Improvements Made at Meyer Court Course

Two new holes have been constructed at the Meyer Court Miniature Golf Course, replacing two of the old ones, George Quereau, owner, announced today.

One of the holes provides for a shot from a wooden tower, the other through a circular tin device.

Winners of the last tournament held at the course were Joe Hayes, 47; L. G. Talley, 56; and Clifford Cremer, 60.

The next tournament will be held Saturday night.

NEW DERBY HAT COSTS MAN HIS EAR

HAMMOND, Ind. (INS)—A new derby hat was responsible for the only injury when an automobile skidded and overturned here.

The hat was worn by Benjamin Webb of Chicago, a passenger in the car. His hat was jammed against his right ear so hard that the ear was severed.

DOG LEAPS THREE STORIES TO DEATH

DENVER, (INS)—His desire not to be separated from his master led to the death of Fritz, valuable year-old police dog.

A crowded downtown street was horrified to see the dog hurtling through space from a third-story hotel window. His broken and bleeding body sprawled out on the pavement.

Melvin Green, owner of Fritz, locked the dog in his room on the third floor of a downtown hotel. Green failed, however, to close the window. While Green was on his way down to the lobby, Fritz leaped through the open window to his death.

Famous Van Dine Mystery Play Here

Eugene Pallette, William Powell, E.H. Calvert in a scene from the Paramount Picture, "The Benson Murder Case"

Four detectives, headed by the redoubtable Philo Vance, will grill five suspects in "The Benson Murder Case," at the Ritz theater, starting today. They solve one of the greatest S. S. Van Dine "murder cases" ever brought to the screen, and William Powell, as Philo Vance, is the man who uncovers the revealing clue.
The mysterious murder of Anthony Benson and its puzzling aftermath is the new thrill for film audiences that Paramount has brought forth on the screen. In novel form it outdoes even the popular stories of "The Canary Murder Case" and "The Greene Murder Case." On the screen it is even more tense and gripping than its two preceding detection-defying screen hits.
Powell is this time called upon to solve a crime in which all the suspected characters are equally in-

involved. Each of them had an opportunity to commit the crime; the crime; each of them had a forceful motive, and yet each of them has a fool-proof alibi. Powell sifts and sorts these conflicting personalities and from the involved situation pinpoints out the heretofore unsuspected murderer.
Again, as in "The Canary Murder Case" and "The Green Murder Case," Powell is assisted by the able Eugene Pallette as Sergeant Heath.

Mob Seeking

(Continued From Page 1)
General J. L. Robertson, commander of the Texas national guard, stated the Greenville unit of the national guard was in readiness in anticipation of a call for aid from enforcement officers at Sherman. He stated that no order had been received from Governor Dan Moody to mobilize the troops but that the guards could be on their way to the scene of the disturbance within an hour from the time the command was issued.

Huge Crowd
DENISON, Tex., May 9 (AP)—Texas Rangers and Grayson county officers today were fighting one of the greatest crowds ever gathered in this county who were bent on lynching George Hughes, 41, negro, charged with criminal assault, according to reports here.
As rangers surrounded the negro in the court room where he was to have been tried today, county officers and Sherman firemen were

fighting the crowds that overran the courthouse corridors, lawn and streets surrounding the building.
Tear gas bombs were used freely by officers to drive back the crowd, and firemen ran up ladders to the second floor of the courthouse down which they forced a number of those inside the building.
The crowd rapidly grew after the negro was brought to the courtroom and the rangers, sent on orders of Gov. Dan Moody, surrounded the negro while county officers and Sherman firemen sought to drive back the mob.
Hughes was arrested a few hours after an attack on a young white woman near Sherman last Saturday. He was arraigned yesterday and pleaded guilty to the charge and agreed to accept any sentence imposed.

No attempt was made to bother the negro when he was brought into court yesterday, although there had been threats of violence. Once since his arrest a crowd gathered outside the jail but dispersed after it was convinced by officers that the negro was not in the building.
At 1:05 p. m., the crowd rushed for the negro and officers, who had exhausted their supply of tear bombs, hurried the prisoner into a vault in the district clerk's office and placed a heavy cordon of officers around it.
Other officers were hurried through the crowd for a new supply of tear bombs and a call for aid was sent to all north Texas sheriff officers. A detachment of officers were hurried from here to the scene.

Grayson county officers have dispatched a message to Gov. Moody asking that national guardsmen be sent immediately.

At 1:20 the rangers and officers had succeeded in forcing the crowd from the courthouse. Only tear bombs were used in expelling the mob.

Mohair slightly more active on the lower basis of prices.
Wool quotations: Scoured basis Texas fine 12 months (selected) 75-78; fine short 12 months 70-72; fine 8 months 68-70.
Mohair: Domestic: Good original bag Texas spring 40-42; good original Texas kid 50-52.

MARKETS

WOOL BULLETIN
BOSTON, May 9 (AP)—The Commercial Bulletin of Boston will say tomorrow:

There is a broader movement in wool. Demand, locally, is largely for the fine wools, with average to good French combing territory costing about 70-75 cents and choice staple wools from 75 to 80 cents, clean basis, depending upon the lot.
Purchases in the west which now are becoming fairly general are being made substantially on the basis at which wool is selling in Boston. Directors of the Ohio Cooperative have under consideration the question of withdrawal from the National Wool Marketing Corporation.
The piece goods markets are still more or less in the doldrums. Foreign markets steady.

CENTRAL P.-T. A. HAS FINAL SESSION

The final meeting of the year for the Central Ward P.-T. A. was held Thursday afternoon.

It was opened with a sing-song of P.-T. A. songs. The program was as follows:

Reading, "The White Carnation," by Mabel Segell. Reading, "Mother's Day," by Janice Slaughter.

