

Tiremen Will Fight Price Fix Charge

NEW YORK, Aug. 19. (AP)—Federal charges that makers of 90 per cent of the nation's tires have conspired for 12 years to fix prices will be fought "to the limit," said E. J. Thomas, president of Goodyear Tire and Rubber Co.

The criminal complaint naming 19 defendants was filed late yesterday in federal district court for the Southern District of New York. It quickly brought denials from the tire-makers, who said that tire prices now are at or below pre-war levels.

The action, Thomas said, "seems utterly preposterous." William O'Neil, president of General Tire & Rubber Co., said that tires are selling 2.4 per cent below pre-war levels and the suit "just doesn't make sense."

"On the basis of present living costs as compared with 1941 the price of tires is down almost 54 per cent," O'Neil said.

Herbert E. Smith, president of the U. S. Rubber Co., said three of the four tires which account for 85 per cent of his firm's business sell below pre-war levels.

The criminal action against the tire-makers followed by a few hours action in federal district court in Los Angeles which William C. Dickson, chief of the West Coast antitrust division, said was to "make possible an early and substantial increase in color motion pictures for the public."

The civil suit charged that Technicolor Motion Picture Corp. and Eastman Kodak Co. conspired to give Technicolor a monopoly on the processing of Kodak's monopack color film. The suit directs cancellation of their contract and release of the process to the whole industry on a royalty-free basis.

At Rochester, N. Y., Eastman's president Thomas J. Hargrave said the firm had no existing arrangement "by which Technicolor does or could control or monopolize the professional color motion picture field."

Technicolor made no comment immediately. A reply to the Federal Trade Commission's "cease and desist" order against steelmakers, whom it accused Sunday of conspiring to fix prices and stifle competition, came last night from Irving S. Olds, board chairman of the U. S. Steel Corporation.

Containing that the present pricing system in the industry had evolved through 50 years "as a natural consequence of the fundamental economic and competitive conditions existing in that industry," Olds said adoption of the commission's pricing plan would cause "chaotic conditions" in industries consuming steel.

Contending that the present pricing system in the industry had evolved through 50 years "as a natural consequence of the fundamental economic and competitive conditions existing in that industry," Olds said adoption of the commission's pricing plan would cause "chaotic conditions" in industries consuming steel.

Reds Demand U. N. Probe Of Java Dispute

Russia Charges U. S. Sought To By-Pass Group

LAKE SUCCESS, Aug. 19. (AP)—Russia demanded today that the security council set up a commission to investigate and arbitrate the Dutch-Indonesian conflict and sharply attacked the United States for a "dangerous" attempt to "by-pass the United Nations."

Foreign minister Andrei A. Gromyko, stated the Russian position for the first time in an emergency council meeting summoned at his specific request. He charged that the United States was attempting to "force its good offices on Indonesia" and was "showing disregard of the Indonesian people and lack of respect for the security council."

"This persistent offering of good offices by the United States becomes even more unbecomingly understood after the Indonesian government has asked the council to create its own commission for arbitration and investigation," Gromyko declared.

He said the American attempt could be viewed only "as an attempt to by-pass the United Nations" and that this was both "undesirable and dangerous."

Previously Gromyko had said the United States was putting "diplomatic pressure" on the Indonesians.

The American offer of good offices was made in the course of opening debate more than a fortnight ago when the council directed the two parties to institute a truce. The Netherlands immediately accepted the American offer but the Indonesians conditioned their approval on the outcome of a plebiscite to the council for U. N. investigation and arbitration.

Washington then sent a note to Jogjakarta last week declaring that if the Indonesians continue to insist on a specific settlement "our offer of good offices necessarily lapses."

ON 101st BIRTHDAY — Mrs. Mary Zinn, known by hundreds simply as "Mother Zinn" will be honored at an informal social gathering on the First Methodist Church lawn at 7:30 p. m. today.

School Board Sets Important Meeting

Members of the Big Spring school board go into an important meeting this evening to consider a volume of problems, and will climax their session with a public hearing on the district's budget for 1947-48.

Prior to the public hearing, at 8 o'clock, trustees will meet to study the fiscal schedule themselves, to make desired revisions.

They also will consider the problem of teacher salaries, in the light of discrepancies noted by the State Board of Education.

Further, the trustees may act on a petition, being circulated today, requesting an election to determine issuance of bonds for new buildings and raising the maximum tax levy to finance the issue.

It was expected that petitions bearing sufficient signatures will be placed before the board at their session.

A member of the United States delegation said that Secretary Marshall had not yet received invitations to any of the functions scheduled to honor Senora Peron.

Marshall took advantage of a conference held today to confer with Foreign Minister Juan A. Bramuglia of Argentina. He held a similar conference yesterday with Foreign Minister Jaime Torres Bodet of Mexico.

The only conference business scheduled for today was a meeting of the committee on aggression.

Blast Rocks Spanish Plant

Dead Estimated At More Than 400

CADIZ, Spain, Aug. 19. (AP)—More than 400 persons were estimated by newspapermen here today to have been killed when a Spanish naval torpedo plant exploded last night, wrecking a residential section, an orphanage, a hospital and a factory.

Earlier estimates had placed the injured at several thousand and the property damage at \$10,000,000. Official censorship was placed in effect near the scene of the explosion on the narrow Cadiz peninsula, about two miles from the center of the ancient city of 80,000.

Troops patrolled the area and barred reporters from the disaster zone. The film of three Spanish photographers who had entered the area was confiscated.

An ocean mine factory and a warehouse went up with the torpedo plant. The ruin was so complete that no clue to the cause of the explosion was left.

Resulting fires destroyed the Echevarrieta and Larrinaga shipyards. Buildings were damaged and windows shattered throughout this ancient port city of 80,000, which was left without water, electricity and railroad or highway communications.

So complete was the ruin of the naval arsenal, situated about two miles from central Cadiz, that no clue was left to the cause of the disaster.

The force of the explosion cracked buildings in the heart of Cadiz. Street cars were derailed. The huge doors of the Cadiz cathedral were torn from their hinges.

The explosion came at 10 p. m. last night. The heaviest casualties and damage were believed in the summer colony and residential district of San Severiano, which is near the submarine naval base in the neck of the narrow peninsula.

Spanish authorities announced no estimate of the casualties. Reporters said most of the injured they saw had been cut by flying glass or were bruised by falling debris.

The Jerez De La Frontera radio station, 15 miles to the north, broadcast appeals throughout the night for doctors, nurses and medicines.

Ambulances and rescue teams were arriving from as far east as Malaga, west from Huelva, and north from Sevilla.

The population of the San Severiano district, which received the full force of the explosion, was about equally divided between summer vacation transients and workers.

Many prominent persons who live in chalets along the peninsula coast were expected to be among the injured.

U. S., Argentine Leaders Confer On Defense Plan

QUITANDINHA, Brazil, Aug. 19. (AP)—Secretary of State Marshall and Argentina's Foreign Minister, Juan A. Bramuglia, discussed all main points of the inter-American defense treaty at a half-hour private conference today.

The two conferred at Bramuglia's apartment. "We discussed all main points of the treaty and exchanged views," Gen. Marshall said as they emerged.

Bramuglia told newsmen "The general was given a statement." Marshall is to deliver a major policy address at the conference tomorrow and is expected to spell out United States views on questions facing the delegates in drafting a Hemisphere defense treaty.

The biggest question involved thus far is Cuba's demand for a clause to bar "economic aggression" as well as military attacks.

Marshall's speech is scheduled to follow the arrival of Senora Eva Duarte Peron, wife of Argentina's president, at the plush Quitandinha hotel where the conference is being held.

The Argentine delegation will tender her a gala reception. It was not known yet whether she would be escorted into the chamber where conference plenary sessions are being held.

A member of the United States delegation said that Secretary Marshall had not yet received invitations to any of the functions scheduled to honor Senora Peron.

Marshall took advantage of a conference held today to confer with Foreign Minister Juan A. Bramuglia of Argentina. He held a similar conference yesterday with Foreign Minister Jaime Torres Bodet of Mexico.

Concessions In British Loan Appear Likely

WASHINGTON, Aug. 19. (AP)—England appeared likely today to win concessions at the Anglo-American "dollar crisis" by conference here permitting a temporary boost in buying from the dominions at the expense of trade with the United States.

American officials said privately this would fall far short of a panacea for England's economic ills but is one remedy which may be available without waiting on Congress to amend the \$3,750,000,000 British loan agreement.

That agreement bars the British from "discriminating" against this country's goods unless it can get better price and quality on the same items elsewhere.

A relaxation would permit England to use her own pounds more extensively in sterling countries and thereby conserve some of the dollars whose flight from England threatens her economic stability and that of Europe as well.

As the conference entered its second day with an afternoon meeting scheduled, Sir Wilfrid Eady, spokesman for the British treasury, still had not divulged his specific proposals to the U. S. national advisory council on international monetary problems, headed by Secretary of the Treasury Snyder.

Survey Expert Will Work Here This Week-End

Dr. Sidney L. Smith, Pittsburgh, Pa., who has been retained to make an exhaustive survey for the joint industrial committee of the T&P and the West Texas Chamber of Commerce, will be in Big Spring Saturday and Sunday, J. H. Greene, local chamber manager, announced this morning.

Dr. Smith is beginning a tour this week which will take him to all cities and towns served by the T&P. While here he will compile data on present and potential industries, development of minerals and other natural resources.

Several local persons will be asked to contribute information to the survey. Greene said and any person in a position to give information on any topic related to industry in this area is invited to contact the chamber of commerce and arrange for an appointment with Dr. Smith.

Although a definite procedure has not been announced, the information gathered on this trip is expected to lay the groundwork for the over-all survey, which Dr. Smith is to complete for the committee. Therefore, it is imperative that all pertinent information be made available, Green declared.

Ex-Coloradoan Dies In Mishap

COLORADO CITY, Aug. 19. (Sp)—Word was received here this morning of the death in a traffic mishap near Kingman, Ariz., of Basil Hudson of Midland, who resided in Colorado City for several years. He formerly was tax assessor-collector for Mitchell county.

