

SANDRA HENDRIX

GAIL PETERSEN

JERRY HUDSON

## Runoff Race Ends With Record Vote

A record number of nearly 3000 students voted in Thursday's runoff election for cheerleaders and school representatives to student council.

**CHEERLEADERS** Sandra Hendrix, Jerry Don Hudson, Bobby McGough and Gail Peterson will join Bobby Hutto, the only cheerleader chosen in the first election.

Arts and Sciences representatives are Pete Baker, Larry Campbell, Janis Jones, Mike Lundy, Marcia Vick, Don Zimmerman and Johnanna Zournas, Mary Ann Lindley and Ken Talkington were elected on the first ballot.

**BUSINESS** Administration students elected Cheryl Crawford, Mike Montgomery, James Wiley and Barbara Wood in the runoff. Their fifth representative, Bill Dean, was chosen in the first election.

Elected to represent the School of Engineering are Billy Bob Park and Eldon Steelman. Those already elected were Jim Brock, Rodney Hill, Bob Honts, Jerald Lindsley and Carlyle Smith.

**ELLEN EDWARDS** and Kathy White will be the two representatives for Home Economics.

Agriculture representatives Charles Cobb, Jim Knowlton and Bill Womble were elected Tuesday.

Freshman constitutional amendment ballots have not yet been counted.

## Helen Poe To Speak For AWS

Helen Poe, well-known lecturer, inspirational speaker and book reviewer, from Dallas, will speak on "The Russian Woman" at the AWS Banquet Tuesday at 6 p.m. in Tech Union Ballroom to climax Woman's Day.

**MISS POE** is a graduate of Southern Methodist University and did graduate work at Columbia University and The Julliard School of Music in New York City.

Woman of the Year will be elected in a campus-wide election and will be presented at the banquet Tuesday night. Dormitory and sorority scholarship awards will be made along other awards. New members of Mortar Board Junior Council and new dorm legislators also will be announced. AWS officers for the new year will be installed.

# Coronation Climaxes Tech Spring Festival

Speeding bicycles this afternoon, the announcement of Mr. and Miss Texas Tech and all class favorites at the Coronation dance tonight climax Tech's annual Spring Festival.

**GIRLS BICYCLE** race begins at 2 p.m. requiring girls to make 16 laps around Memorial Circle. This is the first year for girls to race.

Boys begin a 40 lap race around Memorial Circle and Soapbuds Pavilion immediately following the girls. This is about a 25 mile ride.

Both boys and girls have 56 teams entered. Each team will have three riders and two pit men. Trophies will be awarded to winners and the record of one hour and 58 minutes for the boys is expected to be broken.

**THE FOLLOWING** entrances to the campus will be closed at 12:30 p.m. in order to hold the race: 15th and Akron, Broadway and College, and 6th and Boston and in front of the Textile Engineering building. Streets will open when the races are completed.

Highlight of the festival will be the Coronation dance tonight at 8 in the Coliseum. Mr. and Miss Texas Tech and all class favorites will be announced at the dance.

**THE KINGSMEN COMBO** will provide the music for the dance sponsored by the junior, sophomore and freshman classes.

The Festival opened Wednesday night with "Skit Row." A square dance, Dolphin show and Der Liederkranz were some of the Thursday events.

Zirkus Liederkranz was a variety show done in German sponsored by the German club, the Dolphin show, a water ballet and clown presentation.

Yesterday's events began with a tug-of-war followed by a barbecue sponsored by the Student Council. The senior class sponsored a Senior Carnival in which different organizations sponsored booths such as weight lifting, water ducking and basketball shots. Money made will be used by the senior class for their gift to Tech.

**EVENTS** last night were another Dolphin show, a free Western Stomp featuring Jimmy Mackey and his "Texas All-Stars," and Frantic Fun Frolic.

Tech Union was turned into the replica of a gambling establishment such as one might find in Las Vegas for the Frantic Fun Frolic except play money was used.

## Tech Journalists Hear Chemical Council Team

Representatives of the Texas Chemical Council held question-and-answer sessions in the newspaper reporting and advertising problems and methods classes Thursday.

Hosted by Texas Tech's journalism department, they made their second consecutive such visit.

**THE PURPOSE** of these meetings was to tell journalism students about the Texas Chemical Council, with special emphasis directed toward industrial journalism, public relations and industrial advertising.

Topics discussed by the panel were the opportunities of journa-

lists in the chemical industry, women in industrial journalism, the requirements and experience necessary, salaries and also labor problems and conditions in chemical industries.

**MODERATOR** for the panel discussions was W. P. Harrington, director of industrial relations, Columbia-Southern Chemical Corp., Corpus Christi. Panel members were Kenneth Danskin, vice-president, Lubrizol Corp., Pasadena; Robert Dillon, assistant general manager, Union Carbide Chemicals Co., Texas City and Ralph Gilbert, General Counsel, Dow Chemical Co., Freeport.

## ★ ★ ★ PARTY HONORS COED VISITORS

Five representatives of Texas colleges will be guests of a coke party, sponsored by AWS, and open to women students, 10:30 to 11:30 this morning in Tech Union Ballroom lounge.

The five representatives were invited to attend the Spring Festival by Tech's Student Council. They are Martha Wolford, Baylor; Mary Kay Overbeck, SMU; Sallie Puddy, TWU; Christy Smith, TCU and Ann Bartlett, Rice.

