For Wednesday's Election

Council Expects Record Turnou

Toreador Staff Writer

Four thousand Techsans are expected to flock to the polls Wednesday to vote on the ratification of a new Student Assn. constitution and to elect four Student Council representatives, all class officers and 30 Freshman Council members, according to a Council spokesman.

ing to a Council spokesman.

Seven polling places will be open from 8 a.m. to 5 p.m. to accomodate the record number of voters. Two ballot boxes will be located in the Ad Bldg. Boxes also will be located in the Tech Union, Home Economics, C&O, Agriculture and East Engineering Bldgs.

No balloting will take place in the dormitories. Runoffs and election of Freshman Council representatives-at-large will be Friday.

All freshmen who were defeated for dorm and off-campus representatives will seek the at-large positions.

positions.

Student Council members, pushing for the ratification of the new student constitution, say the
new document is more concise, is easier to understand, is not contradictory and is more flexible
than the old document. (The text of the proposed
constitution appears in full on pages 2 and 7.)
Council members have asked candidates and
their supporters to refrain from campaigning within 15 ft, of the polling places.

Of the 30 Freshman Council positions that will
be filled, 10 will be elected from the dormitories
that have freshman residents, 10 from off-campus
students and 10 at-large representatives.

Of the four Council vacancies, two are in the
school of Arts and Sciences and one each in the
Agricultural and Business Administration schools.

"All students must present their ID cards before voting," Miss Maloy emphasized.

Candidates for the various positions are the
following:

FRESHMAN COUNCIL DRANE: Judy Brooks, Pat Burn DRANE: Judy Brooks, Pat Burns, Cecile K.
Camp, Cecile Cope, Cindy Cowan, Sharon Davis,
Kay Dudley, Gail Elliott, Donna Herald, Jane T.

YOUNG REPUBLICANS

Young Republicans will meet at 4:30 p.m. Wednesday in the Tech Union Workroom. Officers will be elected and the year's activities will be planned.

COSMOPOLITAN CLUB

"Holiday In South America" is the movie the Cosmopolitan Club will feature at a meeting set for 7:30 p.m. Wednesday in the Tech Union Workroom. Interested stu-dents may attend free of charge.

FOREIGN STUDENTS
RECEPTION
Foreign students will be welcomed to Tech at an informal reception sponsored by the International Interest Committee at 7 p.m. today in the Union Ballroom lounge, Refreshments will be served.

ALPHA EPSILON DELTA
Alpha Epsilon Delta, national
pre-medical honor society, is open
for membership. Notices regarding
scholastic requirements and other
information are posted on the
doors of rooms 212, 110 and 5 in
the Chemistry Bidg., and Rm. 205
in the Science Bldg.

BSO PRESIDENT'S BANQUET

BNO PRESIDENT'S BANQUET
The Board of Student Organizations will honor all presidents of
recognized campus organizations
p.m. Oct. 4 in the Union Ballroom. Students attending should
contact Sissy Fuller in Weeks
Hall.

ANGEL FLIGHT

ANGEL FLIGHT

New members of Angel Flight
have been chosen. They are Patty
Bogart, Kay Dudley, Fran Fuqua,
Sue Hill, Jennie Lankford, Joy
Martin, Frances Rader, Mary Ann
Ross, Diane Scoggins, Linda Scott
and Carolyn Sutton.

A meeting of all

A meeting of all members of Angel Flight, including the new members, is set for today.

AMATUER RADIO CLUB
The Texas Tech Amateur Radio
Club will meet for the first time
this year at 7 p.m. Wednesday in
Bldg. X-6. Officers will be chosen

Union Sponsors First All-School Field Day

be featured events at the Red Raider Olympics Saturday.

The Red Raider Olympics is the first Tech Union-sponsored All-School Field Day. And from all a fie sack.

reports it should be a hilarious event for spectators as well as prom for all participants. There will be a skipping relay for the men and an egg tossing contest for the

girls.

