Laval Cabinet Falls, In Face Of Internal Dissension

Attitude On **War Situation** Is One Cause

Sovernment Downfall Climax Of Fend With Edouard Herriot

PARIS, Jan. 22. (AP)-Premier Laval's cabinet went down today as he and his ministers resigned in the face of political dissension. Laval had held office since June of last year, a comparatively long time in recent French history. Political Fend

H's resignation climaxed a long political feud in which Edouard Harriot, minister of state, resigned the presidency of the radical-sogroup and withdrew his support from Laval.

One reason for the hostility of the left wing was Laval's handling the Italo-Einiopian problem with what was described as vacil lation between Italy and Britain.

lajorities For Payment Large Enough To Override A Veto

WASHINGTON, Jan. 22 (AP)-Congress today voted mmediate payment of the soldiers' bonus by huge majorities-more than the twothirds necessary to override a presidential veto.

Signed By Byrns The house accepted the senate's baby bond payment plan, with an ultimate cost of almost two and one-half billion dollars, by a vote of 346 to 58. The senate's vote for passage Monday was 74 to 16.

The measure provides for pay-ment of adjusted service certifi-cates of 3,500,000 world war veterans in \$50 bonds, starting June 15. Veterans preferring to hold their certificates would draw three per cent interest annually from June 15, 1937, to June 15, 1945.

The house vote was a mere for-mality. It came on a motion by Chairman Doughton (D-NC), of the ways and means committee, to concur in the senate amendment. An hour's debate preceded the fin-al vote after Doughton obtained unanimous consent for considera-tion of the bill.

LET'S MEASURE UP STRAIGHT

If you work your starter only eight or ten times a day, from now till March 21st, that will be 400 to 500 starts altogether. Let's say you only cut your time in half on each start, using Winter Blend Conoco Bronze gasoline. Even so, that's something like saving your battery 250 starts before next Spring! .

your winter gasoline

Right there Conoco Bronze might easily save you the price of a battery, or the fuss and expense of re-charging. Besides, you choke less, with Conoco Bronze, so you will not waste gasoline, or risk the life of your engine. And neither will your oil get so thin that you change it too often-another good saving.

Now Conoco Bronze costs you only the same as a gasoline you might buy for no special reason at all. Then isn't this a fair request: test a tankful of sure-start Conoco Bronze. Continental Oil Company, Established 1875
