Religious Emphasis Week Offers Lectures, Seminars

Nightly "bull sessions" and afternoon seminars will be offered to supplement regular morning convocations during Religious Emphasis week Sunday through Thursday. Six noted lecturers will take part in the sessions, Lee Crouch, Student Religious council chairman, said.

Morning classes Monday through Thursday will be shortened to 35 minutes each to leave the 11 a.m. hour clear for the lectures, announced Vice Pres. E. N. Jones. Classes will be scheduled from 8:05 to 8:40, 8:50 to 9:25, 9:35 to 10:10 and 10:20 to 10:55.

Dr. Robert A. Millikan, first man to isolate and measure the electron and known as the "dean of physicists," will be among the speakers.

Dr. Blake Smith, former president of Missouri's Hardin college and present pastor of the University Baptist church in Austin, will deliver the main convocation addresses Monday through Thursday in the Gym.

Completing the list of speakers are E. R. Oglesby, professor of internal law and religion at Oklahoma A&M; Harold Kuebler, YMCA director; Ned Linegar, student secretary for the southwest area of YMCA; W. R. Woolrich, dean of engineering from the University of Texas.

Sunday's program begins with workshop services at 9 a.m., followed by an address at St. John's Methodist church by Millikan, holder of the 1923 Nobel prize in physics for his work with electrons, cosmic rays and photo electric research.

Kuebler will give an address at 2:30 p.m. over radio station KSEL. Millikan is to conduct student fellowship at 6:30 p.m. at the First Christian church, while Kuebler conducts the Methodist Youth fellowship at the Methodist center. Linegar will speak at the Baptist Student center at 9 p.m.

Thursday at 8 p.m. the Wesley Players will terminate Religious Emphasis week with the presentation of a play, "The Mighty Dream," at the Methodist Student center.

Religious Emphasis week is sponsored by the Student Religious council, Lubbock churches and the University Christian mission. Music for the convocation will be furnished by the Tech music department.

Tech's Victory Bells Will Join Country In Tolling Salute To United Nations Day

Tech's victory bells will ring with the bells of schools and colleges all over the nation at exactly 11:02 a.m. Tuesday in observance of United Nations day, says Horton Russell, student body president.

Ring of the nation's bells will be in conjunction with ringing of the Freedom bell from the Rathaus tower in the Western sector of Berlin, Germany. The ringing will be broadcast over the four major radio networks in this country. Dedication of this bell will climax the Crusade For Freedom movement started on Labor day by General Dwight D. Eisenhower.

Freedom scrolls, bearing the signatures of millions of Americans who have signed the Declaration of Freedom, will be enshrined in the base of the Freedom Bell at this ceremony which is symbolic of the free nations' belief in freedom.

Proceeding the bell ringing ceremony there will be a two-minute prayer of dedication. This prayer will also be carried by the nation's top radio networks.

Freshmen wishing to help ring the victory bells as Tech's part in this nation-wide dedication service, which will last only a few minutes, should make arrangements at the Student council office before Tuesday, says Russell.

Wiggins To Open Business Parley

West Texas Business Teachers association will meet Friday and Saturday in the Chimayo room of the Hilton hotel.

Pres. D. M. Wiggins will open the program at 8:15 p.m. Friday with a welcome to the conference. A panel discussion, "Business Welfare and Government Policy," under the chairmanship of Dean George Heather, will follow. A reception at the home of J. L. Quick will be held after the discussion.

Dr. Clyde Blanchard, Tulsa university, will speak on "Current Trends in Business Education" at 9 a.m. Saturday. A business meeting will be held at 10 a.m., succeeded by sectional meetings, involving accounting, economics and management, marketing and secretarial administration. Dr. H. E. Golden, Dr. C. B. Shipley and T. F. Weisen, all of Tech, will take part in these meetings.

Luncheon will be served at 12:15 p.m. Pres. Harold Cooke, McMurry college, will give the invocation. Dean H. B. Brown, college of business administration, University of Oklahoma, will be the speaker. The conference will adjourn at 1:30 p.m.

Speech Production To Open In Arena

"Skin of Our Teeth" by Thornton Wilder will inaugurate arena presentation of plays by the speech department. Production will be held in the stock judging arena of the Aggie pavilion, beginning Oct. 30.

In arena presentation the stage is in the center on floor level, surrounded by the audience seated in staggered chairs. This theater technique was experimented with by the University of Washington. The Margo Jones theater in Dallas uses this type of presentation.

Nightly performances of "Skin of Our Teeth" will be given for a week. Tech students will be admitted upon presentation of fee receipts.

This three-act play is not a regular plot play, but develops the history of mankind, with special emphasis on comedy, said director John Upshaw.

Cheerleaders Seek Color; Pom-Poms For Raider Fans

Get out your scissors, crepe paper and glue. Coffee Conner, Tech's head boy cheerleader, has asked that all students make paper pom-poms in Tech's colors, red and black, to be exhibited at the home game with Texas Western next Saturday.

The appeal is directed mainly to women students, Conner said. The cheerleaders hope the pom-poms will build school spirit by adding more color to the football stands, he added.

