

Compulsory Activity Fees Still Under Consideration

By HAROLD CRESWELL
Toreador Staff Writer

A move for compulsory student activity fees at Texas State colleges won an early round in Austin this week. House Bill 128, was passed by a Senate committee, 6 to 5.

If the bill is passed by both houses of the Legislature, it will make possible a maximum \$20 compulsory fee. The final say on the amount rests in the hands of college boards of directors. The

Dr. E. N. Jones, Dr. P. Morville Larson, Melvin Dearthoff and George Wilkinson will take part in a symposium on the compulsory activity fee at 7 p.m. Tuesday in the Union Ballroom. The discussion, with audience participation, will be sponsored by the Lectures and Debates Committee of the Student Union and the Forensics Union.

final allotment to various organizations will also rest with the boards.

At present, the Student Activity Fee is broken down in this manner: Athletics, \$11; Student Council \$2.86; Artists course, \$1.14, and from these figures the finer breakdowns are made to

other departments and organizations supported by the fee. Athletics May Be Out

The plan before the House will presumably speak down in the following manner, according to Glenn Rainer, president of the Student Council: Athletics may or may not be included in the Activity fee. Student Council and the Artist Course will receive approximately \$3; Health fee, approximately \$6; Student Union, excluded in the present plan, will receive \$5. Other activities will receive amounts set by the Tech Directors.

If the bill is passed, what is it supposed to accomplish? He at Tech it will prevent the abandonment of some organizations which are doomed to failure unless more money is made available. It will provide the necessary capital for those organizations which are pushed to the side by Tech but which are restricted in the attainment of greater recognition for themselves and the college.

Better Methods Appear Needed

Is it practical to exclude athletics from the activity fee? More activity fees are purchased for attending the athletic events than anything else. Therefore, it is unlikely that the department of athletics would be hindered by the exclusion. The exclusion would certainly affect the amount of any future compulsory fee assessment. This may lead the way to acceptance of a compulsory fee that would not force a hardship on some students, and make possible their support of an activity which is more to their interest. Not all students go to football and basketball games, or use the

See ACTIVITY FEE, Page 6

Lecturer Says Science Tells How — Not Why, Where

"Science explains the how, but never the why or wherefore," Dr. Carlyle Marney told Tech students and faculty Monday morning at the second of the ninth annual series of the Willson Lectures.

Dr. Marney, pastor of the First Baptist Church in Austin, began the series Monday morning, speaking in the Tech Gym on "Faith and Science."

Mr. and Mrs. Willson of Floydada, who set up the \$15,000 lectureship in 1946, were guests at the Monday lecture.

The series continued Tuesday, Wednesday and Thursday nights at 7:30 p.m. in the Student Union Building.

Dr. Marney stated that the world is caught in a worldwide phenomenon of atheism and he placed much of the blame on eight great scientific minds of our time, including Darwin, Marx, Einstein, Dewey and Freud.

Dr. Marney was introduced by Dr. E. N. Jones, Tech president, who stated that the speaker "has the ability to stretch the mind."

Applications Now Being Accepted For Toreador and La Ventana Posts

Applications for positions of 1955-56 editor and business manager of The Toreador and La Ventana will be accepted through April 1, under provisions of the Student Association Constitution.

To be eligible for the top Toreador position, a student must have made passing grades in at least 90 semester hours of course work by the end of the current semester, and shall have nine semester hours credit in the journalism department, including one semester's work on The Toreador. The editor of La Ventana must have made passing grades in at least 90 semester hours of course work by the end of the Spring semester.

Applications for business manager of either publication must have made passing grades in at least 60 semester hours of course work by the end of the semester.

The selection will be made by a committee composed of a student representative from each division, the student chairman of the Publications Committee, the

Kay Lynn Watson Is Added To List

Through an error on the part of the selection committee, Kay Lynn Watson was left off the Tech Salutes list, Lou Stamatakos, chairman of the committee, announced yesterday.

Miss Watson, a Lubbock junior, brings to 27 the number of students selected for special recognition in La Ventana. The list was made public last week in The Toreador.

Blithe Spirit To Run 6 Nights

Tech's production of Noel Coward's comedy, "Blithe Spirit," will have a six-night run in the Tech Speech Auditorium beginning Monday night at 8 o'clock.

General admission will be \$1.25 and student, 75 cents. Activity booklets will not be valid because the play was not included in the student activities this year, according to Dr. Cecilia Thompson, director.

The cast includes Warren Forsythe, Javern Daniel, Susan Mowery, Royce Cavthon, Judy Edwards and Betty Doris Hamilton.

Reservations may be obtained by calling PO5-8541 Ext. 356.

faculty sponsor of the publication, and the faculty chairman of the Publications Committee, who is granted vote if necessary to obtain a proper majority. Five votes are required to elect, with a quorum of seven members present.

Applications should be addressed to Prof. Alfred B. Strehl, Publications Committee faculty chairman.

BEING IN THE VARSITY SHOW may be hard work, but there are compensations, as eight fellows we know can readily testify. Shown hard at work above are, left to right: Joanne Barney, Lawrence Cook, Gladys Bain, Roy Miller, Barbara Cowherd, Tom Nash, Charlene Williamson, Charles Holmquest, Linda Hefley, Jerry King, Sandra Spellman, Alan Conley, Carol Wagon, Charlie Smith, Joan Roff and Jack Cauthen. The Varsity Show will be staged March 28-30 at Lubbock High School Auditorium.

Scholars To Be Honored At Sunday Recognition

By MARY LOU FRANCIS
Toreador Staff Writer

The top-ranking students in scholarship, athletics, and leadership will be honored at the ninth All-College Recognition Service to be held Sunday at 2 p.m. in the Student Union ballroom.

Dean James G. Allen will serve as master of ceremonies, and President E. N. Jones will deliver the address. The invocation will be led by Rev. Dudley Strain of the First Christian Church. The Tech Choir under the direction of Bill Cormack, and Organist Herbert Colvin will furnish the music. Rev. Hubert Bratcher of St. John's Methodist Church will give the benediction.

Student Union Set To Observe Birthday With Entertainments Slated for Weekend

It's time again to sing "Happy Birthday" to the Student Union Building. It will be two years old Sunday.

The Friday Night Dance Committee will open the celebration

Audience Lauds Wilder Satire, Wit

By DAVID CLARK
Toreador Editor

The ANTA Touring Players proved themselves to be competent, professional actors Monday night when they produced Thornton Wilder's "The Skin of Our Teeth" before a small audience in Lubbock High School Auditorium.

Fewer than 700 persons only halfway filled the auditorium, but those who did come were rewarded amply by Wilder's satiric wit and by versatile acting performances.

The play, a Pulitzer prize winner, was a satire on the human race and centered around the Antrobus family. Mr. Antrobus, played by Robert Donley, was "Of very old stock and worked his way up from next to nothing." Other members of the family were equally distinguished.

