TEXAS TECH

LUBBOCK, TEXAS, THURSDAY, MARCH 3, 1932

NUMBER 22

Athletic Fee Is Reduced To Five Dollars

Student Council Votes That Entire Amount Is To Go To Athletic Fund; Formerly The Tickets Sold For \$10

Signatures Sought

One Hundred And Thirty-Six Faculty Members Sign Agreement To Purchase Tickets If Here Next Fall

Activity tickets will sell for \$5 next fall.

Following a vote of the Student Council, students will be able next fall to purchase tickets which will admit them to all athletic contests for \$5. The entire amount will go to the athletic fund, and the other organizations formerly obtaining funds from activity sales will be forced to get finances from other sources.

A petition is to be circulated within the next few days among the students who will return next fall, asking for their promise to buy a ticket next fall. This was decided after the Board directors voiced disapproval of the attitude of students towards athletics in their annual meeting last Wednesday.

Under the old plan, the Treasurer, the band, foreman, and the student council received help from the \$10 activity fee. These organizations probably will work out different plans for next fall.

Faculty Pledges

The Tech faculty, composed of approximately 130 members, pledged its support to the buying of tickets next fall by pledging Tuesday afternoon to buy 136 tickets. President Horn presented the situation to the faculty members Tuesday in the absence of Clifford B. Jones, chairman of the Board of Directors, who could not be here due to illness.

The cards to be passed out reading thus: "In order to express my loyalty to Texas Technological college and particularly to its department of athletics, I hereby promise that if I am a member of the student body of this college during the fall term of 1932-33, I will purchase tickets for 1932-33, at the rate of \$5. Signed—"

Architects To Submit Works

Subject Of Drawing Is Community House; Rushing, Davis, McAdams, Brennand, Simmons In Contest

The architectural department has submitted drawings for a competitive exhibition sponsored by the Oklahoma Society of Architects. The drawings are similar to the Beaux Arts class B project and students taking architectural designing I and II are the competitors.

The subject of the drawing is the "Community House," W. B. Rushing, Carl McAdams, J. T. Brennand, R. V. Davis, and E. C. Simmons are submitting drawings for Tech, according to F. A. Klein-schmidt, department head.

At the annual meeting of the State Society of Architects in April, gold, silver and bronze medals will be awarded to students placing in the competition. Architectural schools in Oklahoma, Kansas, Arkansas, New Mexico, Missouri, Colorado and other schools in Texas have entered.

El Capa Y Espada Has Spanish Party

El Capa Y Espada was entertained recently with a Spanish party in the home of Dr. and Mrs. W. B. Gates at 2409 Ninth street. Miss Frances Whitley assisted in the entertainment. Favors and refreshments bore out the theme of the club, red, yellow and purple being used on the plates with violets as plate favors. Vases and bowls filled with violets were placed around the room. The entertainments of the evening were contests in which scenes from masterpieces of Spanish literature were presented. Other Spanish games that were played were "El Juego del Anillo," and "Pobre Minino."

Members present were: Geneva Adamson, Faye Bumpass, Arlene Corley, Opel Craighton, Mollie Calhoun, Willie Mae Brown, Nina Opal Davies, Alice Mae Rogers, Charlotte Jones, Opal Montgomery, Jennie Lou Jackson, Dena Perkins, Jewel Simpkins, Lena Perkins, Margaret Lindsey, Lucille McCrummen, Mary Fenton, Mrs. Ashmore, E. Esten Day, Mart Jones, Graydon Ausmus, G. V. Bostic, Arthur Fisher and the hostesses, Prof. Chas. B. Qualls, Prof. and Mrs. A. B. Strehl and Mrs. G. V. Bostic were special guests.

All Is Quiet Students Get Down To Real Studying

Tech students will lay aside their tuxedos and evening gowns after Saturday night and settle down for a week of "exam cramming."

College authorities say that no social affairs can be scheduled for next week; neither can professors assign any long lessons or give any exams. The purpose is to give students one week during which time their minds will not be distracted from their lessons.

Examinations for the winter term start Monday, March 15 and continue through Friday, March 19. Registration for the spring term will be held the following Monday.

"It's 'Cram Time' for exam time."

Rifle Team Is Winner Four Postal Matches

Scores 1903 Out Of Possible Score Of 2,000; Kuhn Leads Tech Marksman; Matches Are Planned For Next Week

The Texas Tech Rifle team fired four matches this week, winning all of them. The Tech team fired a score of 1903 out of a possible 2,000. The scores of the other teams follow: Oklahoma, A and M, 1,859; New York Stock Exchange Rifle team, 1,864; Wichita Gun and Rifle club, 1,841; and the University of Missouri, 1,861.

Willet Kuhn was high point man with 389 out of a possible 400. L. W. Chapman and Henry Roberts tied for second place with 389. Lynn Hardgraves was fourth with 379, and Mordis Clayton was fifth with 375.

The Tech Rifle team has won a majority of its matches. So far it has only been defeated by Ohio State university, the University of Iowa, and Brooklyn Polytechnic Institute.

Matches for next week were scheduled with the University of Nebraska, the University of Pittsburgh, the University of Nevada, and the University of Cincinnati.

Seniors Plan For 1932 Class Gift

A committee, composed of Frances Ford, Virginia Murray, Basil Hill and James Donnelly was appointed by Jack Durham, class president, at the senior meeting Monday night to consider the 1932 gift to the college. The committee is to report at the meeting Monday night at 7:30 o'clock in room 302 of the administration building.

Ellis Foreman, chairman of the bids committee reported on the plans for the invitations; Frances Ford reported on the date for the date. April 9 is the last date invitations may be ordered, officials of the college bookstore have announced.

YWCA Officers Are Nominated

Hensley, Price, Thompson, Conner, Sawyer, Douglas And Klein Are Nominated For Campus Offices

At the cabinet meeting of the YWCA Monday afternoon, February 29 at 5 o'clock, the following nominations were made for officers for the coming year. They are: Inez Hensley, president; Marie Price and Ruth Thompson, vice-president; Elizabeth Conner and Christova Sawyer, secretary; and Ruth Douglas and Agnes Klein, treasurer.

Other nominations may be made by petition bearing the signatures of 25 YWCA members. These petitions must be in by Monday, March 7.

The election of the officers will be by secret ballot Friday, March 11 in the east rotunda on first floor.

The new officers will be installed April 1. The YWCA secretary and the outgoing officers of the cabinet will select the 1932-33 cabinet at this time.

X-Ray Demonstration Given Members Of Pro-Med Club

An X-Ray demonstration was given to the members of the Pro-Med club last Monday afternoon at 5 o'clock by Dr. Jerome Smith at the Lubbock sanitarium.