Dairy Team Takes Honors; Tompkins Third In Judging

Tech's dairy manufactures judging team placed fifteenth in competition with teams from 25 colleges at the Collegiate Students International contest at Atlantic City, N.J., Monday, William H. Tinney, associate professor of dairy manufactures, said.

The team placed ninth in the milk division, thirteenth in cheese, eighteenth in butter and twenty-third in ice cream.

Tech took sixth place at the Southeastern Dairy products contest in Raleigh, N.C. Oct. 13. Flake Tompkins placed second in the ice cream judging division and was high-point man on the Tech team. Dr. J. J. Willingham, dairy manufactures head, directed Tech's three-man team of Emmett Koen, Canton; Flake Tompkins, Fort Worth; Glyn Becker, Paducah. Ralph Button of Austin is the alternate member of the team.

Is Third Time Charmed? Soph Women Race Again

Is the third-time really a charm? Two Tech girls will have a chance to find out Monday.

Marvel Gibner, home economics, Spearman, and Shirley Schmidt, A&S, Post, have been trying to get elected as sophomore AWS representative and have tied twice. In the general election both tallied 24 votes. The runoff election last Wednesday was a failure. They tied again.

Now sophomore president Jim McGraw has scheduled a third election for 5 p.m. Monday in Ad220.

"We are hoping this election will decide the winner," McGraw said. "In a race this close everyone eligible to vote should be there. We'll keep our fingers crossed and maybe this will be the last time."

Chinese was added to the Tech foreign language department in the fall of 1943.

The Willson Lectures, a series of religious talks, were established by D. M. Willson of Floydada in 1945.

Tech Men Eligible For Music Award

Two voice study awards worth \$90 each, will be offered this fall by the music department Dr. Gene Hemmie, head of the department said today.

Male students below senior rank enrolled in any division are eligible for auditioning. Audition times will be announced later.

The awards, made possible by the Society for the Preservation and Encouragement of Barbarous Quartet Singing in America, will provide private voice instruction for two semesters from full time applied music teachers.

LANDRY NAMED PRESIDENT OF LE CERCLE FRANCAIS

Edwin Landry was named president of Le Cercle Francais, campus French club, in a regular meeting Tuesday night.

Other officers selected were John Norcross, vice president and Don Phillips, treasurer.

The organization, sponsored by Mrs. Ted Alexander, meets the third Tuesday night of each month.

First La Ventana Beauty Eliminations To Be Held In Aggie Auditorium Sunday

An all-male panel of 15 judges will cut the field of La Ventana beauties at the first elimination to be held at 2 p.m. Sunday in the Aggie auditorium.

HE Coeds To Vie For Cotton Title

Tech's first candidate for the annual Maid of Cotton contest will be chosen from home economics women nominated by the faculty and students of that division.

Nominations will be accepted through next week by Miss Ellen Wright, assistant professor of clothing and textiles. Forty entries have already been received.

Two eliminations will be held. Agriculture and home economics students will vote in the first elimination. The 10 receiving the most votes will be judged by a committee composed of home economics faculty and students; Roy B. Davis associated with South Plains cotton men; a member of the National Cotton council.

Applications for participation in the Memphis contest Dec. 27-28 must be submitted to the National Cotton council by Dec. 1.

The winner of this contest will be crowned 1951 Maid of Cotton. She will be given training in modeling and voice and then be sent on an extensive six month trip. Local merchants will offer prizes for the Tech winner.

Three men from each dorm have been chosen for the panel. They are Brad Wilde, Coral Gillum and Corley Randall from Men's Dorm III; Tom Cleveland, Joe Jay and Ed Hart from Men's Dorm IV.

Representing West Hall will be Dan M. Wells, George Hewitt and Winifred Reno. Jim Morgan, Victor Herring and Bobby Cline were chosen from Sneed, and from Doak Hall, George Belaber, Syd Farar and Carlos Braga. John McAleer and Allen Hammer, La Ventana reporters, will also be on hand to judge and make photographs of the contestants.

Contestants for the second elimination will be notified within a week, said Paula Fix, La Ventana editor. A time for the second elimination has not been scheduled, but three local people will serve as judges to eliminate all but 16 of the contestants. The final elimination to select the eight top beauties will be held sometime in December, but the name of the judge has not yet been announced.

The eight top beauties will be given two pages each in the annual, a full page close-up, one picture in street clothes, and one informal shot. The eight runners-up will have two poses each.

Further contestants who have not been previously announced are Pat Dunbar, Pal Bryan, Janelle Reed, Jane Austin, Corinne Garrison, Wanda Duncan, Zita Martin, Dell Gay, Katie Atkinson, Viola Sansom, Jo Powell and Mary Brian Woody.

Class Favorites Petitions Issued

No petitions had been taken out for men class favorites Thursday as Horton Russell, Student council president, asked students to submit names.

Twelve persons have entered the Mr. and Miss Texas Tech and women class favorites contests.

Dan Moody Wells and Fannie Beth Allen have been issued petitions for Mr. and Miss Tech.

Jane Adams and Judy Pierce have petitions for senior class favorite. Emily Keys and Betty Whisenant have taken out petitions for junior class favorite.

Twelve persons have been issued to Doris Etenbough, Pat Lindsey, Shirley Schmidt and Wanda Vowell for sophomore favorite and to Ann Bucy and Jo Ann Graham for the freshman title.

