Nazis Score Big Gains In Norway

Allied Units Retreat As German Reinforcements Push Toward Trondheim

(By The Associated Press) The Germans rapidly spread north in Norway today, apparently with such pilot-driver power that allied forces were unable to stop them.

Neutrality Is Proclaimed By Roosevelt

WASHINGTON, April 25 (AP)—President Roosevelt proclaimed today a state of war in existence between Germany and Norway, and the neutrality of the United States in the conflict.

Contracts Closed For \$200,000,000 In U.S. Planes

WASHINGTON, April 25 (AP)—The allied purchasing mission announced today that contracts for \$200,000,000 worth of American airplanes and engines had been made within the last two weeks.

MORTON SHOWS 4,432 PCT. CENSUS GAIN

LUBBOCK, April 25 (AP)—Morton Cochran, county Texas today said that having made the largest population gain of any town in the United States for the decade between 1930 and 1940, according to census figures announced.

'Slush Funds' In 5 States Under Probe

G-Men Wanted To Help Committee In Political Inquiry

WASHINGTON, April 25 (AP)—The senate campaign investigating committee began running down complaints of "slush funds" and other political misdeeds in five states today as Senator Neely (D-W.Va.) sought G-men to assist committee agents already ordered into his state.

From Senators Chairman Gillette, (D-Iowa), in announcing the committee was dispatching investigators to Nebraska, West Virginia, Missouri, Maryland and Kansas, would not disclose the source of the complaints.

Neely told reporters he requested the inquiry to "prevent the statehouse machine from debauching and corrupting the election with the use of money and whiskey and all the other things that money can buy."

Investigations are going to Missouri, Gillette said, to inquire into charges of "improper use of funds and official influence" in connection with the democratic senatorial campaign and the selection of democratic convention delegates.

All Ages Are Registering For WTCC

John James Schermerhorn, A Week Old, Sets The Pace

There is none too young to register for the 22nd annual West Texas Chamber of Commerce convention here May 16-18.

John James Schermerhorn, now just a week old, set the pattern Thursday when he was registered for the convention. He is the son of Mr. and Mrs. R. F. Schermerhorn, and his father has been active in chamber affairs for years.

Among the "older folks" the local pre-convention registration campaign forged right ahead. Chamber officers reported upwards of \$400, a fourth of the local goal, paid in and with that many more registrations unreported.

Representatives of extension service units, the AAA, land use planning committee and the commission court and other government agencies Wednesday afternoon accepted the responsibility of staging a cotton mattress demonstration.

ANNENBERG PLEADS GUILTY

M. L. Annenberg, defendant in the largest criminal federal income tax case in history, is shown at Chicago after he pleaded guilty to evading \$1,317,876.73 of income taxes in 1936. The plea was entered in an indictment accusing him of evading \$3,354,808.97 in taxes from 1932 to 1936 inclusive.

Deadlock On Agriculture Fund Bill

WASHINGTON, April 25 (AP)—A joint conference committee abandoned efforts today to break a month's deadlock of the agriculture appropriations bill. It reported a hopeless disagreement on senate additions of \$24,000,000 to the measure.

Russell said the conferees refused to yield on the senate's action in adding these amounts to the \$714,000,000 in agricultural appropriations approved by the house. The senate voted \$22,854,888 in farm funds, with \$90,000,000 additional provided in loans for agricultural purposes.

House Overrides President's Veto

WASHINGTON, April 25 (AP)—The house voted today to override President Roosevelt's veto of a bill to grant an estimated \$7,000,000 to some 15,000 officers and men who were held in Philippine island service after the Spanish-American war had ended.

WASHINGTON, April 25 (AP)—The southwestern Bell Telephone Company today reported net income of \$4,877,955 for the first quarter of 1940 as compared with \$4,361,886 for the first three months of 1939. This represents an increase of \$476,069.

Phillips Ordered Not To Interfere In Dam Project

TULSA, Okla., April 25 (AP)—A three-judge federal court today ordered Gov. Leon C. Phillips not to interfere with completion of the \$50,000,000 Grand River Hydro Electric project.

CUBSHING, Okla., April 25 (AP)—Highway patrolmen said today so trace had been found of Dick Broyles, fugitive Texas convict, since the abduction and robbery of an automobile salesman near here last night.

Fled With Fortune In Gold As Nazis Took Trondheim

NEW YORK, April 25 (AP)—A hard-bitten skipper, back in the safety of American waters, disclosed today that he fled the port of Trondheim, Norway, with a fortune of \$4,000,000 in Swedish-owned gold hidden in the hold of his ship, the 4,965-ton American Seaside Line freighter Mormaca, after the Germans had captured the port.

