

Council Picks Sun Princess By Slim Vote

Harriet Henderson, Lubbock sophomore, was selected Tech's Sun Princess last night in Student Council meeting. She will represent Tech at the Sun Carnival in El Paso Jan. 1, 1953.

Miss Henderson was elected by a one-vote margin on the fourth ballot. Each contestant was questioned by the Council individually.

Other contestants were Zoe Merriman, Lubbock Arts and Sciences freshman; Sandra Sadler, Merkel Home Economics senior; Jennie Scott, Wellington Journalism freshman; Bobbie Wilson, Dallas Secretarial Administration sophomore; Nancy Chastain, Breckenridge Arts and Sciences freshman; and Margaret Wood, sophomore English major from Spur.

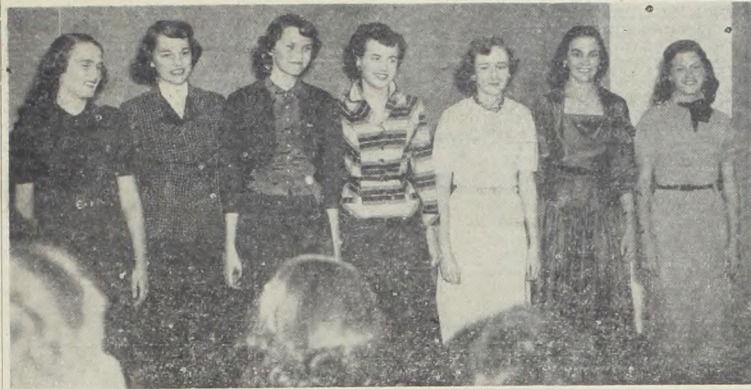

The Sun Princess, as a representative of Tech, will be a guest of the Sun Carnival Association while in El Paso. The Association will furnish housing for the Princess in one of El Paso's leading hotels. The Princess must furnish her own wardrobe. She must also pay her own expenses to and from the Carnival.

Miss Henderson will attend all Carnival functions and events. The Carnival Association will furnish escorts for her. Separate floats will be furnished by El Paso merchants.

the Toreador

Vol. XXVIII Texas Technological College, Lubbock, Tuesday, October 28, 1952 No. 11

Who Will Be Sun Princess?

PARADE OF POTENTIAL PRINCESSES—Seven candidates for Sun Princess line up for inspection by the Student Council Monday night. Left to right are: Margaret Wood, Jennie Scott, Harriet Henderson, Bobbie Wilson, Sandra Sadler, Zoe Merriman and Nancy Chastain. Miss Henderson eclipsed the others on a fourth ballot and will represent Tech at the Sun Bowl game in El Paso Jan. 1.

Judges Select Twelve Coeds For Beauties

Twelve girls were selected 1953 La Ventana beauties Sunday afternoon at the Recreation Hall.

The top six include Pat Haws, Sue Hefley, Ann Perkins, Jennie Scott, Ann Lee Turner, and Bobbie Wilson.

Second six are Jerre Bedford, Mary Alice Braselton, Elna Dunagan, Harriet Henderson, Jane Hicks, and Zoe Merriman.

Pictures in Color Section

The twelve coeds were chosen from a field of 31 girls in the final elimination. All 31 will be featured in a 24-page color section. Connie Hopping, Miss Texas of 1952, and the official beauty hostess, will be featured on the first page of the section. The top six beauties will have two pages of pictures each. The second six will be pictured on one page each. The remaining 19 girls will have pictures on the color section.

Judges for the final contest were Bill Cherry, editor and Beverly Beck, artist of the West Texas State yearbook; Robert Walker, editor; Nancy Cheaney, associate editor; and Bill Forbus, editorial assistant, of the Hardin-Simmons University annual.

Sophomore from Ropesville

Miss Haws is a sophomore Home Economics student from Ropesville. She is a member of Ko Shari social club.

Titles held by Miss Hefley, who is a secretarial administration freshman from Texline and D.F.D. pledge, are FFA sweetheart and Air ROTC Squadron E sweetheart.

Miss Perkins is a freshman student from Pampa. She is in the division of arts and sciences.

A Wellington freshman, Miss Scott is a journalism major. She is pledging Las Vivarachas.

Miss Turner, McKinney sophomore, is assistant girl cheerleader, Ko Shari member, and an Arts and Sciences student.

Sophomore from Dallas

Miss Wilson is a Dallas sophomore studying business administration. She is a DFD member.

Misses Bedford, Braselton, and Merriman are freshmen in the division of arts and sciences. Miss Bedford is a Lubbock Ko Shari pledge. Miss Braselton is from Plainview and is pledging DFD. Miss Merriman, another Lubbockite, is pledging Sans Souci.

Misses Dunagan, Henderson and Hicks are sophomores. Miss Dunagan is an arts and sciences student from Tahoka. She is pledging Souci. A Lubbock speech major, Miss Henderson is a Ko Shari and was a 1952 La Ventana beauty. Miss Hicks is a Souci from Wichita Falls. She is in the division of Business Administration.

Union Dedication Planned Friday

Dedication and cornerstone laying ceremonies for the newly completed Student Union Building will be held at 3 p.m. Friday, according to James G. Allen, dean of student life.

Ceremonies will be held in front of the main entrance to the building in the northeast corner. Music will be furnished by Tech Band and Choir giving a Bach chorale, "Now Let Every Tongue Adore Thee." Dean Allen will act as master of ceremonies and several college officials will make brief talks.

