

BROCK, SCHLEE FLY OVER HERE

New North Side School, Athletic Field Provided In Deal

HOME TOWN TALK

By Beddy

If you want to enjoy yourself pay a visit this week or next to the camp of the Buffalo Trail Area Council north of San Angelo.

Seventy-five boys are there this week. More than one hundred will be there next week. They are being looked after by a competent group of men, headed by Coke Williamson, area executive, and Marcus Williamson, assistant executive. The Williamsons certainly know their boys.

Besides being given an opportunity to live in the open, under tall trees and near a beautiful stream, the lads are being drilled in all sorts of scout craft; working in wood and metal and other things.

They are getting plenty of wholesome food, including biscuits baked by "Sunny Jim," negro cook. They are BISCUITS, top.

Your humble servant, with Dr. and Mrs. Dillard, drove down yesterday evening. The doctor looked the boys over. Only one was found ailing and he was in little danger of really being ill. However, he got his throat swabbed anyway.

To get to the camp you follow highway 9 past Carlsbad Sanatorium for a short distance, turning left across the railroad. Continue along that road past the river bridge, taking the second left hand road past the bridge. You drive a short distance through a pasture, past a ranch house, and presently you're in camp.

The highway situation in Howard county is a queer one. We hear a lot of people talking of how we ought to get busy. Perhaps the fact that the primary election will not occur for five weeks from Saturday keeps some of the folks neutral.

There's no getting around the fact that we've got about the poorest state highways of any county of Texas with a county seat as large as Big Spring. We do not like to say such a thing. But, the truth must out, and the truth sometimes hurts. We get no where, let us again say, by pulling the "detrich" act and, with our heads buried in the sand, rest easy in the belief danger does not exist because we cannot see it.

Some of you folks who have wonder why press dispatches from distant cities often skip Big Spring when listing points over which aviators, seeking sundry record, expect to pass, may get a little satisfaction out of a dispatch of today.

Jacksonville, Fla., reported via Associated Press, that Brock and Schlee, seeking a new transcontinental record, expected to pass over or near "Fort Worth, Big Spring, El Paso" in Texas.

County G.O.P Holds Session

Members and precinct chairmen of the Howard county Republican Executive Committee, selected Monday, include George L. Wilke, chairman; E. A. Kelley, E. E. Fahrenkamp, L. S. McDowell, and the following precinct chairmen: Big Spring: No. 1, Fred Keating; No. 2, Ralph Linck; No. 3, R. C. Strain; No. 4, Gaa Powell; Knott, G. H. Ratliff; Coahoma, Julia Boyce; Luther, D. W. Christian; Forsan, W. E. Harriott.

NATIONAL LEAGUE Chicago at New York, postponed, rain. St. Louis at Brooklyn, postponed, rain.

LARGE SITE IS PROVIDED FOR PLANT

Government Heights Is Location of Three-Block Tract

Within the next few days a deal will be closed between the Big Spring school board and members of the Bauer Estate, whereby land near Government Heights will be purchased by the school district, it was announced today.

Three City Blocks The tract consists of three city blocks, measuring 1020x300 feet. The school board will construct an athletic field, it was declared. The new field will be fenced and sodded, and a modern high school stadium erected. A modern ward school building also will be erected on one end of the field.

Although nothing definite has been announced, it is practically assured the school board will assume the indebtedness of high school athletics.

The board was asked by the athletic council of the high school, to consider purchasing a new field and taking over the indebtedness incurred during the last year.

The new tract is located just north of the Catholic Church.

'IT' GIRL IN DALLAS TO 'SETTLE'

DALLAS, Tex., June 17 (AP)—The Dallas Times Herald today prints a news story stating that Clara Bow, the "It" girl of the movies, is in Dallas to straighten things out with a young married man of Dallas to whose wife Miss Bow paid \$30,000 in settlement of a \$150,000 alienation of affections suit.

"I met him out on the coast," the Times Herald quotes Miss Bow as saying. "He was good looking, and smart, and had nice ways about him and I fell for him pretty hard. He told me he had just been married and that he and his wife were always squabbling and didn't understand each other. I never had a date with a married man before in my life, and I wouldn't have had dates with this one if he had had any kids. But of course he didn't."

"And do you know the next thing that happened? The wife sued me for \$150,000 smack! Why, I never had seen that much money before. You may think I get a lot of money for my movie work. That's bologna. I signed up a five year contract several years ago and they have me working today for a lot less money than some of these other stars are getting who don't rate as high with the public as I do. Up till last year I never had any money at all."

The Times Herald quoted Miss Bow as assigning a number of reasons, including contributions to her family, trips to Agua Caliente and the expense of living "out there the way they expect you to."

"I got bulldozed into another contract two years before the old one was up, another five year thing, and I didn't have anyone much to advise me, and so I signed that one too, at just about half what the others are getting now for less work," the newspaper quoted Miss Bow.

"Well, I didn't have the money, and I told the studio I was going to fight the case, but they insisted that I settle up the best I could and so keep the thing out of the papers. I laid \$30,000 on the line and the wife took it. After that she had us watched by detectives and the boy friend's father made him take a trip to Europe to try to forget me."

The Times-Herald further quoted the young movie actress as saying the final decree in the ensuing divorce suit will come up in Los Angeles in August, that the wife fol-

ROBBERIES REPORTED

Wooten Grocery, Segal's Stock Suffer Losses

City policemen today were endeavoring to find trace of robbers who entered two Big Spring business houses Monday morning and escaped with several hundred dollars worth of merchandise.

Gaining entrance by opening a window on the west side, robbers entered the Wooten Wholesale Grocery, 100 Gregg street, and stole between \$300 and \$400 worth of cigars.

Another window was opened after the robbers had entered the store, and the loot was taken out through the two open windows, it was indicated.

The store formerly belonging to S. Segal & Co., 104 East Third street, was entered early Monday morning and loot consisting of dresses, underwear, and boots were stolen. The loss amounted to several hundred dollars, it was said.

The robbers entered the store by using a ladder to get on top of the building, entering through a skylight.

Simmons Band Party In England

The Simmons Cowboy band of Abilene, and the party of tourists accompanying it on a concert schedule in England and the continent, landed from the Leviathan in Southampton, England, Tuesday afternoon (English time) according to a cablegram received Tuesday morning by Mr. and Mrs. Nat Shick from their daughter, Lillian, who is a member of the party.

Miss Frances Melton, daughter of Mrs. C. S. Holmes of Big Spring, is another member of the party.

Miss Shick's message, "arrived here all well, pleasant passage," left Southampton at 7:45 a. m. Big Spring time (2:45 p. m. Southampton time) and reached Big Spring Western Union office at 10:01 a. m., elapsed time in transmission being 2 hours 16 minutes.

Eastern Star To Gather Tonight

Reports of retiring officers, class night for all those initiated and affiliated with the local lodge during the past year and a program by this class during the social hour will feature tonight's meeting of the local lodge, Order of Eastern Star, in Masonic hall, according to an announcement by Nora Williamson, W. M., and Frances Fisher, secretary.

The meeting will begin at 7:30 p. m.

Ira McKee's Plea Is 'Not Guilty'

Due to an error in transmission of the dispatch over a press wire The Herald Monday carried an incorrect statement concerning the trial of Ira McKee, at Lamesa, for murder in connection with the shooting of W. R. Billingsley at Sparenberg.

McKee pleaded "not guilty" instead of "guilty" as was reported Monday.

The trial was postponed until Thursday when attorneys asked a special venire.

CONTRACT ON SCHOOL IS REVOKED

Local Men Had No Chance to Bid Says Miss Cantrell

Because in her opinion Big Spring contractors did not have an opportunity to offer bids for the construction of a new school in the Elbow district, Miss Pauline Cantrell, county superintendent, today gave notice the contract which was let to an Abilene firm Monday, had been cancelled. The school district recently voted a bond issue in the amount of \$12,500 for erection and equipment of the building.

Let To Abilene Firm According to Miss Cantrell the trustees of the district selected a Cjaco architect to draw up plans and specifications for the building. Plans and specifications had not been furnished here, she declared, and had not been available to her. Before the contract was supposed to have been let, she had not had the opportunity to approve them.

