

Record Set in Elections

Rainer Wins Top Position In First Vote

By LADROYCE LAMBERT
Toreador Staff Writer

Glenn Rainer, Lubbock business administration junior, was elected president of the Student Association Wednesday, April 14, in an election that boasted the heaviest vote in recent years at Tech. Boosted by a spirited election rally the preceding night and days of vigorous campaigning, the general elections drew more than 2,200 students to the four campus polls.

An estimated 45 per cent of the eligible student body participated in the voting, compared to about 20 per cent last year. Excitement and anticipation ran high in the Student Union Building on the election night as a large crowd, including most of the candidates, waited until after 10 p.m. watching the tabulations as the votes were counted.

Rainer, who has served as a member of the student council for two years, led the race for president with 1,128 votes which was a clear majority over the other two candidates. Cary Kennedy of Pampa was runner-up with 964 votes; Kate Brown of Lubbock polled 144.

In the race for secretary, Gwen Williams of Lubbock defeated Danna Stamper of Dallas by a vote of 1,580 to 621. Melvin Dear-dorf, sophomore, of 1906 14th St. was unopposed for business manager.

Reynolds Over Line

Head boy cheerleader race was the closest of any of the major positions. Joe Jack Reynolds, Roosevelt junior, with 1,110 votes edged Roger Line, junior from O'Donnell, who polled 1,063 votes.

A run-off was forced by results in the vice presidential race, pitting Bill Hudson, Port Arthur junior, with 782 votes, against Gayle Erickson, junior from Midland.

See RAINER, Page 4

HERE'S ONE ELECTION PROMISE that was kept: seated in the chair is Donald Fortenberry, who promised at the annual election rally to sacrifice his beard and flowing hair if Glenn Rainer, at the left, won the presidency of the Student Association. Getting the first snip is Jack Collins, supervisor of Doak Hall. Standing by is Bill Knight, a local barber who finished the job.

13,000 Expected On Campus To Take Part In Special Events

An estimated 13,000 visitors are expected on campus today, tomorrow and Saturday to participate in various meetings, short courses, contests and special programs.

Tech will play host to participants in the third annual Texas Symposium of Contemporary American Music, West Texas Short Course on Oil Lifting Methods, Regional Texas Interscholastic League contests and track meet, 27th annual Vocational Agriculture contests, 21st annual Engineers' Show, the annual Home Economics Open House, and the 13th annual meeting of the Southwestern Division of the American Association for the Advancement of Science.

Hudson Wins Run-Off; Carr Is Cheerleader

Bill Hudson, Port Arthur engineering junior, won the vice presidency of the Student Association yesterday in run-off elections. His opponent was Gayle Erickson, a junior from Midland. Hudson polled 749 votes to Erickson's 657.

Virginia Carr, arts and sciences sophomore from Lubbock, was elected over her run-off opponent, Phyllis Martin, Lamesa arts and sciences junior, for the position of head girl cheerleader. The vote was 787 to 624.

'MONKEY BUSINESS'

Monkey business may be profitable, or at least Phi U members seem to think so. Selling "stuffed monkeys" during Home Economics Open House tomorrow and Saturday is one of the national honorary home economics fraternity's money-making projects for this year.

Dr. McKay Speaks

Dr. S. S. McKay, professor of history at Texas Tech, spoke at the Historical Section of the Southwestern Social Science Association in Dallas last weekend.

Fred Currie of Greenville, 161 votes, won the fourth seat in the business administration division. Opposing him was Glen Gary of Brownfield, 137.

In the Agriculture Division, the third seat went to Johnny Jones of Lubbock, 182; Margaret Lee of Houston, 126; and Pattie Price of Lubbock, 141.

The three seats in the Arts and Sciences Division were won by Donnie Dean of Lubbock, 232 votes; Huda Hassen of Stamford, 225 votes; and Jerry Johnson of Hale Center, 209 votes. Eliminated were Harriet Henderson of Lubbock, 182; Margaret Lee of Houston, 126; and Pattie Price of Lubbock, 141.

No one person had a majority in the general elections in the home economics division. Both seats were decided in the run-off elections and were won by Beverly Garner of Rockdale, 83 votes, and Bette McGehee of Canyon, 60 votes. Defeated were Suzanne Matteson of Dallas, 45, and Mary Lou Miller of Friona, 40.

OPEN HOUSE HOURS

The hours for Home Economics Open House are 1 to 10 p.m. tomorrow and 9 a.m. to 5 p.m. Saturday. There will be many interesting exhibits to see in the Home Ec building, the Nursery School and Home Management House.

'Of Thee I Sing' To Be Given Last Performance Tonight

"Funnier than government and not nearly so dangerous," is "Of Thee I Sing," says the New York Times.

George Gershwin's Pulitzer prize-winning musical comedy will be staged by an all-Tech cast for its second and final performance tonight at 8-15, in the Lubbock High School Auditorium. It is one of the largest productions of its kind ever performed by the Texas Tech music department.

Robert Elson, Tech music instructor, is musical director for the play. Duo-pianists Herbert Colvin and Ned Hardin are accompanists for the performance.

The story follows John P. Wintergreen's campaign for President from nomination to election on the slogan, "Put Love in the White House." As the campaign chairman explained, "What you need for an issue is something that everybody can get excited about and yet something that does not really make any difference."

Thirteen Scenes Being Used

The cast, numbering 60, ranges from bathing beauties, babies, and supreme court justices to French soldiers. Six sets and thirteen scenes are being used.

Alice Ann Yates, Plainview junior, and Mrs. Irma Knowles, Lubbock sophomore, are playing the role of Mary Turner. Nancy Davis, Tech music graduate student, is cast in the role of Diana Deveaux. Beverly Thomas, Floydada freshman, is Miss Benson; Jean Porter, Floydada freshman, is the maid; and Joyce Miller, Friona sophomore, is the scrubwoman.

John P. Wintergreen is played by Ross Cass, Plainview freshman. Others in the cast are: William Geisert, assistant dean of men; Billy Cormack, Tim Magness, Myron McCarter, Warren Forsythe, Robert Jacobson, Wyatt Burdhalter, Winstead Layman, Jimmie Williams, David Wiggins, Kyle

Effinger and Kenneth Cox.

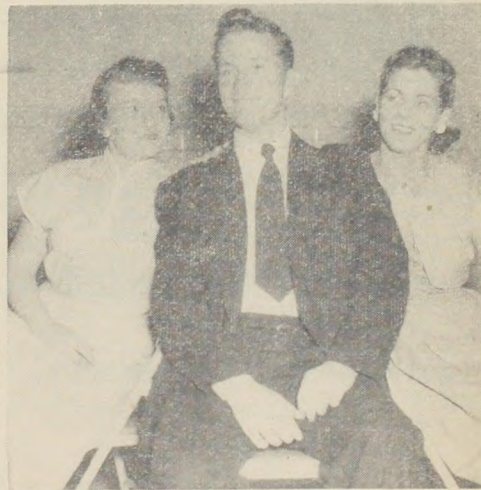

French Soldiers Named

The French soldiers are Kyle Effinger, Ren Melton, Don Oatman, H. A. Sessions, Jerry Stevens and Buddy Wright.

