

The Treador

Vol. XXV Texas Technological College, Lubbock, Wednesday, March 7, 1951 No. 39

FIRST PHASE—Revised plans for Tech's long-awaited Student Union building are approved and will be executed pending removal of the Rec hall. Shown above is the architect's sketch of the first phase of the building project. The illustrated structure will be built at a cost of \$515,281 and will be added to as funds are available. The sketch shows how the building looks without the west wing which was eliminated from the first building phase.

March Variety Show Proceeds To Aid Tech's World Student Service Fund

Proceeds of a variety show to be presented in Rec hall next Wednesday will be turned over to the World Student Service fund, according to Mary Ruth Norris, chairman of the Student council World Student Service fund committee.

Talent for the show will be furnished by various campus social, departmental and service clubs. Tickets will cost 25 cents and will go on sale next week, according to Miss Norris.

The World Student Service fund, which campaigns annually in American colleges for funds to aid universities abroad, is the only national agency organized for this purpose. Funds received by the organization are distributed in Europe and Asia without discrimination as to race, politics or religion. Aid given falls into the categories of food, clothing, medical aid, books and housing.

Other members of the committee are Horton Russell, Nancy Davis and Ralph Lacy.

Senior Class Meeting Is Tuesday; Gift, Invitations To Be Discussed

Buddy Hewett, president of the senior class, has expressed an "urgent call for all seniors to attend" the senior class meeting at 5 p.m. Tuesday in C101.

Purpose of the meeting is to discuss the senior class gift, invitations and progress of the Carnival committee.

Carnival Reservation Group

Members of the room reservations committee for the Senior carnival will meet at 5 p.m. tomorrow in Ad320.

Tom Cleveland, chairman, is in charge of the meeting. The carnival will be held April 7.

College Club spring sport dance—8:30-11:30 p.m., Hotel Lubbock.

Faculty Members To Attend Meeting

Four Tech faculty members in the department of architecture will attend a regional meeting of architecture schools of the Southwest Friday and Saturday in Dallas.

Prof. F. A. Kleinschmidt, head of the architecture department is chairman of the arrangements committee, and Prof. W. L. Bradshaw, Prof. Robert Lockard and Asst. Prof. Elizabeth Sasser will give talks.

The subjects of the talks are "Structures and Design," Bradshaw; "Systems of Grading Design Problems," Lockard; "The Function of History in Teaching Architectural Design," Mrs. Sasser.

The group will leave Friday morning and return Saturday night.

Engineering Students Receive Memorial Anflo Foundation Scholarship Awards

Ten junior and senior students in petroleum engineering and related fields have been awarded \$500 scholarships for the spring semester, Dr. Dysart Holcomb, dean of engineering, says.

The Anflo Foundation, a non-profit organization interested in financing research and grants, established the scholarships in memory of Robert Glenn Rapp, Oklahoma City oil man. Tech is the only school in this region receiving the awards.

Scholarships are granted on a yearly basis to junior and senior students with an overall grade index of at least 2-point. A student may apply for a second scholarship during his senior year provided he has fulfilled the summer employment requirements given in regulations governing the scholarships, Holcomb says.

Students receiving the awards for the spring semester are seniors Aubrey J. Brooks Jr., petroleum engineering; Don J. Loshier, petroleum engineering; Edward C. Sessions, petroleum engineering; Charles I. Davidson, chemical engineering; Louis F. Goss, petroleum geology.

Juniors Dewey W. Pierce, petroleum engineering; R. C. Schliager, petroleum engineering; Alton C. Goodrich, petroleum engineering; J. B. Ashton, chemistry; Rob-in A. Saunders, petroleum geology.

Engineer Grads To Be Interviewed

May and August engineering graduates interested in securing positions will be able to interview representatives of both the Westinghouse Electric corporation and the Humble Oil and Refining company here next week, Mrs. Jean A. Jenkins, executive secretary of the placement service, said.

