Vol. XXVIII Texas Technological College, Lubbock, Friday, October 24, 1952 No. 10

AROTC Chooses Four Sweethearts

Squadron sweethearts for the Air Force ROTC were elected Thursday by members of the respective squadrons.

Sue Helfley, freshman secretarial administration major, is Squadron E's sweetheart. Miss Helfley, who is 18, is from Texline and is pledging DFD this semester. She is also a La Ventana beauty contestant and was named FFA sweetheart last week.

Squadron F chose Janelle Toler as their sweetheart. Miss Toler is a 19-year-old junior speech major from Tahoka, and is back in Tech again after attending Baylor University for the past year.

Wanda Norman was selected from the other candidates by the troops in squadron G. She is a 17-year-old secretarial administration freshman from Tahoka and is in the La Ventana beauty run-off.

The sweetheart of squadron H is Reta McElroy, 19. Miss McElroy lives at 2317 34th St., is a junior elementary education major and a member of Las Chaps.

Carolyn Joiner of Redondo Beach, Calif., had already been selected as Wing Sweetheart, Leah Portwood of Brownfield and Carolyn Chick of Lubbock had been chosen sweethearts of Group A and Group B, respectively.

MASSACRE!

"In two hours this morning, I killed 263 flies in my office," said Dr. M. F. Landwer, biology professor, Wednesday afternoon.

"My screens are the best, or at any rate the most expensive, available. Still they come in. I would judge that they come from the piles of cowlot refuse behind the Science building and Library," he said.

Adding that the flies could stay alive most of the winter in the "refuge," he stated, "I hate to see the campus when it rains."

The plague of flies is most advanced in the Library and Science and Journalism buildings.

Left to right, the Air Force ROTC unit sweethearts are Janelle Toler, Wanda Norman, Reta McElroy and Sue Helfley. The lucky lad in center is Fred Story.

Dean Announces Morning Pep Rally

From the office of the dean of arts and sciences:

"Classes scheduled for the 11 o'clock hour will be held on a slightly modified schedule for the days of Wednesday, Thursday and Friday (October 29, 30 and 31). The class period for these days will extend from 11:15 until 12:00 in place of the regularly scheduled time of from 11:05 until 11:55. Laboratories or other class activities normally scheduled to run continuously from 9 until 12 or 10 until 12 will not be affected by these changes. Classes meeting during the 10 o'clock hour will be held as scheduled, dismissing at 10:55.

R. C. GOODWIN
Vice Chairman,
Council of Deans

Reason for the change in schedule is a pep rally planned for each 20 minute periods, says Peggy Karnox, head girl cheerleader. The pep rallies will be held on the circle.

Union Cornerstone Laying on Oct. 31

The cornerstone of the new Student Union Building will be laid at 3:30 p.m. Friday, Oct. 31, announces James G. Allen, dean of student life.

Further plans for the ceremony will be discussed at a meeting of the convocation committee at 10 a.m. Saturday morning. Those on the committee include: Dean Allen, chairman; D. M. McElroy, former executive secretary of the Ex-Students Association; M. L. Pennington, vice president and comptroller of the college; L. C. Walker, new executive secretary of the Ex-Students Association; Atmar Atkinson, architect; Prof. Ray Elliott; Mrs. Troy Lockard; Col. Ollen Turner; Dr. William Pearce; J. Roy Wells; and W. P. Clement.

31 Girls Remain in Race For La Ventana Beauties

Religious Week Activities Close

Speaking to an estimated 800 students and faculty, the Rev. David Curry concluded the annual Religious Emphasis Week lecture series yesterday morning in the Gymnasium. His subject was "Vocation" and emphasized the methods in discovering God's will in the selection of a vocation.

James Dent, chairman of Religious Emphasis Week, acted as master of ceremonies and made several acknowledgements for help during the week. Dale Booher, senior engineering student from Wichita Falls, led the invocation. The Festival chorus sang a selection from "The Messiah," which was followed by the Rev. Mr. Curry's speech. Robert Jacobson, junior agricultural student from Adrian, offered the benediction.

Before returning to Richmond, Va., the Rev. Mr. Curry will go to Louisville, Ky., and Chicago.

Thirty-one Tech coeds will be in the Sunday final judging for La Ventana beauties at 2:30 p.m. in the Recreation Hall.

Twelve girls will be chosen Sunday to have pictures in the beauty section of the 1953 annual. Contestants in last Sunday's contest numbered 111, but only 106 appeared.

Connie Hopping, Miss Texas of 1952, a former Tech beauty and a senior home economics major, will preside at Sunday's elimination as the official beauty hostess.

Judges Announced

Judges for the contest will be Bill Cherry, editor of the West Texas State College yearbook, and one of his staff members; and Robert Walker, editor of the Hardin-Simmons University yearbook, and his assistant.

Coeds remaining in the contest and the clubs they represent are: DFD—Sue Bradley, Amarillo freshman; Mary Alice Braselton, Plainview freshman; Dorothy Gage, Dallas sophomore; Sue Helfley, Texline freshman; Liz McCain, Plainview senior; Melba White, Lubbock freshman; and Bobbie Wilson, Dallas sophomore.

Ko Shari—Alathia Baldwin, Lubbock sophomore; Jerre Bedford, Lubbock freshman; Pat Haws, Ropesville sophomore; Harriet Henderson, Lubbock sophomore; Wanda Norman, Post freshman; Gloria Snell, Lubbock sophomore; Ann Lee Turner, McKinney sophomore; and Dorothy Yates, Lubbock junior.

Las Chaparritas

Las Chaparritas—Tommye Brown, Lubbock freshman; Jeana Rose, Graham sophomore; Beverly Ross, Lubbock junior; and Ruth Joy Thomas, Marshall junior.

Las Vivarachas—Pat Davenport, Lakeview freshman; Mary Lou Jones, Lubbock junior; Marcia Rogers, Lubbock senior; and Jennie Scott, Wellington freshman.

Sans Souci—Carol Collins, Lubbock freshman; Elna Dunagan, Tahoka sophomore; Jane Hicks, Wichita Falls sophomore; Zoe Merriman, Lubbock freshman; and Sandra Toombs, Lubbock sophomore.

Independents in the contest are Betty Coffey, Brownwood junior; Ann Perkins, Pampa freshman and Patricia Pinson, Forney freshman.

Shofner Named Veeper Over Wilson

Choice Shofner business major from Lamesa, edged Ben Wilson, Lubbock engineer, for the vice presidency of the senior class, says Jim McGraw, Student Association vice president.

Only 57 seniors voted in the second run-off between the contestants. Shofner won by a 29 to 28 count.

Council Names SP In Monday Meeting

Aspirants for Tech's Sun Princess title will appear before the Student Council 7:30 p.m. Monday, says Harold Brannan, Student Association president.

Women entered in the contest are Jennie Scott, Wellington sophomore; Margaret Wood, Spur sophomore; Zoe Merriman, Lubbock freshman; Harriet Henderson, Lubbock sophomore; Sandra Sadler, Merkel senior; Nancy Chastain, Breckenridge freshman; and Bobbie Wilson, Dallas sophomore.

JUNIORS TO MEET

A Junior class meeting will be held at 5 p.m. Tuesday in C101, says Bill Philippott, class vice president.

At that time plans for a Junior party will be made. Co-chairmen for the planning committee are Pat Mansel and Paul Griffith.

Picture Deadlines Approaching Fast

Deadlines for having pictures taken for La Ventana are 6 p.m. Saturday for freshmen and sophomores and 6 p.m. Saturday, Nov. 8, for upperclassmen.

Freshmen and sophomore proofs must be back to Koen's by Oct. 30, says Ted Harrison, associate editor. Otherwise, the editors will select the pose to be used.

Deadlines will not be extended, and refunds will not be made to students who fail to have pictures made, says Harrison.

Scholarships Won By Six Engineers

Scholarships valued at \$4,250 were awarded to six Tech engineering students Thursday, announces Dean D. E. Holcomb.

A \$750 scholarship given by Southwestern Public Service Company was awarded to Donald Benton. An electrical engineering senior from Amarillo, Benton graduated from Amarillo High School and attended Amarillo Junior College before enrolling in Tech. He is 22 and lives in Bledsoe Hall.

Texas Electric Service Company scholarship of \$750 was awarded to Hiram C. Fitzgerald of Techua-cana. Fitzgerald is a senior electrical engineer. He graduated from Grosebeck High School and is a veteran of World War II.

A \$750 scholarship in mechanical engineering awarded by the Southwestern Public Service Company went to Wallace D. Graves Fort Worth. Graves attended Clifton Junior College before coming to Tech.

