

"WELCOME TO LUBBOCK AND TECH"— This is the attitude of the group greeting Bernd A. Oldenkott, vice-consul at Houston for the West German Republic, second from right. Others are (left to right) Mrs. Edwin Forrest, Billie Jean Stroehle and Dr. G. E. Giesecke.

Tech Hosts Statewide German Convention

Bernd A. Oldenkott, vice-consul at Houston for the West German Republic, will speak at 8:30 this morning in the Speech Theater building to delegates of the Texas Assn. of German Students.

THE VICE-CONSUL arrived at noon Friday at Lubbock Municipal Airport and was greeted by a caravan of German-made cars carrying German language students.

Student delegates from colleges and universities throughout Texas began registration yesterday in Tech Union for the TAGS convention.

After Oldenkott's arrival he was taken to a class of grade school children who are taking German at Tech.

"IT'S AMAZING" was the re-

ply of the vice-consul. "The children singing German songs and answering German questions."

Following Oldenkott's talk this morning Texas Christian University students will present at 8:40 "Hofgesind Veneris, a German play spoken in German will be all the plays on the program.

AT 9:10 A.M. Southwestern University will present "Die Hypnose." After this Our Lady of the Lake college from San Antonio will present a group of songs which trace German folk and poetical music.

Southern Methodist University will stage the production of "Der Morder" at 10:15 a.m. "Der Schatz" will follow at 11 a.m. by Arlington State college.

BILLIE JEAN Stroehle, vice president of the TAGS, will pre-

sent Dr. R. C. Goodwin, dean of Arts and Sciences, who will speak at 1:15 p.m.

At 1:30 p.m. high school students who wrote prize-winning essays will be recognized. Also at 1:30 p.m. a business meeting of the TAGS will be held in Tech Union.

THE FINAL EVENT of the day will be the presentation of "Maria Stuart" by a group from Texas University at 3 p.m. Admission is 50 cents. All other presentations will be free.

Teller Goes To Contest

Joe Teller, civil engineering senior, will represent Texas Tech in the American Society of Civil Engineers' student paper contest May 1 in Corpus Christi.

Teller's presentation of "Vegetation as Related To Infiltration" won first place honors in competition with three other finalists at the Saturday meeting of the South Plains branch of the ASCE in the Ming Tree restaurant.

THE FOUR finalists were awarded \$15 each. In addition, Teller, ASCE secretary, will receive an expense paid trip to Corpus Christi for the Texas section ASCE contest.

Wayne Noaks, second place winner, will also receive an expense paid trip to Albuquerque to present his paper, "Sub-Surface Drainage by Wellpoints," in New Mexico ASCE competition May 6.

Englishmen Out-Wit Techsians in Debate

by PRESTON MAYNARD

Two facetious, quick-witted Englishmen matched two of Tech's most astute speakers Friday night and the result was a highly humorous battle of wits, bringing a near-capacity crowd to bursts of laughter and applause.

E. C. Dalrymple-Alford and Dr. Frederick W. Crawford, both of the University of London, took the affirmative and Joe Ben Hudgens and Tommy Reager of Tech took the negative side in the debate, held in the Agriculture Auditorium.

THE DEBATE concerned, Resolved, "that the emancipation of woman has led to the enslavement of man."

Dalrymple-Alford opened the contest with the remark "we must remember that while women have the upper hand, men have no hand at all." This brought the first of many bursts of laughter.

HE FURTHER commented "the best thing the U.S. could have done was to send a woman ambassador to Russia." Since women have gone into so many of man's activities, he felt the American woman could well match the Russians.

Dalrymple-Alford paraphrased woman as saying to man "I tell you this is true, it's true because I say it is true." To this Joe Ben Hudgens brought walls of laughter with the typically English shout "God save the Queen!"

The Britisher countered with "My friend, it is not the Queen that needs saving, it is the King!"

Tech's side of the debate was opened by Joe Ben Hudgens, who stated "probably one of the most exciting sports the British have is touring the colonies, and we hope they haven't found the natives too unfriendly this trip."

HUDGENS CENTERED his argument on the difference between dependance and enslavement, pointing to the demands upon woman of the American wilderness of past years and saying "my own great-grandmother fought Indians out in West Texas."

"Keeping up with the Joneses," continued Hudgens, "is the greatest American pastime other than sex and baseball." With this statement he supported in part his contention of woman's economic position.

Cross - examining Hudgens, Dalrymple-Alford brought peals of laughter with the question "Are your remarks about women from your own experience?" Hudgens answered with a somewhat red face, "to some extent."

Crawford proved no less witty than the others as he stated he was glad to visit this "offshoot of Alaska" and to hear "Lyndon Johnson, Jr." (Hudgens).

CRAWFORD finished his part with two questions, "Does man have more on his shoulders than ever before" and "have his areas been invaded by woman." He challenged the Techsians to disprove this.

Pointing to woman's place in war efforts and the continuation of such in post-war years, Reager

pointed out that man now has to prove his superiority over woman, even though "man has the God-given right to subject woman and keep her in her place."

IN SUMMATION of the two sides, Hudgens presented the Tech debaters' view, saying there is a difference between "the state of dependance and the state of slavery" and that "we are dependent on women; women are not slaves, and this dependance makes better men and better women."

Giving the opposite view, Crawford again asserted women have usurped men's jobs and the "ulcers among American men are due to the enslavement of man."

Ending the debate, James Brennan, Tech debate coach, paid high tribute to the English system of debate.

Directors Elect New Officers

Members of the Texas Tech Foundation board of directors will meet today to elect new officers and hear reports by Dr. E. N. Jones, Tech president, and William H. Butterfield, development director.

More than 20 persons are expected at the session, scheduled to begin at 9:30 a.m. in the Union building anniversary room.

IN ADDITION to reporting on general activities at Tech, Dr. Jones will summarize the need for major gifts to supplement state building funds.

