**WHO'S WHO IN AMERICAN COLLEGES AND UNIVERSITIES:** left to right, Row 1: Brian Boyett, Harold Brannan, Ross Brown, William Burton, Mary Jo Craig, Nancy Crosby. Row 2: Juanita Davis, James Dent, Marvel Giber, Herbert Goodyear, Paul Griffith, Don Hancock, Row 3: Joe Hastings, William Holmes, Richard Johnson, Shirley Johnson, Charles Joplin, James McGraw, Row 4: Charlie Orren, Patricia Pipkin, Robert Price, Wanda Ramsey, Sandra Sadler, Patsie Scales.

## Twenty-four Tech Students Honored in '53 Publication

Twenty-four Tech students have been named to Who's Who in American Colleges and Universities, says James G. Allen, dean of student life.

The students were chosen for scholarship and activities by a committee of ten students, two representing each division. "Names were suggested by department heads or by students at the committee meetings," Dean Allen said. "Approximately 80 students were considered this year."

## Election Names Bales, McCain Mr., Miss Tech

Bill Bales and Elizabeth McCain were named Mr. and Miss Tech in last Tuesday's all-college election, announces Wanda Ramsey, Student Association secretary and chairman of the election committee.

Runners-up for the titles were: Phil Thompson, Jim McGraw, Peggy Karnes, Sally Radebaugh, and Patti Pipkin.

The following class favorites were elected in meetings held after the general balloting: senior—Mary Jo Craig, Neal Chastain; junior—Betty Mills, Paul Griffith; sophomore—Gwen Williams, Dick Shockley; freshman—Nancy Chastain, Ronny McMillan.

A total of 626 votes were cast in the election. The Division of Arts and Sciences counted 151; Business Administration, 111; Home Economics, 92; Engineering, 139; and Agriculture, 133.

### PLAY TRYOUTS

Tryouts for the next college play will be held at 7:30 p.m. tonight and tomorrow night in the speech auditorium. Selection of the play will depend on who and how many try out, says Ronald Schulz, director.

**Brian Boyett**  
1.90, senior, Agriculture. Offices: chairman, Alpha Zeta, 1951-2; charter chronicle, Alpha Zeta, 1950; Student Council, 1950-51; second vice president, Aggie Club, 1950; first vice president, Aggie Club, 1951; reporter, Future Farmers of America, 1950; reporter, Circle-8 Club, 1949; vice president, Circle-8 Club, 1948; social director, honorary Aggie Club, 1951. Honors or awards: Aggie of the Year, 1950; distinguished military student, 1950-1; Aggie of the Month, 1949; Who's Who in American Colleges, 1951-52; Who's Who on the Campus, 1950-51; Junior Rotarian, May, 1950; student representative to State Fair, 1951; delegate to Alpha Zeta convalee, New York City, 1952. Memberships: Aggie Club; Honorary Aggie Club; Alpha Zeta; Block & Bridle; Student Council; Tech Raiders Association; Arnold Air Society; Circle-8; Wesley Foundation; Saddle Tramps.

**Harold Brannan**  
2.39, senior, Arts & Sciences. Offices: freshman class president, 1949-50; Student Council 1950-51; Student Council business manager, 1951-52; vice president, Y-USA, 1951-52; vice president, Phi Eta Sigma, 1950-51; president, Student Association, 1952-53; executive council, Kappa Mu Epsilon, 1951-52. ## Crops Judging Team Wins First at Kansas City and Chicago Contests

Tech's crops judging team continued to break records last week. Not satisfied merely to win first place in the National Collegiate Judging Contest at Kansas City and first in Chicago International Intercollegiate Judging Exposition, the team won five "all-time highs" in the Windy City.

The team, coached by Cecil Ayers, assistant professor of agronomy, scored 5,276.8 in competition with nine other teams in Chicago Saturday. This was a 23-point improvement over the past record.

Bryan Close, senior from Sharnock, set an individual record with 1,786 points, setting all-time-high marks in judging, with 592 points and commercial grading with 594 points. Highest possible score is 600 in each contest. As a team, the Tech boys set an all-time-high record of 1,745 points in judging, and another with 1,719 points in commercial grading out of possible scores of 1,800.

