

Greece May Ask U. N. To Move Against Balkans

May Invoke Most Drastic Provisions Of The Charter

LAKE SUCCESS, July 31. (AP)—The Greek government was reported by informed sources today to be considering the possibility of bringing charges against Russia's Balkan satellites under the most drastic provisions of the United Nations charter.

The Greek delegation to the United Nations would not comment, but informed sources said the Greeks were studying closely chapter VII of the charter, which provides for United Nations action in cases of aggression and breaches of peace.

That chapter was invoked for the first time in U. N. history yesterday by Australia in bringing the Indonesian case to the security council. Both the Indonesian and Balkan issues are on the council's agenda for the meeting today.

It was said authoritatively that the Greeks have been told by the United States that the Truman aid plan remained definitely in force despite the Russia veto of an American proposal to set up a Balkan commission. Furthermore, it was said that the United States told the Greeks this country was firmly behind them in their efforts to establish a stable government and to stop the disorders in the Balkans.

Chapter VII includes strong measures, from breaking off relations with the aggressor up to actual military operations by the United Nations against any country the security council decides has committed an act of aggression.

However, the United Nations police force which would carry out any such military orders still is in the discussion stages. Not one soldier has yet been committed to the U. N. force.

San Angelo Funds Included In Bill Signed By Truman

WASHINGTON, July 31. (AP)—The following Arkansas and Texas projects were included in the \$502,123,812 appropriation bill for flood control, navigation and other non-military activities of the war department signed by President Truman today:

Flood control: Arkansas: Red river below Denison dam, Okla., Tex., Ark., and La., \$2,500,000. Texas: Buffalo Bayou \$1,854,700; Hords Creek reservoir \$1,303,800; San Angelo reservoir and floodway \$1,000,000; Benbrook reservoir \$1,600,000; Lavon reservoir \$500,000; Grapevine reservoir \$500,000; Whitney reservoir \$5,200,000.

Most Of Nation Finds Break In Long Heatwave

By The Associated Press. The summer's first real heat wave was broken in most sections of the nation today, and relief was promised within 24 hours for areas still sweating it out—except for the somewhat too sunny South.

Near the Ohio river temperatures remained high, but the U. S. weather bureau said cooler weather should move in to the area later today. Temperatures already were considerably cooler in northern Illinois, Indiana and Missouri and all of Iowa, but from those states southward no neat relief was in sight.

The Midwest was promised a continuation of the cool spell for at least another day. Scattered thundershowers were forecast for the Upper Ohio Valley, in New England and along the Gulf Coast today.

Lamesa Labor Camp Being Closed Down

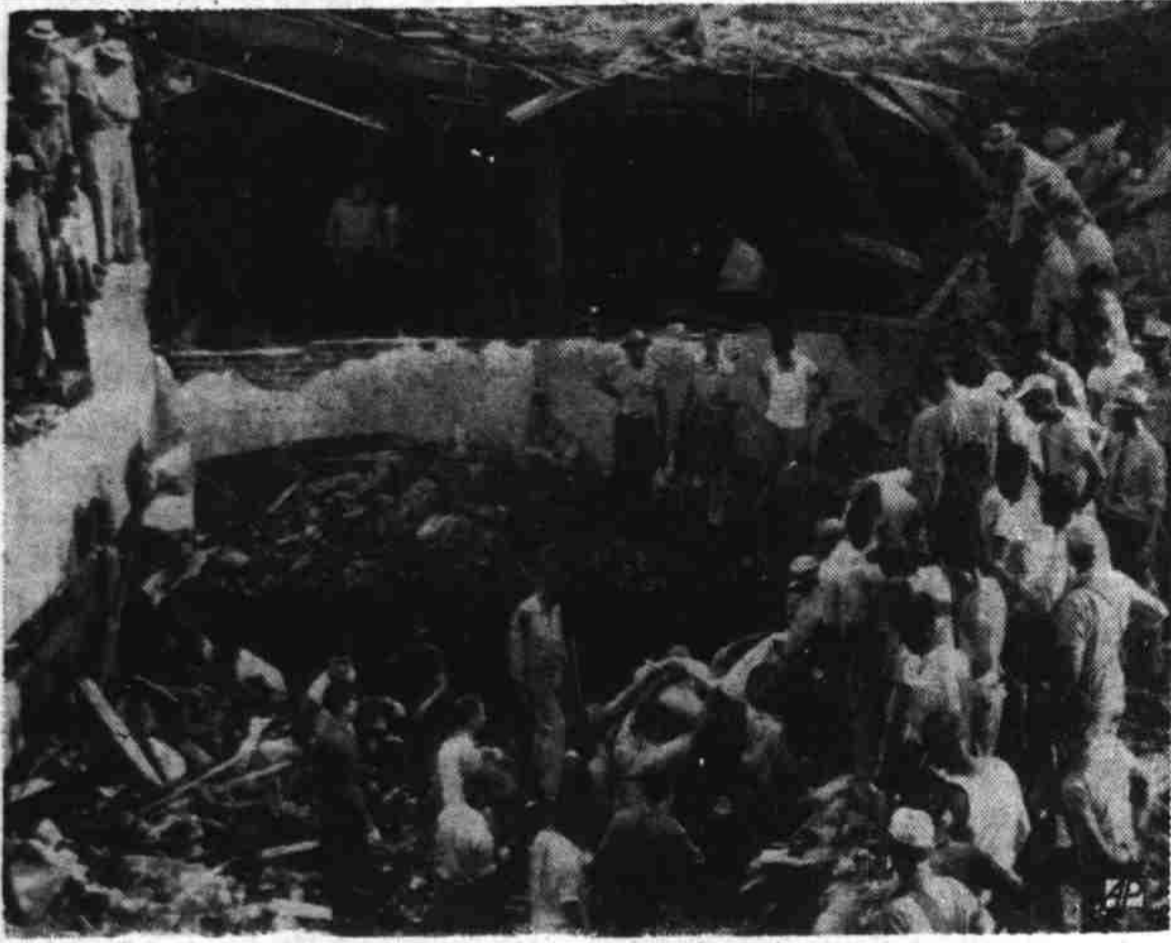

LAMESA, July 31. (AP)—Final orders have been given for the eviction of all farm laborers residing at the Lamesa Farm Labor camp. The orders take effect at noon, Sept. 30.

Instructions to that effect were received recently by John Flache, manager of the camp, from the area representative at College Station.

Flache stated that the camp now houses 115 families composed of 607 persons. Legislation providing for the closing of such camps throughout the nation was passed by Congress recently.

Auto Output Gains

DETROIT, July 31. (AP)—Motor vehicle production in the United States this week was estimated by the trade paper Automotive News today at 67,487 cars and 22,214 trucks compared with last week's 53,152 cars and 22,586 trucks.

REMOVE BODY FROM BLAST SCENE—Volunteer rescue workers (center foreground) hand up a body of a victim from the basement of a beauty shop which was destroyed by an explosion in Harrisonburg, Va. Spectators (upper left) stand on a brick wall torn away by the blast. At rear is seen the interior of an adjoining building. (AP Wirephoto.)

Hughes Will Appear As Witness Friday

His Wandering Publicity Man Also Due To Testify Before Committee

WASHINGTON, July 31. (AP)—Howard Hughes and his globe-trotting publicity man, John Meyer, will take the stand side by side tomorrow in the sensational investigation of Hughes' wartime plane contracts.

Senator Ferguson (R-Mich.) announced today that arrangements have been made for the joint appearance of the Hollywood millionaire and the man who said he spent lavish sums to entertain government officials in Hughes' behalf.

HCJC Dean Is Appointed To State Board

M. J. Fields, dean of the Howard County Junior College, has been honored with appointment to the state committee on elementary education. His appointment has been announced by L. A. Woods, state superintendent, and B. B. Cobb, executive secretary of the Texas State Teachers association. The committee is part of a special investigative group set up by the Southern Association of Colleges and Secondary schools.

First meeting has been set tentatively for October when Dr. J. V. White, Nashville, Tenn., George Peabody college, executive secretary for the study, will outline objectives and procedure for the analysis.

Fields has been dean of the college here since its opening last autumn. Prior to that time he has had extensive classroom and administrative experience, including several years as a deputy state superintendent.

Local Girl Is Killed In Fall

Flora Ortega, 16, daughter of Mr. and Mrs. Eutimio Ortega, 609 NW 8th street, was fatally injured early today in a fall from a moving truck near Lamesa.

She was riding in the cab when the door came open, toppling her to the pavement. She suffered a head injury and died about five minutes after being rushed to a Lamesa hospital. The body was brought to Eberley Funeral home here.

Rites tentatively have been set for Saturday at the Sacred Heart Catholic church and burial will be in a local cemetery.

Survivors include the parents; three brothers, Jose, Manuel and Ezequiel Ortega of Big Spring; and four sisters, Juana, Rosa, Francis and Sophia Ortega, Big Spring.

U. S. Displays Aerial Might

Superforts Off On Record Flight

ABOARD A B-29 SUPERFORT SOMEWHERE OVER THE PACIFIC, July 31. (AP)—Eight B-29 Superfortresses, including this one, took off a short time ago from Tokyo and are now flying single file toward Anchorage, Alaska, the only stop off between the capital of Japan and the capital of the United States.

With orders to come home fast, the Superfortresses took off in the one-stop flight to Washington in a display of long-distance U. S. aerial might for Army Air Force day tomorrow.