Lizabeth Blake as Mrs. Antrobus and Peg Murray as Sabina gave excellent performances, and if Miss Murray occasionally recalled Tallulah Bankhead, who played the part in the original stage play the effect was pleasing.

Although at times the play lacked a snappy pace, this fault was compensated for by the excellence of the best scenes, which left the audience laughing at the all-too-human antics of the characters.

with the annual Anniversary Dance Friday night in the ballroom from 8:30 to 11:30 p.m. according to Ann Raethjen, chairman. Burl Hubbard will play for the semi-formal dance.

At intermission there will be entertainment from the Phi Gamma Trio, from Phi Gamma Delta and a grand march of top Union workers. Bill Scott, Union director and Melvin Dearthoff, program council president, will speak briefly on Union development.

Climaxing the celebration will be a birthday party in the union lobby Sunday immediately following the Recognition Service. A birthday cake will be set up in the lobby and Dearthoff and Mr. Scott will blow out the candles. Dean James G. Allen will speak and cake will be served afterwards. The party is sponsored by the Hospitality Committee, Ann Hogg, chairman.

Schrader, Tongate, Slagle Fill Press Club Vacancies

Mrs. Margaret Schrader, Mary Ann Tongate and Alton Slagle were elected to offices of the Press Club last Thursday, filling vacancies left by Jan Webster, Gale Hays and Max Williams. They will serve as secretary, treasurer and reporter, respectively.

Other officers are Harold Creswell, president and Linda Hudson, vice president. Dr. William E. Hall, journalism department head is sponsor. The club is the official organization of the journalism department.

The election followed a discussion of the French political situation lead by Dr. William M. Pearce, head of the Tech history department.

After the service an informal reception will be held in the ballroom for the students being recognized and their relatives and friends.

Those receiving scholarship honors for the first time include 23 seniors, 15 juniors, 20 sophomores and 61 freshmen. Students to receive the Class Recognition, this being their second recognition, include nine seniors, six juniors, and 16 sophomores.

Students receiving divisional honors have been recognized twice previously. Seniors are George Baker and Weldon Green. Juniors are Carmaleta Brown, Roy Lee Cox, Joyce Cunningham, Monty Davenport, Alvin Gregg, Millie Hay, Bobby McGhee, Betty Nelson, Dibrell Stowell, and James Wine. Dean D. E. Holcomb will recognize these students.

The highest College Recognition, honored by President Jones, goes to those students being honored for the fourth time. They are Rossi Stiles Baker, Charles Cunningham, Charles Holmquest, Theo Lofton, and Charles Wales.

Eleven student organizations will be recognized for making a 2.00 average or better for both spring and fall semesters of 1954. One hundred sixteen holders of scholarships will be recognized.

Top ranking students within their respective divisions are Agriculture, Charles Cunningham and Ellis Huddleston; Arts and Sciences, Celene Pierce; Business Administration, William Hale; Engineering, William Burton; and Home Economics, Carylita Crum.

Twenty-nine are to be honored for leadership, and 83 will receive athletic recognition. The National and International Crops Judging Team will be honored for representing the college and winning first place in national competition.

Varsity Chorus Rehearsing Daily

Step, brush, kick, slide is heard amid strains of "Lucky in Love" as Virginia Carr directs the dance chorus of the Varsity Show. Rehearsals are held in the Rec Hall every day at 5 p.m. "Good News" will be presented March 28-30.

Sets are being designed by James Nuckles, engineering senior. The Gargoyle society, a club for architects, is doing the constructions.

The main cast includes Bob Lapham, Bob Waddle, Ann Rathjen, David Pool, Ann Hogg, Gayle Erikson, Mary Jo Cappleman, Jack Cauthen, Robert Rutledge, Grace Vick, Truett Allison, Jerry Johnson and Ann Davidson. There is also a large singing and dance chorus.

Mary Ann Ponewczynski is dialogue director and Joe Goodin is chorus director.

LAST CALL FOR PHOTOS

Approximately 90 per cent of prospective May graduates have filed personal forms and photographs at the placement office. The other 10 per cent were warned today by Mrs. Jean Jenkins, placement director, that the deadline is Saturday.

Nine Firms To Be Here Interviewing

Representatives from nine industrial firms will be on the campus next week to interview graduating seniors.

Monday: The U. S. Coast & Geodetic Survey will be interviewing civil engineer majors; Douglas Aircraft Co. will talk to civil electrical, and mechanical engineers; and the Sinclair Refining Co. will be seeking chemical engineers.

Tuesday and Wednesday: The Bell System wants to interview engineering, physics, math, architecture, and business administration majors.

Wednesday and Thursday: The Standard-Vacuum Oil Co. will see petroleum engineering, physics, and geology majors. Ernst and Ernst Co. will interview accounting majors.

Thursday: The Arkansas Louisiana Gas Co. would like to interview chemical, electrical, mechanical, and petroleum engineering majors. Public Service Co. of Colorado will interview majors in chemical engineering, mechanical engineering, and accounting.

Thursday and Friday: The Gulf Oil Corp. will interview civil, chemical, mechanical, and petroleum engineering majors.

Additional information, application blanks and appointments may be secured at the Placement Office in the Administration building. Many of these representatives would like to talk to interested students regardless of military status. Some of these jobs are open to women.

MacDonald Heads Gamma Deltas

Gamma Delta elected officers for the coming year, Sunday, at the Parish Hall of the Redeemer Lutheran Church.

Officers include: president, James MacDonald, Wichita Falls; vice-president, Jay Dean Meeks, Vega; secretary, Beth Bruns, Vernon; treasurer, Wendell Moody, Eden; membership secretary, Fred Meissner, Midland and reporter, Nita Haseloff, Vernon.

Bob Eisenbeck reported on the Regional Convention at College Station on the A&M campus, February 11, 12, and 13. He was elected Texas Region president at this convention, attended by eight active and two alumni members from the Tech chapter.

Ways were discussed to raise money to send Bob to Washington for a Seminar of Gamma Deltas for the entire nation, April 1-9.

Conley Is Installed to Head Student Religious Council

Allan Conley was installed as president of the Student Religious Council at a recent meeting. Other newly elected leaders include: Bob Willoughby, vice-president; Jackie Bateman, secretary; and Ronnie Clark, business manager.

The council made plans for a campus-wide Easter Morning Watch on April 6, in the Student Union Building at 7:30. President E. N. Jones will be the speaker.

Trip to Include 8 Countries National Education Assn. To Sponsor Latin American Tour This Summer

The National Education Association will offer to teachers this summer a low-cost six-week tour of eight Latin American countries beginning July 18, according to an announcement by Braniff Airways this week.

