

New Policies Keynote Jones' Address

by TOMMY SCHMIDT
Toreador Staff Writer

Traffic regulations and new registration patterns are the main adjustments announced for the coming years by Texas Tech President E. N. Jones at the second annual All-College Convocation yesterday.

Anyone given a ticket with a notation of reckless driving will have his car registration permit cancelled for a period of 30 to 60 days, depending on the seriousness of the offense, Jones announced.

If a second ticket is given, disciplinary action will be taken, with the probability of suspension from the college for not less than one semester.

Because the rapid growth of Tech, reckless driving is becoming more and more a danger to student pedestrians walking to and from classes, Jones stated. Effective September, 1958, order of student registration will be determined by students' rank in overall grade averages.

In general, those students who usually 'drop out' are those who, due to lack of concern or ability, are not able to make first class use of the space they occupy at Tech.

AT THE SAME time, some students with the ability to rank high scholastically are turned away because of the lack of sufficient faculty recruitment," Jones declared. "I believe that we are on the way toward turning the rapid growth of Tech from a disadvantage into an advantage to be used in building a much stronger institution."

Included in Dr. Jones address were slides showing a model of the soon-to-be constructed Southwest Conference Circle, a project of the Saddle Tramps for future pep rallies and the burning of effigies of Tech's opponents. The Circle is to be 20 feet in diameter surrounded by a grass-covered "walkway."

JONES INAUGURATED what will probably grow to become one of Tech's major traditions when he requested that nobody step on the Red Raider, Tech's emblem in the circle. The Circle is to be located between the new gymnasium and the east engineering building.

A challenge to the students to take more interest in their student government was issued by David Thompson, president of the student association. "Far too many students take a negative attitude toward the student council," Thompson declared.

HE ANNOUNCED that beginning in 1960 Tech students will receive the best seats at home football games, due to the work of the council. Introduction of representatives and officers followed.

The Convocation opened with the invocation by Dr. A. W. Young, faculty sponsor of the student religious council, which was preceded and followed by selection of officers.

New Parking Lot Open Two Weeks

Something new on the Tech campus—a parking lot with an entrance from Eighth Street and which is relatively close to the East Engineering building has been recently opened.

The new parking lot lies southeast of the new gymnasium and natatorium.

The lot has been open about two weeks, according to chief security officer S. E. Thomson, but only six to eight cars are parked there daily. Capacity of the lot is 128 cars.

Thomson emphasized that the new lot is for residents of the North Dorm area, but off-campus students are permitted to park there also.

This lot is not listed on the maps given out during registration, he added, which probably explains why it has not been utilized.

Bomb Explodes In Gordon Hall

A small fireworks bomb was exploded about 10:30 p.m. last night in Gordon Hall.

The bomb was placed on the trim about two feet from the ceiling in the dorm lobby. A piece of trim was knocked off and a small hole was blown in the ceiling.

The bomb was repeating type about two inches long, mounted upright on a base, campus police reported.

Election Error

The winner of the freshman council election in Sneed Hall was Dick Toll instead of Jerry Storseth as published earlier this week.

The wrong name was posted following the election.

AP HIGHLIGHTS

Flu Gains Ground Throughout Texas

Influenza gained further ground at scattered points throughout Texas Wednesday.

Schools closed in one central and East Texas town. Four high school football games scheduled for Friday were cancelled after ranks of three of the six squads were riddled by the disease.

Authorities said most cases were the common flu well known this time of year.

Asian Flu Hits N.Y.

NEW YORK—The much-predicted epidemic of Asian flu has arrived in New York, a city health official said today.

Dr. Roscoe Kandle, acting commissioner of health, said many people are now being stricken. The disease is behaving as anticipated, he said.

Hotels in N.Y. Get Rush

NEW YORK—Trying to find hotel accommodations in New York this week is about as difficult as finding a seat on a subway during the rush-or getting a ticket to the World Series.

A number of major hotels which reported sellouts indicated the crowded conditions would prevail for the remainder of the week.

Dulles, Gromyko Meet

WASHINGTON—Secretary of State Dulles and Soviet Foreign Minister Andrei Gromyko will meet here Saturday to discuss international problems.

The State Department in announcing this today said Dulles suggested the meeting to "exchange views on various international issues of concern to both the United States and U.S.S.R."

Potatoes then Marriage

GALDWIN, Mich.—Mrs. Augusta Guse, 91, a widow, went to the home of Gifford P. Peters, 90, a widower, five weeks ago to buy a bushel of potatoes. They were married at his home here last Friday.

Arabia Blames West

UNITED NATIONS, N.Y. — Saudi Arabia today blamed Western nations for Middle East tension and called for a U.N. "hands off" policy toward Syria.

Ahmad Shukairy, minister of state for Saudi Arabia, told the 82-nation General Assembly "It is the policy of the West that is destroying ties with the Arabs."

SHOWN ABOVE is the Texas Tech Red Raider Coliseum. The band was one of the phases of Tech's program which was especially cited for its work by Pres. Jones in his address.

Out-of-Town Basketball Trip Planned by Student Council

Plans for an all-school out-of-town basketball trip were set into motion Tuesday night at the first meeting this semester of the Student Council.