Knowing that local contractors and bidders had not had an opportunity to get plans and specifications, today, after a conference with trustees of the district, she declared the contract void and called for new bids. According to Miss Cantrell Big Spring contractors will have an opportunity to bid on the structure if they so desire.

Within the next four or five days a sufficient number of sets of the plans and specifications will be available at the county superintendent's office for those interested in bidding on the \$12,500 project.

In the meantime, however, two sets are available and these will be let out to contractors and prospective bidders for day at a time, and may be seen at Miss Cantrell's office.

According to Miss Cantrell, only one local bid was offered when the contract was let Monday.

HOBBS FIELD IS EXTENDED

HOBBS, N. M., June 17. Shell No. 1 McKinley completed and cleaned, produced at the rate of 10,400 barrels of oil and ten million feet of gas on a one-hour test.

This well is in section 19-18-38 and is an extension of the field nearly a mile northwest.

The sand was first picked up at 3,858 feet and the well was drilled to 4,210 feet.

New rigs are going up around the Shell A-1 State.

RECRUITING OF PAGEANT CAST STARTED FOR JULY JUBILEE

Members of the large cast that will appear in the pageant, "Texas Under Six Flags," during the Oil Men's Jubilee, are being recruited by the director, Chris Ming.

He met with one group Monday evening, when members of the Spanish and French groups were selected.

OPPONENTS FOR SENATE SEAT

Gov. Theodore Christianson, left, candidate for the Republican nomination for the United States senate in Minnesota, in opposition to Senator Thomas D. Schall, right, appeared to have been defeated as early returns were reported. Schall is blind. He has been in congress many years, this being his first in the upper house. Dwight W. Morrow, top right, is a candidate for senatorial nomination in New Jersey. His wife, right below has campaigned actively for him until recently, when she retired to the Morrow estate to be with her daughter, Mrs. Charles A. Lindbergh, who, it is rumored, is expecting a visit of the stork.

ST. PAUL, Minn., July 17. (AP)—Nomination of Thomas D. Schall, Republican, for a second term in the United States senate was indicated today when more than one fourth of the state's precincts reporting from yesterday's primary election gave him a plurality of 25,593 over Governor Theodore Christianson, his chief opponent.

Returns from 1,055 precincts out of 3,698 in the state generally distributed in urban and rural regions gave Schall 80,188 and Christianson 54,595. John F. Selb, running on a wet platform, polled 8,745.

B.R.T Auxiliary Members Off For State Convention

Officers and members of the local chapter of the L. A. of B. R. T. Lodge No. 375, left Monday night for the state meeting to be held at Galveston.

The members of the lodge and the Auxiliary were accorded the honor of putting on the initiation stunts at the state convention, the first-time Big Spring has had this honor.

"Pay Day" Barnett, mascot of the local chapter, went to the station dressed as a clown but was unable to go. The train left without him while he was looking for his kiddy.

Among the ladies who went were the following: Mesdames F. G. Powell, F. A. Underhill, Effie Meador, Sophie Corcoran, Winnie Ralph, Bamil Allen, Annie Schull, Daphnie Smith, E. O. Hicks, C. G. Barnett, Busbee, J. M. Glenn, S. M. Stinson, W. W. McCormick, W. E. Douglas, W. Clifton, W. V. Crunk, G. B. Pittman.

The following men accompanied them: Messrs J. P. Meador, P. V. Corcoran, W. W. McCormick, N. R. Smith, W. R. Douglas, S. M. Stinson, F. G. Powell.

Scenic Drive Work Subscribers A re Asked to Report

Those who have agreed to "donate" labor instead of cash to the improvement of Scenic Drive are asked to report as soon as possible to Foreman Gossett at the mountain. Time to report is 7 a. m. daily.

Those who have not paid their pledges are asked to call at the Chamber of Commerce and do so. More cash is needed and volunteer subscriptions, left at the Chamber of Commerce, will be welcomed.

E. F. Robbins, chairman of the civic committee, which has sponsored this improvement, reported that two weeks more of continuous work will be necessary to put the lengthened drive into good condition.

TROOP 2 CALLED

Boy Scouts of troop 2 are requested to meet at the First Christian church tonight at 7:45 o'clock. All registered scouts are urged to be present. J. H. Smith issued the call.

RECORD IN GRASP OF VETERANS

Average Is 163 Miles Per Hour, Jacksonville-Big Spring

Blazing a sky path for a startling record, William S. Brock and Edward F. Schlee, veterans of a 12,295-mile flight in 1927, skinned over Big Spring at 11:48 a. m. Tuesday, in their red and yellow Lockheed Vega steam-lined monoplane.

They were well along their way to a record east-west transcontinental flight from Jacksonville, Fla., to San Diego, Calif., and planned to return at once, seeking a round-trip record.

163 Miles Per Hour They left Jacksonville Beach at 4:04 a. m. Big Spring time and, covering the approximately 1,250 miles to Big Spring in 7 hours 44 minutes, had averaged approximately 163 miles per hour and were due to reach San Diego in 13 to 14 hours, which would lower Captain Frank Hawk's east-west record of 19 hours 16 minutes. Hawk, however followed a course approximately 400 miles longer than that of Brock and Schlee.

The fliers passed over Abilene at 11:10 a. m. Thirty-eight minutes later, they reached here.

They followed the Texas & Pacific track over the city, the trim monoplane swerved over the airport and, as Manager John Blaine cocked an eye skyward, looked at his watch and ran for a telephone to report to the Herald, for the Associated Press, the pilot cocked one wing slightly as if to say "hello, it's us" and sped into the western haze.

The ship was flying at an altitude of about 1,000 feet.

The Take-Off Brock and Schlee took off at 5:04 a. m. (e.s.t.) or 4:04 a. m. Big Spring time for a round trip non-stop flight to San Diego, Calif.

Before beginning their attempt to add to joint laurels of the air the aviators announced they planned to pass over or near Mobile, Ala., Natchez, Miss., Natchitoches, La., Big Spring, El Paso and Tucson and Yuma, Ariz.

The start was made without incident, skimming down the beach for a half mile before rising and heading into the west.

Brock and Schlee, who carried 450 gallons of gasoline, hoped to reach San Diego, a distance of 2,112 miles, and return to Jacksonville beach in 24 to 30 hours and were expected to be sighted in this section about 3 to 4 p. m. today.

For good luck Schlee arranged to wear the same pair of tan and white sport shoes he wore when another monoplane, The Pride of Detroit, carried them safely across the Atlantic ocean and Europe to Tokyo in 1927.

Brock and Schlee took off from Harbor Grace, N. F., August 27, 1927, and reached Tokyo September 11, a distance of 12,295 miles.

News Of Big Spring Society

Miss Driver Wins Library Essay Contest In City

Miss Dorothy Driver was winner of the first prize for the best essay on Howard County's Need for a County Library, submitted by the students of the Big Spring High School.

Owing to the late announcement of the contest and the few entries only one prize was awarded. The names of prize-winning students in the rural schools will be announced later.

Miss Driver's essay was called: "Why A County Library Helps the County."

The essay follows: "What is a county library? A county library is a free, public library system for the entire county, reaching every person, no matter if he lives in the county seat, a small town, or on a farm. Now Texas has a population of 4,983,228 and sixty-nine percent of these do not have a public library system. About sixty-seven and six-tenths of this population is rural. In the state of Texas there are only thirteen county libraries; therefore out of the two hundred and fifty-four counties of Texas two hundred and forty-one have little or no library system at all.

A county library is very useful to all the people of the community because it furnishes every kind of books, stories, biographies, plays and many magazines. It has a constant supply of fresh, new books, and the readers can have any book, anywhere in all the system whenever he desires. The library also makes the best literature available in some of the most remote corners of the county. It helps the country home to enjoy the same advantages the town homes enjoy.

"By supplying the people with good literature it thus may help to check the city-ward migration

which will prove a high factor in the reduction of the cost of living. In supplying the schools with well-selected books it enriches the school-work, helps the teacher and often is the means of introducing better books in the home. The county library emphasizes county unity, encourages county co-operation, and develops county patriotism.

"In the state there are many small towns in which the people do not have any way of securing good literature. The younger people like to read books and if the proper literature is not furnished them they will read literature which injures the mind rather than helps build it up. In nearly all the schools they have a library but they do not reach very many people outside of the books that students have to use in their studies. The people that care anything about reading desire good books and are not easily satisfied with just anything which is given them. Smaller children are very easily influenced by the literature which they read. Things which they read are stamped on their minds and it should always be of the best.

