

Runoffs Needed In Class Elections

the foreador

Vol. XXX Texas Technological College, Lubbock, Thursday, September 30, 1954 No. 2

Health Center To Start; Other Projects Planned

Initial phase in construction of a new health center will start in February.

According to Nolan Barrick, school architect, the project will be known as the Len and Harriett McClellan Health Center. Estimated cost of the project is between \$200,000 and \$250,000. The health center will replace the present infirmary and will be located between the Student Union and Drane Hall. It is the most advanced of several projects to be started in the forthcoming expansion at Tech.

A few pertinent facts in regard to the new building's features were pointed out by Mr. Barrick. The clinic will occupy the entire first floor. The center's initial phase will contain 18 beds and at a later date will be expanded to 40. The working drawings are scheduled for completion by December so that construction may start in February of 1955. Completion date of the initial phase is set for the spring of '56.

Auditorium-Coliseum

The Auditorium-Coliseum, a \$2,000,000 project, started last spring is progressing satisfactorily, according to BMFP Construction Co. This building located in the northwest corner of the Tech campus, and is being built by the City of Lubbock. It will have a seating capacity of 13,500. A collapsible floor will be installed to make possible holding of a wide variety of events within the same area. The city feels that this project will be an important step toward giving Lubbock a year round cultural center. Completion date is estimated to be the middle of October 1955.

Gymnasiums

Whether to build one large gym for boys and girls at Tech, or to build one for each is one of the questions to be decided on before further discussion is to continue in regard to a gym building project. Ninety-five questionnaires have been sent to colleges throughout the country. These questionnaires are for the purpose of getting suggestions and recommendations from other institutions and will be used as a guide in the preliminary planning.

"I sincerely appreciate the promptness which 40 institutions

Journalism Party Slated For Sunday

The Journalism department will sponsor a get-acquainted wiener roast Sunday afternoon.

The party, which will be at the home of Dean and Mrs. James G. Allen, 3110 21st St. from 5 to 7 p.m., will be for all persons enrolled in the Journalism department as majors or minors, or persons taking elective courses in journalism, with the Press Club and Theta Sigma Phi as hosts.

Also invited are freshmen not yet enrolled in journalism, but who might be interested in journalism as a major or minor.

Sunday afternoon was chosen especially for the purpose of per-

have displayed," said Mr. Barrick. "When taking into consideration that these people were as busy as we were it is amazing that this number would be returned so soon."

As yet no starting date has been set for this project.

Disagreement on the method of financing has caused the postponement of the addition to the Student Union building. The necessity for a new wing of this building is becoming imminent to contain additional food, recreation, and office facilities. The proposed wing will cost about \$500,000. Mr. Barrick stated, "We hope to iron out this problem and begin work some time in '55."

MEMBERS NEEDED

With the deadline for membership in the Saddle Tramps extended to 8 p.m. Tuesday when the organization will hold a smoker, President Glen Cary today appealed for participation by more students.

Saddle Tramps is a group of male students dedicated to promoting school spirit and supporting the football team. Persons desiring membership must have completed 30 semester hours with at least a 1.0 grade point average.

The smoker will be in the Old Recreation Hall. All members and persons desiring to join are urged to attend, Cary said.

Class Pictures Being Made For Yearbook at Koen's

Class pictures for La Ventana are being made at Koen's Studio, 2222 Broadway. Studio hours are 9 a. m. to 6 p. m.

All students must show their receipts at the desk, announces Linda Hudson, La Ventana editor. A \$1 fee will be charged those who did not buy yearbooks.

First Newspaper In Texas Will Be Commemorated

In front of the historic Old Stone Fort at Nacodoches, Sunday will be commemorated an event of great significance in the history of the state—publication of the first Texas newspaper.

The Gaceta de Texas, printed in May, 1813, came into existence as a part of the turbulent movement to overthrow Spanish control over the great Southwest.

Sigma Delta Chi, professional journalism fraternity, is sponsoring the commemoration in observance of National Newspaper Week.

A bronze plaque, provided by the Texas Press Association, will be presented by W. R. Beaumier, TPA president, and publisher of the Lufkin Daily News, to pay tribute to this first newspaper and its founders.

mitting students who work during the week to attend. Also, the party will be over in time to attend the evening religious services.

Character Traits Important In Life, Dr. Jones Says

Character traits or lack of them accounts for 90 per cent of the discharges in the professional world, according to Dr. E. N. Jones, president of Texas Tech, in his address to students and faculty yesterday at the school-wide convocation held annually preceding the nomination and election of class officers.

The Tech band opened the meeting with a lively march selection. James G. Allen, dean of student life, introduced Dr. Jones and the Rev. Hubert Bratcher of St. John's Methodist Church, who gave the invocation.

President Jones opened his speech with some "shop talk" concerning this year's record enrollment of 6,236 students and over 3800 cars. He explained that the parking signs on the Administration Building lots divide it all the way across from east to west; the north half for faculty, staff, and visitors, and the south for students.

He discussed the question, "What are we in school for?" He gave statistics on the results of a survey of parents in regards to a college education for their children. Eighty-three per cent wanted a college education for their sons, and 65 per cent for their daughters. Sixty per cent wanted their children to be prepared for jobs, 19 per cent to be prepared for leading a full life. Dr. Jones emphasized that knowledge of skills and facts were no more important than having poise, self-confidence, tact, capacity for leadership, judgment, and an ability to express oneself. He said that students should obtain wisdom and common sense from all the courses they study at Tech.

In conclusion Dr. Jones related a "Bible" of Americanism. The basis of an American way of life included seven points, with parallels drawn from the Bible:

1. Mayflower Compact—Genesis
2. Declaration of Independence—Exodus
3. Constitution of United States—Book of Law
4. George Washington's farewell address—the greatest of the major and minor prophecies
5. Star Spangled Banner—national Psalm
6. Abraham Lincoln's second inaugural address—the gospel of American truths
7. Woodrow Wilson's last article, his plea for the U. S. to join the League of Nations—the greatest of the epistles.

Following Dr. Jones' address Glenn Rainer, president of the Student Association, made a short talk telling about the official out-of-town trip to Louisiana State University Oct. 15 and 16. The cheerleaders led the audience in the whisper yell. Glenn introduced Student Council officers and members and the group was dismissed to individual class meetings after singing "The Matador Song."

Cary Elected Junior President, Schuler Named To Head Freshmen

Student elections yesterday resulted in the need for eight runoff elections for various class posts, including president of the sophomore and senior classes.

Walter Schuler of Lubbock was elected president of the freshman class and Glenn Cary of Brownfield was named head of the junior class by acclamation.

Runoffs will be necessary between Buck Johnson, Muleshoe, and Bruce Campbell, Pampa, for sophomore president, and between Carl Kennedy, Pampa, and Bill Velvin, Lubbock, for senior president.

A runoff is needed for freshman vice president between Joe Dale Bryan, Lubbock, and David Thompson, Pampa. Glenda Moses, Fort Worth, Sandy Casstevens, Brownfield, and Revis Jordan, Lubbock, are in a runoff for secretary.

John Harrell, Carlsbad, N. M., was elected sophomore vice president; but a runoff is necessary between Gladys Bain, Austin, Jody Miller, Big Spring, and Joyce Tharp, Littlefield, for secretary.

Wise Elected

Monte Wise, Quitaque, was named vice president of the junior class by acclamation. For secretary, there will be a runoff between Marilyn Stonecipher, Houston, and Pat Boles, Midland.

Senior class vice president, named by acclamation, is Jerry Russell, Vera. There is a runoff for secretary between Pat Harkleroad, Lubbock, and Jane Hampton, Amarillo.

Two classes elected sponsors. Jack Ashworth, instructor in agricultural economics, was named junior class sponsor and Dr. H. C. Hartsell, associate professor of education, was elected senior sponsor.

Revote Needed

An entire revote will be taken for freshman representatives to the Association of Women Students. Due to a mistake in balloting procedure freshman men were allowed to vote.

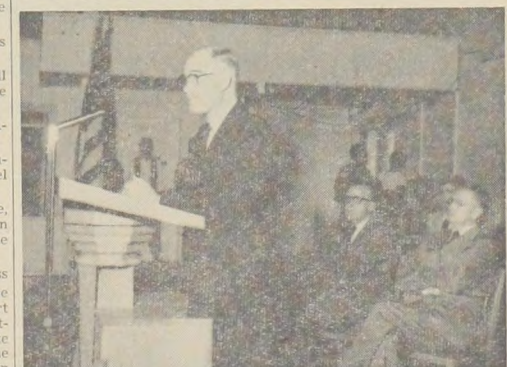

A runoff is necessary between Donell Phillips, Plainview, and Sally Wood, El Paso, for sophomore AWS representatives.