Scheduled to speak are D. M. McElroy, retiring executive secretary of the Ex-Students Association, which contributed over \$25,000 to the building fund; Atmar Atkinson, member of the architectural firm which designed the building; Charles C. Thompson, member of the Board of Directors from Colorado City; Dr. D. M. Wiggins, fifth Tech president; Dr. E. N. Jones, present Tech president; and Harold Brannan, Student Association president.

Invocation will be given by Patie Scales, member of the executive committee of the Student Religious Council.

Student Council Approves Sale of Mums, APO Request

A request by the Home Economics Club to sell mums Homecoming day was approved by the Student Council last night. Booths will be set up in the Administration, Agriculture and Home Economics buildings.

The Council also approved Alpha Phi Omega's petition to decorate the Gym for the Homecoming dance Saturday night. APO will operate Coke and coat-checking concessions at the dance.

Harold Brannan, Student Association president, announced that North Texas State College has challenged Tech to a "Blood Duel." The challenge stipulates that the Red Cross blood donation contest will end Nov. 8. The Council moved that the challenge be tabled until a later date since there is not enough time to set up the blood unit here.

The Association president appointed a committee to investigate

the campus insect problem.

Jim McGraw, Student Association vice president, announced that the chartered bus for the out-of-town game will leave Saturday morning, Nov. 8. Since all persons who reserved space on the bus did not appear at the meeting yesterday, the positive destination is not certain.

Students who have reserved space on the bus will be contacted to determine whether they wish to stay in Dallas or Fort Worth Saturday night, Nov. 8.

A conference of Texas Intercollegiate Student Association members will be held in February, 1953. Benny Bruckner, Student Association business manager, announced at the meeting. Plans are made to invite deans and educators of the state to attend the conference. The purpose of the conference is to study what a college education is doing to the student.

HC Pep Rally Planned Friday

Saddle Tramps, men's service organization, has released plans for the Homecoming pep rally Friday night.

The rally will begin at 7 p.m. in the Gymnasium, says Bill Bales Saddle Tramps president. After yells and songs in the Gym, the cheerleaders and ST members will lead the students across to the bonfire.

The cheerleaders will lead more yells, and at a signal, freshman boys will light the fire.

For further details on the planned ST activities, see Under the Breezeway, P. 4.

FROSH RUN-OFF

A run-off election to choose the AWS representative for the freshman class is scheduled for 5 p.m. Wednesday in C101, announces Bob Beckwith, president.

Nancy Chastain and Mary Alice Braselton are running for the position.

Tech's Top Beauties

LINEUP OF LA VENTANA BEAUTIES—Six top beauties chosen at Sunday's final elimination are, left to right, Ann Lee Turner, Sue Hefley, Pat Haws, Ann Perkins, Jennie Scott and Bobbie Wilson.

Board of Directors To Meet Saturday

Texas Tech's Board of directors will combine business with pleasure after an official meeting at 10 a.m. Saturday. The group will attend the ex-students luncheon before the Homecoming game between Tech and Houston University at 2:30 that afternoon.

Board members and their wives will also attend the Student Union building dedication at 3 p.m. Friday. The ex-students' luncheon will be held in the gym at 12:15 noon Saturday.

Final inspection of new buildings on the campus is part of the board's job here. The board of directors must accept each building before payment can be made, according to M. L. Pennington, comptroller and vice president. Only the Ag Engineering and Music buildings have passed final inspection thus far.

Study Grants Given Foreign Students

Eight study grants were issued following interviews last Friday afternoon, according to James G. Allen, dean of student life.

Three foreign student scholarships were awarded to Hossein Karimi, senior; Parniz Parsa, junior; Jahlil Parsa, senior. All are arts and sciences students from Teheran, Iran.

Five Latin-American students received scholarships. They are: Ruben Borunda, agriculture senior from Chihuahua; Vernon Kim, engineering senior from Honolulu; James B. Lakas, engineering senior from Colon, Panama; Antonio Mendez, engineering sophomore from Piracicaba, Brazil; and Carlos Robles, business administration junior from Medellin, Colombia.

Eight Men Initiated In Phi Eta Sigma

Phi Eta Sigma, freshman men's honor society, initiated eight members at its meeting Saturday afternoon.

New members are: Edward Weyman, business administration student from Midland; Wendell Moore, business administration student from Tahoka; Billy Joe Garner, agricultural education major from Lubbock; Don Covey, petroleum engineer from Lubbock; Charles Richard Ratliff, dairy manufactures major from Plainview; Donald Funk, pre-medical student from Hobbs, N. M.; Charles Cunningham, animal husbandry major from Garden City; Donald Fortenberry, arts and sciences student from Adrian.

A banquet was held in the Caprock Hotel after the meeting. Dr. L. M. Cline, new distinguished professor of geology, spoke on the use of knowledge of geology for enjoyment and understanding of scenic tours.

Officers of the society are Thomas L. Edmonds, president; Dale Hoover, vice president; David Ruckley, secretary; and Craig Wilkerson, treasurer.

Baking Expert Will Show Techniques

Miss Louise Garrett, regional home economist of the Wheat Flour Institute, will speak at 11 a.m. tomorrow to freshmen home economics students in HE105 about new careers in their field. She will be on the campus tomorrow and Thursday.

While Miss Garrett is here she will also present a baking demonstration to foods classes by means of colored slides. Techniques for making basic breads, as well as many variations, will be illustrated.

Miss Garrett will speak at 4 p.m. Thursday in HE105 on "Opportunities for the H.E. Graduate in Business," to seniors majoring in home economics and other interested students.

Miss Garrett will be here as the guest of Miss Margaret Weeks, dean of Home Economics Division.

