

RIDE 'EM, COWBOY! Donald Hollar, Tech junior from Guthrie, comes out of the chute aboard one of the "stars" of the forthcoming Tech Rodeo. Hollar is a member of the Tech rodeo team com-

peting in the Regional NIRA Rodeo scheduled for the Municipal Coliseum Friday and Saturday. A parade will begin festivities.

Parade Kicks Off NIRA Rodeo Friday

Aggies Honored At Club Picnic

The "Aggie of the Year," the past president of the Agriculture Club and the "Aggie of the Month" will be honored at 6:30 tonight at the annual spring Bar-B-Q of the Tech Agricultural Club being held at Mackenzie Terrace.

The present and past students of Dean W. L. Stangel will present a program as a tribute for his leadership in their education.

BOB BYRD, Aggie Club president, will get the program underway with a welcome to all guests, and the past president of the club will be presented an appreciation gavel by the vice president, Jerry Kotara. The "Aggie Lounge," a modern study room furnished by the club will be dedicated by Don Smith.

To climax the program John C. White, Commissioner of Agriculture from Austin, will speak on "Agriculture's Charge to the College Graduate."

FOOD FOR the event will be catered by Tommy White, and music will be furnished by the "Four Fools."

Polish your boots and get out your western shirts; its Rodeo time at Tech.

The Regional NIRA Rodeo will be held here in the Lubbock Municipal Coliseum Friday and Saturday.

A **PARADE** at 4 Friday will kick off the festivities, and the opening performance will start at 8 p.m. Friday. The Rodeo Queen will be crowned at the Friday night performance.

The opening event of each performance will be the Fraternity Wild Horse Race, a special feature of the Texas Tech Rodeo.

Rules for the Fraternity Wild Horse Race include: Teams will consist of three men from each fraternity. Horses will be haltered and a lead rope will be attached. All horses will be released from the chutes at the same time.

ONE MAN on each team will have a saddle, and with the assistance of the other two members of his team he must saddle his horse, ride him across the finish line, and dismount.

Winners of the Friday night and Saturday afternoon performances will compete in the Saturday night finals. A trophy will be danced to be held immediately after the rodeo Saturday night. The **Page 5, RODEO . . .**

Student Council Mails Insurance Plan Bids

Bids for a college-wide insurance plan sponsored by the Student Council will be mailed out to insurance companies Thursday, Council President David Thompson announced.

The plan will be passed on July 1 at a Board of Directors meeting.

IF PASSED the plan will be available to all students of Texas Tech taking at least 6 semester hours. It will be on a voluntary basis and no student will be re-

quired to take the insurance, Thompson said.

The proposed group plan would cover all student activities including intramural sports. Intercollegiate athletics would be excluded.

A \$500 maximum blanket benefit for accident is provided in the proposed plan. Hospital room and board up to \$10 per day for 30 days for sickness is included. Also, there is a maximum of \$100 for miscellaneous hospital expenses.

UP TO \$200 for surgery-accompanying sickness would be provided. There would be \$3 per day for 30 days allowed for doctor's call while in hospital.

Exclusions in the proposed plan would include services rendered by the Infirmary, war or act of war, eyeglasses, private or chartered non-scheduled flying (commercial would be covered), dental treatment except injury to natural teeth, preventive medicine or vaccines, pregnancy, childbirth or miscarriage, and intercollegiate sports.

Coverage would begin Sept. 1, 1958 and end 12 months later. It would be in effect 24 hours a day. Insurance would be terminated on withdrawal from school. There is a refund if the student enters the armed forces.

DEADLINE FOR bids being back from insurance companies is June 30.

TWO SHIPS BOMBED

SINGAPORE (AP)—An unidentified aircraft bombed one British oil tanker and narrowly missed another Monday in the harbor at Balikpapan, Borneo.

The two ships had stopped at the Indonesian port on the big island with oil from the Persian Gulf for Shell Co. refineries.

Info. Needed

People who did not get their pictures in the class sections of the 1958 LA VENTANA and who paid for a picture last fall are requested to turn their names into the Student Council Office in care of the Publications Committee.

Also, any organizations who were left out of the annual are requested to turn the information in at the Council office.

This information is needed for a yearly evaluation report on publications being made by the Publications Committee, and is needed as soon as possible.

Don Ledwig Chosen Circle K Officer

Don Ledwig, Texas Tech junior, was elected Lieutenant Governor of Circle K, Region I, at its convention hosted by Tech this weekend.

Gary Bonner of Baylor was elected governor by a narrow margin over Douglas Buckelew of Tech.

LEDWIG IS Business Manager of the Student Council and past president of the local Circle K Club. He was recently chosen as Lubbock's Community Ambassador to Finland and will go there this summer.

The newly elected officers were presented Saturday night at the Governor's Banquet in the Convention headquarters at the Caprock Hotel.

The purpose of the convention, as stated by Talmadge Wright, was to further our aims of service on campus and in the community, to elect officers for the coming year and to meet friends again.

HIGHLIGHT OF THE convention entertainment was a performance by the Tech choir. They sang one of the same selections **Page 3, LEDWIG . . .**

Symposium Features Concert and Reviews

by MARY HELEN FAIRLEY

The week-long Seventh Annual Symposium, beginning Tuesday (May 6) in the Music Building Auditorium, will feature two concerts, "New Concepts in Sound" and "Consonance and Dissonance, among a total of 48 works dating from 1930 to 1958.

Sponsored by the Epsilon Pi Chapter of Mu Phi Epsilon and Zeta Sigma Chapter of Phi Mu Alpha, the opening concert will begin at 4 p.m. Members of both groups have planned and directed the program and their glee clubs will perform.

THE SECOND CONCERT at 8:15 p.m. will feature "A Trilogy" by John Gilbert, Dorothy Pijan will sing. Also presented will be "Black Is the Color of My True Love's Hair" performed by Tech's Madrigal Singers and Brass Ensemble.