Humble, whose representatives will be personnel supervisor R. N. Dyer and three assistants, have scheduled a general assembly Monday at 5 p.m. in the Engineering auditorium for graduates in chemical, civil, electrical, mechanical and petroleum engineering at all degree levels, geologists at all degree levels, men with advanced degrees in physics and chemistry and women graduating in chemistry at all degree levels.

Mechanical, electrical and industrial engineers will be interviewed by E. R. Price, representative of Westinghouse, next Wednesday and Thursday by contacting the placement office for time, place and application blanks.

GOLFERS TO QUALIFY

Prospective candidates for the Tech golf team are asked to report to the Lubbock Country Club this afternoon at 2:15 for their first 18 hole qualifying round, announces Morley Jennings, coach.

Student Leaders Recognized At Wednesday Convocation

Individual honors will be conferred upon 130 students next Wednesday at the recognition convocation in the Gym.

Seventy students will be recognized for leadership by the Student council. Athletic awards will be made, including 38 football letters. Head coach DeWitt Weaver and his assistant coaches will be introduced.

Presidents of student organizations recognized will be presented with a scroll in the name of the organization. Organizations will be recognized in which two-thirds of the membership have made at least

Union Building Reality As Contract Awarded

AWS Will Meet Today For Officer Nominations

Association of Women students' general convocation, open to all women at Tech, will be held at 5 p.m. today in Aggie auditorium.

Officers for next year will be nominated, prior to the March 14 election, which will be held in the Administration and Home Economics buildings. Mary Hall is in charge of elections.

Juniors To Raise Funds For Prom

Juniors are asked to dig deep in their jeans this week when the collection of funds to finance the annual Junior-Senior prom begins.

Each class member will be contacted during the drive and asked to contribute 50 cents, said Bill Bales, class president. Students living in dormitories will be reached tonight and tomorrow night.

Postcards will be sent to juniors living in town and they are asked to bring their money to booths which will be open every morning Monday through Wednesday in the Administration, Engineering, Agriculture and Home Economics buildings.

Speech Students Enter Tournament

Five Tech speech students will enter the Nineteenth Annual Forensic tournament to be held at St. John's college at Winfield, Kan., Friday and Saturday.

Tech students entering the contest are Jerold Maurer, Chloica Shofner, Don Hancock, Thelma-deane Hutchins and Betty Bennett. The contest is limited to sophomores and freshmen and will be the first intercollegiate speech experience for any of the students except Miss Hutchins.

Events that the Tech students will enter are debate, Maurer, Shofner, Hancock and Miss Hutchins; oratory, Miss Hutchins; book reviewing, Miss Bennett; story telling, Shofner; extempore speaking, Hancock and Miss Hutchins; impromptu speaking, Maurer, Hancock and Miss Hutchins; radio speaking, Hancock, Maurer, and Shofner; Bible reading, Shofner and Miss Bennett; poetry reading, Maurer and Miss Bennett.

Dr. P. Merville Larson, head of the speech department, will accompany the group to Winfield and will aid in judging the contest.

GOLDEN ATTENDS TEACHER MEET

Dr. Howard E. Golden, associate professor of marketing, attended a meeting of the College Classroom Teachers association policy committee in Waco Friday and Saturday. Representatives from all CCTA local chapters in Texas were present.

Construction Set Pending Removal Of Rec Hall

Texas Tech's Student Union building became a reality Saturday when college officials awarded a \$515,281 contract to W. G. McMillan of Lubbock.

Construction plans are indefinite until plans as to the disposition of the Rec hall have been completed, said McMillan, contractor. Tentative plans are to retain the Green Room until a usable part of the new building is finished.

Construction was assured when the Ex-student association of the college agreed to raise \$25,000 toward the cost of the building. In repeated negotiations following the Feb. 19 board meeting, school officials attempted to cut construction costs without substantially reducing facilities to students.

Consisting of a part basement and two floors, the Spanish type structure will be approximately 60 by 200 feet in dimensions. Excepting the elimination of a portion of the west wing and several interior features, the building corresponds to the original plan of the architects, Acheson and Atkinson of Lubbock.