Sixth Annual Engineering Banquet Held At Hilton; Rollins Is Main Speaker

Classes Represented By Speakers; 175 Are Present

The sixth annual engineering banquet was held in the Matador ballroom of the Hilton hotel Tuesday night with Mr. A. P. Rollins, consulting engineer of Dallas, as the principal speaker. One hundred seventy-five were present, including engineering professors and honorees.

The program for the evening and the class speakers were: Prof. H. F. Godeke, M. E. head, toastmaster; Frank S. Maddox, society president; introduction; John Crawford, C. E. freshman speaker; Margaret Robertson, A. S. sophomore; James Loughridge, C. E. junior; Hill Garrison, M. E. senior; O. V. Adams, dean of engineering school; A. P. Rollins of Dallas, speaker of the evening; introduction of guests, and the engineers song. At intervals during the program Jack Casteel's orchestra furnished music. Also the Jackson sisters of Big Spring and Philip Strerret and Lucille Heggin rendered duets. The banquet committees were: Business, Olaf Lodal

and Bernard Dean; program, E. C. Simmons, Frank Cole and Bruce Moore.

Work Is Started On Seamon Hall

Ground was broken at 2 o'clock Tuesday afternoon for Seamon hall, an Episcopal student center, at the site at Sixteenth street and Avenue Y. Religious ceremonies were conducted at the ground breaking. Rev. Mr. Moore invited students, faculty members, the Episcopal congregation, and other persons to participate in the rites.

A contract for erection of the student center was awarded Monday to J. B. Maxey, a Lubbock contractor, who submitted a bid of \$8,600. Built of brick and roofed with tile, the structure will harmonize with campus buildings. It will be named Seamon hall in honor of the Rt. Rev. E. Cecil Seamon, D. D. bishop of the northwest Texas district of the Protestant Episcopal church. An appropriation by the executive board of the women's auxiliary made possible establishment of the extra-curricular center, cost of which is expected to total \$10,000.

Rice Institute at Houston, the University of Texas at Austin, and West Texas State Teachers college at Canyon are the only other Texas schools having such buildings. Plans for Seamon hall were drawn by Henry Fowler, a Lubbock architect who is a member of St. Paul's Episcopal church.

Students Hear Barrett Speak

Chairman Of Reconstruction Group Of Texas Talks Tuesday At College Gymnasium; Is Traveling By Airplane

Tech students and townspeople heard A. P. Barrett, chairman of the Texas citizens reconstruction group, speak Tuesday afternoon in the college gymnasium as an advocate of President Hoover's anti-hoarding program.

A resident of Fort Worth and executive of an airline, Barrett arrived here for a 30-minute stay on the first day of a four-day air-tour of the state to appeal to citizens to put lazy dollars to work. Barrett came here from Amarillo and took off from Lubbock's municipal airport for Big Spring.

A moving picture cameraman accompanied the Texas reconstruction chief and obtained shots here. The mass meeting was under auspices of the Lubbock Chamber of Commerce and Board of City Development.

As a by-product of the clearing of timber land, British Columbia is now establishing a charcoal industry.

Vela Blasingsame, student of last summer, spent the week-end with her sister Vera, at 2505 Broadway. Miss Blasingsame is now teaching Spanish in the Daugherty high school, but plans to enter Tech again in June.

Will Be Heard Tomorrow Night In Concert

The class in clothing 332, under Miss Mabel Erwin, is preparing for a long siege of the depression and the members expect to outwit it in the end.

During the past week, 19 seniors have been planning a budget for a fictitious Lubbock family of three. The income is to be \$1800, and these people will live in such a way that the right standards of health and decency may be maintained. It will also be possible for them to enjoy some of the so-called "higher life."

Only \$25 a month has been apportioned for rent; so the girls are now searching for a suitable apartment of this price.

Plan Budget Home Ec Seniors To Outwit Depression

The class in clothing 332, under Miss Mabel Erwin, is preparing for a long siege of the depression and the members expect to outwit it in the end.

During the past week, 19 seniors have been planning a budget for a fictitious Lubbock family of three. The income is to be \$1800, and these people will live in such a way that the right standards of health and decency may be maintained. It will also be possible for them to enjoy some of the so-called "higher life."

Only \$25 a month has been apportioned for rent; so the girls are now searching for a suitable apartment of this price.

The speaker, Mr. A. P. Rollins, is a graduate of A and M college 1906, and was a star on the football team. He was formerly a member of the firm Nagle, Witt and Rollins, but the firm was dissolved upon the death of Nagle. Rollins is now of the firm of Rollins and Clinger of Dallas, consulting engineers. Some of the outstanding engineering projects Mr. Rollins has had charge of are: The \$6,500,000 Dallas road program; Medina Dam and Irrigation project; Port Arthur sewage and paving problem; and Captain of Engineers, A. E. F., in France.

Clements Makes Report To Tech Society Group

Represents Scholarship Society At Meet; Delegates Present From 23 Schools; Progress Of Society Made

Solon Clements, graduate government assistant, recently represented the Tech chapter of the Southern Scholarship society in the annual convention sponsored by Simmons university, at Abilene, to which 23 colleges of Texas, Louisiana, and Arkansas sent delegates.

Dr. Julius Olsen, of Simmons, president of the convention, gave one of the outstanding talks of the two-day meeting on "Some Observations on Science." President Batsell Baxter of A. C. C. spoke on "The Limitations of Biology," and another prominent speaker was Dr. R. N. Richardson who discussed "Characteristics of Washington."

Clements spoke among other representatives of the various colleges, giving the personnel and progress of the Tech branch of the society.

The next annual meeting will be at the Southwest Texas State Teachers college, San Marcos, and Dr. John Lord of Texas Christian university, Fort Worth, was selected president for the ensuing year.

Dr. W. A. Jackson, of the government department, is sponsor of the local chapter, which is to have its next monthly meeting on March 8.

YWCA Will Give Tea March 5, All Tech Girls Are Invited

The YWCA is giving a silver tea Saturday afternoon, March 5, from 3:30 until 6 o'clock in the home of Mrs. Roscoe Wilson 2201 Broadway. All girls on the campus are invited to call during the afternoon.

The hostess committee whose chairman is Lura Armeing is in charge of arrangements. The members of the committee who are assisting her are Misses May Tom Howell, Lois Hall, Gennelle Wilhite, Blanche Poppewell, Gwendolyn Thompson, Marjorie Beasley, Margaret Owens, Evaughn Clark, Artelle Appling, Allie Vlast, McCoy, Marguerite Hamilton, and Mary Jane Magee.

The St. Patrick's day theme is to be carried out.