Carolyn Callaway, Ralls, Jean McNeal, Fort Worth, and Frances Edwards, Lubbock, are in the runoff for senior AWS representative.

Runoffs will be held at 5 p.m. Tuesday in the following places: seniors, Ad. 260; juniors, Eng. Auditorium; sophomores, Ch. 101; freshmen, Ag. Auditorium.

erior Tech manpower, noted that the Raiders used 44 players, 11 more than the Ags had on the bench. Quoting further from the paper: "Tech substituted by teams, while the Aggies substituted by ones, twos and threes — and that makes a difference."

The Battalion, pointing to sup-

President E. N. Jones yesterday addressed a convocation of students and faculty members in the Gym. Dr. Jones stressed the need for students to develop a proper sense of values while in college. (See story in column 3.)

LSU Train Ticket Deadline Is Oct. 9

Have you bought your train ticket to the out-of-town game at LSU?

If not, the Student Council reminds you that the deadline for tickets sales is Saturday, Oct. 9. Tickets, priced at \$25.50 each, are on sale at the Council office or by any council member. A minimum of 250 tickets must be sold by Oct. 9 in order to obtain a special train.

Vice President Bill Hudson told the Council in a meeting Monday night, that a letter of welcome has been received from the Student Council of LSU. The letter, from Roy Beard, president of the LSU Council, revealed a whirlwind of activities to be in store for Tech students making the trip.

Tech students are invited to attend "Open House", in their honor Saturday afternoon, Oct. 16. The "Open House", sponsored by the LSU Student Council, will include a pep rally at noon Saturday with mixed yells for Tech and LSU, a stage show from 2 to 3 p.m., featuring both Tech and LSU campus talent; and a dance from 3:30 to 5:30 p.m. with members of the LSU council and student body as host and hostesses.

The train for Baton Rouge will leave Lubbock at 3:30 p.m. Friday Oct. 15 and will arrive there at 11:59 a.m. Saturday. The train will leave for Lubbock on the return trip at 12:01 a.m. Sunday and will arrive here at 8:30 p.m. Sunday.

Aggie Coach Explains 10 Fumbles

In Battalion, College Station Paper

What caused Texas A & M to fumble 10 times losing to Tech 41-9?

"They were running right through our line, that's what caused them," Aggie Coach Paul (Bear) Bryant is quoted in the Battalion, College Station student newspaper, as saying. "Fortunately, our backs all came out alive."

The Battalion, pointing to sup-

Dr. Wm. E. Hall Named To Head Journalism, PIO

Dr. William E. Hall, assistant to the president at the University of New Mexico for the past two years, has been appointed to a dual position as head of the department of journalism and director of public information at Texas Tech.

Dr. Hall previously taught journalism at the University of New Mexico and at the State University of Iowa. His experience includes seven years with Scripps-Howard newspapers.

In journalism, he succeeds Prof. J. Russell Heitman, who resigned to re-enter the newspaper field, and in public information, Aubrey Shouse. Mr. Shouse is now employed in photographic work, with headquarters in Abilene.

The new journalism and public information head took his bachelor's degree in political science at the University of New Mexico and his master's in journalism from Columbia University. In the summer he received his doctorate at Iowa.

A specialist in international journalism, Dr. Hall was one of 10 American co-ordinators who, in 1952, directed an international study of the "flow of news." This project, sponsored by the International Press Institute, was the most comprehensive news study ever undertaken.

Dr. Hall is married and has three children. He served in the Army during World War II as a combat infantryman and as a special agent in counter-intelligence.

Tech Dairy Herd Sets New Record

Texas Tech Dairy Department officials have been notified that the 18-cow Tech Holstein herd has completed a production record more than twice the average production for all cows in the United States.

According to Dr. W. H. Cloninger, associate professor of animal husbandry, the Tech herd produced an average of 11,923 pounds of milk per cow during last year. Each cow also averaged 4.15 pounds of butterfat per day. The national average for all cows is approximately 5,000 pounds of milk yearly and 2 pounds of butterfat daily.

Tests were required of the entire herd before it was eligible for production registry testing as a herd, said Dr. Cloninger.

Texas A & M College in cooperation with the Holstein-Friesian Association of America supervised the testing.

TISA Executive Council

Tentatively Set For No. 5

The fall executive council meeting of the Texas Intercollegiate Student Association has been tentatively scheduled for Nov. 5 at North Texas State Teachers' College in Denton. Proposed plans, such as a co-operative booking agency which will bring bands, speakers and concert artists to Texas colleges at vastly reduced prices, will be discussed.

All member schools will be represented as well as the executive committee, consisting of representatives from Texas colleges and universities.

ANDERSON COMPLETES

Former Tech Student, Pvt. John C. Anderson, has completed the Medical Field Services School's 16 week medical laboratory procedures course at Brooke Army Medical Center and has been transferred to Camp Chaffee, Ark.

Events Announced For Student Union

Free bridge instruction at the Student Union will be conducted by Mrs. Wesley Collier, president of the Lubbock Bridge Club, at 7 each Tuesday evening, Oct. 12 to Nov. 9. Instruction is free to those who sign up this week.

Tickets for the Spike Jones Show Oct. 15 are now available free to students. They should be picked up before Oct. 12. After that time tickets will be placed on sale for other interested persons.

After the pep rally at 7 o'clock tomorrow night in the Gymnasium, a Starlight Dance will be held in the Union Ballroom, featuring Burl Hubbard. The dance begins at 8:30.

A post-game record dance will also be held in the Union on Saturday evening.

On Monday evening at 7 o'clock women's billiards are scheduled. A movie will be shown at the same time in the ballroom, featuring Errol Flynn in "Adventures of Robin Hood."

Dance instruction starts at 6:30 a week from tonight, by the Arthur Murray group. Ten weeks of dance instruction are planned.

Aggie Club Aids Directory Sales

A principal achievement of the Aggie Club this year is the decision again to distribute student directories to local businessmen. Although the club receives no monetary profits from sale of the directories, it is felt by members that the project is a worthwhile contribution to the College. Ed Wilks heads the committee for this work.

The project was approved at the first regular meeting of the Aggie Club, held Tuesday night in the Aggie Memorial Auditorium. Featured on the program were: pledges of Pi Beta Phi, who presented two skits; a three-act pantomime by David Pool; and a boys' trio.

Contributions were taken during the business meeting to continue the work now being done in refurbishing and furnishing an aggie lounge located on the second floor of the Agriculture Building.

The next regular meeting will be held in the Aggie Auditorium Oct. 12.

two hours per week, at 50 cents per hour. Instruction will be given in ballroom, Latin-American and square dancing.

New Members As Fraternities

Zeta Tau Alpha
Zeta Tau Alpha will be introduced from 3 to 6 p.m. at the Lubbock Club. New pledges will be added to the college fraternities groups.

Kappa Alpha
Kappa Alpha Theta will be introduced from 3 to 6 p.m. at the Comanche Room. Guests will be Caprock. Guests will be college administrators, parents and members of the fraternity and the 28 pledges will be initiated Sunday.

Phi Delta
Phi Delta Theta held formal initiation pledges and one afternoon at the national Bank.

ASCE Officers
ASCE Officers will be elected at the annual meeting of the Society of Civil Engineers with Tech's chapter.

Girls Dorm Doughty Begun By Honor
Here's some good news for freshmen women. The Student Council has requested Monday Lambda Delta, women's society, to sell dormitory's dorms on Thursday and Thursday. Money from these sales will be used to form a \$100 fund for an outstanding going freshman class.

New Members and Pledges Are Received As Fraternities and Sororities Initiate

Zeta Tau Alpha

Zeta Tau Alpha will hold open house from 3 to 6 Sunday afternoon at the Lubbock Womens Club. New pledges will be introduced to the college administrators, Zeta alumnae, sorority and fraternity groups.

In the receiving line will be Mrs. Ed Smith, alumnae president Mrs. Alfred Crosby, alumnae officer; Miss Mildred Bettencourt, faculty adviser; Danna Stamper, chapter president; and Gale Hays, vice president.

Bill Hess, organist, will provide music for the afternoon reception.