Art Guild Exhibit Opens at Museum

The South Plains Art Guild's annual exhibit will be held Sunday through Nov. 15 in the Tech Museum's Art Gallery, states Mrs. George Pierce, Art Guild publicity chairman.

Included as judges of the show are Robert I. Lockard, associate professor of architecture and allied arts; Richard Tracy, instructor in architecture and allied arts; and John McKaughan, Tech graduate.

Purpose of the show is to stimulate interest in art and encourage new thought in the associated fields which are the foundation of the South Plains Art Guild.

Displayed will be ceramics, prints, metal craft, water color media, oil paintings and textiles. The 150 members of the guild have been invited to make entries in the show. Judging, which will be completed Thursday, will be based on command of technique, originality and practicability to the show's display theme.

Among Art Guild members displaying their work are Mr. Tracy; Dr. Elizabeth Sasser, assistant professor of architecture and allied arts; Mr. and Mrs. Jem Block, Tech graduates; and Miss Edna Houghton, assistant professor of architecture and allied arts.

HE Majors, Exes, Friends Will be Honored on Friday

A tea will be held from 4 to 5:30 p.m. Friday by applied arts majors in the faculty and student lounge of the Home Economics Building.

The tea will be in honor of exes, present majors and friends, and all women interested in applied arts, says Miss Martye Poindexter, department head.

Any student interested in meeting applied arts majors, the home economics faculty, Dean of Women Marjorie Neely and her staff are invited, says Miss Poindexter.

SPANISH MEETING

Sigma Delta Pi, honorary Spanish organization, will meet at 7 p.m. Tuesday in Ad217.

"The Streets of Mexico" will be the program topic, says Joan Schovajsa, reporter.

Engineering Society to Meet Tonight in The Green Room

There will be words, women and smoke tonight when the Engineering Society meets at 7:30 in the Green Room.

A program will be given by members of Ko Shari, DFD and Sans Souci. There will also be an election of officers, and an outline of the year's work will be given.

All engineering students are invited to attend regardless of classification or major, says James Heinlen, program chairman.

Men's Rush Week—Wranglers

Artie Nelson Evans, Carl Hart Jr., Jimmy Johnson, William Craig Morris, Ted J. Simon, Jo Guy Smith, Bill Mack Whorton, Lubbock; Tony Jones, Thurman Weathered, Elmer Wilson, Pampa; Mabrey L. Waggoner, Ronald K. White, Vernon; John Dunnaway, Hobbs, N. M.; Elton Ray Howard, Childress; John Wesley Maddox, Henrietta; Benton Charles Ribble, Fort Worth; Peter D. Rinaldi, Orange, N. J.; and Ted H. Sonnenburg, Shamrock.

Mrs. Vivian Adams, head of the home economics education department, will attend a workshop conference in Mineral Wells Oct. 28-29.

Clubs, Sororities Continue Visits

Three more meetings between national sorority representatives and women's social clubs will be held Sunday through next Tuesday, to end the series of informal discussions.

At 4 p.m. Sunday Chi Omega will entertain Ko Shari and at 8 p.m. the same day Chi Omega will meet with DFD. Both meetings will be in the home of Mrs. Clayton Carter, 4605 W. 17th St.

Las Vivarachas will meet with Delta Gamma at 7:30 p.m. Monday Nov. 3 at the Lubbock Women's Club, 2020 Broadway. At 7:30 p.m. Tuesday, Delta Gamma will meet with DFD at the same place.

Representatives from Pi Beta Phi, Zeta Tau Alpha, Alpha Phi, Kappa Kappa Gamma, Alpha Delta Pi, Kappa Alpha Theta, Delta Delta Delta and Gamma Phi Beta have entertained members of local clubs during the last two weeks.

Requests to petition national sororities may be initiated by local clubs after Nov. 15. These petitions will be submitted through Mrs. Marjorie Neely, dean of women.

Techsans Play in Local Symphony

Fifteen Tech students and two faculty members are playing with the Lubbock Symphony Orchestra which opened its concert season last night and performs again tonight at 8:15 at the Lubbock High School auditorium.

Those participating are: Mr. Don Thompson, Rosemary Sprague, Carol Jean Sandlin, Clet Brown, Ellene Portwood, Verbi Oldham, Don Worthan, Wyatt Burkhalter, Chuck Wilson, David Carthel, Janice Snodgrass, David Wiggins, Guy Knowles, Elmer Stevens and Richard Wilke.

Robert Dean, playing viola, and Joe Haddon, playing violin, are representatives of the music faculty. Miss Lucile Cummings, contract opera and radio, is the first guest artist of the season.

Tickets for the second performance tonight will be sold at the box office at \$2.40 and \$1.80. Students with activity books will be admitted by showing them at the door.

Sick List

The infirmary sick list Monday included: Janice Barron, Lamesa; Carl Tyer, Ralls; Lowry Martin, Lamesa; Luther Heath, Brownfield.

NOSE, THROAT,

and Accessory Organs not Adversely Affected by Smoking Chesterfields

FIRST SUCH REPORT EVER PUBLISHED ABOUT ANY CIGARETTE

A responsible consulting organization has reported the results of a continuing study by a competent medical specialist and his staff on the effects of smoking Chesterfield cigarettes.

A group of people from various walks of life was organized to smoke only Chesterfields. For six months this group of men and women smoked their normal amount of Chesterfields—10 to 40 a day. 45% of the group had smoked Chesterfields continually from one to thirty years for an average of 10 years each.

At the beginning and at the end of the six-months period each smoker was given a thorough

examination, including X-ray pictures, by the medical specialist and his assistants. The examination covered the sinuses as well as the nose, ears and throat.

The medical specialist, after a thorough examination of every member of the group, stated: "It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."