"In many of the rural homes they do not have any kind of literary magazines, books, or papers. About the only literature they get to read is newspapers and sometimes not even that much. Not only the students are handicapped but the teachers also. Their pupils do not have books for reference or magazines to cut out pictures for illustrations, and some of the pupils do not even know of the happenings of the outside world or

across the sea. "Every library is in charge of an experienced librarian. She is there for the purpose of serving all the community and always supplying the community with whatever material they need in their work."

Sunbeam Band Studies Missions

Mrs. Harry Stalcup was leader of the Sunbeam Band at the First Baptist Church yesterday afternoon.

The program was devoted to a study of missions, games and songs.

Those present were Bobbie Gene King, Herschell Harris, Modena Murphy, Jean and Fred Bailey, Olivia Ann Duff, Mary Patterson, George Williams, Paty Ruth Stalcup.

Women Give Talks On Mission Study

Three Baptist circles met yesterday and studied mission work in its various phases.

The Central Circle met in the church parlors. Mrs. B. F. Robbins and Mrs. J. C. Douglass led the devotional service. Following a study of "Baptists in Nigeria," Mrs. K. S. Beckett made a talk. Mrs. Clyde Hutchins led the closing devotionals.

Those present were Mesdames L. A. Wright, John Woodley, B. F. Robbins, J. C. Douglass, K. S.

Beckett and Clyde Hutchins. West Circle The West Circle met in the home of Mrs. C. S. Holmes. Mrs. Clarence Miller led the opening devotionals and Mrs. W. B. Buchanan, the prayer service. The program consisted of studying "From Jerusalem to Jerusalem." The following were present: Mesdames J. A. Boykin, B. Rangan, R. A. Parker, C. O. Murphy, M. H. Cravens, Una Covert, F. E. Houser, C. T. Tucker, Clarence Miller, W. B. Buchanan. The East Circle did not meet.

Cottage Cheese Recipes Suggested

The Home Demonstration Club of South met with Mrs. Louie Allgood, home demonstration agent, yesterday. The club at Knott will meet today; that at Hwyay will meet Thursday; and Fairview, Friday.

The clubs will observe the following program: Roll call; "The amount of milk I get daily and how I market it." Talks on balanced rations for cows; production of clean milk; the value of milk in the diet. Mrs. Allgood will demonstrate the value of cottage cheese, cottage cheese and milk dishes. The fair committee will be appointed by the president of each club. The following recipes have been used in demonstrations:

Baked Custard

Four scalded milk over mixture. Add vanilla and pour into baking dish. Sprinkle with nutmeg. Bake in very slow oven. Too much heat or too much sugar will cause product to be watery. Meringue may be used on top of custard. It should be cooked very slowly; if so, it will not fall. Make meringue with one to two tablespoons of sugar to each egg white.

Cottage Cheese Salads

The following combinations may be used for salad with addition of salad dressing.

Cottage cheese, bellpepper, green onion. Cottage cheese, diced apple, chopped cabbage. Cottage cheese, celery nuts, apples. Cottage cheese may be added to any vegetable salad. It is so concentrated that bulky fruits and vegetables need to be combined with it.

Sour Cream Salad Dressing

1 cup sour cream, 1 tablespoon sugar, 1-4 cup vinegar, 1 teaspoon salt, 1-2 to 2 teaspoon dry mustard, 3 egg yolks. Put sour cream in a sauce pan. Add egg yolks and dry ingredients, then vinegar. Cook until thick.

INTENTIONS TO MARRY

Intention to marry was filed by the following Monday: L. D. Stanford and Miss Gladys Robert, Ennis.

W. V. O'Neal and Miss Velma Higgs, Big Spring; Albin Hughes and Miss Audrey White, Big Spring; Eugene Laator and Miss Marie Annie Anz, Big Spring.

For the arrest and conviction of anyone stealing cattle from the H. H. Wilkinson Ranch, located 10 miles northwest of Big Spring. Cattle branded Cross E. Letter "K" with cross through it high up on left shoulder.

DON'T SURRENDER

When tempted to over-indulge

"Reach for a Lucky instead"

Be moderate—be moderate in all things, even in smoking. Avoid that future shadow by avoiding over-indulgence, if you would maintain that modern, ever-youthful figure. "Reach for a Lucky instead."

Lucky Strike, the finest Cigarette you ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED."

Lucky Strike has an extra, secret heating process. Everyone knows that heat purifies and so 20,679 physicians say that Luckies are less irritating to your throat.

LUCKY STRIKE CIGARETTES
"IT'S TOASTED"

"Coming events cast their shadows before"

"It's toasted"

Your Throat Protection—against irritation—against cough

*"Beyond 30 years of age, the mortality among overweighted rises rapidly with the age and with the weight," says Dr. Brandreth Symonds in an article in The Medical Record. "We do not represent that smoking Lucky Strike Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a Lucky instead," you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form."

Again Konjola Gives Proof Of Its Worth

IT WORTH LADY HAPPY TO TELL WHAT NEW AND DIFFERENT MEDICINE DID FOR HER.

MRS. J. V. STANLEY

"For almost a year my health had been gradually declining," said Mrs. J. V. Stanley, 1300 West Tenth street, Ft. Worth. "I was losing weight and felt tired and sluggish. Every morning I felt like I hadn't slept a wink, and I became nervous. I suffered dreadfully from headaches; my appetite was poor; I was badly constipated, and my vitality was slowly ebbing from me."

"This was my condition when I started taking Konjola. I am now on my fourth bottle, and the change that has taken place is remarkable. I have gained six pounds; the sluggish feeling has vanished; I have new vitality and awake refreshed and rested in the

morning. I intend to take Konjola right along, and am glad to endorse it." Konjola is designed to give thorough and lasting relief. Like any worth while treatment, Konjola should be taken from six to eight weeks giving it a chance to produce the best results. And their results will amaze you—as they have countless thousands of men and women.

Konjola is sold in Big Spring at Collins Bros. drug stores, and by all the best druggists in all towns throughout this entire section.

Presbyterian Women Sew for Orphans

The circles of the Presbyterian Church met yesterday and devoted the afternoon to handwork for the Presbyterian Orphanage at Itasca, Texas.

The King's Daughters met with Mrs. J. B. Littler. Mrs. Ida E. Mann led the devotionals. The remainder of the meeting was devoted to handwork.

Refreshments of orange punch and angel food cake were served to Mesdames R. L. Owen, A. E. Evans, C. P. Rogers, Ida E. Mann, Roy Tucker.

Whatsoever
The Whatsoever Circle met in the home of Mrs. Frank Jones. The hostess led the devotional service. Mrs. E. L. Barrick offered the prayer.

Ice cream and cake were served to Mesdames Frank Knause, E. L. Barrick, Robt. Parks, S. L. Baker, and W. R. Settles.

Dorcas
The Dorcas Circle met with Mrs. H. G. Whitney.

Mrs. Emory Duff had charge of the program. Mrs. W. C. Barnett led the devotional service.

A salad course and ice cream were served to Mesdames W. C. Barnett, Ellen Gould, Emory Duff, L. S. McDowell, Clarence Wear and R. F. Dorr.

Hansen Family Holds Reunion

The Hansen family had a reunion over the week-end at the home of Mr. and Mrs. Fred Stephens on Scurry street.

The occasion was the arrival of Mrs. Stephens' brother, Jim Hansen, with his wife and children, James, Jr. and Mary Louise, from Panama, Calif., who will stay in the city about two weeks visiting with friends. Mrs. C. F. Hansen is also visiting with her daughter, Mrs. Stephens.

Mr. and Mrs. Lee Hansen of Lamesa and daughter, Roberta Lee, came down for the reunion Sunday. They will return to Lamesa Tuesday evening and be back Saturday. Mr. and Mrs. Jim Hansen motor-ed through from California and expect to go back via the Carlsbad Caverns.

Mrs. Carter Tells Of Stanton Meet

The Birdie Baily Class of the Methodist Church opened its meeting yesterday with a song, "I am Thine, O Lord."

Mrs. C. T. Watson gave a talk. Mrs. T. E. Johnson had charge of the scripture reading.