Anyone wishing to enter contests may pick up petitions at the Student council office. Petitions bearing 100 signatures must be returned to the office before places on the ballot are drawn at 5 p.m. Monday in Ad323.

The election will be held Thursday.

Student Directories Ready

Student directories for the fall semester are ready in the Bookstore, Conner Cole, Bookstore manager, said.

The directories contain complete faculty lists, giving campus and home addresses and telephone numbers. The student section contains the name, home town and campus address and telephone number of each student but does not include students' classification and division, Cole said.

Cost of the directory is 60 cents.

Management House Acquires Baby

Jerry Fly, four-month-old son of Mr. and Mrs. Billy Fly, Tech students, is the new charge of women in the Home Management house. Jerry will be cared for by seven students living in the house and will be visited daily by his parents, Miss Lola Marie Drew, associate professor of home management, said.

Sacrifice Seconds For Years---Watch YOUR Step

Turner Names 69 Officers; Johnson, Frizell Appointed Lieutenant Colonels

Cadet officer appointments announced Wednesday by Lt. Col. Olden Turner, professor of air science and tactics, include the promotion of cadets Donald Frizell of Stamford and Glendon Johnson of Old Glory to the rank of lieutenant colonel.

Other appointments include promotion of two cadets to major rank, six to the rank of captain and three to the rank of first lieutenant. A total of 69 appointments have been made.

New cadet majors are Jeral Miller, Abilene, and Ervin Recor, Wichita Falls.

Promoted to captain were cadets William Solomon, Squache, Colo.; Danny Ritter, Amarillo; Stanley Hazlewood, Beaumont; William Page, Eastland; James Byers, Perryton; Billy Cox, Lubbock; James Hewett, Cleburne; Donny Jackson, Brady; Isaac Avinger were made cadet first lieutenants.

Second lieutenants appointed included William Duff, Wichita Falls; Harold H. Sarpe, Fort Worth; William Hayes, Gainesville; Donald Pope, Crane; John Hoppe, Lubbock; Donald Brown, Amarillo; Travis Allen, Texarkana; Harry Hamilton, Chillicothe; Arledge Suggs, Munday; James Morris, Wills Point; Thomas Hunter, Dor-

chester; Robert Tinney, Alvord; Homer Clements, Odessa; Harold Walthall, Anton; Bobby Williams, Graham; Edward Hall, Gunter; John Fortune, Lubbock; John Coombes, Hereford; Gerald Buchanan, Luther; Jack Trammell, Dorchester; Benny Pryor, Blue Ridge.

Cadet warrant officers are Milton Bennet, Anson; John Boyd Seagraves, Neal Brigham, Stamford; Billy Cunningham, Sundown; Gene Grice, Rule; Delbert Heralson, San Angelo; Wade Hardesty, Crosbyton; Vernon Harrison, Atch, N. M.; William Howard, Lamesa; Dan Hurley, Idalou; Thomas Jamison, Coleman; Hubert Sprayberry, Littlefield; Frank Austin, Houston. John Bennett, Stamford; David Blackbird, Dallas; James Cobb, Plainview; Paul Drinnon, Lubbock; Thomas Killough, Edinburg; Kelly McCormick, Dallas; Charles Sufall, Idalou; John Johnson, Vernon; Robert Kral, Sweetwater; G. B. Lindsey, Lubbock.

Lawrie McGehee, Abilene; Hicks Read, Mullin; Marvin Reaves, Gilmer; Ronald Rushing, Lubbock; William Sharpe, Lubbock; Leslie Spellings, Marshall; Billy Sylvester, Ropesville; James Thompson, Odessa; Sidney Thompson, Quanah; Louis Rinn, Old Glory; William Bradbury, Fort Worth.

Tech Spanish Professor Has Articles Published

"Two Notes on Gongorism," by Mrs. Eunice J. Gates, professor of foreign languages, was published recently in "Clavileno," Madrid, Spain.

The notes are concerned with certain unpublished commentaries on the works of the Spanish poet, Luis de Gongora. These commentaries are in manuscript in the British museum.

Mademoiselle Announces Student Editor Contest

Mademoiselle magazine has opened its annual contest for college board members during the 1950-51 college year.

The purpose of the contest is to obtain 20 college "guest editors" to go to New York next June to help write and edit the annual August College issue.

Editors are selected from the college board on the basis of three assignments and are paid transportation expenses and a regular salary for their work.

For further information those interested should write to College Board Editor, Mademoiselle, 122 East 42 Street, New York 17, New York.

Two Tech students, Sue Holmes and Paula Fix, were members of last year's college board.

When class is done I want some fun—
I've studied hard all day—
Professor, pass the Lucky Strikes—
They always get an A!

By Suzi Barker
Wayne University

A brain out here in collegeville
Is noted as "the Grubber Strike"
When reaching for a Lucky Strike
His arm expands like rubber!

by Martin Bucco
Highlands University

Be Happy - Go Lucky!

Enjoy your cigarette! Enjoy truly fine tobacco that combines both perfect mildness and rich taste in one great cigarette - Lucky Strike!

Perfect mildness? You bet. Scientific tests, confirmed by three independent consulting laboratories, prove that Lucky Strike is milder than any other principal brand. Rich taste? Yes, the full, rich taste of truly fine tobacco.