The date for the trip wasn't set, but either Feb. 8 or Feb. 22 will probably be selected. The first date is a Saturday night game with the University of Texas at Austin.

The second date is also a Saturday night game with SMU at Dallas.

Further details on the trip haven't been worked out, and it isn't known if Techsians will leave on a Friday night or a Saturday morning.

The out-of-town trip is scheduled for a basketball game rather than a football game as in the past because this year's schedule made such a trip impossible.

Other business at the meeting included a budget report by business manager Don Ledwig.

Ledwig reported that the Student Council at the Allocations Committee meeting last summer when the matriculation fee was established recommended that when the matriculation fee was established that the \$3 portion of the fee for campus organizations be compulsory, but that the council did not recommend that the \$7 for athletics be compulsory.

It was the council's recommendation that the \$7 portion optional, Ledwig said.

Also in the budget report Ledwig said that any campus organization needing funds can apply at the Student Council office.

In a report on traffic, Wayne Gibbens pointed out that a new parking lot has been opened by

the new gymnasium with an entrance from eighth street off College avenue.

Gibbens also reported that the Traffic Committee has requested the city to investigate the possibilities of making the light at College and Fourteenth street a full time light.

Also, the intersection at Boston and 19th St. is waiting only on confirmation from the State Highway Patrol to begin construction of a graded lane intersection allowing faster and safer moving of traffic.

The college has confirmed the construction.

Council president David Thompson told the council that work is continuing on a student insurance policy for Tech students. See Page 5, Council

Yankees Take Opener

NEW YORK (AP)—The World Series opener goes to Whitney Ford and the New York Yankees.

Lefty Whitey Ford limited Milwaukee to five hits in their first World Series appearance as the Yankees pounded the Braves.

Pep Rally Tomorrow For Saturday Wins

The pep rally tomorrow night is being sponsored jointly by the Tech Army and Air Force ROTC units.

Furnishing entertainment will be the Triangles, a trio composed of Glenda Kirk, Pat Holley and Mayme McDonald.

Glen Cary, graduate student of Texas Tech will be guest speaker. While a Tech student, Cary was student body president in 1955, president of Phi Delta Theta and president of the Vets Club.

The pep rally will begin at 6:30 and a dance will follow in the student union.

Warren Spahn to cover in the sixth to take the series opener 3-1.

Two clinching runs were scored by the Yanks in the sixth forcing Spahn to retire. He had been touched for seven hits before he was removed with one out. Ernie Johnson finished that inning but was removed for a pinch hitter. Don McMahon pitched the last two innings for the Braves.

Spahn was the victim of all Yankee runs, although the third was scored on a squeeze play executed by Jerry Coleman and Yogi Berra after he had been removed.

Hank Bauer drove in Coleman with the first Yankee run with a double in the fifth and Andy Carey's single in the sixth scored Bauer with the second Yankee tally.

A single in the seventh by Red Schoendienst drove in Wes Covington to make the only score for the Braves.

In today's second game, also to be played in Yankee Stadium the Braves will send Lew Burdette (17-9) to the mound and the

Yankees will counter with Bobby Shantz (11-5). Shantz is a left handed pitcher while Burdette is a right hander.

Burdette had some choice remarks to make about tomorrow's game with the Yankees. His comments, along with a box score for the game appear on page 7.

CAMPUS

Sneed Challenges Slimes of Three Dorms

Bledsoe Hall, Gordon Hall and West Hall, consider yourselves challenged!

Charley Terrell, president of the

Sneed Hall Dormitory Association, challenges the slime delegation of any of the before mentioned dorms to out-vell the Sneed Hall slimes at the pep rally Friday night. So, bring out the signs and the lungpower and let the campus see which dorm has the best group of slimes.

According to Terrell, this will be the year's first official test to confirm Sneed's monopoly on dorm spirit.

Eighteen to Model Masculine Attire

The newest thing in men's attire will be shown to Tech males Monday in the Rec Hall at 7 p.m. Eighteen models from Tech fraternities will display the clothing in the style show which is being sponsored by the La Ventana and Toreador.

Clothes will be furnished by nine Lubbock stores with each displaying a suit, sports coat and slacks ensemble, sweater ensemble, waist type jacket or car coat and formal suits.

New fall colors of ivy green, browns, blues, tans, black and grays, will be a highlight of the fashions to be shown.

Stores which are furnishing the fashions are Bray's Campus Toggery, Bray's Men's Wear, Brown's Varsity, Bud's, Dom's Ltd., Dunlap's, Goldstucker's Hemphill-Wells and S&Q Clothiers.

Notice

Sororities, fraternities and individuals are asked to turn in announcements of engagements and marriages of their chapter members or friends to the *Toreador* office if they would like to have them printed in the *Toreador*. The announcements will be printed in a list.

Around the Circle

by Carolyn Mimms
Campus Editor

On the trip around the circle this week there seems to be little activity in Raiderland.

Last weekend most fraternities initiated their pledges and presented them their pins. Sororities are engaged in open rush which began Tuesday.