Installation of officers: President, Mrs. L. E. Eddy; first vice-president, Mrs. W. W. Inkman; second vice president, Mrs. Harry Stainup; third vice president, Mrs. William Battle; secretary, Mrs. Carl Estes; treasurer, Mrs. Victor Mellinger; reporter, Miss Miriam Kennedy.

Minuter, Mrs. John Woodley. Speech of appreciation, Olin Cox. Mrs. Della Agnell moved to send a telegram to Mrs. W. A. Gilmore, president of the Texas P.-T. A. on Mother's Day.

The picture contest was won by Miss Miriam Kennedy's room, upstairs and Mrs. Della Agnell's room, downstairs.

The members of the P.-T. A. then signed the county library petition and various women expressed their opinions as to the need for a library.

The meeting then adjourned and the social hour followed: Ice cream and cake was served to the mothers.

The room was decorated in P.-T. A. colors, yellow and blue and the P.-T. A. motto was on the wall. This motto is "Love of childhood is the tie that binds us in holiest purpose."

Mrs. C. A. Ruhrup spent a few days in El Paso visiting friends during the week.

Mrs. F. S. Harris and daughter, Grace, and Mrs. J. D. Hill spent yesterday in Abilene with Mrs. Harris' mother, Mrs. Gainer.

R. H. Innes of Dallas was here yesterday for the T. & P. He was making investigation for the company as to the handling and storing of explosives.

Dr. G. T. Hall returned yesterday from Mineral Wells, where he has been attending the state medical convention.

WATSON TO MIDLAND C. T. Watson will be in Midland Saturday at a business meeting of the local Chamber of Commerce secretaries in division six of the West Texas Chamber of Commerce.

Tomato Juice Cocktails Add Zest To Any Meal

By JOSEPHINE B. GIBSON

With the aid of your emergency shelf, even elaborate "company meals" should not prove difficult. And this holds true, despite the fact that only a few fresh fruits and vegetables are in the market at this season.

If you are planning a luncheon, for instance, why not surprise your guests with tomato juice cocktails instead of a clear soup? Tomato juice cocktails are easy to make, and everyone likes them.

Following is a menu for an excellent luncheon which you will find very helpful if you entertain informally:

A LUNCHEON MENU

Tomato Juice Cocktail Casserole of Corn and Kidney Beans Pineapple and Celery Salad

Hot Biscuit Apple Butter Jelly Roll Beverage Tomato Juice Cocktail—To 3 cups strained tomato juice add 2 tablespoons chopped onion, 2 tablespoons chopped parsley, 1 teaspoon lemon juice, 1-4 teaspoon pepper sauce, 1-4 teaspoon Worcestershire sauce, and 1 teaspoon salt. Let stand about 3 hours. Then strain and serve in thoroughly chilled glasses.

Casserole of Corn and Kidney Beans—1 medium-size can of corn, 1 medium can of oven baked kidney beans, 1 green pepper, 1-2 teaspoon salt, 3 egg, 3 tablespoons grated cheese and a few buttered bread crumbs. Mix the beans, corn green pepper minced finely, salt, and well beaten egg. Pour into a buttered baking-dish, sprinkle top with cheese and a layer of buttered crumbs, and bake in a moderate oven for 30 to 45 minutes.

Pineapple, Celery and Nut Salad—Combine 1-2 cups canned pineapple cut in cubes, 1-2 cups celery cut in small pieces, and 1 cup pecans or walnuts. Moisten with a fruit salad dressing made of 1 cup Mayonnaise salad dressing and 1-2 cup sweetened whipped cream. Garnish with additional nuts, and serve very cold in deep cups of crisp lettuce.

Jelly Roll—Beat 3 eggs until very light, and gradually add 1 cup sugar, beating continually. Pour in 4 tablespoons cold water; then slowly add 1 scant cup flour sifted with 1-4 teaspoon salt and 1-2 teaspoon baking powder. Pour onto a pan lined with waxed paper—the pan should be about 8x11 inches. Bake for 15 minutes in a moderate oven (375 degrees F.) When done turn out on a clean towel sprinkled with powdered sugar. Trim off outer edges, spread with current or grape jelly, of with cherry or plum preserves, and roll while hot. Wrap in the towel and allow to stand topped with whipped cream.

Members of the Christian Endeavor of the First Christian church met yesterday afternoon and proceeded to Latan lake for a picnic.

Those present were: Mrs. O. Y. Miller, Miss Elsie Youngblood, and Mr. McClendon; Doris Hutchins, Elizabeth Crain, Mary Burns, Pauline Hart, Georgia Owen, Mozelle Stephens, Frances Miller, Ruth Dedson, Armandia Pokejoy, Thelma Stone, Nina Walters, Norris Curtis, Ray Green, Roy Ferguson, Rowan Smith, Ben Allen, Harry Huffman, Morris Sargeant, Walter Bell, Don Tarbasough, and Elbeck Wood.

Miss Clara Pool Tells of Need For County Library

"What an advantage it would be to have a county library!" said Miss Clara Pool of the Big Spring high school. "We teach from books, but one small text book on a subject cannot bring to your children the wealth of knowledge that they might get by supplementary reading."

"Our teaching would be more effective if we could send the ambitious child to the county library to supplement the school library where he would profit by further reading. For instance, one of my boys has an inventive mind, and books on electricity would be profitable for him to read."

"One of my girls comes to me to ask what she can do besides teaching when she gets out of high school. A library would tell her of many vocations open to women from which she might choose."

"When self-made men are asked what the keynote of their success is, they answer, reading the life of Abraham Lincoln, or the words of Ralph Waldo Emerson, or the sayings of Poor Richard, or the study of the lives of other great men. It is a privilege for us to be given the opportunity of petitioning for a county library."

