

Tech's 'Engine 401'—an original fake

The real 401

Tech's "Engine 401," presently located just west of Municipal Coliseum and soon to be moved to the Tech Museum, is an original fake.

"Engine 401" was donated to Tech in 1964 by Robert Armstrong, a former member of the Tech Board of Directors and associated with the Fort Worth and Denver Railroad.

It is not the real 401.

The real 401 was sold for scrap in 1955.

The train now displayed at Tech is actually a Chicago, Burlington and Quincy No. 4994.

It has been refurbished and lettered "401 FW&D."

The 401 was built in 1915 and was the first oil burner on the FW&D line.

The 4994 of 1919 was a coal burner.

To Allocations Committee

Services to submit expenditure reports

By BETSY JARMON
Special Reporter

University services and organizations funded by the student services fee will submit this spring a report of their yearly expenditures to the Student Senate Allocations Committee.

This is the first time the services, including KTXT-FM, the UD and the band, have been required to report their expenses to the Senate.

A requirement that all organizations and services receiving money from the student services fee file a financial report is a provision of the optional fee bill passed last March by the Senate.

The bill established a \$26 mandatory fee to fund organizations and services and an optional fee to cover athletics. It was sponsored by Student Association (SA) President Bill Scott, then chairman of the Allocations Committee.

The present chairman of Allocations, Bill Sewell, said the campus organizations now must file a budget both for the year before and the year for which they request funding. Sewell said organizations may apply for SA funds each spring.

The purpose of the midyear reports is to give the Allocations Committee time to study

each statement, Sewell said.

Sewell said if the committee finds an organization is not spending its money according to the budget submitted to the SA, the committee could send a bill to the Senate which would take away the organization's remaining funds.

If the committee found a service is not spending funds according to its budget, the committee could recommend to the Administration and the Board of Regents that funding be redistributed among those services receiving part of the student services fee, Sewell said.

Each semester, the student services fee of \$26 paid by each student is divided 16 ways: health center, \$10; counseling service, \$2; campus buses, \$2; ID, \$1; KTXT-FM, 50 cents; student publications, \$1.50; intramurals, \$1.75; Artists Course and Speakers Series programs, \$1.40; theater, 40 cents; band, \$1.40; choir, 20 cents; orchestra, 20 cents; SA, \$1; campus organizations, 50 cents; SA contingency fund, 15 cents and athletics, \$2.

Sewell said any student may recommend to the Regents and the administration that funding be changed.

Sewell said letters will be sent to campus organizations and services later this week with details of the required statements.

Perhaps biggest since man-on-moon

Peking trip to be live television spectacular

WASHINGTON (AP)—President Nixon's trip to Peking next month may be the biggest live television spectacular since man first stepped onto the moon in mid-1969.

The White House has announced there will be "some live television transmission" from Peking, the capital of the Communist country isolated from Washington for nearly 25 years and never visited by a U.S. President.

What the White House did not say was that Americans and Chinese are cooperating in a TV game plan so extensive that much of Nixon's activities while in Peking can be beamed live to the President's election-year audience at home.

As an example, there is a plan to fly three mobile TV units—each the size of a large transit bus and one for each network—from the United States to mainland China.

Nixon's press secretary, Ronald L. Ziegler, said the Chinese have agreed to set up—at their expense—a communications ground station capable of transmitting live TV and radio reports plus newspaper pictures and stories.

The American-owned ground station, used most recently for coverage of Iran's 2,500th anniversary of the Persian Empire last autumn, will be removed after Nixon's visit.

Ziegler reported the President's hosts

have erected "in a very short time" a complete broadcast production center—further evidence of the extensive video coverage contemplated.

A sizable advance contingent of communications specialists and network representatives will leave here Feb. 1 to set up and operate the temporary communications system.

Ziegler said the White House press party—which will not include those leaving Feb. 1—will number about 80.

Ziegler conceded that this will be only a quarter of the newsmen, photographers and technicians who normally accompany the President on international journeys.

However, he said "we are very pleased with the number" and described it as representing "a cooperative attitude" on the part of the Chinese.

Ziegler said 80 was much more than the Chinese originally had in mind and represented at least a seven-fold increase over the largest press contingent ever to go to Peking with a head of state.

Asked if there would be press censorship, Ziegler replied, "absolutely not."

Visiting Americans will be free to roam about the three cities Nixon will visit—Peking, Hangchow and Shanghai—for sight-seeing, man-in-the-street interviews or shopping, Ziegler said.

Reaction mixed to 'one-man, one-vote' reapportionment

DALLAS, Tex. (AP)—Reaction was mixed when the Texas Legislature's reapportionment of the state's 24 congressional districts was thrown out by a federal court and replaced by the "one-man, one-vote" alignment.