Exes On The Move . . .

Homecoming, complete with football game, dance, corner-stone laying, parade, and decorated buildings, is hovering on the horizon.

At this point, all kinds of advice could be given, such as—be courteous to exes, leave your flask at home when you head for the game, and go out to the pep rallies.

We feel, however, that the majority of Techsians have heard this advice before and, if they haven't, will figure it out for themselves.

One point, though, we feel needs emphasizing.

Exes who haven't been here in from one to 15 years will probably want to drive around and nostalgically look over the campus. Students who see the campus every day will probably drive around and enviously look over the exes.

These exes can be seen just as easily from the sidewalk and with a lot less traffic congestion. Added to the approximately 3,000 cars that crowd Tech streets every day will be another approximate 3,000.

Six thousand drivers, each with ideas of his own, can cause a lot of confusion.

bryan

We've Asked This Before . . .

Few beauties among independents, or just no independent backers?

There were three independent semi-finalists in the La Ventana beauty contest, one independent in the final list.

TECHnicalities

by Ralph Shelton, Toreador Associate Editor

Appearing in the "Backtalk" column on this page is a letter from one of Tech's cheerleaders, Dick Shookley, giving his views on the use of the bull, Black Invader, as the college's official mascot.

We agree with Shookley that the school needs a mascot. We're lucky to have such people as the cheerleaders, who care enough about Tech to worry about such a symbol for the Red Raiders. Most Techsians don't.

We agree, also, that we need "less high school and more Joe College." We feel, moreover, that "Red Raiders" is the more trite and high schoolish of the titles and that such a college as Tech deserves to be KNOWN by the more original and dignified name of "Matadors."

The bull proposed as mascot would fit in admirably with "Matadors"—and with other parts of the Tech theme, such as the Toreador, La Ventana and the Spanish Renaissance architecture of the campus.

The tag "Red Raiders" has stayed with us, though—we used it ourselves in an above paragraph, since most of the readers would be mystified by "Matadors," the official name of the Tech team. Only elderly alums, veteran faculty members and old-guard sports writers are aware that we are not actually the "Raiders."

If the selection of Black Invader is a move toward returning to the use of "Matadors," we're for it as we will join in a campaign to educate the press and public to its use.

If, however, the majority of Techsians are satisfied with "Raiders," we contend that the black bull is unsuitable.

The Indian idea has already been used, we find, at the University of Illinois. Among 5,000-plus students, though, there ought to be some good ideas for a symbol for Tech—if "Raiders" we must be.

Epilogue to the Jan Bulls Letters:

We have found that some readers were bored by the personal exchange between this column and one of our more audible readers. We're sorry.

We have been told that others were amused by it. We're glad.

Since Miss Bull's letters were of a personal, destructive sort rather than of public interest and unconstructive, we plan to restrict them in the future (we don't think hell stop writing) to our filing cabinet.

Enough as the old cliché says, is enough.

Coming Attractions Department:

Homecoming weekend, Nov. 1—the exes that storm the campus will be looking to see if the traditional Tech "Howdy" is still around. Let's hope they find it.

The Tech-North Texas football game in Denton, Nov. 8—the town of Denton is small in size but large on collegiate spirits. It's within 40 miles of both Dallas and Ft. Worth, too. Don't expect to make time with the "Tessies" of FSCW, though, men; the boots-and-spurs boys from College Station are making a corps trip the same weekend.

"Comedy of Errors," Tech speech department production, Nov. 10—our annual shot of Shakespeare; Cecilia Thompson, the former director of the productions took the lumpy culture out of the Bard and put the entertainment value in. May the new head man do the same.

ONLY 10 MORE DAYS

Juniors and seniors have 10 more days in which to have pictures made for LA VENTANA. The deadline is Nov. 8. About 2,400 students had pictures taken to date.

Anyone interested in working on the yearbook may report to J05.

"Ya know, I'm gettin' where I can almost recognize these seniors at a glance!"

Under the Breezeway

by Shirley Johnson, Toreador Editor

In reading information around the office, we found quite a difference of opinion between colleges on the subject of hazing.

In Valparaiso University in Indiana, the hazing activities are in the transition period between being completely wild and completely civilized. On one hand, they have the class float, stunt night and other touches of sanity. However, on the other hand, they have brick parties, gang wars, painted signs and other touches of insanity.

Therefore, the paper pleads, "let this thing (hazing) that is slide slowly down hill. It's so much quieter that way . . ."

Princeton University, however, was not quiet about its hazing. Fifteen students have been sent to the Infirmary for treatment; two of them suffering second-degree burns. The burns were inflicted when freshmen used boiling water to repel a sophomore invasion.

The administration officially frowns on the use of scissors in campus "scalping activities practiced by both warring camps." One man was badly slashed near the eye when the scissors slipped; he required five stitches.

However, officials encourage electric razors for use in these activities.

So far this year we have not heard of any hazing activities on Tech campus, nor even rumors of any. In case anyone is contemplating it, however, it is against Tech law and the rules of the administration.

If Techsians do not have spirit during this Homecoming week, it will be not because they have had no chance to work on enthusiasm.

First, of course, are the morning pep rallies Saddle Tramps is sponsor with the cheerleaders. These rallies will be held Wednesday, Thursday and Friday mornings at 10:55 to 11:15 on the circle.

Next, there is the matter of gathering the wood for the bonfire. The Tramps plan to have a major drive Wednesday night to pick up the wood. Thursday night they will guard the bonfire, along with volunteers from the men's dorms. Schedule for Thursday night is:

Doak Hall—12 midnight to 3 a.m.
Bledsoe Hall—2:30 to 5 a.m.