Rodeo Arena Is Spruced Up For Big Event

As a final step in preparation for the annual Big Spring Rodeo, new flood light reflectors are being installed and the grandstand and other physical equipment is getting a fresh coat of paint, officials reported this morning.

The entire grandstand, which has been pronounced in excellent condition, is being painted with a spraying machine, and all facilities will have ample time to dry thoroughly before the opening-night performance Wednesday officials declared.

Charlie Creighton, chairman of the Rodeo Association said lighting equipment will be in the best condition in the history of the annual event. The new-type reflectors are expected to add considerably to the illumination qualities of the system.

R. L. (Pancho) Nall, parade director, emphasized this morning that no entry fees will be collected for the parade. Only requirement set up for the entrants is that they must be at the formation area on time, Nall said.

They are to gather at the intersection of Bell and West Fourth streets at 3 p. m. Wednesday. The parade will open officially at 6 p. m.

Phone Company Studies Rates

ST. LOUIS, July 31. (AP)—The Southwestern Bell Telephone company announced today it is conducting a study to determine whether it shall seek higher rates in the five-state area it serves.

"The company is currently reviewing the whole earnings situation, but no decision has yet been made as to whether increased rates will be sought," a company spokesman said.

Operating costs have soared, he pointed out, citing higher costs of materials and wage increases granted employees last May.

Southwestern Bell serves Missouri, Kansas, Arkansas, Oklahoma and Texas as well as the Illinois area in the immediate vicinity of St. Louis.

LUMBER FIRE

FORT WORTH, July 31. (AP)—Fire starting in the Farmers lumber yard early today at Mansfield, destroyed here, destroyed three buildings in the business district and damaged four others.

U. S. Displays Aerial Might

Superforts Off On Record Flight

The last of the big ships took off at 12:09 a. m., Dallas time. As the departure time approached, officers and crew members got this message from their commander, Brig. Gen. Roger M. Raney: Fort Worth, Eighth Army Air Force chief: "Bring 'em home and don't spare the horsepower."

The flight will be the fastest and the farthest ever attempted by a squadron of heavy bombardment craft. The planes left Tokyo at approximately 2:30 o'clock in the afternoon, Tokyo time.

Jewish Violence Brings New Crisis

Dutch Capture Fire-Scarred City Of Malang

BATAVIA, Java, July 31. (AP)—The Dutch Army announced tonight the capture of fire-scarred Malang, former resort city which is the key to East Central Java.

A broadcast Indonesian communiqué said the Dutch were within in mortar range and the Indonesians were applying the scorched earth policy.

The Republicans asserted also their forces were within 12 miles of Batavia and had recaptured the perimeter towns of Tangerang, Serpong and Tjimené. The Dutch declared this claim was "no-nonsense." This reporter found no sign of Republican activity in the general Batavia area.

The Indonesian broadcast said Malang was "heavily grenaded and machinegunned" during the night, and that Republicans started fires in the city yesterday. It said Dutch planes strafed Malang.

The Indonesians said another column of the Dutch Army, equipped largely with U. S. lend-lease and surplus war supplies, had cut nearly halfway across the waist of Java in a drive from Tegal, on the north coast, to the Bobotsari area, 35 miles to the southeast. The Republicans asserted the Dutch were using a company of Japanese in the attack.

Dutch scout planes reported the streets of Malang appeared deserted.

A Jogjakarta broadcast declared Indonesian shore batteries sank a "Dutch warship" off Tjimiring, in Central Java.

The Indonesians said also the Dutch had occupied Lahat, in Sumatra west of Palembang, but that Indonesian troops had halted the advance.

HCJC Budget Hearing Set

Budget hearing for the Howard County Junior College has been set for Aug. 12. E. C. Dodd, president, announced today following a meeting of the board of trustees at the college Wednesday evening.

Official results announced by L. H. Thomas, board president, coincided with unofficial returns on the increase of the tax rate limit to 50 cents per \$100 valuation. The vote was 342 favoring, 283 against.

The current limit is 20 cents, which was in keeping with the constitutional limitations which were raised by the last session of the legislature.

Most of the meeting was devoted to a study of fiscal affairs. It was apparent from discussions that the rate will, in all probability, not exceed 40 cents, or 10 cents under the new limit. The exact rate, however, has not been established.

One matter which may mitigate against substantially under-cutting the 40-cent level was the failure of the state Senate to pass an emergency appropriation which would have permitted starting junior colleges to collect the per capita apportionment for the past year. This amounted to approximately \$5,000 for the local district.

Pepper To Make Speaking Tour

WASHINGTON, July 31. (AP)—Senator Pepper (Fla.) said today he will make his own cross-country speaking tour this fall in an effort to "keep our Democratic party liberal."

The Florida senator told a reporter he has not been asked to speak for the Democratic national committee but will follow in the wake of "such Republican presidential candidates as Senator Taft (Ohio) and Governor Dewey of New York."

As for his own trip, which he has not yet mapped in detail, Pepper said he intends to "straighten out anybody who might be misled by Republican propaganda that this was a good Congress."

"Any hope or idea that the Republican party might become the people's party, or liberal, disappeared with this Congress," the Florida democrat said. Its principal concern was with big business. It was not interested in farmers or small business, and it has done nothing to further the interests of women, the aged or the ill.

KILLED BY IRGUN—The body of Sergeant Clifford Martin (above), one of the two British soldiers captured on July 12 as hostages by Jewish terrorists, has been found blasted to bits and hanging from a Eucalyptus tree.

AAF Building Bids Must Go Out Tonight

Since offices in both Dallas and Washington are closed on Saturdays, applications for surplus buildings at the Big Spring Army Airfield must be in the RFC office in Dallas by tomorrow, J. H. Greene, chamber of commerce manager, was advised by government officials this morning.

This will mean that all applications from local persons must be in the mail this afternoon and they must be forwarded by air mail, special delivery, Greene said.

The RFC is to notify Greene tomorrow of acceptances from local applications. Each successful applicant then must forward payment in full immediately, either by cashier's check, money order or exchange. Full payments for all buildings awarded must be in Dallas by Monday morning.

Prospects were this morning that a number of applications would be made locally. The chamber of commerce handled dozens of inquiries and assisted several persons in completing application forms.

A list of fixed prices on the various buildings advertised in the surplus sale is available at the chamber office. The RFC regulations prohibit publication of the list, however.

\$2 Payment Made To State Schools

AUSTIN, July 31. (AP)—The first \$2 payment on the \$6 per capita school apportionment supplement was made by the state today.

The board of education recently voted the \$6 bonus for 1946-47 school support when it found the available school fund with a big balance.

Today's payment amounted to \$3,001,737.

Big Liner Sails

SOUTHAMPTON, Eng., July 31. (AP)—Cheering crowds and circling planes saw the 81,235-ton Queen Mary off today on her first post-war voyage to New York as a passenger liner.

Butch Pays With Life For Fling At Freedom

CHICAGO, July 31. (AP)—Butch, a three year old canary, flew out the window of his home yesterday and perched on a ledge below the roof of the Chicago avenue police station—next door.

Walter Smilor, who said Butch had developed into a fine singer since he acquired him in 1944, got the wanderlust while Smilor was cleaning his cage.

Fifty policemen gave Smilor, 58-year old window washer, advice on how to rescue his canary. So did many of the scores of pedestrians who stopped to watch. Smilor whistled and cooed but Butch wouldn't budge from his perch. But he kept on singing—for his biggest audience.

The fire department said it couldn't tie up fire equipment to rescue a canary. The anti-cruelty society also reported it couldn't help.

Finally Smilor and Detective Thomas McManus went to the roof and tied a rope to Butch's cage. McManus, who weighs 240 pounds, held Smilor's legs while Smilor leaned over the roof's edge and dangled the open cage in front of the canary.

Butch ignored the lure. But as he suddenly flew upward Smilor grabbed him. There were cheers from the street below. But they did not know that Butch had given his swan song. Smilor had grasped the canary too tightly when he caught him. Butch, with a song in his tiny heart, was crushed to death.

Britons' Bodies Blasted To Bits

JERUSALEM, July 31. (AP)—The bodies of two young British sergeants kidnaped as hostages by Irgun Zvai Leumi were found hanging today from two Eucalyptus trees and were blasted to bits by a booby trap when British soldiers started to cut them down.

Jewish settlement police found the bodies in a forest preserve near Natanya just 24 hours after Irgun, extremist Jewish underground organization, announced it had executed the Britons in reprisal for the hanging of three Irgunists convicted in a prison delivery.

The area was cordoned off and dogs were turned loose in an attempt to pick up the trail of the killers.

In Jerusalem, top Palestine government officials met to map a rigid campaign against underground violence. One official said plans under consideration included a demand upon the Jewish agency to cooperate actively in stamping out underground attacks.

(In London Prime Minister Attlee placed the entire Palestine situation before his cabinet.)

When soldiers started to cut the bodies down after an hour-long probe for mines, the booby trap exploded behind the body of Sergeant Clifford Martin. It blasted to bits his body and that of Sergeant Mervyn Paice and scattered the pieces over a wide area.

The blast wounded one grenadier guardsman in the face and threw several bystanders to the ground, including Photographer James Pringle and Correspondent Carter L. Davidson, both of the Associated Press.