C. E. Council Holds Meet In Midland

The district meeting of the Christian Endeavor Council was held in Midland last week. Members of the Big Spring Christian church who attended were: Rev. and Mrs. D. R. Lindley, J. H. Smith, Miss Kitty Wingo, Pauline Hart, Thelma Stone and Miss Elizabeth Stone.

Plans were made for an Endeavor rally to be held some time this coming month.

Morgan, Oriole Twirler, Allows But Three Hits

J. C. Morgan of the Orioles turned in the first shutout game of the season Thursday when he held the Cubs to three scattered hits and no runs to win his first game.

Members of the Christian Endeavor of the First Christian church met yesterday afternoon and proceeded to Latan lake for a picnic.

Those present were: Mrs. O. Y. Miller, Miss Elsie Youngblood, and Mr. McClendon; Doris Hutchins, Elizabeth Crain, Mary Burns, Pauline Hart, Georgia Owen, Mozelle Stephens, Frances Miller, Ruth Dedson, Armandia Pokejoy, Thelma Stone, Nina Walters, Norris Curtis, Ray Green, Roy Ferguson, Rowan Smith, Ben Allen, Harry Huffman, Morris Sargeant, Walter Bell, Don Tarbasough, and Elbeck Wood.

Winelle Kavanaugh Has "Lucky Thirteen"

Members of the "Lucky Thirteen" club were entertained by Miss Winelle Kavanaugh at her home recently with an informal dance and slumber party. At midnight they enjoyed a light luncheon and ice cream supper.

The following club members attended: Dorothy Vandergriff, Kathryn Anthony, Zelma Faye Couch, Faye McLain, Gladys Mays, Ruth Thrasher, Joanna Vines, Louise Flowers, Lillian Crawford, Elouise Duff, Marie Hawk and the hostess.

Policewomen Wear 'Latest' As Disguise

ALEXANDRIA, Egypt, May 8. (AP)—The two British policewomen who have come to Alexandria to join the native police force will be "elegant ladies of fashion" according to La Bourne, a leading Alexandria newspaper.

"It seems that we shall not have the pleasure of seeing them walking in our streets with the red fez of a 'chaoukhe' on their heads and wearing, according to the season, either the black or white coat of our noble policemen, with a skirt instead of trousers," said the paper.

"No, the policewomen will be secret. They will wear the same dresses as our elegant ladies of fashion and will only make themselves known when they have arrested some individual."

17 to 6. Morgan struck out eleven men in seven innings. Underwood was no puzzle to the Orioles batters, but Kasterson held them scoreless after the fifth inning. Blevins, Morgan, and Gray hit home runs for the Orioles. Blevins also accounted for a double in the first inning that scored three men. Nine errors by the Cubs aided the Orioles in their run making.

The victory placed the Orioles in a tie with the Jellies for second place. The league-leading Roosters' open a series with the Jellies this afternoon at Washington Park.

MEN LISTEN TO SPECIAL DISCOURSE

A special men's service of the Methodist meeting Dr. Thurston B. Price spoke last night to a crowded house on The Modern Business Man's Chief Blunder as an answer to the subject announced, "A Rich man in Hell—Why?"

The revivalist stated that he regarded every man as a business man of some kind. He regarded the parable of the rich man and Lazarus of the 16th Chapter of Luke as portraying the modern business man who neglects a religious experience. He emphasized the admirable features of the rich man by giving many points of his life that were admirable and commendable. He evidenced non-acceptance of classing a man of wealth or success in life as a crook or rascal merely because of his possessions. He stated that the rich man didn't go to hell because he was rich. Neither did the poor man go to heaven because of a contrast in financial stability.

According to the evangelist the rich man was typical of the successful business man of today. He

had succeeded in his life work and was able to provide well for his family. The speaker gave occasion to admire men of success and said that any job was advisable. The man of the parable had his eyes on his business and his family. These were characterized as admirable and in these he did not blunder. According to the evangelist the blunder lay in not lifting his eyes to the God who made him until his life was gone. He gave thought to success in this life but waited to think of God until the hour when he could not be allowed to see God. For in hell he lifted up his eyes in torment. Though he could not see God he was allowed to get a glimpse of the heaven that he had missed and it tortured him. The revivalist expressed a belief that every man expected to go to heaven upon death but he stated that many waited too long to make the start. The rich man had waited too long. Now his business was gone and he saw hell with its torments. Stating that he did not know just what hell was like the evangelist indicated that he considered separation from loved ones and being forever accompanied with memories of a misspent life as sufficient punishment to constitute a hell. The rich man thought of what he might have been and

Scheig Named Club Delegate

The Lions club named R. F. Scheig delegate to the district convention in Austin, May 12, 13 and 14 at its weekly luncheon meeting Friday at the First Christian church. The program featured music.

Buel Cardwell, a member of the club, well-known tenor, also sang a group of solos. Ten minutes were consumed with assembly singing, with Mr. Cardwell reading and Miss Nancy Dawes, the regular Lion pianist, playing the accompaniments.

Three Schools Of County End Term

Three rural schools are closing for the summer months today, according to an announcement made

at the office of Miss Pauline Cantrell, county superintendent. Forsan, Chalk and Richland schools are ending the year's work. Forsan and Chalk have been running nine months, while Richland has had a six and a half months term. Elbow, Hartwells, Fairview and Green Valley schools will close May 16. Elbow is a nine months school, the latter three, seven months. Center Point, Cauble and Morgan, seven months schools, Soash, seven and a half months, and Vincent, seven months and three weeks, will close May 23. Moore, seven and one-half months, Lomax, eight months and Vealmoor, seven months, will close May 30.

Newspaperman Of Ft. Worth Is Visitor

James E. Record, managing editor of the Fort Worth Star Telegram, on his first trip here in three years, expressed astonishment at the growth of the city. He was on a tour of a number of West Texas towns, conferring with Star Telegram correspondents. He left Friday afternoon for Stanton and Odessa. "The main comment I've heard on your 1930 population was the question in the minds of Sweet-water people, who are wondering whether you will have 12,000 inhabitants," he said.

