

# Raiders Regain Border Championship

## Team Accepts Sun Bowl Bid After Beating H-SU

By JOHN LEE  
Toreador Sports Editor

Tech's Red Raiders invited the Hardin-Simmons Cowpokes into the home corral and then proceeded to divest them of the score, the game, the championship and the Sun Bowl bid in a 28 to 21 thriller Saturday.

The Raiders voted on the bowl bid immediately following the game and decided 21 to 19 for accepting the invitation to meet College of the Pacific, New Year's day in El Paso.

### Turner Gets First TD

The Raiders tried on the Border conference crown for size late in the first period when Techsan Jim Turner dove two yards for the initial tally, and never took it off.

The Cowboys, however, did get a pretty good look at it early in the second half when they capitalized a neat 42-yard kickoff return to score the tying points.

### Drive Is Stopped

The glimpse was only temporary. After having one Raider drive stopped by an intercepted pass, the Techsans recovered possession three plays later when Billy Wright jumped on a fumble on the H-SU 33.

This drive went all the way for the score in eight plays with Sandy Welton scampering 10 yards for the counter.

The red-shirted warriors applied the salt to the game only 21 seconds later after Frank Graves recovered the kickoff fumble, when Bobby Cavazos took a 26-yard scoring pass from Junior Arterburn on the first play.

See TECH TAKES, Page 7

## Committees Named By Rec Hall Board

Members of the Rec hall committees who will serve under the governing board of the Student union building have been announced by Bob Schmidt, Student council president.

"The committees will work for the effective functioning of the present Rec hall in order to have a smooth student-governed organization to take charge of the new Union building," Schmidt said.

The various committees and their respective members are:

Socials and parties—Marvel Gibner, chairman; Sandy Welton, Mary Jo Craig, Neal Chastain, Kathy Phillips, John Brown, Wanda Stafford, Punk Whitaker, and Robert Jacobson; house—Dudley Montgomery, chairman; Bill Burton, and Robert Jacobson; games—Dick Mitchell, chairman; J. C. Chambers, Bob Parkinson, Reta McElroy, Garnet Reeves, and Don Hancock.

Lectures and entertainment—Bill Parsley, chairman; Jo Simmons, Beverly Brandt, Brien Webster, and A. J. Dozier; square dance—Patsie Seales, chairman; Bill Brewer, Marjorie Seales, Patti Pipkin, and Marvin Kitten; movies—Joe Hastings, Nina Spearman, Donna Caldwell, and Cecil D. Carter.

Hospitality—Shirley Schmidt, chairman; Cy Cook, Coffee Conner, Marjorie Stockton, Don Olson, Buddy Soggs, Brian Close, Patsy Hay, Coy Orr, Glenn Terry, Carolyn Schaeffer, Bill Holmes, Lena Schmidt, Chloise Shofner, and Jo Ann Schovajsa; and finance—Joseph M. Hill, Frances Arledge, and George Morris.

The governing board includes Dub Rushing, D. M. McElroy, James G. Allen, Mrs. Marjorie Neely, Dan Pursel, Bob Schmidt, Jack Alderson, Harold Brannan and Elizabeth Schovajsa.

## Everybody Wants To Get Into The Act — And Does On WSSF Talent Show

Those who favor close harmony, puppet shows, Dixieland music and a variety of other acts are in for a treat at the World Student Service fund talent show Wednesday at 7:30 p.m. in the Rec hall, according to Hardy Clemons, committee chairman.

The 24 campus organizations contributing acts for the show are Alpha Psi Omega, song and dance; Sock and Buskin, song; DFD, record imitations; Double-T association, Custer's Last Stand skit; Saddle Tramps, song; Women's Dorm III, dance.

### Duet Listed

Home Economics club, undecided;

ed; Sans Souci, trio; Las Vivirachas, record imitations; Wesley foundation, Scales sisters duet; Las Chaparritas, song and dance; Alpha Zeta, song.

And Ko Shari, puppet show; Men's Dorm IV, skit; BSU, quartet; Newman club, song; Women's Dorm IV, quartet; Block and Bridle, dance; Aggie club, dance.

Also Silver Key, song; Kemas, Dixieland band; Wranglers, quartet; Gargoyle society, quintet, and College Club fraternity, undecided.

The proceeds of the talent show go to the World Student Service fund, according to Clemons. Other committee members are Rhea Myers and Brian Boyett.

Minimum admission is 25 cents, but other contributions may be made, said Clemons.

## Tech Board Holds Business Session

Appointment of a committee to name new campus structures and acceptance of a Marine Organized Reserve corps unit for the college led the business agenda of the Tech board of directors meeting Saturday, J. Roy Wells, assistant to the president, said.

At the next official meeting, bids will be taken for 30 surplus X buildings which are being removed from the campus to make room for permanent structures, Wells added.

Dr. D. M. Wiggins, college president, and other college officials were authorized to negotiate with the US government regarding the establishment of a meteorological school at Tech.

### Cattle Given To College

A foundation herd of 17 female Brahmas was accepted from the American Brahma Cattle Breeders' association. The cattle will be gathered at the Blubonnet farms at McGregor and a sire will be furnished on a lease basis by Burke brothers of Corsicana.

C. T. McLaughlin, Snyder board member, gave an oil painting by Joseph Imhof of Taos, N.M. to the Museum. It is to hang in the Museum beside the one he previously donated.

A committee was appointed to study a new system of lighting for the Library reading room. The committee will make recommendations at the February board meeting.

### Committee Members

Board members to work with Dr. Wiggins, on naming buildings are George Benson, Lubbock; Leon Ince, Houston, and Raymond Pfluger, Eden. They will submit nominations to the board at a later date.

