SCHELDE RIVER ENTRANCE ALMOST CLEARED—Arrows show Allied drives in the western Netherlands. British on Walcheren Island took the port of Vlissingen, and although scattered resistance continued on the island, the Schelde river entrance to Antwerp was almost clear.

Germans Throw Reds Back

United States Denies Soviets Desired Routes

CHICAGO, Nov. 4 (AP)—The United States, which has taken the position that seats in the executive council of a proposed world air authority should be available to Russia if she wants them, has nonetheless deleted the Soviet from her program for desirable air routes.

This was shown today in a comparison of the 20 routes submitted to the international civil aviation conference with the corresponding list of routes made public by the civil aeronautics board last June as a world pattern of 140,000 miles of American flag subways.

Greece Vacated By Nazi Troops

ROME, Nov. 4 (AP)—British troops and Greek patriots have driven the Germans completely from Greece in a whirlwind campaign that was little less speedy than the lightning Nazi conquest of 1941, Allied headquarters announced today.

An RAF officer said it was believed the last German rearguard crossed over into Yugoslavia Thursday night—38 days after British troops landed on the rocky western coast of the Peloponnese Sept. 26. It took the Germans 27 days to overrun the little country in the spring of 1941.

It was an almost bloodless victory for Allied arms, for so anxious were the Germans to clear out and so well did the guerrillas do their work, that British ground forces were unable to bring the rearguards to battle until they overhauled the retreating columns in northern Greece.

Before that sharp, short engagement at Kozane, 58 miles southwest of the port of Salonika, British and patriots had swept across the Peloponnese and on Oct. 14 seized the capital of Athens by a combined assault from sea and air in which American transport planes took part.

An Allied announcement today said additional British troops had landed near Salonika, which previously was freed by patriots and other Tommies moving up to the northern Greek port by land, and these forces reported also that no German troops remained on the mainland except a few stragglers.

Tonight the Germans, who may never get back to the fatherland in view of the strong Yugoslav and Russian army positions in Yugoslavia, were still on the run out of Albania and Serbia.

A German broadcast said Nazi troops had strong positions in northern Albania, and were engaged in street fighting with "communist elements" in the capital city of Tirana itself.

Those Germans who fell back into Yugoslavia were under attack by Yugoslav partisans at Bitolj, 13 miles north of the Greek border, and at Skopje, 70 miles farther north, Marshal Tito's headquarters announced. Both towns were declared under siege.

Reconnaissance pilots who went out looking for Germans in Greece were unable to find any, they reported, but in the last 24 hours small columns were spotted near Lake Prespa, just across the border in Albania.

"It is fairly certain that all Germans are now out of Greece," the RAF officer said. "We believe rearguards went over the Greece-Serbian border Thursday night."

Coahoma Leads In Paper Drive

Big Spring has fallen behind Coahoma in contributing its share to the nation's waste paper salvage, according to figures released by salvage officers at the Big Spring Bombardier school Saturday.

Although the first two weeks trucks from the Big Spring Bombardier school picked up five tons of paper from schools, where it may be taken, the last report showed that three days netted only 1,875 pounds. This compared with 1,975 pounds collected at Coahoma in two days.

This record was in the face of the fact that waste paper is the No. 1 critical war material and that 675,000 tons of paper must be salvaged monthly to meet urgent needs.

The collection campaign was extended to Forsan Thursday and plans are being developed for the salvage drive to start in Stanton this week.

Government authorities have said that the armed services alone will need 200,000 extra tons of paper this year, and this can be supplied only by the American public. Uses are varied and six pounds of paper are required for protective bands for each bomb sent overseas. Over 700,000 other military items are made, wrapped, or tagged with paper.

Bombardier school trucks make collections every Tuesday and Friday.

Huge Tank Fight Rages On Edge Of Capital City

By W. W. HERCHER LONDON, Sunday, Nov. 5 (AP) Russian tanks yesterday crashed into Soroksar, only a mile outside shell-torn Budapest, and then were hurled back in a great armored battle flaming along the edge of the imperiled Hungarian capital, Budapest radio announced late last night in a broadcast describing the Axis situation as critical.

Fifty miles southeast of Budapest other Soviet troops toppled the Tisza river stronghold of Dzonok in a great wheeling movement that sent Red army units charging across the Budapest-Dzonok trunk railway on a 19-mile front in pursuit of the enemy retreating northward.

Premier-Marshall Joseph Stalin announced the fall of Dzonok, whose capture cut the enemy's direct escape route into Budapest and secured another valuable Tisza crossing for Red army reinforcements flowing into the Budapest battle.

The admitted Russian penetration to Soroksar put Red army tanks within six miles of the heart of Budapest. Soroksar is on the east bank of the Danube due south of the city.

One German front report broadcast late last night said: "For hours now the Russians have been pushing up the broads to Budapest and against the German Danube bridgeheads. The Russians have strong numerical superiority."

A direct retreat into Budapest for Nazi troops was impossible to fall back into central Slovakia. In German East Prussia the Soviet communiqué said Gen. Ivan Cherniakovsky's 3rd White Russian army troops successfully repulsed enemy infantry and tank attacks north and south of Goldap, 19 miles inside the reich, and even improved their positions in successful counter-thrusts.

Walker Greets 36th For Federal Service

FORT BENNING, Ga., Nov. 4 (AP)—Maj. Gen. Fred L. Walker, former commander of the 36th division and now commandant of the infantry school here, today sent greetings to the 36th on completion of four years of federal service.

General Walker assumed command of the 36th, a national guard division, Sept. 13, 1941. He led it at Salerno and Anzio and up into Italy beyond Rome. He came to Fort Benning July 24, of this year after his services were requested by the late Lt. Gen. Lesley J. McNair, then commanding general of the army ground forces.

General Walker's letter said: "Four years ago, in November of 1940, you of the 36th—the Texas division, entered upon federal service. Today, as a former commander, I congratulate you upon the magnificent record you have written across those years."

"Your successes have been attained at great cost in the lives of your comrades. All honor to those who have joined the Great Commander, to those disabled by their wounds. Let us ever be reminded of their sacrifices. May we never fail to include them in our prayers."

"Though the path ahead be long, the going difficult, my hopes, best wishes and my pride in you, with those of your invisible comrades, your families, your former members, will march forward with you always along your way."

DALLAS, Nov. 4 (AP)—W. H. Julian, 72, of Dallas, was fatally injured today when he was struck by a street car.

University Regents Asked To Resign By Exes

AUSTIN, Nov. 4 (AP)—The executive council of the students' association of the University of Texas today called for the resignations of all members of the board of regents involved in the controversy that led to the discharge of Dr. Homer P. Rainey as president.

All 14 members of the 21-member council attending a four-hour, uninterrupted session here today signed a statement commending the three regents who have already resigned for their action in resigning, asking that the remain-

ing regents who served prior to Oct. 30 "resign immediately," stating the governor should accept all the resignations and "not appoint any of such regents," and declaring that it is "highly important to have constituted a board of regents with all new members who will take over the government of the university and begin afresh, free from the controversies that have existed."

Dr. C. O. Terrell, of Fort Worth is the only member of the board who did not serve prior to Oct. 30. A brand new board, the council said, "can be trusted to make a wise selection of a president from all available persons." The statement did not specifically mention the names of Rainey or any of the regents involved in the row.

American Forces Evacuate Schmidt

By THORBURN WIANT LONDON, Sunday, Nov. 4 (AP)—American troops, although driven back from the high water mark of their invasion of the reich, the town of Schmidt, held their lines to the north firmly last night while Allied troops in southwestern Holland plunged ahead and the German radio said the battle of Walcheren Island was near its end.

The doughboys scrambled out of Schmidt, 15 miles southeast of Aachen, under pressure by German infantry and tanks, but a few minutes after their withdrawal swarms of U.S. divebombers flattened the town, leaving, according to a frontline dispatch, the walls of only two houses standing.

A few thousand enemy troops still were fighting on Walcheren, but with the Allies advancing on all sides of them and their main route of escape flooded, they could only swim, surrender or die.

Allied troops clearing the western flank in southwestern Holland for the impending offensives hammered forward two miles in a general advance that swept to within three miles of the last German escape bridge at Moerdijk, now within easy artillery range.

Fighting blazed on flooded Walcheren island, where the enemy garrison of 2,000 to 4,000 was hemmed in east of Middelburg and exposed to a terrific barrage from land and naval guns.

The big day was rounded out by the attack tonight of more than 1,000 RAF heavy bombers against Bochum, important industrial city in the Ruhr. During the day American heavyweights on widespread big-scale raids met no opposition from the Luftwaffe.

U.S. infantrymen in eastern Holland, defying mud and mortars, plowed ahead more than two miles and recaptured Ovel, 16 miles southeast of the Allied base at Eindhoven, thereby erasing almost all the gains ground out by the abortive enemy offensive a week ago.

Maintaining a mile-a-day clip, the U. S. Seventh and French First armies in the Vosges fought on east through the mountains, deepening a wedge driven into German lines blocking the way to the two vital passes of Bussang and Schlucht. Five hundred prisoners were seized yesterday.

The first German counter-attack on the First army front was broken, but the enemy came back a second time with tanks and showed the Americans out of Schmidt and back to positions about a half mile west, a front dispatch said.

Later in the day the Germans mounted a third attack northwest of the town, supported by at least ten tanks. But the Americans held firm at Vossenack, two miles north, and in their lines before Hurtgen, to the north. Seven enemy tanks were destroyed.

German lines along the Mark river five miles south of the Maas were crumbling fast, as the Poles threw two more bridgeheads across, captured Terheyden, and fought two miles northward, capturing Wageningen, within three miles of the Maas.

Negro Charged Attempted Murder

J. D. Young, Stanton negro, has been charged with "assault with intent to murder" Chief of Police A. G. Mitchell. Mitchell was stabbed in the back last Saturday night.

Examining trial has been waived, and bond set at \$2,000. Young is in the Howard county jail in lieu of bond, and awaiting action of the grand jury which will be in session the last Monday of this month.

County Nurse To Begin Patch Tests Next Week

Mrs. Ann Fisher, city-county health nurse, announced Saturday that she will begin giving tuberculosis patch tests in the Big Spring schools next week. Mrs. Fisher has obtained 500 tests which she will use on first graders in all of the schools and all pupils in other grades who have not been tested.

E. R. Nichols, city sanitarian, said Saturday that the production of milk locally has increased decidedly in the past few weeks. He attributes the increased production to the fact that two dairymen have increased their herds.

Help! Help! Help! The community war chest of Howard county needs your help.

There are enough people in Howard county who have not yet given one cent to the chest, who, if they gave even a dollar, could put it over its \$28,980 goal. As it is today, around \$4,997.50 is lacking and only one week to go. Don't be a hitch-hiker in this community responsibility. Make a liberal contribution Monday if you have not yet discharged your duty here.

Japs Preparing Hill Defenses

By RAY CRONIN Associated Press War Editor Desperate reinforced Japanese troops on Leyte, battling to retain their foothold on that strategic central Philippine island, hastily prepared defensive positions today (Sun.) in the hills overlooking the plains north of Ormoc, port town on the west central coast.

Troops of the 24th U.S. division launched a twin land-sea assault against Pinamopon, seven miles west of Yanheld Carigara on the northern end of the Ormoc corridor. The Japanese counterattacked near Capocan, midway between Carigara and Pinamopon, but were bloodily repulsed.

American fighter pilots destroyed many armored vehicles, trucks and artillery landed with reinforcements several days ago. They were hitting enemy convoys north of Ormoc, stopping organized movement of men and equipment over the highway leading to Carigara.

Fliers of the U. S. Central Pacific command blasted numerous Japanese island bases hitting shipping and other targets in the Palau, Marshall, Mariana and Gilberts and at Yap and Marcus.

In only one theater of war—China—were the Nipponese meeting any success. They were knocking at the door of Kweilin, hub of China's important southeastern defense system. They were on the run in western Burma and on the Chinese side of the Burma border. The Japanese situation in Burma was so critical there was a possibility of their total withdrawal from that country.

A Chinese high command communiqué said intense fighting was in progress in the eastern, northern and western suburbs of Kweilin. American airmen, flying in support of the hard-pressed Chinese, killed more than 750 Japanese soldiers and many horses in the Kweilin sector.

Meanwhile Radio Berlin quoting Tokyo, said Nippon forces captured Kweilin.

The Chinese hit at the Japanese Kweilin supply lines as they recaptured all strong positions on the western and northern outskirts of Tungan, 90 miles northeast of the Kwangsi capital.

Another Japanese column struck to within 18 miles southwest of Kweilin and 90 miles northeast of Luchow. The latter is now the chief railway center in free China. An American airbase is located there.

In northwestern Burma the Japanese retreat to the south and east continued as British Indian troops took strong Nippon defense positions on Fort White road in the Tiddim sector.

Investia reviewed Iranian foreign policy throughout most of the 20th century and asserted the Soviet Union took the lead in helping Iran abolish the old regime of capitulations.

Investia said the Soviet government "cannot fail to consider" that Iranian refusal of a Soviet oil offer "is a manifestation of reactionary Iranian elements which aim to prevent a rapprochement between the U.S.S.R. and Iran."

Italian Front Is Immovable In Mud

ROME, Nov. 4 (AP)—The muddy battle line in Italy barely moved today, but behind it Allied engineers were performing prodigies of road and bridge building to keep open the lines of supply and communications for the forward troops.

Chest Drive Is Near End; Large Part Uncollected

Contributions to the Community War Chest amounted to \$2,382 this week, R. R. McEwen, general chairman, said Saturday. The score of the drive now stands at \$24,002.20 with \$4,987.80 still to be raised before Friday, November 10.

The committee stated that about \$1,400 has been raised in the rural communities, but they said that these contributions have come in slowly. It is expected that a total of \$3,000 will be brought in from the rural communities before the end of the drive.

Booths were set up in the local banks last week and were operated by the leaders of the Girl Scouts and Chairman McEwen estimated that approximately \$600 was taken in there. The goal was to collect \$200 a day, and only on one day did the take go below that goal.

McEwen said, "I am very much pleased with the way the people of Big Spring and Howard county have answered the call made by the various services incorporated under the title Community War Chest. The response has generally been good, but some have not responded as generously as they could. Most of the work has been carried on by busy business men and most of the people contacted have been business men, but the committee urges everyone to contribute, contacted or not."

The various members of the committee reminded the people that this is one drive in which practically everybody is affected in some way, and every person knows someone who may receive some benefit from the money he gives.

McEwen continued that the drive officially closes Friday but unofficially it is not closed until Big Spring meets its quota.

Sir John Dill Dies In Army Hospital

WASHINGTON, Nov. 4 (AP)—Field Marshal Sir John Dill, head of the British joint staff mission in the United States, died tonight in Walter Reed army hospital. He had been ill for several months with anemia.

Sir John was 63 years old. He retired as chief of the British imperial general army three years ago and served as governor of Bombay until his assignment to Washington.