Inter-Fraternity Council had its first meeting the first of this week and elected officers. Eddie Henson was elected president, Donnell Echols, secretary and Neal Pipkin, treasurer.

Plans were also made at the meeting concerning the men's pledging convocation Oct. 25, and men's formal rush Oct. 11.

On the social calendar this weekend, Kappa Sigma fraternity will have its annual formal of the year Friday at 8 p.m. in the Lubbock Hotel Ballroom. Black and white will be the color predominating at the affair since it is the K Sigs "Black and White Formal".

Music will be furnished by the Esquires and the dance is by invitation.

Friday night will find music in the air and dancing in the streets. Sounds like a French festival does it not? It will be the street dance on campus sponsored by the

Panhellenic Council.

The dance, the first of its kind this year, will take place on the parking area between the library and the science building from 8 to 11:30 p.m. Dresses for the dance will be casual.

The Ad Libs and the Dunbar Combo will provide music. Panhellenic, a representative group from all sororities, invites the entire student body to attend the dance.

The Advertising Club has a new sponsor this year, Bill Whittier, journalism professor. The club meets tonight in the Union and all advertising and art majors are urged to attend.

That's all for this week. Watch next week for the news around the circle in eighty seconds.

Gamma Phi Elects Pledge Officers

Gamma Phi Beta recently held its first formal pledge meeting and elected officers.

Officers elected were: president, Lynda Hatton, vice president, Margaret Morgan; social chairman, Corinne Lawton; treasurer, Virginia Paig; recording secretary, Kay Sharp; corresponding secretary, Arden Stone; standards, Suzanne Stanford.

Other officers elected were: scholarship chairman, Ann Montgomery; activities chairman, Judy Derrick, historian, Virginia Shields; publicity, Joyce Bomar; librarian, Mary Ann Dickey; song chairman, Kathleen Robinson, parliamentarian, Sue Douglas; Junior Panhellenic delegates, Lynda Carruth and Barbara Owen.

Kappa Sig Pledges Become Members

Kappa Sigma fraternity has initiated 18 men into the chapter last weekend.

Initiates include Frank LeRoy Bell, Carl Leonard Blomkvist, Robert Smith Brown, Keith Gale Buhrman, Donald Herbert Coonrod, Robert Sandy Edwards, Robert Lee Goad, Walter Merle Herffington, Wilson Browning Holden, III.

Also Paul Thomas Lawlis, Robert Gene Mitchell, Eric Verretece Moody, Jr., Marl Gale Seale, Berkley Evans Shofer, Bobby Dean Smith, Samuel Hall Vaughter, Jr., James Lamar Wittliff, and Billy Roby Womble.

Magazine Positions Open

Applications from undergraduate coeds of colleges all over the nation are being accepted by Mademoiselle, women's fashion magazine, for membership in its 1957-58 College Board.

The magazine's College Board Contest offers a chance to all undergraduate women at winning one of the 20 Guest Editorships which includes a month on the Mademoiselle staff.

Next summer, the top 20 guest editors will be brought to New York in June to help write, edit and illustrate the August College issue. They will be paid a regular salary for their month's work, plus round-trip transportation to New York City.

Those who are accepted on the College Board do two assignments during the college year. Assignments give the members a chance to write features about life on their campus to submit art work and fashion as well as feature, fiction or promotional ideas for

possible use in the magazine.

It also offers members a chance to develop their critical and creative talents, to discover their own abilities and job interest, to win cash prizes and possibly publications for outstanding work submitted during the contest.

In New York next summer, each guest editor takes part in a full calendar of activities. She interviews a celebrity in her chosen field, visits newspaper offices, fashion workrooms, stores and advertising agencies, besides working daily with a Mademoiselle editor.

Help in finding positions in their special fields is also offered the 20 guest editors and each year several join Mademoiselle's own staff.

November 30 is the deadline for applying for College Board membership. The tryout assignment gives latitude for indicating your particular talent in writing or art, fashion or advertising, pro-

motion or merchandising, or publicity.

Successful candidates will be notified of acceptance on the College Board before Christmas. The first assignment will appear in Mademoiselle's January issue.

For further information see the Dean of Women or the August, September, October or November issue of Mademoiselle.

New Class Opens For Child Study

The Child Development and Family Relations Department of the College of Home Economics has announced the beginning of a new class in child study.

Organized under the direction of Mrs. Winnifred Gifford, the class will observe and study children from first through sixth grades.

The unique quality of this class is the way in which the lab is to be organized. For laboratory work the students will help conduct what is to be called the Adventure Club. This club will consist of two boys and two girls from each grade level, first through sixth.

Separated in two groups; first through third, and fourth through sixth grades, the children will meet on alternate Monday afternoons.

Projects or adventures to be undertaken by the club will be trips to the local fire station, airport, post office, planetarium and various other places of interest.

The first meeting of the younger group will be on Monday, October 14, from 3:00 until 5:00. The older group will meet for the first time on Monday, October 21, from 4:00 until 6:00.

Both groups will meet in H 105 in the Home Economics Building at their appointed time.

Mrs. Winnifred Gifford, teacher and head of the club, has announced that there are still a few openings for children in age groups six to twelve.