Butterfield will give details of the Foundation's current financial status and outline proposals for expanding private support of Tech.

The Foundation is an agency for private funds that supplement state support of Tech.

'MOBY DICK' GOES ASTRAY

Tech Union has announced cancellation of scheduled plans for running the movie, "Moby Dick."

Due to difficulties beyond control of the Tech Union or the film company involved, the movie cannot be shown Sunday and Monday as scheduled.

The movie, "Heaven Knows Mr. Allison," in color and cinemascope, has replaced "Moby Dick." It will be shown at 2:30 p.m. Sunday, and at 4 and 7 p.m. Monday.

KTTC Gets Equipment; Resumes Broadcasting

KTTC, Tech radio station, has been off the air for several weeks as a result of the installation of new equipment but resumed broadcasting Monday and will broadcast Monday through Saturday of each week.

JOHNNY LEONARD starts broadcasting at 5:30 p.m. daily, followed by the Chris Johnson Show from 6:30 p.m. until Don Thomas takes over at 7:30 p.m.

Vorpal's Blade, which got its name from a poem in Lewis Carroll's book, will continue at 8:30 p.m. until 10 p.m. when Larry Brummett has his show. Ed Nettleton's show starts at 11 p.m. and

continues until Miss Exotica takes over with her jazz show. The station signs off at 1 a.m.

HOURLY NEWSCASTS on the half hour are given as sponsored by Lucky Strike in return for the teletype machine — otherwise, there are no commercials.

New positions that have been appointed are Don Dye, station manager; Frank Young and Don Thomas, chief engineers; and Ken Kaplan, program director. Disc jockey positions are still available and open to anyone interested.

The broadcast may be picked up by radios in dorms and on campus at 655 on the dial.

Rodeo Team Competes At New Mexico A&M

The Texas Tech Rodeo Team will compete this weekend at New Mexico A&M, where Leon Swift will ride bulls and bareback bronc in place of Hershel Wilson.

The Tech team also participated in the first Region NIRA Rodeo

of the season at Sul Ross State Teachers College at Alpine last weekend.

Texas Tech placed fourth in team standings at the Alpine rodeo. The team consisted of Payton Scott, bareback bronc, saddle bronc and bull riding; Pete Bryan, bareback bronc and bull riding; Steve Cone, tie-down roping and ribbon roping; Tom Koger, bareback bronc, tie-down roping and ribbon roping;

CLYDE FORT, ribbon roping and tie-down roping; Hershel Wilson, bull riding and ribbon roping; Dale Burnett, ribbon roping and tie-down roping; and John Holt, bareback bronc and bull riding.

TECH TOPS RAZORBACKS

Tech's golf team moved a step nearer Tech's first Southwest Conference championship in any sport, as the golfers turned back the Arkansas Razorbacks 4½-1½. See story, Page 8.

Artists Exhibit Work At West Texas Museum

The eighth annual combination art exhibition of Texas Fine Arts Preliminary and South Plains Art Guild will be featured in the art and rotunda galleries of West Texas Museum until April 30.

The combination exhibit includes paintings, tiles, ceramics, crafts and other types of art work by artists on the South Plains and other parts of Texas. Chairman of the exhibition is Rod Parkinson, assistant professor of architecture and allied arts.

PURPOSE of this show is to publicize the work of artists and craftsmen in Texas and to bring together and display works done by participants from this area. First purchase prize of \$75 has been presented to Mrs. Burnice Fix of Lubbock for her oil painting, "Near and Far."

South Plains counties represented in the exhibit include: Bailey, Lamb, Floyd, Motley, Dickens, Kent, Fisher, Hale, Scurry, Borden, Crosby, Lubbock, Lynn, Dawson, Terry, Gaines, Yoakum, Cochran, Hockley and Garza.

Home Economics Dept. Slates Annual Open House Wednesday

"Then, Today, Tomorrow," theme of the Home Economics Open House will be carried out by the five departments next Friday and Saturday and will commemorate the 30th year of granting degrees in home economics at Texas Tech.

THE THEME is symbolic of the foundation laid by the first graduates, the progress that has been made and hopes and dreams for the future. Home economics exes and graduating seniors will have a luncheon at the First Methodist Church Saturday. Mrs. S. B. Campbell and Mrs. Dale Smith are in charge of reservations which should be made by Wednesday.

Home Ec. Education Department will feature family health and civil defense in the homemaking program. The theme will also be shown through high school homemaking of yesterday and today. For graduates there will be exhibits in graduate work and teacher education.

HIGHLIGHTS of applied arts are school children working under supervision of the art education classes. Mosaics, enameling, wall designs and interior designs are but a few of the exhibits and demonstrations planned.

Child development and family relations will illustrate develop-

mental tasks of each of the family members, then, today and tomorrow depict different traits of family life.

HOME MANAGEMENT will feature exhibits of ranges and refrigerators of the past, present and future. Demonstrations will be conducted laundering today versus the old wash place. Career opportunities in home management and a day in the life of a working or student wife are also scheduled demonstrations.

STYLE SHOWS by clothing and textiles include cotton dresses for anytime of the day or night. New fabric flashes and home furnishings will be exhibited.

Journalism Dept. Sets Summer Work Program

Two workshops and one course for college credit are being offered by the journalism department this summer.

THE SECOND ANNUAL newspaper-yearbook workshop, open to editors, business managers, and other staff members, will be held August 9-13. This workshop is a concentrated instruction in major phases of publications work and is designed to help next year's editors and staffs approach their jobs with greater knowledge, skill and confidence.

For the first time a comprehensive two-day photo short course is open to students and teachers with limited knowledge of photographic techniques. Scheduled for August 10-11, it includes shooting pictures, composition, dark room techniques and picture editing.

FOR THOSE seeking summer course work for college credit, the journalism department is offering two courses during the first summer term.

These include journalism for the high school teacher and feature writing.