A 12:30 luncheon, sponsored by the Student Council is also planned today. The representatives will be presented at the Coronation Dance tonight.

## Guest Speaks To Pre-Meds

Dr. J. R. Schofield of Baylor Medical School, will be guest speaker at the Pre-Med Club banquet tonight at 6:30 in the Tech Union ballroom.

A highlight of the banquet will be trophies awarded to representatives of each class having the highest grade point average. Dr. Joe Dennis, Dr. R. C. Goodwin, chemistry professors and Jack Price will make the presentations.

The senior award will be a dissecting kit to use in medical school.

Dr. Schofield's speech is expected to follow the general theme of the banquet, scholarship.

**MUDDY ROW TO HOE**—With the outlook pretty dim, Men's Dorm No. 6 fights valiantly to keep out of the mud in yesterday's Tug-of-War in con-

nection with Spring Festival. On the other end of the rope is Dorm No. 8, victor in two matches during the afternoon.

## SAE's, 8 Win 'Tug'

In cloudy, cool weather Friday afternoon, Sigma Alpha Epsilon and Men's Dorm No. 8 distinguished themselves in the fraternity and dormitory competition in the first annual tug-of-war in connection with Spring Festival.

**THE SAE'S** pulled both Pi Kappa Alpha and Kappa Sigma across the water-filled bog in the parking lot west of the Union Bldg.

Dorm No. 8 took on three challenges and were victorious in all three, defeating Dorm No. 6, Gordon and Dorm No. 5.

**OTHER RESULTS** included Gordon over Sneed; West Hall over the Aggies; Dairy Industry over Horticulture Club; Phi Gamma Delta over Phi Delta Theta; Baptist Student Union over Disciples of Student Fellowship; and Alpha Tau Omega over Phi Delt.

## Theta Sigs Elect Officers

Mary Alice Cretzinger, junior journalism major from Graham, is the newly elected president of Theta Sigma Phi, women's honorary journalism fraternity. Other officers are Carolyn Mimmis and Liz Wilson, both of Lubbock, vice president and treasurer respectively.

Sandra Dudley and Liz Wilson are new pledges scheduled to be initiated April 23 at the home of faculty sponsor, Mrs. Louise Ailen.

Mrs. Margaret Schrader is Theta Sigma alumni sponsor and Carol Thompson is out-going president.

## Janeway Will Review Book

The book review by R. C. Janeway, Texas Tech librarian, originally scheduled for last Tuesday has been postponed until April 21. Janeway will review John Galbraith's book on national economics, "The Affluent Society," at 7:30 p.m. in the lecture room of the Lubbock Public Library.

# ★ Campus ★

## Library Circulation Increases from '58

A 35 per cent increase in this year's circulation of library books over last year, the largest increase in recent years, was announced by R. C. Janeway, librarian.

SO FAR THIS year students have checked out 42,294 books from the main circulation desk in the library. This figure is 35 per cent greater than last year's total of 31,265 through March.

The reason for this increase cannot be determined for sure, but there are several possibilities. Janeway feels that the increase may be caused by the greater emphasis on learning, partially due to Russia's scientific advances. Because of this emphasis, professors may be requiring more work of their students.

SINCE THE increase has been steady since September, it cannot be caused by the longer library hours, although this may be a factor in the future. Janeway added that he is very pleased with the amount and kind of work being done during these new hours.

If the increase continues the rest of the year, Tech students will check out close to 80,000 books. This will mean that Tech's library has reached average book circulation, or ten books per student.

THE SECOND greatest increase occurred a few years ago when the stacks were opened to students.

## Tefertiller Is Outstanding In Chemistry

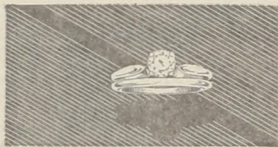

Ben Tefertiller Jr., Kermit, was named recently as outstanding freshman chemistry student at Tech.

TEFERTILLER will receive a "Handbook of Chemistry and Physics" by the Chemical Rubber Publishing Co. of Cleveland as part of the award.

Tefertiller will participate in a nation-wide chemistry examination test sponsored by the company. The six top contestants will win \$100 worth of chemistry books for their institution's library.

HE WILL BE among the honorees at the chemistry department's annual dinner this month.

## Profs Go To Meet

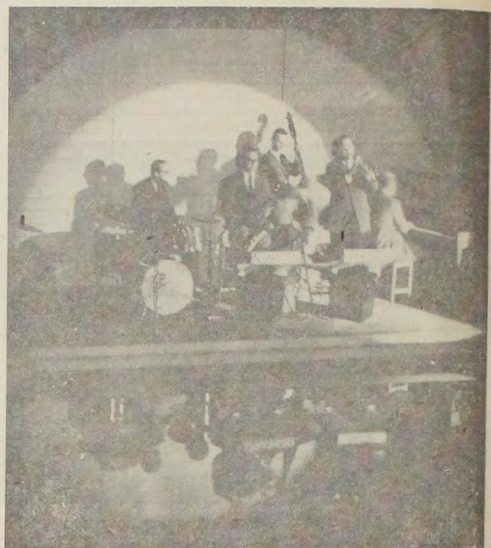

Six Tech faculty members will attend the annual Rocky Mountain Council for Latin American Studies in Albuquerque, April 16-18, according to Council President Raymond D. Mack, assistant professor of government at Tech.

The council, composed of over 100 college and university teachers, will examine the United States' policies related to Central and South America.