Included in the chorus are: Dick Baird, Ed Carrell, James Carthel, Tom Chapman, Lera Dell Cherry, Carol Collins, Gordon Col-

See MUSICAL, Page 2

★ ★ ★

WINTERGREEN, the presidential candidate played by Ross Cass, is hemmed in by two other members of the cast of "Of Thee I Sing," music department production which will have its second and final performance tonight. At left is Alice Ann Yates and at right is Irma Knowles. They will alternate in the role of Mary Turner.

Thirteen Companies Will Interview Tech Students During the Next Eight Days

The following 13 companies have announced job interviews through next week, according to Mrs. Jean Jenkins, director of the Placement Service:

Today, Stanolind Oil and Gas Co. interviewed accounting, economics, finance management and marketing majors; and Container Corporation of America interviewed majors in the above fields and industrial and mechanical engineers.

Tomorrow, the Lovington Municipal Schools will interview 1954 graduates for teaching positions.

Monday, McCullough Tool Co. will interview industrial, mechanical and petroleum engineers; and the Womens' Medical Specialist Corps will interview women interested in dietetic internships, occupational therapy and physical therapy.

Tuesday, Welx Jet Services, Inc., will interview majors in electrical, mechanical and petroleum engineering and petroleum geology.

Wednesday, Geophysical Service, Inc., will interview majors

in civil, electrical, mechanical and petroleum engineering and mathematics, physics and petroleum geology; J. M. Huber Corp. will interview chemical and mechanical engineering and chemistry majors; and New Mexico State Highway Department will interview civil engineers.

Thursday, Arabian American Oil Co. will interview majors in chemistry, petroleum geology and petroleum engineering for positions in Saudi Arabia; and Office of Naval Officer Procurement will interview 1954 men and women graduates.

Thursday and Friday, the U. S. Air Force will interview 1954 graduates interested in flying and receiving a commission after successful completion of about one year of training; and Seismic Explorations, Inc., will interview majors in physics, petroleum engineering and petroleum geology.

Additional information is on file in the Placement Service office, Ad 150.

Tech Music Department Is Presenting Its Third Annual Symposium of Music

Want to hear some music so new that it hasn't yet been published? You'll have an opportunity this week end.

Tech's music department is presenting its third annual Texas Symposium of Contemporary Music, which began yesterday with George Gershwin's "Of Thee I Sing" directed by Robert Elson, music instructor.

Mary Jeanne van Appledorn, instructor in music, is general chairman of the symposium. Members of the committee are Herbert

MUSICAL—

lins, Foster Cook, Ruth Ann Cummings, Glenn Finney, Helen Hays, Marjorie Hendrick, Betty Hickerson, Bob Line, Joly Miller, Joyce Miller, Celia Pember, Jean Porter, Annita Powers, Marjorie Seales, Sandra Shook, Bessie Stamatakos, Wayland Stevens, Dorothy Thompson, Carole Tollin, Dana Wampler, Bud Weaver, David Wiggins, Mary Wiley, John T. Wright and John Zachery.

Those assisting in the production of the two-act play include choreography and solo dances, Mary Wiley and Dick Baird; costuming, Warren Forsythe and Mary Wiley; film sequence, Bob Howe; stage manager, Dean White; set design, Bob Twaddell and John Vaden; and stage crew courtesy of Alpha Tau Omega.

Set production is handled by Bob Twaddell, John Vaden, Dean White, Janice Cox, Carolyn Dennis, Larry Dickson, Anna Gunter, Charlotte Langeslag, LuAnne McNeill, Charlene Williamson, Phi Mu Alpha pledges and Kappa Kappa Psi pledges.

Other departments are: props, Alice Latta, Anna Gunter and Charlotte Langeslag; lighting, Bob Howe and Dick Lowery; sound and recording, Harvey Ogden and Hardy Ballew; make-up, Lynn Harrison, Alice Latta, Lu Anne McBeth, George Anna Meadors and Mary Jane Miller; and ticket chairman, Billy Cormack.

Sponsors are Mu Phi Epsilon, Tau Beta Sigma, Phi Mu Alpha, Kappa Kappa Psi and Allegro Music Club.

"Of Thee I Sing" is the opening phase of the Third Annual Texas Symposium of Contemporary American Music which will conclude Sunday afternoon. Adult admission to "Of Thee I Sing" is \$1.20; student admission is 60 cents.

Sue Findt Convention Delegate

Sue Findt, Tahoka junior, has been elected delegate to the Theta Sigma Phi convention which will be held in Detroit, Mich., the latter part of June.

New officers for Theta Sigma Phi, women's honorary journalism fraternity, are Sue Findt, president; Linda Hudson, vice president; Joella Harrell, secretary; and Claudia Martin, treasurer.

Claudia Martin was recently initiated into the club at the home of Mrs. James G. Allen, sponsor of Theta Sig.

Colvin, Raymond Elliott and Robert Elson, all of the Tech music faculty.

Over 300 musicians and vocalists will perform unpublished musical manuscripts and a limited number of published scores over the five-day period. Manuscripts were submitted from composers in Texas, Oklahoma, New Mexico, Louisiana, Kansas, Colorado and California. The composers are to receive records of their works and some will perform or conduct their own compositions.

Lubbock Symphony to Perform

The Lubbock Symphony Orchestra, with Keith McCarty, Tech music instructor, as guest conductor, will present a concert at 8:15 p. m. tomorrow in the Music Building Auditorium. Miss van Appledorn will perform her concerto for piano and orchestra, and Matt Doran, Del Mar College, will perform his concerto for flute and orchestra.

Tech students, visiting artists and composers will present a concert of contemporary chamber music at 8:15 p. m. Saturday in the Music Building. The program will consist of unpublished ensemble and solo music selected from the six-state area.

Tech Choir Will Present Finale

The Tech Choir, directed by Dr. Gene Hemmle, and the Tech Band, directed by Dr. D. O. Wiley, will be featured in a joint concert as the symposium finale at 3 p. m. Sunday in the Student Union Building ballroom.

"The symposium was designed to get new music before the public," stated Miss van Appledorn, "and give students performance practice of new scores, and to allow students to evaluate successful and unsuccessful contemporary music."

No admission will be charged for Friday, Saturday or Sunday's performances.

ROTC Wives Club Elects

Mrs. Nelson Evans was elected president of the ROTC Wives Club at their meeting last week. Plans were made for a party in May honoring the graduating seniors. Mrs. Don Renner is in charge of arrangements.

Other officers elected were Mrs. Bobby Day, social vice-president; Mrs. Travis Hammer, program vice-president; Mrs. Jim Moore, treasurer; Mrs. Jane Yancey, secretary; and Mrs. Gene Wheeler, reporter.

This group, organized last year, has a membership of about 30 women whose husbands are in the Tech ROTC. The purposes of the organization are to become acquainted with military life and the obligations of the wife of an officer in the armed services and to provide entertainment for its members. A private party and a school-wide dance have been sponsored by the club this year.

Members of the Tech faculty will attend a leadership conference in Amarillo Tuesday through Friday, according to Dr. Per G. Stensland, head of adult education.

