

# The Foreador

Vol. XXVIII Texas Technological College, Lubbock, Friday, November 21, 1952 No. 17

## Milestones In Music Series To Feature Baroque Program in Museum Sunday

"Baroque," second in the series of "Milestones in Music," will be presented in the auditorium of the Museum at 4 p. m. Sunday by Miss Charlotte Barrier, annotator and pianist, Mrs. Grace Goodwin, soprano, and Mrs. Lucille

Atcheson, accompanist.

The term "Baroque" was borrowed from the fine arts. The period began with the turn of the 17th century and ended with Bach's death in 1750. Unlike the era which preceded it, the Baroque shows more definite national trends, and what is perhaps more important, it is predominantly instrumental. It also uses a harmonic basis to which the modern ear is more accustomed, says Miss Barrier.

### Not Bach and Handel Only

"The forms of the Baroque, however, are somewhat obscure, and it is this obscurity that Sunday's artists hope to make clear during this second Milestones in Music," the annotator explains. "As Bach and Handel are the only composers of this period well known to today's audiences, this performance will bring the music of Bach's contemporaries and immediate predecessors to the audience, thereby offering a larger view of this type of music."

The following keyboard selections will also be presented: "Prelude" by D'Anglebert, "Chaconne" by De Chambonnieres, and "Canzona" by Frescobaldi. A group of vocal selections will include: "Lasciate mi morire" by Monteverdi, "O cessate di piangermi" by Scarlatti, and "Come, Beloved" by Handel.

### Representative Selections

A piano suite of six selections will also be presented: "Allemande" by Purcell, "Courante" by Bach, "Bourree" by Fischer, "Minuet" by Couperin, "Sarabande" by Froberger, and "Gigue" by Pachelbel.

After intermission these selections will conclude the program: "Fugue in E minor" and "Chromatic Fantasy" by Bach, keyboard; and "I attempt from love's sickness to fly" by Purcell and "My Heart Ever Faithful" by Bach, vocal.

## DFDs Become Tri Delt Pledges

DFD social club members were pledged in a Delta Delta Delta pledge service Wednesday night in the home of Mrs. R. C. Goodwin, 3324 21st St. On Thursday evening a similar service was held for DFD pledges.

"Unlike the other sororities, Tri Delta has a 14-week pledge training period instead of the usual plan of petitioning," Mrs. Marjorie Neely, dean of women, says.

DFD was accepted for membership by the national sorority earlier last week.

## Large Attendance At Closing Course

The Dairy Manufacturing Short Course was concluded today with a total of about 100 attendance, says Dr. J. J. Willingham, department head. This is the fourth year of the annual event.

Winding up the last lectures today were: Dr. W. H. Haskell, Klenzade Products Inc. of Beloit, Wis.; W. J. Caulfield, department of dairy industry, Iowa State College of Ames, Iowa; and E. M. Deck, Mrs. Tucker's Foods, Inc., of Sherman.

## Men, Women to Enter Turkey Run

Women as well as men will be permitted to test their speed in the "Turkey Run" at 1:30 p. m. Saturday in front of Sneed Hall.

No entrance fee is required, but students wishing to enter the race must present their library cards when they register at Sneed before 1:15 Saturday. Track varsity lettermen are not eligible to enter.

The race will follow a course laid out across the campus, beginning and ending at Sneed. Officials will be Dr. E. N. Jones, starter; Dean James G. Allen, time keeper; and Lewis N. Jones, who will present the awards. All three will judge the contest. Nancy Chastain and Sue Hefley will hold the finish tape.

First prize is a large, live turkey presented jointly by Sneed Hall and the Agriculture Division. Second prize is a 17-pound goose presented by Piggly Wiggly Stores, and third prize is an egg donated by Dean Allen.

The contest is sponsored by Sneed Hall.

## Class Favorites

Election of class favorites will be held at 5 p. m. Tuesday, as announced by the presidents of the four classes.