Only fine tobacco gives you both real mildness and rich taste. And Lucky Strike means fine tobacco. So enjoy the happy blending that combines perfect mildness with a rich, true tobacco taste. Be Happy—Go Lucky!

Through ivy walls and hallowed halls
An echo said to me,
"If you learn only one thing here,
Learn L.S./M.F.T."

Men's Rush Closes Thursday Night As 100 Pledge Seven Tech Social Clubs

Men's rush week was brought to a close Thursday night as 100 men signed as pledges to the seven men's social clubs.

Pledges for the clubs as announced by Lewis Jones, assistant dean of student life, are as follows:

CENTAUR

William Lewis Cannon, Stamford; Billy J. Cox, Canyon; James Daniel Ball, Tatum, N.M.; Russell H. McCaleb, Fort Worth; John Albert Newson, Hereford; Anthony G. Riddlesperger, Dallas; Paul Alvin Taylor, Odessa; Jerry Milton Thornton, Fort Worth; James Edwin Jones, Lubbock.

COLLEGE CLUB

Royce L. Absher, Borger; Odie Leonard Echols, Lubbock; John Edward Eubanks, Ranger; Darrel Freeman, Odessa; Jim Lee Howell, Sweetwater; Hugh Ingram, Post; John Grady Jenkins, Temple; Paul

E. McCulley, Fort Worth; Richard H. Martin, Iraan; John Dorr Ochsenner, Eldorado; Hicks Eugene Read, Mullin; Billy Joe Sitzes, Pilot Point.

KEMAS

Emmett C. Adair, Lubbock; Allen B. Alexander, Breckenridge; Rossie G. Atwood, Hondo; Edward Bean, Lubbock; Reagan H. Beene, Dallas; Harold M. Brannan, Dimmitt; W. Don Brown, Fort Worth; Allen G. Clayton, Lubbock; Jack Wayne Glover, Fort Worth; Lee Wilber Green, Pasadena; Don J. Hart, Eastland; James I. McMullan, Dallas; Dudley Montgomery, Longview; Dee H. Rose, Midland; H. Hayes Tucker, Fort Worth.

LOS CAMARADAS

Mathew Todd Biggs, Colorado City; James Eagan, Waxahachie; Wayman Marshal, Morton; Bob R. Overton, Albany; Ervin Recer, Wichita Falls; Ben Reed, Holliday; Ted Schuler, Seminole; Gerald Smith, Morton; Oliver Streu, Hereford; Phil H. Trew, Kerrville; Paul Westerfield, Grover.

SILVER KEY

James Collier Adams, Lubbock; Louis Edward Adams, Lubbock; Charles Donald Akey, Fort Worth; Harrison L. Albaugh, Midland; John Benton Allen, Lubbock; Clarence B. Barton, Lubbock; Forrest Hayden Burnham, Iowa Park; Earl Fulton Cureton, Sabinal; J. Bryan English, Lubbock; James L. Farrell, Amarillo; Clyde Eddith, Harlow, Brady; Floyd R. Keesling, Crane; Robert Milton Lee, Fort Worth; Jimmy Leif Olsen, Midland; Pete Martin Quinlan, Lubbock; Stanley Boyd Rice, Joplin, Mo.; Elgin Wert Smith, Willow

Kemas Club Dance Scheduled Tonight

Kemas will have its annual semi-formal fall dance from 9:12 to 11:30 in the ballroom of the Lubbock hotel. Burl Hubbard and his orchestra will furnish the music.

Members and their dates will be Harold Barber, Dorothea Reising; George Belcheff, Edna Lynn Cox; Charles Birdwell, Donna Colwell; James Bradley, Mariline Burnett; Melvin Brock, Peggy Carter; Ben Carter, Turla Ann Bates; Bill Chandler, Mary Baker; Bill Cooper, Jan Dorn; Harold Everett, Pattie Sone; S. M. Gipson, Denise Arnold.

DeWitt Harvey, Nell Quattlebaum; George Hatches, Mary Marie Eier; Bobby Jenkins, Betty Hudson; David Leaverton, Carolyn Schaeffer; Victor Lolas, Dorothy Yates; Bob Maniss, Jene Bridger; Jack Mills, Francis Cox; Pete Pierce, Betty Brown; Walter Rector, Beverly Lemmon, Ronald Rushing, Lucille Seybold.

Ralph Sharp, Zita Martin; John Shinn, Patsy Harris; C. J. Smith, Roddy Patton; Bud Spellings, Nan Whistler; Joe Stolz, Claudyne Young; Gene Thomas, Joan Hale; Roy Stine, Ann Coffey, Kenneth Goforth, Ann Mansfield; Jimmie Leath, Nancy Pree.

Messie and Madmes Sam Bates, Ronald Bennett, Stanley Hazlewood, Bobby Hicks, Roy James, Billy Bod McMullan, Clyde Schrader, Paul Ward. Other members who will attend are Dick Campbell, Morgan Eoff, Alton Griffin, Ike Holderman, Bob Nause, Bob Schmidt, Danny Smith and Bill Ware.