The court's order, all agreed, would not afford the protection for incumbents seeking reelection that the legislature's plan provided, but only a few voiced displeasure.

The new plan, which apparently will remain in effect until 1980, will cause six incumbents to run against each other in three of the new formed districts—if all six seek reelection.

Gov. Preston Smith said Saturday soon after the plan was made public that he had no intention of calling a special session of the legislature.

Receipts redeemed

Students may redeem Student Association (SA) Book Exchange receipts between 3 and 5 p.m. today and Tuesday in the SA Business Manager's office in the University Center. After 5 p.m. Tuesday, the SA will not be responsible for unredeemed receipts.

Second such program in nation

Tech dining halls initiate diet system

By GARRY MANGUM
Special Reporter

Tech's Housing and Dining Department is the second such college department in the nation to offer the Weightwatchers' diet program for its campus residents, according to Mrs. Adele McGinty, Weightwatchers representative. The program began officially January 17.

"We will be coordinating the program with local representatives of Weightwatchers, Inc.," Robert Bailey, assistant director of housing and food services, said. Residents of any hall may apply for inclusion in the program.

The program will be offered in Weeks and Doak Dining Hall only. One cafeteria line will contain the specially prepared Weightwatchers' food. Hours of service will be: breakfast, 7 a.m. to 7:45 a.m.; lunch, 11:45 a.m. to 12:45 p.m.; dinner, 5 p.m. to 6 p.m.

"The idea for the campus program came out of requests from interested students," Mrs. Jackie Cason, Weightwatcher lecturer for the new campus program, said. Weightwatchers had been working with the housing office since June, 1971, she said.

The meals will be offered at no additional cost to the residents. Those joining the Weightwatchers' program will be charged \$3 for registration and \$1 per week thereafter.

Residents wishing to start the program will need to go to the housing office on campus, Bailey said. They will need to exchange their regular meal ticket for a weekly meal ticket in the Weeks and Doak Dining Hall. The weekly meal ticket must be renewed each week, and will be marked with a "WW."

Two working days notice will be necessary before residents can be included in the program. After the required two working days' waiting period, the resident will eat all meals in Weeks and Doak Dining Hall.

"If a resident chooses not to participate in the Weightwatchers' program at a later time, he may re-apply to the housing office for the return of his regular meal ticket," Bailey said. Those who discontinue the Weightwatchers' plan will not be re-admitted during the same semester, however.

The menu and recipes are those recommended by Weightwatchers, Inc. There will be little or no variation from this to suit individual tastes. The food will be prepared

by the kitchen staff and dieticians in Weeks and Doak Dining Hall.

In addition to the meals part of the program, lectures will also be offered for those participating. There will be three lectures each Tuesday in the University Center.

The first lectures will begin Tuesday at 10:30 a.m., 1:30 p.m. and 7:30 p.m. in the Mesa Room.

"Those interested in joining these lectures should attend and bring their three dollar registration fee and one dollar for their first week's instruction," Mrs. Cason said. "These are special rates to the college students and are cut in half."

The purpose of the weekly lectures will be to inspire and boost the spirits of those participating in the program. "We also stress that this is not a 'fad diet' but a re-education of eating habits," Mrs. Cason said.

The Tech program is coeducational and is open to any student, whether a dorm or off-campus resident. The off-campus resident will have to prepare and eat his food in his home, but can attend the lectures at the same cost.

At the first lecture, participants will be weighed and their height measured to find their ideal weight. "We base our goal weight on an average taken between those recommended by insurance companies and medical authorities," Mrs. Cason said.

"What each participant weighs is his own business," Mrs. Cason said. "I will be the only other person in the program to know his weight. All we will talk about in the lectures is the amount he has lost in the past week," she said.

Mrs. McGinty said many people feel that a diet is something you go on to get off of as soon as possible. "But in Weightwatchers we make the food you eat work for you, not against you," she said.

"We are trying this program on an experimental basis," Bailey said. "Whether or not we continue it will depend on the response from students and the cost of operating the program." He said it is undetermined at the present time if the program will be continued during the summer or next fall.

Bailey said if the program is a success and response should demand it, the housing office will consider expanding the program to include other dining halls on campus.

Nixon's doctor ready for anything

WASHINGTON (AP)—Tucked away in Air Force One—probably the best-cared-for plane in the country—are the tools for President Nixon's physician to insure the best care available for the chief executive.

There is equipment to handle anything from a jellyfish sting to a heart attack, says Dr. Walter Tkach, Nixon's personal physician.