Contemporary music in dramatic style will be reviewed by Charles Lawrie Wednesday (April 7) at 4 p.m. in the Music Auditorium. Lawrie's presentation, "The Singing Theater" is free.

PERFORMING CONTEMPORARY Music" will be the topic of a faculty round table discussion May 9. Mary Jeanne van Appleton will serve as moderator and Paul Elsworth Lawrie, Gene Hemmle, Charles Post and Keith McCarty as panel members.

Other concert events scheduled in the Symposium are "Contrasts in Music" Friday evening; "Musical Americana" Saturday evening; "Down Beat Today" and the closing event "Twentieth Century Drawing Room" Sunday afternoon.

SELECTIONS INCLUDED in "New Concepts in Sound" are "As Dew in Aprille," "This Little Babe," "Peter Quince at the Clavier," "Meditation," "Ave Maria Stella II and III," "Interludium," "Meditation a Sainte Clotilde,"

"Bon Voyage," "Suite in Folk Style," "Suite for Brass Quartet," "The Last Words of David" and "A Stopwatch and Ordinance Map."

\$844 Needed For Mile of Pennies

A MILE OF Pennies! That is the objective of the World University Service Fund drive in front of the Tech Union yesterday and today.

The mile of pennies project is being held in conjunction with the car wash project last Saturday and Tech's first "West Function," a swim meet to be held Saturday. **RICHARD RIOJAS** who is in charge of the "Mile of Pennies" project, said that about \$844 would be needed to make one mile of pennies. The mile of pennies is being laid out along the sidewalk in front of the Tech Union. This project will end today.

There will be girls collecting money for the drive in all dorms. Pat Booth heads the drive in men's dorms while Carolyn Scott is in charge of the drive in the women's dorms. The women are competing between wings and the men are asked to contribute when they call for their dates.

THE SWIMMING MEET to be held Saturday is open for entries from all campus organizations. Entry fee per organization is five dollars. Organizations may contact Gail Petersen or Carolyn Williamson for further information. Admission to the meet will be fifty cents.

Chairman of the entire drive, which is jointly sponsored by the Student Council and Alpha Phi Omega, is Richard Estes.

Campus Cartoonist of The Year Contest Offers Expense Paid Trip to Paris

Box Cards Incorporated is holding its second annual "Campus Cartoonist of the Year Contest." The first prize is an all expense paid seven day vacation in Paris via Trans World Airlines. In addition to the paid vacation, the first place winners may be offered a box Cards standard

commercial artist's contract. He will also receive royalties if his entry is commercially suitable for reproduction and sale on greeting cards and is used for this purpose.

Second prize is \$250 in cash; third prize is \$100 in cash. Both second and third place winners have a charge for studio contracts.

Forty Are Present At Founder's Tea

Forty faculty and local members of Phi Upsilon Omicron, home economics honorary society, were present at the club's Founder's Day Tea Sunday.

The program was centered around the history of the Omega Chapter and its activities.

Phi Epsilon Omicron had its beginning as a national organization at the University of Minnesota in 1909.

Entry blanks and detailed information for the contest may be obtained from the Tech Bookstore. Cartoons should be drawn to fit the size of a box card.

The contest, judged by Groucho Marx, Steve Allen and Al Capp, begins May 1 and closes at midnight June 1. Decisions of the judges will be final, and all entries become property of Box Cards Inc.

Square Dance, Rec Hall, 7 p.m.

Friday — Western Dance, Ballroom.

Sunday — Movie, Ballroom, 2:30 p.m., "Clamity Jane."

Raider Revues, Snack Bar, 5:30 p.m.

Monday — Movie, "Clamity Jane," Ballroom, 4 and 7 p.m.

Phi Psi, Fijj, West Schedule Mixers

In anticipation of Dead Week, three social mixers are scheduled for this week.

Phi Kappa Psi and Kappa Gamma are planning a western dance tonight at 7:15. The mixer will be at the Clapp Party House.

The Fijis will entertain Kappa Alpha Thetas Thursday night at their lodge. The mixer will begin at 7 p.m.

Knapp Hall and West Hall danced to the music of the Ad Libs last night at their mixer in the Knapp lounge.

Tech Flying Matadors To Enter AAU Meet

Texas Tech's famed Flying Matadors have entered the National AAU gymnastics tournament to be held May 9-10, at San Fernando, California.

Jay Johnson and Charles Rittenberry of Amarillo and Joe Naylor of Lubbock are eligible to represent Tech in the tourney. Johnson was first in the Junior Division of the Southwestern AAU Meet at Dallas. Naylor was third and Rittenberry fifth.

"I think some of our boys are among the top 10 amateur gymnasts in the nation and they can prove it if they go to San Fernando," said Edsel Buchanan, physical education instructor.

The gymnastics group is made up of men in Tech's department of health, physical education and recreation. They work out after classes and finance their own program. Buchanan coaches them voluntarily. The Matadors are not connected with Tech's athletic department and receive no financial support from it.

The team combines showmanship along with solid athletic feats, wearing colorful red, white and black uniforms and sometimes going through difficult AAU rou-

tines with such added features as flaming torches in a semi-dark setting.

The team has participated in the Gulf Coast AAU Meet at Houston; Mid-South Intercollegiate Open at Natchitoches, La.; and the Baylor University Meet at Waco.

Kappa Alpha Theta Wins Fiji Olympics

Winner of the Fiji Olympics, with a total of 49 points was Kappa Alpha Theta sorority.

Pi Beta Phi, with 30, and Delta Delta Delta, 25, won second and third places.

Contests entered were egg throw, egg carrying race, stick jumping, tug-of-war and the baseball throw.

Alpha Chi Omega won first in the egg throw with Pi Beta Phi taking first in the egg carrying race.

First places that went to the Thetas were baseball throw, sack race, tug-of-war and wheelbarrow race; Alpha Phi won the three-legged race; and Pi Beta Phi, pogo stick race.

Twenty Selected For Junior Council

Twenty girls from next year's Junior Class have been selected for initiation into the Junior Council. These girls were chosen on the basis of scholarship, leadership, service and high moral character.