Kappa Alpha Theta

Kappa Alpha Theta pledges will be introduced from 2 to 5 p.m. Sunday at an introductory tea in the Comanche Room of Hotel Caprock. Guests will include college administrators, Theta alumnae, parents and members, sorority and fraternity groups.

The 28 pledges were formally initiated Sunday afternoon at First Methodist Church. Chapter members and pledges attended a big-little sister breakfast and church services at First Presbyterian Church prior to initiation.

Sigma Alpha Epsilon

Sigma Alpha Epsilon fraternity held formal initiation for 17 pledges and one alumna Sunday afternoon at the Lubbock National Bank.

New initiates for Texas Alpha chapter include: Karl Dockray, Lubbock; Max Merrell, Bill Bynum, Miles Black, and John Harrell, all from Carlsbad, N. M.; Don Fritz, Midland; Larry Marks, Amarillo; Joe McIlhenny, Lubbock; Dick King, Fort Worth; Dan Creson, Lubbock; Don Pundt, Borger; Roy Giddens, Blum; Ed Phillips, Fort Worth; Ronald Crouch, Higgins; Donny Hutton, Dalhart; Gene Mayes, Fort Worth; Johnny Sartain, Coleman.

Alumnae initiate was Duane Fritz, 1953 Tech graduate from Midland.

Phi Delta Theta

Texas Epsilon chapter of Phi Delta Theta held formal initiation services Sunday for 17 new members, one an alumna of Silver Key, social club.

New members are Larry Byrd,

ASCE Officials Visit On Campus

Two officials of the American Society of Civil Engineers met with Tech's chapter last night in the East Engineering Building.

Robert L. Lowry of Austin is president of the Texas section and Allen P. Richmond of New York is national director of student activities. Also meeting with the Tech group were area civil engineers.

Ellis G. Bauereis, Houston senior, is president of the chapter and Dr. George A. Whetstone is faculty adviser.

Girls Dorm Doughnut Sales Begun By Honor Society

Here's some good news for freshmen women.

The Student Council approved a request Monday from Alpha Lambda Delta, women's scholastic sorority, to sell doughnuts in the women's dorms on Tuesday and Thursday and Thursday nights. Money from these sales will be used to form a \$100 scholarship for an outstanding girl of the outgoing freshman class.

AG ENROLLEMENT UP

Enrollment at Texas A&M this fall was up 3 per cent over the same time last year, as regular registration days ended with 6,007 students. It was believed that late registration would add fewer than 300 more enrollees.

2628 22nd St. Dane Grant, 3402 21st St. Wallace Wilson, 3411 21st St.; Charles Guy Wright, 1920 Ave. P.; Ray Weed, 3401 21st St.; E. Grey Lewis, 5225 19th St.; Dennis Lee Calvert, 1119 31st St.; Hubert Ring, Floydada; Monroe Henderson, Jacksboro; Dick Spencer, Midland; Roy Miller, Denver City; D. Stevens West, Keller; Leo Chase, Amarillo; Jack Hooker and William Ramsey, Abilene.

Frank W. Wright Sr., 1628 16th St., alumnae initiate, was initiated with his son Frank Jr.

Zeta Tau Alpha

Zeta Tau Alpha held formal pledge services for 32 pledges Friday night and Saturday afternoon at the First Christian Church.

Chapter members and pledges attended church services at the First Baptist Church Sunday morning. Members were hostesses at a buffet luncheon at the home of Mrs. H. T. McKissack following church. Gifts were presented to little sisters by chapter members.

Alpha Chi Omega

Alpha Chi Omega announces the formal initiation of new members Beverly Thomas, Floydada; Norome Trueblood, Canadian; and Charlotte Pace, 2721 42nd St. The services were held Sunday afternoon in the home of Mrs. Morris E. Nunley, 3204 29th St.

The alumnae club received 18 members by initiation. A dinner was served following the services.

CLIMBS GREASED POLE

A persevering freshman at Eastern New Mexico University climbed a greased pole to retrieve a frosh flag at the start of the school term.

Professor McRee and Wife Leave for Tel-Aviv, Israel

F. L. McRee, professor of civil engineering, has left for Tel-Aviv, Israel, where he will be a highway engineering adviser for the Israeli government.

Accompanying Prof. McRee was his wife. They will be gone for a year, on a leave of absence granted him by the college.

Prof. McRee was beginning his 28th year with the Civil Engineering Department. His job in Israel is under the sponsorship of the U. S. government.

Hilton Sponsors BA Scholarships

C. N. Hilton, president of Hilton Hotels, Inc., has made four \$100 scholarships available to business administration students.

These scholarships are awarded annually to students having the highest scholastic average for the two previous long-term semesters. They are awarded upon application only, but in no case to a student with less than a 2-point average for the past two long semesters.

Anyone wishing to apply for these scholarships must do so before 10 a.m. tomorrow. Applications may be made in the office of the Dean of Business Administration with Mr. John Harding, who is in charge of the awards.

Applicants, with the exception of last year's seniors, must have attended school last year and be attending this year. A student receiving this award is not eligible for any similar scholarship.

Campus Vets Add 22 New Members

Membership of the Tech Veterans Club climbed to 241 Thursday with the signing of 22 new members. This increase necessitates using the Recreation Hall instead of the Student Union for meetings.

Commander Wayne Davis opened the meeting with a welcome to all new members and the regular business meeting followed.

Among the club activities this year are the formation of an auxiliary, composed of the veterans' wives; participating in the intramural program and sponsorship of the Homecoming Varieties.

Dr. W. B. Arper, assistant professor of geology, was unanimously elected to serve as co-sponsor with Dr. J. P. Brand, assistant professor of geology.

Ray Beck Voted President Of Sigma Gamma Epsilon

Ray Beck, Lubbock arts and sciences senior, was elected last week as president of Sigma Gamma Epsilon, honorary geology fraternity.

Other officers elected were: vice president, Jack Badgett of Floydada, arts and sciences senior; recording secretary, Ken Whittington, Amarillo junior, corresponding secretary; Vince Larson, engineering senior; and treasurer, Melvin Hunter, Plainview arts and sciences senior.

Recent Vows Unite Two Tech Couples

Four Tech students were recently married when vows were read in Lubbock and Portales, N. M.

Chow-Louis
Rita Kuang-yuen Chow, daughter of Maj. Gen. and Mrs. C. C. Chow of Formosa, China, became the bride of Frank Gainlim Louis, son of Cheneway Louis, San Antonio, Friday evening at the First Presbyterian Church.

The bride, a graduate of National Taiwan University, is an art student at Tech. Louis, a textile engineering graduate of Tech, is employed by Texas Cotton Research Laboratory as a research technologist.

Roberson-Simmons
Carole Dean Roberson of Portales, N. M. and Doyle Lee Simmons, 2506 36th St., were recently married in Portales.

Both are attending Tech where the bride is a pre-medical student and the bridegroom is working toward a degree in chemical engineering.

Rister Is Author Of Essay-Review

Dr. Carl Coke Rister, distinguished professor of history, has had an article published in the Saturday Review of Literature. The article, an essay-review on "The Buffalo Hunters," by Mari Sandoz, appeared in the Aug. 21 edition of the magazine.

Dr. Rister is author of "The Southern Plainsmen" and several other books.

KSEL Requests Announcements Of Meetings and College Activities

Radio station KSEL has issued a request for announcements of meetings of clubs, groups and other college activities. The station will broadcast such announcements from 5 to 5:30 each Monday, Wednesday and Friday afternoon during the Harry James-Betty Grable show.

PEP RALLY

A pep rally will be held tomorrow night, according to Joe Jack Reynolds, head cheerleader. The rally will be at 7 o'clock in the Gym.

Women Students To Sign Rush List

Women students interested in pledging a sorority are urged to sign the open rush list in the Office of the Dean of Women, Ad 169.

Harriet Webster, Drane Hall resident from Dallas, has been pledged to Zeta Tau Alpha Sorority.

Kappa Kappa Gamma has pledged three in open rush. They are Nina Smith, 4408 19th St., Lubbock; Sharon Day, Clovis, N. M.; and Mary Jane Clarkson, Abilene.

Museum Plans Historic Collection

Mrs. Roscoe Wilson, chairman of the Museum for the Tech Foundation and member of the Museum board of directors, has been appointed to assemble authentic historic objects which played a part in developing the South Plains area.

Dr. W. C. Holden, Museum director, announces.

Assisting Mrs. Wilson will be Mrs. T. R. Prideaux, director of the Texas Fine Arts Association for this area.