Provisions For Additions

Provisions will be made during construction for the later addition of the omitted features, but college officials pointed out that the present building will fill every student's need.

The main floor will contain an information and concession booth, offices for the director, assistant director and receptionist, telephone booths and a check room, a kitchen and snack bar, rooms for billiards and table tennis, a small meeting room and the large lobby and lounge.

A cove lighting system is to be installed throughout the building with a curved stairway leading to the second floor which will feature the Anniversary room, The Silver Anniversary bowl and cups given by ex-students will be displayed in this room. Several meeting rooms, student organization offices, women's and men's lounges, a stage and dressing rooms, and the main ballroom will also be on this floor. An open terrace will lead off the ballroom which will have maple flooring.

Interior planting boxes and acoustically treated ceilings are other features planned for the building.

Med Student To Review Article On Radio Program

Jack Ross, sophomore pre-med student, will review an article from the German medical publication, Klinische Wochenschrift, on the regular foreign language program at 6:15 p.m. Friday over KSEL.

Sponsored by the Scientific German seminar, Ross will speak in German on modern cancer research. Following the review, other seminar members will conduct a question and answer session in German.

A group within the German club, the Scientific German seminar is directed by Ted Alexander, foreign language instructor.

Circle-Eight Open For Members; May Receive Dance Instructions

"All persons affiliated with Tech will have the opportunity to become members of the Circle-Eight Square Dance club at a dance at 8 p.m. Friday in the Green room," stated Bill Price, club reporter.

Those who do not know how to square dance can receive instructions at 7:30 p.m. There will be no admission charge.

The \$2 club fee entitles members to receive dance instructions and admittance to all club functions.

College Club Spring Dance Is Friday; Decoration Fund Aids Union Building

College Club fraternity will open the spring dance season with its twenty-third annual sport dance from 8:30-11:30 p.m. Friday in the Hotel Lubbock ballroom Claude Caperton, reporter, says.

A spring theme, featuring pictures of the Student Union building, will be carried out. The club has donated \$100 to the building fund by cutting decoration costs to a minimum.

Music will be furnished by Burl Hubbard and his orchestra.

New members, who were formally initiated Sunday in the Hilton hotel, and their dates will be Ols Echols, Jane Dale; Bill Stitz, Donna Rumpy; Richard Martin, Venna Morrisett; Hugh Ingram, Wanda Petty; Sammy Dibrell, Wanda Vowell; Gene Read, Ruth Carpenter.

Members and dates will be Bill Fite, Dils Shaw; Wendell Wagley, Nancy Moran; Curt Coxon, Jan Dorn; Tommie Jamison, Bobbie Manning; Claude Caperton, Juanita Davis; Joe Barclay, Sue Baker; Ray Tomlinson, Margaret Nelson; Glen Berry, Jane Adams; Bill Burmans, Joan Conley; James Hargrove, Rheta McMaisters; Robert Pfleger, Lorraine McCloud; Bill Bales, Mary Lou Moore; Charles Orren, Betty Brown; Sid Sautson, Pat Johnson; Bryan Close, Marjorie Snyder; Richard Foster, Sue Carleton; Scott Poage, Alachia Paulsen.

Others attending will be Davis Porter, Mearns, and Mimes, Allen Dunbar, Jack Ashworth, Dean Allam and C. D. Nichols.

DFD Initiates 23; Founders Day Held

Twenty-three pledges of DFD were formally initiated as members in a candlelight ceremony at 8 p.m. Sunday in the home of Mrs. M. H. McMaster, 2620 Twentieth.

Initiated were Joan Aulback, Joan Biggs, Sylvia Bryan, Kay Collins, Marianna Cory, Mary Jo Craig, Jan Dorn, Marian Holton, Mary Lou Moore, Venna Morrisett, Rhea Myers, Mary Norman, Jerri Pace, Mary Lou Patton, Joyce Rose, Edean Singleton, Lee Sneathon, Nina Spearman, Joann Terry, Murna Welch, Patsy Williams, Peggy Wright and Patty Blanton.