Lloyd C. Wilkerson, senior mechanical engineer from Gainsville, received the Hughes Tool Company award of \$500. Wilkerson served in the Air Force during World War II and attended the University of Houston before coming to Tech.

Thirty-four Clubs Enter Homecoming Parade

Thirty-four clubs and organizations have entered Tech's twenty-second annual Homecoming parade, says Brian Boyett, chairman of the Homecoming committee.

This is four less entrants than were in the parade last year. There is no special theme to be used in the cavalcade. Entries will vie for the first place prize, the Thomas Trophy; the plaque for the most beautiful float; the plaque for the winning descriptive float; and the plaque for the comedy float winner.

Thomas Trophy Winner

Las Vivarachas, women's social club, won the Thomas Trophy last year for their entry, "Orchids to the Exes." They also won the plaque for the most beautiful float on the same entry.

The winning descriptive float was entered by the American Institute of Mining and Metallurgical Engineers. The club's float described a huge hand holding an oil

can dropping simulated oil onto a gear. The theme used was, "Oil For the Wheels of Industry."

Future Farmers of America won the comic float division with their theme, "Life in the Student Union Building, 1963."

Club Entering

Clubs entering this year are Ko Shari Los Camaradas, American Institute of Industrial Engineers, American Society of Mechanical Engineers, Future Farmers of America, American Institute of Mechanical Engineers, Wesley Foundation, Sigma Gamma Epsilon, Dairy Manufacturers Club, Le Cercle Francais, Kemas, College Club, Las Chaparritas, Pre-Law-IRC, Alpha Phi Omega, Plant Industry Club,

Other Entries

Society of American Military Engineers, American Institute of Electrical Engineers - Institute of Radio Engineers, Silver Key, Sans Souci, Delta Sigma Pi, Adelphi, American Institute of Chemical

Engineers, Signal Club, Diciples Student Fellowship, Centaur, Future Teachers of America, Psychology Club, DFD, Rodeo Association, Soci, Las Vivarachas, Sam Houston Rifles, and the Student Religious Council.

The twenty-second annual cavalcade will follow the same route as in the past years, beginning at Texas, south to Broadway and west to Memorial Circle. The parade, under direction of Charles Joplin, Littlefield, and Jimmy Nickell, Claude junior, parade marshals, will start at 10:30 a.m. Nov. 1. The Saddle Tramps will assist Joplin and Nickell.

Ex-Student Registration

Juanita Davis, Phillips senior, has charge of ex-student registration. Booths will be at the Administration, Home Economics, and Agriculture Buildings, and at the Plainsman, Lubbock, and Caprock Hotels. These booths will be open from 6 p.m. Oct. 31 and from 8 to 10 a.m. Nov. 1.

Sixteen Faculty Members Are Listed in '52-'3 'Who's Who'

Sixteen faculty and staff members of Tech have been listed in the 1952-53 "Who's Who in America," biographical dictionary of notable living men and women.

Dr. E. N. Jones, Tech sixth president, leads the college roll. Deans The six academic deans listed are Dr. W. B. Gates, Graduate Studies; Dr. R. C. Goodwin, Arts and Sciences; Dr. George G. Heather, Business Administration; Dr. D. E. Holcomb, Engineering; W. L. Stangel, Agriculture; Miss Margaret W. Weeks, Home Economics.

Faculty Members Tech's nine faculty members in the biographical dictionary are Dr. O. V. Adams, professor of civil engineering; Dr. James C. Cross, head of biology; Prof. H. F. Goedecke, for many years head of the mechanical engineering department and now on limited service; Prof. J. Russell Heitman, head of journalism.

Dr. William Curry Holden, head of history, anthropology and sociology; Prof. F. A. Kleinschmidt, head of architecture and allied arts; Dr.

Clewell, Students Attend THECC

Five student delegates and Miss Geraldine Clewell, associate professor of Home Economics Education, left yesterday to attend the Texas Home Economics College Club Leadership Workshop. The meeting will last through Saturday, in San Marcos.

Dr. Joseph Humphrey, education civil defense director for Texas, was scheduled to speak to the workshop on "Responsibility for Home Economists for Civil Defense" today. A business session was to follow the talk by Dr. Humphrey.

About 20 colleges were expected to be represented at the meet.

'Tramps' to Hold Banquet; Will Honor New Members

The Saddle Tramps will hold a banquet honoring new members, at 7:15 p.m. Tuesday in the Caprock Hotel, Bill Bales, Tramp president, states that all new men will receive shingles as certificates of membership and be introduced to the group.

Arch Lamb, one of the Saddle Tramp founders, will be the speaker for the evening.

DANCE SATURDAY

An all-student dance will be held in the Recreation Hall from 8:30 to 11:30 p.m. Saturday, states Jess Parrish, Rec Hall director. The music will be furnished by Kay Carter and his band.

S. S. McKay, professor of history; Prof. J. H. Murdough, head of civil engineering; Dr. Carl Coke Rister, distinguished professor of history.

Retired Faculty

Five retired members of the Tech faculty and staff appearing in "Who's Who" are Dr. Clifford B. Jones, Tech's third president; Dr. D. M. Wiggins, the college's fifth president; Dr. A. B. Cunningham, former English professor; J. N. Michie, former head of mathematics; Dr. Leroy T. Patton, former head of geology and director of the Seismological observatory.

Tech Receives Columbia Sheep

Texas Tech has recently receive a foundation flock of Columbia sheep, donated to the college by L. A. Nordan, San Antonio oil man.

Owner and operator of the Seven-Eleven Ranch near Boerne, Mr. Nordan presented Tech with 12 registered ewes and a registered ram "without any strings." The flock was brought to Tech in September and placed on the sheep farms.

Texas Use Limited

Ray Mowery, head of the department of animal husbandry, states that the breed "has been proven in the Northwest, but its use in Texas is limited."

Mr. Mowery and Jack Hayes, Tech shepherd, made selections for the foundation flock. The ranch foreman made the entire ewe flock available for selections.

"Tech now has flocks of Rambouillet, Southdown, Hampshire and Columbia sheep. . . . The addition of Columbia sheep to the flocks has materially broadened our field of instruction," Mr. Mowery says.

Columbia is the only breed of sheep developed exclusively in the United States. It was started in 1912 on the King Ranch, Laramie, Wyo., by crossing Lincoln rams on Rambouillet ewes.

Columbia Association

By 1941 a sufficient number of outside breeders were raising Columbia sheep to organize an association. This association felt that it was necessary to reject a number of offspring from registered animals to obtain uniformity. Therefore, the association maintains a strict system of personal inspection before a sheep is registered.

Columbia sheep are large, the adult ewes weighing up to 200 pounds and the adult rams weighing up to 300 pounds. They are a white-faced breed, without wool on the face.

Nov. 8 Bus Riders To Meet Monday

Students who have reserved places on the chartered bus going to the Tech-North Texas football game Nov. 8 in Denton are requested to meet in the Student Council office at 5 p.m. Monday, as announced by Jim McGraw, Council vice president.

Students who applied for passage on the bus and will not be able to go are asked to notify the Council immediately. Those desiring to arrange passage for the trip may apply at the office.

Hotel accommodations and schedules will be discussed at the meeting.

FOUND: GIRL'S COAT

A girl's short coat has been left in the Rec hall. The owner may pick it up by asking Jess Parrish, Rec hall director.

Evening Classes Meet Nov. 1

Classes in Tech's Evening Program which meet on Homecoming Saturday, Nov. 1, will not be dismissed, says Dean George Heather, director of the program.

Regular day classes will be dismissed at 10 a.m.

1953 Maid of Contest Contest Winner To Receive 'Made of Cotton' Wardrobe

The 1953 Maid of Cotton will wear the latest fashions created by the cotton industry's leading designers, announces the National Cotton Council.

The Industry's 15th fashion and goodwill ambassadress will own a wardrobe that will include cottons for all occasions and seasons. Included in the styles are bathing suits, coats, suits, evening dresses, handkerchiefs, hats, and shoes; all made of cotton. Her luggage will

also be made of cotton. As the Maid of Cotton tours the United States and foreign countries, she will be the feature model in fashion shows, appear on radio and television shows and meet leading personalities in national and civic affairs.

To qualify for the contest women must be between 19 and 25 years of age; must have been born in a cotton producing state; must never have been married and all 5 feet 5 inches tall.

De Rose Wittenburg was Tech's candidate for the Maid's title last year.