Items obtained will be displayed in the Museum during the year and many will be featured in a special display, "Early Life on the South Plains."

Objects needed for display include clothing of the 1880's to the 1920's, all sorts of household furnishings, kitchen equipment, glassware, silver, musical instruments, toys and tools of early professions and trades.

Anyone wishing to loan or give articles of this type may contact the Museum.

Proceeds From Horn Hall Auction

Donated To National Polio Drive

Proceeds from the Horn Hall Auction last night were donated to the Polio Drive. Old furniture, books, lamps, were auctioned by Betty Hickerson, Shirley DuPriest and Mary Alice Braselton, Horn Hall legislators, helped at the auction.

Math Staff's Texts Used Over Nation

Texas Tech is ably represented at leading colleges and universities in the form of texts written by five members of the Tech mathematics staff.

Texts on college algebra, plane trigonometry, analytic geometry and mathematics of business were collectively written by Dr. Fred W. Sparks, Dr. R. S. Underwood, Dr. Gordon Fuller, Prof. E. Richard Heineman and Assistant Professor Robert M. Parker.

These books are used in such schools at Texas A&M, SMU, LSU, University of Michigan, Purdue, University of Maryland and many other schools throughout the nation.

Aggie Newspaper Granted Freedom by College Board

Freedom of the press this year for the student newspaper at Texas A&M College was promised by a new publications board which includes four representatives of administration and faculty, one graduate student, one senior military student, and one senior civilian student.

Last year the entire staff of the Aggie newspaper resigned in protest over what it termed attempts to censor the paper. The newly formed board has complete authority over all student publication editors, but promised them a free rein so long as they observed canons of responsibility, accuracy, impartiality, fair play and decency.

AN EDITORIAL Parking Problem Needs Solution

Of prime importance to over 3,700 persons right now is the parking problem.

To begin with, there are 3,761 registered cars at Tech, and only 1,680 paved parking spaces. Thus, the problem is certainly a large one, and its solution is as difficult as it is obvious.

Clearly, there must be (1) more parking spaces, or (2) less cars on campus. The most practical answer may lie in a combination of these two alternatives.

For various reasons, no new paved parking lots are contemplated at this time. Expense of construction, long-range building plans of the college, plus the fact that a parking lot must be used at least 15 years to be worth construction at all, are some of the reasons why no new lots are planned. There seems to be no valid reason, however, why temporary dirt lots could not be made so that those who have registered their cars could at least park somewhere on the grounds.

How may the number of cars be reduced? The best answer here seems to be—by cooperation. The total number of cars registered by persons who live off campus is 2,938. If some of these persons would use car pools, get friends or relatives to bring them to college, ride the bus, or walk during crucial hours of crucial days, the number could be substantially reduced.

Why cannot those who live off campus make other arrangements to get to college on some days, and why cannot extra, temporary lots be built, to help lessen the problem? If volunteer cooperation does not work, there is little doubt that some other solution will be arrived at, a solution which could even mean prohibiting of any cars on the campus.

Former Techsan Killed In Crash

A former Tech student, First Lt. Alfred M. Gibson, 26, was killed in an airplane accident last week in Tripoli, according to word received here yesterday.

Gibson and his wife are both graduates of the college. He received a regular commission as an outstanding AFROTC cadet training at Reese Air Force Base, and later went through pilot training at Reese Air Force Base. For a while he served as a jet instructor at Webb Air Force Base in Big Spring.

Gibson was stationed in France at the time of his death.

Mrs. Gibson was a dietitian for one of the women's dorms for a time after her graduation.

Gibson graduated from Tech in 1952.

United Press Poll Gives Tech 12th

Texas Tech, receiving one first place vote, ranked 12th in the United Press poll following the 33-7 conquest of West Texas State. Besides the top three teams, Notre Dame, Oklahoma, and Iowa, Tech was one of the three other teams receiving first place votes.

This poll is made up from the votes of coaches representing each section of the country.

EARLY WESTERN DAY

Baylor University held its western day early this year, with students then donning cowboy togs Sept. 25.

Browning Represents Tech At National Aggie Meeting

Charles Browning represented the Texas Tech chapter of Alpha Zeta, national honorary agricultural fraternity, at the national biennial convective in Detroit, Mich., Sept. 8-11.

Two new national officers were elected and several new rules were recommended to local chapters. Members are agricultural students of high scholarship, leadership, personality and character. The Texas Beta chapter was organized here April 14, 1948.

Dr. Doyle Jackson Speaks At Future Teachers Meet

Some 75 members attended a meeting of Future Teachers of America Thursday night in the Student Union. Dr. Doyle Jackson, professor of education, spoke before the group.

"Melody Belles," a trio composed of Anne Hogg, Margaret Schindler, and Margaret Ammer, presented special music and Miss Ammer gave a violin solo.

The next meeting of FTA will be at 7 p.m. Oct. 14 in the Union.

AGGIE SYMPHONY

A symphony orchestra will be organized this year at Texas A&M College.

FOOTBALL THROUGH THE AGES

The football frenzy is upon us. But let us, in the midst of this pandemonium, call time. Let us pause for a moment of tranquil reflection. What is this game called football? What is its history? Its origins? Its traditions? These are not idle questions, for when we have the answers we will appreciate even more fully, enjoy even more deeply, this great American game of football.

First of all, to call football an American game is somewhat misleading. True, the game is now played almost exclusively in America, but it comes to us from a land far away and a civilization long dead.

Football was first played in ancient Rome. Introduced by Julius Caesar, it became one of the most popular Roman sports by the time of Nero's reign. The eminent historian Sigafoos reports a crowd of MMCLXXXVIII people at the Colosseum one Saturday afternoon to see the Christians play the Lions.

With the decline of the Roman empire football fell into disuse. The barbaric Huns and Goths preferred canasta. However, by the Twelfth Century A.D. football had emerged from its twilight and risen to its rightful place in the firmament of European pastimes. The eminent historian Sigafoos reports that the whole continent was in the grip of wild excitement in the year 1192 when the Crusaders, under Freddie Barbarossa, journeyed all the way to Damascus to play the Saracens in the Pig Bowl game. The Crusaders squeaked through, 23 to 21, on a field goal by Dick Coeur de Lion in the closing seconds of the game.

October 2, 1512, will ever remain a red letter day in the history of football. On that day Leonardo da Vinci, who has often been called "The Renaissance Man" because of his proficiency in a hundred arts and sciences, was painting a picture of a Florentine lady named Mona Lisa Schultz. "Listen, Mona baby," he said as she struck a pose for her portrait, "I keep telling you—don't smile. Just relax and look natural."

"But I'm not smiling," she replied. "Well, what do you call it?" he said. "Gee, I don't know," said Mrs. Schultz. "It's just an expression, kind of."

"Well, cut it out," said The Renaissance Man. "I'll be glad to do it." And try she did, but without success, for a moment later the artist was saying to her, "Look, Mona kid, I'm not gonna ask you again. Wipe that silly grin off your face."

"Honest to goodness, The Renaissance Man," said she to him, "it's no grin. It's just the way I look."

"Well, just stop it," said Leonard testily and turned away to mix his pigments. When he turned back to Mona Lisa and saw the smile still on her face, he became so enraged that he seized the nearest object—a casava melon, as it happened—and hurled it at her with all his strength. Showing great presence of mind, she caught the melon and ran with it from the studio until The Renaissance Man's temper should cool.

This was, of course, the first completed forward pass.

Another date dear to the hearts of all football fans is September 29, 1442. It was on this date, according to the eminent historian Sigafoos, that a sixteen year old lad named Christopher Columbus tried out for the football team at Genoa Tech. He failed to make the team because he was too light. (He weighed at that time only 12 pounds.)

And why, you ask, is this date—September 29, 1442—so dear to the hearts of all football fans? Because young Columbus was so heartbroken at not making the team that he ran away to sea. And if that hadn't happened, he never would have discovered America. And if Columbus hadn't discovered America, the world never would have discovered tobacco. And if the world hadn't discovered tobacco, football fans never would have discovered Philip Morris—which, as every fan knows, is the perfect companion to football. As Sigafoos, the eminent historian, says, "Land's sakes, I can't even imagine football without Philip Morris. I'd sooner go to a game without my raccoon coat than without my neat, rich tobacco-brown snap-on pack of mild vintage Philip Morris Cigarettes which come in regular or king-size at prices young and old can afford. Land's sakes!"