Hudson, with Mrs. Hudson and their two sons, Bob and Bill, and a sister, Miss Robbie Hudson, were on a vacation trip. According to word received by another sister, Mrs. Leroy Gressett of Westbrook, Hudson had stopped his car and alighted to check a tire. He was struck down by a passing car and was killed instantly.

Hudson, 42, was a graduate of Texas Tech, taught at the Buffalo school near here, then was appointed deputy tax collector. He later was elected to the tax office, and after being re-elected, resigned a few years ago to move to Midland, where he was associated with an oil company.

Truck Drivers Given Safety Awards

HOUSTON, Aug. 19. (AP)—Two truck drivers who have driven more than a million miles each on Texas Highways without accident today sported brand new gold engraved watches for their safety records.

W. B. Turner of Hempstead and N. M. Mitcham of Waco were given the watches by their employers, the Central Freight Lines.

FLEET SURRENDERS ASUNCION, Paraguay, Aug. 19. (AP)—The Paraguayan rebel fleet has surrendered unconditionally, it was announced officially today.

Lewis May With-hold Affidavit

Labor Unions Issue Anti-Red Edicts

WASHINGTON, Aug. 19. (AP)—CIO local unions were told today that National Labor Relations Board services will be barred to them unless every member of the 51-man CIO executive board swears he is not a communist.

Similarly, no AFL union can petition for a collective bargaining election or bring an unfair labor practice charge against an employer unless each of the 15 members of the federation's executive council files a non-communist affidavit.

Robert N. Denham, NLRB general counsel, handed down this decision as he issued the affidavit forms required under terms of the Taft-Hartley law which goes into full effect Friday.

Canadian Coal Embargo Lifted

WASHINGTON, Aug. 19. (AP)—The office of defense transportation to United States coal shipments to Canada.

The embargo was invoked last Wednesday midnight against shipments via the Canadian National Railways, government-owned principal rail line in the dominion. It was designed to speed the return to this country of badly-needed U. S. freight cars held in Canada.

Figures released by ODT at the time indicated Canadian National had been tardy on making returns. The embargo did not affect shipments via the privately-owned Canadian Pacific Railway, Canada's second largest line.

ODT officials in announcing the immediate lifting of the embargo today expressed belief the purpose has been served, in that the return of U. S. cars has been greatly speeded up.

As for the AFL, there have been reports that John L. Lewis, although a vigorous anti-communist, might withhold his affidavit as a matter of principle. As president of the United Mine Workers and an AFL vice president, Lewis is a link in the AFL chain.

Denham estimated that about 500,000 union officials—representing some 50,000 local, national and international labor organizations—will be directly affected by the requirement for a non-communist affidavit.

Local Scout Is Awarded Heroism Medal

Donald Williams, son of Mr. and Mrs. Roy C. Williams, has been awarded the Certificate of Heroism, the highest such award offered by Boy Scouts of America. H. D. Norris, local Scout field executive, announced this morning.

The award was made as the result of an incident which occurred on May 18, 1946, when Robert Vaughn was recovered from a possible drowning.

According to the official report forwarded to the Boy Scouts organization, Vaughn had submerged while swimming at a Senior Day activity at Christoval. Young Williams, who was not in the water at the time, dived into the pool and succeeded in bringing Vaughn to the surface in ample time for artificial respiration to effect full recovery.

Donald is an Eagle Scout and a former chief of the Buffalo Trail Council Order of the Arrow.

Recruiter Will Testify In Trial

Sgt. Kenneth Luton, assigned to duty at the Big Spring U. S. Army recruiting station and currently in Monahans, has been ordered to proceed to San Francisco where he will serve as a witness in the court martial of Lt. (JG) Richard F. Gascoigne U. S. N.

Luton was a prisoner of the Japanese along with Gascoigne during World War II.

The sergeant also testified in the trial of Lt. Com. Edward Little, a camp commandant charged with mistreating fellow prisoners, in Washington, D. C., some time ago.

Ill-Gotten Income Held To Be Taxable

AUSTIN, Aug. 19. (AP)—How a wealthy Texas widow was swindled of \$272,000 through fake maps of buried treasure on her 23,040-acre ranch was recounted in an income tax decision here.

The account was included in a decision by Federal Judge Ben H. Rice, who ruled that money obtained by swindling was income and taxable, and he thus denied a man and his wife recovery of \$2,512.86 income taxes.

The widow was Mrs. Dora Roberts of Big Spring, who was visited by a man in 1929 to discuss oil leases.

In talking to him, the decision said, she mentioned that she had heard tales that there was gold buried on her land.

In 1932, the man returned in company with a second man, whom he said could obtain possession of maps in Mexico showing exact location of treasure on her land.

She advanced \$1,600 to obtain the maps, the decision said. The man and the widow went to the spot indicated by the map. Laid up was a quantity of metal bars. They were taken to her house for safekeeping.

That was the beginning. All in all, the widow expended \$43,100 in 1932, \$35,100 in 1933, \$97,500 in 1934, \$64,000 in 1935 and \$32,000 in 1936.

The money was divided by the two men who offered to get the maps for her and find more gold, Judge Rice said.

The "gold bars" turned out to be 5,800 pounds of brass melted into bars.

The decision said the "gold" was buried prior to the "discoveries."

TEXAS REMAINS HOT AND DRY

By The Associated Press

A new storm looms for the west in the Gulf of Mexico—out near Florida—but weather in Texas was hot and dry today.

A few widely scattered showers are forecast for the southern part of East Texas, and in West Texas. No change in what the weather bureau called "seasonal temperatures" is expected.

Cooler spot today was Guadalupe Pass with 66 degrees. Amarillo was next with 66. Warmest yesterday was 100 degrees at Childress.

No rain of any consequence was reported for the 24 hour period ending at 7 a. m. today.

The Belgian Congo is a realm 78 times the size of the Belgian homeland.

Investigation Is Ordered

Airmen Tell Story Of Crash In Pacific

HONOLULU, Aug. 19. (AP)—The Pacific plane crash which left five known dead and five presumed dead, including Ambassador George Atcheson, Jr., was described by airmen here today as a tragic accident caused by a combination of human error and mechanical failure.

mediate investigation ordered by Gen. Carl Spaatz, Army Air Forces commander. Fliers meanwhile based their unofficial judgment of both human error and mechanical failure on this confirmed sequence of events: The converted B-17 bomber left Tokyo last Friday. It landed at Guam and ground crews there removed a faulty engine, replacing it with another. The pilot, Capt. K. R. Still, took the plane up for a three-hour test flight, and the 20th Air Force on Guam subsequently reported it in "top condition."

The flight continued across 1,200 miles of ocean to Kwajalein, in the Marshall Islands. The plane took off from Kwajalein Saturday after refueling—carrying a total of 31,190 gallons of gasoline, sufficient for more than 15 hours' flight. The Kwajalein-Cahn (Honolulu) flight normally requires about 12 hours. As the plane headed east it drove into a 10-mile headwind.

Captain Still did not stop at little Johnston island, 715 miles southwest of Oahu. He radioed the Johnson tower that he had enough fuel left for eight hours' flight—which would have been more than ample to reach Honolulu's Hickam field.

Then things began to go wrong. The ear-air rescue center here estimated the ship actually was a little farther from Oahu than its pilot believed; and the headwinds were getting stronger. They ranged up to 21 miles an hour—nothing unusual, but placing a heavier drain upon the fuel supply.

Capt. T. L. Rider, the navigator said the new engine seemed to be eating too much gasoline; and the pilot, he related, believed his gasoline gauges must be wrong. As midnight neared, the pilot asked the Oahu radio control center for a fix on his position; he reported he was 25 minutes out, and had only 20 minutes' fuel. The Hawaiian sea frontier radio center estimated, however, that the plane was making only 150 miles an hour against the winds, and that it was then 110 miles out. The new engine "went out" shortly, said Rider. Then another engine quit, and finally a third, while the plane lost altitude rapidly.

Even the ditching (setting down at sea) went wrong, said the survivors. In the pitch black night, a wing hit the waves first. Then, as Rider said, "the plane started to catapult and cartwheel." Rider was one of the three who escaped but he has no idea how. The army listed other survivors as Col. Harvey Hugin, Fairfield, Ia., and Sgt. L. C. Holland, of Colmesneil, Tex., who later was identified in an Army announcement in Tokyo as Cpl. Travis J. Holland of Akron, Ohio. The latter survivor was in a coma.

Wendell Bedichek Purchases Paper At Coleman

Purchase of the Democrat-Voice, weekly newspaper at Coleman, by Wendell Bedichek, managing editor of the Abilene Reporter-News and formerly associated with The Herald in Big Spring, has been announced by Bedichek at Abilene. He will assume charge of the paper September 1. Purchase was made from Sam Braswell, Jr., of Kerrville.

A graduate of Abilene Christian college in 1924, Bedichek worked for the Abilene paper for several years before coming to Big Spring in 1929, as managing editor of The Herald. He held that position until 1934, when he joined the Corden Oil corporation in a public relations capacity. Bedichek returned to Abilene in 1935, became managing editor of the Reporter-News in 1937. He has been active in civic affairs throughout his business career, served as president of the Big Spring chamber of commerce during his residence here.

Lem Daniel Keefer, 48, resident of Star Route, Stanton died at his residence at 7 p. m. Monday. He had been a resident of Howard and Martin County since 1936. Funeral arrangements are incomplete but will be held some time Wednesday at the Eberley Funeral home. Rev. T. R. Hawkins, pastor of the First Baptist church at Stanton will officiate. Interment will be in the local cemetery.

Angelo Davenport, Charlie Anderson, Mike Anderson, Roy Bates, A. B. Johnson and Claude Russell will be the pallbearers. Survivors include the widow, six sons, James D. of Urbana, Robert W. of Santa Anna, Calif., Roy E. of Odessa, Levi E., Claude P., and Lem D. all of Stanton; one brother, Bert Keefer of Andrews; two sisters, Mrs. E. A. Shields of Florey and Mrs. William Lifanbee of Denver City and five grandchildren.