Pinned to the bodies of the two sergeants were "communiques" in Hebrew, telling of the "arrest" of the men, their "trial, conviction and execution in the name of the Jewish struggle for a homeland." The inscriptions told how pleas for clemency were rejected at the "military trial."

The killings, the inscription said, were carried out as "a military execution by the Jewish resistance to the enemies of our homeland."

The contracted features of the two sergeants indicated that their deaths had been caused by strangulation by crudely fashioned nooses. The ropes were looped around limbs close to the trunks of the trees. The men's hands had been tied behind their backs and their feet had been wired together. The sergeants' shirts had been used to blindfold them. Their underclothing and army trousers were stained with blood which poured from the gashes cut in their necks by the half-inch ropes.

PARIS, July 31. (AP)—The French cabinet weighed today a national assembly resolution urging it to press Britain for a speedy and humane solution to the vexing problem posed by 4,500 Jewish refugees who are staging a sit-down on three British transports anchored off France's Mediterranean coast.

The resolution was adopted late yesterday by unanimous vote of the assembly, which also congratulated the French government for not attempting to impose a course of action upon the Jews.

RAILROADER KILLED DENISON, July 31. (AP)—Tom Lyndon, 52-year-old Katy railroad employe, was struck and killed by an automobile here early today. Lyndon was walking through an underpass.

SHREVEPORT, La., July 31. (AP)—A mother and her five children, who had hitchhiked here from Pampa, were placed aboard a train yesterday for their home in Clarksdale, Miss.—thanks to generosity of Shreveport residents.

Mrs. Robina Hancock and family arrived here Sunday night enroute to Clarksdale. They had been in Texas looking for Mrs. Hancock's husband, and had given out of money and were catching rides back.

Taft Presidential Drive Is Underway

By The Associated Press. A full-fledged drive to land the 1948 Republican presidential nomination for Senator Robert A. Taft of Ohio was rapidly taking shape today.

The 44-member Ohio Republican committee and the state's Republican congressional delegation were holding separate meetings in Columbus. Advance indications were they would formally launch a "Taft boom" on a "favorite son" basis.

Tonight, Ohioans will have a Taft rally at Columbus. The Senator will speak and his address will be broadcast over 250 stations. G. O. P. leaders from half a dozen other states will attend.

Ohio Senator John W. Bricker, 1944 Republican vice presidential candidate, cleared the way for Ohio party members to unite behind Taft by announcing he (Bricker) is not a candidate and backs his senate colleague.

As for Taft himself, he has said he will withhold any formal announcement until after he makes a cross-country tour this fall.

Thus far, the only avowed candidate is former Gov. Harold Stassen of Minnesota. Both he and Gov. Thomas E. Dewey of New York, a prospective candidate, have preceded Taft into the West.

Stassen is now on the Pacific Coast and Dewey is in his native Michigan, stopping on his way back to New York from a western visit.

In Washington, Senator Claude A. Pepper, Florida Democrat, announced he plans a cross-country speaking tour in the fall in an effort to "keep our Democratic party liberal."

Perhaps tipping off what he intends to tell the westerners, Pepper record of the G. O. P. Congress said in an interview that he has buried "any hope or idea that the Republican party might become the people's party, or liberal."

Artery Would Start In Midwest

Fate Of Big Bend Highway Rests In Hands Of Texas Commission

AUSTIN, July 31. (AP)—It was up to the Texas highway commission today to decide whether it wants to match Oklahoma's aid in building a straight-line artery from the

Midwest to the Big Bend national park on the Rio Grande. J. O. Salmon of Woodward, Okla., a member of the Oklahoma commission told both policy-making bodies and Gov. Beauford H. Jester of Texas last night that "we are in a position to do it, and you are in a position to help us."

Salmon described himself as a Texas cowhand who drove a herd from the old Bar Z outfit in Throckmorton county to Oklahoma in 1893, just to ride the ranges for two years.

"I haven't left yet," he added. "We want to build this road," he said at a dinner honoring Jester and the highway commission of both states. "We want it to get down into the southwest country. That's the best country in Texas."

The dinner was given by the Broadway To The Big Bend Highway Association, which for years has been urging a short-cut artery from the Midwest to the proposed international playground in the rugged picturesque Big Bend region.

It has already been designated in Oklahoma from Tulsa, through Oklahoma City to the Texas line.

From there it would touch Quanah, Paducah, Dickens, Post, Lamesa, Kermit, Pecos, Balmorhea, Toyahvale, and Alpine. The Texas highway commission has not committed itself on the project.

"Our commission told us to go to Oklahoma City and see what we could do," said Charles W. Roberts of Andrews, secretary-treasurer of the association.

"We did and now we are back here. We want to convince them that this is one of the greatest proposed highways in the state."

Harrison Faces Rugged Field

ST. PAUL, Minn., July 31. (AP)—A fancy field containing virtually all the big names of professional golf, presaged some pretty stiff competition for E. J. "Dutch" Harrison, the Arkansas traveller of goldom, who would like to become the first three-time winner of the St. Paul \$10,000 open starting today.

Harrison won top money here in 1942 and repeated in 1945 while still a member of the Army Air Forces.

Anti-Semitic Riots At Frankfurt Movie

FRANKFURT, Germany, July 31. (AP)—The newspaper Frankfurt Rundschau reported today an anti-semitic disturbance had broken out in a Garmisch-Partenkirchen movie house this week during a newsreel scene showing the dedication of a synagogue in Munich.

When a narrator recalled in connection with the scene that 6,000,000 Jews reportedly were slain during the Nazi regime, the paper said, an unidentified spectator shouted:

"That was far too little, there are still too many Jews."

American military police were called in to quell the ensuing demonstration, the Rundschau reported.

Sports Roundup

Earl Blaik Has Cause To Moan

By Hugh Fullerton, Jr.
NEW YORK, July 31. (AP)—Those low moans coming down the Hudson valley are just Red Blaik tuning up for the football season. The Army coach shed the required number of tears last spring over the departure of Doc Blanchard and Junior Davis and now he can weep a bit more about the loss of other players. Bob Folsom, the end, isn't expected to return next fall and Bobby Jack Stuart, who was slated to replace Davis as the team's speedster, still is an uncertainty because of the injury that kept him out last season. Reports have it that at least a couple of tackles are unlikely to return from their summer leaves.

On Wisconsin
The University of Wisconsin's athletic business manager, William Aspinwall, reports receiving the following letter from a Milwaukee fan: "Dear Sir: In the event that Wisconsin has a successful season and receives the Rose Bowl nomination, what possibility is there of acquiring a pair of tickets to the above event?"

Sportspourri
The Hawaiian swimmers who came on for the A. A. U. swimming meet at Tyler, Tex., this week-end have been digging deeply into the East Texas watermelon supply. Seems that on the islands they cost up to \$15 each but in Texas the going price is two bits. "Evidently they figure they're saving \$14.75 everytime they devour a melon," reports Sports Ed. Tony Zoppi of Lonview.

The Phillies have signed three of last spring's Villanova baseball team for various farm clubs. Guy Lombardo's mechanic is proud of saving his boss a half pound in the weight of his gold cup speedboat, Miss Tempo, by removing a fancy chromium gear-shift lever and replacing it with an aluminum tube.

Lubbock Legion Team To Oppose Adamson Friday

AUSTIN, July 31. (AP)—Lubbock, Adamson (Dallas), Bryan and Austin, division champions in the American Legion junior baseball program, will fight it out here for the state title.

Bryan won the third division championship yesterday by defeating Stephenville two games, 11-7, and 10-5. Stephenville has protested the second game claiming that Norman Francis, Bryan first baseman, should have been called out when he was hit by a batted ball while standing on first base. He later scored. A committee will decide upon the protest.

Austin won the fourth division title by beating Saint Thomas of Houston 4-2 in an 11 inning game. The state championship will be decided in August 1-5.

All games will be played at Disch Field in the afternoon or evenings.

The schedule is:
Aug. 1-6:30—(1) Lubbock vs. Adamson, followed by (2) Bryan vs. Austin.
Aug. 2-8:20—(3) Loser of game 1 vs. loser game 2.
Aug. 3-4:30—(4) Winner game 1 vs. winner game 2.
Aug. 4-8:20—(5) Winner of game 3 vs. loser game 4.
Aug. 5-7:00—(6) Winner of game 4 vs. winner 5.
If necessary a seventh game will be played immediately after game 6 to decide the state winner. It will be played by the contestants of game 6.

Worry Over Power-Packed Fertilizer—

Repetition Of Recent Nitrate Explosions Is Feared In East

NEW YORK, July 31. (AP)—Refusal of Brooklyn longshoremen to load a ship carrying ammonium nitrate, the fertilizer that was carried by ships that exploded in the Brest, France, and Texas City disasters, raised the possibility today that ships with ammonium nitrate aboard may be barred from the port of New York.

Eighty longshoremen, who were to put general cargo aboard the SS Molda, walked off yesterday. They demanded they be given double, or "ammunition," pay, that special safety precautions be taken, and that the ship be moved to the harbor zone for dangerous ships.

Fire Commissioner Frank J. Quayle said that unless ships loaded with ammonium nitrate can be "completely controlled" he might "go so far as to bar from the port of New York vessels laden with this highly explosive commodity."

Joseph P. Ryan, president of the AFL International Longshoremen's Association, said that "we're more concerned about the proper precautions than about the pay."

"We don't want a repetition of Texas City in the port of New York," Ryan said.

