TEXAS TECHNOLOGICAL COLLEGE, LUBBOCK, TEXAS, FRIDAY, MAY 3, 1946

NUMBER 27

## Tech and A & M To Apply For Pantex

### Clement Establishes Priority System

The number of applicants for enrollment at Texas Tech for the fall semester has necessitated the establishment of a priority system, according to W. P. Clement, registrar.

It has been estimated that approximately 5,000 students will be the maximum number that Tech can accommodate, thus former students, or those enrolled in this spring semester will be given first priority, according to Dean R. C. Goodwin, Chairman of Council of Deans.

The Board of Directors of Tech met in Ft. Worth this week to discuss a priority system, and it is presumed that veterans in this state will be given second priority and Texas non-veterans will be given third. Other colleges who have already established a system using this same procedure, also giving a fourth priority to out of state veterans, and fifth to out of state non-veterans.

Dean Goodwin disclosed that registration priority conferences are to be held on Saturday afternoon, May 11, beginning at 2 p. m. The student is to report to his department head and fill out proper forms and be advised as to the proper choice of courses for the fall semester registration. Priority registration tickets will be given to the student, and unless used on the first day of registration, Sept. 13, they will be invalid. If registration is not completed on that date the priority will be forfeited.

Admission of all new and former students will be conducted in the Registrar's office and proper admission papers will be furnished by that office as applications are received.

### Veterans Asked To Sign For Summer Courses

Veterans who have not signed up for courses they would like offered during the 1946 Summer Session are asked to do so not later than Monday, May 6.

Several weeks ago the veterans were asked to go by Mr. Kipp's office and look over the list of course offerings for the coming summer session and sign up for courses which were not listed, but were needed to prevent delay in graduation. There are a number of veterans who have not signed up for courses and they are urged to do so by May 6 in order that the summer schedule can be completed.

### Pre-Law Officers To Be Elected

Officers will be elected for next year at the meeting of Pre-Law Club Monday evening at 7:30 in room 308 of the Administration building. Those elected will take office next September.

Members and dates had their annual banquet last Monday night in the Tech Social Center. Roy Eas, Lubbock attorney, spoke; Rodrick Shaw was toastmaster. Members of Pi Sigma Alpha, the honorary government fraternity, joined with the Pre-Law club in staging the banquet.

The program included a prophecy by Bea Green, and two skits, one directed by Verna Bowden and the other prepared by Douglass Shaver. Patti Hall, vice-president, was in charge of all arrangements for the banquet.

**TO JUDGE CONTEST**

D. O. Wiley will judge a band and orchestra contest at T. S. C. W. at Denton Friday and Saturday. Bands from the northern half of Region 3 will participate in the contest.

**FRIDAY, MAY 3**  
Home Economics banquet, Social Center, 7-9 p. m.  
Silver Key dance, Meadowbrook Club house, 9:15-12 p. m.  
Kappa Mu Epsilon banquet, Hilton hotel, 7 p. m.  
Textile Engineering Society picnic, Mackenzie Park, 5-20 p. m.

**SATURDAY, MAY 4**  
Last day for submission of first draft of thesis for June graduates AAUW, 1 p. m.  
WRA Play Day, Gym, 8 a. m.  
Tau Beta Sigma dance, Band Hall, 8 p. m.  
DFD Spring Semi-formal, Lubbock hotel, 8:30-12 p. m.  
FFA Hayride and Picnic, Mackenzie Park, 5 p. m.

**SUNDAY, MAY 5**  
Dairy Club picnic, Buffalo Lakes, 4-7 p. m.  
Double T Picnic, Buffalo Lakes, 9 a. m.-5 p. m.

**MONDAY, MAY 6**  
AWS, Ad220, 5 p. m.  
Future Teachers picnic  
Tau Beta Sigma, Ad210, 8 p. m.  
Kappa Kappa Psi, T105, 7:15 p. m.  
Pre-law, Ad302, 7:30 p. m.  
WRA Rifery, ROTC Bldg., 4-5 p. m.  
WRA Camping hour, Gym, 5-6 p. m.  
AIEE, E152, 7:30 p. m.  
WICC, H102, 5 p. m.  
Block and Bridge, A224, 7 p. m.  
Industrial Engr. Soc., E263, 7:15 p. m.  
Double T Athletic Office, 7:30 p. m.  
Newman club, Parish hall, 7:30 p. m.  
Am. Soc. of Civil Engr., E109  
Freshman Honor Society for Women, Ad214, 8 p. m.

**TUESDAY, MAY 7**  
Sophomore Class meeting, C101, 5 p. m.  
Liederkrantz, Ad220, 7:15 p. m.  
Sock and Buskin, Ad202, 7:15 p. m.  
Sigma Delta Pi, Ad221, 5 p. m.  
Majors and Minors, Ad210, 7:15 p. m.  
Sigma Gamma Epsilon, C202, 7:30 p. m.  
TWVA, C101, 7:30 p. m.  
Book Reviewers Tea, 1917-17 St., 7:30 p. m.  
Sophomore Class meeting, C101, 5 p. m.

**WEDNESDAY, MAY 8**  
WRA Dancing, Gym, 8-9 p. m.  
Social Clubs  
Sans Souci hayride, 5-8 p. m.

**THURSDAY, MAY 9**  
WRA banquet, 7:30 p. m.  
Kappa Mu Epsilon, Ad208 7 p. m.  
Cantebury club, Episcopal rectory, 6 p. m.  
Forum, Ad206, 1 p. m.  
Student Council banquet, Social Center, 7:30 p. m.  
Pre-med, C101, 7:15 p. m.  
APO, Ad220, 7 p. m.

### Aggie Graduates Outstanding In Research Work

According to K. M. Renner, head of the department of dairy manufacturing, several Tech graduates of that department have distinguished themselves either in post-graduate work research or in industry. Records are not complete on all graduates from the department but among them are:

Dr. J. E. Stine, who received a BS from Tech in 1938 and later a PhD from Iowa State college, is now production manager in charge of cheese production for the Kraft company.

Mart G. Pederson, who took a BS from Tech and an MS from Kansas State college, is now production manager for Price Creamery in El Paso. He is a former professor of dairy manufacturing here.

Vern Rohrer, who graduated in 1936 with a BS, recently took an MD from the Baylor Medical college.

Curtis Scharnberg, 1936 graduate with a BS degree, took his MS from Texas A&M and is now farming in Arizona.

Howard H. Wilkowske, who received both his BS and MS from Tech, is now working on a PhD at Iowa State college.

Edwin B. Williams, who took a BS from Tech and an MS from Ohio State, is now head of the department of dairy manufacturing at Colorado State college.

Animal husbandry graduates who have been outstanding in the fields listed above are:

Vestal Askew, BS from Tech in 1939 and MS from Texas A&M, is now secretary of the Texas Sheep and Goat Raisers association (the

### 'Campaign Capers' Goes Over Big To Tech Audience

"Campaign Capers" Tech's first Varsity Show since the war was presented to near capacity crowds Wednesday and Thursday nights in the Senior High school auditorium. Combining a talented cast, excellent direction and stirring original musical scores, the all-student production was declared a success by critics.