The twenty-first annual Founders Day dinner for members, pledges and alumnae of DFD was held at 7 p.m. Friday in the Yaqui room of the Hilton hotel. Richie Ann McCrummen, best member, and Mary Jo Craig, best pledge, were presented jewel boxes with "best member" and "best pledge" inscribed on them.

Mrs. Bud Thompson, alumnae representative, presented the scholarship cup to Pat Findley, the member with the highest grade point average for the past two semesters—2.4, and to Venna Morrisett, the pledge with the highest grade point average for the same period—2.7.

A program was given by the pledges and Mrs. Thompson, former DFD president, gave the history of the club.

TEACHERS TO HEAR ELLIOTT
"Rhythmic Activity for Children" will be the speech given by Raymond Elliott, assistant professor of music, at the district meeting of the Texas Teachers' association, music division, Friday in Lubbock.

Sans Souci Holds Formal Initiation Services Sunday

Sans Souci social club held formal initiation services for 17 women Sunday in the home of Patricia Lindsey, 3114 Twentieth street.

Joan Conley, president, presided as the following new members were initiated: Peggy Riggs Walker, Jane Ferguson, Ann Alexander Zimmerman, Geraldine Barton, Diana Darnell, Rita Schickram Bray, Barbara Wood, Darlene Wiese, Nancy Moran, Marian Nevitt, Rossi Stiles, Ernestine Gammall, Jo Frances, Carlene Helm, Adrian Bridges, Joan Graham and Charlotte Mathis.

Miss Frances was presented a club pin for having the highest grades in the pledge group, a 3-point. Miss Stiles, who had a 3-point minus average, was awarded a pearl guard.

PLEDGES LISTED SATURDAY

New pledges of men's social clubs will be listed in Saturday's issue of The Toreador.

The list of men who signed their preferences at the pledging convocation held yesterday was not available at the time the paper went to press.

FTA Sweetheart Candidates Named

Tech chapter of Future Teachers of America nominated nine girls for the title of chapter sweetheart at a meeting Thursday.

Final selection of the sweetheart will take place March 15.

Included in the list of nominees are Juanita Davis, Phillips, Russa Neil Kothman, Junction; Myrne McDonald, Plainview; Pat Findley, Hale Center; Sally Larson, Plainview; Chalones Mathews, Anton; Marjorie Prewitt, Ralls; Jane Horton, Stamford; and Jene Bridger, Waco.

When the statewide FTA convention is held March 30-31 Miss Future Teacher of America will be chosen. Miss FTA will be selected from the group of chapter sweethearts.

SMALLWOOD BACK ON DUTY

George Smallwood, professor of English, returned to the college Monday after a period of several

weeks, during which he was confined in Lubbock hospital with pneumonia.

Women's IV, Doak Receive Trophies

Women's Dorm IV and Doak hall, winners of the community singing contest which was held on the campus last spring, were presented gold trophies at a party held last night in the Doak hall lounge.