Mrs. C. C. Carter gave an interesting report of the Zone meeting at Stanton.

Fourteen members were present.

SCHOOLBOY STARTS POULTRY CONTROVERSY

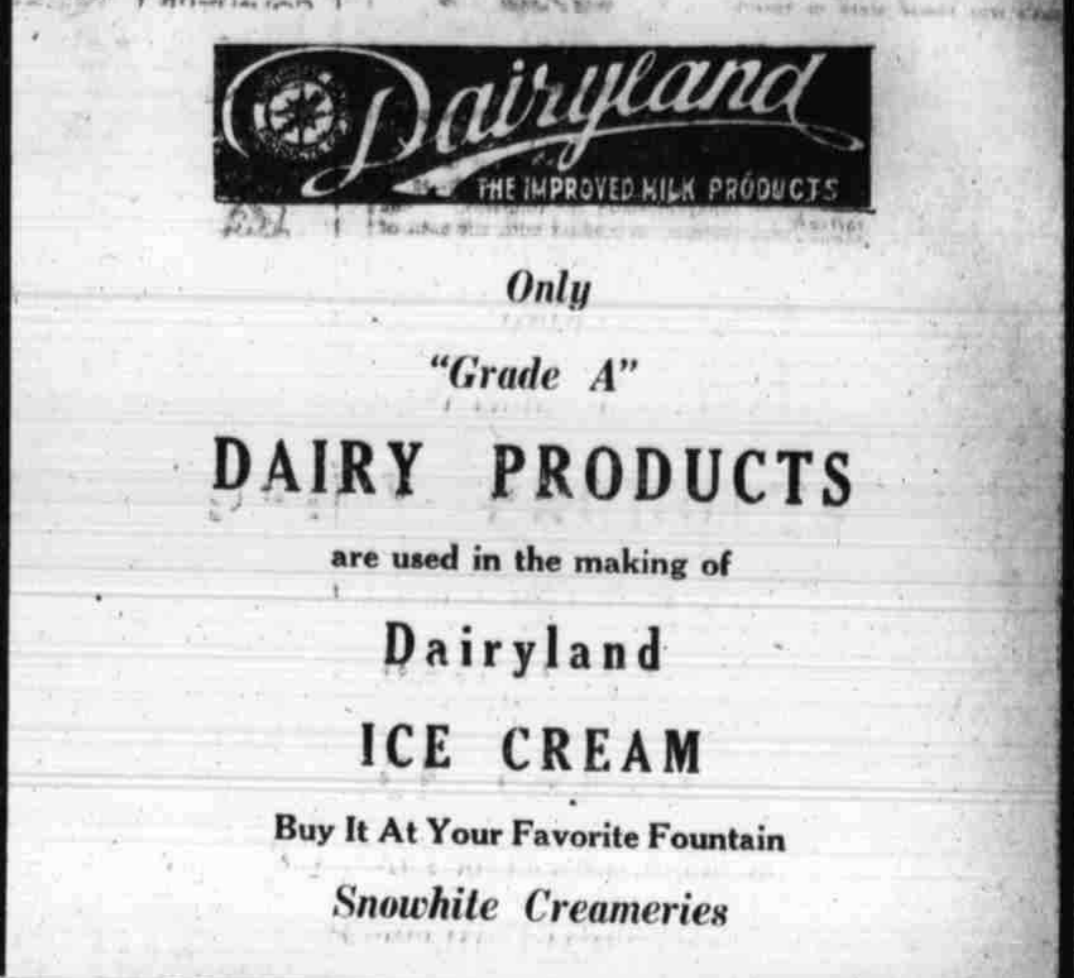

SACRAMENTO, Cal. (INS)—Seven-year-old Willie Howe of Alturas started something when he took issue with a school book which said that a hen turned her hatching eggs with her feet.

"Wrong!" succinctly wrote Willie,

"Hens turn eggs with their beak!"
Sam Cohn, assistant state superintendent of education, who got the letter, referred it to G. H. Hecks, agricultural director.

Hecks. Poultry experts were then called in, and their opinion was that both Willie and the school book were right.
"I think Willie's right," ruled But Prof. W. E. Lloyd of the Col-

lege of Agriculture at Davis complicated the issue still farther when he ruled:
"A hen turns her eggs by movement of her body, but occasionally uses her beak."

CONOCO
Celebrates its Conquest in America's Greatest Motor Classic!

GERM-PROCESSED is the First Stock Motor Oil to "place" in INDIANAPOLIS Speedway Races! Now **PENETRATIVE LUBRICITY** Proves it's Worth in the Terrific Punishment of Racing Motors

Dave Evans, driving a one hundred twenty-two cubic inch front drive Miller Special, placed sixth out of thirty-eight starters. Evans added less than one-half the amount of oil usually consumed in the average racing motor, in five hours, twenty-four minutes, fifty-four seconds of driving, at an average speed of 92.57 miles per hour.

ig the domestic oil market of the Nation!
It was only good strategy for CONOCO to again bring the superiority of Germ-Processed oil to your attention in this sensational way. At a time when motorists in every section of the country have been lending willing ears to the story of the Germ Process . . . learning that this is the first fundamental improvement in oils since 1901 . . . reading the sensational disclosures of motor oil merit following the recent Pike's Peak Tests . . . CONOCO, by this masterful stroke, crystallizes the already widespread conviction, that Germ-Processed Motor Oil is the safest oil for every-day driving in twenty-seven million cars.

The Contest Board of the AAA took all the necessary steps to make sure that the oil used was the regular CONOCO Germ-Processed Motor Oil.

station bearing the CONOCO Red Triangle! You never were told that about any other oil, were you? Remember, Germ-Processed is the first stock oil that ever "placed" in this race. Now CONOCO has proven its claims, confirmed its challenge and justified this request of you:

"If you value the life of your motor, if you would reduce your operating costs, if you want better lubrication than any other oil can give you, go to the Sign of the Red Triangle and ask for . . .

More than one hundred and seventy thousand cheering, excited people, Friday, May 30, saw CONOCO do something that no other stock oil has ever done before! . . . saw CONOCO'S claims for the sensational new Germ-Processed oil verified beyond the shadow of a doubt . . . saw the supreme test applied to America's newest oil. . . saw Germ-Processed oil "place" among the leaders of the Indianapolis Race . . . saw CONOCO victorious

CONOCO
GERM
PROCESSED
PARAFFIN BASE
MOTOR OIL

For the Germ-Processed oil used in this race was the same stock oil that you can buy at any service

FASHION

HOW'S your HEALTH

Poison Ivy
 Poison ivy is the most common
 and best known of a group of
 plants belonging to the sumac class
 whose resinous sap produces a
 characteristic inflammation when
 coming in contact with the skin of
 a susceptible individual.
 In this group of poisonous plants
 there are at least 60 or 70 members.
 The more common are poison ivy,
 (distinguished from other suspected
 creepers of a similar appearance by
 its possession of three leaflets in-
 stead of five) poison oak, a shrub
 or small tree common to the west-
 ern part of the United States, and
 poison sumac, poison dogwood or
 poison elder which grows in this
 country in swampy places.
 It is the resinous sap of these
 plants that is responsible for the
 so-called poisoning.
 Contrary to the common impres-
 sion the sap is not volatile, does
 not pass through the air. To be af-
 fected, one must come in actual con-
 tact with it.
 However, this contact need not
 be direct. The sap may first come
 in contact with clothes, tools, in-
 sects, etc., and then be transferred
 to the skin of an eron, many miles
 distant from the plant.
 The sap, when coming in contact
 with the skin, causes an intense
 irritation. There is an inflammation
 of the affected parts, frequently be-
 ginning between the fingers, swelling
 and the formation of blisters, or
 blisters.

The person affected not infre-
 quently suffers fever, loss of appe-
 tite and constipation.
 When one suspects having come
 in contact with poison ivy, the ex-
 posed part of the body, hands and
 face should be freely washed with
 an alkaline soap and water.
 External application of alcohol
 or gasoline will some times avert
 the poisoning.
 Clothing suspected of having
 come in contact with the irritating
 sap, should be discarded for a while,
 and exposed to the sun. Such ex-
 posure tends to destroy the irritat-
 ing substance.

