

U. S. Pledges Solid Front On Aid Plan

WASHINGTON, June 26. (AJ)—The world received assurances today, on the eve of the critical Molotov-Bevin-Bidault economic conference, that the American government is solidly behind Secretary of State Marshall's proposals for European recovery based on self-help.

Diplomatic officials were concerned for a brief period late yesterday that the Paris conference might be considerably upset by some evidence to the contrary due to comments on the Marshall plan by Secretary of the Treasury Snyder.

Soviet Envoy In Paris For Conferences

PARIS, June 26. (U)—Russia's V. M. Molotov arrived today for the three-power conference on American aid to Europe, while British and U. S. representatives reached "broad and general" conclusions over how European recovery can best be tackled.

An authoritative source in London reported that result from British-American talks which have been going on there for several days, with Undersecretary of State William L. Clayton and Ambassador Lewis W. Douglas representing the Washington viewpoint. Prime Minister Attlee reported to the British cabinet on these talks. Clayton was expected to visit Paris to remain a few days "for consultation," a British informant said. Bevin will fly here tomorrow for the conference of himself, Molotov and France's Georges Bidault on the economic plan proposed by U. S. Secretary of State Marshall, greeted Molotov at Le Bourget airport today.

Waco Reports Two Holdups

WACO, June 26. (U)—A large sandy-haired man and two boys sought today following two reports of armed robberies on highways near here last night.

A. C. Cone of Mart said two boys, their faces covered by Hallowsen masks, took \$20 from him at gunpoint on the Dallas highway four miles north of Waco. Edgar Smith, a taxi driver here, said a man asked him for a ride to east Waco at 3 a. m. today. The sandy-haired, six-foot passenger later told the driver to go to an underpass on the Corsicana highway, and then produced a gun, the taxi driver told the sheriff's deputies. Smith said the bandit took the cab.

Full Probe Pledged In Death Of Boxer

CLEVELAND, June 26. (U)—Declaring he did not want "a cloud on Ohio boxing," Coroner Samuel J. Gerber today promised a complete investigation of the death of Jimmy Doyle, 22-year-old Californian who never regained consciousness after being knocked out by welter-weight champion Ray (Sugar) Robinson in the eighth round of a title fight at the arena here Tuesday night.

"A great deal of unholly pressure has been put on me to divert this investigation," said Dr. Gerber. "I am going to make a complete investigation. I will talk to anyone who had anything to do with this."

Dr. Gerber did not elaborate on what he meant by pressure. The coroner opened his probe last night by questioning Robinson, his manager, George Gainford, and two other handlers of the champion.

Robinson was accused during questioning by Dr. Gerber of being "evasive." So was Gainford.

"This is an unfortunate incident, and you are not to blame," the coroner said to Robinson. "But I want to know Doyle's condition as observed by laymen. And I want to arrive at a conclusion without pressure from any body. I don't want a cloud on Ohio boxing."

His questioning led along three major lines: "Was Doyle really fit and the right opponent for the welterweight champion of the world?" "Was Doyle's earlier brain injury shown in paralysis of one eye, lid or other parts of his body?" "Was the floor of the ring properly padded?"

Robinson denied he thought Doyle an unworthy opponent. He denied having a voice in picking Doyle. He denied taking Doyle's injury last year into his fighting strategy.

Robinson said he would come in to sign the stenographer's typed transcript of his testimony today and would remain here for further questioning. He was not put under charges nor was bond fixed. Doyle was knocked out when he stepped into a stiff left hook and died of a brain injury 17 hours later in Charity hospital.

The old wounds in his brain tissue were inflicted March 11, 1946, when Middleweight Artie Levine's blows sent the plucky Los Angeles boxer to the same hospital.

Committee OK's Housing Program

WASHINGTON, June 26. (U)—The Senate Banking committee approved by a 7 to 6 vote today President Truman's proposal to reorganize the federal housing agencies.

The plan calls for the creation of a housing and home finance agency, with three subordinate branches, to administer all housing activities now scattered in a dozen or more agencies.

The proposal, known as the president's reorganization plan No. 3, was disapproved by the House on June 18. Unless the Senate also rejects it within 60 days of May 27 it will go into effect.

This in turn would play into the hands of any elements in Europe which might want to block or hamstring the initial effort in economic planning which Marshall has called for.

Other lettings announced Wednesday were to C. Hunter Strain, San Angelo, \$130,569 for seal coat on 115.66 miles of state and U. S. highways in Reeves, Pecos, Crockett, Ector, Crane, Ward and Winkler counties; and Hugh McMillan, El Paso, for construction of 8.74 miles of road on farm highway No. 516 in Ward county.

Howard county has just completed a 17.2 mile seal coat project of its own. Contract was for little less than \$9,900.

Contract Let For Vincent Highway

Contract has been let to H. W. Williams, Waco, for construction of 12.8 miles of state highway 50 from a point north of the cemetery on the Gall road to an intersection south of Vincent with the Coahoma road.

The Williams bid, accepted by the state highway department in lettings Wednesday, was for \$191,357 and covers grading, structures, select materials and single asphalt surface treatment.

County Judge W. S. Morrison said Thursday that he had no definite information as to when the project would start, but that he presumed it would be soon. Jack Gorman of the district office of the state highway department had been here recently to supervise arrangements leading up to letting of the contract.

The section to be constructed is the first leg on the Big Spring-Vincent road, which eventually is to tie in to the Big Spring-Snyder project. Howard County Commissioners Court has secured all right-of-way required for the complete job in Howard county.

Truman Puts Veto On Wool Price Support

Would Hurt Our International Status, He Says

WASHINGTON, June 26. (AP)—President Truman today vetoed the wool price support bill because he said it would have "an adverse effect on our international relations."

The veto was sent to the senate, where the bill originated. Senator Aiken (R-VT) asked that it be referred to the agriculture committee, which arranged a meeting for this afternoon to consider what action will be taken.

Senate Democratic Leader Barkley (KY) told reporters there is no chance that the legislation can be enacted over the veto. A two-thirds vote in Senate and House is necessary to override the presidential rejection. Barkley speculated that the bill may be allowed to die in the committee.

The measure would have continued government prices on wool at present levels and authorized the president to boost tariffs or restrict imports if foreign wool or wool products pushed down domestic prices.

"The enactment of a law providing for additional barriers to the importation of wool at the very moment when this government is taking the leading part in a United Nations conference at Geneva to reduce trade barriers would be a tragic mistake," Mr. Truman said.

He added in a message to congress: "It would be a blow to our leadership in world affairs."

"It would be interpreted around the world as a first step on that same road to economic isolationism down which we and other countries traveled after the first world war with such disastrous consequences."

"I cannot approve such an action."

The veto was the third major one this congressional session. He previously had vetoed a tax reduction bill and the Taft-Hartley labor bill.

The House upheld the tax bill but both the Senate and House overrode the labor bill veto, making it law.

The wool price bill veto message was sent to the Senate, which will get the first opportunity to decide on upholding or overriding the president. A two-thirds vote in both houses is required to set aside a veto.

Mr. Truman declared that American wool growers are entitled to price support and called on congress to act promptly on that bill "consistent with our international responsibilities and the interests of our economy as a whole."

He said that the original Senate bill was satisfactory to him but he objected to the house-added amendment "intended to increase the tariff on wool through the imposition of import fees." He added: "This was done to provide a means of increasing the domestic market price for wool to approximately the support price, thus shifting the cost of the support from the treasury to the consumers of wool products."

The veto was not unexpected. Rep. Cooley (D-NC) called at the White House yesterday to urge such action and told reporters later the president had not frowned on his suggestion.

Other lettings announced Wednesday were to C. Hunter Strain, San Angelo, \$130,569 for seal coat on 115.66 miles of state and U. S. highways in Reeves, Pecos, Crockett, Ector, Crane, Ward and Winkler counties; and Hugh McMillan, El Paso, for construction of 8.74 miles of road on farm highway No. 516 in Ward county.

Flood Crest Hits A Record High At Des Moines

DES MOINES, June 26. (U)—The Des Moines river tore a gaping hole in a mile-long levee protecting a 25-block residential section today and flood waters swirled through it without hindrance.

The break came little more than an hour before a twin flood-crest from two surging rivers came together at the streams' confluence near the heart of the city.

The Weather Bureau said a record flood crest of 20.92 was reached at the Scott street junction at 7:15 a. m. and would pass downstream toward Red Rock, Eddyville, Ottumwa and Keosauqua—each of which has been flooded out twice this month and now face a third onslaught.

The 20.92 reading broke the former all-time high of 18.7 established 13 days ago at Scott street. The Weather Bureau said it became apparent that the crest was reached after both the Des Moines and the Racoon held steady for several hours and then slowly started falling.

With 1,800 persons driven from their homes by high water, only two men were reported unaccounted for.

Other lettings announced Wednesday were to C. Hunter Strain, San Angelo, \$130,569 for seal coat on 115.66 miles of state and U. World Leaders Say UN Faces Grim Future

LAKE SUCCESS, June 26. (U)—The world's top-flight political leaders joined today in sounding grim warnings that the United Nations still faced a difficult and uncertain road ahead on this second anniversary of the world charter signing at San Francisco.

The warnings were voiced in recorded charter day messages broadcast to the world by President Truman, Prime Minister Attlee of Britain, Premier Ramadier of France, President Chiang Kai-shek of China and Deputy Foreign Minister Andrei A. Gromyko of the Soviet Union.

At the same time each of the representatives of the five big powers expressed conviction that the United Nations would succeed and pledged the world organization the full support of their governments.

President Truman, declaring that the U. N. so far "has gone forward in an atmosphere of disturbance and uncertainty," said the government and people of the United States were aware that realization of the organization's objectives "is not easy."

"They know that it is a continuing task," he said. "They will not be discouraged by temporary setbacks or delays. The enterprise which was launched at San Francisco two years ago is the hope of the world for lasting peace."

The president warned that "the effectiveness of the United Nations depends upon the member states meeting all their obligations," and added: "The member states are not only bound by the charter, jointly and severally, to execute the decisions of the organization; they are bound to conduct their day to day foreign relations in accordance with the principles of freedom and justice prescribed by the charter."

General Strike Pleas Rejected

WASHINGTON, June 26. (AP)—AFL President William Green today rejected pleas from member unions for a general strike in protest against the new Taft-Hartley labor union control law.

Green called presidents of the AFL's 105 unions to a conference in Washington July 9; Green told reporters, after an emergency meeting with resident members of the AFL's influential executive council that he thought it "unwise and inadvisable" to bow to telegrams and letters from unions throughout the nation asking that a general strike be called.

"Instead, we are going to fight the measure in the courts and seek to maintain our rights under the bill in negotiations with employers," Green said.

The AFL will organize politically "with the purpose of defeating every member of Congress who voted for this terrible legislation," he continued.

"We are not reconciled to it and we will carry on the fight against it just as vigorously as we did while the bill was going through Congress," Green told reporters.

Passage of the new law, enacted over President Truman's veto, has "emphasized" the need for unity of all labor, the 74-year old AFL president said.

He expressed the opinion that its passage has hastened moves toward merger of the CIO and AFL, adding that further meetings on consolidation of the two big labor groups possibly will be held in the near future—although none is scheduled at the moment.

On the political front, Green said the AFL and CIO probably will have parallel objectives, but that does not mean the AFL plans to create a separate political action committee like the CIO's.

Previously the AFL, through its general counsel, Joseph A. Padway had served notice that some provisions of the law will be challenged promptly in the courts. Padway said approximately 75 lawyers for the union will meet here this week-end to discuss which sections of the law "are clearly unconstitutional."

The July 9 conference of AFL presidents will consider a program to deal with the Taft-Hartley bill and the international officers and attorneys will explain to the various union heads how the new labor relations act affects them.

Green said national officers and representatives of locals "all are confused and wonder what the bill really means—how it applies to each."

Meanwhile, Senator Ives (R-NY) told the Senate "a fine beginning" has been made by the national labor relations board in administration of the Taft-Hartly act.

He read into the senate record an NLRB statement promising the fairest possible administration of the act, which the board had opposed while it was being considered in congress.

Over 260,000 Workers Idle In Protests

Work stoppages in the nation's coal fields in protest against the new labor bill and a strike at ten East Coast shipyards in a dispute over wages boosted to more than 262,000 the number made idle today.

Curtailed operations in steel mills and railroads and other coal-using industries resulted in layoffs of an unestimated number of workers.

More than half of the country's 400,000 soft coal miners—an estimated 222,000—were away from their jobs, most of them in protest against the Hartley-Taft labor law. Others said they were jumping the gun on the 10-day mine vacation which starts at midnight Friday.

Spokesmen for the CIO industrial union of marine and shipbuilding workers said a strike by 40,000 workers in East Bethlehem Steel company shipyards started at 12:01 a. m. Thursday. The union had demanded a wage increase of 13 cents an hour, six paid holidays a year and three weeks' vacation after 20 years.

The strike affects workers in the New York port area at two yards in Brooklyn, one in Staten Island, one in Hoboken, N. J., and at yards in Quincy, Mass., East Boston, Mass., Baltimore and Sparrows Point, Md.

The spreading work stoppage among coal miners held the attention of officials in Washington. Rep. Hartley (R-NJ), co-author of the new labor law, termed John L. Lewis, UMW president a "rebellious and mutinous citizen."

Hartley, asserting that "other leaders of organized labor are showing signs of that same rebellious activity," proposed adding a new section to the labor act to deal with Lewis and the "challenge" of other union leaders.

With the government due to surrender control of the mines on June 30, Rep.