He is survived by his widow, Lady Dill, and one son by a previous marriage, Major John de Guerin Dill, of the British Royal artillery.

Romanian Heads Reconstituted

LONDON, Nov. 4 (AP)—The Romanian government, which has been accused by Moscow of protecting fascist elements, has resigned and has been reconstituted on a more democratic basis, the Bucharest radio said tonight.

Gen. Konstantin Sanatescu remains at its head as president of the council of ministers and holds the additional portfolio of interim minister of war, the broadcast said.

Sweetwater Blast Causes Revealed

SWEETWATER, Nov. 4 (AP)—Damage estimated by the company's manager at \$10,000 was caused by an explosion at the Lubri-Jel Co. today.

The manager, Dave Howard, said none of the six persons working in the building at the time was injured. The explosion was felt in Sweetwater's main business section six blocks away.

The company manufactures oil well drilling cements. Howard attributed the explosion to an accumulation of gas in the plant's crushing-grinding department.

Robberies Reported To Local Officers

Two burglaries were reported to Big Spring police Saturday morning. One was at the Dr. Pepper bottling plant and the other at Beaty's laundry. Both are being investigated by police now.

Authorities investigated an affray at 1200 W. 3rd street. Three women and one man were ordered to appear in court on November 6th.

Majority Of E Bond Quota Is Lacking

Howard county has only \$357,000 to go on its E bond quota for the Sixth War Loan drive which gets underway formally on Nov. 20, sales figures indicated Saturday.

Since E sales from Nov. 1 count on the drive, \$8,100 sold by the State National and First National banks and the postoffice may be deducted from the quota.

Similarly, Ted O. Groehl reported the over-all quota had received its first cut with \$1,000 to be purchased by Woolworth's. Groehl plans to organize his committees in about a week, he said.

County Nurse To Begin Patch Tests Next Week

Mrs. Ann Fisher, city-county health nurse, announced Saturday that she will begin giving tuberculosis patch tests in the Big Spring schools next week. # "Greenwich Village" Is Tops In Merry Musicals

With the showing of 20th Century-Fox's new Technicolor musical, "Greenwich Village," audiences at the Ritz Theatre are treated to the merriest Mardi-Gras of laughs, tunes, romantic doings and gay spectacle to hit a local screen in a long, long time. And mighty welcome it is too.

Apparently, always more than a step ahead of the field in musicals, 20th Century-Fox has really "shot the works" on this one, including the stand-out cast starring Carmen Miranda, Don Ameche, William Bendix and Vivian Blaine, "The Cherry Blonde," a perfect dream of a production, and the most dazzling Technicolor this side of heaven. The film is packed tight with more thrills than a Mardi-Gras, more gals than a harem, more songs than a flock of mocking birds, and solid, downright fun that reaches a new high in hilarious entertainment.

Don Ameche seems to be very interested in what Carmen Miranda has to say about his future in this scene from "Greenwich Village" now showing at the Ritz.

Anything can — and does — happen in "Greenwich Village." It all starts when on Ameche, in the role of a corn-fed Kansan with a Carnegie Hall complex, who has come East to realize his ambitions as a composer of serious music, wanders into New York's famous Greenwich Village, most celebrated period. Before you could say, "Stravinsky!" Carmen Miranda, the Village fortune teller — and fortune hunter — spots him, and steers him to William Bendix's night club where she's employed.

It so happens that lovely Vivian Blaine, "The Cherry Blonde," is the club's premiere chanteuse and, while La Miranda and Bendix plan to tap Don for his "fortune" to promote a Broadway show, Don loses his heart to Vivian — and who wouldn't?

From there on, it's a riotous catch-as-catch-can, with the audience ending up the heavy winner with a fast-paced story that leads up to a grand climax, entrancingly

spiced with dazzling spectacle, dance and scintillating song.

Carmen Miranda was never grander, for "Greenwich Village" gives the exotic bombshell a long-overdue opportunity to reveal her talents as one of the screen's best comedienne (in addition to her unusual singing and dancing), and La Miranda makes the most of it. Ameche is in his usual high form. The acting versatility of the handsome star is amazing as you see him in "Wing and A Prayer" as well as in "Greenwich Village," will readily testify. Grave-voiced William Bendix lets out all the stops in this picture (even to the point of singing and dancing), and, as usual, he's tops all the way through.

George Murphy and Ginny Simms are co-starred in the romantic musical, MGM's "Broadway Rhythm," with Charles Winnenger now billed for the State theatre today.

Evelyn Ankers and Alan Curtis in a tense scene from the terror picture "The Invisible Man" with Jon Hall and Leon Errol currently billed at the Lyric.

# Broadway Rhythm Presents Simms And Murphy In Brilliant Musical

"Broadway Rhythm," Metro-Goldwyn-Mayer's newest Technicolor film at the State Theatre, is a gay and tuneful musical, chock-full of entertainment to please everyone. Ginny Simms, long a singing favorite of the airwaves, makes her debut as an actress in Technicolor revealing a pretty face and figure and a sparkling personality for the screen and she is perfectly teamed with the popular dancing star, George Murphy.

Murphy is cast as a member of a famous theatrical family and is a successful Broadway producer. He retires his father, Charles Winnenger, and does his best to keep his kid sister, Gloria De Haven, in school despite her yearning for the stage. Ginny Simms, playing a Hollywood movie star, comes to New York searching for a play to give her a new shot of the prestige she needs so badly. At first she is interested in Murphy's play but later turns it down because she does not believe it will be a hit. This is the opportunity Winnenger has been waiting for. He dusts off one of Murphy's old scripts and joins forces with Miss Simms to pro-

duce it in a summer theatre venture.

When Murphy finds out what is going on he becomes estranged from his father and his romance with Miss Simms is nipped in the bud. Things go badly for both productions until Ginny takes matters into her own hands and patches up the breach between Murphy and his father, and a Broadway hit is introduced to a cheering first night audience.

Versatile George Murphy, looking very handsome in a brand new mustache, is well cast as the successful scion of show business.

Among the graduates of the first class of officer candidates at Carlisle Barracks, Pa., in 20 months was 2nd Lt. Paul W. Scherrubbe, 2208 Main, Big Spring. Lt. Scherrubbe is a medical administrative officer.

# Jon Hall Turns In Strong Performance In New Thriller "The Invisible Man"

Surpassing all of its popular predecessors in the series of "Invisible Man" adventures, Universal's "The Invisible Man's Revenge" is acclaimed electrifying entertainment by audiences and is now billed at the Lyric.

At turns amazing and amusing, the current offering reaches new pinnacles in camera wizardry, which is cleverly and effectively employed by Ford Beebe, producer-director.

As the "Invisible Man," Jon Hall turns in a strong performance despite the fact that he is unseen during much of the footage. He is introduced when he returns to England from Africa, after five years as an amnesia victim. Believing that a titled British couple has swindled him of his share of a diamond field, he submits to invisibility experiments by an eminent scientist to help him get revenge.

tor's astonishing scientific tests, the "Invisible Man" set out to work on the couple and to win the hand of their daughter.

Ensuing action is marked by many eerie episodes, highlighted emotionally by dramatic conflict.

The imposing cast, with all members giving excellent performances includes Evelyn Ankers as the daughter; Alan Curtis as her fiancé a London newspaperman; Leon Errol as an Irish neer-do-well who befriends the "Invisible Man," to his eventual regret; Gale Sondergaard and Lester Mathews as the titled couple; and John Carradine as the scientist.

Credit for the exceedingly tricky and always exceptional camera work is shared by Milton Krasser and Jon Fulton, the latter known as Hollywood's outstanding special effects cameraman for his pioneering in the field.

Bertram Millhauser wrote the original screenplay, fifth of Universal's "Invisible" pictures.

### Hollywood— Movieland Approves Of Pacific War

By ROBBIN COONS  
HOLLYWOOD—The fat they're chewing:  
The war, of course. You don't have to eavesdrop to find out that Hollywood approves of Pacific developments. . . .  
And politics. Are you having an election there, too? As E-day gets nearer, it becomes less and less safe to venture into the political Hollywood.  
The rabid partisans are chewing the ears of each other, the "benighted" other-siders, and all innocent bystanders who come within biting distance. Steel-lined ear-muffs are the best protection, but if you're young enough you can sprint a good 50 yards in the opposite direction. Remember when entertainers abstained from expressing political opinions—for fear of alienating portions of their public?  
The break-up of the "battling Bogarts." That's one permanent peace nobody wanted. And it came just as "Boogy" and Mayo seemed all set to scrap happily ever after — to their own and friends' delight. Peace, it's wonderful. But this peace, it's going to be dull. . . .  
There are still echoes of the controversy stirred by the C. B. I. Roundup over movie stars' appearances or lack of same in that war theater and whether those who do visit there are doing the best job they can. I still think the best expression from this end came from Joe E. Brown who has done more overseas touring than anybody: "I love those kids too much to criticize 'em — even the ones who're criticizing us."  
A local commentator suggested that if the soldiers really feel "that way about it, the Hollywood stars might better stay home. But that's rather like suggesting that a soldier resign because there's danger in his work. Every player who has gone across must have realized that he couldn't please everybody, that he could easily — and unintentionally — become a target for GI beefs in any theater visited. So it happened that some did. So what?  
They all brought badly needed entertainment, or at least a face from home, to thousands in widely scattered war areas. They went as volunteers. Most importantly, they went. From this corner that seems to be the fact most generally overlooked. . . .  
Well, Hollywood still finds time to talk about pictures. Most talked-of new actress is Lauren Bacall, the blond ex-model with Humphrey Bogart in "To Have and Have Not."  
This space went overboard for her months ago when she was making the picture, and current

reviewers seem to justify the splash, many devoting most of their type to Bacall. She was discovered by Mrs. Howard Hawks from a magazine picture, trained for stardom by Hawks in her first picture.  
Talk is of what Bacall, who is 20 and previously untrained dramatically, can do when she draws another director. She won't have to worry for a while—Hawks has her with Bogart again in "The Big Sleep."

**WOUNDED**—Donald Gibson, left, son of Mrs. Frank Brizell, suffered serious wounds when he went in with the invasion forces on D-Day as an infantry private. His mother received a letter and a cablegram from England, where he is hospitalized, telling that he had been shot in the leg, stomach and in the arm, which was broken. Two brothers, Richard Gibson and Mariam Gibson are in the service, the former in France and the latter in California. Before entering service two and a half years ago, Donald worked for the Elliott Drug store.

**POSTAL RECEIPTS HIGH**  
COLORADO CITY, Nov. 3 — October postal receipts reached an all time high in the records of the Colorado City postoffice, according to Joe Y. Fraser, postmaster here. For the month of October total receipts were \$4,583.52 as compared with \$3,417.29 for October, 1943. The highest monthly total reached previously came last December with \$3,977.61. Overseas packages were three times the 1943 volume.

### Funeral Services For Wright Couple

Funeral for Mr. and Mrs. Jimmie E. Wright, formerly of Coahoma, will be held Wednesday at 10 a. m. in Scurry county, friends learned here Saturday.  
Mr. and Mrs. Wright were killed in a train mishap at Kennewick, Wash. on Oct. 31. Their bodies will arrive at Snyder Tuesday.  
Mrs. Wright is the former Susie Johnston of Scurry county and he was an employee of the Sinclair-Pratt Oil Co. at Coahoma before entering defense work.  
Surviving Mrs. Wright are her parents, Mr. and Mrs. W. A. Johnson, Dunn; three brothers, Albert Johnston, Big Spring, Francis Johnston, Dallas, and Marcus Wright, USN; three sisters, Mrs. Cutler Robbins, Roswell, N. M., Mrs. Fred Cotton, Dunn, and Mrs. W. A. Hunter, Coahoma.  
Wright is survived by five sisters, Mrs. N. W. Gandy and Mrs. Zern Gould, Henderson, Mrs. C. H. Reynolds, Crowell, Mrs. Lawrence J. Stokes, Ft. Wayne, Ind., Miss Cotton White, Fort Worth; and brother, Raymond Wright, Ft. Worth, and a half-brother, C. C. Wright, Kemp.

### Milk Shortage Threat Faces Colorado City

COLORADO CITY, Nov. 3—A serious milk shortage faces Colorado Citizens with the cessation of both wholesale and retail deliveries by the Jim Bodine dairy, biggest single supply of grade A raw milk here for the past number of years.  
Bodine, who has been troubled with shortage of labor for the past year, made the following public announcement: "I have been operating for the past year on the hope the situation would improve. I have done everything humanly possible to continue operating, but shortage of labor and not being able to make adequate herd replacements due to the low price allowed me on my milk by the OPA makes the step necessary."  
He will continue to operate his dairy on a reduced scale and on a come-and-get-it basis for the time being. A Sweetwater dairy supplies the town with limited quantities of pasteurized milk. Efforts to reserve milk for infants are being made by some of the retailers.

**AWARD**—Pfc. R. A. White, Jr., son of Mr. and Mrs. R. A. White, 1226 West 3rd street, is pictured receiving the combat infantryman's badge for his participation in the Guadalcanal campaign. A former Gulf Oil employee, Pfc. White also wears the Asiatic-Pacific theatre ribbon with two battle stars together with the American defense and good conduct medals. Making the presentation is 1st Lt. Joe Verde, Brownwood, Texas, also with the XIV Army Corps "somewhere in the Pacific."

**SMILING AUTHOR**—Novelist W. Somerset Maugham (left) enjoys a light moment with June Havoc and Director Rouben Mamoulian at rehearsal of a musical version of one of his stories. Miss Havoc plays the Sadie Thompson role first enacted by the late Jeanne Eagles.

**PACIFIC NET SHOW**—Col. Roy M. Gulick, USMC, of Doylestown, Pa., thanks Bobby Riggs, tennis star now a Navy specialist 2nd class, for giving an exhibition before leatherneck tennis fans at Pearl Harbor Marine barracks.

### Letters To Editor— Roosevelt Or Flowers For Reader Hart

Dear Editor:  
I have been handed a circular letter by Ray Dudley and published in the Oil Weekly of Houston with the request I comment on it through the Herald. I think the article expresses some noble thoughts and the only objection I find to it is that he bemoans the fact that Sidney Hillman and Earl Browder were supporting Roosevelt for president.  
Now I cannot see why our president should be held responsible for the support of these men or any one else. I am not against Dewey because he has the support of John L. Lewis or Gerald K. Smith. I believe the great majority are for Roosevelt for the same reason I am. They think he is by far the best qualified man for the job. I asked a republican friend of mine if he was going to vote and he said he was getting along better than he ever had and would vote for Roosevelt.  
Now this incident. A man wanted to bet \$1,000 that Roosevelt would be elected and his wife wanted to know what if he lost. He said it would be the same if Dewey won, he would lose it anyway.