BRUSSELS, April 25 (AP)—The Belgian cabinet of Premier Hubert Pierlot resigned late today after the liberals, who helped form it, failed to support the government on an education measure.

Scout Chief To Talk Here

Acceptance by Oscar H. Benson, national director of rural scouting for Boy Scouts of America, of an invitation to address an Americanization meeting here during the 22nd annual West Texas Chamber of Commerce was timed Thursday with the entry of first 4-H club boys and girls in the All-Youth parade the afternoon of May 17.

Student Contests To Be Staged As Part Of 'Safety Week' Observance

A "Safety Week" program which will put emphasis on youth training in the ways of cutting down accident tolls was outlined Thursday by representatives of the Big Spring Safety Council, which is sponsoring the special observance beginning Sunday.

The period from April 28-May 4 will be designated by Mayor Grover C. Dunham as "Safety Week," and there will be contests for student participation. In addition, a representative of the State Safety department has been asked to send an expert here to assist in promoting safety observance among clubs and all adult groups.

The school competition will be divided into three events — for high school students, for seventh graders, and for elementary pupils. A unique "quiz contest" will be open to all high schoolers, with questions on traffic safety to appear in advertisements and advertising columns of The Herald in the issues of Sunday, Monday and Tuesday.

122 Indicted In Liquor Ring

NEW YORK, April 25 (AP)—A federal grand jury today indicted 122 individuals, 116 of whom have been rounded up by treasury agents, on charges of operating a vast, five-state illicit liquor empire and defrauding the government of \$1,600,000 in taxes during the last ten months.

LUBRICANTS TO BE BOUGHT BY COUNTY ON YEARLY BASIS Having contracted to buy its gasoline in tank car lots, Howard county is now preparing to purchase oil and grease supplies on a 12-month basis.

Mid-Air Crash Fatal To Former Big Spring Flier

T. J. Richards One Of Three Victims In Dallas Mishap

T. J. Richards, 32, well known in this area as a rancher, rodeo performer and an air pilot, was listed as one of the victims of a mid-air collision which claimed three lives 15 miles north of Dallas Wednesday afternoon.

Others killed in the crash were James S. Clinch, Jr., Bethlehem, Pa., a student of Richards, and Solomon D. Moon, Gainesville, Fla., who was on a solo flight. Richards and Clinch were killed instantly. Moon died three hours later in a Dallas hospital.

A native of Blackwell, Nolan county, Richards was reared on a ranch. He learned to fly at an early age and was famed as a pilot. It being said that any cedar hill was good enough for him to land on. Later he operated the Compton ranch at Maryneal, in Nolan county.

At Big Spring he served as a flying instructor and was associated with R. F. Schermerhorn as a pilot. He went to Mississippi to use his plane for cotton poisoning operations and later became an army instructor at Love Field, Dallas.

Wednesday afternoon the two planes collided in mid-air, tearing wings off and plunging the crafts 1,000 feet to the earth.

Survivors of Richards include his wife, his mother, Mrs. J. V. Howell, Dallas; three sisters, Mrs. Bob Jordan of Blackwell, Mrs. Bill Curd of Garden City, and Mrs. Ida Bell Richards of Holtville, Calif.; and an aunt, Mrs. Ida Piasters of Colorado City.

Long Illness Is Fatal To J. H. Hefley

Mr. Hefley was a native of Cameron where he had several years experience as a peace officer. His wife's health was failing and he came to West Texas and settled in Coke county and came to Big Spring in 1907 to move his family and make his home.

For 16 years he was city marshal of Big Spring and when the town began to grow rapidly just before the oil boom, he resigned because he felt his age would not permit him to discharge duties of the office as they should be. He and Mrs. Hefley moved to Sterling City for a brief period of time but soon returned to Big Spring. In 1934 he won the democratic nomination as justice of peace in a landslide victory. Serving out that term he was unsuccessful in his re-election bid in 1936, but came back to win the place in 1938.

An attack of influenza two years ago appeared to have broken his health. Soon after the turn of this year he was confined to his bed. He and Mrs. Hefley had been married 57 years.

Among survivors are three sons, Frank Hefley, Big Spring, Howard Hefley, Corpus Christi, Roger Hefley, Sterling City; and two daughters, Miss Mattie Hefley, Big Spring, and Mrs. Stephens, Willington, Calif. Arrangements are pending and are in charge of Eberly Funeral Home.