KONJOLA ENDS NEURITIS AND OTHER AILMENTS

Fort Worth Lady Says "New Medicine Is Wonderful"; Urges Others To Try Konjola

MRS. ELLA COOPER
"I suffered with neuritis for about fifteen years," said Mrs. Ella Cooper, 509 West Richmond street, Fort Worth. "The pain and soreness in my arms and shoulders were so severe that I could scarcely do my work. At one time for a period of several months I was confined to my bed and was too helpless to feed myself. My nerves were shattered and I did not know what a night's rest was. My stomach was out of order and my kidneys were weak. Vomiting spells were frequent."
"Konjola soon began to ease the neuritis pains in my arms and shoulders and I could use these members. Today all trace of neuritis has disappeared and my nerves are calm and steady. My food digests perfectly and I eat what I wish without the pain and distress afterward. My kidneys have been strengthened and the pains in my back have gone. Konjola certainly went to the spot in my case and I think it is a wonderful medicine."
Although Konjola works quickly, six to eight bottles are recommended as a fair trial. One bottle will last a week and the cost is small indeed for such a worth-while treatment.
Konjola is sold in Big Spring at Collins Bros. Drug store, and by all the best druggists in all towns throughout this entire section.—adv.

Railroaders Bow To Tossing Of Adams, Cosden Wins

We'll take this fellow Burns for the Water Bucket team. We speak of the Burns of the Cosden family.

Now let's take up this fellow Wallace, catcher for the Cosden contingent. Wallace must have been thinking of his income tax report or maybe his month's check or something, Wednesday.

Incidentally, Thursday's fray was another slugfest. Three of the railroad hurlers couldn't hold 'em Yale.

The board met last night and what the board and the Water Bucket didn't say about these managers that didn't turn in their eligibility lists.

We learned today that high school football games are played down at the ball park.

As a result of their win Thursday, Cosden moved up to knot the Laundry for third place.

There seems to be lots of excitement over this night baseball business. In the east it seems to be going strong.

afraid not to because maybe his wife had kept in warm for him. There is your night baseball.

THIS GAME OF GOLF

Inability of Jess Sweetster to accompany the United States Walker Cup team to Britain to compete in the 1930 international golf match at Sandwich, May 15-16, and the substitution for him of Roland MacKenzie, alternate, very likely will cause the team captain, Bobby Jones, to put in a bit of heavy thinking before he announces the pairings of the American side for the foursomes matches.

Without, of course, any definite knowledge of the team captain's plans—indeed, Bobby himself would be unlikely to formulate a lineup before watching the men play in Britain before the big match—I have an idea that the original list of partnerships was to have been about thus:

At least, I am certain that Von Elm and Sweetster would have been paired. They are a hard-fighting, relentless combination, eminently successful at Chicago in the international match of 1928, and one Bobby admired greatly.

The Willing and Moe combination also seems obvious—the two Oregonians, a great veteran of several Walker Cup matches, and the brilliant youngster who has been associated in golf all his life with the older Portlander.

I think, too, that Harrison Johnston and Francis Outmet would be perfectly logical; two of the most conscientious golfers in the world, who would work their heads off and break their hearts for the team—a smart, experienced and veteran combination which should be as tough as any on our side for the British to crack.

This, in the original lineup, would leave Jones and George Voigt, and that, too, seems a good combination. Voigt never has played in a Walker Cup match, but he is a seasoned campaigner; steady and good-tempered under fire.

This being the case, and Sweetster being out of the picture, I fancy the following may be the lineup in the foursomes match at Sandwich on May 15:

Jones and MacKenzie, Johnston and Outmet, Von Elm and Voigt, Willing and Moe.

This is just a guess, of course. But it looks to me like a thoroughly good side. Incidentally, the British will have ten men available—eight regulars and two alternates—and one of our alternates already has been substituted, and the other Maurice McCarthy, cannot make the trip. So we shall have no substitutes to offer, after reaching the United Kingdom.

I hope none of our side sprains an ankle or picks up a tack.

SLUGGING FEATURES CONFLICT

T. & P. Drop To Cellar Floor With Three Losses

A young fellow by the name of W. Adams pulled his cap down a little lower on his eyebrows Thursday afternoon, heaved several fast ones at Texas and Pacific batmen and then went home, having the satisfaction of giving up but five hits and striking out ten men in seven innings.

The twirlers made it possible for the Cosden aggregation to win a one-sided affair from the Railroaders 14 to 5. As a result of their Thursday afternoon tally, Cosden

Riecho—leaders of the Big Spring Amateur Baseball Association pennant chase—and the Laundry, holder of a .500 per cent mark, will clash this afternoon at 5:30 o'clock at the ball park.

The fray this afternoon will be the final one this week Sunday afternoon the Bankers meet Texas and Pacific.

moved up a notch to tie the Laundry for fourth place, Texas and Pacific going to the furthest corner of the cellar with three straight losses.

Thursday's hit and run affair was another slugfest, with Cosden doing the slugging.

Burns Clouts Jones and Voigt. Johnston and Outmet. Von Elm and Sweetster. Willing and Moe.

TEXAS ATHLETES READY FOR MEET

COLLEGE STATION, Tex., May 9 (AP)—Athletes of the Southwest Conference came to College Station today to participate in preliminaries to the annual conference track and field meet tomorrow.

While the weather forecast was pessimistic enough to dampen the ardor of those who hoped for new records, it did not diminish interest in the general competition between representatives of schools which have been rivals on the cinder paths for years.

There were those who saw in the prospective contest of speed between the two outstanding dash men of the Southwest, Claude Bracey of Rice Institute, and Cy Leland of Texas Christian university, a definite decision as to their relative prowess.