CIO

(Continued from Page One)
 emption of \$500 for each dependent.
 2. Increase social security benefits and provide coverage for more workers.
 3. Raise the minimum wage from the present 40 cents an hour to 65 cents, with provision for advancing it to 75 cents within two years.
 4. Enactment of a national health insurance program.
 5. Passage of a bill to prevent discrimination in employment.
 6. An "adequate" soil conservation program.
 7. Enactment of federal aid to states for education.
 8. Creation of a federal monopoly investigation board.
 9. Development of "an overall farm program to insure equitable distribution of farm income to all farm groups."
 10. Creation of additional river valley authorities "to take advantage of water power to develop electrification."
 11. Government construction of "low-cost public housing and also large housing projects to be rented to veterans and workers at low cost," to supplement private construction.

Army Advisory Setup Planned For Big Spring

Big Spring has been designated as a site for an Army Advisory Committee, civilian organization designed to aid military officials in matters pertaining to various peace-time activities of the Army, Maj. W. R. Shurley, assistant to the Executive of the Texas Military District, announced today.
 Maj. Shurley visited the local chamber of commerce this morning and requested that organization's assistance in setting up such a committee here. Definite plans have been made to establish approximately 100 committees in major population centers in Texas, and New Mexico, Maj. Shurley said.

Primary purpose of the advisory committees is to study and make recommendations to proper military authority concerning any type of Army activity that may directly affect civilians in their respective areas.

Maj. Shurley said that according to organization procedures followed in other towns, a coordinator is selected to guide the formation of the committee. Then, after the group is formed, a chairman and a vice-chairman are elected by the committee members. Although no definite qualifications are set out for membership, military authorities recommend that civic organizations, local government branches, various professions and veterans organizations be represented.

Helicopter Here

An Army helicopter landed at the Big Spring municipal airport Wednesday afternoon, and was scheduled to leave during the day. The helicopter (YR5-1A) is the first of its type to land here.

Butcher Cattle Market Strong

Fat butcher animals kept bidders active Tuesday at the West Texas Livestock Auction company's weekly sale, as virtually all butcher classes gained strength on the market.

E. T. O'Daniel of Coahoma and D. W. Christian of Big Spring each consigned a load of fat animals which commanded top prices.

Fat calves topped the market, ranging from 19.00 to 23.40, while fat yearlings varied from 20.00 to 23.30 and fat cows brought from 14.00 to 18.00.

Other classes were steady, as bidders snapped up approximately 500 head. Hereford cows and calves brought from \$115 to \$150 a pair; mixed cows and calves, \$90 to \$135 a pair; stocker cows, 9.00-13.00; stocker yearling, 17.00-20.00; stocker calves, 18.00-21.00; canners and cutters, 7.50-10.00; bulls, 12.50-15.20.

Hogs topped at 24.80, with 30 head consigned.

Duncan Locates Wildcat Well

Dave Duncan of Big Spring has staked location for his No. 1 Roberts-Barkhurst, north-central Glasscock county wildcat oil test.
 The location is 990 feet out of the southeast corner of section 7-33-3e, T&P, is about 20 miles south of Big Spring and eight north of Garden City. The wildcat is near the Carter pool area where small production was encountered years ago. Contract is to 2,800 feet with combination tools.

A fine of \$75 and costs, plus suspension of operators license for a period of six months, was imposed in county court Thursday morning on John Bruce Moore Jr. He had entered a plea of guilty before Judge W. S. Morrison on a charge of driving while intoxicated.

25-Year Term In Death Case

BROWNWOOD, June 26. (AP)—Alvin H. Kennedy, 47-year-old ranchman, was convicted today of murder with malice in the shooting of his brother-in-law, Rice W. Willey. The jury set his punishment at 25 years in prison.

Willey was killed in McCulloch county Oct. 16, 1945. In an earlier trial at Brady, Kennedy was convicted and given a life sentence, but the conviction was reversed by the appeals court. The retrial was brought here on a change of venue.

Judge A. O. Newman of the 35th district court announced the sentence today.

Kennedy testified that he shot Willey after his brother-in-law reached toward the glove compartment of his automobile.

Lions Club Wives To Be Complimented

Wives and other guests will be honored Friday at 8 p. m. when the Lions club holds a banquet affair.

Highlight of the program will be the installation of new officers, headed by Bill Dawes, president-elect. M. O. Wollam, Andrews, district governor elect, will officiate at the installation. The program is to take the place of the weekly meeting, which was postponed from Wednesday noon.

Arena Altered To 'Speed Up' Rodeo

Big Spring Rodeo Association officials announced today that the arena at the rodeo grounds is being shortened considerably to provide more speed at the annual show scheduled for Aug. 6-9.

Several other improvements also are being made at the rodeo grounds. Workers are spreading white sand on the arena, which is expected to improve illumination for night performances and reduce dust interference, and walk-ways are being repaired.

Three Divorces Granted By Judge

Three divorces were granted by Judge Cecil C. Collings in hearings in the 70th district court here Wednesday.

Dimple Sue Simpson was given a divorce from Clyde Simpson and custody of a minor child, Ella Norris was awarded a divorce from David Richard Norris and custody of three minor children. Sadie Bell Felts was divorced from John Elmo Felts and had her maiden name of Sadie Owens restored.

Information Here On Labor Importing

Forms and explanations for procedure in importing agricultural laborers from Mexico have been received at the office of Sheriff Bob Wolf.

Wolf said the supplies were ordered from George W. Harrison, acting chief of patrol inspection at Alpine, in response to several inquiries by farm and ranch operators here.

Specific applications must be made by the operator for the labor, and lists of applicants are to be forwarded to the Alpine office. Currently the big demand is for cotton choppers.

Excitement Too Much For Wrestling Fan

WICHITAN FALLS, June 26. (AP)—A 54-year-old wrestling fan, John W. Martin, collapsed and died last night during an exciting bout at the sportorium.

A verdict of death from natural causes, a heart attack, was returned by Justice of the Peace C. Coit Nock.

Weather Forecast

Dept. of Commerce Weather Bureau

BIG SPRING AND VICINITY—Fair and warmer today, tonight and Friday. Expected high today 100, low tonight 70, high Friday 102.
 EAST TEXAS—Partly cloudy this afternoon, tonight and Friday. A few widely scattered afternoon thundershowers. No important temperature changes. Moderate to occasionally fresh southeast and south winds on the coast.
 WEST TEXAS—Partly cloudy this afternoon, tonight and Friday. A few widely scattered afternoon thundershowers in Panhandle, South Plains and from the Pecos Valley eastward. No important temperature changes.

 WALL STREET
 NEW YORK, June 26 (AP)—A number of stocks continued to make a little headway in today's market although many leaders faltered.
 Dealings fairly active at the opening soon slowed and mild irregularity ruled near midday.
 Gainers of fractions to a point or so at one time or another included Bethlehem, Montgomery Ward, Woolworth, American Smelting, Baltimore & Ohio, New York Central, Muller Brass (on a sharp earnings jump), International Harvester and Standard Oil (N.J.). Losgarda was U. S. Steel, Republic Steel, Chrysler, General Motors, Sears Roebuck, Oliver Corp., American Telephone, Consolidated Edison, Chesapeake & Ohio, General Electric, American Water Works, Air Reduction and International Nickel.
 Bonds were uneven and cotton futures firm.

First Day Of Electric Show Draws Crowd Of Over 4,000

Forty-two hundred people thronged the high school auditorium and an adjoining big top tent Wednesday evening for the first day of the Texas Electric Show of '47. While two big searchlights stabbed the sky with 800 million candlepower each, hundreds of people inspected the latest word in electrical appliances, both for the home and farm. The Texas Sweethearts, with five quarter-hour sessions of swing, and salesmen with carnival barker talent, added to the show excitement.

Curiously, among all the domestic exhibits there was not a single air conditioner, but Texas Electric officials said that units would be

on display and pouring out cooled air this evening and Friday during show hours.

Bigger than the show which attracted 10,000 people in three showings last year, the current show included a walter of merchandise such as automatic laundries, washers, refrigerators, deep freeze units, sewing machines, irons, ironers, toasters, fans, radios of all descriptions, a cathode ray oscillograph which projected sound waves, deep freeze units, roasters, automatic dish washers, record players, vacuum cleaners and many other items.

Three little pigs and 50 baby chicks attracted much interest in the farm and ranch exhibit, along with physical maps dramatizing soil conservation and proclaiming the thesis of "poor land, poor people."

Agriculturalist got a glimpse, too, of a variety of electrical labor-saving devices such as freezers, feed grinders, water pumps, shears, clippers, sprayers, paint guns, air compressors, brooders, water heaters, milkers, separators and a host of others. The pigs and chicks, together with a Hereford heifer, will be given away to 4-H girl and boy and FFA members at 10:45 p. m. Friday.

Several hundred parents and youngsters took in the Reddy Kilo-watt movies just south of the agricultural big top, witnessing the showing of "Reddy Made Magic," "Summer Storm," the latter a "Dawn of Better Living," and cartoon film.

In addition to air conditioning, ample supplies of ice cold water will be added for the shows today and Friday.

Nimitz Warns Others Working On Weapons

WASHINGTON, June 26. (AP) — said today the United States must not assume it is the only nation capable of developing the guided missile into the weapon of the future. He tossed out a plain hint that he was referring to Russia.

"We must not forget that other nations have equal, if not greater, access to the wealth of German information, equipment, facilities and trained technicians than we have," Nimitz said.

"To assume that they will merely catalogue this information for future reference and not exploit it vigorously is fallacious and dangerous."

The admiral did not identify the nations in his statement prepared for a house armed services subcommittee, but Russia has been the big rival of the United States in obtaining the help of arms experts from occupied Germany.

"Failure to take adequate steps now to explore this new field of weapons and their uses," Nimitz said, "would parallel our relatively slow development of the airplane and our tardy appreciation of its potentialities as an instrument of war. It is evident that such failure can be most detrimental to national security."

"There is no doubt if war comes again the nation leading in the guided missile field will have an initial and perhaps decisive superiority."

Nimitz' testimony was prepared to urge the immediate construction of a missile test center and sea range at Point Mugu, California.

"Unless construction of a sea range such as Point Mugu is begun at once," he declared, "our development program for guided missiles will be seriously retarded for lack of suitable test facilities. It is of the utmost importance that the development program be kept moving."

Taxpayers Get Break
OLDTOWN, Ida. (UP) — This newly incorporated village in the northern tip of Idaho promises to be the taxpayers' paradise. Village trustees say taxes won't be necessary because an estimated \$10,000 a year yield from slot machine and liquor licenses will be more than enough to cover all municipal expenses.

Chinese Money Takes Big Dive

SHANGHAI, June 26. (AP)—China's national currency dived wildly to a new low of 53,000 to one American dollar today, as unconfirmed reports circulated in Shanghai financial circles that the government would revise this weekend its unrealistic official rate of 12,000 to one.

One financier said today that "I've never seen such a heavy concentration of buying" of U. S. dollars "as during the last few days, especially by big Chinese interests and officials." But he called reports of a new official rate merely "wishful thinking."

Along with the runaway money market, commodity prices skyrocketed. The black market price of rice jumped well over the half-million mark, opening this morning at 510,000 Chinese dollars per picul (133 1-3 pounds.)

The price of sugar doubled, and sharp increases on most other items were noted.

No Foreclosures On Farm Loans To Vets

DALLAS, June 26. (AP)—Veterans administration's tabulations through April showed that there have been no foreclosures on the 2,632 farm loans granted ex-servicemen in Texas, according to R. F. Andrews, VA loan guarantee supervisor in Texas, Louisiana and Mississippi.

One reason for the lack of foreclosures, he said, was rigid screening examinations the veterans were given. Andrews pointed out that not only must a veteran have the know how to operate a ranch or farm, but he must be on a firm footing financially.

Many Never Suspect Cause Of Backaches

This Old Treatment Often Brings Happy Relief
When disorder of kidney function permits poisonous matter to remain in your blood, it may cause backache, rheumatism, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Motorcycle Races Being Planned Here As July 4th Entertainment

Motorcycle races will be to the July 4th entertainment here, it was announced Thursday by Elliott Yell, president of the Big Spring Motorcycle club.

Yell said that a 24-acre tract had been leased for the event and under a five-year contract it will be utilized for continuation of cycling affairs.

Although planning is in the tentative stages, the program may include such things as speed events, plank riding, digouts, hill climbing, stake riding, apple biting, and broad jump.

The site is located just south and west of the city park entrance, west of the outdoor theatre now under construction on the park road.

Price schedules have not been completed, but club officials said a popular level would be maintained in an effort to attract as many people as possible who are seeking Independence Day diversions.

Most of the 15 members of the local club will participate and invitations are going out to clubs at San Angelo, Abilene, Lubbock, Wichita Falls and other points in this region.

Hawaiian CIO Agrees To Delay Strike

HONOLULU, June 26. (AP)—A labor department offer to mediate the wage deadlock in Hawaii's rich pineapple industry was accepted by both sides today.

Dwight C. Steele, president of the Hawaii employers' council, messaged the labor department that "There will be no stopping or slowdown of harvesting . . . by employer action."

President Harry Bridges of the CIO International Longshoremen's and Warehousemen's Union said in San Francisco last night he had urged the Hawaiian ILWU to continue work and await the arrival of P. Feinsinger July 5. The union committee here will meet today to consider the request. The union has been authorized to call a strike anytime after today, but no effort has been made to set a date.

July and August are peak months for the \$65,000,000 harvest, and union members voted a month ago to authorize a strike on or after June 26 unless management agreed to a 23 1-2 cents an hour wage boost. The eight major companies in the industry offered 10 cents, and negotiations have been futile.