C. W. Snider, North Texas Oilman, Dies

WICHITA FALLS, July 31. (AP)—Final rites for C. W. Snider, 76-year-old North Texas banker, oil man and civic leader, who died here last night, will be held here tomorrow.

Although interested in the development of the oil business in North Texas fields, Snider, was more widely known as a builder in Wichita Falls. He played a leading role in the construction of four of the city's largest buildings. His philanthropies extended to schools over the state, included generous endowments to Hardin College, the Wichita Falls high school and to Southern Methodist University in Dallas.

He was a director and treasurer of the old Texoma Oil and Refining Company whose properties were acquired by the Continental Oil and Refining Company, and had served as a director of the Wichita Falls and Southern railroad.

During World War II, he served as a \$1, a year man as an expert examiner with the federal civil service commission and traveled through out the Southwest at his own expense recruiting personnel.

FRENCH HARVEST SCENE—An old farmer cuts his barley with a scythe while his wife ties it in bundles during harvest time in the Var Department of Southern France.

Poland Accepts Taxes In Kind

WARSAW, Poland. (AP)—A recent order of the council of ministers permits peasants operating small farms to pay their land taxes in agricultural produce.

The move is designed to aid "the recovery of the countryside" and relieve peasants of cash payments.

Connection Of Church, State Censured—

Disciples Of Christ Urged To Enlarge Church Schools

BUFFALO, N. Y., July 31. (AP)—The international Convention of the Disciples of Christ was warned today that continued decline in church enrollment could mean "curtains" for the Protestant church in America, but was told the decline could be halted through church school enlargement.

Charles Marion Ross, Indianapolis, Ind., national director of educational administration of the United Christian Missionary Society, said in a prepared speech that churchmen were alarmed "by the decline during the past quarter century" during a "great population increase in our country."

"We must face the fact that this decline could not continue without its meaning curtains for the Protestant Church in America," he said.

Rose attacked the amazing rise of secularism and the "lack of conviction" that their children should be instructed in their religion, and added:

"x x x There is but one way to turn the tide in our program for the spiritual training of our people, church school enlargement points that way."

Delegates to last night's meeting of the general session heard a Chicago churchman request that they resist efforts of any church to gain "an official connection with the government or a financial connection with the public treasury."

Charles Clayton Morrison, founder and editor emeritus of the Christian Century, weekly religious publication branded as an "illegal re-

lationship" the presence at the Vatican of President Truman's representative Myron C. Taylor.

He said "The Roman Church wants to shift to the public treasury the entire burden of financing its parochial schools while the hierarchy retains absolute control of the educational process in them."

"It has in mind a specific plan for the realization of this aim: It wants public school tax funds to be diverted to the Church in an amount determined by the number of children in parochial schools proportional to the number of children in public schools."

China Will Support Australian Action On Indonesian Case

NANKING, July 31. (AP)—Chinese official sources said today the government expected to support Australian action bringing the Indonesian situation before the United Nations.

These officials said the main interest of China "is a speedy end to hostilities which are threatening the lives and property of thousands of our nationals."

It was understood the foreign office had not yet made a formal decision on the question of instructing China's U. N. delegate to support the Australians. However, one official said the government was ready to support "any and all practicable measures to end the fighting."

Jap Takes Blame For Atrocities On Truk

GUAM, July 31. (AP)—Japanese Naval Capt. Hiroshi Iwanami took full responsibility today for the atrocity slayings of two American prisoners on Truk atoll during the war.

Iwanami, one of 19 Japanese charged with the deaths of ten

Americans, testified at his trial that the men who performed the execution were his subordinates and only carried out the orders of a superior.

The Japanese told the Navy court that "strike spiritedly" were the last words he spoke as his men, armed with rifles and spears, prepared to carry out his orders to execute two Americans tied to crossbars.

Big Spring (Texas) Herald, Thurs., July 31, 1947 3

Auto Salesman Faces Charge Of Murder

Iwanami, who said he was "sorry" now for what he had done, also told of ordering the decapitation of the bodies.

He turned his back he said, as the slayings took place.

The Chinese were the first cultivators of the silkworm.

YOAKUM, July 31. (AP)—A charge of murder was filed here against J. E. Morrow, an automobile salesman, in the fatal wounding of his wife during a family argument on July 11.

HELP BUILD AMERICA'S AIR POWER ON AIR FORCE DAY, AUGUST 1ST

No one today questions the fact that the whole future of the United States may rest in the very clouds over your head. The security of this country demands strong, well-trained, well-equipped Air Forces, superior to any in the world.

And the new, reorganized Air Forces give thousands of eligible young men an opportunity to take an active part in building America's Air Power . . . on the ground as well as in the sky.

You may, for example, enlist in the Air Forces for three years. If you have a specialty which will qualify you, you may also be able to enlist in a grade at higher pay.

If you have had Air Forces experience, you may join the Air Reserve and continue your military aviation training outside of business hours.

Or you may join the Air National Guard and perhaps become eligible for advanced technical training at special Air National Guard schools.

Think it over. If there are Air Force Day exhibits in your locality, be sure to visit them on August 1st. If no demonstrations are to be held nearby, get a

copy of the new Air Forces pamphlet, "Know Your Air Forces," at your U. S. Army Recruiting Station.

NOW — THE WORLD'S GREATEST OPPORTUNITY FOR A CAREER IN AVIATION

Today the Army Air Forces offer high school graduates an unprecedented opportunity to get the finest aviation schooling on earth — and select your school or course before you enlist.

The AAF Career Plan is unlike anything ever offered before. It permits selected high school graduates to apply and qualify for AAF specialized courses of their own choice. Simply go to your U. S. Army Recruiting Station, explain the kind of aviation training you want and you will receive an application blank and a complete list of available courses.

When you are selected to attend the course of your choice, you enlist in the Army Air Forces for 3, 4 or 5 years. After your basic training period you are guaranteed the education you have selected to make you a specialist in the type of work you have chosen.

Get a list of all the schools and courses open to you under the AAF Aviation Career Plan at your nearest U. S. Army Recruiting Station.

BELGIANS AT FOLK FESTIVAL—A party of Belgians, attired in 14th century garb, arrives in a cart at Hyde Park, London, for a performance of folk dancing and singing.

LOOK 'WHOO'S' HERE—Carol Hickman of Chicago registers surprise over owl which flew into her bedroom through open window. She decided to keep it as a pet.

OPEN AIR CHURCH SERVICE—Archbishop Amigo, Roman Catholic bishop of Southwark, London, conducts pontifical high mass in bombed ruins of St. George's Cathedral at Southwark to mark the coming of age of diocese of Knights of St. Columba.

DOLL HOUSE—Known as "The Doll's House" to residents of Collingwood, suburb of Melbourne, Australia, this home has an eight foot frontage, three rooms, three windows and yard-square front garden. A man and his wife live in it.

THEY GUARD GREEK KING—Hand-picked, special guards for King Paul of Greece stand at attention during a ceremony honoring the Greek unknown soldier at Athens.

PICKING COCONUTS—Three visitors to Miami Beach, Fla., see their first coconuts growing on trees and pick a few. Top to bottom: Bobbye Frankberger, Lebanon, Mo.; Alice Siendak, St. Clair, Mich.; and Neva Beard, Oswego, Kas.

ACTRESS—Gerry Patterson, who recently signed a Hollywood movie contract, wades in California surf.

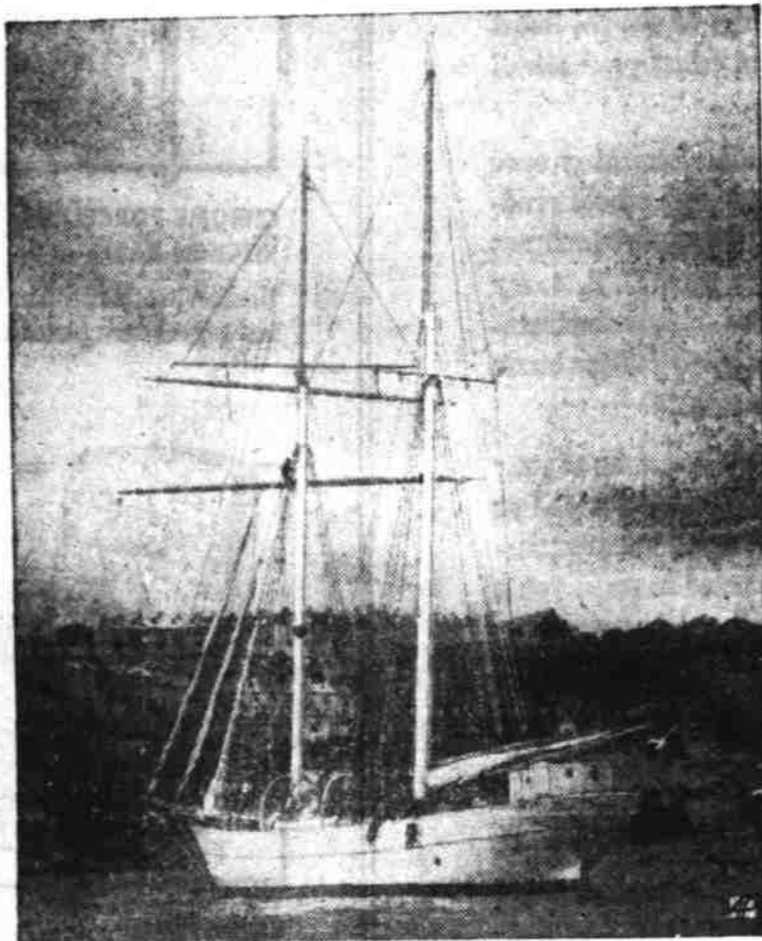

KING—King Gustaf V of Sweden laughs while watching a tennis match at Saro, Sweden. The king, who is 90 years old, was an ardent net player until recently when he was forced to give up the game because of his age.

