

## Perry Thompson Named Queen

A FEATURE of the Aquatic Show May 8-9, sponsored by Tech's Dolphin Fraternity is the seven coeds shown in the above formation. Pictured are Marletta Mallicote, Juanit Hayden, Joanne Dorsey, Cookie Puia, Marsha Queen, Cathy Conklin and Ginger Halsall.

### By Museum Display

## New Hall Revealed

by GAY PHIPPS

For over three years students have been wondering what was behind the sign "Closed for Repairs" which blocks off a gallery in the museum. Recently I took a look behind that screen and here is what I found—a whole new section to be titled "Hall of Earth and Man."

The gallery will be separated into four distinct divisions, one each on the structure of the earth, history of the earth, and man. The fourth will be reserved for temporary exhibits which will expound some phase of the main exhibits. These changing displays will be up for six months or longer.

A FEATURE of the exhibit which has already been completed is a mural-frieze called "The Progression of Life." The mural, which is five feet high and flows 154 feet around the upper wall of the room, depicts life from the very earliest time to the present. The stylized forms are in white and charcoal on a blue background.

Director of the museum, W. C. Holden consulted with Geology Head, F. Alton Wade and Associate Geology Professor John P.

Brand on predominant life through the geologic ages in preparation for the mural.

THE EXHIBITS will emphasize the "New World" with special emphasis where possible on our own region, Llano Estacado (Staked Plains). The Triassic and Cretaceous periods in earth history will receive special interest because they are important in the history of the plains and very little has been done on them in museums.

Some attractions in the exhibits will be a topographic map of "Llano Estacado," some fossil skeletons, a dinosaur footprint and replicas of the heads of three species of man.

BEFORE THE exhibits were started Mrs. W. C. Holden, assistant to the director of the museum, conferred with national authorities on subject matter. Much research has been done to make the exhibit as complete and representative as possible in the small space available.

Paul Wright of Alameda, New Mexico, a graduate in Fine Arts of the University of New Mexico and of Cranbrook Academy of Art at Bloomfield Hills, Michigan, was

selected to design and install the exhibits.

WRIGHT DEVELOPED the idea of the mural and painted it. Wright was formerly exhibit-designer for the American Museum of Natural History in New York.

Plans are for the gallery to be opened this fall if the work progresses as expected. No opening date has been set.

Funds for the gallery were made available by Mrs. Roscoe Wilson and the Tech Board of Directors.

Sul Ross' Rodeo Team pulled away to a 120 point lead over second place New Mexico A&M as the first night of Texas Tech's NIRA Rodeo concluded last night in Lubbock's Municipal Coliseum.

Miss Perry Thompson was chosen Rodeo Queen and won 20 points for Tech as she placed third in the Girls' Barrel Race in 17.1 seconds.

TECH SUFFERED the fate of many rodeo performers and had hard luck in most of the events. Joe Anthony took third in the tie down calf roping and Tom Neff placed third in the ribbon roping.

The Raiders failed to place in any of the other events however.

### Awards Given Tech AFROTC Students

Two Texas Tech students were cited as outstanding Air Force ROTC cadets and eight others received "tentative distinguished AFROTC student" awards at a special review Thursday.

COL. KYKE RIDDLE, base commander of Webb AFB, Big Spring, presented the Professor of Air Science Award to Neal Pipkin, senior mechanical engineering major from Matador. The award is made annually to the outstanding AFROTC cadet.

Receiving the Convair Cadet Award of Merit for 1958, a trophy with a miniature F-104 jet aircraft on it, was George B. McElroy, sophomore math student from Wichita Falls. The Convair award is given annually to an outstanding sophomore cadet in each AFROTC unit in the nation.

CITED AS "tentative distinguished AFROTC students" were James H. Ayres, junior mechanical engineering major from Pampa; Rodney D. Gunn, junior petroleum engineering major from McLean; Jerry D. Holmes, senior electrical engineering major from Lockney.

Fred Lebeau, junior geology major from Lovington, N.M.; Kenneth D. Lockhart, junior physics major from Randolph AFB, San Antonio; John L. Riddle, junior mechanical engineering major from Artesia, N.M.; Truman E. Robertson Jr., senior animal husbandry major from Breckenridge; and George A. Smoot, senior English major from Wichita Falls.

### Tornadoes Damage LaCoste and Pecos

by THE ASSOCIATED PRESS

Twisters stabbed down from thunderclouds over Texas Friday while soaking rains raised floods threats in the Southern Plains and Lower Mississippi Valley.