WASHINGTON, April 25 (AP)—A \$150,000,000 rivers and harbors bill, \$81,000,000 less than when it came from the senate commerce committee, was passed by the senate today by a vote of 60 to 29.

WASHINGTON, April 25 (AP)—The senate campaign investigating committee began running down complaints of "slush funds" and other political misdeeds in five states today as Senator Neely (D-W.Va.) sought G-men to assist committee agents already ordered into his state.

Says Roosevelt At Least Is In 'Fast Walk'

DALLAS, April 25 (AP)—William C. McCraw, long active in Texas politics, says President Roosevelt "may not be running but he's in the fastest walk I ever saw."

McCraw, former attorney general, was one of the speakers here last night when several hundred persons attended a North Texas rally and heard a proposal for a Texas delegation to the national democratic convention instructed for third terms for both President Roosevelt and Vice President Garner.

The proposal was made by Mayor Tom Miller of Austin, chairman of the state draft-Roosevelt organization.

"Some Roosevelt people may say leave Garner out in the cold," Miller declared, "but I haven't forgotten his services to his nation and party. Let Roosevelt and Garner go together in harness but I don't believe in putting the cart before the horse."

Harold H. Young, chairman of the meeting, said he had no objection if resolutions were adopted at precinct and county conventions and at the state convention instructing for Roosevelt and Garner.

Under Secretary of the Interior Alvin J. Wirtz said the Garner-for-president campaign in Texas was not being handled by real friends of the vice president and is a stop-Roosevelt-at-any-cost campaign.

PLAN MEXICO DAM

MEXICO CITY, April 25 (AP)—The government of the state of Nuevo Leon, which faces the U. S. border, will make an appropriation for 200,000 pesos (about \$35,000 U. S.) for construction of a dam near the town of Lampazos, to help agriculture in that region.

The rest of the money needed for the dam project will be put up by the federal government.

The dam is expected to cost about 500,000 pesos.

Meal-Planners Who Stress Deserts Are Heading In Right Direction

By MRS. ALEXANDER GEORGE, AF Feature Service Writer

Meal-planners who emphasize deserts this spring are heading in the right direction.

Children cherish dessert above all the rest of a meal. It's an idea that sticks somewhere in most minds even after they're grown up. Why not cater to it?

There are a few simple standards for desserts. Not that they be rich, extra fancy or intricate, but rather that they be reasonable and delicious. But, of course, nobody in the family will object if you serve them a nice frilly dessert once in a while.

Here's a spring-styled CARAMEL PIE that will set off a simple meal. And it won't ruin your budget, either, for eggs generally are cheaper in the spring. Sprinkle two-thirds of a cup of granulated sugar into a frying pan. Heat slowly, and stirring constantly with a wooden spoon until a light brown syrup forms. This is the caramel. Then add 1-3 cup boiling water and boil gently until a thick syrup forms—about 5 minutes. Pour in 1-3 cup milk, 1-4 teaspoon salt and 1-3 cup nutmeats. Beat 2 egg yolks in a bowl, slowly add the

STRAWBERRY SHORTCAKE

1 box strawberries
4 hot shortcake biscuits, split and buttered
1-3 cup cream, whipped
Spread strawberries on lower halves of biscuits; top with upper halves and more berries. Garnish with whipped cream. Serves 4.

SHORTCAKE BISCUITS

Sift together 1-3 cups sifted cake flour, 1-2 teaspoons double-acting baking powder, and 1-2 teaspoon salt. Cut in 4 tablespoons butter or other shortening. Add 2 tablespoons milk and stir until mixture forms a soft dough. Turn out on slightly floured board and knead 30 seconds. Roll 1-4 inch thick and cut with floured 2-inch biscuit cutter. Place half of circles on greased baking sheet and brush with melted butter. Place remaining circles on top and butter well. Bake in hot oven (450 degrees F.) 15 to 20 minutes.

Orange shortcake is an old standby, but always popular when

hot syrup mixture and pour into a double boiler. Cook slowly until the mixture thickens slightly. Stir constantly, mix in 1-2 tablespoons of gelatin which have soaked 5 minutes in 1-3 cup cold water. Cool the caramel and fold in 3 egg whites, stiffly beaten and a teaspoon of vanilla. Pour into a baked pie shell and chill until firm. Serve plain or cover with whipped cream.