Teams that will be eligible are those that represent the dorms and off-campus groups. Each men's dorm will be limited to two teams, and women's dorms may have three. Teams planning to enter should turn in the necessary information to the Union Program Council Office by 5 p.m. Friday and pick up a copy of the rules.

To receive an idea of the fun that is in store for Techsans, here are some of the events. There will be an Egg and Spoon Relay with disqualifications for broken eggs

If this isn't your sport, maybe and returned to the spoon, providthe Dizzy Izzy race is. Both will ed it isn't touched by the hands. Three-legged races are fun, but there will be **twice** as many laughs when the contestants are boys and girls trying to run down a field with one leg in a burlap

The Red Raider Olympics should promise some good, old-fashioned fun and a lot of spirit for all who come over to Intramural Football Fields No. 1 and 2 Saturday.

Program Council Names Officers

Two new officers were named to the Tech Union Program Council at Wednesday night's meeting. Marjie Baird was chosen as vice president and Pat Crouch, Lufkin

senior, was made secretary.

Judy Walden was made new assistant chairman of the Games and Tournaments Committee.

SERVING TECH SINCE 1925

THOUGHT FOR TODAY-At 20 a man is full of fight and hope. He wants to reform the world. When he's 70 he still wants to reform the world, but he knows he can't

Sounding Board

(Editor's Note: From time to time, The Torcador will give Techsans an opportunity to express their opinions on subjects of interest. The Sounding Board will deal with both campus and off-campus subjects.)

By BRONSON HAVARD Editorial Assistant

"Yes, I think so" was the reply of the majority of Techsans who were asked in a campus poll of student political opinion, "Do you think Richard Nixon will win the governorship of California in 1962?" However, he was given little chance of ever being elected President.

than the pent of t

Because of his second important decision, the poll also included the question, "Do you think the Republican convention in 1964 will ask him to be the GOP candidate for the presidency? If so, do you think he could accept and win the election?"

One of the first polled, Robert Spearce, a freshman electrical engineering major, answered "yes" to the first question concerning the California race and explained, "He will win due to his overall populatily and the experience he had when vice president."

On the second question about the presidency, Spearce said, "I believe he will accept a draft, but I don't believe he will win against

first question. He says Nixon has a lot of popular support but on the question of the presidency he said, "No, it's just like with Eisenhower, they are not going to change with Kennedy."

Beth Rogers, a sophomore from Shreveport, La., said flatly, "I sure hope not," when asked if she thought Nixon would win. She added, "I just don't like Nixon. I'm a Republican but I would vote Democrat in case of Nixon."

Another student who believes Nixon can't win in California "because the majority of Democratic voters are pleased with Pat Brown" was Carolyn Black, a graduate student from Colorado City. She says, "A loser doesn't win very often" and believes Rockefeller will be the GOP candidate in '64.

candidate in '64.

Bill Helms, a freshman majoring in physics, says Nixon will be elected governor ". , . if he will work hard and campaign hard, but he has lost some prestige." As for the presidency, he believes the Republicans will turn to other leaders.

ders.
"Well, I think he has an exceptionally good chance," comments Janice Roberts, a junior majoring in home making and education, on the California race. She sàid that if Nixon is asked to run in '64, he will, but the outcome depends on who opposes him.

A freshman education major, Mike Harter, says Nixon will win in '62' 'because of his prestige at the present time." Harter believes he will be nominated in '64, but won't win the presidency. However, he added, ''It all depends on how Kennedy makes out."

Toreador Mail Call has a son or daughter attending Texas Tech this fall.

I would like to add this to Mr. Powell's article of a few days ago

The point I would like to discuss is one I've chosen to call "Sins of Our School System.

It is perfectly visible that our schools and colleges are not perfect but if students have better elements of the environments presented to them at an early age to make distinctions between the evils caused from political and social conditions and those given light by the natural perversity of human nature, it would improve the quality of Americans turned out by the col-leges and schools.