The featured three-act play, which kept the audience laughing or applauding most of the time, concerns a campus election for the office of student president, the rivalry of a returned veteran and a football hero, and the troubles of a "beatnik" college.

Music for the program was furnished by a versatile 30-piece orchestra composed of Tech students.

Best performances of the nights were turned in by Mandy Claiborne in the leading feminine role as Eleanor Love; Randy Rutledge as Nagnorn; Lette Jackson, as the football hero, Knute Sinkowich; and Reverdie Ater as Mickle Moran. Clifford Barr, Don Lummus, Ava Stangl, Robert Pardue, Ruth Cowart, Willard Ogle, Hoyle Moss, Milton Butler, Kenneth Hudson, Wesley Flourish and Floyd Sandler also gave excellent renditions of their roles.

Greatest success of the program were the original songs, "Without You," and "To Tell You the Truth," by Panze Butler; and "I Breathe a Prayer For You," written and sung by Sue Son. A specialty number, "College Boy Blues," was also written by Miss Butler; and she collaborated with Jamie Trainer on "Why Carry the Torch For You," and "M. I. C. I. Celebrity."

Dancers were Lou Burns, Corinne Kennedy, Martha Livelo, Corinne Payne, Doris Cornelius, Maxine Mc-

### College Honors LH Students

High-ranking students from Lubbock and surrounding counties will be honor guests of Texas Technological college May 11 at the college's first high school scholarship day.

Skits by Tech students and a conducted tour of the campus will provide entertainment for the visitors. The Freshman Honor Society, Alpha Chi and Scroll and Key, scholastic honorary fraternities at Tech, will assist college officials in entertaining the high school students.

Psychological, mathematical and English tests will be given the students participating in order to obtain data in awarding the thirty Dunlap scholarships to entering freshmen for next year, according to James G. Allen, dean of men.

Students from Lubbock, Hale, Floyd, Lamb, Hockley, Crosby, Terry, Lynn and Garza counties are eligible for the scholarships. Results of the tests will also be used in awarding other scholarships at Tech.

### College Board Meets In Fort Worth May 1

#### Plant Would Be Made Into Aggie Experiment Station

President W. M. Whyburn was authorized by the Tech board of directors in session in Fort Worth May 1 to make application for use of the gigantic Pantex ordnance plant near Amarillo to be operated jointly by Tech and Texas A. & M. college as an agricultural experiment station.

Tech had previously made application to the Reconstruction Finance Corporation for sole use of the plant as an adjunct facility of the college, tentatively planned for training of veterans in engineering and agricultural research work.

Primary use of the experiment station would be study grass tsetse, a mysterious poison which cattle get from grazing winter wheat, W. L. Stangel, Tech dean of agriculture, explained to the board. C. H. McDowell, acting director of the Texas Agriculture experiment station, College Station and Roger A. Harris, War Assets administration official, of Dallas, also explained uses to be made of the project.

Losses of cattle shipped to market after winter wheat grazing sometimes run as high as 50 percent in a wide area of the upper Panhandle of Texas, southern Kansas, Colorado, and the Oklahoma Panhandle, Stangel pointed out.

McDowell said Secretary of Agriculture Clinton Anderson was interested in the project and the United States Department of Agriculture experiment station has assured its cooperation in coordinating the regional experiment work. McDowell said Chanslor E. Weymouth of Amarillo, treasurer of the Tech board, and new president of the Texas and Southwestern Cattle Raisers association, is the father of the proposed idea of using Pantex for this purpose. McDowell said there is plenty of ground on the huge plant to graze cattle for ordinary grass and wheat and that other small grains might be planted.

Stangel pointed out to the board that it is doubtful if Tech could get possession of the land before fall, but at any rate they could go ahead and plan for the project if it is known the application will be granted earlier.

Mark McGee of Fort Worth, made the motion that the president be authorized to make the application.

Harris said the War Assets administration, a subsidiary of the RFC, was favorable to granting the project for its use as the proposed experiment station.

The board also passed a resolution governing the admission of out-of-state veteran students to Tech. Veterans of World War II who were deprived of high school graduation may be admitted without formality of having been awarded a diploma but admission will be based on a rating supplied from their service record and results of tests given by college officials.

Preference will be given to veterans from Texas in admission to Tech, but every facility will be utilized in caring for all planning to attend the college, the board members said. Since Tech is state-supported and obligated to Texans, first preference should be given to residents of the state, the board ruled.

The board approved this policy submitted by President Whyburn, who explained the situation already of doubling classes and crowding three students into one room in one of the college dormitories.

Discussion of the passage of a resolution covering legalities in connection with the construction of four new dormitories at the college was scheduled for the afternoon session of the board.

Attending the meeting, in the office of Wyatt C. Hedrick, college architect, in the First National bank building in Fort Worth were Chas. C. Thompson, chairman, Colorado City; McGee, vice chairman; John B. Collier, Jr., Fort Worth; Kyle Spiller, Jackboro; A. W. S. representative.

The new members of the council held their first meeting Thursday, May 2, and the new officers presided. Officers of the 1945-46 council met with them to discuss plans for the coming year.

### Veteran Instigates Drive For Medicines

"If you can send us some medicine, such as sulfadiazole or sulfanilamide or atabrine we'll be very glad and grateful. Just a little will be enough. We need medicines badly." These words in a letter from Joseph Ma. Chinese ex-cavaliere leader to Ernest Winter, Tech veteran student, instigated a personal drive which he is making to send medical supplies to his friends in Fukien province.

Winter, who was a fighter pilot on the aircraft carrier Hornet and was shot down during a raid in January 1945. The ex-lieutenant crashed in the China Sea near Japanese held Santuadua Island and was picked up by Chinese fishermen who took him to Wintan. He was harbored here by the Chinese, many of whom had been taught by American missionaries at the schools in Fochow. Winter was guided on a 500-mile trek over mountain ranges and through Japanese lines to an American base where he was flown out. During the month that he was in China he witnessed many needs of the Chinese people, one in particular being the need for medical supplies as so many were dying from just minor cuts.

After his experiences in China Winter changed his opinion of the Chinese people which had formerly been that they were a slow unprogressive people which the U. S. would do better to leave alone. One reason he is convinced the Chinese need and deserve aid is that their spirit during wartime was as unrelenting belief that though the past and present were bad, the future would be better. Ernest is striving to repay and aid these people who effected his escape and who offered him the very best that they had as they were inestimably grateful for what the Americans had done for them.

For several months since his return to the states, Winter has spoken of his experiences to church groups and service organizations and recently decided that there would be many who would like to have a part in aiding these Chinese who were responsible for saving the lives of many American airmen. Ernest found that in raising this fund by contributions he can send the supplies without delay of general relief funds and will route the medicine through channels to the Chinese Relief.

Winter, junior arts and sciences student at Tech, and his wife, the former Genevieve Decker, Tech graduate, live at 2201 16th street. Ernest attended Lubbock High where he played football for the last two years.