The end of football in Europe came with the notorious "Black Sox Scandal" of 1919, in which Ed Machiavelli, one of the Pisa mob, paid off the University of Heidelberg Sabres to throw the championship game to the Chartres A. and M. Gophers. It was a mortal blow to football on the continent.

But the game took hold in the American colonies and thrived as it had never thrived before. Which brings us to another date that remains evergreen in the hearts of football lovers: December 16, 1771. On that date a British packet loaded with tea sailed into Boston harbor. The colonies had long been smarting under the English king's tax on tea. "Taxation without representation," they called it, and feelings ran high.

When on December 16, 1771, the British ship docked at Boston, a semi-pro football team called the Nonpareil Tigers, coached by Samuel (Swiftly) Adams, was scurrying near the harbor. "Come, lads," cried Swiftly, seeing the ship. "Let's dump the tea in the ocean!"

With many a laugh and cheer the Nonpareil Tigers followed Swiftly aboard and proceeded to dump the cargo overboard in a wild, disorganized and abandoned manner. "Here now!" called Swiftly sharply. "That's no way to dump tea overboard. Let's get into some kind of formation."

And that, fans, is how the "T" formation was born.

This column is brought to you by the makers of PHILIP MORRIS who think you would enjoy their cigarette.

Tech Students Get Free Look At Fair, Take In Shows, During College Day

Step right up! This is your day, so make the best of it.

That's what officials said, and that's what hundreds of Tech students did Tuesday when the annual Panhandle-South Plains Fair took a "Joe and Jane College" look. All Tech students were admitted free.

Amid an array of cotton candy, snow cones, and hamburgers, Techsians swarmed into the fair grounds to take in all they could.

The Grand Old Opry seemed to be the biggest attraction for the collegiates. Starring Webb Pierce, Slim Whitman, the Maddox Brothers and Rose, the Star Dusters, the Wondering Boys, and others, the performance was staged twice. The show lasted about two hours, and will continue during the remainder of the fair performances at 2:30 and 7:30 p. m.

Many of the college students craned their necks and gasped while Vern Orton and his wife performed their death-defying "flirtation in the sky" act. It included acrobatics atop a 115-foot height without a net. Their act is put on twice daily — at 5:30 and 9:30 p. m. — with no charge to the public.

Some of the Techsians spent most of their time on the rides, while others strolled leisurely through the numerous exhibits, and show barns. Those with more sporting blood exhibited their skills at winning prizes.

The night was finished with a

beautiful array of fireworks after some 20,554 persons had passed through the gates. Each day will be climaxed by the display.

Attendance this year may be the largest in the history of the fair. After the crowds pushed their way through the turnstiles Tuesday, the attendance totaled more than 80,197, with still four big days remaining. The record attendance was set in 1952, when some 165,369 curious fair-goers attended the week-long festivities.

Ford Movie Group Films Tech

To Publicize Memorial Highway

Pat Powers, cameraman-director of the Ford Motor Co. and Wilson Davis arrived in Lubbock Saturday to shoot color movie film of points of interest here. The film will publicize the Henry Ford Memorial Highway, formerly U.S. Highway 87.

The group took pictures of various areas of the campus. Other highlights included were the new coliseum and the Panhandle South Plains Fair Grounds.

Control Fall Colds, Health Expert Says

With the advent of fall, and colds becoming prevalent, Dr. Henry A. Holles, State Health Officer, makes the following suggestions as to ways by which these seasonal illnesses may be warded off, or at least may be gotten under control before they do any serious damage.

Keep as fit as possible. Dress accordingly to the weather, indoors and out of doors. Put on a heavier suit when a cold snap comes. Use a raincoat, overshoes and umbrella on rainy days. Change as quickly as possible into dry clothes if you are caught in a drenching downpour.

Look up your supply of sweaters and have them ready for use on these first chilly days. Get out some other heavy clothing and warm bed coverings at the same time.

Eat simple nourishing food. Have your meals at regular hours. Drink plenty of water. Take some exercise out of doors, every day. Get the necessary amount of rest.

If you are caught in the clutches of a cold, unawares, don't treat it lightly. It may turn into something very serious, if neglected. The quickest way to get over a cold, or, to bring it under control

L. G. Balfour Representative Will Visit Tech Bookstore

McCartney will be available to take orders for fraternity and sorority jewelry.

is to get to bed, keep warm, eat lightly and drink plenty of water and fruit juices.

And remember, colds are very contagious. Cold-producing germs are scattered far and wide whenever the victim of a cold coughs or sneezes. They are likely to be found on anything the victim touches. If you are the victim, keep your germs to yourself.

SCHOOL GETS PLANE

Southern Methodist University is the first school to be given a jet plane by the Air Force. The plane, permanently grounded, is used for instruction of Air Force ROTC classes.

Got a Lucky Drooodle in your noodle?

SEND IT IN AND MAKE \$25

FIREPOLE FOR FALSE ALARMS

MOST BEAUTIFUL WOMAN IN TURKEY ACCOMPANIED BY VERY UGLY FRIEND

Want to pick up \$25? Make up a Lucky Drooodle and send it in. It's easy.

If you want to find out just how easy it is, ask Roger Price, creator of Droodles. "Very!" Price says. Better yet, do a Drooodle yourself, like the ones shown here.

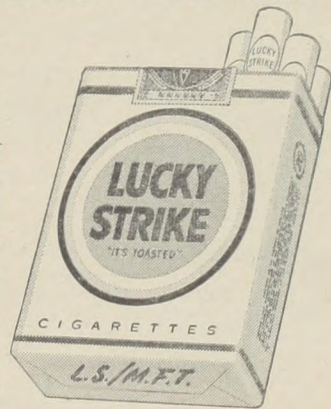

Drooodle anything you like. And send in as many as you want. If we select yours, we'll pay \$25 for the right to use it, together with your name, in our advertising. We're going to print plenty—and lots that we don't print will earn \$25 awards.

Draw your Droodles any size, on any piece of paper, and send them with your descriptive titles to Lucky Drooodle, P. O. Box 67, New York 46, N. Y. Be sure your name, address, college and class are included.

While you're droodling, light up a Lucky—the cigarette that tastes better because it's made of fine tobacco . . . and "It's Toasted" to taste better.

"IT'S TOASTED" to taste better!

FLASH! LUCKIES LEAD AGAIN IN COLLEGES!

Newest, biggest survey of smokers in colleges from coast to coast, based on 34,440 actual student interviews, shows that students prefer Luckies to all other brands. Once again, the No. 1 reason: Luckies taste better.

Halvorson Gets Radio, TV Work

W. Ferron Halvorson, assistant professor of speech in charge of radio and television at Texas Tech spent the summer in radio and television activities at stations in Chicago, Illinois and East Lansing, Mich.

Halvorson was one of the three persons selected by the National Broadcasting Company and Northwestern University for an internship arrangement at WMAQ-WNBQ the NBC combined radio and television operation in Chicago.

For the last five summers, Halvorson has been participating in television activities in either Hollywood, Chicago or New York. He was one of the first persons to have been selected by a network operation for a television internship.

Shortly following his activities in Chicago this summer and up to his return to Texas Tech for the fall semester, he participated in the Television Production Workshop sponsored by the National Association of Educational Broadcasters at WKAR-TV, Michigan State College, East Lansing, Mich., on a scholarship granted by the fund for Adult Education.

The workshop is considered to have been the most extensive of any in the art and practices of television production.

Vernon Authors Research Article

"An Analysis of Degree and Rank: 1947-1953," a research article in the summer issue of Journalism Quarterly, was written by Dodd Vernon, assistant professor of journalism.

The number of masters' degrees held by journalism faculty members in senior colleges and universities of the United States increased from 329 in 1947 to 485 in 1953, and the number of doctors' degrees rose from 83 to 117 in the same period.

Despite numerical increases, the graduate degrees rose only slightly, the article points out.

A trend toward science rather toward science rather than arts degrees on the masters' level is observed.

KTTC To Go On Air Monday Night; More Help Needed To Work On Staff

KTTC, the campus radio station, goes into operation at 7 p.m. Monday with a program of local, campus and sports news and a large amount of popular music.

The station will be operating with a new transmitter, built by the electrical engineering department. Installation was completed only this week.

All week the staff has been holding meetings to select a board of directors and representatives from dorms. On the board of directors are: Jack Cloude, president; Gladys Parkey, vice president; Charlene Perks, secretary; Alice Latta, treasurer; Don McCleenny, parliamentarian; Karl Dockray, station manager; Ferron Halvorson, sponsor.