W. E. Garets, head of the journalism department, heads the summer faculty. Other members are J. F. Paschal, yearbook advisor, Amarillo High School; Elizabeth Hurley, newspaper-yearbook advisor, Amarillo High School; Elizabeth Hurley, newspaper-yearbook advisor, Pampa High School and Sam Hollis, newspaper-yearbook advisor, Andrews High School.

Guest speakers from both the newspaper and yearbook fields are also scheduled for lectures.

Sigma Kappas Plan for Rush

Sigma Kappas will meet Saturday for officer workshop and to plan rush next fall.

Old and new officers will meet with the advisory board for orientation from 2 to 3 p.m. in the lodge. From 3 to 5 members and pledges will plan for rush.

Next weekend the group will leave for the Episcopalian Encampment at Ceta Canyon for the annual spring retreat.

Dinner Fetes Dean Weeks

Mrs. Margaret Watson Weeks, Dean Emeritus of the School of Home Economics, will be honored at a luncheon in Weeks Hall Sunday.

This luncheon will also honor girls who have received activity achievement and scholastic honors in Weeks Hall.

THE LEGISLATORS and dorm officers will compose the receiving line for the reception and a picture of Dean Weeks will be presented. The picture was presented to the dorm by the Weeks Hall residents, which was named after Dean Weeks.

Honored guests are Dean Weeks, Dr. and Mrs. E. N. Jones, Dean and Mrs. James G. Allen, and vice-president and Mrs. M. L. Pennington.

VETS ANNOUNCE SPRING DANCE

Presentation of the Texas Tech Vets Club sweetheart will highlight the annual Tech Vets dance in the National Guard Armory, May 9, 8:30-11:30, says John P. Ford, Vets Club reporter.

Ticket sales began Thursday for the Veterans' spring dance. Music will be furnished by the Men of Notes, and door prizes will be given.

Proceeds from the dance will be used toward the purchase of a school flag to be presented to Tech.

Pi Omega Pi Has Luncheon

Members of Pi Omega Pi, business education fraternity, and business education faculty will attend a luncheon sponsored by Pi Omega Pi, states Paula Bell, president. The luncheon is Thursday in the Tech Union.

Speaking will be Mrs. Jean Jenkins, placement department head. Her subject will be "How to Apply for Work."

Honor At IFC

"Men have a tendency to come what they may," said James in his speech at the workshop Thursday at the Interfraternity Tech Union.

DR. McLEOD, dean at Northwestern University, told representatives of fraternal organizations that "honor is shown when he can't."

Intramural athletic scholarship awards were a smoker after the Delta Theta, winner of track awards, and IFC sweepstakes having the highest points in intramural during 1958. Dewey Delt representative award from Edsel L. rector of intramural.

PHI GAMMA DELTA the basketball and phies.

Tech Choir Has Concert

The Tech Choir, Gene Kenney, will present a spring concert day at the First Church.

Lubbockites and invited to attend will Modern arrangements as "Wait for Seeing Nellie Home of Jeanie," and in a tone, Bach's "Komm, Schütz," "Sing unto New Song," and Br Schluss" are a few of the songs.

The program will given by the Choir spring tour, Kenney's

Honor Emphasized At IFC Workshop

"Men have a tendency to become what they imagine themselves," said James G. McLeod in his speech at the banquet open-workshop Thursday night in the Interfraternity Council Tech Union.

DR. McLEOD, dean of students at Northwestern University, also told representatives of the ten social fraternities that "no fraternal organization is without Deity" and that "honor is what a man shows when he can be counted on."

Intramural athletic awards and scholarship awards were made at a smoker after the banquet. Phi Delta Theta, winner of football and track awards, received its second IFC sweepstakes award for having the highest number of points in intramural competition during 1958. Dewey Bryant, Phi Delta representative accepted the award from Edsel Buchanan, director of intramural athletics.

PHI GAMMA DELTA received the basketball and softball trophies.

The scholarship awards were presented to Phi Kappa Psi, whose membership had the highest scholastic average for the spring and fall semesters of 1958.

PI KAPPA ALPHA won the IFC award for displaying outstanding sportsmanship in all 1958 intramural events. Champ Turner, Pike president, received the award from James Whitehead, assistant dean of student life.

The two-day workshop ends with a meeting this afternoon in the Rec Hall.

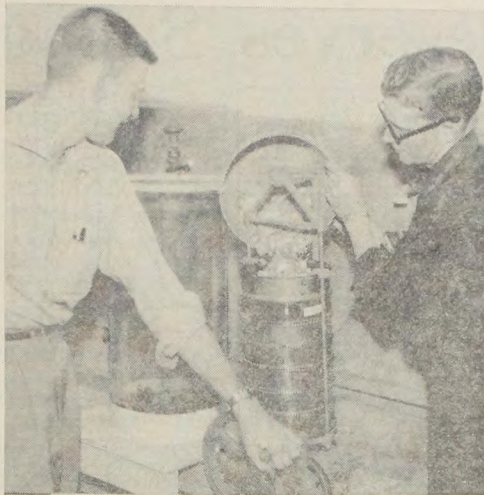

Baisden Wins Writing Contest

Orville Baisden, junior from Verdunville, was named winner in a theme-writing contest among Tau Beta Pi pledges at a banquet in their honor last Saturday.

THE CONTEST is an annual event for pledges of the engineering honorary, and paper subjects deal with the relation of engineers to the government. Baisden's paper was entitled "Threat from Within," and centered around the threat to the U. S. Government from its own citizens. It will now be entered in the national contest.

New Tau Beta Pi pledges are: Baisden, Joe Black, Bill Boverie, Keith Boyd Douglas, Bill Bratton, Ed Carrell, Damon Duncan, David Heard, Jack Hester, Quinton Johnson, Don Kerr, Phillip Laird and Wilburn Lee Luna.