PRINCIPAL speakers include Ambassador John C. Dreier, U.S. representative on the Council of the Organization of American States and Dr. Arturo Morales Carrion, undersecretary of state for the Commonwealth of Puerto Rico.

Attending from Tech will be Mack; Dr. David Vigness, associate professor of history; Dr. Julius Rivera, assistant professor of government; Prof. Thomas F. Wiesen, Tech economist and Dr. Harley Oberhelman, assistant professor of foreign languages.

OBERHELMAN will present a paper on "Enrique Amorin and the Rural Novel" in the literature section of the conference.

EVEN THE BAND gets in on the act as they are shown here playing for the Dolphin Show in the Tech Nafatorium. The Dolphin is presented in connection with the Spring Festival and sponsored by the Dolphin swimming fraternity. Swimming ballets, diving and a fashion show highlighted the show.

## Rhodes Talks To Lychnos Initiates

Dr. Peyton Nalle Rhodes, president of Southwestern at Memphis, Tenn., will speak Monday, at Texas Tech in connection with ceremonies initiating 12 students into Lychnos, arts and sciences honorary.

Rhodes will deliver two addresses, Prof. E. Richard Heineman, Lychnos president said. The first talk, open to the public, will be given at 4 p.m. in Agriculture building auditorium.

NO ADMISSION will be charged to hear the address, entitled "The Liberal Arts and Religion in American Education."

The second talk, "The Pursuit of Excellence: Quality vs. Quantity," will be for Lychnos members only at 6:30 p.m. in the Tech Union workroom.

Rhodes is a senator of Phi Beta Kappa, national arts and sciences honorary, and members of the board of directors of the Ford Motor Co. Fund Scholarship program.

AFTER RECEIVING his doctorate from the University of Virginia in 1926, Rhodes became an associate professor of physics at Southwestern at Memphis. He was made vice-president of the college in 1944 and has served as president since 1949.

Lychnos, the newest honorary organization at Tech, was organized by faculty members who were elected to Phi Beta Kappa membership at other colleges and universities.

REQUIREMENTS for Lychnos membership are the same as those for Phi Beta Kappa election—a 2.6 grade-point average for undergraduates and a 2.8 grade-point for graduates.

In announcing Dr. Rhodes' address, Heineman said, "The faculty members of Lychnos are honored that a man of President stature has agreed to inaugurate the Lychnos lectures."

"We hope that the public will support us in our effort to bring top scholars to the Tech campus, he said.

## AFROTC Will Dance Friday

Ted Weems and his orchestra will play for the Air Force ROTC Ball in the National Guard Armory, April 17, from 8 to 11:30 p.m.

OTHER entertainment will be provided by AFROTC Glee Club, Arnold Air Society and Angel Flight. Sabre Flight will provide honor guards for AFROTC Sweethearts from whom "Miss Top Flight" will be chosen.

The Ball is sponsored each year by Air Force ROTC Assoc. Faculty sponsor is Capt. Robert D. Palmquist and student dance committee head is Lt. Col. Jack Drummond.

COMMITTEE chairmen include Bob Dyer, decorations; Allan Busk, programs; Dale Auten, refreshments; and Keith Nutt, publicity.

## DG's - Elect Baldwin Prexy

Delta Gamma members and pledges have recently elected officers for the coming year. Elected to offices in the active chapter were:

NANCY BALDWIN, president; Peggy Johnston, vice president and pledge trainer; Barbara Morgan, second vice president; Sharon Cochran, corresponding secretary; Linda Jobb, recording secretary; Joanne Darsey, treasurer; Alice Ann Berry, scholarship; Margie Miller, rush; Vanda Buhman, rush party; Laine Eschle, recommendation.

Ferne Vestal, chaplain; Leta Merle Roberts, social; Nancy Renier and Kathy Morris, Lodge; Mary McMahon and Nancy Jukes, projects; Rosie Rough, Historian; Nancy Carruth and Gloria Lindsey, Standards; Alice Ann Berry and Ann Jaroszwski; Panhellenic delegates; Kay Munsell, AWS; Pat Saunders; Betty Jo Holland, Intramural; Gay Potter, publicity.

## MARKS 30th HE

This Year's Home Economics Open House marks the 30th anniversary of granting degree in home economics at Tech. The theme, "Then Today, Tomorrow," symbolizes the foundation of the first graduates, the progress that has been made and hopes for the future.

FEATURING EXHIBITS shows and demonstrations department, open house Friday, April 24, from 10 a.m. to 5 p.m. and continues through Saturday, April 25, 9 a.m. to 5 p.m.

A luncheon for home economics and graduating seniors is scheduled for the First Methodist Church at noon Saturday, April 25. Mrs. S. B. Campbell and Dale Smith are in charge of arrangements which should be completed by April 22. The price is \$1.00 per person.

HOME ECONOMICS Department will highlight Health and Civil Defense Homemaking Program, School Homemaking — "Then Today," Adults Study Hour.

## Garden Club Sponsor Short Course

More than 300 members of District 1, Texas Garden Club will gather at the seventh Garden Club Clinic Wednesday and Thursday in the Tech Union ballroom.

The convention's short course will feature speakers Zachariah of Beaumont and Charles Harbison of Buffalo. Robert H. Rucker, Tech's horticulture and landscape coordinator for the district.

Also to be featured at the convention is a series of scale models of landscaped private homes in the Lubbock area. These were prepared by landscape students of Tech's horticulture and landscape department.