If you're having a baked dinner, slip a Cherry Roll in the oven. It makes a grand dessert. Make a rich biscuit dough—enough for

Strawberry shortcake, an ever-welcome dessert, has been made a year-round treat with the advent of quick-frozen foods.

four or five, pat it 1-3 of an inch thick and spread with 1-2 cup seed red cherries, mixed with 1-2 cup sugar and 1-4 teaspoon each of cinnamon, cloves and grated orange rind. Roll quickly and fit into a buttered loaf dish. Bake 35 minutes in a moderate oven and serve fresh with a regular thin sauce made from cherries and some cherry juice. Rhubarb, berries or other fruits may be used instead of cherries.

Here's a trick to turn leftovers into a dessert. Cut 2-inch cubes from cake—(any kind, but angel food and sponge really are best). Scoop out the centers and stuff with cubed peaches mixed with diced marshmallows and a few nut meats. Top and surround with a thick, chilled, vanilla flavored custard.

SUES HOSPITAL FOR MIXUP OF BABIES

LOS ANGELES, April 25 (AP)—For the mental suffering she claims she endured over a baby mixup in a maternity ward, a jury has awarded Mrs. Frances Mahoney, 19, \$25,000 of the \$30,500 she and her husband asked in suits against a hospital.

Mrs. Mahoney contended that after the birth of her son she was given, at different times, three babies to nurse and each time was told that that child was hers. As a result, Mrs. Mahoney declared she still is uncertain the child she has accepted for the past 18 months is her own.

Stay Feminine, Women Fliers Are Advised

WASHINGTON, April 25 (AP)—Mrs. Ariens Davis, the world's ranking woman aviator in pilot ratings, offered a few success tips today to the colonels' ladies and Judy O'Grady's trying to make good in a man's world.

"Stay as feminine as you can," she advised.

"A man is quicker to accept an attractive woman as a competitor. He'll forgive a woman more readily for beating him—if she is good looking."

A successful artist as well as a flier, Mrs. Davis practices the philosophy she preaches. She looked more like a screen star than a pilot who had just flown here from her Cleveland home to attend the convention of the National League of American Pen Women.

Mrs. Davis is optimistic about the opportunities for women in aviation, but she doesn't underestimate the difficulties that are apt to be encountered. She has talked frequently on the subject to school and college women groups.

"I tell them," she said, "that so far aviation is a man's field."

"I tell them they can't be just as good as a man to succeed—they've got to be better."

And, above all, they've got to keep attractive.

Sees Extension Of Reduced Interest On Federal Loans

WASHINGTON, April 25—Early enactment of a bill continuing for a five-year period the reduction in interest rates on Federal Land Bank and Land Bank Commission loans to farmers was predicted this week by Congressman George Mahon. Legislation providing for a reduction of interest rates on such loans for one year periods was passed each year from 1935 to 1938. The 1939 act provided a legal interest rate of 3 1-2 per cent for a period of two years on land bank loans and 4 per cent on commissioner loans, instead of the contract rate of 4 per cent or more on land bank loans and 5 per cent on commissioner loans. The reduction provided for in the 1939 act expires July 1, 1940.

The present bill would set the interest rate at 3 1-2 per cent for both Federal land bank and land bank commissioner loans until June 30, 1945. This measure passed the house on March 18th and is now pending before the senate.

Congressman Mahon, who was instrumental in the passage of this measure and the previous measures reducing interest rates to farmers, said that he felt confident the senate would act favorably on the present bill within the next few weeks.

The 3 1-2 per cent rate would mean a substantial saving in interest payments to approximately 12,000 federal land bank and land bank commissioner borrowers in the 28 counties of the 19th congressional district.

HAPPY RELIEF FROM PAINFUL BACKACHE

Many of those grinding, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way. The kidneys are Nature's chief way of taking excess acids and poisons out of the blood. They help most people pass about 15 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matters stays in the blood. These poisons may start causing headaches, rheumatic pain, loss of pep and energy, grating up nights, swelling, puffiness under the eyes, lameness and dizziness. Frequent or scanty passages with burning and stinging sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 50 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Broadway Says "So Long" To Joe Jacobs, A Product Of "Hell's Kitchen", One Of The Fight Game's Best Known Managers

By SID FEDER

NEW YORK, April 25 (AP)—The Little "Yusell the Muscle," the colorful — almost legendary — character who came out of New York's tough "Hell's Kitchen" to manage one world heavyweight champion and six other titleholders in assorted lighter divisions died last night of a heart attack.

He passed away in a doctor's office just 12 days short of his 44th birthday and just a few minutes after returning from supervising another of his "fags" stunts by which he gained his fighters the publicity so important to the science of fightfitting.