Publishers See Japanese Heads

TOKYO, June 26. (AP)—American newspaper executives on a Pan American Airways' round-the-world flight talked over some of Japan's problems with Premier Tetsu Katayama and Foreign Minister Hiroshi Ashida today.

The globe-circling party landed at Haneda airport at 12:48 p. m. (10:48 p. m., Wednesday, eastern standard time) from Shanghai. Top American officials were on hand to greet them.

Mrs. Oleta Culp Hobby, vice-president of the Houston Post and former commander of the Women's Auxiliary Corps, got a special welcome from a WAC band directed by Cpl. Eleanor Crawford of Baltimore.

The publishers and editors attended a cocktail party given by George Acheson, Jr., American diplomatic representative here. They will see General MacArthur tomorrow.

Wave Of Industrial Building Prophesied

NEW ORLEANS, June 26. (AP)—A wave of industrial plant construction after the government lifts its restrictions on lumber June 30 is predicted by southern lumbermen gathered here.

The group is here to bid on an estimated \$2,000,000 in lumber contracts which will be let by the government.

Robert F. Darrah, Birmingham secretary-manager of the Southern Wholesale Lumber Association and his associates believed construction work would be started soon on an estimated \$2,500,000,000 worth of projects that had been denied permits by the office of the housing expediter. He said he expects no sky-high prices in the lumber field.

If Stomach Gas or Sour Food Taste Robs You of Sleep

Here's How You May Help, Whether You Eat 500 Pounds or 2000 Pounds of Food in a Year

You can't feel cheerful, be happy and sleep well, if your stomach is always upset. As age advances the "old stomach" needs more help. The reason is this: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains very special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food more thoroughly and repair. Don't wait! Join the host of happy people SSS Tonic has helped millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

BIG SPRING HARDWARE CO.
 117-119 MAIN STREET BIG SPRING TEXAS

City School Facilities Face Overload, Statistics Show

Austin, June 26—A projection of the state of Texas' birthday as far into the future as is possible at this time indicates tough times ahead for school administrators seeking to house their pupils.

While the overall scholastic population does not show an alarming growth, the situation is complicated by the fact that the load of an increased enrollment will fall on city schools. To start with an overall figure:

The state's scholastic population reached its highest point in the 1937-1938 school year: A census count of 1,566,000 scholastic citizens of Texas. Since that time,

the scholastic count declined, to a low of 1,487,000 in the 1944-45 school year. The projection of the birth rate indicates the 1937-38 level will not be again reached until the 1952-53 school year.

But the fallacy of this comparison is that during the same period, there was a general exodus from rural to city schools. In the 1930-40 period, every city of 25,000 or more expanded much faster than the state expanded in population. So the burden on city schools will be great — and the larger the city, seemingly, the larger the burden.

Now let's look at the figures:

The top census count — in 37-38 — reflected the number of children born just prior to the depression. The number of school age children declined steadily in the 38-39, 39-40 and 40-41 school years — which are the years when children born during the depression years of '31-'32 and '33 would have been entering. There's a slight improvement in the scholastic count in 1941-42 and 1942-43 — which would reflect the birth rate for the first two years of President Roosevelt's term, then the decline sets in again.

From 1939 on, we have actual birth rates, which will reflect the increase or decrease:

Year	Births	Increase
1939	121,000	6,000
1940	127,000	10,000
1941	137,000	7,000
1942	144,000	29,000
1943	163,000	1,000
1944	164,000	5,000
1945	156,000	24,000
1946	180,000	

(*-minus)

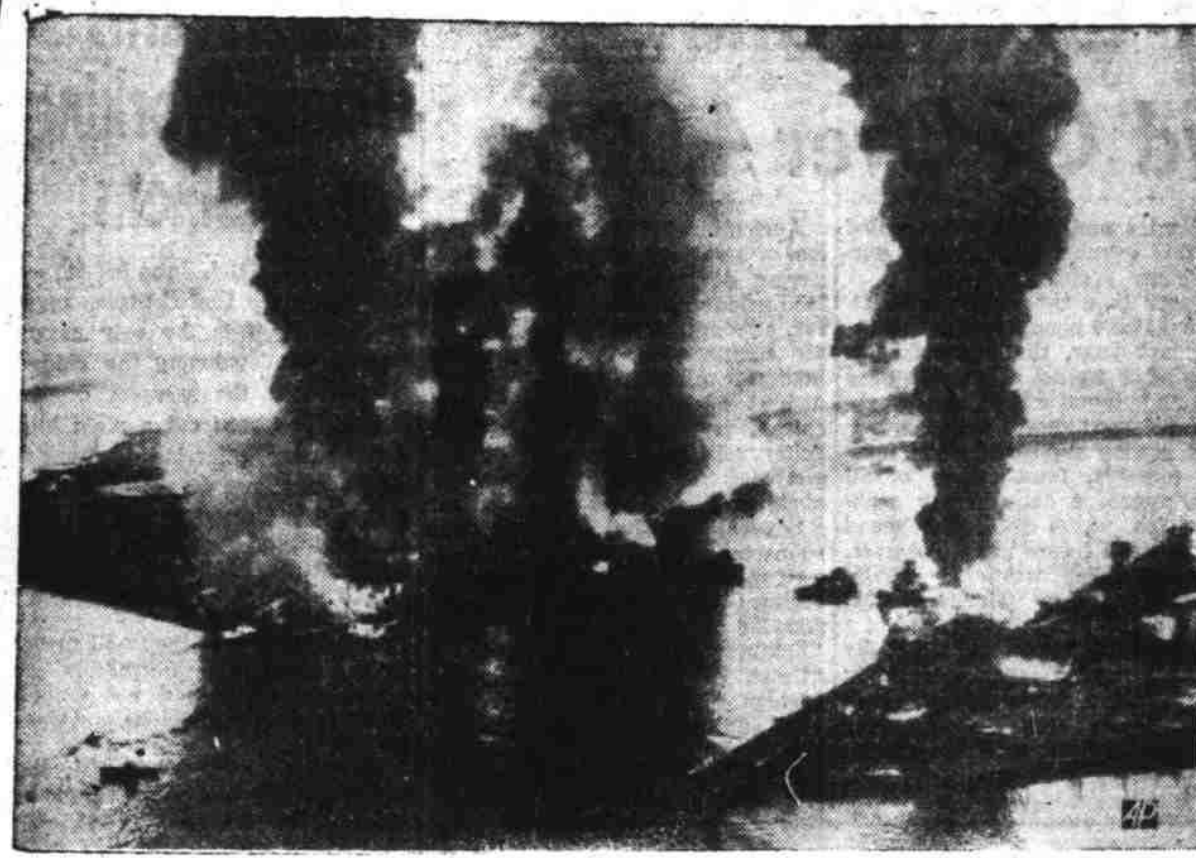

Incidentally, it is a simple matter to relate these birthrates to economic and other historical facts. In 1939, our economy started expanding for the national defense and this is reflected in the following years. As stated by the U. S. Public Health Service: "During the early period of the national defense, increases . . . reflected improved economic conditions. Increase in the number of marriages and the imminence of withdrawal into the armed services added impetus to the establishment of families." The U. S. report does not cover the reason for the sharp increase in 1946, but it's pretty obvious: 1945 was the year thousands of men returned from the armed services.

In projecting the birth rate in terms of total scholastic population there is only one control figure available: From the 1945-46 school year to the 1946-47 school year, the number of 6-year-olds entering school number 5,378. These would, generally, represent children born in 1939 and 1940, and as shown above, the increase in number of births in that period was, in round numbers, 6,000. Now to project the increase in births, starting with that 6,000 year:

School Year	Increase	Total
1945-46		*1,480,000
1946-47	6,000	*1,486,000
1947-48	10,000	1,506,000
1948-49	7,000	1,513,000
1949-50	29,000	1,542,000
1950-51	1,000	1,543,000
1951-52	*5,000	1,548,000
1952-53	24,000	1,582,000

(*-actual)
(**-minus)

It will be noted that the actual increase from 1945-46 to 1946-47 is greater than the projected increase would have been. This could be due in part to a lower child mortality rate over the past decade, but in making the projection, no attempt was made to compensate. Actual figures for 1947-48 will not be available until September.

FIRE BURN ON TANKER AND PIER—Black columns of smoke rise from the tanker Markay (right) and the freight and passenger terminals used by the American President and Matson Lines on the pier at left following explosion of the tanker in the harbor of Wilmington, Calif. The flames crossed the channel from the ship to the pier on sheets of blazing high-octane gasoline. (AP Wirephoto)

Eisenhower To Head Columbia When He Retires From Army

WASHINGTON, June 25. (AP)—Gen. Dwight D. Eisenhower, who led Allied armies to victory in North Africa and Europe, will become president of Columbia university when he is relieved as Army Chief of Staff, probably early next year.

Gen. Omar N. Bradley, the veterans administrator, was regarded today as Eisenhower's likely successor in the army's top job. Eisenhower also has been elected a member of the university's board

of trustees. As president, he succeeds Nicholas Murray Butler, who retired in 1945.

Associates of the five-star general said last night he has discussed his departure from the service with President Truman and Secretary of War Patterson, but without submitting a formal request for release.

A War department announcement of Eisenhower's plans said, however, that he has taken the Columbia post "with the approval

of the President of the United States and Secretary of War" effective "at such time as his superiors may release him from active duty in the army."

The statement added that "with no radical change in the current outlook it should be sometime during the first half of 1948."

Tri-County Singing Convention Meets

Meeting of the Tri-County Singing convention is scheduled for 1:30 p. m. Sunday at the Assembly of God Church, W. 4th and Lancaster streets.

The convention, held quarterly, includes Howard, Martin and Midland counties. Grady Gross, Stanton, is president, and Mrs. S. T. Johnson, Knott, is secretary.

Court Affirms Robbery Sentence Assessed Here

A robbery conviction assessed in 70th district court here Dec. 16, 1946, against each Allen was affirmed by the court of criminal appeals Wednesday in Austin.

Allen and C. E. Wampler were convicted and assessed a five year penitentiary sentence by a district court jury on charges of having robbed Edgar O. Bassinger, who picked up the two hitch-hikers at Odessa. Bassinger charged they drew knives on him as they drove into Howard county and forced him to drive them to Westbrook. He also was relieved of \$11 in cash.

Allen posted appeal bond and was released but Wampler failed to perfect bond and as held in jail while their appeals were filed. Two months ago Wampler moved dismissal of his appeal, approved by the appeals court on May 21, 1947, and was sent to the state prison six weeks ago to serve his term.

Rodeo Box Seats Are Being Sold

Sale of box seats for the annual Big Spring Rodeo, scheduled for Aug. 6-9, was making steady progress this morning, rodeo officials reported.

Box seat sales are being handled at the C. of C. office.

Meanwhile, recent communication with Earl and Jack Sellers indicates that the producers are planning one of the fastest moving shows ever staged here, local officials disclosed.

Stock for the event is reported in excellent condition, and some extra attractions are being added. Committees here expect to put the finishing touches on advance preparations at an early date.

White women in the United States who reach the age of 65 have a life expectancy of 14 years.

Denison Man Made State VFW Leader

ABILENE, June 25. (AP)—Roger Q. Evans of Denison was elected state commander of the Veterans of Foreign Wars today as the organization went into the closing session of its 1947 encampment.

As the standing vote by local posts got underway, John Owens of Abilene, the other nominee for the command, withdrew in favor of Evans.

Balloting on other state officers began after Evans' election.

Evans, a member of the Texas legislature, is affiliated with the Sherman VFW post. He is the retiring senior vice-commander of Texas and will replace J. Henry Perry of Belton, who was not a candidate for re-election as commander.

Suspended Sentence Sought For Curley

WASHINGTON, June 25. (AP)—Attorneys for Mayor James M. Curley of Boston, sentenced to from 6 to 18 months in jail on mail fraud charges, asked federal district court today to suspend sentence because of his "most serious and precarious physical condition."

The 72 year old political leader who came here last night from a Cohasset, Mass., hospital where he had been undergoing treatment for diabetes and high blood pressure, is scheduled to appear in court tomorrow morning for committal to jail.

White men in the United States who reach the age of 65 have a life expectancy of 12 years.

Visits And Visitors

Recent visitors in Big Spring were Mr. and Mrs. W. R. Yates, Jr., son, Donnie, of Goose Creek; Mr. and Mrs. George Yates and son, George Radford, of Oklahoma City; and Mr. and Mrs. R. L. Myers and sons, Joe Bob and Johnny Mack of El Paso. The group was here several days in observance of a family reunion with Mr. and Mrs. W. R. Yates, Mr. and Mrs. L. L. Miller, Mr. and Mrs. W. H. Reid and Janice Yates.

Mr. and Mrs. Floyd White are leaving Sunday for a vacation in the mountains in New Mexico.

Mr. and Mrs. C. D. York have returned home from a vacation trip to Los Angeles. They came back via Colorado.

Mrs. A. R. Jones is home following a business trip to Searcy, Ark., where the Joneses are moving in about two weeks.

Returning Wednesday night from an extended vacation through Washington, California and Colorado were Mr. and Mrs. C. L. Rowe.

Mr. and Mrs. J. C. Whittenberg are in Lubbock visiting relatives.

Mr. and Mrs. E. E. Halsey have returned from Lubbock where they spent a week visiting friends and relatives.

Mr. and Mrs. Mark Wentz and Frank Wentz will leave Friday to spend a week in El Paso. They plan to attend the wedding Friday evening of a niece, Ruth Jennings, who has visited in Big Spring several times.

Mr. and Mrs. Sam Eason and Anna Claire Waters spent several days recently fishing on Lake Sweetwater.

Dr. and Mrs. G. H. Wood are expected home Sunday from a three-week extended vacation through the northwestern states and into Canada.

