

## IN CLASS ELECTION

# Voting Leaves 12 Positions Open, Fills 5

Campus-wide voting Wednesday for class officers, Student Council vacancies and AWS representatives left only five offices filled with 12 positions remaining open for a run-off election next week.

Elected in the balloting Wednesday were Johnny Grist, junior president; Wes Coggins, junior vice president; Jerry Parsons, sophomore president; Barbara Underwood, senior AWS representative; and Jane Sessums, Home Economics representative.

The freshman vice president portion of the election was declared void Wednesday, according to Janis Jones, Student Assn. secretary and elections committee chairman, due to a mistake in typing the ballots in which two names were omitted.

In another election problem developing Wednesday, ballot boxes taken to some of the dorms at noon did not contain ballots for candidates for Home Economics and Business Administration representatives to the Council, according to Miss Jones. A voting period was set up in the dorms during the evening dinner hours to allow voting on these positions.

Results of the Freshman Council election for at-large positions will not be announced for several days, Miss Jones related late Wednesday, since recently-elected Council members will count the

ballots.

Concerning disqualifications of candidates, Miss Jones said that the elections committee had been lenient during this election due to its being the first for some members of the elections committee and for most candidates.

In the run-off election, planned for Oct. 12, are:

Senior Class—president, Bob McGough and Bobby Rodgers; vice president, Bud Henderson and Don O'Neal; and secretary, Joanne Darsey and Cindy Watson.

Junior Class—secretary, Linda Barnhill and Linda Lockett; AWS representative, Pat Clover; Susan Craig, Gail Pfluger and Jeanine Whitehead.

Sophomore Class—vice president, Bryan Adams and Ray Thompson; secretary, Claudia Austin; Ann Mason, Mary Thompson and Ann Weaver; AWS representative, Kaye Edwards, Glenda Link, Barbara McMurray, and Priscella Nichols.

Freshman Class—president, Wayne Davis, Dave Lindeman and Bobby Stanton; secretary, Carol Anderson, Karen Anderson and Nancy Thomas; AWS representative, Ann Douglas, Mary Alice Hill, Jan Justice, Alice Utterback and Margo Williams.

Business Administration representative candidates in the run-off are John Comperes, Pat Coplin, Linda Erwin and Bill Skeeters.

Where are you going?  
Out.  
To do what?  
Nothing.

A PICTURE OF TECH—U. OF TEXAS STYLE? (See "So What," Page 3)

## In Student Debate

# Politicos Engage In Verbal Battle On Party Issues

By CAROLYN JENKINS  
Foreador News Editor

A podium in the Tech Union Tuesday night provided ample pounding room for a Pre-Law sponsored political harangue full of puns, policies, platform planks and propaganda.

Some 100 interested students, faculty members and townspeople heard the first in a series of debates by members of the Young Democrats and Young Republicans on the approaching presidential election.

"Resolved that Republican domestic policies are in the best interest of the nation," was the topic batted around by Young Republicans Franz Helbig and Kip Glasscock and Young Demos Bill Sherbet and Harold Hammett.

Making the first 10-minute affirmative speech, Helbig charged that Democrats are dedicated to inflation, socialism and welfarism, following with the statement that the "Republican party is not a party of issues but of direction."

Hammett, a June graduate of Yale and only non-Tech student in the debate, said, "The Republicans think government is a necessary evil, at best."

He contended that government to the Democrats is not something bad, is not an abstract evil, but is a people organized to do a job.

Hammett questioned GOP opposition to a social security, aid to dependent children, aid to blind and minimum wage laws. In answer, Glasscock said, "We're not opposed to all government, to helping the poor, the destitute."

Glasscock claimed that inflation, as a result of a loose money policy, was a basic democratic threat.

In a five-minute rebuttal speech, Sherbet challenged the Republicans to either "put up or shut up"—to take the Democratic platform and show examples of socialism as defined in Webster's dictionary. He had previously stated that Republicans were trying to stay away from the real issues.

A question and answer session with the audience participating followed the formal debate, moderated by Myron Garner, Lubbock attorney and Pre-Law Club sponsor.

## Pair Details Problems Of Schools

Dr. Harry Ransom, president of the University of Texas, and Dr. M. T. Harrington, chancellor of the A & M System, presented a detailed appraisal of problems facing Texas higher education Wednesday at an area meeting of state college officials in the Tech Union.

The pair addressed a luncheon meeting of the Governing Boards of State Colleges and Universities, one of a series of such meetings being conducted by the group in the 18 state schools. The committee is made up of one member from each of the boards of directors or regents of the state schools.