Some asked who paid me to write these articles. The only pay I ever got was 10 cents from a ticket agent for the O'Daniel article. A friend at Lamesa said he ought to give me a dollar because the more I wrote the more votes I was making for O'Daniel. Well, it will soon be over but the shout-

### Girls Break Record In County With Calves

For the first time in the history of Howard county, according to County Agent Durward Lewter, girls are feeding calves for a show. They are Betty and Patti Carpenter, and Mynonne Lomax. Betty and Patti selected their calves from the Ed Carpenter herd, and Mynonne selected her calf from the E. W. Lomax herd.  
Lewter has helped select four more calves for the show. He chose one for Melvin Griffith from the Tom Roden Herd, one for Marlin Murphy from the Charlie Creighton herd, one for Lenard Smith from the Lonnie Smith herd, and one for Bluford Burton from the Charlie Creighton herd.  
This makes a total of 78 calves on feed to date, with three girls and 68 boys feeding them.

### Mitchell County 4-H Club Readies Exhibits

COLORADO CITY, Nov. 3 — Two Mitchell county 4-H club boys are readying exhibits for the Greater Pan American Hereford show to be held in Dallas Nov. 11-19.  
Charles Smith will show the senior calf which was bred by Les Terry. Roland Fee is feeding and grooming the junior calf, bred by his father, Bob Fee Sr. With their coach, T. H. Roensch, Mitchell county agent, the boys and their exhibits will leave for Dallas Nov. 7 and will show on Nov. 11.

Intense heat hardens and toughens the protein of meat and drives out the juice.

### Interpreting The War News— Budapest Marked As Scene For Soviet Mortal Blow On Shrunken Nazi Citadel

By KIBBE L. SIMPSON  
Associated Press War Analyst  
Caught in the 300-mile-long scythe-like sweep of Russian armies across the plains of Hungary, Budapest was plainly marked on European war maps this November weekend as the almost certain scene of the next mortal blow to fall upon the shrunken Nazi inner citadel.  
The scope of the Russian advance in Hungary, the tremendous breadth of front it covers from the southeastern corner of Czechoslovakia to the point where the Danube flows across the Hungarian border into Yugoslavia, strongly implies that the coming siege of Budapest is merely an incident in the developing Danubian campaign in Russian eyes. Vienna is the more probable real major objective.  
More bad news for the Germans came in a Moscow report of the first heavy snows of the winter on the front, presumably in the northeast.  
On the western front and in Italy, weather conditions were hampering the Allies. Despite rain-flooded streams and washed-out roadways, however, continuous pressure was being exerted all along both fronts giving the foe no rest anywhere, no chance to regroup his forces.

# County Food, Feed Exhibit Attracts Over Four Thousand

## Community Title Goes To Luther

More than 4,000 persons were surprised Saturday as they viewed the food and feed offerings of Howard county in a drouthy year as the annual agricultural exhibit was resumed in the Big Spring Motor display rooms.

Luther won the top \$30 award in community exhibits. Coshoma took the \$22.50 award. Overton the \$17.50 award, barely ahead of B-Bar, which earned \$10 with Fairview, Lomax, Knott, Hilway, Sand Springs and Forsan. Home demonstration clubs arranged all but the Lomax exhibit.

James Cauble, Elbow, was top 4-H boy with Ray Echols and Bobby Cathey of Coahoma ranking in order. Barbara Sue Wilson was tops in 4-H girl competition with Marie Petty close behind, followed by Camilla Burkhead.

Charles Robinson ranked first among farmer winners with E. H. Fuqua and Charlie Lawrence in order. Mrs. Shirley Fryar was first for HD women with Mrs. Don Rasberry and Mrs. D. F. Bigony tied for second and Mrs. O. B. Gaskin third.

More than 300 individual entries were listed in addition to the community items. Scores of

varieties of canned and fresh vegetables were exhibited as well as a big variety of canned fruits, vegetables and meats. Grains and bundles included wheat, barley, milo (goose-neck and combine), bontia, hegrira, cane, and corn.

Among items unusual to this area were pecans, honey, banana squash, alfalfa and others. Some chard was so big stalks looked like celery, and Lomax turned up with a husky watermelon this late in the season.

Both County Agent Durward Lewter and Home Demonstration Agent Rhea Merle Boyles expressed thanks to farm families for contributing and displaying their products and especially to the chamber of commerce for furnishing prize money and Big Spring Motor for display space.

C. H. DeVane, Frank Lovelax, Leland Wallace, Everett Lomax, H. O. Phillips, C. B. Lawrence and W. F. Coates came in for thanks for their long hours of help. J. H. Greene, chamber of commerce manager, expressed appreciation to all men and women who contributed to the exhibit, which he termed outstanding for a show of small scale.

Judges for the event were O. P. Griffin, Clyde, former county agent, F. E. Keating, US Experiment Farm superintendent; Mrs. Fern Hodge, Stanton, and Graham Hard, Colorado City.

## President Calls For 50 Million Voters In Tuesday's Election

By DOUGLAS B. CORNELL  
BOSTON, Nov. 4 (AP) — President Roosevelt called tonight for at least 50,000,000 votes on Tuesday and declared himself anxious to win because "never before in my lifetime has a campaign been filled with such misrepresentation, distortion and falsehood. Never since 1928 have there been so many attempts to stimulate in America racial or religious intolerance."

Frankly that I have become most anxious to win—for the reason that never before in my lifetime has a campaign been filled with such misrepresentation, distortion and falsehood. Never since 1928 have there been so many attempts to stimulate in America racial or religious intolerance.

In the final major address of his fourth - term campaign, to a crowd assembled in Fenway Park, Mr. Roosevelt declared that never since 1928 "have there been so many attempts to stimulate in America racial or religious intolerance."

A candidate reveals a "shocking lack of trust in America," he said, "who declares there is danger the American government could be sold out to communists."

He pronounced the American people competent to judge a political party which he described as working "both sides of the street."

The chief executive's last big campaign address covered his past record, his health, his answers to some republican campaign arguments and an expression of his aims for a "clean, shining America" after the war.

Speaking in the same city where Thomas E. Dewey appeared but three days ago, he said that "Just the other day you people here in Boston witnessed an amazing demonstration of talking out of both sides of the mouth."

Mr. Roosevelt came to Boston at the end of a day of campaigning through Connecticut and Massachusetts with repeated predictions that he would be reelected. Bostonians gathered in a ball park heard him declare everyone knows he was reluctant to run again this year.

"I do not think we could have both in this country, even if we wanted either — which we do not."

"But since the campaign has developed," he said, "I tell you

"We want neither communism nor monarchy. We want to live under our constitution — which has served pretty well for 155 years."

"Now really — which is it—communism or monarchy," he inquired.

# Devonian Outpost And Yoakum Test Log Show

By JOHN B. BREWER  
 SAN ANGELO, Nov. 4 — Showing of oil and gas from the Devonian in a southwest outpost to the Wheeler Ellenburger field in eastern Winkler county, Sun No. 1 Wheeler, and swabbing of oil by a Yoakum county wildcat, Skelly No. 1, were among this week's West Texas oil developments. Staking of locations for five wildcats and five outposts to three fields maintained the steady exploration pace.

while pulling drillpipe following drillstem testing of the Devonian from 8,275 to 8,527 feet. Later 2,107 feet of oil and gas-cut mud was recovered. Drilling continued to explore the Ellenburger.

Skelly No. 1 W. S. Hodges, Yoakum wildcat C NW NW 466-D-John H. Gibson, recovered 100 barrels of fluid—61 per cent oil, 38 per cent basic sediment and three per cent acid water — in swabbing 15 hours. Plugged back and drilled out to 5,921 feet it had perforated from 5,350-95 feet. The prospect is 5 1-2 miles northwest of Bond & Bohagan No. 1 West,

small discovery north of the Watson field.

Recovery of 4,700 feet of oil and gas-cut mud on a brief drillstem test from 7,980 to 10,035 feet was attributed to Shell No. 1 T. K. county wildcat, C... NU. NU Sparks, southwestern Gaines county wildcat, C NE NE 3-A31-psl. There was no confirmation, however, of this or a subsequent report that very slight oil shows and some signs of sulphur water had been obtained in a core above 10,152 feet in dolomite. Drilling continued below 10,161 feet, supposedly in Ellenburger.

The Texas Co. No. 1 Geo. D. Hogz, C SE SW 24-B10-psl, 1 1-3 miles northwest of the North Monahans (Tubb) pool in southeastern Crane county, which recovered oil and gas-cut mud on a drillstem test from 6,088 to 6,250 feet, cemented 77-

inch casing on bottom at 6,350, drilled plugs and progressed below 6,360 feet, coring.

The east side of the, Keystone Ellenburger field in Winkler gained locations for three tests; Amon G. Carter and Pure No. 9-E J. B. Walton, C NW NE and C SW NE, respectively, of section 5-B2-psl, and J. R. Sharp and R. C. Barnes No. 1-E M. E. Cru, C SW SW 7-B2-psl.

Harley Sadler of Sweetwater and others prepared to drill out a Coke county wildcat on the Bob Mims ranch abandoned in 1925 by W. E. Weidner to acidize and test a showing of oil from 1,676-82 feet. Location is in the southwest quarter of section 39-W-T & P, 15 miles north of Water Valley.

Humble staked location in Lamb county for No. 1 R. L. Bagdwell, proposed 7,500-foot wildcat, 660 feet out of the southwest corner of labor 25, league 673, State Cap-

itol Lands survey.

Pratt - Hewitt will drill No. 1 Dick Slaughter, slated 6,000-foot test in Cochran county, 440 feet out of the southeast corner of labor 13-85-Shackelford CSL, two miles north of the Chipley pool.

Woodley Petroleum will seek Clear Fork lime pay in No. 1 Ellwood in Hockley county, C SE SE 29-A-R. M. Thompson, in drilling 6,000 feet. The location is one mile west and a quarter mile north of Woodley No. 1 Harless, opener of the Smyer pool.

Stanolind started No. 1-P University, scheduled 7,500-foot wildcat in northwestern Andrews county C NE NE 44-13-U, 3 1-4 miles south of Mid-Continent No. 1-7 University, Devonian lime discovery south of the Fullerton field.

Richfield staked No. 1 Clements, proposed 5,000-foot wildcat in Martin county 15 miles north of Stanton C, SW NW 22-35-2n-T & P.

Hilo Oil Co. of Midland planned to start Sunday No. 1 W. F. cowden in Ector county three-quarters of a mile southwest of the Harper pool. The slated 5,500-foot operation will be in the C NW SW The Texas Co. spotted No. 2-A Charles W. Hobbs estate quarter mile west of its No. 1-A Hobbs, opener of the Crossett field in southeastern Crane county.

Stanolind and Shell staked No. 3 W. D. Blue estate in eastern Winkler county 1,466 feet southeast of No. 1 Blue, opener of the Wheeler Ellenburger field.

Leonard D. Crain, 20, son of Mr. and Mrs. Bruce Crain, Ackerly, has been promoted to the rank of sergeant, according to a 15th AAF headquarters announcement from Italy. He is a radio operator and aerial gunner on a B-24. A graduate of Ackerly high school, Sgt. Crain entered the air corps

in May 1943 and received radio training at Sioux Falls, S. D., and gunnery training at Yuma flexible gunnery school, Arizona. His wife, Mrs. Ruth E. Crain, and daughter, Patricia, reside at Ackerly with his parents.

## Bonner - Savage Vows Read At Post Chapel

Miss Adelle Bonner, daughter of Mr. and Mrs. L. S. Bonner of Big Spring, became the bride of F/O Bernard M. Savage, son of Mr. and Mrs. A. M. Savage of Mangum, Okla., in a candle light ceremony read Saturday night at 8:30 in the post chapel.

The altar was decorated with pink gladiolas and white callalilies and fern; the double-ring ceremony was performed by Chaplain Ray L. Allen.

Miss Erma Lee Gideon was bridesmaid and wore a powder blue suit with black accessories. Her shoulder corsage was of pink carnations.

The bride wore a RAF blue blue woolen suit with black accessories. An orchid corsage was worn on her shoulder. For the traditional something old, the bride wore a brooch 70 years old belonging to her grandmother, Mrs. C. J. Shultz of Big Spring, which was also worn by the bride's mother in her wedding. Something new was a necklace which was a gift from the bridegroom. Something borrowed was a pair of diamond earrings from Paris, France, that belonged to the bride's grandmother also. For something blue the bride wore a blue ribbon in her left slipper.

Lt. Glenn Peacock of Chicago, Ill., was the bridegroom's best man. Following the ceremony, the couple was honored with a reception at the Settles hotel.

The bride graduated from the Big Spring high school in 1944 and has been employed by the Malone and Hogan Clinic Hospital for the past two years.

The groom attended Oklahoma University and graduated in class 44-42 at the Big Spring Bombardier school where he is stationed now as an instructor.

The couple will be at home at the Settles hotel.

## Expecting a Baby?

Mother's Friend helps bring ease and comfort to expectant mothers.

MOTHER'S FRIEND, an exquisitely prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is an application for massaging the body during pregnancy... it helps keep the skin soft and pliable... thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the skin... for the tired back muscles or cramp-like pains in the legs. Quickly absorbed. Delightful to use.

Mother's Friend Highly praised by users, many doctors and nurses. Just ask any druggist for Mother's Friend—the skin lubricant. Try it tonight.

## Honored With Party On Third Birthday

A. C. Rawlins III, was honored Friday on his third birthday anniversary with a party in the home of his grandparents, Mr. and Mrs. J. P. Dodge. Mrs. Glenn Lutz assisted Mrs. A. C. Rawlins Jr. with the party.

The birthday cake was a miniature merry-go-round served on a musical cake plate that played "Happy Birthday." Refreshments of ice cream and cake were served to Mala Kay Gibson, Chris Morgan, Betty Faye Cain, Linda Ballinger, Lonnie Webb, Jimmie Hinds, Zollie Mae Rawlins and the honoree.

## Make This Barcel Recipe To Lose Ungainly Fat

If you are overweight, perhaps due to over-indulgence in food and not due to any glandular disturbance, why not try this inexpensive home recipe to help bring back alluring curves and graceful slenderness.

Here is a recipe that can be used inexpensively at home. Just get from your druggist 4 oz. of liquid BARCEL CONCENTRATE. Add enough grapefruit juice to make a pint. Then just take 2 table spoonful twice a day. Wonder-

ful results may be obtained quickly.

Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take and pleasant. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

## Mitchell Speaks At AB Club Meet

In an informal talk given by Chief of Police A. G. Mitchell to the A B Club Friday, he stated that delinquency was "higher than it ever has been in history," and urged the men of the club and community to "talk with the boys, not against or about them."

Mitchell gave news to the fact that the venereal disease rate in Big Spring which had, until recently been the highest for a town of our size in Texas, was now the lowest. "This was made possible," he said, "by one big campaign against this type of person. A campaign that is still going on, and won't cease until this town is clear of the VD." Mitchell went on to state that all these cases didn't refer to "women with their hair dyed red, and wearing too much make up. . . on the contrary . . . citizens of Big Spring would be surprised to know how many people regarded as the 'better class' have been picked up by the police."

