Livestock Still Holding Big Advantage At Rodeo

When a man who has been an outstandingly successful bulldozer since away back before cattle started growing horns lets a steer slip through his fingers just like quicksilver, and when another cowboy who has tossed five million loops and then taken the slack out of his rope to find something wiggling in every one of them, throws his rope where there ain't no calf and probably never was—then you can say that rodeo stock is sure enough snaky.

Gore Builds Big Lead In Tennessee Senate Race

By A. P. Bryan
 NASHVILLE, Aug. 8 (AP)—Two-fisted campaigner Albert Gore, administering Kenneth D. McKellar his first political defeat in 41 years, pulled steadily away from the elderly senator today in clean-up returns from the Democratic primary.
 With all but a smattering of the state's approximately 2,300 precincts in from yesterday's voting, the 44-year-old Gore had a lead of better than 60,000 over the 83-year-old McKellar.
 The count from 2,101 precincts

was: Gore 238,967, McKellar 175,372.
 Included were returns from 100 of 162 precincts in Shelby County (Memphis) where McKellar had, as usual, the support of politico E. H. Crump. But where Crump in his political heyday delivered virtually a solid vote, the 62 precincts gave Gore 23,586 votes, McKellar 25,918.
 In another outburst of the "ins," 32-year-old Frank G. Clement ended Gordon Browning's four-year reign as governor. Browning was seeking a third two-year term.
 The 44-year-old Gore, who campaigned long and earnestly throughout the state after his Fourth District was eliminated in a 1951 redistricting act, piled up what seemed certain to be an insurmountable lead over McKellar during the night-long tabulation of unofficial returns from Tennessee's Democratic and Republican primaries.
 Returns from 2,022 of the state's approximately 2,300 precincts gave Gore 210,300 votes, a lead of about 55,000 over McKellar's 155,983.
 But McKellar, remaining in his hotel room at Memphis, refused to concede defeat in his try for an unprecedented seventh term in the Senate.
 The winner in the Democratic senatorial primary faces only token Republican opposition in the November general election in overwhelmingly Democratic Tennessee.
 Hobart Atkins of Knoxville apparently was an easy victor in a three-man race for the Republican senatorial nomination.
 Returns from 2,029 precincts gave Clement, a former FBI agent, 192,812 votes, Browning 165,547 and Clifford Allen Jr. 49,962.
 The Nashville Tennessean, a staunch Browning supporter, conceded Clement's victory shortly before midnight last night. Browning himself had no statement for an unprecedented seventh term in the Senate.
 Results of the two major races left the Tennessee political picture somewhat scrambled.
 Memphis political leader E. H. Crump, on the comeback trail after his gubernatorial and senatorial candidates were defeated four years ago by Browning and Sen. Estes Kefauver, supported McKellar and Clement.
 Crump, always a McKellar stalwart, could not stem the tide against the aging senator. Just what his support of Clement meant was a matter of conjecture.
 McKellar, chairman of the Senate Appropriations Committee, has been a powerful figure on the Washington political scene for more than a quarter century. He

was a strong supporter of the Tennessee Valley Authority.
 Gore, although still in his early 40's, is a veteran of seven terms in the House. He, too, is a longtime supporter of the TVA and the nation's atomic program. He has served on the House Appropriations Committee for years.
 The young congressman campaigned on a plea for the voters to "send a young man to the Senate."
 R. Beecher Witt of Madisonville was unopposed for the Republican nomination for the governor. Also unopposed were the state's two Republican congressmen, former National Committee Chairman Carroll Reece of Johnson City and Howard Baker of Huntsville.
 Democratic incumbents won easily in congressional contests. Rep. J. B. Frazier Jr. grabbed a commanding lead over two opponents in the Third District. Rep. Joe L. Evin was easily in the Fourth District. Rep. Pat Sutton had a two-to-one lead in the Sixth District and Rep. Percy Priest, Democratic whip, was well ahead in the Fifth District (Nashville). So was Rep. Jere Cooper in the Eighth District.
 Other Democratic representatives were nominated without opposition.
 The incumbent, J. B. (Buck)

Divorce Granted To Reynolds' Wife

MIAMI, Fla. (AP)—The marriage of red-haired Marianne O'Brien and Richard J. Reynolds Jr., the tobacco heir, came officially to an end here yesterday when Mrs. Reynolds received a divorce and two million dollars.
 Reynolds filed the original divorce suit, charging his wife with indiscretions in Paris with Porfirio Rubirosa, former husband of tobacco heiress Doris Duke.
 Mrs. Reynolds, who denied the charge in a cross-petition and declared she went to Paris to look for her husband, was granted a divorce on grounds of desertion.
 The couple had agreed previously to a settlement. Mrs. Reynolds will receive \$750,000 in cash, a \$750,000 trust fund, \$10,000 a year for their two children, a \$150,000 duplex home in Manhattan, a \$115,000 home in Miami Beach, three automobiles and attorney fees.
 Mrs. Reynolds received custody of the children, Michael, 5, and Patrick, 3, but her husband may visit them and later will have custody during summer vacations.

New Liquid Kills Roaches and Ants

ROACHES and ants are the most difficult household pests to control, and they can be brought into the home at any time. Science has just come forth with a new discovery, a colorless coating that kills cockroaches and ants, and that stays effective for months. It is called Johnston's NO-ROACH.

It's just as simple and easy to use as it looks. You paint the coating on surfaces frequented by roaches and ants, woodwork near the sink, baseboards, garbage pails, window and door sills. When these crawling pests come in contact with this invisible, odorless, stainless coating they slowly become paralyzed, turn over on their backs with legs waving in the air, and die. Then the coating stays effective for months to kill any strays that get into the home and that walk over it.

Effective for Months
 Science has seen to it too, that this product contains no DDT, no sodium fluoride, and no phosphorus. Johnston's NO-ROACH is not a contaminating spray or a messy powder. It is colorless, and may be brushed just where you want it, without having to move all your dishes and pots and pans.

Guard against crawling insects this modern NO-ROACH way. Prices are 8 oz. for 50c, pint for \$1.69, and a quart for \$2.98.

Bodies Of Six Bus Crash Victims Still Unidentified

WACO, Aug. 8 (AP)—Only six of 28 bodies of persons killed in Monday's two-bus crash near here remained to be identified early today.

The 21st and 22nd bodies were identified yesterday when it was finally established that 27 persons definitely were killed in the Monday morning accident, seven miles south of here on U. S. Highway 81.

Yesterday's identifications were Hilario Zamoudia, 47, Waco and Fort Worth restaurant cook, and Staff Sgt. Raul L. Escobedo, 31, Fort Hood soldier whose mother lives at Dallas.

R. L. Trask, Air Force civilian identification expert, said that all pieces of human bodies had been identified. This, he said, with the established fact that the heat of the fire was not enough to completely cremate a human body made it certain only 28 persons lost their lives in the mishap.

It had been feared that as many as 50 persons were killed in the crash which also injured 25 persons.

Zamoudia's name previously was on the "probable dead" list. His wife's body already had been identified and an 11-year-old daughter

of the couple was seriously injured. Four other Zamoudia children not involved in the crash have sued Southwestern Greyhound Lines—operators of the buses—for a total of \$400,000 in damages.

One of the six remaining bodies is said to be that of a Latin-American woman. The grim identification task continued today.

Abilene Bank Head Submits Resignation

ABILENE, Aug. 8 (AP)—R. B. Tanner yesterday resigned the presidency of the First State Bank in Abilene—a position he had held since the bank's organization in 1948.

Board Chairman E. L. Thornton said directors accepted the resignation so Tanner "may devote his full time to other interests."

The resignation is effective Sept. 1. Tanner will retain his bank stock and remain on the board.

Managerial Team

Dr. Lloyd B. Andrew, Big Spring VA Hospital manager, dictates a letter to Secretary Carolyn Murphy. Both Dr. Andrew and Miss Murphy are being transferred to Birmingham, Ala., where he will be manager of a new VA hospital. Both have been associated with the local institution since its activation in 1950.

TO BIRMINGHAM

VA Hospital Head Getting Transfer

Dr. Lloyd B. Andrew, manager of the Big Spring VA Hospital since the institution was activated in 1950, is being transferred to a similar position in Birmingham, Ala.

Dr. Andrew will be manager of a 500-bed VA hospital now under construction in Birmingham. He expects to leave for the new assignment early in October.

No successor has been named for the hospital manager here. However, Dr. Andrew said he expects announcement of the appointment of a new manager in the next few days.

In addition to hospital managerial duties in Birmingham, he will be associated with the Dean's Committee of the University of Alabama Medical School. A resi-

dency training program for doctors will be conducted in conjunction with operation of the new hospital.

Several other hospitals are located in Birmingham and are associated in the medical training program, forming one of the Southeast's outstanding medical centers.

Also leaving the local institution as a member of the Birmingham staff will be Carolyn Murphy, Dr. Andrew's secretary throughout his service here. Miss Murphy will continue as secretary to the manager.

Both Dr. Andrew and Miss Murphy came to Big Spring from Jackson, Neb. He attended Jefferson Medical College, Philadelphia, Pa., and served his internship at Philadelphia General Hospital. Residencies were at Long Island College Hospital, Brooklyn, N. Y.