When Nixon flies to Peking and Moscow in the coming months, Tkach or one of his aides, as usual, will be "never more than five seconds away" from the President.

Although no special supplies are being carried to Russian and China, Tkach said in an interview that special routes already have been laid out in Peking to rush Nixon to a pre-selected hospital from wherever he may be.

The procedure is routine, Tkach said.

Former presidents always have had medical gear nearby when traveling, and they too were well-looked-after by aides and the Secret Service as to what hospital would be best in an out-of-town emergency.

HAPP'NINGS AT DJ'S THIS WEEK

THEATRE TRY-OUTS
The Lab Theatre will conduct try-outs for "The Death and Life of Sneaky Fitch," by James Rosenberg. Tryouts will be at 4-6 p.m. and 7:30-10 p.m. Monday in the Ag Auditorium. Any interested Tech student may tryout.

HISTORY CREDIT
The History Department will be offering credit by examination in History 131, 132, 231 and 232 at 8:30 a.m. Feb. 26 in room 117 of the Social Science Building. In addition, exams in upper divisions of history will be offered on that date if requested. In order to take an exam for credit, students must sign up in room 119 of the Social Science Building by 5 p.m. Jan. 26. ID's must be shown. For further information see either Professor Harry Jensen or Professor George Robert of the History Department.

ASTRONOMY CLUB
The Tech Astronomy Club will hold its first meeting of the semester Wednesday in room 2 of the FL&M Building. All students and faculty interested in astronomy are invited to attend. The coming lunar eclipse and plans for the semester will be discussed.

THETA SIGMA PHI
Theta Sigma Phi will conduct a business meeting at 7 p.m. Tuesday in room 208 of the Journalism Building. Spring rush will be planned.

ORGANIZATIONS REPORTS
All recognized student organizations must submit their Spring Semester reports for the University Committee of Student Organizations to the Office of the Assistant Dean of Students for Programs, room 233, West Hall by today. Additional forms if needed, are available in room 233, West Hall. Failure to submit semester reports could result in loss of recognition as a campus organization.

PEACE CORPS AND VISTA
Representatives from Peace Corps and VISTA will be on campus today through Thursday, from 9 a.m.-4 p.m. in the Placement Office. For more information go to the booths in the Ag., Social Science, and Architecture Buildings.

ALPHA PHI OMEGA
Alpha Phi Omega, national service

fraternity, will hold a smoker at 7 p.m. today, in the Ex-Students Association Building. All men may attend.

ENGINEERING STUDENT COUNCIL
There will be a meeting of the Engineering Student Council at 5 p.m. today in the Harold Hin Conference Room of the Textile Engineering Building. All representatives please attend as it is imperative there be a discussion of the projects currently in progress.

ALPHA PHI OMEGA
Alpha Phi Omega men interested in attending the smoker at South Plains college are requested to meet at 6 p.m. tomorrow, in the University Center parking lot.

INTERNATIONAL AFFAIRS COUNCIL
The International Affairs Council will meet at 7 p.m., Thursday in the Executive Room of the University Center.

HONORS COUNCIL
Dr. R.K. DasGupta of the University of Delhi, India, has cancelled speaking engagement because of a Canadian airline strike.

BAPTIST STUDENT CENTER
John Newport of the Southwestern Seminary in Ft. Worth, will speak at 7 p.m. today in the Center. The topic will be "Mysticism and the Occult."

TECH WEIGHT WATCHERS
First classes in the campus Weight Watchers program will be tomorrow at 10:30 a.m., 1:30 p.m. and 7:30 p.m. in the Mesa Room of the University Center.

FOLK DANCE NIGHT
The women's P.E. department will sponsor a special Folk Dance Night Tuesday evening in the University Center Ballroom. Instruction in folk dance will be offered.

INDIA STUDENTS ASSOCIATION
India Student Association will present "India Night," a cultural program of Indian music and dance, sponsored by the International Affairs Council, Saturday at 7:30 p.m. in the University Center Ballroom. Indian snacks will be served. Admission will be \$5.00 a person; tickets may be purchased at the door, or by calling 747-0903.

First woman nominated to Naval Academy

ANN ARBOR, Mich. (AP)—"It all started as sort of a joke," says 18-year-old Valerie Schoen, nominated for admission as the first girl at the U.S. Naval Academy at Annapolis.

Miss Schoen, a University of Michigan freshman, said it came as a surprise to her and she had given up hope.

The 5-foot-1 blond was nominated by Rep. John McDonald, R-Mich., who said today that the coed was one of 13

candidates named for two openings at the academy allotted his congressional district.