That's Not Inferiority

AND NOW we learn from the
 Baltimore Sun that "an inferi-
 ority complex is the sort of thing
 that makes you turn off the radio
 to keep from waking the baby next
 door while it prevents you from
 complaining of the baby next door
 waking you by crying in the night
 because babies have a right to cry."
 "It is the sort of thing that makes
 you rush to return a book you have
 borrowed, while it makes you hesi-
 tate to ask for the book that some-
 body has borrowed from you."
 "It is the sort of thing that leads
 you to spank your dog for barking
 at the neighbor's cat, but prevents
 you from driving the neighbor's
 chickens from your flower garden
 on the ground that your neighbor
 might be offended and, after all, it
 is impossible for chickens to know
 that they are trespassing."
 "An inferiority complex is what
 prevents you from asking for a job
 which you would like to hold be-
 cause it does not seem quite prop-
 er to seek it and, at the same time,
 leads you to admire the man who
 lands the job for having the nerve
 to ask for it."
 "It is what keeps you from invit-
 ing people to dinner at the last
 minute on the ground that it is im-
 polite, while accepting such late
 invitations yourself on the assumption
 that no fact is as that kind of
 behavior indicates something
 very much better than an inferiori-
 ty complex. Indeed, if you have
 these reactions—the desire to be
 courteous and a superiority to in-
 sult—you are not an inferior per-
 son. You are a superior one. You
 have a serenity which the inferior
 can never have."

Murder at High Tide

CHARLES G. BOOTH

SYNOPSIS: The shrewd, calcu-
 lating Anatole Fliquet explains the
 riddle of Don Parados' murder. He
 tells how the clever criminal Jules
 Lacote, alias Professor Johns, shot
 Parados and his hired man, Grain-
 zer, from the tower of the Island
 fort. He explains how John's rifle
 had been fitted with the rifling of
 a pistol—how John "framed"
 Grainzer's death so it would appear
 that the shot was fired inside the
 house. Johns had planned a "per-
 fect crime," but the flaws in
 John's alibi, Samuels, who had
 been baffled throughout the investi-
 gation, finally asks why Johns lived
 20 years on the island before ex-
 ecuting his revenge on Parados.

Hollywood Sights

BY ROBBIN COONS
HOLLYWOOD—For ninety-nine
 out of a hundred movie actors the
 screen is an end in itself. For
 Everett Marshall it means merely a
 pleasant interlude.
 Movie fans as yet are unac-
 quainted with Marshall, but
 those who saw "Dixiana" pre-
 viewed say that his debut as
 screen actor and singer will be as
 sensational as was Lawrence Tib-
 bett's in "Rogue Song."
 He is, in many respects, like Tib-
 bett. Both are from the Metropoli-
 tan opera company, both baritones,
 both admirably suited for portrayal
 of dashing romantic roles.
 Marshall is younger, better-look-
 ing, taller and slimmer.

Music Comes First
 When Marshall came west to
 sing opposite Bebe Daniels in "Dix-
 ana," he saw California for the
 first time. His stay has been so
 pleasant that he dreads the pros-
 pect of twelve weeks in New York
 where he must return to fulfill his
 operatic contract.
 But for all that he plans to stay
 in the movies only a few years, re-
 turning then to the operatic and
 concert stage which was his first
 love.
 Still in his twenties, Marshall
 was graduated from the Cincinnati
 Conservatory of Music in 1923, went
 abroad and studied grand opera for
 three years, and made his debut in
 1926.
 Then he returned to New York
 and signed with the "Met."
 His desire to earn an interna-
 tional reputation in opera, if possi-
 ble, is not his only reason for plan-
 ning a brief movie career. The
 other is that he has seen too many
 "hanging on" in Hollywood to
 choose to cast his lot with those
 after his best screen days are past.

Another Prospect
 Marshall's wife is a Spanish
 opera singer. Marshall met her
 while studying in Italy, and after
 his New York debut returned and
 married her. She may also go into
 pictures.
 Robert Emmett O'Connor is to
 play Grover Cleveland in a new
 talkie.
 Mrs. Ellie M. Lang, census enu-
 merator of Woodbine, Ga., made out
 her report with a goose quill pen
 and in inkwell used in making out
 census returns in 1850.

OPINIONS OF OTHERS

Simmons Shelved
 Texarkana Gazette.

ONE BY ONE the Southern dem-
 ocrats who esteemed themselves
 bigger than their party are being
 taught a lesson they will not soon
 forget. One of the basic principles
 of democracy is majority rule. Not
 in many years was there such un-
 animity of opinion in any democ-
 ratic national convention as pre-
 vailed at Houston two years ago
 when Smith was nominated on the
 first ballot. Despite this fact, cer-
 tain "leaders" immediately decided
 that the majority of the members
 of the party were wrong and that
 the party must be punished.
 Some weeks ago the democrats
 of Virginia demonstrated that they
 are still loyal to their party by de-
 cidedly defeating the ticket backed
 by Bishop Cannon. Saturday in
 North Carolina the loyal democrats
 repeated that demonstration by
 administering a decisive defeat to Sen-
 ator Simmons, senate veteran who
 has dominated North Carolina for
 many years, but who made the mis-
 take two years ago of turning a
 back on the party that repeatedly
 has accorded him honor.
 In Texas next month loyal dem-
 ocrats will administer the same med-
 icine to Tom Love, acknowledged
 leader of the bolters, who preferred
 to see their party defeated rather
 than to subordinate their own views
 and prejudices to the will of the
 majority as expressed at the Hous-
 ton convention.
 The political transgressor is in
 the same category as any other
 transgressor insofar as the path he
 must tread is concerned. If Ameri-
 ca is to continue to have govern-
 ment by political parties, party
 members must learn what party
 loyalty means.

COLONEL GILFEATHER

Murder at High Tide

leur's reel ceased to spin, for the
 thread was broken. . . .
 We were silent for a minute or
 two.
 "Messieurs et mesdames," Fliquet
 continued, "it is not possible for a
 man to hide the light of himself
 behind a mask every minute of the
 hour. The mask will slip. So it was
 with M. le Professeur. He had a
 passion for all living things, yet he
 forgot the goldfish in his pool
 he assured me that he had not the
 French. And then, when I spoke
 to him in the French, understanding
 was in his eyes. That was negli-
 gent!"
 "M. Johns was on the top of the
 island yesterday and he saw those
 little ones, le Balafre and Ciceron
 Bec, with the glasses. Had he not
 been watching? They had come for
 him and M. Johns made up his mind
 with a quickness. This evening he
 slipped away and found them. . . .
 and Destiny laughed again. That is
 all."
 Samuels shook the little man's
 hand.
 "You've done a good job, Fliquet,"
 he muttered huskily.
 Fliquet bowed and twirled his
 moustache. "I am the principal
 agent in la Surete, monsieur," he
 said. "Does one find littleness in
 high places?"
 Wedding presents should come
 afterwards, long afterwards, when
 people are more likely to need their
 brightening influence, Caroline says.
 I am inclined to agree with her, as
 I am with everything Caroline says.
 There is some excellent cutlery
 from the Annerleys and a little
 green god from Lum We. Mrs. Par-
 dos' gift already hangs in the li-
 brary. When Caroline comes into
 the room she stops and looks up at
 it, and I find myself holding my
 breath.
 An enormous parcel arrived from
 Paris. As we tore the wrappings
 apart and dived through the tangle
 of packing material I don't know
 what we expected to find—anything.
 I imagine, except what we actually
 did find.
 It was a full length portrait of a
 little stout man in elegant evening
 regalia, fingering carefully waxed
 moustache. His right hand is on his
 breast which is adorned with the
 decorations of many governments,
 and his pink face beams upon us
 and seems to draw us into his
 friendly embrace.
 "Well, I don't know," Caroline
 said. She smiled at me and I knew
 I should agree to anything she sug-
 gested. "Let's hang it opposite
 Grandmother Brent once a week
 every year."
 She was looking at me tenderly
 now. "After all, Allan, it was you
 who found me just in time, not M.
 Fliquet."
 I saw no reason why I should not
 agree with her.
 (THE END)

It is **More** Economical
 to Make **Full** Use of
 Electric Service

Electricity is no longer a luxury and electric appliances are no longer con-
 sidered something to display, but never to use. The modern housewife has
 found that the electric way of doing things is the cheaper way. For a few
 cents she saves her time, her strength and her health. She knows that there is
 no excuse for a woman doing hard work that a small electric motor can do
 for a fraction of a cent an hour.