Anyone interested in this club may contact — Mrs. Winnifred Gifford at Ext. 416 in the Home Economics Department.

Infirmiry Remains at Full Capacity As Siege of Illness Continues at Tech

Students continue to pour into the already-full infirmiry as the siege of sickness continues unabated.

The infirmiry, with a capacity of 18 beds has been operating at full capacity for several weeks. Many students, unable to find accommodations there have had to return to their dorms. The dorms are offering meal service for those students confined to their beds.

In addition to the infirmiry, the clinic, where students are treated for minor illnesses, has been rushed, with the waiting room full practically all day.

Ordinarily there are few patients confined to the infirmiry at this time of the year; the main season for colds and related respiratory ailments being February and March.

A list of students confined to the infirmiry as of Wednesday,

October 2nd:

- Lynda Barlow
- James Brockman
- Eddie Clayton
- Richard Flatt
- Karen Frack
- Gad Garland
- Robert Knight
- Bobby Lemons
- Hugh McDonald

Army ROTC Units Will Elect Sweethearts This Afternoon

The Army ROTC will elect a Brigade sweetheart, 3 Battle Group sweethearts, and 6 Com-

pany sweethearts this afternoon at 4 in the old gymnasium.

Candidates will be escorted to be introduced to the Corps by the cadet who nominated her. After the introductions, ballots containing the names of each candidate will be handed out to the Corps. Each man may vote for three candidates.

The girl receiving the most votes will be named Brigade sweetheart. The girl receiving the highest number of votes within each Battle Group will be named the sweetheart of that Battle Group. The same procedure will be used to name the Company sweethearts.

Results of the election will be published in Saturday's Toreador.

Smoker Scheduled Tonight by Circle K

Circle K, campus Kiwanis organization, will have a smoker in the Student Union workroom tonight at 7 p.m., president Don Ledwig has announced.

The smoker is for any male students on campus interested in Circle K.

Circle K is a service organization for Tech. It is the only civic club on campus. Meetings are held each Friday at noon in the Student Union.

Various Activities Offered Students

The Baptist and Methodist Student Centers offer Tech students various activities during the school year.

The Baptist Student Center, 2401 13th St., features morning watch at 7:28 a.m. Monday through Saturday, and Vespers at 6:30 p.m. Monday through Friday.

A general Baptist Student Union meeting is held each semester at the center, and all Baptist students are invited to attend.

The Rev. Louis R. Cobbs is director of the Baptist Student Center, Miss Edwina Schovajsa is assistant director, and Derry Harding is president of the Baptist Student Union.

The Methodist Student Center and Wesley Foundation also offer opportunities and fellowship for students.

Each Sunday at 5:30 p.m. a snack supper called Dine-a-Mite is held at the center. Following Sunday night church services, a Wesley Friendly, consisting of a program and entertainment, is offered Techsans.

Special programs at 7:15 p.m. Thursdays are scheduled weekly.

SHULTON New York - Toronto

Homecoming Committee Chairmen Announced

Alpha Phi Omega, campus service fraternity, which is in charge of Tech's Homecoming Nov. 9, has announced the committee chairmen who will direct each phase of the event.

Jess McIlvain will serve as overall chairman with Pat Booth as sub-chairman.

Others members of the Homecoming Committee who will direct special committees are Joe Sneed, registration of exes; Ken Bellew, exes' luncheon; Temple Elliott, pep rally, bonfire and queen coronation; Lonard Short and Ronnie Morris, parade; Mike Edwards and Steve Oles, sign; Tommy Sanders, half-time activities for Tulsa-Tech football game; Bill Norris, lighting and campus decorations; Merwin Downey, dance; Bob Ford, freshman school spirit convocation.

Highlighting this year's Homecoming activities will be the dedication and presentation of the Bonfire Circle, a project sponsored by the Saddle Tramps. Representatives of all Southwest west Conference schools are expected to be present for the unveiling.

Plans are being made for a new event in connection with Homecoming this year. A freshman convocation to explain the

meaning of school spirit and how it can be carried on throughout college and later life is being planned to help give students deeper ties with the school. The program will serve to show students how school spirit can be expressed other than in cheering for athletic events.

A system for electing the Homecoming Queen has been established which will eliminate difficulties met in last year's contest according to Alpha Phi Omega. All campus organizations and dormitories will be invited to submit nominees for Homecoming Queen.

The Double T Association, which is in charge of the queen coronation in conjunction with APO, will send out information concerning the election.

The Homecoming parade will be conducted similarly to the parade last year. The three contest divisions will remain the same—fraternity, sorority, and all-campus—with a trophy being given to the winner of each group. An overall trophy will be presented to the best of the three divisions winners.

No particular theme will be used for parade floats, but APO suggests they express goodwill to other Southwest Conference Schools.

... Convocation

tions from the Red Raider Band and Tech Choir respectively.

APPRECIATION was extended to the Red Raider football team for the spirit they displayed against Texas A&M, to the Band for extending their half-time performance to make-up for the time vacated by the absence of the 270 piece Aggie Band to the Tech Choir, recently scheduled to appear on Ed Sullivan's Television program in late spring or early summer, and to the Toreador's "new" and improved newspaper.