He taught at Northwestern University Medical School, engaged in private practice in Joliet, Ill., and held a number of hospital posts between tours of military duty during World Wars I and II. He has been associated with the Veterans Administration since 1937, part of the time as an officer in the Army Medical Corps from early 1944 to 1946.

Dr. Andrew was married in 1923 to the former Elizabeth Frick of Philadelphia. They have four sons, one of whom resides in Big Spring and will move with to Birmingham.

Texas Cotton Crop Estimate Is Pegged At 4,200,000 Bales

WASHINGTON, Aug. 8 (AP)—Texas' 1952 cotton crop was estimated today by the Agriculture Department at 4,200,000 bales.

The estimate—the USDA's first of this year's crop—indicates a bountiful crop just a bit short of the 1951 Texas crop of 4,061,000 bales.

Nationally, the USDA estimated the U. S. crop at 14,735,000 bales, which is short of last year's 15,130,000 bales but above the 10-year (1941-50) average of 11,775,000 bales.

Insects, drought and extreme heat have hurt the crop in Texas and in most other cotton growing areas.

Texas produced its record crop of 6,040,000 bales in 1949.

The Texas cotton harvest has moved as far northward as the Dallas-Fort Worth area.

Hot, dry weather is not always unfavorable for cotton development. It has sped growth and fruiting in most of the High Plains area but in some dryland parts of the High Plains, more moisture is needed.

The extreme heat has caused some excessive shedding recently in the central and northern Low Rolling Plains counties and also in the Blacklands. Such shedding has almost wiped out cotton in a strip between Abilene and Big Spring, according to a recent USDA crop summary.

In the Lower Valley, boll weevil and boll worm damage was heavy this year.

The USDA estimated the yield per acre in Texas for 1952 at 184 pounds, which would top 1951's 166 pounds per acre. It estimated the condition of the Texas crop at 72 per cent of normal.

Today's report was based on surveys of condition as of August 1. Since then there has been some severe heat which may reduce the production somewhat.

Last July 10, the USDA estimated 11,235,000 acres had been planted to cotton in Texas, which is far above the 1940-48 average of 7,583,000 but only 81 per cent of the record 1951 acreage of 11,900,000 acres.

The condition of the crop, the indicated yield per acre, and the production, respectively, by states included:

Arkansas—66, 275 and 1,050,000.
Louisiana—77, 362 and 690,000.
Oklahoma—78, 173 and 420,000.
Texas—72, 184 and 4,200,000.
New Mexico—84, 467 and 285,000.
Production of American-Egyptian

cotton was estimated at 77,000 bales, compared with 47,200 bales last year and the 19-year average of 28,400 bales.

Production of this type by major producing states included:

Texas, 25,000 bales; New Mexico, 12,000; Arizona 29,000; other states, 1,000.

Czechs Moving Middle Class

VIENNA, Austria (AP)—Communist Czechoslovakia reportedly is joining fellow satellites Hungary and Romania in moving the middle class "bourgeois" out of key cities.

Usually reliable sources reported the Czech deportations last night and said, as in the other two Red countries, they apparently have a two-fold aim—to break up professional class and to make housing available for favored workers.

The reports said that at least 10,000 persons were forced to leave Prague and Bratislava in the first week of the deportations, which began in mid-July.

Since then, trainloads of deportees have been leaving both these cities as well as other key centers two or three times a week.

The reports said lawyers, architects, former factory owners and other persons who held similar jobs before the Communists squeezed them out were the principal victims.

Most of those expelled from the cities were said to have been dumped off trains in rural areas.

Delirious Laborer Leaps From Window

PANAMA, Panama (AP)—A Colombian laborer, delirious from tetraethyl lead intoxication, leaped to his death last night from a second story hospital window. His was the second death among 19 men poisoned in the past week while cleaning U. S. Air Force aviation gasoline tanks in the Panama Canal Zone.

Of the eight survivors, three have become insane and are now in an asylum. A doctor at the asylum said the three probably would recover eventually.

The victims worked for a private Panama firm which had contracted to clean tanks for the Caribbean Air Command. A U. S. military spokesman said the contractor was responsible for the safety of his workers, but an Air Force board of inquiry has started an investigation. Meanwhile the cleaning work has been suspended.

Popular Meeting Place

Here is a partial view of the large dining room at the Wagon Wheel. A recent addition to the popular eating place, this room, and a smaller counterpart, is gaining in favor as a meeting place for parties clubs and other groups. Reservation can be made by telephoning the Wagon Wheel.

Wagon Wheel Popular For Dinner Parties

Planning a dinner party for your club or social group? Well, don't overlook the Wagon Wheel, Third and Young Streets. In your plans, for this recently enlarged and popular eating place has facilities ideally designed for accommodating you.

It really makes no difference whether the gathering is to be a small or large one, arrangements likely can be made to suit you. The reason, pointed out H. M. Rainbolt, owner and operator of the Wagon Wheel, is that there are two private rooms in addition to the wealth of general dining spaces. One small room, opening off the west end of the main dining room, can care for groups of eight or a dozen people up to 20 or so. It is quiet and offers utmost privacy.

The large party room, referred to in quarters as the "candle room" because of the unique centerpieces made by the incessant dripping of various colored candles on bottle candle holders, can take care of as many as 50 quite comfortably. This number can be increased if necessary, but Rainbolt likes to use that as a tentative maximum.

The room is attractively decorated and both the large circular windows in it are framed by wheels taken from an old Army caisson with their sparkling brass hubs. The room is accessible directly from the lobby so that members of the party never have to pass through the main dining room.

"The room is increasing in popularity," said Rainbolt, "but we have a feeling that a lot of people do not yet know about its convenience and comfort."

Reservations can be made by telephoning No. 2433. Like other parts of the Wagon Wheel, the party rooms are cooled by refrigerated air. Mr. and Mrs. Rainbolt, who acquired and operated the business for nine years now, invested \$10,000 in cooling equipment. Only recently a new cooling tower was erected to promote the efficiency of the cooling apparatus so that customers will find it exactly in their liking.

The food, of course, is excellent, because this always had been a Rainbolt trade-mark at the Wagon Wheel. Party groups are given the same courteous and prompt service that sets the Wagon Wheel apart as are the dining room patrons. All these factors explain why the Wagon Wheel is gaining in popularity as meeting places for parties, clubs and other groups.

One hundred and thirty citizens gathered recently and reorganized the Menard County Chamber of Commerce.

Mead's Bakery Has A Large Territory

In Mead's Bakery, Big Spring has an outstanding industry and one which distributes over one of the largest territories of any firm operating here.

Eighty-two employees are required to handle its operations over a vast area that extends into the Big Bend area and blankets the section southwest of here. Fifty-eight of these are assigned to the plant and to distribution in Big Spring.

Some of those familiar with the baking industry point out that there are few if any cities the size of Big Spring which boast such productive facilities for bread as the Mead's plant at 18th and Gregg. It is geared to furnish bread for upwards of 100,000 population.

Three big vans swing out from the bakery here each evening, heading west and southwest. They go to Midland, Odessa and as far west as Pecos. The route continues to the Davis Mountain area to serve Fort Davis, Alpine, Marfa and even to Presidio and over to Marathon and back up to Fort Stockton and Big Lake. Communities in this immediate area, of course, are served out of here.

There are 20 routes operating out of Big Spring. There are four in Midland and five in Odessa and one each in 11 other towns.

Big Spring is served by several routes, and Mead's representatives are the only ones serving Big Spring and Mead's bread is fresh bakings twice daily to the shelves of your favorite grocer.

Bob Mead, who directs the affairs of the busy bakery, is proud that the concern not only creates a lot of business here but brings it in from a big West Texas area.

Tubeless Tire New Firestone Line Addition

In addition to being Ford tractor and Dearborn implement dealers, Big Spring Tractor Company is a dealer of Firestone tires and they are equipped to service anything from a tractor up to heavy maintenance equipment. Latest addition to the Firestone car tire stock is the Firestone Supreme—a tubeless tire. Both regular and white sidewall tires are available in the tubeless style at Big Spring Tractor, located on the Lamesa Highway. The Firestone company guarantees the tires to run from 25 to 28 thousand miles further than the average tire. It is made of natural rubber which is more pliable and therefore gives more traction. But the main feature about the new Supreme is safety. It is guaranteed to hold up in case of a blowout for from 15 to 20 minutes before going flat. This gives the motorist time to reach a safe place to stop or reach a service station. Inside the tire is a diaphragm

which holds approximately half of the tire's air. When the tire blows out or is cut, the diaphragm closes automatically and holds the air for a length of time. An added safety feature of the tire is an inner layer of rubber-foam rubber that seals automatically when punctured. Big Spring Tractor Company, with Doc Wilkison in charge of the tire department, is authorized to make adjustments of Firestone tires. This is an added help for the tire do not have to wait for the Firestone company's okay before making an adjustment. In addition to carrying the Supreme, Big Spring Tractor carries a complete line of car tires, with white sidewalls available in all car sizes and models.