Seventy three guests were present at Casa Linda on Sunday, April 28. The guests, who were received by Corrine Stinson, Hazel Wells, Aderrine Clay, Avis Fuchs, and Odessa Weems, were shown through Casa Linda from 4 until 6 p. m.

### Book Reviewers Elect Officers

Officers of Book Reviewers Club were elected for 1946-47 at the last meeting, Thursday, April 25, in the Home Economics building. Jane Burns, president, presided over the section. New officers are Maxine Heisterdorf, president; Sue Thompson, vice-president; Norma Lee Thornton, secretary; Imogene Bagwell, treasurer; Eleanor Phillips, reporter; and Jean Holmes, AWS representative.

Members and guests of the club review the latest books of interest at meetings, which are alternate Thursdays of each month.

### Phi Upsilon Will Hold Final Meet

Phi Upsilon Omicron fraternity, national honorary and professional home economics organization, will hold its final meeting for the year at a picnic at Mackenzie park May 11.

The picnic committee consists of the following members: Modelle McClure, Mary Platt, and Maxine Harper. Mrs. Neva D. Bavousett, instructor in foods and nutrition, is faculty advisor for the occasion.

Members of the organization attended a seated tea at the Social Center Wednesday.

### Wilson Memorial Scholarship Open

Students majoring in foreign languages are urged to apply for the Roscoe Wilson Memorial Scholarship. According to the Twentieth Annual Catalogue, thirty dollars a month for nine months will be paid to the foreign language major from the Roscoe Wilson Memorial Fund. The student selected in the spring by the staff of the Department of Foreign Languages and applications should be addressed to the head of the department.

### Casa Linda Students Hold Open House Sunday

Seventy three guests were present at Casa Linda on Sunday, April 28. The guests, who were received by Corrine Stinson, Hazel Wells, Aderrine Clay, Avis Fuchs, and Odessa Weems, were shown through Casa Linda from 4 until 6 p. m.

### Tech Creamery Best Equipped College Plant In Southwest

By BEN OGLESBY, JR.  
Toreador Staff Writer

With a history as old as the college itself, the Texas Tech creamery is now the best equipped college plant in the Southwest and as well equipped as any plant in the country. The dairy does not stand in competition with local companies, but has enough business to make it self-supporting.

Two retail routes and one wholesale route are operated in Lubbock to train men, but a majority of the products are sold to other campus departments including the dormitories. Ceiling prices are charged for the dairy products sold.

About 400 gallons of milk each day are used in the manufacture of milk, butter, ice cream, condensed milk and cottage cheese.

The dairy is operated to give students instruction in operation of dairy manufacturing plants and as many phases of the operations as possible. Operated on a business

basis, it also gives students practical experience in selling the products.

The creamery also serves as a research laboratory and at the present time tests are being conducted on the various methods of testing sediment in cream, and comparing the cost of operating small dairy plants using hand labor and machine labor.

C. W. Dennison, dairy manufacturing graduate, is the plant superintendent. L. G. Harmon, associate professor of dairy manufacturing, is in charge of the creamery. Seventeen students are employed part-time, a majority of which are dairy manufacturing students. The plant has two full time employees besides Mr. Dennison.

The creamery, next to the oldest milk plant in Lubbock, was opened by the Student Dairy association when Tech first opened. Students were allowed to bring cows to the college and sell Grade A raw milk. This first plant was located in the milk room at the dairy barn.

First real equipment was bought in January of 1928. Other equipment was borrowed from local companies for class and laboratory work. At this time, the dairy began to sell Grade A pasteurized milk and started the first delivery service. This service has been maintained ever since.

Nothing but milk was handled until 1924 when the creamery was enlarged, a milk laboratory and refrigeration unit added. The space was small but they began to make ice cream, butter and cheese.

The dairy remained in these quarters until 1942 when it moved to its present location.

New equipment received this year includes a 28-inch vacuum pan, used for classwork in the manufacture of sweet and condensed skim milk, a creamery package refrigeration compressor, a 100-gallon creamery package multi-mix pasteurization vat, and a thousand pound cottage cheese vat.

A milk powdering machine will be added as soon as possible.

### Honor Society Installs Officers

Gretchen Clift succeeded Betty McMurry as president of the Freshman Honor Society for Women at a traditional installation banquet held Thursday night, April 25, in the Social Center.

Others installed in a candlelight ceremony were Pat Robinson, vice-president; Bobby Green, secretary; Billy Hotchkiss, treasurer; and Sue Lynn Guthrie, reporter.

Retiring officers were Betty Bomar, Barbara Ramsey, Bobby Davenport, and Raythene Baker.

Mary Jean Webb, Dorothy Clift and Norma Cleaver, former members of the organization, were speakers. In their speeches they stressed the importance of continued scholarships and leadership in other organizations after the freshman year.

### Council Installs Six New Officers

Six new officers for the Junior Council of 1946-47 were elected and installed Wednesday in a candlelight installation service in room 102 of the Home Economics building. They are: Betty McMurry, president; Jackie Lewis, vice-president; Katherine Nelson, secretary-treasurer; Betty Bomar, reporter; Bobbie Davenport, parliamentarian; and Corrine Rosenthal, A. W. S. representative.

The new members of the council held their first meeting Thursday, May 2, and the new officers presided. Officers of the 1945-46 council met with them to discuss plans for the coming year.

### Creel Asks For Suggestions For 1946 Senior Gift

Jack Earl Creel, president of the senior class, has announced that the seniors are asking for suggestions from the under classmen as to what the senior gift this year should be. He states that they have the funds, but want to get something that is needed and will be of use to the students who will be here next year.

Dr. Ernest Wallace Attends State Interscholastic Meet

Dr. Ernest Wallace, assistant Dean of Arts and Sciences, attended the State Interscholastic League meet in Austin May 2-3. Dr. Wallace was director general of the Region 1 meet held on the Texas Tech campus recently.

### All College Dance Set For May 11

Tech's all-college dance will be held one week from tonight May 11, at the Cotton Club with the music of Bailey Ireland and his orchestra, at which the queens of all four classes will be announced and presented.

The officers of senior, junior, sophomore and freshman classes are in charge of arrangements for the function. Cotton Club has been reserved for the dance, at which only Tech students will be present.

Tickets are being sold for \$1.00 per person. This price includes transportation facilities by bus from the campus to the dance for those students without cars, according to Jim Humpareys, president of the Junior class, who is in charge of publicity.

# THE TOREADOR

THE TOREADOR, student newspaper of Texas Technological college, is published every Friday on the campus of Texas Technological college at Lubbock by the associated students of the college.

Entered as second class matter, October 31, 1925, at the postoffice in Lubbock, Texas, under the Act of March 3, 1879.

Editorial offices, Press Building, Rooms 103, 105. Telephones: College switchboard; Night editor, 8548.

## BOTTLE SCARS

By LEON HALE Toreador Staff Writer

An incident is told to us over the weekend concerning a character by the name of Hard Luck Hooley, who is seen in and out the campus and up and down the avenue, and it well known to one and all that Hard Luck is indeed well named, as he never holds a pair of queens in his life but somebody comes up with kings, and maybe aces, at that.