Fall officers for Kemas are Paul Ward, president; David Leaverton,

Campus Will Help Choose Sweetheart For Tech Band

Plans are underway for the selection of a Tech band sweetheart who will be presented at the Tech New Mexico football game, said Bill Reuss, member of the band sweetheart committee.

The selection of the sweetheart is being handled by Kappa Kappa Psi, national honorary band fraternity. "All details regarding the selection of our sweetheart have not yet been ironed out," Reuss said, "but the entire campus will be invited to participate."

Sock And Buskin Fledge Tryouts Slated For Monday And Tuesday

Sock and Buskin club will hold a tryout for pledges at 4 p.m. Monday and Tuesday in the Speech auditorium, reporter Anne Eskin announced.

Miss Geillia Thompson, speech instructor, was introduced as sponsor by president Jeanne Battey at Tuesday's meeting.

Next meeting of the club will be held at 7 p.m. Nov. 7 in the Speech auditorium, Miss Eskin said.

Birthday Prestige . . .

The first phase of Tech's Silver anniversary was marked yesterday with a symposium. Three noted Americans—one Congress member, one historian and one astronomer—participated in the ceremonies honoring the 25-year-old school, its first faculty members and distinguished educators from other campuses.

This scholarly gathering was befitting a celebration, which commemorates not only the founding of a physical institution, but a training ground for educated Texans and Americans. Guests at the symposium heard Columbia university's Dr. Henry Steele Commager speak about democracy and voluntary associations. Mrs. Chase Going Woodhouse, Congress member, discussed the education of a citizen in a world seeking peace. And Dr. Otto Struve, University of California astronomer, spoke about evolution of the stars.

Tech's Silver anniversary committee members are to be commended for their choice of speakers and for their perseverance in securing such noted persons. If the program is to be considered a key to further progress, it foretells a growth in prestige not to be found in many young institutions which are based on technology.

Building Blight . . .

Buildings are mushrooming all over the campus, but something is being done to slow down their progress.

For several nights boys have been seen playing around the sites of the half-finished buildings on the campus. On at least one occasion it has been reported that these persons were seen carrying off small bits of building material.

Perhaps they thought what they carried off would not be missed, but one can imagine what would happen if each Tech student 'swiped' as little as a few bricks.

Or are the guilty parties Tech students? Most Techsians are proud of the campus and its improvements. They realize how much new buildings are needed and would not hamper completion by carrying off supplies, no matter how trivial.

It is possible, therefore, that those responsible for the missing supplies will not read this; but perhaps someone will ask them to remember in the future that each time they molest the buildings or the material used in their completion, they are sabotaging a program which the rest of us would like to see completed. (G.M.)

More Howdies . . .

"Howdy week" took a blasting from the local newspaper. We hate to think that the accusations of unfriendliness and disinterest are true, but it seems that they are.

A nameless visitor was reported to have strolled over the Tech campus taking a poll of friendliness. He "howdied" 250 students and says he got only 34 cheerful greetings in return, plus 17 grunts and a couple of "ughs." The statistics indicate that campus friendliness needs some concentrated effort to bring it up to former standards.

A great many students do not think the week set aside for special friendliness was a failure. Most of us expect to speak first and a few of us encounter blank faces or silent lips. The visitor may have been convinced that "Howdy week" was a success if he had taken the poll at another hour, another day. But the fact remains that we are being watched by persons who doubt we are serious in our efforts to have Tech known as the friendliest school in Texas.

Schools need traditions, and "Howdy week" has been an outstanding one at Tech. Let's revive it.

Get Shot Now . . .

When college days are over students will have few tangible evidences of their four years spent at Texas Tech. La Ventana, the college yearbook, will be an important factor in remembering names and faces of classmates. Whether the annual can be a representative compilation of persons and events depends a great deal on students individually.

Class photographs are a vital part of the annual, but whether this part contains the majority of students' pictures depends solely on those students. Deadlines have been set for having these class photos made, and the success of the annual rests on whether students meet these deadlines.

The editorial staff of La Ventana is obligated to meet deadlines so that the publisher may have the books returned before school is out in the spring. But the staff cannot personally usher each student who plans to have his picture made down to the studio before the deadline. It is the responsibility of every student to make the La Ventana a representative publication.

Who wants a college annual with only a small percentage of the students represented in it? The students will have a bigger, more complete book at an earlier date if each person takes it as his personal responsibility to see that his own class picture is made.

Twenty years hence most loyal ex-Techsians will want to be among the students pictured in the class sections of the 1951 La Ventana. Take time out now so you'll have no reason for regret later.

Tech's Guest Writes Life Editorials; Varying Crowds Hear Carmen, Busse

By SUE HOLMES
Toreador Editor

Life Recognizes
This week's issue of Life magazine was devoted to education and featured Dr. Henry Steele Commager as guest editorial writer. Life probably wasn't aware of it, but its guest writer was also Tech's guest at the Silver anniversary symposium. Though the picture magazine doesn't carry the weight it once did, it still reaches millions of readers, some of whom think Life has the last word on everything from modern art to Machiavelli. Commager's work in this week's Life shows the national significance of Tech's speaker.