"One thing that impressed me was her explanation that she was seeking the nomination because she wanted to receive the best education possible and to serve her country," McDonald said. "There's never been a girl at Annapolis, and I think this will be a good test case. I hope they judge her not because she is a woman but on

ability alone."
Miss Schoen, whose home is in the Detroit suburb of Redford Township, said her brother suggested as sort of a joke last year that she apply to the academy "because I'm looking for the best possible education in Russian that I can get."

She said she has been planning a career of interpreting or translating for the State Department after completing her studies.

Miss Schoen's grade average at high school was 3.56, well above the academy's 3.0 requirement.

If accepted, Miss Schoen said, she probably would start in the term beginning next June.

"If I could make a good career out of it, I think it would be worth it," she said. "I really don't envision much wrong with going to a school with all men—but the facilities might prove a problem."

Young Socialist Alliance organizes here

An organizational meeting of the Young Socialist Alliance met Thursday night with two of the three Lubbock members of the Alliance.

Ralph Bates and Tim McGovern, Tech students, gave

background information to nine students present. They stated the Alliance's views and stands on various issues, stressing their support for any oppressed group fighting for self determination. Also stressed was the concept of socialism over

capitalism. McGovern talked about the national convention in Houston, Dec. 28, and listed the five resolutions passed by more than 12,000 delegates. These included the Movements by Chicanos, Blacks, women, high school

students and anti-war groups. Five members are needed before a local chapter can be organized, and Bates voiced the hope that by the end of the semester they will have at least 10-20 participants.

Tri-Delts to give award

Tri-Deltas of Tech are accepting applications for a \$250 award in the annual Delta Delta Delta project competition. All full-time undergraduate women students on this campus are eligible to apply until Wednesday, March 1. Applications are available for the Director of Financial Aids in room 131, West Hall, or Tri-Delta campus service projects chairman Vicky Myers, 337 Clement Hall. Applicants will be judged on the basis of academic record, contribution to campus life and financial need. "They should be well qualified students showing promise of valuable service in their chosen field," Miss Myers said. The local winner will be eligible for one of the \$1,000 awards granted by the Delta Delta Delta national service projects fund.

Teacher fired for long hair

GEORGETOWN, Tex. (AP)—A young high school teacher credited with doing an "excellent job" in the classroom has been fired because he refused to trim his hair to comply with the school dress code. School officials also suspended 37 high school pupils Wednesday for three days because they refused to enter the school at the morning bell in protest of the rules on long hair. Superintendent Jack Frost said another 20 pupils were sent home Monday "for having their hair too long." David Denner, 23, a 1971 graduate of Ohio State University, refused three times at a Wednesday school board meeting to get his hair cut, and the board voted unanimously to fire him.

Raiders, 'Horns meet Tuesday

Only two teams unbeaten in SWC

By MILLER BONNER
Sports Editor

"And blessed are they who win on the road for they shall obtain the championship" would have to be the first verse in the Southwest Conference basketball Bible and its proof is evident after Saturday's round of league warfare.

Only Tech and Texas survived the hospitality of host schools as the Raiders beat Rice 89-85 while Texas used a last second layin for a 77-75 win over the Bears. Both victors are 2-0 in SWC play and both claimed their second wins with on-the-road performances. The unbeaten twosome meets in Austin Tuesday night.

The other pair of undefeated teams before Saturday's games, Texas A&M and defending champion TCU, fell to Arkansas and SMU, respectively.

SMU surprised the cross-town rival Froggies with a 26-point outburst by Rubin Triplett as the Ponies never trailed the '71 SWC champs and recorded an 81-71 win.

The Aggies were also victims of the home court and a hot hand as Arkansas' Martin Terry thrilled the Porker fans

with a 46-point performance, leading the Pigs to a decisive 100-69 decision over the previously unbeaten (in SWC play) Aggies.

The loss left the Aggies and TCU with identical 1-1 league slates while the SMU and Arkansas victories created a four-way tie for second place, all teams with a 1-1 SWC record.

Only Rice and Baylor are winless in conference competition.

TECH USED AN ESTABLISHED STAR and a surprising, clutch playing newcomer to stave off a Rice rally in the closing minutes of play in Houston.

Raider regular Greg Lowery popped the nets for 30 points to lead all scorers in the contest but the last minute antics of junior college transfer Ed Wakefield gave the Techsans the needed victory boost.

Wakefield scored six points and snared three rebounds in a 93-second period that saw the Techsans go from a tie ball game to a sixpoint lead.

Wakefield finished the game with 10 points, one of five Raiders hitting in double figures against the Owls.