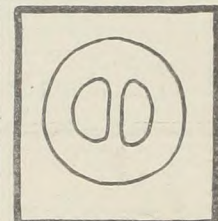

In addition to seeing South America, teachers may earn five and a half semester hours credit from Western Illinois State College for their participation in the tour.

The group is to visit 17 cities in the countries of Panama, Ecuador, Peru, Colombia, Chile, Argentina, Brazil and Uruguay. The \$1550 total cost includes air and ground transportation, hotels, sightseeing and meals in all but three of the countries.

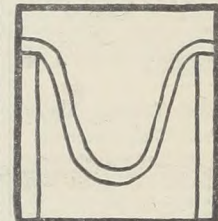

Dr. Reece Jones, assistant professor of geography at Western Illinois State College, and Edward A. Clark of the Michigan Public School System will head the trip. Both are experienced in conducting the foreign educational tours for the NEA.

HORTICULTURE COURSE

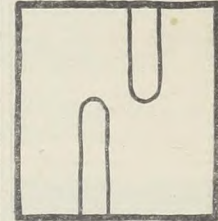

Marshall Pennington opened a short two day course conducted by the Horticulture Department in the Agriculture Auditorium on Monday and Tuesday of this week. Other speakers for the course include James Taylor, William M. Gasdon, and Omer Humble.

Comic Players To Perform Next Week

Broadway will come to Texas Tech next Thursday when operettas from smash hits are presented in the Student Union Ballroom. The Comic Opera Players, now on their third cross-country tour, are scheduled for a one-night stand.

The Union performance at 7 p.m. will be free to all students. It will include "The Telephone" and "Trouble in Tahiti," operettas adapted from established New York productions.

Beverly McFadden, who sings the role of "Dinan" in "Trouble in Tahiti," has been seen by mil-

lions over Ed Sullivan's "Toast of the Town." She has also appeared in motion picture feature films.

Michael Bondin, the young baritone who portrays the role of Sam opposite Miss McFadden in "Trouble in Tahiti" has sung leading roles with the New York City Opera Co. and the Central City Opera Co. of Colorado.

David Shapiro, founder and director of the players, bases the success of his company on giving operas in English, plus making sure they are exciting to see and hear.

LUCKY DROODLES! GET 'EM HERE!

WHAT'S THIS? For solution see paragraph below. Doodle suggested by Norman Gerber, C. C. N. Y.

HAVE A LITTLE FUN when you smoke. Enjoy yourself. Give yourself the pleasure of a better-tasting Lucky Strike. The enthusiasm often inspired by Luckies' famous better taste is illustrated in the Doodle (right) titled: Alphabet soup for Lucky smoker. So why stew over what cigarette to smoke? Luckies' taste is letter-perfect. After all, L.S./M.F.T.—Lucky Strike means fine tobacco. Then, that tobacco is toasted to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, mild, good-tasting tobacco

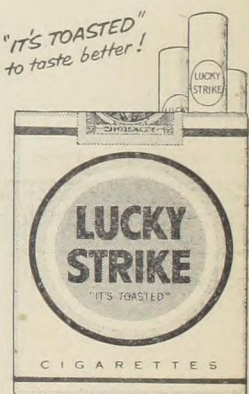

to make it taste even better... cleaner, fresher, smoother. When you light up, enjoy the better-tasting cigarette... Lucky Strike.

STUDENTS! EARN \$25!

Lucky Doodles* are pouring in! Where are yours? We pay \$25 for all we use, and for many we don't use. So, send every original Doodle in your noodle, with its descriptive title, to Lucky Doodle, P. O. Box 67, New York 46, N. Y.

249 Men Are Spring Pledges For Nine Social Fraternities

Tech's nine fraternities pledged 249 men Friday at the close of spring rush.

Pledges are:
Alpha Tau Omega: Milton Adkisson, Richard Allen, Gene Bentley, Dan Brooks, Robert Cavazon, Billy Harold Close, Bobby Crues, Charles Cummings, Charles Feris, Don Forrest, Calvin Earl Garrett, Clyde Grappe, Billy Hale, Darwin, Ras Hartfield, William Hatchett, Neal Huffaker, Fred Jones, Newlin Lancaster, Billy Leonard, Carlos Lorna, Willie McGee, Deany McGuire, Robert Madden, Charles Moore, Bentley O'Quinn, Nolan Preston, James Ray, Doyle Reynolds, Mark Sherriff, Donald Simms, B. D. Sorrell, Kenneth Tolin, Carl Tripper, Donald Waygood, Roy Webb, Van Welch, Ray Williams, Neil Wyatt.
Chi Sigmas: Bobby Anderson, Charles Bird, James Black, John Boren, Joe Bryant, Forrest Criswell, William Lanier, James Ortiz, Bobby Schwartz, Warren Shrophire, Leon Taylor, Stanley Wheeler, Don Wolf.
Kappa Sigma: Bobby Alread, Bobby Bales, Walter Bent, Jimmy Blackwood, Richard Kenneth Bryant, Alva Murray Cooper, Lee Drake, James Dunn, Robert Edwards, Charlie Fleming, Darrell Hale, Marshall Hays, Bobby Huggins, Norman Huggins, Royce Kelly, Donald Lucy, Terry McRight, James Patterson.

'Dreamland' Idea Used For K Sigs Dance Saturday

Kappa Sigma will initiate a Dreamland Dance idea to this campus Saturday night. The costume dance will begin at 9 o'clock Saturday night in the Lubbock Hotel.

Members and dates:
Grady Jenkins, Charlene Williamson, Clay Lammings, Karen Smith; Buddy Henderson, Joanne Barney; Jim Patterson, JoAnn Bailey; Joe Dan Bailey, Mary Jane Smith; Charles Sealing, Permelia Worthan; Bob Richards, Anne McClure; Edwin Prestridge, Diane Davis; Jeff Jones, Marilyn Morrill; Pat McCullough; Sylvia McCracken; Hal Stockton, Jean Collett; Mike Bayless, Marilyn Sutton; John Ratliff, Barbara Schulgre; Joe Jack Reynolds, Sondra Cooper; Bill Jones, Dona Suggs, Russ Pearson, Mary Sue Lewis; Bud Hanson, Marilyn Abbott; Jim Ashley, Doris Wampler; Joe and Shirley Bailey; Gene and Anne Street; George and Carolyn Stephens, Graves and Effie Nelson; James Burdette, Patsy Walden; Roger Brooks, Pat Dryden; Gary Gilliam, Carl Jones; Cordell Custer, Dot Jones; Jack Moore, Nina Conatser; Paul Gaston, Sandra Hitch; Fulton Smith; Barbara Starrs; Don Dilly, Gladys Bain; Buck Johnson, Carol Clark; Tommy Robinson, Georgene Doyle.
Other members attending are Jack McCracken, Alan Conley, Gary Cassell, Willie Bunnan, Jack Eubank, Glyn Morgan, Tim Russell, and Harry Sealing.