Four Tech Students Are In Hospital; Illness On Wane

Charles Gieser, Mrs. Paul Hardy, Virginia Williams, and Virginia Wester are among the Tech students confined in the West Texas hospital this week.

Mrs. Hardy and Gieser will be released some time during this week. All these students are rapidly improving.

Regents Ask For Athletic Support

Voice Disapproval Of Students' Attitude

In their annual session last Wednesday, members of the Tech Board of Directors, voiced disapproval of the attitude of Tech students toward the support of Tech athletics and issued a statement calling attention of the students to the present financial situation here. Six members of the board were present.

No report of the committee investigating the athletics charges was made as one of the members was unable to be here. Clifford B. Jones, Spur, was re-elected chairman; Roscoe Wilson, Lubbock, was elected treasurer; and Houston Harte, San Angelo, was chosen secretary-treasurer. Following is the statement issued to the students by the board.

Tech Band To Give Concert Friday Night

Is Second Concert Of Year; In High School Auditorium; Band Consists Of Forty Boys; Le Maire Is Director

The second concert of the year will be given by the Tech Matador band Friday night at 8:15 o'clock in the high school auditorium. According to Fred Fairly, student director, this program is the heaviest one ever to be attempted by a Lubbock organization. It will last approximately an hour and a half. There is no admission charge.

During the evening, a difficult and unusual number, "The Death of Custer," will be played. This piece depicts the battle of the Little Bighorn, which was fought with the Sioux Indians in 1876. It was there that the United States 7th Cavalry lost their colors, which were not regained until after the World war. The composer has interpreted the attack, massacre, the setting of the triumphant Red Men, and finally the death of the picturesque "Beau Brummel" of the army.

Program Listed

The following is the complete program: "The Death of Custer," Johnson; selection from "Lucrezia Borgia," Tobani; "Coronation March" from "The Prophet," Meyerbeer; "Cocoon Dance," Hermann; "The Treaders Song," from "Gar-men," Baret; selection from "The Firefly," Priml; "Il Guarany," overture, Gomez. A special number will be given during the intermission.

The band boys have worked all the term on this concert, which has been delayed by the basketball games. Next term they are to play every two weeks in front of the administration building. A very definite plan for next year is also being worked out.

The present band was organized in 1928. Then girls were eliminated, and membership was cut to 40. Regular practice at 7 o'clock every week morning was begun, as were tryouts of musical ability. During the past two years, the boys have made trips to Dallas, Ft. Worth, Amarillo, Abilene and Plainview.

Harry Le Maire is the present director, and Fred Fairly his assistant. Soloists are: Culver Hill, Philip Stierri, Mancel Hall and Stancel Bogwell.

Martin Murphy is winner of Hog Calling Contest Here

Martin Murphy, freshman from Merkleigh, won the hog calling contest sponsored by the Aggie club last Thursday night in the agricultural building. He received a prize of two winners and the satisfaction of knowing that he has one of the strongest voices in Tech. Despite the heavy rules, which allowed each contestant only one minute and forbade any swearing, Murphy was victorious over the other eight competitors. The bases of judging were correctness of technique and volume.

The hog calling was a part of the weekly Aggie club meeting and was supervised by Prof. K. M. Renner. Other numbers on the regular program were a talk by Dr. J. O. Ellis on the "New Competition" and some cowboy songs by Curtis Williams and Moody Hale.

Athlete's foot is infection by a fungus.

Dies Wednesday

MRS. BLANCHE BACON HOWELL

Mrs. L. D. Howell, the former Miss Blanche Bacon, who died in Washington, D. C. Wednesday afternoon is the former secretary to Miss Margaret Weeks, dean of the school of home economics. Mr. Howell is a former Tech professor.

Morgan Gist To Represent Geology Frat

Each Of 27 Chapters Of Sigma Gamma Epsilon Fraternity Will Send Delegates To Meet In Pennsylvania

Morgan Gist, president of the Alpha Beta chapter of the Sigma Gamma Epsilon fraternity, will represent the local chapter at the bi-annual convention held by the national organization at Penn State college, State college, Pennsylvania, April 16 and 17.

"The Sigma Gamma Epsilon" according to Mr. Gist, "is a honorary fraternity for majors in geology and its kindred sciences and the convention has for its purpose that of discussing problems pertaining to these sciences, as well as the fellowship derived from such meetings."

There are 27 chapters in this organization and each will send at least one delegate to the national convention. More than one delegate may be sent if the local chapter sees fit.

The local chapter met last Monday evening in room D of the chemistry building at 7 o'clock and made plans for sending the delegate.

"More delegates may be sent from here," says Gist, "if our present plans work out."

SEE REGENTS, Page 4

Annual Museum Meeting Held

Record Attendance Mark Sessions Held Here Last Friday; Holden Elected President

The annual meeting of the Plains Museum society here last Friday was marked by a record attendance of about 100 Lubbock and out-of-town members.

Results of research in the Tech archeological department brought out by Dr. W. C. Holden showed an extensive study of Indian cultures and ruins of Texas and New Mexico. These may lead to surprising discoveries concerning relationships between the Canadian river tribes, it was said.

The features of the day included the unveiling of a monument marking the site of one of the early trading posts of the Plains, a local art exhibit, and archeological and other scientific displays. The program, which was divided into afternoon and evening sessions, consisted of talks from faculty members and local men concerning early Texas history.

Dr. Holden, formerly vice-president, who was in charge of the arrangements, was promoted to the office of president. Vice-presidents in that order are: J. C. Wagner, Lubbock; L. S. Shaffer, Canyon; Victor Smith, Alpine; Fred Stender, Amarillo; and J. D. Crump, Shallowater. Sylvia Wilson was elected secretary; W. P. Clements, treasurer; M. A. Stainbrook, curator, and R. C. Goodwin, chairman of the publication committee.

Judging Teams Leave Friday For Contests

Livestock And Dairy Judging Teams Will Leave For Fort Worth Tomorrow Following A Sendoff Tonight

Following a send-off party in the gymnasium tonight at 7:30 o'clock, the Tech livestock and dairy teams will leave tomorrow for Fort Worth to enter the judging contests at the Southwestern Exposition and Fat Stock Show, which opens Saturday.

Ten men will make the trip. The ones on the dairy team are: Lanoy Hazel, Spur; Chester Hufstader, County Line; Robert Huser, Granger; N. K. Snodgrass, Lubbock; E. C. Wiley, Valley View. The livestock men are: Buford Browning, Fluvanna; Harlan Howell, Brownfield; Ben Jenkins, Gall; James Potts, Lubbock; Curtis Williams, Lubbock.

Livestock judging is on Saturday. The other group will complete its work Monday.