The Marine unit will be housed in a Butler-type wing built into the Naval Reserve armory. Under the plan a student will enlist in the Marines, attend classes like a non-enlisted student and go to summer camps. At the end of his schooling he will be given the choice of going into the Marine corps as a second lieutenant or returning to civilian life.

## Ed Sets Deadlines For Annual Proofs

Last day for junior, senior and graduate picture proofs to be selected is Thursday, according to Dick Brooks, La Ventana editor.

Deadline for freshmen and sophomores is today.

"Campus organizations that have reserved pages in the yearbook must have an alphabetized club roll, purposes and list of officers turned in soon," Brooks stated.

Payment for club pages is also to be turned in as soon as possible, he added. Pages are \$20 each.

"Organizations should tell the staff what pictures are to be used; that is, whether a class re-order will be used or special pictures made," he concluded.

## 'Handsome Man' Contest Is Opened

Jim Choate, Lubbock senior, is the only entry thus far in the Theta Sigma Phi "Most Handsome Man" contest, according to Carolyn Haithecock, committee chairman.

Choate was entered by the Arnold Air society. The winning candidate will be given a full-page picture in 1952 La Ventana.

Other clubs planning to enter candidates in the contest, an annual feature of Club Scarlet, a mock night club presented by the women's honorary journalism organization, must have names of nominees turned in before Dec. 10 to Miss Haithecock in Women's Dormitory IV.

Selection of the "Most Handsome" is made by votes marked on the backs of tickets. A date ticket entitles the holder to two votes, while a stag duet is good for only one vote.

Tickets for Club Scarlet will be sold from 8 to 12 a.m. and 1 to 5 p.m. Dec. 12 to 14 in the Administration building.

POSIES FOR THE PRETTIEST—President D. M. Wiggins is presenting a bouquet to Miss Harriet Henderson, sweetheart of the Tech band. Standing behind Miss Henderson are the runners-up and their escorts: Jack Hon, Dorothy Salters, Sue Haynie, Eddie Goetz and Hardy Clements. (Photo by Dolores Ketchersid)

## Alpha Chi Nominates 145 Candidates; Will Re-Honor Four Grads, 39 Seniors

The Tech chapter of Alpha Chi, national scholastic honor fraternity, has nominated 145 candidates for the 1951-52 school year. Junior, senior and graduate students with superior scholastic averages in their classes have been invited to the annual initiation Tuesday, Dec. 11 in Aggie auditorium.

Minimum grade point average for candidates are 2.30 for juniors, 2.20 for seniors and 2.20 for graduates. Transfer students must have completed thirty hours of work at Tech for consideration.

Senior and graduate students who were selected when they were juniors or seniors and who have kept up their averages are nominated, or "rehonored," said David Smiley, president.

There are four graduates students who will be "rehonored." They are Charles Hudson, W. Yates Kerr, Edwin D. Laugford and W. C. Slagle. Thirty-nine seniors are being "rehonored." They are Jack Alderson, Reggie Anderson, J. B. Ashton, Donald L. Bagwell, Robert B. Brownell, Franklin Brownfield, Virginia Butler, Peggy Carter, Sharon C. Coase, W. Wallis Davis, Wm. O. DeVolin, Maurine Denton, Elaine G. Felix, Ralph R. Fullwood, Alton Goodrich, Jimmie C. Hill, Henry L. King, Marvin C. Kitten, V. Marie Lewis, and Patricia Lindsey.

Others are Connie J. McKulm, George E. Morris, James W. Norris, Carolyn Parker, Walter C. Perkins, John C. Pinson, Robin A. Saunders, Elizabeth Schovalisa, LaJana Smart, David Smiley, Donald Smiley, Robert L. Smith, Twila M. Smith, Billie J. Stacy, Fred C. Stanley, A. Dean Thronbough, Don E. Wade, Palmer F. Wiles, and Carol J. Wood.

Seven graduates have been selected for the first time. They are: Jim M. Baker, James A. Foster, James Wm. Kichen, Zane A. Mason, Jesse L. Moore, Thomas J. Sasser, and John L. Upshaw.

Forty-nine seniors received their first invitation. They are: Bettie M. Aldrich, Frances Arledge, W. L. Armstrong, Jr., Robert L. Becker, Joe D. Benton, Carolyn Bledsoe, Jack J. Bond, Mary S. Brewer, Nancy A. Browder, S. Steve Campbell,

James G. Canaler, Norma J. Cary, Jack T. Cockburn, Cornelia Couch, Chas. R. Davenport, George A. Dowdy, Raylan Evans, G. Ann Evichine, George N. Faulk, Donald C. Fish, Joe Don Ford, Earl A. Freels, Caroline Greek, Billy F. Harris, Kenneth Hill, Verma V. Hively, Joella H. Hopkins, James F. Klemm, Betty D. Knowles, James E. Lamunyon, Barbara Le Blanc, Oliver R. Lehman, Jack R. Miller, B. Jean Mobley, Robert C. Morris, Beverly Neal, E. Weidman Payne, Billie S. Patecoat, Chas. E. Prater.

Burdett Prothero, W. Harold Reese, Stanley Rever, James M. Spellings, Thomas M. Spenser, Larry E. Teague, B. Jean Verett, Hazel D. Vernon, Montie A. Wallace and Leonard Wilson. Forty-six juniors have been invited. They are: Oren S. Beasley, Doyle L. Beavers, Dolores Bedy, Patricia Brady, Harold Brannan, Evelyn S. Burke, Joyce R. Carthel, Frances Cox, Jaunita Davis, Nancy M. Davis, James H. Dent, Patricia Edwards, Bruce S. Fife, Jo H. Garrett, Hubert Gentry, Herbert Goodyear, Jane A. Guy, Leroy M. Hand, Orville Hart, Joyce H. Henry.