Tornadoes caused damage at LaCoste near San Antonio in southeastern Texas, and in the Pecos area in the western part of the state.

FROM 20 TO 30 HOUSES were reported destroyed at LaCoste but there were no deaths or injuries. Other twisters were confirmed in the area.

Waters from flash floods poured over parts of Oklahoma and northeastern Texas.

DURANT, OKLA., was doused with seven inches of rain and flooded forced the evacuation of 400 persons. A motorist whose car was washed from a highway was missing. The waters receded rapidly.

In North Texas, a 3.5 inch downpour sent the Pecos and Elm creeks rampaging over an area near Gainsville. Flood waters from continuing rains poured down the Sabine, Trinity, Cypress and other streams in east and north-central Texas.

Parts of Arkansas reported up to six inches of rain. Record high water stages were recorded in parts of northwest Louisiana and in Mississippi.

### Aquatic Swimmers Listed in Error

The seven girls pictured in Thursday's *Toreador* were erroneously described as part of the Wet Function today. Actually, the girls are a feature of the Dolphins' Aquatic Show, set for Thursday and Friday, May 8-9. Our apologies!

### Dean Rea Receives Award; Students Honored for Work

Dean Rea was presented the Rushing award for his outstanding work in planning this year's Tech Union programs at the annual awards banquet Thursday night.

Presented each year by W. B. Rushing, first ex-student member of the Union Program Council, the award consists of a plaque which hangs in the Union. The winner's name is engraved on the name plate.

Trophies, keys and certificates were awarded for outstanding Union work.

Trophies were presented to Pat Tyson, Dean Rea, Patti Hill and Beth van Maanen by James G. Allen, student life dean.

Nelson Longley, Union director, awarded keys to David Jones, Jim Thompson, Cora Jean McMurty, Nancy Jones, Martha Mack, Roger Loter, Bob Huff and Johnny Gilbert.

Twenty-five students were presented certificates by Larke Harrington, Union program director.

Pat Tysor, outgoing Program Council president, serving as master of ceremonies, recognized outstanding freshmen.

BURNIE McLAIN, Tech sophomore, is telling a campus patrolman how the motor of his Packard caught fire early Friday morning behind the Science building. Lubbock firemen are checking the damages and making sure the fire is out. When he saw the motor was on fire, McLain quickly unloaded his car as seen in the foreground. (Photo by Ben McCarty)

# First Wet Function Has Unusual Auction

An auction reminiscent of a Persian slave market will spotlight Texas Tech's first Wet Function Saturday from 2 to 4:30 p.m. in the men's gym.

Janie Norris, Yvonne Skinner, Annette Rose, Jean Gilliland and Peggy Johnson each will date the person bidding the highest for them at the auction.

There will also be a swim meet refereed by the Dolphin fraternity for boys and girls.

Men's events are the 25 yard free style, 100 yard medley relay, diving, 25 yard backstroke, 100 yard free style relay, 25 yard breast stroke and a surprise event.

Girl's events are the 25 yard free style, 100 yard medley relay,

fancy diving, 25 yard backstroke, 100 yard free style, relay, 25 yard breast stroke and 100 yard wade.

The Wet Function is in coordination with the World University Service Fund Drive.

Admission is 25c.

## Sigma Chi Elects 1958 Fall Officers

Sigma Chi fraternity elected officers for the fall semester Wednesday.

Kemp Derrick from San Angelo was elected president; others are Jerry Ward, Houston, vice-president; John Jordan, Laredo, pledge trainer; John King, Tahoka, treasurer; and Charles Coon, San Antonio, corresponding secretary.

Also Dave Lamberth, Fort Stockton, historian; Angus Smith, Midland, social chairman; Jim Kirkwood, Austin, house manager; and Don Zimmerman, Hereford, associate editor.

HOLDING THE NEW ALPHA DELTA SIGMA CHARTER are Phil Orman, left and Jim Watts, Tech will gain the 65th chapter of ADS, national advertising fraternity, in ceremonies at 5 p.m. today in the Palm Room. Student officers for next year will be elected. B. J. Whitted is the new chapter's sponsor. (Staff Photo)

## Newmen Present Royalty at Dance

Newman Club will crown a king and queen at its annual spring dance from 8:30 to 12 p.m. today at St. Elizabeth's Parish Hall.

Music for the semi-formal dance will be furnished by the Al Malacaro Quartet.