Pledging Convocation Today Ends Men's Rush Activities

Pledging convocation for all men going through rush week activities was held from 4:45 to 6:15 p.m. in Aggie Auditorium.

All men signed their preferential bids at that time.

The club lists will be released tonight. THE TOREADOR will carry a complete list of pledges Tuesday.

Closing parties for rush were those of Los Camaradas, Tuesday; Silver Key, Wednesday; College Club, Thursday. Hours for each were from 7 to 9 p.m. in the Green Room.

Yellow Cab

"The Thinking Fellow Calls A Yellow"

5-7777

Do you have to make eyes to make A's?

We could flutter our lids till our eyeballs ached and it wouldn't help. Our Prof. is strictly business. He's the public.

Every 6 months Bell Telephone Companies ask the public for their grades. It's done by opinion surveys. We ask thousands of customers to tell us what they think of our service. On the basis of their reports we try to improve where they think we could be doing better. Subsequent surveys show us if we've been successful.

This search for better ways of serving

people is only one aspect of the Bell System business philosophy. It underlies our constant search for ways to provide ever-better telephone service at the lowest possible cost.

For qualified college people interested in engineering, operations and administration, we offer many opportunities. We believe you'll be interested to learn what we mean.

Your college placement office will be glad to give you more details.

SOCIETY

Men's Clubs Send Questionnaires to Twenty-Two National Fraternities

Eight-page questionnaires have been sent to 22 national fraternities by the eight men's social clubs on the campus, according to James G. Allen, dean of student life.

The questionnaires concerned all phases of the individual fraternity's history. Information on such

phases as history and growth, finances, services and benefits, alumni records, general policies, and miscellaneous information deemed important, was requested.

In the policies section of the questionnaire, specific stress is applied to restriction or membership for such reasons as scholastic deficiency, racial distinction, financial standing, disciplinary reasons, major fields of study, age, status as athletes on college scholarship, physical condition of students, or affiliation of transfer students.

"Other questions were the policies on 'hip versus hell week'; rushing; pledge training program; time needed before the granting of a charter to a Tech club; method of granting charters; conditions to be met by local chapters; accepting alumni of clubs as members; alumni function in pledge selection; accepting faculty sponsors as members; and who determines these policies.

The 22 fraternities who have expressed interest in expanding on Tech campus are the following: Phi Kappa Tau, Delta Chi, Lambda Chi Alpha, Theta Xi, Delta Tau Delta, Theta Chi, Sigma Phi Epsilon, Sigma Tau Gamma, Phi Kappa Psi, Kappa Alpha, Phi Gamma Delta, Sigma Alpha Epsilon, Kappa Sigma, Delta Upsilon, Tau Kappa Epsilon, Phi Kappa Sigma, Alpha Tau Omega, Sigma Nu, Sigma Chi, Tau Delta Phi, Phi Delta Theta, and Alpha Kappa Lambda.

When the questionnaires are returned, MICC will then proceed to select the ones who will be asked to entertain local clubs.

Boys Choir To Have Rehearsal Saturday

The Lubbock Boys Choir, directed by Mrs. Elois A. Elliott, music coordinator of the public schools, and Warren Forsythe, senior music student, will have its second rehearsal from 9:30 to 11:30 a.m. tomorrow in Room 1 of the Music Building.

At the first meeting last Saturday, 59 boys were present, says Elliott. "A working group of the best voices from the public schools is what we hope to achieve," she adds.

The choir is composed of boys whose voices have not changed. They are from grades 4, 5, 6, and 7 in the Lubbock public schools. Unison, two-part, and three-part music is used.

Regular rehearsals are set for Saturdays from 9:30 to 11:30 a.m. Tryouts for the choir will continue for about two more Saturdays, says Mrs. Elliott. She is planning a concert for the choir in December.

Music Frat To End Membership Drive

Last chance to pay \$1 semester dues to Tech music fraternity will be 9 p.m. Monday at a called meeting in the Music Building Library, says Tim Magness, vice president of the group.

At that time officers for the semester will be elected. Other business will include discussion of purchasing a page in La Ventana, affiliating with Phi Mu Alpha, national music fraternity, and plans for the year.

Regular meetings are set for first and third Mondays of each month at 9 p.m. in the Music Library. Twenty-two were present at the club's second meeting of the year.

Present officers are: president, Paul Laverty; vice president, Tim Magness; secretary, Ned Hardin; treasurer, Bill Brewer, music teacher in Anton; and warden, Hardy Clemons.

Dr. Gene Hemmle, music department, is sponsor.

Laverty is an alumni member of the Phi Mu Alpha chapter in Davis College, North Carolina. Dr. Hemmle holds alumni membership in the chapter at the University of Texas.

Membership is still open to those interested in becoming a part of the music fraternity, says Dr. Hemmle.

Home Ec Student, Exes Planning Coffee To Be Held November 1

Plans are being made for the annual Home Economics Homecoming coffee, from 9 to 10 a.m., Nov. 1. Margaret Weeks, dean of home economics, said today.

Mrs. Clarence Whiteside, class of '32 and president of the Home Economics Exes Club, and Mary Kilgore, Roscoe senior, are in charge of arrangements.

Freshman Honor Society To Have Banquet Saturday

Phi Eta Sigma, freshman men's honor fraternity, will hold its formal initiation at 5:00 p.m. Saturday in the Aggie Auditorium.

Following the initiation will be a banquet in honor of the new members at 6:30 p.m. in the Caprock Hotel. Members wishing to make reservations for the banquet should do so in Dean James G. Allen's office immediately.

Sociology Students to Form Club, First Meeting Tuesday in Ad267

An organizational meeting of the Sociology Club will be held at 7 p.m. Tuesday in Room 267 in the Administration Building. Election of officers and sponsor will be held.

All students who have had or are taking a sociology course are invited, says Ellis Dunn, acting chairman.

Women's Clubs To Hold Meetings With Greek-letter Representatives

Seven meetings with national sororities will highlight the week for Tech's five women's social clubs. These meetings, which are to acquaint the clubs with the individual sororities, began last week and will continue through Nov. 3.

Las Vivas have three meetings scheduled this week. They include: Alpha Phi, tonight at 7 in the home of Mrs. Retha Martin,

2701 19th; Alpha Delta Pi, Sunday at 2 p.m. in the home of Mrs. H. W. Wiley, 2901 19th; Zeta Tau Alpha, Tuesday at 7:30 p.m. in the home of Mrs. Frank Hudgins, 3213 23rd.

Sans Souci will meet with Kappa Alpha Theta at 3 p.m. Saturday in the home of Mrs. Parker Prouty, 3019 21st.

Pi Beta Phi will meet with three local clubs this week. Sunday they will entertain DFD at 3:30 p.m. and Ko Shari at 7:30 p.m. in the home of Mrs. J. N. Spears, Route 5. Las Chaparritas will meet with Pi Phi at 7:30 p.m. Monday in the home of Mrs. J. T. Krueger, 2703 19th.

MRS. LEE VISITS HERE

Audubon Lecturer Will Bring Movie, 'Below the Big Bend', to Tech Museum

Allan D. Cruickshank, Audubon Screen Tour lecturer, will bring a screen tour titled "Below The Big Bend" to the campus next week. The film will be shown at 8 p.m. Wednesday in the Museum Auditorium.

Before becoming associated with the National Audubon Society, Mr. Cruickshank was on the staff of the American Museum of Natural History in New York City, and lectured widely on bird and other wildlife subjects. During the summer months he is a bird instructor in the Audubon nature camp in Maine. His photographs of wildlife have been included in U. S. Camera Yearbook as among the best of the year and have appeared in National Geographic, Nature

Magazine, and Life, as well as in leading newspapers all over the country.

He has written a book called "Birds Around New York City" which was highly praised by scientists. His new book, "Wings in the Wilderness," has become a popular success.

During the Second World War, Mr. Cruickshank spent two years overseas in the news section of the Army Pictorial Service in London. In January, 1946, he returned to the staff of Audubon Society to carry on his work as instructor, photographer, and lecturer.

A colorful description of the film is released by the Museum as follows:

"Deep in the heart of a certain well-known state a new National Park has been carved out of the wild primeval west. Through this territory, now known as the Big Bend National Park is believed to be one of the first parts of the United States to be traversed by white men, much of it still remains unexplored four centuries later.

"Deriving its name from the wide sweep of the Rio Grande River as it outlines the U.S.-Mexican border, this spectacular wilderness of eleven hundred square miles is crowned by the jagged tops of the Chisos or Ghost Mountains which tower like rough skyscrapers above the desert floor.