Gene Martin, Arthur Monahan, James Narem, Billy Bob Park, Coleman Rester, Donald Riess, Robert Rodgers, Billy Sanderson, Dan Seal, Carl Springer, Richard Steede, Udo Johann Strasillo, Rolfe Taylor, Gayland Whitman, edry Gene Whitten, Bert Williams and Robert Wooley.

WHAT'S A CAPILLARITY TEST? — Persons attending the Engineering Science Show, scheduled for next weekend, will find out what a capillarity test is. Setting up the test are Joe Teller (left), secretary of ASCE, and Gene Richardson, ASCE treasurer.

Businessmen Interview Seniors Next Week

Graduating seniors in business administration, home economics and engineering will be interviewed next week by representatives of business firms.

GRADUATES in accounting, economics, finance, marketing, and office personnel management will be interviewed Monday by Sears, Roebuck and Company. This company has opportunities for men who are interested in the field of distribution.

Graduates in home economics will be interviewed Monday by a Neiman - Marcus representative. The person who would interest this company must have sales,

leadership ability and a flair for fashion, says Mrs. Jean Jenkins, Director of the Placement Service.

LUFKIN FOUNDRY and Machine Co. and Shamrock Oil and Gas Corp. will interview engineering graduates Wednesday and Friday, respectively. Shamrock has an opening for a graduate civil engineer whose primary duties would be to supervise the construction and design of service stations.

Appointments for these interviews may be made at the placement office, Administration 159.

WUS Drive Opens Here

Shoe shines, car wash booths and the Mile of Pennies will mark the World University Service Drive next week.

Ten cent shoe shines in the Tech Union begin Monday morning and will continue from 8 a.m. to noon through Friday.

THE MILE OF PENNIES will be Thursday and Friday in front of the Union, and Saturday the car wash booth will be in front of the library.

WUS events are to help college age students in 34 countries. Each dollar given is matched by the country receiving it. This money goes to pay the students' expenses for health, books, lodging and general welfare.

THE PROJECT is sponsored by the Student Council, Alpha Phi Omega, Interfraternity Council and Women's and Men's Inter-Dormitory Councils.

Women's dormitories plan to have a money-raising contest between north and south wings and to collect coat hangers to sell.

DON SPENCER is chairman of the Student Council-sponsored drive, and Pat Booth is in charge of the car wash and shoe shine.

Tech Choir Has Concert

The Tech Choir, directed by Gene Kenney, will present its annual spring concert at 3 p.m. Sunday at the First Presbyterian Church.

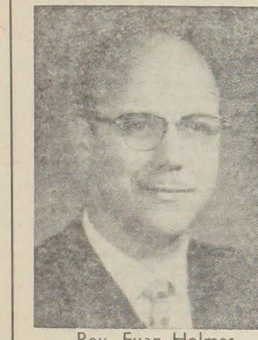

Lubbockites and Techsians are invited to attend without charge. Modern arrangements of such tunes as "Wait for the Wagon," "Seeing Nellie Home," "I Dream of Jeanie," and in a more serious tone, Bach's "Komm Jesu Komm," Schutz's "Sing unto the Lord a New Song," and Brahms' "Zum Schluss" are a few of the selections to be sung.

The program will be the same given by the Choir during its spring tour, Kenney said.

TRAMP SMOKER SET MONDAY

Arch Lamb, founder of the Saddle Tramps at Texas Tech, will be speaker at the Tramp smoker at 7 p.m. Monday in the Recreation Hall.

"All men who have completed 30 hours this semester and have a keen interest in promoting Tech school spirit are urged to attend," Pete Baker, Tramp president, said.

Noted Composer Arrives For Tech Symposium

Dr. Vincent Persichetti, noted contemporary composer and faculty member of the Juilliard School of Music in New York City will arrive here Wednesday as featured guest of the Tech Music Symposium, Tuesday through next Sunday.

IN 1953 HE was the recipient of the National Arts and Letters Grant, and two Juilliard Publica-

tions Awards. He is currently the holder of a Guggenheim Fellowship.

Dr. Persichetti received the Bachelor of Music degree from Combs College and the Master of Music and the Doctor of Music from the Philadelphia Conservatory. He also holds a diploma from the Curtis Institute of Music in Philadelphia.

A TOTAL OF ten of Dr. Persichetti's compositions will be performed during the Music Festival.

Dr. Persichetti will speak at a luncheon in the Student Union Workroom next Saturday at 12:30 p.m. Tickets are \$2.40 and can be purchased in the Music Department.

Mortar Board Honors Fish

Mortar Board's "Smartie Party" for freshmen women who made a 2.0 grade average or above for the fall semester, will be at 2 p.m. Sunday in the Faculty Club.

Mrs. E. N. Jones will speak and Carol Cummings, Mortar Board member will illustrate the activities of the group with slides.

The party is designed to encourage scholarship, leadership, service and to inform women of Mortar Board.

Phi Mu Elects Gale President

Tech chapter of Phi Mu elected charter officers at a special meeting Monday night.

New officers to assume duties April 25 are: president, Gretchen Gale, Waco; vice-president, Dorothy Dodsworth, Bowie; pledge director, Judy Graves, Amarillo; corresponding secretary, Donna St. Clair, Midland; recording secretary, Hannah Kitzell, Dallas; treasurer, Alice Word, Garland.

'LITTLE MAN ON CAMPUS' — Bibler

EXCESSIVELY

Don't Compliment

SILENCE IS A COMPLIMENT. Since a good job is expected, it doesn't deserve rosy phrases spelling it out to the person responsible.

However, when something is weak or in error, it definitely needs comment, to speed the correction. Only in the light of discussion can weaknesses and errors be brought out into the open and corrected.

Many persons take the opposite view, believing that only those things that are "good" should be commented on, and something that is "bad" should be ignored, with a secret, fervent hope that when another look has been taken at it, the situation has corrected itself.

Perhaps compliments, used sparingly, may be beneficial, particularly when dealing with people, rather than situations, but only when something outstanding has been done.