Weather Forecast

Dept. of Commerce Weather Bureau
BIG SPRING AND VICINITY—Partly cloudy this afternoon and Wednesday. Scattered afternoon and evening thundershowers. Little change in temperature. Expected high today 94, low tonight 71, high Wednesday 96.
WEST TEXAS—Partly cloudy this afternoon and Wednesday. Scattered afternoon and evening thundershowers. No important temperature changes.
EAST TEXAS—Partly cloudy this afternoon and Wednesday. Scattered afternoon and evening thundershowers in south portion. No important temperature changes. Gentle to moderate southeast winds on the coast.

(AP)—Cattle 4,500; calves 3,782; fairly active; mostly cattle steady; best fat calves steady to slightly higher; medium and good grades 12.00 to 12.50; common to medium grades 11.00 to 11.50; canners and cutters 8.50 to 10.00; hogs 16.00 to 17.00; light and heavy fat calves 16.00 to 23.00; light and heavy fat hogs 16.00 to 23.00; good stock 23.00 to 24.00; good feeder pigs 22.00 to 24.00.
HOGS 4,600; active; all classes strong. Medium and good slaughter spring lambs 20.00 to 22.00; medium and good shorn lambs 18.00 to 20.00; good and choice kinds to 9.50; cull and common 6.00 to 7.50; medium and good feeder lambs 18.00 to 20.00.
WALL STREET
NEW YORK, Aug. 19. —Efforts to revive the stock market generally were unsuccessful today although scattered favorable rumors and news items were reported. Bullish sentiment had to contend with the government's anti-trust suit against the rubber industry which had a depressing effect on the steel industry. Slowdown was frequent after the opening and the direction was a trifle cloudy near midday. Bonds were narrow and cotton futures lower.

Lubbock Man Speaks To Water Experts
J. A. Stanley, Lubbock, is to be principal speaker at a meeting of the Permian Basin Water Works and Sewage Plant Operators at 8:30 p. m. today in the city fire station. Stanley will address the group on "The Effects of Flourine in Drinking Water, and Methods for its Removal."

Memorial Volume Given To Library
Gift of a new volume to the Howard County Free Library has been announced by Mrs. Benny H. Collins, librarian.

Scout Conference Is Postponed
A Scouters conference originally scheduled for tonight at the First Methodist Church has been postponed, Charles Watson announced this morning.

Hollywood Bank President Dies
NORTH HOLLYWOOD, Calif., Aug. 19. (AP)—A bullet through the heart ended the life of a prominent Hollywood bank president yesterday and Det. Lt. E. W. Smith said the victim left a note for his 31-year-old private secretary which read in part: "To think that you are now in the arms of another man is more than I can stand."

Rebecca Osborne, Lamesa woman, who signed a statement that she was taking a quantity of beer to her home town only after she made it plain that she never over-charged her customers, entered a plea of guilty in county court this morning to the charge of possession of liquor for purposes of sale without a permit. Her fine was set at \$200 and costs by Judge Walton Morrison.

After she had been hailed into the county attorney's office for questioning, Rebecca refused to discuss the case until J. T. Morrison of the Texas Liquor Control board suggested that she had been selling her brew "above ceiling." "I never charged more than 50 cents a bottle for my beer," protested Miss Osborne.

William Thomas, a local taxi-cab driver, was charged with transporting liquor without a license in the same case and fined \$100 and expenses by Morrison.

The two were followed out of town by L. W. Smith of the Liquor Control board and arrested some 14 miles north on Highway 87.

Martin Club Boys Acquire Calves For Feed Tests
STANTON, Aug. 19.—Three Martin county 4-H club boys have selected calves and are to start feeding programs within a week. They are R. S. Heggins, who acquired his calf from Bob Cox and is to feed dry lot; Weldon Appleton, who also will feed dry lot; a calf of James from Doggy Stone; and John Dale Kelly, who acquired an animal from Edwin Tom for a milk-feeding test.

A group of Martin county farmers met at the Brown school house Monday evening to organize a cotton association. Importation of harvesting labor was the principal topic of discussion.

The local American Legion post is sponsoring a Barbecue Tuesday evening, at the Legion ball park.

Bill Green, who has contracted to enlarge the Magnolia service station here, started preliminary work Monday.

The Martin County Memorial hospital membership will hold its second annual meeting at the City park in Stanton Sept. 2. Main attraction of the event will be the serving of barbecue with all the trimmings. Marvin Graham, who will have charge of the feed, said 600 pounds of meat will be prepared.

MIAMI, Fla., Aug. 19. (AP)—The weather bureau reported a tropical storm was developing today in the Gulf of Mexico about 150 miles west-southwest of Key West and was moving slowly westward about eight miles an hour and increasing in intensity.

The weather bureau said strong winds at 10:30 a. m. between 40 and 50 miles per hour within 50 miles of the center and strong squalls extend more than 200 miles to the east and north.

Caution was advised all interests in the southeastward Gulf of Mexico area and small craft were warned to remain in port south of Miami around to Sarasota.

The storm is located near latitude 24 degrees north, longitude 83.8 degrees west or about 150 miles west southwest of Key West, the weather bureau said.

FREED ON BOND
W. B. Lollar, charged with assault and attempted rape, has been freed from the county jail on \$1,000 Aug. 6.

RETURNS FROM VISIT
George Choate returned home Monday evening from a visit with relatives in Colorado.

Lamesa Arrested On Liquor Charge

Rebecca Osborne, Lamesa woman, who signed a statement that she was taking a quantity of beer to her home town only after she made it plain that she never over-charged her customers, entered a plea of guilty in county court this morning to the charge of possession of liquor for purposes of sale without a permit. Her fine was set at \$200 and costs by Judge Walton Morrison.

After she had been hailed into the county attorney's office for questioning, Rebecca refused to discuss the case until J. T. Morrison of the Texas Liquor Control board suggested that she had been selling her brew "above ceiling." "I never charged more than 50 cents a bottle for my beer," protested Miss Osborne.

William Thomas, a local taxi-cab driver, was charged with transporting liquor without a license in the same case and fined \$100 and expenses by Morrison.

The two were followed out of town by L. W. Smith of the Liquor Control board and arrested some 14 miles north on Highway 87.

Senior Senator Opposes Newcomer

Housing Investigators Are Squabbling Over Leadership

WASHINGTON, Aug. 19. (AP)—A group of Congress members trudged back to the capitol today to start the ball rolling on a \$100,000 housing investigation—and settle a who's-to-be boss squabble.

The choice of a chairman is a hot issue to be cleared away before the Senate-House committee gets down to its assignment of finding out why homes are scarce, why they cost so much and what can be done about it.

The tussle over the chairmanship, according to a committee member, is between veteran Senator Tobey (R-NH) and Senator McCarthy (R-WIS), a freshman in Congress.

Those familiar with the behind-the-scenes efforts to line up votes claimed that Tobey had an edge, and McCarthy's supporters did not dispute this.

The Wisconsin first term is one of the sponsors of the resolution authorizing the inquiry into the housing situation. Friends said he wants the chairmanship, but is even more interested in keeping it from Tobey.

But Tobey has the inside track because he is chairman of the Senate banking committee, while McCarthy is at the end of the Seniority list. The joint housing committee is made up of seven members each from the Senate and House banking committees.

The custom is to pick a senator to head a Senate-House committee. McCarthy and Tobey tangled frequently during the last session of Congress. One issue on which they differed sharply was the Taft-Elder-Wagner bill to set up a long range housing program.

More Boll Worms Are Expected
A new crop of cotton boll worms may be expected in the county between Friday and Monday, County Agent Durward Lewter warned this morning.

Lewter said he had kept specimens in his office for constant observation and that he expects a new generation to begin appearing on Friday. Cotton farmers were advised to prepare for control measures on that date, and the county agent emphasized that all farmers should watch their cotton crops closely during the next few days.

A few signs of leaf worms were noted on an inspection trip this morning, Lewter said. However, the first generation is not expected to cause sufficient damage for alarm.

MIAMI, Fla., Aug. 19. (AP)—The weather bureau reported a tropical storm was developing today in the Gulf of Mexico about 150 miles west-southwest of Key West and was moving slowly westward about eight miles an hour and increasing in intensity.

The weather bureau said strong winds at 10:30 a. m. between 40 and 50 miles per hour within 50 miles of the center and strong squalls extend more than 200 miles to the east and north.

Wendell Bedichek Purchases Paper At Coleman. Purchase of the Democrat-Voice, weekly newspaper at Coleman, by Wendell Bedichek, managing editor of the Abilene Reporter-News and formerly associated with The Herald in Big Spring, has been announced by Bedichek at Abilene. He will assume charge of the paper September 1. Purchase was made from Sam Braswell, Jr., of Kerrville.

TAKE A LOOK AT YOUR INSIDES. Are you making like a roller coaster? Your bowels and press so hard on the kidneys that it gives you pain in the small of your back over your kidneys, making you think you have kidney trouble; at night the gas in your bowels may press upon your bladder making you get up frequently. In the morning you are tired instead of refreshed. Gradually your health is impaired. Your complexion may become sallow or bilious; dark rings may appear under your eyes, you may feel lazy, dull and irritable or hinc and melancholic. You may have frequent colds (catarrh) or dull head-ache; your bowels stop their free full and natural action; you have constipation, gas, indigestion and self-poisoning or "intestinal toxemia," as many doctors call it. This group of symptoms is referred to in the South as "torpid liver" but aptly and better expression would be Torpid Bile Flow. HOW TO INCREASE BILE FLOW. But when the bile stops flowing freely how can we help Nature speed it up? The answer is: TAKE CALOMEL AT BEDTIME AND DRINK WATER FREELY THE NEXT DAY. The beneficial effects of Calomel lie in the fact that they are (1) laxative, (2) antiseptic to the intestines, (3) diuretic to the kidneys, (4) effective in relieving symptoms due to constipation and sluggish bile flow. These improved calomel compound tablets make calomel taste pleasant. They are sugar-coated, palatable, prompt and effective. It is not necessary to follow them with salts. Try them and see. Follow directions on label. At your druggist's.