"This magnificent country fired with shifting color from dawn to dusk is the setting of the wildlife motion picture "Below the Big Bend" by Allan Cruickshank. He takes his audience to explore for interesting and unusual birds and animals, stopping to catch the glory of the springtime carpets of flowers in the desert. A trip is made to a cave of two million bats, to the land of Judge Roy Bean once known as the "law west of the Pecos;" to the colorful border city of Villa Ahuna; and the Laguna Madre country at the Gulf of Mexico."

Dramatics Clubs Plan Masquerade

Sock and Buskin Club, dramatics organization, and Alpha Psi Omega, honorary dramatics fraternity, will stage a masquerade ball tomorrow night at 8 o'clock in the Green Room of the Theatre Workshop. This is the first social activity of the year for the two organizations.

New officers of Sock and Buskin include: Patti Harris, Dallas senior, president; Eleanor Lincoln, Levelland senior, vice-president; Shirley Harrison, Midland sophomore, secretary-treasurer; Jack McCabe, Lubbock senior, sergeant-at-arms; and Thelmae Hutchins, Ysleta senior, reporter. Miss Amah Jo Pendleton, professor of speech, is sponsor of the group.

Officers of Alpha Psi Omega are Warren Forsythe, Lynnwood, Calif., senior, director; and Evelyn Hext, Apache Creek, N. M., senior, business manager. Sponsor for this year has not yet been selected.

European Guests Tour Textile Plant

Jose Rosal of Barcelona, Spain, and Charles Beaudoux of France were guests of the textile engineering department Tuesday.

Both men will spend six months in the United States visiting cotton-producing areas, cotton mills and textile colleges.

Sr. Rosal is a representative of the "Manufactura Rosae" and Beaudoux is an engineering graduate with textile interests in France.

Katherine Evans Speaks to Group On Learning to Understand Children

Miss Katherine Evans, associate professor of education, was principal speaker at the monthly meeting of the Wayland College Wives Club Tuesday. Miss Evans talked on learning to understand children.

Membership in the Wayland College Wives Club is open to the wives of students of Wayland College. Sponsor for the club is Mrs. Elizabeth Massey, a graduate student at Tech. Her husband, Harold Massey, is also an advanced graduate student here.

FOR YOUR ELECTION AS CLASS OFFICERS
FOR THE STUDENT BODIES OF TEXAS TECH.

TEXAS TECH COLLEGE
BOOKSTORE

Watch For It . . .

Add this to the advantages of the Greek-letter social set-up:

The arrival of nationals on campus will likely prompt the organizing of independent students.

Independence has never existed at Tech so far as politics is concerned. The apathy of the majority of students and the entrenched control of the clubs on student offices have classified Techsians into two groups: (1) social club members, and (2) persons who merely attend classes at the college.

The coming of the Greeks should help to remedy the unhealthy situation and prevent another election like last spring's—when only one candidate ran for the office of Student Association president.

Look for a surge of interest in student politics when the nationals arrive—and look for more representative campus government.

Bull Session . . .

Is a black bull symbolic of the Red Raiders? Is an Aberdeen-Angus a suitable mascot for the Tech team?

It's up to us, the student body, to decide—the animal has only been proposed as mascot.

A general election on the issue will not be necessary if enough comment, in the form of letters or personal reactions, reaches the Student Council and The Toreador.

Is the bull a desirable representative of the team or will it tend to brand Tech further as a "cow college"? What's your opinion?

Help For MD's . . .

Note to the "powers that be" in regard to campus landscaping and maintenance:

Medical men, who have never been accused of forming snap judgments, suspect the common fly of being a carrier of poliomyelitis, among other diseases.

If your piles of fertilizer on campus continue to provide breeding grounds for the insects, the medicos may have a chance to prove their theory.

Seen Through The Sand

BY ANN BRYAN Toreador Associate Editor

A college Utopia in which all students and faculty members assist and encourage one another with constructive criticism, educate community citizens not enrolled in school, and all students are bound together by mutual trust was described by the Rev. David Currie Wednesday morning at the Religious Emphasis week convocation.

The basic idea was evidently that all college students should follow the golden rule.

This is a fine idea and theoretically sound, but the Rev. Currie forgot one thing. He failed to suggest a practical method for putting such an idea into actual practice on college campuses.

A college is not unlike a small city, with laws, officers, political machines, and vice. Would anyone try to run Lubbock on a golden rule basis or even suggest the idea? We doubt it.

Maintenance men have found a way to keep Techsians off the pretty green grass.

They just leave the sprinklers on until little pools are everywhere, hidden under the grass. After the first couple of times they soak their shoes and socks, most Techsians are happy to walk on the sidewalk.

Comes a problem, though—little pools are also found where there are no sidewalks and, often, on the sidewalks, too.

Noting that only a very small minority of the women in the La Ventana beauty contest were independent students, as pointed out by The Toreador, Oct 21, and that all Sun Princess applicants are members of social clubs, a thought comes to mind.

Why not organization for independents? Social club members form a minority group on the campus yet fill most student government and organization offices. Campus activities are usually led by students who are members of social clubs because they are backed by an organized body.

If properly organized, independent students would be a larger and more powerful group than any on the campus now and could have a controlling hand in student activities.

A good example of organized independents can be found at Texas University, where the independents are more powerful than any Greek-letter group or any other club. They usually fill the majority of campus offices and posts of honor.

With the coming of national sororities and fraternities Tech independents need to look to their own interests.

As the wind grew colder and the Baylor score grew bigger, a chill seemed to fall over sections O, F, and Q Saturday night in Jones Stadium. The audible silence issuing from those portions of the stadium seemed to indicate frozen hands and vocal cords.

The latest idea of a Red Raider is a big black bull. Through the years the question of just exactly

Under the Breezeway

by shirley johnson, toreador editor

Only a week from tomorrow is Homecoming; only 25 more days from then until Thanksgiving holidays which begin Nov. 26. From Thanksgiving to Christmas holidays there are 22 days. Shopping days left until Christmas: 61.

One of the features of the Homecoming paper will be page 10 of the second section. This will be the Political Page of The Toreador. Both major parties will be represented by an article and cartoon; we have tried to be as fair as possible.

Speaking politically, we would like to make an explanation here.

Persons on campus have been asking us just why The Toreador is not taking a stand on the presidential election; why it is not favoring one candidate over the other.

Our reason is simple. The Toreador must, of necessity, present the opinions of the editors in its editorial columns. The editors form a very distinct minority of the 5,104 students on the Campus. On campus we might find the majority of the students with our viewpoint; it wouldn't matter, because the readers here would realize that personal opinion was the basis for the choice.

Off-campus, the paper is accepted as the official voice of the student body. Readers would accept any comment as indicative of majority opinion, which it would not necessarily be. To prevent any such mix-ups, we are not editorially taking sides in the present election. Anyone wishing our political views is invited to drop by the office in person, we'll be glad to talk to him.

Club reporters have been asking

what a Red Raider is has been the subject of much wonder and debate.

We recently heard another idea for a possible mascot. In the days before the coming of Tech and Lubbock the South Plains were inhabited by Comanche Indians. Keeping this in mind, why not dress some Tech man in Indian garb paint his skin red, and call him Chief Red Raider.

for The Toreador deadlines to be repeated. Glad to oblige:

For the Tuesday paper, 5 p.m. Monday.

For the Friday paper, 5 p.m. Thursday.

The editorial page is sent to the printers a day earlier, however, so letters to the editor must be received before Sunday or Wednesday to be in the next issue.

Campus organizations wishing a project for the semester might look into the possibilities of shining the silver cups and punchbowl in the Ad building trophy case.

They need polishing before Homecoming, undoubtedly. Persons to see are the personnel in the Ex-Students' office. They'll probably be delighted to see some volunteers.

Last year San Souci, women's social club, did the honors.

Notice that the downtown area is expecting TELEVISION within the next three weeks. With TV rising in the background, we suppose the Tech Student Union will be equipped soon with a set. Instead of rating students forlornly finances by their Cadillac convertibles, we'll soon be remarking that "she has a TV set in her room; must be rich."

Mug shots of the writers of the columns found in The Toreador have been added. Hope you like them. At least now you can recognize your opponents as they cross the campus and can talk to them in person.

Techsians are hereby notified that the Student Council will hold a regular meeting at 7:30 p.m. Monday in Ad219. Anyone interested in attending the meeting will be welcome.

If you have a complaint or gripe to get off your chest, now is the time to do it, and the SC meeting is the place. See you there.