### Oklahoma Wins Second

Other members of the team are: Deryl Henderson, senior from Morse; Kenneth Young, senior from Muleshoe; and alternate, Max Von Roeder, Snyder junior. Henderson placed fourth and Young placed seventh in the individual totals.

Oklahoma A&M won second in the Chicago Exposition. Other teams participating in the event were: University of Nebraska, University of Minnesota, South Dakota State, Texas A&M, University of Arkansas, Pennsylvania State, Utah State, and Kansas State.

### Kansas City Contest

In the Kansas City National Collegiate Contest, Tech won first in identification, with 1,792 points, and first in judging, with 1,622 points. Oklahoma A&M won first over Tech in commercial grading by four points. Close and Henderson tied with perfect scores in the identification contest. Henderson won first in the judging contest, and Young and Close won in that order in the commercial grading contest. Close again won the highest individual score.

Teams from Tech won first place in this contest in 1947 and again in 1951. Two second places have been won by a Tech team, in 1949 and 1950. Mr. Ayers has coached the team for the past six years. Gold medals and a trophy are presented to the winners of the seven-hour test.

## HE Club To Give One-Year Grant To Foreign Student

Home Economics Club plans to grant a \$500 scholarship to a foreign student in home economics or a related field to study at Tech in 1953-54. The American Home Economics Association will also contribute \$500 toward her expenses while at Tech.

Requirements for the student include being between 22 and 40, experience in a college or accredited prep school of her homeland, meeting Tech's entrance requirements, and having a knowledge of English which enables her to speak, read, and write our language. Upon completing the year at Tech, she must return to her homeland and work in her field.

While at Tech she will live in a dormitory. A student will be appointed to act as her big sister to help her "find her way around." Dean Margaret Weels will act as her faculty advisor. She will have an opportunity to travel-about the country during holidays and while filling speaking engagements.

Purpose of this project is to promote home economics outside the United States and to share the privileges of higher education with someone, says Nancy Crosby, president of the Home Economics Club.

## Final Grid Rally Scheduled Friday

Texas Tech's last football pep rally will be held at 7 p.m. Friday in the Gym, says Peggy Karnes, head girl cheerleader.

The rally will be held in honor of nine graduating senior football players, Saturday will be the last time they will play for Tech when they meet the North Carolina State team.

"We want to make this rally as good as the one held Homecoming. It will be as good if the students will come to the gym full of spirit and eager to show the Raiders that they are being backed all way," the cheerleader says.

Graduating football players are: Lewis Crosby, end; Alton Linne, end; Hollice Davis, tackle; Marland Ribble, tackle; Buddy Barron, captain and guard; Pete Edwards, quarterback; John Maughon, halfback; Jim Turner, alternate captain and halfback; and Sandy Welton, fullback.

## Chem Professors Attend Convention

Dr. S. H. Lee and Dr. C. K. Estok, assistant professors of chemistry, left today for Little Rock, Ark. They will attend the eighth annual Southwest regional meeting of the American Chemical Society.

Dr. Estok will present two papers to the society: "An Integrated View of General Reaction Mechanisms for Beginning Students" and "Electric Moments of Some Methyl Ketones".

## Six AROTC Cadets Return Monday From Air Society's Los Angeles Meet

Six Air ROTC cadets returned to the campus Monday after attending the annual conclave of the Arnold Air Society in Los Angeles, Calif.

Approximately 400 delegates from chapters in the United States and Hawaii were present for the meeting. Featured speakers were Gen. M. K. Deichelman, commandant of the Air Force ROTC at Montgomery, Ala., and Arthur Kelly, national president of the Air Force Association and vice president of Western Airlines in Los Angeles.

In his major address, Gen. Deichelman complimented Arnold Air Society officials when he said the society was "the fastest growing college organization in the United States." The organization is a student-controlled, student-financed society open only to advanced air cadets.

Among the business considered at the conclave was the redistricting of the society into 11 areas instead of the original six. The group also voted to hold next year's meeting in Omaha, Nebr. Drill teams from Ball State Teachers College at Muncie, Ind., Loyola University, and a girls drill team from Utah State College, highlighted Saturday afternoon's activities. The conclave closed Saturday night with a military ball and a stage show featuring Hollywood celebrities.