Dr. Ransom termed Texas higher education "alive and kicking," pointing out that the state now has 84,000 students in its schools, with \$364 million invested in plants and \$113 million in operating costs for this year.

Retaining top quality high school students is a major problem, Ransom said. He told of 17 of 28 top-ranking recent graduates in Texas who are now attending out of state schools.

Dr. Harrington pointed out that the next Legislature is faced with finding \$60-\$80 million more than any previous one to meet the state's present needs. He predicted that state schools will have about 145,000 students by 1975.

THE BATTLE RAGES ON . . . as Bill Sherbet and Harold Hammett mull over the issues. IT SEEMS TO ME . . . Franz Helbig drives home a point.

NOW THAT'S WORTH SOME THOUGHT . . . decides Kip Glasscock as he listens to another round.

AS TECHSANS WATCH DUBIOUSLY . . . all at the Demo-Rep Debate.

## Phi Delta Theta Initiates Thirty-One New Members

Thirty-one new members have been initiated into Phi Delta Theta fraternity.

New members are Bryan Adams, Ackerly; Alan Anderson, San Antonio; Rucker Barrett, Lubbock; George Berger, Weimer; Aron Burton, Rockwall; John Compere, Abilene; Pat Coplin, Paris; Mike Craddock, Fort Worth; and Jim Deen, Borger.

Bobby Gindorf, Pampa; Jack Hamilton, Lubbock; Winston Hermann, Houston; Darwin Hilliard,

Lubbock; Bob Holdcroft, Cactus; Coolidge Hunt, Lubbock; Randy Hurst, Lubbock; Milton McKee, Lubbock; Don O'Neal, Brownfield; and Jerry Parsons, Lubbock.

Bill Pearce, Lubbock; Mac Percival, Vernon; Don Perkins, Irving; Ronald Ratisseau, Lubbock; Don Riley, Amarillo; Richard Stafford, Roaring Springs; Tony Ulrich, Houston; Gilbert Varnell, Sewanee, Tenn.; and Dennis Willett, Lubbock.

## Harmon Selected Phi Pledge Head

Carole Harmon has been elected president of the Alpha Phi pledge class.

Other officers are Barbara Thomas, vice president; Sarah Gaston, secretary; Kay Hooper, treasurer; Sarah Williamson, chaplain; Helen Ramschel, skit chairman; Annette Innon, scholarship chairman; Camille Hefley, social chairman; and Anne Long, lodge chairman.

The pledges and their big sisters are Helen Ramschel and Judy McKinnon; Camille Hefley and Nancie Morgan; Dona Thompson and Phyllis Kuhn; Sarah Williamson and Suzanne Halbrook; Sarah Gaston and Suelen Barbee; Joy Reinhart and Janis Newson; Anne Long and Sally Swofford; Kaye Hooper and Kay Fulgham.

Joyce Wakefield and Sara James; Carole Harmon and Pat Pate; Carolyn Spafford and Ouida Daugherty; Annette Innon and Carolyn Ashlock; Judy Payne and Sharon Wilkerson; Barbara Thomas and Linda Anderson; Carolyn Tidwell and Billy Wirt.

## Latin Club Elects.

The Optimates, the Latin Club of Texas Tech, had their first meeting Tuesday night to elect officers.

New officers are Jimmy Kemp, president; JoAnn Caldwell, vice-president; Jerry Don Webb, secretary; Ann Herscher, treasurer; and Mary Carol Chancellor, reporter.

## Social Score

by Lynn Buckingham

Highlighting the Tech social scene this weekend will be a costume dance sponsored by Phi Delta Theta on Friday and Sigma Alpha Epsilon's Fall Harvest Dance on Saturday—both designed to "live up" the campus, which will again be partially deserted by students traveling out of town for football games.

The Phi Delt Roaring 20's Dance will begin at 8 p.m. in the ballroom of the Caprock Hotel. Music for the occasion will be provided by Mark Anthony and his

orchestra. The Tech Union will be the scene of the SAE's informal dance, with activities scheduled to begin at 8 p.m.

Pi Kappa Alpha will sponsor its annual Western Dance at their lodge Friday at 7:30 p.m., and the Tech Union has planned a Greek Dance for 8:30 p.m. Friday in the Union Ballroom.

Members and pledges of Kappa Kappa Gamma will leave by bus at 1 p.m. Saturday for the Episcopal Conference Center in Amarillo for their annual fall retreat.

