

Adams, Wadley Elected Senior Favorites; Mr., Miss Tech Secret

Mr. and Miss Texas Tech and class favorites were chosen in an election held Thursday. The identity of Mr. and Miss Tech will be a secret until the publication of the 1951 La Ventana. Paula Fix, editor, has announced.

Jane Adams and Chip Wadley were elected senior class favorites. Other candidates were Kennett Hobbs, Sherrill Floyd, Betty

Wright, Doty Phillips and Judy Pierce.

Juniors chose Mary Ann Kelley and Charles Joplin class favorites. Runners up were Harriet Moltz and Coffee Connor. Ralph Culver, Emily Keyes, Jo Simmons, Anne Sheffy and Dodie Stokes were other candidates.

Doris Betenbough was elected sophomore class favorite over Shir-

ley Schmidt, Jerry Freeman, Wanda Vowell, Pat Lindsey and Mary Jo Craig. Claude Caperton was the only one of the men candidates who was eligible.

Sue Haynie and Coy Orr are the freshman favorites. Joan Graham and Dell Gay were runners up for girl favorites. Others in the race were James Taylor, Ann Bucy and Joan Thornton.

Candidates for Miss Texas Tech were Mary Ruth Norris, Waco; Pat Todd, Houston; Fannie Beth Allen, Loop and Dotsie Stephenson, Fort Stockton. Competing for Mr. Texas Tech were Digger McCoud, Plainview; Dan Moody Wells, Graham and Horton Russell, Amarillo.

The vote was light with only 903 students making the trip to the polls. The number who voted in each division were arts and sciences, 276; engineering, 182; home economics, 164; business administration, 153; and agriculture, 129.

THREE OUT OF 182—Three engineers are shown casting their votes for Mr. and Miss Texas Tech and class favorites. Jack Alderson, Student council member, checks Bill Simmons' name, while W. T. Gregory and Guillermo Perea cast their ballots. R. L. Mason, assistant professor of mechanical engineering is behind the ballot box. (Photo by Jo Nabors)

Russell Suggested For NMA Delegate

Horton Russell, president of Tech student body, has been nominated for Texas student representative to the Congress of American Industry in New York, Dec. 6-8.

Russell was selected by the administration from candidates submitted by the divisional deans. The Texas Manufacturers association will name the Texas representative from nominees of the colleges of the state.

"Russell was selected because we thought that he would have the best chance of being named Texas representative," said Ed Smith, assistant to the president.

Qualifications announced by Earl Bunting, managing director of the National Manufacturers association, include a high scholastic average, participation in extra curricula activities and that the student be a senior or junior student.

Smith called Russell an "exceptional nominee" because he holds a 2.56 grade average in his chemical engineering major while serving as Student council president.

14 Men Are Eligible For Phi Eta Sigma

Fourteen men students are eligible for membership in Phi Eta Sigma fraternity on the basis of their grades made in the spring semester or summer session. James G. Allen, dean of student life, has announced. Phi Eta Sigma is a national scholastic honorary fraternity for freshman men.

To be eligible for membership a student must take 12 hours or more. He must make A's on 50 per cent of the courses he takes and a B average on the rest.

Initiation of members will be held at 5 p.m. next Saturday in the Aggie auditorium. Following the initiation, Dysart E. Holcomb, dean of engineering, will speak at a banquet honoring the members, honorary members and deans of divisions at the Hilton hotel.

Any student who feels he is eligible for membership and who is not included on the list is urged to check by the office of the dean of student life.

Those to be initiated are Harold M. Brannan, Hossein Karimi, Glenn Miller, Milton P. Rhodes, Jack Lewis Ross, Glenn C. Smith, Howard Smith, A. Dean Thornbrough, Gerald Randolph West, Thomas Leon Edmon, Richard L. Deats, Robert Eldon Dietz, John Gilbert Sample and Van Bryan Scott.

Delegate Registration Exceeds 300 For Today's Speech, Counseling Meet

Fifteen towns have registered more than 300 delegates for the student activities conference today. Dr. P. M. Larson, general chairman of the conference committee reported.

"The registration has been almost double that expected," said Larson. Sponsored by the Texas Interscholastic league in cooperation with Tech, the meeting will attract high school students and teachers of speech and student council workers.