JOE JACOBS

This was a newsworthy series in which Tony Galento, the pudgy Orange (N.Y.) heavyweight whom Joe picked up off the battle scrap heap a couple of years ago, asserted Max Baer's allegations of "bum." Galento and Baer are scheduled to fight in Jersey City May 25, the winner to meet Joe Louis for the heavyweight title some time this summer.

Avenue—in the heart of an Irish neighborhood. Smaller than the rest, he realized immediately that since he was going to be connected with fights, anyway, he had better pick his "spot." So he turned to managing, first piloting Willie and Dave Astey, neighbors of his. During the war, while soldering at a camp in Georgia, he promoted doughboy fights.

EDDIE LAUREL HITS A THREE RUN TRIPLE IN 3RD INNING

By HANK HART

Irish Pelligrini and Eddie Laurel teamed to supply the punch that enabled the Big Spring Barons to cuff the Midland Cowboys, 4-0, and gain their first victory of the 1940 WT-NM league season here before a small crowd Wednesday evening.

Pelligrini limited the invaders to five hits, wading through several tight spots in brilliant fashion, while Laurel, speedy third sacker, rapped out a three run triple in the third for the runs that won the ball game.

Little more than 200 fans braved the nippy weather. Those that did brave the elements brought along ample wrappings.

The locals looked far different from the club that took a bad beating Tuesday evening.

Johnson was never in trouble after that outbreak but Pelligrini had all the runs he needed.

The wrongheaded was in hot water in the first hit when the first two men to greet him got on base, Ruben Naranjo singing after Jack Jordan had been passed but Sammy Hale, Sam Scaling and Kirby Jordan sat in succession to dissolve the threat.

Loboos Again Stop Hubbers

LUBBOCK, April 25—Lefty Millspaugh and Elby Miller combined to pitch the Lamesa Loboos to their second victory over the Lubbock Hubbers here Wednesday.

Denison Dam Land Condemnation To Be Argued Soon

DURANT, Okla., April 25 (AP)—The question of the United States government's right to condemn land for the \$54,000,000 Denison dam on Red river may be argued out in federal court here Monday.

Although briefs filed in the case raise only the question of the land's value, Curtis Harris, federal attorney, said the issue of the project's constitutionality might be discussed.

Conservation Program Pays Dawson Man

LAMESA, April 25—Hundreds of Texas Panhandle farmers have learned through experience within recent years that soil erosion can be checked and that crop yields often can be increased at the same time through the use of a complete soil and water conservation program.

This has been true in the case of W. O. Moore, who has been operating a farm three miles northeast

of Lamesa for the last 17 years. "I was able to produce fair crops in most years, but I observed that I was losing considerable soil and moisture each year through runoff," Moore said. "When terracing first was introduced in this area I held to the opinion that the runoff was too great on the long slopes of my farm to be controlled by such structures."

After observing the effectiveness of terraces in holding water on other farms in the Soil Conservation Service CCC camp area within recent years, Moore decided to apply the program on his own farm. With the aid of the camp technicians a soil and water conservation program designed to meet the particular needs of Moore's farm was worked out. He obtained the use of county road equipment in building terraces on most of his

land in the spring of 1938, and the work has been completed with camp equipment this spring.

Last year all completed terraces were planted to sudan grass and the stubble was left to protect the structures against erosion. All tillage operations were on the contour or parallel with the terraces. Cotton and sorghums were planted in alternate terrace intervals and the strips will be rotated this year to maintain crop residues in the soil as additional protection against erosion.

"These methods practically eliminated the loss of water through run-off on my farm last year," Moore said. "And with the protective crop stubble and residues on my fields, there has been no soil lost during the period of high winds this spring. Not only has

erosion been checked, but my crop yields were increased considerably last year," he concluded.

CITY BUYS TEETH

DALLAS, April 25 (AP)—Councilmen today appropriated \$75 for a policeman's false teeth.

Patrolman C. C. McKeever, in the line of duty, suffered a fractured jaw. The jaw healed but failed to take its old shape. Patrolman McKeever had a plate of teeth which wouldn't fit his "new" mouth.

Today City Manager James Astor ruled that the city must make Patrolman McKeever a normal citizen again. The council told the policeman to get a new plate "on them."

Texas Acts To Curb Oil Flow

TULSA, Okla., April 25 (AP)—Texas appeared today to be pointing the way toward curbing high production of crude oil.