Throughout the current season, Bracey and Leland met in the 100-yard dash on their own fields and others less familiar in the north and middle west, and, while in each instance Leland emerged the victor, his margin of victory was not so great that Bracey was eliminated as his principal challenger on the track in the southwest.

On the basis of their season's records, the University of Texas and the Agricultural and Mechanical college appeared to have the bets balanced teams.

Jackie Fields, Jack Thompson Clash Tonight

DETROIT, May 9 (AP)—Jackie Fields, world's welterweight champion, risks his title against Young Jack Thompson, sharp-shooting negro challenger, in a 15-round battle to a referee's decision in the Olympia arena here tonight.

It will be the first time in 29 years that a negro will have an opportunity to win the 147-pound title. It also will be Field's first defense

gle, tallying Martin and Burns got on when Rogers muffed his fly, Harwood going to third. Things got no better fast for Mr. Cunningham. He walked Baker, and then passed from the picture, unheralded and unused, Schwarzenbach replacing him.

Harwood scored when McPeak let Schwarzenbach's cutoff hurl pass. Adams struck out and Gould filed out to Bishop to end the inning. Texas and Pacific tallied in the first on Schwarzenbach's triple and Gilmer's sacrifice fly. They earned four in the third on McPeak's triple, Woods' single, a walk given Gilmer and the same donated Bishop to fill the bases. Woods tallied on Wallace's error, Gilmer and Bishop scoring the final two.

Adams pitched searching ball, striking out ten, allowing only five hits, and having but one bad inning, the third when he handed out two travel tickets.

of the crown which he won in Detroit last July by defeating Joe Dundee on a foul in two rounds. The match will be fought at the championship weight of 147 pounds with the prospect that both Fields and his challenger will be under that figure when they jump on the scales at 2 o'clock this afternoon.

Dempsey Tells Clubs Of Plan To Enter Ring

ROCHESTER, Minn., May 9 (AP)—Jack Dempsey, former world's heavyweight boxing champion, reiterated that he would fight again if he can get in condition, in a talk and informal "gala" before a joint meeting of the Rochester Kiwanis and Rotary clubs yesterday. "Shortly after I leave here I will go into training," the former champion said. "But I will not fight unless I get in 100 per cent shape. I want to be sure of it before I re-enter the ring." Dempsey is recovering at the Mayo clinic following a minor operation.

HORTON SMITH TOPS GOLFERS

SOUTHPORT, England, May 9 (AP)—Horton Smith, the lone American contestant, jumped into the lead today in the Northern Professional golf championship as the third round scores began to trickle in. With about 20 cards in, Smith was low with 218, and Abe Mitchell, English veteran, second with 222. Another 18-hole round remained to be played.

In a sportsman it's Fair Play

in a cigarette it's Taste

POPULARITY IN A SPORTSMAN rests first of all on fair play; in a cigarette on better taste. CHESTERFIELD'S POPULARITY is fairly won with finer tobaccos, blended and cross-blended to give greater delicacy and richer fragrance. IT TAKES TIME and is costly to make cigarettes the Chesterfield way, but no other way arrives so surely, so completely at what you want most... "TASTE above everything".

We state it as our honest belief that the tobaccos used in Chesterfield cigarettes are of finer quality and hence of better taste than in any other cigarette at the price. LIQUETT & MYERS TOBACCO CO.

TEXAS TRAP SHOOT

Trapshooting champions for the state of Texas will be crowned at Houston May 12th, 13th and 14th when the state tournament will be held.

E. F. Woodward of Houston won the state singles championship last year by breaking 197 out of 200. He was closely followed by Forest M. McNair of the same city who had one target less.

Another Houston man, N. V. Pilot won the doubles title in 1929 with a score of 92 out of 100. D. W. Caldwell of Amarillo, with a score of 98 out of 100 was crowned handicap champion. E. F. Woodward of Houston, with a count of 487 out of 500 was all around cham-

Tommy Levitt of Houston won the junior championship with 194 out of 200 and will be on hand to defend his laurels. Mrs. W. S. Witte of Waco copped the ladies title with a score of 172.

Winners at the state shoot will be eligible to represent Texas at the Grand American Handicap tournament to be held at Vandalla field, Dayton, Ohio, August 18th to 23rd.

Word coming from headquarters of the Amateur Trapshooting Association at Dayton is to the effect that more registered targets are being shot this year than ever before which indicates that all previous attendance records at the Grand American tournament will be shattered.

If E. F. Woodward of Houston, keeps on hitting targets as he has been doing since the first of the year, Texas trapshooters are going to find it a difficult task in defeating him for the amateur singles championship at the Texas state shoot, scheduled to be held at Houston May 12th, 13th and 14th.

According to figures just released from national headquarters of the Amateur Trapshooting Association at Dayton, Ohio, Mr. Woodward has 486 targets to his credit out of a possible 500. This gives him an average of .99 for registered targets this year, the highest average of any Texas shooter.

Woodward won the singles championship last year with a score of

197 out of 200. Last year Mr. Woodward shot at 2000 targets, broke 2023 for an average of .961. These figures include his scores at the Grand American tournament last year.

Cubs Only Team Not Down To Eighteen Quota

UNDATED TEXAS LEAGUE

Toeing the line after the gong sounded at midnight last night as the time limit for cutting teams to the 18-man quota found all reporting ready today excepting Waco.

Manager Del Pratt was expected to announce his list today. Four hours before midnight, he reported, "of course I'll decide by midnight. But it's a tough problem I haven't worked out."

His team crept up a notch in standing yesterday, topping the Shreveport Sports from the head of the list by an 8 to 7 victory.