Joseph M. Hill, William Holmes, Dolores Howell, Shirley Johnson, Hossien Karim, Homer G. Kennamer, George C. Kunkel, Della B. Leonard, Marion J. Lowery, James D. McGraw, Gailther Martin, Ellen W. Massengill, Billy L. Mosby, Steve C. Nagy, Don P. Olsen, Harry Wm. Parker, Anita J. Pope, Billy J. Price, J. Ross Relyea, Milton Rhodes, Evelyn Flores, Jack L. Ross, Mary R. Sims, Joyce E. Sprague, James Wells and Craig W. Wilkerson.

Any student whose name is equal to or above those stated should contact the registrar.

## German Instructor Arrives To Inspect Tech Textiles

Dr. Walter Pilz, German textile professor, arrived at Tech Thursday on a tour he is making to inspect the American textile industry.

Dr. Pilz, 33, will spend five days observing the textile engineering department before going to Denver.

### Printing Service Offered Students

A new service is being offered students.

A mimeograph service for Tech student organizations and individual students began Monday in the Rec hall, according to James G. Allen, dean of student life.

The machine will be operated by a student under the direction of Dan Pursel, director of the Rec hall.

Rates for printing 8 1/2 by 11 inch sheets are 75 cents for one hundred, 65 cents for 75 sheets and 50 cents for 50 sheets. There is a minimum of 50 sheets. The same rates will apply to post cards and other cards if cards are furnished by the club or student, announced the Rec hall governing committee.

Stencils are to be provided by the student or club.

Hours for service will be announced later.

### Tech Choir Sings At Banquet Honoring Southwestern Historian

The Tech choir provided music by a citizens' committee in honor of Dr. Carl Coke Rister, prominent Southwestern historian. The affair was held at the Hilton Hotel.

Numbers presented were "Create in Me, O God, a Pure Heart," and "How Sad Flow the Streams," by Brahms, "Deep River" arranged by Ringwald, and "Set Down, Servant" arranged by Shaw.

### GROUP HEARS ADVERTISER

Homer Hensley, Lubbock Post-Office company, addressed the Tech Marketing society at 7:30 p.m. Monday in Ad227. He spoke on "Outdoor Advertising" according to Coffee Conner, president.

### Funeral Rites Held November 24 For Wife Of Bookstore Manager

Final rites for Mrs. W. C. Cole, 53, wife of the Texas Tech Bookstore manager, were held Nov. 24 in St. Elizabeth's Catholic church.

Mrs. Cole, who had been in ill health for almost six years, died at 11:30 a.m. Nov. 23 in Lubbock Memorial hospital. W. C. (Conner) Cole has been employed at Tech since 1927.

### College Network To Include Tech

Tech Radio club is assisting in the formation of a network of amateur radio stations which includes schools in the southwest conference, according to Sterling Rodgers, president.

The Tech group was officially admitted to the conference after the club members contacted the Radio club at the University of Texas.

New classes of amateur operating licenses permit anyone interested in radio to obtain licenses by learning to send and receive five words per minute of Morse code, a little elementary theory and a few Federal Communications commission rules, Rodgers said. Several Tech students have taken the exam this fall and are awaiting licenses.

The receiving and sending set at Tech is located in the Textile Engineering Quonset hut. Anyone interested in sending a message or talking to friends in his hometown is welcome to use the radio if there is a "ham" operator in the hometown. Operators are in the hut from 4 to 5:30 p.m. each day.

Next meeting of the club will be Dec. 13 when a movie, "The be Dec. 13 when a movie, "The Principles On Which an Oscillator Operates," will be shown. Refreshments will be served.

Thirty-nine per cent of Idaho's area is forest land.

### Speechsters Win At TU Tournament

Thelmadeane Hutchins, junior journalism major from Ysleta, won first place in oratory, and second place in extemporaneous speech during the Annual All-Girls' Speech tournament sponsored by the University of Texas speech department Nov. 16-17.

Students from Texas, Oklahoma and Louisiana met on the university campus at Austin.

The Tech junior debate team, composed of Gail Littleton, freshman speech major from Perryton, and Mollie Newman, freshman speech major from Shallowater, won three debates, defeating teams from Southwestern Louisiana institute and Texas Christian university.

In senior debates Joan Clifford, freshman speech major of Lubbock and Miss Hutchins won two debates from Southwestern Louisiana institute and South West Texas State college teams.

### Instructor Gets Honorable Mention In Music Contest

Mary Jeanne van Appledorn of the Tech music department received honorable mention for a piano composition in a recent national competition for original compositions.

The piece, entitled "Contrasts," used the medium of the modern idiom.

The competition was sponsored by Mu Phi Epsilon, national oratory musical sorority. Judges were outstanding composers Irwin Fischer, Anthony Donato and G. Tcherapniv.

Our city has the finest alderman money can buy.

### R. C. Goodwin, Wife Attend SAACU Meet In Florida

R. C. Goodwin, dean of arts and sciences, and his wife are attending a meeting of representatives of the Southern Association of American Colleges and Universities, held this week in St. Petersburg, Florida, said Mrs. Kathryn Durham, Dean Goodwin's secretary.

While there, Goodwin will attend a meeting of the committee of the Texas Association of Colleges. He will return December 6.

### Tech Commended On Student Swap

Tech has been commended "outstanding contribution to advancement of world understanding" by the Institute of International Education in New York.

President D. M. Wiggin sent a special certificate certifying the foreign relations of United States through the medium of international exchange of sons" by Kenneth Holland, J. tute president.

The college is a member of Institute's Educational Assoc. a group of 120 American colleges and universities. The Institute a private organization which ministers exchange programs between the United States and sixty other countries.

There are over 30,000 students studying in American colleges and universities, according to Holland.

"In this time of world crisis act of bringing citizens of different nations into personal relationship can be a concrete step to world peace. Texas Tech, by coming students from other countries has contributed immeasurably to this international movement. We are proud to be able to cite for its leadership in international education," said Holland.