Representatives Listed

Representatives from the dorms are: Phyllis Martin, Horn, Alice Latta and Gladys Parkey, Knapp; Charlene Perks, Drane; Don McCleenny and Clyde Bear, Bledsoe; Robert Sewell and David Jones, Gordon; Charles Edwin and Clifton Monroe, West; Don Goldsmith

and Jack Cloude, Sneed.

It has been the policy to have at least two representatives from each dorm, but as yet some dorms are represented by only one person. Interested persons should contact any of the above mentioned for complete information.

Any student is eligible to work in some capacity on the staff of KTTC. Persons may work a maximum of six hours per week, and at the end of the semester apply for one hour's credit.

6,000 Tickets To Be Sold For A&M Game Saturday

Predicting a crowd of more than 20,000, athletic business manager Jimmie Wilson says that around 6,000 reserved seat tickets are still to be sold for the Tech-Oklahoma A&M game Saturday night.

Wilson says that the seats available are on the 10-yard line. Tickets are at the athletic office in the stadium and at Hemphill Wells.

"Opera As You Like It" Opens Season 4 P.M. Sunday With Bizet's "Carmen"

Arias atmosphere and narration will compose the six "Opera As You Like It" programs to be presented on the first Sunday of the month at 4 p.m. for the Twilight Music Hour at the Museum this coming season. Local musicians will sing the best loved and most famous arias from "Carmen," "Otello," "Hansel and Gretel," "Rigoletto," "Cavalleria Rusticana," "I Pagliacci" and "Madam Butterfly."

Narrators such as Tom Bridges, W. F. Halvorson and Dr. Gene Hemmle will give highlights of the opera stories and describe the costumes and settings. Entertaining episodes from memorable performances will be included in the scripts which are being arranged by Dr. Everett Gillis, Dr. George Whetstone, Mr. Bridges and Mr. Halvorson, all faculty members.

Atmosphere for "Carmen" will be created by a matador's montera, fighting cape and killing sword displayed as the background for the performers who will appear in formal dress. Such scenic touches as a Japanese screen and a flower arrangement, a clown's costume, a cascade of handkerchiefs, a jester's cap and a lady's scarf will be used to suggest the character of other operas.

"Carmen" to Open

The ever-popular "Carmen" by Bizet will open the opera series on Sunday. Tom Bridges will nar-

A&M Squads, Supporters Will Arrive Here Friday

Oklahoma A&M alumni will begin to arrive tomorrow and will use the Plainsman Hotel for headquarters tomorrow night and Saturday, according to Otis Wile, A&M athletic publicity director.

The football squad is scheduled to arrive in Lubbock by plane from Stillwater Friday afternoon. The AFROTC drill team is to travel by plane Saturday and will arrive in time for the game. The drill team will perform at halftime.

Weaver Denies Florida U. Offer

Head Coach DeWitt Weaver isn't anxious to leave Tech and he hasn't been approached by the University of Florida as a successor to Bob Woodruff, Florida coach, Weaver said today.

"If I had any desire to leave Tech, I certainly could have done so last Christmas when I had offers from good schools at higher salaries than I'm getting here," Weaver said. "But I'm not anxious to leave Tech, for if I had wanted to I had at least six different opportunities."

The Tech coach was commenting upon an article written by Don Oliver, an Abilene Reporter-News reporter, who was in Florida with the Abilene Christian College team. According to Oliver Woodruff was on his way out and Weaver was "in."

The impressive showing of the Texas Tech team in the Gator Bowl there last Jan. 1 had a lot to do with Weaver's being boomed for the Florida job. Oliver said writers in Florida seemed to think the change in coaches would be made within the next two years.

Weaver has four more years to go on his contract.

Tech Rated Sixth By Williamson Poll

Paul B. Williamson, who each week rates the major college football teams of the nation on an achievement basis, this week places Tech in the number six slot.

Teams rated above Tech are Wisconsin, Notre Dame, UCLA, Iowa, and Oklahoma. Tech led the second five of the top ten composed of Duke, Rice, Southern California, and Texas.

Ranking of Tech's future opponents are Oklahoma A&M, 28; LSU, 40; Arizona, 49; Houston, 65; Texas Western, 79; Hardin Simmons, 96; and Tulsa, 105.

Planetarium Shows for Year Listed; New Equipment Adds to Program

Dr. W. C. Holden, director of the Museum, has announced a new series of Planetarium shows to be given during the 1954-55 season.

Many people from Lubbock and surrounding areas have enjoyed the seasonal "Skies Over Texas" since the Planetarium was installed in the spring of 1953. The addition of the milky way to the star projector last April and the arrival of the sun, moon, and planets projector this month make it possible to add to the program repertoire the following titles:

Oct. "The Solar Merry-go-round"—The Planets. A discussion of the nine planets of the Solar System using the new projector.

Nov. "The Romance of Perseus and Andromeda"—Legends of the autumn skies will be told as the constellations illustrating the stories are pointed out.

Dec. 1-22 "The First Christmas"—Special Christmas program. The Star of Bethlehem will be discussed. With Christmas music.

Jan. "The Mighty Hunter"—The constellation of Orion. Stars, nebula, path through the sky, literary significance, and mythology.

Feb. "Long, long ago . . ."—A program of American Indian sky legends.

March "Our Calendar and the Moon"—The historical development of the calendar including a description of the moon's phases.

(Prelude to the Easter program) March 27-April 7 "The First Easter"—Special Easter program. The constellations as Christian symbols. With Easter music.

April 12-30 "The Tragic Story of Callisto and Arcas"—The legend of the Big and Little Bears and other stories of the spring skies.

May "The King-size Planet"—Jupiter, the largest planet in the Solar System. Planetarium demonstration with slides.

Summer programs will be announced later.

The Planetarium is housed in a small building behind the Museum. Public demonstrations will be given at 5:00 p.m. on Sundays and 7:30 p.m. on Mondays. Night programs will be slightly shorter than day programs to give those attending the show an opportunity to view the stars through the Museum's new 6" telescope.

Special programs for groups of 15 or more on Monday through Friday from 8 a.m. to 5 p.m. or evenings may be arranged by calling the Museum. Admission is 50c adults, 25c for children, and free to Museum members.

Raiders

Oklahoma A&M Here Saturday

Texas Tech's Red Raiders are out for victory when Saturday night when they take on the Oklahoma Sooners in Jones Stadium. The over stubborn Texas A&M team will be in the field at 7 p.m. Tuesday night 14-6. In the Wyoming was the victor a 14-6 score.

Using replacements ability, the Raiders to upset the West T. Saturday night 33-7. The Texas A & M 41-9, are picked to win with DeWitt Weaver, however think the difference in of Texas A & M, must both teams, indicates as for the Red Raiders 5.

The Buffaloes were reluctant to remain in nationally ranked Raiders and only 10 plays in yards with the opening before bogging down yard line. From here to look over and marched of the field, Ronnie Herr Raiders a 6-0 lead on sport to cap the drive failed to convert the.

Tech fans were given when Dale Wiley grabbed and returned 70 yards to count at 6-6. The Buffaloes tried to make the score only lead of the game.

Tech regained the Pullback Ronnie Graham of the kickoff 23 yards and 35 yards on the for a 12-7 lead. Jack kicked the extra point led a lead it never led. After the run by Gr Raiders were held to touchdown in each of three quarters. Herr 50-yard drive with a 9-9 sport in the second. Spinks plunged 2 yards a 6-9-yard drive in the High Fevon raced 21 round end with a pitchup the scoring on a earned 71 yards.

Raiders Net 425 Y

An indication of how went can be gathered when Tech rolled up a rushing compared to slow 114. Both teams yards passing. Tech of three of nine while W was completing seven of The Raiders had 21 first while the Buffs had only Tech also suffered 14 on 14 penalties, man the 15-yard variety.

Cushing in on other te cues backfired against T the Buffs fumbled only recovered both times. W also turned in the only interceptions, hitting two Raider aerials.

Weaver credited We State by saying, "K brought a sharp team play—They executed the well and had good spirit. Texas State was c throughout the game a give an inch."

DEAN ALLEN SPE

James G. Allen, dean of Life at Tech, was a speaker annual Boy Scout Get-Ranquet for the Plainsman Scouting program will held at 7 p.m. Tuesday at the Graylock Hotel.

NEW MEN'S DO

Eastern New Mexico U has a new men's dormito will be dedicated at Hon OAC 15-16.