The Texas Electric Service Company gladly will prove to any customer
 why it is more economical to make full use of electric service. A nickel or two
 is pitifully small when it prevents eyestrain and headaches caused by reading in
 a poor light. A few pennies to operate an electric fan during warm evenings,
 to clean the rugs in the morning, to wash the clothes once a week are insigni-
 ficant compared with the comfort they give and the amount of labor they
 save.

So it is with all electric appliances. Household electric appliances have
 been designed for specific needs and have demonstrated their value over a
 period of years. Their very usefulness has caused them to increase in popu-
 larity. The idea that such appliances are luxuries has long been thrown into
 discard.

Electric merchandise sold through the Texas Electric Service Company
 must give customers the greatest degree of service and dependability at the
 lowest possible cost. Only merchandise of high standards which has met ex-
 haustive tests of our own engineers is placed in salerooms of the company.

feels Like Lament • Man In Every Way

Wm. FRANKLIN KRUGER
'I was sick and rundown for fifteen years. Stomach trouble made my life miserable. I couldn't sleep well, and there was hardly a night my wife didn't ask me what made me so restless. 'Finally I decided to try Sargon, and my improvement was marvelous. I feel like a different man in every way.'—William Franklin Kruger, 1825 Belmont Ave., Fresno, Calif.
Times without number men and women have rejoiced in new-found health through Sargon at a time when they thought nothing would help them.

EVERYDAY QUESTIONS

Answered By
Dr. S. Parkes Cadman

Questions from readers are answered daily by the Rev. Dr. S. Parkes Cadman, Radio Minister of the Federal Council of Churches of Christ in America. Dr. Cadman seeks to answer inquiries that appear to be representative of the trends of thought in the many letters which he receives.

Lawrence, Mass. Kindly suggest a list of biographies suitable for a boy about to enter college, preferably those which deal with "heroic lives."

"My Brother Theodore Roosevelt," by Corrine R. Robinson; "The Americanization of Edward Bok," "A Labrador Doctor," by W. T. Grenfell; "Rhodes: A Life," by J. G. McDonald; "Aggrey of Africa," by Edwin W. Smith; "Dean Briggs," by Rollo Walter Brown; "A Galilee Doctor," by W. P. Livingstone; "Walter H. Page," by Burton J. Hendrick; "David Livingstone," by Reginald J. Campbell; "My Autobiography," by Benito Mussolini, and "Lawrence and the Arabian Adventure," by Robert Greaves.

Eric, Pa. Do you believe our civilization is endangered to any appreciable extent because business is so largely controlled by a few men?

Not necessarily. Compare the older nations of Europe with the United States. Those nations elevated aristocracy of birth and secured some social gains by so doing. But aristocracy proved too costly to be maintained by the body politic. Hence business is no longer taboo in Great Britain's polite circles. Germany's numerous nobles and princes are now experiencing the annihilation of work. Artificial barriers demolished. The luxuries of the few have been pooled for the necessities of the many. Who would not prefer the standards of American life to those of countries which have inherited the nonproductive classes of a past feudalism?

Still, there is another side to the question. We have cleared and settled a continent and have made ourselves with the help of other and less fortunate nations, an ever seen. But mere wealth is a source of weakness unless it is wisely employed. Far more prayer and fasting are essential to prosper within bounds than adversity demands. Discontent and morbidness frequently prevail among some owners of swollen money bags. Then comes the question, asked by merchants and millionaires from the time of Tyre and Sidon to the present hour: What are the limits of acquisition and when are we going to transmit our gold into art, science, religion and the service of beauty and of truth?

Tyre and Sidon, with Carthage, buried in the dust of death. This nation will not fail as they did. The earnest of a glorious transmutation is already before us. Every department of morals and of knowledge annually receives financial aid from men and women of means which extends their enrichment of life's real values. As it was with the great merchants of the Renaissance, whose munificence promoted the creation of new wonders of wisdom and of art, so will it be with American capitalists whose gifts to education, scientific research, charity and exploration already total several billion dollars. Read the latest report of the Rockefeller foundation.

Salt Lake, Utah. Just what is the jurisdiction of the World Court, and how does it operate?

The official title of the World Court is "The Permanent Court of International Justice." Its personnel consists of eleven judges and four deputy judges who sit in regular or special sessions at The Hague, the capital city of Holland, to pass upon legal disputes submitted to it by the nations of the world.

In 1929 fifty-four countries practically constituting the civilized world, with the exception of Turkey, Russia, Mexico and the United States, had pledged adherence to the Court. The candidates for this bench are nominated by the national groups in the Permanent Court of Arbitration, which also has headquarters at The Hague, and from these nominees the Assembly Council of the League of Nations elects the judges, who hold office for nine years.

The proposal for the Court was sponsored by American delegates at The Hague Conference of 1907, and urged by our government as a part of the peace treaty of 1919. In 1926 our Senate voted to adhere to the Court, with five reservations. Mr. Elihu Root recommended a final settlement of these reservations in September, 1929. That settlement now awaits the approval of the Senate.

Meanwhile the World Court has rendered sixteen regular judgments, sixteen advisory opinions, and issued numerous important orders. The superiority of its judicial processes over those of armed violence needs no emphasis. There is a close analogy between the work of the United States Supreme Court for the forty-eight States of the Union and that of the World Court for the fifty-four nations who have accepted its jurisdiction.

HEALTH ALL UPSET

Lady Didn't Sleep Well; Was Weak, Suffering Before She Took Cardui.

Cairo, Ill.—A year and a half ago when she was in a run-down, weakened condition, Mrs. John A. Madelin, of 2901 Commercial Avenue, this city, took Cardui. Here is what she has to say about it:

"At times I would have had headaches. My legs hurt a great deal. My nerves were all to pieces, and I did not sleep well. I got so I could not sleep a night through. I read about Cardui. I began taking this medicine and found it every way suited to my need.

"I began to feel better very shortly, but I continued taking Cardui as I wanted to feel strong and well. Before long I was feeling just fine. I slept well. I had a good appetite. Soon everybody was telling me how well I looked. My color was good and I felt like doing my work without any great effort.

"I am glad I took Cardui. I recommend it to others, as my health greatly improved after I had taken it."

If you are run-down, nervous, or suffer every month, take Cardui, a purely vegetable, reconstructive medicine, used by women for over fifty years.

For sale by all druggists. Get a bottle today. NC-329.

Laundrymen Defeat T & P In Sluggish Battle, 12 to 6

Two of about the sloughest ball clubs we've had the misfortune to witness through a ball game (allegedly) clashed yesterday afternoon. The slow-motion Texas and Pacific aggregation, and the seven Laundry crew finally got off several innings. The Laundry gained a lead, and the Railroaders lost one, but that is about all that can be said about it.

Hutchins, first sacker for the Railroaders, had a grievance against the Laundry. It was bona fide, built on a sturdy foundation, constructed of concrete and steel as it were. The box score of Sunday's game, Hutchins was credited with Higdon's batting record and Higdon was left out entirely. Proof readers are these creatures. They make some errors than a bunch of ball players. Anyway Hutchins was at bat twice, got one hit, no runs, made five putouts and one error. It was Higdon, Banker right fielder, that was at bat four times, made one run, no hits, and one error. And that, so they say, is that.

Crouch, crack ball tosser of the Laundry, has resigned. The mainstay of the Laundry hurling staff is seeking greener fields, or other callings at least. It is understood he has asked for his release. The hurrier got credit for Aiken's loss in the game Sunday with the Barbers and he went in the eighth inning and gave up the hit that tallied the winning run. The Laundry is in the market for some nice fresh pitchers, 1930 crop if possible, with more curves than the modern dancer.

The Laundry and Richeo are tied for second place with 443 each today. The Barbers are in front. Coughlin, should they win from the Barbers this afternoon, will throw the thing into a triple tie with the Laundry and Richeo. Wednesday Richeo meets the Barbers, and the Barbers aren't any too satisfied over the coming conflict. Dickinson is due to face the latter spreading aggregation. Lydia will probably go against Richeo for the Barbers. And then there is that tough infield composed of Hoehn, Cook, Clark and Purvis that the Barbers will have to get around. It won't be a pink tea, by any means. Nor a tea of any other hue.