The Kappa's will celebrate Founder's Day with a banquet at 6:30 p.m. Wednesday at the Lubbock Women's Club. Guest speaker for the banquet will be Florence Louise Phillips, Dean of Women.

Two 1959 Kappa pledges, Kappy Stamps, Borger, and Ellen Hendrix, Lubbock, will be initiated on Oct. 14.

Sunday is the date set for the Delta Gamma Faculty Tea, which will be at the DG lodge at 7 p.m. Sigma Alpha Epsilon will have a supper at 6 p.m. Sunday at the Chicken Shack.

Delta Delta Delta members and pledges will be honored at a chicken supper today at 6 p.m. at the Plains Co-op, given by the Tri-Delta alumnae members and patronesses.

## Sorority Elects Pledge Officers

Gamma Phi Beta elected fall pledge class officers at a recent meeting.

The new officers are Nancy Jones, president; Carol Vaughn, vice president; Karla Dickson, treasurer; Linda Stafford, recording secretary; Carol Finley, corresponding secretary; Ellen Morgan, lodge chairman.

Mary Rita Hassinger, activities chairman; Ann Brown, historian; Tillie McIntyre, public relations; Judi Ridlen, song chairman; Jane Sessums, standards chairman; and Sondi Nelson, scholarship chairman.

The pledges received their pledge pins in a formal ceremony Tuesday night.

## UNION EVENTS

Thursday—7-8:30 p.m. Square Dance in the Rec Hall with professional caller teaching those attending for the first time.

Thursday—7 p.m. First of Academy Award winning movies, "Viva Zapata" with Marlon Brando. Union Ballroom.

Friday—8:30 p.m. Greek Dance to be held in Union Ballroom honoring sororities and fraternities. The Four Teens will play.

Sunday—2:30 p.m. Movie "The Diary of Ann Frank" will be shown in Union Ballroom. It will also be shown Monday at 4 and 7 p.m.

Tuesday—7-8:30 p.m. Record Hop featuring Don Denton of KSEL to be held in Union Ballroom. Free records will be given as door prizes.

## Phi Mu's Stage . . . Park Rush Party . . .

Lubbock's Mackenzie Park Party House was the scene Tuesday of a rush party given by the Zeta Sigma Chapter of Phi Mu Alpha, honorary music fraternity.

Along with 20 rushees attending the party were the nominees for Phi Mu Alpha sweetheart. The nominees are Shirley Stephens, Lynda Jordan, Brenda Cooper, Janice Cobb, Jo Beth Chandler and Nancy Fennema. The selection of the sweetheart will take place next Tuesday, according to Jim Sudduth, president.

## MEMOS . . .

**MORTAR BOARD**  
Jan Pfluger will present the program for the Mortar Board at 8:30 p.m. Thursday in the Chemistry Tower.

**INTERNATIONAL INTEREST COMMITTEE**  
The International Interest Committee of the Tech Union will have an informal coffee and dessert at 7 p.m. Thursday in the ballroom lounge of the Tech Union.

**COSMOPOLITAN CLUB**  
The Cosmopolitan Club will meet at 7:30 tonight in Room A of the Tech Union. The meeting will be followed by instruction in South American dancing.

# Filters for flavor

—finest flavor by far!

Tareyton has the taste—  
**Dual Filter**  
does it!

Here's how the DUAL FILTER DOES IT:

1. It combines a unique inner filter of ACTIVATED CHARCOAL . . . definitely proved to make the taste of a cigarette mild and smooth . . .
2. with a pure white outer filter. Together they select and balance the flavor elements in the smoke. Tareyton's flavor-balance gives you the best taste of the best tobaccos.

NEW DUAL FILTER **Tareyton**

# So what else is new...

by carolyn jenkins

So what's new? First of all, this column is. Making our initial efforts with this issue, we will be appearing weekly throughout the semester on the editorial page.

Tagged a news column, "So What" will find its basis largely in campus news matter, straying at times to other campuses and other news events. Our purpose (since everything must have a purpose these days) is to inform (as a rule), to entertain (when we can) and to direct barbed words where barbed words are due. They are due today.

Evidently, the University of Texas people don't like us Texans. Either that or they like us so much they just can't resist talking about us in their student newspaper, The Daily Texan.

On the day of the arrival of Tech's delegation of football followers to Austin, last Saturday, The Daily Texan ran an article headlined "Sandstorms, New Stadium Distinguish Tech From Rest." It's nice to be known by such a distinction.

Quoting from the article, "A neat coed can leave her room for her 8 o'clock class and come back at noon to find her door barricaded by sand which has crept in through cracks around the windows and doors."

