida State university, where he was professor and chairman of commerce.

Other positions he has held include instructor in commerce and economics at the State University of Iowa, assistant professor of economics at Fort Hayes State college in Kansas, and director of curriculum and associate professor of economics at the University of Denver.

Doctor Heather received his BS degree from Southwest Missouri State college. He earned both his MA and PhD degrees from the State University of Iowa.

His wife, the former Mary Caroline Stewart, received her BA degree from Tech in 1945. The couple has a 16-months-old son.

Dean Taylor will resume full-time teaching duties next semester. Expressing his thanks to Professor Taylor, Dr. E. N. Jones, Tech vice president, states he has done an excellent job and has skillfully guided the division since he assumed duties in Sept., 1948.

The Fireside Forum will be held at 2 p.m. Sunday in the Aggie auditorium. The 'Cored Bored Four' and the 'Notables,' two quartets from the Lubbock chapter of S.P.E.B.S.Q.S.A., will be featured on the program. Everyone is invited.

ROTC To Receive New Type Gear

Introduction to new types of communicating equipment will be taught in the communications ROTC classes next semester, Capt. William C. Neubauer, communications officer said. Smaller and more durable equipment has been developed by the army, according to a press release from Washington. Engineers have recently developed a generator weighing 85 pounds that puts out as much power as others weighing 120 pounds. A field switchboard weighing 45 pounds will replace the old 225 pound switchboard. New wire weighing 48 pounds per mile will be used instead of the old wire weighing 132 pounds per mile.

"Miniaturization" is the word used to describe the task of developing the smaller equipment. Even

Printed Personnel Forms Now Available To Seniors

Seniors interested in filing requests for printed personnel forms should do so as soon as possible, Mrs. Jean Jenkins, executive secretary of the Placement center, said yesterday. A minimum of 200 requests must be filed before the forms can be ordered, she said.

The forms are designed to make correspondence between students and prospective employers easier for the student, Mrs. Jenkins said.

American Institute of Mining and Metallurgical Engineers will hold its regular meeting at 7:30 Monday night in the extension building projection room.

though the ROTC unit will not be able to get samples of the equipment soon, the students will be made acquainted with it in the classrooms, Neubauer said.

Services Are Held For Tech Student

Funeral services for Billy Verns Mitchell, 19, Tech student, were held in the Denver City Baptist church Friday, Dec. 31.

Mitchell was killed Wednesday, Dec. 29, near Andrews when a jack-knife oil rig slipped from a truck and crushed him. He was pronounced dead on arrival at the Andrews hospital about 10 a.m. that morning.

The victim was a sophomore in the engineering division at Tech and was at home for the holidays visiting his parents, Mr. and Mrs. W. T. Mitchell of Denver City.

Burial was in the Odessa cemetery.

Lens and Shutter club will have a called meeting at 7 p.m. Tuesday in Ad 207, announces Fred Gibson, president.