Band Visits Hospital

Members of the Hardin-Simmons Cowboy Band visited patients and staff members of the Veterans Administration Hospital Thursday, following a concert on the hospital lawn. The HS-U group is here for the 19th annual Big Spring Rodeo.

Cowboy Band Plays Concert At VA Hospital

The Hardin-Simmons University Cowboy Band, which is playing nightly for the Cowboy reunion, spent Thursday morning visiting the Veterans Administration Hospital. After playing a thirty-minute concert, members of the band visited some of the patients in their rooms.

Dressed in western uniform of chaps, cowboy hats, levis, and orange shirts, the band gave a half-hour concert of semi-classical and popular music. The band was directed by Prof. J. D. Schoonover, assisted by Tom Guimarin.

Sheriff Will Watson, who has been with the cowboy musicians since their organization thirty years ago, was introduced to the audience. Watson thanked the group for the privilege of presenting the band and wished for the patients "a quick recovery and return home." Watson told the veterans that the "band appreciated what you have done for us."

The concert was held on the lawn in front of the hospital. Among the administrative officials who heard the concert were Dr. L. B. Andrew, manager, Chaplain C. O. Hill, Director of Special Service

Carlton L. Carr and Chief Nurse Beale Low. Another guest was J. W. King, director of the Big Spring High School band, and Mrs. King. Also in the audience was a former Hardin-Simmons student, Bill Wood, a patient in the hospital.

Inside the hospital the band members visited some of the patients in their beds. Most of the veterans showed a special interest in the unique uniform of the band.

Stevenson To Start Campaign With Detroit Labor Day Speech

By DON WHITEHEAD
SPRINGFIELD, Ill. (AP)—Gov. Adlai Stevenson was reported ready today to kick off his presidential campaign with a Labor Day speech in Detroit followed by a swing into the South to hold the Dixie vote in line for the Democratic ticket.

This appeared to be the itinerary shaping up in the campaign headquarters directed by Wilson W. Wyatt of Louisville, Ky. This morning Stevenson put

Basic Ceilings On Autos Off

WASHINGTON, Aug. 8 (AP)—Basic retail ceiling prices on new passenger autos will be lifted in an order to be issued within a few days, government officials said yesterday.

But the action generally is not expected to affect retail car prices except in Texas and possibly a few other areas, an Office of Price Stabilization spokesman explained.

The order is necessary, the OPS official said, to comply with a provision in the controls law guaranteeing dealers their pre-Korean margins.

Texas dealers had protested to OPS that the existing price orders did not allow them their pre-Korean margins: A state anti-trust law barred them from using manufacturers' price lists as a basis for determining their selling prices, they complained.

Under existing retail auto pricing regulations, dollars-and-cents ceilings are set at the factory. These prices have been based on the wholesale f.o.b. factory price plus the dealer mark-up.

After retail ceilings are eliminated manufacturers still may suggest selling prices to their dealers. The difference will be the dealers' profit. And wholesale prices still must be approved by the agency, an OPS official said.

will help him in his campaign. The top item on this list will be to name a new Democratic national chairman to succeed Frank E. McKimsey of Indianapolis who is reported on his way out.

HOPES FOR VICTORY

Rhee Sees Little Chance For Peace During His Next Term

SEOUL, Korea (AP)—White-thatched Syngman Rhee, still the shrewd political mastermind of the republic he helped found four years ago, sees no hope of peace for war-torn Korea in his coming second four-year term as president.

Peace will come, he told newsmen today, only when Russia is "fully convinced it cannot defeat the free nations."

He hopes however, that the United Nations forces "will be able to defeat and drive out our Communist enemy" during his second term.

"The Chinese Communists have no business to be here and the sooner they realize it, the better it will be for all of us."

Rhee, 77, said he never had any hope of success for the Korean armistice talks "and I have none now."

He decorated Gen. James A. Van Fleet, U. S. Eighth Army commander, for "outstanding performance" in the interest of freedom.

Rhee swept to an overwhelming victory over three opponents Tuesday in South Korea's first direct presidential election. He was elected by the National Assembly to his first term.

He told newsmen he didn't seek

School Proposed For Lay Workers

DALLAS, Aug. 8 (AP)—Presbyterians have a proposal for setting up a school for lay church workers.

The annual state business meeting in Kerrville Sept. 9-11 will make the decision. A committee studying the plan is reported to have decided to recommend such a school. It would be set up at the Austin Theological Seminary.

Negro Claims Innocence Before Going To Chair

HUNTSVILLE, Aug. 8 (AP)—Major Preston, 34, Walker County Negro, protested his innocence today just before he died in the electric chair at 12:08 a.m. He was convicted of raping a white woman.

Preston, first man from Walker County ever to die in the state's electric chair, entered the death chamber at 12:02 a.m., received the first charge of electricity at 12:05, and was pronounced dead at 12:08.

The Negro, whose first name is Major (he had no military rank), was convicted of raping a 45-year-old white woman almost within the shadow of the state's death house here.

The woman said that on Feb. 11, 1950, she was accosted by a Negro while on her way home from downtown Huntsville. The exact site, she said, was directly behind the state prison on the Missouri Pacific Rail-

road tracks. She fought off her assailant and made her way to a nearby house whose occupants called police.

Today, in his last words, Preston said he was "innocent of the crime of which I am accused."

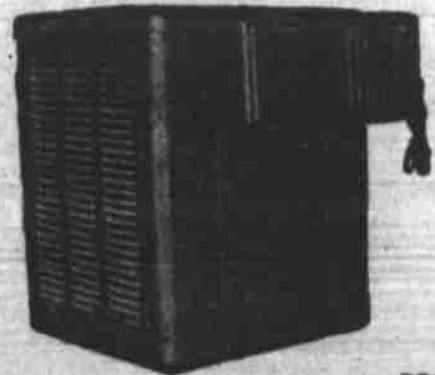

A factor in the Negro's conviction was a scrap of skin found in the woman's mouth soon after the attack. Police said it matched the whorls of Preston's finger, which had been injured.

Preston signed a confession after being confronted with this evidence but later claimed in the death cell that the skin did not match, and said he injured the finger in some forgotten manner while drinking heavily that day.

Both the Texas Court of Criminal Appeals and the U. S. Supreme Court refused to grant the Negro a new trial.

Making Loans in Drouth Areas Follows Established Principle

Some drouth-stricken sections of the South and of border states have been declared "disaster areas" by the Department of Agriculture. The secretary has called a conference in Nashville, Tenn., and portions of other states, including several in New England, are under consideration for federal aid.

funds, however, have been available for disaster loans since the administration of President Hoover. The most urgent need in today's drouth areas appears to be food for the livestock of farmers whose pastures and feed grains are ruined. Without such aid, livestock might be dumped on the market in poor condition, the farmer loaded with even greater debt, and the consumer with higher prices and inferior quality.

As Of Now, The Thing To Do Is Obey Car Inspection Law

Among the state senators and representatives who have been defeated for re-election, says a Dallas News writer, quite a few were supporters of the controversial car inspection bill. None of the nine senators and 12 representatives who voted against the bill was defeated for re-election, though out all were candidates.

It is a wise bill in principle, and it should not be repealed. We believe that car-owners and the general public, while resentful of the irritations the measure has unnecessarily caused, believe in the principle which it embodies and in the purpose which it is intended to serve. Some amendments might be wise, and even necessary.

M'Carran Rides The State Dept. To Speed Up Money For Spain

WASHINGTON.—For about four months the State Department has been haggling with Dictator Franco of Spain regarding the proposed Spanish air and naval bases which Franco so glibly promised over a year ago when he wanted American cash, and which he has reneged on ever since the cash was voted.

"That was voted for economic, technical, and military assistance in the discretion of the President," replied Bonbright at the secret hearing. "It has seemed to us that the use of these funds will depend on our overall military requirements."

Although France, England, Italy, Greece and Turkey have turned over their soil to American forces for airfields and naval bases Franco continues to hold back—until he gets exactly his own terms. These terms include 1) more U.S. dollars with no strings attached; 2) modern tanks, planes and artillery for the Spanish army which the U.S. Army needs primarily in Korea, second here at home, and third for the European army.

"No, indeed, sir," wined the State Department witness. "We are going to start very shortly." "I have heard that before, so I am just taking it with a grain of salt," grumbled the Nevadaan. Then he snapped at Bonbright accusingly: "You do not seem to know much about it, any more than you know much about your department, from what I have listened to this morning."

U. S. diplomats figure that one reason Franco is so stubborn is because he knows he has powerful friends in Washington and that the money for Spain already has been appropriated by Congress. Since he's going to get the money anyway, he undoubtedly figures there's no use giving naval bases and airports in return for it.

McCarran also tried to blame President Truman's cool attitude toward Spain on the hapless witness. "Why is there no mention in the President's message as to Spain, do you know?" he demanded. "I do not know, sir," Bonbright shook his head.

More recently, Senator McCarran proposed in his own name James Bonbright, the diplomat handling Spanish negotiations, during secret hearings in the State Department's appropriation. Since McCarran sits on the subcommittee which decides how much money the State Department can get from Congress each year, he could have a whip hand over policy.