Gordon Hall—3 to 5:30 a.m.

Sneed Hall—5 to 7 a.m.

Again this year the Tramps have a two-way radio they will use in guarding the bonfire against either accidentally or intentionally catching fire. Just the bonfire will be guarded; the rest of the campus will not be.

Tuesday, At 6:30 p.m. the White Shirt organizations will meet in the lounge of the men's dorm. Freshmen who are interested in the activities of the White Shirts may get in touch with the following:

Gordon Hall—Phil Thompson, Saddle Tramp

Monte Davenport, White Shirt

Bledsoe Hall—Ed Wayman, SS

Larry Mayfield, WS

Sneed Hall—Frank Foster, ST

James Fish, WS

Doak Hall—Rex Saffle, ST

Pat Newbrough, WS

The Saddle Tramps are also in charge of the pep rally Friday night in the Gym. After yells and songs in the Gym, they will lead the parade across the street to the bonfire. At this time they will set off fireworks and freshmen men will light the fire. To close, they will set off fireworks forming a large double-T, and the cheerleaders will lead in singing the Matador Song.

At the game Saturday afternoon, the Saddle Tramps will again sponsor the freshmen shoe race. At this activity, all freshmen men place their shoes on the 50-yard line and retreat to the goal lines. At a signal, the men race back to the middle of the field and scramble around for their shoes.

Heitman to Speak For Theta Sigs

J. R. Heitman, head of the journalism department, will speak at an open meeting of Theta Sigma Phi, women's honorary journalism society, at 5 p.m. tomorrow in J204.

Mr. Heitman, one of a team of radio and television reporters for the National Broadcasting Company during the national political conventions in Chicago last summer, will speak on "TV at the Conventions."

He will interpret television's role in the conventions and make predictions of the part it will play in everyone's life from now on. He was the only Texas representative on the team.

Anyone interested in hearing Heitman's talk may attend the meeting.

BACKTALK

Dear Editor:

I'm writing this letter in defense of the proposed Tech mascot—a Black Angus bull. This animal was not chosen on the spur of the minute by those who felt Tech needed a mascot. Some thought lies behind the choice of this animal. Here is how their reasoning ran:

1. This school and team are officially the Matadors, and our school song, as was voted on last year by the student body, is the Matador Song.

2. The title Red Raiders is a nick-name given to our team by sports writers some seven or eight years ago when we were stomping every school we played. Consequently, contrary to belief by many, the Red Raiders don't signify Indians or Mongolians or some other type of ferocious warriors, but merely a tag for a powerhouse team. This name I think we should keep!

With these points in mind those people who were interested in Tech's having a mascot went about to find an animal suitable to fill the bill. To fit in with the Matador theme, a black bull was a natural choice. Of course, a regular bull-fighting bull would be impossible to handle; however, I believe that the nine-hundred-and-fifty-pound prize winning black bull which appeared at the Tech-Baylor game leaves little to be desired along those lines.

As far as the bull's identification with our school giving it more of a "cow-college" reputation, I say this—SMU's pony or TU's longhorn doesn't necessarily brand them as horse or cow schools. Then, too, Texas A&M hasn't lost any prestige (if it had any to begin with) from being considered an agricultural school. Let's face it—we are partly an aggie school—one of the very best in the state—hence, our being identified as a "cow-college" might not be altogether too wrong or too bad.

Concerning the suggestions on other type mascots—a real live Indian might be the thing we want, but—who will be extrovert enough to dress up like an Indian every game Tech plays and strut around the field, receiving jeers and probably a few well-aimed missiles from the opponents' cheering section? The human element can't be ignored. Then the appropriateness of an Indian might be questioned. In my frank opinion we need less high school and more Joe College; it's not what a school of our size and reputation is capable of producing.

Dr. Earl D. Camp Heads Chest Drive

Dr. Earl D. Camp, assistant professor of biology, is captain of the "school team" in the Lubbock Community Chest annual fund campaign. He and his lieutenants are responsible for soliciting pledges from all institutions in Lubbock that are classed as schools.

Pledge cards containing names of staff members have been sent out by Dr. Camp to all department heads at Tech. Pledges may be made in four installments, on Dec. 1, 1952, March 1, June 1 and Aug. 1, 1953. Pledges must be turned in to Mrs. Flossie Brown, cashier, by Nov. 5.

Lubbock Community Chest supports 12 Red Feather agencies in the fields of welfare, social service, character building and planned recreation activities. Member organizations are: Lone Star Junior Optimist Club, Lubbock Girl Scouts, Social Service Exchange, Camp Fire Girls, Salvation Army, The Lubbock Boys Club, Inc., Milam Home, Boy Scouts, Carver Heights Nursery, USO, The Well Baby Clinic, and Lubbock Day Nursery.

General Will Visit Tech ROTC Units

Maj. Gen. Stanley Raymond Mickelsen, commanding general of Ft. Bliss, will make an informal visit to the Tech ROTC unit on Nov. 6.

Gen. Mickelsen will arrive on Reese Air Force Base plane and begin an informal visit for the express purpose of becoming more familiar with the Tech unit.

Included in the itinerary will be visits to classes in session and informal talks with students; a visit to the president, vice-president and comptroller of the college; and luncheon with Dr. Jones at RAFB at 11 a.m. From RAFB the general will leave for visits to other units.

JUDGES CATTLE

R. C. Mowery, head of the animal husbandry department, went to Perryton Thursday where he judged livestock at an Aberdeen Angus sale.

Deferment Deadline Set For Saturday

Saturday is the deadline for submitting applications for the Dec. 4 Selective Service College Qualification Test, announces Selective Service officials. Applications post-marked after midnight Saturday will not be considered.