Transparent glass made today is developed from approximately the same mixture of materials as was used more than 3,000 years ago.

Reva LaVerne Heflin, George W. Wallace Wed

Reva LaVerne Heflin, daughter of J. J. Heflin of Lawton, Okla., and George W. Wallace of Big Spring, son of Mr. and Mrs. G. B. Wallace of Santa Barbara, Calif., were married Monday evening in the parlor of the First Baptist church.

The double ring ceremony was read by the Rev. P. D. O'Brien, pastor of the church.

The bride, given in marriage by Gordon Hatch of Big Spring, wore a white satin wedding dress with a fingertip veil attached to a coronet of veiled orange blossoms. She carried an orchid spray on a white Bible with white streamers.

Mrs. Troy Gregg was matron of honor. She wore a pink dress with a white carnation corsage.

Troy Gregg served as best man. The wedding date chosen by the bridal couple was the 11th anniversary of Mr. and Mrs. Gregg.

A reception in the Corral room of the Hotel Crawford honored the bridal couple following the ceremony.

The bride is a graduate of Lawton high school and is at present attending Howard County Junior College, taking secretarial work. She has been employed at the Hotel Crawford the past year.

Wallace is a graduate of a high school in Cuba, Mo. He served with the Navy nine years in both the European and Pacific theaters. He has been in hotel business in Colorado and Texas the past two years. At present he is manager of the Hotel Crawford.

VARIETY SEWING CLUB meets in the home of Mrs. C. in Sandridge, 1107 Gouland street, at 3 p. m.

AFTERNOON BRIDGE CLUB will meet at 2 p. m. in the home of Mrs. Jimmy Jennings, 1811 Main Street.

Stewardship Program Presented At Meeting Of Baptist Sunbeams

A program on stewardship was presented at the meeting of the Sunbeams of the First Baptist church Wednesday morning.

Mrs. Troy Gifford, counselor, read the story, "Love Gives A Gift".

The group learned the Sunbeam watchword and the scripture, John 3:16.

Mrs. Inez Lewis accompanied the Sunbeams in singing "Jesus Loves Me", "I'll Be a Sunbeam" and "Jesus Loves All Little Children".

The meeting time for the Sunbeams has been changed from Saturday afternoons to Wednesday mornings.

Present were Nell Petty, Jerry Garrison, Troy Amos Gifford, Jr., Lois Chapman, Margaret Ann Turner, Nita Jean Jones, Linda Faye Turner, Beny Edwards, Louis Engle, Jerry Chapman and Clara Jane Griffin.

Boy's Division Of Baptist Youth Camp Concluded

The boys' division of the District 8 Baptist youth camp under way at the scout camp site ended Wednesday noon with the participation of 360 boys ranging in age from four to 16.

Registrants for the girls camp began coming in at 1:30 p. m. Wednesday.

Primarily the convention was a missionary camp with classes taught daily from the Royal Ambassadors' manual. Special time was allotted to worship services, athletics, group singing and handcraft classes. A two dollar registration fee included meals.

Highlight of the three-day camp was a program Tuesday evening at the amphitheater in which 32 boys were recognized. Of the group 23 were named pages, six were squires and there were two knights and one ambassador.

Midland was awarded the blue and yellow RA banner for having the largest representation, the Odessa Belmont Baptist church camp was adjudged nearest.

In closing ceremony Wednesday morning, boys voted to contribute their camp offering toward Indian mission work. Moving pictures were taken at several times during the camping days.

The Rev. R. Y. Bradford, Colorado City, served as camp pastor for the boys and the Rev. P. D. O'Brien is pastor of the first division. The Rev. Fred McPherson of Midland is camp director of the faculty of 30 persons.

Woman Pilot Stops In Big Spring On Experimental Cross-Country Flight

When men find out that a woman can not only fly a plane but knows about motors and instruments and doesn't mind getting grease on her hands, they are amazed... after all, women don't ever think of anything except clothes, how they look or the neighborhood gossip.

But there is one woman, stopping in Big Spring, who is continuously amazing men. She is Jean Reimer, who is conducting an experimental cross country flight of a newly designed and built "pusher plane." This first post-war model was designed as a light, safe, inexpensive plane that anyone can own and fly. Its cost will be approximately \$2,500.

Mrs. Reimer (her husband is Merle J. Reimer stationed at Langley Field, Va. in the regular army) took off from Van Nuys, Calif., where the plane was built and designed and will make her final landing at Wright Field, Washington, D. C. She landed in Big Spring Wednesday afternoon and will leave Friday morning.

With 700 hours flying time, Mrs. Reimer holds a commercial license with a single multi-engine rating and a flight instructor rating. At the time she took the job of testing the new plane she was employed as a flight instructor at Riverside, Calif. She has been flying four years.

She was chosen for the flight by the plane's designer, Volmer Gensen.

John Carsson, president of the Volmer-Carsson Aircraft Co., which built the plane is also in Big Spring.

During the war Mrs. Reimer was a member of the Women's Auxiliary Service Pilots and received her training at Avenger Field, Sweetwater. Following her graduation in the WASP she was stationed at Minter Field, Bakersfield, Calif., as a test pilot. Planes she tested were the BT-13, AT-6 and UC-78.

After the WASP was disbanded, Mrs. Reimer worked as a mechanic's helper at Pine Castle Army Air Field, Orlando, Fla. She was the only woman working there with an engine crew. This is where she got the grease on her hands.

Her work there was the beginning of a plan to release men from such jobs in the states. The Japs surrendered before the plan had to be used. There she worked on P-51, P-38, P-47, B-17, B-29 and B-32.

As for her plans for the future, Mrs. Reimer hopes to get an instrument rating and would also like to get a commercial helicopter license.

She will stop in Fort Worth and Dallas following her take-off from here.

Margaret Christi Home From School

Margaret Christi, county Home-Demonstration agent, who has been attending North Texas Teachers College in Denton for the past three weeks, arrived home Tuesday.

Miss Christi will return to Denton the latter part of July to continue her studies.

America's telephone industry reports that there are 31,170,000 telephones to 140,000,000 persons in the United States.

Four Persons Take Merit System Exam

Four persons are due to take examinations offered here at 9 a. m. Saturday in room 302, high school building, by the Texas Merit System Council.

Walter Reed and Mrs. W. O. Love will administer the tests.

James P. Boswell, 611 Bell, and Alton McMillin, 209 E. Texas Ave., Monahan, are to take examinations for interviewer No. 4; Leonard Edwards, 1119 Main, the examination for interviewer No. 2, and Clarence R. Jones, Lamesa, the test for interviewer No. 1.

The examinations will be the third offered under the merit system council at Big Spring.

Howard County Dairying Is At Crossroads Survey Shows

Examination of Howard county's dairying industry during June-National Dairy Month—reveals that it may be at the crossroads.

While the number of cows have fallen off in the past decade, the amount of milk sold has gained substantially. Significantly, increase in production is all on the side of the dairies and not private producers.

Census figures on dairying are not complete for 1940 and previous years, but today there are something like 625 cows in the herds of 16 producers who are marketing through local creameries. Total production is in the neighborhood of 1,600 gallons per day or 13,500 pounds of whole milk.

Other milk finds its way to local markets, but there is no way of estimating the volume since most of it comes in without clearance under the milk code. Too, many people still maintain cows within the corporate limits for individual family supplies.

Most milk produced the 615 farms reporting in 1945 is used for home consumption, but something better than 500 pounds of cream come to market here each week, indicating that more than half the farm production is put through the separators.

Twenty-seven per cent of the milk cows in the county are now in dairy herds, and they yield about 38 per cent of the total production. Regular herd cows average somewhere between two and a half and three gallons per day.

U. S. census figures for 1945 show 2,261 cows being milked in the county, but this likely is an incomplete figure. The 1940 reports showed 2,494 cows and the 1935 totals stood at 3,620.

Despite the decline, attributed to high feed prices and labor difficulties by dairy producers during war years, the amount of milk sold has more than doubled. In 1940 the census shows 268,000 gallons of milk sold, while the current rate of production reported by creameries is around 574,000 gal-

lons per year.

This trend is in keeping with general production figures shown by the census, for in 1935 3,800 cows gave 1,130,000 gallons and in 1940 the 2,494 cows in production gave 1,062,000 gallons, indicating a pronounced gain per cow.

Pitting declining dairy stock on the one hand against higher unit production on the other, it is not difficult to conceive that dairying is at the crossroads here.

Purchasers are anxious to see the industry expanded, and from a community standpoint this is important for creameries will pay out around \$300,000 per year for milk at current quotations of \$6 cwt for four per cent milk. It is true that prices are high, but if they fall off, in all probability so will feed and labor, which are at fancy figures.

Feed and blood may be the answers. Whether to utilize locally grown feed or buy prepared dairy mixtures will continue to be a problem, but many believe that insilage which may be put up inexpensively in trenches, is one of the biggest answers in this direction, particularly for sustained and rich production during the winter when green forage is lacking.

Progress toward better blood in herds has been slow, for most increased production has come through selectivity and eliminate attractive butcher market. But it is hard to get around the logic that it takes no more feed for a good four-gallon cow than it does for a bulky two-gallon animal. It may be one way to solve the feed problem—and the dairy problem in the process.

New Good Neighbor Commission Will Hold Key To Controversy

AUSTIN, June 26. (AP)—If the senate's passage of the good neighbor commission bill was made contingent on a "deal" under which the agency's nationally-known executive secretary was to be fired, the present commission has refused to be a party to it.

This became evident today following a three-hour closed session of the commission, at which it retained Mrs. Pauline Kibbe as executive secretary. She recently was awarded the Saturday Review of Literature's Anisfield Wolf Prize for the best non-fiction book of 1946 in the field of race relations.

It was a frank discussion of such touchy topics as "human exploitation" of Latin Americans, unfair employment practices and various forms of racial discrimination. Mrs. Kibbe has been executive secretary of the commission named in 1943 to promote better relations between Texans of Latin American and Anglo American extraction since its organization.

Chairman Robert E. Smith of the commission, acting as spokesman after the long secret session during which Mrs. Kibbe was excluded for more than two hours, denied there had been an agreement under which senators who opposed re-creation of the commission withdrew their objections upon a promise that the executive secretary would be discharged.

"I could not have bound the present membership of the commission or that of any future commission," Smith said in reply to reporters' questions about the rumored senatorial deal.

He admitted that he had promised members of the legislature that the commission would investigate their objections to Mrs. Kibbe's policies. The only such objection he mentioned was one to the effect that she had shown "lack of diplomacy in approaching problems on local levels," adding:

"But I want to emphasize we have not verified that."

Smith also emphasized that the terms of all nine members of the commission expire Aug. 31 under terms of the bill continuing the agency's life, passed by the recent session of the legislature.

Thus, in view of yesterday's action, it became apparent that the final decision on whether or not Mrs. Kibbe will be retained falls in the laps of whoever constitutes the next commission. It will be up to Gov. Beauford H. Jester either to reappoint the present membership, or name new members.

Jap Tells Of Truk Cruelties

GUAM, June 26. (AP)—Japanese navy doctor who took notes as 10 American war prisoners died in the agonies of medical tests on Truk Island described their terrible sufferings at the murder trial of 19 Japanese today.

Surgeon Lieutenant Shigoshi Nakamura related how two victims, whose feet hung in shreds after being dynamited while tied to stakes, were strangled to death because the doctor performing the experiments "felt sorry for them."

Nakamura told a U. S. military commission the orders to use eight prisoners as human guinea pigs were given by the principal defendant, Captain Hiroshi Iwanami, who commanded the fourth naval hospital on Truk.

When tourniquets on two Americans were released after eight hours, the witness testified, "The prisoners shook in terrible pain. Their faces turned green and they died in ten minutes."

Houston Planning New Court House

HOUSTON, June 26. (AP)—Indications were here today that the Harris county commissioners court would give final approval in the next two weeks to a minimum \$12,000,000 bond issue election for road and bridge improvements and construction of a new court house.

Aug. 25 has been advanced as a tentative date for the proposed bond election. On that date the state will hold an election for constitutional amendments.

Long Meat Quarantine By U. S. Seen—

Mexican Canneries Planned

ALBUQUERQUE, N. M., June 26. (AP)—Cattle industry leaders drew up a comprehensive canneries program for Mexico Wednesday in the expectation that the U. S. border "may be closed for a number of years" to livestock shipments from the southern republic.

65 Enrolled In Swim Course

Approximately 65 youngsters from the ages of nine to 14, inclusive, have enrolled for the second annual swimming course offered by the YMCA.

Attendance now hovers around the 60-mark, and under the direction of Burl Haynie, beginners classified as to progress and aptitude to facilitate individual attention and instruction.

Bill Dawes, executive secretary of the YMCA, said that other instructors were being sought to supplement the staff of five now on the job. In this event, additional enrollments will be sought.

It is planned to continue the course over a period of eight weeks with class sessions each Monday, Wednesday and Saturday morning. Parents interested in further information about the course, which is free except for pool fees and the nominal 50 cents per month junior Y membership, may call the YMCA.

Elimination Of All U. S. Hoof And Mouth Cases Is Reported

WASHINGTON, June 26. (AP)—The agriculture department reported Wednesday that isolated outbreaks of foot and mouth disease among livestock just across the Mexico border apparently have been eliminated, thereby reducing the danger of spread to this country.

Joint Mexican-American efforts to eradicate the disease have been concentrated, the department said, on infected areas closest to the United States.

The most northerly center of the disease was said to be small infected areas in the central Mexican states of Zacatecas and Aguas Calientes, about 300 miles from the U. S. border.

The main area of infection which continues to be under strict quarantine, is located in the southern half of Mexico.