Pledges and dates: Emmett Rogers, Peggy Wombie; Dale Wynn, Barbara Pederson; Bud Hanson, Kay Lofley, Lloyd Stoneling, Nita Wheeler; Marshall Hays, Shirley Massey; Walter Bent, Beverly Wood; Dick Bryant, Mickey Owens, Lee Drake, Caroline Edleman; Darrell Hale, Donna Abraham; Dick Thompson, Jimmie Killman; Murray Cooper, Carolyn Andrews; Bobby Alread, Leland Stone, Terry McRight, George Webb; Jim Blackwood, R. J. Phillips, Royce Dunn, Don Lucy, Bob Bales, Jerry Stuart, R. D. Ryms, Charles Fleming, Norman Huggins, James Patterson, J. T. Wiley, Eddie Edwards, Pat Reeves.

29 Will Be Initiated Into Lambda Delta

Twenty-nine freshman women will be initiated into Alpha Lambda Delta, national honor society for freshman women, Sunday at 5:00 p.m. in the file room of the Student Union, according to Sylvia Dietering, president.

Eligibility for membership is based on scholarship, with each initiate being required to have a 2.5 grade point average or better with a minimum 14-hour schedule.

Pledge service was Tuesday afternoon, and the group of new pledges will be honored Saturday night at the annual banquet held in conjunction with Phi Eta Sigma.

Pledges are Darla Adamson, Midland; Margaret Anger, Snyder; Suzanne Astor, Dallas; *Bobbie Jean Blocker, Lubbock; Jaquelyn Brooks, Fort Worth; Sue Brown, Lubbock; Rita Burleson, Lubbock; Barbara Carthel, Lockney; Joanne Dean, Lubbock; Kay Elder, Fort Worth; Avlonie Fentress, Lubbock; Mary Lou Francis, Carlsbad; Nina Fryar, Big Spring; Martha Heard, Hereford; Sandra Hemmle, Arlington; Mary Kay Holmes, Shamrock; Catherine Nelson, Brownwood; Chara Pierce, Lubbock; Janet Reames, Lubbock; Carol Marie Schultz, Amarillo; Jane Shepherd, Post; Sara Shevland, Fort Worth; Sue Simpson, Pampa; Juanice Sims, Lubbock; Patricia Stansell, Lubbock; Jennie Ruth Thompson, Lubbock; Miriam Tomlinson, Tahoka; Alice Wells, Fort Worth; and Freddie Wise, Kermit.

Sigma Kappa Sorority To Install Gamma Lota Chapter Here Saturday

Sigma Kappa, Tech's fourth sorority to colonize, will install the Gamma Lota chapter this weekend. Installing officers will be Mrs. Field H. Brown, of Denver, Colo., national vice president; Mrs. E. D. Taggart of Indianapolis, Ind., national secretary-treasurer; Mrs.

Lewis Scherer of Houston, Province IX president; and Mrs. G. T. Fruteger of Houston, state alumnae chairman.

SAE Celebrates 99th Anniversary

Sigma Alpha Epsilon celebrated its founding as a national social fraternity with a dinner at the Amarillo Club in Amarillo, Tuesday. Approximately 60 members and new pledges attended.

The dinner commemorated the 99th anniversary of SAE. March 9, 1856, eight young men of Alabama University met and organized the first chapter of a fraternity that has grown until now it includes 136 chapters in 46 states.

Recent activities include formal pledging of 37 prospective members in the Thunderbird Room of the Lubbock Ford house Sunday. Sunday evening, SAE members and pledges entertained pledges and members of Kappa Kappa Gamma sorority with a mixer at the Mackenzie Terrace.

The weekend will begin with an informal party at 7:30 Friday in the home of Mrs. B. C. McMinn. All visiting alumnae, college members, local alumnae, honorary alumnae and pledges will attend.

Initiation services will be held for 24 pledges and 14 honorary alumnae Saturday. The ceremony will be held in the first Presbyterian Church. The formal installation banquet will be held at 6 o'clock Saturday night.

Ag Ed Students Practice Teaching

Twenty-six agricultural education students left last weekend for various high schools throughout the state for six weeks of practice teaching.

Fourteen high schools are cooperating with Tech in making their vocational agricultural departments available for students to get actual teaching experience.

For the first two weeks, the students will observe the regular instructors at work. The last four weeks, students will do the actual teaching, the field work, and other itinerary activities.

BUSINESS CLUBS MIXER

The Tech business, fraternity and sorority, Delta Sigma Pi and Phi Gamma Nu, will have a mixer at 7:30 p.m. Tuesday in the workroom of the Student Union, according to Sterling Miller, reporter. Refreshments will be served.

Tri Deltas Initiate, Plant Pine Tree

Seventeen pledges were initiated into Delta Delta Delta last weekend following "Delta Week". The week ended Sunday when initiates planted the traditional pine tree on the campus.

Sue Shawver, senior from Me-gargle, was elected best member and Judy Harlow, freshman from Lakewood, Ohio, was elected best pledge at the Initiates' party during the week.

New initiates of the chapter are: Revis Jordan, Lubbock; Susie Allen, Fort Worth; Barbara Biggs, Columbus, Ohio; Jody May, Fort Worth; Ann Collins, Plainview; Diane Davis, Hillsboro; Carolyn Dixon, Waco; Alice Guant, Rule; Shirlee King, Stinnett; Polly Ann Kennedy, Levelland; Mary Jimm Stinson, Snyder; Nancy Shephard, Houston; Marion Nickelson, Littlefield; Judy Nance, Pampa; Mary Ann Hill, Midland; Judy Harlow, Lakewood, Ohio; and Sue Hendrick, Ralls.

FTA OFFICER ELECTION
Officers for next year will be elected at 7 p.m. today in the Student Union workroom by the Future Teachers of America. Delegates to the Board of Student Organization's Cloudcroft, N.M. Leadership Retreat and to the State FTA Convention at Huntsville will also be selected.

AN EDITORIAL

When the Saps Begin To Run

It happens every spring. There is no scientific explanation for it, although scientists do admit it is connected in some way with warm weather, youth, pretty girls, and "we don't know what-all."

The laddies themselves enjoy it, the girls are thrilled by it, and even faculty members have been known to smile at it. Old maids are horrified by it.

People with sense are disgusted by it. "How silly can you get?" they ask. People without sense are worried about it. "What's the world coming to?" they ask.

The police are apprehensive about it. The fire department is anticipatory about it. "Obvoiboyoboy!" they say.

Dorm mothers tend to be lenient about it. Parents are curious about it. Crowds usually gather at the scene.

Hold on, now. We're not talking about the panty raids. We're referring, of course, to the Varsity Show, to be held March 28, 29 and 30. Why not make plans to see it?