Some schools within the area served by the conference include Muleshoe, Spur, Lorenzo, Amarillo and Midland. Delegates are expected to arrive from as far away as 250 miles.

Roy Bedichek, director emeritus of the Texas Interscholastic league, will be the featured speaker when the session opens at 9 a.m. Pres-

16 Beauties Will Be Chosen Sunday By Lubbock Judges

Sunday three Lubbock judges will eliminate all but 16 of the 40 La Ventana beauty nominees who survived the first selection.

Candidates are to wear street clothes.

The final selection will be made in December when an unannounced judge, probably a visiting Artist Course attraction, will choose the top eight beauties. The remaining eight will be the runners up, and will be given a half page each in the La Ventana. The top eight will have two pages each.

The first elimination was held last Sunday in the Aggie auditorium when an all-male panel chose 40 from the original 104 candidates.

Contestants who will appear in the elimination Sunday are Juanita Underwood, Marcia Rogers, Mary Louise Jones, Maylene Meester, Joyce Booher, DeRose Wittenberg, Connie Hopping, Katie Atkinson, Pat Sibson, Beverly Jo Powell, Pat Bryan, Sue Haynie.

Viola Sansom, Joan Thornton, Mariellen Griffin, Patricia Lindsey, Barbara Wood, Glenda Wright, Betty Fillingim, Marian Holton, Carolyn Schaeffer, Donna Caldwell, Jane Austin, Juanelle Taylor, Betty Whisenant, LaVerne Estes, Pat Todd.

Jo Simmons, Judy Pierce, Pat Todd, Janelle Reed, Mary Marie Bier, Joan Graham, Sue Carleton, Emily Keys, Barbara Williamson, Jan Riley, Mary Anne Kelley, Billie Lou Betts and Nancy Moran.

Student Handbook Advertises Tech

Copies of "Teeing Off at Texas Tech", a descriptive student handbook prepared by the Bulletin committee, will be sent soon to all Texas high schools. Dr. T. W. Camp, chairman, announced. The pamphlet explains to senior graduates the advantages and opportunities available to enrollees at Tech.

A bulletin dramatizing the home economics division will be issued and distributed in December, Camp said.

"Student Life at Texas Tech", another advertising bulletin, is to be furnished next spring by the committee to Texas high schools.

The Matador song, official school song of Tech, was written by R. C. Marshall, a 1930 student, and Harry LeMaire, bandmaster.

D. M. Wiggins will deliver the welcoming address.

Tech Student council members will conduct a student government clinic at 10 a.m. in the Museum auditorium. During the informal discussion, student body officers from 116 high schools will be familiarized with Tech's student government and given suggestions for improving their own systems.

Debate, dramatics, speech correction, student council activities, declamation and interpretation, radio and dramatic activities will be discussed at the afternoon meetings. A dress rehearsal of "The Skin of Our Teeth" will be given at 7:30 p.m.

Meanwhile, other West Texas and Eastern New Mexico high school students will be on campus attending the West Texas Scholastic Press clinic sponsored by the department of journalism.

Two Departments Gain Engineer Council's Okay

Panel To Punish Traffic Violators

A student panel composed of three Student council members has been set up to deal with parking violators, president Horton Russell announced.

Panel members Pat Todd, Bill Parsley and Bob Schmidt will act as a court and be called into session when needed, Russell said.

Frequent violators will be referred to the panel by assistant dean of student life Lewis Jones he added, and those who continue to violate rules or ignore court summons will be called before the college disciplinary committee.

Golightly, Butler Receive Awards

Chester Golightly of McLain and Jack Butler of Lubbock have been awarded the first pre-medical scholarships to be given by the Lubbock-Crosby County Medical society.

The scholarships valued at \$200 each, are awarded on the basis of scholarship and the promise of future success in the medical profession. Those who will receive the scholarships for next year will be announced this spring.

The scholarships were secured through the efforts of Alpha Epsilon Delta, honorary pre-medical fraternity, Brent Blomkwist, former Techian now studying at Southwestern Medical college in Dallas, and Robert Joe Salem, Tech pre-med student.

Members of the awards committee are Doctors R. C. Goodwin, J. C. Cross, M. F. Landwehr and Joe Dennis, head of the chemistry department.