When just the good points of something is played up, those connected develop an air of indifference to the bad points, and those bad points are rarely ever corrected.

If the use of compliments is held to a minimum, being used only when something really outstanding has been done, then a big step has been made to improve the rate of progress.

The TOREADOR, official student newspaper of Texas Technological College, Lubbock, Texas, is regularly published, each Tuesday, Thursday and Saturday morning during the two long terms, excepting holidays, by students of the College as an expression of student news and opinion only.

The TOREADOR is financed by a student matriculation fee, advertising and subscriptions. Letters to the editor represent the views of their writers and not necessarily those of the TOREADOR. Letter must be signed, but may be published without signatures in justifiable instances. The views of the TOREADOR are in no way to be construed as necessarily those of the administration.

Entered as second class matter at the Post Office in Lubbock, Texas, under Act of March 3, 1879.

THE WORLD UNIVERSITY Service is one of the most worthwhile organizations that Tech students can support.

WUS is designed to solve many of the problems facing university communities throughout the world, aiding projects such as student lodging, health, education equipment and emergency student relief.

Funds raised in the drive will be distributed on the basis of need and the recipients' desire to help themselves.

A world-wide program that is aimed at aiding and correcting university problems deserves more aid than Tech students have been willing to give it in the past. According to Don Spencer, chairman of this year's WUS drive, Tech con-

tributions rarely total more than \$500 for any given year.

A little student participation in the money-raising projects planned by Spencer and his group could make this year's drive a successful one. Projects are a Mile of Pennies, shoe shine and car wash booths.

Whenever you see one of these projects in action, take part in it — it's for a good cause. Besides, you will also get your car washed and your shoes shined. The mile of pennies is a ready-made way to get rid of the pennies that seem to accumulate.

With good student participation, this year's drive could be one of the most successful Tech has ever seen. WUS is one organization that is designed specifically to aid university students; so, it deserves the support of university students.

Techsans Talk Back

Signatures Asked For

Editor,
If you continue to print every letter that is sent to you, please do the only logical and fair thing — print the sender's name. This will prevent malicious and slanderous rumors from starting about the origins of these letters and will also give your readers the opportunity to judge for themselves the competency of the writers. This will also remove a large part of the responsibility for the letter from the TOREADOR to the author of the letter. If a person wants to commit libel I would like to at least know his name.

Don Ledwig

Non-Eaters Say Strike Successful

Editor,
With reference to the article "Food Strike Strikes Out," which appeared in the Thursday, April 9 issue of the TOREADOR, we are writing in protest to the alleged statements of the dietitians representing Food Service and of William H. Hassler, Assistant Dean of Men.

FIRST LET US get the facts straight with Food Service. Sneed Hall students admitted that the breakfast rush on April 7 was planned. It was not the fire in the barracks which roused Sneed residents out of bed at 7 a.m. that day. Also the incident at lunch was spoken of as a "mild hold-out" and the dietitians stated that they noticed nothing unusual at the noon meal. Indeed it was not even hinted that some 75 per cent of the students who passed through the chow line that meal took their food directly to the conveyor belts and sent it back to the kitchen UN-EATEN in clear view of the outraged dietitians. To us this act can only be interpreted as a plain refusal to eat, and should never be misconstrued as an unsuccessful food strike. Evidently it was QUITE SUCCESSFUL.

We can understand the Administration's desire to prevent the truth of the incident from spreading to the other dorms because similar incidents might be promoted there. But it is about time the Texas Tech Administration realized that news such as this WILL BE SPREAD by those ever-present nuisances — students, and that these instances of protest

will always occur so long as there is dissatisfaction, and the instances will never be prevented by evasion of facts or threats to the students, but can only be prevented by positive acts of good faith by the Administration, calculated to cure the dissatisfaction, not nourish it.

ASSISTANT DEAN of Men William H. Hassler's statement that further food boycotts by Sneed might imperil that dorm's chances for getting action of the proposed games room in the basement of Sneed is a typical example of the Administration's policy of threat and antagonism. It seems that certain personnel in Food Service and the Department of Student Life insist on taking incidents such as food strikes as personal insults and feel they must retaliate. At least, Dean Hassler could have commented that they were "viewing the situation with grave concern," which we have heard before; that would not have been so antagonizing. Instead, they propose to punish us by refusing a games room on which we have tried vainly for three years to obtain action. Never have we heard of a more immature, ridiculously childish, method of putting down a protest. Punishment for protest! Gee whiz! Why, even in most prisons of the land, the prisoners are not punished when they refuse to eat! But, Oh Yes — the Administration charges that such acts are embarrassing to Texas Tech. The painful truth is that acts as food strikes are embarrassing to the Administration of Texas Tech — no one else! Dean Hassler's statement itself is embarrassing to Texas Tech. Certainly the students have not embarrassed themselves by protesting conditions they don't favor. Any reform the world has ever realized has been initiated by protest. Social progress is entirely dependent on protest and exposure of undesirable conditions.

GET WISE, Administration — grow up! Right now you don't even rate with the students of Texas Tech. Certainly to you that must be the most humiliating charge we could make.

EDITOR'S NOTE: Due to space limitations, we cannot run the 151 signatures, as Mr. Ledwig would want us to. The letter is on file in the TOREADOR editor's office.

Qualifications Need Listing

Editor,
Perhaps I have been misinformed, but it seems that, in the past, the activities of each woman vying for Woman of the Year have been listed in the TOREADOR on or near election day. This year,

only the names of the girls and their supporting organizations were given. Was this an oversight, or was it intentionally done?

BECAUSE WOMAN of the Year is elected on the basis of her activities on and contribution to the Tech campus. I feel that every woman should know exactly what each candidate has accomplished her senior year. The main way that anyone can become familiar with the candidates is through the TOREADOR. This is the reason why I and many others earnestly hope that such important publicity should never be "overlooked" or intentionally omitted again.