Seniors will vote in Ad219, juniors in Ad260, sophomores in C101, and freshmen in Aggie Auditorium.

## Student To Plan Christmas Decor

Planning and installing Christmas decorations in the big party room at Mackenzie Terrace is the community project which freshmen applied arts students are working on this year. Interior design classes are planning the color scheme and furnishings for the Little House at the barbecue pit in Mackenzie State Park.

"These projects enable students to apply the fundamental elements of design to specific subject matter," says Dean Margaret W. Weeks, head of the Home economics division. "Each year an invitation is accepted for each of the different classes to participate in projects of the community which give them an opportunity to apply the basic elements of design: color, line, form, texture, and spaces, in real situations."

## New Officers For Silver Key Club

J. C. Chambers, Lubbock junior, was elected president of Silver Key Tuesday night.

Other officers are: George Farrell, vice president; Moody Alexander, secretary; Dick Cobb, treasurer; John Curry, sergeant at arms; Clyde Walter, historian; Bob Baker, reporter; Reg Martin, corresponding secretary; and Clarence Barton, social chairman.

An executive committee was also elected, composed of the following: Earl Dieteling, Dick McGuire, John Brown, Reg Martin and Ed Baker.

## Election Procedure Changed For Mr., Miss Texas Tech

Mr. and Miss Texas Tech will be elected solely by write-in balloting, according to Wanda Ramsey, Student Association secretary and head of the election committee.

The committee, prompted by the fact that only three candidates' petitions had been received by the 5 p. m. Wednesday deadline, met at 1 p. m. Thursday and voted to discard the system of nominating through petitions. Students will vote for the all-school favorites by writing the names of their choices on the ballot. A candidate will need only a plurality of votes to win.

The election is scheduled for 8 a. m. to 12 noon and 1 to 6 p. m. Tuesday. Voting will be by divisions. Arts and science and busi-

ness administration students will cast their ballots in the east rotunda of the Administration Building; agriculture and home economics students will vote in their respective buildings. Engineering students will vote in the West Engineering Building.

Petitions had been taken out of the Student Council office for the following students: Mr. Texas Tech—Bill Bales, Jim McGraw, and Phil Thompson; Miss Texas Tech—Peggy Karnes, Elizabeth McCain, Patti Pipkin, and Sally Radebaugh.

Members of the election committee are: Jimmy Nickel, James Dent, Buddy Barron, Nancy Crosby, and Richard Johnson.

## Job Interviews Will Be Scheduled

Job interviews for prospective graduates have been announced by Mrs. Jean Jenkins, director of the Placement Service.

The Bureau of Reclamation at Amarillo, represented by Harold Hamilton and David Cervin, will interview civil, electrical, industrial, and mechanical engineering students for engineering positions Monday. Sophomores and juniors interested in summer employment are to be interviewed also.

Chemical, civil, electrical, mechanical, and petroleum engineering majors will be interviewed Tuesday by Dan M. Cole, employment supervisor, Lone Star Gas Company, Dallas. Appointments should be made by Monday noon.

International Business Machines Corporation of New York will interview students Dec. 3 and 4 for positions in sales, research and development engineering, manufacturing engineering, business administration, customer engineering, and applied science. Men who are interested are asked to schedule appointments not later than Wednesday noon. This will be the only visit of the company to the campus during the year.

The U. S. Navy Recruiting Station and Office on Naval Officer Procurement at Albuquerque will be represented on the campus Dec. 3 and 4 by Lt. Comdr. J. E. McElroy. He will interview students in engineering, petroleum geology, and arts and sciences provided they have enough courses in mathematics for commissions in the Navy. Students are requested to schedule appointments by Wednesday noon.

## President Jones Has Busy Week

President E. N. Jones was and will be guest speaker at three meetings of Lubbock clubs this week.

Yesterday noon, Dr. Jones presided at the first of several informational programs for the South Plains Lions Club in preparation for the Lubbock County Cancer Crusade. Dr. Jones is Lubbock County chairman of the American Cancer Society. The South Plains Lions Club is sponsoring this year's cancer drive.