Tech Couples Get Engaged, Married During Vacation

The Easter holidays found several Tech students getting pinned, engaged and married.

Gwen Gracey is now wearing Bob Killian's Kemas pin. Gwen is a Pi Phi from Roscoe. Pattie Pinson, Kappa Alpha Theta, received her ring from Elmer Wilson, Pampa, over the holidays.

Peggy Floyd, Tri Delta, and Bill Bales will be married May 28. Bill is a Tech graduate and a Kappa Sig. Ann Gray and Alton Linne were married Thursday night in the Broadway Church of Christ chapel. Ann and Alton are both Tech graduates and he is a graduate student. He was a member of the football team.

Pi Kappa Alpha Spring Sport Dance Will Feature 'Hades' Theme Friday

Scene of the Pi Kappa Alpha Spring Sport Dance tomorrow night will be "Hades." The dance will be in Hotel Lubbock.

Members and their dates will be: Ronnie Smith, Glenna Marler; R. K. Simons, Mary Jane Johnson; Bobby Hopper, Emelea Hinz; George Newton, Beverly Champion; David Collier, Myra Collier; Johnny Meyers, Ann Heatley; J. B. Garibaldi, Yvonne Worley; Don Jordan, Peggy Pittman; Burl Barron, Marijann Forrest;

Dan Scott, Betty Pitzel; Gary Johnson, Shirley Harrison; Sam Covington, Helen Brown; Bennett

Corley, Ruth Ann Cummings; Jimmy Martin, Vera Kinkler; Roland Jones, Joyce Jones; Phil McGee, Mary Jane Miller; Paul Griffith, Pat Tinney; Rob Harrington, Ann Harrington; Henry Taylor, Mary Lou Taylor; and Glen Rose, Janice Darden.

Other members attending will be: Albert Purcell, Jeff Garrison, Charles Bowen, Don Boaz, James Jenkins, George Morgan, Milton Nowell, Truman Powers, Tommy McCown, Jimmy McCown, Allan Tomlinson, Harold Joe Wells, Derby Brooks, Bill Connell, Donald Cotten, Jim Daniel, and Alan Olson.

Pledges and dates will be: Bennie Sorrels, Jeri Oliver; Darwin Holder, Barbara Ohnemus; Tine Davis, Nadell Clanton; Don Harrington, Beryl Street; Fred Skaggs, Mary Sue Lewis; Mike Burkholder, Dixie Cowan; Bob Sandlin, Lucy Barton; Bob Brodie, Joyce Bradley; Jim Thornton, Martha Dell Williams; Ed Taylor, Mary Frances Wiese; Johnnie Allen, Bette McGehee; Ronnie McCarty, Rene' Garner; Ray Clayton, Nita Henderson; Euel Hill, Shirley Weed; and Elmer Wells, Sue Darden.

Other pledges attending will be: Don Buckley, Jimmy Counts, James Donnelly, Robert Dunn, Tim Eysen, Rex Faulkner, Jim Fox, Bob Gough, J. B. Hampton, Ray Holcomb, Winston McAden, Pete McDonald, James Miller, Dick Oldham, John Petty, Glenn Smith, Garl Tyer, Bernie Welch, and Jerry Williams.

'GARDENIA GIRL' CHOSEN

Ann Heately, sophomore from Lubbock, has been chosen "Pi Kappa Alpha Gardenia Girl" for the month of April. Ann is a member of Kappa Alpha Theta, and she will be presented with a gardenia at her next chapter meeting.

A gardenia girl will be elected by the PiKa chapter each month of the school year in keeping with a newly decided policy.

Alpha Lambda Delta and Phi Eta Sigma, Honorary Societies, Will Initiate Tonight

Dr. George Cross, president of the University of Oklahoma, will speak tonight at the annual initiation banquet of the freshman honorary societies, Alpha Lambda Delta and Phi Eta Sigma. The banquet will be in the Skyline Dining Room following a formal initiation.

A grade average of 2.5 is required for membership both to Alpha Lambda Delta, women's honorary, and Phi Eta Sigma, men's honorary.

Alpha Lambda Delta's annual award to the highest-ranking graduating senior will be presented. A \$100 scholarship will be awarded to the highest ranking freshman woman. Last year's recipient was Marilyn Sneathen of Plainview.

New president of Alpha Lambda Delta is Sylvia Dietering of Lubbock. Other officers are Edwina Schovajsa of Amherst, vice-president; Mary Randal of Lubbock, secretary; Lu Ann McNeil of Lubbock, treasurer; Jan Webster of New Deal, reporter; Gladys Bain of Lubbock, historian; and Janet Yancey of Lubbock, AWS representative.

Freshman women being initiated include Jerry Denton, Childress; Beverly Bennett, Kansas City, Kans.; Lynn Busby, Odessa; Frances Copeland, Lockney; Janice Cox, Carlsbad, N. M.; Juanita Heseloff, Vernon; Glenda Moses, Ralls; Miss Schovajsa; Miss Webster; Billie Harding, Vincent; Miss Yancey; Miss Bain; Shirley De Shazo, Lubbock; Miss Dietering; Miss McNeil; Barbara Smith, Lubbock; Eugenia Terrell, Lubbock; and Glenna Woods, Lubbock.

Sponsors are Misses Margret

Stuart and Leta Jane Holman.

Freshman men being initiated into Phi Eta Sigma include Guy Birmingham, Paul Gaston, Dwayne West, Donald Elliott, Jerry Fraley, Jan Fauts, Richard Ridgway, John Hays, Steve Rogers, Bill Walkman, Jim Doberty, Karl Dockray, Mac Davis, Leslie Hembree, Tom McKelvy, Jack Fulviler, William R. Laughlin, Jack Hooker, Jack Morris, Truett Fincher, Jack Wilterding, D. L. Renneaw, Lavern Reis, Robert McCarty, Clyde Haddick, Bruce Weaver, Pat McCullough, Harold Sanders, Max Merrell, Bill Bynum, Charles Block, Don Thomas Norman, Darvey Lavender, Richard King, David Wossom, Robert Jones, Tom Holeman, John Weaver, Harry Mitchell. Sponsor is James G. Allen, dean of student life.

Choir Invited Again

Walter Hendl, musical director and conductor of the Dallas Symphony Orchestra, asked the Texas Tech choir to perform with his organization in 1955 after hearing the Tech group in their Dallas concert on March 28.

HOW'D YOU LIKE TO...
earn \$5000 a year...
be an officer in the air force...
get an exciting head start in jet aviation...
AND belong to a great flying team?
Capt. Walt Foster and Aviation Cadet Selection Team No. 512 are coming to Texas Tech to show you how. They'll be here April 29th and 30th. Meet them at the Student Union while they are here.

GASOLINES.

Tech Board Approves Budget, Plans New Building Projects

A site just east of the Student Union Building was approved for a projected student service building at the last meeting of the Texas Tech Board of Directors. The first unit of the service building will be the Len and Harriett McClellan Memorial Infirmary.

Other board actions were reported to have included:

Approval of a \$5,354,541.30 budget for the operation of all divisions of Tech during the 1954-55 year.

Discussion, but no action, on a new gymnasium.