Registration for the district convention will be from 8 to 9:30 a.m. in the ballroom. The registration fee is \$2.25 and the meeting is of interest to all interested in garden landscaping.

Topic of Zachariah's History of Landscape Architecture is a private landscape architect and a landscape test for Griffing Nursery, Beaumont. A graduate of Texas State University, Zachariah has taught landscape design in gardening.

The convention will open Wednesday with a dinner at the Garden Clubs, Inc. president officers will be installed at the convention. District 1 extends the Panhandle south to El Paso.

## Short Food Course Set

A course in techniques of food preparation will be offered the first time during a school session by the food nutrition department at Tech.

MRS. GLADYS HOLLIDAY, assistant professor of food nutrition, will conduct the course with the assistance of visiting demonstrators.

The course is designed especially for persons who use demonstrations in their professional activities, such as home economics with utility, commercial food equipment companies, home economists in television work, home demonstration, and making teachers.

Dates for the course are April 22 to July 11, 9-12 a.m. and 1-4 p.m. five days a week.

MARKS 30th YEAR

# H E Plans Open House

This Year's Home Economics Open House marks the 30th anniversary of granting degrees in home economics at Tech. The theme, "Then Today, Tomorrow," symbolizes the foundation laid by the first graduates, the progress that has been made and hopes and dreams for the future.

**FEATURING EXHIBITS**, style shows and demonstrations by each department, open house begins Friday, April 24, from 1 p.m. to 9 p.m. and continues through Saturday, April 25, 9 a.m. to 5 p.m. A luncheon for home economics exes and graduating seniors is scheduled for the First Methodist Church at noon Saturday, April 25. Mrs. S. B. Campbell and Mrs. Dale Smith are in charge of reservations which should be made by April 22. The price is \$2.25 per person.

**HOME ECONOMICS Education Dept.** will highlight "Family Health and Civil Defense in the Homemaking Program," "High School Homemaking — Then and Today," "Adults Study Homemak-

ing Today," and "Graduate Work in Teacher Education Exhibit." Applied Arts will feature "Art for the Public School Teacher," "Experiments in Design," "Craft Exhibits," Craft Demonstrations, "Interior Design Exhibit" and "Handweaving Exhibits and Demonstrations."

**CLOTHING AND Textiles** exhibits include "Cotton Around the Clock," "Designer's Spotlight," "Fabric Flashes" and "Home Furnishings Highlights."

Child Development and Family Relations will illustrate develop-

mental tasks of each of the family members, then today and tomorrow depicting different traits of family life.

**HOME management** will feature "Management in Our Homes," "Career Opportunities in Home Management," "Laundering Today versus the Old Wash Place," "Ranges and Refrigerators Then, Today and Tomorrow" and "A day in the Life of a Working or Student Wife."

Food and Nutrition will have various demonstrations concerning "Meals for the Clock-Watcher."

# Geology Students Make Trip To Alamogordo

A busload of Tech geology students will leave next Thursday for a two-day field trip in the Sacramento Mountains near Alamogordo.

The group will study the geology of the area in an attempt to observe in nature what they have studied in class. In addition, the group may visit government laboratories in Alamogordo and the Dennis of the geology department, White Sands proving ground.

**ACCOMPANIED** by Dr. John Dennis of the geology department, White Sands proving ground.

### Techsans Talk Back

#### President Answers President

As president of Sigma Delta Chi, publishers of the "TOYLETDOR," I feel it is my duty to defend Tech's April Fool newspaper against the attacks made against it by student body president Donnell Echols in the April 9 issue of the TOREADOR.

IT SEEMS that Mr. Echols has at last outdone even himself in his ceaseless campaign to keep the student council "light" burning on the Tech campus, to the point that this latest mandate hinges upon the ridiculous, and all but snuffs out whatever "light" that the council might have had shining.

Of all persons to "cry," it seems that Mr. Echols, as a member (supposedly of the student body) would be the last. Why, the people who really had fun poked at them (ex: President Jones, DeWitt Weaver, etc.) evidently took the ribbing exactly as it was meant to be taken—all in good, clean fun.

IF MR. ECHOLS was offended by the Toyletdor (and we see no other reason to raise a stir about it, since everyone else had passed over it with a grain of salt), then we're sorry. We're sorry that the Tech student body president doesn't approve of a little good natured fun.

As to Mr. Echols' statement that the Toyletdor was "uncomplimentary" to Tech, and that the purpose of an April Fool edition "is to be witty and to entertain, not to slam others"—this overwhelms me.

NOT ONLY DOES he know everything about journalism—now he gives the rules by which to publish an April Fool's edition! To my knowledge none have ever been printed, even in journalism textbooks. (Although the Student Council, of course might deem it necessary to put a clause of this nature in their constitution, since they're the law-makers anyway.)

It seems to me that the purpose of an April Fool edition would be determined by the people publishing it, and in this case Sigma Delta Chi decided that Techsans had rather read something satirical as well as humorous, which would be

more worth their while than a paper full of trite sentences. (If they just want to read something silly, they probably know by now just to watch for statements from the Student Council.)

AS TO MR. ECHOLS' statements that Tech "should not have an organ like that" and "the college newspaper is a student service"—we pose the reflection—since when is something designed as an April Fool project considered an "organ" or "a student service"? It appears only once a year, and is entirely separate from the usual publication of the TOREADOR.