Maybe this columnist just hasn't been around long enough, but in our three years at Tech, we have yet to use a shovel to gain entrance to said dormitory room.

Quoting again, "They have fraternities and sororities but social life is rather dull. The old teenage story of 'Where are you going?' 'Out.' 'What are you going to do?' 'Nothing.' is not just a story out there in the sand."

Differing with the Texan writer, we feel that he must have been practicing for a creative writing course to even come up with such a story.

He (Dave Crossley, by name) is in the wrong profession, we feel, if he is an aspiring young journalist. In the first place, a feature article is no place for biased, opinionated statements. How does he know that "social life is rather dull?" If his opinions are so valuable, they should be on the editorial page or confined to a column. They were not.

We not only question this writer's knowledge of journalistic practices but also, as a member of one of his mentioned sororities, we question his knowledge of social life on the Tech campus. We have not yet found it necessary to occupy our time sitting in a sandbox on Saturday night, or in his words, going "out" to do "nothing."

So much for Mr. Crossley. Any Tech student desiring to read his article may find it tacked on the bulletin board in the Toreador editorial office.

Sunday's issue of the Texan has caused further comment. The front page sports story ran thusly: "Texas Tech won the toss and elected to receive. At that point the Red Raiders would have done well to pack their bags and head back to the friendly sandstorms swirling about Lubbock."

Personally, we're glad we packed our bags and came back. We are much more fond of Tech—sandstorms or no—than we could ever be of the University, where storms must be raged against other schools. The sportswriter was correct about one thing, however. At least we live in a friendly climate.

So what else is new, Daily Texan?

## Khrushchev Draws Sharp Criticism

UNITED NATIONS, N.Y. (AP)—Australia denounced Soviet Premier Khrushchev Wednesday as a hypocritical latter-day Caesar trying to break up the United Nations and advance his influence by threats and violence.

The sizzling attack came as a tense struggle shaped up in the U.N. General Assembly over an apparently foredoomed neutralist attempt to bring President Eisenhower once again face to face with the Soviet leader.

Prime Minister Nehru of India, a leading and influential voice of neutralism, spearheaded the neutralist effort, demanding unanimous or near-unanimous passage of a five-nation neutralist resolution appealing for a two-man summit.

ARMY SWEETHEARTS — These ten Tech coeds were named Monday by the Army ROTC units as the 1960-61 Sweethearts of the corps. Seated left to right, Ginny Nusbaum, Nancy Thomas

and Cacey Wright. Standing, Kay Mackey, Lauretta Lawrence, Melissa Scott, Malinda Crocker, Cecile Roach and Cynthia Lindley.

# Why college men choose careers with Du Pont

Every year, several hundred new college graduates choose Du Pont. Many Masters and Ph.D.'s do, too.

From time to time we learn from recent graduates the factors which led to their decision to join this company. They cite more than half a dozen reasons. Here are four of the most important:

### OPPORTUNITY AND RECOGNITION

They were aware that college-trained beginners go right to work with men who have achieved.

For example, research chemists work with individuals who've done successful research. New engineers work with pros, some of whom have designed new plants, or devised new manufacturing methods, or distinguished themselves in some other way. And other graduates, with B.A. or M.B.A. degrees, go to work with leaders who've been successful in Sales or Advertising or Treasurer's, or another of Du Pont's many departments.

They had been told—and rightly—that Du Pont rewards individual achievement. And they were eager to start achieving.

### RESEARCH CREATES NEW PRODUCTS; NEW PRODUCTS CREATE NEW JOBS

Men like working for a company that believes in research, enough to invest in it...\$90 million a year!

The fact is that important new products come from Du Pont laboratories and go to Du Pont manufacturing plants with frequency.

Here are but a few since World War II: "Orlon"\* acrylic fiber followed nylon (soon after the war). Then came "Dacron"\* polyester fiber, "Mylar"\* polyester film, "Lucite"\* acrylic lacquer and "Delrin"\* acetal resin.

These, and many others, have created thousands of new jobs...in research, manufacturing, sales...in fact, in all Du Pont departments.

### DUPONT BACKS EMPLOYEES WITH HUGE INVESTMENT

New graduates feel that every facility is provided for doing the job well.

Last year, Du Pont's operating investment per employee was \$32,500. Since much of this was expended to provide the most modern and best of equipment to work with, it further increases the chance for individual achievement.

This applies to men in lab, plant and office.

### DUPONT PROVIDES STEADY EMPLOYMENT

Career seekers appreciate the importance of security.