Capt. J. H. Baumgardner, who accompanied the Tech group to Los Angeles, cited Cadet Lt. Col. Robert McGovern, Lubbock senior, for his outstanding work at the conclave. McGovern is the Area IV commander of the society.

The Tech delegation traveled to the conclave as guests of the Oklahoma delegation in a private plane belonging to the governor of that state. Before taking off, the group was treated to Thanksgiving dinner at the Consolidated Mess at Reese AFB. Maj. Baumgardner said. During the dinner, Station KCBQ conducted a radio program on which several Tech cadets were interviewed.

The six Tech delegates included: McGovern; Dee L. Stevenson, Lubbock senior; Loyd Simmons, Lubbock senior; J. C. Chambers, Lubbock junior; Morris Turner, Lubbock junior; and Winfred Meyer, Sudan senior.

## Tech Student Is Symphony Soloist

Miss Irma Hopp, 18-year-old Lubbock freshman, is guest soloist for the Lubbock Symphony Orchestra's December programs.

Also featured on the program tonight and last night are Tech Choir and Festival Chorus performing the Christmas portion of Handel's "Messiah". The concert begins at 8:15 in the Lubbock High School auditorium.

Miss Hopp will play the Haydn D major concerto for piano and orchestra again tonight.

## ROTC Chooses 7 Sweethearts

Army ROTC cadets elected regimental, battalion and company sweethearts last week, voting seven out of 18 candidates into honorary positions for the year.

Dorene Dennis, sophomore business administration student from Lubbock, was elected regimental sweetheart by a landslide. She appeared on the local TV Music Box show Thursday night.

Elna Dunagan, Tahoka sophomore education major, and Nancy Chastain, freshman arts and science student from Breckenridge, filled first and second battalion positions respectively.

Company sweethearts were: Co. A, Ruth Carpenter, junior business administration student from Odessa, who was company A's sweetheart last year; Co. B, Tommye Brown, Lubbock business administration freshman; Co. C, Kay Collins, junior education major from Lamesa; Co. D, Diane Wimberly, senior geology major from Gainesville. Miss Wimberly edged her nearest competitor out by one vote, necessitating a second count.

The young ladies will be army ROTC sponsors for the remainder of the year, and will participate in social activities and drill exercises.

## Color Movies To Be Shown By Wildlife Photographer

"Oddities in Nature", another presentation in a series of Audubon Society Screen Tours, will be shown in the Museum Auditorium December 3 at 8 p.m. This color movie will be shown and narrated by Walter H. Shackleton, wildlife photographer and noted authority on nature.

Adult admission will be 75 cents, student admission 50 cents and student groups will be admitted for 25 cents each.

## DR. JONES TO RETURN

President E. N. Jones will return to the campus Friday from Memphis, Tenn., where he has been attending the annual conference of the Southern Association of Colleges and Universities.

### If you are interested . . .

. . . in a career in petroleum

Plan to see Alex Clarke, Jr., division engineer of Stanolind Oil and Gas Company, who will be on the Texas Tech campus today. Clarke will interview men receiving degrees at mid-term in, or in graduate studies in petroleum, mechanical, chemical, and electrical engineering for jobs with Stanolind.

Stanolind is one of the five leading producers of crude oil, natural gas and natural gas liquids in the U. S. The company has producing operations in 13 states, providing excellent opportunities for capable, qualified engineers. You should investigate Stanolind before making any job decision.

For an appointment to see Clarke, contact Mrs. Jean A. Jenkins, Director of College Placement.

# Raiders Give Hurricanes Good Scare

## Pass Interception Within Last Minute Breaks Up Final Tech Bid For Victory

Playing their best game of the year, and showing fight and determination all the way, Tech's Red Raiders carried the battle to the heavily favored Tulsans before losing by the narrow margin of six points, 26-20, Saturday afternoon in Jones Stadium.