Dr. Jones spoke yesterday afternoon to the regional training conference of the Campfire Girls on the subject "The Importance of Campfire Training Programs." The regional conference includes Texas, Oklahoma, Louisiana, and New Mexico.

For his final speaking engagement this week, Dr. Jones will speak to about 300 members of the Adult II Class of the First Baptist Church tonight in the lower auditorium of the church. He will discuss a general Thanksgiving theme.

## Tech Rifle Team Matches Miners

Ten ROTC and AROTC students were selected for the Tech Rifle Team yesterday as the marksmen fired a match with Missouri School of Mining and Metallurgy.

Members of the team and their scores include: Charles Burford, Ft. Worth senior, 365; Randy McKenzie, Ft. Worth freshman, 360; Harold Simon, San Antonio junior, 334; Billy R. Franklin, Bonham freshman, 332; Milton Christian, Haskell senior, 329; Neal Huffaker, Waco junior, 329; Doyle Stamps, Childress freshman, 327; Clifford Gatlin, Dryden sophomore, 316; Ralph Willingham, Roton sophomore, 307; and Russ Burleson, Dallas senior, 299.

Scores on the match will be exchanged by the two schools. Results of the match will not be known until this transaction is completed, Sgt. Donald P. Wisley, division of Air Science, said.

## Family Relations On Radio Tuesday

A radio discussion on "Should Our Public Schools Educate for Marriage and Family Relations?" will be held at 7 p. m. Tuesday over KTTCC.

The two major speakers for the program are Ivan Little, assistant professor of philosophy, and Mrs. Mary K. Ury, teacher at Carroll Thompson Junior High School. Student interrogators will be James Littlejohn, Howard D'Spain, and Anne Gray.

Thelmadine Hutchins is program director and Odis Echols will be the announcer.

## Dr. Hamilton Will Present 'Texas Plan' at Convention

Dr. T. Earle Hamilton, associate professor of foreign languages, will present the "Texas Plan" for new opportunities of study in Texas schools at the Texas State Teachers Association meeting in El Paso Nov. 28-29.

Dr. Hamilton devised the Texas Plan and presented it at last year's meeting, but was asked to repeat his speech. He will lead the section devoted to foreign languages at the meeting, and will report on "Will Languages Come Back." This will stress the role the teacher must play in the rebirth of languages in our school, says Dr. C. B. Qualia, head of the foreign languages department.

### TO HOLD OPEN HOUSE

Informal open house will be held in the offices of the new Adult Education Program from 3 to 5 p. m. Monday.

Robert Blakely, manager of the central region and vice president of Ford Foundation Fund for Adult Education, will be present at the opening.

All department heads and interested persons are invited to attend the meeting.

## Play Is Touring

### South Plains Area

Cast and director of the speech department's Shakespearean play, "The Comedy of Errors," returned late Wednesday night from the first leg of a tour of South Plains towns.

The play has been presented in Wellington, Borger, Amarillo, and Sundown. It will tour Shallowater tonight, Ralls on Monday, and Anton next Tuesday.

Members of the cast are: Ronald Still, Jerry Raun, Hollis Harper, David Larson, Warren Forsythe, Jack McCabe, Hardy McNew, Eleanor Lincoln, Harriett Henderson, Beverly Ross, Leonard Gaston, James Speer, Shirley Harrison, Dale Karpe, Jim Boozer, Anita Pope, James Freeman, Jeanine Stearns, Roderique Hobson, Don Thompson, and Donald Schult. Ronald Schulz, associate professor of speech, is director.

## Tech Men Offered Trip Opportunity

A free trip by air to Dallas Sunday to view the aerial performance of the Navy's "Blue Angels" jet team is offered to 15 eligible Tech men. Applicants must be 18-26 years old and unmarried.

Purpose of the trip is to show college men with at least 60 hours credit by the end of this semester what the Navy offers in its Naval Aviation Cadet Program. Persons making the trip are not obligated to sign up for this or any other program, but should be interested in the Naval Aviation Cadet Program as a possible applicant.