This is the sixth consecutive year for Tech to send a livestock team to the exposition. The dairy five is going for the first time.

The date-bid affair tonight will last until 10 o'clock. The bids cost 20 cents.

Johnay Giherson Attends Physical Education Meeting

Representing both the men's and women's physical education departments at Tech, Miss Johnay Giherson was here in Austin, Texas at a meeting of representatives from physical education departments from various colleges of the South to discuss matters of teaching credit courses in physical education. The state director called the meeting February 20.

At the conclusion of the meeting, Miss Giherson spent several days visiting physical education classes and the new gymnasium at the University of Texas.

Conference Is To Be Modeled

International Relations Club Members Will Model The Disarmament Conference At Geneva At Meeting Tonight

A model feature, designed after the Geneva disarmament conference, a film on "The League of Nations and World Peace," along with reproductions of the especially constructed disarmament building at Geneva.

Canon Clements has the opening address, based on that of Mr. Arthur Henderson, chairman of the League of Nations, in being sponsored by the International Relations club tomorrow night at 7:30 o'clock in the engineering auditorium. The program is a culmination of the serious discussions on the governments and policies of various world powers, and speakers will include representatives of the several nations in the previous meetings.

In the endeavor to recreate the actual atmosphere of the original conference, a film on "The League of Nations and World Peace," along with reproductions of the especially constructed disarmament building at Geneva.

NOT THE BEST SERVICE

Service rendered by the local hospital which has the contract for caring for Tech students is not the best. Tech students and faculty members pay the local hospital more than \$12,000 annually in fees alone.

The Toreador is mindful that, because of the many cases of flu during the past few weeks, hospital doctors were rushed for time. We do believe, however, that many calls from students could have been answered sooner.

One student called for a doctor early one Friday morning. The doctor came about dark Saturday evening. Another student called for a physician. Six hours later the doctor came. Another student suffered from 5 o'clock one evening until the next morning with a broken jaw, because hospital authorities didn't have time to attend to the case.

If the Tech medical contract is worth bidding for, it is worth attending to after it is obtained. Texas Tech students would appreciate better medical service.

THANKS MR. JOHNSTON

Recently Mr. Guy R. Johnston of the state highway department here announced that nine of his professional employees were either graduates or students of the school of engineering of Texas Technological college.

Many thanks, Mr. Johnston. The Toreador appreciates such statements and such actions. We always will try to show our appreciation by training men to do the job.

A few such comments and similar actions by other business or professional men of the South Plains and West Texas will go a long way toward encouraging students of this institution in their quest for training.

The annual engineer's show is in the offing. It is a project well worth while. Get behind it and boost it.

Athletics at Tech are coming in for some more nation wide publicity. The summer coaches' school will attract the attention of more college coaches and newspaper sports writers this year than last.

TIME AND TIDE

BY WILL BRISBARTON

SPRING is a miserable season for a man born with an itching heel.

The hot, sweaty days of summer with its dusty roads and pitiless heat, the melancholy days of autumn with its harvests and its burnished red, the paralyzing chill of winter with coverlets of frost and snow spreading their bleak beauty over all—these seasons can reason a wanderlust into stability, but when spring comes the whole world seems to be bursting with newborn freedom and life and the restive spirit finds it hard to tug with captive gentleness at the respectable ties of classroom or job.

"DOES it pay to work one's way through college?" a student asks me.

Well, I am not Sir Oracle. My opinion is more than the next person's testimony based on a similar experience. I would say that it depends entirely upon the individual and his circumstances. If a man is a dynamo of energy, has sound health, learns with reasonable ease, and has the knack of conserving his time, and finds a job that does not make unreasonable demands, and does not try to carry more courses than he can do justice to, then it seems to me working his way through is splendid.

Yet most students working their way through college find it a poor makeshift. It means constant denial and, to many sensitive souls, constant embarrassment. Cramped for money, they worry and fret and the mind is not in a healthy condition for its best work. Crowded for time, too often their courses receive only superficial study. Much needed research, that a normal intellectual curiosity would lead one to, is foregone. Current magazines receive scant notice and browsing about in search of books worth reading is a pastime never indulged in.

Most students go through college without learning how to study. I did. They waste scatterbrained hours when a few moments of intense concentration and methodical work would get more done. A working student, panting nervously behind schedule, harassed by campus distractions, finds regular hours impossible and is not in the best attitude of mind for efficient mental labor. Some end up with their health impaired, their courses botched, their minds confused and for them I would say it is doubtful whether or not it pays.

Personally, I messed along, came out of college with a number of enemies and more friends, an erratic record, a few triumphs and more defeats, a broader horizon, some rather vivid experiences, a lowered vitality and a heavy feeling of unavoidably wasted years, but withal a conviction that it had been worthwhile. Measured by what the time might have meant had circumstances been different, the picture is discouraging enough, but when I consider that I would have been pretty well buried in the commercial world otherwise, and perhaps one of the loudest of the onward and upward boys, college—even on the wretched basis so many of us have to accept—was the only course a man intent on living a richer life could think

of pursuing. NEXT Tuesday will be the 51st birthday of the dean of American jurists, Oliver Wendell Holmes, who resigned on January 12 from the Supreme Court bench of the United States. He spent 29 full and fruitful years converting that court into a liberal body. Since the founding of the Republic no man in public life has ever served his country with such devotion and ability as has this grand old man.

The son of Oliver Wendell Holmes the poet and physician, he graduated from Harvard in the Spring of '61 at the age of 20. The war broke out. He enlisted in the 20th Massachusetts Volunteer Infantry and was commissioned a first lieutenant on July 10, '61. He was shot through the breast at Balls Bluff the following October—so lightly does war consider the possibilities of men. They made him captain when he rejoined the army and in September of '62 he was shot through the neck at Antietam. Again he recovered to rejoin his company and he was shot in the foot at Mary's Heights, Fredericksburg, in May of '63. He was demobilized a brevetted colonel.

He turned to his profession, published Ken's Commentaries in '73, became editor of the American Law Review, then a law lecturer at Lowell Institute, wrote "The Common Law," a work that has profoundly influenced American law, and practiced law until he became a professor of law at Harvard in '82. In December of that year he was commissioned a member of the Supreme Judicial Court of Massachusetts and on August 2, 1899, became chief justice. President Roosevelt 10 years later to the day appointed him to the Supreme Court of the United States where with the gifts and wisdom of a philosopher he has molded the destiny of men as few realize. Years, years after he is dead, men who never heard of him, as Holmes himself aspired, "will move to the measure of his thought."