Dr. Jones also praised the student turn-out as being a more voluntary crowd than was present last year since offices and functions were not required to close.

Master of ceremonies was Dean of Student Life James G. Allen. Convocation concluded with the audience standing and singing the Matador Song.

Thursday Nights Time for Dancing

Square dancing in the Rec Hall will start at 7 on Thursday nights. It is the beginning of a series to be held each week and for those people just learning there will be instructions.

Friday night after the pep rally there is to be a sports dance in the student union. Kingsmen will furnish the music.

Tech Aggie Club Boasts Varied Plans From Pig Roasting To Flower Raising

The oldest club on campus — Aggie Club — is one that boasts some of the most varied activities of any Tech organization.

Included are everything from the annual Aggie Pig Roast to raising chrysanthemums.

THE PIG ROAST is one of the year's highlights and is held in the fall. Date of the event has not been released.

The mum raising is a new project and was begun in June to supply flowers for Aggie Club homecoming parade float. Members believe it will be another "first for the Aggies."

Another annual project, also in connection with homecoming, is the homecoming breakfast planned each year as a chance for exes and present members to get together for a social hour.

IN KEEPING WITH the western theme, the club has slated a square dance and a folk dance for later in the year. An old-fashioned box lunch picnic and a party with the home economics girls also are planned.

Headquarters for the club is a newly furnished lounge in the Agriculture building featuring a

study and a reading room with the latest farm periodicals available.

Club members are persons majoring in agriculture. Its purpose is to allow Aggies to get together and exchange ideas and experiences.

... Council

far five bids have been received and the council plans to send out for a new bidding.

Student seating in the new stadium to be completed by 1960 was explained. The student area will be moved to the north end of the stadium, which eventually will be a horseshoe. Rob Brown, assistant to council president, reported.

Student seating will begin on the 40 yard line and continue up to above the lower deck into what is the present stands for one section up, then go south to the other 40 yard line and up to the top of the stadium.

The section between the 40 yard line is equipped with chairs. The present policy is to be let it be first come, first served.

It was reported that plans are going ahead for construction of the Saddle Tramp Circle, to be located between the new gym and the East Engineering building.

In discussing Homecoming plans, Peggy Miller presented an idea to the council to have a freshman spirit meeting Thursday night before Friday night Home-

coming pep rally. There would be no yells, but would be mainly speeches explaining Tech traditions and Tech spirit.

Also at the meeting the council moved to revise the present student body constitution. Committee members were named to begin the study.

The Student Council meets at 7 p.m. each first and third Tuesday nights.

Randall To Speak On Alaska Journey

The Tech Science Club will hear a lecture by Prof. Arne Randall of the applied arts department tonight at its first meeting of the school year.

The group will meet in room 164 of the Home Economics Building to hear Randall lecture on "A Trip to Alaska." Randall taught at the University of Alaska last summer.

Membership in the club is open to Tech faculty members and graduate students, and the public is invited to attend the meetings.

LSU Tigers Lack Experience

The LSU Tigers have a problem very similar to that of the Texas Tech Red Raiders—inexperience.

The Tigers will make their first appearance in history here Saturday night and Coach Paul Dietzel is depending highly on sophomores to lead his team to a victory.

LSU IS BOLSTERED by a dozen sophomores from an unbeaten 1956 freshman team. This gives the Tigers a lot of inexperience despite the fact that Dietzel has 17 lettermen returning from a team that posted a 3-7 record last year.

Of those 17 lettermen only four were starters in 1956.

Those starters include end Billy Hendrix, quarterback M. C. Reynolds, halfback J. W. Brodnax and fullback Jimmy Taylor.

However, at quarterback in their first two games LSU has been using senior Win Turner most of the time.

HENDRIX AT END last year caught three passes for 83 yards and one touchdown and is a touch defensive star. The other end position will probably be held down

by senior Billy Smith. Smith, a strong speedy lad, saw only limited action last year.

At tackles are sophomore Lynn LeBlanc and senior Al Aucoin. LeBlanc is quick and mobile and was named one of the most improved linesmen in spring drills. Aucoin has two years of second team experience and is being counted on to come into his own as a senior.

SENIOR ED CASSIDY and junior Larry Kahlden man the guard spots. Cassidy, another letterman saw a good deal of action last year and is one of the top LSU defenders. Kahlden was number two guard in '56 and didn't see much action.

At center is sophomore Doug Skinner, another member of the outstanding freshman team. He is one of the best competitors on the team according to Coach Dietzel.

TURNER HAS LED the Tigers to their 1-1 record so far this year at quarterback. Another senior he was No. 2 quarterback last year. He completed 20 passes in 59 attempts for 264 yards, two touchdowns and seven intercep-

tions. His total offensive record was 509 yards on 127 plays.

This year Turner has attempted five and completed three for 86 yards and one touchdown. His rushing total is a minus seven.

REYNOLDS, WHO WAS No. 1 last year, will probably also see action here Saturday. He completed 30 passes in 70 attempts for 385 yards, one touchdown and nine interceptions. Total offensive figures on Reynolds were 509 yards on 127 plays. He has seen only limited action this year.