"I think the fact is, sir," said Bonbright, "that the chances of getting Spain into the Atlantic Pact now are bad." "Why?" he asked McCarran. "Is it because Great Britain does not want her in? Is that it?"

"I do not know any European country, sir, outside of Portugal, that has indicated a favorable attitude toward inviting Spain in now," retorted Bonbright. "The Congress of the United States has appropriated \$100,000,000 to assist her economically, and she knows all that. How do you expect to get concessions from Spain when you do not go along with that policy the Congress has set up?" asked McCarran.

Iran Lost One Third Of Its Revenue When Oil Industry Was Nationalized

WASHINGTON (U)—Iran is a land of a few rich men and a vast mob of the ignorant poor. Of the 16 million people there, only 1,600,000 can read and write. The rich men, huge landowners and merchants are among the wealthiest in the world. Some single families own hundreds of villages with the surrounding land worked by peasants as sharecroppers.

Meanwhile, the Communist Tudeh party has become stronger in the months since the British were thrown out and the Iranian economy began to crack. In the boiling atmosphere of Iran now no one—in this country or Britain—seems sure of what may happen next. The Communists are a real threat. If they pulled a revolution and won, the rich wouldn't have to worry about paying taxes. They wouldn't have any money left to pay.

There is also talk Mossadegh would like the sharecropping peasants to get a bigger share of the profits of the land for their work. The kind of economic reforms indicated by Mossadegh so far might, if put into effect fast, bail Iran out of its present jam. It's questionable whether Iran can survive if this is as far as Mossadegh wants to go.

When Premier Mohammed Mossadegh kicked the British out 15 months ago and nationalized the oil industry, one-third of Iran's revenue disappeared. The Moslem leaders, the ultra-nationalists of Iran, kept Mossadegh in power despite the economic turndown for the worst. And yesterday one of them, Ayatullah Khashani, a mullah priest, was elected leader of the lower house of Parliament.

NEW YORK (U)—How would you feel if you were in a crowded bus with some loose cobras? That happened to some people in India the other day. The Bombay office of The Associated Press reported that a snake-charmer came aboard carrying the cobras in baskets. The bus jolted over a pothole. The baskets sprang open.

harm a small child. They believe a snake reacts, through some sixth sense, to the loathing and dread that arises, on sight, in most adults. And they think this is an acquired feeling, something you have to learn. Since a baby does not know enough to be afraid, he may be perfectly safe—even with a cobra. Preston Grover, who headed the AP office in India for a number of years, was a witness to one of these incidents.

This Day In Texas

The Texas Legislature on this day in 1874 voted a reward of \$5,000 for the arrest and conviction of three robbers who had held up the Austin-San Antonio stagecoach the previous day. Operators of the Austin-San Antonio line, and passengers, were getting to be a little jittery about the trip. The stage was also held up and robbed on May 12, and some people thought the Jesse James gang was the one who had done it.

Lots Of Tales Told About Strange Ways Of Cobras

He was visiting an Indian family. Their child, in a high chair on the lawn, was eating a bowl of bread and milk. Cobras like milk and apparently they can smell it from considerable distances. Grover, horrified, saw the snake, just as it was crawling up the side of the chair. It crossed the baby's lap and came onto the apron of the high-chair. Then it began drinking the milk.

Hold On A While, There Are Some Places With More Heat

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald—Editor's Note.

Hot weather is an unpleasant but frequent topic these days and of course there are those who can recall times of much greater suffering from high temperatures, no matter what the current situation may be.

A reading of 85 degrees is sufficient to cause fatalities in some places. Out here people seem to expect a few days each year with thermometer readings well over the 100-degree mark, and a hot day seldom comes as a surprise at any time in June, July or August—and sometimes in May and September.

Demos Presented Three Major Arguments To Appeal To Voters

PRINCETON, N. J.—What arguments for voting Democratic in November did the Democratic National Convention with its flood of oratory, "sell" most successfully to Mr. and Mrs. Average Voter?

spending and will lower taxes. 2. The G. O. P. will clean out graft and corruption in government. 3. The Democratic party has been in power too long and it's time for a change.

To find out the ideas that had the most impact on newspaper readers, radio listeners and TV viewers, Institute Interviewers, starting 24 hours after the Democratic convention adjourned, put this question to a nationwide cross-section of voters: "In the talks and speeches at the Democratic convention, what did you think was the BEST argument brought out to get people to vote Democratic this November?"

Business Good

Although Democratic orators have continually emphasized the achievements of the party in the field of foreign affairs, including the Marshall Plan and NATO, few people cited foreign policy as a convincing argument for the Democrats.

Agencies Move Swiftly To Get Farmers Back Into Production

By The Associated Press
The billion dollar drought in New England and the South appeared broken today and government agencies moved swiftly to get weather-harassed farmers back into production.

The immediate goals:

1. To get feed to hungry livestock on burned out pastures and prevent premature slaughtering.
2. To get fall planting started.

The Agriculture Department ordered a survey of excess hay supplies in the Midwest. It directed chairmen of state agricultural mo-

bilization committees from Iowa, Wisconsin, Michigan, Indiana, and Illinois to look into the possibility of obtaining hay in those states.

And the Farmers Home Administration worked out a plan to speed government loans to hard-pressed farmers in the drought belts. These loans will be used for seed and feed.

Farmers looked hopefully to possibly good fall crops to help them recoup some of their drought losses.

California Reds Get Maximum Sentences

By BILL BECKER
LOS ANGELES (AP)—California's 14 leading Communists—including a self-styled founding member of the party in Russia—are under maximum sentence of five years in prison and \$10,000 fine each today for conspiracy against the United States.

The heaviest judgment possible under the Smith Act of 1940 was levied yesterday by Federal Judge William C. Mathes after he upheld the jury's guilty verdict.

The defendants, including Rus-

sian-born Frank Spector, took their sentences without flinching. All 14 filed immediate notice of intention to appeal the case to the U. S. Circuit Court.

The convicted Communists—found guilty after six months trial of conspiring to teach and advocate overthrow of the government by force—all professed pride in the Communist party.

"I am a founding member of the Communist party," Spector, 57, said. He dated his party entry September, 1919. He has been in the U. S. about 25 years and was Los Angeles County industrial organizer for the party when indicted last December. Spector faces alien deportation proceedings.

Others sentenced: William Schneiderman, ex-California party chairman; Frank Carlson; Philip M. Connelly and his wife, Dorothy Healey Connelly; Ben Dobbs, Ernest Otto Fox, Mrs. Rose Cherrin Kussin, Carl Rude Lambert, Albert Jukmann, Tarrus Stack, Henry Steinberg and Mrs. Oleta O'Connor Yates.

Mrs. Yates is due to return to court today for further sentence on criminal contempt charges, incurred when she declined to answer questions on the witness stand. She was the only defendant to testify during the trial.

Hiss Defense Draws Attack

BALTIMORE (AP)—Gov. Theodore R. McKeldin last night attacked the Democratic presidential candidate for "defending" Alger Hiss and called upon Republicans to make the matter a campaign issue.

The Maryland governor also charged that Illinois Gov. Adlai Stevenson's reluctance to accept the nomination was part of a "Fair Deal deception."

In 1949 Stevenson was called upon to testify as to the character of Alger Hiss. He signed a deposition stating that as far as he knew the former State Department official had a good reputation.

Hiss is serving a five-year prison term for perjury in denying that he gave any government information to Whittaker Chambers, one-time Communist courier.

"In their campaign of confusion, the Fair Dealers want us to forget that deposition which their presidential candidate submitted in defense of Alger Hiss after the essential facts of Hiss' disloyalty had been revealed by Whittaker Chambers," McKeldin told a campaign kickoff dinner of the Republican State Central Committee.

McKeldin, who gave the nominating speech for GOP presidential candidate Gen. Dwight D. Eisenhower assailed Stevenson's show of reluctance to accept the nomination from the Democratic party.

"We must assume that it was staged as part of the Fair Deal's deception of the American people. Deception is an art of the Truman organization—a well developed and much practiced art," the governor charged.

Red-Killing Team On Wounded List

NEKOOSA, Wis. (AP)—United Nations forces in Korea have lost the services of a unique Communist-killing partnership—a keen-eyed Kentucky squirrel shooter and a Wisconsin daredevil who tempted Red snipers into revealing themselves.

Marine Pfc. Henry A. Friday of Nekoska, the decoy, and Sgt. John R. Boltrott of Comfort, N. C., the sharpshooter, both were wounded in action July 26 according to word reaching their families.

That was the day after press dispatches told the world how Boltrott had killed nine Communists with nine bullets—by having Friday walk along the top of a trench until Red riflemen popped up to take a shot at him. Friday trusted the marksmanship of Boltrott, who used to do his hunting around Dawson Springs, Ky.

When the Marine Corps heard of the system they ordered it stopped, for fear of losing Friday. Then Boltrott's wife learned the sergeant's arm had been broken by a grenade. Yesterday Friday's mother reported her son had suffered shrapnel wounds and was hospitalized in Japan.

A sharp increase in produce prices has been noted in some places.