Collegian Runs A Dog Laundry

NEW HAVEN, Conn., Feb. 29.—This city has a laundryman who gets howls from his patrons no matter how perfect his work may be. For John Williams, Yale University sophomore, is the proprietor of a dog laundry. He will wash any dog, thoroughbred or mutt, young or old, from the tiniest Peke to the greatest Great Dane, at a set fee. It's his method of working his way through school, adopted when

Mysterious Mike Moses Around

I just been over to the bookstore on another Scientific tour—this one were a little different from the other one I went on a couple a weeks ago.

First pop open the box, JACK MICKLE went up to the bar and sed, COFFEE please. Then JACK DURHAM comes up and says, "Gimme a COKE please" and the man at the counter give it to him and he went out and party soon he came back with GAIL QUINLAN and then they both has a cup of Coffee a piece—JACK shore kin drink.

The next ones I seen were CECILE HORNE and that MILO feller I kaint spell his tuther name but all U people know him. They both drank COFFEE, this drink seems to be a winning.

Furty soon, here come FRANK MADDOX and would you a believed it, but the gal on his arm weren't JERRY, it was another girl instead, I promised FRANK I wouldn't tell, 'nig twer, well they drink COFFEE to.

And drecky, here come BILL COLLINS and HAROLD BUSBY and dogged if they didn't stand there and drink FOUR GLASSES OF WATER a piece. I was a beginnin' to think that COFFEE was going to be the most popular drink, but WATER done beat two to one. Here was the result—WATER—eight times, COFFEE—seven times and COKES—one time, so as how I calculated that WATER is the most popular drink of the under generation of TECH.

I shore is anxious to find out who the FISH QUEEN is but I reckon that maybe I can find out sooner enough. I been nosing around and a trying to find out who the beauty's the depression cut short his finances and threatened to cut short his life in college as well.

Like some laundries sew on buttons and darn socks, he'll mend dog collars and fix name-tags securely. And he has never returned the wrong dog to the wrong owner!

Junior Prom Plans Made

Seven Girls Are Nominated For Junior Queen; Committees Are Named For Annual Affair Held In Spring Term

Plans for the annual junior prom are now in progress according to Milton "Speedy" Moffett, president of the junior class.

The nominees for junior prom queen are Mary Elizabeth Hogan, Effie Smith, Melba Watson, Lena Bert Medlin, Voncile Glickerson, Cecile Horn, Mary Beth Sheely and Camille Stebaugh. Ray Moore, is in charge of the music for the prom. The committee in charge of decorations consists of Jay Timmons, Ford Benham, Jean Shelley Jennings, Louise Sneed and Ross Ayers. Members of the committee on bids are: J. B. Holden, Leon Sparks, Cecile Horne. The design committee consists of: Carl McAdams, Ralph Davis, Jack Benard and Ray Moore. The prom election officials are: Fred Sely, Bill Teal, A. J. Jensen and Milton Moffett.

of this here college is but RED HUFF here is keeping it under his hat, I ain't seen nobody who knows who they is. I bet maybe RED don't want any body to know. I am going to eaves-drop around this here week-in and see if I cant find out and let you know next week. Well so-long, see you next week.

Yours, MIKE. P. Q. Some one told me that AL-LENE BROWN was a gold-digger, any way this what a man at a dance told me Saturday nite.

Riegel Named To Committee

is Member Of Soccer Revision Committee; Term Lasts One Year; Is Part Of American Physical Education Group

Miss Zella Riegel of the women's physical education department at Tech has been appointed as a member of the soccer committee, a sub-committee of the American Physical Education association.

Miss Florence Huppert, instructor of physical education at C. I. A. in Denton is chairman of this soccer committee and was the one who appointed Miss Riegel as a member. Miss Riegel received her appointment February 25th, and will assume the duties of the office April 1. The position will last one year. The chief aim of the soccer committee this year is to revise the present soccer rules.

Deris Ladd Johnson visited in Eastland and Fort Worth during the week end.

Flowers! FOR ALL OCCASIONS Corsages A SPECIALTY WE WIRE FLOWERS RIBBLES PHONES 221-451 Hilton Hotel Bldg.

GRADUATE VISITS HERE Miss Evelyn Jennings, home economics graduate of 1931, with 12 of her high school students visited the college last week-end. Classes in the school of home economics were observed by the group Saturday morning, and Saturday afternoon they were shown through the high school.

Moves Back To Meadow Milton Kirksey, former Tech student from Robertson, has been transferred back to Meadow as manager of the produce house there. He worked in Meadow last fall, but was moved to Petersburg. Kirksey spent three years in the school of agriculture.

GRAYUM VISITS HERE Gerome Grayum, former Tech student who is now working with J. C. Penney Co. at Paducah, visited here last Sunday. Grayum spent three years at Tech.

"I'd hate to be called an Outdoor Girl!"

"T"hat usually means a girl's a total loss in a tete-a-tete... and takes up 'nature' as a last resort! But I must confess a liking for hills and forest trees... and all genuine natural things. "I like the simple sincerity of Chesterfield's advertising. Have you noticed it? There's no extravagance in the claims. Just everyday facts about the fine tobaccos they select and the painstaking way they develop the flavor and aroma. "I've never smoked a milder cigarette! And I never tire of the flavor... a fine natural tobacco taste. They burn evenly, too. Either they're rolled more carefully... or the paper's better. I feel the greatest confidence in Chesterfields. They satisfy me!"

Listen in... Hear Chesterfield's Radio Program. Nat Shilkret and his brilliant orchestra. Every night, except Sunday... Columbia Broadcasting System... 10:30 E. S. T. Music that satisfies!

THEY'RE MILDER • THEY'RE PURE • THEY TASTE BETTER • They Satisfy

Centers Win From Tackles

Football Centers Win From Tackles 35 To 6 In Rough Game; Curfman, Tribble, Flake Are High Point Men

The first basketball game in the tournament between the football squads resulted in a 35 to 6 win for the Centers. Their opponents were the weighty tackles of Coach Cawthon's football machine.

Curfman Is High Point Man

Leonard Curfman was high point scorer with 15 points and Tribble and Flake tied for second with 10 points; all three were members of the Center team. Out of 40 free pitches the tackles succeeded in making only four points.

Members of the Center team were Tribble, Flake, Curfman, Barton, Allen and Friddy. Those playing with the Tackle team were: Lansford, Durham, Barrett, Baker, Murphy and Owens.

Seven Men To Get Letters

Tadlock, Dunn, Hodges, Darr, Moody, Crews, And Fisher Letter; Seven Fish Numerals Will Be Awarded

Seven men each from the varsity and the Picador cage teams will be given awards.