Are you making like a roller coaster? Sure your own and your family's future security is to start saving regularly and systematically now. You can do this easily... almost painlessly... with U. S. Savings Bonds. U. S. Savings Bonds are 100% guaranteed by our government. They pay you \$4 for every \$3 you put in, after ten years. Which means the money you save makes more money for you—without risk. You can buy Savings Bonds regularly through the sure, convenient Payroll Savings Plan. If you can't join Payroll Savings—and do have a checking account—ask at your bank about the new, automatic Bond-a-Month Plan. Join either today—and you'll take the roller coaster run-around out of your saving system! SAVE THE EASY, AUTOMATIC WAY—WITH U. S. SAVINGS BONDS. BIG SPRING DAILY HERALD. This is an official U. S. Treasury advertisement—prepared under auspices of Treasury Department and Advertising Council.

American Airlines Showing Profit

Operations of American Airlines, Inc. in the second quarter of 1947 resulted in a net profit of \$786,353, as compared to a loss of \$3,073,636 in this year's first quarter and a second quarter profit of \$225,901, according to figures released by J. W. Campbell, local American Airlines manager.

Operating revenues rose to \$22,115,205 in the second quarter, compared with operating revenues of \$15,703,940 during the first quarter.

The airline's statement of revenues for the first six months shows that operating expenses were held to virtually the same figures in the second quarter as those recorded for the first quarter, but revenues jumped 41 per cent.

At the end of June this year, American's fleet consisted of 132 planes, 16 of them the new 52-passenger, four-engine DC-6 flagships, 39 of them 50-passenger four-engine DC-4s, six DC-4 airfreighters, 67 21-passenger twin-engine DC-3s, and four DC-3 airfreighters.

Houston May Be Baptist Centennial Convention Site

HOUSTON, Aug. 19. (AP)—Houston has been virtually assured as the site of the 1948 centennial convention of the Baptist General Convention of Texas, J. Lowell Ponder, missionary for district 4, said the Baptist pastors conference Monday.

Ponder said he had talked with convention officials in Dallas and been virtually assured that the convention will be here. Dates have not been announced.

Coastwise Steamship Lines Ask Rate Raise

WASHINGTON, Aug. 19. (AP)—Coastwise steamship lines operating between the Atlantic and Gulf ports asked authority today to increase their freight charges a line with the new 16 per cent freight rate increase being asked by railroads.

In a petition to Interstate Commerce Commission, the water carriers also joined the rail lines in asking for corresponding upward revision of combination rates involving both rail and water movement.

The steamship petition asserted that wages of ship crews and the cost of supplies have increased about 150 per cent and basic long shore rates have gone up more than 60 per cent since 1941.

Green Promises AFL Political Activity

GREEN BAY, Wis., Aug. 19. (AP)—A work holiday of up to 10,000,000 striking men next election day will highlight the American Federation of Labor's campaign to insure the largest possible vote against members of Congress who voted for the Taft-Hartley law, AFL President William Green said Monday.

At a news conference before he addressed the annual convention of the Wisconsin State Federation of Labor, Green forecast the most intensive program of political action in the history of the AFL. He predicted that most congressmen who approved the bill would be defeated, adding that he never had seen the workers "so aroused."

JACK TO WORK
ALEXANDRIA, La., Aug. 19. (AP)—The Southern Trailways system, whose approximately 1200 employees have been on strike since May 21, announced Monday that plans for resuming bus operation are getting under way.

Tea is grown in Ceylon, India, Java, Sumatra, China, Japan and Formosa.

On THE DOUBLE IN PALESTINE — A detachment of Irish Fusiliers advance on the double into the Arab quarter during a gun fight on the borders of the Jewish city of Tel-Aviv and the Arab city of Jaffa, Aug. 14. Four Arabs and one Jew were killed in the day-long battle before British troops moved in to form a barrier between the areas. (AP Wirephoto).

Travelers Trapped In Mexico

Food, Medicine Sent Tourists Stranded Between Landslides

JACALA, Mex., Aug. 19. (AP)—Highway workers said today bus passengers and tourists stranded on a 60-mile stretch of the Pan-American highway between here and Tamazunchale to the north by two landslides were being supplied with food and medicine.

A section of the highway 65 feet north of here Friday night during torrential rains caused by a tropical hurricane which struck the coast earlier in the day.

Thirty-seven miles farther north at Tamal, an avalanche of dirt and stone driven by a cloudburst wiped out 43 houses and killed at least 19 people.

A flash flood at Axtla, just off the Pan-American highway south of Tamazunchale reportedly damaged 150 houses. There were no known casualties.

Tamazunchale is one of the favorite stopping places for tourists traveling between Mexico City and Laredo.

Highway Superintendent Francisco Maldonado said all the bodies recovered at Tamal were residents of the village.

Two persons were killed in a landslide at Villa Cerrada, 19 miles north of here, where highway workers said a tiny village "disappeared."

The highway engineer said a provisional detour, was built around the slide at Villa Cerrada so that tourists stranded at Tamazunchale could leave. Tamazunchale is 536 miles south of Nuevo Laredo and Jacala is 176 miles north of Mexico City. The landslide area is about 60 miles long.

The highway from Tamazunchale to Jacala rises from 361 to 4,592 feet above sea level and is one of the most dangerous stretches of the Pan-American highway. The road switches back and forth through mountain passes and in places there are thousand-foot deep gorges on one side and rising cliffs on the other.

Southbound traffic is being detoured at Antigua Morelos by way of San Luis Potosi and Queretaro. The detour is 641 miles long and increases the distance between Mexico City and Nuevo Laredo by 385 miles.

The department of federal highways in Mexico City said the detour was the only one feasible for the time being because there are no paralleling roads in the landslide area.

Highway workers here said it would be five or six days before buses and automobiles caught in

DRY CRACKED LIPS? that's a job for 'Comfy' and 'Minty' the MENTHOLATUM TWINS

Quick MENTHOLATUM
When hot sun and dry winds parch lips, leave them cracked and smarting so it even hurts to smile—quick! call for Mentholatum, containing comforting Camphor and minty Menthol. Soon smarting pain leaves, your lips feel softer, smoother...you smile again. Get soothing, cooling Mentholatum today. ALSO RELIEVES SUMMER COLD MISERY, STUFFY NOSTRILS, SUNBURN

Takes Peacemaker Role Among Texas' Young GOP's

DALLAS, Aug. 19. (AP)—John B. Ferris, Dallas, newly-appointed director of organization for the Young Republican Clubs of Texas, said today he had returned from a conference in Washington with national Republican leaders to take on the role of peacemaker between rival Texas GOP groups.

Ferris, a former president of the Dallas county young Republican club, conferred with Carroll Reece, chairman of the Republican national executive committee.

"The national headquarters has determined to stay out of Texas' dispute and let the Texans settle their own affairs," Ferris said.

Latest action in the Texas fight was removal from party office of three leaders of the Republican Club of Texas in a meeting of the state executive committee here.

Harkriders Become Feed Store Owners

Burrus Texo products and other quality livestock and poultry feeds will continue to be featured by Mr. and Mrs. Dub Harkrider, who recently purchased the Hawkins Feed store from Mr. and Mrs. J. L. Hawkins, the new owners have announced.

The store, which is located at 700 Lamesa Highway, already is a popular stop for livestock and poultry raisers, and Mr. and Mrs. Harkrider have extended a cordial invitation to established patrons and new customers to visit the firm and discuss their feeding problems.

The Harkriders are former residents of Mitchell county, and Mr. Harkrider has been actively engaged in livestock feeding for a number of years. He has a wide and varied experience in feeding registered cattle and show animals as well as all types of commercial livestock.

For several years he was in charge of feeding operations for Roy Largent, well-known registered Hereford breeder.

The new owners plan to build up an attractive stock of quality feeds, and raisers of registered and commercial cattle and sheep are invited to come in for consultation whenever they need help in working out suitable rations for their livestock.

Kyle Gray Can Move Big Stuff

One of the 10 vehicles the Kyle Gray transfer company has in operation at the present time is a winch-truck, capable of lifting and moving heavy pieces of equipment and machinery, including motors of all types and oil field machinery.

The concern is licensed to handle oil field equipment of all kinds. Half of Gray's trucks are built to haul cattle and the establishment will ship the animals either across town or anywhere in five Southwestern states—Texas, New Mexico, Oklahoma, Arkansas or Louisiana.

Gray maintains representatives at both cattle auction sales here to handle all orders of that type with dispatch.

Furniture and household goods of all types can be transported anywhere throughout the country. The transfer company has been occupying its present quarters on the East Highway for the past two years. However, Gray has been in business here for more than ten years. The establishment was known as the Big Spring Transfer company and owned and operated by Rowan Settles when Gray purchased his stock.

Seven men are employed by Gray to see that all the equipment is kept in top working condition. Gray can be reached during daylight hours at Telephone No. 632 but will handle any trucking emergency at night. His home phone is No. 1415.

The ivory gull is found in the Polar Sea at 85 degrees North, less than 350 miles from the Pole the most northerly record of any bird.

FRIENDLY VOICE — When George O'Brien, operator of the O'Brien Grocery and Market takes your call, you feel the warmth of friendliness and neighborliness as though you were standing across the counter. This refreshing spirit is as much an O'Brien trademark as the bargains and quality stocks offered at the store at Eleventh Place and State. (Jack M. Haynes Photo.)

Hard Water Outmoded Now

One of the most eloquent testimonials on behalf of Culligan Soft Water service is reflected in satisfied customers. Once a customer avails himself of the economical service, he seldom ever surrenders it. Actually, according to statistics, it saves him money.

"Hard water is as old fashioned as tolerating the faint flickering of a candle." Thus it is that daily more people are calling Culligan Soft Water Service and asking for an inexpensive installation on a nominal monthly service charge. There is nothing to buy or maintain, and it actually save you money.