The king and queen will be selected by those attending the dance. Candidates for queen are Janet Blackburn, Charlene Begey, Merium Jackson, Juanita Hayden, Betsy Donovan and Irma Galindo.

King candidates are Ken Tiroff, Dennis Kuhler, Denny Kotara, Mike O'Dell, J. C. Hayden, Jack Gist and Richard Riojas.

Admission will be \$2 per couple.

## Kappa Sigs Elect 1958 Fall Officers

Epsilon Phi chapter of Kappa Sigma fraternity recently elected officers for the 1958 fall semester.

Buddy Wayne Gibbens was named grand master. Other officers elected were Kenneth Allen Steward, grand procurator; John Kent Ashby, grand master of ceremonies; Seth Moore and Gale Scott, guards.

Also Charlie Fleming, social chairman; James Nolan Hock, pledge trainer; Donald Herbert Coonrod, lodge manager; Bobby Brown, song leader; and Berkeley Evans Shofner, athletic manager.

These officers will join previously elected Buz Campbell, grand treasurer, Bill Womble, grand scribe.

Joe Ben Turner was named Kappa Sig outstanding athlete

## Gamma Phis Honor Four

Four-graduating seniors will be honored at Gamma Phi Beta sorority's Senior Breakfast tomorrow at 8:30 a.m. at the Skyline Restaurant.

They are Sandra Hemmle, Jo Ann Waldhauser, Pat Curry and Benni Dunn.

## Business Students Tour Industries

Thirty-nine Texas Tech business administration students will tour business and industrial facilities in the Dallas-Fort Worth area Sunday through Tuesday.

Dr. F. L. Mize, management department head, and Burl Hubbard,

assistant professor of management will accompany the group.

The tour will include visits to a General Motors assembly plant and facilities of Chance Vought Aircraft, Proctor and Gamble and Container Corporation.

The tour is designed to illustrate principles and factors learned in advanced personnel management and industrial management classes.

Students will make the trip in a chartered bus.

# Bull Fighter Training Aids Rodeo Funny-Men

by DONNA CHRISTOPHER  
 "It takes a bull fighter to make a good clown," say Jiggs Young of Nocoona and Perry Williams of Kermit, who are clowning for Tech's NIRA rodeo.

YOUNG AND Williams teamed up and got their start at Anadarko, Okla., July 4, 1955. They had become acquainted earlier as contestants at rodeos.

Neither is a member of the RCA (Rodeo Cowboy's Association), but the big RCA-sponsored shows serve as a goal for their act.

"We serve as protection for the riding contestants when they're thrown. We've kept more than one bull off a cowboy."

Both were amateur riders before they started their clown act, but they both agree, "Clowning is a sure way of eating, clowning is not."

JIGGS AND PERRY have played some of the largest amateur rodeos in the country, including the Stamford Cowboy Reunion, the "Top of Texas" show at Pampa, the Kerrville rodeo and the World's Junior Championship show at Abilene.

Two mules, "Red" and "Toby", shotguns, chickens, ducks and various gadgets designed to make people laugh make up the boys' equipment.

Of their eight acts, "Prospecting for Uranium" and the "Bull Trick" are among the most popular. Unless an act is very well received by the audience, they don't use the same act twice during the run of the rodeo.

WILLIAMS IS a Tech junior majoring in animal husbandry. Young works during the off season breaking horses and doing work around ranches in the Ringgold-Nocoona area. Jiggs performs alone after Perry returns to school.

During the summer they do about 20 shows a year together, and they plan to stick together until they hit the big time.

RED BERRY, a Tech Rodeo team member, now on the injured list, comes out of the chute spurring hard and high at the Hardin-Simmons Rodeo. Tech is now sitting in second place in the Southwest Region team standings. There will be two performances of the Tech Rodeo today, one at 2 p.m. and the other at 8 p.m. in the Municipal Coliseum. (Photo courtesy Rodeo Association).

## French Play Opening Set for Wednesday

Tech's foreign language department's production of "Le Barbier de Seville" will open Wednesday, May 8, at 7:30 p.m. in the Foreign Language Theatre, Administration Building 217.

Her charm and inherited fortune would doubtless attract many a gallant suitor were she not jealously kept in seclusion by Barthello, who plans to wed her himself.

There will be three performances of the production which is adapted from the original play by Beaumarchais. Performances are scheduled for Wednesday and Thursday evenings with a matinee set for Saturday at 2:30 p.m.

THE PLOT CONCERNS mainly her rescue by the young Comte Almaviva, aided by Figaro, jockey-of-all-trades with a special talent for matchmaking.