Mr. Echols' mandate that the paper further is "not for making money for a fraternity" is also out of line, since this particular paper happens to be the particular project of a fraternity, and as I see it, if they want to go to the trouble to issue one, then it is theirs to do whatever they want to with it—charge a dollar or give it away as it pleases them, and people like Mr. Echols are by no means compelled to buy it.

THE STATEMENTS that the "general campus talk" was opposed to the TOYLETDOR content is certainly news to this quarter. All the talk that we heard about the issue was in praise, although I'd grant you that if you talked to certain people, as representative of the Student Body, you might get enough talk together to issue a complaint.

The TOYLETDOR was designed to give the student body a chance to laugh about everyday circumstances, and as far as this writer is concerned, we'll rest the issue of this year's TOYLETDOR in the hands of the students, whom at least WE try to represent.

Billy Ellis  
President  
Sigma Delta Chi  
\*\*\*

#### 'Message' Inspires Techsan

Editor, Attention: Don L. (smooth) Echols:

I recently read the article "ECHOLS BLASTS TOYLETDOR" and I was inspired by its rabid message. I most certainly agree with our leader as to the incapacities of the fraternal order of journalists. Anyone with the

audacity to publish anything derogatory about student government at Texas Tech should, as Sir Echols suggested, be done away with. Do you realize, Sigma Delta Chi, that our Student Council recently won an award for their ability to represent the administration. If this evil TOYLETDOR is allowed to exist in the future I would like to see it censored by such sterling men as the "little man from Lamesa."

ALSO, SIR ECHOLS pointed out the profit to the fraternity of the TOYLETDOR. I was insulted by Sigma Delta Chi giving me the option as to whether I should purchase the immoral publication or not. I think it would have been better policy to have made this some new type of compulsory fee for the students. I base my opinion on the writings of Karl Marx . . .

I think that the TOREADOR itself should keep this motto in mind: "TRUTH SHOULD NOT BE PRINTED AT THE EXPENSE OF POPULARITY!"

Thank you,  
M. L.  
\*\*\*

#### Student Backs Tech Toyletdor

The second section of the TOYLETDOR edition was incorrectly headlined. Where you had "Go To Hell" — Smith, you should have had "go to Hell Echols," and I don't mean Michigan. Mr. Echols evidently is trying to gain publicity for himself to cover up his own inadequacies as head of the student body. It would seem that Echols is making a bid for Student Council control of the Toreador to be used as the tool of the Council. The Council has constantly made attempts to control the TOREADOR but just as consistently failed.

IF MR. ECHOLS is so unhappy about the TOYLETDOR edition he should have made his criticisms on April 1 instead of April 8. I do not think his opinions reflect the views of the student body as a whole. It seems to me they are the views of Echols himself, or what he thinks the faculty might have thought of the paper. Maybe Echols should have been elected faculty body president instead of student body president.

Mr. Echols should spend more time fulfilling his "campaign promises," and his "esteemed" position of student body president, and less time in carrying on a grudge with the journalism department. I suggest that Echols quit playing "faculty politics" and start looking out for the best interests of the students he supposedly represents.

THE NEXT EDITION of the TOYLETDOR should be headlined "Echols All Wet."

F.F.  
\*\*\*

#### Receives Praise

Editor, Though I am a newcomer to Tech, last Saturday I was very proud to be a small part of her life. The reason—the student production of "Something for Nothing."

The students did their work well. Let's have more!

Sincerely yours,  
Joseph J. Stanovsky  
Assistant Professor  
of Civil Engineering

#### "LITTLE MAN ON CAMPUS" -- Bibler

### Student Politics Has Upward Swing

WITH THE NEW MEMBERS of Tech's student government elected, students, both those elected to the Student Council and the electorate, should begin laying plans for next year.

In the election, it was shown by a record voting turnout that students have begun to place more faith in their government, which places even more responsibility for representing the interests of the student body on the shoulders of those elected.

This new faith in the Council can be made even stronger by accomplishing some worthwhile aims next year. But for this to happen, there must be more cooperation between the Council and the student body.

The student body will have to back the Council to the hilt, while the Council must strive to find out what the students expect of them, and then do its best to see that those ends are achieved.

Student needs should take precedent over justifying administrative or faculty policy to the student body in Council action. The Council is first of all a student government—the primary, and sometimes only, body to see that student needs are fulfilled.

This may possibly, but not necessarily, involve justifying administrative action to the student body. Also, the Council shouldn't be afraid of conflict with other elements of Tech, because doing a good job will entail a certain amount of conflict.

There are numerous points that can be improved on next year by an efficient student government. One of these that needs the most attention is that of keeping expenses for students at a reasonable level.

This can be achieved by opposing any attempt to raise tuition, especially by a large amount. Another expense that could be lowered to the students' benefit is the cost of books and supplies.

One sore spot that should be improved is that of the treatment of Tech foreign students by Lubbock businesses. These students, when they return to their countries, help form opinion there concerning Tech, Lubbock, Texas and the United States.

The recent election started a healthy trend in Tech student politics, but unless constructive work is done next year, the old situation will return.

If there is increased cooperation between the student body and Student Council, and if a sincere attempt is made to improve the lot of the student and Tech, next year could be a successful year for both Tech and Tech students.

**ON MONDAY**

# Interviews Begin

Placement Interviews begin Monday, and will continue through April 23 with a wide scope of positions scheduled to be discussed.

Albuquerque Public Schools of New Mexico will interview 1959 graduates who wish to become junior or senior high school teachers. Almost every field of teaching endeavor is included.