Details of the flight can be obtained by calling Comdr. E. B. Arey, Jr. at 5-6474 by noon Saturday. Personal visits to Comdr. Arey at the Naval Reserve Training Center on the campus will be welcomed.

## Engineers Go to Club Convention

Joe Hastings, president of Pi Epsilon Tau, honorary petroleum engineering society, and Robert L. Davis, senior engineer, will attend the national convention of the club at the University of Oklahoma today and Saturday.

They will return for a local meeting of Pi Epsilon Tau at the Caprock Hotel Monday. Roger Gregston, 1948 petroleum engineering graduate now employed by the Creole Petroleum Company, Venezuela, will speak at the meeting. He will discuss living and working conditions in Venezuela. The meeting begins at 7:30 p. m.

# Chaps, Kemas, DFD Schedule Dances

## Semi-Formal, Two Dinner Dances Slated For Tonight, Tomorrow Night

### Hubbard's Band To Play For DFDs

DFD social club will hold a dinner-dance at 6:30 tonight at Caprock Hotel. Burl Hubbard and his orchestra will play and a Thanksgiving theme will be used. Members and their dates are: Sue Moorhouse, Ed Boehl, Betty Boyd, Bob Thompson, Rosemary McKee, Harvey Stewart, Mary Jo Craig. Box story: Patsy Williams, James Powell, Annie Hayes, Lloyd Summers, Carla Harrington, Bob Harrington, Shirley Kelm, Buddy Lowe, Marvel Gibson, J. C. Chambers, Elizabeth McClain, Wayne Egger, Patsy Williams, Bill Forbes, Mary Lane Coen, James Gray, Doris Cooper, Bob Burgess, Meiba White, Lewis Martin, Peggy Wright, Davis Thomas, Nina Spearman, Joe Kirk Fulton, Bobbie Wilson, Wendell Siles.

Barbara Lee Currie, Bill Seyler; Dixie McDebee, Carl Parker, Minnie Lee Thompson, Donald Jackson, Phyllis Martin, Charlie Oren; Jackie Farr, Joe Sanders; Barbara Calkins, Heide Calkins, Juanita Ruffitt, Bill Hayes; Jan Don, Charlie Armstrong; Kate Leatherwood, Jim Lawrence; Mary Ann Gidney, Joe McWilliams; Marianna Curry, Joel Lee Lackey; Joyce Rose, Richard Backmore; Pat Martin, Marshall Pharr; Ivy Collins, George Wealing; Ellis Walter, Jack Walberg; Dorothy Gage, Lowell Richardson; Mary Alice Braselton, Ted Harrison; Leah Fortwood, Dale Cary; Joan Culliver; Charles Davis; Alice Dickinson, Moody Dickinson; Jeanie Lou Ballard, Jerry Fuel, Sue Hetley, Bobby Clarke; Betty Harner, Red Rains; Jo Ann Wolcott; Jo Jack Reynolds; Dora Keith, A. L. Mangum; Sue Bradley, James Dean; Betty Brock, Loyd Leasure; Pat Roscoe; Wayland Burd; David Ellis, Bill Spence; Sandra Spiller, George Donnell.

Chaperones will be: Dr. and Mrs. R. C. Goodwin, Mr. and Mrs. W. T. Fain, and Miss Kate Rogers.

### Kemas Will Use Thanksgiving Motif

Kemas will present its annual semi-formal dance from 8:30 to 11:30 p.m. tonight at the Lubbock Hotel. The Thanksgiving theme will be carried out in decorations of blue and silver. Ray Brooks and his orchestra will furnish music.