Discussion, but action deferred until May, on a proposed half-million-dollar addition to the Student Union Building.

Approval of a remodeling and recreating project for college dormitories.

Authorization for the board's building committee to negotiate for construction of an armory to be used by ROTC units.

Approval of a ten-member Student Union Building Board.

Approval of two research agreements.

The gymnasium, should this action be finally approved, would be financed through the issuance of notes against surplus funds derived from the state 5-cent ad valorem tax for college building purposes.

Remodeling For All Dorms

The proposed addition to the Student Union Building would be financed through revenues from the book store and concessions on

the campus. The present Student Union Building was constructed in 1950 and represents an investment of \$600,000.

New plumbing will be installed in West and Doak Halls. West will be redecorated and Doak, Gordon, Sneed, Knapp and Horn Halls will be remodeled. Most of the remodeling will be painting and plastering.

The proposed armory would be used jointly by the Organized Reserves, National Guard, Air Force Reserves and college ROTC units.

The Student Union Board, which now has nine members, will be increased to ten. The board will be composed of three senior students elected by the Union Board from recommendations made by the Student Union Council, the president of the Student Association, the editor of the Toreador, the director of the Student Union, a member of the Ex-Students Association, a faculty member appointed by the president, the dean of women and the dean of student life.

Research Agreements Listed

One research agreement was with the Texas Agriculture Experiment Station relative to livestock feeding and the other was with Great Lakes Steel Corp., Stran-Steel Division, Detroit, and Aerovant Fan & Equipment Co., Lansing, Mich., on the drying and storage of grain, hay and other farm crops.

In addition, the board was reported to have:

Extended a new five-year con-

tract to Head Coach DeWitt Weaver, effective Feb. 1, 1954, with an annual salary increase of \$500.

Approved recent faculty appointments, already announced, and routine promotions, returns from leaves, and resignations.

Approved a \$34,000 increase in the athletic department budget to enlarge the minor sports program.

Ticket Taxes To Be Decided

Left any decision on the price of football tickets, which are now tax-free, up to the athletic council, the athletic committee of the board, and a Red Raider Club committee.

Voted \$10,000 for library books, bindings and periodicals, to be allocated to departments offering graduate work.

Voted \$13,600 for chemistry laboratory tables.

Voted \$12,500 for repairs and

improvements to buildings, fences, and road grading on the college farm.

Voted \$5,000 for the Student Health Service's maintenance, equipment and travel account.

Voted \$1,250 for remodeling barracks X-17 for an education curriculum laboratory.

Awarded two contracts of more than \$2,100 each for remodeling Room C-D, Chemistry Building, and re-roofing the Textile Engineering Building.

Adopted the book style diploma in place of the parchment scroll, effective in May, 1955.

Authorized downtown football ticket sale booths to be placed alternately from year to year in Dunlap's and Hemphill-Wells stores.

Authorized curtailment of college livestock herds until drought conditions improve.

Re-elected all board officers.

AFROTC Cadets Plan Camp Work

A total of 84 junior and senior Air Force ROTC students will go to four Air Force bases for 28 days of summer training June 20.

The largest number will go to March Air Force Base, Camp No. 2, Riverside, Calif. In this group are: Richard L. Baird, Gary D. Bearden, Bill D. Crume, Cecil A. Dillard, Arlie N. Evans, Louis D. Garth, Kenneth L. Gilbert, Vernon D. Hart, Arlie F. Jobe, Jr., Roland Jones, Jr., Cary E. Kennedy, William D. Leachman, Cleatus C. Lewis, Don R. Lewis, Theo G. Lofton, Tim T. Magness, George W. Mallett, Don C. Mason, Ronald L. Owen, Richard K. McLeary, Herron K. Pate, James W. Porter, Eugene D. Rummel, John V. Thompson, Allan J. Tomlinson, Jr., Donald D. White, Elmer Wilson, Elmer G. Wheeler, Bobby D. Waddle, and Richard C. Zeeck.

Those going to George Air Force Base, Victorville, Calif., are: Billy J. Brown, Dale W. Cary, Sterling K. Miller, Thomas B. Mason, Carl L. McClain, Jim A. Moore, Elroy P. Simmacher, James T. McGowen, Ira G. Marshall, John W. McSpadden, Benjamin L. McGlammery and Richard D. Mott.

Those going to Long Beach Air Force Base, Long Beach, Calif., are: Preston W. Phillips, Joe J. Reynolds, Olin W. Shipley, Ray P. Simpson, James R. Stargel, William W. Whitaker, Robert E. Clark, Joe R. Goodin, Larry N. Hanners, Hugh L. Lackey, Melvin A. McGrew, Homer L. Sheets and George A. White.

Going to Norton Air Force Base, San Bernardino, Calif., are: Charles M. Alexander, Dale M. Clark, James J. Cole, Dale T. Cox, James V. Daniel, Bobby G. Day, Leonard G. Gaston, Scott M. Grundy, Orville D. Hart, Don-

ald L. Nored, Don E. Smith and Roland L. Webb.

In the group which will visit March Air Force Base, Camp No. 2, Riverside, Calif., July 25 are: George C. Forstner, Richard L. Gray, Jimmy D. Hale, Travis H. Hammer, Norman W. Jones, Kenneth O. Johnson, George A. Mullino, Don A. Nelson, Frank S. Ramsey, Billy A. Smith, Jerry L. Vines, James D. Young, Louis E. Drennan, William L. Dunnam, Robert L. McDonald, Johnny R. Meyers and Milton C. Herring.

While at these bases they will learn the operations of an Air Force base, what is expected of officers and enlisted men and other phases of Air Force life and training.

TO STUDY IN ENGLAND

Dr. J. T. McCullen Jr., of the English department is the third Tech professor to receive the Ford Foundation Fellowship for study abroad.

Dr. McCullen, his wife and nine-year-old daughter will sail for England in September. They plan to return in about a year. He hopes to study at the Shakespearean Institute at Stratford-on-Avon during the autumn and at Cambridge University during the winter.

Dr. McCullen is a native of North Carolina, and has his doctorate in Elizabethan drama from the University of North Carolina. He has taught at the University of Alabama, North Carolina U., and the University of Missouri.

Dr. Roy Male Jr., associate professor of English, and Dr. Ernest Wallace, assistant dean of arts and sciences, have received similar fellowships in the past.

Don't select one of the professors for the commencement speaker—we're limited for time.

Sullivan Disagrees With Novelist Bellow; Says Humor Left in College Literature

By GALE HAYS
Toreador Staff Writer

"Colleges take the humor out of literature. They turn it into a serious and solemn business, a sort of religion, like something for Sunday only."

This statement by novelist Saul Bellow met with some opposition from Nancy Sullivan, senior English major from San Angelo, who was asked to give her opinion on his book. Bellow is the author of "The Adventures of Augie March," the novel which several weeks ago won the National Book Award.

Miss Sullivan's opinion is that the average college student reads with his eyes, not his mind. Students don't think, therefore they are unable to grasp what they read. She adds that at times the instructor does not make the literature seem vivid and alive.

One reason for what we are and what we write, says Bellow, is in

our schools. "Isn't it true that in high school most of us read everything except what we are required to read in class?"