The Institute cooperates hundreds of American educational institutions in the selection placement of exchange students.

### Exes Executive Board Set \$50,000 '52 Financial Goal

The executive board of the Ex-students association met Monday to make plans for the raising of \$50,000 which is set as 1952 goal. The board also set Nov. 1, of '52 for Homecoming subject to the approval of the student council. Tech plays University of Houston on that date.

Twenty-five thousand dollars of the \$50,000 would go to the student Union building fund, \$25,000 would be used as operating funds and \$5,000 would be kept in reserve for scholarships.

Bill Martin, 1946 graduate, the war surplus business in Arkansas.

### Tech Commended On Student Swap

Tech has been commended for 'outstanding contribution to the advancement of world understanding' by the Institute of International Education in New York.

President D. M. Wiggins was sent a special certificate for "bettering the foreign relations of the United States through the medium of international exchange of persons" by Kenneth Holland, Institute president.

The college is a member of the Institute's Educational Associates, a group of 120 American colleges and universities. The Institute is a private organization which administers exchange programs between the United States and over sixty other countries.

There are over 30,000 foreign students studying in American colleges and universities, according to Holland.

"In this time of world crisis the act of bringing citizens of different nations into personal relationships can be a concrete step toward world peace. Texas Tech, by welcoming students from other lands, has contributed immeasurably to this international movement. We are proud to be able to cite Tech for its leadership in international education," said Holland.

The Institute cooperates with hundreds of American educational institutions in the selection and placement of exchange students.

### Exams Announced For Civil Service

The Civil Service commission has announced examinations for Aeronautical research interns to fill positions in laboratories of the National Advisory committee for Aeronautics at various locations in the country. The salary for the positions is \$3,410 a year.

Qualifications are a full four-year college course for a bachelor's degree in physics, chemistry, electronics, metallurgy, engineering physics or an appropriate branch of engineering. Applications will be accepted from senior students.

Written tests are not required for this examination.

Forms may be obtained at post offices and civil-service regional offices.

### Engineers, Geology Grads To Be Interviewed Friday

January graduates with majors in the engineering division and petroleum geology interested in a position with the Petty Geophysical Engineering Co. may see Homer E. Roberts, representative, Friday, according to Mrs. Jean Jenkins, of the Tech placement office.

### Campus Whirl

### Textile Grad Visits Campus

Bobbie Knowles, 1949 textile engineering graduate, was a visitor on the campus Friday. Miss Knowles is employed by the cotton merchandising section of the Cotton Research committee of the University of Texas, Austin.

### Meeting Scheduled By Westinghouse

The Westinghouse Electric corporation will hold a general meeting tomorrow at 7 p.m. in the extension building. Seniors wishing interviews for job placements are urged to attend the meeting.

All other students are invited to the meeting to see a sound motion picture, entitled "You Can Be Sure If It's Westinghouse."

J. L. Hutchins, assistant manager of student recruiting for the company, will be here for the interviews. Students planning to be interviewed should be present for the general meeting.

### Rec Hall Program To Offer Classes In Bridge, Dancing

Free instructions in ballroom dancing are now offered Tech students as part of the new Rec hall program, according to Dan Pursell, director of the Rec hall.

The classes, taught by Lewis Walker, a professional dancer, are scheduled each Monday and Thursday evening from 7 to 8 p.m. for the next three weeks, beginning this week.

After Christmas, instructions in playing bridge and chess will be conducted, he said.

### Debate Teams Rated Excellent In Oklahoma Forensic Meet

Two Tech debate teams earned a rating of excellent at the East Central Forensic meet held Thursday through Saturday at East Central State college, Ada, Okla., Dr. Merville Larson, speech department head, announced.

One team was composed of Bob Dickinson, Albany, and E. J. Tarbox, Darrouzett, and the other of Glen Rainer, Lubbock, and Dwayne Carter, Fort Worth. The teams won four out of six debates.

Dickinson, Tarbox, and Rainer were also rated excellent in discussion, and Carter was rated good, Dr. Larson said.

### Bargain Of The Year . . .

Once a year Techsians get a chance to see a good show at a small price. It comes as a welcome relief from paying fifty-five cents for locally first-run movies (a buck, yet, when it's a screen version of a Tennessee Williams play).

Twenty-five cents, one thin quarter, will admit the impoverished, entertainment-hungry student to the World Student Service Fund talent show to be given Wednesday.

The Student council, sponsor of the show, guarantees that it will be as good as the one given last year, when the audience almost refused to leave after the final act. The entertainers were encored and re-encored. Even the campus skeptics, who practice sneering at any production, were enthusiastic about the fast-paced show and the polished performers.

The Fund, which receives all benefits from the show, is a cooperative group existing in 40 nations. Money is used to aid students and war-battered schools all over the globe.

At last report, twenty acts had been entered for the vaudeville-type production, with possibly more to come.

In days like these, when a quarter won't even open the door to a B-grade western film or play very many juke box records, the WSSF talent show is a bargain that only the misers could afford to pass up.

### They're Here To Stay . . .

Tech's long-awaited card stunts were performed successfully at the game Saturday, thanks to the efforts of the Saddle Tramps, who sponsored the project.

Scheduled first for the Homecoming game, the cards were delayed in the mail, and were received here only a few days ago.

There had been some anxiety over the "first appearance" of card stunts at Tech. But after witnessing effectively performed stunts Saturday, the Saddle Tramps have agreed that they should be used permanently for halftime activities and are planning new and more colorful tricks for next year's football season.

Many campuses over the nation are trying card stunts for the first time this year. According to college newspapers, the football fans are really going for the stunts, which can be worked into intricate and fascinating designs with practice.

Judging from the applause at the Tech-Hardin-Simmons game, Lubbock fans are no exception. Card stunts are here to stay at Tech.

