Wise and Wacky 'Skin of Teeth' Will Be Staged Monday Evening

**By DANIEL PEKES
Toreador Staff Writer**

The famed Touring Players Co. of New York will stage Thornton Wilder's "Skin of Our Teeth" at 8 p.m. Monday, in the Lubbock High School auditorium as the fourth artists course presentation of the year.

"Skin of Our Teeth" is a comic salute to the survival of man through "hell, high water, and double-feature movies." The New York Herald Tribune called it "wonderfully wise as well as wacky . . . a rare and electrifying experience."

The stage company, now in its eighth year of operation, was organized in Europe shortly following World War II. Since then, the company has produced 43 stage productions, according to the Columbia Lecture Bureau of New York, sponsors.

Directing the Touring Players is Joel Friedman of the Smith College faculty.

The play features Peg Murray in the lead role of "Sabina," David Hooks, Robert Canto, Elizabeth Blake and Richard Merrell.

Each spring, it was disclosed, the company makes a national tour covering 30 states. During the summer, the group operates the Spring House Summer Theater in Rhode Island. In the winter, the Touring Players entertain at the Caribe Hilton Hotel in Puerto Rico.

Richard Quine, Columbia Pictures producer-director, called the Touring Players Co. "as fine a representative of the American theater as I can imagine. The performances individually and collectively are worthy of highest praise."

Second In National Contest

1954 Winter Forum on Community Development Wins Foundation Award

Tech's 1954 campus community program won second place in a national contest sponsored by the American Freedom Foundation, an organization for the defense of the American heritage.

The award, announced at a special Washington's birthday ceremony at Valley Forge, came as a result of the first annual West Texas Winter Forum on Community Development, held at Tech Jan. 21, 1954. The forum is sponsored by the adult education program of the Tech Education Department and is headed by Dr. Per G. Stensland, program director.

"This is unquestionably the highest tribute yet paid to the West Texas regional adult education program," said Dr. Stensland, and added, "It's equally a compliment to the administration of Texas Tech for their vision in recognizing service that could and should be rendered to the citizens of this area."

A second Winter Forum on

'Faith and Science' To Begin Series Of Annual Willson Lectures Monday

**By ALTON SLAGLE
Toreador Staff Writer**

"Faith in Conflict" will be the theme of the ninth annual Willson Lecture series, beginning on the campus Monday morning.

Dr. Carlyle Marney, pastor, First Baptist Church, Austin, will present the lectures.

"Faith and Sciences" is to be the topic of the opening talk at 10 a.m. Monday in the gym. Classes will be dismissed for the all-college convocation. The remaining lectures will be given in the Student Union Ballroom at 7:30 p.m. Tuesday, Wednesday, and Thursday. Topics of the talks will be "Faith and Evil," "Faith and Culture," and "Faith and Destiny."

Dr. Marney, in addition to his Austin pastorate, has lectured on 20 college campuses, and at the invitation of the U. S. Air Force, spent two months last year in Korea and Japan on preaching missions at various air bases. He also conducts weekly television and radio programs, and is author of "These Things Remain" (May 1953, Abingdon-Cokesbury Press), also the title of one of his current research interests.

His research interests include externalism in Christianity, the history of Christian thought, anthropology, and philosophy. A native of Harriman, Tenn., he

RECOGNITION SERVICE

Tech's annual all-college Recognition Service will be held Sunday, March 13, at 2 p.m. in the Student Union Ballroom. The service will be in honor of students who rank scholastically in the upper 3 per cent of their class, within their division. Pres. E. N. Jones will make the traditional opening talk to students and guests.

By ROSS SHORT Toreador Staff Writer

Are you satisfied with Tech pep rallies as they have been this year?

The Student Council is not, and a discussion on 'just what can we do about it' was opened at the regular council meeting Monday night. Council action to put campus organizations behind next year's pep rallies is pending further debate.

Joe McLaughlin Is Sports Editor

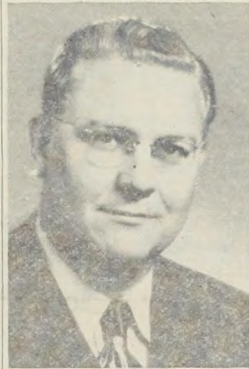

Joe McLaughlin, Amarillo junior, has been named sports editor of The Toreador, Editor David Clark announced today.

McLaughlin succeeds Max Williams, who resigned early this week to accept another position. The new sports editor is employed at The Lubbock Avalanche-Journal.

has traveled extensively in South America, Alaska, and the Yukon. He is a 1946 graduate of Southern Baptist Theological Seminary, is married, and has two daughters, Christopher, 9, and Susan, 6.

The Willson Lectures were

DR. CARLYLE MARNEY

Johnson, Carr, Rainer in Honor Section Replacing 'Who's Who'

Twenty-six students will be honored in the Texas Tech Salutes section of La Ventana, Editor Linda Hudson announced today.

The 26 were chosen by a special committee of the Student Council.

Chosen for recognition were: Wade Brock, engineering senior from Lubbock; Iris Brunson, Lubbock senior; Virginia Carr, Lubbock junior; Glen Cary, Brownfield junior; David Clark, Lubbock senior; Ronnie Clark, Yuma, Ariz. junior; Lois Cleavinger, Dimmitt senior; Wayne Davis, Littlefield senior; Melvin Deardorff, Lubbock junior; Beverly Garner, Rockdale junior; Huda Hassen, Stamford junior;

Linda Hudson, Brownfield senior; Bill Hudson, Port Arthur junior; Jerry Johnson, Dimmitt senior; Carl Kennedy, Pampa senior; Bette McGehee, Canyon junior; Don Mason, Lometa senior; Shirley Massey, Odessa senior; Graves Nelson, Brownfield senior; Glenn Rainer, Lubbock senior; Joe Jack Reynolds, Slaton senior; Ladon Sheats, Lubbock senior; Roy Smith, Big Spring senior; Ann Lee Turner, Fort Worth senior; Bobby Waddle, Cedar Hill senior; and Gwen Williams, Lubbock senior.