Today, the average annual turnover rate at Du Pont is less than one-third that of industry nationally.

These, and many other reasons, draw new talent to Du Pont each year.

Prospective graduates, M.S.'s and Ph.D.'s interested in learning more about job opportunities at Du Pont are urged to see their Placement Counselor, or to write direct to E. I. du Pont de Nemours & Co. (Inc.). They should tell us the course they are majoring in so we can send literature that is most appropriate.

BETTER THINGS FOR BETTER LIVING...THROUGH CHEMISTRY

## Plans Near Full Swing For Exes

Candidates for Homecoming queen and entries for homecoming floats are being sought.

Homecoming queen entries must be submitted to the Ex-Student office, Ad. 101, by noon Saturday. Nominees must be sponsored by organizations and be junior or senior students.

Elections will be Wednesday. Campus organizations interested in entering a float in the Homecoming parade, Oct. 22, should send their float chairman to the meeting at 5 p.m. today in the Tech Union workroom. Rules, regulations and methods of judging the floats will be discussed.

An award to each entering organization, as well as plaques for first and second places in the fraternity, sorority and all campus categories, will be given. There will also be a sweepstakes trophy.

## Girls Surpass Previous Mark

This year's enrollment has the largest number of women ever enrolled at Texas Tech, the audit has revealed.

Tech has a total of 9,177 students enrolled for the 1960 fall term. Statistics show there are 6,239 men and 2,938 women attending classes at Tech, making it the second largest state-supported school in Texas.

Coeds outnumber males in the School of Arts and Sciences, Tech's largest school. Final tabulation showed 1,786 females to 1,579 males, making a total of 3,365 students.

The School of Engineering has 66 coeds compared to 2,062 males. Business Administration has 1,846 students of whom 395 are women.

Tech's School of Agriculture has a total enrollment of 749 students with 17 of them coeds. Enrolled in the School of Home Economics are 516 women.

There are 415 men and 158 women enrolled in Tech's Graduate School for a total of 573.

Final totals show, there are 2,944 freshmen, 2,028 sophomores, 1,812 juniors and 1,820 seniors.

## Seniors Pick Up Placement Annuals

College Placement Annuals will be distributed free to all seniors by Tech Placement Service beginning Thursday, in West Engineering 252.

The annual contains a list of 1,800 firms which recruit on college campuses. It also carries tips about interviewing and other information about job opportunities.

Seniors should file their personal information forms in the Placement Office by Wednesday. Students who have filed forms previously should come to the placement office to make any necessary revisions. Forms are available from the office of the deans of the various schools or from the Placement Service, West Engineering 252.

Students who plan to order printed data sheets should file their requests and pay the \$6.50 fee at once.

## Exes Request List For Homecoming

The Texas Techsan, ex-student's magazine, will publish a homecoming schedule giving the times of the various receptions to be given on campus at homecoming.

Any organization which would like to have the time of its reception appear in this schedule should leave word at the Ex-Student's Assn., Ad 101, by 5 p.m. Thursday.

## School Accents New Hat Styles

Imagination and creative ability have reigned supreme in the millinery school which closes Friday evening.

The school, with 75 participants, features the creation and renovation of fall hats.

Mrs. Estelle Holloway, custom hat maker from San Antonio, instructs the group with the assistance of Howard Eckert, Tech senior.

The course is the second of this kind which Mrs. Holloway has taught at Tech. She held a similar millinery course here in February.

Hats are being made of leopard skin fabric, feathers, felt, fur, veiling, and flowers. The supplies remaining will be on sale Thursday until 5 p.m. and Friday from 11:30 a.m. until 1:30 p.m. and 4 p.m. until 5 p.m.

These supplies include mink corsages, suitable for hats, coats or suits; feather arrangements; hat frames; fabrics and winter flowers.

Proceeds from the course, sponsored by Phi Upsilon Omicron, home economics honor society, and the Home Economics Club, will be used to establish a scholarship for a woman-foreign student.

## Zetas Select New Officers

Zeta Tau Alpha pledge class officers were elected Tuesday they are Regina McWilliams, president; Barbara Presnal, vice-president; Phoebe Pack, secretary and Kay Brown, treasurer.

Panhellenic delegates are Kay Fenelon and Jane Kookken. Historian is Betsy Hoover.

Patsy Norman, Zeta president, announced Tuesday that two girls were pledged during open rush. They are Jeannine Jones, Sterling City, and Carolyn Horschler, Lubbock.