President Truman yesterday designated Tennessee and Kentucky as drought disaster areas and allocated three million dollars of emergency funds for use in those states. The government will foot part of the bill for hay shipped into those two states.

Gov. Herman Talmadge of Georgia wired the President that his state needs more financial aid.

These and seven other states—Arkansas, North Carolina, Alabama, Mississippi, South Carolina, Massachusetts, Maine and 44 counties in Missouri have been designated as disaster loan areas.

States in a disaster area are eligible for government loans.

Showers were reported in the Atlantic states from the Virginia southward and in the Gulf states, the northern Great Plains and the Eastern Rockies. The weather was mostly fair elsewhere.

Except for cooler weather moving into Montana and the Dakotas there was little change in temperatures around the country.

Czech Olympic Stars May Be Invited To Tour USA

By JACK RUTLEDGE
WASHINGTON (AP)—President Truman believes the amazing husband-wife team from behind the Iron Curtain that won top Olympic honors may help win the peace by visiting the United States.

As a result, Czechoslovakians Emil Zatopek, winner of the marathon, the 5,000 and 10,000 meter races, and his wife Ingrida, who won the javelin throw at the Helsinki, Finland, Olympics recently, may be invited to tour America.

Secretary of Commerce Sawyer originated the idea and yesterday won Truman's okay.

Sawyer then wrote Avery Brundage, president of the Olympic association, urging that Brundage in his official capacity as head of the Olympics organization issue the formal invitation.

Acceptance of such an invitation by the Zatopeks would hinge on approval by the Communist Czech

government.

Sawyer, a rabid sports fan, was enthusiastic over the whole thing, from both diplomatic and sports angles. He wrote Brundage: "If you could lift the Iron Curtain enough to bring this man and his wife over here it might be the beginning of a happy new program for mankind. It might be the first step toward a permanent peace."

"If the Communist and non-Communist countries are ever to live in a peaceful world, some method of raising the Iron Curtain must be devised. It might be easier to begin to work it out in the area of sport."

Sawyer said Americans would like to get a good look at the Zatopeks, whom he praised highly. He also said it would be good for them to get a look at the U. S., about which they may have "some great misconceptions."

Rev. Lloyd Thompson To Terminate Pastorate Here With Sermon Sunday

Lloyd Thompson, minister of the First Christian Church, will speak for the last time as minister of the church Sunday before going to Fort Worth to re-enter the evangelistic field.

During his six years here, he has been instrumental in obtaining the new church building at 10th and Goliad streets.

and Goliad and watching the congregation and its activities grow. At the present time, a successor has not been named.

BAPTIST

The Rev. James S. Parks, pastor of the Baptist Temple Church, which now meets in the High School Auditorium, will speak Sunday morning on "The Danger of Delay," from Acts 2:1-18. His evening topic, "I Will Deliver Thee," will be from Psalms 61:1-3.

A visiting pastor will occupy the pulpit Sunday at both services of the First Baptist Church in the absence of Dr. P. D. O'Brien, who is away conducting a revival meeting.

Plans are being made for a city-wide Text Revival, to be sponsored by the eight Baptist Churches in Big Spring including the First.

The Beginning of the Kingdom

SAMUEL ANOINTED SAUL TO BE FIRST KING OF ISRAEL

Scripture—1 Samuel 9-23

By NEWMAN CAMPBELL

"Some are born great; some achieve greatness; and some have greatness thrust upon them," wrote William Shakespeare.

As we look about us, we realize how true that saying of the great dramatist is. We recall the men who have achieved greatness after struggle, and those who have had it thrust upon them. How many of these last named have justified their position in the world?

We can think of men like the late Adolf Hitler and Benito Mussolini, who achieved great power in their countries only to wreck those who trusted them, and came themselves to a tragic end. There have been many others throughout history.

And there was Saul, who truly had greatness "thrust upon him," but who, through self-will and disobedience to Jehovah's commands, also came to a sad end. Our lesson today is the story of his rise.

Saul was the son of Kish of the tribe of Benjamin. He was "a choice young man, and a goodly; and there was not among the children of Israel a goodlier person than he: from his shoulders and upward he was higher than any of the people."

A fine, tall, strong man is always admired in every age.

Kish's asses were lost, so he sent this fine son with a servant to find them. The two wandered through the land, but did not find that which they sought. Finally, Saul suggested that they go home, or his father would be worrying about them.

The servant, however, said that a seer lived in Ramah, and as they were near that city, it would be a good idea to consult him. Saul said it was customary to take a seer a gift and he had none. However, the servant produced a silver coin, so they went to the city and asked for Samuel.

They were told where to find him, and when Samuel saw Saul, Jehovah told him that here was the man he was to make the first king of Israel. Samuel took the men into the house, had them seated at dinner, and gave Saul the choicest of the food.

Samuel told Saul that the two were to stay there that night, and not to worry about the asses because they had been found. In the morning, he would let them go, and tell Saul what "is in thine heart."

Morning came and the three started out, but when they came near the end of the city, Samuel told Saul to send his servant ahead. Then Samuel poured a vial

of oil upon Saul's head, kissed him, and told him he did it "because the Lord hath anointed thee to be captain over His inheritance."

Then Samuel told Saul what to expect on his homeward journey, of the men he would meet, what they would all do and say, and that Saul "shall be turned into another man."

It all happened as Samuel had prophesied, and it is too bad that there is not space to relate it all, but it may be read in the Bible. When Samuel had first told Saul of the honor coming to him, he, like Gideon, in a previous lesson, protested that he was of a humble family and a small tribe, so why was he chosen before others?

"And Samuel called the people unto the Lord at Mizpeh. He reminded them again of how Jehovah had saved them from the harsh but mighty Egyptians, and had brought them to a land of plenty, and how they had insisted that they have a king, so, said Samuel, "See ye him whom the Lord hath chosen, that there is none like him among all the people? And all the people shouted, and said, God save the king."

Samuel told the people the manner of the kingdom and wrote it in a book, and then he sent all the people home, and Saul also returned to Gibeah, "with a band of men whose hearts God had touched."

There were, of course, some "children of Belial" who said, "How shall this man save us? And they despised him, and brought him no presents. But he held his peace." Wise Saul.

Samuel, now that he had given the people a king, made a speech in which he reminded them of his years of work for their good, and ended by giving them a word of hope, saying, "Only fear the Lord, and serve Him in truth with all your heart; for consider how great things He hath done for you."

"But if ye shall still do wickedly, ye shall be consumed, both ye and your king."

After Saul had reigned for one year, the Philistines again mobilized to launch an attack on the Israelites. Saul gathered his people about him, but they had no smiths in the land because the Philistines were afraid to have them make swords or spears. However, every man sharpened his share, and his coulter (a cutter on a plow), and his axes and axes and goads to guide the oxen.

For the account of the battle we must wait for next week's lesson.

An EAR to the SKY

A certain kind of alertness is typified by the man who keeps "an ear to the ground." That man wants to be ready for what is going to happen. Perhaps sometimes he has to guess—but he tries to be one guess ahead of the rest of us.

There is another kind of alertness that is far more important. It is typified by the man in our picture. He has "an ear to the sky."

He is trying to be ready—not for what is going to happen—but for what is happening. He wants to have the spiritual strength to meet today's problems. He knows that tomorrow's happiness will depend on the success with which he overcomes each obstacle today.

The Church is one of his listening posts. Its message helps him understand God, himself, and the World—right now.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For the sake of his children's sake. (2) For the sake of his community and nation. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Give Glamour Treatment To Your Old Piano Bench

By ELIZABETH HILLIER
That old piano bench isn't just what the decorator orders for the living room anymore, but that isn't reason enough for tossing it out of the house. Whip the out-of-style bench into style, this time as something special for the bedroom. Count on a complete fabric cover-up for the fashion and it will solve the problem of a beat-up old finish, too. Give the bench a plump cushion to cover the whole top and it's the comfortable extra

that makes a bedroom look luxurious. Cover the cushion with a print and use more of the same for every inch of the bench frame. The print goes on the wood with prepared wall-paper paste, but prepare the wood first by filling in cracks with wood filler. Smooth glossy wood surface with steel wool to help the fabric to adhere. And while you're readying the bench for the fabric, cut down the legs to make the new bedroom bench a handier height.

Friendship SS Cass Meets; Rebekah Team Practices

STANTON, Sp) — Mrs. Ivy Davis gave the devotional when the Friendship Sunday School Class of the Baptist Church met in the home of Mrs. J. D. Shoemaker recently.