ALPHA EPSILON DELTA TO HEAR SPEAKER

Dr. Ewell L. Hunt, internal medicine specialist, will speak at 7:30 p.m. Tuesday in CG at a meeting of Alpha Epsilon Delta, honorary society for pre med majors.

The meeting is open to all premed students says Bettye Sayle, reporter.

BACKTALK

President E. N. Jones
Texas Technological College
Lubbock, Texas

Dear President Jones:

I would like to thank you and the administration and students of Texas Technological College for the splendid performance given by your band in behalf of the Georgia Institute of Technology at the S.M.U.-Georgia Tech football game in Dallas on October 4. The band received the admiration and plaudits of the thousands of people who saw them in action. My congratulations to you on having such a fine representation of your students!

I hope that sometime soon you will pay us a visit in Atlanta.

Yours sincerely,
Blake R. Van Leer
President
Georgia Institute
of Technology

The above letter was sent to President E. N. Jones by the president of Georgia Institute of Technology; Dr. Jones sent a copy to THE TOREADOR. It is printed here so the Tech student body may gain better idea of the excellent job done by the Tech Band in the Cotton Bowl Oct. 4.

The Editor

File 13

A recent issue of a national magazine lists the following way of getting through college "with out even trying:"

1. Bring the professor news paper clips dealing with his subject. If you don't find clipping dealing with his subject, bring clippings in at random. He thinks everything deals with his subject.

2. Look alert. Take notes eagerly. If you look at your watch, don't stare at it unbecomingly and shake it.

3. Nod frequently and murmur "How True!" To you this seem exaggerated. To him its quite of jective.

4. Sit in front near him. (This applies only if you intend to stay awake.)

5. Laugh at his jokes. You can tell: if he looks up from his notes and smiles, he has told a joke.

6. Ask for outside reading. You don't have to read it. Just ask.

7. If you must sleep, arrange to be called at the end of the hour. It creates an unfavorable.

Change to National Greek-Letter Organization Will Alter History of Texas Tech's Social Clubs

This school year—1952-53—will be the last one for many of Tech's social clubs. The remaining will soon follow as national Greek-letter organizations replace the local clubs, which began shortly after the birth of Tech.

Las Chaparrillas

First women's club on campus was Las Chaparrillas, organized in 1926 by Tech's first dean of women, the late Mrs. Mary Donk. Traditional activities of the club include a fall picnic, a formal dinner-dance, a Christmas party and presentation of new members and pledges on Valentine's Day.

Sans Souci

One of the first clubhouses, located on Broadway, belonged to Sans Souci, second women's club, which was organized in the fall of 1926 with Alma Spikes as first president. The Soucis' annual activities include a dinner-dance, a tea dance, a breakfast given by alumnae, and the Gypsy dance.

College Club

The first men's social club still in existence, College Club, was founded in the fall of 1928 with 12 members. An earlier men's club, Salon Saltero, had been organized in 1926.

Secret motto of the club is symbolized by the interlocking double "C" on the official emblem. Traditionally, College Club has the first formal dance in the fall and the first sport dance in the spring.

Centaur

The year 1929 saw the birth of several more clubs, first of which was Centaur, which boasted that it was the first social club on the campus to be composed entirely of college students. Social events associated with the name "Centaur" include the L'il Abner dance, the Joe College dance, and a spring dinner-dance on the Saturday before Mother's Day, when a breakfast is given in honor of members' mothers.

Early Secret Society

De Que club, no longer in existence, organized in 1929 and met for several months in secret, before presenting its members and pledges at a formal dance.

Silver Key

First president of Silver Key fraternity, which organized in October, 1929, with 21 charter members was Mose Clark. The Keys moved into a new clubhouse in 1930.

Annual activities of the club include a dinner-dance, a Homecoming banquet, a Christmas formal and a spring sport dance.

Wranglers

Nine charter members founded

Psychology Club Names Fred McMurry President

Fred McMurry, Midland senior, was elected president of the Psychology club Monday.

Other officers elected were Don McNicol, El Paso senior; Donna Rumpy, senior of Lubbock; and Mary Batchler, Denver sophomore. The club elected Dr. Agnes True, associate professor of psychology, sponsor. Meetings are held the last Monday in each month.

Membership is open to any student who is majoring in psychology or has taken six hours in that subject.

DFD Will Present Pledges At Tea in Hotel Caprock

The DFD social club will present its fall pledge at an introductory tea to be held from 2 to 5 p.m. tomorrow in the Comanche Room of the Caprock Hotel.

Attending will be all department heads and their wives, Dean Marjorie Neeley and her staff, Dr. and Mrs. E. N. Jones, Dean and Mrs. James G. Allen, and Mr. and Mrs. Lewis N. Jones.

Members and pledges of men and women's social clubs are also invited.

Wranglers men's club on Oct. 21, 1929. The group's activities include a Christmas dance, a George Washington ball and a spring sport dance.

Las Vivarachas

"The Lively Ones" organized in the fall of 1929. Their first social affair was a "twilight bridge dinner" held at the Hilton Hotel. Traditional affairs of the sorority include the Starlight dance, a Christmas party, a Founder's Day dinner and presentation.

Ko Shari

The late Mrs. Olive Holden helped to reorganize the "Delight-makers" in 1932 from an earlier women's club, Les Cigales, which had been founded in 1930. Tribal ritual is a tradition of the club.

The year's activities include the Halloween masquerade, the patronesses' barbecue, Christmas dinner-dance, and presentation. Initiation of members climaxes the Easter trip to Sante Fe.

Los Camaradas

Eight students organized in 1930 to form Los Camaradas, electing Marshall Formby first president. Yearly social events include a formal dinner-dance and a spring dance.

DFD

The significance of these initials is known only to members of the sorority, which was formed on March 2, 1930, with eight charter members. One of the first social events sponsored by the club was a "dawn dance," lasting from 5 a.m. to 9 a.m.

Traditions include a dinner-dance, a tea dance, a Christmas party and presentation.

Kemas

The Chain Gang club, which developed into Kemas fraternity, was founded in 1932. In 1936 it boasted that it was the only men's social club which had not been taken off the college calendar at one time or another. Activities include a sport dance, a Homecoming party, a January anniversary dance and a dinner-dance.

Unique Club

Las Armonias was organized in

Sheath to Cincher Is Fashion History

Only a few steps behind New York and Paris, Tech coeds have progressed from the toothpick look of the twenties, through the New Look, to the latest fashions of flared coats and waist cinchers.

West Texas lovelies have calmly shortened and lengthened their skirts through the years, as advised in fashion magazines, while French and American style experts were trying to decide on a becoming length for skirts.

When Mama was doing the Charleston in the 1920 version of the Rec Hall, flaming youth was at its highest and brightest, hair and skirts were at their shortest, and waists were at their longest.

Instead of the modest wool covered legs seen in classes today, Tech profs in the twenties were dazzled by the noticeably bare knees showing between tight sheath skirts and rolled hose.

For special occasions the well dressed Tech girl wore black satin dresses, black satin Princess Eugenie hats, dangling earrings and flapper bobs complete with spit curl. Ready for a dance, her date saw her in ruffled rows of net, tulle, and chiffon embroidered with beading and sequins.

Sport occasions brought out flappers attired in knickers and middle blouses and sheiks in flaring trousers and field boots plus fawcett coats.

With continual up and down shifting of hem lengths and alternate flaring and tightening of skirts, who knows what will happen next?

the spring of 1936, unique in that both men and women were accepted as members. The club was interested in social affairs other than dancing.

Socli

Socli fraternity was formed in February, 1937, based on a social organization of the same name which existed at Oxford University during the eighteenth century. Annual activities include a fall dance, a picnic, and the Greek dance.

Adelphi

Youngest of the social clubs is Adelphi, which was organized in the fall of 1950 with thirteen charter members. Traditional events include the Harvest dance, a dinner-dance and a sport dance.

On the Record

By TED HARRISON

Well, today's "On the Record" is really off. But, for the jazz lover there is some news, or really maybe not.

Come last Friday morning, all the cats gathered at the old Green Room for a small jam session. With their coffee and doughnuts, the 10 o'clock crowd was on hand to hear some really fine music. This was the second, in what I hope to be a very long series, of similar sessions this fall.

Leading this great group of talented Tech student-musicians was Bill Hess on piano. Bill, a soph engineer from Lubbock, is pretty well-known in the local music circles; as well as John Curry, senior aggie from Plainview, who blows a lot of tubs; and Dick Wikie, senior management major from Buffalo, N. Y., on trumpet.