Brodnax, the starting right half, played more time than any LSU varsity player in '56. The junior carried 121 times for 452 yards and a 3.7 average. In addition he caught 13 passes for 123 yards and was a tough defender.

This year he has a rushing average of 2.8 with 37 yards in 13 carries. He has caught one pass for a touchdown.

AT RIGHT HALF is the real team hot shot this year, sophomore Billy Cannon. Cannon racked up 141 yards rushing against Alabama last week to lead the Tigers to a 28-0 victory. He now has 211 yards in 14

carries for a 15.1 average this year. He has good speed and will no doubt a tough cookie to handle.

Taylor, a senior, is the starting fullback. He is right behind Cannon in rushing with a 3.4 average, having carried 25 times for 85 yards.

Taylor was the Southeastern Conference's leading scorer last season although he played for the 11th place ball club.

COACH DIETZEL has been pleased with the offensive showing of his team against Rice (14-20) and Alabama (28-0). In those two games the Tigers have rolled up 42 first downs to their opponents 20, 414 net yards rushing to 340 and 148 passing to 217.

His second unit, which was the cause of considerable anxiety following the season opener, performed well last week.

The Tigers have scored the first time they gained possession of the ball in each of the first two games of the season.

THE 28-0 WIN over Alabama was the biggest margin of victory the Tigers have ever recorded over the Tide in 26 games, and was the first time the Tigers had held the Tide scoreless since a 0-0 tie in 1927.

LSU in 1957 will be a more exciting team to watch, with break-away ballcarriers and greater team speed. But with sophomores and their mistakes, little improvement on the 3-7 record of 1956 is being predicted at Baton Rouge.

RICE

Rice and Barron Gain Promotions

Two sophomore halfbacks, Ronnie Rice and Mickie Barron, have joined sophomore guard Ed Strickland in the Tech starting lineup against LSU.

Both teams will rely on their sophomores to carry the attack in the second meeting of the two schools. LSU won the first one, played in Baton Rouge in 1954, 20-13.

Louisiana State's sophomore starters are tackles Lynn LeBlanc and Doug Skinner, and halfback Billy Cannon.

Flu symptoms have plagued the Tech team with 20 squadmen out at the first of the week. However, by Wednesday this list had been cut to two.

Rice and Charles Moore were both on the sick list Wednesday, but it is expected that they will see some action Saturday night.

The flu has weakened the team and practice has been light to conserve the strength of the players. There have been a few light workouts with emphasis on skill practice.

Grimsley Favors Nation's Top Ten

By WILL GRIMSLEY
NEW YORK, Oct. 2 (AP) — The Braves have the home run wallop and a 21-game winning pitcher in Warren Spahn, the Yanks have experience, winning habits and Casey Stengel, so it's the Yanks in five—

Oops. Wrong ball. Back to the gridiron. Last week's score 39-9 for 813. This week:

Oklahoma 48, Iowa State 0: Doesn't make any difference which of four teams the Sooners use, results are the same.

Michigan State 28, California 7: Walt Kowalczyk and Blanche Martin set the pace in another near-rout.

Minnesota 13, Purdue 0: Bobby Cox and Dick Larson will find the Boiler-makers tougher than Washington.

Duke 27, Maryland 7: If Wray Carlton gets 26 points this week, who gets the other one?

Navy 20, North Carolina 6: The Midshipmen have tremendous ground speed but Jim Tatum's Tar Heels are growing tougher.

Texas A&M 21, Missouri 0: The Aggies bid to better their position in the Top Ten.

Iowa 14, Washington State 6: The Iowans grow tall corn and football scores 70 last week but met a leveller in State.

Oregon State 20, Northwestern 0: The Beavers are best on the Coast until somebody says otherwise, and it's not Northwestern.

West Virginia 12, Wisconsin 7: The Mountaineers pull an upset, prove they can play in the majors.

Baylor 20, Miami, Fla. 13: The Southwest is playing its finest football, and Baylor is one of the top teams.

The others:

FRIDAY

Pittsburgh 7, Southern California 0; Brigham Young 14, Montana 6.

SATURDAY

East — Princeton 19, Columbia 14; Cornell 14, Harvard 13; Villanova 20, Florida State 14; Penn State 14, Army 7; Pennsylvania 20, Dartmouth 7; Holy Cross 14, Dayton 6; Syracuse 19, Boston U. 7; Yale 20, Brown 6.

MIDWEST — Illinois 21, Colgate 7; Michigan 28, Georgia 0; Notre Dame 24, Indiana 0; Houston 19, Cincinnati 6; Colorado 21, Kansas 0; Kansas State 7, Nebraska 6; Tulane 20, Marquette 0.

SOUTH — Auburn 27, Chattanooga 13; North Carolina State 20, Clemson 0; The Citadel 14, Davidson 7, Kentucky 13, Florida 12, Vanderbilt 20, Alabama 0; Wake Forest 14, Virginia 12; Tennessee 14, Mississippi State 0; George Washington 7, Furman 0; Richmond 7, VMI 0; Virginia Tech 21, William & Mary 0.