Ernest O. Thompson, member of the Texas railroad commission, said a 10 per cent horizontal reduction in allowable production for May has been agreed upon. The commission, he added, also agreed upon a 14-day shutdown for East Texas.

"Texas is making a sincere effort to reduce its oil production to the bureau of mines figures," he asserted. Gasoline stocks continued to

climb, reaching a new record peak of 102,817,000 barrels, the American Petroleum Institute reported. Unseasonable weather has retarded spring demand, but marketers reported trade active. Demand for kerosene and tractor fuels was reported strong.

An eastern oil executive asserted that the belief in growing that crude oil prices will not be revised provided Illinois production levels off and Texas curtails production to the bureau of mines figure.

One observer pointed out that "the oil industry has got to realize that there just isn't going to be anything near the war demand expected and that it can't base its operations on such expectations." In the field, the Oil and Gas Journal reported 823 completions for the week, compared with 551 a week ago and 424 a year ago.

DOESN'T PAY

McKEESPORT, Pa., April 25 (AP)—Gratitude put 13-year-old Clair Mullen back in the hospital.

He broke his left arm playing football last September. Treatments ended at McKeesport hospital last week but nurses were so nice to the youth he returned to make a social call.

Running up the hospital steps, Clair fell—and broke the same arm again.

TO INCREASE REVENUE

BRUSSELS, April 25 (AP)—The Belgian cabinet agreed today to increase taxes to realize a billion more francs (\$24,000,000) in revenue. Taxes on beer, tobacco, sugar and mineral water and a special defense tax on incomes will be increased.

Burns Fatal To Former Resident

Word has been received here of the death, from burns received in a mishap at her home in Mincola, of Mrs. Helen Warren, widow of W. Peis Warren and a former resident of Big Spring.

Mrs. Warren, 60, suffered the burns when gasoline with which she was cleaning clothes caught fire, igniting her own clothing. A brother, Joe C. Mittel, was badly burned in a vain attempt to save

his sister. She succumbed in a Mincola hospital six hours after the mishap.

Her husband, well known merchant at Mincola, died six months ago. Mrs. Warren was born in Big Spring January 22, 1880, and resided here until 1922, when she and her husband moved to Mincola. A faithful member of the Methodist church and a part worthy matron of the Eastern Star, she was held in high esteem by a wide circle of friends.

She is survived by her mother, Mrs. J. B. Mittel of Dallas; two sisters, Mrs. Lena Haggard of Dallas and Mrs. Mary Mock of Houston, and three brothers, W. E. and Dan Mittel of Dallas and Joe C. Mittel of Mincola.

Describes Volcanic Dust Storm Of Vast Proportions

WASHINGTON, April 25 (AP)—A titanic volcanic dust storm 8,000 years ago which caused a more precipitate migration of Americans than any "black blizzard" yet to sweep the dust bowl was described today to the National Academy of Sciences.

The storm, which sent thousands of Indians fleeing from 5,000 square miles of what must have been one of their happiest hunting grounds, was caused by the eruption of Mount Mazama in the Cascade chain in southern Oregon.

In one of the last eruptions with in the present boundaries of the United States, the volcano blew its top off and sent columns of fine

dust thousands of feet into the air. The dust then was scattered by winds to a depth of six inches over the 5,000 square mile area, Dr. Howell Williams of the University of California related.

The awesome spectacle must have been seen and heard for hundreds of miles, he said, because molten lava poured down the mountain-side into glaciers 1,000 feet deep and more than 10 miles long, generating terrific clouds of steam. The lava also ran through canyons for a distance of 25 miles and burned forests in its path.

FAILURE PAID OFF

WEBSTER CITY, Iowa, April 25 (AP)—Fortunately for Dr. L. F. Biddleman and his family he was unable to jam a large chunk of wood into the furnace.

When the log wouldn't go through the furnace door, he jacked it out and found a fuse attached to a dynamite cap in a knothole. Dr. Biddleman theorized it had been placed there to split the log.

A RAW DEAL.

OMAHA, Neb., April 25 (AP)—Joe Marconcini, owner of the Square Deal Produce company, got a raw deal when he bought two cases of eggs from a "farmer."

Unpacking he found eggs on the top layer and potatoes in the lower layers of the crates.

HEAVY THEFTS

IDAHO FALLS, Idaho, April 25 (AP)—The sheriff's office listed "more than 20 tons" of farm equipment stolen in a series of thefts.

Included was a four-ton steam engine.