The San Angelo senior believes that the real trouble goes back much farther than high school to grade school. She expressed the opinion that college instructors usually require several good books as outside reading.

The novelist finds now that writers are using native material, the material right at hand, right under their noses.

In modern American literature the instructors throw Emerson and Whitman at you full force, says Miss Sullivan, but only mention, in passing, Hemingway, Steinbeck, and Faulkner. In literature of the Southwest authors use subject matter at hand and these courses are much more interesting to college students.

Miss Sullivan is a member of Sigma Tau Delta, honorary English fraternity.

LITTLE MAN ON CAMPUS

by Dick Bibler

Worthal stumbled onto Prof Snarf in the "city" the other night—and it seems he carries that camera every place he goes.

RAINER—

who received 640 votes. Ladon Sheets, Lubbock, with 490 votes, and Charlie Pipes of Pampa, with 306 votes, were eliminated.

Head girl cheerleader also went to the run-off elections as Virginia Carr of Lubbock, 874 votes, and Phyllis Martin of Lamesa, 730 votes, vied for the position. Pat Boles of Midland received 613 votes.

Run-offs resulted in all divisions except Engineering, where the top candidates won council spots. The winners are Phil McGee, Fort Worth, 347; Terry Young, Lubbock incumbent, 340; Johnny Meyers, Fort Worth, 303; and Dayle Clark, Lubbock incumbent, 279. Eliminated in the engineering races were Don Mason of Lometa, 230, and Ted Hannan of Plainview, 257.

BA Elects Three

Of the four places in the Business Administration Division, three were filled by Jerry House of Lubbock, 326 votes; Ronnie Clark of Yuma, Ariz., 287; and Jack Gibson of Lubbock, 235. Fred Currie of Greenville, who received 208 votes was to oppose Glen Cary of Brownfield, who received 197 votes, in the run-off for fourth place.

Other candidates in the BA race were Jeannine Brown of Waco, 146; Doris Ellis of Sweetwater, 136; Carolyn Pope of 2417 Third St., 117; Bette Hickerson of Amarillo, 95; and Jana Herber of Austin, 54.

In the Agriculture Division, Bob Waddle of Cedar Hill with 261 votes, and Graves Nelson of Brownfield with 208 votes, were elected.

In the run-off for third place were Jim Howard of Panhandle, who received 161 votes, and Jimmy Jones of Mercury, who received 144. Other candidates were J. D. Jones of Jayton, 124, and Don Brothers of Paducah, 114.

Home Ec Runoff

The two council seats in the Home Economics Division were thrown into a run-off between four candidates. They are Beverly Garner of Rockdale, 68 votes; Yvette McGehee of Canyon, 62 votes; Suzanne Matteson of Dallas, 40; and Mary Lou Miller of Friona, 38 votes. Other candidates in this division were Dorcas Morrison of Garland, 23; Mary Frances Winslow of Lovett, 20; Jimmie Faye Maxwell of El Paso, 20; Averill Brinkman of Pasadena, 19; and Yolanda Ellis of Plainview, 7.

Two of the five positions in the Arts and Sciences Division were filled by Ronnie Avery of Andrews, with 351 votes, and Ann Lee Turner of McKinney, who received 309 votes. The run-off was between Jerry Johnson of Hale Center, 294; Donnie Dean of Lubbock, 291; Huda Hassen of Stamford, 284; Harriet Henderson of Lubbock incumbent, 262; Pattie Price of Lubbock, 225; and Margaret Lee of Houston, 190.

Candidates eliminated in this division were: Pat Harkleroad of Lubbock, 169; Kay Lynn Watson of Lubbock, 164; Shirley Massey of Odessa, 134; Dorothy Gae of Dallas, 118; Barbara Holdridge of Lubbock, 114; and Mary Jane Miller of Midland, 91.

PAT DOES THE HULA

The "little brown gal in the little grass skirt" wasn't a native Hawaiian at all, but a Texas Tech senior from Dallas.

The comic hula dance performed by Pat Dosser, home economics major, was one of the highlights of a recent open meeting of Phi Upsilon Omicron, honorary professional home economics fraternity.

Six AFROTC Delegates from Texas Tech... Arnold Air Society... Six delegates from Texas Tech... Arnold Air Society... Six delegates from Texas Tech... Arnold Air Society...

MARINE TO BE HERE

Capt. J. E. Harrell, U. S. Marine Corps, will be on campus Wednesday, April 22, to interview students interested in a commission with the "Leathernecks." Harrell will maintain a booth in the Administration Building. Seniors and college graduates are eligible for the Marines. Their candidate course. To qualify a candidate must be at least 17 and less than 27 on July 1 of the year he is commissioning. Classes will last 10 weeks, and followed by a three-year tour of duty.

Sick List

Seven students were admitted to the Texas Tech infirmary during the past week. They are: Arkin Wesley, H. Strimling, Wayne Robert Ph. Jr., Howard Pierce, Joyce H. H., Billy J. Pleasant and Janet Johnson.

Six AFROTC Delegates Attend National Arnold Air Society Conclave in Nebraska

Six delegates from Texas Tech's Air Force ROTC unit returned Sunday after attending the fifth annual national conclave of the Arnold Air Society in Omaha, Nebr. Tech sent more delegates to the conclave than any other school in the nation.

Representing Tech at the meeting were: Albert Purcell, Area H commander; Morris Turner, national publications officer; Glendon Rose, squadron delegate; George Aulback, Theo Lofton, and Eugene Rummel, alternates.

It was decided at the meeting to affiliate the Arnold Air Society with the Air Force Association, and to establish a central national office in Washington, D. C. The Tech squadron was responsible for instigating this resolution.

National officers will be moved from the University of Cincinnati to the University of Omaha, and will be rotated annually to the school holding the conclave. Delegates took time out from

business sessions for entertainment at the conclave military ball, a luncheon, and a stag party at the Offutt Air Force Base Officers' Club. While at Offutt, the delegates met Gen. Curtis LeMay, commander of the Strategic Air Command.

The Tech delegates left Lubbock from Reese Air Force Base on Thursday morning and returned Sunday night. Capt. John Bumgardner, Tech instructor, flew the plane.

To See Spanish Movie

Election of officers will be held by Capa Y Espada at 6:30 p.m. Tuesday in Ad217. Following the business meeting, members will go to the Capitan Theatre to see a Spanish motion picture, "Dona Barbara."

Romulo Gallegos, author of the book from which the motion picture was made, was at one time president of Venezuela. Students in Spanish 334 are reading the novel this spring.

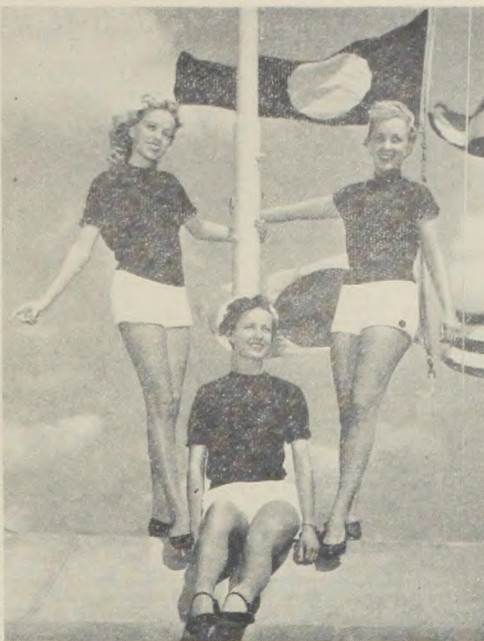

Capa Y Espada, composed of Tech Spanish students, has conducted a program this year which included Spanish motion pictures, speakers, and a play, which was produced both on campus and in Levelland.