Progressive education granted to the student will deter sinister theories of judgment that have resulted in a general immaturity of the population which makes us incapable and sometimes unwilling to face facts.

How can we ask a student to make a decision between two political ideas or social systems if he has not been exposed to both sides of the picture? It would be the same as if asking a child to chose between Christianity or atheism without first being subjected to religious teachings.

We, as Americans, have the duty of keeping We, as Americans, have the duty or keeping two explosive elements: restless students and radical ideas from ever uniting to destroy our country. This can only be accomplished by teaching the basic motives, elements and ideals of our way of life and the communistic way of life.

Juan Ramos Government Major

News and Views

Tomorrow the student body of Texas Tech will be faced with the "yes or no" decision of ratification of the proposed revised Constitution of the Student Association. The members of this year's Student Council, and I am sure, almost every person who has ever been connected with the work of Student Council, are definitely in favor of approval on this question. For those who have not been around for the past couple of years, let me dwell on the reasons and background concerning this project.

The main reason the project was ever initiated is that The main reason the project was ever initiated is that the present Constitution is, in all due respects, impractical, limiting, and unworkable. These adjectives probably cover all the rest of the reasons in general. The old Constitution is too specific; it ties the Council's hands in respect to date, time, and placemany of which fall at undesirable and even impossible times of the year, such as Spring Vacation. In the past, Councils have just chosen to disregard the rules and work along the College Calendar for the best interest of the student body.

It was found that there seems to be more than one official copy of the present Constitution; very poor records have been kept in relation to this phase of Council work. In fact, last spring an amendent which was four or five years old was RE-DISCOVERED after a month's search. Due to the many changes in the College Calendar, the old regulations can be considered extremely out of date.

With this thought in mind, Janis Jones, Student Council Secretary 1960-61, and a revision committee from that Council, began to explore the Constitution with the idea of changing it merely with amendments that would cover the undesirable sections. As the project progressed, it became quite clear that there were enough undesirable sections to string amendments around the entire campus. It was then that the committee decided to completely revise the out-dated document. The result was approved with a few changes, by the 1960-61 Council at the close of the spring semester.

This year, the Constitutional Committee appointed by president Goodwin, and including Dr. William Davis, Miss Ruth Cowart, Dean Dorothy Garner, Peggy Maloy, Jerry Rodgers, and myself, inspected and submitted the revised statute with our comments and advice. With almost no changes, the Council approved this version last Thursday night in a called meeting. This is the document that is printed in today's issue of the TOREADOR. We hope that this can serve as the students's copy since there is only a limited supply available in the office.

As I mentioned before, this year's and last year's Councils are whole-heartedly in favor of approval of this Constitution, As I see it, here are the points in favor of approval (I personally can not see any against approval)

- 1. It would do away with the present Constitution. (This would be a blessing in itself.
- It would lift the senseless restrictions on specific dates, and allow the Council to point their programs more to the students' convenience.
- In general, it would be less specific, giving your Supreme art a chance to rule on interpretation, rather than on sense-time-consuming arguments that arise over impractical technicalities

I strongly urge that you vote "YES" on the proposed Constitution

Student Directory Sale Starts Today

Students may purchase the 196162 Student Directory beginning at 8 am. today in the Texas Tech Bookstore.

The directory lists the name, classification, school, address and telephone number of all Tech students and faculty members.

Price of the directory is 40 cents, including sales tax.

According to Rogers Lithograph Co. of Lubbock, some 5,300 copies will be available at the bookstore.

Placement Service **Sets Final Date**

ate in January, June or July must complete a Personnel Information Form and file it with the Placement Service either today or Wednesday.

The forms are to provide for future employers such information as a record of the senior's previous employment, his activities and interests, college average, references and college credits completed.

The service keeps a file on every Tech graduate. The files are important to the student since many employers contact the college for this information.

Forms may be picked in Rm. 252 of the West Engineering Bldg.