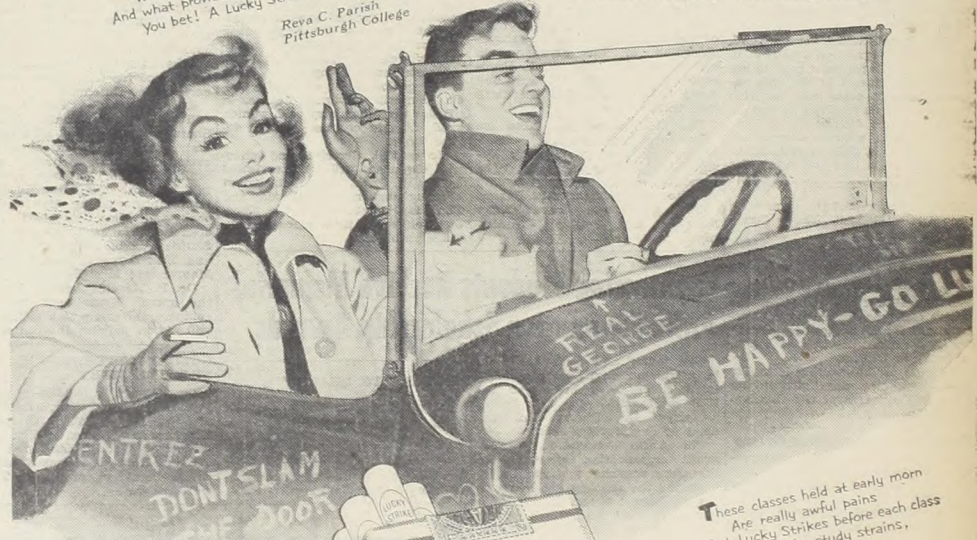

James G. Allen, dean of student life, and Dr. Gene L. Hemmie, head of the music department, were guests at the presentation.

Committees from the winning dormitories arranged a program of skits and musical numbers.

Be Happy-Go Lucky!

We students like a lift to class
When we're too tired to hike
And what provides the biggest lift?
You bet! A Lucky Strike!

Reva C. Parish
Pittsburgh College

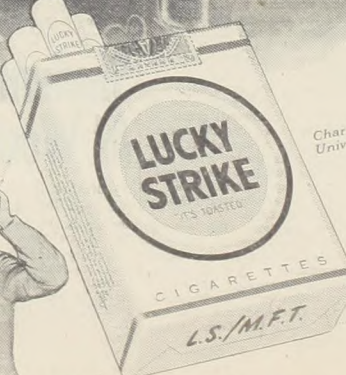

LUCKIES TASTE BETTER THAN ANY OTHER CIGARETTE!

Fine tobacco—and only fine tobacco—can give you the perfect mildness and rich taste that make a cigarette completely enjoyable. And Lucky Strike means fine tobacco. So if you're not happy with your present brand (and a 38-city survey shows that millions are not), switch to Luckies. You'll find that Luckies taste better than any other cigarette. Be Happy—Go Lucky today!

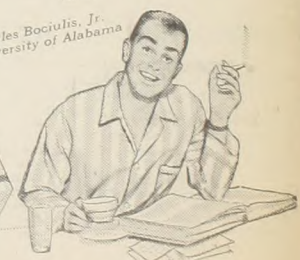

From campus east to campus west
Here's how they greet each other.
"Forget the grind—just ease your mind
And have a Lucky, brother!"

Max Visser
Boston University

These classes held at early morn
Are really awful pains
But Lucky Strikes before each class
Relieve the study strains.

Dairy Manufacturers Supply Dorms With Milk Products

By CAROLYN HATHCOCK
Toreador Staff Writer

A portion of the milk used on the campus is the product of the dairy manufacturers department, a small but well equipped dairy located behind the Aggie building. During the school year this dairy processes about 400 gallons of milk daily and delivers about 300 gallons to the dormitories. The rest is sold on two city routes.

Besides milk, the department manufactures cheese, butter and ice cream, which is also sold to the dorms. The other products are kept under refrigeration in the Aggie building, and are retailed from there. Various types of cheeses, including American cheddar, Edam, Swiss type, Roquefort and cottage cheese, are made in laboratories.

Dairy Is Class Room

Through the sale of these products, the DM department is able to pay for all labor and equipment it purchases. However, the dairy is primarily a practical classroom, not a commercial enterprise. Students in dairy manufacturing are employed in the dairy, but also attend labs.

Since the Tech dairy sells milk in the city, it must meet city and state regulations, which are similar to those of the US Department of Health. For the past 12 years Lubbock dairies, Tech's included, have been on the honor roll of dairies, Willingham said.

In 1927 this department was est-

ablished by Dr. K. M. Renner, who was department head until his death in 1947. His son, Kenneth Renner, is at present an instructor in the department. Dr. J. J. Willingham is present head and has held that position since 1948. He did his graduate work at the University of Iowa after receiving his bachelor's degree from Texas A&M.

Takes Care Of It's Own

The department believes in taking care of its own. . . . in 1948, alumni and ex-students established the K. M. Renner Memorial Loan fund for juniors and seniors, available on a loan basis.