### Under the Breezeway

By SHIRLEY JOHNSON  
Toreador Associate Editor

In an economics class the other day, the instructor was explaining how to compute national income and to figure the personal consumption from that.

"To secure the personal income, you must subtract personal income tax and personal savings—" (here the class still looked rather blank) "I presume you have heard of savings?"

Two Techsians were following the usual Sunday night routine for students dining out. After they had eaten, both ordered after-dinner coffee. Engrossed in what he was saying, the boy picked up his iced-tea spoon he had used during the meal and started stirring his coffee with it.

His dinner partner looked at him, raised one eyebrow and said, "Why don't you ask the waitress for a table spoon, or would you prefer an egg-beater?"

We encountered a new attitude toward cutting classes recently. One student that we know has consistently cut every time double cuts were offered—he evidently feels that while such a bargain is being offered, he should get the benefit of it.

Another attitude that we met was the student who cut class to show her teacher that she didn't care because she got an F in the course on her mid-semester grades.

Although we dislike bringing in the journalism department, (for fear you think us prejudiced), we did think you would enjoy this story of a reporter's woes and how jokers add to them.

One reporter took very hasty notes during an interview. When he came back to the office, another writer had to do the story because of a need for meeting press deadlines.

(The story was about the World Student Service fund, which furnishes aid to students in foreign countries.)

Where the interviewer had abbreviated Australia with "Austra," the second journalist understood that the Austro-Hungarian empire was meant.

Rushing in, he said, "Would anyone care to donate to a good cause? Young, poverty-stricken freshmen in the Austro-Hungarian Empire can't even get enough money to buy slime caps."

Somehow we feel that someone should write the WSSF and let them know this new empire just won't last after about Nov. 3, 1918.

There were some rude awakenings at the Texas College of Arts and Industries when an unknown party raced a big grey horse down the corridor of one of the dormitories, after midnight. The horse galloped into a few open rooms, causing explosive comments from the occupants.

MR. SMEDLY, THIS MAN SAYS YOU CALLED AND THAT YOU OWE HIM EIGHT DOLLARS.

### Texas Tech Talk

## College Has 'Royalty' But No 'Kings' So Far

By John Norcross  
Toreador Editor

So far we haven't heard of any "duchesses" at Tech, but the college has its share of royalty.

There are several "queens" and "princesses" on the campus. Friday, another Tech coed will be elevated to royalty when the engineers name their Engineering Queen at the annual engineering ball to be held in the Hilton hotel.

Tech will sponsor Sun Princess

Sue Haynie for Sunbowl Queen at the annual New Year's Day classic, when the Raiders will tangle with College of the Pacific.

All Tech needs now is a few "kings" to keep up the male royal line.

One of the most worthwhile projects of the year will be the annual WSSF talent show to be presented at 7:30 p.m. Wednesday night in the Rec hall.

Sponsored by the Student council, the show is staged each year to help raise money for the World Student Service fund. All clubs on the campus have been invited to plan acts for the show.

Tickets will be 25 cents, a small price for the amount of good entertainment to be dished out. Let's have a big turn-out for the show!

According to Dr. J. J. Willingham, head of the dairy manufacturing department, the cow that produced the milk you're drinking today, may be grazing peacefully on a farm in Wisconsin.

He says that from 60 to 80 per cent of the milk consumed in Lubbock county is produced elsewhere. The present milk shortage, which left the dormitories without milk for almost two weeks, is not a local situation, but a nation-wide affair.

In fact, the shortage goes back to 1942, when Lubbock was known as the top butter-producing center in Texas. Millions of pounds of milk were processed into butter and cheese in the Lubbock area.

Then the OPA set a milk price ceiling, though the prices of cow feed and farm labor continued to rise. Most dairymen had to go out of the business and start cotton farming. At present the number of dairy animals in this area is only about half what it was in 1942. The population of the area, however, has almost doubled.

Since there is not enough milk to supply the local demand, shipments have to be made in refrigerator cars from Ohio, Oklahoma and Wisconsin.

As long as the cows of Wisconsin are contented, we will have milk. But cold weather in the mid-west can bring shortages of milk here. Let's hope the cows stay contented.

### With The Colors

Lynn Turner, former Tech accounting major, is now stationed with the navy at Corpus Christi. He is serving as a photographer.

John Brune, formerly in the signal corps unit at Tech, is stationed at Fort Monmouth, N.J. for a three months refresher course.

Brodie Adair, now stationed with the marines at Camp Pendleton, San Diego, has completed boot training. He was to be in Lubbock last week visiting his parents, Mr. and Mrs. B. E. Adair of Cain Terrace.

Adair was formerly a business administration major.

Charles Edward Clowe, '49 A.H. graduate, has been selected for the December class of the Naval Officers school at Newport, R.I., according to word received by Mrs. Jean Jenkins, placement officer director.

In the letter telling of the appointment, Commander H. Heime of the U.S. Navy Recruiting service in Dallas said, "The selection of this young man reflects credit upon the thorough and well rounded education which he obtained at your institution since our standards are set quite high."

Visiting in Lubbock and Lorenzo recently was Lynn M. Hargrove, construction electrician apprentice in the navy. He has just finished a 13-week training period with the Sea Bees in Port Hueneme, Calif.

Hargrove is to report to Davisville, R.I. He was a petroleum geology major at Tech before last April when he enlisted.

Second Lt. John J. Boyd, former agricultural economics major, visited in Lubbock recently on leave from the air force.

He is stationed at Clarksville Air Force base in Clarksville, Tenn. and is on the air police force.

# Chinese Textile Engineer Is Authority On Texas Cotton

China, the world's oldest producer of fine cloths, is now contributing to the cotton research at Tech in the person of Frank Louis.