Anyway, it seems Hard Luck is driving down the avenue in his convertible thinking about various subjects and one thing and another, such as how he can go about asserting himself, as his ever loving fiancée, Miss Minnie Muldoon, who today runs off with Flanagan the Flatfoot, says he is a party wailer and she will not marry him till he will assert himself. So Hard Luck is driving and cussing his convertible only because the top blows off in a sand storm in the spring of 32 and he cannot raise the few bobs it will take to put it back on, and many citizens say that it is indeed hard luck that he owns this convertible, since it will run only on alternate Tuesdays and then will use as much gas and oil as a brace of Farmall tractors, and maybe more, at that.

Like we say, Hard Luck is driving and worrying, as he will always have plenty to worry about without even half trying, when out from an intersection comes a big black buick a block long, and maybe longer, and puts the broadside wham on Hard Luck's convertible, causing it up to look somewhat like an accordion and attracting attention from various citizens standing round and about.

Now Hard Luck is by no means a tough egg, but he is still not one who wants big black buicks to go round and about putting the wham on his convertible, as this will likely make him angry.

However, Hard Luck decides to get not so angry when out from the big black buick climbs a tough looking mug seven feet tall and maybe taller and looking not so friendly, at that.

Now it comes out from the crowd standing round and about that this character is none other than Mr. Rum Runner Rainey, who is called this name because of the business he has, which is peddling various types of scarce merchandise to one and all who want it, this being a very profitable business to have in a dry town, and it is well known to the citizens that this is as dry a town as any, and maybe drier than most, at that. It also comes out that Rum Runner is by no means

## Clark To Receive Honorary Degree

An honorary degree of Doctor of Laws will be conferred on Attorney General Tom Clark May 30 at Vernon, Texas by representatives from Texas Technological college.

President W. M. Whyburn and a delegation from the college and Board of Directors will go to Vernon for the award which will be conferred following special memorial services for veterans of World War II.

Attorney General Clark was born in Dallas and received his B. A. degree from the University of Texas. He has served as District Attorney of Dallas county and Special Assistant to the United States Attorney.

easy to get along with, and in fact it is rumored that his disposition is so nasty that he will not sleep well at night until he has cooled somebody off with his John Roscoe.

Anyway, when Rum Runner approaches Hard Luck with a snarl on his kisser that will curdle every bottle of milk on the avenue, Hard Luck starts jumping around nimble as a cat in a cactus patch and Rum Runner outs with his rod and starts popping away, causing somewhat of a commotion among the various citizens standing round and about.

During the fracas what comes rolling up but a police wagon and out steps Flanagan the Flatfoot and Miss Minnie Muldoon, Hard Luck's ever loving fiancée, and quick Flatfoot puts the arm on Rum Runner, as it is considered by the local gendarmes slightly illegitimate for guys to go round and about with a John Roscoe popping away at the citizens.

Anyway, Hard Luck, seeing Miss Minnie Muldoon, quick as the next second he waltzes over to Rum Runner, and seeing as he will do nothing about it while Flanagan the Flatfoot has the arm on him, Hard Luck launches a swift boot in the hip pockets of Mr. Rum Runner Rainey, and puts the smash on a couple of the buick's headlights for good measure and says quite testy, what will you do about it, you mugg?

And since Rum Runner does not do anything about this, Miss Minnie Muldoon skips over to Hard Luck and cries oh Hard Luck you assert yourself, and plants a loud smoocher on his pan, much to the amusement of various citizens standing round and about.

And while Flanagan the Flatfoot collars Rum Runner off to the cooler, Hard Luck quick whiffs Miss Minnie Muldoon off to the minister, and for a month Hard Luck thinks maybe his luck is changing, until he picks up the bills from a few odds and ends Miss Minnie Muldoon purchases in town, such as mink coats and diamond rings and various other trinkets as she takes a fancy to.

## 2.... Another

By COUNT MEOUT

Add to the list of campus couples: PHILLIP SWEENEY and SUE SON, TOMMY DUTTON and VIRGINIA LEONARD, DARREL FREEMAN and MARGIE CREWES. Spring is a nice obvious this year. To the famous cutie from Seminole: Less make-up and more attention to your hair would have astonishing results. You might look like a campus favorite.

Nomination for one of the most attractive girls: BETTY SLAGLE, who should not be overlooked when the time comes to select the beauties.

An orchid to JEAN MEDLEY, who were one during the Easter holidays—both were lovely.

And nuts to the Cher: Casa Romeo, who races around in a red convertible. Wonder if he is as popular with the girls as he thinks? Everyone was glad to have VICKY MARTIN back on the campus for a visit this week.

DEANIE GRIFFIN has the most photogenic little smile we've seen in a long time.

J. E. BACHMAN, we bet you thought your name wouldn't be in the paper this week. One never knows.

CAROLYN BENDER, (better known as Spree) who is the love of your life in Sneed?

A word to the wise is sufficient, for a certain Tech blonde has added new loveliness by going to the bottle—peroxide, we mean.

The Count has never seen so many unsightly signs. Wherefore art thou, Campus Beautification?

Does CHARLENE FISHER realize the value of being friendly to everyone? Maybe she is still conscious of her former position as a favorite.

Lovely little JOAN NISLAR—of the blue, blue—she should be the main contender for title of Freshman Queen.

ROBERT PARDEE takes top honors as the boy who is latest to class. The girl who shares the honors—LUCILE BURNS.

DOLORE BIZZELL is our idea of what a Ziegfeld Girl is like—so pleasing to the eye.

MCKINLEY HOPPER can well be proud of his friend, BETTY JO REED, who visited Tech last week. While attending the University of Missouri, she was elected Miss Texas and Beauty Queen.

JACK HINSON wasn't so self-assured at the Fish picnic when all laughed at his predicament. Get the details from a Freshman if you don't know the sad story.

JAYNE THOMPSON and boy friend TULLY are a pair. She should be dubbed Personality Girl of Women's Dorm II.

BUNNY PAYNE is one of the cutest girls in Tech, with a pixie-like charm that is always refreshing.

## FFA Chapter To Change Name

In its regular monthly meeting on April 15, the Tech FFA chapter voted to change its official name from the "Cy Luker Texas Tech Collegiate Chapter" to the "Texas Tech Collegiate Chapter." The organization was originally named for its founder, Cy Luker, the first head of the department of agricultural education.

Plans were discussed for the chapter's major social event for the spring term. Final preparations were also made for a steak fry and hay-ride at MacKenzie Park on May 4.

Plans were made for sponsoring the high school boys judging contests to be held in the agricultural buildings next Saturday. Several members will assist in directing the contests and preparing lunch for the high school boys. Next regular meeting will be May 13.

## SWEETHEARTS ON PARADE...

# Tech's Museum Is Natural Work of Art

BY LAURETTE McCLUNG Toreador Staff Writer

Come snow, come rain, come hail, Tech Museum has a perpetual exhibition—"Sweethearts on parade..."