Members and dates attending are: Bob Anthony, Marybeth Toles; F. L. Ballard, Ann Bonduant; Ellis Baserfeld, Shirley West; Roger Lane, Nancy Wilson; Bob Brannan, Margaret Wood; Don Brown, Jean Ann Gillum; Harry Clemons, Joanne Schwalbe; J. J. Friley, Alicia Boudas; Kenneth Gilbert, Jerse Bedford; Don Hancock, Wanda Norman; J. D. Harkey, Sue Haynie; Billy Harpole, Gloria Snell; Clyde Hollingsworth, Mary Wiley; Charles Holmquest, Lois Petzelas; Robert Jameson, Revis Ann Gilbert; Loyd Leasure, Betty Brock; Roger Lane, Nancy Wilson; Bob Lowe, Joan Norris; George Mallett, Mary Osborne; James L. McMillan, Sharon Smith; John McMillan, Sammy Dunn.

Garnet Reeves, Ann Perkins; Jerry Russell, Nan White; C. J. Smith, Roddy Patton; Maria Smith, Shirley Shields; Ronnie Stewart, Sandra Shock; Phil Stribling, Carolyn Amos; Bill Summers, Juanita Peters; Phil Thompson, Kathy Baird; Hayes Tucker, Charles Tucker; Max Von Roeder, Ann Von Roeder; Charles Williams, Pat Fralls.

Pledges and dates attending are: Sammy Abbott, Mary Gristy; Van Baucum, Pat Ely; James Bradford, Jan Free; David Clark, Pat Bolinger; Fred Currie, Char-

### Harvest Moon Ball At Lubbock Hotel

The "harvest moon" dinner dance in honor of Las Chaparritas' new members and pledges will be held from 7:30 to 12:30 tomorrow night at the Lubbock Hotel. Decorations and menu will feature the Thanksgiving motif. Burl Hubbard and his orchestra will play.

Members and dates are: Ann Spikes, Joe Fortenberry; Jane Colter, Clifford Sarita;

# Raiders Meet Wildcats In Final Border Game

By BOB LOVELACE  
Toreador Sports Editor

Tech's Red Raiders will make another attempt to get back in the win column when they tangle with the Arizona Wildcats in Tucson tomorrow night.

Arizona, which is still gunning for at least a share of the Border conference crown, has one of its best records in several years.

This will be Arizona's final game of the 1952 season, and the Wildcats would consider this a very successful year if they could beat the Raiders. So far the powerful Wildcats have won 6 while losing 3. Losses have been to three potent elevens, Marquette, Colorado, and Tempe State. They gave the powerful Buffs from Colorado a strong

battle before losing out 34-19. Tempe State had to go all out to eke out a 20-18 triumph.

The Wildcats have played only two teams that have faced the Red Raiders. They won an extra-point battle from Hardin-Simmons, 13-12 while Tech tied the Cowboys, 14-14. However, the Wildcats roared over Texas Western, 55-7 while the Miners beat Tech, 20-14.

Warren Woodson is now head coach at the Arizona school, and he is capable of putting out some mighty good teams, as he did at Hardin-Simmons the past few years. He always seems to have his teams ready, for Tech too.

which may make it rough tomorrow.

Under Woodson the Wildcats feature wide-open offenses from winged-T and spread formations. The squad also boasts 30 returning lettermen including guard Jim Donarski, second team All-American last year.

Others that will bear watching will be Allen Stanton and Bruce McCaulley, both quarterbackbacks.

The Wildcats rank seventh nationally in rushing and 11th in total offense. Halfback Don Beasley is responsible for a large part of this, as he has gained 685 yards. Halfback Ken Cardella is another big gun on offense.

Tech's meeting with Arizona renews an old rivalry that goes back to 1932. The Wildcats have been quite unsuccessful in the series, as they hold only one victory and one tie against 11 defeats. They beat Tech on the Raider Homecoming day in 1935, 7-6. The next year the two battled to a 7-7 deadlock. Arizona has scored more than one touchdown in only one game, that being in 1947 when they lost, 41-28. Last year's contest was a 41-0 win for Tech before their homecoming fans.