"I wouldn't mind staying in Alpha Chi Hears Dr. Rister Date Is Set For Initiation

Alpha Chi, national honor fraternity for juniors and seniors, heard Dr. Carl Coke Rister and had the fraternity sponsor introduced at its meeting Wednesday afternoon.

E. Richard Heineman, professor of mathematics, is the newly elected faculty sponsor for the group.

The fraternity set Dec. 11 as the date for the annual initiation banquet for new members, who were selected from the upper 10 per cent of the junior and senior classes.

Dr. Rister is Tech's first distinguished professor. He is nationally known for his historical writings.

## ENGINEERS IN DALLAS

Six engineering majors who were graduated in 1951 are working in the engineering department of Chance Vought Aircraft division, Dallas. They are J. A. Tomkinson, Waco; S. G. Evetts, Dallas; W. J. Askew, Wichita Falls; R. C. Hix, Sherman; David R. Chamberlain, Dallas, and Joe H. Hall, Lubbock.

Jerry Dorsey, management major who was graduated in 1950, is with the Southwestern Investment company in Big Spring.

America all my life but I want to go back and help the people of my country," Louis said when asked what his plans were for the future.

Louis began full-time work for the Texas cotton research laboratory after receiving a degree in textile engineering at Tech in 1951.

He was born in Shanghai in 1926 and came to America in 1937 but returned to China in 1940 to attend school. He came back to the U. S. in 1947 to become a textile engineer and plans to return to China when the communist influence is gone.

Louis worked his way through two years at San Antonio college by teaching part-time in a Chinese school.

In 1949 he came to Tech to study textile engineering and worked his way through by working in the cotton research lab.

This lab conducts all kinds of experiments with cotton, Louis said. "We test the strength of fibers and other properties of Texas cotton for any buyer or mill in the country," he continued.

"We try to develop new uses for Texas cotton. Most of it, because of its short staple, is now used to make Levis, shirts and other cloths which are woven out of comparatively coarse yarn," Louis said.

This service goes anywhere that Texas cotton goes.

## PROF TO SPEAK AT TULIA

Raymond Elliott, associate professor in the music department, will give the main address at the installation and ladies night banquet of the Tulia Kiwanis club Dec. 11 in Tulia.

# Study Fellowships Open To Faculty

Study fellowships are available for Tech faculty members, according to Dr. E. N. Jones, vice-president. Applications and information concerning the fellowships are available in the vice-president's office.

The fellowships will give faculty members an opportunity to study in fields outside their special interests and thus become better interpreters of significantly broad aspects of humanistic studies.

They are sponsored by the American Council of Learned Societies. To qualify for a fellowship, the nominee must have demonstrated a high degree of scholarly competence in a specialty within the humanistic area of learning, have had five years of teaching experience prior to September 1951, have the degree of Doctor of Philosophy or its equivalent and have attained at least the rank of assistant professor.

The award may be for part-time study during the academic year with one-half release from the receiver's normal duties or full-time study for two quarters or one semester. Stipends will be estimated so that compensation for time lost while studying will equal the student's normal salary.

Whenever possible, the applicant is expected to study at the college in which he is presently teaching.

December 15 is the deadline for applications to be received in the vice-president's office. Announcement of the awards will be April 15.

## Ft. Worth Chapter Of Tech Exes Will Have Dance Friday Night

The Fort Worth chapter of the Tech Ex-students association will have a dance Friday at the Meadowbrook Country club at 8 p.m. Exes of Dallas, Parker, and Palo Pinto are invited to attend the dance.

# Outdoor Housewives' Work Never Done, This Picking Up Paper Ain't No Fun!

Do you remember when you used to "play like" about 10 or 15 years ago? Then let's play like again.

The ground is covered with drifts of something white. There are flashes of crystal sparkling in the sun. Branches are lying around where they have fallen from the trees.

Is this the result of a sudden snow storm? No, it's an example of what Tech campus would look like if it weren't for the diligence of the men in the grounds maintenance department.

The main job of the 11 men in the maintenance crew is to keep the grounds clean. This includes weeding, pruning trees and plants, clearing the campus streets of debris and mud after storms and picking up papers and coke bottles dropped on the campus by students, according to W. M. Gosdin, superintendent of ground maintenance.

Along with their regular duties of keeping the grounds clear of trash, mowing, laying and repairing water and gas mains and moving and setting out plants,

# The Signal Caller

By JOHN LEE

The Raiders will be out to break a five-time bowl drought when they meet College of the Pacific in the annual Sun Bowl classic New Year's day.

Five times in the school's 25-year history the Techsians have taken the field against post-season opponents and five times they have been defeated, never by more than one touchdown.

West Virginia turned the trick first in 1938 by edging the Raiders 7 to 6 in the Sun Bowl. The following year saw the Raiders getting the Cotton Bowl bid after a perfect season (the only one in Tech's history) and then falling to the Galloping Gaels of St. Mary's 13 to 20.

Three years later, under the reign of newly-appointed Dell Morgan, Tech returned to the Sun

Bowl and lost to Tulsa, 0 to 6.

After a six-year layoff, the Raiders returned to the Sun Bowl and were dropped by Miami, Ohio, 12 to 13. After skipping a year, the Raiders went to the coast to play in the Raisin Bowl in an attempt to break into the win column, BUT fate and San Jose State intervened and the Raiders lost again, 13 to 20.

Now, after turning back Hardin-Simmons for the Border title, the local lads will again be faced by the daddy of all little jinxes. Head coach DeWitt Weaver, with a good season's work under his newly acquired belt, will have the chance to put the crowning touches on his record.

He has moulded a bowl-bound team from a group of freshmen who weren't even expected to scratch in their own conference. And to top that, his boys handed Southwest Conference champion TCU its worst defeat of the year.