SIX SEE MISSIONS

Six Texas Tech students spent the Easter holidays in New Mexico studying Presbyterian mission work.

They were accompanied by the Rev. William F. Rogan, Presbyterian campus minister.

Those making the trip were: Lowery Bills, Hillsboro; Karl Doekray, Lubbock; Scott Grundy, Memphis; Lois Parker, Tulla; Cecilia Perber, Portales, N. M.; and Robert Rutledge, Littlefield.

THREE SOPHOMORE MISSES pose to help boost their class's Show Boat Dance, which will be held at 8:30 p.m. Saturday in the Student Union Ballroom. The class will provide skits and the Scotchmen will provide music. Tickets are \$1 each.

Dr. Reginald Rushing, head of the department of accounting, and Dr. Robert Rouse, associate professor of economics at Texas Tech, attended an annual conference on social sciences in Dallas last week end.

Da Vinci Exhibit In Museum Is Feature of Tech Engineering Show

Everyone complains about the weather, but Leonardo da Vinci tried to do something about it.

He invented a ventilator, the forerunner of the modern air conditioner. Leonardo designed his ventilator for the boudoir of Beatrice d'Este who was the wife of his patron, the Duke of Milan.

The wheel was a full story high and was turned by water power. Sometimes the assistance of slaves was required to turn the wheel. The large mechanism was placed outside the palace wall. The valves opened and closed automatically, forcing air in and out.

This is one of 26 models by Leonardo da Vinci now on exhibit in the Art Gallery of the Museum at Tech. The models were made by Dr. Roberto Guatelli who copied Leonardo's drawings. There is also a group of paintings "The Life and Times of Leonardo da Vinci," on exhibit in the Rotunda Gallery. These fifteen reproductions were painted by famous artists.

These free displays will continue until May 16. The Leonardo models are a special feature of the Tech Engineering Show to be held Friday and Saturday.

J. W. Jackson, professor of government and commander of the 8827th Air Reserve Squadron in Lubbock, has been promoted to lieutenant colonel in the air reserve.

Billy K. Power, of the cotton research staff, was promoted to major.

MARINE TO BE HERE

Capt. J. E. Harrell, U. S. Marine Corps, will be on campus Wednesday, April 28, to interview students interested in a commission with the "Leathernecks." Capt. Harrell will maintain a booth in the Administration Building.

Seniors and college graduates are eligible for the Marines officer candidate course. To qualify, a candidate must be at least 20 and less than 27 on July 1 of the year he is commissioned. Classes will last 10 weeks, and are followed by a three-year tour of duty.

Sick List

Seven students were admitted to the Texas Tech infirmary for treatment during the past week. They are: Arlen Wesley, Harold Spraggins, Wayne Robert Phillips Jr., Howard Pierce, Joyce Hazelton, Billy Jo Pleasant and Margaret Johnson.

By The Way . . .

Visit Scheduled

Mrs. Wanda Burkett, national third vice president of Mu Phi Epsilon, will visit Tech's chapter today and tomorrow.

Mrs. Burkett who is from Wichita, Kan., will be guest of honor at a model club meeting and mock initiation ceremony of the chapter. She will be honored at a breakfast tomorrow morning and will attend the opening of "Of These I Sing."

Dr. Gene Hemmle, head of the music department, will confer with Mrs. Burkett concerning the organization. She will be present at a piano performance by Annita Powers, music major who will attend the Mu Phi convention in July.

Randall Publishes

Prof. Arne W. Randall, head of the department of applied arts, has an article featured in the current issue of School Arts, an art education magazine.

Prof. Randall is advisory editor of the magazine and has served as specialist for fine arts in the U. S. Office of Education, Washington, D. C. His article is entitled "Art in Home and Community."

PanTech Has Open House

PanTech Farms, Tech's experimental station, held its fourth annual field day Thursday of last week. The program included an inspection of 30 experimental pens of cattle, discussions of the farm's beef cattle improvement program, and an auction of 75 Hereford and 7 Angus bulls.

Dairy Students Take Trip

Seven senior dairy industry students completed a 10-day trip to 14 Texas cities this week. The group studied plants manufacturing dairy products. Those going included Wesley Farmer, Brian Gilmore, Robert Francis, Luther T. Harvey, Alton Holzer, Lovell Morris, and Robert Williams. Dr. J. J. Willingham, head of the dairy department, accompanied the group.

'Ambassadors' Apply

Ten Tech students have made application for selection as community ambassador from Lubbock to a foreign country to be announced later this summer.

The applicants are: Harriet Henderson, Karl Dockray, Celene Chinn, Pierce, Ladon Sheats, Ronnie Clark, Iva Ruth Crowley, Lynn Harrison, Larry Dean Hardin, Don Elliott and William W. Dennis. Dockray, Elliott and Miss Henderson are among the finalists.

Glenn Rainer was Lubbock's community ambassador last summer. He visited Holland.

Geologist Speaks

Geology and petroleum engineering majors this morning had an opportunity to hear C. E. Reistle, Jr., director of production from Humble Oil and Refining Co., speak in the Naval Armory. His topic was "Learning, A Gateway to Progress."

Common problems were discussed as well as the latest techniques of oil lifting and means of lowering cost.

Donnie Dean To Orate

Donnie Dean, Lubbock sophomore, will represent Tech at the state oratory contest of the Sons of the American Revolution, Saturday in Dallas. He will deliver a speech on Alexander Hamilton. Dr. Clifford B. Jones, president-emeritus of Tech, is the donor of a \$125 first prize for the winner of the contest.

Eskimo Exhibit at Museum

Eskimos may live in cold climates, but Eskimo women include fans in their wardrobes. One such fan is among several articles on display at the Museum. These Eskimo objects are the "Treasure of the Month" and were collected by Roy L. Jameson.

Eskimo children have the traditional dolls American children enjoy. The dolls on display are made of wood and ivory. The doll dresses are exact replicas of Eskimo apparel.

Scientists To Meet Here

The oldest scientific organization in America, the American Association for the Advancement of Science, will hold its thirteenth

PAUL LAVERTY HONORED

Paul H. Laverty Jr., senior music major from Midland, was informed recently that he has been accepted as a graduate piano student at the Eastman School of Music in Rochester, N. Y.

Paul, piano student of Herbert Colvin, plans to report in Rochester Sept. 13, for "freshman week" at the music school. He graduates from Texas Tech on May 31.

After completing the Eastman School, Paul plans to take up college teaching. Eastman School picks its graduate students by hearing recordings of their work and checking each student's background.

annual Southwestern Division meeting on the Texas Tech campus April 25-29. The group met here in 1934 and 1941.