**REEF CORPORATION** of Big Spring will speak to chemical engineering majors Tuesday. Jim Ziket will interview.

Tuesday and Wednesday, Burroughs Wellcome and Co. Inc. of New York, plans to interview 1959 graduates or all others qualified in biology, chemistry, physics or science equivalent. John A. Emmert, district sales manager of San Antonio will interview. No previous training or sales experience is required.

**GENERAL MILLS Inc.**, Amarillo, is scheduled to interview retailing and marketing majors, or others interested in sales, Thursday. G. L. Heard, sales manager, will talk with 1959 June and August graduates.

Next Friday Extension Division of Texas, will interview senior home economics majors for positions of home demonstration agents and assistant agents.

**CABOT CARSON** Company of Pampa will speak to accounting and mathematics majors on Friday also. Lou Minadeo and James A. McCune are representatives.

Southwestern Investment Company, Amarillo, will interview majors in accounting, marketing or retailing, personnel and office

management, finance and economics. They also have positions in sales adjustments and other services. This interview will be next Friday.

**WEDNESDAY AND Thursday**, Apr. 22 and 23, the Sheffield Division of Arco Steel Corp. of Houston, will interview civil, elec-

trical, industrial and mechanical engineers. They are also interested in 1960 graduates and those interested in summer employment.

For further information concerning the interviews, contact Mrs. Jean Jenkins in the Placement Interview Office, Administration Bldg.

**THE CARE AND FEEDING OF ROOM-MATES**

Room-mates are not only heaps of fun, but they are also very educational, for the proper study of mankind is man, and there is no better way to learn the dreams and drives of another man than to share a room with him.

This being the case, it is wise not to keep the same room-mate too long, because the more room-mates you have, the more you will know about the dreams and drives of your fellow man. So try to change room-mates as often as you can. A recent study made by Sigafos of Princeton shows that the best interval for changing room-mates is every four hours.

How do you choose a room-mate? Most counselors agree that the most important thing to look for in room-mates is that they be people of regular habits. This, I say, is arrant nonsense. What if one of their regular habits happens to be beating a Chinese gong from midnight to dawn? Or growing cultures in your tooth glass? Or reciting the Articles of War?

Regular habits, my foot! The most important quality in a room-mate is that he should be exactly your size. Otherwise you will have to have his clothes altered to fit you, which can be a considerable nuisance. In fact, it is sometimes flatly impossible. I recollect one time I roomed with a man named Osage Tremblatt who was just under seven feet tall and weighed nearly four hundred pounds. There wasn't a blessed thing I could use in his entire wardrobe—until one night when I was invited to a masquerade party. I cut one leg off a pair of Tremblatt's trousers, jumped into it, sewed up both ends, and went to the party as a bolster. I took second prize. First prize went to a girl named Antenna Radnitz who poured molasses over her head and went as a candied apple.

But I digress. Let us turn back to the qualities that make desirable room-mates. Not the least of these is the cigarettes they smoke. When we bum cigarettes, do we want them to be shoddy and nondescript? Certainly not! We want them to be distinguished, gently reared, zesty and zingy. And what cigarette is distinguished, gently reared, zesty and zingy? Why, Philip Morris, of corris! Any further questions?

To go on. In selecting a room-mate, find someone who will wear well, whom you'd like to keep as a permanent friend. Many of history's great friendships first started in college. Are you aware, for example, of the remarkable fact that Johnson and Boswell were room-mates at Oxford in 1712? What makes this fact so remarkable is that in 1712 Johnson was only three years old and Boswell had not yet been born. But, of course, children matured earlier in those days. Take Mozart, who wrote his first symphony at four. Or Titian, who painted his first masterpiece at five. Or Hanso Felbgung, who was in many ways the most remarkable of all; he was appointed chief of the Copenhagen police department at the age of six!

It must be admitted, however, that he did badly. Criminals roamed the city, robbing and looting at will. They knew little Hanso would never pursue them—he was not allowed to cross the street.

© 1959 Max Shulman

*If you are allowed to cross the street, tie yourself to a tobaccoist and stock up on Philip Morris, outstanding among non-filter cigarettes, or Marlboro, the filter cigarette with better "makin's." Pick your pleasure.*

## Tech Hosts A&M Today In Third SWC Meet

The Texas Tech tennis team meets Texas A&M today at 1:30 p.m. on the Tech courts in the first Southwest Conference home game of the season.

**TECH ROMPED** over New Mexico State here yesterday afternoon in six straight sets.

In singles matches, Bob Macy defeated Ronnie Burton, 6-0, 6-1; Phil Meisinger took Don Thimsen, 6-2, 6-4; Johnny Kniffen Beat Grady Nicholson, 6-2, 6-3; and Danny Scales downed Ira Clark, 6-0, 6-2.

**IN DOUBLES**, May-Kniffen

defeated Burton-Thimsen, 6-3, 6-4; and Meisinger - Scales downed Clark-Nicholson, 6-2, 6-4.

Tech to date has played two other SWC matches, both on the road, defeating TCU, 6-0 and splitting with SMU, 3-3.

# Kappa Sigs Lead Intramural Speech

Kappa Sigma heads the Intramural Speech Tournament which continues Monday at 7 p.m. in the Speech Bldg.

**LACKING ONLY** three points the Pre-Law Club is second, followed by the Fiji's who are in third place.

The final contest will be April 29.