Congratulations to Jerrell Price and Red Phillips, both of whom received honorable mention on the Collier's All-Southwest regional team. Jerrell is going to play in the East-West classic, in San Francisco, while Red travels to Montgomery, Ala., for the Blue-Grey game.

Both games are to be held Dec. 29. This will enable the two to return in time to take part in the Jan. 1 game at El Paso. They will work out with the Raiders until time for departure.

Jerrell was also picked to the Fort-Worth Star-Telegram All-Southwest team. He was the only non-Southwest conference member to make the squad.

An interesting note in Saturday's tilt was the surprising burst into the limelight of fullback Sandy Welton. Split-T plays with the fullback carrying the ball are few and far between. So much so that Sandy has averaged only about three plays - per - game until the Hardin-Simmons fracas.

# Raiders Wallop Indians, 84-64, Open Home Basketball Season

Tech's Red Raider basketball team opened its home season last night with a convincing 84 to 64 wallop of the McMurry Indians as the Techsians began to show the form of last season for the first time.

Friday night the Raiders meet Abilene Christian college in Brownwood.

Paul Nolen, six-foot, 10-inch center for the Raiders who led the team's scoring last year, was again at the head of the quint last night as he sank nine field goals and four charity pitches for a 22-point total.

But, the Raiders continued to show the balance and effective team work that won them the Tulsa tournament last week. It was a 61 to 42 victory over Hardin-Simmons university that gained them the tournament crown Friday night.

Score at half: Texas Tech, 51-25. Officials: Hamilton and Barrett.

Verdell Turner was second in Tech scoring with 18 points, only two of which came from the free throw line. After the Raiders took

a quick 9 to 0 lead on the Indians, the Abilene crew fought back to a 16 to 24 score by the end of the first quarter.

They never came any closer to Tech. By halftime Tech led 51 to 25. During the last half of the game the Raiders maintained a 20-point lead on the Methodists except for a brief period early in the third period when the Indians pushed to within 18 points of the Techsians.

## Keys Stay Atop MICC Grid Loop

Silver Keys continued to hold the lead in the Men's Inter-Club football league by spanking the Adelphi 19 to 0 Sunday afternoon.

The Keys remained undefeated as they moved one step closer to the league championship and a berth against Sneed Gypmills for the all-college championship. Only two league games remain to be played.

In other games in MICC league Sunday, College Club downed Los Camaradas 12 to 0 as Bryan Close and Sam Dibrell scored touchdowns. Socii beat Wranglers 15 to 0 as Sammy Hale ran for one touchdown, passed to Don Pope for another and to Jimmy Small for a point after touchdown. The other two points were scored on a Wrangler punt blocked to the ground in the end zone.

Centaur defeated Kemas in overtime play by outgaining them 25 yards to five yards.

## 'Mural Hoopsters Open Play Tonight

Intramural basketball opens tonight with the Sneed Hall Gypmills meeting the Doak Green Hornets and West Hall meeting Men's Dorm IV in a double-header in Tech Gym, beginning at 7 p.m.

Tomorrow night the Sneed Demons meet the Dorm III team before the Baptist Student Union Bums face the Disciple Student Fellowship quint.

## J. Paul Sheedy\* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

**SHEEDY** looked bird-seedy with his ruffled hair. He didn't know feather to bury his head, or go on a wing-ding! "Owl I ever get a date for the prom?" he asked his tree roommates. "You're robin yourself of popularity, birdbrain," they chirped. "Better be cagey and get Wildroot Cream-Oil! It's non-alcoholic! Contains soothing Lanolin! Grooms your hair neatly and naturally. Relieves dryness... removes loose, ugly dandruff!" Now Paul's flying high! The sweetest little chickadee on campus has him out on a limb. So get a bottle or tube of Wildroot Cream-Oil at any drug or toilet goods counter tomorrow. And next time you see your barber, ask him for a professional application. Then you'll really be in there pigeon!

### Tech Takes Bid

The Cowboys tallied 69 seconds and two plays later when a Bob Hart to Bill Cagle aerial covered 68 yards to cross the double-stripe and again put the Raiders under pressure.

#### Turner Scores

After the final quarter got under way, the Techs pushed across what proved to be the winning margin. Turner pulled in a 10-yard toss from Arterburn to culminate a 16-yard, 88-yard scoring drive.

HSU managed another score with one minute remaining but couldn't dislodge Arterburn from the ball in three desperate attempts to regain it in the final 60 seconds.

Junior ended the game with a ring-around-the-rosey run which ate up all of the remaining time.

#### Thompson Sets Record

John Thompson spelled finis to two Hardin-Simmons threats by twice intercepting Hart passes. This lifts his season total to eight, high for the Raiders.

Welton was the leading ground gainer of the game with 84 yards in 11 attempts. He also caught two passes for an additional 41 yards.

Tech's victorious footballers will have about a week's vacation renewing their grid efforts.

#### Three Co-ed Sports Added To PE Department Study

Three more co-educational physical education courses will be offered next semester, according to Dr. Ramon Kirellis, head of men's physical education.

Courses will be taught in tap dancing, social dancing and fencing for the first time on a co-ed basis. Courses that have been offered this semester are golf, tennis and bowling. Those will be offered again in the spring semester.

#### Veep Attends Dedication

Dr. E. N. Jones, Tech vice-president, attended the dedication ceremonies of the Browning library at Baylor yesterday.