The first Spanish mainland settlement in South America was founded in 1509 by Alonso de Ojeda on the Gulf of Uraba, Colombia.

Figures Prove You Cannot Afford Not To Have Soft Water In Home

You cannot afford not to have soft water.

Through higher soap costs, damage to fabrics, to plumbing, etc., statistics show the "extravagance" of hard water costs the average American family \$100 per year.

Softwater through the Culligan way costs well under a third of that, and, at the same time, affords greater pleasure to the user.

Difference in water passed through a Culligan unit (you buy no equipment or materials) installed in your home or business is immediate and apparent. Hair shampooed with soft water has a new lustre, foods cook quicker and retain more flavor, dishes take on a new sparkle, less soap is required for washing and bathing and curdles vanish, and all the while mineral deposits in your water heater is reduced to the minimum. In 1,500 cities and towns in 38 states and Alaska, Culligan zeolite units are operating. It is estimated 1,000,000 homes now enjoy soft-water.

The process is simple. Water is channeled through a unit containing zeolite (sodium silico aluminate) which, through ion exchange,

swaps for the calcium and magnesium salts in hard water. At regular intervals, Culligan servicemen exchange the units to keep an active charge on hand.

Simple, too, is the way to save yourself money and enjoy soft water. Just call Culligan service, phone 535.

SWEET MUSIC—There is no finer reproduction in tone and general fidelity to the original than issues from Crosley radios. Almost since the beginning of standard broadcast radio, Crosley has been a familiar name and a signal for quality. None of the many famous models of the past, however, equal those now on display at Stanley Hardware Company for performance. (Jack M. Haynes Photo.)

Take A Tip, Start Christmas Shopping

It's a bit early for people to be reminded to do their Christmas shopping early but Hester's Office Supplies, dealers in house-hold appliances, sporting goods and toys as well as office equipment, has already placed its order for Christmas stock.

The concern is planning on having "plenty of everything" save adding machines and electric ice boxes at that time.

The CHIROPRACTOR and You

No. 3 of a series of articles published in the public interest to explain and illustrate the practice of Chiropractic.

WHAT IS CHIROPRACTIC? The Chiropractor teaches that the brain and nervous system are the root of health. From the brain, nerve energy is distributed through the nervous system to all parts of the body. When this nerve energy is shut off even slightly between brain and body (by bone displacement in the spine), one or more body functions are interfered with and ill health results. By x-ray, analysis and spinal adjustment the Chiropractor is able to relieve nerve interference and restore normalcy to the affected part. No drugs. No surgery. Nature is the healer.

CASE HISTORY No. 621. A middle-aged woman in a state of serious nervous exhaustion. Suffered severe headaches and, in her own words, "wanted to be in a dark room and left alone." A variety of treatments had failed to help her. Finally, she turned to Chiropractic. The spinal displacement which was the cause of her trouble was located immediately and a series of adjustments led to this woman's complete recovery.

Broader Policy For Ellis Homes

A factor to be considered in helping to meet Big Spring's shortage of rental housing is the Ellis Homes facility, which has come into public notice because of efforts to get certain restrictions of tenancy removed there.

Under regulations of the Federal Public Housing Authority, only veterans of World War II are eligible to live in Ellis Homes. This restriction has been, and is, a good one, as long as ex-service men cannot find other accommodations for themselves and their families.

The record shows, however, that all veteran demands have been taken care of and there still remain considerable vacancies at Ellis Homes. Most of these are small units, but some are suitable for family occupancy. Meanwhile, the faculty has quite a backlog of applications from non-

veterans. The chamber of commerce and veterans organizations are recognizing this discrepancy by making a formal request to FPHA to relax its restrictions. It seems fitting that the agency should do this.

Veterans would—and should—continue to have preference, but when all their needs are met, there is no sensible reason to keep apartments locked up while many a deserving family—people who want and need to make Big Spring their home—has to go begging for a shelter.

The housing facility was built under federal auspices, and has served a good purpose in our city. It can serve a better one if the officials who set the policy will take a look at local needs rather than what the bureaucrats like to call the "over-all policy."

Comes A New Kind Of Revolution

Comes now a new type of revolution, one that has been confined to some weeks in the minds of women everywhere, but now is bursting forth into organized warfare.

We refer to the "LBK" club getting its start in Dallas, where determined ladies are protesting the drastic change in styles that call for dropping hemlines.

Could be that LBK will achieve no more than good space in newspapers, for the czars of fashion, a mere man is led to believe, rule with a high and mighty disdain. These rulers, it seems, exert first influence in Paris, and are aided and abetted by the "smart" style magazines and other sources which emphasize that "look of the future."

And once the snowball of fashion trend gets started, it is hard to stop.

But, as another type of national magazine puts it, "never underestimate the power of a woman," and it is just a hunch that if enough of the gals of the country got their dander raised sufficiently, there might come a halt in the new trend toward ankle-sweeping dresses and "hour-glass" lines. After all, the rank and file of the women of the country—bless 'em—can make or break the market. All they have to do is to assemble enough recruits and exhibit enough determination.

They have a lot of reason on their side—economics, practicality, and pure-dee attractiveness. But whoever found such reason in style, anyway?

Texas Today—Jack Rutledge

Don't Let Routine Get You Down

Fame is fleeting department: A Dallas reporter placed a long distance telephone call to the governor in Austin. The Dallas operator asked the routine questions, such as who-is-calling what-is-your-number, and then ended with: "What is the Governor's name please?"

Peggy collected the papers necessary for college entrance, asked the man his name, and then blushed when he said, "James G. Gee."

A. and M. College's fireman's short course. They left Port Lavaca promptly at dawn Sunday, to be certain of arriving on time.

On arrival they found they had the right hour—but were exactly two weeks early.

Not so speedy was the U. S. mail.

At Port Lavaca, the volunteer fire department is famed for promptness. Two members recently were too prompt.

Miss Peggy Yates of Hillsboro mailed a letter May 8, 1945. It was returned recently with a 1947 postmark, and the explanation that it had been found "hung in top of box."

Affairs Of The World—DeWitt MacKenzie

Far East Means To Have Freedom

For anyone who has talked with some of the leaders of the Far East—as this reporter has done—there can be little doubt that the brown and yellow peoples mean their present turmoil to end in freedom from their old white rulers.

They are naturally ambitious to sell consumer goods to their far eastern neighbors—the type of goods which has been supplied by European factories. That could mean disastrous loss of sales for the Europeans.

Europe and the United States the machines needed for industrialization—but he insisted the trade will have to be based on friendship of the brown and yellow to the white.

In Hollywood—Bob Thomas

Rita Due Back In Film Capital

HOLLYWOOD, (AP)—Here's how the news looks in this warm August day in California. . . Rita Hayworth is due back in the Hollywood Sept. 3, when she's expected to begin divorce proceedings against Orson Welles.

cause of stage and stork commitments. . . Bob Hope says there's a "good chance" Jerry Colonna will be on the comic air show again this fall.

Dean Of Cameramen Advocates Color NEW YORK (UP)—Capt. Edward Steichen, dean of American photographers, believes that ultimately all photography will be in color.

Preaches Caution To Farm Workers

CHAMPAIGN, Ill. (U.P.)—Danger lurks everywhere on the farm—from the feed lot to the corn rows to the country play yard.

Stetichen, who had retired, returned officially to his lenses recently when he became director of the department of photography at the Museum of Modern Art.

He said that while camera wizards are producing all kinds of gadgets, they have paid little attention to the development of color. He said he could not understand why black and white photographers have neglected color.

Van Hefflin was asked by his studio to endorse a certain gum. He refused, for an unheard-of reason: he doesn't chew gum. . . Ruth Hussey has a new agent and plans an early return to pictures. She has been away be-

cause of stage and stork commitments. . . Play five innings instead of nine the first time out. Check over the field, too. Weeds may be hiding trash and rocks for you to trip and twist an ankle over.

"The great thing in photography," he said, "is to seize the instant of reality and transfer it imaginatively into drama, laughter or some feeling that arouses emotion."

"REDCOATS, SEE? BURNING THE CAPITOL! IN TECHNICOLOR!"

Hal Boyle's Notebook

Women Go Too Far

NEW YORK, (AP)—A glance at Fifth Avenue style windows today discloses that women this fall will look pretty much like a horse collar trying to fight its way out of a horseblanket.

will have melancholy economic and social hazards for the crowded world of today. "How will a man know what he is getting?" asked a realistic young friend of mine. "They've been wearing false chests for years. Now they're going to add false hips, c h o k e d t o d e a t h waists, and dresses so long you can't tell whether a girl is bow-legged or even hear her knees knock."

There have been some signs of revolt among the ladies against the new fashions, but—and large—they'll buy them and look large. But when the fashions change again, I'll bet my grandmother's best bombazine against a bobbin pin that the girls will go back to looking more like Mother Eve and less like Queen Victoria.

What's so disturbing about the new fashions? Well, for years the girls have looked like brandy glasses. Sometimes the added shoulder effect was too, too Notre Dame, but—there was always a pleasant view of the stems.

This changed feminine contour now they have turned the brandy glass upside down to achieve the effect of an under-slung hour glass. The stems are skirt-hidden so far below the knee that a Pekinese would have to lie down to bit the hem. And the padding has come out of the shoulders and been restuffed around the hipline.

Washington Merry-Go-Round—Drew Pearson

Secret Probe On In New York

WASHINGTON.—Latest mystery fluttering inner capital circles is a very hush-hush federal grand jury in New York that is apparently probing another New Deal trail.

This much has been definitely learned: The jury is made up of a highly select group.

Two justice department attorneys are directing the proceedings.

More than 25 witnesses have already been interrogated.

Practically all these witnesses are government employees or with the treasury, foreign economic administration, and the office of strategic services.

The investigation has nothing to do with the Atomic Bomb.