Each year during Easter holidays students take a "milkman's holiday" and visit all types of

dairies, traveling from 1,500-2,000 miles.

Opportunities for graduates in this field are varied, DM students have become doctors, veterinarians, teachers and one is head of the research department for the Kraft Cheese corporation. According to Willingham, he could find jobs for 50 men instead of the 12-15 who graduate each year.

Although no girls have ever signed up for a course in DM, it's not strictly for the boys he said. Listed in the catalogue is one course designed strictly for home economics students.

The average annual cost of owning and operating an automobile is \$861.

With The Colors

★ ★ ★ ★

Maj. Lattie A. Ritter jr. of Sweetwater has been promoted to the temporary grade of lieutenant colonel, according to information from Ent Air Force base, Colorado Springs, Colo.

Ritter received his BA degree from Tech in 1941 and entered the service in 1942. He spent 24 months overseas during World War II and has been awarded the Distinguished Flying cross with one Oak Leaf cluster, Air Medal with seven Oak Leaf clusters and theater ribbons with battle stars.

The Tech graduate is rated a senior pilot.

By DICK BROOKS

Right along about this time of year, things sort of fall off in the sports department. There isn't much to do except sit around and drink coffee with the people who wander in and out of the office.

It isn't altogether a slack time, though. We have time to sit down and look around a bit, at what has already happened and what is going to happen in the sports scene.

Probably the first item for consideration right now is the net result of the recently ended Border conference basketball race, Arizona, as you know, won its sixth consecutive championship. Tech finished second in a tie with New Mexico A&M.

Over the 28 game route, the Raiders scored a total of 1,723 points to their opponents' 1,638. They won 14 and lost 14 for a .500 average. Points per game average showed the Raiders with 61.5 to their opponents 58.5.

Paul Nolen was high scorer over the regular season, totaling 538 points in the 28 games for an average of 19.2. Nolen hit 448 per cent of his field goal tries and 583 of his free throw attempts. The tall sophomore hit his peak in the last Arizona State of Tempe game, scoring 38 points. He received mention in Sporting News' All-America selections.

Nolen's averages were the team's best, save in the free throw department, where Jim Eddins fired a 709 percentage. Eddins made 44 points on free throws, Nolen made 98.

Other high scorers ranked in order through the first five, include Jack Alderson in second place with 368 points and a 13.1 game average. Virgil Johnson scored 255 points for an average of 9.4. Verdell Turner's average was 7.7 with 216 points, and Jim Eddins averaged 4.3 on 120 points.

Even considering possibilities of military service interfering, all those and most of the other Raider squadmen stand a good chance to be back next season.

Arizona edged Tech by one point when they played here and beat the Big Red by 10 points in Arizona. We know of three Wildcat regulars, Bob Honea and the Johnson brothers, who won't be back at Arizona next year.

Of course it is much too early to say such a thing, but we feel that the Border conference may have a new champion next year. Right now, Tech looks like the best bet.

Other matters which need mulling over concern the spring sports which very soon now will reach full bloom. With the hiring of the new coaching staff, track is still a question mark. We will have more on this for you soon.

The tennis team has already had one meet and is spending each afternoon readying for more. The golf team had its organization meeting two weeks ago and will play soon. The fencing team goes to the nationals late this month. And, there is, unfortunately, no baseball team.

Grid Practice In Two Weeks

Spring football training at Tech will get underway in about two weeks, head coach Dewitt Weaver said Monday afternoon. Belated beginning of spring workouts is due to the fact that Wade Walker and James Posey, line coaches, will not arrive in Lubbock until that time.

Weaver completed his staff last week by hiring Walker and Posey. Posey, who comes from Yale, will be head line coach and will handle the defensive line. Walker, who was assistant coach at Wake Forest, will instruct the offensive line. Other assistant mentors are Bobby Goad, ends, Jack Mitchell,

offensive backfield, and W. A. Woods, defensive backfield.