Approximately 500 scientists, representing botanical, physical, social and zoological sciences, are expected to attend, according to Dr. Joe Dennis, head of the department of chemistry and chemical engineering and chairman of the committee on local arrangements.

Dr. Herbert L. Stahnke, Arizona State College, is president of the Southwestern Division of AAAS. Dr. Dennis, Texas Tech, is vice president, and Dr. Frank E. E. Germann, University of Colorado, is executive secretary.

Famous Art Seen On Tech Campus

More than 150 prints of famous artists ranging from Giotto of the early Renaissance to modern European and American painters, such as Picasso and Renoir, are on display along the corridors of both floors of the Home Economics Building. Dr. Konrad Prothmann, Baldwin, Long Island, loaned the collection, valued at \$1,000, to Tech.

Prof. Arne Randall, head of the applied arts department, said that some of the paintings which would be of interest to visitors are the works of Grant Wood, who is typical of the American scene painters; Renoir, known for his pretty, blue-eyed little girls; and Homer, one of the Civil War painters. Three works of Picasso show his wide range of ability. "St. Francis Giving His Robe" is one of the religious paintings by Giotto, one of the early Christian fresco painters.

"Outstanding for the remarkable craftsmanship and beautiful detail is the Salvador Dali," pointed out Mr. Randall. Such famous artists as Rousseau, Michelangelo, Raphael, Rembrandt, Daumier, Rivera, and others are represented in the collection. There are a number of works by Degas, famous for his ballerinas, including "Dance-

Antarctic Explorer Will Begin Duties As Head of Tech Geology Department

The man who was chief scientist of Adm. Richard Byrd's last two trips to Antarctica will begin his duties as head of the Tech geology department next fall. Dr. Franklin Alton Wade will replace Dr. Raymond Sidwell who resigned to become a professor in the department.

The appointment of Dr. Wade, a member of the geology staff at Miami University, Oxford, Ohio, was designed to further strengthen Tech's offering of graduate training in geology. Dr. Wade, 51, a native of Akron, Ohio, is a graduate of Kenyon College and Johns Hopkins University.

Glacier Named for Him

He has a 500-square-mile glacier named in his honor. Best known for his studies in Antarctica, Dr. Wade was a member of the second and third expeditions to Little America. He holds two special congressional medals for his work with Adm. Byrd.

Dr. Wade served as a major in the U. S. Army during World War I and was a member of the U. S. Antarctic Expedition.

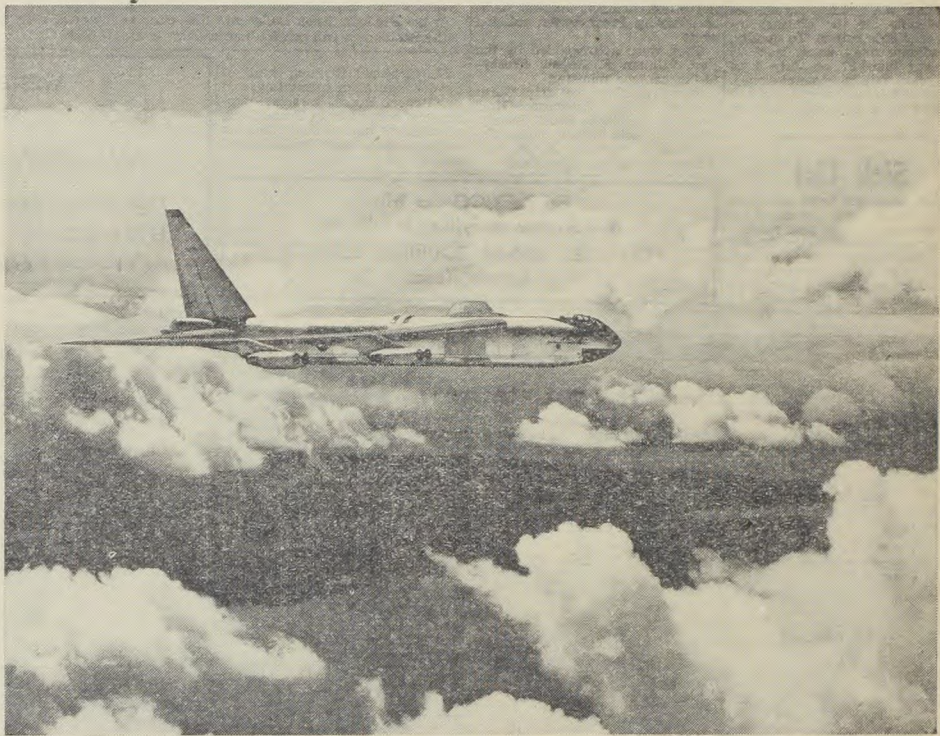

The public is invited to the exhibit and those wishing to secure prints may place orders in the applied arts department.

the Air Force during World War II and was stationed in Greenland where he helped explore an inland ice area for possible use by the United States. He helped set up a weather station there. He spent two years, in 1950-51, as head of a special staff section of the Fifth Air Force, working on "Operation Analysis." The project, which originally planned to map out problems of air defense of Japan, served to analyze problems of combat operations after the outbreak of the Korean hostilities.

Given Air Force Award

He was given the Meritorious Civilian Service Award by the Air Force in 1951 and returned to the Miami University faculty.

Dr. Wade was instructor of geology and chemistry at the University of Delaware from 1929 to 1931 and from 1933 to 1935. He joined the Miami University staff in 1936 as an instructor and was promoted to professor in 1945. He has written several scientific articles and reports on geological structure of Little America. Dr. Wade is married and has a son, James Richard, 5.

Boeing eight-jet B-52 global bomber

Which field of engineering interests you most?

Whether it's electrical, civil, mechanical, aeronautical or any related field, you'll find a rewarding career opportunity at Boeing.

Engineers of virtually every type are in increasing demand here—for Boeing is growing continuously, and today employs more engineers than even at the peak of World War II. That's the kind of situation in which positions ahead keep opening up. Boeing fills them from within its own organization, and holds regular merit reviews to give you steady recognition.

As a Boeing engineer you'd be part of a team that, for 37 years, has pioneered successful, trail-blazing types of airplanes. You could look toward a

stable future with such long-range Boeing projects as a pilotless aircraft program (one of the largest in the country), development of America's first jet transport, research on supersonic flight and nuclear power for aircraft, and the world's fastest multi-jet bombers, the B-47 and B-52.

You'll find a wide range of experience and contacts available to you at Boeing. The aviation industry is unique in its variety and breadth of application—from applied research to production design, all going on at once. Boeing is constantly alert to new materials and new techniques, and approaches them without limitations. In addition, Boeing's vast subcontracting program—

requiring engineering co-ordination—offers an opportunity for contacts with a cross section of American industry.

At Boeing, you'd work in Seattle, Washington, or Wichita, Kansas—two fresh, modern cities with a wide variety of recreational facilities as well as universities which provide excellent graduate study courses. The company will arrange a reduced work week to permit time for such study and will reimburse tuition upon successful completion of each quarter's work.