## Ten Days Remain For Class Photos

Hey! Have you had your La Ventana picture made?

The editors are planning on 9,000 pictures in the class sections, and they don't want to leave you out.

The deadline for getting picture appointments is Oct. 15. Don't forget your appointment because a new one will cost \$1. All class pictures must be taken by Nov. 5.

2422 BROADWAY

# 1000 Fellowships Open To Seniors, Graduates

Nominations of candidates for 1,000 Woodrow Wilson graduate fellowships began Monday from universities and colleges throughout the United States and Canada. Closing date for nominations, which are made by faculty members, is Oct. 31.

Interested Tech students are asked to contact D. M. Vigness in the history department, the campus foundation representative.

The program, designed to reduce a shortage of qualified college teachers, is open to both men and women college graduates primarily in the humanities and social sciences. There is no limit on

the age of the candidates or the number of years a candidate has been out of college.

Applications are not accepted directly from students. Candidates must be nominated by a faculty member. Students nominated are invited to declare themselves active candidates for the award by sending the necessary application forms to the chairman of the selection committee for the region in which the prospective candidate is now located.

Winners will be announced by March 15, 1961. Among previous Tech nominees, five have won fellowships.

## Techsans Ready For TCU Game

Techsans will rally at 7:30 p.m. today in the Saddle Tramp Circle for the TCU game.

The rally is being held today instead of Friday in order that those going to Fort Worth may attend.

A skit by the Alpha Phi pledges will be presented at the rally.

Dr. W. M. Pearce will be the feature speaker for the rally.

The Circle K will sponsor the event.

## New Girls' Gym Boasts More Courts, Basement

The doors of the new \$300,000 gym for Tech women will be opened sometime in the early part of November. The modern facilities, begun last February, will include both indoor and outdoor exercising areas.

For inside classes the new gym has a dance floor as well as one basketball court, three volleyball courts, and six badminton courts. About 100 spectators can be accommodated on movable bleachers.

When bad weather comes, girls' outdoor classes will be moved to the gym's spacious basement.

There the girls will be able to practice tennis, archery and

No longer will girls' physical education classes have to be short because of the long walk distance to the gym. Classes in new gym will last the regular minutes. Because of its nearness to the women's dorms, girls be encouraged to dress in dorm rooms. The gym lockers be used primarily by town and commuting students.

The light brick building will house a swimming pool and bowling alley sometime in the future.

# FRIDAY! THE GREATEST SIXTY-ONE DERFUL CHEVROLET

Here's the car that reads you loud and clear—the new-size, you-size '61 Chevrolet. We started out by trimming the outside size a bit (to give you extra inches of clearance for parking and maneuvering) but inside we left you a full measure of Chevy comfort. Door openings are as much as 6 inches wider to give feet, knees, and elbows the undisputed right of way. And the new easy-chair seats are as much as 14% higher—just right for seeing, just right for sitting.

Once you've settled inside you'll have high and wide praises for Chevrolet's spacious new dimensions (in the Sport Coupes, for example, head room has been upped as much as 2 inches, and there's more leg room, too—front and rear). Chevy's new trunk is something else that will please you hugely—what with its deep-well shape and bumper-level loading it holds things you've never been able to get in a trunk before.

Yet, generously endowed as this car is with spaciousness and clean-etched elegance, it holds steadfastly to all the thrifty, dependable virtues Chevrolet buyers have come to take for granted. Your dealer's the man to see for all the details.

There's never been a trunk like it before! The floor's recessed more than half a foot and the loading height is as much as 10 1/2 inches lower.

\*\*\*\*\*

## INTRODUCING THE '61 CHEVY BISCAYNE 6

the lowest priced full-sized Chevy with big-car comfort at small-car prices!

Chevy's new '61 Biscaynes—6 or V8—give you a full measure of Chevrolet quality, roominess and proved performance—yet they're priced down with many cars that give you a lot less! Now you can have economy and comfort, too!

IMPALA 4-DOOR SPORT SEDAN—one of five Impalas that bring you a new measure of elegance from the most elegant Chevis of all.

NOMAD 9-PASSENGER STATION WAGON. You have a choice of six Chevrolet wagons, each with a cave-sized cargo opening nearly 5 feet across.

BEL AIR 2-DOOR SEDAN, like all '61 Chevrolets, brings you Body by Fisher newness—more front seat leg room.