David Clark

LITTLE MAN ON CAMPUS

by Dick Bibler

"I've got one student that I dread to see put up his hand"

All Dorms To Elect KTTCC Delegates

One representative to the Board of Directors of KTTCC, Tech's radio station will be selected from each dorm in an election next week according to KTTCC Manager David Jones.

Interested students should contact their dorm supervisors for full information.

Following their election, board directors will select officers at a luncheon meeting in the Anniversary Room of the Student Union, March 18.

Duties of the board of directors include acting as the policy making group of the station, which amends the constitution, approves the budget, and appoints the station manager.

All candidates for the board must have had at least a 1-point grade average during the previous semester.

Huddleston Elected Head Of ROTC Infantry Club

The Infantry Club, composed of students in the Texas Tech Reserve Officers Training Corps' Second Battalion, elected four new officers this week to serve during the spring semester.

Those chosen were: Ellis Huddleston, Lubbock, president; Bob Moore, Indian Creek, vice president; Jim Ware, Bovina, secretary; and Tom Beaty, Gorman, treasurer.

Europe Tour Set For Journalists

Would you like to interview the prime ministers of Europe?

Journalism students and radio station broadcasters can do just that by taking a 53-day tour to seven European countries offered by the Scandinavian Traveling Seminar.

The tour is designated as a technical study of journalism and includes visits to the most important newspapers and radio stations in Europe.

Prime ministers along with top people in industry, business, labor and agriculture will be interviewed. Students will have an opportunity to prepare articles for their college newspaper or for a local daily magazine or weekly.

Travel on the \$1290 trip will be exclusively by air except for short sightseeing excursions by bus. The group will depart from Idlewild, N. Y., on July 3.

Those interested may contact Dr. William E. Hall in room 101 in the Journalism Building.

KAPPA ALPHA MU

Tech camera bugs are invited to attend the reorganization of the local chapter of Kappa Alpha Mu, honorary Photo-Journalism fraternity, tomorrow at 5 in Room 206 of the Journalism building.

According to H. A. Tuck of the Department of Public Information, all interested persons are invited to attend.

Letters to the Editor

Dear Editor:

As appointed chairman of the Tech Salutes committee, I feel that an answer to Miss Hudson's letter and your biting editorial is necessary.

Firstly, Miss Hudson came to the Student Council and asked the Council to appoint a committee to make the selections. The selection of the Who's Who at Texas Tech last year was made by the staff of La Ventana. This year the La Ventana staff decided to change the name to "Tech Salutes" and pass the selection chore to someone else. The Student Council accepted the task.

Secondly, Miss Hudson served on this committee and was one of the ten members who decided the "best, most efficient and least biased method of selection." Throughout the entire session of selection (which took close to seven hours in two different meetings) I never once heard anyone complain about the methods used. If Miss Hudson felt that the method was not fair, she or any other member of the committee had the right to contest it at any time. If Miss Hudson was shocked at the procedure of the committee, she has no one to blame but herself for permitting anything underhanded (if there was anything underhanded) to continue.

Miss Hudson suggests a committee made up of faculty and students to make the selections. What members of the faculty and student body shall make up this committee? Who shall determine the persons who comprise this committee? How shall we be assured that the persons selecting the committee will be right? Regardless of who selects the committee, or who the committee elects to be honored, there will be complaints!

It is basically the job of the editors of La Ventana to decide who shall serve and select. It is also the job of the editors of La Ventana to uphold these selections!

Very Sincerely, Lou Stamatakos

Miss Hudson says she went to the Student Council as a last resort; she did not feel qualified as, certainly, no one person could, to pick students for Tech Salutes. She further feels that for an honor supposedly of such great magnitude, too much leeway is given the editor of La Ventana, for naming of the students.

The Editor feels that much credit should be given Miss Hudson for releasing the names of the selection committee. Heretofore, such facts have been kept secret from the student body, which certainly has a right to know what is going on.

One other interesting point is the consideration of what might have happened had ten different students been on the committee. Would their names have appeared on Tech Salutes? We must admit there is a likelihood of just that.

Miss Hudson seems to say that if faculty members were members of the committee, at least they would not be in the position of having to or being allowed to choose themselves.

The Editor

Band Fraternity Elects Bob Peterman President

Eight bandmen were elected Thursday night as officers of the Alpha Omicron chapter of Kappa Kappa Psi, national honorary band fraternity.

Those elected were: Bob Peterman, president; Wallie Gravitt, vice president; H. A. Sessions, corresponding secretary; Ronald Ruoho, recording secretary; Gaylon Kornfuhrer, treasurer; Harrell Green, sergeant at arms; Glenn Smith, assistant pledge trainer; and Jerry Cunningham, social chairman.

HOME EC OPEN HOUSE

"Home Economics is the Key" will be the theme for the 18th annual Home Economics open house here, April 22-23.

Mrs. Nancy Phillips, was elected co-chairman of the open house at an executive council meeting to assist Miss Cleavinger, who is chairman.

HARVEY GUEST SPEAKER

Dr. Clark Harvey was guest speaker at a breakfast of the Plains, Texas 4-H County Agriculture Conference Tuesday of this week. He spoke on the subject of "Soil Preparation!" On the third of this month Dr. Harvey attended a 4-H and FFA grass judging contest at the Amarillo Fat Stock Show and helped grade the papers there.

THE STUDENT COUNCIL

Today let us investigate a phenomenon of American college life called the student council. First of all, what is the student council? The answer is simple: the student council is a council of students.

Next, what does the student council do? Again the answer is simple: it meets.

Next, what goes on at the meetings? This question is rather more complicated than the others. Perhaps it can best be answered by reproducing here the minutes of a typical meeting of a typical student council.

Meeting scheduled for 8:30 p.m. at Student Union Building. Call to order 9:51 p.m. by Hunrath Sigafos, presiding. Motion to adjourn made by Louis Bicuspid, freshman representative. Motion ruled out of order by Hunrath Sigafos, presiding. Hunrath Sigafos called "old poop" by Louis Bicuspid, freshman representative. Seconded by Delores Wheatgerm, sophomore representative. Tabled by Hunrath Sigafos, presiding.

Minutes of last meeting read by Zelda Pope-Toledo, secretary. Motion to accept minutes made by Hunrath Sigafos, presiding. Motion defeated.

Treasurer's report not read because Rex Mercedi, treasurer, not present at meeting. Rex Mercedi, treasurer, impeached in absentia.

Motion made by Louis Bicuspid, freshman representative, to allow sale of hard liquor in school cafeteria. Seconded by Delores Wheatgerm, sophomore representative. Motion tabled by Hunrath Sigafos, old poop.

Motion made by Booth Fishery, fraternity representative, to permit parking in library. Motion referred to committee.