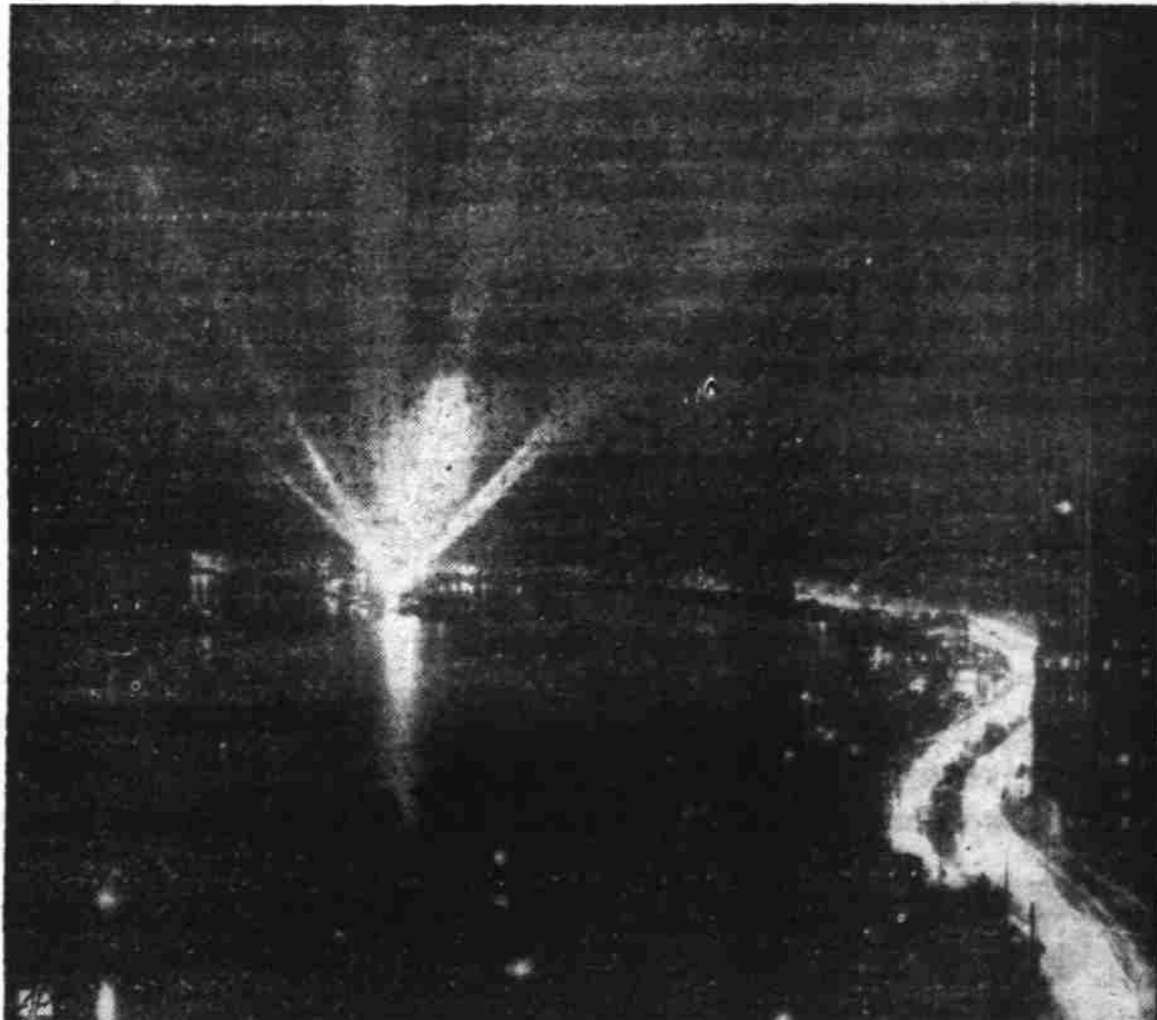

PIN-UP PUPS—Queenie, owned by Mrs. Helen Garceau of Chicago, looks over her 11 pups hanging in socks on line. Left to right: Dopey, Sleepy, Happy, Grumpy, Sneezey, Bashful, Doc, Eeney, Meeneey, Myneey, Moe.

FUTURE KING AND FAMILY—Prince Carl Gustaf, 14 months old, of Sweden, sits with mother, widowed Princess Sibylla, and sisters (left to right), Desiree, Birgitta, Christina and Margaretha. His father, Prince Gustaf, died in plane crash last January. The boy is in line for throne after grandfather, Crown Prince Gustaf Adolf, and great-grandfather, King Gustaf V.

SET TO SAIL—The former German training vessel, Duhnen, 96-foot brigantine renamed the Yankee, lies in Brixham Harbor, Devon, England, ready to sail for U.S. Capt. Irving Johnson, Springfield, Mass., is bringing ship across with a crew of students from Gloucester, Mass. It will sail from Gloucester, Nov. 2 with another student crew for South Seas.

SHANGHAI AT NIGHT—Searchlight show is staged from U.S.S. St. Paul in Whangpoo River at Shanghai. The Bund in heart of the city's business district is at right.

Christine Anderson Feted At Garden Tea

Complimenting Christine Anderson, who will become the bride of Norvin M. Smith, Jr., Saturday afternoon, Doris Jean Clay and Jeanne Slaughter entertained with a garden tea and gift party Wednesday evening.

The party was given on the back lawn of the Tom Slaughter home, which was lighted with pink and white Chinese lanterns. Guests entered through a vine covered archway and were received by the two hostesses, the honoree, Mrs. Walter D. Anderson, mother of the bride-elect and Mrs. Norvin M. Smith, Sr., mother of the bridegroom-to-be.

Gifts were displayed in an outdoor living room, where large white wedding bells hung in the archway of the entrance. Gifts were on tables covered with pastel colored organdy cloths.

The bridal table was covered with a linen lace cloth with an under cloth of pink and large pink bows at each corner and on top of the table. The bride's chosen colors are pink and white. Refreshments also featured the pink and white color scheme and napkins were white with the names of the bride and groom in silver.

A box of mixed pastel flowers flanked with pink candles centered the table. Punch was served from an ice punch bowl on a table completely covered with fern and mixed flowers. Jean Conley presided at the service.

The honoree wore a pale blue organdy dress with a corsage of red rose buds.

Miss Slaughter wore a pink net dress and Miss Clay wore a maize and white dress.

All members of the houseparty wore formal dress with matching corsages. Assisting in the entertaining was Mrs. Tom Slaughter.

Miss Anderson and Smith will be married Saturday in the ranch home of the bride's parents near Big Spring.

Those attending the tea and party were Mrs. Norman Spencer, Mrs. H. E. Clay, Mrs. Eldon Appleton, Melba and Wanda Brannon, Pat McCormick, Mrs. Loy Acuff, Minnyone and Mary Helen Lomax, Mrs. Winston Kilpatrick, Mrs. L. A. Newman, Ann Meador, Dorothy Sikes, Dannie and Reba Roberts, Lena Mansfield, June Patton, Jo Nelle Sikes, Dorothy Faye Purser, Mrs. Charles Harwell, Mamie Jean Meador, Frances Sheedy, Mrs. E. T. Scott, Pauline Hanson, Mrs. John Couch and Charlotte Long.

Anita Cate Hosts Baptist YWA Meeting

Anita Cate was hostess Tuesday afternoon to members of the Semper Fields Young Women's Auxiliary of the East Fourth Baptist church who met at her home in a business session.

The group voted to adopt a young Japanese woman and each month will send her a package.

Present at the meeting were Alpheus Pate, Faye Rice, Jane Rice, Betty Rice, Leta Thompson, Jo Poch, Jo Nelle Sikes, Toka Williams, Bobbie Sanders, Ada Mary Leonard and Mrs. Dick Davis.

There were only two reported cases of smallpox in Canada during 1946.

Texas' Greatest Jewelers • 219 Main St.

Many combinations of fruit, fresh or canned, may be used for fruit cup. Use colors that blend or contrast pleasantly and combine acid fruits with sweet, and firm with juicy kinds. Cut large fruits into small attractive pieces, mix lightly so that they keep their shape, sweeten slightly, chill before serving, and garnish the individual servings with sprigs of mint or choice brightly-colored fruits. Good combinations are: strawberries, oranges, and apples; purple grapes with seeds removed, grapefruit, and apricots; diced avocado with grapefruit or orange.

AMBROSIA

Peel the orange and take the white membrane from the outside and between the sections. Slice the orange and arrange it on a dessert plate. Sprinkle it with coconut and garnish with red cherries or almond halves. If the orange is quite sour, try dipping the slices in honey before sprinkling on the coconut. For a change, add sliced bananas to this dessert.