Sincerely,
Betty Sue Meinicke,
Drane Hall

Pair Dislike 'Toyletdor'

Editor,
Why must a person who has the initiative to express his opinion be the object of derogatory, insulting letters. It is our opinion that Donnell Echols was only one of many people who did not approve of the "TOYLETDOR." We are inclined to agree with Mr. Echols — funny, sarcastic remarks are all right until it reaches the point where they are enjoyed at the expense of someone else. It seems to us that it would be better if the editors of this paper would be a little more concerned about the feelings of the people whom they choose to write about.

Sincerely,
Mabelle Tate
Sallie Jo LeMand

Campaigners Draw Blast

Editor,
We would like to express our feelings toward the past elections. Interest and excitement are the heart of all campaigns, and we do not advocate less of either. However, when the radius of the ballot box is so crowded with campaigners that it is almost impossible to keep your temper while working your way to and from the box, we feel that the wrong tactics are being used. This seems so unfair and is very annoying. Why not have one day of campaigning immediately preceding election day, and then let people vote, without being literally "pulled" to the polls. Wouldn't this be fairer for everyone concerned?

Sincerely,
Mabelle Tate
Ann Kerr

Engineers, Scientists Exhibit Skills Soon

Fourteen departments will participate in the Engineer-Science Show next Friday and Saturday in the Engineering Buildings from 2 to 10 p.m.

Exhibits will include chemical and physical "magis," electronically controlled vehicles, gaming devices that illustrate methods of quality control and industrial safety projects.

FOR EXAMPLE, the industrial engineering department will present 11 scale models of different types of industrial plants. Typical plants on display will include a Gypsum plant, carbon black plant and a vegetable packing plant.

Purpose of such a display is to show the visitor a non-technical presentation of typical industrial plants and to demonstrate the facilities available and teaching procedures used in the industrial engineering department.

The ELECTRICAL engineering department will have demonstrations of electrical engineering lab equipment, although with many supplementary and humorous novelty stunts with this equipment.

Typical of the many projects is the telsa coil, which high voltage discharges can produce artificial lightning bolts several feet in length.

Novelty projects include the disappearing ball which mysteriously vanishes, the mystery light which burns without any wires connected to it, and many others. A student test your strength on the strength tester, your appeal to the opposite sex on the kiss-o-meter, and your nerves on the nerve tester.

VISITORS MAY test their skill and luck on one of many electronic games. There is a rain-operated window which closes when it rains and reopens when the rain goes away, an electronic teletype demonstration and a radio-controlled bus.

An operational intercontinental missile — the Air Force Snark — will also be on display in the Science quadrangle. Capable of carrying a nuclear warhead at near sonic speeds, the Snark is 69 feet long, 15 feet in diameter and has a wing span of 42 feet. A mock-up of the B-52 bomber seat ejection system and world-wide survival gear carried in the B-52 will also be displayed.

AWARDS WILL be judged by appeal to public, 25 per cent; neatness and attractiveness, 10

per cent; time and initiative, 20 per cent; clarity, 15 per cent; showmanship, 10 per cent; and overall, 20 per cent.

Names of the judges will be kept secret, but will consist of a faculty member, engineer, businessman, and college girl and boy from the Student Council.

FIRST PRIZE will be \$50; second prize, \$25 and third prize, \$10.

Show officers are: Bob Dyer, Tullia, general manager; Gene Mitchell, Big Spring, business manager; Rex Vardeman, Lubbock, assistant business manager; Delia Close, Lubbock, publicity; Kent "Butch" Lawrence, Lubbock, advertisement; Roy Day, Big Spring, lighting; and Gerald Seeman, Fort Worth, traffic.

Museum Acquires Prehistoric Tools

A fancy bit of horsetrading between West Texas Museum and London's British Museum has resulted in a key feature for the "Hall of Earth and Man" in the local museum.

The "swap" of a 600-year-old Indian from the South Plains for a set of stone tools from the London museum has provided profitable for both participants. The British Museum was in need of a prehistoric Indian from the Plains, and West Texas Museum was hampered in plans for completion of the Hall by the inadequate amount of prehistoric tools on hand.

BECAUSE OF the value of the imported tools, they could not be included in the exhibit. Identical stone casts, however, have been made to replace them.

The Hall, which has only recently been opened, depicts the story of Stone Age life in the Old World, as well as picturing the inhabitants of Texas' earliest seas, the creatures who lived on the land, and Lubbock's "first family." This unique display of ancient man's development will be seen by approximately 100,000 visitors this year, according to museum officials.

DISPLAYS of models, relief maps, rocks and photos tell how the Llano Estacado was formed. It also shows the wealth nature left in the rocks and how we use it. Displays which recreate the era of dinosaurs and reptiles are also included.

Director W. C. Holden described the purpose of the gallery as giving science "eye-appeal or condensing tons of knowledge into exhibits which could be understood by a seventh grader.

Schlittler, Jones Race For Tech Rodeo Prize

John Schlittler, Graham, and Nancy Jones, Lubbock, are tied for the honor of receiving the Dub Parks award, presented each year by the Tech Rodeo Association. The tie was announced Wednesday night.

THIS AWARD is presented each year to the person who has contributed most to the Tech Rodeo Association and Tech campus. Dub Parks, president of Tech Rodeo Association in 1956, was killed in an auto accident shortly after his graduation. The Dub Parks Award was then set up by his friends as a memorial to him.

Schlittler, president of the Tech Rodeo Association for 1958-59, is a member of the Block and Bridle Association, and the Aggie Club. He was superintendent for Little International in the fall of 1958. Schlittler received a BS degree in Animal Husbandry and is now a graduate student with a major in aggie education.

Nancy, a senior education major, is social chairman of the Rodeo Association for the current school year. She is also a member of Alpha Phi sorority, chairman of the western dance committee of Tech Union and present personnel director of the Union.

Veterans Apply For Credits

Veterans who are eligible for credit in physical education should make application now.