Most annoying, most lovable, most amazing frequenters of the West Texas Museum are the lovers—two by two they go marching through, falling over the "Evolution of a horse," leaning on the old spinning wheel, dreamily gazing at the Art Exhibit with stargaze in their eyes, holding hands behind the display of arrowheads. Perhaps these old-young people are one of the most natural works of art the museum has had the privilege of housing, these serious young students, giggling seventeen year olds, and timid first graders.

One spring morning between classes, two of these "natural works of arts" called it quits, but the titan-haired custodian knows that due to the exhibit's heartiness, others will take their place.

During a particularly trying day, two seven year olds decided to fight a duel over a petite young lady of unstable character, and the West Hall feline pride and joy denounced the male species in general to an amazed group of afternoon club members. But this was an especially exciting time.

As a rule the works of art come in twos, sign their name in the museum as "Mr. and Mrs. Nobody from Nowhere" and depart as dreamily as they come, leaving behind an echo of murmurs and future happiness.

Two of these unpredictable lovers left a complete architectural plan of a house on Mr. McCormick's Harvester recently; most of the feminine gender leave compact and lipstick—but the parade never returns back. If an item is forgotten in the rush of modern life, it is left for future generations to muse over. If the museum chose to keep a list of lost articles, then hearts would probably be their list.

The older generation will cluck over such an exhibition, the young cynics will scowl, but for the two-by-twos of the campus it's the Reality of the Hour and the Hope of Years To Come!

## Three Initiated Into Theta Sig

Anne Hurt, Earline Young and Christina Tippit were initiated as members of Theta Sigma Phi, national journalism fraternity for women, Thursday, April 25. Members must be either junior or senior journalism students with a B average in all journalism work and a C average in all other college work.

At the same time Anne Hurt and Doris Jean Reed were installed as secretary and treasurer, respectively. Bea Green was installed as president Monday, April 22 at a call meeting.

In an experiment an adult moth lived 77 days without eating.

## Life With The Exes

E. L. Howard, 1940 graduate in Electrical Engineering, was seen on the campus recently. He is visiting his parents at the present time in Post and plans to return to his naval duties within the week.

Robert A. Smith, who graduated from the Industrial Engineering Division in 1940, was a recent campus visitor. He is at the present time employed by Fairbanks-Morse and Company, Beloit, Wisconsin.

Mechanical Engineer Harold Evans (1940) was on the campus visiting friends recently. Harold is now employed by the Gulf Refining Company in Fort Worth.

Ensign J. Eike Godfrey, who expects to be discharged from the Navy in June, visited Industrial Engineering friends on the Tech Campus this week. Godfrey is a Tech graduate.

## Mabel Evans Duggar Accepts Position Here

Mrs. Mabel Evans Duggar, formerly head of Clothing and Textiles department at San Marcus Teachers college, has accepted the position of assistant professor of Clothing and Textiles, replacing Miss Irene Hood, who resigned April 1. Mrs. Duggar taught at this college previous to her marriage.

## Recent Marriages

### OF FORMER TECH STUDENTS

Recent marriages of former Tech students include:

Dorothy Ann Blakeslee of Fort Worth, former student of Tech, to Arthur L. Grimm, also of Fort Worth.

Imogene Forrest of Plains to James W. Glover of Odessa, student here a year.

Virginia Rose Jones of San Antonio, former Techman, to Robert A. Booker, also of San Antonio.

Otta Lou Lancaster to Conrad Earl Rodgers. Both are of Wichita Falls and the bridegroom formerly attended Tech.

Joy Saunders of Brownfield, former Tech student and a teacher in Spring Lake, to Roger Habers of Earth.

Gwendolyn Duff of Kilgore to Cpl. Edgar W. Hendrix, also of Kilgore, former Tech student.

The average life of a butterfly is about four or five weeks.

## Best Equipped Cotton Research Lab On Campus

Textile and chemical phases of the Cotton Research Committee of Texas are now in full operation at Texas Technological College, according to C. G. Rook, associate director. Parts of the research were formerly located at Texas University.

Research equipment valued at \$75,000 recently located at Tech includes complete spinning, weaving and chemical laboratories, equipment for doing research on plastic laminates and the impregnation of cotton fibers with various resinous substances, and other processing equipment. This equipment augments the facilities already located at Tech and makes the laboratory here one of the most complete for textile and chemical research in cotton in the United States.

The spinning and weaving of special fabrics for lamination purposes is one of the projects now under consideration. The fabricated construction of laminated cotton used in aircraft parts production and for other industrial purposes has long been limited to certain yarns and weaves. New types are being sought with special properties for specific commercial uses. The application of plastics to cotton fibers and other cotton products is also being studied here.

Processing of the cotton bur into industrial commodities is being checked by Rook who has been working on this particular problem for the past two years at Texas Tech.

The Cotton Research Committee of Texas, composed of the presidents of Texas Tech, Texas A. and M., and the University of Texas, was established by an act of the Legislature in 1941 to supervise state-supported cotton research in Texas.

After a few weeks caterpillars turn into butterflies.

## Play Day Is Set For Saturday

The sixteenth annual play day will be held Saturday, May 4, at the gym under the direction of Women's Recreation association, Major and Minor club, and the Department of Physical Education for Women.

Activities for the day include tennis, both singles and doubles, jacks, volley ball, relays, table tennis, both singles and doubles, basketball, badminton, both singles and doubles, softball, and washers. A program will be given at 1:00 by members of Miss Sue Rainey's clogging class and members of Miss Hill's recreation class.

All girls will be excused from classes if they purchased tickets and participated in at least two events. The tickets will be 25c and this includes the picnic lunch and all the events. The lunch will be served on the Tech field at 12:00.

## Kenneth Lynn Is Presented Medal

Maj. Charles F. Hartman, head of the Military Science department, presented the Bronze Star medal and the Bronze Arrowhead to Kenneth Lynn of Sudan.

The ceremony took place on the parade grounds in front of the Military Science department April 23, with Platoon A of the ROTC participating.

The citation read "for meritorious service in connection with military operations against the enemy."

## Tentative Plans Set For Summer Recreation

Tentative plans for a summer school recreation program have been made, according to James G. Allen, dean of men. This includes artist course performances and movies which will be held on the green behind the Administration building, and dances held in the gymnasium for all students enrolled at Tech during the summer session. The program will cover a four week period in each six week session.

## Tech Rifle Team Contest Winner

Officials of Texas Technological college have been notified that Tech's rifle team won first place among senior units in the Eighth Service command and ranked fifth among all teams of the nine service commands in the Wm. Randolph Hearst Trophy contest with a score of 912 out of 1,000.

The contest was sponsored by the War department and participated in by college and university teams of the nation.

Charles M. Funk, freshman engineering student of Lubbock won individual championship among senior units of the Eighth Service command with a score of 190. Funk and other members of the team will be presented individual awards in special ceremonies. Maj. Charles F. Hartman, professor of military science and tactics, will make presentations.