Oven-Baked Beans Make Summer Suppers Easy

By Jean Merritt

It's a rare housewife who can get through the season without a touch of midsummer madness where meals and cooking are concerned. There's a kind of sweet languor that steals into the firmest will power, sapping its up-and-at-'em zeal, singing a siren song in an indolent ear, urging another hour's laze in the sun, or just a little longer lounging in the shade.

Meals? They will keep says the insidious voice of your anti-conscience. And so they will, if you have fortified your summer pantry with a stock of the wonderful ready-to-serve foods now available again in the markets.

Take beans for instance. There is a wealth of instant eating in a can of beans...the truly oven-baked kind made of little mealy nuggets, baked to a toothsome tenderness, then steeped in a medley of seasonings and sauce. Two kinds now afford variety a plenty — beans drenched in a sauce of tomatoes charged with pungent condiments and enriched with a plump chunk of pork, and the vegetarian style steeped in this savory sauce alone.

With two varieties of oven-baked beans on hand for hurry-up meals you have an almost limitless choice of main-dish dinner possibilities. Of course you can simply heat and eat, and you'll still have one of America's favorite everyday dinners. But to an imaginative meal planner bean cookery merely begins at this. For beans can become a hearty bowl of main dish salad, they go into stout sandwiches, they are wonderfully enriched with rarebit, and they may be doubled in size and eating pleasure by the addition of deviled ham, hamburger, frankfurter slices, tuna tidbits, peanut butter, bacon, or stuffed in broiled onions or tomatoes.

For quick-to-get supper suggestions try some of these:

TUNA CASEROLE

- 1 medium jar (17½ oz.) oven-baked beans in tomato sauce
 - 1 teaspoon Worcestershire sauce
 - 1 teaspoon prepared yellow mustard
 - 1 7-oz can tuna fish
 - ½ cup soft bread crumbs
- Combine beans, Worcestershire

sauce and mustard. Fill a shallow casserole with alternate layers of bean mixture and drained flaked tuna fish. Sprinkle with bread crumbs. Bake in a hot oven (400 degrees F.) for 20 minutes.

BAKED BEAN SALAD

- ¼ cup chopped parsley
- 2 large stems of celery, chopped
- 4 spring onions, chopped
- 1 green pepper, chopped
- 2 teaspoons prepared yellow mustard

¼ cup salad dressing
1 tablespoon cider vinegar
1 medium jar (17½ oz.) oven-baked beans
2 hard-cooked eggs, coarsely chopped

Combine all ingredients, mixing lightly. Chill. Serve on endive.

BARBECUED BEAN SANDWICH

- 3 tablespoons butter
- 1 cup shredded chipped ham
- 2 tablespoons minced onion
- 1-3 cup tomato ketchup
- Salt and pepper

1 medium can (16-oz.) oven-baked beans with pork and tomato sauce
Melt the butter in skillet and add ham and turn constantly. Add minced onion, ketchup, dash of salt and pepper, baked beans. Heat mixture thoroughly. Spread on split buttered and toasted buns. Cover with top bun slice and serve at once with preserved sweet gherkins.

NUTTY OVEN-BAKED BEANS

- 1 medium jar (17½ oz.) oven-baked beans in tomato sauce
 - 1 teaspoon peanut butter
 - Add the peanut butter to the beans and heat. The peanut butter gives the beans an extra nutty flavor that's worth trying.
- BEANS WITH DEVILED HAM**
- 1 medium can (16 oz.) oven-baked beans with pork and tomato sauce
 - 1 3-oz. can deviled ham
- Combine beans and ham. Heat thoroughly.

Amber Marmalade Is Simple Recipe

AMBER MARMALADE

- 1 orange
- 1 grapefruit
- 1 lemon
- ¼ teaspoon salt
- Sugar

Select smooth, thick-skinned fruit free from blemishes and rust. Wash the fruit, remove the peel, and slice it very thin. Par-boil the sliced peel three times in the following way: Add 1 quart of cold water, bring to boil, cook for 5 minutes, and discard the water after each cooking.

Cut the fruit pulp into thin slices, and remove seeds and "rag". Combine the sliced pulp with the drained parboiled skins. To each measure of this mixed fruit pulp and parboiled skins add three times the measure of water and boil rapidly for 40 minutes. Then weigh or measure this mixture and to it add an equal weight or measure of sugar. Add the salt. Boil the fruit and sugar rapidly for 25 minutes longer, or until it thickens and becomes amber colored. Watch the marmalade carefully lest it stick and scorch as it cooks down. Let the marmalade stand in the kettle until nearly cool, stir, and pour into scalded jelly glasses. When cold, cover with paraffin and store in a cool, dry place. The quantities of ingredients given in this recipe should yield about 5 pints of marmalade, 12 to 14 glasses.

During the 1946 season the New York Yankees admitted free to their games more than 100,000 youngsters. This season, on 20 playing dates, the Yankees will play host to more than 300,000 juveniles.

Kitchen Memos

Broiled cake topping is easy to make if you start with a cooled baked cake all ready in its pan. Mix together 5 tbsp. brown sugar, 2 tbsp. cream, 5 tsp. melted butter, ¼ cup chopped nuts and ½ cup shredded coconut and spread over the top of the cake. Then set the cake pan on top of the broiler grid about 3" from the tip of the broiler flame. Broil slowly until the cake topping is toasty brown. Remove from the broiler, cool and cut cake in pan, removing slices with a spatula.

Bacon curls for a canape dish — with a toothpick stuck through the folds, or as main dish trimming, are easily curled if the bacon slices are put on the broiler grid about 4" from the gas flame and broiled slowly until almost crisp. While the bacon is still pliable, whirl slices around the tines of a fork and broil until quite crisp. Drain grease on absorbent paper.

To make neat-edged butter slices for the table, wrap the slicing edge of the cutting knife in wax paper.

Year's 88 Million Bushel Peach Crop Must Move To Kitchens Rapidly

This year's 88 million bushel in volume. peach crop has started to market. It is a record high production for the fourth consecutive year. While some local markets may not be stocked heavily right now, they will be in a few days when movement increases.

From the 10 important producing southern states, where harvest is in full swing, 23,552,000 bushels will be harvested during the next few weeks, according to the July 1 crop report issued by the U. S. Department of Agriculture. This is six per cent larger than last year's crop.

Here's the estimated production by states in Production and Marketing Administration's seven-state southwest area: Arkansas, 2,812,000 bushels; Louisiana, 304,000 bushels; Oklahoma, 433,000 bushels and Texas, 1,664,000 bushels. Other early states where production is heavy are Georgia, North and South Carolina, Florida, Alabama and Mississippi. California peaches also are coming to market.

Marketing this big crop is the problem. Peaches are highly perishable and must move rapidly from orchards to kitchens if waste is to be prevented.

Homemakers can help move thousands of bushels of these peaches, which are of good quality. Ways they can help is by serving them more; by preserving and canning them now for use later when the fresh supply is gone; by using peaches in desserts and in baking as often as possible.

Good when eaten raw or cooked, peaches can be prepared in a variety of ways. They are good served alone or in combination with other fruits as a chilled or frozen dessert or in salads. Old-time favorites you might like to call to their attention are peach cobbler, peach pie, peach turnover and peach shortcake.

The fact sugar no longer is rationed should account for increased activity in home canning and preserving.

From where I sit... by Joe Marsh

Jane Cupper's "Daring" Bathing Suit

The Cuppers showed me some tin-types of their nineteen-ten vacation — picnicking on the beach with beer and pretzels, in bathing suits that made them look like they were dressed in street-wear.

Dee was smothered in a long-sleeved pull-over with knee length shorts, and looking embarrassed — as if he thought Jane's costume of a heavy blouse, two copious skirts, and long black stockings was a little daring.

We laughed a lot at those costumes... but come to think of it,

as Dee says, we'll probably look just as funny twenty years from now, in what we call our "Modern" clothes. Only thing that won't change in the picture is that melon, wholesome glass of beer.

From where I sit, tolerance that lets us wear sensible, decent clothes — to give us sun and air and freedom — will keep that wholesome glass of beer a part of the American tradition.

Joe Marsh

No Federal Action Seen To Lift Present Rent Controls

WASHINGTON, July 31. (AP)—The federal rent control office, with a wary eye on Congress, has decided against further action on its own to lift ceilings from any of the 614 areas remaining under control.

Future policy, an agency official told a reporter privately today, will be for the federal office to check the decontrol question to the local advisory boards authorized under the new rent law enacted last month.

Although the law provides that Housing Expediter Frank R. Cresson, who administers rent regulations, may lift ceilings if conditions warrant, it also gives the local boards a strong voice in their own areas.

The official emphasized that the new policy is not delaying any decontrol actions "since none are up for approval at present."

However, he said that should the agency—before the boards are set up for business—develop evidence that decontrol "might be warranted" in any of the areas, "it likely would wait for recommendations from the local board rather than going ahead on its own."

Another official said information which "might lead to decontrol of some fringe sections of several areas" is being gathered and will be submitted "when the boards are ready to begin their studies."

Congress when it returns in January will have to decide shortly whether it wants to extend controls beyond February 29, the new expiration date.

Control officials said it is up to the various governors "to decide how quickly the boards will begin functioning."

Under terms of the new control act which became law July 1, Cresson was directed to appoint local boards of at least five members each on recommendations submitted by the governors.

But in the month that has elapsed, only nine governors have submitted lists and area boards in only two states—Georgia and Wyoming—have been approved.