Posters Stress Safety Program

Safety posters will be put on the bulletin boards in all classrooms on the campus, Keith Schier, manager of the safety campaign, said. He hopes that constant repetition of the safety theme will make an impression on the Tech students and cause them to be more careful.

Eighteen Tech girls invaded the Military Tactics building to use the riflery for \$1.35 per semester in 1940.

Speech Department To Present Play

First speech department production of the semester will be presented at 8 p.m. Monday through Friday in the Stock Judging pavilion.

"The Skin of Our Teeth," by Thornton Wilder will be given in the "round" with the audience seated in bleachers around the center of action. Lucien Upshaw, assistant professor of speech, is director of the play.

Students will be admitted on presentation of activity receipts, Upshaw said.

Students taking part in the play are Jeanne Battey, Red Wright, Pat Edwards, Gerald Wayne Tippit, Jene Browning, Jack McCabe, Don Thompson, Frances Gibbs, Thelma Jean Hutchins and Clodette Baker.

Dress rehearsals will be given tonight for high school students on campus for student activities meet.

Placement Forms, Photos Due Nov. 1

Nov. 1 is the deadline for January, May or August graduates to furnish the Placement service with personnel information forms and two photographs, and to make requests for printed personnel sheets, said Mrs. Jean A. Jenkins, executive secretary.

Filing of the personnel information form is required for graduation. Purchase of the printed personnel leaflets is optional, but the request must be made and the fee paid by the deadline date.

Clubs Will Meet Monday To Discuss Parade Floats

The representatives of each organization sponsoring a float in the homecoming parade will meet 5 p.m. Monday in Ad308, D. M. McElroy, secretary of Ex-students' association, has announced.

The securing of old model automobiles will be discussed along with general plans for the parade. Forty-three floats are now scheduled to carry out the historical theme.

Industrial, Textile Courses Approved

Two departments in the division of engineering have received the approval of the Engineer's Council for Professional Development, Dean Dysart E. Holcomb announced Thursday.

Accrediting of an option in the textile engineering department and of the entire industrial engineering curriculum brings to five the number of engineering departments with an approved rating.

The ECPD is the main accrediting agency for schools of engineering.

Recognition of the two departments raises the division's standing," Doctor Holcomb said. The curricula in civil, electrical and mechanical engineering had held the rating of the council since 1937.

The approval also makes possible national affiliation of the Tech chapter of American Institute of Industrial Engineers. The action will aid industrial graduates in securing a license which is required for all jobs of responsibility, Holcomb pointed out.

Graduates from non-accredited four year colleges must take an examination to qualify for a license while accredited school graduates receive the permit automatically.

The engineering option in the textile department received the council approval. The department also offers degrees under options in production and chemistry and dyeing.

Progress toward the approval began in the summer of 1949 when inspection of the two departments was requested. The inspection was granted in February. The council made a survey of the two departments, approving qualifications of the staffs, equipment and financial support of the departments.

Biology Club Sees Movie, Plans Trip To Davis Mts.

Plans for a field trip to the Davis Mountains were discussed when the Biology club met Tuesday.

Movies on biology were shown and coffee and doughnuts were served.

The next meeting will be Nov. 7 in C-101, president Bob Hambrick said.

Vivis To Have Halloween Picnic
Las Vivarachas will have a Halloween wiener roast at 6 p.m. Tuesday night. Members and dates will meet at the party house at MacKenzie park for the picnic.

POTPOURRI**

First Co-ed: "Is your boy friend easy going?"
Second Co-ed: "Yes, and hard stopping."

Said Prof. Mowery:
"If there are any dumbbells in the room, please stand up."
A long pause and then a lone freshman stood up.

"What, do you consider yourself a dumbbell?"
"Well, not exactly that, sir, but I do hate to see you standing by yourself."

He: "May I hold your hand?"
She: "Of course not, this isn't Palm Sunday."
He: "Well, it's not Independence Day either."

He had been walking with one foot in the gutter and the other on the pavement, and he was not getting on very well. After about half a mile he met a constable.

"You're drunk," said the latter.
"Oh, if that's what it is?" he replied. "Thank heaven! I thought I was lame."