Hearings By State Commissions Set

AUSTIN, June 26. (AP)—The railroad commission Wednesday gave notice of the following hearings.

July 8—Application of the Petroleum Conservation company to construct and operate a treating plant in the Wasson Field, Gaines and Yoakum counties.

July 23—Application of the Sun Oil Company for a discovery allowable and new field designation for its Lutecher-Moore Lumber Company well No. 2, Orange field, Orange county.

Aug. 7—Application of the Fidelity Oil and Royalty Company for a discovery allowable for its J. Maurer Well No. 1, Coletto Creek field, Victoria county.

take to eradicate foot and mouth disease among Mexican herds, and thus lift a border quarantine, came from Ralph Trigg, deputy administrator for the production and marketing administration.

He went back into closed conference with livestockmen exploring the canneries proposal as a means of providing a market for an estimated 500,000 cattle ready for movement off Mexican ranches.

"The only way the Mexican can dispose of the cattle now is to put them in cans and export them," Trigg said.

A survey of how many canning plants might be required was begun yesterday in talks among ranchers from both sides of the border. Trigg said only details affecting a limited number of localities remained for discussion.

As tentatively outlined, the program would call for at least one meat cannery in every Mexican state because of limited transportation, he told a reporter. Most plants would be comparatively small and privately financed, perhaps through cooperative groups.

This country is committed to supplying technical advice and as-

sisting cannery builders to obtain equipment and materials.

Let's get down to brass tacks

In the past, saleswomen customarily measured dry goods from nose to knicker. It wasn't a good way. Getting your money's worth depended too much on whether the saleswoman's arm was long or short. So a more accurate method replaced the saleswoman's arm; brass tacks were hammered into the counter—an exact, measured yard apart. From this improvement comes our phrase, "Get down to brass tacks"—and that's what Safeway does in selling "PRODUCE BY THE POUND."

New Food Coating Scheduled In Future

Homemakers in the near future may be buying more of their foods already packaged in protective coating. Scientists in one of USDA's Research Laboratories recently developed this new film and have been using it for sausage and other meat and food products.

It is of good strength but tender enough to dissolve when foods are boiled. Or it can be eaten right along with meat that is fried, or roasted. The new food covering is made from waste products, particularly citrus peel and other fruit and vegetable wastes, and offers definite possibilities as a coating material for a number of foods, including fruits and vegetables.

Of worker time lost in the United States because of illness or injury, only 20 per cent in the case of women is lost because of illness or injury connected with the work done.

Variety Breakfasts For Lazy Appetites

So - a good breakfast is a good menu practice. But what to do for those folks who say they just aren't hungry - come breakfast time? Perhaps 'tis better to tantalize these laggards with a whiff of bacon, the fragrance of sizzling sausage, or the tantalizing aroma of smoked country sausage. Few can resist the urge to see what's cooking when breakfast fragrances fill the air.

Gay colors in table setting and food give a come-on note. Eggs sunny-side up, crispy brown bacon, sliced golden oranges - toast coffee make an appealing picture. Its flavorsome too. Foods for breakfast should accent flavor. A tart fruit juice, cereal if desired, then the fine flavor of a breakfast meal to companion the eggs and

toast. Some like coffee, some like tea or cocoa, but a hot drink does complete the menu.

There are so many ways of serving eggs that each morning can bring a change. Breakfast meats offer a great variety too. There's bacon of course - pan-fried, boiled or baked to add the sweet flavor so acceptable at breakfast. Then there are browned sausage links or patties, broiled savory slices of sugar cured pork loaf, fine flavored Canadian bacon, sliced picnic or smoked shoulder butt. Canned corned beef hash is a breakfast quickie. Frizzled dried beef or boiled ham give zest to scrambled eggs or omelet. Polish and smoked some 20 minutes cooking but that doesn't seem too much to ask for a surprise treat now and then.

Vary the pattern or plan of foods from day to day, but keep the service simple. The one course breakfast is best suited to most families and 'tis much better to have mother with the family rather than waiting on table. Table toasters or grills, platter service of the meat and eggs, and table poured beverages make breakfast time, family time.

A real breakfast starts the day right for grown-ups as well as children. 'Tis easy to be friendly when one feels well fed, and it takes a heap of friendliness to meet today's problems with a smile.

For some good tasting - good for your breakfasts try -

JUST Naturally SWEET

Texsun
America's No. 1 GRAPEFRUIT JUICE

We grow 'em awfully sweet down here in Texas - Gals as well as Grapefruit. Matter of fact, we grow the sweetest Grapefruit in all the world, and if we can't claim all the sweetest Gals, we do claim that the sweetest ones everywhere just naturally "go for" sweeter Texsun.

TEXSUN CITRUS EXCHANGE, WESTLACO, TEXAS

W. A. HARRIMAN
Secretary of Commerce Says

Keep Turning In Your Used Fats

Used cooking fats have represented a substantial part of our total industrial fat supply. The more than 600 million pounds of used fats that American homemakers have saved and turned in since 1942 has been of vital importance. It is a record of which every woman who contributed may well be very proud.

The United States still lacks adequate supplies of fats and oils. And we are particularly short of industrial fats. Many, if not most, of the things we all use and wear require industrial fats, or the products of industrial fats, such as soaps and glycerine, in their manufacture.

So won't you keep up your good work and continue to save and turn in every possible pound of used fat?

W. A. Harriman
Secretary U. S. Department of Commerce

Dates Give Added Flavor To Salads

Hunting something deliciously different for the salad days ahead? Then try adding a bit of "desert gold" to your favorite salad - in the form of plump tender dates!

Some housewives, who have always "sworn by dates for the added flavor they give cakes, puddings, pastries and cereals are only now discovering dates have just the hearty rich body that's so often lacking in salads. They're wonderful for your health too. In addition to containing valuable nutrients such as calcium, phosphorus, and iron, dates are packed with energy. Arabs have been known to live on a diet of nothing but the fruit of the date palm for weeks at a time. Indeed its small wonder the oasis dwellers refer to these plump amber fruits as "desert gold."

Try the delicious salads listed here, and just watch how they perk up your family's summer appetite.

Here are the recipes for the tempting salads:

Chicken Salad Party
PLATE:- Combine 2 cups cooked chicken, cut up; 1 1/2 cups diced

celery; about 1/4 cup mayonnaise; 2 tbsps. cream; 1 1/2 tbsps. lemon juice; salt to taste. Place on crisp lettuce or chicory, and fill out "party plate with pecan-stuffed dates and gingerbread "Cream-wiches."

For Cream-wiches bake a loaf of gingerbread. Cool after baking, split thru center and fill with thin-sweetened cream cheese.

DATE CABBAGE SALAD:
Combine 1 cup chopped dates and 1 cup chopped cabbage with mayonnaise and a little lemon juice. Garnish with additional whole dates and sprigs of water cress.

DATE PEAR SALAD: Place drained canned pears (or peaches or apricots) on lettuce leaves. Fill fruit centers with either cottage or cream cheese. Stuff pitted dates with remaining cheese. Sprigs of water cress add another decorative touch.

FROZEN DATE CHEESE STRING BEAN, DATE, APPLE SALAD:- 2 cups left-over string beans cut fine; 1 cup chopped fresh apple 1/2 cup chopped dates. Mix all together. Serve on lettuce with French dressing on thin mayonnaise.

SALAD:- This one is rich enough to serve as a meal in itself! You'll need 4 tbsps. mayonnaise, 2

pkgs., cream cheese; 1 cup heavy cream, whipped; 1/4 cup chopped dates. Add mayonnaise to softened cream cheese; then stir in the whipped cream and chopped dates. Pour into freezing tray of refrigerator for about 1 hour. Do not freeze hard. Serve in cubes on shredded lettuce. Garnish with whole dates.

First Ghost Story
CAMBRIDGE, Mass. (UP)—The ancient Greeks can take credit for another "first." The "Iliad" of Homer was the first ghost story in poetry, according to Prof. I. A. Richards, of Harvard University.

Seagulls Need Some Persuasion Today

SALT LAKE CITY, June 26. (UP)—Ninety-nine years ago the seagulls just swarmed into the Salt Lake Valley without provocation to feast on the crickets that threat-

ened the crops of the Mormon pioneers.

However, this year, when a new \$200,000 monument will be unveiled to celebrate the arrival of the same pioneers, the commission in charge is asking for broad donations to scatter near the statues and attract the gulls.

Cottage Cheese Sauce For Salmon, Potatoes Provides New Flavor

Cottage cheese still on the abundant food list serves as the base of a new sauce a bit out of the ordinary which is delicious served with tuna or salmon and boiled or baked potatoes. It also is good poured over buttered toast.

According to Food Specialists of the U. S. Department of Agriculture, the ingredients are:

- 2 cups milk
- 2 tablespoons cornstarch
- 1/2 cup cottage cheese
- 8 young onions
- 1 1/2 teaspoons salt
- 1/4 teaspoon each of paprika and curry powder

Heat the milk in the top of a double broiler. Mix cornstarch in a small amount of cold milk and add to that in the double broiler stirring constantly. Chop the onions fine, including some of the green tops and add these, together with the cottage cheese to the sauce. Add seasonings last.

Has food shopping and high prices got you in a pickle? Then change to Morris System where everything's peaches and cream - where you get the cream of the weeks best food buys... and shopping's as easy as eating peach pie. Anniversary Of Unsettled Import

Today marks the second anniversary of the signing of the United Nations charter, an event which may or may not become one of the most important milestones in human history.

Much of the enthusiasm has died in the intervening two years, but even now it is hardly possible to make a fair and dispassionate appraisal of the United Nations.

The panorama of history has swirled at a terrific pace since the charter was conceived and signed. Many of the flaws (notably the veto) noted at the time have been brought by developments into bold relief. Much of the projected mechanism of the international organization has not been effected, and there is every reason to believe that it may yet take years to complete the basic structure as it is envisioned in the charter.

At this moment there is more talk of another war than most thought possible in so short a space of time only two years ago. Confusion abounds and conflict between the ideologies of Communism and Socialism on the one hand and Democracy on the other hand has multiplied.

Seemingly there is abundant grounds for disillusionment and discouragement. Yet the fact remains that two years are but a grain in the vast sands of time. Fifty, a hundred or perhaps a thousand years is not always conclusive in calculating a civilization. In addition, the United Nations has yet to be given a fair and sympathetic trial. It may not be the answer to international order and outlawing of war, but it is a start. Certainly it is worth making every attempt for practical operation. Something must end the senselessness of war.

Report Worth Reading And Keeping

The current issue of West Texas Today, official publication of the West Texas Chamber of Commerce, is at once of historical and economic significance.

Virtually all of the June number is devoted to a chronology of the regional chamber's campaign which extended over most of a decade and which climaxed on May 12 when the supreme court upheld, in a 7-2 decision, the ICC ruling calling for a 10 per cent reduction in South and West rates and a 10 per cent increase in the official (North and East) zone.

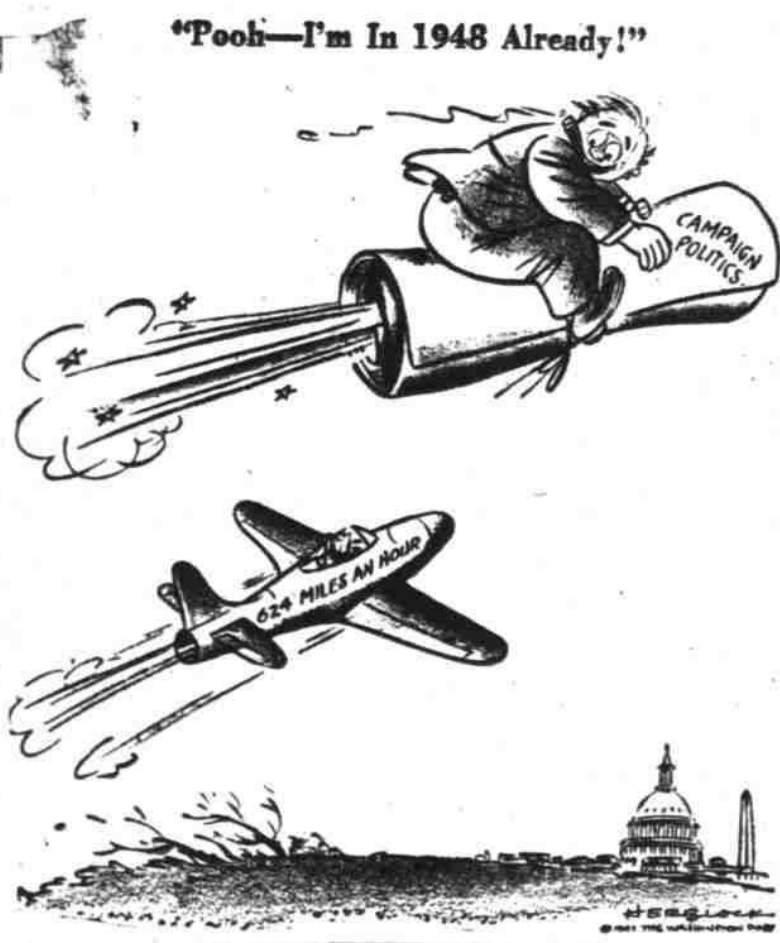

The ICC had undertaken this step in 1945 but was enjoined by carriers, who had the support of state officials in the official zone. The court's decision removed this obstacle.

Notwithstanding this first major vic-

tory affects only class rates which cover only about 10 per cent of the total volume of freight, the WTCC and its affiliate, the Freight Rate Equality Federation, have just cause to be jubilant.