Initiation will be held Thursday at 5 p.m. in the Tech Union. Those to be initiated are Sunny K. Barrow, Elizabeth Brown, Linda Binger, Nancy Carlock, Ann Denny, Linda Lu Hagler, Judy Hyatt.

Julia Ann Kelley, Bette Laverder, Cora Jo Lilly, Mary Ann Lindley, Dorothy Mae Pijan, Carolyn Porter, Jean Schepers, Carolyn Scott, Billie Jean Stroehle, Amanda Ward, Nancy Wilten, Caroline Wood and Johannna Zournas.

Sticklers!

WHAT HAPPENS WHEN A BANK OFFICIAL IS DEPRIVED OF HIS LUCKIES? (SEE PARAGRAPH AT RIGHT)

BANK ROBBERS often try to get rich through no vault of their own. So often, in fact, that bank officials rarely get rattled by ordinary hold-ups. But sometimes the gangsters go too far. Sometimes (Curses!) they lift the officials' Luckies! That dastardly act is bound to cause real *Banker Rancor!* Why? Simple. Every Lucky (You can bank on this!) tastes like a million bucks. Every Lucky is made of fine tobacco... naturally light, good-tasting tobacco, toasted to taste even better. But don't accept our account—check it yourself. Get Luckies right now!

TIME'S RUNNING OUT! Better get your Sticklers in fast! (You haven't lived if you haven't Stickled!) Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (Don't do drawings.) Send stacks of 'em with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mt. Vernon, N. Y.

LIGHT UP A light SMOKE—LIGHT UP A LUCKY!

Rodeo Team Places Second in H-S Rodeo

The Texas Tech Rodeo Team placed fourth at the Hardin-Simmons Rodeo last week. The Tech team chalked up a total of 365 points but narrowly missed first place by five points. Arizona won first with a total of 370 points.

Tom Neff was high point man for the Tech cowboys. Neff won second in the first section of the ribbon roping and fourth in the overall average of the same event. He also won fourth in the second section of the bulldogging.

The team placed fourth at the New Mexico Rodeo. The Tech team is in second place in regional competition.

Donald Hollar tied for fourth in the first section of the bull-riding and won third in the average. Hollar also won second in the first section of the saddle bronc riding.

James Naylor is holding first place position in this region in both tie-down calf roping and ribbon roping. The region that Tech competes in includes West Texas, New Mexico, and extends up into the Rocky Mountains.

Dale Burnett won second in the first section and fourth in the overall average in the calf roping. Bobby Burnett won the first section of the ribbon roping. James Taylor won both sections of the calf roping and had the best overall average in that event.

The Tech Rodeo Team will compete here Friday and Saturday in the Regional NIRA Rodeo held in the Lubbock Municipal Coliseum.

... Ledwig

which they recently gave on the Ed Sullivan Show.

Members of the Rodeo Team are Leonard, Winda Mayo and Charles Berry.

The site of next year's convention will be Cameron College at Lawton, Oklahoma.

Original Paintings Presented to Museum

A presentation of original paintings and crafts by artists of the South Plains and of Hannover, Germany was made Sunday in the West Texas Museum at Texas Tech.

Dr. G. E. Giesecke, academic vice president of Tech and chairman of the foreign visitors committee for the Lubbock Chamber of Commerce spoke on the exchange program that has been carried on between Lubbock and Hannover during the past year. Dr. Giesecke's talk opened the cooperative exhibition sponsored by the South Plains Art Guild.

Thirty paintings and crafts by South Plains artists and 85 paintings

and drawings by teachers and students of the Volkshochschule Hannover, an adult education college, were featured in the combined exhibit. These same displays appeared in the Hannover City Hall last January.

This unusual exhibition was selected last September from entries submitted in open competition. A local highlight in a panel displaying self-portraits by children in the Texas Tech Kinderschule directed by Theodore W. Alexander, assistant professor of German.

Twenty Lubbock artists and four German teachers will be represented by their work. This international project is on display now in the museum and the public is cordially invited.

Women's Softball Nears Conclusion

Women's intramural softball is well on its way with twelve teams playing in the tournament.

First and second round completed action is as follows:

Knapp Hall defeated BSU 22-12. Pi Phi defeated Sigma Kappa 22-0. Alpha Phi downed ZTA 10-8. A Chi O edged the Delta Gammias 15-14. Kappa Alpha Theta and Nurses both advanced on defaults.

In the consolation bracket, Delta Gams took the Gamma Phi Betas by default and the Nurses won by default over Casa Linda.

The double elimination tournament is scheduled to end May 8.

Dolphins Present Aquatic Show

The Dolphins will present the first aquatic show in Tech's history May 8-9 at the Tech swimming pool.

"This is the first show, but we hope to make it a tradition," said Bill Lewis, Lubbock.

The show will feature a water ballet, clown diving, exhibition diving, and a fashion show of beach wear modeled by representatives of each Greek social sorority on campus.

Models for the show are Ma-Linda Howell, Alpha Chi Omega; Carolyn Cummings, Sigma Kappa; Joan Sweet, Kappa Alpha Theta; Pegie Johnson, Delta Gamma; Caroline Wood, Pi Beta Phi; Mary Lynn Peveto, Kappa Kappa Gamma; Kay Jones, Delta Delta Delta; Jill Flynt, Gamma Phi Beta; Nancy Hooser, Zeta Tau Alpha; and Diana Smith, Alpha Phi.

Tickets are fifty cents and can be bought from the Dolphins.

Acct. Society Plans Final Meet

The Texas Tech Accounting Society will have its final meeting Thursday at 8 p.m. in the workroom of the Union building. Purpose of the meeting will be to elect officers for the fall semester.

Norman Dreyer, spokesman for the society says, "Y'all come."

Council Providing Fine Service

THE STUDENT COUNCIL has been working two years on the proposed insurance plan for the Tech student body. It appears as though their labors are going to bear fruit.