Lamesa Man Wed To WAC In Yokohama

YOKOHAMA, JAPAN — WAC Sgt. Lela F. Sams of Cleveland, Ohio, and Sergeant First Class Rudolph E. Richter of Lamesa, were married July 28 at Yokohama, Japan.
The bride, who has been in the Women's Army Corps for eight years, is the daughter of Mr. and Mrs. Joseph H. Sams Sr., 3883 Bosworth Rd., Cleveland. The bridegroom's parents, Mr. and Mrs. Albert Richter Sr., live at 110 N. 16th St., Lamesa.
Chaplain (Col.) Luther Evans, chief of the Army chaplains for the entire Japan Logistical Command, performed the ceremony. Afterward, a reception was held at the home of Mr. and Mrs. William Tierney of the Standard Oil Company at Yokohama.
The couple will make their home in Japan until they are rotated to the United States this fall. Sergeant First Class Richter is a veteran of the South Pacific campaigns of World War II and is now assigned to the 56th Amphibious Tank and Tractor Battalion at Camp McGill, Japan, as a platoon sergeant.
His wife is an administrative clerk at the Camp Yokohama Quartermaster section. Before her transfer to Japan in November 1950 she was stationed at the Walter Reed Army Hospital in Washington, D. C.

170 "Shell" Hat

The most popular hat of the season—worn everywhere, head-bug-ging, flattering, inexpensive! Crocheted of velvety chenille. You'll want one in bright colors—red, amethyst, green, royal blue—to wear with suits or date dresses. You'll want another in white or velvety black to wear for dinner and dancing! For added glamour finish the edges with tiny velvet ball trim which you can find at your local trimmings counters.
Send 25 cents for the "SHELL" HAT (Pattern No. 170) all crocheting and finishing instructions, YOUR NAME, ADDRESS, PATERN NUMBER to CAROL CURTIS Big Spring Herald Box 229, Madison Square Station New York 16, N. Y.

Rex Layne Says He Will Kayo Charles

Ezz Is Ready, Says Mintz

By RAY CARPENTER
OGDEN, Utah (AP) — Youthful heavyweight Rex Layne said today he is going after Exzard Charles in their 10-round bout tonight like he was fighting for the title.

Relief For Valdes

Albert Larraz has signed on with the Big Spring Broncs and is being used as a substitute catcher. He'll relieve Al Valdes, the regular backstop, occasionally.

But Charles and his handlers had a different version of the outcome. "Ezz is ready for Rex," Jake Mintz, Charles' co-manager announced. "If he should lose this one he's about through. But a victory tonight will put him back in the picture."

Eastern Grass Courts Play Reaches Quarter-Finals

SOUTH ORANGE, N. J. (AP) — The quarter-finals of the men's singles in the Eastern Grass Courts Tennis Championship will be held today with the top four seeded foreign players — Frank Sedgman, Ken McGregor, and Mervyn Rose, of Australia, and Kurt Nielsen of Denmark — and three of the four top-seeded Americans — Richard Savitt, Orange, N. J., No. 1, Billy Talbot, New York, No. 2, and Straight Clark, Pasadena, Calif., No. 4, and unseeded Noel Brown of Los Angeles still in the running.

Two Y Contests Booked Tonight

Two games are scheduled in the YMCA Fastball league tonight in the City park. In the first game, slated to begin at 7 p. m., will pit the Peoples Investment against Brook's Appliance. And in the 9 p. m. nightcap, Henderson Plumbing tests Cook's Appliance.

Linkdom Money Hounds Take Course Apart

By CHARLES CHAMBERLAIN
CHICAGO (AP) — Tam O'Shanter Country Club was ready to post this notice today: "Wanted — the murderers of par."

Seldom has a golf course been so thoroughly sandbagged by a bunch of money hounds as this gaily-decorated carnival grounds.

Promoter George S. May, acting like the goose that laid the golden egg, turned it into a race track by offering a \$90,000 purse distribution for a world championship tournament.

The winner will collect \$25,000, second place is worth \$12,500, third \$5,000 and so on down the list to \$200 for 41st position.

Wild-eyed pros, some of whom have grown lean eating hamburgers on the grueling tourney grind to make ends meet, set out for the bonanza in yesterday's first round.

As expected, par 36-38 — 72 wasn't worth a plugged nickel. Twenty-eight, or 35 per cent of the field of 80, shattered these figures.

Breaking into the lead was a pair of club pros, Lew Woraham and Pete Cooper, each with 65.

They were followed by another player who gave up the tournament ordeal to stick mainly to teaching, Harry Todd, and a South American wanderer, Roberto de Vincenzo.

De Vincenzo, swarthy PGA champion of his country who has been traveling like a nomad through the U. S. tournament circuit, and Todd, the Dallas, Tex., father of five children, each posted 67.

These four front-runners — Cooper, the former truck driver from Florida now of White Plains, N. Y.; Woraham, the 1947 National Open champion from Oakmont, Pa.; Todd and De Vincenzo — have earned a total of only \$10,857 in tournament golf this season.

"They'll choke up in the stretch drive," said veteran Dutch Harrison, speaking like a tout, "and some of us old timers will pass them."

Dutch was satisfied with a starting 72 and was grouped with such "oldtimers" as Chandler Harper, Cary Middlecoff, Skie Riegel and Jim Wrensen.

Bunched at 68, only three strokes off the first round pace, were Dave Douglas; Earl Stewart; Jim Ferrier; Julius Bori, the surprise 1952 National Open Champion, and Mario Gonzales, the Rio De Janeiro pro hoping to outshoot De Vincenzo.

Running simultaneously in the "women's" championships are the men's amateurs, women's amateurs and women's pros.

Tophands in those divisions in order: Bill Campbell of Huntington, W. Va., with 68 and Frank Stranahan with 70; Joyce Ziske of Waterford, Wis., with 77 and Mary Ann Villegas, New Orleans, with 78; and Betty Jameson, San Antonio, Tex., 72; Patty Berg, Chicago, 73, and Louise Suggs, Atlanta, 74.

In the other upper bracket match, Billy Talbot will face Kurt Nielsen of Denmark, who defeated Grant Golden of Wilmette, Ill., 6-4, 2-6, 7-5, Talbot stopped Gustavo Palafox of Mexico, 7-5, 9-7.

The lower half of the draw will feature a renewal of a duel between top-seeded Richard Savitt and Mervyn Rose of Australia. The last time they met at Wimbledon, Rose pulled out a five-set triumph, but Savitt proved yesterday that he is near the peak of his game as he turned back a brilliant bid by 17-year old Ken Rosewall of Australia, 6-4, 9-7.

Sharp Note Plays Sweet Tune In Hambletonian

By JOHN CHANDLER
GOSHEN, N. Y. (AP) — Sharp Note played a sweet \$47,230 tune in the 27th Hambletonian Stake, and his daddy — Phonograph — isn't a failure as a sire after all.

The bay three-year-old son of Phonograph copped the \$47,637 trotting derby at Good Time Park yesterday, doing the job in two straight heats after Hit Song won the first dash.

Sharp Note is owned by C. W. Clark, Dearborn, Mich., tool and die maker, who got the colt as a yearling from the Walnut Hall Farm, Lexington, Ky., for \$1,000. A year ago this month, Phonograph was discarded as a failure in the stud. He was bought for a reported \$10,000 by Charles Gorman of the Riverview Farm, Marcy, N. Y.

Bi Shively, 74, a veteran of the Spanish American War who served in The Philippines, drove the winner — his first Hambletonian victory in three tries. In doing so, he became the oldest driver to win one.

Sharp Note, whose dam is Rosemary Hanover by Guy McKinney, broke stride at the start of the opening heat, and finished 16th as Hit Song won in 2:05 on a track sticky by rains of Wednesday. In fact, the day's racing program was an hour and a half late in getting underway as workers with trucks and scrapers got mud off the track. It was well after supper time before Sharp Note finished his job.

He started to do it in the second heat, when he took command in the stretch and bounced home a length winner over the disappointing Duke of Lullwater. The Duke, pre-race favorite owned by Walter T. Candler of Decatur, Ga., had been second in the first heat, too. Time of this mile was 2:02 3-5, excellent considering the track was not at its best.

Then came the deciding heat. The crowd of some 15,000 had made the Duke favorite in the first two heats, but they switched to Sharp Note's bandwagon for the final. Sharp Note didn't disappoint them. He permitted La Peck, one

of two fillies in the field of 18, to set the pace for a time. Then as the field rounded the bend for home Shively let his horse go, and Sharp Note flew to the wire a couple of good lengths ahead of Hit Song, with Duke of Lullwater third. Time for the final heat was 2:03 2-5.

Eagles To Play Midlanders Here At 5 P.M. Saturday

The Eagles, a member of the Big Spring Little League, will meet Midland Little League's Eagles Saturday in Steer Park in a return match.

The two clubs played to a 6-6 deadlock in Midland last Saturday when the game had to be stopped due to darkness.

The game here Saturday will begin at 5 p. m. and is free to the public.

The Eagles have been one of the surprise clubs in the local Little League in recent weeks. Managed

McGowan Draws A Suspension

ST. LOUIS, Aug. 8 (AP) — Bill McGowan, an American League umpire 27 years, has been suspended indefinitely for an incident in which he was accused of insulting sports writers covering a game at Sportsman's Park.

McGowan, 58, was suspended by Will Harridge, league president, after strong protests had been made yesterday by the Globe-Democrat and the East St. Louis (Ill.) Journal.

When McGowan ejected Pitcher Billy Hoelt from the Detroit bench in Wednesday night's contest between the Tigers and the St. Louis Browns, the writers asked McGowan for information. They were not sure which player had been chased.