**Faith In Christ, World Peace Problem
Discussed By Convocation Speakers**

"Our faith for the living of these days is a faith in Jesus Christ," said Dr. Blake Smith at the closing convocation of Religious Emphasis week Thursday morning in the Gym.

"Christianity is a way of doing everything, not a special way of doing anything," continued Smith, pastor of the University Baptist church, Austin. "The acid test of Christianity is whether it gives resources for living in a time of crisis."

He explained that a faith must be able to rise above disillusionment and cynicism. "It is not what we do that counts, it's what God does through us."

**Baptist Students
To Direct Revival**

Nine Tech students head committees for a youth revival which opens Monday under the sponsorship of the Baptist Student union. The revival is being held at the Calvary Baptist church, Eighteenth and Avenue T, with Buckner Fanning, student at New Orleans Baptist seminary, as preacher. Song leader will be Bob Feather, student at Southwestern Baptist Theological seminary in Fort Worth.

Tech students heading committees for the revival are George Worrell, Lubbock; Dorothy D. Kennedy, Lubbock; James Dent, Plainview; Oliver Aldrich, Lubbock; Weldon Viertel, Moran; Jimmie Hill, Dallas; Powell Hinson, Lubbock; Neida Jobe, New Home; Gene Verner, Farwell.

The week-long revival is one of many being held by the Texas BSU.

Both Fanning and Feather are graduates of Baylor university. Feather was a cheerleader there last year. Both have been active in youth evangelism.

Wednesday morning Smith expounded the theory that the world is on its way to a new interest in religion. He cited examples in the lives of secular leaders as influencing the public in the religious renaissance.

Scholars and scientists through their own acceptance of religious ed the old barriers between science principles, have virtually destroyed, and theology, added Smith. The new voices speak a non-theological language.

A statement of a psychologist was used by Smith to emphasize the point that there are only two essentials to mental health: love, when both given and received by a man, and faith in oneself, fellow men and God.

"Our major task is to discipline ourselves to the will of God," Smith said Tuesday morning in the student convocation. "The most important thing in the world is man; the most important thing in man is motive; the most important thing in motive is love."

"The problem of peace is the most important problem confronting mankind today," Dr. Robert Millikan, atomic physicist, said at the convocation Tuesday in the Rec hall. "If it is not solved it will mean the destruction of civilization and the suicide of the human race."

Collective security is the only answer to world peace, explained Millikan. Action is necessary to implement the principle of collective security. Love and appeasement are important but they are not enough. "An international police force is the only means of attaining world peace," Millikan concluded.

"Depth in one's field is fine, but support it with width," was the point stressed in the seminar led by W. R. Woolrich Tuesday in the Green room.

**HE Prof Speaks
At ACC Workshop**

"Teaching as a Career" was the subject of a talk given yesterday by Miss Geraldine Clewell, associate professor of home economics, at a workshop meeting of Texas Home Economics College clubs on Abilene Christian college campus.

Student officers of Tech Home Economics club participating in the workshop, held yesterday and today, are Marie Lewis, secretary; Edna Hill, treasurer; Jo Anne Moreland, AWS representative, Annette Scheffler and Christone Sauerermann also accompanied the group.

Miss Clewell is sponsor of the Tech Home Economics club.

**Fairman Delivers Address
At AIEE Barbecue Friday**

Mr. James F. Fairman, immediate past president of American Institute of Electrical Engineers, delivered an address at a barbecue in the Aggie Pavilion at 6:30 p.m. Friday. Sponsors of the meeting were the South Plains Chapter TSPE and the Engineering Society of Texas Tech.

Subject of the address was the part which the engineering college can take in the unification of the engineering profession.

Fairman spoke to the men in the Aggie Auditorium while the ladies attended a special program in the Museum.

Could You Tell Me Where My Daughter Is?

**Tech Telephone Exchange Operators
Trace Missing Persons, Give Advice**

By EDITH WILLIAMS
Toreador Staff Writer

Pretty, blond, blue-eyed Geneva Collins shot a significant look at her switchboard partner, Mrs. Betty Griffin, who returned it with understanding. For five years Betty has been an operator on the Tech switchboard and the same old things keep happening all the time.