## Fairview HD Club Plans Booth

## Cosden Chatter - -

By MRS. ROXIE DOBBINS

The hard luck story of the week comes from Leroy Jones who had his car stolen Friday night and an emergency appendectomy Sunday morning. He is recovering nicely at the Malone and Hogan Hospital.

A. R. (Rags) Matthews of Fort Worth was a visitor in the office Friday.

Jack Nall was in Fort Worth several days this week receiving treatment for injuries to his foot which he received in a fall at the refinery last year.

Florence Mosley of Waco has been employed in the accounting department as a comptometer operator. Mary K. Lumpkins was also employed in the personnel department.

F. M. O'Connor of the O'Connor Petroleum company of New York City was a visitor in the office Friday.

Cosden employees and their guests enjoyed another Cosden party at the country club Friday night. This was the first in a series of parties to be held during the winter months.

Mr. and Mrs. A. L. Souder have received word from their son, Carl, who is located somewhere in France.

W. B. Cheney of the Cook Paint

company, Fort Worth, visited in the office Friday.

William R. Banks, Jr., notified his parents that he was on the SS. Nashville during the invasion of the Philippines. It was on this ship, Banks stated, that General Douglas MacArthur viewed the invasion of the island of Leyte.

J. A. Selkirk and E. B. McCormick attended a state personnel conference at Austin Thursday through Saturday.

An interesting letter has been received from Sgt. J. M. Smith who is stationed at Camp Swift.

Douglas Orme returned Tuesday from a business trip to Washington, D. C.

H. T. Bratcher, our production superintendent at Graham, transacted business in Big Spring last weekend.

Capt. Alton F. Bostick and Cox. Claude A. Ramsey have received their Christmas packages from Cosden.

Neil Pritchard of Colorado City was a visitor in the office Friday.

Clinton Pruitt, SF 2/C, a former Cosden employee who has been in the Aleutians for 16 months, is home on leave and visited in the office Friday. He is with the U. S. Navy Seabees.

While in South Texas he visited his brother, V. E., another ex-Cosden employee, who is an instructor at Bryan Army Air Field.

A number of inter-office transfers were made this week. Mrs. Lou Phillips was transferred to the tank car sales department.

Mrs. Pat Dobbins to the controller's office, and Mrs. Glynn Jordan to the tax department.

Lt. J. T. Wilkinson was a visitor in the office Monday. He is stationed at the San Angelo Army Air Field.

Averil McClain had the pleasure of seeing her brother, Doyle, in Fort Worth last Sunday. He had been with the U. S. Navy Seabees in the South Pacific for 27 months and was home on leave.

I. M. Robinson, traveling freight agent of the Santa Fe lines, Lubbock, was a visitor in the office Friday.

Mrs. J. B. Young has returned from an extended visit to Canada, New York City and points on Long Island. While in Canada she attended the Grand Chapter of the O. E. S. of Canada meeting in Montreal. Enroute home Mrs. Young attended the Grand Chapter of the O. E. S. of Texas meeting in Fort Worth.

Guests present were Mrs. Chester O'Brien, Mrs. D. C. Maupin, Mrs. A. T. Lloyd, Mrs. W. B. Buchanan, Mrs. W. R. Creighton, Mrs. J. L. Haynes, Mrs. Lina Lewellen, Johnny Owen Scott and Johnny Bugler.

Mrs. Austin Burch of Houston is visiting her parents Mr. and Mrs. J. P. Dodge. Lt. Burch is in the engineer corps now over seas.

Mr. and Mrs. A. L. Higginbotham of Dallas are week-end guests of Mrs. Jim Currie.

## Safety Deposit Box—for Milk

Here's a clever idea that works both in winter and summer. Just cover a wooden frame with insulating board (you can get it from your lumber dealer) and protect the corners with extra-long corner beading which will also serve as legs. You can make it any size, but one a foot square is plenty big enough for four quart bottles, as well as butter and cream. An insulated box like this will shield dairy products from weather exposure and safeguard both taste

and quality. About 12 feet of 3-4 by 3-4 inch lumber are required for the framework of a box about a foot square. Nail the frame securely together with 5 or 6-penny nails. Then over it apply sidewalls, top and bottom of insulating board. Insulating board from one-half inch to one inch thick may be used, depending on the extremes of temperature expected. For extremely cold weather, two layers of half-inch insulating board may be used; one on the outside and the other inside the framework, with an airspace between.

## Homemakers Class Hostess For Party

Dorcas class of the First Baptist church was entertained by the Homemakers class when they met Friday afternoon at the church. Mrs. R. D. Ulrey acted as president and Mrs. W. R. Creighton opened the meeting with a prayer. Mrs. M. E. Harlan recognized the visitors. The devotional on Fellowship was given by Mrs. Chester O'Brien and Mrs. M. E. Stulting read the minutes of the last meeting. Mrs. Wayne Matthews directed games.

Members present were Mrs. R. H. Snyder, Mrs. Dewey Martin, Mrs. G. H. Hayward, Mrs. S. G. Sholte, Mrs. A. L. Hobbs, Mrs. S. Thomas A. Roberts, Mrs. C. E. Richardson, Mrs. Jim Skalkicky, Mrs. V. W. Bugler and Mrs. Roy Green.

Guests present were Mrs. Chester O'Brien, Mrs. D. C. Maupin, Mrs. A. T. Lloyd, Mrs. W. B. Buchanan, Mrs. W. R. Creighton, Mrs. J. L. Haynes, Mrs. Lina Lewellen, Johnny Owen Scott and Johnny Bugler.

Mrs. Austin Burch of Houston is visiting her parents Mr. and Mrs. J. P. Dodge. Lt. Burch is in the engineer corps now over seas.

Mr. and Mrs. A. L. Higginbotham of Dallas are week-end guests of Mrs. Jim Currie.

## Howard County P-T Council Organized Officers Elected, By-Laws Drafted

Six district vice-presidents, and representatives of the rural communities of Howard County were present Saturday when the Howard County Parent-Teacher Council met at the First Methodist church to reorganize the association.

Mrs. Howard Key presided and Mrs. Della K. Agnell, district chairman, acted as secretary.

The following officers were elected: Mrs. W. H. Ward of Moore, as president; Mrs. Elmo Birkhead, Garner community, vice-president; Mrs. Ed Brown, Garner, secretary; Arah Phillips, Midway, treasurer; Mrs. Ray Shaw, Midway, vice-chairman; Lucille Grant, Moore, program chairman; Mrs. C. A. Denton, Midway, fourth vice-president.

A committee was appointed to draft by-laws, they were Mrs. Howard Keys and Arah Phillips. Dues from all units will be one dollar per year. Mrs. J. E. Brigham representing the local parent-teacher council was present and announced the sixth district conference to be held in Big Spring in April, stressing the idea of the rural P-TA units in acting as co-hostesses with the Big Spring members at the conference.

It was also announced that an open-house will be held at the county library when it opens November 16. The next meeting of the council will be Saturday, December 8, at the Methodist church for a business and social hour.

## VISITS AND VISITORS

Mr. and Mrs. Marvin House, Jr. and son arrived Saturday night to visit until Tuesday with his parents, Mr. and Mrs. M. K. House, Sr.

Mr. and Mrs. H. L. Moore have received word that their son, Odie T. Moore, has been promoted to corporal. Cpl. Moore went into service April 17, 1944 and received his basic training at Camp Gordon, Georgia, and is now stationed at Fort Jackson, South Carolina, in the heavy artillery.

Mrs. P. J. Shelb and Mrs. Jess Davis of Fort Worth are week-end guests of Mrs. V. Van Gieson and Mrs. J. B. Young.

Help railroads handle Christmas shipping by mailing your Christmas packages during November. That is a request by the Office of Defense Transportation.

## FORSAN NEWS

FORSAN, Nov. 4—Mrs. H. McCarty and Mrs. Bill Conger, Jr. complimented Mrs. John Nasworthy with a gift tea in the McCarty home Friday afternoon. Mrs. Nasworthy was, before her marriage, Mattie Mae West.

Receiving with Mrs. McCarty and the bride were the honoree's mother, Mrs. C. L. West, and Mrs. Mark H. Nasworthy Sr., mother of the groom.

The linen-organza laid table was centered with an arrangement of the white chrysanthemums, flanked with tapers.

The three tiered cake topped with a miniature bridal couple was cut by the honoree.

Miss Edith Richardson presided at the register and Mrs. Lloyd Burkhart of Coahoma, arranged the gifts.

Others present at the party included Mrs. J. E. Lett, Mrs. C. C. Kent, Harold and Aquilla West.

Gifts were given by Mrs. Walter Gressett, Mrs. J. E. Gardner, Mrs. Lillie Mae Johnson, Mrs. C. McCluskey, Mrs. John Lane, Mrs. Jack Bradford, Mrs. R. B. Young, Mrs. C. M. ### Presidential Polls Indicate It May Be Photo Finish In Election

**NEW YORK, Nov. 3 (AP)**—The presidential polls indicate today that it may be a photo finish between Roosevelt and Dewey.

Three nation-wide polls report the president leading in 20 states with a combined electoral vote of 198. Gov. Dewey, they say, leads in 13 states with a total of 143 electoral votes.

All three, failing to agree on who's ahead in the 15 remaining states, decline to forecast which candidate is likely to get the 266 electoral votes that are needed to win.

A fourth poll, conducted for Fortune magazine by the Elmo Roper firm, finds Roosevelt favored by 53.5 per cent of the civilian voters, but this poll does not go

into the electoral vote. Population shifts, an apparently close division of voters in many states and the impossibility of telling how the soldier vote will go are the chief reasons given by the poll conductors for their unwillingness to make a prediction.

Dr. George Gallup's American Institute of Public Opinion reports Dewey leading in 22 states with 255 electoral votes. Roosevelt ahead in 21 states with 206 electoral votes, and five states with 70 electoral votes divided 50-50 between the candidates.

Newsweek magazine, basing its verdict on the reports of 118 political writers throughout the country, puts the president ahead with 249 electoral votes to Dewey's 247, and looks to Pennsylvania's 35 votes to decide the election.

The Crossley poll, giving Roosevelt 52 per cent of the popular vote after trying to estimate the service vote, says the president would get 354 electoral votes to Dewey's 177 if slight indications in doubtful states are borne out.

All three of the latter polls give Dewey the edge in Colorado, Illinois, Indiana, Iowa, Kansas, Maine, Michigan, Nebraska, North Dakota, Ohio, South Dakota, Vermont and Wisconsin.

They see President Roosevelt leading in Alabama, Arizona, Arkansas, California, Connecticut, Florida, Georgia, Kentucky, Louisiana, Mississippi, Montana, Nevada, North Carolina, Rhode Island, South Carolina, Tennessee, Texas, Utah, Virginia and Washington.

**MITCHELL QUOTA SET**  
**COLORADO CITY, Nov. 3**—State headquarters has notified Pat Bullock, Mitchell county chairman of the Sixth War Loan drive, that this county's quota for the drive has been set at \$440,000.00, Bullock announced this week. The chairman is busy with organization of drive committees. Mitchell county raised \$495,000.00 for the Fifth War Loan drive under Bullock's direction.

### Attorney General Sellers Says Disabled Vets Must Pay Poll Tax

**AUSTIN, Nov. 4 (AP)**—Attorney General Grover Sellers held today in an opinion requested by Gov. Coke Stevenson that war veterans suffering physical disabilities of 40 per cent or more are not exempt from payment of the poll tax to qualify them for voting in Tuesday's general election.

Although Stevenson's request for the opinion referred specifically only to war veterans who have returned from the front too late to obtain from county tax collectors the required certificate of exemption, the attorney general held that the statutes exempting all such persons from the requirement are unconstitutional.

This would include, among others, persons who have lost a hand or foot, those permanently disabled, and all disabled veterans of foreign wars where the disability is 40 per cent or more.

It would presumably not include persons over 60 whose exemption is mentioned in the statute held invalid, but whose exemption is also granted in article 7 section 3 of the state constitution.

The immediate effect of the opinion was open to question. The state comptroller has estimated that 204,410 persons holding exemptions under the various statutes and the constitution would be eligible to vote in Texas this year. He has estimated the total voting strength, including these and 1,362,733 paid poll taxes, to be 1,567,143.

The comptroller's figure of exemption is based on an estimate and no breakdown is available in his office on how many of those exempt from the poll tax fall within the groups affected by the opinion. The opinion was written by Fagan Dickson, assistant attorney general and approved by Sellers.

In Texas, an opinion of the attorney general's department does not have the effect of law, but is sought by department heads for their guidance on legal questions. Gov. Stevenson could not be reached for comment.

"I am receiving many inquiries from soldiers and those interested in members of the armed services as to what the status of a soldier is who has returned from foreign service with reference to his rights to vote in the ensuing general election," the governor said.

### Roundups Ending On Mitchell Ranches

**COLORADO CITY, Nov. 3**—Mitchell county ranches are winding up roundup time, most of them have reported in Colorado City. Roundup has been completed on Spade ranch, property of the Ellwood estate, Otto Jones, manager, and his hands are now busy shipping 900 head of cattle to the Ellwood ranch near Lubbock.

Les Terry, another Mitchell rancher, has reported the sale of 100 steers to O. R. Bellestett of Seymour. Sale was consummated at 12 cents a pound with the Terry steers averaging 422 pounds.

**COLORADO OBSERVES NOV. 23**  
**COLORADO CITY, Nov. 3**—Colorado City merchants and schools will observe the first Thanksgiving date, November 23, this year as a holiday rather than the traditional last Thursday. It was announced after a poll of business men who attended the regular Lions club luncheon here this week.

### Turkey Set-Aside Lifted in Texas

DALLAS, Nov. 4 (AP)—Effective at midnight tomorrow night, the War Food Administration's turkey set-aside order will be partially suspended in Texas, Arkansas, Oklahoma, Kansas, Colorado and New Mexico, L. J. Capplemann, WFA regional distribution director, announced today.

Farmers may sell their birds through regular trade channels. Turkeys processed prior to the suspension of the order, tomorrow midnight, must be offered to the U. S. army quartermaster center before they may be disposed of elsewhere.

Overload Basis At State Hospital Patient load at the Big Spring State hospital continues on an overload basis, Dr. C. A. Shaw, superintendent, revealed Saturday.

The hospital is carrying 471 patients, which is 65 over normal capacity. Admission now is by order of the state board of control only.

### Dewey Charges Incompetence Is Stretching War

NEW YORK, Nov. 4 (AP)—Declaring President Roosevelt's "own confused incompetence" has prolonged the war in Europe, Gov. Thomas E. Dewey demanded tonight to know what has happened since Sept. 1 to upset Gen. Dwight D. Eisenhower's prediction that Germany could be beaten this year.