Raiders Foil Upset-Minded Buffs 33-7

Oklahoma A&M Here Saturday

Texas Tech's Red Raiders will be out for victory number three Saturday night when they entertain unbeaten Oklahoma A & M in Jones Stadium. The Aggies won over stubborn Texas A & M Saturday night 14-6. In their opener, Wyoming was the victim also on a 14-6 score.

Using replacements with regularity, the Raiders turned back upset-minded West Texas State Saturday night 33-7. After routing Texas A & M 41-9, the Raiders are picked to win with ease. Coach DeWitt Weaver, however, doesn't think the difference in the score of Texas A & M, mutual foe of both teams, indicates an easy time for the Red Raiders Saturday.

The Buffaloes were somewhat reluctant to remain in awe of the nationally ranked Raiders as they used only 10 plays in moving 52 yards with the opening kick-off before bogging down on the 12-yard line. From here the Raiders took over and marched the length of the field, Ronnie Herr gave the Raiders a 6-0 lead on an 18-yard sprint to cap the drive. Spinks failed to convert the extra point.

Tech fans were given a scare when Dale Wiley grabbed a punt and returned 70 yards to knot the count at 6-6. The Buffaloes converted to make the score 7-6, their only lead of the game.

Tech regained the lead when Fullback Ronnie Graham returned the kickoff 23 yards and then raced 55 yards on the first play for a 12-7 lead. Jack Kirpatrick kicked the extra point and Tech had a lead it never relinquished.

After the run by Graham, the Raiders were held to a single touchdown in each of the final three quarters. Herr capped a 59-yard drive with a 9-yard scoring sprint in the second quarter. Spinks plunged 2 yards to climax a 60-yard drive in the third period. Hugh Fewin raced 21 yards around end with a pitchout to wind up the scoring on a drive that carried 71 yards.

Raiders Net 425 Yards

An indication of how the game went can be gathered by noting that Tech rolled up 425 yards rushing compared to the Buffaloes' 114. Both teams netted 60 yards passing, Tech completing three of nine while West Texas was completing seven of fourteen. The Raiders had 21 first downs while the Buffs had only 12.

Tech also suffered 120 yards lost on 14 penalties, many of them the 15-yard variety.

Cashing in on other teams' mistakes backfired against Tech when the Buffs tumbled only twice and recovered both times. West Texas also turned in the only pass interceptions, filching two of the Raider aerials.

Weaver credited West Texas State by saying, "Kimrough brought a sharp team down to play—They executed their plays well and had good spirit. West Texas State was dangerous throughout the game and didn't give an inch."

Games This Week

(All games Saturday except as noted. A date after any school's name is the date it played or will play Texas Tech this fall. If teams matched this week played each other last year, the 1953 score is given.)

Texas Tech host to Oklahoma A&M Tech, 27-13.
 Texas Western (Oct. 9) at Arizona State, Texas Western 28-27.
 Louisiana State (Oct. 16) at Kentucky, 6-6.
 College of Pacific (Oct. 23) at Indiana.
 Tulsa (Nov. 13) at Cincinnati, Cincinnati 14-7.
 Trinity at Hardin Simmons (Nov. 27), Trinity 27-21.

Last Week's Scores

TEXAS TECH 33, WEST TEXAS STATE 7	Oklahoma A&M 14, Texas A&M 6
Arkansas 41, Tulsa 0	Arizona 54, Utah 20
Hardin Simmons 27, New Mexico A&M 0	Washington State 18, College of Pacific 0

Tuesday Deadline For Intramurals

Tuesday will be the last day in which to enter an intramural football team. Very few teams have entered the program thus far, reports George Philbrick, head of the intramural sports program.

Teams must be organized, named, a captain elected and a list of players submitted to Philbrick's office in the near future in order to insure participation.

Three leagues will be formed: fraternity, dormitory, and independent. Approximately 25 teams are expected to enter.

The intramural sports program is open to all students with the exception of those already participating in that particular sport on the varsity team.

All games will be played on the fields behind or across from the gym at 5 p. m.

National Intercollegiate touch-football will be used.

Play will be round-robin, with the winners of each league playing the other league winners for the All-College Championship.

Tech Veterans Have Begun Football Practice Sessions

First regular practice session of the Tech Veterans football team was held Sunday. The team, boasting a line average of 225 pounds and a speedy back field will hold practice sessions at 5 p. m. every Wednesday behind the Gymnasium.

Any veteran wishing to participate should contact A. A. Andretta, 4109-B 35th or Max Williams at the Toreador office.

WORKS WAY AROUND WORLD

Arizona State College's tumbling instructor Dick Jacobs is working his way around the world, as such tasks as crewman on a banana boat, cherry-picking, mechanic and acrobat. He was last reported in Athens, Greece, on the point of leaving as a sailor on a ship bound for Japan.

A&M Drill Team To March At Half

Oklahoma A&M's Air Force ROTC cadet drill team will perform as a part of half-time activities during the Tech-Aggie football game here Saturday.

Capt. Jack Tinney, officer in charge of the Stillwater school, has announced that the drill team's appearance in Jones Stadium will be the first of several they will make this fall.

Claiming the title of "Incomparable Aggies," the unit is well known in Oklahoma for its execution of complex formations.

Organized only last year by Tinney, the drill team has won acclaim at various functions.

The unit bets its training in drill work at 6 a. m. daily. Robert Van Patter, a sophomore at the Oklahoma school, heads the group of volunteers as drill master.

The members of the team are all either freshman or sophomores, and are held together by their desire to excel in military drill.

Bynum Receives Freshman Award

Bill Bynum, sophomore engineering student of Carlsbad, New Mexico, has received the "Mathematics Achievement Award for Freshman-Mathematic Students," donated by the Chemical Rubber Publishing Company for the best freshman math standing, the award was presented by Dr. Ralph S. Underwood, professor of the mathematics department.

Bynum, a mechanical engineering student, maintained a 3.0 (perfect) average in math courses last year. He was presented a bound volume of "Standard Mathematical Tables" bearing the Achievement Award dates in gold on the cover.

Bynum was graduated from Carlsbad High School and resides at Gordon Hall. He is a member of Sigma Alpha Epsilon, national men's fraternity.

FRONTIER SERIES

The University of Oklahoma Press is publishing a board-bound Western Frontier Library series to sell at \$2 a volume, each title the No. 1 classic in its field.

Tentative Intramural Sports Slate Set Up For Total of 14 Activities

A tentative intramural sports schedule has been released by George Philbrick, head of the intramural sports program at Texas Tech.

Approximately 3,000 students each year participate in at least one of the 14 different sports offered. The program is set up to provide each student a sport he enjoys, a team on which to play, and fair and even competition.

The tentative schedule for this year is:

Sport	Entries Open	Entries Close	Play Starts
Touch Football	Sept. 20	Oct. 5	Oct. 11
Tennis Singles	Oct. 6	Oct. 14	Oct. 18
Hand Ball (Singles)	Oct. 18	Oct. 23	Oct. 25
Basketball	Nov. 8	Nov. 20	Nov. 29
Bowling	Nov. 15	Nov. 23	Dec. 6
Swimming	Nov. 22	Dec. 6	Dec. 13
Fencing	Jan. 3	Jan. 5	Jan. 10
Badminton	Oct. 25	Oct. 30	Nov. 3
Volleyball	Feb. 14	Feb. 19	Feb. 23
Softball	March 1	March 8	March 14
Table Tennis	March 2	March 9	March 15
Horseshoes	April 1	April 13	April 18
Golf	April 3	April 14	April 19
Track	April 25	May 4	May 7

Tumbling Team To Hold Workouts

Feeling frisky? Men, why not attend the first tumbling team workout Friday 3 p. m. at the Gym. Women may have workouts on Saturdays from 10 p. m. until 11 p. m. During these sessions work on the trampoline will be emphasized.

If a person is interested in any phase of tumbling but cannot attend this work out, he may contact either James Mullins, senior student teaching tumbling class or Professor R. W. Kireillis head of the physical education department.

Tumbling acts will be used as entertainment between halves at basketball games.

Although this is the first year to have a tumbling team, efforts have been made in the past. An elementary class of 26 students last year made a start.

Swim Participants Will Meet Monday

All men interested in trying out for the swimming team should meet at 1 p. m. Monday at the Boys Club Swimming Pool. The club is located at 2323 Ave. K.

A tentative schedule includes meets with teams from the Universities of Arizona, Texas and Oklahoma.