Tech's rifle team recently completed their firing season in winning by default a match with Louisiana State university. This has been one of the most successful seasons in the history of the college, with the team having won 11 of the 13 matches participated in.

They were defeated twice by Oklahoma A. and M. and won second place in the Intercollegiate Service command match. During the season the team won matches with John Tarleton college, Henderson State Teachers college, North Texas Agricultural college, Rice Institute, University of Oklahoma, University of Alabama, University of Pittsburgh, University of Arizona, Louisiana State university and two from University of Arkansas.

Members of the team are J. O. Arrington, Audie R. Lee, Donald E. Black, Samuel T. Johnston and Funk. Their coach is S-Sgt. George W. Chavis, instructor in the department of military science and tactics.

## Zora Seguil Wins Women's Singles

Zora Seguil of Tornillo won the women's singles championship of the WRA annual all-college tennis tournament, beating Virginia Broyles of Lamesa in the finals.

Seguil reached the finals with wins over Pauline Foreman of Pampa and Johnnie Gilmer of Seminole. Broyles drew a bye in the first round, then won from Betty Barton of Hale Center in the semi-finals.

Patsy Hardee and Lucille Sorrell were the final champions in the doubles entries.

## Jackson Receives Communication On Military Education

Doyle D. Jackson, professor of education and head of the Teacher Placement bureau, has received a communication from the War Department regarding the development of an education program for military personnel overseas with the Armies of Occupation. Dr. Jackson has been asked to recommend instructors qualified for and interested in the various positions.

Instructors are desired for the following courses: accounting, agriculture, art, business administration, commercial subjects, english, literacy, mathematics, mechanical and technical subjects, mechanical drawing and related subjects, music, physical sciences, psychology, and social sciences.

Minimum requirements for all positions specify at least two years instructional experience and a bachelor degree. Only men are being accepted for the positions at present, and they are to be classified as civilian employees of the War Department. They will not hold Army commissions, but are to be accorded the privileges of post exchange stores and other facilities.

Those interested in instructorships in the Army Education program overseas should contact Dr. Jackson in his office in the Journalism building.

## Sample Library Stacks Received For Approval

Samples of stacks for the Library have been received for approval and some changes are being worked out by Russell Hedrick, college architect, and A. S. Gaylord, librarian. Negotiations are being made with the Breeze Corporation Inc. and contracts will be let as soon as a definite agreement has been met.

## Eight Freshmen Get Scholarships

Eight Tech freshmen who were awarded the Dunlap scholarship last semester have been re-awarded the honor for this semester. The students are: J. W. Chatwell, Gail Coats, Jean Holt, Doris Jean Irvin, Jack Lancaster, Dwight Perkins, Mary Bell Richards and Mary Jane Stucker.

Each person receiving this scholarship, which is given by the Dunlap stores, must have a 2.00 grade average in all work.

## Blattner Judges One Act Plays

Helene Blattner, associate professor of speech was the critic judge for the one act play finals at the state meet of the University Intercollegiate League in Austin yesterday. The critic judge at the finals chooses the state all-star cast of high school actors and indicates the best actor and actress in the finals.

Eight plays, one from each region of the state, were presented at the Austin meet. This region's winner, chosen Thursday, April 18 at the Tech meet, was Amarillo high school's "This Night Shall Pass" which was presented at the state meet. The Lubbock play, "Bed of Petunias" was chosen by the judge as the alternate play.

## Fifteen Hundred Veterans Are Expected For Summer

According to H. L. Kipp approximately twelve to fifteen hundred veterans will attend Tech during the summer session. A minimum of four hours will be required of a full time student under the GI bill.

# Silver Key Sport Dance Next Friday

The Silver Keys will have their spring sport dance Friday, May 13, from 9:15 until 12 p.m. at the Meadowbrook Club House. George Mayes' orchestra will play.

Members and dates who will attend are: Bob Renner, Kathryn Parrish, Anos Howard, Panze Butler, Frank Qualla, Bogan Sneed, Bob Smith, Wanda Jennings, Ralph Cocanougher, Reba Hunt, Warren Tabor, Charlene Fisher, Frank McGonigal, Ann Cox, Joe Huff, Neil Anthony, Chubby Cobb, Jerry Taylor, Glenn H. Ivy, Elaine Head, Joe Horn, Mary Crawford Enoch, Wesley Hamilton, Jamie Tranter, Turner Kimmel, Ava Stangel.

Pledges and dates are: Bob Magee, Betty Seay, A. D. Anderson, Dorothy Cliff, Jack R. Sheldon, Betty Chanslor, John Culver, Bea Green, Mack Elston, Norma Lee Thornton, Mike Guy, Martha Ann Terry, Joe K. Jones, Melba Lewis; Don Furr, Marion Dickinson, Robert Pardue, Mary May Johnson, Floyd Sadler, Elizabeth McLarry; Leete Jackson, Mrs. Leete Jackson.

Other members expected to attend are Herb Leaverton, C. A. Powell and Dale Walker. Pledges expected are Milton Butler, Elmer Reed and Joe Bob Foster.

Chaperons for the dance will be Dr. and Mrs. J. William Davis, Mr. and Mrs. H. A. Anderson, Mr. and Mrs. T. C. Root, and Mr. and Mrs. George Langford.

## Dr. Lamb Directs Science Program

Dr. Mina W. Lamb, associate professor of Foods and Nutrition, assisted by Mrs. Clara Mueller McPherson, will be in charge of the program at the Science Club meeting, which is to be held Wednesday in the Home Economics building.

Subjects which will be discussed at this meeting are as follows: "A Report in Research Activities in the Department of Foods and Nutrition," "The Psycho-physical Development of Children of Nursery School Age," a longitudinal study; "The Basal Metabolism of Children from Two to Seven Years," reported by Mrs. Louise Perry Graduate Research assistant; "Baked Potatoes from Douglas, Preserved by Freezing," given by Mrs. McPherson.

Officers for next year will be elected at this meeting.

## Life With Exes

Adrain C. W. Bowden, civil engineering graduate of '41 and former instructor, was recently discharged from the Navy. He has been visiting friends in Lubbock.

Captain F. W. Merriman, former instructor in civil engineering and physics, writes that he expects to leave India this month on route home. Friends will remember Merriman as a graduate of the class of '38.

On terminal leave from the Navy this month, Robert L. Lindsey, civil engineering graduate, visited friends on the campus recently. Lindsey is a former ASTP and ESMWT instructor.

Sarah Swofford, senior commercial art student, is impatiently awaiting the arrival of Enns Raymond Swofford, Jr., former civil engineer. Raymond left Salpan on the 25 of April. The Swoffords plan to make their home in Lubbock while Raymond completes his degree in engineering.

Brac Biggers, former civil engineering student, called his mother, Mrs. W. D. Biggers of Lubbock last Sunday. He had just arrived in San Francisco harbor from Salpan. Brac plans to re-enter Tech in the Fall.

Robert S. Wylly, petroleum engineering graduate of 1943, was discharged from the U. S. Army in April and is now visiting friends in Lubbock.