Completed applications should be mailed to Educational Testing Service of Princeton, N. J. Eligibility requirements for the deferment test are intention to request deferment as a student, satisfactorily pursuing a full-time course of instruction, and not having previously taken the test.

Students whose academic year will end in January, 1953, are urged to take this test so they will have a score before the end of their academic year.

Dr. Hemmle Plans Six Organizations Choral Music Book Must Draw Spots

Dr. Gene Hemmle, music department head, has a contract with Prentice-Hall, Inc., a New York publishing firm to write a book on choral conducting.

The book, to contain from 100,000 to 125,000 words, is designed to serve as a text in either choral conducting or choral technique. Its scope will cover choral activity in elementary schools, junior and senior high schools, adults or community chorus and church choirs.

The date set for completion of the book is Sept. 1, 1953.

Representatives of six organizations failed to appear at a meeting of float entrants last Thursday, says Brian Boyett, Homecoming chairman.

"If the representatives do not draw for position in the parade by tomorrow, their floats will not be eligible for entry in the parade," the chairman concluded.

Organizations which have not drawn for position are College Club, Silver Key, American Institute of Chemical Engineers, Disciple Student Fellowship, Future Teachers of America and Psychology Club.

Backtalk—

I'm for letting "Black Invader" stay our mascot and, furthermore, making him official. This is one of the first recent earnest attempts at getting Tech a mascot.

As Tech is a growing college, one of those school spirit factors we need bad is something—either man or beast—that can be identified with our college and team, just like the Army Mule or Baylor Bear. Let's let it be the Tech Bull.

Sincerely,
Dick Shockley

WICC President Believes 'Greeks' Will Benefit Tech

"Nationals will be a great benefit to the campus," said Sandra Sadler, Women's Inter-Club Council president, when asked her opinion on this key topic.

Well-informed on the subject since WICC is handling the details of nationalizing local social clubs, Miss Sadler also remarked that one couldn't work so closely with the problem without believing in its advantages.

She explained the organization and duties of WICC, which is composed of the presidents of the women's social clubs and one representative from each club. The organization serves as a governing body for the five groups.

WICC parallels Panhellenic organizations governing national sororities on other campuses. Miss Sadler said that WICC would become the Tech Panhellenic group following the advent of nationals on this campus.

The small, reddish-blond girl is a senior from Merkel majoring in Home Economics. She plans to

graduate in June but is undecided as to what she will do after leaving Tech.

She is the WICC representative from Las Chaparritas, a member of Forum, and serves on the executive committee of the Board of Student Organizations.

Miss Sadler attended Colorado Woman's College in Denver her freshman year and the University of Colorado during the summer of 1951. When asked why she left Colorado, she replied, "Just too far from home."

Asked about her hobbies, she named swimming and playing the piano, favoring classical music.

Lecturer To Show National Park Film

"Below the Big Bend," a film of the Big Bend National Park, will be shown at 8 p.m. tomorrow in Museum auditorium by Allan D. Cruickshank, Audubon Screen Tour lecturer.

Mr. Cruickshank, longtime student of wildlife, will narrate the picture which explores the eleven hundred-square-mile wilderness situated along the Rio Grande River. It highlights the unusual birds, animals, and vegetation of the area.

Also on the Museum activity calendar is a Children's Art Workshop to be held at 9 a.m. Saturday in the Historical Workshop.

TALKS TO THE SENIORS
Opportunities for home economics graduates in the field of selling ladies apparel were discussed yesterday by Mrs. Mary Ware of Loflin-Ware Ladies Apparel. Mrs. Ware spoke to a group of home economics seniors.

Pi Epsilon Tau Will Initiate Students, Faculty Member

Pi Epsilon Tau, honorary petroleum society, will initiate three students and a faculty member into the society at 7 p.m. Thursday at the Lubbock Hotel.

Those being initiated are Don Moore, Lubbock junior; Ed Barfield, McCamey junior; Richard Lawson, Amarillo junior. Norman Lamount, petroleum engineering professor, will be initiated as an honorary member.

An open house for petroleum engineering exes will be sponsored by the club from 8 to 10 a.m. Nov. 1 in the Petroleum building. Coffee and doughnuts will be served.

Stoppers Down Plungers In 3rd Annual Washbowl

Surprising both the experts and the scattering of fans in the stands, the Sophisticated Stoppers of Horn Hall though small in number, displayed superior passing and running ability as they downed the Pink Plungers of Knapp Hall 13-6 in the third annual Wash Bowl game in Jones Stadium Friday afternoon.

The Stoppers started down the trail to their second victory in three years as they scored on the first play from scrimmage, Pat Boles, triple-threat back, ran around end and went over standing up. The try for extra point was not successful.

Later in the first quarter, Boles again displayed her running ability. On essentially the same play, a run around end, she scored the sec-

ond Stopper touchdown of the afternoon. Susie Barton passed to Wanda Williams for the extra point, setting the score at 13-0.

Three consecutive 15-yard penalties against the Stoppers set up the lone touchdown for the Pink Plungers in the second quarter. Donnie Lawson carried the ball into touchdown territory. The Plungers failed to complete the point after touchdown.

Coach Neal Chastain of the Stoppers was carried from the field in triumph after a scoreless second half. Chastain and the Stoppers were presented the Wash Bowl trophy by Al Alschuler.

Halftime activities were highlighted by the crowning of Coach DeWitt Weaver, Wash Bowl queen for 1952.

LOU CROSSLEY, Senior Raider end from Eastland, is expected to see action in Saturday's homecoming game with the University of Houston.