The plan, which is to be mailed out Thursday, is due to be acted on at the July 1 Board of Directors meeting. The Board will decide on which bid to accept or even whether to cancel the entire project if they should so wish.

Insurance will then be available at the start of the Fall semester on a strictly voluntary basis to the entire student body.

If the plan as proposed by the Council goes through, it appears to be a good one. Its coverage includes accident, sickness and hospital.

One especially good feature, if it goes through, is the intramural sports clause. This would provide compensation for any injury received while playing an intramural sport.

Coverage would not be limited strictly to campus, but would be either

on-campus or off and would be good 24 hours a day for one year.

In the plan benefits would be paid regardless of any other insurance the student might have. There would be no restriction in any way for pre-existing sicknesses.

Finally, the insurance company would be bound to the premium for a period of two years without raising rates, thus insuring the continuance of a fair rate.

Overall, this plan would be well worth the average student's money. The plan would give the student a buffer, provided he had no insurance, to soften the blow of any serious accident. If he had insurance, this would be further protection.

We would say the efforts of the Council were well worth the trouble. It will be a fine service to the Tech student body.

Rat Diets Give Parallels To Human Diets for Study

by PAT MATHENY

How does a freshman girl feel taking care of rats for the food and nutrition department? Gayle Kilgore, Home Ec education major from Lubbock, says: "At first I was scared to death of them, but now I'm getting used to it."

GAYLE'S JOB is to weigh the food and feed it to the rats change the water and weigh them once a week. "I always pick the big ones up with rubber gloves to protect myself against the animal's sharp teeth, she said. She readily admits she likes the big rodents better than the baby ones.

"The rats are kept on different diets," states Gayle. They are the snack, basic seven, low protein, two-thirds adequate, green vegetable, snack and vegetable, snack and milk, and control diets.

THE WHITE RATS are used for food and nutrition classes 131 and 334 in dietary studies because they are omnivorous. Their physiological makeup is not too different from a human's. The animal's life span is short and many generations

can be studied. Also rats are not very expensive.

Dr. Mina Lamb, head of Food and nutrition, states: "Using the rats as a tool in education is a dynamic way to impress students." She explains that

rats illustrate the influence of food in the growth, development and normal appearance of the body. From these different rat diets students can draw a parallel to human diets.

Techsans Talk Back

For Free Expression

Editor,

I applaud the critical victory of Mr. Huddleston in last Saturday's TOREADOR. His words ring harshly in the ears of some few proponents of the doctrine he presented.

THE IDEA THAT "politics, political parties, groups and discussion clubs are basically and inherently evil" belongs to the extreme Rightwinger. This idea is born of the epitome of ignorance. The extreme Rightwinger or Ultra-conservative would destroy all opposition in order to propagate his theory. His goal is attained by a slow

strangulation of democratic ideals.

If it is true that political organizations and similar groups are not allowed on Tech campus, then what is the purpose of our university; to encourage the development of creative minds and the thirst for knowledge or to restrain those minds? Any rule that prohibits institutions which express the ideas of men also prohibits free thought. Thought cannot be controlled, it may only be driven underground. The University of Chicago, home of creative thought in philosophy and science, allowed a student Communist Club to function (along with some two hundred other student organizations) on the theory that free operation is its best offense or defense.

THE GREATEST threat to our representative democracy is not communism but extremism. Our whole theory of government is based on a competitive system, namely the two party system. If all but one party were destroyed, we would ultimately be confronted by a totalitarian government. All of this would be the result of such rules as those which prohibit competitive thought on the Tech campus.

Furthermore, if service to school alone is a qualification for a Tech organization with no interest in off-campus affairs, what are we to do after graduation? Certainly it is important that we attend to the welfare of Tech, but one of the main purposes of an education is to prepare us for service to humanity. May we never become so nearsighted as to ignore our duties as educated citizens of democracy!

Humbly,
Van S. Whitby

LITTLE MAN ON CAMPUS **Bibler**

...wet wash...

—wetherington

One morning in Spring a light shower of rain covered the dust-laden hills and cleaned the air and left everything bright and green and looking as if it had just appeared.

STUDENTS WHO had eight o'clocks began to stream across the wet grass and along the sidewalks, dodging puddles and looking back from time to time, wary of splashing tires along the street.

Professors trudged along the halls with their briefcases of classnotes for the day and unlocked their office doors, pausing to chat with each other before beginning the day of classes.

The campus began to wake up. Coffee was being made in the Union. Sweet rolls and brownies were laid out and the donut man drove up outside and stopped. The cash register was unlocked and the morning papers assembled in their racks.

AT EXACTLY 9:49 a radar officer on the DEW line in Alaska yawned wearily and rubbed his eyes and focused them on his scope. The sweeping ribbon of light now and then created a bright blip, which slowly faded out.

At 9:55 the professors on campus were winding up the second hour's lecture. The Union began to fill up. Secretaries turning off their typewriters and custodians pushed to light cigarettes. The sun was shining brightly and a light

wind was picking up from the northwest.

AT 10:03 the Commander at Seattle pushed a button on his desk. Twenty pilots followed the routine manner of donning parachutes. The sky was overcast with drizzling rain.

A bridge game was being started at 10:10 in the Union. Two students and a professor were arguing Kierkegaard, and a coed with boyfriend sat lazily beneath a tree swapping pulsebeats.

IN THE PENTAGON a General in a barber's chair was getting a shave, mulling over a new directive, while the Central Dispatcher at Air Traffic Control in Nebraska picked up the phone and listened. Then leaned back with a smile of confidence and chewed on his cigar.

At 10:12 the radar officer was relieved at his post, and he put on his parka and walked outside into the furries of snow.

At 10:13 someone lost a golf ball in Augusta.

A CIVIL DEFENSE siren cracked through the sounds of spring on campus, and students and professors and all personnel stopped what they were doing momentarily to listen. It was 10:15.

The green grass turned brown and then black; the masonry of the buildings fell apart; the coffee evaporated and tables and chairs and typewriters and everything else puddled and ran together.