Pictures of the group will appear on a special page in La Ventana, Miss Hudson stated. The Tech Salutes section will replace what has formerly been known as Who's Who on the Campus.

The selection committee was composed of Dayle Clark, Ronnie Clark, Miss Garner, Miss Hassen, Johnson, Miss McGehee, Nelson, Jack Pruitt, Waddle and Miss Hudson. Lou Stamatakos, supervisor of Sneed Hall, served as chairman.

Selection was made on the basis of "scholarship, leadership and activities." A 1-point grade average was used, said Miss Hudson.

ENGINEERS ELECT RAY

Bill Ray, junior engineering student, was chosen as Engineering Representative to the Student Council in a special election Monday.

Ray received 118 votes; his opponent, Hugh Fewin, also a junior, received 99. The vacancy in the Student Council was due to the death of Phil McGee between semesters.

Delegates Favor Activity Fee Bill

Glenn Rainer, president of the Student Council, and Melvin Deardorff, Arts and Sciences representative to the Council, met Pres. E. N. Jones in Austin yesterday to attend a hearing and testify in favor of a bill that would re-establish a compulsory activity fee at Tech.

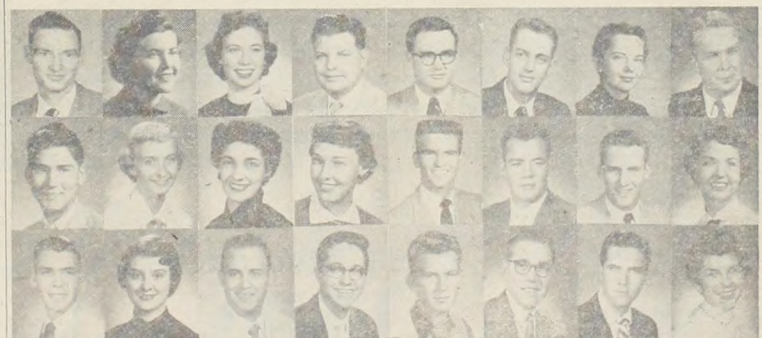

The Student Council voted 11 to 5 to support the bill in Austin. Those voting to favor the bill were: Ronnie Clark, Donnie Dean, Melvin Deardorff, Jerry House, Bill Hudson, Jerry Johnson, Bette McGehee, John Meyers, Gwen Williams, Ronnie Averyt and Huda Hassen.

Opposing the bill were: Johnny Jones, Ann Lee Turner, Beverly Garner, Graves Nelson and Dayle Clark. Fred Currie abstained from voting, and absent from the council meeting were Bob Waddle and Terry Young.

Student Council Disagrees With Proposal To Change Annual Recognition Program

The council is also in disagreement with a proposal by the Faculty Advisory Committee to change the annual program for recognizing outstanding Tech students.

Proposed changes in the March 13 program do not provide for individual recognition of Tech Lettermen. The Council voted 12 to 5 to speak in favor of holding the program as it has been held in previous years. A committee was appointed to make the formal request to Dean Allen.

TWENTY-SIX TECHSANS will be honored by having their pictures in the Texas Tech Salutes section of La Ventana. The 26 are, left to right: top row—Wade Brock, Iris Brunson, Virginia Carr, Glenn Cary, David Clark, Ronnie Clark, Lois Cleavinger, Wayne Davis; second row—Melvin Deardorff, Beverly Garner, Huda Hassen, Linda Hudson, Bill Hudson, Jerry Johnson, Carl Kennedy, Bette McGehee; third row—Don Mason, Shirley Massey, Graves Nelson, Glenn Rainer, Joe Jack Reynolds, Ladon Sheats, Roy Smith, Ann Lee Turner; last row—Bobby Waddle and Gwen Williams.

At The Union Council Operations Will Be Reviewed

Is the Student Council worth its salt?

This question will be the subject of discussion at "Coffee: Grounds for Discussion" Sunday at 3 p.m. in Room A of the Union. Jack Gibson will be moderator as the operations of the Council are reviewed.

"Everyone is urged to come and express his views," Gibson said.

The second in a series of foreign films will be presented tonight. "Gigi," a French film, will be shown at 7 p.m. in the ballroom.

This week's Friday night dance will be Western in theme. The cowboy stomp, with music by the Texas Sons, will be held in the Rec Hall at 8:30 p.m.

Opera will be featured Wednesday at the noon listening hour. An afternoon dance will be held in "the hole," as students have labeled the Union basement, Wednesday at 2 p.m.

Rascher Scores Sax Concert Hit

World-famed saxophonist Sigvard Rascher Friday night played three encores after his regular two-hour concert of classical music in the Union ballroom.

Approximately 200 people attended the program.

Accompanied by the Tech Band, Rascher played "Recitativo and Abracadabra" and "Adagio and Samba."

The band alone played "Procession of the Nobels" and "First Swedish Rhapsody," "La Temple de la Gloria Sonata," "Amoroso," "Variations of a Bavoite," "Romance and Dance," "The Flight of the Bee," "Puleinella" and "The Harmonious Blacksmith" were solos Rascher played, accompanied by Herbert Colvin, pianist.

The Swedish musician stayed through Saturday to conduct a saxophone clinic in the Music Building, during which he demonstrated to students a keyless saxophone and how he played beyond normal range notes.

College Circle Club Plans Little League

A "Gameland" baseball field and a Little League organization are among several activity plans proposed by the newly formed Circle K Club on the Tech campus.

Barely a month old, the collegiate branch of Kiwanis International is planning the projects to create interest among townspeople in the civic activities of Tech men.

Circle K was organized on the campus in February and is under the sponsorship of Prof. Howard Golden of the marketing department, who is also the official representative from the downtown Kiwanis Club.