Dick is probably best known among the dance crowd for his now famous "Sugar Blues." No such music (?) at this get-together though. Dick's "Tenderly", also well established around the campus, got a real ovation when the bunch realized how really fine he was blowing. Bill's familiar "Fats Waller" style was very much in evidence on all the tunes. Very good. Curry did a fine riff on a jump tune, too. They were all too casually augmented by "Congressman" Clemons and Jess Parrish on the bass. All in all, it turned out great. Them what missed it, really did.

Much praise is to be extended to these people, and the possibility that these sessions will become a

File 13—

impression if the rest of the class has left and you are left there alone, dozing.

8. Be sure the book you are reading during the lecture looks like a book from the course. If you do math in psychology class and psychology in math class, match the books for size and color.

9. Ask questions you think he can answer. Conversely, avoid announcing that you have found the answer to the question he couldn't answer, and in your little brother's second reader at that.

10. Call attention to his writing. This produces an exquisitely pleasant experience connected with you. If you know he has written a book or article, ask in class if he wrote it.

'Wheels'—8

President Bob Price Guides Work of Men's Social Clubs

"Me! A campus wheel?" Bob Price, president of Men's Inter-Club Council, uttered this startled exclamation when told THE TOREADOR wanted to run a feature on him as a campus bigwig. The surprised statement keynotes a modest, likeable quality that attracts stranger and friend alike.

It is easy to see why Bob was elected to the presidency of the MICC. One of his distinguishing characteristics is a captivating personality that is completely devoid of any ostentatious qualities. Through these distinctive traits of modesty, sincerity, and frankness, he leaves one with a genuine impression of his integrity and competent ability as president of the MICC.

Works as Payroll Clerk

Bob, senior business administration student from Colorado City, is president of the Centaurs and is a member of Delta Sigma Pi, honorary business fraternity. He is married to the former Rebecca Coles, also from Colorado City. She is a sophomore home economics student and is a member of Kappa Kappa Gamma, women's social club. In order to support himself and his wife, Bob works part time as payroll clerk for Robert E. McKee, general contractor.

When asked about his plans after finishing school, the MICC president replied with a wry grin. "I will probably go to work for my Uncle Sam." He has a 2-A classification until June, when he will probably be re-classified. He plans to be a public accountant after "retiring from the employment of Uncle Sam."

Approves Fraternities

Queried about his views on national fraternities coming to

'Adlai or Ike?'

Tech Forensics Union will hold an open meeting from 8 to 9 p.m. Nov. 3 in Aggie Auditorium. The topic will be "Adlai or Ike?"

Two speakers will talk for 10 minutes each; the speakers will be from the national party headquarters of the Democrats and Republicans. The meeting will be then taken over by two students, who will speak for five minutes each. The students will also reflect partisan attitudes.

After the two groups have spoken, the meeting will be open for audience participation and discussion. Besides the presidential candidates, the subjects discussed will be party platforms and ideas.

Everyone is invited to attend and express his views on national politics.

Freshman Reports Ready Wednesday

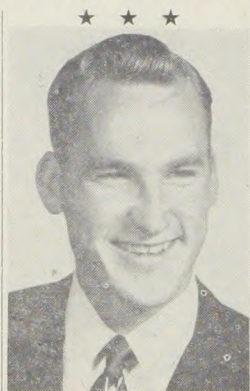

Freshmen may pick up their copies of the freshman progress reports tomorrow in the registrar's office, says Warren G. Harding, assistant registrar.

With increased enrollment it has become necessary to discontinue mailing reports to the students. A copy will be mailed to parents and one sent to the student's dean.

The registrar's office is open from 8 a.m. to 12 noon Monday through Saturday, and 1 to 5 p.m. Monday through Friday.

RECORDS

Wayne's Record Rack
"Across from the Campus"
2421-A Bldg. Ph. 3-2402

Bob Price

Tech, Bob replied swiftly that he was definitely for them. He thinks they will help the school and possibly bring recognition to the college. He does not believe, however, that national fraternities will change the present status of men's social clubs too much. The MICC has sent out 35 queries to national fraternities and has received 25 answers indicating an interest in Tech. The club will try to establish local chapters of the best fraternities in the nation. He believes Tech will have the national organizations by May, 1953.

"To establish a medium for working out the problems which the men's social clubs on the campus face," was quoted by Bob as being the purpose of the MICC. He said it was the primary objective of the group to promote the higher ideals which justify the existence of social clubs and fraternities on a college campus. The MICC is made up of the presidents of each of the men's social clubs. James G. Allen, dean of student life, is the club sponsor.

Washbowl Game To Be Broadcast

Tech's radio station, KTTC, will broadcast a recorded play-by-play description of the Washbowl Game between the Knapp Hall Pink Plungers and the Horn Hall Sophisticated Stoppers at 7 p.m. tonight, according to Odie Echols, program director.

Echols also announced a new series of programs to be broadcast over the station in the near future. The Bob Crosby Show will be heard nightly at 8 p.m. Monday through Friday on KTTC. "Forward March," an Army recruiting show featuring Pfc. Eddie Fisher, can be heard at 9:30 p.m. each Monday evening. Soon to be given regular time are "Here's to Veterans" and "Proudly We Hail."

Anyone interested in relief announcing for KTTC may see Craig Stevens in Room 346, West Hall, says Echols.

Sales Engineering Job Interviews Set

Sales engineering positions are open with the Minneapolis-Honeywell Regulator Company of Dallas, and 1953 graduates in chemical, electrical, industrial and mechanical engineering will be interviewed Tuesday, announces Mrs. Jean Jenkins, placement director.

Ed Regan, regional sales manager for the company, will conduct the interviews and explain the three-month training program carried on at headquarters in Minneapolis. Upon completion of the program, the engineer is located in a branch office in Lubbock, Amarillo, Shreveport, Fort Worth, Dallas, El Paso, New Orleans, Oklahoma City, Tulsa, Wichita, or Kansas City, Kan.

Men who are interested are asked to report to the Placement office by Monday noon in order to make an appointment for interview.

Tech Steers Sold to Swift By Livestock Department

The animal husbandry department announced the sale of 16 steers to Swift & Company, Ft. Worth Wednesday. The steers were used in class instruction last spring and this fall.

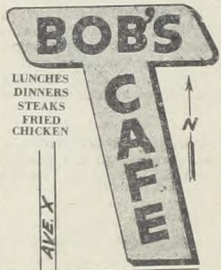

The beef cattle production class graded the steers and estimated their dressing percentages just prior to shipment. Class grading and percentage estimates will be compared to actual grades and yields determined at Swift's slaughter house. Charles Goltighy, a member of the class, left Thursday to observe the cattle going through the slaughter process.

1953 South Plains Cotton Maid Winner Will Be Selected Here November 24

The 1953 South Plains Maid of Cotton contest will be held Nov. 24 in the Aggie Auditorium. Winner of the local contest will compete for the national title of Maid of Cotton.

A planning committee met Thursday morning to make arrangements for the South Plains contest. Roy Forkner, chairman, announced the deadline for entries will be Nov. 17.

Entrance Requirements

Requirements for entering are that the girl must be single, between the ages of 18 and 25, and born in a cotton-growing state. Candidates will be judged on intelligence, personality, and beauty.

Winners of the South Plains contest will compete in the national contest in Memphis, Tenn. She will be one of 20 girls in the contest. Prizes in the national contest include a car, a \$5,000 wardrobe, and a 65,000-mile trip around the world.

Members of the planning committee for the South Plains contest are Mr. Forkner, C. W. Ratliff, W. O. Fortenberry, Dean Marjorie Neeley, Dean James G. Allen, L. E. Parsons, Aubrey Shouse, Chick Morris, Otice Green, and Mrs. John Robert Moxley.

Application blanks may be obtained from one of the committee members or from the Lubbock Chamber of Commerce.

Year's Plans

This year's plans are to stimulate interest throughout the South Plains so that the entire area will be represented in the contest.

Talks will be given by committee members and by Mrs. George Belcheff, the former De Rose Whitenburg, last year's South Plains Maid of Cotton.

Contestants will appear before the judges in dressy dresses, for a luncheon with the judges Nov. 24. That evening they will wear street dresses for a talent contest and will give a bathing suit review. Seven judges are to be selected by the committee.

Bledsoe Elects Bowen Head; Makes Homecoming Plans

Charlie Brown, Post junior, has been elected as President of Bledsoe Hall, says Bill Philpott, dormitory vice president.

Other officers elected are Philpott, Miami junior; and Ed Weyman, Midland junior, as secretary. Plans are being laid to decorate the dormitory for Homecoming.