Our two dreamers beneath the bough lost their pulsebeats, and the bridge game was over.

Two minutes later a light shower of rain began to cover the dust-laden hills and the days of complacent sunshine were over for awhile.

BSO Office Liveness

Following several years of planning and anticipation the Tech Board of Student Organizations has opened an official office in the Livestock Pavilion.

Purpose of the office, according to Gayland Pool, executive chairman, is to provide a place for committees of organizations to meet and provide a central place to keep files and BSO material. It is designed to promote cooperation between the board and various organizations.

POOL EXPLAINED that the office will help the board see Tech better and enable BSO to come a more closely knit agency.

The office contains an Addressograph machine for use of any campus organizations. A typewriter is also available for campus work. Office hours are 10 to 12 a.m. and 1 to 4 p.m. Morning hours only will be observed on Saturday. It is open to group use on a committee basis. Times should be arranged with Gaynelle Williams.

OFFICE STAFF is headed by Monte Apple, secretary. Office assistants are Tita Smith, Jeanne Duncan, Sharon Harbaugh, Carolyn, Margaret Morgan, Creola Howie, Julieanne Loomis, Sue Duncan and Johnnie Wade.

Furniture in the office is supplied by the building maintenance department. Mailboxes are ten

Tech, SMU Begin Victory Tradition

A victory bell, to provide a symbol of rivalry between schools and to promote better sportsmanship, will be seen on the campus next year.

The victory bell and an engraved plaque, jointly sponsored by the Texas Tech and Southern Methodist Student Councils, will be presented to the student council of the school victorious in each regular season basketball game.

Both councils agreed that the bell will be awarded on the home court of each school to the winner of the previous game and that presentation would be during half-time intermission.

They also agreed that each council is awarded the victory bell it should inscribe a place with the score of the game which the bell was won and that the plaques be of the same general size.

According to Ewing Werle, president of the Southern Methodist Student Council, the Bell had been prepared now and will be ready May 10.

BSO Offices Are in Livestock Pavilion

Following several years of planning and anticipation the Tech Board of Student Organizations has opened an official office in the Livestock Pavilion.

Purpose of the office, according to Gayland Pool, executive chairman, is to provide a place for committees of organizations to meet, and provide a central place to keep files and BSO material. It is designed to promote cooperation between the board and various organizations.

POOL EXPLAINED that the office will help the board serve Tech better and enable BSO to become a more closely knit agency.

The office contains an Address-crete machine for use of any campus organizations. A typewriter is also available for campus work.

Office hours are 10 to 12 a.m. and 1 to 4 p.m. Morning hours only will be observed on Saturday. It is open to group use on a committee basis. Times should be arranged with Gaynelle Williams.

OFFICE STAFF is headed by Monita Apple, secretary. Office assistants are Tita Smith, Jeanette Duncan, Sharon Harbaugh, Cathy Conklin, Margaret Morgan, Cretha Howle, Julienne Loomis, Sue Dixon and Johnnie Wade.

Furniture in the office is supplied by the building maintenance department. Mailboxes are tenta-

tively scheduled for installation next semester so that all campus organizations may receive their mail in the office.

Pool announced that partial selection of a new BSO council will be made at the next board meeting which is Thursday, March 8 at noon in the Union Ballroom.

Senior Picnic Off

The senior picnic, originally scheduled for May 4, has been canceled. It is the general feeling of most seniors that the time is needed to finish requirements for graduation.

Any tickets which have been purchased may be presented for a refund to the person from whom they were purchased.

A senior class meeting will be held in the Tech Union Anniversary Room, May 6, at 5 p.m.

... NIRA Rodeo Begins Friday

dance will be held in the Old Rec Hall.

Entries will be accepted from the fraternities at the rodeo office in Tech Union.

AS AN ADDED attraction of the Texas Tech's 1958 Rodeo there will be a girl's goat sacking contest. Teams composed of two girls each will start from the north end of the arena at the chutes.

The girls will run to the south end of the arena, sack the goat and carry the goat back over the starting line. The first and second place winners in the first two performances will compete Saturday night in the finals. The winner of the finals will be awarded a trophy at the Awards Dance.

Sororities interested in entering teams in the contest can get their entries in at the rodeo office.

TECH RODEO TEAM members that will compete in the rodeo are Donald Hollar, Brad Long, Bobby Burnett, Tom Neff, Gerald Leonard and Windy Mayo.

Due to injuries part of Tech's team has been sidelined. Charles Berry was injured at the Hardin

Simmons Rodeo, and Leon Swift, Jr., world champion Bull rider, was injured last summer in amateur competition.

Stock for the rodeo is RCA approved and will be furnished by Walter Alsbaugh of Lamar, Colorado. Clowns for the rodeo will be Henry Williams and Jiggs Young. The announcer will be Alvin Davis, past secretary-manager of the NIRA.

STUDENTS WISHING to obtain information about the rodeo should go to the rodeo office beginning April 29. Entries will close 24 hours prior to the first performance.

Tickets can be obtained at the Union or from any member of the rodeo team at \$1.50 for adults and \$1.25 for students.

Special Matinee Starts Passion Play

The Oberammergau Passion Play will begin a series of nine performances today in the Lubbock Municipal Auditorium.

Special student matinees will be presented today and Wednesday at 3:30 p.m. Night performances begin at 8:00 p.m. tonight through Sunday with a Sunday matinee at 2:30 p.m.

Tickets may be purchased at the box office in the Caprock Hotel. Admission for the student performances is fifty cents for students and \$1.50 for adults. No seats are reserved for these performances. Admission for the night performances and the Sunday matinee is \$3.00, \$2.50, \$2.00, \$1.50, and \$1.00, and all seats are reserved.

The production is sponsored by the Lubbock Kiwanis Club for the benefit of the Children's Training Center.

... Placement

nel Director.

City of Amarillo has opening for graduate in accounting. Beginning salary is \$225 per month. The salary will be increased to \$345 at the end of six months.