Local Livestock Prices Zoom Simultaneously With Mercury

Soaring temperatures lopped off receipts, but prices zoomed up simultaneously with the mercury Wednesday at the Big Spring Livestock Auction company's weekly sale.

Virtually all classes of cattle registered steady to strong on the

market, while hogs reached a new seasonal high. Bidders were active throughout the sale, especially when choice butcher animals were ushered through the ring.

There were only 20 head of hogs consigned, but most of them went at 26.00 cwt., with a few of the better animals topping at 27.00. Fat bulls brought up to 16.50; fat cows, 17.50; fat butcher calves, 23.50; butcher cows, 12.00-14.00; stocker steer calves and yearlings, 20.00-21.50; stocker heifer calves and yearlings, 19.00-20.00.

Approximately 450 head of cattle went through the auction ring during the sale.

Sun Oil Co. Raises Prices

PHILADELPHIA, July 31. (AP)—Sun Oil Company today announced price increases in several products and said the action was taken to "protect the fuel oil supply of its customers against the added competition of those who might be tempted to convert from coal to oil on the basis of sheer economics."

The petroleum industry cannot handle at this time any sharply increased demand for fuel oils, the company said.

Increases effective immediately were 21 cents per barrel on heavy fuel oil delivered on the Atlantic seaboard, and three-eighths to one-half cent per gallon for furnace oils, kerosene and industrial distillates in New Jersey and Maryland.

In each increase, Sun cited the recent boosts in coal prices as "creating an unbalanced price situation."

Stud Yearling Ram Sells For \$1100 At Angelo

SAN ANGELO, July 31. (AP)—Miles Pierce of Ozona today was owner of a yearling Rambouillet stud ram that he bought here for \$1,100.

The yearling, placed second in its class at the 11th annual San Angelo sheep show and sale here. It was consigned by Dempster Jones, Ozona breeder.

Five-year-old Kay Riley paid \$600 for a champion ram, which was bred and exhibited by Lloyd White of Fort Stockton. Miss Riley lives at Millersville.

A total of 277 stud rams were sold for an average of \$293.33, the best average price on stud rams for the season in the nation.

The Peterson ranch of Brackettville paid what was believed to be a record price for a pen of rams, buying at \$400 a head the champion pen of five bred and consigned by Nielson Sheep Co., Ephraim, Utah.

The top pen of 10 rams bred and consigned by Leo Richardson, Iraan, was sold for \$160 a head to V. B. Diego of Piedras Negras, Mexico.

Prosecution To End In Trial Of Navy Signalman

NEW YORK, July 31. (AP)—The prosecution in the court martial trial of Navy Chief Signalman Harold E. Hirschberg, 29, plans to conclude its case today against the Pacific war veteran who is charged with mistreating fellow prisoners in Japanese prison camps.

Lt. Comdr. John J. O'Neill, Hirschberg's defense counsel, said he expected to finish in time for summations by both sides next Friday, the case reconvenes at 11 a. m. (EST).

Hirschberg has pleaded innocent on nine specifications charging him with having beaten fellow prisoners and with having informed on Pvt. George Garret of Waco, a fellow prisoner who subsequently was killed.

The court martial was told yesterday that Garret was bayoneted to death in a Japanese prison camp because he reported a Japanese guard's theft of prisoners' food and not because Hirschberg betrayed his plans to escape.

ENVOY—Constantin Tsaldaris, Greek foreign minister, visited the United States in connection with Greece's complaint to United Nations on alleged aid to guerrilla forces inside Greece by Yugoslavia, Albania and Bulgaria.

Railroads Accused Of Unjust Rates On Steel Mat Shipments

WASHINGTON, July 31. (AP)—Attorney General Clark in a new complaint today accused more than 200 railroads of collecting "unjust and unreasonable" rates on wartime shipments of steel airplane landing mats.

The action was filed with the Interstate Commerce commission. The government is asking repara-

tion for alleged overcharges on the landing mats moved from eastern shipping points to Pacific coast ports between Jan. 1, 1942 and June 30, 1946.

The justice department announcement said "thousands of carloads" of landing mats were involved.

Farmers Can Secure Prior Approval For Leaving Stubble

Howard county farmers can now secure prior approval for the soil building practice of leaving stubble on the land by calling at the AAA office, Third and Scurry streets, County Supervisor M. Weaver has announced.

The approval must be given if the growers are to receive federal payment.

The stalks or stubble of sorghum must be at least ten inches high and must be left on the ground and not grazed until Jan. 1, 1948, according to present specifications.

Farmers will be paid 25 cents an acre for such practices.

15 Cast Adrift On Fishing Boat Safe

GALVESTON, July 31. (AP)—Twelve passengers and three crew members of a fishing boat were safe today after the vessel was adrift at sea because of engine failure.

The engine quit when the boat was 70 miles at sea from Sabine, but the crew rigged a mast and sail that put them in the shipping lanes 15 miles away.

They were spotted by a merchant vessel, which radioed the Galveston coast guard station.

The engine was repaired at sea and the boat returned under its own power.

The passengers were employees of the Magnolia Petroleum Co. of Beaumont.

OOPS! MY PANTS
SEATTLE (U.P.)—An obliging thief left an unmistakable clue in a house-ransacking here. Making off with a supply of cigarettes, some odd silver and a pair of trousers from the home of W. C. Barnett, the marauder left his own trousers. In the rear pocket police found the thief's wallet, containing the owner's name.

Exciting ways to use mayonnaise

by Carol Drake

Work magic for salads with that crystal ball on the kitchen shelf, the jar of mayonnaise.

FOR ROQUEFORT MAYONNAISE, blend equal parts roquefort or blue cheese spread, mayonnaise and top milk. Serve with pineapple-banana-orange salad; peach sprig of mint atop.

MAYONNAISE BEATEN WITH EQUAL AMOUNTS OF THICK CRANBERRY SAUCE AND WHIPPED CREAM is pink and velvety as lemonade at the circus. Team up with citrus salad.

MAKE A KING OF CABBAGE SLAW. Mix mayonnaise with twice as much buttermilk; season with lemon juice, salt, pepper and paprika. Add cabbage, chopped unpeeled apple and peanuts. Slick Trick: Grate cabbage and mix with dressing in large wooden bowl; serve in same.

MOKK HOLLANDAISE. Fold stiffly beaten egg white into a cup of mayonnaise flavored with lemon juice. Broil until delicate brown in ramekin or custard cup and pass as sauce for vegetables. Or frost hot precooked cauliflower and broil until brown.

THOUSAND ISLAND DRESSING goes well with the honeycomb salad, "Lettuce alone." To 1 cup mayonnaise add 2 tablespoons each green pepper, pimiento and chili sauce; 1 teaspoon each onion juice, Worcestershire sauce and catsup, and 1 chopped hard-cooked egg.

HORSE RADISH MAYONNAISE—now only enough to taste the radish!—with chopped pickled beets is a good garnish for cold lamb or ham, and cheese on rye.

AAF Day Shows Importance Of U. S. Air Arm

Army Air Forces Day coming up Friday on the 40th anniversary of the establishment of the AAF, is designed as a personal appeal to the public to support an adequate and modern air arm, Capt. Wayne Hall, Abilene, told the Lions club Wednesday.

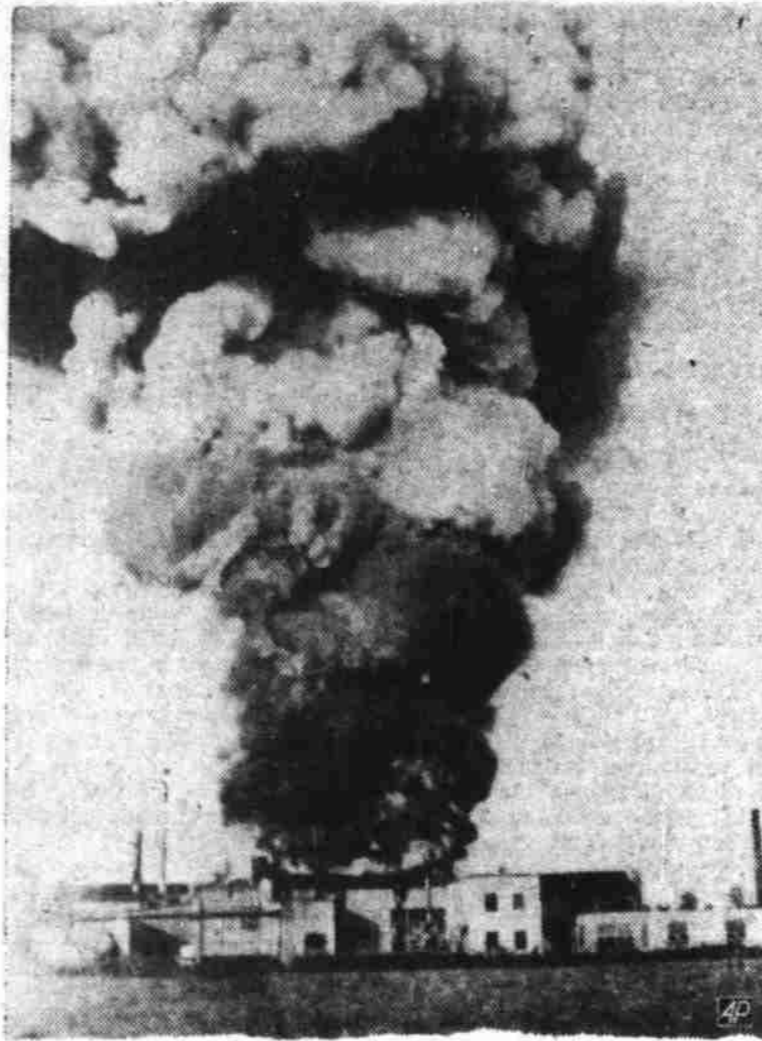

Capt. Hall, formerly stationed by the recruiting service in Big Spring, was introduced by Cecil Hamilton, in charge of the program.