For full details on career opportunities at Boeing,

consult your PLACEMENT OFFICE, or write

ANNUAL RODEO APRIL 29-MAY 1

Techsians To Wear Western Togs During Annual Western Celebration

A roping match between Sammy Baugh, Hardin-Simmons coach and former professional football player, and Jack Kirkpatrick, Red Raider quarterback, will be a highlight of the fifth annual Texas Tech Interscholastic Rodeo April 29 to May 1, according to B. F. Yeates, general manager.

The rodeo, feature of Tech's three-day western celebration, will present three performances starting at 8 p.m. Thursday, Friday, and Saturday. Approximately 25 colleges are expected to be represented in competition for the team trophy.

Other awards offered by Block and Bridle and the Tech Rodeo Association, sponsors of the affair, include seven championship buckles, a saddle for the best all-around cowboy, and numerous smaller prizes. A trophy will also be awarded to winners of the girls wild cow milking contest and the boys goat sacking contest. The latter contests are open to members of campus organizations.

Area Bands to March

Opening the cowboy fiesta will be a large parade starting at 4 p.m. Thursday. Organizations are urged by Block and Bridle to enter floats in the parade. Organizations wishing to enter may write or contact Jimmy McNeill, parade marshal, or Yeates in the animal husbandry department. Present parade entries include the Texas Tech Army and Air Force ROTC units; the Tech and Lubbock High School bands, and sheriffs posses and riding clubs from the South Plains area.

Queen of the rodeo will be crowned in opening night ceremonies, according to J. Vonne Fulks, chairman of the queen committee. The queen will be selected in a penny-a-vote contest. Entries closed yesterday and voting will last until 7 p.m. April 28.

Those entered in the race as of press time include Gloria Snell, Lubbock junior; Pat Timney, Bowie freshman; Nina Flanagan, Albuquerque, N. M. freshman; Franky Hadlock, El Paso freshman; Sue Hefley, Texline sophomore; Nancy Roberts, Midland sophomore; Revis Gilbert, Abilene sophomore; Donna Jameson, Silver senior; and Shirley DuPriest, Waco freshman.

'Sheriff' Appointed

"Sheriff" Billy L. Jones, Mercury senior, has been appointed to select a posse to help keep the western spirit on campus during the celebration.

A full program of extra events has been planned. The annual Block and Bridle chuck wagon breakfast will start at 6 a.m.

Short Course Announced

Students interested in petroleum geology and petroleum engineering have an opportunity this week to learn technical aspects of oil lifting.

The first annual short course on that subject sponsored by the Tech department of petroleum engineering, is being held on the campus today and tomorrow.

W. L. Ducker, professor and head of the department of petroleum engineering, is chairman of the executive committee. On the steering committee are Philip Johnson and Norman Lamont, assistant professors of petroleum engineering.

Friday in Aggie Grove, followed by a western dance in the Agriculture Engineering Shed. At 9 p.m. the Texas Sons will play for a western dance in the Student Union Ballroom.

A campus-wide barbecue will be held Saturday evening. Dormitory students may participate by showing their meal card and town students may buy tickets for the meal.

A western dance, following the final performance, will conclude the week's activities. Presentation of awards to winning teams and individuals will be made at the dance.

Area Vocational Agriculture Students To Enter Annual FFA Meet At Tech

Approximately 1,300 Future Farmers of America from Areas I, II, and parts of III and IV are expected to participate in Texas Tech's 27th annual FFA judging contests Saturday, according to T. L. Leach, professor of agriculture education.

Vocational agriculture students from 175 schools will compete in the nine-event program. Last year 420 teams entered the competition.

Dean W. L. Stangel of agriculture will be in charge of the contests, which are under supervision of the agriculture education department.

Several Events Planned

Judging competition will be in livestock, crops, cotton classing, dairy products, poultry, dairy cattle, meats, grass, and wool. Most of the contests will be on campus but the cotton classing contest will be in the government cotton classing office downtown. Parts of the meats contest will be at Edwards and Reed Packing Co.

Banners will be awarded to the top five teams in each contest. Medals will be given to the top three judges in each contest. Area awards will also be presented to the teams and individuals.

Winners of the competition at Tech will compete in the state contest later this year, Mr. Leach said.

Free Barbecue Saturday
Tech's collegiate chapter of

AUDUBON FILM TOMORROW

The story of "wanderlands" of the U.S. will be told by William and June Wagoner, artist-naturalists, tomorrow night at the Audubon film program in the auditorium of the Museum at 7:30.

The all-color film and lecture will reveal William Wagoner's ability with a camera. His photographs have appeared in leading magazines, exhibits, salons and the Museum of Modern Art in New York City. Wagoner and his wife spent two years traveling 30,000 miles and walked a thousand miles securing film for the film-lecture.

Tickets for the lecture may be purchased at the door at 75 cents for adults and 50 cents for children. "Wanderland" will be the last program in the Audubon Screen Tour program this season.

Unexpected Visitor Causes Commotion in Biology Class

A tall, thin visitor to Dr. Russell Strandmann's 10 o'clock Biology 134 class caused quite a commotion the other morning. Most class visitors come in and sit quietly among the students, but this particular visitor insisted on hanging around the professor's desk.

The unexpected guest, a human skeleton, brought into the lecture room by Dr. Strandmann, swung to and fro from a nail on the wall. His many bones were used to show students more clearly the position and purpose of each bone in their bodies.

The "visitor" was examined closely by the students after class, but there was no report of his being asked for another engagement in the future.

"He was too much a 'dead-head,'" said one student.

BUT J. C. PENNEY DISAGREES

College Students Not Afraid of Work Asserts Placement Service Head

Are college graduates afraid of work? "Yes!" says millionaire J. C. Penney.

"No!" says Director of the Tech Placement Service Jean Jenkins.

"The colleges are making a mistake. They are encouraging young men to sell their services for the highest monetary consideration without regard for future opportunity," said James Cash Penney, whose first job paid \$2.27 a month, in a recent interview.

"Students are not so interested in security and salary as most businessmen think," Mrs. Jenkins told The Treador. "But they may be disappointed at not starting in

the work they want to do."

No Easy Route To Success

Mr. Penney, who launched his department store chain in a shack in Wyoming, has found no substitute for hard work. He can see why men a third his age should look for an easier route to success. "I would rather have a high school graduate who is not afraid of work than a college man who wants a desk job with telephone at his elbow and a buzzer. He wants to be an executive rather than start out at the bottom," Mr. Penney declared.

Graduates May Be Disappointed

"If a student has trained to be a buyer, he may be disappointed if he has to start by selling, argued Mrs. Jenkins. After five years of working in the Placement Service, she thinks she has found the cause of most of the misunderstanding.

"Since they (the students) were six or seven they've been in an atmosphere set up for their growth and development. The businessman wants them to begin producing. She feels that graduates need to realize that the job isn't set up for their training.

"They must fit themselves to the job—or else."

Phil McGee Honored

Phil McGee, senior electrical engineer from Fort Worth, received the Armed Forces Communication Association Gold Medal and Ribbon in ceremonies Thursday, Dean Dysart E. Holcomb, dean of engineering, presented the award. The medal and ribbon are presented annually to the outstanding senior signal ROTC cadet in the electronics field.