Clarence Beauford was elected president, Fred Curry vice president, and Don Riggs, acting secretary.

Beauford invites any male student, particularly former members of the high school school Key Club, to join.

Photo Salon Open To Tech Students

Texas Tech students have been invited to participate in the First Annual Texas College Photographic Salon being sponsored by the Camera Committee of the Memorial Student Center of Texas A&M College.

Each college club participating may submit for exhibition five monochrome prints, it was disclosed. All work except the mounting must be done by the entrant. Deadline for entries is April 15, contest officials added.

Prints and entry forms must be mailed to the Camera Committee, Memorial Student Center, Texas A&M College, College Station, Texas.

The winning group entry will be awarded a properly inscribed trophy. Ribbons will be awarded the first three places judged individually.

Further information concerning the contest may be obtained from H. A. Tuck, Room 101 of the Journalism building.

Evan Reiff Speaks At March 12 Fete

President Evan Allard Reiff of Hardin-Simmons University will be guest speaker at a formal banquet honoring initiates of Alpha Lambda Delta, freshman women's honorary society, and Phi Eta Sigma, freshman men's honorary society, March 12, in the Student Union Building at 6 p.m.

The banquet will follow the initiation at 4 p.m. of the pledges of Phi Eta Sigma in the Aggie Auditorium. A smoker will be held today at the Student Union for the prospective new members at 7 p.m. At this time information on pledging will be given to these prospects.

Among the requirements for membership in Phi Eta Sigma are a 3. grade point average on one-half of his completed work and a 2. average on the other half, and a minimum of 13 hours exclusive of band and physical education. If a transfer student, a boy must not have transferred more than 20 hours to Tech. According to James G. Allen, Dean of Student Life, any student who believes he is eligible and has not been invited to join should contact him in the Student Life office.

Richard Ridgway, Sneed Hall, is the president of the group.

STEP RIGHT UP FOR LUCKY DROODLES!

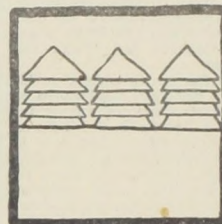

WHAT'S THIS? For solution see paragraph below. Droodle suggested by Robert Bardale, University of Florida.

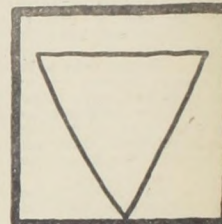

ENJOY YOURSELF to the hilt whenever you smoke. Simply light up a Lucky and get Luckies' famous better taste. Luckies taste better for good reasons. First of all, Lucky Strike means fine tobacco. Then, that tobacco is *toasted* to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, mild, good-tasting tobacco to make it taste even better. Now for the Droodle above, titled: Better-tasting Lucky smoke puffed by modern sculptor. Make a *monumental* discovery. Next time you buy cigarettes, try the *better-tasting* cigarette... Lucky Strike.

CHI SIGMA TEA SUNDAY

Chi Sigma, newest social fraternity on campus, will hold a reception Sunday in the Student Union Ballroom, 2:30-4:30 p.m., according to Gary Bearden, president. Campus fraternities and sororities have been invited to attend.

DEANIE EDWARDS, Pi Beta Phi sophomore from Tahoka, will reign as Sigma Nu White Rose Queen for the coming year. She was crowned Saturday at the White Rose dance.

Keith Morgan Is Zeta 'Best Pledge'

The annual White Violet Breakfast climaxed Zeta Tau Alpha Week Sunday morning at the Hillcrest Country Club. Following the breakfast, pledge awards were made by Danna Stamper, president.

Keith Morgan won the "Best Pledge" award, which is based on participation in campus activities, high scholarship, and outstanding work in the fraternity. A diamond will be placed in her badge signifying the honor.

Suzanne Astor won the scholarship award with a 2.8 grade average.

Marilyn Wood, pledge president, presented pledge projects to the chapter, which included a scrapbook, map of the United States and Canada denoting Zeta chapters and a plaque for the "Best Pledge" award.

Guests included Mrs. Gordon Giocchio of Abilene, past province president; Miss Mildred Bettencourt, faculty advisor; Mrs. Ed Smith, alumnae president, and Mrs. Carl Ratliff, alumnae initiate.

Following the breakfast, members and new initiates attended services at the Episcopal Church.

Twenty-eight pledges were initiated as members last week, which began with a pre-initiation service Sunday night. Initiation services were conducted in the home of Nancy McKissack, 4503 21st.

New initiates include: Suzanne Astor, Dallas; Ferne Asher, Athens; Nancy Bagwell, Claude; Kay Bowers, Oklahoma City; Connie Crews, Midland; Elizabeth Dinwiddie, Amarillo; Betsy Frese, Killen; Barbara Fowler, San Antonio; Barbara Flowers, Stanford; Kay Hauge, San Antonio; Sandra Hitch, Nancy Hays, Glenda Keyton, Keith Morgan, Joe Love Stogner, Shirley Caldwell, of Lubbock; Patsy Harris, Plainview; Virginia Hamilton, Dallas; Pat Long, McKinney; Glenda Moses, Carolyn Pryor, Beverly Campion, Fort Worth; Marilyn Sutton, Texas City; Sandra Spellman, Brownwood; Carolyn Sanders, Sherman; Sharon Seeliger, Lockhart; Harriet Webster, Dallas; Marilyn Wood, Athens.

Alpha Chi Presentation Will Feature Stardust Theme in Union Saturday

Gamma Rho Chapter of Alpha Chi Omega will hold their annual presentation of new members and pledges at 7:30 Saturday night in the Student Union Ballroom. Silver and blue decorations will carry out the Stardust theme.