"Air power is peace power," Capt. Hall asserted. The problem, he said, is not only to have adequate funds for construction, but for research in order to keep this nation abreast and ahead of aerial developments in other countries. Moreover, it is in maintaining a trained reserve able to operate the latest types of aerial equipment.

The AAF, said the speaker, has come a long way in the 40 years since it was started with two enlisted men and an officer and no airplane. Today there are such crafts as the huge B-36, capable of bombing any point on the globe and returning to base; four and six-engine jet bombers; jet fighters; the XC-99, a 132-ton transport capable of carrying 400 men and equipment 8,000 miles; guided missiles, etc.

Also at the meeting was Lt. John H. Cleveland, AAF. Dewey Martin presided in the absence of Bill Dawes, president, who, with Willard Sullivan, is representing the club at the Lions International convention in San Francisco, California.

In a game Aug. 22, 1915, between Detroit and Washington, the side was retired one inning without a hitter having been officially at bat — yet a run was scored in the inning. The first two batters walked, the third sacrificed them to second and third, the fourth batter hit a sacrifice fly scoring a run, then a base runner was picked off.

CHEMICAL PLANT BURNS—Flames eat through the explosion-torn roof of the F. W. Berk Chemical Corporation plant at Woodridge, N. J., and throw a spectacular pillar of smoke against the sky. Three blasts and the fire left only the walls of the factory standing. (AP Wirephoto.)

Soil Conservation News

B. T. Hill To Reseed More Than 1200 Acres In Native Grasses

B. T. Hill plans to reseed more than 1200 acres of shinnery sand to native pasture grasses on his farm in the Brown conservation group west of Knott Hill, who applied to supervisors of the Martin - Howard Soil Conservation District last week for assistance in soil and water conservation. Hill will plant little bluestem, sand lovegrass and sidecoats grama on land which is subject to severe wind erosion. As a part of his coordinated program of conservation measures, Hill will grow cover crops of Abruzzi rye and hairy vetch on the land to be reseeded to grass to control wind erosion. After the soil is stabilized he will plant the adapted pasture grasses with the help of the Soil Conservation Service.

Pasture grasses planted last spring by B. O. Brown, cooperating with the district in the Vincent conservation group, are making good growth. Brown planted about fifteen acres of farm land, reseeded from cultivation last March, to blue grama, weeping lovegrass, sand dropseed, yellow bluestem and little bluestem. He mowed the reseeded plot for weed control and plans to mow it again this week. Control of weeds is necessary Brown states for successful grass plantings.

Hubam clover on the farm of Willis Winters in the Vincent group will soon be ready to harvest for seed. The clover, planted last March, is shoulder high and still blooming. As soon as most of the seed are mature, Winters will harvest the 6-acre seed crop with a combine.

H. L. Mundell, operating the C. E. Talbot farm in the East Knott conservation group will also have six acres of Hubam clover to harvest.

Hubam clover has possibilities as a cover and soil building crop in a well rounded conservation program, district supervisors believe. The clover plots on both the Winters and the Talbot farms were planted on a trial basis last March. The clover made excellent growth on less than average rainfall. Madrid clover, an improved variety of yellow sweet clover, is also being tried out by district cooperators who plan to plant about 250 acres next year.

Cooperators in the Central Colorado SC District report increased small grain production following soil building crops of Madrid clover. As much as 28 per cent increase in grain and 90 per cent

in straw was made this year on small grain. The amount of straw produced is especially beneficial to the soil in providing organic matter to control blowing and washing.

W. D. Miller, who completed a conservation plan on his farm northwest of Big Spring last week, will have about 4,000 pounds of Abruzzi rye seed available to district cooperators. Miller plans to plant rye and vetch on his sandy land as a part of his conservation program.

J. Y. Robb in the Lomax conservation group also has about 5,000 pounds of Abruzzi rye for distribution to co-operators, according to H. L. Baton, farm manager.

W. F. Heckler completed a conservation plan on his farm and ranch north of Coahoma last week. Among soil management measures planned by Heckler, are leaving crop residues, planting cover and soil building crops, conservation crop rotation, and rotated and deferred grazing of pastures. Supporting these measures will be terracing and contour farming.

E. T. O'Daniel in the Coahoma plowed 250 acres of small grain stubble with a chisel type plow. This method of land preparation leaves the crop residue on the surface of the land where it is most effective in protecting the soil from erosion.

Pharmacists Hold Meeting

The Texas and West Texas Pharmaceutical associations will meet in joint annual convention at Fort Worth on Aug. 4-5-6, it has been announced.

The three-day meeting at Hotel Texas will bring together retail and wholesale druggists, manufacturers, drug salesmen and pharmacy students, wives and guests for a program of instruction and entertainment.

Developing the theme of "What About Tomorrow?" C. B. Williams, Waco, president of the state association will open the group. Speakers include John A. MacCartney, manager of trade relations for Parke, Davis & Co., Detroit, Mich.; Dr. W. H. Alexander, Oklahoma City First Christian pastor; E. N. Beasley, Indianapolis, Indiana, director of personnel relations for Eli Lilly & Co.; E. A. Newcomb, New York, secretary for the national wholesale druggist organization; Dr. Henry M. Burlage, Galveston, dean of the University of Texas pharmacy school; Jennings Murphy, Milwaukee, Wis.; Walter Cousins, Jr., Dallas, editor Southern Pharmaceutical Journal.

W. Paul Briggs, Washington, D. C., chief of the pharmacy division of the Veterans Administration; Plasco Moore, Austin, state supervisor distributive education; T. C. Root, Lubbock, dean of Tech school of business administration; W. Brock Wright, Dallas, president of National Medical Service society; E. A. Newcomb and Dr. George S. Benson, president of Hardin College, Searcy, Arkansas. Lester Short, Midland, a former Big Spring man, president of the West Texas association, will conduct special meetings for the regional organization.

Newton Enters State Prison

HUNTSVILLE, July 31. (AP)—Dr. W. R. Newton, Cameron physician, began a two-year term in Huntsville state penitentiary today for the 1942 assault on the late Dr. Roy Hunt of Littlefield.

"The penitentiary holds no horrors for me," Newton said in a letter to Gov. Beauford Jester the day before he began his term.

He came to the prison alone last night, less than six hours before his special 30-day reprieve expired.

Dr. Newton has steadfastly maintained he was innocent. In his letter to Jester, he said, "I'm reporting to the prison to pay a debt I do not owe."

The state claimed Dr. Newton assaulted Dr. Hunt on May 21, 1942.

Seventeen months after the attack, Dr. Hunt and his wife were found slain in the bedroom of their Littlefield home.

Ex-convict Jean Thomas was convicted three times in their deaths and is at liberty under \$5,000 bond. The state court of criminal appeals set aside the conviction each time.

Mysterious Attack In Philippines Kills Texas GI

MANILA, July 31. (AP)—United States Army authorities today identified the victim of a third mysterious attack on American Army personnel in central Luzon as T-Sgt. Donald R. McCullough of (806 LaSalle St.) Amarillo.

He was killed by machinegun fire Saturday night three miles north of the outskirts of Manila when a civilian truck swung past the Jeep in which he was riding and blocked the road.

Critically wounded in the attack was T-3 Edward L. Sevensh of Indianapolis. He is under treatment at the 10th general hospital, where Army medical authorities said his condition "is still critical, with an even chance to live."

In previous attacks, two were killed and two wounded.

China Sets Taxes

NANKING, July 31. (AP)—The government food conference, seeking to provide food for both the army and civilians, today approved a measure directing farmers to contribute 30 per cent of their total seasonal produce to the government in the form of taxes and loans.

Only exceptions will be provinces controlled by the executive Yuan or affected by floods or famine. Local authorities were instructed to make collections within three months.

The government policy is to obtain half the required food by requisitioning and half by borrowing from the people. Informed sources said the goal of the government collection drive is 40,000,000 piculs (a picul of rice is 133 1-3 pounds).

Mexican Comedian Sued By Playwright

MEXICO CITY, July 31. (AP)—Lario Moreno "Cantinflas", Mexico's leading film and stage comedian, was named defendant in an action filed with federal court yesterday alleging infringement of copyright in connection with the 1943 movie "Un Dia Con El Diablo" ("A Day With The Devil").

The action was filed by Puebla playwright Ernesto Vazquez Lopez. The court has instructed Cantinflas to appear for a preliminary declaration.

R. H. Shuffler Heads Aggie Publications

COLLEGE STATION, July 31. (AP)—R. Henderson Shuffler, executive director of the Texas A. and M. development fund, will become director of information and publications for the college, beginning Sept. 1.

Shuffler succeeds G. B. Winstead, who resigned to enter the public relations field at Houston.

A 1929 graduate of A. and M., Shuffler spent 16 years in the newspaper business in West Texas. At one time he was publisher of the Odessa American, which he sold in 1945 when he came here.