SOUTHWEST — Arkansas 13, TCU 7; Louisiana State 18, Texas Tech 14; Rice 20, Ctanford 13; Texas 28, South Carolina 6, 14; Rice 20, Stanford 13; Texas 28, South Carolina 6.

FLOYD DELLINGER, the Raiders' No. 1 quarterback, is leading Tech in total offense with a total of 188 yards. He has gained 63 yards rushing and 125 passing. He also leads in kickoff returns (25.0 avg.) and punts returns (13.5 avg.).

Burdette Sounds Warning to Yanks

By JOE REICHLER
NEW YORK, Oct. 2 (AP)— Lew Burdette said today he was going to beat the Yankees tomorrow. He said it simply, quietly, matter-of-factly. His voice carried no trace of a boast. He wasn't trying to bouy his spirits. He wasn't talking for effect.

"I'm going to win tomorrow," the Milwaukee righthander said. And you could tell he meant every word of it. "I'm going to get even for Hookie here."

There was plenty of meaning behind the words of this man with the solemn face.

"Warren pitched a fine game," Burdette said. "He deserved a better fate. But we didn't score any runs for him. Baseball may have changed some but essentially it's the same. You got to have runs to win. I rooted as hard for him to win today as I do for myself. We're always pulling for each other."

'We'll Still Win'—Fred Haney Declares

NEW YORK, Oct. 2 (AP) — "No complaints, we didn't get the hitting and they whipped us in a good ballgame."

Fred Haney, the snow-haired little manager of the Milwaukee Braves, thus shrugged off his team's 3-1 opening game defeat at the hands of the champion New York Yankees in the World Series.

"Our boys just weren't getting hold of the ball, they will and that'll be a different story."

Haney and his athletes had highest praise for Whitey Ford, the Yankee lefthander who set the National League champions down with five hits and pitched himself out of trouble in the sixth after walking the first two men.

"THAT FELLOW WAS curving us to death, and he had great control," the Milwaukee manager said. "I don't think we have a pitcher in the National League quite like him—one who throws so many curves."

Wiley Has Thrilling Role as Director of Red Raider Band

by Dale Johnson and
Judy Gristy

Toreador Staff Writers

"You know I forgot the rest of it," was the embarrassed reply of an enthusiastic drum major to a question posed by a perplexed band director at the half time of a Texas Tech-University of Texas football game during the 1930s.

The "rest of it" forgotten by the chagrined field leader was only half of a hard-earned-by-half-time routine for the football game dreamed up by the director, Professor D. O. Wiley.

The band was marching snappily through its routine Wiley recalls, when the drum major, now a prominent businessman, evidently got so interested in what he was doing that he whistled the group right off the field and into the stands halfway through the performance in the Texas U. Stadium.

When the group was back in the stands Wiley asked, "What happened to the rest of the program, boy?" and got the above answer.

But with even only half a performance the band at least made music, something more than it did a few years earlier in Los Angeles' Olympic Stadium where the Matadors were battling Loyola of Los Angeles.

For the entire first half of that game the big red musicians sat conspicuously silent in their section of the stands.

The reason? A bandsman carrying all the group's music boarded the wrong bus in traveling to the stadium and did not arrive until halftime.

The lost musician arrived in time for the band to perform at intermission, but not a note had emanated until that time.

The venerable Wiley, a Tech veteran of 24 years, remembers such incidents with a fond chuckle

now, but declares that at the time they happened the mishaps were not so amusing.

And probably not only Wiley but officials of Los Angeles radio station KFI were frowning their brows one time when the Matador musicians were scheduled to present a program over the station.

The band's train arrived late and there was only one hour left before broadcast time. Facing the group was the bleak prospect of crossing the giant California city in time to get to the station for the broadcast.

Luckily, there had just been a parade and several motorcycle policemen were nearby. After hearing the plight of the Texas musicians, the mounted officers escorted two bus loads of the band members through Los Angeles streets at 50 miles per hour.

Two minutes ahead of schedule the band arrived at the radio station.

Dewey O. Wiley is a tall, friendly, familiar figure on the Tech campus and popularly called "Doc" in honor of his honorary doctorate in music from Southwestern Conservatory.

He came to Tech in 1934 from Hardin-Simmons University, then Simmons University, where he had formed the famous Cowboy Band while director of band activities at the Abilene school.

He went to Simmons in 1921 after attending Midland Junior College and Texas Women's College as a special music student—along with several other males.

At the Abilene school Wiley taught violin and directed the college orchestra while a student and when the band director left, the future Tech staff member also took on that job, to start a career that spans more than 30 years.

Wiley has long been noted as

one of the top band directors in the nation and as such has been in great demand as a judge for high school band contests all over the state. Too, he has judged the Tri-State Band Festival at Enid, Okla., for the past 25 years.

The Tri-State Festival, incidentally, was begun by Wiley's brother, Russell L. Wiley, who was band director at Enid High School for a few years before he went to the University of Kansas in 1934 to have the same tenure there that Doc has chalked up at Tech.

Seven hundred student man-hours go into the preparation for a half time show, Wiley declares, basing his figure on five hours a week practice for 120 band members. That does not include the time put in by Wiley in preparing the show.