The winner of the sweepstakes trophy cannot contend for an individual one, although the individual contestants may win from any one of the eight divisions.

**INDIVIDUAL** trophies as well as the sweepstake trophy will be presented at the "May-Day Dance."

Sponsored by the Tech Forensic

# Girl's Softball Begins Monday

The second round of women's softball will begin Monday with three games on tap, according to Miss Ethel Rollo, women's intramurals director.

Monday at 5 p.m., Zeta Tau Alpha will play Gamma Phi Beta and Alpha Phi will meet Delta Gamma. Both games are on the diamond by Knapp Hall.

**ALSO** at 5 p.m. Monday, Pi Beta Phi will play Kappa Kappa Gamma on Men's Diamond No. 6.

Miss Rollo also announced Saturday that there will be an all-women swimming meet on May 5 in the Natatorium in the Men's Gym.

**EVENTS OPEN** will be the freestyle, backstroke, pajama race, relay and the medley, composed of the backstroke, breaststroke and freestyle.

Miss Rollo said that each group may enter one team in relays or two individuals in each of the other races.

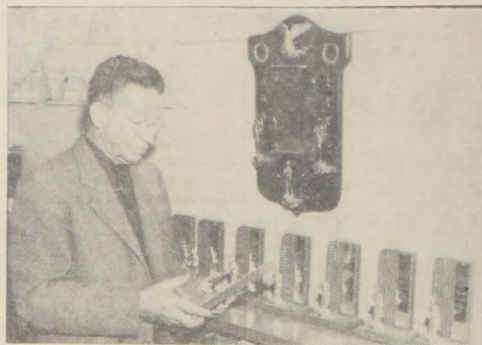

Entries may be sent to Miss Rollo in the Women's Gym.

Union and the Intramural Speech Department the dance will be held May 1 in the Tech Union Ballroom from 8 to 12 p.m.

# Dance Tickets Sell In Union

Tickets for tonight's Coronation dance are being sold in Tech Union. The announcement came from the Student Council yesterday. Price is \$1.50 a person or for a couple.

David Steinman, Student Council vice president, said the purpose of selling these tickets was to give students who had not bought the package tickets a chance to attend the final events of the Festival.

**FOR THE WINNERS**—P. Merville Larsen, speech department head, looks over the trophies to be presented to the winners in Tech's intramural speech tournament at a "May-Day Dance" May 1. At present Kappa Sigma is leading the tournament.

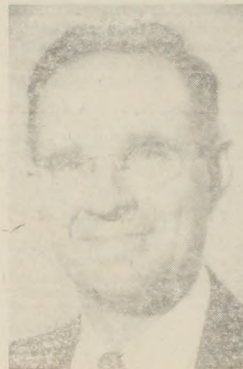

# BA Senior Gets Key

Norman Dreyer, senior accounting major, was awarded the Delta Sigma Pi Scholarship key at a recent banquet given to recognize scholarship for business administration students.

The annual award is given to the senior man with the highest average in BA. Besides being a Delta Sig, Dreyer is a member of Phi Kappa Phi, Beta Alpha Psi, treasurer of the Saddle Tramps, and President and reporter of the Tech Accounting Society.

# Cinder Team Tries Golfers To Meet TCU NTS Meet Today

Don Sparks, Tech track and field coach, is refereeing the seventh annual North Texas Relays in Denton, which began yesterday and continue today.

Sparks' selection was announced Tuesday by North Texas State Coach Winton (Pop) Noah. Sparks, a former runner for the University of Texas, coached last season at the University of Tulsa. Before going to Tulsa, he coached at Little Rock. Sparks won the state title in the mile run in 1946 for Fort Worth's Technical High.

**TEN RED RAIDERS** are entered in this year's North Texas Relays, where at least 11 records may be broken.

Most of the records in danger are in the university-college class. Entries in this class have already bettered seven records this season.

Howard Payne and Oklahoma Baptist, top finishers in the university-college two-mile relay at the Texas Relays last weekend, have beaten the 7:45.1 record in that event by five seconds.

**BY RUNNING** a 1:25.7, Abilene Christian College has bettered the 880-relay record. Both ACC, 1956 and 1957 class winner, and Howard Payne have beaten the sprint medley mark of 3:27.8.

In order to beat Tech's Dub Thornton, Southern Methodist's Don Stewart may have to better the 6' 6 7/8" high jump mark he set last year.

**JAMES BAIRD** of East Texas State may break the 24' 5 1/2" broad jump record. He is the only Texas athlete to break the 25-foot mark this year.

Tech set four varsity records at the Texas Relays. They were set by Dick Murphy in the 400-meter

hurdles (53.8) and the high hurdles (14.5), and by Dyson in the mile (4:22.0) and the sprint medley (3:26.0).

**Events** — Red Raider entries and home towns follow:

**440 RELAY** — Roger Crawford Waco, Dick Murphy, Odessa, James Pettit, Comanche, and Tommy Davis, Granbury (best time, 42.2).

**MILE RELAY** — Crawford, Charles Draper, Amarillo, Pettit, and Davis (3:20.0)

**SPRINT MEDLEY** — Crawford, Davis, Pettit, and Draper (3:26)

**DISTANCE MEDLEY** — Crawford, Davis, Pettit, and Draper

**HIGH JUMP** — Thornton, Aspermont 6-6 3/4, Murphy (6-0)

**POLE VAULT** — James Leonard, Abilene (13-3)

**MILE RUN** — Pete Dyson, Fort Stockton (4:22.0)

**BROAD JUMP** — Pettit (22-6 1/2) and James Morris, Brownfield (21-8)

**HIGH HURDLES** — Murphy (14.5), Pettit (14.8) and Ken Osborne, Amarillo (15.5)

Texas Tech's golfers face their toughest test so far this season when they host Texas Christian University at the Meadowbrook course today.