New members to be presented are: Dana MacNaughton, pre-

sented by Dan MacNaughton, escorted by Bill Bynum; Ruth Anderson, presented and escorted by Bill Bryan; Janet Forgy, presented and escorted by Roy Flowers; Linda Hefly, presented and escorted by Bobby Koenig;

Yvonne Pratt, presented and escorted by Lindell Ross; Mary Jo Worstell, presented by H. B. Worstell, escorted by Bud Reitman; Donna Lewis, presented and escorted by Euel Ray Hill; Mary Lou Francis, presented and escorted by Tom Pike; Sandra Tinnin, presented by J. W. Tinnin, escorted by Frank Rasor;

Billie Jean Ward, presented and escorted by Sammy Vest; Pat Cullum, presented by C. E. Cullum, escorted by Jerry Wood; Kay Hufstetler, presented by L. B. Hufstetler, escorted by Bill Phinizy.

Pledges to be presented are: Pat Flanagan, presented and escorted by Leroy Grooves; Mary Sue Lewis, presented and escorted by James Bennett; Joleen Day, presented and escorted by Luke Rumpy; Alice Smith, presented by Harry Palmer, escorted by Clyde Bear;

Judy Allen, presented and escorted by Wayne Noland; Joyce Harper, presented and escorted by Robert Dinjan; Davie Narrell, presented and escorted by N. C. Northam; Bettie Ethridge, presented and escorted by Jacky McCuiston.

Members and dates are: Mary McCanne, Ben McGlamery; Beverly Thomas, David Wiggins; Earlene Blackmore, Tommy Mitchell; Lamesa; Mary Jo Worstell, Houston; Donna Lewis, Groves; and Mary Lou Francis, Carthage.

A dinner was held for the new members after the ceremonies.

Three Initiated; 2 Pledged By Journalism Fraternity

Theta Sigma Phi, honorary organization for women journalism majors, initiated three new members and pledged two women in ceremonies held recently in the home of the sponsor, Mrs. Louise C. Allen, journalism assistant professor.

New members are Pat Harkleroad, Shirley Hammer and Mrs. Margaret Schrader, all of Lubbock.

Pledges are Quatha Baker, Lubbock and Jan Webster, New Deal.

Sorority Initiates Thirteen Pledges In Ceremony

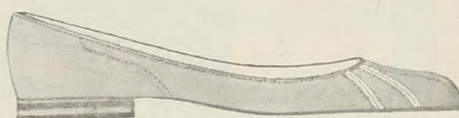

Gamma Rho Chapter of Alpha Chi Omega initiated 13 new members at a formal initiation ceremony last Saturday at the First Presbyterian Church.

New members are: Pat Cullum, Monahans; Billie Jean Ward, Monahans; Sandra Tinnin, Electra; Kay Hufstetler, Las Cruces, New Mexico; Dana MacNaughton, Plainview; Janet Forgy, Canadian; Ruth Anderson; Agua Dulce, Linda Hefly, Fort Worth; Yvonne Pratt, Lamesa; Mary Jo Worstell, Houston; Donna Lewis, Groves; and Mary Lou Francis, Carthage.

A dinner was held for the new members after the ceremonies.

AN EDITORIAL

The System or the Systematizers?

In the Letters to the Editor column is a letter in which Linda Hudson, editor of La Ventana, expresses considerable doubt as to the wisdom displayed in deciding which students are and which are not to receive certain honors at Texas Tech.

Miss Hudson, being primarily a student and not overly concerned with campus politics, was shocked, and rightly so, by her first encounter with the procedures, of which the Tech Salutes list is only the latest example, used to select students for awards on this campus.

Eight of the ten students on the selection committee appear on the list of 26. Clearly, all is not well in a situation like this, where students are given the power to nominate themselves to honors.

Yet this is fundamentally the situation that exists in other phases of campus life. The Who's Who in American Colleges and Universities was selected by a committee composed of students chosen primarily because they were considered to have qualifications which would obviously place them on the Who's Who list.

And at present a Student Council committee is using the same process to select students for recognition for leadership at the annual Recognition Service. Similar results may be expected.

Why are students given the power to choose themselves, even though they may wish not to be placed in such a position? There is no logical answer to this question. The system is at fault. Whose system is it? It is the system of those who do not care, of those who have no interest, as well as of those who seek personal gain. The system is bad, and it is the fault of those who allow it to exist.

-David Clark

LITTLE MAN ON CAMPUS

by Dick Bibber

"I thought perhaps you didn't know—there are three higher possible grades besides "D" and "F"."

Entry Deadline in National Photo Contest Is March 20

The 14th Annual Short Course Photographic Contest has just opened and rules have been announced by the contest director.

Prof. James A. Fosdick, Kent State University.

This year's contest will include nine classes, and first, second, and third place awards will be given. Awards include engraved trophies and plaques which become the permanent property of the winners in each division.

Tech Agronomist Heads Seed Meet

The annual meeting of the Certified Seed Growers is set for Saturday in the Aggie Memorial Auditorium.

Don Jones, superintendent of the Texas Agricultural Experiment Station, will preside over the morning meetings and Cecil Ayers, associate professor of agronomy, will be in charge of afternoon activities. W. L. Stangel, dean of agriculture, will make the welcoming address. Lunch will be served on the campus for students and guests.

Sheveland Named Best Pledge Sara Sheveland was named Delta Gamma's "Best Pledge of the Year" at a breakfast in honor of the new Delta Gamma initiates in the dining room of the Plainsman Hotel Sunday.

Letters to the Editor

Dear Editor:

Elsewhere in this week's Toreador is a list of students entitled "Texas Tech Salutes."

These students, as is pointed out in the story, were selected by a Student Council committee, as were the students on "Who's Who in American Colleges and Universities."

The Student Council is a hard working organization and its members are no doubt sincere and earnest in carrying out their responsibilities to the student body they represent. However, I do not feel that so much responsibility should be given to a group of student body members.

In choosing students who are worthy of recognition, the most important angle is objectivity, in my opinion. One cannot expect anyone to be completely objective about himself. For this reason, students selecting students to be honored are at a disadvantage.