Motion made by Gladys Algae, junior representative, to allow attendance in pajamas and robes at first hour classes. Motion referred to committee.

Motion made by Elwood Feldspar, athletics representative, to conduct French Conversation classes in English. Motion referred to committee.

Motion made by Esme Plankton, sorority representative, to allow hypnosis during Rush Week. Motion referred to committee.

Motion made by Pierre Clemencau, foreign exchange student, to conduct German Conversation classes in French. Motion referred to committee.

Motion made by Harriet Critter, ag campus representative, to allow faculty members above the rank of assistant professor to perform marriages. Motion referred to committee.

Observation made by Martha Involute, senior representative, that in her four years on student council every motion referred to committee was never heard of again. Miss Involute was tabled.

Motion made by Louis Bicuspid, freshman representative, to allow sale of hard liquor in Sociology I and II. Seconded by Delores Wheatgerm, sophomore representative. Motion tabled by Hunrath Sigafos, presiding crossly.

Refreshments served. Coffee, cake, Philip Morris Cigarettes. The following resolution adopted by acclamation:

"WHEREAS Philip Morris is milder, tastier, more exhilarating, and chock full of rare rich vintage tobaccos; and WHEREAS Philip Morris is contained in the patented Snap-Open pack which is the quickest, simplest, neatest container yet devised for cigarettes; and WHEREAS Philip Morris, the most commendable of smokes in the most admirable of wrappings, is available in both king-size and regular; therefore BE IT RESOLVED that it is the sense of this meeting that Philip Morris is far and away the best cigarette buy on this or any other campus."

Meeting adjourned with many a laugh and cheer at 9:58. Respectfully submitted,

Zelda Pope-Toledo, Secretary

Students Discuss Council and Fee

Lack of effective communication between the Student Council and the student body was pointed out in Coffee Grounds for Discussion Sunday in the Student Union to be one of the greatest problems facing the Council.

The discussion, centered around various activities and duties of the Council. Thirty-two persons attended.

The group also discussed the possibility that the Council may sometimes fail to represent the student body in acting on an important piece of business.

Cited as a possible example was the Council's action in voting to support a compulsory activity fee.

Student Body President Glenn Rainer issued an invitation to anyone interested to come to Council meeting at 7:15 p.m. Monday in Ad. 218.

Circle K Meets Discusses Charter

In preparation for obtaining a charter—members of the newly-organized Circle K Club held an instructional meeting in the Student Union Building Friday.

The Circle K, an organization for young college men, is similar to the down-town Kiwanis, but is not under their supervision, according to Howard E. Golden, associate professor of marketing.

Prof. Golden was elected by the Hub City Kiwanis to organize the group, which has no actual sponsor as yet.

Temporary officers of Circle K include Clarence Beauford, Hereford senior, president; and Donald Riggs, Pantex junior, secretary-treasurer.

"Male students throughout the campus are invited to join us," Golden declared.

Junior Leaguers Sponsor Painter

A demonstration in water color painting is to be given by Miss Vera Wise tonight at 8 p.m. in the Museum Auditorium. Miss Wise, sponsored by the Junior League, is associate professor of art from Texas Western College of El Paso. The public is invited by the League.

Miss Wise is the artist of the current display "Paintings in Four Mediums," in the Museum Rotunda Gallery. These media include water colors, oils, caseins, and enamels. The paintings will be shown March 1-15.

Miss Wise has been teaching art since 1939 at Texas Western where she is a professor. She has won various prizes and has been represented in numerous exhibits.

CANDIDATE NAMED

Lois Cleavinger, senior Home Economics major, will compete for the Miss Home Economist title of Texas, March 10-11.

Miss Cleavinger was elected at a recent H. E. club meeting to represent Tech at the annual Texas Home Economics Association meeting in Dallas on these dates.

Agronomy Dept. Sells Farm Grain, Cotton Seed

The agronomy department has 400 bushels of registered Storm-master cottonseed and 1,500 pounds of certified Redline 66 grain sorghum seed for sale. Dr. A. W. Young, head of the department, said the cottonseed sells for \$3.50 a bushel and comes in three-bushel bags. The grain sorghum sells for \$4 per 100 pounds and comes in 100 pound bags.

The seed was produced on the Tech farms.

1928—Engineers calculating development problems

1955—Solving complex engineering problems with Boeing computer

The best research facilities are behind Boeing engineers

The Boeing-designed electronic computers shown above solve in seconds problems that once required weeks—typical of the advanced "tools" that help Boeing engineers stay at the head of their field.

automatic control systems for both manned and pilotless aircraft. Other facilities include hydraulic, mechanical, radiation, acoustics, and rocket and ramjet power laboratories.

Boeing engineers enjoy such other advantages as the world's fastest, most versatile privately owned wind tunnel, and the new Flight Test Center—the largest installation of its kind in the country. This new Boeing Center includes the latest electronic data reduction equipment, instrumentation laboratories, and a chamber that simulates altitudes up to 100,000 feet. Structural and metallurgical research at Boeing deals with the heat and strain problems of supersonic flight. Boeing electrical and electronics laboratories are engaged in the development of

Out of this exceptional research background engineers have developed such trend-setting aircraft as America's first jet transport, and the jet age's outstanding bombers, the B-47 and B-52. Research means growth—and career progress. Today Boeing employs more engineers than even at the peak of World War II. As the chart shows, 46% of them have been here 5 or more years; 25% for 10, and 6% for 15.

Boeing promotes from within and holds regular merit reviews to assure individual recognition. Engineers are

encouraged to take graduate studies while working and are reimbursed for all tuition expense.

There are openings at Boeing for virtually all types of engineers—electrical, civil, mechanical, aeronautical and related fields, as well as for applied physicists and mathematicians with advanced degrees.

For further Boeing career information consult your Placement Office, or write:

Peruvian Singer To Perform Here

Yma Sumac, a Peruvian singer, charged with everything from being a true daughter of an Incan kingly line to being Amy Carmichael of Brooklyn, will appear with her company in the Texas Tech Gymnasium Tuesday night.

Miss Sumac and her company of 13 musicians, drummers and dancers will be sponsored by the Lubbock Symphony. The bird-like soprano, whose unusual voice ranges freely over four octaves, has surrounded herself with a lavish wardrobe, a skilled supporting cast and uses compositions written for her voice by her husband, Moises Viancoy.

Reservations may be made by calling one of the following: PO 2-8483, PO 2-1431, PO 2-8382 or PO 2-8392. Bleacher seats in the Gym will sell for \$1.00 and \$2.00 while 500 reserved chairs will be available at \$3.60.

The concert is not a part of the regular Lubbock Symphony season. It has been booked separately and profits from the attraction will be devoted to meeting costs entailed in securing the talent now booked for the 1955-56 season.