Bill Dingus, mechanical engineering graduate of 1941, is now employed by the Freeport Sulphur Co., Freeport, Texas. He was recently discharged from the armed service.

George Arensman, industrial engineer of 1943 and recently dis-

## Aggie Faculty Writes Speeches, Publications

Many notable publications and speeches have been written and published by members of the Tech agriculture faculty within the last few years. All were research problems requiring long and extensive study and research by the authors.

K. M. Renner, head of the department of dairy manufacturing, has published several articles. "Training Dairy and Milk Plant Inspectors" was a speech given before the International Milk Sanitarians Association meeting in October, 1938.

In June, 1942, "A Rapid Method of Churning Cream Into Butter for Mold Mycelia Determinations" was published in the "Journal of Dairy Science," by Renner.

Also written by Renner, "Some Factors Entering Into The Testing of Sour Cream for Extraneous Matter" was published in the "Southern Dairy Products Journal" in June of 1944.

W. L. Stangel, dean of the division of agriculture and head of the department of animal husbandry, was co-author with J. M. Jones, chief, Division Range Animal Husbandry in writing "Effect of Calcium Supplements on Gains of Lambs Fed Sorghum Fodder or Sorghum Silage as Roughage Portion of Patterning Ration," published as a joint publication of the Texas Agricultural Experiment Station, College Station, Texas.

"Outlook for Agricultural Prices in the Post-War Period" by E. L. McBride, head of the department of agricultural economics, has been given twice as a speech and has been published.

## Varsity Show—

Continued from Page One

Collum, Doris Jean Reed, Yvonne Scott and Ruth Venable.

The varsity show chorus included Mary Ann Dykes, Dalton Woods, Paul Hardwick, Helen Porter, Betty Davis, Lareta Maner, Bernice Neugebauer, Shirley Morgan, Mary Lewis, Martha Lewis, Dodie Stringer, Paul Vascon, Gretchen Clift, Virginia Blackburn, Lois Cone, Jean McGregor, Norma Crump, Malena Smith, Ruth Wise, Marjorie Moore, Gladys Hill, Joy Reasor, Polly Farmer, Dee Barker, Betty Parsons, Betty Seaman, Robert Pardue, Bill Felty, Milton Butler, Billy Aycock, Larry Dorsett, and Dean Pierce.

Between-the-acts skits were written by Bea Green and Joe Meador and directed by Anita Hale.

Production staff included Jackie Cogdill, production manager; Anita Hale, assistant production manager; Troy Davidson, business manager; Bea Green and Joe Meador, script writers; Louise Ince, director; John James Haynie, orchestra leader; Panze Butler, chorus director; Betty Bob Diltz and Frances Cloninger, dancing directors; Dave Chapman, set designer; LeVera Riley, properties; Maxine Hemmerdorf, Nikki Whaley, make-up; Duncan Ellison, stage manager; Betty Boulter, costumes; Joan Crabtree, prompter; Panze Butler, Larry Dorsett, Jamie Trainer, John Haynie, Sue Son, musical compositions; Tom Douglas, tickets; Bea Green and Duncan Ellison, publicity.

Members of the orchestra were Don Kleinschmidt, Elizabeth Teal, Mavis Carter, Douglas Hardy, Woodward McDowell, Barbara Robinson, Doris Ragadale, Joan Bertel, Theresa Hargrove, James Zelt, Horton Morris, Philip Kligen, Frank Giles, Jamie Trainer, Douglas Berry, Mary Lou Stewart, Beverly Escanson, Glenn Burleton, Charles Snure, Bill Felty, Elmer Reed, Mert Starnes, Jay Denton, J. W. King, Arno Goddard, George

charged from the U. S. Army, visited friends on the Tech campus this week.

Charles Fair, graduate of the chemical engineering department in 1942, visited here recently. Fair is a Navy dischargee.

Mack Atcheson, chemical engineering graduate of '42, is visiting his brother, James Atcheson, Lubbock architect, this week.

## Slick Slacks

Slick slack outfit, shown above as pictured in the February issue of Junior Bazaar, includes a top of green and white striped jersey and tight black wool slacks with drawstrings at waist and ankles.

## Bibbed Beauty

Large detachable pique bib lends ingenuous air to outfit of blue-grey wool jersey dress with a full skirt, fitted bodice, self buttons shown above as pictured in the February issue of Junior Bazaar.

## Collections Given Campus Museum

Two collections of artifacts and an old hand-made plow were presented to the West Texas museum on the Texas Technological college campus recently, according to Dr. W. C. Holden, curator.

Dr. Cyrus N. Ray of Abilene gave a collection of approximately 300 specimens of artifacts consisting of projectile points, knives, scrapers, manos, and metates. These items belonged to the Valley Creek culture, one of the phases of the prehistoric Abilene man.

A collection of artifacts from the southern part of Mitchell county and the northern portion of Sterlinc county was donated by A. R. Northcutt of Colorado City. Northcutt also gave the museum an old hand-made plow which was used in Cooke county in the later 1880's.

## Sock and Buskin Picnic To Be Held Tuesday

Sock and Buskin will hold its annual spring picnic Tuesday at 5 p. m. at the picnic grounds in Mackenzie park. All members and their guests will meet at the Double-T bench.

Entertainment for the affair will consist of volley ball, baseball, dancing, and a play which is to be presented by Sock and Buskin members under the direction Al-Jarah Byrnes.

Mayes, Joe O'Banion, Jim Dennis, Harry Born, Mary Jane Stucker and Henry Bobo.

Costumes were designed by Betty Boulter, Eloise Fambro, Maxine Hyde, Merle Johnson, Freda Hodges, Loy Catherine Barnett, Ellen Wise, Betty McMurtu, Bette Renner, Joan Dyer and Mrs. Carrie Hoffman. The make-up committee included Nikki Whaley, Diana DeFee, Ruth Fisher, Helen Bell, Betty Bomer, Ann Martin and Peggy Badley.

Assistant stage managers were Billy Aycock and Byron Martin; assistant prop manager was Alora Byrnes. Charles Senning was faculty sponsor and Miss Helene Blattner of the speech department was faculty technical advisor. Members of the student council Varsity show committee were Tom Douglas, Jamie Trainer and Jo Hal Wofford.

## Textile Engineers Holding Picnic

Textile Engineering society is having its annual spring picnic this afternoon at 5:30 at Mackenzie park. Fried chicken will be served and a dance will be held at the park pavillion after the picnic.

All textile students and their dates are invited to attend at no cost. They will assemble in front of the textile building. Chaperons will be Mr. and Mrs. Parsons, Mr. and Mrs. Frank Kelley and Mr. Theron Lehr.

Waldon Moore, architectural engineering graduate in '38, is now employed by W. C. Townes of Amarillo. Moore visited friends on the campus this week.

I wish to express my appreciation for those who supported me in the recent Student Council election.

Nothing I can say or do will ever repay you for your effort.