Lefty Baber, generalissimo of the Texas and Pacificans, got tired running from second to home Monday, so he overlooked third base and galloped across the pitcher's plate or thereabouts while Umpire Madison was watching a play at first. We didn't see the play but were informed Baber ran all the way. We don't doubt he skipped third, but it's going to take some strong evidence to prove to us that he ran. At least not very fast.

The Texas league solons are expected to whack the season in order to bring purses of some of the mag-nates. Wichita Falls has made a picnic with lemonade out of the fourth half. Some of the billfolds of the club owners are nothing but folds. The crowds in the Texas league have been disappointing. We know just how they feel. We keep the gate receipts of this league.

This turtle race to be held during the Oil Jubilee is gaining momentum. We've never seen a turtle race, but we wouldn't lay a dime on a turtle with ball bearings in his feet. We've always found that turtles start where they want to go and when they get almost there change their minds. If turtles are equipped with minds, Tiny Reed found one that he declared outran a Chevrolet. He is feeding him and caring for him and hopes to see him place in the money July 4.

We have just concluded reading one of those super ego articles turned out by the ghost writer of "The Ring." Dempsey, scheduled to talk about the Scumling-Sharkey bout, doesn't. He much prefers to talk about the Dempsey-Firpo, Dempsey-Carpentier, Dempsey-Tunney, and Dempsey bouts. It strikes us as rather comical that Dempsey declared the time of the ring and into the press room, "Firpo was a marked man." Dempsey, seemingly, can't stand the idea of being a by-gone. There have been others in the same predicament. And they can't come back.

Eastland seems to have the monopoly on youthful golf players. Each tournament brings from three to five youngsters out with their clubs. Sammy Conner, high school boy, leads them all. He is a brother of County Boy Spider Conner, Texas University cross country runner, and former captain of the Longhorn track team. Sammy is a good hitter. He should be. He has been playing since he was 14 years old. And he can take such golfers as

TURKEY'S 'MISS ALADIN'

AMERICAN CHARITY WORKER
ISTANBUL, Turkey (AP)—The "Miss Aladin" of the Turkish Red Crescent, oriental equivalent of the Red Cross, is an American woman, Miss Carlis E. Mills, who lives here. Thousands of refugees and derelicts in this city have received her help. She has raised large sums for her relief work by selling embroidery made by the women aided by the Red Crescent, to tourists on American ships.

Recently she persuaded a wealthy American woman to buy a pair of artificial legs for a man bedridden and legless for two years. Her own used tea leaves are distributed daily to destitute White Russian refugees, too poor to buy their favorite beverage.

TRIALS OF PEARLY 'COEDS'

TOLD BY JUSTICE'S WIFE
WASHINGTON (AP)—Trials undergone by pioneer college women to obtain a degree are related by Mrs. Marvin B. Rosenberry in her new book "The History of the Association of University Women."

The association was started in a parlor in the Back Bay region of Boston in 1881 by about half a dozen women. There was much controversy at the time as to whether women could stand the arduous work necessary to obtain a degree. Many persons thought it was too hard on their health.

Mrs. Rosenberry is the wife of the chief justice of the supreme court of Wisconsin. She was for some time dean of women at the university of Wisconsin.

us for a fast ride to the rough.

The Lions Club challenge to the Kiwanis Club and the Rotary Club miniature golf teams has gone unheeded. A loving cup awaits the winner. The Lions team thinks maybe the Kiwanis Club and the Rotary Club don't know anything about the putt-putt game. Which maybe they don't.

And they haven't anything on us if they don't.

ERRORS MAR CHANCES OF SHOPS

Uninteresting Tilt Finally Ends With Laundry Ahead

In a sluggish affair that could be referred to as a baseball game if one had one's fingers crossed, the Laundry defeated the T. & P. nine to six, at the last count, Monday afternoon.

The game was a combination of a farce and a race for errors. Twelve were chalked up against the T. & P. aggregation and five were made by the Laundry.

Brown, left fielder, hurried for the Laundry after Doc Aiken had spent three innings toiling to the shop boys. Malone and Woods were on the hill for Texas and Pacific.

The game was featured by the fact that it lasted as long as it did. Such things as gleaming six runs in one inning without a hit, and Baber reaching from second base to home plate, were contributed during the evening's entertainment.

The Laundry tallied two in the second inning off Malone on singles by Brown and Taylor, and one of Mason's numerous errors at second.

They added six in the fifth inning on nothing. Not a hit was registered, two errors being marked against Butler at short and Malone pitcher. One run was walked in. It was a race track with Garcia, Kendrick, Brown, Nesbitt, Taylor and Aiken tallying.

The Laundry gleaned four in the sixth off Woods on Mason's error at first, a single by Kendrick, a walked handed Brown and a single by Taylor, and a walk passed to Aiken by Wood.

The railroaders scored in the fourth inning on singles by Sain and Baber. Three were added in the sixth when Sain tallied on Gunter's single, Baber stole home some way or another, and Gunter tallied on Driver's single.

In the seventh Segell clouded a double tallying on Fierro's error.

Summary: Runs batted in, Gunter, Driver, Kendrick 2, Taylor 3; two base hits, Segell; three base hits, Segell; stolen bases, Aiken, Baber, Gunter; double plays, Gunter to Sain, Nesbitt to Taylor, Valdez to Taylor to Garcia; left on base, Laundry 2, T & P 3; base on balls, by Malone 2, by Woods 7; struck out, by Malone 1, by Aiken 1, by Woods 2; hits, off Aiken in 3 innings 1, off Brown in 4 innings 6, off Malone in 4 1-3 innings 4, off Woods in 2 2-3 innings 2; hit by pitched ball, by Brown (Mason); passed ball, Fierro, Segell; losing pitcher, Malone; winning pitcher, Brown; umpire, Madison.

MOODY LEADS OILBELT LEAGUE, TAKES THREE

Merrick and Bristow Has Hold on 2nd Place

As a result of the last seven days play Moody was at the top of the Oil Belt League due to three consecutive victories over Humble and Merrick and Bristow. The latter team, fresh from a pair of conquests over the cellar occupant club, Sun dropped into second place Monday by losing a closely-contested game to the Moody nine by a score of 8 to 7.

Gresset worked for the winners with Lamb receiving credit for the defeat. It was the third consecutive victory in as many starts for the tall Moody righthander who hurled a no-hit game against Richeo of the City League recently. Both pitchers deserved a better fate, as numerous miscues marred the contest. Each side collected seven hits.

Magnolia and American-Marscalbo split even in their two game series to go into a tie for third place. Cramer and Young worked each time for the entries, each one receiving credit for a win and a defeat. The scores were 8 to 7 and 7 to 3.

League standing through May 16:

Team	Won	Lost	Pct.
Moody	3	0	1.000
Merrick and Bristow	2	1	.667
Magnolia	1	1	.500
American-Marscalbo	1	1	.500
Humble	0	2	.000
Sun	0	2	.000

The Oklahoma conservation commission is mapping all rivers and creeks of the state to work out a system of flood control.

China will increase postal charges 50 per cent on letters and parcels mailed to the United States and Europe.

Spudders Cop Split Honors, Beat Indians

Put Cinch on First Half By Taking Double Bill

By GAYLE TALBOT, JR.
Associated Press Sports Editor

From now until a week from tomorrow, which will be both Wednesday and the day the second half of the Texas League race opens, the boys will be playing just for the exercise and entertainment they might offer the faithful.

The Wichita Spudders closed their books on the first half yesterday when they walloped the San Antonio Indians in both ends of a double bill in the southern metropolis, 7 to 6 and 3 to 0. That placed Carl Williams' warriors nine full games in front of the Houston Buffs, and the first-half ending next Tuesday. Their lead is, under the circumstances, a plenty.

Hal Willis, blond southpaw, was the bright particular star of the leaders' double victory yesterday. Pitching the nightcap, he held the Indians to two scattered hits and chalked up his eleventh win of the season. The Spuds, as usual, made their five blows off Darrow and Hargrove pay full returns.