I do not profess to have the happiest solution to the situation; perhaps a committee composed of faculty members and students would improve it, I don't know. I do know that the situation needs correcting.

Sincerely, Linda Hudson Editor, 1955 La Ventana

Dear Editor:

School Spirit! It seems that everybody is yelling about school spirit all of a sudden. Welcome to the club. This is what we of the Saddle Tramps, the cheerleaders and members of various athletic teams have been beating our brains out about all year. Maybe Tech does have school spirit (in reference to a letter published last week), but when cheerleaders yell their lungs out trying to get students to yell for the football team which outnumber the students, when the Saddle Tramps go so far as to take the pep rallies to the students in order to get a crowd and still fail, when slime caps come off before they go on, something is wrong.

Three and a half years ago, way back when, we may not have had Student Union committees and such but we did have school spirit. It could be that this is our trouble, everyone is so busy that they don't have time for school spirit.

It may be a little late to start worrying about this year, but next year is just around the corner. School spirit lies primarily with the freshmen but it is the upperclassmen's job to see that they take part in it by showing them how, not telling them. Let's not fail again.

Sincerely, Eugene Miles

Army Flying Unit To Visit Campus

To attract more ROTC graduates to the Army's Aviation Service, a Fourth Army recruiting team will visit the campus soon.

Campus ROTC officials have requested the team visit Tech either April 28 or May 12. The team will inform ROTC cadets how the Army uses aviation in its activities.

The project is an "earn while you learn" plan, and ROTC graduates who become Army pilots receive flight pay in addition to basic salary.

The primary course consists of 17 weeks of the training in fixed-wing aircraft and 12 weeks of tactical training in fixed-wing aircraft. This course begins after an officer is commissioned.

18 High Schools In Speech Event

Perryton, Lubbock, Abilene and Tulla were among top high schools as approximately 250 students representing West Texas schools attended a speech meet held Saturday. Members of the Tech Forensic Union and Delta Sigma Rho national speech honorary fraternity assisted with the meet.

Events were held in boys and girls debate, declamation, extemporaneous speaking and poetry reading.

Rated as superior in debating were Abilene, Perryton, Lubbock and Amarillo high schools. The debate question concerned free trade.

Each side was given 30 minutes in which to argue the question.

Lt. Harold E. Fox, is now taking the primary course.

SCIENCE MADE SIMPLE: NO. 2

Though this column is intended solely as a vehicle for well-tempered drollery, the makers of Philip Morris have agreed to let me use this space from time to time for a short lesson in science. They are the most decent and obliging of men, the makers of Philip Morris, as one would guess from sampling their product. Only from bounteous hearts could come such a pleasurable cigarette—so felicitously blended, so gratifying to the taste, so soothing to the psyche. And, as though bringing you the most agreeable cigarette on the market were not enough, the makers of Philip Morris have enclosed their wares in the Snap-Open Pack, an ingeniously contrived wrapping that yields up its treasure without loss of time or cuticle. And, finally, this paragon of cigarettes, wrapped in the paragon of packages, can be had in king-size or regular, as your taste dictates. Who can resist such a winning combination? Not I.

A few weeks ago in this column we had a brief lesson in chemistry. Today we take up another attractive science—medicine. Medicine was invented in 1066 by a Greek named Hippocrates. He soon attracted around him a group of devoted disciples whom he called "doctors". The reason he called them "doctors" was that they sat around a dock all day. Some fished, some just dozed in the noonday sun. In truth, there was little else for them to do, because disease was not invented until 1492.

After that doctors became very busy, but it must be reported, their knowledge of medicine was lamentably meagre. They knew only one treatment—a change of climate. For example, a French doctor would send all his patients to Switzerland; a Swiss doctor, on the other hand, would send all his patients to France. By 1789 the entire population of France was living in Switzerland, and vice versa. This later became known as the Black Tom Explosion.

Not until 1924 did medicine, as we know it, come into being. In that year in the little Bavarian village of Pago-Pago an elderly physician named Winko Sigafos discovered the hot water bottle. He was, of course, burned as a witch, but his son Lydia, disguised as a linotype, smuggled the hot water bottle out of the country. He called on Florence Nightingale in London but was told by her housekeeper, with some asperity, that Miss Nightingale had died in 1910. Lydia muttered something and, disguised as a feather boa, made his way to America, where he invented the blood stream.

Medicine, as it is taught at your very own college, can be divided roughly into two classifications. There is internal medicine, which is the treatment of internes, and external medicine, which is the treatment of externes.

Diseases also fall into two broad categories—chronic and acute. Chronic disease, is of course, inflammation of the chron, which can be mighty painful, believe you me! Last summer my cousin Haskell was stricken with a chron attack while out picking up tinfoil, and it was months before the wretched boy could straighten up. In fact, even after he was cured, Haskell continued to walk around bent over double. This went on for some weeks before Dr. Caligari, the lovable old country practitioner who treats Haskell, discovered that Haskell had his pants buttoned to his vest.

Two years ago Haskell had Addison's disease. (Addison, curiously enough, had Haskell's.) Poor Haskell catches everything that comes along. Lovable old Dr. Caligari once said to him, "So, I guess you are what they call a natural born catcher."

"The joke is on you, Doc," replied Haskell. "I am a third baseman." He thereupon fell into such a fit of giggling that the doctor had to put him under sedation, where he is to this day. But I digress. We were discussing medicine. I have now told you all I can; the rest is up to you. Go over to your medical school and poke around. Bring popcorn and watch an operation. Fiddle with the X-ray machines. Contribute to the bone bank . . . And, remember, medicine can be fun!

Texas Symposium of Music To Include Musical Comedies, Concert and Forum

Two musical comedies, a band concert and a music forum will highlight the fourth annual Texas Symposium of Contemporary Music March 31 to April 3. The symposium, sponsored by the music department, will be open to the public without charge.