The Raiders were on the Tulsa 3-yard line with less than a minute to play and a chance to tie or win the game hinging on the third and possible fourth down tries. But a pass from Jim Turner was intercepted in the end zone to end the threat and give the Golden Hurricane the victory. The inspired Raiders began to rally late in the first half, after trailing by a big 20 points.

Tulsa, with all its heralded offense blazing, scored with only 5 minutes gone in the first quarter. Dick Kercher had traveled about 35 yards and lateraled to Ronnie Morris. Morris fumbled, on the 15 with the pigskin rolling to the 2, where Holladay picked it up and scampered over for the tally. The Oklahomans scored twice within the first half of the second quarter with Howard Waugh and Ronnie Morris making the touchdowns. Waugh was undoubtedly the outstanding player of the game, the big fullback carrying 23 times for an amazing total of 181 yards. It's no wonder that he's the nation's leading ground gainer.

### Johnson Scores

The Raiders didn't fall over and play dead, even though Tulsa did have three td's. After Norman James made one of his spectacular run-backs of a Tulsa kickoff to the Tulsa 44, the Techs began to roll. After grinding to the Tulsa 24, Tech faced fourth down and 8. Faking a field goal attempt, Pete Edwards threw a pass to Vic Spooner, good to the 2 yard line from where Johnson carried over.

Early in the third quarter the rallying Raiders marched from Tulsa's 47 down to their 18 from where Bobby Cavazos took a screen pass and raced over for the marker, narrowing the score to 13-20.

### Tulsa's Last Score

After the teams exchanged the ball, Tulsa began their last successful drive from their own 35 with Kercher carrying most of the way. Waugh went the last 26 yards around left end for the final Hurricane score.

Tech's last touchdown drive began after Gary Boyer intercepted a Morris pass and re-

turned it to the Hurricane 37. Erwin made a leaping catch on the 15, and Cavazos carried to the nine. Sides made a first down on the one and on second down, Cavazos lugged over. Kirkpatrick added his second conversion.

Then Tech had a chance immediately to tie the score. Williams' kickoff was taken by Holladay and tumbled with alert Don Gray recovering. However, the Techs lost the ball on downs after grinding eight yards.

Tulsa began one more drive which lost steam on the Tech 24. Then the Raiders, with Sides lugging most of the yardage, began the heartbreaking drive that ended with Hughes' interception.

The Raiders had many standouts, but everybody played good ball. The estimated crowd of 12,000 saw a thriller, and in Sides, they may have seen a preview of next year's power.

Tulsa amassed an expected total of 526 yards, 403 on the ground and 123 through the airways.

The Gator Bowl bound Tulsans knew they were in a battle, and they were more than eager to take home their six point triumph.

## 'Mural Basketball Begins Tomorrow

With twenty-five teams slated to see action, the intramural basketball program is ready to begin. Three leagues will compete in the program this year, with play starting this week for the Independent and Dorm Leagues. MICC play will begin January 8.

All leagues will end action around March 10 with an all-college playoff following the end of the schedules.

Tomorrow night's games will be in the Independent League.

AU vs. BSU at 7, Boomerangs vs. Luby's Chowboys at 8, and DSF vs. Dukes at 9.

Thursday night Wesley Wildcats vs. Steers at 7, Wesley Whirlwinds vs. Rangers at 8, and AU vs. Boomerangs at 9. These are also Independent League games.

Friday night the Dorm League will have three games. At 7 Gordon Tigers will meet Sneed Trotters while Bledsoe tangles with the Doak Hornets at 8. In the final contest slated for 9, Sneed East will try Gordon.

## Sick List

The Infirmary list Monday included: Willie Lee Prugel, Knapp Hall; and Will Anderson, 414 Ave. M.

DICK SPRITZ, fullback for North Carolina State, is slated to see plenty of action Saturday when the Wolfpack comes to Lubbock for a contest with the Red Raiders.

## Cams Defeat College Club; Enter All College Tourney

The MICC football race was finally decided in a playoff game with Los Cams taking an overtime victory over College Club. College Club scored late in the game to tie the score at 6-6. Then in the overtime Los Cams gained 20 yards to none for College Club to gain the league title and win the right to enter the all-college tournament.