Cayuses Move To San Angelo

Bewildered, befuzzled and hattered, the Big Spring Broncs head into San Angelo tonight for the first of a three-game series with the Colts.

The Steeds have taken three losses at the row at the hands of the Midland Indians and, no doubt, are glad to depart the Wigwam.

It should be quite a battle in Angelo, for the Colts are liking their wounds. They lost three straight to Odessa.

Big Spring is still in second place in Longhorn League standings but their position is shaky. The Cayuses aren't getting the pitching they did.

Gil Guerra, who worked a double header for Big Spring Monday night, may go against the Colts tonight. However, Bert Baez is the likely choice. The Cayuses return home Monday with Midland.

Malgarini Added To Colt Roster

SAN ANGELO — The San Angelo Colts have announced the addition of John Malgarini to their roster.

Malgarini came from Porterville, Calif., of a Class C league, where he was hitting at a .339 clip—eighth highest average in the loop.

The new addition is an infielder and bats left handed.

DOG DAYS IN FISHING ARE WITH US AGAIN

By W. A. WILKE
AUSTIN, Aug. 8.—The dog days are back. It's that time of the year when snakes go blind, dogs get mad, fish quit biting and the only thing you can talk about is how hot it is.

It's been hot and dry and inland fishing has been about as varied as is possible in a state as big as Texas. They are catching a few cats on trot lines in most of the lakes, and occasionally a big bass will hit. The ones we've seen for the past week went for crayfish.

One of our friends is using a spoon and fishes along the bottom to get a few. Another uses bass bugs along the shore line in the late evening. And still another friend heard that midnight is the time to get them now. His wife says that sounds foolish and so far he hasn't been able to try it.

George Bolton, Lamar St. sporting goods dealer in Austin was passing through San Angelo the other day and stopped in a sporting goods store there. He saw a fuzzy little mouse that looked good to him and bought a dozen. He says bass go for them in a big way and he is looking for more but hasn't found them. The rumor is that the bug is made in Abilene, by a woman who turns them out by hand. Anyway, they were pretty good here this week. Perhaps next week something else will do.

Coastal fishing has been tops for the past two weeks for those who could take the heat. There's been a little rain down there, but the fishing has kept right on.

Incidentally Texans who haven't taken on some of the Texas gulf coast fishing have been missing a lot. We were down in Freeport last week and went out on the jetties for just a little while. There were literally scores of fishermen—and women—taking fine trout on just about any kind of equipment they had available.

That night we talked with members of a party who had come in off a chartered boat. They were talking of renting a trailer to take their fish home; they had caught so many. Trout, mackerel, king were hitting good. They'd also landed a couple of sailfish and a tarpon or two.

Freeport is one place a man can go fishing and not have to rough it. Of course it is the big industrial town for Dow Chemical and Freeport Sulphur. This means the thousands of employes there have demanded a modern city, which it is, with all the fine fishing anyone could want in addition.

The Dow hotel there is an ideal place to park mama if she doesn't

Hall-Bennett Play Begins

Home and visiting captains for the annual Hall and Bennett Trophy Match, which will be held at the Big Spring Country Club Aug. 28, will be named Sunday.

At that time, committees to handle the big Labor Day show, as it is generally known, will be appointed, along with a tournament director.

Four linksters have turned in qualifying scores for the local cup team. Bob Hodges leads with a 78. Young James Underwood is close with an 81, Leonard Morgan an 81 and J. R. Farmer an 83.

Eight players and an alternate will be named to the Big Spring team.

Cards, Phils Pick Up Ground In Race

Roberts Gains 17th Victory

By JACK HANCOCK
Associated Press Sports Writer
Eddie Stanky, the brash freshman, and Steven O'Neill, the old greybeard back for another try, are turning the National League into a four-club race while Brooklyn and New York trade punches in private neighborhood brawl. Preoccupied in their personal feud, the Dodgers and Giants seem to be concerned only with the yes or no of "a miracle of '52." The Brooks gather around Church Dreesen to "stop the Glans" and the Giants charge at Leo Durocher's call to "remember last year." Neither pays much attention to the onrushing Cards and Phils.

St. Louis, closing ground in huge chunks under Stanky's skillful piloting, are making the most of their big chance. While the Dodgers and Phils bicker among themselves for the next 10 days, they feast on Cincinnati, Pittsburgh and Chicago.

The Cards closed to within 8½ games of the Dodgers last night by whipping Cincinnati, 7-4, as Brooklyn rebounded from an afternoon 3-2 defeat to top New York in the night half of their day-night double header, 7-5.

Philadelphia, winning 28 of 40 starts since O'Neill replaced Eddie Sawyer as manager, swept a pair from the Boston Braves, 3-1 and 10-2 behind Robin Roberts and Russ Meyer. Roberts' three-hitter was his 17th victory.

Nobody gained anything in the American, except the seventh-place St. Louis Browns who are too far back to make any difference. The leading New York Yankees split with Washington, losing the first 4-2 but coping with the second 7-1 as Bob Kuzava's four-hitter. The Boston Red Sox dropped the first of two at Philadelphia, 7-5 but came back to break even, 3-4. The Browns won their second straight 12-inning game from Detroit, 5-4, on Gordon Goldsberry's double.

Cleveland and Chicago in the American and Chicago and Pittsburgh in the National were not scheduled.

The "big" series in the Polo Grounds went to the Giants, two games to one, but their bid for a dramatic sweep fell short. As a result they picked up only one game on the Dodgers and still trail 5½ games.

Hoyt Wilhelm's dancing knuckler helped Al Corwin home with his second win in the day game as Hank Thompson, Al Dark and Dave Williams ripped into loser Carl Erskine and two others for 12 hits. Hank Thompson hit a homer and the Dodgers co-operated with two errors by Pee-wee Reese, a passed ball by Roy Campanella and a balk by Erskine.

The day-night double drew a total of 63,834 customers.

LOOKING 'EM OVER

With Tommy Hart

A Ray McMillan, in a letter to this pillar, says that a group of football malcontents made life so miserable for one of the most promising of Big Spring High School gridirers that he quit the sport in disgust and since has departed town.

In doing it, McMillan adds, they showed an envious and jealous side that would prove they don't have the interest of the team at heart.

If McMillan's charges be true, and who is to say, the club as a whole should make measures to get rid of them. Most of the lads seem to have a burning desire to make good and pull Big Spring High School out of the football doldrums. The small group of rebels are merely dragging their feet and holding up the progress of the team.

The Steers have their work cut out for them this year. They face one of the toughest schedules in the history of the team and must play alert, aggressive ball to keep from going under.

With the talent that is available, I think they can do it.

Incidentally, Warren Anderson is eligible and will be out to make the team as a guard. He's up past 190 pounds and still growing.

Anderson had been reported by Coach Carl Coleman as unavailable because of poor grades but Coleman had the lid mixed up with some one else.

BUNGE LOOKED GOOD ON THE MOUND

Art Bunge, the California lad trying to win his spurs with the Big Spring Broncs, looked surprisingly good in his stint on the mound against Midland the other night.

He'll help, if for no other reason than the fact that he is a south-paw. The Steers have been in need of a good leftie all year, to use against such power-laden teams as the Odessa Oilers.

Bunge is rather like Clint Hartung, the fabulous bonus star, in this respect. He can't make up his mind whether he wants to play first or pitch. He does well at both, and takes a nice ripple at the ball.

GONZALES A NATURAL AS AN OUTFIELDER

Rick Gonzales appears to be a natural as an outfielder, may have a better chance of going up as a pasture tender than as a first sacker.

The rookie from Cuba plays the ball well and covers the proverbial acres of ground out there in left field. The scouts, no doubt, would be attracted to him because of his speed. He's jet-propelled, and much of the quickness perhaps is wasted at first base.

As a hitter, he's coming along, too. He still has trouble with south-paws but is slowly learning there are antidotes for the poison they hand out that in bunting or going for the first pitch.

There are few, if any, better prospects in the wheel.

IN ALL-STAR GAME

North Decisions South, 29 To 27

FORT WORTH, Aug. 8 (AP)—The North continued its dominance of Texas Coaching School All-Star baseball today, tucking away its sixth victory in eight games.

Coached by Vadal Peterson of Utah, the North made a garrison finish to beat the South, tutored by Henry Iba of Oklahoma A&M, last night, 29-27.

It was a good defensive game but lacked much offensively. The jittery schoolboys, playing in stifling heat, played dull basketball indeed for three quarters. The final period, however, made up for almost everything.

Wayman Buchanan of Amon Carter-Silverdale (Fort Worth) was the hero. His field goal with 28 seconds to go furnished the margin of victory. He also was high point man of the game with nine and was selected by the sports writers as the outstanding player.

The South had a chance to tie up the game in those fading seconds but Charles Howard of Sherman, who otherwise played a fine all-around game, missed two free throws.

The South led, 9-7, at the half and increased it to 19-16 at the end of the third period, but in the final quarter the North rammed in 13 points to fight for the South, with Buchanan getting six of them.

The ball-handling was particularly good with Phil Kidd of Lamar

(Houston) standing out in that department, Mack Carter of Borger, the heralded North star, made only seven points but he was great on the rebounds. But Kidd was the boy who had the ball almost all the time he was in the game.