Publication of Treasury Secretary Morgenthau's "clumsy" plan, reputedly calling for the reduction of Germany to an industrially-impotent state and for disposing of the German people after the war, Dewey declared, "was as good as 10 fresh German divisions."

"It put fight back into the German army," the republican presidential nominee asserted in a partial text prepared for an address at a Madison Square Garden rally.

"It stiffened the will of the German nation to resist. Almost overnight, the headlong retreat of the Germans stopped. They stood and fought fanatically."

Dewey referred to the Morgenthau plan as it was outlined in reports in connection with the recent Quebec conference between Mr. Roosevelt and Prime Minister Churchill.

The plan, which the republican nominee had said called for the "destruction" of the German people, was "so clumsy that Mr. Roosevelt himself finally dropped it," Dewey declared, "but the damage was done."

"The publishing of this plan while everything else was kept secret," Dewey said, "was just what the Nazi propagandists needed."

Aluding to Morgenthau as "that master of military strategy and foreign affairs," the candidate asserted there had been "tragic consequences" of the "blunder" made in permitting the Morgenthau plan to become public.

### George Sealy Dies In New York Hotel

NEW YORK, Nov. 4 (AP)—George Sealy, 63, head of the Sealy interests in Galveston, Tex., and prominent in Texas financial and civic circles, died today in his apartment at Hotel Weylin.

He was a member of the state prison board. Sealy had been ill for several days with pneumonia. With his wife, Mrs. Eugenia Taylor Sealy, who was with him at his death, he had come to New York last month to attend the Foreign Trade Association convention and the National Conference of Prison Officials and Parole Officers.

### Florida Growers Assured Price Hike

WASHINGTON, Nov. 4 (AP)—Florida citrus growers were assured today of one price increase and OPA held out hope of another.

John Gismond, head of the agency's fruit and vegetable pricing section, said that a boost announced yesterday was based on incomplete reports of hurricane damage and told a reporter:

"If later information shows greater damage than listed in the first department of agriculture report, the growers probably will be given an additional increase to compensate for their losses."

He virtually killed hopes of Texas, Arizona and California growers that they would be allowed to share in the higher prices.

Regardless of how you wish to mark your ballot, resolve now to go to the polls Tuesday. This is one of the most vital elections in the nation's history. If you shirk your obligation as a citizen Tuesday for anything less than providential hindrance, you might as well surrender your right to vote. Chances are no other situation will ever arise to challenge you to use it.

### Kemper Funeral In Knott This Afternoon

Funeral will be held today at 3 p. m. at the school auditorium in Knott for Arthur Kemper, 83, who died suddenly at his home three miles west of Knott at 7:30 a. m. Saturday.

A farmer and carpenter by trade, he had resided in the community for 36 years. For the past five years he had been in bad health. Mr. Kemper was a native of Indiana.

In charge of the services will be the Rev. Walter Smith and Eberley-Curry Funeral Home will be in charge of arrangements. Odd Fellows will be in charge of grave-site services and will furnish pallbearers.

Survivors include his widow, Mrs. Lou Kemper; three sons, J. J. Kemper and Velah Kemper, Knott, Koy Kemper, Sand, Texas; and one daughter, Mrs. Lena Nichols, Sand. He also leaves 19 grandchildren and seven great-grandchildren.

### Hereford Breeders Discuss Catalogue

Howard County Hereford Breeders association members Saturday discussed catalogue-plans for their first annual sale to be held March 3, 1945.

Meeting at 3 p. m. in the chamber of commerce offices, they outlined plans for securing pictures of animals to be offered in the sale, as well as discussing other details for the event.

Attending were Raymond Wilson, Leland Wallace, Cole Shafer, Everett Lomax, I. B. Cauble, Rexie Cauble, Sam Buchanan.

"Too Little, Too Late" is to be the morning sermon subject for the Rev. James E. Moore at the First Presbyterian church today.

In the evening he is to speak on "The Unknown Christian Soldier." Young people meet for their vesper and fellowship hour at 6 p. m. Monday at 7:30 p. m. there will be a meeting of elders and the board of deacons. Wednesday at the same hour the board of religious education meets in the church office and at 7:30 p. m. Thursday choir practice is scheduled.

### Forty-six Boys Attend Saturday Scout Camp

Forty six boys were present at the Boy Scout camp held Saturday night representing troops No. 2, 3, 4, 5, 9, 117. Five men were also at the overnight camp.

Troops No. Two, Three, Four, Five and Nine all received 100 percent on camp inspection.

### Post Chaplain Is Assigned To Kelly

Capt. James L. Patterson, Protestant chaplain at the Big Spring Bombardier school for the past two years, left this week for Kelly Field and subsequent reassignment.

Capt. Ray L. Allen of Sulphur, Okla., who recently returned from 23 months service in the Canal Zone and the republic of Panama, has arrived to replace him.

A graduate of Oklahoma A. & M. college, Chaplain Allen was commissioned in the reserve in April 1941. His wife and two daughters, Mary Alyse, 11, and Martha Jean, 8, are here with him.

Long a staunch friend and champion of the rights of "G.I.'s" Chaplain Patterson resided with his wife and child in Stanton during his assignment here, which dated almost from the opening of the field.

### UNRRA To Send Group To Liberated Poland

WASHINGTON, Nov. 4 (AP)—UNRRA announced tonight that it will send a delegation into liberated Poland soon to arrange for shipment and distribution of relief supplies.

This is the first announcement of plans for the dispatch of a United Nations group—including non-Russian representatives—into that politically complicated area. It is interpreted here as meaning that the political conflict in which the Poles are living will not be permitted to bar them from receiving help from outside.

### For First Time Since Civil War Soldiers To Vote

By ED CREGGH  
NEW YORK, Nov. 4 (AP)—For the first time since the Civil War, great numbers of fighting men will take part next Tuesday in the election of a president of the United States.

There is every indication that their part will be a major one. Somewhere between 3,000,000 and 4,000,000 service men—and women of the auxiliary services—will vote by absentee ballot, according to estimates by state election officials. Forecasts of the total vote range from 39,500,000 to 50,000,000.

In this election, however, officials of at least 11 states—with 206 of the 531 electoral votes—have expressed the opinion that the soldier vote could be decisive.

Each of 10 other states, with 112 electoral votes among them, expects a soldier vote larger than the plurality it gave to president Roosevelt or to Wendell L. Willkie, his republican opponent, in 1940.

Thus the soldier vote appears likely to be an important if not a decisive factor in determining whether the 318 electoral votes of 21 states will go to Roosevelt or to Gov. Thomas E. Dewey. Either candidate needs 266 votes to win.

Although a few states will count soldier ballots received as late as Dec. 5, the deadline for receiving them in most states is election day, and the great majority already have been returned.

How the service men and women will vote is, of course, one of the great questions of the campaign. Four nationwide polls have predicted that civilian voters will be almost evenly divided between Dewey and Roosevelt, but sampling of servicemen's political opinion is prohibited by law.

### Games And Scoutcraft Highlight Camping

Games, camping and scoutcraft highlighted the overnight camp by Boy Scout troop No. 1 Friday at the Round Up grounds.

Scouts pitched five tents before preparing supper and engaging in contests under direction of Scoutmaster W. D. Willbanks. In the talkfest, Chinese-glove-up, cock fight, shoulder shod, Indian hand and leg wrestles, winners were Roy Smith, Charles Willbanks, Wallace Wilson, Sam Thurman, Don Wood. The boys participated in a football game Saturday morning. Other members attending were Bobby Joe Blum and Dan Stallings.

### O'Daniel Flays Texas Republicans

CORSICANA, Nov. 4 (AP)—Sen. W. Lee O'Daniel today criticized the Texas republican party organization for what he called their failure to join with the Texas regulars against re-election of President Roosevelt.

He spoke at a Texas regulars campaign rally attended by a crowd estimated at 400 persons by the Corsicana Sun. The newspaper said this was only a small percentage of the number who had heard him on previous appearances here.

O'Daniel said the "only chance" for the 23 Texas electoral votes to be cast against the president was for the regulars and republicans to unite forces.

He said the "new deal government" had done away with freedom of the press, freedom of labor, freedom of speech and "as far as possible" freedom of religion.

He was introduced by J. Harry Burke, Corsicana, a Texas regular elector.

### Seay Hopes For No Boos At O'Daniel

DALLAS, Nov. 3 (AP)—Harry L. Seay, state democratic chairman, expressed the hope today that Senator W. Lee O'Daniel (D-Tex) will not be heckled when he speaks in Dallas Monday night in behalf of the Texas Regulars.

### Hay Fever Symptoms Yield in Vitamin Test

Marked Relief Obtained in College Study

Tests conducted by an eminent Ohio scientist indicate that Vitamin C—in adequate amounts—may be the answer to hay fever misery.

Head of the chemistry department of a well-known Ohio college, this investigator gave the vitamin to 25 hay fever victims during the late summer of 1942. Marked relief was reported by 22 members of this group.

"I hardly noticed my hay fever in 1943," declares one former sufferer who tried the same simple vitamin program.

While Vitamin C appears amazingly effective in relief of hay fever discomfort, there is no certain evidence that it overcomes the allergy which causes the distress.

Generous amounts of the vitamin are usually required to aid these sufferers. For this reason, Wheatamin CEVIGARDS represent a practical and convenient way to get enough. Beginning a week before "hay fever season" is expected, 5 CEVIGARDS may be taken daily. If this does not prevent the appearance of symptoms, the dose may be increased to 8 or 10 CEVIGARDS for a few days.

Wheatamin CEVIGARDS provide pure Vitamin C in a base containing natural Vitamin B Complex. To make sure you get full vitamin potency, ask for CEVIGARDS by name. Read the pamphlet, "Hay Fever and Vitamin C," offered free at Collins Bros., and Walgreen Drug Stores in Big Spring. (adv.)

### Raiders Smother Vaunted Rice Owls To Upset Houston Eleven Easily 13-7

HOUSTON, Nov. 4 (AP)—Walter Schlinkman, 190-pound fullback, powerhoused the Texas Tech Raiders to a 13-7 win today over the Rice Institute Owls.

The mighty Dumas fullback smashed into the Owl forward wall with all the fury of a sandstorm. It was a sweet win for Coach Dell Morgan, who used to be Rice line coach.

A fourth period passing attack clicked for the Owls' only score, with George Walmsley taking a pass for 27 yards from Billy Seruggs, and dashing across. Frank Lawrence converted.

The statistics told the story. Tech had 13 first downs to six for Rice and 299 yards net rushing against 65.

Rice's touchdown, on a pass, was scored against a club composed largely of subs. When Morgan had his first stringers on the field the Owls couldn't move.

Schlinkman built like a young tank, and the only junior on a club made up otherwise of freshmen and sophomores, accomplished the following:

Gained 88 yards in 14 carries. Scored both Tech touchdowns. Played an inspired game on defense.

Came through with two great quick kicks—one for 37 yards, going out on the nine. The other for 42, skimming out on the Rice three, and leading to the first Tech score.

### Ohio State Takes Indiana 21 to 7

COLUMBUS, O., Nov. 4 (AP)—Ohio State University took 15 minutes to get warmed up to its work today, then turned loose all of its vaunted power to wallop Indiana University's Western conference title hungry Hoosiers, 21 to 7, before 56,380 customers.

It was the sixth straight victory without a defeat or tie for the Bucks and the second setback of the season for the Hoosiers.

For the first time this year, Ohio State had to come from behind to win. The Hoosiers made the Bucks look almost like novices in the first period as they drove 67 yards for a touchdown the first time they had possession of the ball. The payoff was a pass from the six-yard line by Bob Hoernschemeyer to Dick Deranek.

Sweet and white potatoes do not keep well together. Sweets keep best in a dry place around 90 degrees F. but white potatoes need a dark, moist, cooler place.

Rice's running game, which had given the big Texas U. line much concern, was smothered by the Raiders.

Rice was in the hole most of the game, and had little chance to test the merits of the Tech defense on passes.

### Angelo To Face Stiff Test From Upsurging Eagle

By BILL BARNETT

Abilene's upsurging Eagles flung a challenge at San Angelo's claim to the District No. 3 title Friday night and smothered Towner Leeper and the Sweetwater Mustangs to take a 32-20 decision from the heretofore undefeated and untied charges of Coach Mack Alexander and firmly established themselves as a definite threat for the pennant.

Meanwhile San Angelo's Bobcats continued to roll along in their usual manner and had no trouble trouncing Midland's Bulldogs 49-6 with every man on the Angelo squad seeing action and the starting lineup playing little after taking a quick 18-point lead.

In the Abilene-Sweetwater game the Mustangs scored first in the second quarter when quarterback Leeper sparked a drive to the 3-yard line and then charged across to score. The conversion was good and the Mustangs led 7-0.

But the Eagles charged back down the field so fast that Mustang supporters had trouble keeping tabs on the score as the Abilene eleven scored three quick touchdowns to take a 19-7 lead at the half.

For their first score the Bentley coached machine marched 72 yards in seven plays to tally with Billy Murphy going over. The kick was bad. Jim Harrison, however, stepped into one of Leeper's passes a few minutes later and raced to the Sweetwater 27, and on the second play H. D. Terry wheeled 23 yards to score and Balley converted. Another Sweetwater pass was intercepted in the next exchange and returned to the 10. Then Harrison tossed to Francis for the score and with the kick being blocked the half ended with the Eagles leading 19-7.

In the third period the Mustangs marched 72 yards to score with Leeper passing to Jack Owen on the five to climax the drive and give the Mustangs their score. The kick was bad.

Harrison intercepted another Leeper aerial early in the fourth period and after being hauled down on the seven, the fast-stepping quarterback mixed 'em up and Murphy went across.

Harrison passed to Rose some minutes later and the speedy halfback side-tracked a couple of would-be tacklers to step into the clear and a touchdown. The conversion was good.

The Mustangs climaxed their night of vaunted football with a 62-yard march that the Eagles were unable to halt and scored when Leeper again passed for the score, this time hitting Kenneth Dismuke for the score. The kick was good, but the Mustangs were too far behind to tally again and the Eagles had the game clinched 32-20.

The Bobcats invading Midland met little trouble by scoring twice in the first quarter, twice in the second, racked up three in the third, and for good measure threw in another touchdown in the fourth.

Midland scored in the fourth period while trailing 43-0.

George Graham once again led the champions, scoring two touchdowns, and brought his total points scored up to 87 for the season.

### SOUTH CAROLINA WINS 6-0

CHAPEL HILL, N. C., Nov. 4 (AP)—A second-quarter touchdown by Dan Haralson, 18-year-old 150-pound substitute from Dadeville, Ala., gave South Carolina's Gamecocks a 6-0 victory over North Carolina in a Southern conference game today.

### Sliding Down The Sports Chute

with BILL

It would be unnecessary to say that I was most surprised at the Abilene Eagles' 32-20 win over Sweetwater. I was floored. Their winning was no surprise to me, but the manner in which they stormed up and down the field to take such a big score. Any team that beats Sweetwater at any time by such a score is destined to be quite a football headache for other noteworthy elevens left on their schedule, namely San Angelo.