**TCU WAS A 3 1/2-2 1/2** winner over the Raiders last year and will be returning with Don Massengale, Southwest Conference medalist last year. They will also have Charles Coody, who was fourth in

the conference last season. The Horned Frogs, third in the conference last year, ahead of Tech's sixth place, are among the favorites to unseat champion Arkansas if the Razorbacks should falter along the way.

**COACH JAY McCLURE'S** Red Raiders, who opened the season with a 5 1/2-1/2 win over Texas A&M and a win by the same margin

over Rice, probably will include John Paul Cain, John Farquhar, Don Kaplan, and Chris Blocker.

The conference championship is determined on a point basis. With less than one-third of the season gone, the Red Raiders have compiled 11 points. In the past, the winner of the conference usually has about 30 points at the end of the season.

Over 40% more men now buy Remington than the second ranking electric shaver

Watch TV's No. 1 show "Gunsmoke" on the CBS TV Network.

## Red Raider Relays Set For May 1

Four Colleges will compose the field in the first running of the college division of the Red Raider Relays slated here May 1.

**ENTRIES INTO** the meet so far include West Texas State, McMurry, Hardin-Simmons, and Texas Tech. It is hoped that in the future Southwest Conference teams could be added to the field since they are idle on that particular weekend.

With only four schools entering, there will be no preliminaries and they will run the same events as the high school entries compete in.

Any team in the state is eligible to enter the meet as long as they have placed first or second in a meet prior to May 1. As of this date 45 schools have sent word that they plan to enter the meet should they do well at the regional meets the following week-end.

**PRELIMINARIES** for the high school teams will be held in the morning at the Tech track, with the finals slated for that afternoon.

Teams that have sent word that they plan on entering the Red Raider Relays are Hereford, Brownfield, Canyon, Morton, Canadian, Tahoka, Eden, Wheeler, Childress, Springlake, Quitaque, Gorman, Lockney and Cooper.

**ALSO BOWIE**, Seminole, Stanton, Perryton, Valley View, Lorraine, Lazbuddie, Paducah, Gruver, Amherst, Vega, Plainview, Abilene, Snyder, Borger, Arlington, Kermit, Midland, Graham, Garland, Levelland, Phillips, Tom S. Lubbock, Monterey, Pharr-San Juan Alamo, McKinney Panhandle, Muleshoe, Dimmitt, Farwell, Colorado City and Olton.

## John LINEUP Lewis

Texas Tech golfers are going real strong toward a Southwest Conference title. They have defeated Texas A&M and Rice. The Raiders will be in good position if they can defeat the Horned Frogs of Texas Christian at the Meadowbrook course today.

**John Paul Cain, Don Kaplan, Chris Blocker, and John Farquhar** will lead the Raider attack against the team picked to give Arkansas, the defending champion, a race for the title. The Raiders could very well be the darkhorse in the conference race.

★ ★ ★

In intramural softball, the races have narrowed down considerably. The Angels, Independent League 2, seem to be the only choice for the title in that league. The Angels have won three and lost none.

**The T-squares and the Dairy Industry team, Independent League 1, are still in a tie for first place. This race is the only undecided one so far.**

Dorm 5 has command of the lead in the Dormitory League with a 3-0 record. Dorm 5 has one real tough game left against Sneed Hall. If they win this game they will have the race won.

Phi Delta Theta seems to be riding high in the Fraternity League with their only challenger being the Fijis. The SAE's might be able to knock them into a tie for first with the Fijis.

**The Fijis would like nothing better than a tie between the Phi Deltas and themselves. They seem to think that if they had another crack at the Phi Deltas the results would be a little different. Who knows?**

★ ★ ★

So far the Picador baseballers are undefeated and we hope they will remain that way. Of course, no one player is the whole team but, as I've said before Del Ray Mounts is quite a ball player. It doesn't seem to matter what sport he plays, Mounts seems to look good. Keep it up next season in basketball.

## Variety Featured In Spring 'Murals

With the intramural softball season drawing to a close, other spring intramural sports are being started.

The all-college golf tournament is scheduled to begin April 13. There have been approximately 60 individual entries and about 26 team entries.

**ENTRIES CLOSE** April 15 for the bowling tournament and interested persons are urged to register for the event in the men's gym as soon as possible. The tournament will be April 18 and the event will be a team event with four bowlers to a team. The Lubbock Bowling Club will award trophies to the tournament winner.

The all-college track and field meet will be May 3. The meet will consist of seven events and the winner will be determined on the points system. Entries will close April 26 for the meet. The meet will be conducted on a team basis with two or more students comprising a team. A permanent trophy will be awarded to the winning team and ribbons will be awarded for the first three places in all events.

### ANNOUNCEMENT

**ATTENTION:** All Physical Education majors and minors are urged to attend the Sports Club Meeting Monday.

The meeting is scheduled to begin at 7 p.m. and will be held at the men's gym.

Edsel Buchanan, Intramural Director, said that Texas Tech President E. N. Jones will be the guest speaker at the meeting.