College Club Leads MICC, Wranglers And Kemas Fall

College Club was sole possessor of first place in the MICC league after the dust had settled Sunday.

College Club nosed out previously unbeaten Kemas, 6 to 0 with Charlie Orren tossing a 5-yard pass to Daryl Bennett for the game's only score.

Silver Keys knocked the Wranglers from the undefeated ranks by virtue of a 2 to 0 triumph Sunday. A safety in the first half was the only score made in the closely-fought contest. Baird and Van Pelt were standouts for the Keys.

Tech's preparation for Saturday's game with Houston. Houston has held Tulsa and Tempe to 95 and 62 yards respectively on the ground. These two were the nation's top rushing teams last year.

SPORT TALK

By Bob Lovelace

Several Tech reserves have moved up to the varsity after making a strong showing in the B game last week. They are tackle Minor Nelson of Winters, end R. D. Bradshaw of Childress, and safety Jerry Millsaps of Lamesa.

Last week's Border conference statistics showed three Raiders as individual leaders. . . . Jim Turner, punting; Jerry Johnson, passing; and Jack Kirkpatrick, extra points.

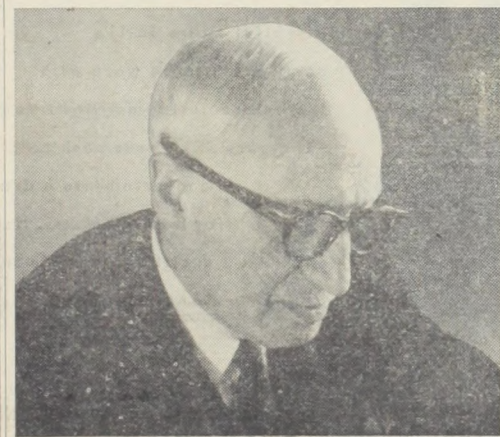

The Border conference had some surprising upsets last weekend. New Mexico edged Texas Western 14 to 13, making the second straight week that the Miners have suffered. . . . West Texas used the extra point to eke by ACC, 20 to 18 while Arizona took an important Border tilt from Hardin-Simmons, 14 to 13 in Tucson.

The condition of Jack Kirkpatrick, Raider extra point specialist, is satisfactory after a car accident, early Sunday morning. It is still unknown how long the grider will be out of action.

Offense is being stressed in

"Helps people of many nations understand each other," says **ANDRÉ MAUROIS** Author, lecturer, Member of the French Academy

"I congratulate you on excellent international work. You have helped people of many languages and nations to understand each other. You also gave them good reasons to believe in mankind, in freedom and in themselves."

Each month, Reader's Digest editors comb through more publications than any one person could read in two years, and select whatever seems of outstanding interest.

Each article is carefully condensed to preserve both its content and flavor. The wide range of subjects stimulates new interests, encourages a further search for knowledge.

In a real way, Reader's Digest helps continue the education of millions of readers in America and all over the world.

In November Reader's Digest, you'll want to read *Meaning of the His Case*—Senator Nixon's inside story of the famous case; *How to Argue*—Stuart Chase describes a proven technique for winning arguments; *13-page book condensation: Postmarked Moscow*—Mrs. Alan Kirk's (wife of our ex-Ambassador) story of life in Moscow today.

Powerful Tech Reserves Deflate McMurry Subs

With a wealth of material and plenty of drive, the Tech B squad rolled over McMurry's reserve team, 55 to 0 Friday night in Jones stadium.

The Raider reserves seemed to have everything including a good passing attack, hustle, stout defense and an explosive running game.

The Raiders didn't get down to business until the second quarter when they broke loose for four touchdowns. Carl Madison of Atmore, Ala. proved to be a bright light in the Raider attack, as he scored the first tally, passed for three others and completed five of six passes for 167 yards. To this total can be added 33 more yards he gained carrying the ball.

In the second half Jerry Millsaps quarterbacked the Techs in the same manner Madison had in the first. Several backs made impressive showings in the contest, Gene Wheeler, Pat Green, Norman Janes, Bill Burke and George Crews all hit the line hard. Chalking up markers for the Raiders were Madison, Green, Wheeler, R. D. Bradshaw, Crews, Janes and Van Pennington. Green was the top scorer with 12 points to his credit.

The outstanding play of the game came when Madison tossed a 25 yard pass to Janes on the 50 with the back scampering over

for one of the tallies.

Although McMurry didn't have much to be happy about, they had standouts of their own. Halfback Malcolm Garrett lugged the ball 19 times for 171 yards, which gave him the distinction of being the top ball carrier on the turf.

Joe Moore turned in an alert game, recovering 3 fumbles, with Pete English, Gale Morris, John Rowland, Minor Nelson, Bob Bluntzer and Ronnie Herr also doing a good job on the line.

John Moughon added 7 points after touchdowns, missing only once during the game.

The Raider Reserves will be matched against the Amarillo Air Force Base Amjets in their next contest.

Class in Mythology Studies Advertising

By RUTH DRAKE
Toreador Staff Writer

Panic!

No, it's not that the building is on fire. Neither have the Russians declared war. It's not even the scream of a girl from down the hall, who learns that her roommate has worn "the only thing clean between them."

That exclamation doesn't have a tone of horror, only surprise, because it's coming from a student in mythology class, titled Latin 4350, when she learns that the word "panic" is derived from the name of the mythological god of mischief, "Pan."

Besides learning the "story behind the story" of such words as vulcanize and tantalize, or phrases like Achilles heel, Pandora's box, and Trojan horse, the students read literary classics from such men as Homer, Virgil, Ovid, and the Greek dramatists.