Additional information can be obtained from Dr. R. W. Kireillis, head of the men's physical education department.

HOLD MIXER

Members of the Sneed Hall Dormitory Association held a mixer with Drane Hall Tuesday evening. Approximately 500 attended the mixer which was held in Drane Hall. Everyone reported an enjoyable evening.

SLEEP LEARNING

"The Revolution in Education"

Now... you can literally "sleep your way through college"—actually learn languages, poetry, prose, tables of numbers, vocabulary words, lecture notes—ALL WHILE YOU SLEEP!

Illustrated booklet, "Learn a Language—While You Sleep," tells astonishing results—gives complete instructions on how any student can make device cheaply, with no work involved—no mechanical experience necessary.

Sleep-learning is not injurious in any way—does not disturb sleep. Your money back if results not obtained. Clip this ad—send for booklet today. (Price \$2.00).

SAVE ME FROM THIS OCTOPUS!!

THAT'S NO OCTOPUS, MADAM!! THAT'S AN **ANYFACE** CRIMINAL MASTER OF DISGUISE!!!

THAT'S A LIE!! I'M A REAL OCTOPUS!! I'M JUST A LITTLE MORE AFFECTIONATE THAN THE AVERAGE!!

YOU'VE GOT MESSIER HAIR—

— THAN THE AVERAGE NEAT—WELL-GROOMED OCTOPUS!!— AND THAT **CHUCKLE!** IS WHAT GAVE YOU AWAY. GET **WILDROOT CREAM-OIL CHARLIE!**

NEEDS HAIR CLEAN!!

BUT, THAT WOULD BE ILLEGAL!! TO GET A GIRL, IF MY NAME IS **BEN!!**

NO MATTER WHAT YOUR NAME IS, YOU WOULDN'T NEED 8 ARMS TO GET A GIRL, IF YOU USE **WILDROOT CREAM-OIL WITH LANOLIN!!!**

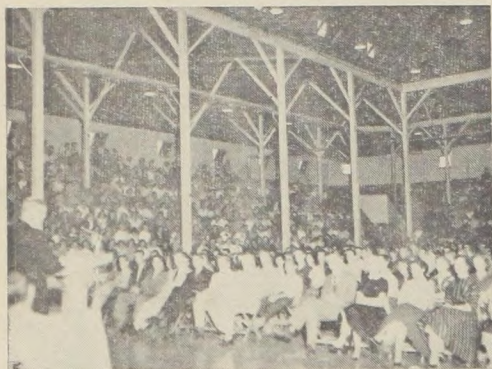

WILDROOT CREAM-OIL KEEPS HAIR COMBED FROM MORNING TILL NIGHT WITHOUT GREASINESS

DEAN ALLEN SPEAKS

James G. Allen, dean of Student Life at Tech, was a speaker at the annual Boy Scout Get-Together Banquet for the Plainsman District Scouting program which was held at 7 p. m. Tuesday at the Caprock Hotel.

NEW MEN'S DORM

Eastern New Mexico University has a new men's dormitory which will be dedicated at Homecoming, Oct. 15-16.

Less than half the student body attended the annual convocation yesterday at the Gym, where President E. N. Jones delivered an address. Class elections were held following the meeting.

Specialists To Be At Tax Conference October 25-28

Ten prominent tax specialists will speak at the second annual Texas Tech tax conference scheduled on the Campus October 25-28, L. Edwin Smith, chairman of the advisory committee announced today.

Main emphasis at this year's conference will be placed on the Internal Revenue Code of 1954, Smith said. The new code represents the first complete overhaul of American tax law this century.

The Aggie Engineering Auditorium will be headquarters for this year's conference, with luncheons and an evening banquet to be held in the Student Union.

Co-sponsoring the conference with Texas Tech are the following organizations:

The Lubbock, Panhandle and Permian Basin chapters of the Texas Society of Certified Public Accountants.

The Lubbock Bar Association, Northwest and Panhandle Districts, and Amarillo and Lubbock chapters of the Texas Association of Public Accountants.

Anyone interested in tax law is invited to attend conference sessions.

Men's Rush Starts At 2 p.m. Sunday

Men's Rush will begin Sunday with a convocation at 2 p. m. in the Aggie Auditorium. All men students who are interested in fraternities and have been enrolled in Tech for one semester are eligible to participate in rush activities.

Brad Wilde, President of Men's Inter-fraternity Council, announces that Oct. 4-21 has been designated as the formal rush period.

The schedule for rush parties is Sigma Nu, Oct. 11; Kemas (Phi Gamma Delta), Oct. 12; Phi Kappa Psi, Oct. 13; Phi Delta Theta, Oct. 14; Pi Kappa Alpha, Oct. 18; Kappa Sigma, Oct. 19; Sigma Alpha Epsilon, Oct. 20; Alpha Tau Omega, Oct. 21.

The M. I. F. C. will post the bid list in the Student Union Building by 10 p. m. Oct. 22.

Future Farmers Vote To Send Two Delegates To National Meet

A decision to send two delegates to the National Future Farmers of America Convention was reached Monday night during the first regular meeting of the collegiate FFA Chapters at Tech. The convention is to be held Oct. 11-14 at Kansas City, Mo.

Sonya Wilmot Showered With Presents For Being 6,146th Student To Register

Sonya Lynn Wilmot, 18-year-old Gold Star 4-H girl from Wilmer, near Dallas, broke all previous enrollment records at Texas Tech by being the 6,146th student to register for the 1954 fall semester. And in doing so, she was showered with gifts from business firms near the college campus. On hand to congratulate the freshman home economics major were Dr. E. N. Jones, Tech president; Marshall Pennington, vice president and comptroller; J. Roy Wells, assistant to Dr. Jones; Registrar W. P. Clement; and Miss Evelyn Clewell, assistant registrar.

Prizes received were \$5 worth of passes each to the Tech and Tower theaters, Woodfin's, western shirt; Hackel's, a sweater or a petticoat; Design Today, red table lamp; Wakefield Flowers, a dozen red roses; a make-up kit, Costume Studio; Esther's Beauty Shop, a shampoo, hair set, and manicure; Tech Barbershop, a bottle of perfume; and Annette's, a bracelet, a pen set; Varsity Bookstore, Vogue Cleaners, \$5 worth of cleaning; Picture Shop, \$5 worth of picture framing; Bray's, a surprise package; College Drug and Hi-D-Ho, each credit for \$2.50 worth of drinks and hamburgers.

Brown's Varsity Shop presents a Christmas-wrapped man's sport shirt, and Tate's Service Station, a car wash-and-grease job.

Miss Willman is attending Tech on a \$250 Farm Bureau scholarship. The check was late in arriving, hence her late registration. She graduated sixth in a high school class of 29, and placed three years in a district 4-H electric contest, receiving prizes amounting to \$100. She also served three years as president of the Dallas County 4-H Council and has recently finished a term as secretary of the District 4 Council.

During the summer, she attended a 4-H camp at Trinidad.

Paul Gaillardet, Leominster, Mass., just back from three years of military service in France, tied the old record as the 6,145th registrant. He is stationed at Reese Air Force Base, and is taking a night course in psychology.

Registration at Tech has reached a record 6,236, passing even the "hoped-for" estimate of Miss Clewell, and greatly exceeding the conservative estimate of 5,850 set by the Registrar. Of the final total, 4,464 students are men and 1,772 are women. A breakdown by divisions shows Agriculture with 699 men and 2 women; Arts and Sciences, 1,041 men and 803 women; Business Administration, 895 men and 371 women; Engineering, 1,484 men and 39 women; Home Economics, 5 men and 335 women; and the Graduate School, 330 men and 222 women. At the close of the 1954 spring semester, 5,418 students were on the Tech rolls.

Reporters Invited To Publicity Clinic

The annual Publicity Clinic for reporters of all campus organizations will be held at 5 p. m. Oct. 7, in room 208 of the Journalism Building.

A representative of each campus organization is invited to attend the Clinic, which is sponsored each year by Theta Sigma Phi, women's honorary journalism fraternity.

The clinic will give tips on how to cover news for radio, the Public Information Department, The Avalanche-Journal and The Toreador.

The type of news wanted by each of these agents, how to write news more interestingly, ways to get news, radio and publication deadlines will be discussed.

Speakers will be Dr. W. E. Hall, journalism department head, Dodd Vernon, assistant professor of journalism, David Clark, Toreador editor, and a representative of the Avalanche-Journal staff.