Significant clue on the big name individuals the grand jury is interested in is indicated by some of the questions tossed at witnesses. They have been asked—

"Do you know Henry Morgenthau?" (Former secretary of the treasury and close intimate of the late President Roosevelt.)

"Do you know General William J. Donovan?" (Congressional Medal of Honor winner in World War I, founder and commander of the OSS in World War II, and a trusted Roosevelt adviser on foreign problems.)

"Do you know Bernard Baruch?" (World War I production czar, close Roosevelt friend and adviser, and author of the U. S. plan for international control of the A-bomb.)

"Do you know Harry White?" (Assistant treasury secretary under Morgenthau, brilliant monetary expert, and master-mind of the Bretton Woods conference that resulted in the establishment of the world bank.)

Another mysterious question asked witnesses who were former OSS men was: "Did General Donovan ever warn you that you might be investigated some time and tell you never to divulge anything about the OSS?"

Most of the witnesses have departed from the jury room knowing little more than when they entered as to just what is being probed. However, several have reached this conclusion:

That the investigation is directed at the Morgenthau plan, under which Germany's industry (and war potential) would be cut to the bone and the country's economy put on an agricultural basis. Roosevelt approved this plan over the opposition of the state department and powerful business and banking interests.

FATALIST Biggest secret service headache in guarding President Truman is his insistence on traveling by plane. The secret service is very uneasy about this; constantly is trying to figure out ways to keep Truman on the ground.

Reason they've had no luck is his fatalism. He has an unshakable view on that. He explained it to a friend.

"When your number's up," the President said, smiling, it makes no difference whether you are in a plane, a train, an auto, or a skiff. If it's up, it's up and that's that."

Busy Talker Tall, friendly Attorney General Tom Clark got himself smash headlines throughout the country with his announcement of a justice department probe of high prices. But the moot question arises when the amiable Texan will find the time to make this probe.

In recent weeks, he has spent much of his time traveling about the country making speeches. The following is a partial list of Clark's talks: The Rotary International convention in San Francisco; Virginia Military Institute at Lexington, Va.; National 4-H Clubs citizenship ceremonies in Washington; Elks' National convention in Portland, School convention in des Moines, Ia.

A WISE MAN Kim Ho, leader of the Korean legislative assembly, has made a profound discovery. He has uncovered what makes government go round. He explained it to Maj. Gen. Archer Lerch, U. S. military governor of Korea.

"I have learned," said Kim Ho, "That it takes a lot of talk to run a government."

ARMY BONER

With the loyalty check of government employees in full stride, the Army is unhappily sitting on an awkward wartime boner. It has discovered that it drafted a Soviet citizen and kept him in the service for a year.

Actually, it wasn't the Army's fault. It was a mistake due to the carelessness of a local draft board and, apparently, the ignorance of the Russian.

He was a native of Big Diomed, and at the time was visiting on Little Diomed. Both are islands, about ten miles apart, off the coast of Alaska. But there is this big difference between them: Big Diomed belongs to the Soviets; Little Diomed to the U. S.

When the draft board arrived at Little Diomed it found no records available on which to act. So the board simply lined up the ten huskiest young men and told them "you're it." The Russian from Big Diomed, apparently, didn't know what it was all about and raised no objection.

He was inducted and served as a U. S. soldier for a year.

TRAGIC PROBLEM Like the weather, everyone talks about the tragic displaced-persons problem but few really do anything about it. President Truman as Secretary of State Marshall repeatedly and urgently pleaded with Congress to open the door to some of these helpless war victims. But all Congress did was to authorize junketing committees to go to Europe to "investigate the situation."

The Senate committee, headed by Senator W. Chapman Revercomb, W. Va., is getting ready for an early departure. As part of his preparations, Revercomb is hiring "experts" under serious consideration by Revercomb is Percy L. Greaves, Jr. Greaves is a former associate of Merwin K. Hart, head of the virulently isolationist national economic council, and author of a Hart-sponsored pamphlet titled "Operation Immigration," that denounce labor, DP's, and certain racial groups. (Copyright, 1947, The Ball Syndicate, Inc.)

The Nation Today—James Marlow

Revamping The President's Office

By Virginia Van Der Veer (For James Marlow) WASHINGTON, (AP)—If each high official directly responsible to the president had a 30-minute talk with him, Harry Truman would be tied up for three months.

It will be headed by the one man in the nation best fitted to understand President Truman's visitor problem.

mid, with the White House at the top. History does not encourage the new commission. It was tried before—in 1910, 1920 and 1936—with no results.

By contrast, Gen. Dwight Eisenhower, commanding the German invasion, took reports only from the three men who headed the invasion armies. The orders went down through ranks.

He is Herbert Hoover, the only living ex-president. Under "executive" in the newest issue of the congressional directory are listed by rough count:

The 1936 joint House-Senate committee did, however, turn the streamlining job over to the President and let Congress take or leave his plans.

Members of Congress, pondering the two systems, decided maybe the General had something there.

The 10 cabinet departments plus 23 commissions, 11 boards, seven offices, two councils, three authorities, four committees, four agencies, two administrations and a miscellaneous number of corporations, institutions, societies, banks and systems.

The Hoover commission has 15 months to do this whopping job: (A) cut expenses; (B) end unnecessary work and (C) abolish overlapping services.

Recently streamlined itself, Congress then laid \$750,000 on the line for a new commission to give President Truman's branch of government—the executive—that 1949 silhouette.

They fit together now like pieces in a jigsaw puzzle. Congress wants a neater working chart. It would like to see the pieces form a perfect pyramid.

Congress was careful not to make an election issue out of this government agency to study other government agencies.

The commission will report to Congress in January 1949.

Its first report will be made until two months after the next president of the United States has been chosen.

It Happened Back In—

FIVE YEARS AGO Local air raid wardens running poison gas tests; Mr. and Mrs. V. H. Flewelling visit Gen. at Army field in San Antonio; chicken barbecue honors Dick Davis, who is leaving for Army base.

Radio Programs

Table with columns for radio stations (WBAP-WFFA, KRLD, KBST) and program titles. Includes 'TUESDAY EVENING' and 'WEDNESDAY MORNING' sections.

TEN YEARS AGO Evelyn Burns, Hollywood star, dances atop Dodge car as it moves through downtown section; Pat Murphy named athletic coach at high school.

1936 joint House-Senate committee did, however, turn the streamlining job over to the President and let Congress take or leave his plans.

FIFTEEN YEARS AGO Shine Phillips named vice-president of West Texas Pharmaceutical association; salmon sells in local stores for \$15 can; Herald runs a 'swap' department in classified ads.

1936 joint House-Senate committee did, however, turn the streamlining job over to the President and let Congress take or leave his plans.

Honesty Best Policy For Government

FAIRBURY, Neb. (AP)—Money matters between the Beetley Salvage Co. of Fairbury and the United States Treasury have been set right. The government straightened things out by writing a check and dispatching it to the Fairbury firm, which is having the negotiable instrument framed. It represents a refund on surplus Army equipment. The check is for one cent.

1936 joint House-Senate committee did, however, turn the streamlining job over to the President and let Congress take or leave his plans.

Postmen Smoke Up

BERN, Switzerland (AP)—The Swiss postman may smoke on duty. The federal government has lifted the smoking ban on postal employees, except for those employed at counters in busy postoffices.

1936 joint House-Senate committee did, however, turn the streamlining job over to the President and let Congress take or leave his plans.

Painted Ties Pall

WASHINGTON, (U.P.)—Style experts predict men will stop buying hand-painted neckties next fall. A National Association of Clothiers and Furnishers' style committee decided demand would be bad. Only one expert said he expected to do much business in that line.

1936 joint House-Senate committee did, however, turn the streamlining job over to the President and let Congress take or leave his plans.

Hosses Clinch Playoff Spot With 6-5 Win Over Odessa

BOX SCORES

Team	AB	R	H	PO	EA
Odessa	25	2	10	28	6
Big Spring	25	6	15	27	10

Odessa: Pearce 2b, Rhoads ss, Jakes cf, McFarland 1b, Perez 3b, Frasier 3b, Ziegman c, Nelson p. Total: 25 AB, 2 R, 10 H, 28 PO, 6 EA.

Big Spring: Morano 2b, McClain 3b, Del Toro ss, Slaney 1b, Varona if, Martin cf, Trappusto c, Nixon p. Total: 25 AB, 6 R, 15 H, 27 PO, 10 EA.

ENNIS OUT AT HOME — Del Ennis of the Phillies is put out at home in a game with the Brooklyn Dodgers at Philadelphia. Dodgers outfielder Gene Hermanski made a perfect throw to catcher Bruce Edwards. The umpire is Lou Jorda. The Phillies won the game, first of a double header, Aug. 17, 4-6. (AP Wire-photo.)

Varona, Martin Turn The Tide

Big Spring's aroused Broncs, fighting from behind all the way, defeated the Odessa Oilers, 6-5, in the first game of a double header at Steer park Monday night to clinch a place in the Longhorn league's Shaughnessy playoff and then staged just as impossible an uprising to deadlock the Grim Reapers in the "morningcap," 13-13.

The Hosses scored four runs in a dramatic seventh inning of the second game that ended at 12:13 a. m. today and had the tying run on second base when curfew rang.

Mario T-Bone Varona and Pepper Martin were the evening's heroes for the resident nine. Varona punched home Jake McClain with the winning tally in the first game, which went nine innings, and then blasted out a single in the last round of the finale to tie the score. The sacks were jammed at the moment.

Martin, who collected two doubles and scored a run in the initial bout, drove out his 26th and 27th home runs in the after-piece. The first blow came with the hassoaks deserted but three mates were aboard when he connected with his second round-tripper, a blow that highlighted a seven-run sixth inning.

Howard McFarland, Odessa skipper trying desperately to get in the playoffs, used every pitcher he had in the last contest, with the exception of Brad Trine.

A grand slam by Frank Rice in the sixth, a round-tripper by McFarland in the fifth and another by Bill Rheigans with two mates up front in the seventh kept the Oilers in the ball game all the way.