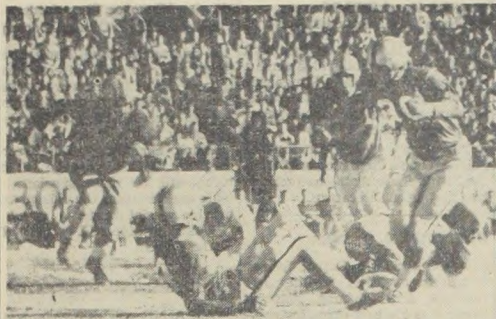

### Pick a World Champion! OMEGA

**FULLBACK'S HOLIDAY**—After a relatively inactive year at the Split-T fullback post Sandy Welton (30) carried 18 times Saturday in the 28 to 21 victory over H-SU. He scored one touchdown. Above he carries for a 14 yard gain following an interception by John Thompson and a loss on the first play. Coming in to throw a block on the play is center Red Phillips. Lewis Crossley is shown knocked to the ground. Pat Tone (68), Cowboy tackle, is heading in for the tackle. He was assisted by guard Billy Ray Nail, not shown. (Photo by Dolores Ketchersid)

**INTERCEPTION SPECIALIST**—Raider sophomore safety John Thompson (52) runs back the first of two interceptions in the Hardin-Simmons game Saturday. The ball, flung by Cowboy quarterback Bob Hart, was intended for halfback Dunny Goode (15) who is heading in to tackle Thompson on the 50 yard line to set up the play shown at the right. (Photo by Dolores Ketchersid)

## Price, Phillips Accept All-Star Bowl Bids

Jerrell Price, Tech Red Raider football captain and All-Border conference offensive and defensive tackle, Sunday was presented an invitation to play in the annual East-West Shrine Bowl game in San Francisco on Dec. 29.

He was the second member of the Raider eleven to receive a bid to an all-star game. Aubrey "Red" Phillips had received an invitation to play in the annual Blue-Grey game in Montgomery, Ala., on the same day.

Both Price and Phillips have accepted the bids, following comple-

tion of a successful season, in which they played a large part in bringing home the Border Conference crown from Canyon.

They will return to play with the Raiders in the Sun Bowl in El Paso on Jan. 1. Price will play with the West squad in the Shrine game and Phillips will play with the Grey at Montgomery.

O. L. "Babe" Hollinbery, former coach at Washington State college and chairman of the selection committee for the Shrine Bowl game, made the announcement of Price's selection to the

team. It is the first time since 1947 that members of the Raider team have been so honored. Then center Tuffy Nabors and end Joe Smith played in the Blue-Grey game.

Phillips shared with Price the captaining of the Raiders to their 6-4 season record, also gaining recognition on the All-Border Conference offensive and defensive platoons at the center position.

A sparrow's neck has 14 vertebrae.

### Young Poet Writes From Inspiration

"I just write when I feel like it," said Willie J. Turner, sophomore journalism major from Melvin, when he was asked about his success in writing poetry.

Turner has just had his second poem included in the National Anthology of College Poetry. This makes his fourth published poem. The piece, which is entitled "To Oxford," is about Oxford university in England. Turner got the idea for this poem after reading

an essay on Oxford in his freshman English class.

This is the second year that the young author has had his writing included in the national anthology. Last year the book included Turner's "Prayer." He also had two pieces published when he was in high school. One was included in the National Anthology of High School Poetry and the other in a book entitled "Sermons in Poetry."

Turner, who is a licensed Baptist preacher, plans to attend Southwestern Baptist seminary at Fort Worth after his graduation from Tech. He then will go into some phase of Baptist work as he has devoted himself to full-time church service.

### English Prof Will Discuss Science And Romanticism

Dr. Roy R. Male of the Tech English department will attend a meeting of the Modern Languages association during the Christmas holidays and will present a paper to the conference.

The paper, "The Influence of Science upon Romanticism," will deal with the effects that science has had upon literature.

### INSTRUCTOR LEAVES

WOJG Leslie J. Roper, former instructor at Tech, recently left Lubbock for Salzburg, Austria. Roper was a signal corps instructor for four years at Tech. His wife and son, who is a sophomore student at Tech, will remain in Lubbock.

### Wayland Speaker, Singspiration Highlight Student Center Opening

A fellowship for all Baptist students will be held after church Sunday night in the new student center at 2410 13th street, according to Ardelle Hallock, student secretary.

Frank Bounds, student secretary at Wayland college, Plainview, will be main speaker. A male quartet from the college will provide special music.

A singspiration will be held after the speech.

### AIME MEETING PLANNED

The AIME will meet Thursday, Dec. 6, at 7:30 in the Petroleum Engineering building. D. D. Brouserock of Lubbock will discuss "The History of Acidizing."

### ROTC Cadets To Nominate, Select Company Sponsors

Army ROTC units are planning the selection of four sponsors, one for the task force overall and the other three for companies A, B, and C, respectively, according to Maj. Victor B. Penuel, associate professor of military science.

Any army ROTC cadet may nominate a girl for sponsor. Nominations probably will be completed prior to the Christmas holidays and the final election held immediately afterward, Major Penuel said.

### Senior Honorary Society Initiates Foster, Parker As New Members

Jane Foster of Bowie and Carolyn Parker of Amarillo were formally initiated into Forum, senior women's honorary organization at 1 p.m. Sunday, according to Peggy Carter, president.

Members are chosen on the basis of scholarship, campus leadership and general ability, Miss Carter said.

The initiation was held in the home of Sue Rainey, club sponsor.

### Sam Houston Rifles Group Gives Half-time Exhibition

The first public performance for this semester of the Sam Houston Rifles organization was during the half-time at the Tech Hardin-Simmons game Saturday.

Sam Houston Rifles was organized three years ago. It is composed of air and army ROTC students, with 28 members this semester. The commander is Lt. Clifton R. Dew, senior business administration major of Ysleta.

### Housewives —

they help other departments move into new buildings. The latest example of this is assisting the home economics division move into its new quarters.

The new sidewalks around the Administration building were laid by the maintenance men. When there is an especially busy season, extra men are hired temporarily. The permanent crew of 11 works the year round, however, to keep the campus of Texas Tech in top condition.

Most patent medicines aren't what they're quacked up to be.