Capacity Crowd
A more than capacity crowd heard Rise Stevens sing Monday night. It was encouraging to the Artists course committee to have such an unwieldy number of eager listeners for the first of the fall concerts. More good talent is lined up for the year's program, and the committee hopes for like crowds with real interest in hearing and seeing outstanding per-

sons in the field of fine arts. Perhaps the artists following Miss Stevens will not be so colorful or famous as she, but in the past the Artists course has provided a program as enjoyable as those presented in other sections of the state where better transportation facilities make their bids more interesting.

No Capacity Here
Henry "Hot Lips" Busse playing for the Rec hall dance Wednesday could almost have dedicated a number to each person attending. The afternoon hour attracted somewhat less than a crowd. It is unfortunate that Tech cannot swing top-flight orchestras, but the fact is understandable. We have to grab the performers as they are going to El Paso from Abilene, or to Los Angeles from Fort Worth. Otherwise, a special engagement would be prohibitive in cost. Perhaps we may be able to schedule an event such as the junior-senior prom between Russ Morgan's engagements. Right now there seems to be little chance of drawing another name band.

About The Campuses

In a classified column of "The Campus Chat," NTSC, appeared "Found-Ladies' blouse on campus during registration."

The Southwest Texas State Teachers college has a Food Service committee, which "acts as a clearing house for dining hall gripes."—SWTSTC, "The College Star."

In reference to school spirit, North Texas State college's "The Campus Chat" printed, "No, you don't need to participate in school affairs. What you need is a grave. You're dead."

"Tex" Owens, Wichita Falls, and Bob Kendrick, Leadville, Colo., recently competed in a 22.8 mile burro race over Mosquito pass, which crosses the continental divide at 13,400 feet.—Colorado School of Mines, "The Oredigger."

Referring to a mythical book,

henley's heap

jimmie

Tech's phenomenal growth of the past few years has greatly changed the school in many ways, but the traditions of the college live on almost undisturbed.

It is fine that the friendly spirit of West Texas has continued as a tradition with the school, but there are certain established practices that could well die.

Recently the Tech band gave a reception for a visiting band. During the reception Tech students, not members of the band, did damage amounting to some \$90 to property of the visitors. Tech Student council bore the cost.

Certain Tech boys thought it would be wise to paint TCU stadium last week-end, but received their penalty in the attempt.

Other Tech boys nearly started a fight with TCU students in front of the Fort Worth City hall during the Tech parade last Saturday.

All of the actions boil down to a single fact: that some students have not advanced beyond "eye for an eye" methods of behavior.

We drove 15 mph the other day. Now we know that the campus speed limit is observed —by the operators of the lawn mowers.

Often we hear the reference to America as a Christian nation. To such assertions we would reply: "OH YEAH?" or "SO WHAT?"

To prove the nation Christian there are some very obvious arguments one must answer.

1. Church attendance throughout the nation. Some churches hold that church attendance is not prerequisite to Christianity, but they are fast to add that true Christians will attend church. Even in Lubbock, which boasts itself a leader in churches, only 10 per cent of the population attends services each week.

2. Church memberships. Surveys indicate that only slightly over half of the population of the United States is listed on the church rolls.

If it is proved that the nation is Christian by virtue of having more than half of its population on church rolls, then we must ask "SO WHAT?"

Next week students will have a good opportunity to think about the meaning of Christianity to America, as noted men come to the campus to speak for the annual Religious Emphasis week.

If the title of the lectures, "The Workability of Christianity," is fitted to the talks to be delivered next week, then the program should be a worthwhile investment of students' time.

THE TOREADOR

THE TOREADOR, student newspaper of Texas Technological college, is published every Wednesday and Saturday on the Campus of Texas Technological college at Lubbock by the associated students of the college.

Article By Home Ec Professor To Appear In Trade Magazine

Dr. Mina W. Lamb, associate professor of foods and nutrition, is the author of an article, "Feeding the Child at Home," which will appear in the November issue of the Journal of Home Economics Education.

The article was written at the request of Dr. Lillian Steckman, editor of the Journal, and is illustrated with pictures of Mrs. Lamb's son.

The November issue is a special one dedicated to the White House Bicentenary Conference of Children and Youth to be held in December.

Mrs. Lamb received her BS and MS from Tech and her doctorate from Columbia university in New York.

Women Students Available For Baby Sitting Jobs

The official baby sitters list has been compiled, according to Dean of Women, Margaret Twyman.

The list, which is now on file with Mrs. R. M. Chitwood in the Rec hall, gives the names of all women students who will do baby sitting. Their available time, telephone numbers, addresses and rates are also on the list.

Mrs. Chitwood will make all engagements.

Hinton To Join Committee

C. H. Hinton of Panhandle Eastern Pipe Line company has accepted an invitation of the Board of Directors to be a member of the Petroleum Advisory committee, Ed Smith, assistant to the president, said.

This committee helped organize the department of petroleum engineering, but now acts only as an advisory body.

Tech Plays Host To 150-School Activities Conference

A Student Activities conference, sponsored jointly by the Texas Interscholastic league and Texas Technological college, will be held on Tech campus next Saturday.

High school students and teachers concerned with speech, student

council work and ready writing from the 150 schools comprising Region I of the Interscholastic league have been invited to attend, Dr. Merville Larson, head of the Tech speech department said.