Presentation of "There and Back" by Paul Hindemith of Yale and "Don't We All?" by Burrill Phillips of the University of Illinois will open the festival. The two musical comedies will be under the direction of Robert Elson, Tech vocal instructor.

Mr. Elson announced that Ann Hoff, sophomore music major from Monahans will be featured in "There and Back" as Aunt Emma. Supporting players are Carol Schultz, freshman music major from Amarillo; Ross Cass, sophomore speech major from Plainview; Lawan Horton, freshman music major from Lubbock; Richard Watkins, freshman music major from Dallas; Myron McCarty, senior Arts and Sciences major from Perryton; and Constantino Michakges, freshman music major from Lubbock.

Alice Ann Yates, senior music major from Plainview and Don Armstrong, freshman music major from Amarillo, will star in "Don't We All?" supported by Anne Novak Bunton, freshman music major from Lubbock and Bill Cormack, junior music major from Amarillo.

Forums on "Music of Bela Bar-

tok" and "Is Opera Still a Good Show" will be presented in the Music Building in the closing days of the symposium.

Musicians Elect, Name 21 Pledges

Two honorary music organizations have initiated 21 pledges, it was announced today. One, Mu Phi Epsilon, also released a list of newly-elected officers.

Officers of Mu Phi Epsilon elected Feb. 22 are Margaret Schindler, president; Ann Hogg, vice president; Kathy Veazy, recording secretary; Joy Downing, corresponding secretary; Carol Tolin, treasurer; Dana Wampler, historian; Virginia Furbie, warden; Lynn Harrison, chaplain; Margaret Ammer, chorister; and Sandra Shook, AWS representative.

Pledges of Mu Phi initiated are Sandra Hemmler, Roberta Elliott, Carol Schultz, Sarah Beth Simpson, Celia Pember and Kathy Gilbert.

Phi Mu Alpha pledges initiated Feb. 22 are Don Armstrong, Tom Boyd, Larry Dickson, Buddy Douglass, Jim Edmondson, Tom Holeman, Ray McLarty, Marold Mathias, Bob Moore, Cecil Morris, Phil Pearce, Charles Sanders, James Schoeld, Bob Wham and Ed Wilson.

Varela Fellowship Competition Open

Competition for the Father Felix Varela Fellowship for study in Cuba is open to American graduate students, announced Kenneth Holland, president of the Institute of International Education in New York.

Offered by the Cuban-American Cultural Institute, the award honors the widely-known Cuban educator who lived more than half his life in the United States as auxiliary bishop of Baltimore and New York.

The fellowship is good for study at the University of Havana during the 1955-56 academic year.

Closing date for the competition is April 1, 1955. The award covers tuition and most maintenance expenses. The successful applicant must provide his own travel and have a fund for incidentals and other expenses.

Candidates in the fields of philosophy, Spanish and Spanish-American literature, history, education, social sciences and law are preferred. Preference will be given to students under 30 years old not primarily interested in research.

Applications may be secured from the United States Student Department of the Institute of International Education.

Sneed Opens Annual Chess Tourney

"Check-mate!" will soon be the magic cry in Sneed Hall.

The dormitory has opened its doors for entrance to their third annual Chess Tournament, scheduled to begin Tuesday, March 15, at 7 p.m.

Anyone is eligible to compete, with trophies being awarded to the All-Campus Champ, All-Dormitory Champ, and the All-City

Champion. Competition is held on a Swiss Tournament basis.

Matches will be played on Tuesday and Thursday nights of each week in the Sneed Lounge.

Persons wishing to compete may enter by phoning the Sneed Hall switchboard before 8 p.m., March 14.

Entrants are requested to bring their own chess sets, if possible.

A Campus-to-Career Case History

He figures for the future

It's James Kirchhoff's job to look ahead. As a Plant Engineer with Illinois Bell Telephone Company, he helps estimate telephone equipment needs years in advance.

For example... when a new real estate development is in the planning stage, Jim figures how much telephone equipment it will need when it reaches its full growth. His estimate is based on his knowledge of the equipment's potential plus forecasts provided him of the area's rate of development. He then makes a complete report that becomes the basis of plans for the future.

Jim can take a look at his own future, too. In telephone engineering he can see a great many opportunities opening up in the next five years... ten years. He can pick the one he wants and start working toward it.

Jim graduated from Northwestern University as an E.E., class of 1952. His progress since then is typical of college men who have chosen telephone careers. If you'd be interested in a similar opportunity, see your Placement Officer for full details. There are also openings with other Bell telephone companies, with Bell Telephone Laboratories, or Western Electric and the Sandia Corporation.

Major Oil, Industrial Firms And USMC Will Begin Senior Interviews Monday

Several major industrial firms and the U.S. Marine Corps have scheduled job interviews sessions Monday through Thursday with senior Tech students carrying technical and business majors.

Monday and Tuesday, the Standard Oil and Gas Co., Continental Oil and San Francisco Naval Shipyard will interview prospective job-seekers in civil, electrical, mechanical, chemical, and petroleum engineering and business administration.

The Chicago Bridge and Iron Co., Reef Field Gasoline Corp., and The Texas Co., Wednesday will interview 1955 graduates in architecture and chemical, mechanical, civil, electrical, industrial and petroleum engineering.

Chemistry, physics, mathematics and electrical, mechanical and petroleum engineering majors have been invited to interview sessions with the Tide Water Associated Oil Co. and Holloman Air Development Center on Thursday.

Also Thursday, a U.S. Marine

Williams, Brunson Describe Visit to UN at IRC Meeting

Tech coeds Gwen Williams and Iris Brunson addressed the campus International Relations Club Friday in the Union ballroom. Their topic was "You, the Nation, and The World."

The two girls have just returned from a trip to Washington, D.C. and the United Nations at New York as delegates to the Christian Citizenship Seminar, sponsored by the Methodist Student Movement. Preceding the talks, color slides of the New York UN headquarters and the capital city were shown.