Biscayne 4-Door Sedan

See the new Chevrolet cars, Chevy Corvairs and the new Corvette at your local authorized Chevrolet dealer's

# Pirates Snap Yank Victory Streak

PITTSBURGH (AP)—The alert Pittsburgh Pirates knocked out the New York Yankee starter with three runs in the first inning Wednesday and clawed out a 6-4 victory in the opening World Series game despite 13 Yankee hits from Vern Law and Elroy Face.

When Law, the National League champ's 20-game winner, faltered in the eighth, in from the bullpen strode Elroy Face, the rawny guitar-twanging reliever. Taking over with two on and nobody out, Elroy slipped a sinker to Mickey Mantle for a third lined strike, got Yogi Berra on a bunt and struck out Moose Skowron.

Although Face was nicked for a two-run pinch homer by Elston Howard in the ninth, the Yanks never could generate enough steam to catch the fighting Bucs after that first inning.

Art Ditmar, the Yanks' starter, retired only one man before the hit-and-run scrappers from the National League finished him off for the day to the delight of 36,676 at ancient Forbes Field.

Ditmar went to the mound with a one-run lead, fashioned by Roger Maris' 350-foot home run into the upper deck in right in the Yankee first.

The American League cham-

ions, who finished the regular season with 15 straight victories, played like sleep walkers in the Pirate first. It was the Pirates' first Series victory over the Yanks, who brushed them off in four straight in 1927.

Bill Virdon walked, stole second and sped all the way to third when nobody covered second base on Berra's throw. Then came Dick Groat, the league batting king, rramming a double to right scoring Virdon.

Bob Skinner bounced a hard shot past Bobby Richardson on the well-packed infield and Groat raced in with the run that put the

Pirates ahead to stay.

Skinner stole second on Berra's high throw and sped home with the third run of the big inning on Roberto Clemente's hard bouncer into center.

Clemente's hit started a parade of Yankee relief men that included Jim Coates, Duke Maas and Ryne Duren as Manager Casey Stengel maneuvered desperately, trying to close the gap.

When the Yanks got one run back in the fourth on Maris' single, a walk and Skowron's single, Pittsburgh's Bucs came right back for two of their own. For the day, Maris got three hits as did

Tony Kubek.

The Pirates, whose power had been rated much inferior to the Yank's home run blasting, showed they packed a wallop in the fourth when Bill Mazeroski followed a walk to Don Hoak with a two-run homer off Coates over the scoreboard in left, about 365 feet from the plate.

Mass was clubbed for a run in the Pirate sixth when Mazeroski singled to short left, took second on Law's sacrifice and scored on Virdon's first pitch double off the right field screen.

## SHOW ON WORTH!

### NEW '61 CHEVY CORVAIR More space . . . more spunk and wagons, too!

The newest car in America: the CORVAIR 700 LAKEWOOD 4-DOOR STATION WAGON.

CORVAIR 700 CLUB COUPE. Like all coupes and sedans, it has a longer range fuel tank.

CORVAIR 700 4-DOOR SEDAN. Provisions for heating ducts are built right into its Body by Fisher.

Here's the new Chevy Corvair for '61 with a complete line of complete thrift cars.

To start with, every Corvair has a budget-pleasing price tag. And Corvair goes on from there to save you even more. With extra miles per gallon . . . quicker-than-ever cold-start warmup so you start saving sooner . . . a new extra-cost optional heater that warms everyone evenly. Riding along with this extra economy: more room inside for you, more room up front for your luggage (sedans and coupes have almost 12% more usable trunk space).

And our new wagons? You'll love them—think they're the greatest thing for families since houses. The Lakewood Station Wagon does a man-sized job with cargo, up to 68 cubic feet of it. The Greenbrier Sports Wagon you're going to have to see—it gives you up to 175.5 cubic feet of space for you and your things.

Corvair's whole thrifty lineup gets its pep from a spunkier 145-cu.-in. air-cooled rear engine. Same rear-engine traction, same smooth 4-wheel independent-suspension ride. See the polished and refined 1961 Corvair first chance you get at your Chevrolet dealer's.

Spare tire is in the rear in coupes and sedans—leaving more luggage space up front.

Even middle-seat passengers sit pretty; thanks to Corvair's practically flat floor.

Now in production—the GREENBRIER SPORTS WAGON with up to twice as much room as ordinary wagons (third seat optional at extra cost).

See the new Chevrolet cars, Chevy Corvairs and the new Corvette at your local authorized Chevrolet dealer's

## Tech Sharpens Gig For Frogs

"This was the best day we've had in two weeks," said head coach DeWitt Weaver after Texas Tech's Wednesday practice session.