The Houston Buffs were king for today, leading the league after trouncing Jay Kat's Steers, 7 to 1 in the final of their two-game series. The Cats journeyed to Beaumont for a match with the Ship-

Shreveport had 19 men today, one over the quota, but Westmoreland was signed only yesterday and five days was allowed for a further elimination.

The Fort Worth Cats evened their short series at Beaumont by taking yesterday's game 8 to 2. Whitworth batted in three Cat runs with a double and single. Today the Cats planned to tackle the Houston Buffs.

The Wichita Falls Spudgers, invading San Antonio again downed the Indians 5 to 4 in the second game of the series and were booked for a third tie today.

CHICAGO CUBS SLOW TO START; HARD TO HOLD

BY HUGH S. FULLERTON JR., Associated Press Sports Writer

It took the Chicago Cubs a couple of weeks to get started in the chase for another National League pennant, but once they did get under way, they promptly began to outshine every other team in the league.

The Cubs ended their stand against their western rivals May 3 by beating Pittsburgh to gain a .500 average. Since then they have not lost a game, running their winning streak to seven straight games by beating the Phillies and Brooklyn each three times.

That great necessity for baseball victories, "punch" has brought the winning streak. The Cubs have not been hitting any harder than before, nor have their pitchers been holding down the enemy clouts, but Chicago, frequently out-hit, has been able to make its blows count for runs.

The Cubs did it again yesterday in the only game of the series, in which they have had to call on two pitchers. After seven innings of a close battle between Bob Osborn and Ray Phelps, big Brooklyn rookie moundman, the Cubs put two men on base and Kiki Cuyler routed the Robins with a home run. Jack Wilson followed with another, and Chicago wound up with a 7 to 4 victory.

The Cincinnati Reds did the same thing in a lesser degree and without

the benefit of homers to make it three victories in their four game series with the Boston Braves. Trailing 1 to 0 for seven innings as Eppa Rixey and Bruce Cunningham fought it out on the mound, the Reds followed a walk and a single with two sacrifice flies in the eighth and won out, 2 to 1.

Wild Bill Hallahan of the St. Louis Cardinals continued his pursuit of the National League strike out crown for the year as the Cards handed the Phillies their sixth straight defeat, 6 to 5. He fanned eight, bringing his total to 33, and allowed but four hits.

Bill Shores of the Philadelphia Athletics also pitched a four hit game against the St. Louis Browns to gain a 7 to 3 victory and avenge Wednesday's defeat which ended the Athletics' winning streak.

Jack Russell turned in another of the day's good pitching feats by holding the Chicago White Sox to six scattered hits while Boston touched Al Thomas for 13 blows and a 3 to 1 victory.

"Sad Sam" Jones was as effective as usual on the mound though not particularly brilliant in hurling Washington to an 8 to 5 victory over the Detroit Tigers.

The New York Giants again produced the day's heaviest hitting although they had to go ten innings to beat out Pittsburgh by a 13 to 10 count and hold their precarious position at the top of the National

League. The Giants made a total of 19 hits off five pitchers but lost the early lead they had piled up when Pittsburgh rallied to tie the score in the ninth inning. Three hits and a serious error in the tenth gave New York the victory and a 3-1 decision in the four game series.

10-CENT RING LEADS TRIO INTO LAW COURT

CHICAGO, (INS)—Irwin Greenberg, 23, a drug clerk, and two youthful companions have come to no end of grief here as the result of an alleged plot to keep Greenberg's fiancée happy with a ten-cent engagement ring.

Assistant State's Attorney George Lavin told in court the story of the trio's troubles, as Greenberg related it to him.

Greenberg recently borrowed \$200 from his father to buy an engagement ring for Miss Helen Goldman, also 23, according to this story. He purchased the most imposing diamond obtainable for that sum, but before he could present it, the fa-

ther recalled the loan. Then Greenberg had an idea. He pawned the real diamond for \$175 and bought an imitation in a five-and-ten cent store. To prevent discovery of the substitution, he arranged to have two friends—Patrick Montague and Clarence Wallace—hold him up as he was about to present the "phony" ring to Miss Goldman at her home. The "holdup" went through as scheduled, and Miss Goldman never noticed anything wrong with the ring, but Greenberg's desire for realism spoiled it all. He notified the police. Montague and Wallace were picked up on suspicion. They were held on gun carrying charges and Greenberg confessed. All were charged with conspiracy.

USES ROCKPILE LAND FOR TRUCK GARDENING

OROVILLE, Cal. (INS)—A use has been found at last for rockpile land near here. J. S. Adams is using it for truck gardening and he produces three pound tomatoes and 16 foot high

yielding corn. Adams bought 23 acres of rockpiles from which dredgers took gold years ago. Every winter high water of the Feather River leaves a rich covering of silt on the rocks. He spreads it over his land and the result is satisfying. Adams is increasing the size of his garden every year.

FONG, TONG AND DONG TRY HAND AT JUMPS

SAN FRANCISCO, (INS)—Fong, Tong and Dong. Sounds like a Chinese limerick, but it's not.

It's the way three Lowell high school athletes placed in the broad jump event in a recent dual meet with Polytechnic high school.

The three athletes are Chinese. Dong had been favored to win and athletic circles were surprised when Fong and Tong placed ahead of him. Fong won with a leap of 19 feet 3 inches.

HUMBLE FLASHLIKE GASOLINE

VELVET MOTOR OILS

Study the specifications of Flashlike Gasoline given below. Note its "Initial Boiling Point," and "End Point," and the temperatures at which it is distilled. Compare these specifications with those of other gasolines, and you will readily see why Flashlike Gasoline is a superior fuel.

Add wings to
your motor with
Flashlike Gasoline

Flashlike Gasoline is scientifically designed to bring out your motor's latent power. Get into your car when the motor's cold. Press the starter. The "low boiling point" of this highly refined gasoline affords rapid vaporization. The spark flashes the motor into action immediately. With a turn or two of the crankshaft, full power is developed. Gears are shifted -- and away you go!