The varsity cagers will receive double "T" sweaters, and the fish will get numeral sweaters. The following men from the varsity lettered: Captain H. E. Tadlock, Leon Fisher, Alvin Crews, Clarence Hodges, Haden Moody, Aud Darr and Harvey Dunn.

The Picador lettermen were Lawrence Friddy, Wayne Larsen, Wilson Gilmore, Demp Cannon, Snow Flake, L. White and G. Bledsoe. Coach Ross Ayers led the fish through the most successful season they have ever had, winning 17 games and losing two.

The sweaters will be awarded by basketball coach Dell Morgan at a future all-college fun night.

TO ORGANIZE CLASS

Within two weeks, the extension department expects to organize a class in physical and health education. Enrollment is now open, and the course will count three college hours.

Under The Double "T"

BY EYLE HOLMES

It is with interest that this column has been following the fortunes of our rifle team this year. Our team has hung up an enviable record this year and it is to be hoped that they will continue. In vacant matches it has defeated such teams as the University of North Carolina, University of Minnesota, University of Michigan and others. To date they have lost only three matches, to the Brooklyn Polytechnic Institute, University of Iowa and Ohio State university. More matches are to follow with West Point, Carnegie Tech, Virginia Military Institute and others. This team is gaining much publicity and recognition for Tech in the East. They have been carrying on under much difficulty this year as the only funds available for them are the dues paid by the individual members. They are to be commended for the splendid work done this year.

Coach Cawthon has announced

definitely that medals will be given to the wrestlers and boxers winning the championships of their weights.

From the looks of things a medal in boxing or wrestling will mean more in the future than it has in the past. Coach Cawthon has scheduled the first matches ever fought by Tech for next Monday. They will be held in a dual meet at Escrowell with New Mexico Military Institute. This week Cawthon got a letter asking him to bring a team to take the place of New Mexico university; he will get the teams' expenses paid there and back.

It's Cawthon's plan to take five boxers and as many swimmers. The New Mexicans wanted a swimming team and it is for this reason that he has been attempting to get together an aquatic team which has had previous experience before coming to Tech. Ed Hoffman will probably be the outstanding man on the team. During the summer he was a swimming instructor in Chicago and was a participant in several aquatic meets.

There is not much to worry about insofar as the boxing team is concerned, and if the wrestling team goes there will be still less worry. Tech has men who could compete on equal terms with teams from most of the other schools.

It is with regret that this column has read the report of the board of regents made at their last meeting. It concerns athletes here and the support given them by the student body as a whole. Less than ten per cent of the students have purchased student activity tickets

Freshman Dance Bids Are On Sale

At 9:30 o'clock Saturday night the curiosity of every girl on the campus will be satisfied when the freshman queen is crowned at the annual dance to be held at the Dance Palace.

Bids are now on sale at the booth west of the Tech post-office. The prices are 75 cents for date bids and \$1 for stags. According to Fish Russell Brown, president of the class, the stags will be limited to one hundred. Bids may also be had from Fish Brown, Fish Jeff Murphy, vice-president and Johnnie Jo Whitley, secretary.

The dance will start at 9 o'clock. Mr. and Mrs. C. B. Bobo of Pouchah visited their son, Clarence, last Sunday.

Earl Hobbs spent the week end with his parents at Littlefield.

and this is a lamentable fact. How long do you think that athletes can last at an institution if the student body does not support them. And, what will a major institution be without athletes? It will cease to be a major institution. It is squarely up to the students. What will they do about it?

It is of interest to most of us that the student activity tickets have been reduced to \$5.00 for next year. This brings them within reach of all of us and I think that every one should purchase one. Think it over, anyone of us spends more than that for dances, picture shows and other means of amusement in a month. Surely we can afford to spend \$5.00 for an activity ticket and all that goes with it. Think of all the good football games, and other things that your student body should see if you can afford not to buy one. You will be doing yourself a good turn as well as helping the school of your choice. Are you a help or a hindrance to your school? Be a help, a booster, a loyal Tech student.

In a few days Don Maddox, the student proxy, will be around to you giving you the opportunity to pledge yourself for an activity ticket next year. This is a necessary movement and there is no reason why every one in school shouldn't sign for one.

The athletic council has announced there will be no tennis or track teams this year since there is a shortage of funds. This is to be regretted because Tech has a wealth of material and some of the men came here this year with the intention of making the track squad.

A golf match will be participated in by Tech with Amarillo Junior college over the 18-hole Meadowbrook course, Saturday. Last year the Badgers had the best junior college golfing team in the state.

Football Men In Tournament

Basketball Tourney Started By Football Players To Keep Them In Training; Play Under Modified Rules

Last Monday the football men of the college started a basketball tournament of their own. The schedule of basketball games will be played under modified rules. Coach Cawthon started the tournament so that the players could keep in training until spring football practice begins.

Following is the schedule by which the teams are playing:

Tackles vs. centers, 5 p. m. February 29.

Quarterbacks vs. guards, 7 p. m., March 1.

Halfback vs. ends, 7 p. m., March 2.

Fullbacks vs. winner of tackle and center game, 5 p. m. March 3.

Winners game Tuesday vs. winners Wednesday, 7 p. m., March 4.

PUBLICATIONS PRESENTED

The library of A. & M. college has presented the Tech Library with a number of experiment station publications of various states, and also several issues of the Experiment Station report according to Miss Emma Main, librarian.

BOOKS FOR

TEXAS TECH COLLEGE

Here is a Shirt to Build to Priced \$1.00

Consider this shirt in your Spring Shirt buying. It's just what men want in style and workmanship and at a price more moderate than has been possible for years—

White and Colored Fine Broadcloth Quality

Here are the specifications detailed information regarding every phase—

MATERIAL—A Sanforized fully shrunk guaranteed broadcloth of 136x60 in the grey.

LENGTH—33 inches long—43 inches to 54 inches in width—extra full cut.

COLORS—In white, tan, blue, green and grey, all guaranteed absolutely fast.

TRIM—Four hole Phillipine buttons, 7 buttons down front, and with large breast pocket.

SIZES—14 to 17.

Price Only \$1.00

Note—The fabric in this shirt is exactly the same as that used in one nationally advertised shirt retailing at \$1.95.)

Memphill-Wells Co.

Geology Field Trip Planned For Six Weeks

Will Be Held in Colorado; Previous Trips Made To Area; Will Leave Lubbock June 6 And Return July 19

The sixth annual field course of the department of geology of Texas Tech will be given from June 7 to July 19, 1932 in the Pagosa Springs quadrangle of southwestern Colorado. This area is admirably suited for training in field geology as it has an abundance of varied land forms illustrating many of the most important principles of physiography, offers excellent field illustrating problems of structural geology, has extensive exposures of many different formations affording good opportunities for studying the principles of stratigraphy and the application of field methods of geologic survey.