Only position remaining to be filled is that of trainer. "We are going to get a good one," coach Weaver said. "I don't know yet who he will be, but we are looking around. It has been five years since I've had a good trainer," he asserted.

Coach Mitchell, when quizzed about his backfield's possibilities, smiled that he would be able to tell a lot more after spring practice. He saw the Raiders twice last season, but added that "You don't watch any one man, but follow the whole team."

Some of the boys on the Tech roster are rather promising, Mitchell said, but the success of the split-T which will probably be the formation used next year, is far from settled yet.

Coach Heaver, talking now in his capacity as athletic director, said he has not chosen a track coach yet. George Scott, former freshman coach, is handling the squad this spring with the assistance of a student manager, Joe Smith.

Weaver gave the go-ahead for baseball at Tech in a rather off-hand way. He is going to meet with interested players next Monday to discuss possibilities. He favored the idea, if it could be satisfactorily worked out.

MCC MANAGERS MEET

Basketball managers and coaches of the Men's Inter-club council will meet at 5 p.m. today in the Gymnasium to draw for the Round-Robin tournament, scheduled to start March 19.

Tech Fencers Win Triangular Meet

Red Raider fencers defeated Ft. Worth and Dallas YMCA fencing teams in a triangular meet at the downtown Dallas "Y" Saturday, taking firsts in all three events.

Tech whipped Ft. Worth 6-2 in epee, 6-0 in foil and 6-3 in sabre. They downed Dallas in the epee and foil matches by the same score of 5-1 and 4-1 in sabre.

Bill Spinks and Dean Leggett placed one-two in the individual sabre tournament. Travis Smith was the third member of the Raider team.

The next match scheduled for the Raiders is the NCAA meet which will take place at the University of Illinois March 30-31. Tech will be represented by Spinks, Smith and Leggett. Forty universities and colleges are entered in the meet.

Intramural Champ Chosen Tonight

The Cherry Pluckers and the Quintessence Quintet meet tonight to decide the championship of the independent intramural basketball league.

In the consolation match West Hall plays Doak West.

Quintessence Quintet defeated Doak Green Hornets 21-17 March 1 to reach the finals. Bill Solomon and Jim Morgan each had six points for the winners while Wade Thompson scored eight for the losers.

Cherry Pluckers downed Alley Cats 28-23 March 1 also. For the Cherry Pluckers Weldon Minchew scored 15 markers while Glenn Lucas led Alley Cat scorers with nine points.

Cherry Pluckers earned the right to play Quintessence Quintet March 2 by defeating Sneed Ballhawks 42-29. Eddie Hart was high man for the Pluckers with 16 tallies. Orville Sumney led the Ballhawk attack with nine points.

Spring football practice should open in about two weeks. Coach Weaver's new staff will be on hand to find the boys already in condition. Most of the squadmen have already started playing tennis, etc., on their own in order to have their muscles ready.

We hope to have more on a baseball team to report soon.

Steer And Calves Brought To Tech

A Hereford steer and two Aberdeen Angus steer calves were brought to the campus Saturday from San Angelo and Camp San Saba, respectively, according to W. L. Stangel, dean of agriculture.

The steer, Sir Grady II, was donated to the Tech animal husbandry department by the Hemphill-Wells company of San Angelo. Sir Grady II was chosen at the San Angelo Fat Stock show auction sale by the manager of the company, Grady Mitcham, for whom the steer was named.

Sir Grady II will be used for class instruction and will be shown at the State Fair of Texas in October and next year's Southwestern Exposition Fat Stock show.

The Aberdeen Angus steer calves, which were chosen by W. T. Piper, beef cattle herdsman and senior animal husbandry student, will supplement the steers bred by the college to provide a greater number for class instruction. If the calves develop according to expectations, they will also be exhibited at the fair and the fat stock show.

Tech Songbirds Entertain At Exchange Club Banquet

Tech's Mixed choir and Madrigal singers will present a program for the Ladies' Night banquet of the Exchange club in the ballroom of the Hilton hotel tonight.