Army ROTC Ball Set For Saturday

The Army ROTC Ball, sponsored by the National Society of Scabbard and Blade in conjunction with the cadet regimental staff, will be held in the Student Union Ballroom from 9 p.m. to 12 p.m. Saturday.

Music will be furnished by the Merry Makers and during intermission the sponsor of the company which sells the most tickets to the ball will be presented as queen to the ball. Ruth Ann Cummings, honorary colonel, and the pledges of Scabbard and Blade will be also presented at intermission.

A reception will be held in the Anniversary Room from 8:30 p.m. to 9 p.m. and refreshments will be served.

H-SU President To Speak in Union

Dr. Evan Reiff of Hardin-Simmons, a university president whose ministerial activities parallel his educational achievements, will speak to freshman honor students in the Union Saturday at 6 p.m.

Dr. Reiff will address Alpha Lambda Delta and Phi Eta Sigma academic honoraries at a formal banquet honoring initiates of both organizations.

He has served as chairman of the Baptist Student Union organizations of Oklahoma and New Mexico as well as holding part-time pastorates in Oklahoma, Kansas and Iowa.

ACTIVITY FEE—

Student Union Building.

Is there a need for more money or better planning with the money received by the present method? The present method of assessment has not been changed in the past ten years, and possibly in the last 20. Procurement prices have steadily risen during this period.

Consideration of Council

What factors did the Student Council consider when it decided to back House Bill 128? Their vote was based on the passing, or not passing, of the \$50 tuition issue. The council did not have time to poll student opinions prior to the departure of delegates Rainer and Melvin Deardorff for a hearing of the question in Austin.

Considering the organizations that would fall without support, it was concluded that the overall benefits of the bill outweighed the cost increase to the individual student. The council felt that a division of athletic fees and organizational fees was necessary under the bill in question, possibly making athletic fees voluntary and organizational fees compulsory.

Dark Hole Found

Gay Nineties Hangout Uncovered As Daring Reporter Exposes Union

By CLYDE WALTER
Toreador Staff Writer

I'm a reporter See!

My editor wants a story, so don't try to snore me with that innocent look, Scott. What's going on in your basement?

Only a dance he says—don't feed me a line-a-stuff, Scott, I wasn't born yesterday. I know you got somethin' in your basement and I'm gonna find out what it is that you're hidin' down there.

Sounds like a speakeasy to me and I'm gonna find out—remember my editor knows where I am so don't try any funny stuff while I'm down there.

I'm gonna bust this thing wide open—if necessary I'll expose the whole Student Union. May even take this to the Student Council—I got a one-point and I know my rights as a member of the fourth estate.

There's people down there, don't L don't know what. Looks like some sort of pagan rites to me—only hoppin' you say—funny name for it, but they certainly are. I'm callin' my editor.

Hello Ed, this is Flash. Say Ed, there's some kinda doings going on over here in the Union basement in a place called "The Hole." Tried to tell me its a dance. It is? You say there's going to be another one next Tuesday 7 to 10

Male Safari Bags Flimsy Trophies

'In spring a young man's fancy lightly turns to dance. It is? You say there's going to be another one next Tuesday 7 to 10

Spring weather apparently sent the blood surging through the veins of about 400 campus lads last week, as they stormed the women's dormitories, shouting up at screaming coeds who threw down flimsy underthings.

There was plenty of noise, but it was a less violent raid than the one staged two years ago, with little attempt being made to enter the quarters of the women. City police and fire department assistance appeared on the scene, but withdrew at the request of college officials. No disciplinary action has been advised concerning the panty raiders.

pm? You mean in all that dark people actually dance? All they got is candles so its kinda dim.

Say, I won't be in this afternoon. Come to think of it I saw a girl sittin' alone in one of the corners down there. Yeah, I thought she was a bill collector—think I'll go back down, maybe she's still there and maybe they'll play somethin' slow.

If I'm not back by Tuesday night call me at the Union and tell 'em to call me, I'll be somewhere in "The Hole."

Business Women Are Patronesses

Mrs. Pearl Smith, vice president and secretary of the First Federal Savings and Loan Association of Lubbock, and Miss Ruth Ford, vice president of the Lubbock National Bank have accepted invitations to be patronesses of Phi Gamma Nu, honorary business sorority.

Mrs. Pat Brownlow, president, made the announcement at the spring rush tea held Sunday in the Student Union building.

Rushes attending were Clema Rutherford, Claudie Carpenter, Barbara Biggs, Jerry Denton, Josephine Sloan, Anne Owens, Jane Taylor, Gwen Gracey, Barbara Stice, Bernadine Weatherford, Jane Shepherd, Mary Louise Fenton, Ruth Marie Drew, Pat Stooksberry, Betty Scarborough, Janet Robertson, Mary Jane Smith, Sharon Seeliger, Kay Squires, Naomi Wright, and Pat Hall.

AWS to Nominate Officers Monday

The Nominating Committee of the Association of Women Students will submit names for potential officers to serve next year at the AWS Convocation Monday at 5 p.m. in Ad. 260.

The meeting is open to all women on the campus, and nominations may be made from the floor. The election will be March 28 in the Home Economics and Administration buildings.

Leadership Meet Dated March 25-27

The Cloudercroft Retreat, second annual leadership meeting sponsored by the Board of Student Organizations, has been scheduled for March 25-27 in Cloudercroft, N.M.

Registration for the retreat is open to one member from every campus organization. A fee of

\$21.50 per delegate will cover all costs except transient meals. Deadline for registration has been set at March 18 at the Student Union Newsstand.

President E. N. Jones will be the keynote speaker on the first day of the retreat. Approximately 90 students are expected to attend.

Track, Golf Teams In Border Olympics

Spikers Minus Sprint Star Fairley - Win Chances Slim

By JOE McLAUGHLIN
Toreador Sports Editor

Texas Tech's track squad, hurt by the loss of twice Border Conference 220-dash champion Jerry Fairley of Pecos, will enter the annual Border Olympics at Laredo tomorrow and Saturday. Fairley pulled a muscle in the Red Raiders' opening win of the season last week against Sheppard Air Force Base, 61-56, and may not be ready for the Olympics.

Golfers Entered
Also entered in the annual Laredo tournament is Tech's crack golf team. Coach Warren Cantrell's linksters will probably hold a better chance of winning than the tracksters.

No. 1 schoolboy golfer in Conference AA last year, John Farquhar of Amarillo, will head a lineup composed of John Paul Cain of Sweetwater, Don Kaplan of Borger, Bob Westfall of Amarillo and Neil Sconiers of Iraan.

The linksters won the Sun Carnival Meet in El Paso and later knocked off Hardin-Simmons. They have lost decisions to Southern Methodist and North Texas State. The defeat by SMU, defending National Collegiate champion, was by only 3-2.