I am still unchanged in my opinion that Angelo will take the district flag, but I have made plans that if Abilene wins in an upset . . . I will refuse to be upset. They have continued, throughout the year, to keep my nervous system in constant disorder with their unpredictable playing, and every time they end up at the opposite end of my guesses.

From all reports the defending champions over at San Angelo not only have quite a ball team, they have three of the same. Eye-witness reports give us the dope that any one of their three teams could almost take any team in the conference with the exception of Abilene perhaps.

I have been noticing the reports after each Bobcat bustle and have heard many fans remark that the Felines seem to go just a little far in running up too big a score in each game where competition is not too stiff. In my opinion it is not Coach Jewel Wallace's fault in the least.

Wallace plays every man on the bench and still the Cats continue to add points. It is not the intention, I contend, of that gentleman to do same purposely. The main trouble lies that any of his teams are good enough to score against any team in the circuit and therefore they give out with those big scores.

Now lets look into the future situations that are due to arise in the home stretch of the conference race . . . that is really going to be something for everyone to see.

First take Sweetwater. The Mustangs have dropped one conference game to Abilene. They have San Angelo, Odessa, and Big Spring left on their slate. If they can win those three, and that is doubtful, they can come out with the title. They will have their hands full with Odessa who is hoping for a chance to save their faces in district competition after a very embarrassing defeat at the hands of Angelo. The Bobcats will be the biggest stumbling block in the Mustangs' path, and will probably be too much for the smaller Sweetwater eleven . . . so let's eliminate the Mustangs from a chance at the title.

Then to Abilene . . . there is the biggest dark horse in the conference. There is no way to compare the two teams. Abilene is the most unpredictable team in the state . . . of that there is no doubt. They are up and down, and in the past several weeks have always been up. They are heading for the champs with blood in their eye and a win in their minds, and it may prove a very bad sign for the Bobcats. Abilene still has a chance to take the flag and it can be very well assumed that they will pass up no chances.

The last, but by a long shot not the least is the defending champions. They are favored to repeat but since Friday night things

### Michigan Cops Win 41-19 Over Penn

PHILADELPHIA, Pa., Nov. 4 (AP)—Hard running Michigan churned up Franklin Field today with end runs, line smashes and forward passes and in the process burned Penn under a 41 to 19 score before the awed gaze of 48,000 spectators.

In chalking up their sixth win in seven starts and handing the Quakers their worst defeat in George Munger's seven year coaching regime the Wolverines operated to perfection behind a "T" formation that piled up a net of 376 yards from rushing compared to Navy's 227 yards against Penn last week.

The Ann Arbor lads piled up a 34-0 half time edge and then relaxed as the Quakers tallied three second half touchdowns against second stringers.

Although minus the services of Bob Wiese and Bob Nussbamer, who sparked the Wolverines to an upset win over Purdue last Saturday, Gene Derricotte, Ralph Chubb, Don Lund and Joe Ponssetto formed a capable backfield with Joe Weisenberger and Warren Bentz two first class subs.

### COAST GUARD WINS 12-6

BERKELEY, Calif., Nov. 4 (AP)—Alameda's Coast Guard Sea Lions coupled a second period touchdown pass and a fourth quarter 53-yard scoring march today to defeat a makeshift University of California football team, 12 to 6. The Bears chalked up their points in the third period on a spectacular 87-yard run to temporarily tie the count, 6-6.

could change. All clear thinking fans probably hope they take the pennant. They are the most powerful and colorful team in this circuit, and most certainly would be the flashiest and most potent representative that could be produced in the "down-state" title race. If they can take Abilene and Sweetwater they will sail into the playoffs with few worries before the quarter-finals as they have beaten Amarillo, most consistent powerhouse of District One. So personally, I favor the Angeloans.

Summing up the situation it could be said that predictions for the champion could be very simple, or they could be rather complicated. At any rate hometown fans have little to search for if they need an argument for either team. It is all due to be a photo finish and one that will be worth anyone's money, time, and argument.

See you . . .

### Irish Fall 32-13 Before Furious Navy Onslaught

By WHITNEY MARTIN

BALTIMORE, Md., Nov. 4 (AP) Fury engendered by eight years of frustration would not be denied today as the Navy football team crushed the hitherto undefeated Notre Dame eleven, 32 to 13, in a game which kept an estimated capacity crowd of 67,000 in Municipal Stadium in various stages of emotion for the full 60 minutes.

The Middies, who sputtered and wheeled in early season games were supposed to have exploded in smothering Penn a week ago, but that was only the pop of a cork compared with the blast they loosed against the ever-trying but thoroughly outplayed Irish.

The Middies scored twice in the first period and again in the third before the thwarted Irish could push across a counter. Navy came right back with another touchdown in the fourth, saw the Irish match that, then powered across one more to put the game safely away.

It was power, power and more power that humbled the Irish. On offense it mattered not which backs of the horde on the Middle bench were in the game. They slashed and bulled and tore through the valiant Irish defense as a knife through tissue paper.

On defense, the big line rolled in like a gale-whipped sea to crush and shatter the Notre Dame runners, and in sheer desperation the Irish took to the air, often passing from deep in their own territory to thwart that ever-crushing line.

The big scare for Navy fans came shortly after the opening kickoff when Bill Barron fumbled an Irish punt on the Navy 18, and the Irish recovered. They advanced to the one, but their luck ran out and a five-yard penalty killed the scoring chance.

### Three U-Boats Sunk

LONDON, Nov. 4 (AP)—Three German U-boats which tried to break up a large convoy for England to Russia recently were sunk and several others were damaged, the admiralty announced today, disclosing that the convoy reached port with the loss of one escort vessel.

One German aircraft, which attempted to shadow the convoy, was shot down.

### Chatham Field Downed 19-7 By Texas Christian

By WHITNEY MARTIN

SAVANNAH, Ga., Nov. 4 (AP)—Bringing the famous Southwest conference razzle-dazzle to the Atlantic seaboard, Texas Christian University uncorked three touchdown drives in a single period this afternoon to defeat the Chatham Field Blackbustards 19 to 7.

Coach Dutch Meyers' Horned Frogs handed the Army Air Base a bewildering assortment of aerials, end runs and straight line plays but except for the scoring spree in the second quarter ran up against stubborn resistance.

After playing in Chatham territory most of the first period, TCU went all out in the second. Hadaway flipped a 32 yard pass to Chronister on the 12 and the big end slipped over for the first score.

Three plays later, Cox intercepted a Chatham pass and Hadaway again heaved the ball, this time 44 yards to Gibson, for another tally. The last Horned Frog touchdown came on a line buck from inside the five by Jesse Mason.

Chatham bounced back in the third period and scored on an end zone pass from Bill Guice to James Morgan, former Forham star.

### White Stars For San Diego Eleven

By WHITNEY MARTIN

LOS ANGELES, Nov. 4 (AP)—An embattled Southern California eleven rose to its greatest heights today to outscore the favored San Diego Naval Training Station Blue Jackets, 28 to 21.

The game was packed with sensational plays. The greatest was a 103 yard dash to a touchdown from a kickoff in the third period by the Sailors' Gus (Goose) White, fast-stepping halfback from Lamesa, Tex., who used to perform his football chores at Texas A&M.

Two sons are visiting Mr. and Mrs. L. S. Johnson at 1000 Sycamore this week. They are Pvt. Lerla Johnson from the Midland army air school and Pfc. Herschel Johnson, who graduated Oct. 14 from the Kingman, Ariz. gunnery school and received his gunner's wings. He is to complete his training at Lincoln, Neb. His wife and daughter reside here. Both of the men enlisted here in the air corps in Oct. 1942.

## Flapping the Ghost of COMMUNISM

### TO OUR FELLOW TEXANS —

For weeks you have been bombarded by a vicious propaganda campaign, backed by more than a hundred thousand dollars and directed mainly by men closely associated with major oil companies and other large corporations controlled in the North and East, some of them without legal rights to operate in Texas.

This campaign—amazingly brazen in its deceit — has been designed to make you believe that our organizations are Communistic.

These charges deceive no thoughtful man or woman who has taken the trouble to investigate. But they have been repeated over and over, following the method of the German propaganda artists, so that we owe it to you, our fellow Texans, and especially to our friends in all walks of life, to recast some basic truths . . . not with any political aim, but in the interest of the mutual understanding and faith which Texans must continue to have in each other during this wartime crisis.

We are fighting Fascism and Nazism with our every resource, buying bonds, paying taxes and obeying wartime regulations in a spirit of patriotism, working long hours in war plants and other industries vital to the war program. Many of us have sons and daughters and other loved ones in the battle lines. Many of our members are there.

YES, AND WE ARE FIGHTING COMMUNISM, ALTHOUGH WE DO NOT, OF COURSE, AGREE WITH OUR ASSAILANTS, THAT EVERY EFFORT OF THE GOVERNMENT TO PROMOTE THE WELFARE OF THE GREAT MASSES OF THE PEOPLE IS COMMUNISM!

Organizations like ours, whose only purpose is to secure for the workers a fair share of the fruits of their toil, thereby enabling them to keep their families well fed and clothed, own their modest homes, pay for good medical attention and keep their children out of the sweat shops—such organizations are the best of all guarantees against Communism.

COMMUNISM BREEDS IN HUNGER, MISERY AND DESPAIR. IT FLOURISHED WHEN THOUSANDS IN OUR GREAT CITIES ACTUALLY DIED OF STARVATION AND IT FADED TO A MERE GHOST OF ITSELF WHEN THE SUNLIGHT OF OPPORTUNITY BROKE THROUGH THE CLOUDS.

There has been no shred of evidence to prove that Communism has any worth-while following among us. Those who claim otherwise do not even attempt proof. They only pile lie upon lie in newspaper advertising and radio broadcasts, paid for from a slush fund that constitutes a shocking scandal.

Men who should value their reputations for truth and fair-mindedness have sunk to an unspeakable level in their frenzy.

Their motives are obvious—too obvious for comment. They do not believe, of course, that our organizations are Communistic, or that Communism threatens the American Democracy. They are merely using the tactics of Hitler and Mussolini, who rallied fear-blinded followers by the cry of Communism.

Some, of course, cannot bear to have labor enjoy the right of collective bargaining for a fair wage and decent working conditions—forgetful of the fact that the ability of working men and women to buy American commodities benefits every economic group—even sustains their own princely salaries.

FORGETTING, DELIBERATELY, THAT NO NATION IS GOING COMMUNISTIC SO LONG AS ITS PEOPLE ARE NOT DRIVEN INTO EXTREME PRIVATION.

These unjust attacks obviously have been made on labor because of its loyal support to the present Administration. We are not going to permit them to swerve us from our support of the Administration or taking any other action which we think the national interests require.

Help us maintain the unity of this State and Nation against our Common Enemy. Stand with us in this patriotic fight for home front unity.

# Steers Trounce Methodists 34-7 Football Scores

By WILLIAM E. KEYS  
AUSTIN, Nov. 4 (AP)—The University of Texas Steers spotted the Mustangs of Southern Methodist University one touchdown and then came from behind to overpower their Southwest conference opponent, 34 to 7, today before 13,000 spectators.

The victory was sparked by the Steers' ace passer, injured Bobby Layne, who entered the game at crucial moments. The Mustangs struck quickly

in the first period, cashing in on a Texas boner by End Charley Tatom who touched a punned ball inside the SMU 10-yard line which awarded the Mustangs the ball on their own 20. From there an 80-yard drive netted them a score by End Bob Folsom. Johnny Powers converted.

The Steers outgained the Methodists on the ground, 128 yards to eight. In the passing department both teams shone, Texas completing 14 for 115 yards and the Ponies making 118 yards on 16 completions. The difference was that Texas' aerial thrusts succeeded when they had to. In addition, Texas intercepted seven Mustang aerials.

Texas' defensive pickup began to pay off early in the second period when Back Tom Millik grabbed a Pony pass on the Pony 35. Layne, who had been warming the bench because of a knee injury, went in at this point and flung a long pass to End Hubert Bechtel who carried to the 19. Then Layne converted.

Before the period ended Texas iced the game with another marker, taking a Pony punt on the 34 from where Leroy Anderson knifed the line for a first on the 23. A pass, Layne to Tatom, moved the ball to the nine. Layne wormed to the two and plunged over on the next try. He also converted.

The second half was mostly Texas all the way.

## Wisconsin Takes Count Before Purdue, 35-0

LAFAYETTE, Ind., Nov. 4 (AP)—Boris (Babe) Dimancheff, 178 pounds of civilian dynamite, personally conducted Purdue's Bollermakers back into the Western conference win column today by scoring four touchdowns in 51 minutes and pacing the charges of Cecil Isbell to a 35 to 0 triumph over Wisconsin.

Harry Stuhldreher's Badgers, hurt badly by loss of their passing ace, Earl Girard, via leg injury in the first ten minutes, never were in the ball game after the initial scoreless quarter. Their offense clicked for an extended march only once—a 63-yard drive in the third period.

touchdowns less than six minutes after the game started. Quarterback Bob West finding pay dirt on each occasion with end runs.

Colorado Buffs Win 39-0 From New Mexico

PUEBLO, Colo., Nov. 4 (AP)—The Colorado Buffaloes ran roughshod over the New Mexico Lobos in their inter-sectional football game today, scoring in every period to pile up a 39-0 victory.

Colorado used practically every player on its squad, and second and third teams accounted for two touchdowns. The Buffaloes' goal never was threatened and the Lobos looked their best in the final quarter when they made some nice gains on passes. The Buffs led in first downs 20 to 8.

## Seahawks Tromp Tulsa Hurricane

TULSA, Okla., Nov. 4 (AP)—The galloping backs of the Iowa Seahawks clattered through Tulsa's defenses to four touchdowns before the Hurricanes could manage a serious threat today. Then stood off a fierce Tulsa rally to win a 47-27 football thriller.

With Dell Taylor faking at his best and Bob Sullivan, Don Samuels and Bob Smith slicing through the Tulsa tackles and off the ends for long gains, the sailors smashed into a 27-0 lead at the intermission that left no doubt as to the final outcome.

The slippery turf had no visible effect on the smooth-working Seahawks T-offensive. For three periods the sailor backs, behind near-perfect down field blocking, scored every time they gained possession of the ball. The free-wheeling Samuels accounted for three of the Seahawk touchdowns, although he gave Taylor, a former Tulsa player, the honor of scoring one of them.

## Oklahoma Wins 12-7 Over Iowa State

AMES, Ia., Nov. 4 (AP)—Iowa State's golden anniversary of intercollegiate football acquired a tarnish today as Oklahoma virtually wrapped up the Big Six conference championship with a 12 to 7 triumph.