The first round of the tourney was slated to take place Tuesday with Doak tangle with BSU. Los Cams drew a bye for the first round and will meet the winner of this game.

## Tech Basketball Starts Thursday

Texas Tech will raise the curtain Thursday night on the 1952-53 basketball season, as the Raiders enter the annual Wayland College tourney.

Little is known as yet of the strength of the Raiders. Loss of three starters from last year's squad will probably hurt, and it will be a season of rebuilding although they may surprise many spectators before the season's end.

Although the starting lineup has not been definitely set by Coach Polk Robison, here's a rough draft. Paul Nolen will be starting at center for the third straight year. The towering 6 foot 10 center will be playing his last year for the scarlet and black. Freshman Jim Reed will start at one of the forward slots while Durward Bouldin and Lew Martin are battling for the other forward position.

Virgil Johnson, the other hold-over starter besides Nolen, will hold down one of the guard posts while three players are trying for the other guard position. They are Bob Bouldin, Rex Hitt, and Jim Sexton.

Tech will meet East Central

Oklahoma in the first round of the Wayland tournament. North Texas State and Wayland will meet in the other first round game with the two winners meeting Friday night for the tourney championship. Tech won the tournament last year.

## "An introduction to learning"

says J. HILLIS MILLER  
President, University of Florida

"The Reader's Digest is an introduction to learning. Its variety, brevity, intellectual stimulation, selective mental diet, and good humor whet the appetite for more of the same. It leads to larger fields for browsing and deeper cerebration."

To busy students and educators, The Reader's Digest brings each month a sweep of information which otherwise could be obtained only through days and weeks of painstaking research. Selecting and condensing the most significant material from hundreds of periodicals, The Reader's Digest provides the widest collection of facts with the greatest economy of effort.

\* \* \*

In December Reader's Digest, you'll be interested in *A Bible for the 20th Century*—story of the new Revised Standard Version of the Bible; *What You Should Know About Your Eyes*—a report on eye care and the commoner eye diseases; *England Prepares to Crown a Queen*—the \$300,000,000 preparations for the coronation of Queen Elizabeth II.

Home Ec Film To Be Shown

"The Home Economics Story," a film from Iowa State College, will be shown at 11 a.m. tomorrow in Ad116, according to Dean Margaret Weeks, head of the Home Economics Division. The picture deals with job opportunities for a home economics graduate. All students are invited to attend.

Pledges to be initiated are: Paul Griffith, Don Benton, Lloyd Wilkerson, Hiram Fitzgerald, W. C. Breckenridge, and Lloyd Koepf. According to James Heinlen, chairman of Tau Beta Pi, the pledges will be required to take a 12-hour quiz which will be given Tuesday night. Harold A. Spuhler, assistant professor of electrical engineering, is sponsor of the organization.

LUCKIES TASTE BETTER!

They're made better to taste cleaner, fresher, smoother!

Ask yourself this question: Why do I smoke?

You know, yourself, you smoke for enjoyment. And you get enjoyment only from the taste of a cigarette.

Luckies taste better—cleaner, fresher, smoother! Why? Because Luckies are made better to taste better. And, what's more, Luckies are made of fine tobacco. L.S./M.F.T.—Lucky Strike Means Fine Tobacco.

So, for the thing you want most in a cigarette... for better taste—cleaner, fresher, smoother taste... Be Happy—Go Lucky!

FOR A CLEANER, FRESHER, SMOOTHER SMOKE...

Be Happy-Go LUCKY!

PRODUCT OF The American Tobacco Company AMERICA'S LEADING MANUFACTURER OF CIGARETTES

LUCKIES always pass the test: They always make the grade—They're cleaner, smoother than the rest Because they're better made!

David M. Burns Princeton University

COLLEGE STUDENTS PREFER LUCKIES IN NATION-WIDE SURVEY!

Nation-wide survey based on actual student interviews in 80 leading colleges reveals more smokers prefer Luckies than any other cigarette by a wide margin. No. 1 reason—Luckies' better taste. Survey also shows Lucky Strike gained far more smokers in these colleges than the nation's two other principal brands combined.

An apple used to do the trick, But grades don't bother me— I give my prof this one sure tip That L.S./M.F.T.