Amarillo has benefit program which includes insurance, social security, retirement.

Persons interested may secure application form at The Placement Service. A letter should accompany the application form. Enclose small photograph.

Majors: CIVIL ENGINEERING.

Organization: C. H. Leavelle & Company, 1000 Wyoming St., El Paso, Texas.

Mr. H. H. Lippincott, Chief Estimator.

Position: Engineering Trainee for Estimating Department.

Duties include estimating, buying, expediting, general office procedures and later transferred into the field to develop into project manager.

This is firm of general contractors which maintains projects in Southwest parts of U. S. At present they have projects underway at Ft. Bliss, Ft. Huachuca, White Sands, in Truth or Consequences, N. M., Adlene, Rocketdyne at Neosho, Missouri, Water Treatment Plant in Ft. Worth and others.

Men interested should write at once to arrange for interviews. Applications should include grades in mathematics and engineering, extra curricular activities, employment record, military record or status, and personal references. Photograph should be enclosed.

Tech, SMU Begin Victory Tradition

A victory bell, to provide a symbol of rivalry between schools and to promote better sportsmanship, will be seen on the Tech campus next year.

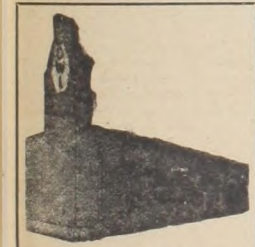

The victory bell and an engraved plaque jointly sponsored by the Texas Tech and Southern Methodist Student Councils, will be presented to the student council of the school victorious in each regular season basketball game.

Both councils agreed that the bell will be awarded on the home court of each school to the winner of the previous game and that the presentation would be during the half-time intermission.

They also agreed that each time a council is awarded the victory bell it should inscribe a plaque with the score of the game for which the bell was won and that the plaques be of the same general size.

According to Ewing Werlein, president of the Southern Methodist Student Council, the Bell is being prepared now and will be ready May 10.

Negro School, Jewish Synagogue Bombed

JACKSONVILLE, Fla. (AP)—Dynamite explosions damaged a Negro school and a Jewish synagogue early Monday.

The blasts occurred outside each building and resulted mainly in broken windows at the synagogue and dislocation of the roof and one wall of the James Weldon Johnson High School.

Mayor Haydon Burns said "it is quite obvious this is the work of an outsider" and asked the FBI to investigate.

The FBI, however, said it had no jurisdiction, adding it found no evidence federal law had been violated.

The two scenes are about four miles apart. The first blast came about 12:30 a.m., the second half an hour later.

An attempt to blow up a Jewish synagogue in Birmingham, Ala., failed when the fuse on a satchel containing 54 sticks of dynamite burned out.

The satchel was discovered by James Pruitt, 18, Negro janitor for the synagogue, Temple Beth-El, located in a busy area of office and apartment buildings.

In Florida, Gov. Leroy Collins pledged the full force of all government agencies would be used to track down the "guilty hoodlums."

Burns said the explosions appeared to follow precise patterns

of bombings in Miami and elsewhere.

Six weeks ago the Jewish Beth El Temple at Miami was bombed with \$30,000 damage. This was on the same day a synagogue at Nashville was dynamited.

The Miami area had a series of bombings in 1951 in which a housing center and several synagogues were damaged. The blasts have gone unsolved.

The synagogue blast in Jacksonville broke glass in a two-block area. Shortly after, two women living in the area were admitted to a hospital suffering hysteria and shock. The synagogue is located on the edge of the business district. The school is in a Negro section.

Shortly after the synagogue explosion Rabbi Sydney M. Leftkowitz, who lives across town from the scene, received an anonymous phone call. He told police a man said "this is the confederate center of information. We have just blown up your Jewish center. All integration in the South must stop."

SC Celebrates Installation Tonight

Curtis Sterling, 1949-50 student body president, and president of the ex-students' association, will speak tonight at the Student Council's installation banquet at Hillcrest Country Club.

David Thompson, Student Council president will install the 1958-59 council officers and representatives, and give a farewell speech. Donnell Echols will make his acceptance speech as incoming president.

Raiders Drop H-SU 7-3; Second Game Today

by BILLY ELLIS and PHIL ORMAN

Righthander Billy Tombs pitched Texas Tech to its fifth baseball win of the season yesterday on the Tech diamond, as the Raiders downed Hardin-Simmons University, 7-3 in the first of a two-game series.

Tombs, although yielding three more hits than his own mates collected from the Cowboys, (8-5) was never in serious trouble as he coasted to his fourth win of the season against only one loss. The Raider sophomore thus has 80 per cent of his team's wins, with Tech now 5-6 for the season.

TECH GOT OFF to a good start by batting around in their half of the first inning, scoring five runs, which were to prove all Tombs needed to win.

First-baseman Dave Allen led off with a single, and when second-baseman Gary Wetter attempted to sacrifice him to second an error allowed both runners to reach base. Centerfielder Gehrig Garrison reached base on a fielder's choice, loading the sacks.

Tech's first run was of the gift variety, right-fielder Sonny Donelson getting a free pass to force Allen in from third. Shortstop Dave Bourland's single brought Wetter in with the second run a moment later.

WITH THE BASES still loaded, leftfielder Ken Warren, Tech's leading hitter, drilled a single to score Garrison and Donelson.

The cowboys were finally able to get an out in the inning, but it still cost them a run. Dave Potter lofted a long fly to the outfield for Tech's first out, but Bourland

was tagged at third and rambled in to score the fifth run.

Catcher Cullen Hunt grounded to short and Tombs was out to the first-baseman unassisted to end the inning.

HARDIN-SIMMONS came back with a run in their half of the first, when leadoff man Harold "Hayseed" Stephens walked, went to third on Robert Groom's single and later scored on Don McNew's one-base hit after Tombs struck out two batters in between.

Groom, running with the pitch, was thrown out as he attempted to score all the way from first, to end the inning.