It was the lowest scoring game in the history of the basketball series. In 1949 a game produced 59 points. The one last night shaves three points from that.

Despite the terrific heat in the big Will Rogers Coliseum where the game was played, the biggest crowd ever to see this contest turned out—4,500.

Higgins Is Sent To Decatur Club

Prep Gridirers Clash Tonight, South Favored

FORT WORTH, Aug. 8 (AP)—Fifty-six youngsters play their final game of high school football tonight as the North meets the South in the 18th annual All-Star battle of the Texas Coaching School.

This game is probably the closest rated of them all. The South is a short favorite indeed, and that is based on the theory that this squad, coached by Dutch Meyer of Texas Christian, has adapted itself to the Meyer spread better than the North has responded to the Split T of Jim Tatum of Maryland.

It will be a crucial game in the colorful series—the North has won eight, the South seven and there have been two ties.

A crowd of from 10,000 to 15,000 is expected to be in Amon G. Carter Stadium for the kickoff.

Two of the biggest teams ever to play in this game will be swatting at each other. The North has a 206-pound line and 181-pound backfield; the South will have a 201-pound line and 192-pound backfield.

The South has the most All-Stars, showing 12 from the four classes of Texas schoolboy football. The North has seven.

The man under center in the Split T is Charley Brewer of Lubbock, who piloted his team to the state championship last fall. Meyer will depend mostly on Pat Tolar of Thomas Jefferson (San Antonio) as the tailback—key man—of the devastating Meyer Spread.

Probable starting lineups (kickoff 8 p.m.):

—NORTH

- Dodd (Atlanta) LE
- Blakely (Longview) LT
- Cooley (Odessa) LG
- Tatum (Lubbock) C
- Coker (Midland) RG
- Cheadle (Dallas) RT
- Robbins (Breckenridge) RE
- Kirkpatrick (Fort) QB
- Huddleston (Iran) LH
- Parker (Rochester) RH
- Gunn (Arlington) FB

—SOUTH

Lamesans Gain Playoff Win

AUSTIN, Aug. 8 (AP)—Lamesa took the opening game of the state American Legion Junior Baseball Tournament last night with a 4-3 win over Longview. All Lamesa's runs were unearned, as George Myers hurried four-hit ball for Longview.

Austin met Silsbee in the night's second game.

Broncs Absorb 11-5 Reversal

MIDLAND — The Midland Indians poured salt into the wounds of the Big Spring Broncs by winning an 11-5 verdict to sweep a three-game series here Thursday night.

The win was the seventh in a row for the red-hot Tribe, who moved to within 4½ games of the collapsing Cayugas, who now have lost five of their last seven games and fallen eight games off Odessa's pace.

For six and one-half innings, it was a tight mound duel largely between the Indians' Israel Ten and the Broncs' Reggi Corrales.

But in that fatal seventh the Midland sluggers chased Corrales from the mound and Ten went on to win his fifteenth victory of the season. An error by Al Costa opened the flood gates.

Going into the last half of the

seventh, the score was tied at 5-5, with homers by Juan Visteur of Big Spring and Gahlen Dinkel of Midland offering the only big fireworks at the plate.

In the final half of the seventh, however, the Indians combined four hits and a trio of Bronco errors to pile up a five-run advantage.

They added one more in the eighth when Manny Temes scored on Lefty Bunge's wild pitch.

The Broncs' six safeties were well scattered as Ten struck out six and walked five.

The loss was hung on Corrales, whose record is now 3-10. Bunge finished the mound chore for Big Spring.

PLAN FOREIGN POLICY ATTACK

Republican Nominees Are To Hold Meet With Dulles Today

By MARVIN L. ARROWSMITH
 DENVER (AP)—GOP presidential nominee Dwight D. Eisenhower, his running mate and John Foster Dulles—international affairs specialist—got together today to organize a campaign attack on the Democrats' handling of foreign policy.

Eisenhower and Sen. Richard M. Nixon of California, the Republican candidate for vice president, scheduled a luncheon meeting with Dulles, chief author of the foreign policy plank of the party platform.

The conference was bringing Nixon in from the West Coast and Dulles from the East for the first intensive study of foreign policy aspects of the campaign since the GOP standard bearers were chosen.

Out of the session is likely to come a decision on the extent, to which Eisenhower will strike out against the Truman administration in that field. As European defense commander until last June 1, he had a hand in development of the

North Atlantic collective security program sponsored by the administration.

The general has endorsed the aims of that program, but Dulles—after the foreign policy plank had been drafted last month—reported him in complete accord with the platform's sharp criticism of many phases of the Democrats' handling of international affairs.

In the plank the Republicans charge, for example, that "the leaders of the administration in power lost the peace so dearly earned by World War II."

And the platform preamble says the administration "plunged us into war in Korea without the consent of our citizens through their authorized representatives in the Congress, and have carried on that war without will to victory."

Eisenhower has yet to say publicly whether he supports President Truman's decision which sent U. S. troops into Korea without prior approval by Congress.

The general has indicated, how-

ever, that he is ready to let fly at administration policy toward the Far East. In that field, the GOP platform gives him much ammunition.

Yesterday, Eisenhower spoke out against appeals to prejudice and bigotry in political campaign. He said "those are the tactics of the Communists."

The general set forth his views in a statement expressing wholehearted approval of a resolution calling on all Republican candidates for public office to reject such appeals as a move to "subvert the American tradition."

The resolution was adopted by the Minnesota GOP State Executive Committee.

In other developments:

1. The general received pledges of support from two party leaders who backed Sen. Robert A. Taft of Ohio for the presidential nomination. Gov. Len B. Jordan of Idaho and George T. Hansen, national committeeman from Utah said after conferring with Eisenhower that they gave him encouraging reports regarding his prospects in their states. Hansen said he believes Taft would have been a stronger candidate in Utah, but added that the Republicans in the state are "accommodating themselves with very little difficulty to Eisenhower."

Polio Is Continuing Its Vicious Attacks

By The Associated Press

The polio epidemic in the state continued its vicious inroads on the lives, health and happiness of Texans Friday although the Federal Public Health Service said it was likely the peak had been reached.

The agency's appraisal noted no decline of the disease in Texas but said incidence had been on a "fairly stationary level" for four weeks.

That level was a high one.

The State Health Department, reporting last week's cases at 276, said it was the second highest week for new polio cases of the year. A predicted 3,000 cases for 1952 in Texas was in sight.

As the Health Service's report came from Washington, Austin admitted its youngest polio case on record to Brackenridge Hospital, a 4-month-old baby girl. She was Peggy Jane Weaver, daughter of Mr. and Mrs. Clem Weaver of Kyle. Her father is the San Marcos Air Force Base post exchange manager.

Another Austin case reported was James Whitman, 14, son of Mr. and Mrs. Willie Whitman of Copperas Cove.

Meanwhile a young housewife died in Beaumont. Fort Worth recorded its sixth polio fatality of the year, and Austin counted its fourth death of 1952 from the disease.

The Public Health Service said about 63 per cent of the Texas polio cases were paralytic and warned that August—its first week one of the hottest on record—was usually the month of highest polio occurrence.

The agency said, "for the past four weeks the number of cases reported in Texas has remained fairly stationary, so it is likely that the peak of the epidemic has been reached in Texas."

(Texas authorities have hesitated to call the polio spread in the state an "epidemic." They have admitted, however, that the epidemic stage has been reached in some localities.)

While the Texas level of polio incidence remained high, the Health Service said 2,290 cases of infantile paralysis were recorded in the nation last week, highest week's total for the year so far. It meant that Texas had about one-fifth of the nation's 10,697 cases reported through Aug. 2.

Mrs. Isaac E. Lilley, 17, of Siblee died in a Beaumont hospital Thursday of polio. She and her husband recently moved to Texas from Arkansas.

Two polio deaths occurred Wednesday—Kay Linda Lane, 7-month-old Austin girl, and Linda McMurry, 6, of Route 2, Bangs, who died in a Fort Worth hospital.

A theory that polio may be transmitted through milk from cows that have eaten some kind of weed recorded a panning from State Health Officer George W. Cox.

In a prepared statement released in Austin he said:

"I want to specifically state that there is no such evidence in this country. If milk should become contaminated with the polio virus from fecal material or other substances, there is no doubt but that the standard method of pasteurization will inactivate the virus."

Jewish-Arab War Danger Lessening

DALLAS, Aug. 8 (AP)—The danger of war between Jews and Arabs in the Near East is lessening, an American Jewish leader said here yesterday.

Dr. Marcus Levinson of Houston, vice president of the Zionist Organization of America, said Arabs are learning they cannot blame all their troubles on Israel.

"Past bad feelings stemmed from Arab leaders telling their people their difficulties were caused by the Israel," Dr. Levinson said in an interview. "Now they realize they can't blame Israel."

He cited Nationalist uprisings which have overthrown the King of Egypt and weakened the powers of Iran's shah.

Levinson came to Dallas to arrange the Zionist's annual Southwestern meeting here Sept. 6-8.