Artists Display Artistic Nonsense At Mad Arts Ball

The annual "masquerade" of New York artists, models and sympathizers this year found them as mad as ever. They came in rags, vegetables, glassware, underthings, anything about 2,000 strong for the Mad Arts Ball. In costumes their artistic spirits lampooned everything from politics to advertising. Here are a few of the get-ups:

POLITICS: Supposed to be a Congressman, patriotic, Hitler-esque. Face was a white sock.

DIETS: The "24-Carrot Kid" came decorated with her 24 carrots as military and corsage to let the world know she's bored with the diet fads.

GLASSWARE: Stockings, clothes, false hair and many other things come in glass, so this winsome model costumed herself as a life-sized goblet.

Five Detectives Are Injured In Mystery Blast

DUBLIN, April 25. (UP)—A heavy blast attributed by police to a time bomb planted by the outlawed Irish Republican army in the Dublin one headquarters of the Irish government's special detective branch early today injured five detectives. Eyewitnesses said the scene resembled the havoc resulting from a rail raid.

Strike Halts Work On Ships

SHIPYARD officials, in a newspaper advertisement, charged that the Metal Trades Union (AFL) had broken faith. The company published in the advertisement a copy of an agreement reportedly signed by the union, agreeing to abide by existing wage scales and not to make further demands during construction of the ships.

MARKETS Wall Street

NEW YORK, April 25. (UP)—Buyers took on a moderate amount of steel and specialties in today's stock market but ignored many leaders. It was a hop-acty session from the opening on. Gains ran to as much as 2 points or so at the best. There were whittled down to zero in numerous cases around mid-day. There was another revival afternoon, with the hard metal stocks again out in front. Top marks were stated in 12 final hour and losers were plied in.

The shipyards firm said the transfer of an employe to his former work as machinist, where he was to work temporarily at a reduced wage, was a subterfuge used to call the strike. Two other strikes meanwhile were in progress here. Forty-seven struck on a department store construction job. A beer distribution plant was scene of the other strike, called by the teamsters union, apparently for more pay and better working conditions. Labor officials declined to make statements concerning the department strike, but banners carried by pickets called for more hourly pay and improved working conditions.

own seat. "Look here, Miss Durnham, I—" "Brenda."

"Well, Brenda, then. But don't think that I intend being friends with you, because I don't! I know what you've been up to with Alano. I know you're encouraging her to marry Ned Barrow and I want to tell you—"

"Encourage her? My dear boy, wasn't she packing to elope with him when I arrived on the scene? Didn't I talk her into postponing it, merely to give her time to make up her quarrel with you? I think, Brenda concluded plaintively, "you're very unjust!"

"A lot I care what you think," he told her with boyish rudeness. "It was all that happened, it would be O. K. But it wasn't all. You sent Barrow off to California and got Alano all stirred up over his going. . . . I tell you, she never took him seriously before, no matter how often she threatened to marry him. But now—now! You know the one and identical thing to keep her thoughts on him, make her wonder why he hasn't called or written."

"You understand a lot for a

child of your age," she said coldly. "Child! I'm nearly twenty-one! And it doesn't take either age or wisdom to see through this little maneuver of yours."

GETS CITATION

Clifford Clyburn of Knott, Texas, a cadet at John Tarleton college, Stephenville, was recently awarded a citation card for excellent meritorious service for 1939-40. The award was made by Mayor James

D. Bender, head of the R. O. T. C. Unit at Tarleton, and approved by J. Thomas Davis Dean, dean of the college. This is the first year citation cards have been awarded at that institution. They are to be worn at all times with the dress uniform.

Want Houses Listed For Cosden Folk

Transfer of the Cosden Oil Corporation general offices from Fort Worth to Big Spring is not without pressing responsibility upon this city, chamber of commerce officials point out.

The move means the removal of some 30 individuals or families to Big Spring, and this in turn means a housing problem. In addressing the housing committee, E. W. Potter, Cosden refinery superintendent, reminded that one of the influencing factors in bringing the general offices to Big Spring was the assurance from the Big Spring Chamber of Commerce that adequate housing facilities would be furnished for the employees brought here.

There will be a demand for houses and apartments, he asserted. He anticipated a survey of the needs would be available in a day or two. Many new houses are needed, housing committee members agreed. At least six persons have promised that they would build new houses. Efforts are being made to interest others. Most of the employees live in homes ranging in value from \$4,000 to \$10,000. Some may wish to build or purchase here when they can dispose of their Fort Worth hold-

ings. In the meantime, all who have better than average homes for rent now or likely to be available for rent soon are urged by J. H. Collins, housing chairman, to contact the chamber of commerce.