Previous Trips Made Here
Previous Tech field trips have been made into this area and parts of the quadrangle have been mapped by the members of the other trips. It is planned to study and map the rest of the quadrangle. The work of the coming season will probably begin in the western part of the quadrangle where a semi-permanent camp will be made. From the camp, supplies and other equipment will be transported to temporary camps up the Piedra river.

The trip to the field and return is planned so that a number of interesting places may be visited briefly. The party will leave Lubbock, June 6 and will be back in Lubbock by July 19. The entire trip will be made in the geology bus. From Lubbock, the route leads through Rowell, New Mexico, crossing the Sacramento mountains at Nogal Pass. A brief study will be made of the Sacramento mountains, the Tularosa basin, and the Quaternary lava flows of the basin. The party will then go west to Socorro in the Rio Grande valley where a brief visit will be made at the New Mexico School of Mines. From Socorro, the party will go to Los Lunas and thence to Rio Puerco to the continental divide and on to Gallup.

Visit Cortez
This route leads past the Indian pueblo of Lagunas and other specimens of native architecture. From Gallup, the party will go to Cortez, Colorado. From Cortez, a trip will be made to Mesa Verde National Park where a study will be made of the type caves of the Mancos formation and the formations of the Mesa Verde group. An opportunity will be given to visit the cliff dwellings and other interesting ruins of the park. Following this work, the party will go to the selected area where detailed work will be started. Upon completion of this work, the party will leave the quadrangle from the east and cross the San Juan mountains at Wolf Creek Pass, thence east to Alamosa and Ft. Garland, where the route turns southward along the western flank of the Sangre de Cristo mountains and down the Rio Grande valley. At Taos, a short visit will be made at the Indian pueblo of the region. The return trip will be to Santa Fe, Vaughtin, Ft. Sumner, Clovis and to Lubbock.

This work will not be in the nature of a pleasure trip although efforts will be made to make it as pleasant as possible. The work will consist of intensive study of the physiography of the region of each of the geologic formations, correlation and detailed mapping of these formations, intensive study of the problems of the stratigraphy involved with especial emphasis on problems of structural geology, and the record of historical geology as life and sorrow—and that they can be strangely eloquent.

The tours of the dancing group is under the management of Charles L. Wagner, in association with Carl Reed, 511 Fifth Avenue, New York. This company is also sponsoring the presentations of Doris Kenyon, movie actress, who will be here in the week of April 5. Tickets for the two numbers are on sale in the music office, and only 300 seats remain to be sold.

Striding Towards Olympics

Already famous as one of the world's fastest women and a member of the 1928 Olympic team, Anne Vrana O'Brien is seeking fresh laurels in the coming international contests. She is shown as she began training at Los Angeles for the American tryouts. Mrs. O'Brien is not only a star hurdler (look at her form), but is also preparing for sprints, javelin and discus throwing. In fact she's a regular one-woman track team.

interpreted from the field nature studies.

To Prepare Paper
After returning from the field, each student will prepare a written report which together with maps, illustrations, etc., will be of a standard required for a scientific publication. Upon successful completion of the field work and report, the student will be given nine term hours credit for the course. The total expenses for the course will not exceed \$75, payable in advance. Tents, cooking utensils and other camping equipment will be furnished but the students will be expected to furnish their own bedding.

INITIATE NEW MEMBERS

Shelby Read, Arnold Schofield, Carl Rogers and Jack Flowers became members of Alpha Beta chapter of Sigma Gamma Epsilon geology fraternity at an initiation Tuesday night. The pledges, accompanied by old members of the organization, were blindfolded and taken to Johnson's ranch near Lubbock. In the canyon there the four went through the initiation ceremony of the national fraternity, and then enjoyed a steak fry.

REV. MOORE TO SPEAK
Rev. Bradner J. Moore, pastor of St. Paul's Episcopal church, will speak to a group of YMCA members who are studying religious problems today in the "Y" office. Milton Greer is chairman of the group.

NOTICE TO MEN STUDENTS

Deans J. M. Gordon, A. H. Leidigh and O. V. Adams have set Friday, March 11, as the date when all applications of men students to stay in bachelor apartments during the spring term will be considered. This means that any men students who have not already been approved to stay in bachelor quarters must file such application prior to Friday, March 11 if it is to be considered. All applications will be considered by these deans jointly, and no application will be considered after Friday, March 11.

These applications should be made in writing to Cecil Horne, director of men's housing, and should be filed by Thursday, March 10. SIGNED: CECIL HORNE.

CLASS STILL OPEN

The class in charcoal and figure drawing is still open for new members, according to Prof. F. A. Klein-schmidt. It meets in the freehand drawing room of the engineering building Tuesday and Thursday evenings and Saturday afternoon of each week. The entrance fee is \$10 and the lab fee \$25. All the work is individual.

American investments abroad have averaged \$704,000,000 a year since 1922.

EXAMINATION SCHEDULE	
Winter Term	
MONDAY, MARCH 14—	
9:00-11:30	Classes meeting 12:00-1:00 TTS
12:45-3:15	Classes meeting 11:00-12:00 MWF
3:30-6:00	Classes meeting 11:00-12:00 TTS
TUESDAY, MARCH 15—	
9:00-11:30	Classes meeting 12:00-1:00 MWF
12:45-3:15	Classes meeting 10:00-11:00 TTS

SOCIETY NEWS

College Club Entertains Guests At Country Club

The College club entertained guests with the last informal dance of the winter term Saturday evening from 9 o'clock until 12 at the Country club.

Included in the decorations were the club colors, crest and college pennants. During the evening members presented their dates with bracelets bearing the club crest. Mr. and Mrs. W. Conner Cole and Mr. and Mrs. James G. Allen were chaperones.

Members of the club are Frank Kelly, James Leightbridge, Wilson Holden, John Wullfman, Frank Maddox, Edward Brown, Herz McKinney, Tom Agerton, Claude Thompson, Courtney Harris, Mark Welch, Robert Hooks, Jack Flowers, Ruben Smith, J. P. Rhuman, Milton Moffet, Jack Durham, James Wilson, Russell Brown, James Wilton, Ed McCullough, John R. Johnson, Hiley Boyd, Buster Honey, Clyde Thompson, Ralph Carpenter.

Special Guests
Special guests of these young men were Sue Barton, Gertrude Stander, Louise Davies, Ada Mae Gilbert, Jerry Durham, Mary Earle Lofland, Polly Barrow, Catherine Jameson, Evelyn Healy, Chrystelle Boeh, Beth Wullfman, Vetta Stafford, Vonelle Gilkerson, John Anna Boyd, Jean Shelley Jennings, Mrs. Lois Gamel, Mary McMurtry, Cecile Horne, Frances Walkup and Johnnie Jo Whitley.