Raider McMurry

Tech's reserve is a chance to prove its worth on the field tonight as the Raiders take on the McMurry team.

The game will be held at quarterback for the Raiders have an opportunity to prove themselves against the McMurry team.

Besides getting a good workout, the Raiders will have a chance to see how they stack up against the McMurry team.

The contest will be held at Jones stadium at 7:30 p.m.

Tech Quarterback Carl Madison is expected to return to the field at quarterback for the Raiders.

Spody Gene White, Oklahoma, and Pat Gray will start at halves in the game.

Full back to round field.

Starting at left: Pennington of the Raiders will have a chance to prove himself at the line.

At right: George Thacker will take over the line.

Roundoff on the line will be R. I. Chubb.

Tech followers tonight to watch the Raiders in action in this season's first game. The team will be in Lubbock for the varsity squad ready for the homecoming game against the University of Oklahoma. The Raiders will have another chance to prove themselves in this game.

With the Raiders open date this season, the first half of the season being predicted. They were supposed to have a conference game scheduled with Oklahoma. What if they were expecting second year Coach Weaver.

As we've said more than a year ago, build a powerful national reputation. Besides the somewhat tough opponents of going to see a team that did in 1951, Tech players as well as fans will be hurt also.

(1/2 block from Open Unit) (Saturday)

Raider Reserves To Battle McMurry 'B' Team Tonight

Tech's reserve strength will get a chance to prove its worth Friday night as the "B" team tangles with the McMurry B Squad.

The game will keep football fans from being deprived of seeing a game this weekend as the Red Raiders have an open date.

Besides getting ready for the game with McMurry, the reserves have been running the University of Houston defense against the Red Raider offense.

The contest will be played in Jones stadium at 8 p.m.

Tech Quarterback

Carl Madison of Atmore, Alabama, is expected to get the nod at quarterback for the Tech team. Speedy Gene Wheeler of Hobart, Okla., and Pat Green of Paducah will start at halves and Pete Rinaldi of Orange, N. J., will start at full back to round out the backfield.

Starting at left end will be Van Pennington of Shamrock, left tackle will have Minor Nelson of Winters. At the left guard slot will be Gale Morris of Monument, N. M. Dwayne West of Fort Worth will take over the center position. At right guard for Tech will be Mack Terry of Shamrock with George Thacker of San Antonio holding down the right tackle post. Rounding out the offensive line will be R. D. Bradshaw of Childress at right end.

Others in Action

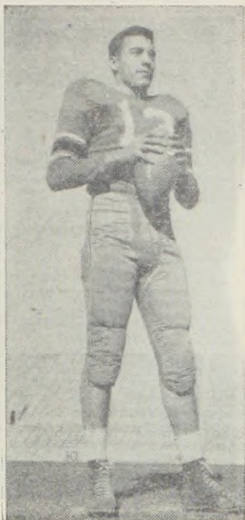

Other Techsians expected to see action are Jim Wright of Jacksonville, Ark., at end. Tackles John Rowland of Hamlin, Charles Carter of Phillips; Guards J. J. Barlow of Earth, Bowden Cook of Tothan, Ala., Pete English of Clyde, Hal Broadfoot of Clyde, Fletcher Elder of Cuero, Bill McPherson of Pampa, Gene Hammill of Shamrock and Jackie Gauding of Amarillo. Robert Blunter of Cuero will see action at center.

Seeing action at quarterback will be Jerry Millsaps of Lamesa, Tom Lucas of Anadarko, Okla., Pete Edwards of Vernon, and John Moughon of Weatherford. Halfbacks will be George Crews of Childress, Malcolm Young of Lubbock, Ronnie Herr of Muenster, Don Douglass of Corpus Christi, Norman James of Lubbock, Donald Harris of Fort Worth, Bluff Fawin of Burkburnett, Fullbacks will be Bill Burke of Hobbs, N. M., and Everett Jones of Childress.

Hardworking Reserves

The reserves have been working hard all week in preparation for the game tonight. Coach Wyatt Posey will be head coach for this game.

Admission for the contest will be one dollar for adults and 50 cents for Lubbock public school students. Tech students will be admitted free upon showing their activity books.

LEADING GROUND GAINER — Bobby Cavazos, Raider halfback, looks more like a candidate for all-conference honors every day. Cavazos leads the Raider ball carriers with a 5.5 average.

Bobby Cavazos Leads Ground Gainers After Strong Show In Last Two Games

Statistics through the Raider fifth game show Bobby Cavazos as Tech's leading ground gainer. Cavazos has carried the pigskin the most times, 58, for a net total of 217 yards. This gives him a 5.5 average which leads the team.

Jim Turner has taken the ball on 44 occasions for a net total of 172 yards for a 3.9 average.

Skeeter Lewis has a net total of 169 yards on 37 carries for a 4.6 average.

Passers

Jerry Johnson leads the passers with a total of 291 yards gained on 24 completions. Johnson has thrown 49 passes to give him a 49% average which isn't bad on anybody's team. Three of his tosses have been intercepted.

Skeeter Lewis leads in the pass receiving department, having caught 9 for 132 yards and one touchdown.

Turner leads the punters with a 35.5 average. He has booted the ball 27 occasions for 964 yards. His 40 yard average on 10 kicks in the Baylor game helped his average considerably.

Punt Returns

In punt returns Lewis heads the list. He has returned 8 for a total of 76 yards. On kickoff returns Lewis also leads, with 156 yards on 8 returns. Elmer Wilson is second with 70 yards on 4 returns.

John Thompson leads in pass interceptions with 3 for 38 yards.

Even though Jack Kirkpatrick has scored only one touchdown, he leads Tech's scorers through the first five games. He also has converted 13 out of 14 times for a total of 19 points. Rick Spinks and Cavazos are tied for second in this department with three touchdowns apiece for 18 points.

Action Tilts Seen In 'Mural Football'

All three leagues in the intra-mural program have swung into action this past week.

Results in the independent loop Monday afternoon had all three games being decided by one touchdown with none of the losers scoring. Ro Eds scored a 6 to 0 victory over WSF while the Wesley Wildcats eked by Dairy Herders by the same score. BSU managed a 7 to 0 triumph at the expense of the Steers.

Action in the independent league will continue Monday with the Ro Eds tangle with Wesley Wildcats, Dairy Herders meeting BSU, and WSF trying the Steers.

In the dorm league Tuesday afternoon Drane trounced Bledsoe 1st S, 13 to 0 while Sneed beat Bledsoe 3rd N, 6 to 0.

Next Tuesday's action will see Bledsoe 1st S battling Bledsoe 1st N and Sneed taking on West.

The MICC district will see action Sunday afternoon with four games on the card.

SPORTALK

By Bob Lovelace

Tech followers will get a chance tonight to watch the Raider reserves in action for the first time this season. The McMurry "B" team will furnish the opposition in what should prove to be an interesting contest. . . . Meanwhile the varsity squad will be getting ready for the homecoming contest against the University of Houston Cougars. The hapless Techsians will have another week to get ready for this important title, as there is no game calendared for tomorrow. . . .

With the Raiders having an open date this week-end, it gives us a chance to go back over the first half of the season. Before the season began, big things were being predicted for the Raiders. They were supposed to win their conference games with ease and breeze through the rest of their schedule with only a couple of defeats. What happened? People were expecting too much in the second year of building under Coach Weaver.

As we've said before, it take more than a year, or even two, to build a powerful machine that can gain national or sectional recognition. Besides this, the schedule is somewhat tougher this year. Our opponents of last year weren't going to see a new formation as they did in 1951. Then the loss of such players as Red Phillips, Perrell Price and Junior Arterburn hurt also.

After five games the record one victory and four defeats. But the Raiders weren't expected to win all those games. This season could be a replica of the 1950 season in which they won 3 and lost 8, playing five Southwest conference teams. If they should take the rest of their games, they would end with a quite successful season of 7 victories and 4 setbacks. Two tough names stand in the way, being Houston and Tulsa both scheduled here in Lubbock. They will probably be the games that make or break the Raiders. Maybe with two weeks to get their bearings, they'll snap back with a homecoming victory that'll make everybody happy. . . .

We thought that the idea of trying out a mascot was quite successful. It seems that most other schools have mascots, and it couldn't do anything but help the name of the school. . . .

Alvarado, Texas furnished Tech with two of its talented players, center Paul Nolan of the basketball squad and quarterback James Odom. . . . Three freshmen started on defense for the Raiders against Baylor—tackle Jerry Walker of Pampa, guard Bill waters of Lubbock, and safety Jack Kirkpatrick of Post. . . .