Despite many important developments and minor victories during the years since the WTCC took up the campaign actively in 1938, efforts have been essentially in the trail-blazing category. Precedent had to be established more often than it was utilized. Thus it is that the supreme court victory puts the rate equality campaign on a foundation it could not otherwise have possessed. It is the predicate for further action; perhaps the thread that unbinds.

For a step by step account of developments and for facts and figures in support, the June issue of West Texas Today is worth reading and keeping.

Hal Boyle's Notebook

Naval Amputee's Life

MARE ISLAND, Calif. (AP)—This is an anniversary for Sammy Bradford, who lost his legs on Okinawa before he was old enough to vote.

Two years ago today he entered the navy amputee rehabilitation hospital here to learn how to walk again. He's still in the hospital, and he's still trying to learn how to get around on his new "store legs."

Veterans who lost both legs below the knee can't graduate from the amputee training center until they can stroll away on their artificial underpinning without using a cane.

"I guess I won't be quite able to do that," said Sammy. He's what the doctors call "a bilateral A. K. case." That's medical shorthand for a man who has lost both legs above the knee. He has a rougher problem.

Sammy doesn't know for sure just what happened to him. He was 18 years old when he joined the Marines at Smyrna, Ga. He was 19 when he landed on Okinawa, where he fought as a rifleman for 45 days.

"I was going up Sugar Loaf Hill one morning," he said. "You remember Sugar Loaf Hill? I guess everybody remembers that one. All of a sudden I went down. I don't know whether I stepped on a mine or a mortar got me. Everything was hazy and I hurt all over. I guess I'll never know."

But his right leg was gone, and six days later navy doctors had to take off the shattered left limb.

The bones became infected. He had to undergo four more operations.

When the bone infection cleared up, Sammy had only four-inch stumps left.

"They were so short they came right out of the buckets when I tried to walk," he said. "The 'buckets' are the apertures of artificial legs into which the

stumps fit.

But the amputee center later developed a suction type "bucket" and Sammy has had better luck with artificial legs equipped with it.

"I've been practicing with the new suction buckets since last March," he said. "I can drive a car and I'm walking a lot better. I practice an hour every morning and an hour and a half in the evening."

"I can walk ten feet between the parallel bars without holding on. The longest I've had my legs on lately is three hours. I have to be able to keep them on eight hours before I leave."

"Dead" Japs Give Themselves Up

TOKYO—Day after day former Japanese soldiers trudge into a dingy Tokyo office and hand over little white urns.

"I am not dead," they invariably say. "These ashes are those of someone else."

The urns had been delivered to their families with official notification of death during the war, but thus far more than 3,000 of these "living war dead" have returned home.

They find family shrines dedicated to their memory, and many have found that their "widows" remarried long ago.

Numerous mistakes are attributed to the fact that under the Japanese Shinto religion, the deceased are cremated and the family keeps the ashes. In battle areas, many men were cremated together and the ashes indiscriminately placed in urns for shipment home. Under this system, the names of many missing men were included among the dead.

Common names complicated the problem. In the Tokyo office there are more than 500 urns bearing only the name Minoru Tanaka, and 475 with the name Kiyoshi Date.

Washington Merry-Go-Round—Drew Pearson

Wallace Wants Peace With Truman

WASHINGTON.—It's no great secret that Harry Truman doesn't like Henry Wallace — though few people realize how bitter he really is. However, it was supposed to be a secret that Henry made an indirect bid for reconciliation with Harry just before his climactic speech in Washington's Potomac park last week.

Wallace had written one significant paragraph in his speech offering his services to President Truman or General Marshall to go to Russia to try to patch up peace between the two countries.

His plan was to offer whatever good will he had with the Russians to try to iron out the snarls in American-Russian relations and try to get the two countries back on an even, amicable keel.

But before delivering his speech, Wallace had his chief adviser, Harold Young, send out the White House as to how Truman might receive the proposal. Word came back in picturesque Truman language to this effect: "I wouldn't send that so-and-so anyplace."

So Henry Wallace change his mind, dropped the paragraph out of his speech. Some advisers urged him to offer his services publicly anyway, and let Truman have the embarrassment of turning him down but Wallace ruled otherwise.

IN WAKE OF LABOR BATTLE

GOP leaders wisecracked that the only reason President Truman invited North Dakota's Senator Milton Young to the special White House luncheon on the labor bill was to make sure that the taxpayers and not the president paid for the luncheon.

Members of both parties are present, the cost is charged to official entertainment. If not, the president has to pick up the check himself. . . . Most people have forgotten that GOP Congressman Fred Hartley of New Jersey, co-author of the Taft-Hartley labor bill, is the same congressman who was promised \$10,000 of campaign contributions by the National Retail Dry Goods association—if he helped kill price control. (Wonder if Congressman Hartley has tried to buy any meat lately?) . . . Senator Claude Pepper of Fla., tells close friends that the congressional battle over President Truman's veto of the Taft-Hartley labor bill marks the beginning of a "permanent cleavage" between liberals and conservatives in both political parties and may serve as the foundation for a new third-party movement. . . . Pepper however, declares: "I am a Dem-

ocrat and will not be associated in any way with a third party if one does eventuate in 1948."

The two cabinet members who fought hardest against any veto of the labor bill were Secretary of the Navy Forrestal and Secretary of Commerce Harcourt. Both Wall Street bankers, both wanted Truman to sign the bill. They told Truman that if Sec. of Labor Schweitzer had a right to present labor's viewpoint, they had as much right to present the business-man's viewpoint. . . . At a secret meeting of labor chiefs with White House attaches, John L. Lewis was promised pressure West Virginia's GOP Senator Revercomb and Kentucky's GOP Senator Cooper to sustain the president if he vetoed the labor bill. John L., however, never delivered. . . . union chiefs warned at this same secret meeting that unless the Taft-Hartley bill was vetoed, labor would not go to the polls next year.

HOLLYWOOD IN SLOVAKIA

Hollywood Mogul Eric Johnston has just left for Europe to battle it out with the Russians on the motion-picture front. Here's what he faces:

In Czechoslovakia, the Russian forced the Czech government to use 60 per cent Russian films. However, working closely with the State department, Hollywood sent carefully selected features to Czechoslovakia, including "Wilson," Darryl Zanuck's story of Woodrow Wilson, "Abraham Lincoln in Illinois," and others.

Result: The Czechs flocked to theatres in such numbers that American films ran overtime. People waited in queues a block long to see them. Some theatre managers—in order to comply with the Russian edicts—had to begin showing American movies at midnight.

This got under the Russian skin. Now they have changed their tactics, requiring Czechs to make their own films—but with Russian money, talent, and supervision. This way, they hope to bar all foreign films.

Note—Yet Pennsylvania's GOP Congressman Gavin and other isolationists claims that State department should not be permitted to send propaganda abroad.

MERRY-GO-ROUND

Maurice Maverick, the fighting ex-congressman from Texas, recently based out of San Antonio, now says: "My father lived to the age of 92 and my uncle reached 99. So I figure I'll be fighting for at least 40 years more." . . . Maverick tried

living in California for awhile but moved back to Texas. "Maybe I'll not here," he says, "But California—No." . . . Friends of Justice Harold Burton defend his low record of only three Supreme Court majority opinions this year by explaining that Burton is a slow, methodical worker. They say he works late at night, comes back to the Supreme Court after hours. It's not social activities that keep down his batting average, they say; it's his methodical method. . . . Contrary to previous reports, Gerard Reilly, labor adviser to Senator Taft, will not become councillor of the New National Labor Relations board. Under the reorganization act, no adviser to a congressional committee can take a job in the executive branch of the government for two years. Also, Reilly has a lucrative law practice. . . . Herbert Bayard Swope is making the Army eat crow as a result of barring Constantine Poulos, Overseas News Agency, from the U. S. zone in Vienna. Poulos had previously criticized U. S. policy in Greece, and the Army retaliated against him.

Fair-minded Secretary of War Patterson has now told the brass hats to pipe down. . . . A lot of this indirect type of censorship went on during the war.

THE DIPLOMATIC POUCH

Admiral Leahy, Chief of Staff to two presidents, is negotiating with McGraw-Hill to publish his memoirs. Advance payments is \$75,000. Leahy's revelations on Teheran and Yalta would offset Elliott Roosevelt's pro-Russian book. . . . The Gen. Lucius Clay, American commander in Germany, is flying home to iron out a long-smouldering row over rebuilding Germany. Clay favors a unified Germany, but not the rebuilding of big industrial plants. The War department wants German industry rebuilt. On the outcome of this conflict may depend future European war or peace.

Generalissimo Chiang Kai-Shek has sent an urgent secret appeal to General Marshall for immediate aid to the Central government of China. Unless he gets the aid, Chiang warned, his country was in definite danger of going completely communistic. . . . Gen. Marshall has heard the Chinese cry "Wolf, wolf" too often. . . . Secretary of Commerce Averell Harriman will fly to Germany soon to investigate increasing coal production in the Ruhr Valley, also make a survey of the thorny Ruhr problem for Truman.

(Copyright, 1947, The Bell Syndicate, Inc.)

The Nation Today—James Marlow—

Labor Bill Effects On Union Man

WASHINGTON, (AP)—If you're a union member, what does the new labor law do for you?

Here are the main things:

1. In the first place, if you're about to join a union and you think the union's fee for joining is too high, you may be able to get it lowered. How?

By complaining to the national labor relations board (NLRB), the government agency which carries out the law.

The board must investigate. It will decide whether the fee is too high.

2. A union can't make you pay contributions for political purposes, such as supporting a candidate or party.

3. Suppose you're dissatisfied with your union and don't want it to represent you any more. What can you do?

If at least 30 percent of the union members feel that way, they can ask NLRB to hold an election. It must be held.

If a majority of the union members—not just 30 percent—vote not to have that union represent them, it's out.

But the 30 percent can ask for the vote only when the union's contract with the boss expires, not while it's in existence.

Until now only the union—meaning the union officials—could ask NLRB to hold a vote.

The only time they asked was: After they'd gone into a plant, organized it, and felt a majority of the workers would vote for the union to represent them.

If they so voted, the union represented them.

4. Sincere union members—and troublemakers, too—now can take a stronger part in union affairs without fear of being fired if they're kicked out.

Here's an explanation: There's a thing called the union shop. There everyone—non-union people already working and non-union people hired later—must join the union within a certain time.

Once in, they must stay in. If they quit, the boss must fire them. That was true under the old law and it's still true under the new.

But under the old law, if a union expelled a man for any reason—such as quarreling with union officials—the boss had to fire him.

Under the new law the boss doesn't have to fire a man expelled by a union for any reason except not paying his dues or initiation fee.

But . . . Suppose you're working in a place which already has a contract that has a year to run? The new law doesn't change anything in that case.

The new law leaves unchanged union shop contracts now in existence. But any such contract signed after Aug. 22 must conform to the new law.

(Aug. 22 is 60 days from June 23, when the new law was passed.)

So if you're working in a union shop where the contract—say—has a year to run and you're expelled from the union for any cause, the boss must fire you.

(The new law bans closed shops where everyone working or later hired must be a union member.)

(But just as in the case of union shops, closed shop contracts now in effect can run unaffected by the new law but for no longer than a year.)

No closed shop contract can be signed after Aug. 22.

4. Suppose you're a non-union man but work in a shop where a majority of the workers belong to a union. Must you join?

Only if:

1. The union can get the boss to agree to a union shop contract, and

2. A majority of all the workers in the plant vote for a union shop.

Under the old law there could be a union shop if only a majority of those present at voting time wanted it.

Under the new law there could be a union shop if only a majority of those present at voting time wanted it.

Under the old law there could be a union shop if only a majority of those present at voting time wanted it.

Under the old law there could be a union shop if only a majority of those present at voting time wanted it.

Under the old law there could be a union shop if only a majority of those present at voting time wanted it.

Under the old law there could be a union shop if only a majority of those present at voting time wanted it.

Texas Today—Jack Rutledge

More Texas Town 'Name' History

Amaze your friends Shame the teacher who named you the student most likely to grow up to become a moron! Take the Texas Today course in Texas history! (Reading time: two minutes.) This is the second in a series explaining where Texas towns get their names. The source: member Associated Press papers in the areas named.

Park the dunce caps at the door and leave us proceed: Corpus Christi—De Pineda sailed into Corpus Christi bay on the Catholic feast day of Corpus Christi and so named the bay. The town was named for the bay and, insofar as is known, is unique in that it is the only town in the world with that name.

Gainesville—Named for General Edmund Pendleton Gaines, commander of a small army outpost near site chosen for Gainesville in August, 1850.

Georgetown—Named for Judge George M. Perry, a Panhandle pioneer and a leading citizen in old Ochiltree, which was moved 12 miles north and named Perryton in 1919.

Alice—Named for Mrs. Alice King Kleberg of the prominent south Texas family. First named Kleberg, but changed when conflict with another town's name was discovered.

Palestine—Named for Palestine, Illinois, by Elder Daniel Parker in 1833 when he led a group of Baptists from Illinois to Texas. So named in 1846. His original church is still in operation about 15 miles from Palestine, and claims to be the oldest still-active protestant church in Texas.

Sherman—Named for Gen. Sidney Sherman, commander of cavalry at battle of San Jacinto and one of first to raise cry "Remember the Alamo." Founded in 1846. Grayson county, in which Sherman is located, named for Col. Peter W. Grayson, attorney general in President Burnett's cabinet in 1836.

McAllen—Named for pioneer Scotchman James McAllen who emigrated to Texas and was early-day border rancher. Legend credits him with single-handedly holding off 20 bandits in raid on ranch home while wife kept his rifles loaded.

Weslaco—Named for and by W. E. Stewart land company. Mission—For the mission La Lomita, established near there by Franciscan friars. One of earliest border settlements.