Mendoza, local end-of-let star, started the second go Big Spring but Gerry Rodriguez spelled him in the second.

McClain set the stage for the winning rally in the first debate Nixon passed, Pat Stasey purposely and then romped home on Varona's blow down the left field line.

Bert Saez picked up his first win in over a month. It was his 15th triumph of the season, however.

Al Ziegman, Oiler receiver, was thumbed out of the ball game by Umpire Eddie Miller in a heated sixth inning, after Armando Trappusto had tied the score by sliding under the Odessa backstop. Ziegman shoved Miller, which was a fatal mistake. Miller was in no mood to be shoved.

The victory retained Big Spring's 2-1-2 game lead over Midland and was especially gratifying in view of the fact that it put the Hosses in the Shaughnessy round. The locals are now 19 full games ahead of the fifth-place Oilers, have but 16 games remaining on their schedule.

LOOKING 'EM OVER

With TOMMY HART

Recent batting splurge of Our Town's Pat Stasey has Bob Cowser, the Longhorn baseball league's current mace leader, looking over his shoulder.

Good-natured Bob has had his sights trained on the circuit's batting crown all season and has been setting the pace from the third week of operations. Currently, he's hitting slightly less than .440.

No one worried him until the Bronc skipper got hot. Then Pat went on a rampage that boosted him to a record of .423 through games of Sunday. At the same time, Bob was finding Midland pitching hard to hit and lost a few precious points.

Cowser, is playing under a handicap. He recently adopted glasses, which caused him to have trouble with the fast balls the hurlers were throwing him. He complained some of them looked blurred, a factor that hurt his timing more than a little bit.

Stasey probably cannot maintain his present pace, in fact he's not making a serious effort to catch the Sweetwater slugger, but would like to finish on the sunny side of .400.

Patrick has too many managerial worries to concentrate on the batting race.

Other Longhorn sluggers are not out of the picture. Joe Dotlich, the Sweetwater skipper, is stepping up his tempo and may land in the driver's seat. Jim Prince of Midland is sure to be heard from and Stu Williams, the Ballinger ace, will be a factor. From all indications, the leader will have to show his best in the final week of the campaign.

Jim Tidwell, who played a couple of weeks with the Broncs last month, was proffered a tryout by the Odessa management later but declined. If Jim could trim off 20 pounds, he'd give any first sacker in the league a run for their money.

Happy Spangler, who played a lot of third base for the Lamesa Lobos at the time the Big Spring Barons were members of the W-T-NM league, is performing in the hot corner for the Alpine Cowboys, the semi-pro club that lost out in the National Semi-Pro meet at Wichita, Kansas, Sunday.

Eddie McMillan, the veteran semi-pro who started the season with Ballinger's Cats, is performing for C. West's semi-pro nine in San Angelo.

The one-time Big Spring outfielder, Bill Scopetone, who wore the ball out for Amarillo last summer, is having difficulty staying above .300 in the Big State league. With Gainville, Bill was clouting .306 in the most recent computations.

Another Big State league performer, Sherman-Denison's Jake Suptar once of Midland, is appearing the apple at a .335 clip.

According to Hugh Welch, San Angelo scribe, Harry Taylor will be in San Angelo Sunday, Sept. 7, to conduct the annual fall football rules clinic for officials in this area.

Harry is a one-time Colorado City and San Angelo High school coach. Currently, he's head of the Fort Worth city recreation department.

Gryzwacz Wins Double Header

BY THE ASSOCIATED PRESS.

Iron man stunts are getting quite common in West Texas baseball. Last night Stan Gryzwacz turned the trick for Lamesa as the Lobos laced Clovis twice in the West Texas-New Mexico league, 6-0 and 7-0. Gryzwacz allowed only 11 hits in both games.

Leading Lubbock lost to Albuquerque 11-5 and second place Amarillo fell before Pampa 12-4.

Ablene's Blue Sox swept a double-header with Berger, winning the first game 10-0 and the second 6-4. Bill Meier hurled a three-hitter in the opener.

CHAMPS HEAD FIELD
CHICAGO, Aug. 19 (AP)—Two former champions, including the defending titlist Alex Antonio of Linden, N. J., and at least five state title-holders, headed the field of entries today in the 18-hole qualifying round of the eighth annual National Left-Handers golf tournament.

Gun Aces Fire At Vandalia

By Fritz Howell

VANDALIA, O., Aug. 19 (AP)—Having settled most of the minor matters yesterday when the seven champions were named, more than a thousand of the continent's top-bracket shotgun artists will blast away today for one of trappom's most coveted titles—the North American Clay Target championship.

This is the one the boys and girls really want to win, for every one who emerges with the laurels generally is tagged the best shot in the land.

Yesterday eight shooters, all state champions, deadlocked at 100 straight and were to shoot out in today's feature.

In the eighty-fourth year of its history, the National Clay Target Association, Inc., of Hamilton, Ont., the first Canadian to make a serious bid for the title, and Herb Bush of Canton, Ill.

ORTEGA WINS

EL PASO, Aug. 19 (AP)—Manny Ortega took a 10-round split decision over Tony Olivera, highly-ranked Los Angeles bantamweight, here last night before a crowd of 2,800. Ortega, former Texas Featherweight title holder, earned the duke with a great finish after the Coast slugger had dominated the early rounds with his punishing infighting.

Hatton Hitting Despite Injury

CINCINNATI, Aug. 19 (AP)—It might take a little conversation to convince certain National league pitchers that Grady Hatton, the Cincinnati Reds' sophomore third baseman, really is crippled.

So far this month, with the temperature near 100 degrees practically every day, the stocky young Texas with a taped leg has banged out 25 hits—including five homers, two triples and four doubles—to raise his batting average 19 points to .307.

"Grady has a charley-horse in his right leg and shouldn't be playing at all," said Warren Giles, president and general manager of the club. "He needs a complete rest but we can't afford to rest a 'hot bat' like that."

Thanks to that 417 August clip, Hatton is the Reds' second best hitter. Still hopeful of finishing in the first division, the club opens a 12-game eastern tour against the Giants at New York tonight, Aug. 20.

Hatton, 25-year-old native of Beaumont, Tex., broke into organized baseball with Cincinnati only last year and failed to hit in only three of the 18 games he has played this month.

JOE HATTEN READY TODAY ---

Bums Rap Cardinals Twice To Go 6 1/2 Lengths Ahead In Fight

Joe Hatten, Dodgers

By The Associated Press

The Brooklyn Dodgers, fresh from two crushing triumphs over the St. Louis Cardinals, hoped to administer the "Coup de Grace" today to the pennant ambitions of the Red Birds in the third game of a four game series that no longer is "crucial" — as far as the league-leading Brooks are concerned.

Having blasted the Cards' two top southpaws, Howie Pollet and Harry (The Cat) Brecheen in a day-night doubleheader at Ebbets Field yesterday, 7-5 and 12-3, to stretch their lead to six-one-half games, the jubilant Dodgers now are out of the danger zone in the important set.

Now assured of no worse than a split, Manager Burt Shotton was all set to call on Lefty Joe Hatten to oppose either the Cards' Red Munger or Al Brazle today in the Dodgers' bid to make it seven in a row over the defending world champions. The Brooks had defeated the Cards four straight during the last western journey.

A total of 66,504 fans, 33,721 for the day encounter and 32,783 for the night affair, watched little Vic Lombardi and Harry Taylor stop the Red Birds.

In the opener the Cards moved ahead, 4-2 in the third on successive singles by Red Schoendienst, Erv Dusak, a force play, balk and another one-bagger by Kuroski. However, Pollet blew up in the fifth, the Dodgers pushing five runs in on two walks, two singles, Edwards' second three base poke and a fly out to sew up the game. Another five run uprising sunk the Cards in the nightcap. Entering the third inning on the long end of a 2-1 count, the Dodgers pounced on Brecheen.

The Dodgers added another run in the sixth, three more in the seventh and their final in the eighth.

The second game was a playoff of the disputed July 20 game which the Dodgers won in the ninth, 3-2, only to have National League President Ford Frick uphold the St. Louis protest.

The twin-bill was the only regular action in either the National or American league.

A number of exhibition games were played. The New York Giants downed the American league's pace-setting New York Yankees, 4-1 at New York, the Washington Senators blanked the National's tail-end Philadelphia Phillies, 3-0, at Washington and the Pittsburgh Pirates eked out a 7-6 victory over the Eastern league's Albany Senators at Albany.

ABC Plays Forsan Cosden Team In Title Go Tonight

Cunningham Faces Club's Carlton

American Business Club, claimant to the last half championship of the Mundy softball league, and the first half titlist, Cosden's Pipeliners of Forsan, square off in the first of a three-game series at City park this evening that will decide the 1947 kingpins of the must-ball wars.

Travis Carlton, a local policeman, will probably toe the rubber for the ABCers while L. D. Cunningham, one of the all-time greats in local softball, will labor on the hill for the Pipeliners.

The contest is rated a toss-up. The ABC clan started slowly but

 FOR SALE: A building suitable for cafe or cotton pickers. Cheap. Also 1 lot in Odessa. Phone 452-3, more info.

Harlingen Wins Softball Title

WICHITA FALLS, Aug. 19. (AP)—Jack Neel had the stuff when the chips were down last night and pitched a perfect no-hit, no-run game to bring Harlingen Hi-Way I in the Texas Amateur Softball association championship.

The Valley team beat the defending state champion Late Jackson nine 2-0 for the title. A crowd of more than 3,000 saw the final game.

Neel, who struck out 12, never faced more than three batters in an inning.

Harlingen scored both its runs in the first inning as Gene Faulk, hurling for the losers, walked third baseman Joe Machner, first man up, then rolled two successive batters on foul pops to third, but weakened as clean-up batter Willie Wilson slammed a lone triple just inside the first base foul line to score Machner with the first run. Wilson then counted as left fielder Layman Skinner singled to right, ending the scoring for the night.