The conference will open with a

general session at 9 a.m. in the Argie auditorium followed by sectional meetings at 9:45.

Sectional meetings will feature demonstrations, discussions and criticisms of problems encountered in the three types of work.

Doak Passes Over Drane; Dairymen Win

Passing made the difference last Tuesday as Doak scored an 18-9 win over Drane in touch football intramural play. Terry Brodton scored all three touchdowns on passes from Don Fleming and Richard Bourland.

Other action in the Dorm league saw Dorm III defeat Dorm IV on a forfeit. A battle between the Dairy club and the Stoops had to be determined by the downs rule in which the Dairy club out-gained the Stoops by one yard. The rule states any game completed without a score will be decided by giving each team four downs with the team securing the most yards given one point and subsequently the game.

The MIOC league will begin play tomorrow with the Silver Keys opposing Soci in Jones Stadium, the College Club vs. Los Cams on the practice field while Wranglers see action against Kennas on the physical education football field.

High School Press Clinic To Be Held Here Saturday

A scholastic press clinic for high schools in West Texas and New Mexico will be held on the Tech campus next Saturday.

The clinic will feature lectures, discussions and question-and-answer periods on the fundamentals of high school newspaper work. The discussions will be divided into four groups, news gathering and writing; business methods and productions; features and editorials; photography.

Tech's journalism faculty will be in charge of the discussions.

Handball Entries Due Wednesday; Play Scheduled In Two Classes

Entries are now open for intramural handball which moves into the campus sports program Friday. Wednesday is closing day for entries.

The tournament will be divided into two classifications. Class A will be composed of inexperienced players while class B will be open for players with more than one year's experience.

Tech Engineers To Attend Oklahoma City Convention

Two electrical engineering professors and one senior student will attend the five-day convention of the American Institute of Electrical Engineers in Oklahoma City next week. M. J. Smith, electrical engineering professor said.

C. V. Bullen, electrical engineering department head, Smith, and L. O. Bunton will drive to Oklahoma City Monday.

Discussions and demonstrations of latest advancements in electrical engineering will be the primary function of the convention, Smith said.

Five Chemical Engineers Attend Convention In Austin

Five members of Tech's J. H. Murdough student chapter of the American Society of Civil Engineers are attending the Texas convention of ASCE in Austin this weekend.

Those attending are J. Paul Ramer, president of Tech's chapter and vice chairman of the Texas student conference; George Emerson, junior representative to the conference; Charles Swart, secretary of the Tech chapter; A. L. Link; Royce Egger.

Dean of Engineering Dysart Holcomb will speak to the chapter at 7:30 p.m. Monday in the Engineering auditorium.

All members are urged to attend this meeting said president Ramer.

Walter Schlinkman, 1945 Raider co-captain, has since played pro football for the Greenbay Packers.

Chemical Society Schedules Two Shows, Business Meeting Monday

American Chemical society will meet at 7:15 p.m. Monday in the Extension building.

A movie about some phase of chemistry and a color cartoon will be shown. A short business meeting will be held after the pictures. All interested are invited to attend.

Construction on a million dollar student union building will begin in a few months at the University of New Mexico at Albuquerque. The structure will include three ball-rooms.

Tech's Alpha Eta chapter of Wesley Players was selected as the outstanding chapter of the national organization in 1945.

Holleman Hollers . . .

They for the Red Raiders experienced one of their worst seasons in a long time. Not since 1946 when the Raiders lost four games and lost to the Maladors lost four games. Only in wartime were the 29 and 30 seasons the Raiders lost more games than they won. Their worst year was when they won only one game while dropping seven. A bad season this year. Raiders would like to mourn not justly. It is too bad had to happen in the Silver anniversary year, but coincided.

There are several reasons for the loss this year. The one in which opponents had offers a solution. The Texas university plays time on long pass scores. AAM scored on few real runs or sacks but long pass up. Aggie touchdowns.

Victors of the game with big runs and passes again set up scores for Raiders. In the TCU game Saturday the Raiders lost scoring chances because of this and fumbles.

The ability to score when the goal is the trademark championship team. Tech only failed to do this in one game. The team shows an erratic defense. These faults usually result in two things: lack of experience and lack of confidence. The once should be taken care of about the activities of a section.

The lie was given to the most recently by Merwin, fallback on the University radio football team.

Following a game in which radio had seen its opponent.

Holleman Hollers

Thus far, the Red Raiders have experienced one of their worst seasons in a long time.

Not since 1946 when they won four games and lost seven have the Matadors lost four straight games. Only in wartime and during the '29 and '30 seasons have Raiders lost more games than they won. Their worst year was in '29 when they won only one game while dropping seven.

A bad season this year for the Raiders would be mourned, but not justly. It is too bad that it had to happen in the Silver anniversary year, but coincidentally it did.

There are several reasons for the four losses this year. The manner in which opponents have scored offers one solution.

Texas university scored three times on long pass plays. Texas A&M scored on few really long runs or aerials, but long plays set up Aggie touchdowns.

Viewers of the game with WTSC saw long runs and pass plays again set up scores for Raider opponents. In the TCU game last Saturday the Raiders lost several scoring chances because of penalties and fumbles.

The ability to score when near the goal is the trademark of a championship team. Tech has not only failed to do this but has shown an erratic defense so far.