As for ideas for the half time programs, Wiley says anytime an idea crops up, no matter who it is from, he snatches it and determines if it is practical for use. If so, Wiley goes to work on putting the music together and ironing out details.

The hardest job in the band is that of drum major, the director declares (witness the above-mentioned major.)

And the field leader is not necessarily a music major, Wiley says, but may be anyone with a great deal of background in band work.

The hardest instrument to fill in the ranks of the musicians is the oboe. Good oboe players are quite scarce, Wiley declares, and a band is quite fortunate to come up with a good one.

But through trials and tribulations, nerve-wrecking incidents and all, Wiley is strictly a music enthusiast, first last and always and thoroughly enjoys his band work, much to the benefit of Texas Tech.

D. O. "PROF" WILEY has been director of Tech bands since 1934. During that span, Wiley has encountered some "weird" situations in connection with the band, but is recognized as one of the foremost bandmen in all the Southwest.

Hoffa Controls Teamsters Meeting As Committee Challenges Group

MIAMI BEACH, Fla., Oct. 2 (AP)—The Teamsters convention under firm command of James R. Hoffa today seated the bulk of local union delegates challenged by the Senate Rackets Committee as improperly selected.

The convention okayed credentials of the delegates from about two-thirds of the locals cited by Rackets Committee Chairman McClellan D-Ar. as having probably violated union rules in naming their representatives.

THE ACTION came as Hoffa cleared the decks for showdown voting, expected tomorrow for new union officers and control of the giant, scandal-scarred union.

Hoffa continued to be the leading contender to succeed Dave Beck as union president, but faced three opponents who were seeking to combine forces. For the first time the anti-Hoffa group began proposing cleanup moves on the convention floor as demanded by the AFL-CIO.

BECK AND HIS heir-apparent, Hoffa, as well as a number of other Teamsters' bosses have been charged with corruption in handling union funds and bossism over the 1½-million member union.

About a score of delegates were definitely thrown out, including those five New York "paper" locals charged by the McClellan committee as being phony union units.

Among those thus ousted were

such henchmen of New York labor racketeer Jonny Dio as Harry Davidoff, Joseph Curico, Harry Reiff and George Snyder. All had taken the Fifth Amendment in refusing to answer questions by Senate rackets probers, who charged Hoffa was a close crony of Dio's.

BECK ANNOUNCED some 1,600 of the nearly 1,950 delegates had been formally seated.

Hoffa put out a slate of candidates he proposed to carry into union control as vice presidents. They included five incumbents, plus the following proposed new vice presidents:

Little Rock Compromise Killed; Governor Faubus Stands Pat

LITTLE ROCK, Ark., Oct. 2 (AP)—A proposed compromise on the smoldering Little Rock integration battle apparently blew up today with Gov. Orval Faubus standing pat on his statement to President Eisenhower.

Gov. Theodore McKeldin of Maryland then accused Faubus of "double-crossing" the four Southern governors who worked out a compromise with Eisenhower yesterday to pave the way for removal of federal troops from Little Rock.

In a press conference, Faubus heatedly exclaimed:

"I've given until it hurts . . . all that double talk in Washington means is this—they want me to take troops and put bayonets in the backs of students in my state and bludgeon and bayonet my people. I never felt the necessity for this action."

McKeldin, one of the four Southern governors, said the Arkansas governor "has elected to pile infamy on the heap of disgrace which he has inflicted on the great State of Arkansas."

McKeldin was the only Republican on the four-governor committee.

Meanwhile two white students junior boys, said they were expelled from Central High School today after a crowd of from 50 to 150 white students roughed up two Negro boys, two of the nine whose integration touched off the historic struggle.

The white boys, who refused to give their names, said they did not hurt the Negro boys but: "We wanted to make it so mis-

erable they wouldn't want to go school."

Mrs. L. C. Bates, head of the Arkansas National Assn. for the Advancement of Colored People, said the Negro "kids said there was a little ruckus and school officials took care of it. They did not appear to be scared or worried."

The white boys said the attackers were aroused because the Negroes this morning bypassed the main entrance where plans had been made to block their entry.

They said schoolbooks were knocked from the Negroes' hands and they were struck at by other white boys. A school official rescued the Negro boys.

The incident occurred while the Arkansas National Guard, under federal command, stood the watch at the school. A military spokesman, Lt. Col. Tom Matthews, said he had heard reports of the alleged incident but he saw no reason "why National Guardsmen couldn't handle" problems inside the school and knew of no change to bring paratroopers back to the campus.

Supt. of schools Virgil Blossom said he understood three students had been suspended. He said he had no details but that he had heard reports of incidents at the

school. "Disciplinary problems will be handled in the normal way," he said.

The school buzzed with reports of plans for a mass walkout tomorrow in retaliation for today's incident.

Mrs. Bates of the NAACP claimed tension has been mounting inside the school again. She said the Negroes had a "terrible day" yesterday.

Blossom reported attendance at the school climbed to 1,783 today. It has an enrollment of 2,000. At first it had been reported by the school that absenteeism had shot up slightly for the day but Blossom said a school employee had been in error on the figure.