Other guests included Claude Crawford, Jack Brown, Jeff Murphy, Turner Rhuman, John Stiles, Bob Crawford, R. L. Hardberger, T. L. Proctor, Alden McArthur, Don Maddox, L. J. Solis, Billy Crenshaw, Charley Crenshaw, Tom Courmack, Sid Peret, T. L. Large, Johnny Beauchamp, Cecil Frather, Roy Lusby, Julia Davis, Gail Quinlan.

Sophomore Class Entertains Fish With Dance

The sophomore class entertained freshmen with the annual "hodge-podge" Friday evening from 9 o'clock until 12 at the Uptown Dance palace. Bids were also sold to upperclassmen.

The ball room resembled a large steam-ship. During the evening the orchestra played "Heading for Better Times" dedicated to Prof. O. C. Corry, sophomore class sponsor. Among the special guests for the occasion were Mrs. Mary W. Donk, Dr. and Mrs. W. C. Holden, and Mr. and Mrs. Corry. Music for the evening was furnished by Sam Shumate's Rhythm Kings. Favors were given to about 350 guests.

Ko-Shari Members Attend Buffet Dinner

Mrs. W. C. Holden and Miss Virginia Woods entertained members of the Ko-Shari club and guests with a buffet dinner in the Holden home at 3109 19th street. Members present were: Dorothy and Ruth Mildred Rylander, Lorene Childers, Murrel Rankin, Geneva Adams, Faye Bumpass, Elizabeth Dryden, Nelda Baker, Charles Cox, Marjorie and George Drake, Virginia Woods, and Lola Thompson. Special guests present were:

Rebecca Goodloe, Aleen Brown, Virginia Craighead, Kathleen Jennings, Georgie Mae Smith, and Lula Ben Allee.

At 9 o'clock their dates came and dancing was the diversion for the remainder of the evening.

Lenore Brownfield Entertains San Souci And Guests

Lenore Brownfield entertained members of San Souci club and guests Saturday afternoon in the home of Mrs. Reece Wilson at 2201 Broadway.

Six tables were arranged for bridge and as the guests took their respective places they found an attractive gift. At the end of each game the couple having the highest score had their choice of the gifts. John Anna Boyd who scored high in the games had her choice of all the gifts.

Members present were: Frances Snyder, Johnnie Jo Whitley, Catherine Jameson, John Anna Boyd, Mary Lee Bardwell, Mary Elizabeth Hogan, Melba Watson, Julia Davis, Catherine Mitchell, Effie Smith, Wanda Butler, Rosemary Leaverton, Hazel Cates, Roberta Myrick, Maurine Cook, Ann Lou Bennett, Lena Bert, Medlin, Dorothy Rushing.

Special guests were Mary Wilbanks, Elinor Aycock, Louise Davies, Gene Benham, Dorothy Dobbins and Evelyn Price.

Ten Guests Attend Breakfast At Practice House

Ten guests were present at the breakfast given in the practice house Sunday morning at 8:30 o'clock. The four tables had centerpieces of violets and snap dragons, white vases of sweet peas, ferns, and narcissus were placed throughout the rooms.

The guests were: Dean Mary W. Donk, Miss Ruth Horn, Miss Johnnie McCrery, Miss Vivian Johnson, and Misses Jean Shelley Jennings, Doris Baugh, Ena Armstrong, Evelyn Baker, Maetta Mounts, Ruth Carter. The hostesses were: Miss Mayme Taylor, house supervisor, Virginia Murray, Hazel Gruver, Jany Ruth Shepard, Althea West, Mary Lou Crane, and Reba Meri Boyles.

Miss Willie Mae Hawthorne was married to T. A. Rogers Saturday morning at 9 o'clock in her home at 2113 14th street. Mr. and Mrs. Rogers left for a week-end trip and are now at home at 2106 13th street. Mrs. Rogers graduated from Tech in 1927 and has been teaching in Lubbock public schools since that time.

The freshman class will hold

FISH SELL BIDS

Bids for the annual freshman dance are on sale in the east rooms of the ad building, and will be through Saturday, when the dance will be held in the Dance palace.

The feature of the affair will be the coronation of the queen, whose identity will remain secret until that time. She will be attended by other freshmen co-eds, girls from the sophomore, junior and senior classes and their escorts. The court will be in formal dress, but other dancers will be dressed informally. Sam Shumate's orchestra will play. Prices for the bids are 75c for couples and \$1 for stags.

IS IN HOSPITAL

Ruth Alexander, senior liberal arts from Breckenridge, is a patient in West Texas hospital receiving treatment for a sinus infection.

EX-STUDENT VISITS

John Willis of Mincola, a former Tech student, is the guest of Don Leach, junior engineer, for a few days visit.

Europe produces about 45 per cent of the world's output of sulphuric acid.

Its annual class ball at the Uptown Dance palace Saturday night from 9 until 12 o'clock. The queen of the class will be crowned at this time. All nominees for queens will be in the court.

The De Que club will hold its annual formal dance Friday evening from 9 until 12 o'clock at the Uptown Dance palace.

Southern Scholarship Society Will Meet Tuesday Afternoon At 5 O'Clock To Hear Report From Solon Clements

Two More Artist Courses Numbers Are Booked For Year And Only 300 Tickets Left For Students

The Southern Scholarship Society will meet Tuesday, in room 214 of the administration building at 5 o'clock sharp to hear a report from Solon Clements, graduate assistant in the department of government, who was the official representative to the Annual State convention at Abilene.

The following students have been voted into the society upon the presentation of their names by the permanent membership committee, which is composed of Dr. W. A. Jackson, Canon Clements, and Faye Bumpass, and upon their signified willingness to join the society.

Misses Geneva Adams, Mary Frances Akard, Lyra Armelung, Juanita Beard, Oneta Blanton, Ruth Carter, Viola Cravens, Neva Dean, Margarite Hamilton, Edith Henderson, Mattie Sue Howell, Mary Magee, Carolyn Poe, Lida Faye Simpson, Vida Mae Simpson, Effie Smith, Mary Spring, Alice Clahe Teague, Althea West, Genevieve White, Nina Marie Wolfe, and Mrs. Paul Hardy, Helen Merriman, and Audrey F. Miles.

Regents

honesty is of paramount importance. We firmly believe that the situation is the result of thoughtlessness, and that the student body will arise to its responsibilities. We have utmost confidence in you and in your loyalty, individually and en masse, without which no college can succeed.

To Circulate Lists
At an early date lists will be circulated among you by class