Quickly you find that your car answers to the lightest touch of your throttle as an airplane does to the "gun," and you experience a new joy in motoring -- the thrill of added speed and power.

Flashlike Gasoline is made to burn clean in any motor. It gives you less crank-case dilution and makes your oil last longer and lubricate more efficiently. Your oil is un fouled. Valves stay smooth. There is no resinous precipitate to clog the carburetor.

Velvet Motor Oil, the "flying mate" of Flashlike Gasoline, forms an efficient piston seal at all driving speeds and at all temperatures, giving added power. Your car runs better -- and at a lower cost.

Both Flashlike Gasoline and Velvet Motor Oil may be had at the price of ordinary fuels and lubricants. Get them at stations wherever you see the Humble signs.

EXPERIENCES RELATED BY DR. T. B. PRICE

Giving many experiences of his early Christian life, Dr. Thurston B. Price spoke last night at the Methodist church on "What Is Experimental Religion and Religious Joy?"

mother who taught him to cleave to the ways of righteousness. He explained that in this manner and by the grace of God he was kept from a life of shame as befell the son of a pal who walked in the footsteps of a drinking father.

Another religious experience of great comfort, according to the revivalist, is a belief in immortality, in a here-after, and the assurance of an entrance there.

With years of usefulness before every living evangel the revivalist expressed gratitude for the comfort of knowing that much was yet in store. He expressed a pity for the man that is ashamed of making his home in heaven.

A special plea for the extension of invitations for a special service for men tonight when the subject will be "A Rich Man In Hell—Why?" was given.

A second hearing by the railroad commission on an application of the Texas & Pacific Railway Company to drill on its right-of-way in the Penn pool, Ector county, held this week in Fort Worth, left the right-of-way still in dispute.

Texas first gave the federal government a 400-strip as a right-of-way. This later was acquired by the Texas & Pacific. Claim is made that the railroad has paid taxes on only a 200-foot strip, leaving the balance of the right-of-way in dispute.

WILL ROGERS RETURNS TO OLD HOME STATE TO HELP DEDICATE PIONEER WOMAN STATUE IN E. W. MARLAND'S PONCA CITY CELEBRATION

BY WILL ROGERS Well all I know is just what I read in the papers or what I see as I prowl from thither to thither. Got to tell you about going back home week before last. You know at Ponca City, Oklahoma, they were unrolling a wonderful big statue of "The Pioneer Woman."

The old timers sure did gather.

This Old man George Marlin paid the whole cost of the thing, which must have run into lots of money, and he put on and entertained everybody on the day of the unveiling. Well it was the old home state and I knew there would be a lot of old timers there, so I rushed around and got a couple of days off from my picture that I am making and grabbed a plane out of here early in the morning.

You know it's just uncanny what you can get too in one of those things, distance just don't mean a thing. You just get up in the morning and anywhere you think you want to be, why are there that same day. Ponca City is a beautiful little Oklahoma prairie city. Its fortunate in having some oil men there that have made lots of money but spent it there, they didn't have social long island ambitions.

Restraining Order Delays Sale By Trustees Of Midland Building

MIDLAND, May 6.—A last minute application for an injunction to restrain the sale of the Petroleum building, filed by R. L. Stennis of Dallas and Dunaway & Lee of Midland, was granted in district court by Hon. Chap. L. Klapproth, at 6 o'clock Saturday afternoon. The application was founded on the contention that plaintiff had an inadequate remedy at law, and that the deed of trust provided for a usurious rate of interest.

The injunction bond was set by the court at \$15,000, and the parties indicated that the bond would be made and filed forthwith, after which a restraining order will be served on J. M. Caldwell to prevent his selling the property. The property had previously been advertised to be sold between the legal hours of 10 a. m. and 4 p. m. on the first Tuesday of May, the same being May 6, 1930, but in view of the restraining order by the court the sale will not be made as advertised.

Oil Production Lower In Texas

AUSTIN, Texas, May 6.—Production of crude petroleum declined again in Texas during April, indicating that the curtailment program adopted some time ago is having some effect, according to Bernard Nichols, editor of the Texas business review, issued monthly by the Bureau of Business Research at the University of Texas.

"Output in the United States, however, made a gain during the month, showing that overproduction continues to threaten the industry," Mr. Nichols said. "During April, a total of 25,850,000 barrels of crude oil was gathered in Texas, against 26,381,000 barrels in March and 24,180,000 barrels in April, 1929. Daily flow averaged 845,000 barrels, a loss of 6,000 barrels from the month previous but considerably above the 806,000 barrels in April last year."

mighty smart men among them. But it was a great gathering, and a beautiful thought in the erecting of that statue. Why even Eve, one of our original ancestors, never has a statue built to her, till Robert Quillan, of Greenville, South Carolina, did it in his front yard out side of there in the little Town he lives in. He took me out to see before breakfast every morning, and they are supposed to be uncivilized. So it really shows you it kinder says not to know too much. WITNESS TO SHOOTING IS QUESTIONED "I Got Him," Defendant Is Alleged To Have Said

Special To The Herald LAMESA, May 6.—Testimony of an eye witness to the fatal shooting of B. F. Cox, cafe proprietor, was heard today in district court, where J. W. (Bud) Aiken is on trial for murder. Newton Allen, an employe of Cox, said that Aiken fired one shot from a rifle and then said, "I got him."

Allen was the first witness of the trial. Questioned by T. L. Price, district attorney, he said that Cox and Aiken, who frequently ate in Cox' restaurant, had quarreled over a candidate in the city democratic primary election. Aiken left the cafe, said Allen, saying that "I'll be back in fifteen or twenty minutes." He returned later with a rifle and asked where Cox was, said Allen. He fired one shot from the rifle, this resulting in the death of Cox.