The Cowboys scored another singleton in the fifth, after Arthur McMillan opened the frame by striking out. Pitcher Joe Allen, who relieved starter Dub Pierce with one out in the second and finished up for H-SU, singled to start the rally.

STEPHENS THEN hit a streaker that Bourland fielded easily, but Wetter bobbled his throw on the short toss, and both runners were safe. Groom then smacked a drive into left field, which bounded out of play for a ground-rule double, scoring Pierce with Stephens holding at third.

H. E. Dunlap then lifted a high fly that Warren came on in a hurry to get, and keep the runner at third. Doug Chitsey then lifted a boomer to right, that Donelson, after apparently losing in the sun for an instant, grabbed for the final out.

Tech retaliated in their half of the fifth, scoring a pair of runs without even getting a hit.

WETTER LED OFF with a walk and went to second on a wild pitch. Garrison struck out, but Donelson walked to put runners on first and second. Bourland laid down a perfect sacrifice, moving both runners up as the catcher threw him out at first.

Then a streak of wildness by the Cowboy pitcher Allen, gave Tech its runs. He walked Warren, Potter and Hunt consecutively, the latter two forcing in runs, before getting Tombs to ground out to end the inning.

Aside from that temporary lapse, Allen did a good job of pitching for the Abilene lads, allowing Tech but one hit. He re-

lieved Pierce with one out in the second, after Pierce was struck on the leg by a ball hit by Gary Wetter.

Tech's "cheap runs" in the fifth sewed up the game, although H-SU scored again in the ninth. Johnny Harrison, leading off, doubled, then was scored by Bill Voss' pinch-hit single. Tombs got Allen on strikes and Stephens on a fly to end the game.

Tombs struck out four and walked two in posting his fourth win. Tech was aided by seven bases-on-balls.

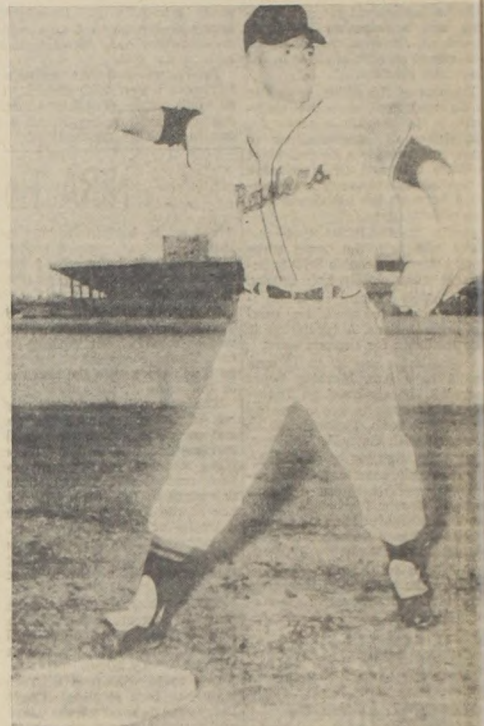

Tech now holds a 2-1 edge on the Cowboys for the year. The teams play again today at 3 p.m.

B. A. "SONNY" DONELSON will be in right field for Tech this afternoon, when the Red Raiders close out their two-game series with the H-SU Cowpokes. A dangerous man at the plate, Donelson will be trying to break out of a "mid-season slump" he's currently riding.

Different Surroundings Add to Snider's Slump

LOS ANGELES (AP)—A batting slump, his gippy right knee and the distant right field fence are bothering Duke Snider.

The Dodger outfielder is batting a puny .200, has hit only one home run at San Francisco and the crowds at Memorial Coliseum have been booing him, although he was born in Los Angeles.

"THE BOOING doesn't bother me," says Snider. "I'm used to it. When I am not going good I expect it. I'm supposed to be a long ball hitter. When I don't hit, the fans certainly are entitled to boo. That's part of the game. I'd boo, too. I sit in the stands and

second guess the Rams and the Trojans and the Bruins."

Duke says he's more concerned about his knee, which was operated on for removal of a calcium deposit and repair of torn cartilage. The soreness has forced him out of the lineup temporarily.

THE THING that worries Snider most is that right field fence in "Outer Mongolia," as the le-handed batters call it.

"You have to learn to hit your home park," he explains.

"At Ebbets Field, Brooklyn, I learned to pull and uppercut the ball, so as to ride it over the high but close right field screen.

IN THE COLISEUM I am trying to become a line drive hitter and to hit to all fields."

The Duke's power is to be de-right. His target is 440 feet away—the deepest point of the park. He will get few if any home at that spot.

VALENZUELA RIDES TIM TAM
LOUISVILLE, Ky. (AP)—Ismael Valenzuela, leading rider in New York this spring, will ride favored Tim Tam in the Derby Trail Stakes Tuesday.

AIR DROP CANCELED
FT. CAMPBELL, Ky. (AP)—Disappointed military commanders Monday called off for good the repeatedly postponed biggest air drop of 5,000 paratroopers since World War II because of high winds and weather conditions.

Pacific Coast Time, DST is Misleading

CINCINNATI (AP)—The start of daylight saving time, plus some unfamiliarity with Pacific Coast times, is causing confusion among baseball fans as to the times on which major league baseball clubs are operating says Dave Grote, service director of the National League.

KEN WARREN, Tech's leading hitter, drove in two runs against the H-SU Cowboys yesterday in his first time at bat. The Raider left fielder, hitting .344 before yesterday's game, went one-for-three to maintain his leading average.

Netters Try for Second In First SWC Season

Tech's tennis team closes out its first year of Southwest Conference competition by hosting the Texas Christian Horned Pigs in matches at 1:30 today on Varsity Courts.

Stan Musial Nears 3,000-Hit Mark

NEW YORK (AP) Stan Musial, speedily closing in on the 3,000 hits mark, is off to a great start in quest of his eighth National League batting championship.

The St. Louis Cardinals' slugger has hit safely in each of the 11 games he's played this year and heads the senior circuit with a .533 average. He has 24 hits in 45 tries and has increased his lifetime total of safe blows to 2,981.