Sincerely,  
TROY DAVIDSON

# DFD Dance Is Tonight

The D. F. D. social club will have its annual spring semi-formal dance Saturday from 8:30 to 12 p.m. in the Lubbock hotel. The dance is given for the club by the patronesses. Phillip Kligenman's orchestra will furnish the music.

Members and dates are: Dorothy Cantrell, Nelson Birdwell, Sue Thompson, Norman Lettwich; Marilyn Anderson, Bill Phillips; Pat Keffer, Jack Walter; Jo Tucker, Jack Hincey; Merle Johnson, Kenneth Cambren; Christina Tippit, Jack Tippit; Carolyn Lange, Olin Monk; Pherba Wallhall, Max Wallhall; Mary King, Bill Rivers; Pat Smith, J. L. Atterberry; Mary Findley, Marshall Johnson; Eleanor Phillips, Fred Phillips; Pat Smoot, Ross Kelley; Barbara Morris, Jay Kerr; Charlotte Balliff; James Nisler; Bea Green; John Culver; Elaine Fambro; George Perkins; Bogan Sneed; Frank Qualla; Mary Evelyn Lacy; Kenneth Woods; Joan Booth, Jack Huckack; Sarah Beth Kimmel, David Chapman; Mary Jane Hincey, Oscar Allen; Elizabeth McLarry, Floyd Sadler; Marilyn Snider, Clayton Roberts; Shirley Dick, Chuck Hanson; Ruth Cowart, Floyd Camp; Loris Lovelace, Ben Cowling; Jonnie Mae Smith, Don Cornelius; Mary Hammack, and Charlie Hammack.

Pledges and dates are: Christina Luce, Gene Smith; Peggy Ann Johnson, Emil D'Acosta; Ola Riceville, Billy Able; Marjorie Moon, Paul Shelton; Betty Payne White; Neil Pipkin, and Bill Hooks.

The club sponsors are Miss Anah J. Pendleton and Miss Martye Findester.

The retiring Patroness officers are Mrs. Arthur L. Cone, president; and Mrs. E. E. Lowthan, treasurer. Incoming officers are Mrs. A. C. Jackson, president; and Mrs. O. W. Ribbie, treasurer.

D. F. D. patronesses are: Mesdames A. L. Cone, E. E. Lowthan, A. C. Jackson, O. W. Ribbie, Luther Godwin, Walter Clark, George Sogsh, R. P. Fuller, John B. Powell, Joe Amington, George Meiser, Charles Whitacre, J. R. Dickey, Herbert Stubbs, C. D. McGehee, Aubrey Woodson, W. E. Humphries, Al W. Townsend, Jim Bledsoe, G. V. Fulton, Clay Anderson, S. W. Groce, J. H. Brock, J. D. Leftwich, T. C. Root, J. H. Beasley, Misses Ruth Ford, Bonnie K. Dysart, and Esther Sorenson.

## Double T's Hold Picnic Sunday

The Double T association will have a picnic at Buffalo Springs Sunday, May 5, at 9 a.m. All boys trying out for any type sport and the old and newly elected head cheer leaders are invited.

Other guests will be: President and Mrs. Whynum, Dr. and Mrs. Clifford B. Jones, Mr. and Mrs. T. C. Root, Mr. and Mrs. Clark Schooley, Dean and Mrs. W. L. Stangel, Mr. and Mrs. H. F. Godeke, Dr. and Mrs. F. W. Sparks, Mr. and Mrs. Brode Puckett, Mr. and Mrs. George Langford, Miss Sue Rainey, Miss Mattie Sorenson, Miss Mary Frances Hill, Mr. and Mrs. Morley Jennings, Coach and Mrs. Dell Morgan, Coach and Mrs. Berl Huffman, Coach and Mrs. Walker Nichols, Coach and Mrs. Polk Robinson.

GOODWIN REPRESENTS TECH  
R. C. Goodwin, Dean of Arts and Sciences division, is representing Tech college at the Chicago meeting of the American Council on Education. He will return to the campus Tuesday, May 7.

## Aggie Grads—

(Continued from Page 1)

largest association of sheep and goat breeders in the world).

Ray L. Chappelle, BS from Texas A&M and MS from Tech in 1936, is now professor and head of the department of agricultural education at Tech. He is nationally known in the field of agricultural education.

Lanny Hazel, BS from Tech in 1933 and PhD from Iowa State, is now employed by the Bureau of Animal Industry, Dubois, Idaho. He is recognized as one of the nation's outstanding animal geneticists. He has had a great number of publications in nationally circulated magazines and journals.

Ronald C. Tom, BS from Tech in 1929 and MS from Colorado State college, is now Research Manager of the Cattle, Hog, Sheep division of Palston Purina company. He was formerly head of the department of animal husbandry at Colorado State college.

N. Casey Fine, BS from Tech in 1935 and MS from Iowa State college is now on the Tech animal husbandry staff and has a national reputation as coach of national dairy cattle judging teams.

In the department of agricultural economics and rural sociology, E. L. McBride, head of the department, lists the following students as outstanding graduates:

Ogden King, who received a BS in 1933, took his PhD from Cornell in 1937 and is now with the Bureau of Agricultural Economics, United States Department of Agriculture, Glendora, California.

William C. Mebus, who graduated in 1938, took his MS from Texas A&M. He taught agricultural economics at Mississippi State college for two years and is now land economist. Bureau of Agricultural Economics, with the Bureau of Reclamation at McAllen, Texas. He published an extension bulletin on "Cooperative Milk Production while at Mississippi State.

George Townsend, 1936 Tech grad, took an MS from Texas A&M in 1938. He is now marketing specialist with the Bureau of Agricultural Economics, United States Department of Agriculture, Little Rock, Arkansas.

Juston Danner, 1941 grad from Tech who received his MS from the University of Tennessee in 1942 has now completed residence work for

## Wanted: Kilroy Or Sharpener

Wow! No pencil sharpener? The profanity distinctly and often heard in the Ad building this week originated on the third floor. The reason was the disappearance of the rare pencil sharpener which had been placed there by the division of extension.

Students who trudged up the three flights of stairs with their busted pencils found only an empty spot with the clue, "Kilroy was here." Kilroy, please! No doubt you have worn out a lot of pencils but bring that pencil sharpener back!

## Science Club Has Last Meeting

The final meeting of the Tech Science club was held Wednesday night, May 1. Dr. Mina Lamb of the Home Economics division presented a report on some research activities in the foods department. Dr. Lamb was assisted by Mrs. Loraine Perry and Mrs. Clara McPherson.

Officers for 1946-47 were elected. They are L. E. Parsons, president; Earl Camp, vice-president; Mrs. Mary Anne Duke, secretary; and E. L. Mader, treasurer.

his PhD at the University of Illinois. He is now employed as associate professor at Alabama Polytechnic at Auburn, Alabama.

J. R. Bertrand and George Blair received MS degrees here in 1941 and were working on a PhD at the University of Missouri when they entered the military service. Blair is now secretary of the Chamber of Commerce at Devine, Texas and Bertrand is now professor and head of the department of Sociology at East Texas State Teachers college at Huntsville.