Two semester hours' credit is granted for 90 days honorable active service and four semester hours is granted for one or more years of honorable active service.

Application for credit must be submitted to the Registrar's Office before Sept. 1, or during the first semester of attendance at Tech following discharge. A certified copy of the service record must accompany the application.

Magazine Uses Prof's Article

"A German and American Children's Project," written by Theodor W. Alexander, assistant professor of foreign languages, appears in the April-May edition of the American-German Review.

Professor Alexander's article deals with the exchange of letters and self-portraits of German children and children studying German in the Tech Kinderschule program.

Purpose of the self-portraits, which were hung on exhibit in the Tech Union for two weeks last fall, is for the children to learn to know each other better.

Dislike 'Toreador'

Just a person who has to express his opinion of derogatory letters. It is our opinion Echols was only one of the people who did not like the "TOYLETOR." I declined to agree with the "funny, sarcastic" letters — all right until it came to a point where they are the expense of something seems to us that it is better if the editors of the "Toreador" would be a little more about the feelings of whom they choose to

Sincerely,
Mabelle Tate
Sallie Jo LeMand

Campaigners Blast

Would like to express our opinion of the past elections and excitement are the result of the campaigners, and we do not like either. How the radius of the ballot is almost impossible to temper while working to and from the box at the wrong tactics are not seems so unfair. This seems so unfair and annoying. Why not a day of campaigning preceding election day, let people vote, without being "pulled" to the polls? Isn't this fairer for concerned?

Sincerely,
Mabelle Tate

Girl's Teams Meet In Softball Tourney

Zeta Tau Alpha meets Kappa Alpha Theta Monday at 5 p.m. in a women's intramural softball game and also playing at this time will be Pi Beta Phi and Delta Gamma.

Games are played on the diamonds south of Knapp Hall. In games this week Kappa Alpha Theta beat Knapp Hall; Pi Beta Phi downed Alpha Chi Omega, and Delta Gamma defeated Alpha Phi.

Entries for the Women's Intramural Swim Meet to be held May 5 in the Natatorium must be in by April 27, says Bliss Ethel Rollo, director of women's intramurals. Entry blanks may be obtained from Miss Rollo in the Women's Gym.

COLLEGE PUZZLE CONTEST

FOR STUDENTS AND FACULTY MEMBERS

2 GRAND PRIZES

Rambler "American"!
Big-car roominess...
small-car economy...
tops in performance!

WIN A RAMBLER STATION WAGON!

LIGHT UP AND LIVE IT UP! 3 great cigarettes offer you 627 chances to win! So pick your pack—save the six wrappers—and get going! It's crossword puzzle fun and real smoking pleasure all the way!

ENTER OFTEN — HAVE FUN — AND WIN! But think carefully! This puzzle is not as easy as it looks. At first the DOWN and ACROSS clues may appear simple. There may appear to be more than one "right" answer. For example, the clue might read: "Many a coed will be given her best date's P.-N." Either "T" (PIN) or "E" (PEN) would seem to fit. But only one answer is apt and logical as decided by the judging staff, and therefore correct. Read the rules carefully. ENTER AS OFTEN AS YOU WISH. Good luck!

25 SECOND PRIZES:

COLUMBIA STEREOGRAPHIC HI-FI SETS
"Big Stereo" styled...
engineered for the most exacting taste.

100 THIRD PRIZES:

EMERSON TRANSISTOR RADIOS
Packed with power...
plays 1500 hrs. on 1 set of batteries

500 FOURTH PRIZES:

Cartons of America's finest cigarettes

RULES—PLEASE READ CAREFULLY

- The College Puzzle Contest is open to college students and college faculty members except employees and their immediate families of Liggett & Myers and their advertising agencies.
- Fill in all missing letters... print clearly. Use of obsolete, archaic, variant or foreign words prohibited. After you have completed the puzzle, send it along with six empty package wrappers of the same brand from L&M, Chesterfield or Oasis cigarettes (or one reasonable hand-drawn facsimile of a complete package wrapper of any one of the three brands) to: Liggett & Myers, P. O. Box 271, New York 46, N. Y. Enter as often as you wish, but be sure to enclose six package wrappers (or a facsimile) with each entry. Illegible entries will not be considered.
- Entries must be postmarked by midnight, Friday, May 29, 1959 and received by midnight, Friday, June 5, 1959.
- Entries will be judged by the Bruce-Richards Corporation, an independent judging organization, on the basis of logic and aptness of thought of solutions. In the event of ties, contestants will be required to complete in 25 words or less the following statement: "My favorite cigarette is (Chesterfield) (L&M) or (Oasis) because...". Entries will be judged on originality, aptness of thought and interest by the Bruce-Richards Corporation. Duplicate prizes will be awarded in event of final ties. Illegible entries will not be considered. By entering all entrants agree that the decision of the judges shall be final and binding.
- Solutions must be the original work of the contestants submitting them. All entries become the property of Liggett & Myers and none will be returned.
- Winners will be notified by mail as soon as possible after completion of the contest.
- This contest is subject to all Federal, State and local laws and regulations.

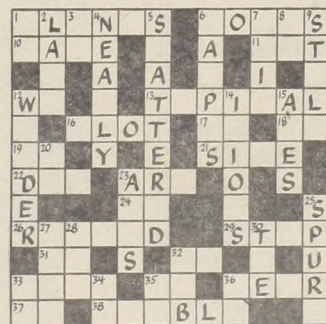

HURRY! ENTER NOW! CONTEST CLOSES MAY 29, 1959

CLUES ACROSS:

- These may indicate that a nation is prepared to wage war in the air.
- Some college students.
- When at... Light up an Oasis.
- Sinking ship deserter.
- Plural pronoun.
- One expects... discussions in a sociology class.
- A student's careless... might annoy a short-story instructor.
- Initials of Uruguay and Denmark.
- Germanium (Chem.)
- Nova Scotia (Abbr.)
- It probably would count when you pick a horse to bet on.
- Sometimes a girl on a date must... into her pocketbook to help pay the tab.
- The muscle-builder's... may fascinate a poorly developed man.
- Chemical Engineer (Abbr.)
- Campers will probably be... by a forest fire.
- When starting a trip, tourists usually look forward to the first... .
- At home.
- Literate in Arts (Abbr.)
- Familiar for faculty member.
- Associate in Arts (Abbr.)
- One could appear quite harmless at times.
- Reverse the first part of "L&M".
- What will soon appear in a bombed-out city.