She had just finished a conversation with a woman who demanded to know what the plane was doing flying over her home near the Tech farm. It was annoying her and she wanted to know if it was spraying or something and couldn't

they make it stop. Miss Collins explained that it was not a Tech plane and that there was nothing she could do about it.

While Tech does not officially operate a public information bureau, the college switchboard is the closest thing to it. One woman called to ask how she could get a spot out of her rug. Another wanted to know what time the football game started, and still another wanted to know how to get in touch with her daughter, who was in class.

Nor is it surprising for them to get requests to trace someone all over the campus. If they can't See TELEPHONE Page 4

**AWS Schedules
Fall Style Show
For Wednesday**

A fashion show sponsored by the Association of Women Students will be presented Wednesday night at 8 p.m. in the Green room of the Rec hall, according to Fannie Beth Allen, AWS president.

The show, which will present fall college clothes from sportswear to formals, is for the purpose of acquainting all Tech girls with current fashions and tips on poise and good grooming.

Mrs. Joyce Anders, owner of Anders Modeling school, will be in charge of the show.

Sasser Gives Book Review

Dr. Elizabeth S. Sasser gave a book review at a meeting of Book Reviewers club Thursday, according to Pauline Millsbaugh, president.

Campus Interviews on Cigarette Tests

Number 4...THE COMMON LOON

"Don't be silly!
What do you think I am...
a goose?"

Our fine-feathered friend isn't being "taken-in"

by all those tricky cigarette tests you hear so much about! A fast puff of this brand—a sniff of that. A quick inhale—a fast exhale—and you're supposed to know all about cigarettes. No! You don't have to rely on quick-tricks. The sensible way to test a cigarette is to smoke

pack after pack, day after day. That's the test

Camel asks you to make... the 30-Day Mildness Test.

Smoke Camels—and only Camels—for 30 days. Let your own "T-Zone" (T for Throat, T for Taste) be your proving ground. And when you've tried Camels as a steady smoke, you'll know why...

**More People Smoke Camels
than any other cigarette!**

English Professors To Attend Meeting

Four members of the Tech English department will present papers to the South-Central Modern Language association when it meets Nov. 3-4 in Houston, said Dr. Truman W. Camp, English department head.

The speakers and their subjects are D. W. B. Gates, "Cooper's The Sea Lion and Wilkes' Narrative"; Dr. J. T. McCullen, "Johnson's Alchemist in Chancery"; Dr. Alan Strout, "Knights of the Burning Epistle"; Dr. Everett Gillis, "Rede-finition in Modern Poetry." Dr. Roy Male and Dr. Alan Gunn, will also attend the meeting.

Garza County Teachers Hear P. M. Larson Speak

Dr. P. Merville Larson, head of the speech department, spoke on "The Question Before the House Is" at the annual fall banquet of Garza county teachers in Post Tuesday night.

Larson's subject dealt with the newer points of view regarding effectiveness of teachers' methods.

Los Cams Stage Halloween Dance

Los Camrades held their annual Halloween dance Friday night at the Lubbock hotel. Burl Hubbard furnished the music. Orange and black crepe paper was used to carry out the Halloween motif.

The following attended: Keith McMillin, Margaret Smiley; Brad Beedy, Dottie Smith; Coffee Conner, Wivian Lane; Billie Bob Lee, Jeanne Sharp; Dale Hamerschmidt, Dorothy Yates; Andy Behrends, Wanda Behrends; Earl Martin, Pat Lindsey; H. G. Kerbow, Betts Dalton; Bill Connell, Bette Deal.

Paul Woods, Tenna McMullan; Bill Calvert, Clodette Baker; Ray Marsh, Joan Thornton; James Stevenson, Janice Dawkins; Marvin Jones, Reta McElroy; H. A. Tuck, Jennie Corcoran; Byron Gunter, Faye Marsh; Kenneth Birdson, Mary Wiley; Gene Garner, Betty Whisenant; Alan Hamm, Nancy Dorn; Ben Reed, Jackie Williams; Paul Christian, Nell Peel. James Niver, Shirley Tibbets; Dick Gamble, Frances Arledge; Skeet Dugger, Lavern Estes; Tom Killough, Elizabeth McCain; Buster McDuff, Wanda Sims; Dwight Lindley, Ruth Tarbox; Compton Cornelius, Ann Covington; David Rathjen, LaJuana Smart; Bill Huntley, Barbara Walker; Jerry Powell, Kay Collins; Gene Messer, Barbara Williamson.