Oilers Put On Late Rally To Nip Broncs

BS Motor Wins On No-Hitter

Big Spring Motor and Big Spring Hardware got off to winning starts in Mundy softball league Wednesday night, as play opened under a newly revised schedule.

The Motors trimmed Forsan, while the Spartans edged Moore. Cotton Mize twirled a five-inning no-hitter for Big Spring Motor as his mates pounded out 10 safeties to pile up a 10-0 margin. Charlie Teague, D. W. Blackwell and Savage each got two hits.

Play will continue Friday night on the Mundy diamond, with ABC scheduled to meet Hartwells in the first game, while Big Spring Motor and the Hardware crew will square off in the after-piece.

Golfers Wade Into Victory National Today

CHICAGO, June 26. (AP)—With the South African Menace, Bob Locke, temporarily shelved and the nerve-wracking pressure of the National Open and P. G. A. tournament behind them, the professional golfing phalanx today wades into the \$15,000 Chicago Victory National championships at the Westward Ho club.

The 72-hole stroke play tournament, won the past two years by the now retired Byron Nelson, will afford an opportunity for such performers as leading money winner Jimmy Demaret, Ben Hogan and Lloyd Mangrum to climb back into glory's much-coveted driver's seat.

Demaret's last victory was in the Masters tourney at Atlanta in early April. Hogan, twice a winner of the Victory National in 1941-1942, hasn't paced a field since he won the Colonial Invitational at Fort Worth in mid-May. Mangrum copped the National Capito Open at Washington early this month, but it was his first major triumph since the 1946 National Open.

This old-guard trio comes to the four-day Victory National still ranking one of the somewhat surprising triumphs of Lew Worsham of Washington, D. C., in the National Open at St. Louis and Jim Ferrer, the hot-potting ex-Australian at the National P. G. A. earlier this week.

Worsham probably won't complete here because of a home-town celebration of his open victory, but Ferrer rates a favorite among the 54 pros who will shoot for the \$2,000 top money over the 6,440-yard, par-71, Westward Ho course, which is host to a major tournament for the first time.

Locals To Open Series Tonight In Sweetwater

The Big Spring Broncs move to Sweetwater tonight where they will open a two-game series with the Sports.

The Hosses are due to return here Saturday for a five-day stand, with the Vernon Dusters listed as the first visitor.

ODESSA, June 26. —The Odessa Oilers trimmed Big Spring's Longhorn league lead to half a game Wednesday night by pounding across three runs in the eighth inning to take a 4-3 decision.

Gerry Rodriguez apparently had won a tight pitchers' duel from Coniff, Oiler moundsman, before the Odessa uprising in the eighth. Both pitchers rationed out six hits, and Rodriguez held a 3-1 advantage at the end of the seventh.

Mario "T-Bone" Varona, with two singles to his credit, was the only Bronc batsman who was able to touch Coniff more than once.

Perex, Odessa shortstop, led the Oilers at the plate, collecting a triple, double and single in three trips.

The Wednesday night encounter gave the Oilers and the Broncs an even split in a two-game series. The Broncs' lead in the Longhorn league standings dwindled to half a game, since Midland trimmed the Vernon Dusters, 8-3.

LOOKING 'EM OVER

With TOMMY HART

Robert Blevins, a rookie pitcher optioned to Big Spring by the St. Louis Browns, is expected to arrive here by week's end. When Blevins joins the Broncs, Manager Pat Stacey will have no less than six hurlers on his roster. In addition, Washington is supposed to send along another man and Jack Haupt, the limited service operative, is due in from Iowa at any time.

Stacey will keep the six best men of that crowd for an all-out bid for first place in the Longhorn league standings. All other teams in the league are improving but the local brain trust is determined no brigade will sidetrack the Hosses.

Freddy's cousin, Jimmy Acton, is hitting something like 480 for the Waterbury club in the Class B Colonial league - tops for the minors. Carrol Dial, a nephew, is pitching for Barlesville in the KOM circuit.

Herschel Acton, another cousin, was the Golden Gloves welterweight boxing champ of the nation two years ago.

The scrap between Jersey Joe Walcott and Joey Maxin in Hollywood Monday night, won by Walcott, was the first staged by the Frank Sinatra Hollywood Square Gardens, Inc.

Sinatra aspires to become the Mike Jacobs of the West. Those who saw the scrap say he'll have to do better by the fans next time.

Blevins is a righthander, hails from Newark, N. J. Haupt is a cool youngster with good control and a fair curve ball. He should be able to shoulder a lot of the burden now being carried by Pat Patterson, Bert Baez, Gerry Rodriguez and Jose Cindan.

Odessa's Oilers have disposed of Danny Bolzendahl, an infielder they picked up on option from the El Paso Texans. He's rejoining the El Pasoans.

Moose Womack, the Odessa first sacker, has been temporarily benched by Charlie Sierra but those who have seen him play say Sierra will not measure up to specifications.

Cats, Sports On See-Saw Again

It's getting almost monotonous, this business of Fort Worth and Shreveport see-sawing on the second place perch in the Texas league.

Fort Worth handed Dallas a 5-1 drubbing last night while San Antonio downed the Louisiana crew 5-2. And that means the cats are back in second place behind Houston with the Sports shoved to third spot.

Four times straight the two teams have traded the runner-up position in as tight an intra-loop battle as these parts have seen this year.

In the only other league game last night, Tulsa swatted down the seventh-place Oklahoma City, 2-0. The Houston-Beaumont affair was postponed because of wet grounds.

Al Zigelman, the one-time Big Springer, is out of the Odessa lineup with an injured thumb. Spelling him is Jack Frazier.

Bill Roden, Obie Bristow, W. E. Ramsey and George Tillinghast among others - are representing Big Spring in the West Texas Invitational Golf Tournament in Odessa this weekend.

Bristow was a finalist in last year's tournament, which was held in San Angelo, but he's been off his game lately. Roden has been playing well enough to rate the championship fight and may give the leaders a run for the money.

"This said Roden could play much better if he didn't carry around so much avoirdupois."

Ackerly Nine Trims Lamesa

ACKERLY, June 26. (Sp) — The Ackerly softballers galloped to a 7-5 decision over a team from Lamesa here Wednesday.

Home runs by Porter and Bowlin, and a triple by Lewis were the telling blows in the Ackerly attack. Porter got his four-bagger in the third with two mates aboard, while Bowlin connected with a circuit lick in the fourth with the sacks vacant. Lewis drove in two runs with a three bagger in the fifth.

Holder got a home run in the second and Newmyers socked another in the fifth for Lamesa, but both blows came with nobody on base.

Stiteler Appointed To Texas A&M Post

COLLEGE STATION, Tex., June 26. (AP)—Appointment of Harry Stiteler, coach of two championship high school football teams, as assistant football coach at Texas A & M College was announced today by Athletic Director J. W. (Dough) Rollins.

For the last year Stiteler has been with Rice Institute.

Before that, he coached the Corpus Christi and Waco high school teams successively to state titles. Stiteler, who received his B. A. degree from A. & M. in 1931, is a former Southwest conference pole vault champion.

SMU Golfer In NCAA Match Play

ANN ARBOR, Mich., June 26. (AP) The nation's 64 blue-ribbon college golfers, who survived a rugged three-day 36-hole qualifying round, today entered match play which was headed off by National Collegiate Athletic Association officials to a single 18-hole tour.

Individuals rather than teams with individuals rather than teams with a pair of freshmen, Oklahoma A & M's 24-year-old Nevy veteran, Bo Winger and San Jose college's 18-year-old Bob Harris, heading qualifiers with 147 over the tricky 6,600 yard University of Michigan course.

A single stroke behind these two qualifying medalists were Charles (Ray) Lind, Denver university's 1946 NCAA runner-up, Claude Joyce, Jr., of Southern Methodist and Coyte, Star LSU Freshman.

Washington Counts Its Goats
CHELAN, Wash. (UP)—Washington ranks first in the number of mountain goats in the state. It has 6,500 of shaggy, nimble-footed animals. Only four states in the nation boast mountain goats. Montana has 5,000, Idaho 4,000, and South Dakota less than 300.

Russian Grain Loaned To Romania

BUCHAREST, June 26. (AP)—Romania will allocate 17,000 carloads of grain to Romania as a loan, it was learned today in ministerial circles. The government was in touch by telephone with George Gheorghiu-Dej, Romanian minister of the national economy, now negotiating in Moscow.

Cold-Water Pike To Get Trial In Warm Waters Of Texas Lakes

By WILBUR MARTIN
Associated Press Staff Writer

Whether pike can survive in Texas' warm lake waters will be determined in an experiment slated this fall at Eagle Mountain lake.

The Fort Worth Anglers club is going to transplant some of these cold-water fish from Norris Dam, Tenn., in an effort to introduce a new type target anglers.

Charles H. Kahn, president of the club, said it was believed the fish could adjust themselves to Texas' hot spring and summer months after a conditioning period during the winter.

The pike has long been a favorite fish with sportsmen in mountain and northern states, and Kahn said there was reason to believe the fish would eventually take to Texas.

According to Kahn, pike normally survive in waters of 63-degree temperature. But he said the waters of Eagle Mountain lake would approximate this during the late fall and winter. The experiment will be based on the theory that as the temperature changes, so will the pike's aversion of warm water.

Should the test prove successful, it will mean that bass are no longer prime objectives at Eagle Mountain. Recently, 1,000,000 young bass were dumped there and in Lake Worth.

Cooperating with the anglers club in the pike experiment is the state game and fish department, Kahn said.

Real reason behind the move to bring pike to Texas is to further interest in fishing, Kahn disclosed. So far, the Fort Worth group has sponsored a number of events to further this cause.

Biggest project undertaken by the club is the current "fish rodeo", which has increased membership to 17,000.

A total of \$65,000 in merchandise goes to the anglers who bag 300 tagged fish. One-hundred and three have been taken thus far, with prizes amounting to \$20,000. The rodeo closes Dec. 1. Still to be caught is Tag No. 1,999. The fisherman-club member who takes this one will net approximately \$1,900 in prizes.

Hubbers Boost Lead In WT-NM

The Lubbock Hubbers increased their West Texas-New Mexico league lead to two full games last night as they downed Abilene 6-2 while Amarillo was falling before Albuquerque 13-7.

Lamesa and Pampa split a double-header. Pampa taking the first game 4-3 and dropping the nightcap 9-4. Clovis edged Borger 9-8.

Len Heinz pitched seven-hit ball in sending Lubbock to its win over Abilene with Bill Serena clinching his twenty-third homer of the season.

Chick O'Neil, signed only yesterday by Albuquerque, went to the mound and lured Amarillo to nine hits.

Mac Quillen and Hal Jackson hit homers in the seventh to give Clovis its margin over Borger.

Giant's Thumping Trio Prompts Comparison To 'Murderers' Row

Johnny Mize, Walker Cooper and Willard Marshall, the thumping trio of the New York Giants have been slugging enemy pitchers at such a terrific rate that veteran observers have begun to compare them with the famous old murderers' row of the New York Yankees.

Mize, Cooper and Marshall drove in all the Giants' runs yesterday in their 9-3 victory over the Cubs in Chicago. Each walloped a home run, with Cooper knocking in four runs, Mize three and Marshall two.

While the Giants hammered three Cub hurlers for 11 hits, Lefty Dave Koslo turned back the Bruins with seven safeties for his seventh win. The win moved the Giants a game away from the front running Boston Braves and a half game back of the second place Brooklyn Dodgers.

Rookies Harry Taylor and Johnny Jorgensen starred for the Dodgers who defeated the Pirates 6-2, in Pittsburgh for the 21st setback in the Bucs' last 26 games.

Frank Shea, the Yankees' sensation rookie righthander spun his third shutout of the season when he limited the Cleveland Indians to three hits as the Yankees won 3-0 at night. Billy Johnson and Joe Dimaggio, staging a merry race for the runs batted in leadership, knocked in the Yankee runs to delight a tremendous Yankee Stadium turnout of 60,000 cash customers who boosted the Yankee home attendance over the million mark—1,019,082—in 31 games. It was Shea's ninth win against two defeats. The win increased the Yankees first place lead in the American league to two and a half games.

Scoring four runs in the last half of the ninth, the Cincinnati Reds came from behind to nip the Phillies 9-8 in a thriller at Cincinnati. Hugh Poland, recently acquired from the Phils, clinaxed the Reds' winning rally with a pinch-hit single.

Detroit's slugging Tigers snapped a 10-game losing streak by scoring a 4-2 victory over the second place Boston Red Sox, but reverted to their losing ways as the Sox took the second game of the double header in Boston 4-3.

Hal Newhouser, hard luck pitcher of the majors, won the opener for the Bengals spacing nine hits for his seventh triumph against eight defeats. Dave Ferris outlasted Dizzy Trout in the nightcap.

The third place Athletics turned back the St. Louis Browns in a night game at Philadelphia winning 4-2 behind Dick Fowler. The former no-hit pitcher needed relief from Russ Christopher, however. Fred Sanford was the loser, Washington and Chicago in the American league and Boston and St. Louis in the National were not scheduled.

Tomlinson Case Is Nearing Jury

SAN ANGELO, June 26. (AP)—The trial of Wylie B. Tomlinson, 33, Menard ranchman, charged with murder in the shooting death of O. B. Opp, an oil man-rancher, is expected to be handed to the jury today.

Judge John F. Sutton opened the session in 51st district court by reading his charge to the jury, after which arguments in the case were made.

Yesterday, Tomlinson testified he shot and killed Opp solely "to save my own life."

His plea of self-defense in the Nov. 22, 1946, shooting in a hotel lobby here concluded testimony in the murder case. The state used 22 witnesses and the defense 21.