These faults usually result from two things: lack of experience and lack of confidence. The experience should be taken care of before the season is over. The lack of confidence is a problem not only for the Raiders but for the whole school.

There has been much talk about attending pep rallies and cheering for the team during games. Those who object to the flag waving and persistent rooting for the team have said it really has little effect on the players who are too busy with their opponents to worry about the activities of a cheering section.

The lie was given to that statement recently by Merwin Hodel, fullback on the University of Colorado football team.

Following a game in which Colorado had seen its opponent, the

University of Kansas, come from behind to score 21 points in 21 minutes and win the game. Hodel credited the Kansas university cheering section with giving its team the impetus to keep trying for a victory.

As quoted in the column of sports editor Jack Carberry of the Colorado university student newspaper Hodel said:

"The thing that put the team up was the support the club got from the school's cheering section. Had we been playing on the Boulder campus I know how it would have turned out.

"That Kansas cheering section never quit. When their team was down, and apparently out — 21 points behind—that cheering section was pulling for them; every last one of them, and with every thing they had, and every second."

Right now, with Tech seeming to be on its way to a losing season, is the time that sort of support is needed badly by the team.

The spirit that pulled a game out of the fire for Kansas may be able to pull a whole season out of the fire for Tech.

KEMAS —

vice president; Harold Barber, secretary; Ronald Rushing, treasurer; Morgan Eoff, pledge trainer; Jack Mills, athletic director; Walter Rector, reporter.

In a poll taken in 1946 the majority of Tech students were against Greek letter societies.

Raiders Meet Bears On Rebound

Still seeking their first victory of the year, the Red Raiders move into Waco Saturday to take on a Baylor football team due to rebound from the 27-6 licking suffered at the hands of the Arkansas Razorbacks last weekend.

Injuries will handicap the Raiders. A broken leg suffered by star end Dick Cavazos in last Saturday's game with TCU will weaken the defense.

Earl Jackson and Ike Stuver, backfield yardage leaders this year, may be unable to play as a result of injuries sustained in practice before the TCU tilt.

Prior to their injuries both men were ranked nationally in the top 20 in rushing. Jackson was 14th, Stuver 17th.

An old leg injury to sophomore guard Don Gray was reawakened in scrimmage this week. Coaches hope that it will not prevent the outstanding lineman from playing this week. The seriousness of the hurt is not known definitely.

Baylor's handicap has been chiefly in the line this year, as was demonstrated in its game with Arkansas.

Bruin passers were rushed consistently by the hog forwards who held the Waco aggregation to 79 yards rushing.

Thus far, Baylor has been handicapped by the lack of an experienced quarterback. Hayden Fry

and Larry Isbell have alternated at the position with Isbell holding an edge in passing ability.

Hampered by injuries, inexperience and low team morale the Red Raiders have not done well this season. Four straight losses all to strong teams, have marred the season.

Expected to snap out of their slump later this year, the Raiders have shown little inclination to do so and have not improved as rapidly as hoped.

Kick-off time for the game is 2:00 p.m. in Baylor stadium.

Probable starting line-ups:

DEAN DYSART E. HOLCOMB

Techsan Returns To 'Stomping Ground'; First Graduate To Come Back As Dean

By PAT JOHNSON
Toreador Staff Writer

A native Techsan returned this year to his old "stomping ground,"—the engineering division. But this time the role is not that of the slaving student. The smiling alumnus returned as Dean Dysart E. Holcomb, dean of the engineering division.

The road to the deanship was paved with four years of advanced study and nine years of practice in his chosen field of chemistry.

Doctor Holcomb, a 1937 Tech graduate, received his MA and PhD degrees in chemistry from the University of Michigan.

Upon graduation from the university, the new doctor worked in the research and development department of the World Universal Oil Prospects company in Chicago. He returned to campus life in September, 1946, as associate professor of chemical engineering at Purdue university.

Prior to accepting his present position, Holcomb worked for the Sinclair Refining company at Harvey, Ill., as senior projects technologist in the research and development field.

The tall, black-haired professor is married and is the father of three children. His son is eight, and his daughters are four and one month.

Pinson Will Present Paper In IRC Meeting Monday

International Relations club will meet at 7:30 p.m. Monday in Ad302.

Membership is still open for all students interested in international relations, government and economics, president Bill Arnold said.

"Winston Churchill's Plan for United Europe" is the subject of a paper to be given to the group by David Pinson.

Officers for the year were elected at the last meeting. They are David Blackbird, vice president; Helen Strong, secretary-treasurer; Clyde M. Hudson, reporter.

Liederkrantz To Sponsor German Language Movie

A movie in German, sponsored by Liederkrantz, will be shown Friday and Saturday in the Extension building auditorium according to Theodor Alexander, sponsor.

Tickets will be on sale for 25 cents at a booth on the first floor of the Administration building. Feature starting times will be posted at the booth.

The general public is invited to attend said Alexander.

The movie, "Das Lied der Nachtigall" (Song of the Nightingale), was produced in Berlin in 1945. The plot centers around a romantic episode of an opera singer and a German baroness.

Roseann Richter, finance major and 1950 Tech graduate, is employed in the purchasing office at Tech.