Enid Tourney Threat Again

WICHITA, Kas., Aug. 19. (AP)—The National Semi-Pro Baseball tournament championship, which has gone to Enid, Okla., four times in the last 10 years, may possibly rest again in that city at the conclusion of the present tournament.

Teams representing the Oklahoma town copped the championship in 1937, 1940, 1941 and 1945 and last night the present representative, the Enid Cardinals, defeated the Kirksville, Mo., Red Roosters 9-7. The victory was Enid's second of the tournament.

Home Of Uvalde Rancher Destroyed

UVALDE, Aug. 19. (AP)—The home of Ben Nolan, prominent rancher of Uvalde and Kinney counties, was destroyed by fire early today.

Mr. and Mrs. Nolan were out of the city and neighbors had been unable to reach them to advise them of their misfortune.

It's A Pipe

JOHANNESBURG, (AP)—Because it is impossible to obtain metal water piping, the Potchefstroom council has authorized the use of ordinary garden hose for connecting newly-erected houses.

First Division Still A Scrap In Texas Loop

By The Associated Press
 With less than 25 games to go, the playoff bracket in the Texas league is far from clear-cut as four clubs stage a dog-fight for third and fourth places.

Houston's Buffs couldn't lose a spot in the play-off unless all the starters suffered broken legs because the league leaders are some 20 games away from Shreveport in fifth place.

Fort Worth's Cats are 11½ games to the good.

Dallas has a three-game margin over Shreveport and Tulsa, in fourth place, boasts one and a half.

Oklahoma City is six games away from fourth. So the Indians also still have a chance.

Houston, Dallas and Tulsa each swept a double-header last night with Shreveport and Oklahoma City splitting a twin-bill.

The mighty Buffs spanked Fort Worth 6-1 and 4-1 with 12,732 fans in the stands to watch Clarence Beers hang up his twenty-first pitching victory of the year with a four-hitter while Charley Sproull held the Cats to eight blows in the second game.

Dallas trounced the cellar-dwelling San Antonio Missions 3-0 and 3-2 with Bobby Hogue allowing only two hits to win his fifteenth hurling victory in the opener and Rufus Gentry granting six hits in the nightcap.

Tulsa whitewashed Beaumont 5-0 and 2-0 with pitching again the feature as Lee Anthony tossed up a three-hitter in the first game and John Carlson turned in a five-hitter in the after piece.

Oklahoma City beat Shreveport Oklahoma City beat Shreveport 2-0 in the first game while the Sports came back in the second with a 4-2 decision. Precher Dorsett allowed just two singles from Shreveport while Vernon Williamson gave Oklahoma City seven in the nightcap.

One Texas league manager for 1948 already is known. Prexy Bonneau Peters of Shreveport announced last night that Francis (Salty) Parker will pilot the Sports again next year.

PATRON DISLIKES COMO'S 'DREAM'

CHICAGO, Aug. 19. (AP)—Crooner Perry Como was in the midst of one of his best renditions of "Dream, Dream, Dream," when a wag in the Chicago theater socked him on the head with a piece of hard candy.

For that, Como was willing to treat the patrons to an unscheduled performance. He called for the house lights and invited the person "and all his friends" to a vis-a-vis on the stage but there were no takers and the singer resumed his program.

In his next appearance, Como had a sizeable lump on his head.

Bomb Found Near Attlee Residence

LONDON, Aug. 19. (AP)—A police guard discovered a bomb today under a foreign office archway in Downing Street, directly opposite from the residence of Prime Minister Attlee.

Announcing the find, a Scotland yard spokesman said the bomb could not have exploded, since it did not contain a detonator.

Examination by home office experts, he said, indicated the bomb had been placed under the arch leading from Downing Street to the foreign office quadrangle as a hoax.

The archway is within 25 yards of the entrance to the colonial office, where an unexploded bomb was found several months ago.

Lying unexposed under the archway, the bomb consisted of two electric batteries wired to a glass jar filled with gray powder.

"The powder had explosive qualities," the Scotland yard announcement said, "but it would not go off because there was no detonator."

Australian Believes Britain Should Take Cut In Population

WASHINGTON, Aug. 19. (AP)—Arthur A. Calwell, Australian Minister of immigration, expressed belief Monday that Great Britain can only "sustain a future population of 30,000,000 to 35,000,000."

He made that statement to a news conference in comment on a plea Winston Churchill made over the British radio Saturday for the British people to "stay at home and fight it out."

Calwell has been in Great Britain to arrange for the transfer of Britons who wish to live in Australia. He said some 400,000 want to make the change, and Australia intends to move some 15,000 this year, jumping the annual reception of Britons thereafter as fast as they can get ships.

The United States, the Soviet Union, Venezuela, Iran, former Netherlands colonies and India produce 90 percent of the world's petroleum.

Technical Work Offered Vets; Meeting Set

World War II veterans interested in enrolling, under the GI training program, for classes in technical work, such as automobile mechanics, aircraft mechanics, electrical shop work, etc., are invited to attend a conference on the program to be held at the Junior college administration building at 8 o'clock Wednesday evening.

Sid Sandlin, technical industrial instructor for H.C.J.C., has arrived in Big Spring to map plans for the year's work, and said that full details will be given at the Wednesday meeting. Type of work to be offered, number of classes, night or day schedules, and similar decisions, will be determined by the need, Sandlin said. He pointed out that arrangements can be made by veterans who are working to continue in their jobs, and classes will be scheduled to accommodate these men.

Veterans enrolling for the courses may draw the customary GI educational assistance. Shop and equipment facilities will permit varied instruction, Sandlin said.

SOAP BOX KING.

AKRON, O., Aug. 19. (AP)—Loaded down with "good luck" charms, 14-year-old Kenny Holmboe of Charleston, W. Va., today was the smiling king of the country's juvenile race drivers and 1947 All-American Soapbox Derby Champion.

Shifts Made In Administration

Truman Seeks To Speed DP Program

WASHINGTON, Aug. 19. (AP)—President Truman today announced a shift in three top level administration assignments designed to speed up federal action on the European displaced persons problem.

Ugo Carusi, now commissioner of immigration and naturalization, was appointed a special assistant in the justice department to take full charge of a survey of all phases of the displaced persons problem, including resettlement.

The shift involves the resignation of Watson B. Miller as federal security administrator and his appointment as commissioner of naturalization and immigration to succeed Carusi.

Mr. Truman named Oscar Ross Ewing, former assistant chairman of the Democratic national committee, to replace Miller as federal security administrator.

The changes were announced by Presidential Secretary Charles G. Ross at a news conference.

Grocery Leader Sees No Reduction In Food Prices Soon

SAN ANTONIO, Aug. 19. (AP)—There is absolutely no basis upon which to found expectations of reduced food prices in the near future, Rufus Starnes, president of the Texas Retail Grocers Association, said Monday. The association is holding its annual convention here through Wednesday.

Starnes said because of high costs of food production and high wages in the transportation fields, grocers' only hope for reducing retail prices would be in reducing grocers' overhead.

Salaries in the food business are at an all-time high, he continued. Retail grocers of Texas are better off financially at this time than ever before, he added.

DRUGS LOST

MANILA, Aug. 19. (AP)—Loss of more than \$100,000 worth of morphine and opium derivatives from the Tacloban surplus property base, and large quantities from other bases turned over by the United States to the Philippines, was reported under intensive investigation today by government agents.

Crude Oil Production Reaches Record Peak

TULSA, Okla., Aug. 19. (AP)—Production of United States crude oil reached a new all-time high for the week ending August 16 when production averaged 5,165,175 barrels daily, an increase of 51,335 barrels over the previous week the Oil and Gas Journal said today.

Texas also established a new record of 2,306,050 barrels when it jumped 22,550 barrels over the previous week. Kansas with a gain of 17,250 barrels to 300,350, is at the highest level since August 18, 1943.

Reds Broadcast From Galveston

GALVESTON, Aug. 19. (AP)—Ruth Koenig, chairman of the Texas communist party, made a radio address here last night in which she charged that communism had been injected in the campaign for U. S. representative to fill the post left vacant by the death of J. J. Mansfield.

The radio talk was one of three planned by the party in connection with the Aug. 23 election. James J. Green of Houston, secretary of the state party, will make the second. The speaker for the third broadcast has not been named.

The Houston woman said that "a smoke screen is being substituted by some candidates for the real issues in the campaign."

Hitler's Doctor Is Convicted For War Crimes

NUERNBERG, Aug. 19. (AP)—An American war crimes tribunal today convicted Dr. Karl Brandt, Adolf Hitler's personal physician, of "full responsibility" in the performance of Nazi medical experiments on concentration camp victims.

The four-man court, headed by Judge Walter Beals of the Washington state supreme court, found the 43-year-old S. S. (elite guard) General guilty of crimes against humanity as charged by the prosecution, which had accused him of killing hundreds of thousands of human guinea pigs in "worthless" experiments.

Brandt was one of 23 co-defendants who made up the S. S. medical corps. His fate and that of his fellow defendants was contained in a 300-page judgment.

Brandt's was the first conviction to be announced. At the rate at which the court was proceeding it appeared likely that the detailed account of its findings would not be completed until tomorrow afternoon.

Sentences will be passed Thursday. Brig. Gen. Telford Taylor, U. S. prosecutor, had asked death for the defendants.

Willys - Overland Boosts Prices

TOLEDO, O., Aug. 19. (AP)—Willys-Overland Motors boosted prices of its station wagon and four-wheel-drive truck Monday.

President and Board Chairman James D. Monney announced the station wagon price would be raised \$83.34, approximately 4 percent and the truck price \$47, or about 3.2 percent.

The prices of the universal jeep and recently introduced two-wheel drive truck remain unchanged, he added.

Pioneer Airlines Announce Gains

HOUSTON, Aug. 19. (AP)—Robert J. Smith, President of Pioneer Airlines, said passenger traffic figures for July indicated continued gains for the line.

A total of 5,858 passengers provided 1,568,019 revenue passenger miles of flight during July as compared with 5,728 passengers flying 1,504,969 revenue passenger miles in June.

Express shipments for July also increased.