Lowery's 30, Palomar's 19

and 13 rebounds, Little's 15 and 11 points by Ron Richardson produced the bulk of the Raider's 89 points.

Rice, on the other hand, was led by Steve Ernschoff's 21 points and 17 by Mark Wehrle.

But, while Tech was shaky in the waning moments against Rice, Texas nearly fell completely in Waco.

Robinson led the Texas team with 22 points while Roy

Stenerud, Kansas City's Norwegian place kicker and the goat of pro football's longest game last month, kicked four field goals Sunday as his American Conference All-Stars upset the National Conference 26-13 in the 22nd annual National Football League Pro Bowl.

The soccer-style kicker succeeded on field goals from 25, 23, 48 and 42 yards as the AFC erased a 6-0 NFC lead in the second quarter and avenged the 27-6 loss to the NFC in last year's Pro Bowl, the first since the merger.

Stenerud missed two

Thomas of Baylor copped game honors with 25.

Tech tankers split weekend competition

Coach Jim McNally's swimmers return to classes today following a weekend of dual meets involving the Universities of New Mexico, Colorado, Denver and the Air Force Academy tank teams.

Tech claimed two wins, upping the squad's season record to 6-2 in dual meet competition. McNally's charges beat Colorado and Denver while losing to both New Mexico and the perennially powerful Air Force team.

Highlights of the swimming weekend included Tech's 400-yard freestyle relay posting its best time of the season with a 3:22.1 clocking. The anchor man on that relay quartet, Danny Murphy, swam a 47.5 leg which would have qualified him for the NCAA meet in the open 100-yard freestyle.

Americans upset NFC in Bowl

relatively easy field attempts in December's 27-24 AFC playoff loss to Miami, a game which lasted more than five quarters.

Stenerud also missed his first two attempts in the Pro Bowl before 53,647 fans and a national television audience before connecting on his next four attempts, including a 48-yarder-four yards—short of the Pro Bowl record—that broke a 6-6 tie in the third quarter.

The National Conference, a slight favorite off its performance last year in this game and the Super Bowl victory by Dallas, cut the AFC lead to 19-13 in the fourth quarter on a two-yard run by San Francisco's Vic

Washington. But Floyd Little of Denver put the game out of reach with 1:22 to play when he scored on a six-yard run.

Kansas City's Len Dawson passed five yards to Milt Merin of Cleveland for the AFC's first touchdown in the third period, and Stenerud's 42-yard yard field goal with nine seconds gone in the fourth quarter gave the AFC a 19-6 lead. Stenerud tied the Pro Bowl record for field goals set by Bert Techichar of Baltimore in 1957.

The NFC scored first on Detroit's Greg Landry's 50-yard pass to Minnesota's Bob Grim in the second quarter. But Curt Knight's extra point kick was

defected by Baltimore's Bubba Smith.

The AFC, behind quarterback Bob Griese of Miami dominated the first quarter but couldn't score. Twice Griese moved his team to within field goal distance, but Stenerud's first chance from 58 yards out was deflected by Detroit's Mike Lucci and his second effort, from 28 yards out, was wide to the right.

The NFC's starting quarterback, Roger Staubach of Dallas, couldn't penetrate the AFC defense.

Landry was at the controls when the Nationals scored both their touchdowns.

Sick Of Being A Slow Reader?

TODAY, we'll teach you to read 50-100% faster, Free!

Come to a free speed reading lesson.

No machines, No gimmicks, Reading Dynamics Works!

Learn to read fast naturally. Research has shown artificial aids inferior to the techniques taught in Reading Dynamics. You learn to read groups of words (not word by word), quickly, easily, and almost as fast as you can turn the pages.

Over 500,000 people have learned to read 3-10 times faster!

Locally, hundreds of students, executives, and housewives have learned to read "Dynamically." They're part of more than 500,000 who've taken the Evelyn Wood course and learned to read all they need to read, quickly and thoroughly. If they can learn to read 3 to 10 times faster in only 8 weeks, you can too!

Unique techniques taught only at Evelyn Wood Reading Dynamics

You learn comprehension, recall, concentration and how to read 4, 5, even 6 times faster through exciting, new techniques discovered by Evelyn Wood and taught only in her Institutes. You'll learn more in one lesson than most "reading" courses teach in a semester. And follow-up studies have shown Reading Dynamics graduates retain their skill...and most become even faster, better readers. Because its the natural way to read faster.

Sample the reading course taught at the White House.

Reading Dynamics is the only reading course taught at the White House during the Kennedy and Nixon administrations, to the key executives of almost every major corporation (such as IBM, General Electric and General Motors), and special Congressional classes. Why? Because it works.

Come to a Free lesson today