The next IRC meeting will be held March 17 in the Union workroom. Dr. R. G. Malone, Lubbock physician, will show films of South America. The meeting has been tentatively set at 7 p.m., according to Ronnie Avery, club president.

Corps representative will interview freshmen, sophomores, juniors, seniors and graduate students for Marine Corps officer training programs.

Banquet to Honor Judges Friday

Richard Mott, Dibrell Stone, Edmund Schlabs and Billy Smith, members of Tech's International Champion crop judging team, are to be honorees at the Agronomy Club banquet tomorrow night at 7:15 p.m. in the Student Union Building.

The team, which has won 18 trophies, 26 individual awards, and 5 watches in the past year, will be presented individual medals by team coach, Cecil Ayers. These awards are given each year by the club to team members.

Mr. C. E. Fisher, superintendent of the experiment station at Spur, will be the principle speaker. Fisher will relate his experiences with Cuban and Brazilian agriculture in the past. He will also show related slides.

Attending the banquet in addition to club members will be representatives of the administration, agriculture department heads, and visitors from the agriculture department of Texas A&M.

Music for the evening will be furnished by the Accordionettes of Lubbock, composed of Mrs. J. M. Stanley, Richard Williams, Linda Medders, and Lester York.

ERNSBERGER TO SPEAK

Dr. Fred M. Ernsberger of San Antonio's Southwest Research Institute will speak at the chemistry building Monday on "Preparation and Use of Quartz Helices in Laboratory Instruments."

He is sponsored here by the Tech Chemistry Department and affiliate chapter of the American Chemical Society.

Methodists Stage Two Easter Plays

Casts for two Easter plays to be presented by Wesley Players, Methodist drama organization, have been announced by Eldon Reynolds, club president.

"The Everlasting Dream," by Bessie M. Stratton, includes Nancy Tucker, Don Smith, Nick Carter, Nancy Loveless, and Kim Loveless in the cast. Director is Marian Wilson, assisted by Wilma Welch.

It is the story of Jesus' family and close friends as they realize the true meaning of the resurrection.

"The Terrible Meek," a one-act drama played in darkness, is unusual because of its treatment of a timeless subject and its surprise ending. David Rickey is directing the play, assisted by Barbara Smith. Included in the cast are Mary Lou Francis, Charles Smith, and Alton Slagle.

The plays will be presented at the Methodist Student Center April 3 at 6:15 and 9 p.m. respectively.

DR. TATE RE-ELECTED

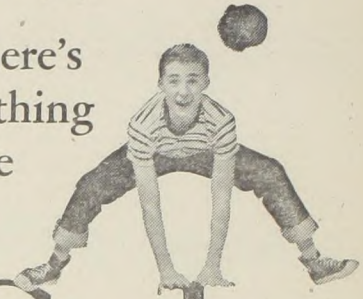

Dr. Donald J. Tate of the department of business education, was re-elected secretary of the

National Association of Business Teachers Training Institutions during the Association's recent convention in Chicago.

Raiders Rip H-SU, 94-70, In Home Closer

Cagers Need Wins Over Aggies, Miners To Cop BC Championship

By JOE McLAUGHLIN
Toreador Sports Editor

Texas Tech's offensive-gaared Raiders took one big step in quest of their second consecutive Border Conference basketball title Monday night and closed the home campaign on a sweet note by racking Hardin-Simmons University, 94-70, in the Tech Gym.

However, Coach Folk Robison's Raiders must whip the New Mexico Aggies at Las Cruces tomorrow night and Texas Western at El Paso Saturday night to win the championship outright.

Miners May Be Spoilers

Texas Western might be the spoiler of the entire Border Conference race. The Miners could very well throw the chase into a tie with West Texas and Tech if they beat the Raiders Saturday night. Their latest victim was West Texas, 78-76. So the Miners can't be taken lightly.

The Aggies are tough on their home court and they proved that by lashing the University of Arizona 83-62 last Friday night for their first conference win in 11 starts. However, they scared West Texas before bowing by eight points.

"Mighty Mite" Carl Ince, 5-10 guard from Lubbock, ended his brief but sensational career at home Monday night by leading the Raiders to the important victory over the Cowboys.

Besides burning the nets with 24 points, Ince unleashed a dribbling exhibition in the latter part of the game to catch the crowd's fancy. When Robison took him out with about a minute left to play, Ince was mobbed by his teammates and the coach while the crowd gave him a standing ovation.

Ince Presented Cup

Ince, only senior on the squad, was presented with a tall loving cup by Raider teammates before the game in appreciation of his service to the team and Tech.

Forward Jim Reed paced the Raiders with 27 points on 11 field goals and 7 free throws. Two other players shot in double digits, DuWayne Blackshear with 19 and Gene Carpenter with 13.

The Cowboys put up a good fight for a half by attaining a 38-38 deadlock, but after Ince hit a jump shot, Blackshear sank a free throw and Carpenter tipped in a rebound in the early part of the second half, it was not close.

Hardin-Simmons trimmed the lead to six points a few minutes later, but the Raiders built up a 19-point lead before the Cowboys realized it.

The Matadors got hot immediately and led 79-59 before Robison pulled his starters and let the reserves finish the onslaught.

Ince was carried off the court on the shoulders of teammates and fans after the game was over.

Tennis Team Hosts Amarillo

The Texas Tech tennis team will play a dual match with the always-strong Amarillo High School racquet squad here this afternoon, announced Coach George Philbrick.

Softball Program To Start March 14

Entries for the intramural softball program will close Tuesday, according to George Philbrick, intramural sports director. Play will begin March 14.

The program will be divided into three leagues: Fraternity, Dormitory, and Independent.

Anyone is eligible to compete, with the exception of those on the varsity baseball team, or those who have lettered in the sport.