THE SETTING of the play is a gloomy house in the Spanish city of Seville where the beautiful orphan girl, Rosine, lives with her scheming old guardian, Doctor Barthello.

The play is entirely in French and is directed by Miss Violet Horvath, instructor in French. Michael D. Foster is production manager.

Admission is 50 cents. Tickets may be purchased at the door.

# Picadors Take 9-2 Win Over Amarillo College

by CARLOS BYARS  
About 25 frozen fans watched the Picadors down Amarillo College Badgers 9-2 in a rain and windswept game yesterday at Tech Diamond.  
Tech won the game with five runs in the fifth. Both Badger markers were scored in the fourth.  
Both pitchers, Bill Corry for Tech and Gullett for A.C. went all the way. Gullett is a side-arm left hander and the wind blowing in over the plate made his curve wicked, but wild.  
Adams scored the first run for Tech in the second inning when walks forced him in.  
Tech scored for the second time in the third inning on a total of four hits, including a double by Reeves. Howard led off with a hit and Green followed him with a fielders choice. Reeves kept things going with a double, moving Reeves to third. Adams scored

him with a hit. Kostman flied out to center field to end the inning.  
McClain started things off for the Badgers in the fourth with a hit through first base. Yeagor was next with a fielders' choice that caught McClain at second. Hisey then brought Yeagor all the way around to score with a triple. Gibson was next up and walked. Fry broke another bat and scored Hisey for the second and last Badger run on a short-stop error. Renteria closed the inning by hitting to the pitcher.  
Howard started off the Picador fifth with a grounder through second base. He then proceeded to steal second and a bad throw let him go to third. Lundy, who came in for Green in the third, walked and stole second.  
A two base hit by Reeves scored both men.  
Adams popped up. Knostman was hit on the foot by a pitched ball and sent to first. Skelton cleaned the bases with a homer.

## Carsonak No-Hits Doak as Vets Win

The Tech Vets walloped Doak, 13-0 in a semi-final intramural softball game Thursday, called in the fifth inning by the 10-run rule.  
The game was a masterful pitching performance by Johnny Carsonak of the Vets, who didn't allow a hit, facing only 15 men, striking out 13 of them.  
The Vets will meet Phi Gamma Delta, Fraternity champion, in the all-college finals Monday on Field 1. The game should be quite a pitching duel between Carsonak and Bill Pfluger of the Fijis.

## Deadline Extended

The deadline for entering the intramural track meet has been extended to 5 p.m. Tuesday, according to Edsel Buchanan, director of men's intramurals at Tech.  
To date, seven teams have entered. These include: PIKA, Roman Rushers, Phi Delta Theta, SAE, Kappa Sigma, ATO, and one independent team, unnamed.

# Raider Netters Lose To Strong Trinity

The Red Raider tennis team, runners-up in the Southwest Conference, ended their regular season play by putting a real scare into Gulf Coast Conference champion Trinity University here yesterday before losing 4-2.  
The match was much closer than the score indicates. Tech came out of the singles competition in a 2-2 tie with Trinity. Tech then quickly built up a commanding lead in the doubles matches and for a long moment victory seemed certain. Then the Trinity team came to life and began to display the skill which has enabled it to go through the entire season thus far with only one loss. Trinity whittled away at Tech's lead, finally sweeping both doubles matches and gaining the victory.  
**TRINITY'S JOHN NEWMAN** defeated Bob Macy 6-3 and 6-4 in the No. 1 singles match, and Tech evened the score when Billy Edd Gowan beat Trinity's Jim Moses 8-6 and 6-3 in the No. 2 singles match. David Kent defeated Trinity's Bobby Moody 4-6, 6-3, and 6-1 in the No. 3 single

match, but Trinity evened the score again when Marty Fedigan defeated Dick Spiers 6-4 and 6-2.  
In the doubles matches both the Tech teams gained a considerable advantage before losing. Newman and Moses teamed up to win over Macy and Gowan in the No. 1 doubles 4-6, 6-4, 6-4, while Moody and Fedigan beat Kent and Spiers 7-9, 6-3, and 6-4.

## Track, Baseball, Golf Teams Play

Texas Tech and the University of New Mexico begin what is slated to become an annual affair when their two track squads square off in a duel meet on the Tech Track at 1:30 this afternoon.  
The meet, which as an annual one, would precede the Southwest Conference Meet each year.  
The freshman track team is in action this afternoon also, running against the ACC and New Mexico Military Institute teams in a triangular at Abilene.