Fans To Purchase Sherman Ball Club

SHERMAN, Tex., June 26. (AP)—Stock-selling campaigns will open simultaneously today in Sherman and Denison for the joint community purchase of the Sherman Twins baseball club at \$55,000.

Recently the Twins were purchased from the original owner and organizer, Art Williamson, by four local men who will transfer the club to a community corporation, if formed. Banker John Perry of Sherman and Auto Dealer George Stratton of Denison will head the drives in the two communities.

Deer Hunt On With Lariats, Not Guns

WATERLOO, Mass., June 26. (AP)—It's open season at Waterloo arsenal on a young doe hiding on the grounds, but hunters are using lariats, not the heavy rifles turned out by this famous gun factory.

Frightened by a passing train, it jumped over the arsenal fence and remains at large, eating tidbits from the commandant's vegetable garden.

War Hero Becomes U. S. Citizen Today

HOUSTON, June 26. (AP)—Macario Garcia, 29, of Houston, today is a citizen of the country which awarded him the congressional medal of honor for bravery while in Germany during the war.

Garcia, along with 48 other people, including eight veterans, took the oath of allegiance before Federal Judge Allen B. Hannay here yesterday to become a United States citizen.

De Nicola Renamed Italian President

ROME, June 26. (AP)—Italy's constituent assembly re-elected Enrico De Nicola as provisional president of the Italian republic today, less than 24 hours after he resigned, saying that he was in poor health.

He received 405 of the 431 votes cast, far more than three-fifths necessary to elect.

There was no immediate indication as to whether he would accept.

De Nicola's message to the assembly yesterday said his health "impedes me absolutely from exercising my functions any longer."

He is 69 years old.

Legal Notice

NOTICE BY PUBLICATION OF PARTIAL DISTRIBUTION OF THE ESTATE OF J. J. HEALY, DECEASED. CAUSE NO. 1222 THE STATE OF TEXAS To the Sheriff or any Constable of Howard County—ORIGINATOR: FLOYD JONES, executor of the Estate of J. J. Healy, deceased, having filed in our County Court his application for a partial distribution of the estate of J. J. Healy, deceased, and said distribution being as follows, to-wit:

Jim Healy \$1.00
Ralph Healy \$1.00
Don Healy \$1.00
Florence Crockett \$1.00
Tom Healy \$1.00
Mrs. M. C. Healy \$408.00
E. J. Healy \$6,500.00
Total \$8,651.00

You are hereby commanded that by publication of this writ once in a newspaper regularly published in the County of Howard, and said publication shall be not less than ten days before the return day hereof, you give due notice to all persons interested in said estate, to file their objections thereto, if any they have, in said court on or before Monday, the 7th day of July, A. D. 1947, when said application will be considered by said court. GIVEN under my hand and seal of said court at office in Big Spring, this 26th day of June, A. D. 1947. LEE PORTER, Clerk County Court, Howard County, Texas.

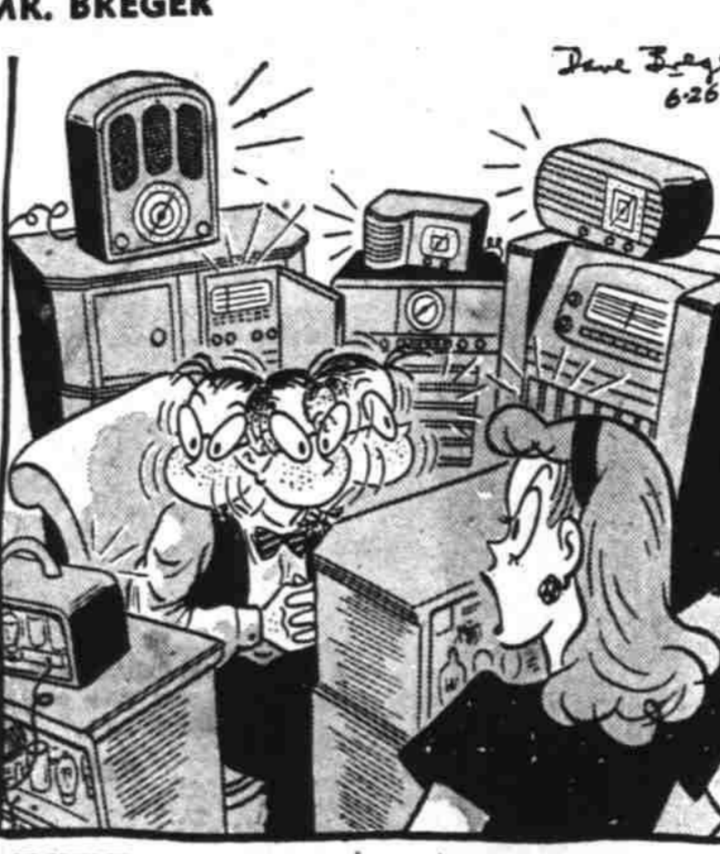

Balloon Falls East WICHITA FALLS, Tex. (UP)—Two local boys, Ralph Parker, Jr., and Johnny Duncan, released five toy balloons late in the afternoon. One was found at Sumner, Ia., early the next morning, having made the 800-mile trip at about 65 miles per hour.

Army Officer Praises ROTC Training Of Texas Aggies

WASHINGTON, June 26. (AP)—An army officer's letter released here by Rep. Olin Teague (D-Tex) praised the military training at Texas A. and M. College and said the army would regret any change jeopardizing army-college relationship.

Lt. Gen. C. P. Hall, director of organization and training, signed the letter. He wrote that he was stating official war department opinion as well as his personal feelings.

In giving a copy of the letter to a reporter, Teague explained that the school's board of directors, now meeting at College Station, is considering the de-emphasis of military training there.

Teague said Texas A. and M. is rated by the war department as "essentially military" because the students wear uniforms and military training is stressed throughout. Uniforms are worn only for drill periods and military classes at other schools having reserve officer training.

Teague, a wartime infantry colonel, was graduated at A. and M. General Hall's letter read in part:

"For many years the war department has enjoyed an exceptionally profitable relationship with the military class (where military training is emphasized as at Texas A. and M.) institutions. Because of the unusual degree of concentration on and interest in military training, the war department has been able to secure from them as reserve officers a much larger proportion of their graduates than at other types of institutions."

"At this time it might be appropriate to pass on to you the information that statistics concerning ROTC production have recently been brought to my attention and reveal that the A. and M. College of Texas produced 5,342 officers for the organized reserve corps during the period 1921-1942 inclusive.

"No other school in the country even approximated the production of Texas A. and M. during the years between the wars. The greatest number of graduates produced by any other school during the same period was about 3,900.

"I can state officially that any change which would jeopardize the eminently satisfactory relationship which now exists would be regretted by the war department and by me personally."

New Canadian Envoy Enroute To Mexico

LAREDO, June 26. (AP)—The new Canadian ambassador to Mexico, Sydney D. Pierce, accompanied by his wife and three children, after being met in San Antonio by Canadian Charge D'Affaires Douglas S. Cole and his wife of Mexico City, are expected to pass through Laredo July 3, enroute to Mexico City, announces American Consul V. Harwood Blocker of Nuevo Laredo.

American Consul Blocker and his wife is planning to extend the Canadian diplomatic representatives every courtesy after arrival at the border.

Former Recruiter Will Go Overseas

T-Sgt. William R. Bee, who has been on duty with the local US Army recruiting station for the past year, has been transferred to Randolph Field, San Antonio, where he is awaiting shipment overseas.

Bee was in foreign service on two different occasions during World War II.

The Midland US Army recruiting station is being inactivated. It has been announced here.

S-Sgt. Many Lee, who has been in charge of the office, has been sent to Fort Benning, Ga.

Grand Jury To Probe Starr County Death

RIO GRANDE CITY, June 26. (AP)—A new 79th district court grand jury empaneled here will look into the Amado Vera death case in Starr county, according to District Atty. Frank B. Lloyd of Alice.

He and District Judge Lorenz Broeter of Alice are here to conduct the June term of court.

Vera, a political leader in Starr county for a number of years, was shot to death at his residence and filling station at La Grulla, east of here, several weeks ago. Three men are being held here in connection with the death.

YMCA Playground Activity Started In Airport Section

Summer playground activity sponsored by the YMCA is now underway in the Ellis Homes-Airport additions area.

Mr. and Mrs. Jack Martin, both experienced in playground supervisions, are in charge of the project. Dr. R. B. G. Cowper, YMCA president, announced.

Now in its first week, the playground activity is attracting approximately two score youngsters each afternoon. The schedule calls for daily supervision from 5 p. m. to 9 p. m. on the area immediately south of Ellis Homes. On Saturday the supervised period is from 9 a. m. to 12 noon.

All children in the western extension of the city, including Settles Heights, Ellis Homes and the Airport additions are eligible to participate. It is a free public service furnished by the YMCA.

Activities include softball, boxing, volleyball, soccer, croquet, horseshoe pitching, games, folk dancing, story hours, first aid instruction, penmanship, archery, plays and handicraft. The YMCA contemplates operation of one or more additional playgrounds during the summer.

Pope May Decorate Argentine Leader

ROME, June 25. (AP)—Informed quarters say President Juan Peron of Argentina will be presented a high Pontifical decoration in the near future in token of the regard of Pope Pius XII for him and the Argentine nation. Mrs. Peron, the president's wife who is on a European tour, is to have an audience with the Pontiff Friday.

Truman Will Be 'Summer Bachelor'

WASHINGTON, June 25. (AP)—President Truman soon will be a "summer bachelor." Mrs. Truman and their daughter Margaret are preparing to leave the White House to vacation back home in Independence, Mo. Miss Reatha Odum, the first lady's secretary announced the plans today.

From where I sit... by Joe Marsh

Crazy Hat Wins Refrigerator!

One of those "Breakfast in the morning" radio shows came to Capitol City last week, and Sarah Carey won first prize for wearing the craziest hat in the audience. It was a full-sized refrigerator! (The prize, not the hat.)

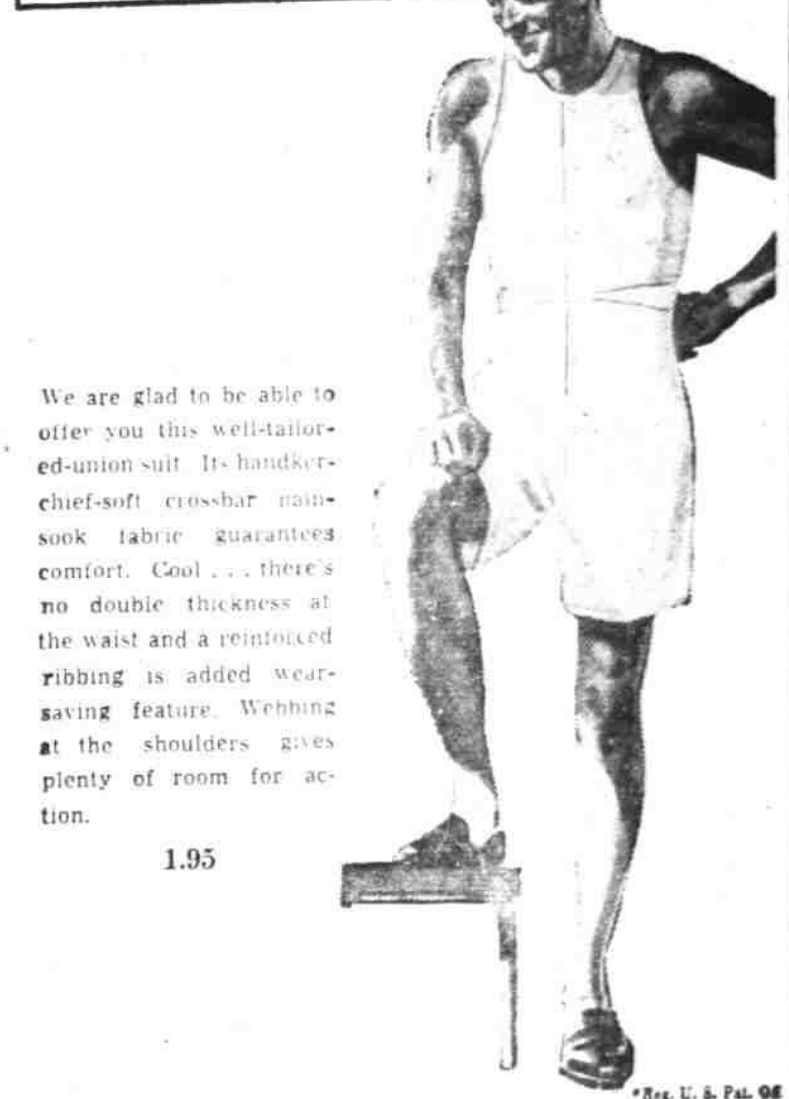

"Glad them hats of hers paid off at last," says Ed, treating the whole thing like a joke. But you could see he was proud of Sarah.

From where I sit, there's another thing Ed can be proud of: the way he's put up with those hats of Sarah's, with never a criticism; just as she's put up with Ed's pipe and the other little freedoms he enjoys.

They've got that refrigerator home now, stocked with beer; and we're going over tonight to drink a toast—not just to Sarah's hats taking first prize... but to a happily married couple, who've learned to live with one another's differences in tastes—whether it's a taste for hats or beer!

Joe Marsh

THE FAMOUS U-1
***B.V.D. UNION SUIT**

We are glad to be able to offer you this well-tailored-union suit. Its handkerchief-soft cross-bar non-sook fabric guarantees comfort. Cool... there's no double thickness at the waist and a reinforced ribbing is added wear-saving feature. Webbing at the shoulders gives plenty of room for action.