Entries may be filed in Philbrick's office in the Gym.

Before entering a team, the team should be named, managers elected and a list of participants should be submitted.

PRINT EXHIBIT HELD

The Konrad Prothmann Print Exhibit, including prints of world famous paintings from Rembrandt to Picassos, is now being held in the Student Union and L.I. N.Y., the exhibit is open to Home Economics buildings. Presented by Prothmann of Baldwin, the public and will continue through next Thursday.

Tournament Results Listed

Phi Delta Trims Phi Gams 59-50 For Intramural Basketball Championship

Phi Delta Theta fraternity, unable to take but second place in their respective league, turned on the steam to sweep past Phi Gamma Delta, 59-50, Tuesday night for the All-College Intramural Basketball Championship.

The Phi Gams bested the Phi Deltas in regular league play, but the Phi Deltas turned the tide in the championship tournament.

The Phi Gams gained the final round by handing Dormitory League winner Sneed Hall their first loss of the season, 66-61. Sneed had bested the Nameless Wonders, winner of the Independent League, in the first round.

Phi Delt, on the other hand, slapped the Tech Vets, of the Independent League, who had in turn beaten Gordon Hall 56-34.

Also in the first round, the Phi Deltas swept past the Golden

Hornets 57-47, and the Phi Gams won their opener with a 56-41 victory over the Ku Klux Klan.

All-Frosh Golf Team Opens Spring Slate Against H-SU

Coach Warren Cantrell and his predominantly freshman golf team make their spring debut in Abilene this afternoon against strong Hardin-Simmons and follow up in the next two days against Southern Methodist in Dallas and Baylor in Waco.

Making the trip will be John Farquhar of Amarillo; Don Kaplan of Borger, John Paul Cain of Sweetwater and Neil Sconiers of Iraan. All are freshmen.

Also on the schedule are Odessa

College here March 11; Oklahoma A&M at Fort Worth March 18; Southwestern Recreation Tournament at Fort Worth March 19; West Texas Relays Tournament at Odessa March 25-26 and possible dual matches with Texas and New Mexico in addition to the Border Conference meet at Tempe, Ariz. May 6-7.

It will be the Techs' first match since a sweeping victory in the Sun Carnival Tourney in El Paso during January.

Profs Will Study Effect of Radiation

The effect of radiation on unborn babies will be studied here under an atomic energy commission grant, according to Dr. Sylvan J. Kaplan, head of Tech's department of psychology, announced this week.

This is the second major grant for radiation research received by Tech this year. Tech psychologists began work this past week on a U. S. Public Health-financed project to help establish the effect of radiation on the human mind.

Pregnant albino rats, and later their offspring, will serve as subjects for the AEC study which will continue over several years, Dr. Kaplan said. Approximately \$15,000 has been granted by the AEC for the first year's operation.

After measuring damage done to learning ability of babies radiated while in utero, the Tech researchers will attempt to halt or reduce ill effects by means of special food supplementations. It is Dr. Kaplan's hypothesis that damage is a result of the nervous system degenerating from lack of food.

Students' Works To Be Presented

Compositions by two Tech students will feature a special recital in the Music Building Auditorium Tuesday, with seven additional numbers listed on the mid-afternoon program.

"Agnus Dei in the Schubert Style," by Annita Powers, and "Invention in C Minor in the Bach Style," by Joy Downing, will be included in the recital, scheduled to begin at 4:10 p.m.

Students performing at the recital are: Albert Malacara, piano; Sue Applegate, soprano, with Sandra Hemmle at piano; Bert Tandy, baritone, Carol Schultz, piano; Nina Kay Porter and Carolyn Taylor, sopranos, Roberta Elliott, piano; Lavan Horton, mezzo soprano, Nancy Hays, piano; Anne Mason, contralto, Cella Pember, piano; Margaret Ammer, violin, Margaret Schindler, piano; and a vocal quartet composed of Carol Schultz, Bill Cormack, Alice Ann Yates and Don Armstrong, with Annita Powers at piano.

Marksmen Enter Southwest Meet

A Tech ROTC rifle team is competing today with teams from 34 other schools in the Sixth Annual Southwest Invitational Small Bore Rifle Meet at Fort Bliss in El Paso.

The six members of the team left Wednesday morning for three days of competition. Team members are: Jimmy Thrush, freshman engineering major; Clifford Gatlin, senior agricultural engineering major; Doyle Stamps, junior business administration major; Richard Stewart, freshman engineering major; John Hallum, freshman government major; and Glen Goddard, freshman in economics.

German Club To Present Mock Television Show

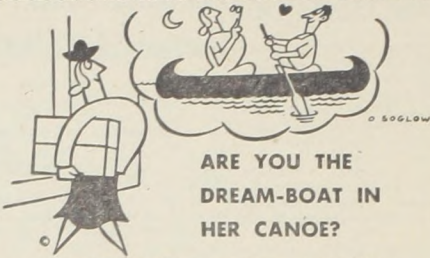

A mock television show originating from station KUSS, a 24-hour station, will be featured in the 1955 Liederkrantz Melodine, presented by the German Club this spring.

A marionette play, entitled "Einer Muss Heiraten" or "One Must Marry" will also be included on the program. Casting for this play includes Alvin Gregg, Jakob; Bob McCarty, Wilhelm; Trixie Austin, Gertrude; and Lynn Rogers, Louise.

Theodor Alexander, instructor in German, will direct the show with assistant director Ray Cook, Richard Sage, and Fritz Stanley.

Six Los Cams Initiated by PiKA

Six former Los Camaradas members were initiated into Pi Kappa Alpha Fraternity Sunday. They are: Richard Adams,ampa; Ben D. Reed, Stratford; David H. Rathjen, Canadian; and Harold L. Womble, Odessa. Bill E. Behrends, Dimmitt and H. A. Tuck, Jr., Lubbock, were initiated as alumni.