Wheat Insurance Shows Expansion

WASHINGTON, April 25 (AP)—The federal crop insurance corporation reported today 378,000 wheat growers—128 per cent more than last year—had taken out insurance on their 1940 crop.

Their federal policies guarantee them 104,000 bushels. Despite the rise in the number of policies, the 1940 insured acreage is only 68 per cent greater than that insured last year. FCIC officials ascribed this to increased participation by farmers having small wheat acreages. The insurance protects the crop against all unavoidable hazards. Premiums paid on 1940 insurance amounted to 14,768,000 bushels, as against 8,771,000 bushels last year. They became a part of the ever-normal granary reserves.

ASKS CORRECTION

WICHITA, Kas., April 25 (AP)—Homer E. Osborn, area census director, doesn't believe all that stuff about women covering up their age. A woman phoned his office: "My husband gave my age wrong. He said I was 70. I'm not. I'm 33, and I still do my housework and quite a few chores outside."

Farm And Ranch Talk

AROUND THE COFFEE POT

By Newton Robinson

Prices for around 375 head of cattle sold through the Big Spring Auction company's ring Wednesday remained steady with last week's offerings. A good run of butcher cattle brought 7.00 to 8.50. Bulls were steady at 5.50 to 5.75. A run of stocker calves sold for 2.50 to 16.00 with a strong demand. Fat cows sold for 6.00 to 6.50; stocker cows 3.50 per head and canners and cutters sold for 3.00 to 4.75.

Big Spring's first annual Charty Horse Show Sunday was a great success in every way and financial. An estimated 1,500 people attended the afternoon show and another 1,000 saw the evening performance. Directors were highly appreciative of the major Texas stables who cooperated with the show as well

as of entries drawn from smaller horse fanciers.

King Baron, gaited stallion from C. T. McLaughlin's Diamond M ranch, took the \$500 top award in the gaited stakes. The Diamond M placed three other winners in the show. Tale of a bob-tailed cow.... Oscar Morton started a bob-tailed cow with a fine 300 lb. or better calf by side through the auction ring at Sweetwater. The cow with the calf brought \$51. Big Spring the couple sold for \$51.50. Lamesa and Lubbock didn't add much to the price and finally, travel-worn and weary, the twins arrived back at Sweetwater this week to sell for \$50.

Rainfall for this area since the first of the year is approximately 50 per cent below normal.

Around 49 heifers and four bulls are expected to be shown at the Tom Green Dairy Day show at San Angelo today, according to W. J. Marshall, county agent. C. C. Gibson and E. R. Eudaly, dairy specialists, and W. C. Maddux, dairy manufacturing authority, all with the Texas extension service, are to supervise dairy cattle and products judging contests. Quality and the use of products are to be discussed.

Local produce houses were paying 13c for fryers; 8 and 10c for hens and 13c for eggs. Grade No. 1 cream is quoted at 25c.

Sterling City's FFA livestock judging team won second place in the Smith-Hughes annual statewide contest held in College Station Monday. It has been announced. The team was coached by H. M. Carter and is composed of George Mills, Claude Broome, Richard Abernathy and Ross Foster, alternate. Carter has coached teams winning one first place pennant and two second places.

Mac W. Hancock paid \$2,209.72 for 60 head of stocker cattle at the Big Spring cattle auction Wednesday. The cattle will be placed on his ranch near Lamesa.

A. L. Cooper reported that livestock conditions around Fort Stockton were good but it is mighty dry around Alpine. Cooper said that seller cattle were getting scarce in that territory.

T. D. Krelling purchased 15 head of Jersey steers here Wednesday for shipment to his place near Terrell.

Interest in 4-H club work is at a high this year, according to O. P. Griffin, county agent. The 100-sought-for memberships are practically assured and the original programs are being expanded to meet the increased memberships. Most popular projects are the livestock divisions of the program. The increase in interest for this phase of 4-H club work is attributed to the club's spring stock show.

The Big Spring Auction Co. has contracted for 250 head of stocker calves for sale at their auction Wednesday week.

In view of the dry weather in this section, now is a good time to comment on frame gardens, which are lifeavers for those who raise their own vegetables during drought years. The gardens are easily constructed and the rich soil used combined with the compact space makes them easily managed and highly productive. If you haven't already started—try a frame garden this year.

Farmers in this county should not risk a penalty by planting white seed sorghums on their conservation acres. Committees are making a check this year of Howard, Martin and Borden counties where many farmers are ignoring this rule. Another don't do not throw cane or sudan raised on government conservation land.