The first bout was something of

a slugging bee, with the Olters showing across the winning run in the tenth off Mallickey, who had relieved Smith in the eighth. They had tied the count with a four run spurge at Smith's expense in the eighth. Of the 16 hits credited to the Spuds, three were singles by Larry Befencourt. Hallow cracked three for the Indians.

In the only other game played yesterday the Fort Worth Cats trimmed Beaumont, 6 to 4, a three-run rally in the ninth turning the trick. Errors by Holley and Baker after two were down gave the Panthers their chance. Paul East-erling put the Shippers in front in the sixth with a homer, said to have been the longest ever hit at Stuart Stadium. Hank Tiersman started for the Cats but was jacked without having retired a man when the Exports showed across two runs. Dick Whitworth limited the homings to four hits the rest of the way and whiffed six.

Rain washed away the three-part Waco fray at Katy Park with the Sports leading 4 to 3 in the fourth. The Houston Buffs and Dallas Steers rested, having played a doubleheader the previous day.

CREMATE SEGRAVE'S BODY

LONDON, June 17 (AP)—The body of Sir Henry Segrave, who died of injuries received when his speedboat, Miss England II, was wrecked on Lake Windermere, today was cremated at Golder's Green.

CAMEL—made to smoke

ALL THE PLEASURE that tobacco can give is found in Camels! Mild! Fragrant! Soothing! Refreshing as the dawn of a holiday!

Camels are made for this one reason: To give you the utmost smoking pleasure. And this can be assured only by the use of the choicest cigarette tobaccos blended to an inimitable smoothness, and prepared by the most modern and scientific methods of manufacture.

When you light a Camel you have the happy knowledge that money can't buy a better cigarette.

Don't deny yourself the luxury of Camels

YOU CAN BUY A

USED CAR

That Will Prove To Be

A Sound, Practical INVESTMENT

A Used Car is a sensible thing. And... since every car is a Used Car as soon as it leaves the new car salesroom... automobiles in general are sensible things.

New models... alluring new types... and just the fact that Americans are Americans... causes many cars to be traded in on new ones before their real value has been exhausted.

These cars are sold by the automobile dealers at sacrifice prices. Often a guarantee is given with the car. To buy a car... carefully selected... which contains unused miles is to be very sensible.

KENNEDYS TO LEAVE
Mr. and Mrs. J. F. Kennedy, 298 East Sixth street, and daughters,

Miriam and Jennie Lucille, will leave Wednesday morning for a six weeks' trip to California points.

They will return by way of Cheyenne, Wyo., and cities in Colorado.

BROOK— (CONTINUED FROM PAGE 1)

Overcast weather prevailed at the take-off from Jacksonville beach today and moderate headwinds and showers were predicted along the route of the flight.

Existing Records
Three records for coast to coast trips are held by Captain Frank Hawks. These are 19 hours 10 minutes for the east-west hop and 17 hours 38 minutes for the west to east jump and 44 hours for elapsed time, but the transcontinental route from Jacksonville to San Diego is about 400 miles shorter than the distance between New York and Los Angeles which was covered by Captain Hawks.

The stream-lined monoplane of the famous pair is radio equipped and the fliers expected to establish communications with Dallas, Fort Worth, Clovis, Albuquerque, Winslow and Los Angeles to obtain weather forecasts and to report progress of their flight. Call letters for the ship are KHILO and broadcasting was to be done on a frequency of 457 Kilocycles.

CLARA BOW— (CONTINUED FROM PAGE 1)

lowed her husband to Europe, and that after the couple returned "the wife told him that she hadn't taken any of the thirty thousand."

"And when I found that out I decided to take the train for Dallas," the Times-Herald's direct quotation of Miss Bow continued.

"And were the studio guys burned up? 'Whew! You ought to have heard them when I told them I was coming to Dallas.'"

The Times Herald's story concluded: "She came to the defense of the boy friend and stated that when he found out that his wife had taken the \$30,000 from her that he offered to work and pay it all back. But she wouldn't hear to it, as she didn't want to take any of his money."

"But that woman's—that's different," she exclaimed.

Miss Bow's picture, "True to the Navy," is showing here at the Ritz.

Flowers Topic At Luncheon

The flower business was the topic of a classification talk by E. B. Ribble, florist, at the Rotary club luncheon Tuesday in the Episcopal parish house.

"Service is very important in my business. The floral industry first was a hobby. Now we have state and national association, through which local dealers keep in touch with each other."

J. C. Davis, of Lubbock, 10 years old, gave a humorous reading. Guests included W. L. Bradshaw of Lubbock, J. C. Davis of Lubbock, Clarence Fielder of Big Spring and John Hodges of Big Spring.

Shine Phillips told of his extended vacation trip to California. He visited the Long Beach Rotary club while away. In characteristically humorous vein he related incidents of the tour.

Lounge Cars Are Added By T & P

As another step in the progressive improvement policy of President J. L. Lancaster, the Texas and Pacific Railway is making its passenger service still more luxurious by the installation of magnificent new lounge cars, built especially for use between El Paso, Fort Worth, Dallas and St. Louis. They will be handled eastbound on the Texan and westbound on the Sunshine Special, commencing at once.

According to Mr. J. B. Payne, Vice President-Traffic, of the Texas and Pacific, the new cars are the finest examples of club-lounge equipment ever offered to the public. They embody all known conveniences and comforts, including large sun-parlor; centrally located buffet and soda fountain; central lounge; shower and rest room for women; similar convenience for men; barber shop; valet service; magazine library; writing desk; game tables.

The car windows are wide, permitting unobstructed outlook.

Anniversary Sale

Millinery
At A Big Discount
\$9.00 Hats...\$3.95
\$5.85 Hats...\$2.95

New Felts

T A M S

—a new line just received... in white and pastel shades... both crocheted and brushed wool...
60c 90c \$1.65

The interior of each car is decorated in very attractive colors.

The lighting arrangements are extremely effective, and the ensemble is one of the triumphs of modern transportation achievements.

The connecting trains between El Paso and California have recently been provided with a similar type of lounge car, and passengers to and from the far west and to St. Louis and Memphis may now enjoy the highest order of Club Car accommodations, and without extra fare.

A SIMPLE STEP TOWARDS HEALTH

Kellogg's ALL-BRAN is a Daily Essential and Millions Know Its Effectiveness in Relief of Constipation

Perhaps the one simple thing you are not doing to guarantee permanent health is having sufficient roughage in your food. Absence of this roughage is the direct cause of constipation which results in so many other ills—headaches, listlessness, general depression, indigestion and, sometimes, serious disease.

Kellogg's ALL-BRAN is roughage. It is positively guaranteed to relieve both temporary and recurring constipation, or the purchase price will be refunded. Two tablespoons daily (in serious cases, with each meal) is the proper amount.

Kellogg's ALL-BRAN also helps you to health in other ways. It is rich in iron, practically all of which goes into the blood, bringing

red, healthy color to the complexion. It helps prevent anemia. Be sure to include it in reducing diets.

Many eat Kellogg's ALL-BRAN with cream or milk added. It is a delicious addition to cereals, fruits and soups. In cooked foods, such as bran muffins, it is just as effective in the relief of constipation. Recommended by doctors. Ask your grocer for Kellogg's ALL-BRAN in the red-and-green package. Served everywhere. Made by Kellogg in Battle Creek.

Gentlemen of the County..

The Case For Paved Highways Is Conclusive!

Unpaved Roads are Debits	Paved Roads are Credits
Dirt roads are slow	Paved roads are speedy
Unpaved roads are weather-bound	Paved roads are all-weather, all-year highways
Dirt roads are jarring, dangerous	Paved roads insure easy, safe riding
Dirt roads increase the cost of market deliveries	Paved roads decrease the cost of market deliveries
Unpaved roads hold back land values	Paved roads increase land values
Unpaved roads are hard on cars and tires	Paved roads save you more than \$100 every 5000 miles in car operating expenses alone
Maintenance costs on unpaved roads eat up funds that might be used for building pavements	Paved roads pay for themselves out of the savings they produce in maintenance

GENTLEMEN: The case for paved highways is proved many times over. Co-operate with your community in getting the state and county to build more paved highways.

Atlas Cement is made at Waco—by Texas workers—of Texas materials... Along with other economical quality products, your building material dealer can quickly furnish you either Atlas portland cement (gray) or non-staining Atlas White portland cement. Ask for Atlas cements.