Defense counsel, T. S. Christopher, grilled Allen as to a possible threat on Aiken's life Cox might have uttered after the quarrel. The jury was completed this morning. It includes nine farmers and three Lamesa merchants: C. M. Borden, S. T. Mitchell, C. A. Gullet, R. H. Strickland, J. P. Gibson, J. M. Ransom, A. S. Riddle, R. L. Reed, A. H. Furlow, J. R. POTENTIAL HIKE IN FIELDS

PIPE LINE OUTLET GIVEN SLIGHT BOOST BY MAJOR CONCERNS

Slight relief for congested crude oil marketing and producing conditions in Howard and Glascock counties' pools is indicated in the May proration sheet issued recently by E. E. Andrews, proration umpire for this section.

As a partial counterbalance for 10,000 barrels daily increased potential, major pipe line companies accepting Howard and Glascock crude oil boosted their purchase agreement from 25,150 barrels daily to 26,000 barrels daily during the present month. However, it is plain to see that increased potential easily outstripped the increased purchase agreement.

In effect, the recent legislation concerning pipe lines in Texas has been in progress in Howard and Glascock counties' fields for nearly three months brought about through an agreement between purchasers and producers. Producers agreed to permit pipe line companies to set a limit on runs from the entire field, if a fair ratio of "takes" from individual leases be practiced. This agreement was adopted and has been working satisfactorily, according to operators and pipe line officials.

Total potential from proration fields in Howard and Glascock counties jumped from 58,302 barrels daily in April to 65,341 barrels daily during May. The increase is slightly under 10,000 barrels. Figures released by Mr. Andrews indicate that production is still showing a downward curve from the 3,000 feet horizon, but that the upward trend of oil from the 2,200 feet pay more than offsets other losses.

Potential production from the 3,000 feet pay for May is 35,885 barrels as compared with 16,716 barrels in April. However, the 2,200 feet pay gauged a total potential of 49,756 barrels for May as compared with 41,588 barrels daily during the past month. There were 163 wells included in gauges taken for May estimates.

All wells producing more than 200 barrels daily are permitted to produce only 20 per cent of their potential unless that percentage will bring the allowance below 200 barrels, in which cases 200 is set as the maximum.

Total allowance figured on 20 per cent indicates that pools in the two counties will produce only 21,885 barrels daily, but new wells bound to be added during the 30-day period will more than consume the difference between 24,885 and 26,000, which is the amount pipe line companies agree to purchase daily.

CRITICISM UNJUST? PINEHURST, N. C., May 6 (AP)—The textile industry in the South has been the subject of unjust criticism, which too frequently has been made through ignorance and bias on the part of the critic." A. M. Closing Of Goliad Street Protested

A party of six women and two men, residents of the portion of the city north of the Texas & Pacific tracks, for whom Mrs. H. E. Meador and C. C. Nance were spokesmen, appeared before the city commission Tuesday evening at its called meeting to protest closing of the Goliad street crossing when the Benton street viaduct is finished.

MUST KEEP MOVING

The matter having been brought to his attention Tuesday night by a delegation from the north side, City Manager Smithman announced Wednesday the police department had been directed to stop loitering of vagrants or sightseers on the Gregg street viaduct. Mothers of the north side told the city commission that they did not feel that their daughters were safe when crossing the viaduct on foot because of many itinerants and others congregated on the structure, both during daylight hours and nights.

Benton street viaducts would, therefore, be the only crossings within the city limits. "We have invested what we have in north side property, are willing to pay our part on the Gregg street viaduct and on the one to be built on Benton street. But there are several blocks between the two structures and our children who go to school on the south side, many of our women and children who work over here and many of the men and boys too will be inconvenienced if this Goliad crossing, between the two viaducts is closed. We understand there is such an agreement between you and the railroad," said Mr. Nance.

"We don't feel like this would be a fair deal for us. We request the city to see that all the other crossings are not blocked. We'd prefer seeing Johnson or one of the streets next to it kept open or at least a foot bridge built over the tracks here," continued Mr. Nance.

The delegation was told by the commission that the petition filed last year was sent to the general offices of the railroad company and that no answer had been received in connection with the matter. The commission also told the visitors that the contract governing construction of the Benton viaduct provided that Goliad be closed, a condition upon which the railroad based its participation in the cost, its portion being 50 per cent.

"Not Safe" Mrs. Meador said she had never heard of a serious accident at the Goliad crossing and that she would much rather have her daughters cross there, with a flagman on duty, than to use Gregg street viaduct. She declared tramps, bums, negroes and Mexicans are continually congregated on the present viaduct.

"The commission said the cost of a steel foot bridge over the tracks at Goliad would be prohibitive. "The closing of Goliad will help no one but the railroad. 'I'd like to see the city without a grade crossing but the two viaducts are to be, one as far east and the other as far west as possible to place them. It is very nice for the railroad to have its yards protected but it is going to cost us much in money and time," said Mrs. Meador. Mr. Nance said property of those residing between Gregg and Benton on the north side would decrease in value 50 per cent if Goliad is closed.

"We've felt that where we could eliminate grade crossings we would be doing a god thing," said Mr. Inkman. "It would be fine if the viaducts

SIX PRIZES OFFERED FOR BEST ESSAYS BY COUNTY STUDENTS ON VALUES OF COUNTY LIBRARY

Six prizes are to be given to students in the Big Spring High School and students of county rural schools for the best essays on the subject of "The County Library." The essay is to be of any length under 1000 words and may be written in any form. It should marshal facts and arguments, backed by personal knowledge of the lack of books, both for reference and general reading, in the community. The contest is divided into two classes, county and city. First, second and third prizes will be awarded in each class. The prizes and the donors