The choir, under the direction of Dr. Gene Hemmle, music department head, will sing "You'll Never Walk Alone," arranged by Ringwald; "I Wonder As I Wander," Niles, with Ira Schantz singing the tenor solo; "Ain't That Good News?," Dawson; "Deep River," Ringwald; "Roll, Jordan, Roll," Gillum.

Miss Joyce Carthel and Herbert Colvin will accompany the group. The Madrigal singers are under the direction of Ira Schantz, instructor.

Tech Home Economics Professor Attends New York NANE Meeting

Miss Sannie Callan, professor of home economics, left Monday for New York city, where she will represent Tech at a meeting of the National Association of Nursery Education.

She will return sometime next week.

Home Economics Division Sends Delegates To THEA

Dean Margaret W. Weeks of home economics, four members of her staff and nine Bavarian women attending Tech will leave tomorrow for Dallas, where they will attend a joint meeting of the Texas Home Economics association and the Texas Nutrition council. Miss Weeks is chairman-elect of the council.

Staff members attending will be Miss Fay Hattox, instructor in home economics and chairman of the foods and nutrition section at the convention; Miss Mabel D. Erwin, professor of home economics and historian of the THEA; Mrs. Lila A. Kinchen, assistant professor of clothing and textiles and parliamentarian of the THEA; Miss Martye Poindexter, head of applied arts. The group will return to Lubbock Saturday.

Music Department Head To Speak Friday For Teachers' Conference

Dr. Gene Hemmle, music department head, will speak on "Creative Music for Elementary Children" at the Northwest Texas conference of the State Teachers' convention in Amarillo Friday.

Ira Schantz, tenor and instructor in arts and sciences, Miss Mary Jeanne van Appledorn, pianist and instructor in music, Herbert Colvin, pianist and instructor in music, will appear on the program at the conference.

Shell Representative Speaks To Geology Students Tonight

Jim Thomas, of the personnel and industrial relations department of Shell Oil company, will speak to all geology majors at 7:30 p.m. today in C101, according to Bobby Millard, secretary of Sigma Gamma Epsilon.

Following his talk, Thomas will conduct an informal discussion on job possibilities and employer requirements. Thomas' talk is sponsored by Sigma Gamma Epsilon.

STA HEARS HAZLEWOOD

"Word Problems in Mathematics" is the title of the speech Dr. E. A. Hazlewood will present at the State Teachers' Association convention Friday in Amarillo. Hazlewood is head of the mathematics department.

YWA Sweetheart Named At Banquet

Nelda Jobe was presented as the Sweetheart of Baptist YWA at the organization's annual Sweetheart banquet held last Friday night at the First Baptist church.

Miss Jobe, a business major from New Home, will begin work on a master's degree in business education following her graduation in May.

A sweetheart is chosen by the Baptist organization each year on the basis of service, faithfulness and dependability.

Breeding Bull Purchased By Tech Animal Husbandry

A registered Jersey bull, Glowing Signal, has been purchased by the Tech animal husbandry department for breeding purposes.

The bull stud, which was selected by Koy L. Neely, associate professor in animal husbandry, was purchased from W. T. Dungan of McKinney.

Methodist Students To Hold 'Secret Pals' Party Friday

A "Secret Love" party will be held by Methodist students Friday at 7:30 p.m. in the Methodist Student center.

A the party identities will be made known of secret pals who, for six weeks, have been showering cards and candy on friends whose names they drew.

Joint recreational committee of Methodist students is in charge of arrangements.

Mathematics Fraternity To Meet At Residence Of Club Sponsor

Members of Kappa Mu Epsilon, honorary mathematics fraternity, are asked to meet at 7:30 p.m. tomorrow in Ad208. Cars will be provided for transportation to the home of Mrs. Rowland, club sponsor, for the meeting.

PSYCHOLOGY CLUB MEETS

A business meeting of the Psychology club was announced for 7:30 tonight in X5 by Mark Schoenberg, publicity chairman.

Persons interested in joining the club are invited to attend the meeting, Schoenberg added.