All of the scoring came in the second period after the last play of the opening quarter set up the Sooners' first touchdown. This was a fumble recovered by Oklahoma on Iowa State's 25. The Sooners drove relentlessly to the goal, with Derald Lebrun crashing over from the eight.

Six minutes later Oklahoma started another rush to pay dirt, moving 65 yards on end runs and line jobs until Basil Sharp, who sparked the Sooners all afternoon, fought his way across from seven yards out. Both attempts for the extra point were missed.

Iowa State's homecoming partisans got their only real thrill on the second play after the next kickoff, when Quarterback Gene Phelps raced for a 65-yard scoring jaunt. Fullback Meredith Warner, Big Six scoring leader, placekicked the extra point.

## California Crash Kills 20 Persons

HANFORD, Calif., Nov. 4 (AP)—Twenty persons were killed when an airplane crashed near here tonight, Sheriff Orvie H. Clyde of Kings county reported.

Clyde said that the plane appeared to be a commercial airliner, and that the persons killed were Army and Navy personnel.

The bodies were scattered over an area of a mile. There was no indication that any of the passengers had attempted to bail out.

The plane was burning when discovered by Harold Anderson, a farmer, the sheriff said.

Anderson said parts of an airplane fell about him. Then he saw the plane burning about a half mile away.

## Duke Downs Wreck 19-13 In Thriller

DURHAM, N. C., Nov. 4 (AP)—Undeafed, untied Georgia Tech, seeking its sixth straight triumph, bowed today before an explosive Duke University team that traveled by land and air to defeat the Rambling Wreck, 19 to 13.

The Blue Devils scored on the first running play of the game but were forced to come from behind twice to score one of the major upsets of the day. It was the Dukes' second victory in six starts and provided a crowd of 30,000 with thrills galore.

Duke scored first, five seconds after the game started, when George Clark skirted right end behind beautiful blocking of Tom Davis and whizzed 69 yards.

Two minutes later Allen Bowen, 17-year-old Tech freshman, aerialized from his 31 to Mickey Logan on the Duke 35 and Logan crossed into pay dirt. Bowen kicked the point from placement.

Quick on the rebound, Duke used laterals and forwards, with Clark, Carver, Cliff Lewis and Raether participating, to move to the Tech 11-yard line as the third quarter ended. Lewis popped a pass to Bob Smith in the end zone for a touchdown.

## Texas Artists' Work Featured At Exhibit

AUSTIN, Nov. 4 (AP)—The work of Texas and southwestern artists was featured today in the first showing of pictures at Laguna Gloria in its informal opening as the Texas Museum of Art.

The museum is being established at Laguna Gloria, the former home of Mrs. Clara Driscoll of Corpus Christi. She presented it and the surrounding estate on Lake Austin to the State Fine Arts association for establishing the museum, plus a contribution for rehabilitating the building.

Mrs. Roger Roberdeau, president of the association, said that "great progress" had been made in restoring the mansion which had been unoccupied for many years, and in setting up the exhibits as a nucleus for the museum. Several hundred persons visited Laguna Gloria on the first day of the three-day showing.

## MARCH FIELD TRAMPS UCLA 15-13

RIVERSIDE, Calif., Nov. 4 (AP)—After being held to a 7-7 deadlock in the first half, the Fourth Air Force team of March Field landed UCLA 15-13 today.

Turned passing of Jack Jacobs turned the tide in the second half and two passes of Bob Waterfield that were intercepted for touchdowns helped make the final reckoning one-sided.

## Ramblers Roll Over North Texas Aggies In Expected 68-0 Manner

SAN ANTONIO, Nov. 4 (AP)—Randolph Field's powerful Ramblers toyed with North Texas Agricultural College Saturday on the victory in a shortened 46-minute game.

Playing their second and third stringers, the Ramblers wasted no time in getting underway. Dippy Evans breaking off tackle on the first play of the game to romp 52 yards for a touchdown. Bill Causey kicked the extra point, and the rout was on.

In only one instance did NTAC have an edge over Randolph Field. That was in first downs and the Aggies had an eight to six for the Ramblers. Randolph had 292 yards on the ground and 148 in the air, while the Aggies had a minus 55 on the ground and 133 in the air.

## CONTROLS ESTABLISHED MEXICO CITY, Nov. 4 (AP)

Price control of foods got underway today in Mexico City with the delivery of credentials to volunteer inspectors.

About 1,000 of these will be commissioned within a few days but the first of them started today to check prices which the new commission of control of prices found to be generally 15 per cent above the official list long in existence.

Twice more the Ramblers tallied in the first quarter, Bobby Cifers running a punt back up the slippery, muddy gridiron 75 yards. Evans cracked the middle of the line for 22 yards and another with Causey kicking both extra points.

The Ramblers made only one touchdown in the second quarter. Joel McCoy went 56 yards for this one, and Causey missed the extra point.

In the third, Randolph Field tallied 16 points, two of them on a safety. Bill Dudley, the former Virginia all-American, started from the Aggies 29, got to the 20, then lateraled to Don Looney who went all the way for one. Tippy Madarik plunged over for a short buck for the second with Causey again kicking the extra point. Johnny B. Rogers, Aggie quarterback, was trapped in his own end zone, adding the safety.

The fourth period saw the Ramblers chalk up 23 more points, Bobby Cifers, late of Tennessee, shooting one to Harry Burrus for 56 yards and a tally. A few minutes later, Cifers passed to Robertson on the Aggie seven, and Mike Francis plowed over. Causey kicked the extra point. The other two tallies were made when Francis again went over from the one, and Cifers passed to Darnell for about 26 yards and a score.

## Arkansas Comes From Cellar And Knocks Over Aggies In 7-6 Upset

By HAROLD V. RATLIFF  
COLLEGE STATION, Nov. 4 (AP)—Fierce-fighting Arkansas stabbed through the air for a third-period touchdown and a 7-6 victory over fumbling Texas A&M today to storm from the Southwest conference cellar and shove the Cadets out of the championship race, before 6,000.

The alert Razorbacks capitalized on every break and it was a deflected pass by Aggie Hub Ellis that gave the giants of the Ozarks their scoring chance.

The Cadets took a six-point lead in the first period after recovering an Arkansas fumble on the

## Mississippi State Takes Fifth Victory

MEMPHIS, Tenn., Nov. 4 (AP)—Pouncing upon every mistake of the opposition, Mississippi State's rugged Maroons crashed over a jittery Kentucky team here today, 26 to 0, for their fifth consecutive triumph.

In registering their second Southeastern conference victory and thereby assuming the league's lead, Coach Allyn McKeen's bow-conscious gridlers recovered every one of seven Kentucky fumbles during the afternoon—all but two of them in wildcat territory.

## N. CAROLINA STATE WINS 21-6 LEXINGTON, Va., Nov. 4 (AP)

North Carolina State's Wolfpack made it three straight over Old Dominion teams today by defeating a determined young Virginia Military Institute team, 21-6. Coach Beattie Feathers' well-coached eleven crashed in on a blocked punt, a bit of fine broken-field running and a long pass followed by a line buck to tally three times on Alumni Field.

Game animals should be cleaned the same day they are killed.

## Porker 31, but that was the only costly mistake the methodical visitors committed.

Arkansas wasn't making much headway with a running game and it had begun to appear the game would end 6-0. Then, Bobby Goff, whose booming punts featured Aggie play for the day, had quick-kicked to Louis Bayne with the latter skittering back to the Arkansas 45.

Gordon Long pitched a pass into the flat and the eager Ellis jumped at the ball, barely tipping it. Alton Baldwin grabbed the ball out of the air and waded to the Aggie 29. Then Long ran back, took careful aim and let fly to Mike Schumchik, giant Arkansas end, who gathered in the ball in the end zone for a touchdown. Jim Young, hefty tackle, sent the pigskin through the goal posts and Arkansas had won its first game from A. and M. in seven years and also had scored on the Aggies for the first time in six.

The victory kept Arkansas clinging to a faint hope of capturing the conference championship. The Porkers now have won one, tied one and lost one.

## Wake Forest Rolls Over Clemson 13-7

WAKE FOREST, N. C., Nov. 4 (AP)—Wake Forest's high stepping Deacons, their eyes on a New Year's Day bowl bid, kept their undefeated and untied record intact here today by tripping a strong Clemson team 13 to 7 in a Southern conference encounter that gave the Deacons undisputed possession of the circuit lead.

The Deacons, who have rolled up seven straight victories, tallied in the first and third periods, big Rock Brinkley adding 12 points to his season total of 66 points by plunging over for both touchdowns.

## Owls Defend Title Bid With Arkansas

By The Associated Press

The Rice Owls will be in Fayetteville this week seeking to protect their Southwest conference football lead against Arkansas.

Rice is out in front with two victories and no defeats—a half game ahead of Texas Christian, which has been once tied.

The feature battle for the stay-at-homes will be at Austin where Bob Fenimore and his Oklahoma Aggies play Texas.

The Sooner Aggies are being mentioned prominently as the probable choice of the Cotton Bowl for visiting team on Jan. 1. The conference champion automatically becomes the host team.

Texas Christian will be playing a non-conference game, meeting Texas Tech at Fort Worth. Southern Methodist and Texas A. and M. will be renewing their grid feud at Dallas. This is a conference game.

Three other Texas college teams will have games this week. Southwestern going to Tulsa to play Tulsa University and the North Texas Aggies meeting John Tarleton at Stephenville.

# Understanding Is Needed

The tempest raging around the University of Texas, generated by prolonged tension between the board of regents and the president, has been brought to a climax by the discharge of Dr. Homer P. Rainey as president of the institution and resignation of some of the regents.

In considering the situation, one must not slip into regard of personal fortunes, although to us it would seem that the board was impelled more by a spirit of vindictiveness than by a sense of justice and fair compromise in summarily discharging the head of the institution.

The action was within the province of the board, although its propriety may be questioned. Had the board been as willing to clarify administrative functions and policies as it was to exercise this power, perhaps many of the misunderstandings would never have arisen, and those that did could have been settled.

If resignations submitted and others due to reach Governor Coke Stevenson are accepted, the way will be open for an almost new board of regents. Yet this will not solve the matter, and it is too early to judge if it is entirely the wise course. Whatever board is named must face the matter of clearly defining the powers and responsibilities of the president of the University of Texas.

Once this is done, regents should then be concerned with acting as a policy making board and not as individual meddlers. Too many cooks invariably spoil the broth—and the University of Texas is far too important a broth to the citizens of the state to be eternally in danger of spoilage.

The governor is wise in letting matters cool before taking decisive action. We hope he may meet the situation with the highest degree of statesmanship in his career.

## The Lake Supplies

Elsewhere in The Herald today is an account of water production from our city lakes during the past summer.

Through October the two lakes had supplied 78,295,000 gallons of water. This was 52 per cent of what the basins were envisioned to supply in normal times for the six months summer period from May through October, or about 27 per cent of the amount normally due them from January through October.

Despite criticism of inadequacy against the lakes, we admit some prejudice in their favor. True, the lakes did not solve our water problems, and in spite of them we faced one of the most crucial periods of our city's turbulent water history during the past summer.

But there are other factors to be considered. One is that drought conditions resulted in inadequacy of supply, and in this we have learned the limitations of small watersheds. Another is the unprecedented increase in demands upon the water supply.

It cannot be denied that the 78,000,000 gallons yielded by the lakes proved a life-saver during the past season. From a dollars and cents point this was worth at least \$25,000 to the city. From the same point, the water produced from these lakes have returned as much as the city put into them. But this is neither here nor there—the important thing is that, although they are not within themselves a source of adequate supply, they will go on for years and years fitting in with our original and new well supplies in furnishing us water.

## Washington—

### Yank In Camp Married By Proxy

By MARGARET KERNODLE (Substituting for Jack Stinnett, who is ill).

WASHINGTON — An American in an enemy prison camp has been married by proxy and at least one other is being divorced through the U. S. Prisoner of War Information Bureau.

Many a prisoner has bought war bonds via this little known bureau and others carry on business even having wills sent by registered mail to "next of kin" through the bureau.

Within a month a destitute Brooklyn mother began to receive a regular \$100 check from her merchant seaman son. He was located in a German prison camp and authorized that the check be taken from his pay being credited to him by his company.

Thousands of family squabbles go through this bureau. Most frequent fight is over who is "next of kin," entitled to send a parcel to the prisoner. (It's the wife if there is one.)

Here is how "your" American officially is reported prisoner in 99 cases out of 100: The enemy notifies the International Red Cross at Geneva, Switzerland, which cables the U. S. Prisoner of War Information Bureau.

Copies of the Red Cross cable go to this service, which identifies him and telegraphs his next of kin or emergency address. From then on, the Prisoner of War Information Bureau handles all requests.

An American war prisoner becomes a part of an enormous "strip file" in this bureau, which already has 1,038 trays of 60 to 85 names per tray. Each strip includes a code-like recording of his

name, serial number, prisoner of war number, service, internment place and cable number.

A blue strip means he is in Germany; a yellow strip, Japan; a pink, in the Balkans, and green, Italy. Only 35 of the green strips remain unaccounted for, either "dead or free," the bureau says.

A white strip indicates the man is a "highly secret" prisoner interned in a neutral country. Information about him is likely to be much less revealing than about the others.

From this file a "machine record file" is made and copies are sent to the headquarters of Gen.

Eisenhower if the prisoner is held by Germany. Copies of files of Japanese-held prisoners now are en route to Gen. MacArthur.

One of every 40 Americans reported prisoner is named Smith. Other frequent names are Jones, Williams, Johnson, Brown. This, the bureau points out, is the reason why the family of a prisoner should identify him fully by name, serial number, rank and service in requests to the bureau.

More than 70 monitor stations pick up broadcasts from the enemy and report to this bureau which advises "next of kin" if they contain messages supposed to be from a prisoner.

Some American families never have heard from prisoners in the far east except through these messages.

# Your Sacred Obligation

By FRANK GRIMES  
Herald Writer

Voting for any man for any office on the basis of prejudice against his opponent is always an unsafe and reprehensible thing, but a great many of us Americans are guilty of it. We vote for a man less often because we like him and believe he will make a top hand than because we dislike his opponent or have some prejudice against him.

Prejudice decided the presidential election of 1928. In one of the bitterest campaigns of history, Hoover was elected on prejudices against Al Smith. We do not think the fact that Mr. Dewey wears a mustache has anything to do with his honesty, integrity and capability. We do not think it is important whether he wears built-up shoes to make him look taller, or sits on a telephone directory to be photographed at his desk. The fact that his dog is a Great Dane instead of a Scottie is a matter of total unconcern to us. Yet these circumstances will cost him many votes among the unthinking, because some people let prejudice guide their voting hand on election day.

On the other hand we do not think Mr. Roosevelt's use of neither instead of neether, and the fact that he was educated at Harvard instead of Podunk, and prefers the kind of cigar you'd walk a mile for instead of one that simply satisfies, has the slightest bearing on his intellectual, moral, political, economic or religious qualities.