Oliver Streu, Billie Ray Johnson; Howard Trew, Lavaughn Bearden; Ted Schuler Jr., Nancy Browder; James Eagen, Marilyn Donnan; Todd Biggs, Jerry Freeman. Other pledges attending were Wayman Marshal, Gerald Smith, Ervin Reecer and Paul Westerfield.

Holleman Hollers

With all chance of a Border conference championship gone by the boards it is felt that no great mission lies ahead of the Raiders and that they can thus resign themselves to a miserable and fruitless season.

MIKE BRUMBELOW
Miner Coach

The opposite is true. With worries about giant killer seasons and Border conference championships out of the way, Tech is well set for some fun.

Football can be fun even with a losing season on tap. Frankly, more enjoyment can be had from supporting a team that struggles for its victories than from supporting one that wins with boring ease.

Of course a sense of humor is necessary. Waiting through a so-so season need not be so painful if credit can be given for a well played game as well as for a victory.

Allowances must be made this year for the toughest schedule in the history of the school, an inexperienced team and injuries to key players.

West Texas could have been beaten by a "hot" Raider team. Baylor probably would have lost to the Raiders had not two key Tech players been sidelined.

Retrospection is no good when

trying to criticize a team destructively. But, looking over the Tech schedule this year it is interesting to speculate on what might have happened.

Texas university won and that's that. The Raiders played a fine game against a very strong team. Surprising Texas A&M has been unbeatable thus far and a Tech loss to that team is no disgrace. TCU could have been beaten by a complete Tech team, but penalties and fumbles came in the wrong places.

When Tech stops rumbering and the players start putting their tempers behind sharp blocks and tackles they will start winning. With those exceptions, they are already playing well enough to win.

If the Raiders suddenly start playing the way they are capable of playing, we can all mourn for poor little Texas Western. We can't, however, underrate the Miners.

They have virtually the same

backfield that led the nation in ground gaining last season. Miner halfback Pug Gabrel who ranked eighth nationally in ground gaining last year has returned along with Bill Chesak, an old friend of Raider linemen.

This season, however, Gabrel and Chesak can't be ranked in quality above Stuyver, Jackson, Thompson and co. If, the fumbles become fewer, Saturday may be the date of the Raider revival.

More students have graduated from the arts and sciences division than any other. The total in 1949 was 4,737.

Recuperated Backs May Settle Miners

Red Raiders Seek First Seasonal Win In Conference Tilt

One of the two best records in Border conference football will be laid on the line today as the Texas Western Miners seek their first victory over the Red Raiders since 1939.

Considered a question mark team before the start of the season, the Miners have shown consistency in their attack and are again among the national leaders in ground gaining, a position they have held for the past two years.

Led once again by Harvey "Pug" Gabrel, ranked eighth nationally in rushing last year, the Miners have rolled past such teams as New Mexico, Arizona and New Mexico A&M in the Border conference. The Miners beat Idaho and lost to Cincinnati in non-conference games.

Offensive power of the Miners was demonstrated in games with New Mexico A&M which they defeated by a 40-0 score and New Mexico university which fell by a 48-13 count.

The probable return of halfback Ike Stuver and fullback Earl Jackson to duty is expected to strengthen a Raider offense which has been erratic this year.

Shoulder and rib injuries to reserve tackle Marlan Ribble were the only further injuries suffered by the Raiders this week. Coaches hope that the epidemic of injuries which hampered the team in past weeks has subsided.

In facing four Southwest conference opponents in their first five games, the Raiders have been outclassed by teams with greater manpower. A lack of reserve strength has been a noticeable factor in most Tech defeats this year.

Texas Western will be the second Border Conference opponent faced by the Raiders this year.

Ranked somewhat lower than the West Texas Buffaloes in conference and national standings, Texas Western is not considered as formidable an opponent.

Weaknesses in the line have plagued the Miners as in their 32-0 loss to Cincinnati in their first game of the season.

Injuries overtook the diggers last week. Halfbacks Gabrel and Bill Chesak have reportedly been sidelined with a strained leg muscle and chest injury, respectively. Game time is 2:30 this afternoon.