Nineteen more hits will add the 37-year-old Musial to the select group of seven which has 3,000 or more hits. It includes Cap Anson, Ty Cobb, Eddie Collins, Nap Lajoie, Tris Speaker, Honus Wagner and Paul Waner.

Musial won the batting title with a .351 mark last season. That puts him only one behind Wagner, who holds the National League record. Cobb owns the major league standard of 12.

The Raiders, who defeated Southern Methodist 5-1 here Saturday, have practically clinched no worse than a second-place finish in the SWC, in their inaugural season.

Rice seems destined to take the season crown, by virtue of his win over Texas last week. The Texas loss put the Raiders into second place in front of the Longhorns. Texas and Rice still have their doubles matches to play, since they were postponed by rain.

TECH HAS beaten the Frogs 6-0 in a practice game earlier this year, and should strengthen its bid for runnerup position.

Raider players, under Coach George Philbrick are Bob Macy, Billy Edd Gowan, David Kent and Dick Spiers.

The Raiders will probably have their number one and two players in the SWC tournament, combining them for the doubles matches.

Tech Beauties To Be Auctioned off At Texas Tech's First Wet Function

Would you like a date with a and free style), Fancy diving, 25 Tech Beauty Queen? Five of yard back stroke, 100 yard free them will be auctioned off during style relay, 25 yard breast stroke, intermission at Tech's First Wet and 100 yard wade. Function.

Janie Norris, Yvonne Skinner, Peggy Johnson, Anette Rose and Jean Gilliland, have consented to go on a date with the person who bids highest for them at the function.

THE WET FUNCTION is in coordination with the World University Service Fund, a charity drive whose main effort is to help less fortunate students in foreign countries, go to school.

Gall Petersen, chairman of the Wet Function, has set the deadline for entries at noon Thursday. Entry fee for each team is \$5. Each organization may enter as many teams as there are events. Lettermen of the swimming team will referee the events, but will not be allowed to compete.

The events are as follows: Men's Events: 25 yard free style, 100 yard medley relay (back stroke, side stroke, breast stroke and free style) Fancy diving, 25 yard back stroke, 100 yard free style relay, 25 yard breast stroke, 100 yard free style and a Surprise Event.

GIRLS' EVENTS: 25 yard free style, 100 yard medley relay (back stroke, side stroke, breast stroke,

Journalists Set For Internships

Four Tech journalism students have been chosen to serve summer internships, three under the Texas Daily Newspaper Association program and one under the Texas Chemical Association's program.

James Hamm has been chosen to work for the Odessa American and Carlos Byars for the Tyler Courier-Times, on the editorial side.

Charles Flemming will work on the Dallas News in classified advertising. Flemming is next year's Treador advertising editor. These students were chosen by journalism department head, W. E. Garrets.

Representatives from the Texas Chemical Council have chosen Tom Schmidt to work for Dow Chemical Company in Freeport in the field of industrial journalism.

All of these students will be expected to work a minimum of ten weeks internship. The purpose of the internship programs is to give the student a chance to learn the job by actual experience.

North Texas Hit Again With Rain, Tornadoes

North Texas reeled again Monday from attacks of vicious weather, and more tornadoes, severe storms and deluges threatened the state.

Here was Monday's complex weather picture:

THE WEATHER bureau alerted much of the northern part of the state for possible tornadoes and severe thunderstorms. The area paralleled the Red River and stretched 140 miles south of that stream.

It began around Mineral Wells and reached east to the Longview vicinity.

The Trinity flooded in North Central Texas, breaking through levees in some places.

A WHOLE NETWORK of rivers and creeks in extreme Northeast Texas already was well above flood stage or threatening.

A severe cold wave bore down on Texas from the vast midsection of the nation. Livestock warnings were issued for the Dakotas. Temperatures were expected to drop to the freezing level in the Texas Panhandle.

At least three persons died in the state because of the weather during the weekend.

HAIL DAMAGED more than 200 homes near McKinney Sunday,

and what many called a tornado ripped the roof from the Frenship school near there.

Deluges up to 12½ inches brought local flooding at many places, including Atlanta in the state's northeast corner, at Pittsburg, 45 miles to the west, and Dallas and Fort Worth.

The highway department counted at least 21 highways and farm-to-market roads impassable because of high water. More roads were expected to go under during the night.

SCORES OF families fled high water during the weekend.

The tornado-severe thunderstorm alert spread across some of the areas hardest hit by weekend deluges.

The alert was for 1 p.m. to 9 p.m.

CITIES IN the alerted area included Fort Worth, Dallas, Mineral Wells, Corsicana, Longview, Kilgore, Weatherford, Sherman, Denison, Bonham, Mount Vernon, Kaufman, Canton.

Montague, Denton, McKinney, Rockwall, Paris, Clarksville, Marshall, Henderson, Athens, Tyler, Sulphur Springs, Hillsboro, Mount Pleasant, Gladewater and Greenville.

The Trinity River was the bad

actor in North Central Texas.

IT CREPT into several dozen houses in the Roosevelt Heights section and 15 families left for higher ground. It crested at Dallas at 34.6 feet late Sunday and began falling.

It burst through a levee downstream from Dallas and southeast of Seagoville and overflowed thousands of acres of farmland. It expected to go out of its banks Navarro County, near Corsicana.

The crest is expected at Ross late Tuesday at 34 feet — 8 feet above flood stage. It is due to crest at Trinidad at 39 feet by Friday-11 feet above flood stage.

NORTHEAST TEXAS was hard by heavy rains, resulting floods and threats of more flood.

In Bowie County, Texas, at adjoining Miller County, Arkansas, heavy rains — up to 7 inches — flooded croplands and bottom lands, causing extensive crop damage.

A levee broke in Miller County and some roads and highway were closed.

IN CASS COUNTY, southwest of Texarkana, a number of farm-to-market roads remained closed Monday because of high water bridge washouts.