Most of the other coaches were in agreement with Weaver as the Raiders continued extensive drills in preparation for Saturday's tussle with the TCU Horned Frogs.

"Our defense is coming along," said assistant coach J. T. King. "We're trying some new things, but the boys are catching on all right."

King added that Dan Gurley, senior halfback, will give added depth and experience when he re-enters the lineup this week. Gurley missed the first three games with an ankle injury.

Although still limping slightly on the injured leg, Gurley is expected to see action in Fort Worth Saturday.

Dick Polson and E. J. Holub sustained minor injuries against Texas last week, but both will be ready for full duty against the Frogs.

Workouts this week have been generally better than last week, with the Raiders working on offense, defense against TCU plays, kicking, passing and conditioning drills.

King and coach Jess Thompson singled out several Raiders who looked good against Texas last week, including Larry Mullins, Jerry Elbert, Charles Harrison, Tommy Pace, Jere Don Mohon and Bake Turner.

King added that the Raiders played Texas a good game all the way around, except for the two long pass plays that brought the Longhorns into the scoring column.

"Of course your morale drops after a loss," King commented, "but it looks like the boys are coming out of it okay. It's really a little early to tell for sure yet."

The Raiders began tapering off with Wednesday's practice and scheduled light contact work for today. Friday will be spent reviewing game films and running through plays and defensive patterns.

## Gordon Moves Into KC Spot

PITTSBURGH (AP)—Joe (Flash) Gordon, who spent his entire major league playing career with two clubs, signed Wednesday as manager of the Kansas City Athletics—his third managerial job within two months.

After a half hour conference with Parke Carroll, Athletics' general manager, Gordon agreed to a two-year contract for an estimated \$35,000 a year.

Gordon resigned as manager of the Detroit Tigers on Monday, the same day the Athletics fired their manager, Bob Elliott. In August, Gordon had figured in an unprecedented big league managerial switch, which sent Gordon from Cleveland to Detroit and Jimmy Dykes from Detroit to Cleveland.

## QUICK - KICKS!

... and slow curves

by Billy Patton

We know you sports fans are anxiously awaiting this week's limb that we go out upon with our football predictions, so without further ado, here goes:

Texas A&M vs. Houston	Patton	Carpenter
Baylor vs. Arkansas	Houston	A&M
SMU vs. Navy	Arkansas	Baylor
TCU vs. Texas Tech	Navy	Navy
Rice vs. Florida	TCU	TCU
Texas vs. Oklahoma	Florida	Florida
Wyoming vs. Denver	Texas	Texas
LSU vs. Georgia Tech	Wyoming	Wyoming
Kansas vs. Iowa State	Tech	Tech
Missouri vs. Air Force	Kansas	Kansas
	Missouri	Air Force

With two real tossups on this list, we feel this is the toughest week we've picked so far. Arkansas and Baylor will probably be the finest game in the Southwest Conference, and may show a lot about who is going to be riding the crest of the wave when it's all over.

— QK —

We met a fine man Wednesday morning, something we wish we could do every day. With the World Series in progress, the natural thing to do was bring a TV set into the office to keep track of the proceedings.

We made a contact with C. R. Rodgers, of Rodgers Radio and TV who donated a set for the duration of the baseball war.

So, for what it's worth in our column, our heartiest thanks to Mr. Rodgers and encouragement to everybody to take him some business that will make him some money.

— QK —

Saturday night is another first for Texas Tech, as are all the Southwest Conference games this year. For the first time, Tech meets TCU in conference play, but the series goes back a long way. To Tech's second year of football, in fact, in 1926. The Froggies ruined an otherwise undefeated year by stomping the Matadors 28-16.

For those of you who don't remember back that far, Tech's football history holds some fascinating lore. Like that time in 1925 when Tech scored what might be termed a decisive victory over Wayland, 12 to 0.

That same year, the Genesis year of Tech football, the Matadors rolled to a 30 to 0 victory over Montezuma, whoever or wherever that is.

Maybe that's what they mean when they say "the good old days."

To err is human...  
to erase, divine with

## EATON'S CORRĀSABLE BOND Typewriter Paper

Try it! Just the flick of a pencil-eraser and your typing errors are gone! It's like magic! The special surface of Corrasable Bond erases without a trace. Your first typing effort is the finished copy when Corrasable puts things right. This fine quality bond gives a handsome appearance to all your work. Saves time and money, too!

Erasable Corrasable is available in light, medium, heavy weights and onion skin. In convenient 100-sheet packets and 500-sheet ream boxes. A Berkshire Typewriter Paper, backed by the famous Eaton name.