Probable starting line-ups:

Tech Profs Attend Archeological Meet

Dr. William C. Holden, Dr. Ernest Wallace and William M. Pearce, Tech faculty members, attended a meeting of the Texas Archeological and Paleontological society yesterday at the Panhandle Plains museum in Canyon.

Wallace spoke on the "Burial Customs of the Comanche Indians."

Other noted speakers on the program were Robert E. Bell of the University of Oklahoma, Robert L. Stephenson of Smithsonian Institute and Erik Reed, noted Southwestern historian.

Archeological discoveries in the Southwest area were discussed. Some of these discoveries are the ones made in the Washita Valley of Oklahoma, Plainview site, Kent-Crane site, Bonnell site, the Clovis and Lubbock sites.

Holden, who is secretary of the society, participated in the discovery and excavation of the Bonnell site near Ruidosa, N. M.

Jane Skinner, '50 journalism grad, is now working in Plainview.

Aggie Club Plans Annual Pig Roast

The annual Aggie club pig roast will be held Nov. 14 in the judging pavilion Robert Duke, club reporter, said.

Kenneth Burgess, junior from Spring Lake, was elected second vice president of the club and final plans for the pig roast were made at regular meeting Tuesday night.

Wildlife Films Set For Wednesday

First in a series of five Audubon screen tours will be held at 8 p.m. Wednesday in the Museum auditorium.

Tours are now presented in more than 140 cities throughout the United States and Canada. They are part of an educational program sponsored by the National Audubon society to increase public appreciation of wildlife and promote wise use of natural resources.

Five of the nation's leading naturalists and wildlife photographers have been scheduled for the tour series in Lubbock from November through April. The wildlife photographer who took the pictures to be shown will appear in person to give the lecture.

"Our Heritage in the Rockies," a film about Yellowstone park, and "Saguaroland" are scheduled to be shown Wednesday. These movies were made by Karl H. Maslowski, who will lecture.

Charge for the lectures will be 55 cents for adults and 35 cents for children.

Phi Eta Sigs Attend Austin National Club Convention

Jimmie C. Hill is official delegate from the Tech chapter of Phi Eta Sigma at the fraternity's national convention being held in Austin. About 80 colleges are represented.

Members attending are Joe Ben Ashton, George Edwards, Marvin Kitten, John Norcross, David Smiley, Donald Smiley, James Craig, George Knowles and Hill said James G. Allen, dean of student life.

Gargoyle Holds Steak Fry

Gargoyle society had a steak fry last night for members and their dates. Following the steak fry in Aggie grove, those present went to the Green room of the Rec hall for dancing, according to Richard K. Tracy, faculty sponsor of the society.

Techsan Uninjured In Car Collision

Carolyn Chick, Lubbock Tech student, was uninjured when her car was involved in a three car collision at the intersection of College Avenue and Fourteenth Thursday morning, Patrolman L. W. Fristoe said.

Miss Chick's car, headed south on College avenue, was struck from the side by the car she was passing, Fristoe said. The force of the collision spun the car headon into the car of Mr. and Mrs. J. J. Cumble of Dickens. Sue Cumble, passenger in the third car, received face cuts.

Exes To Attend Group Reunions

Four group-reunions of ex-students on Nov. 10 will be featured among Homecoming activities, according to D. M. McElroy, Ex-students' association secretary.

Groups from 1926-38, 1939-44, 1945-48 and 1949-50 classes will meet in dormitories and the Hilton hotel under the chairmanship of ex-students.

For the first time, exes can pay association dues or give contributions at Homecoming festivities. "Honor member" buttons will be given those who pay 1950 dues.

The number of Homecoming parade floats has been increased to 45 with the addition of the Women Independents Organization, Dorm IV, 1941-42 floats.

Alschuler's sportswear shop is offering two \$25 prizes for the best decorated women's dorm and men's dorm.

Newman Club To Hold Halloween Party At Blakeslee Hall Tonight

Newman club will hold a Halloween party at 7:15 p.m. tonight at Blakeslee hall, according to Margie

Dyar, secretary. Entertainment will include choice of dancing or skating. 9:30 p.m. refreshments will be served, followed by more dancing.