Quarterback Jerry Johnson has completed 24 passes in Tech's first five games; five more than all the Raider passers through the first five games of 1951.

A very important conference game is slated for Tucson this weekend with the Arizona Wild-

cats entertaining up-and-coming Hardin-Simmons. Although Tempe leads the conference standings, the winner of this contest will be in the running should Tempe slip. The cowboys from Abilene lost their first two games to Tempe and Tulsa, then came roaring back with triumphs over Trinity, Midwestern and North Texas. . . .

Other Border teams seeing action this week end are Texas Western playing New Mexico in El Paso. This should be an easy one for the Miners, since New Mexico A&M brought them down from the clouds last week. West Texas will try Abilene Christian in Canyon in a battle that should be uncomfortably close. We'll take the Buffs in this one. They should be on the rebound from their loss to Tempe last week. . . .

A game that will bear watching this week end is the University of Houston clash with Tempe State in Tempe. Houston is on the road to the Missouri Valley championship, and Tempe State as the upper hand in the Border chase. If

Youth Government Training Program For High School Pupils Here Saturday

About 165 high school students from all parts of the Panhandle will meet in the Aggie Auditorium Saturday for the district Hi-Y youth and government training program.

Delegates from Hi-Y and Tri-Y clubs and YMCA associations will attend the meeting, which is one of four being held over the state. Others will be held at Southern Methodist University Saturday, and Texas A&I and University of Houston Nov. 8.

Dr. Sterling H. Fuller, assistant professor of government, is co-ordinator of the pre-legislative program. Purpose of the meeting is to train youths in state government and acquaint them with government problems and with methods of drawing up legislation.

Main event of the meeting will be the selection of a candidate for boy governor of the state. He will compete with candidates from the other three meetings in Austin Dec. 19-21. The three losers will become secretary of state, speaker of the house and speaker of the senate.

A secretary of the senate and a chaplain of the house will be elected at the meeting here to serve at the Austin meeting.

President E. N. Jones will welcome the students, and Dr. S. M. Kennedy Jr., associate professor of government, will speak to the group on "Democracy and Law Making." Kilmer Corbin, Texas senator from the 30th district, will talk on "Our State Legislature in

Operation."

William E. Oden, instructor in government, will tell the students the "Steps in Drawing up a Bill." Discussion groups will be led by Raymond D. Mack, government instructor; Dr. A. W. Young, head of agronomy and agricultural engineering; Leo Healer, Texas Department of public welfare; James F. Adams, government instructor; Dean Pauley, government instructor; Dr. Vernon T. Clover, associate professor of economics; Dr. Fuller; and Mr. Oden.

Tech students will provide entertainment for a banquet at 1 p.m. at Biedsoe Hall. Harold Brannan, Student Council president, will be master of ceremonies. The Madrigal Singers, accompanied by Ned Hardin, junior music major from Lubbock, will present several selections. Tim and Dorothy Magness, senior music majors, will each sing solos. Patsie and Marjorie Scales will sing two duets. M. D. Stevens, Lubbock senior, will give demonstrations in tumbling and tramping.

Sick List

The infirmary sick list Thursday included: Elizabeth McCain, Plainview; Janelle Talbot, Megargel; Lowry Martin, Lamesa; Charlene O'Con, Odessa.

IT'S VERY SIMPLE, GIRLS . . . says Sfc. Judge H. Hooper as he gives instructions to the members of the newly formed girl's rifle squad. Left to right, members are Nancy Gill, Tahoka senior; Kathy Clifton, Hobbs freshman; Trixie Austin, Matador sophomore; Beth Barnes, Cleburne senior; Polly Johnson, Brownfield sophomore; and Jean Ballew, Clarendon junior.

Tech Women Form ROTC Rifle Team

Tech women cut another niche in what is usually considered a man's sport Thursday. In this case they shot their way into it.

Tech girls have formed an ROTC Girls' Rifle team. Under the sponsorship of Maj. Richard Brown and other members of the military science department, one junior and three senior girls began learning the fine art of putting a small piece of lead into a smaller bullseye. Or so it seems standing behind the sights of a rifle.

Girls participating are: Henri Vaughn, junior Home Economics student from Tulia; Beth Barnes, senior Arts and Sciences student from Cleburne; Rosemary Bloodworth senior Matador Home Economics major; and Joan MacAulay, Arts and Sciences senior from Odessa.

Museum Plans Feature Exhibits

Calendar of activities and exhibits for the coming week has been announced by the Tech Museum.

Sunday, Mrs. Ann Hubbard will narrate a program on "tone sketches" in the Members room. Featured in the program will be music by Beethoven and a painting by Tintoretto. Hour for the performance is 5 p.m.

Earlier, at 4 p.m. Sunday, Mrs. W. C. Couch will conduct a tour of the Museum and its exhibits.

At 8 p.m. Wednesday Lecturer Allan Cruickshank will present an Audubon Screenshot, "Below the Big Bend." He will be introduced in the Museum auditorium by George E. Long.

At 9 a.m. Saturday, Nov. 1, the Children's Art Workshop will be held in the Historical Gallery.

Exhibits displayed throughout the week are: "The Edwardians", a LIFE exhibit, in the Rotunda Gallery; South Plains Arts and Crafts Guild exhibit in the Art Gallery; "Lamps that Light the World", a hobby exhibit in the Historical Gallery.

Council Members Attend TISA Meet

Five members of the Student Council will attend a district meeting of Texas Intercollegiate Students Association tomorrow, says Jim McGraw, Student Association vice president.

The meeting, to be held on the Hardin-Simmons University campus, will be to discuss plans for fall projects for the district.

Tech representatives are James Dent, Arts and Sciences representative; Benny Bruckner, Association business manager; Harold Brannan, Association president; Emmett Adair, Engineering representative; and Jim McGraw, Association vice president.

BSO Holds First Meeting; Executive Group Elected

Board of Student Organizations held its first meeting at noon today in the Green Room, said James G. Allen, dean of student life.

Executive committee members were elected and will be announced in Tuesday's TOREADOR. All club presidents are automatically members of the BSO.

Routine business was taken up at the meeting.

Sportalk—

Tempe makes a strong showing it might help the prestige of the Border conference . . .

The spotlight in the Southwest conference is on the Baylor-Aggie contest in Waco. It'll be homecoming for the Bears, and a struggle between the two teams that weren't supposed to do any good in the conference race this year. Both have made monkeys out of the forecasters, and the winner may go on to have something to say about the winner of the conference.

Arkansas tackles a tough Mississippi team. The Razorbacks will have their ace quarterback in the lineup and might bounce back from the disastrous defeat by Texas last week.

Rice will try to gain back some of its lost prestige, but they picked Texas to do it against. Texas should take this one, but this is a conference game and anything can happen . . .

Lucile Cummings, Contralto, To Appear With Symphony

The Lubbock Symphony Orchestra will feature as guest soloist Lucile Cummings Monday and Tuesday in the high school auditorium.

Miss Cummings, a contralto, has appeared on NBC's Telephone Hour, at the Radio City Music Hall in New York City, and with that city's Center Opera Company. She made her operatic debut in the role of Amneris in Verdi's "Aida".

Miss Cummings was a finalist on the Metropolitan Opera Company's "Auditions of the Air".

Freshman Meeting Postponed

Meeting for freshman women scheduled for Wednesday at 5 p.m., has been postponed, says Bob Beckwith, president.

The meeting was to be held to elect an AWS representative for the freshman girls. Announcement of the meeting will be made in THE TOREADOR soon.

Classes to Reunite For Homecoming

Annual class reunions will be held at 8:15 p.m. Oct. 31. The meeting of the classes from 1926 to '38 will meet at 9 p.m.

Classes and where they will meet are as follows: '26 to '38 will meet in the Caprock Hotel under the direction of Mrs. Woody Cochran; '39 to '43 will meet in Sneed Hall with Roy Krebs presiding; '44 to '48 will meet in Book Hall with Mrs. James Moore, the former Pat Smith, as chairman; '49 to '52 will hold their meeting in Dreane Hall with the '49-'50 Lubbock chapter hosting. Nolen Swain, president of the Lubbock chapter, will preside.

ST's Will Accept Wood for Bonfire

Offers of wood for the Homecoming bonfire are still being accepted, says Don Hancock.

Scrap lumber and other kinds of wood will be accepted. Actual collection will begin Monday, but persons having wood that may be used are asked to call Hancock at 2-7638.

The burning of the bonfire immediately following the pep rally Friday night before Homecoming Saturday is the highlight of the