Issues and not personalities should decide this presidential race. To our way of thinking the most vital question is which candidate is best qualified to lead us in achieving two goals on which the fate and welfare of this nation depend more than all others put together.

One is the winning of the war as quickly as possible, so that no American life shall pay the forfeit of a single hour's delay.

The other is the writing of a workable and durable peace that will make future world wars improbable or impossible.

In third place we would place the discharge of this nation's obligation to see that the eleven million men now in service are returned to peacetime jobs with as little waste motion and delay as possible.

These are the issues as we see them. Never mind the mouthings of the politicians on both sides. Your duty as a sovereign voter, we can make or break either of the candidates, is to decide for yourself which of them is likelier to lead this nation to victory in the quickest possible time, to write an enduring peace, and to fulfill the solemn obligation this nation has assumed to return service men to peacetime jobs.

Never mind what we tell you, or how we propose to vote. You're doing your own voting. We have every confidence that the people of America will make the right decision.

This is one of the greatest moments in our history. As sovereign voters we should rise to the occasion and in the sanctity of the private ballot decide the matter for ourselves.

Can our valiant dead, can our unborn generations, ask anything less of us?

## The Thrill That Comes Once In A Lifetime

## Ernie Pyle: It Is Possible To Be Enthralled In War And Forget Own Dangers

Editor's Note:—This is the 47th of the Ernie Pyle war dispatches that are being reprinted during Ernie's vacation.

By ERNIE PYLE  
IN NORMANDY, August, 1944  
—It is possible to become so enthralled by some of the spectacles of war that you are momentarily captivated away from your own danger.

That's what happened to our little group of soldiers as we stood in a French farmyard, watching the mighty bombing of the German lines just before our breakthrough.

But that benign state didn't last long. As we watched, there crept into our consciousness a realization that windrows of exploding bombs were easing back toward us, flight by flight, instead of gradually forward, as the plan called for.

Then we were horrified by the suspicion that those machines, high in the sky and completely detached from us, were aiming their bombs at the smoke in the ground—and a gentle breeze was drifting the smoke back over us.

An indescribable kind of panic comes over you at such times. We stood tensed in muscle and frozen in intellect, watching each flight approach and pass over us, feeling trapped and completely helpless.

And then all of an instant the universe became filled with a gigantic rattling as of huge, dry seeds in a mammoth dry gourd. I doubt that any of us had ever heard that sound before, but instinct told us what it was. It was bombs by the hundreds, hurtling down through the air above us.

Many times I've heard bombs whistle or swish or rustle, but never before had I heard bombs rattle. I still don't know the explanation of it. But it is an awful sound.

We dived. Some got in a dugout. Others made foxholes and ditches and some got behind a garden wall—although which side would be "behind" was anybody's guess.

I was too late for the dugout. The nearest place was a wagon shed which formed one end of the stone house. The rattle was right down upon us. I remember hitting the ground flat, all spread out like the cartoons of people flattened by steam rollers, and then squaring like an eel to get under one of the heavy wagon in the shed.

An officer whom I didn't know was wriggling beside me. We stopped at the same time, simultaneously feeling it was hopeless to move farther. The bombs were already crashing around us.

We lay with our heads slightly up—like two snakes—staring at each other. I know it was in both our minds and in our eyes, asking each other what to do. Neither of us knew. We said nothing. We just lay sprawled, gapping at each other in a futile appeal, our faces about a foot apart, until it was over.

There is no description of the sound and fury of those bombs except to say it was chaos, and a waiting for darkness. The feeling of the blast was sensational. The air struck you in hundreds of continuing flutters. Your ears drummed and rang. You could feel quick little waves of concussion.

# Lippmann Holds Dewey Has Failed To Show An Understanding Of Task

By WALTER LIPPMANN  
By the time this article is published I shall have gone overseas on a newspaper assignment. For a few weeks I shall be traveling and shall not be able to write.

The campaign is now near its end, and all that any one can do is to say what in his own best judgment is the better choice.

For myself I had hoped that Governor Dewey would organize and conduct a campaign which would give reasonable assurance that he was prepared to assume quickly the tremendous responsibilities of a war President. I do not think he has done this. He has not, it seems to me, shown that he has grasped the function and duties of the commander-in-chief, or that he is even as well informed as Washington newspaper men on the military conduct of the war. Otherwise, he could not have made remarks about Gen. MacArthur's supplies at the very moment when General MacArthur was mounting his offensive in the Philippines. These remarks showed that he did not know what was going on and had not taken the trouble to find out.

Nor, it seems to me, has he shown an understanding of the organization of the war. Otherwise, he would not be crying from the stump that he was going to dismiss officials right and left, never stopping to indicate that he knows who are the men who have organized victory and who are the men who might with advantage be displaced. An indiscriminate cry about "housecleaning" at a time like this is not a promise of good government but a threat of administrative chaos beginning with election day and continuing for several months thereafter.

Nor has he, it seems to me, shown a sufficient understanding of foreign affairs and of the function of a war President in this field. He has endorsed, sincerely and sufficiently, the projects of Dumbarton Oaks. But that is not a foreign policy. It is only one of the ultimate objectives of a foreign policy. On the real task of diplomacy, which is to maintain and guide through the war and into the era of pacification which will follow it, the Governor has exhibited the recklessness of a novice who does not know which guns are loaded.

What he has shown in the campaign confirms, I believe, the view which Alexander Hamilton expressed in "The Federalist," No. 71, when he was arguing against a constitutional limitation on the number of terms of the President: "Without supposing the personal essentiality of the man, it is evident that a change of the chief magistrate at the breaking out of a war, or at any similar crisis, for another of even equal merit, would at all times be detrimental to the community, inasmuch as it would substitute inexperience for

Lawrence Welk, band leader whose "champagne music" is frequently heard over Mutual, is searching for a new vocalist, according to press releases. Aside from the fact that some local girl might be interested, local people will probably follow the campaign with personal interest because Welk got his start as a small band leader and accordion soloist more than a decade ago.

### Caulfield Spouse Will Face Test

By ROBBIN COONS  
HOLLYWOOD—My crystal ball is cracked but this I know, Joan Caulfield and her two pretty sisters, when they marry, will marry heroes. The boys all will have passed an ordeal by fire—family variety.

Joan says so, herself, and she's crazy about that family. Joan is 22, a slim, sweet, pretty thing with blue-grey eyes and masses of long, thick golden hair. She's the "Kiss and Tell" girl from the New York show, and she's opposite Sonny Tufts in "The Golden Years."

The family set-up is like this: Dad's a New York business man—manufactures gliders and stuff. Mother's here with Joan. Older sister, Mary, works for an air line, is here on a visit. Younger sister, Betty, 17, took Joan's role in "Kiss and Tell."

Betty waited for Joan's role and now is turning down the movies until she gets a contract like Joan's, with time off for the stage. Meanwhile Betty writes Mother to "take good care of Joan, our gold mine."

"I'm crazy about Betty," says Joan, big-sisterly. "I broke up her first romance all by myself. She and the boy were getting so serious and it would have been a big mistake."

"Oh, in my family we usually work together on those things. Mother and Dad and the two of us who happen to be fancy free when the other is struck." Joan who is serious about life and work without being sophisticated, spills the picture merrily:

A young man who calls on a Caulfield soon finds himself with

experience, and would tend to un-hinge and set afloat the already settled train of the administration." Always in the crisis of war, in 1864 and in 1916 and in 1940, the American people have taken Hamilton's profoundly conservative and practical view.

For a change of administration at a time like this is a gamble in which the stakes are very high indeed. We know the Roosevelt record with all its faults. But of Dewey what do we know except that he has been a good prosecutor and a good Governor? Why, listening to the Governor, would we assume that he combines all the qualities which have made Roosevelt a victorious war President, and that, unlike Roosevelt, he has no important faults and would make no serious errors?

Clearly the task of a contender in war time is, because the people take Hamilton's view, a very difficult one. It is hard for him to prove by using words that he could act more successfully than the President in office. But the Governor could, I believe, have been more convincing than he has been on this crucial point.

For his campaign has been based on a fundamental misconception, in fact on mere wishful thinking. It is that the war is just about over and that therefore he is offering himself not as a war President but as a peace President. This has been a complete misjudgment of the real situation and the Governor's campaign strategy and argument, based upon this erroneous premise, have been irrational.

Because he thought he was running as a peace President, the Governor has argued that General Marshall and Admiral King can finish the war, and that the President needs only to keep his

hands off. That is simply not true, and therefore the Governor cannot avoid being judged as to his availability and his preparedness to assume the responsibilities of commander-in-chief.

But how could he prove that he is fit to be a war President when his main idea has been that the war is just about over? Instead of talking about the war in order to show that he understands the problems of conducting war, he has sought to prove his availability as President by showing that he is a relentless prosecuting attorney. But all that proves is that he is a relentless prosecuting attorney, not that he is fit and ready to be a war President.

**Shallow Test Being Finished; Albaugh Plugs**

A shallow test in the Howard-Glasscock field was preparing to complete Saturday as Continental 133 No. 4-F Settles carried 400 feet of oil in the hole after topping pay at 1,255 and bottoming at 1,296 feet in lime. Location is in section 133-29, W & NW, Continental No. 1-D Settles, Ordovician test in the same section, was made nearly 1,000 feet of hole during the past week. Continental No. 7-E H. R. Clay, section 138-29, W & NW, was at 2,417 feet in lime after setting seven-inch casing at 2,110 feet.

Lily Oil No. 1 B. F. McKinney, wildcat north of Coahoma, spudded and was at 25 feet Saturday. It is in section 42-30-in, T & P, and is projected for 3,500 feet as a cable tool exploration.

In extreme eastern Howard county the Cosden No. 3-A Read, 330 feet out of the northeast corner of section 48-30-in, T & P, set seven inch string at 2,628 and waited on cement to set before drilling into the pay horizon. Cosden No. 2 W. L. Foster, 330 feet out of the northeast corner of section 49-30-in, T & P, was at 2,355 feet in lime. Ray Oil Co. No. 2-B. Read drilled to 2,963 feet in small show in broken formations section 42-29-in, T & P, with a from 2,705 feet.

Adjacent to Cosden refinery, the John I. Moore No. 1 Cosden cemented 9 5/8-inch string at 1,580 feet. The Clearfork wildcat carried a heavy mud load and operators could not tell if the heavy air hit in the Dick Graham No. 1 Great West at 1,480 feet had been logged.

Hunt Oil No. 1 A. L. Wasson, wildcat north of Iatan—East Howard production in eastern Howard county, was reported below 3,400 feet in lime. It is located in section 42-29-in, T & P.

Warren Petroleum Corp. No. 1 Chester L. Jones, northwestern Mitchell county test in search of one of the Vincent pays, was shut down at 4,289 feet waiting for fuel tank before resuming drilling with cable tools. It is in section 9-26, H & TC.

Magnolia Foster, southwestern Mitchell deep test, was reported at 3,020 feet in section 31-34-26, T & P.

The interesting Phillips Pet. Corp. No. 1 McDowell, 10,500-foot Ellenburger test in northern Glasscock county and near the John I. Moore, et al No. 1 McDowell, which had promising deep shows in 1934, was reported at 3,647 feet in lime. Location is 330 feet from the north and 2,325 feet from the west lines of section 31-34-26, T & P.

Ray Albaugh plugged his No. 1 Fee, located in section 29-32-26, T & P, north-central Howard county after the test reached contract depth without shows. North Ordnance Oil Co. No. 1

**Realistic Oilmen Rub Shoulders With Past**

(Editor's Note—Another in the Texas oil history series issued in observance of the 25th anniversary of the Texas Mid-Continent Oil and Gas Association.)

The oil man lives in the throbbingly real present but, now and then, he rubs shoulder with the romantic past.

Sixty or more years ago, freight was carried in oxcarts from Corpus Christi to Laredo and on to Monterrey and Saltillo, Mexico. One of the overnight stopping places was at the ranch of Piedras Pintas in Duval County. Here, there were corrals and water.

One of the wells produced a considerable quantity of oil and the drivers greased creaking cart wheels and carried along a sufficient supply of the lubricant for the remainder of the journey.

Time went by and in the middle of the 1930's Tom Graham of Corpus Christi drilled for petroleum near the old water-and-oil well and brought in a gusher that flowed at the rate of 10,000 barrels a day.

Another instance of the present rubbing elbows with old times in that region:

Up to about 1905, the Alice Brownville stage line did a flourishing business. As a lad, Graham traveled on the stage coaches, which were drawn by four, six or even eight horses. His last journey over the old road was in an eight-mule hack, when he was 12 years old, with a detachment of Texas Rangers, commanded by the renowned Captain Bill McDonald.

When the railroad came, the stage line was abandoned and the road fell into disuse. Sand drifted across it; vegetation sprang up and the old roadway disappeared, though in places runs two feet deep had been cut.

Then not long ago, Graham began preparations to drill six wells simultaneously for the Pan-American Production Company; and workers, in digging for the derrick foundation and for the pits, cleared away two feet of sand and uncovered a part of the road over which nearly 40 years ago, romantic stage coaches had rumbled—a highway that had echoed to the hoofbeats of horses ridden by ranchmen, by officers and by outlaws.

**Lakes Produce 78 Million Gals. For City Supply**

Although rainfall on the watershed of the city's two lakes on southeastern Howard county has been insufficient to lay in a voluminous supply, the importance of the two basins during the critical shortage of the past season is reflected in production reports by the municipal water department.

When prolonged drouth of 1943 left the lake basins depleted, the city was obliged to shift to the original well supplies. With the exception of 725,000 gallons pumped during two days in January, the wells supplied the city exclusively until well up in June.

Meantime, thundershowers had put a small amount of water in the lakes (mostly Powell Creek) and over 16 days the city pumped 7,795,000 gallons from the surface supply. Wells were declining to a dangerous level when additional showers came and enabled another 13,608,000 gallons to be withdrawn in 19 days and gave the wells half a month of rest.

Luck came into play again and the process was repeated with 24,302,000 gallons produced from the lakes in August. September returned 13,775,000 gallons in 17 days of pumping and October 18,090,000.

In all, the lakes provided 78,295,000 gallons of water for domestic consumption in 108 days. This is equivalent to more than two months of supply at the rate users held themselves during the past summer.

**WHEN HE COMES BACK**

Maybe he'll want a pipe and slippers. Maybe he'll want a deep hot bath, a home-cooked meal, a job. But mostly what all our men in service want is a free America where everyone is free... where opportunity is never-ending... where equality exists in fact and not in words alone.

Nothing any of us here can do is too great or too little to make those things come true.

That's why we take particular pride in the fact that we have not relaxed our standards of quality. We are serving you to the best of our ability with the very best possible merchandise... merchandise like Printress fashions, famous for fine tailoring for over 50 years.

We feel that by not failing you now in some small measure we are helping to uphold America's standards of living... helping to lay the foundations for a greater America in tomorrows to come.