Greek Classics Popularized

And why is the course titled Latin 4350? Well, the simplest answer to that question happens to be the correct one. Dr. J. D. Saddle, professor of Latin, has added the mythology course, offered for the first time on the campus, to his foreign language courses. So the course comes under foreign languages although English credit can be given for it.

Dr. Saddle points out that the old classics are currently becoming more popular, offering for evidence the Mentor edition of Homer's "Odyssey" that is on the current best seller list. This book is one of the texts in the course, and is written in novel form instead of its original epic style. Dr. Saddle says that this translation loses some of the beauty of the original Greek, but that it is alter-

ed to fit modern languages and tastes.

References to mythology are found in every form of every-day common usage from the plots duplicated in modern literature to advertising. A few examples of plagiarism in drama plot from the old classics are: "Pygmalion," by the late George Bernard Shaw; "Mourning Becomes Electra," play and movie by Eugene O'Neill; and "Romeo and Juliet," by William Shakespeare.

Mythology in Advertising

Common uses of mythology in advertising include the flying red horse (correctly named Pegasus, steed born from sea foam and the blood of Medusa) of the Magnolia Oil Company, and the many uses of the symbols of Diana, Mercury and Atlas.

Even some of the months are named for Greek gods: March from Mars, god of war; May from Maia, mother of Mars; June from Juno, queen of the gods; and January from Janus, the two-faced god of beginnings. Dr. Saddle stresses that none of the Greek religion is taught, only what is necessary to familiarize the students with the names they will probably see. And this is very likley, as Dr. Saddle points out that in a recent Time magazine, picked up at random, were no less than four references to mythological characters.

Also, Dr. Saddle says that he heard a football announcer at a recent game refer to the Phoenix. This was a mythological bird that lived for 500 years, was burned, and from the ashes arose a new bird to live another 500 years.

"By Jimini"

Even such common expression as

Exes Will Register Beginning Friday

Homecoming activities will open with registration of Tech exes beginning at 4 p.m. Friday in downtown hotels and principal buildings of the campus, and a pep rally and bonfire at 7 p.m. in the Gymnasium and the parking area south of the Gym.

The Oldtimers Reunion, including classes of '26 through '38, will be held in the Caprock Hotel at 9 p.m. with Woody Cochran as chairman. Classes of '39 through '43 will meet in Sneed Hall at 8:15 p.m. Roy Krebs is chairman. Doak Hall will be host to classes of '44 to '48 at 8:15 p.m., with Pat Smith Moore as chairman. Classes of 1949, '50, '51 will meet in Drane Hall with the Lubbock '49 and '50 chapters as hosts.

One of the highlights of the Homecoming weekend is the annual buffet luncheon to be held in the Gym at 12:15 noon Saturday for former students and their families, faculty members and their families. Two Lubbock firms, Furr Food Stores and Texas, New Mexico and Oklahoma Conches, will be hosts to an estimated 2,500 persons. This will be the eighth year TNM&O has sponsored this event and the fourth consecutive year for Furr's.

"By Jimini" comes from mythology.

There was a pair of twins, Castor and Pollux, who were famous horsemen. Dr. Saddle explains that the Latin word for twins is "geminus" and the Latin word has been picked up and anglicized until we have our current slang word.

By gemini, who'd have thought it?

'City Farmers' Will Visit Campus

Twenty-four members of the Fort Worth Farm and Ranch Club will visit Tech Thursday, according to W. L. Stangel, dean of agriculture.

The group will arrive by chartered plane about 10 a.m. They will be received at Lubbock Municipal Airport by Division of Agriculture faculty members, who will take them by car on a tour of interest points in Lubbock and at Tech.

After being luncheon guests of the Kiwanis Club, the Fort Worth group will return to Tech for a trip around Tech Farms and the Agriculture Division.

The Farm and Ranch Club is an organization of Fort Worth business men and women who are interested in agriculture and its development. One of the visiting group, W. A. King, a 1932 Tech graduate, is manager of the agriculture and livestock department, Fort Worth Chamber of Commerce. Mr. King is also assistant manager of the Southwestern Exposition and Fat Stock Show.

The group, which includes two women, will return to the airport about 4 p.m. for the flight home.

Tech Host Next Fall For HE Convention

Tech will be host to the annual Texas Home Economics College Club convention next fall, announces Miss Geraldine Clewell, professor of home economics education, after returning from this year's convention held in San Marcos last weekend.

Mona Powell, Lubbock junior, was elected vice-president of the THECC at the San Marcos convention. Other officers represented Texas A&I, Southwest Texas State College, East Texas State, Our Lady of the Lake and Lamar Tech.

A copy of the creed was awarded to Tech for being one of the original nine colleges which helped to organize the club in 1938.

Delegates Mollie Jordan, Ruth Smalley, Patti Pipkin and Mona Powell attended the group leadership discussions and were entertained at an informal mixer Thursday night and a visit to the Aquarena.

"The Role of the Home Economist in Today's Society" was the general theme of the meeting attended by 124 representatives from 25 colleges in Texas.

Jack Harris Wins Texas 4-H Award

Jack Harris, Plainview junior, has been named the 1952 state winner in the 4-H Leadership Program for boys, according to news released from the state 4-H club office.

Harris, who is completing his eleventh year of 4-H club work, was judged on projects concerning beef and dairy cattle, sheep, swine, fields crops, soil conservation and gardening. One of his most outstanding activities has been the development of an outstanding registered herd of Angus cattle as a part of his beef cattle demonstration.

He will receive a 17-jewel wrist watch as his state award. His record will be entered in competition for sectional and national honors.