Trackmen Ready
Coach Landon Westbrook's track team includes hurdler Leon Chester, Andrews, high jumper Ray McDonald of Blanket; Don Covey, broad jumper from New

Deal; 440 and mile relay members, Ted Billington of Plainview, Don Roberts of Winters and Frank Clarkson of Greenville; 100 and 220 dashman Scotty Woodfin of Antonio; miler Roald (Back) Johnson of Muleshoe; and Pole vaulter Homer Staggs of Brownwood.

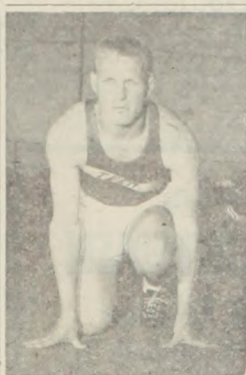

Other tracksters are Don McGuire, middle distance man from Anton; Roy Bryant, weightman from Plainview; Tom Terry, discus tosser from Houston; and Don Cox, middle distance man from Dallas.

Chester, Bryant and Johnson each chalked up a pair of first places in the win over Sheppard. Williams of SAFE was high-point man with three firsts.

Complete track card:
March 11-12—Border Olympics at Laredo.

March 18-19—Southwestern Recreation Meet at Fort Worth.

March 25-26—West Texas Relays at Odessa.

... Fairley ... may not see action.

★ ★ ★

CHESS TOURNAMENT

Catch-as-catch-can will be the rule when the Sneed annual chess tournament opens Tuesday at 7 p.m. in Sneed lounge. Anyone desiring to enter the play should call the Sneed switchboard, PO5-9338, between 8 a.m. and 8 p.m. before March 14.

Miners, Coin Flip, Slip Mickey to NCAA Hopes of Cold-Shooting Red Raiders

Wha' hopen'd to Tech Saturday night shouldna' hopen to a dog!

The Red Raiders, besides having one of the worst shooting nights from the free throw line, couldna' catch up to Texas Western and the Miners threw a kink into Tech, 79-71, at El Paso.

To top that, Tech even lost the coin flip that would have sent them to the NCAA playoffs and a chance to knock off the nation's No. 1 team, San Francisco!

West Texas' Buffs, who sat idly by for a week, represented the Border Conference in the playoffs and were soundly trounced by the San Francisco Dons, 89-66, Tuesday night. Bill Russell led the Dons with 28 points.

The only time the Raiders led was 2-0 at the beginning on Gene "Tek" Carpenter's fielder. From then on it was Texas Western all the way.

Score at halftime was 40-26 and the Miners increased that to a 22-point lead in the second half. However, a last-ditch rally by the Raiders put them within winning range, 68-63, with about five minutes left to play, but the Miners stalled out the rest of the time.

Jim Reed, Brownfield junior, ended his best season by canning 29 points on 11 field goals and seven free pitches, but the other Raiders weren't as hot as big Jim.

Reed Sets Scoring Mark

With the 29 points, Reed pushed his total to 558 points, a new scoring record in Tech basketball. He averaged 22.3 points per game in 25 contests. Former high mark was set by Paul Nolen during the 1950-51 season when he netted 538 points in 28 games.

Carpenter was runnerup for Tech with 13 points, the only other Raider to score in double digits. Coach Polk Robinson's quintet meshed only 17 of 32 free throw attempts while Texas Western was hitting 27 of 39 tries. The Raiders had 27 fielders to the Miners' 26.

The week started off great with Tech lambasting Hardin-Simmons 94-68 and New Mexico A&M 87-58, but the pressure was simply too great.

The Red Raiders ended the campaign with the best won-lost season record of any team in the Border Conference with a 19-6 mark. West Texas had a season standing of 15 wins and 7 losses. It also was the third best record in history of Tech basketball dating back to 1925.

"Mergie" starring Jeannie Crain will be shown in the ballroom Monday at 7 p.m.

All canasta players may sign up this week at the Union for a canasta tournament to be held Monday night in the game area. Awards will be presented to the winners.

Tuesday the Union will feature the Apple Polish Hour from 3:15 to 4:30 p.m.; a square dance in the ballroom and a basement dance in "The Hole" at 7:30 p.m. and girls billiards in the pool room at 7 p.m.

A special event Tuesday night is the Intercollegiate Bridge Tournament. Anyone interested in competing may sign up at the Union this week. A trophy will be given to the individual campus winner. The names of the four highest persons will be inscribed on a plaque to be hung in the Union. Also, the scores of the four highest persons will be entered in the national contest.

Chemist Speaks On Quartz Helices

Sponsored by the Tech Chemistry department and the student affiliate chapter of the American Chemical Society, Dr. Fred M. Ernsberger, a physical chemist with the Southwest Research Institute of San Antonio, spoke in the chemistry building Monday night on "Preparation and Use of Quartz Helices in Laboratory Instructions."

Ernsberger's address, which was open to the public, was the second by a major speaker to be brought here this year. Dr. L. I. Katzin of the Argonne National Laboratory, Lamont, Ill., gave two addresses here early last month.

Serving almost seven years at the U. S. Naval Ordnance Test Station in China Lake, Calif., Ernsberger's experience also includes work with the Ohio State University Research Foundation at Columbus. A member of Sigma Xi, the American Chemical Society, and the Scientific Research Society of America, Ernsberger has 10 scientific articles to his credit.

Odessa Uranium Class Hears Robert Manning

Robert A. Manning, senior geology major from Midland, spoke to the first class offered in uranium exploration in West Texas at Odessa College this week.

Manning discussed "Uranium Minerals" and "Where Uranium Minerals Are Found" with the class which has an enrollment of 300.

The Tech student has uranium interests in the Colorado plateau and northern New Mexico, and has explored for uranium in Colorado, Utah, New Mexico, and Texas.

Manning is co-owner of the Uranium Exploration Service in Lubbock.

ELLIOTT SPEAKS AT MEET

Raymond Elliott, associate professor of music, will attend a district teachers meeting in Amarillo as a guest speaker. The meeting will be held Friday, March 11, in the Herring Hotel.

Write Prof. Juan B. Rael, Box K, Stanford University, Calif.

Campus Comedians May Participate

Are there any campus comedians in the house?

If so, they're invited to participate in the weekly meetings of the Toastmasters, an organization comprised of the campus' top comedians and orators. The group meets every Wednesday noon at the Student Union building to exchange witticisms and discuss general subjects.

In a gathering of the organiza-

tion last week, Leon Littleton discussed "The Needs of the Returning Veteran and is Tech Meeting Those Needs."

Other subjects covered at the Toastmaster's recent meeting were "The Eccentricities of Some of Your Favorite (or Otherwise) Professors," by Royce Cawthon, and "In Your Own Words, What Does 'Sophomoric Mean' by Johnny Zangas, a Greek student.