Tech will go into the contest as seven to 13 point underdogs. Several injuries will hurt Tech's chances considerably. Linebacker Harold Spraggins, Guard Bobby Hunt, Linebacker Bubba Martin, and Fullback James Sides are all on the injured list.

Coach DeWitt Weaver said that if Tech's defense works as well as it did last week, the Raiders

## Swimming Team Begins Third Year

Texas Tech Varsity Swimming Team, coached by Dr. R. W. Kirellis, is beginning its third year. At present, only two swimming meets, both with the University of Arizona, have been scheduled. However, two meets with NMMI and a few meets with other collegiate teams will be scheduled in the near future, according to the "Swimming Dope Book" compiled by Dr. Kirellis.

Probable line-ups for the look this way at present: Brooks Akins, freshman from Odessa, and Donald Davis, letterman from Lubbock, will represent Tech in the 50- and 100-yard dashes. In the 220 and 440-yard swim, contestants will be Robert Kain, letterman from Dallas, and Bob Shackelford, Lubbock freshman. George Porcher, sophomore from Littlefield, and Harold Odom, junior from Big Spring, will constitute the line-up in the breast stroke. Prospects in the back stroke are Bill Lashier, sophomore from Amarillo, and Fred Jobe, sophomore from Lubbock. Only entry in diving is Joe Pinson, junior from Nacogdoches.

After a slow start, which is understandable when a team is organized for the first time, Tech's swimming team is gradually moving into better competition by scheduling better swimming meets with stronger teams, Dr. Kirellis says. However, a greater number of swimmers are needed so that fatigue and over work will not be necessary. Also a manager for the team has not been selected yet.

The contest is slated for Arizona Stadium tomorrow night at 8 mountain time, which will be 9 p.m. in Lubbock.

## Prof. Cecil Ayers To Judge Grain

Cecil Ayers, assistant professor of agronomy, will be a judge at the grain show held in Chicago in conjunction with the International Intercollegiate Livestock Exposition Nov. 29.

He is also coach of the crops judging team that will compete in the Chicago event and in one to be held in Kansas City Tuesday. Last year the Tech team won first in the Kansas City competition, and a close second at Chicago.

Dr. Nick Kramer of the Lubbock Experiment Station will read an address prepared by Mr. Ayers on "The Value of Judging Contests" at the American Society of Agronomy meeting in Cincinnati, scheduled for the same time as the Chicago exposition.

## Local Chemical Group Considers Affiliation With National Society

Affiliation with a national chemical organization will be considered by the American Chemical Society at its regular meeting at 7:30 p.m. Monday in CG. Don Naylor, president urges all members to attend because of the importance of affiliation.

team has not been selected yet.

Any men who are interested in representing Tech as swimmer or team manager should contact Dr. Kirellis. He can be found in his office, Room 4 in the Gym, Monday through Friday between 3 and 4 p.m.

## Los Cams Tie CC For MCCC Lead

Intramural football is all over but the shouting, except in the MCCC league where the standings are somewhat scrambled.

In Tuesday's games, Socii slipped by Centaur, 7-0 and Wranglers defeated Adelphi, 8-0. Wednesday Los Cams beat College Club, 2-0, to tie them for the lead. If both win Sunday, they will have a play-off game Monday for the championship.

Sunday's schedule includes Los Cams vs. Kemas, Wranglers vs. College Club, Socii vs. Keys, and Centaur vs. Adelphi.

In the dorm league Doak is the winner, being the only unbeaten club. In last week's play, Drane lost to Gordon, 6-0, and Doak edged by Bledsoe 1st S by the same count.

The all-college playoffs will begin as soon as all league championships are settled.

## Basketball Clinic For High School Girls Tomorrow

A girl's interscholastic basketball clinic will be held in the Gym from 9:30 a.m. to 5 p.m. tomorrow. The clinic is sponsored by the department of physical education. About 250 are expected to attend from high schools in the vicinity of Lubbock.

The high schools invited to attend participate in the University Interscholastic League. Included in the program are: Northwestern State Women's Association standards and health aspects, demonstrations of coaching techniques, a panel on the interpretation of rules, and a demonstration game.