CLUES DOWN:

- The beginning and end of pleasure.
- A rural... can be inviting to a vacationist.
- Second and third letters of OASIS.
- When one is... packed, it could be exasperating to remember a few articles that should be included.
- It would pay to be careful when glass is... .
- Grounds to relax on with a mild CHESTERFIELD.
- Author... Ambler.
- District Attorney (Abbr.)
- A... from Paris should please the average woman.
- An inveterate traveler will... about distant lands.
- ... are hard to study.
- Stone, Bronze and Iron... .
- How Mexicans say, "Yes".
- All L&M cigarettes are... high" in smoking pleasure.
- May be a decisive factor in winning a horse race.
- Initials of Oglethorpe, Iona, Rutgers and Emerson.
- United Nations Organization (Abbr.)
- Golf mound.
- Colloquial for place where the finest tobaccos are tested for L&M.
- Poet Laureate (Abbr.)
- Filter ends.
- What Abner might be called.
- Bachelor of Education degree.

Powell Leads Raiders Against WTS

Championship Is in Sight

The Tech golf team took defending Southwest Conference champion Arkansas 4 1/2-1 1/2 and moved close to Tech's first Southwest Conference championship.

TECH'S LINKSTERS were paced by John Farquhar, who shot a two under par 68. Farquhar defeated the Razorbacks' Lewis Henderson 3-2.

In other singles matches, Tech's Chris Bloeker triumphed over Bryl Anthony 4-3, Don Kaplan of Tech halved with Don Kirby and Arkansas' Jerry Breckinridge defeated John Paul Cain 2-1.

TECH TRIUMPHED in both doubles matches, with Farquhar-Kaplan beating Henderson-Kirby 2-1 and Bloeker-Cain defeating Breckinridge-Kirby by the same score.

Bloeker and Kaplan both shot 71 and Cain shot a 74. An earlier rain slowed the contest up considerably.

THE RAIDER GOLF team returns to Lubbock for two matches to round out the season. Remaining opponents are Texas, April 25, and Baylor, April 27.

7301 College SH4-8451

The Red Raider baseballers will meet the West Texas State Buffaloes at Canyon today in a return match.

THE TWO TEAMS met previously this season at Lubbock with the Raiders coming out on the big end of a 14-3 score.

Houston (Putt) Powell, with a (0-1) record, will start on the mound for the Raiders with Amarillo's Billy Curry backing him up. Both Powell and Curry are right handers.

Coach Feathers probably will start Dave Allen in right field, David Bourland at catcher, Bruce Boyd at first base, Gehrig Garrison at center field, David Potter

at third base, Joe Reaves at second base, Ken Warren in left field, and Tom Pritchard at shortstop.

COACH FEATHERS commented earlier in the week that the team had been hitting better and that the chances were good that the team would soon hit its stride. Bad weather has been a burden on the players, but with spring coming in like a lamb the weather should improve for the rest of the season.

Bill Dean will return to the lineup soon after being checked by his doctor. Dean has been out of play with an injury suffered earlier in the season.

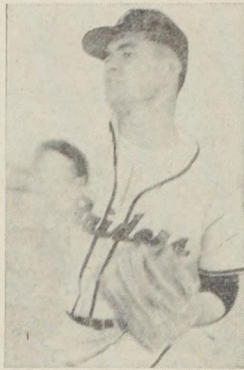

The Raiders will meet West Texas State again Tuesday here in the last of a four games series.

APRIL 25 will see the Raiders going against Abilene Christian College in Lubbock. Following this game, they will play Texas A&M and Rice on the road.

Edgmon Signs Letter of Intent

Guard Charles Edgmon of Wichita Falls is the third member of a 1958 Texas high school state championship football team to sign a Southwest Conference letter of intent with Texas Tech.

EDGMON MADE the Texas Sports Writers Association Conference 4A all-state second team. Two members of Breckenridge's Conference 3A state titlist, guard Larry Kimberlin and tackle Charles Huddleston, signed earlier.

HOUSTON POWELL

Tech Netters Try Baylor Team Today

Texas Tech's tennis team, undefeated in dual match competition for the season, faces its sternest competition in a Southwest Conference match against Baylor here Saturday afternoon.

COACH GEORGE Philbrick's Red Raiders, sporting a 5-0-1 record in dual match play, will seek to hold on to their third place spot in the conference race.

Texas Christian has been the only common opponent. Both beat the Horned Frogs, 6-0.

Bob Mack, junior from Coral Gables, Fla., and Danny Scales, Lubbock sophomore, are still undefeated in conference singles, Macy plays No. 1, Scales No. 4. Also, Scales and sophomore Phil Meisinger of El Paso are unbeaten in No. 2 doubles in the conference.

Johnny Kniffen, No. 3 singles player from Clyde, is 2-1 in singles and, with Macy, has a similar mark in No. 1 doubles.

BESIDES BEATING TCU, Texas Tech's Red Raiders have downed Texas A&M 6-0 and split with Southern Methodist 3-3, in Southwest Conference competition. Non-conference wins have been posted over Texas Western, New Mexico State, and Hardin-Simmons.

After the Baylor contest the Raiders will journey to Austin to engage the Texas Longhorns April 25. They will meet Trinity at Lubbock May 1, and their last showing of the season will be against Rice in Lubbock on May 2. The Raiders then will compete in the Southwest Conference Spring Tournaments at College Station, May 7-9.