## Basketball Opens December 3rd

Three leagues, MCCC, Dorm, and Independent, will begin competition in intramural basketball play Wednesday, December 3rd. Any team wanting to practice in the Gym before that date should see Gordon Philbrick in the Gym.

Dorm league teams are: Gordon Tigers, Sneed Trotters, Bledsoe, Doak Hornets, Sneed East, Gordon Hall, and Doak Owls.

Independents are: Boomerangs, Luby's Chowboys, BSU, Dukes, Steers, Rangers, Wesley Whirlwinds, Wesley Wildcats, DSF, and AU.

MCCC teams are: Adelphi, Centaur, College Club, Kemas, Los Cams, Silver Keys, Socii, and Wranglers.

All league winners will enter a playoff towards an all-college championship. Games will take place Tuesday through Friday nights in Tech Gym, with three games each night.

Clothing

# BACKTALK

(Editor's Note: Following are more shots in the—you should pardon the expression—manure controversy. The opinions stated, as usual, are not necessarily those of THE TOREADOR.)  
Backtalk:

I find Mr. Richard Cook's letter somewhat worse than revolting.

The money which his idol Mr. Urbanovsky has spent on manure, fancy lawn mowers, and sprinklers (which, when used seem always to be watering the sidewalks at the times when they are most used—between classes) could have been used to much better purpose, for instance: purchase of decent furniture for the Science Building, and most especially a decent library for the poor people who are trying to get Ph.D.'s here.

To spend money on window-dressing for a college which is in such sad need of a better library, better equipment, and more and better-trained instructors is not only disgusting, it is downright stupid.

I don't deny Mr. Cook's right to his opinion, but I do believe that he should be just a bit better-informed before trying to deny freedom of opinion to others, one of whom has been connected with this college since 1927.

Very sincerely,  
JOE GRAHAM

In behalf of those suffering from flies:

I did not wish to engage in personalities before I was driven and blasted from the fly-covered field of battle by the devastating effect of a missile of water gun calibre, aimed by one yecept "Cook." Obviously he did not get my point, so I shall try to use more words of one syllable. I was NOT discussing campus beautification. I have known for years that grass will grow on Tech campus if sufficient water is supplied.

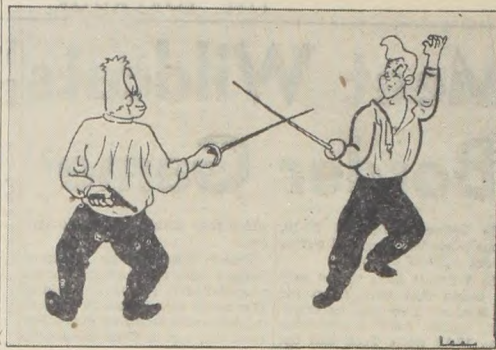

I was merely trying to point out that much money may be wasted in dumping, filling, dumping, filling. In addition to items previously mentioned, it is a well-known Ecological and Horticultural fact that spruce are ill-

adapted to this area. Many recently planted on this campus have died, while the remainder have not grown an inch.

I have heard, reliably I think, that the parking area in front of the Science Bldg. was paved at a cost in excess of \$10,000. This does not include the cost of removal of the hundreds of tons of earth previously dumped there from some excavation? I now "hear" this most used parking area on the campus is to be replaced by a flower bed. The flowers should really be beautiful.

I note the most "desirable" place for the fertilizer in disrepute, according to someone, is its present location. Dear me! And I thought it should be placed where it might do some good.

I too have heard how Rome grew—under a succession of tyrants—including one named Nero. The fall of Rome was largely due

probably to malaria-carrying mosquitoes. Here we have flies—because of a BA in Horticulture.

I have recently increased the shelf space in my office with nine apple crates . . . I am doing very well—except for flies. But some rooms on the campus have no apple boxes! Only flies.

Fraternally,  
M. F. LANDWER
